Importance of various oogenetic periods in the embryonic **sheep** *gonad;* control of changing mitosis in meiosis. 055036
Nature of the *gonadal* and **somatic** mosaicism in Drosophila melanogaster. 061024
The effect of **synthetic** *gonadotropin-releasing* hormone (GnRH) on pituitary hormone release in urethane-blocked rats. 054448
In vivo inhibition of *gonadotropins* and **thyrotropin** in the chick by extracts of Lithospermum ruderale. 054504
Toxoplasmosis **[Toxoplasma** *gondii]* in veterinarians: an investigation into possible sources of infection. 055759
Cockroaches [Blattidae] as possible transport hosts of **Toxoplasma** *gondii* in Costa Rica. 060450

GONIUM
Certain aspects of mitotic division in *Gonium* **pectorale** Muller (Volvocales). 057109

GONOCYTES *see* GAMETOCYTES

GONYAULAX
Dinoflagellate bioluminescence: a comparative study of in vitro components [Algae, *Gonyaulax,* **Dissodinium** lunula, Pyrocystis noctiluca]. 057661

GOOSEBERRIES
Be the first on your block to own a pawpaw tree [Nutritive value, persimmons, **quinces,** *gooseberries].* 053322

GORA
The association Festucu-Quercetum petraeae (Jank. 1968 nom. Nud.) in the **Moslavacka** *Gora* region in Croatia. 056661

GOSLINGS *see* GEESE

GOSSYPIUM
B557—a new high yield potential Punjab **American** *(Gossypium* hirsutum) cotton [variety]. 058820
A note on oil content in Asiatic cottons, *Gossypium* **anomalum** and their amphiploids. 053940
Cytological and morphological studies on allotetraploids of *(Gossypium* **arboreum** X Gossypium stocksii) and (Gossypium stocksii X Gossypium arboreum) [Cotton]. 056878
Phospholipids of *Gossypium* **barbadense** [Cotton]. 058061
A study of heterosis in upland **cotton** *(Gossypium* hirstum L.). 057172
Combining ability studies in upland **cotton** *(Gossypium* hirsutum L.). 057194
An investigation of the surface lipids of the glabrous **cotton** *(Gossypium* hirsutum L.) strain, Bayou SM1. 058113
A application of the Prussian blue technique to a light microscope study of water movement in transpiring leaves of **cotton** *(Gossypium* hirsutum L.). 058116
An electron microscope study of the path of water movement in transpiring leaves of **cotton** *(Gossypium* hirsutum L.). 058117
Studies on cultivation of Asiatic **cotton** *Gossypium* arboreum. I. Cultural practices. 058822
Cytological and morphological studies on allotetraploids of (Gossypium arboreum X *Gossypium* **stocksii)** and (Gossypium stocksii X Gossypium arboreum) [Cotton]. 056878

GOSSYPOL
Peroxidative conversion of hemigossypol to *gossypol.* A **revised** structure for isohemigossypol [Cotton]. 058058

GOUDA *see* CHEESES

GOURDS
Use of benomyl to control powdery mildew of *gourd* **crops.** 059346
Little **known** *gourd* plants [Varieties]. 059094

GOVERNMENT
Factors *governing* the susceptibility of milk to spontaneous lipolysis. 053686
Land use planning under the **federal** *government's* Principlesand Standards. 052273
2 million more acres coming [Farming, *government* **interference,** outlook]. 052348
The role of the **Philippine** *government* in promoting desirable policies and practices for infant and young child feeding. 053309
Government **procurement** and price support of agricultural commodities [wheat and sugar]: a case study of Pakistan. 052711
Problems of *government* **production** and utilization of information on animal diseases. 055313
Improvement of planning and economic stimulus of *[government]* **purchases** [of farm products]. 052605
Stimulation of the raising of grain quality [in *government* **purchases].** 052606

GRAAFIAN
Dissociation of response to injected gonadotropin between the *Graafian* **follicle** and oocyte in pigs. 054645

GRADING
Flavor evaluation of tomato juice fortified with sugar and citric **acid** *[Grading].* 053053
Automatic *grading* of tomatoes according to maturity rate. 061623
The **bacteriological** *grading* of bulk collected milk. 10. Standards. 052969
The **bacteriological** *grading* of bulk collected milk. 9. Bacterial tests as indices of conditions of production. 052970
Issues and non-issues of the May 1975 federal **beef** *grade* standards court case [against Agricultural Marketing Service]. 052732
Tannin extended phenol-formaldehyde resin adhesives for **BWP** *grade* plywood. 056188
Liver free amino acids in adult cockerels fed diets **containing** *graded* levels of protein. 054909
Do **eggs** make the *grade?* 053384
Grade **inflation!** Flight it by the improvement of grading procedures [Agricultural education]. 052146
Physical and subjective color evaluation of tomato **juice** *[Grading].* 053054
Theory and practice of *grading* and **packaging** of fruits and vegetables. 054007
Grade inflation! Flight it by the improvement of *grading* **procedures** [Agricultural education]. 052146
Effect of slaughter location and quality factors on beef **quality** *grades.* 052992
A revolution in [fruit] marketing—spirit of '76 fosters inspection **service** *[Grading].* 053069

Target—'76 *[Grade* **standards** for fresh fruits and vegetables]. 053072
The impact of a *Graded* **Tax** on a rural area: a case study in Indiana County, Pennsylvania. 052446
There are problems ahead with *stress-graded* **timber.** 056301

GRAFTING

Cellulose modification by itaconic **acid** *grafting.* 056146
Gamma-ray treatment of softwood cuttings of cherry varieties [for **experimental** *grafting].* 058373
Physiological and biochemical processes of **peach** *grafted* on apricot and myrobalan plum in connection with their incompatibility. 058355
The orange tree [**Propagation** by *grafting].* 059198
Effect of solvent on the **radiation-induced** *grafting* of vinylpyridines to cellulose. 056195
On varietal features of removal of amino acids with bleeding sap from root systems of ungrafted grapevines [compared to *grafted* **varieties**]. 058376
Grafting of **vinyl** monomers to pulps using Acetic acid-hydrogen peroxide as initiator system. 056147

GRAFTS

Biochemical peculiarities of the rootstock influence on *graft* in **connection** with winter hardiness of apple trees [Varieties]. 058532
Rose leaf curl, a distinct component of a disease complex which resembles rose wilt [Viruslike, *graft-transmissible* **diseases**]. 059651
Symptoms, indexing, and transmission of rose spring dwarf disease *[Graft-transmissible* **diseases** of unknown etiology]. 059862
On varietal features of removal of amino acids with bleeding sap from root systems of *ungrafted* **grapevines** [compared to grafted varieties]. 058376

GRAINS

About the raw material basis for brewing industry [Improvement of the quality of **barley** *grain].* 053912
Barley *grain* as carbon substrate for fungal protein production in a farm process [Feed supplements]. 054857
Cytokinin content and the development of **barley** *grain* in mutants of different kernel size. 057197
Batch *grain* drier design and performance prediction. 061532
Low quality feedstuffs—alternatives to *grain* for **beef** rations. 054850
31P [phosphorus isotope] nuclear magnetic resonance-pH [hydrogen-ion concentration] titrations of myo-inositol hexaphosphate [Biochemistry of **cereal** *grains].* 053893
Chemical determination of critical amino acids in **cereal** *grains* and other foodstuffs. 053946
Lysine and tryptophan increases during germination of **cereal** *grains.* 058057
Grains of **comfort:** U.S.-U.S.S.R. Deal has strengthened rates [Grain and fertilizer trade]. 052714
Grain **crop** quality, 1974 crops [Statistics]. 052763
Deferred *grain* pricing [Feed merchandising]. 052615
Survey of *grain* **delivery** conditions in Sondermanland County in the autumn of 1974—results of investigative research [Marketing]. 052686
The structure on the chlorophyll-containing cross cells and tube cells of the inner pericarp of wheat during *grain* **development.** 056794
The effect of climate on *grain* **development** in barley at an upland site. 058136
Formulation of *hay-grain* **diets** for ruminants. I. Evaluation of multiple regression equations for prediction of bermudagrass [Cynodon dactylon] hay quality from laboratory analyses. 054847
Formulation of *hay-grain* **diets** for ruminants. II. Depression in voluntary intake of different quality forages by limited grain in sheep. 054848
The use of distillers **dried** *grains* with solubles as a source of lysine for swine. 054791
Brewers **dried** *grains* as a nutrient source in diets for pregnant sows. 054833
Evaluation of Brewers **Dried** *Grains* in the diets of growing rabits. 054908
Grain **drill** operation. 061474
From the *grain* **dryer** to the gas stove: ignition systems. 061510
A new method of determining the weight ratio of the embryo and **endosperm** in *grain.* 053976
A simplified procedure to predict seasonal average wheat and **feed** *grain* prices. 052707
Effect of restricted **feed** *grain:* changes in beef cattle breeding. 054841
Grains of comfort: U.S.-U.S.S.R. Deal has strengthened rates *[Grain* and **fertilizer** trade]. 052714
Effects of CCC [chlorocholine chloride] on the distribution and accumulation of materials during the *grain* **filling** period in wheat. 057995
Suggestions for better use of protein in **fodder** *grain* by rational organization of processing. 054101
Effect of graduated rations of *grain* **fodder** in the maize feed ration on the milk production and fat content in dairy cows. 054923
Identification of principal [European Economic] Community varieties of soft wheat by electrophoresis of *grain* **gliadines.** 058035
Grain **insect** infestation begins mostly on farms. 060400
Description of the 1240A INTA androsterile line tolerant to Contarinia sorghicola Coq. and obtained from the Granador **INTA** *grain* sorghum variety [Pest control, Argentina]. 058776
Pulse or *grain* **legume** crops for Minnesota [Culture]. 058869
Using whole *grains* and **legumes** [Recipes]. 053127
The effect of sowing rates and fertilizers on the growth, development and yield of *grain* **legumes.** 058538
Cultural practices of *grain* **legumes** in the Arab Republic of Egypt. 058742
Formulation of hay-grain diets for ruminants. II. Depression in voluntary intake of different quality forages by **limited** *grain* in sheep. 054848
Comparison of the amino acid composition of the *grain* of the **maize** mutant opaque 2 and its hybrid with the line W 64 A-162. 058215
A systems analysis of *grain* **marketing** networks using a spatial equilibrium model. 052730
Preventing erosion of river beds and canals of irrigation-moisture systems by the use of *large-grain* **materials.** 061462
Practical considerations in the production of beef with maximum forage and **minimum** *grain.* 054853
Contribution to the study of the flour moth Ephestia kuhniella Zell. and *grain* **moth** Sitotroga cerealella Ol. in the Kosova area. 060385
Distribution of 14C [carbon isotope] residue of TCA14C [trichloracetic acid-carbon isotope] in vegetative and *grain* **parts** of oats and wheat. 058051
Distribution of alkaline phosphatase in **pollen** *grains* and pollen tubes of Calotropis procera. 057274
Fertilizer **practices** for *grain.* 062006
Material input rate in *grain* **production** [in the Ukraine]. 052333
Studies of *grain* **production** in Sorghum bicolor (L. Moench). VII. Contribution of plant parts to canopy photosynthesis and grain yield in field stations. 058016
Laboratory screening of some safe insecticides as *grain* **protectants.** 060411
Comparative biochemical characteristics of *grain* **protein** of Hiproly barley and regional Russian varieties. 058107
Stimulation of the raising of *grain* **quality** [in government purchases]. 052606
The **Russian** *grain* purchase [from the United States, trade]. 052678
Sprouting and germinating capacity of *grain* **seed.** 058098
Effects of temperature and *grain* **size** of [potato] starch on the dextrin formation. 053981
Effect of **small** *grain* planting date on infestation of barley yellow dwarf virus [Aphididae, insect vectors]. 059668
Grain **sorghum** production in Egypt [Breeding]. 057034
Effects of row spacing and population density on *grain* **sorghum** production in southern Alberta. 058666
Grain **sorghum** [Yields]. 058828
1975 performance of field crop varieties. *Corn-grain* **sorghum-summer** annuals-oats-rye barley-wheat-alfalfa-tobacco-soybeans [Yields]. 058656
Grain **sprouting** in the ear of some varieties of winter wheat. 058221
Determination of the damage caused by **stored** *grain* [insect] pests to maize varieties in Yucatan. 060165
Bacillus Thuringiensis for controlling three species of moths in **stored** *grain* [Trichoplusia ni, Plodia interpunctella, Cadra cautella]. 060391
[Insect] pests of **stored** *grains.* 060392
Controlling insects in **stored** *grain.* 060394
Methods of solution of thermal conduction and chemical kinetics equations in the presence of variable coefficients [for determining the distribution of heat in soil, greenhouses, **stored** *grain* mass]. 061423
BPI bin—for **storing** *grains.* 061456
Finishing steers on ryegrass [Lolium]-clover pasture with **supplemental** *grain* [Costs]. 054776
Storage [insect] pests [of *grain.* **United** Arab Republic]. 060396
A procedure for linking linear programming to FORTRAN for post-optimal budgeting *[Grain* **volume** handling]. 052729
Volatile flavor substances produced by moulds on [stored] **wheat** *grain* [Spoilage]. 052937
Evaluation of some rheological properties of two native Polish and one Canadian (Amber Durum) **wheat** *grain* varieties. 053859
An improved five minute biuret protein method for **wheat** and other *grains.* 053945
Chromosome location of genes controlling the synthesis of beta-amylase components in the **wheat** *grain.* 056961
Change in protein and free amino acid content of barley and winter **wheat** *grain* under the influence of different forms of nitrogen and phosphorus [fertilizers]. 058073
Following regularities in the content and proportion of individual amino acids and in the protein content in winter **wheat** *grain.* I. Regularities in the variability of amino acid composition of wheat grain (Mironovska 808). 058220
Study of patterns in contents and participation of individual amino acids and protein contents in winter **wheat** *grains.* II. Full evaluation of four varieties of winter wheat. 058226
The content of lysine and tryptophan in winter **wheat** *grain* under various conditions of growing [Effect of kind and rateof fertilizers]. 058259
Yield and quality of winter **wheat** *grain* relative to level of nitrogen nutrition and variety. 058801
Studies on variations in endosperm structure of **wheat** *grains* and implied measures to minimise mottling. 059812
World *grain* supplies. 052721
Studies of grain production in Sorghum bicolor (L. Moench). VII. Contribution of plant parts to canopy photosynthesis and *grain* **yield** in field stations. 058016
A study of the effect of differentiated seeding rates and nutrition on the *grain* **yield** (Triticum aestivum L.). 058837
The effects of fungicides on disease [Puccinia recondita triuci, Septoria nodorum, Bipolaris, Alternaria] development, seed contamination, and *grain* **yield** of wheat. 059449
Effect of lindane [pesticides] on nodulation, *grain* **yield** and nitrogen uptake of gram (Cicer arietinum) crop [Chickpeas, toxicity]. 059875
Formation and distribution of assmilation products in relation to *grain* **yields** of cereals (review) [Physology, photosynthesis]. 058251

GRAMA

Three-dimensional chlorophyll concentrations in a high biomass **blue** *grama* [Bouteloua gracilis] canopy. 057718

GRAMINAE

Phosphate absorption: adaptation of tundra graminoids to a low temperature, low phosphorus **environment** *[Graminae].* 057796
A meteorological model relating to the release of *Graminae* **pollen** in the London area [Allergen causing hay fever]. 056745

GRAMINEAE

Post-emergence **anti** *Gramineae* for weeding winter cereals. 059949
Panicum ciliatum Ell. *(Gramineae)* has to be **called** Panicum leucoblepharis Trin. 056636
Rapid, blue-light-induced transpiration response restricted to plants with grass-like stomata *[Gramineae,* **Cyperaceae].** 057845
Scutellum and endosperm in the seedlings of *Gramineae*—a **histochemical** study. 056891
Variation and affinities of Trisetum spicatum (L.) Richt. s.lat. *(Gramineae)* in **Iceland.** 056621
Ecotypic differentiation in Andropogon **virginicus** *(Gramineae)* [Gene flow and migration]. 056955

GRANADILLA

Yellow granadilla [Passiflora edulis] outshines **purple** *granadilla* in yield and disease resistance [Meloidogyne, Phytophthora nicotianae, Fusarium]. 059729

GRANITE

Soil-slope-plant relationships in the northern Maya Mountains, Belize, Central America. II. The sequence over **phyllites** and *granites.* 056714

GRANULARITY

Chemical control on oninon maggot Hylemia antiqua (Meign) (Diptera: Anthomyiidae) with *granular* **insectides.** 060292
Structure of *granular* and **intergranular** thylakoids of maize chloroplasts based on the data of cryocleavage. 056837
Effect of soil application of **systemic** *granular* insecticides on the incidence of thrips [Sciritothrips dorsalis] on chilli. 060334

GRANULATION

The effect of monodiets of *granulated* and **briquetted** feed on the physiological condition of young cattle. 054971
Substrate for mushrooms, with a supplement of *granulated* **chicken** manure. 061977
Comparative evaluation of *granulated* and **ordinary** feeds in sheep feeding. 054914
Efficacy of certain placements of *granulated* **systemic** insecticides applied to the soil against shootfly (Atherigona varia soccata, Rond.) on hybrid jowar [Durra]. 060231

GRANULES

Resistance of the *granules* of **ammonium** nitrate to repeated-variable temperature fluctuations. 062086
Area-of-influence of **herbicide** *granules.* 060073
Granules in the **meconium** of og-mutant of Bombyx mori. 061354
Glycoproteins in the **microtubular** *granules* of the paragonial secretory cells in Drosophila melanogaster Meig. 060795

GRANULOMAS

Spermatic *granuloma* in boar. 055164

GRANULOSIS

The role of complement in hydatid disease [**Echinococcus** *granulosus,* Echinococcus multilocularis]: in vitro studies [Guinea pigs, sheep, cotton rats]. 055586
Isolation and characterization of a synergistic enzyme from the capsule of a *granulosis* **virus** of the armyworm, Pseudaletia unipuncta [Biological control]. 060146
Studies of transovum and transstadial transmission of a *granulosis* **virus** of the codling moth [Laspeyresia pomonella, pest of fruit trees and walnuts]. 060313
Transmission of a *granulosis* **virus** in the eggs of a virus-free stock of Pieris brassicae. 060314

GRAPEFRUIT

An ultrastructural study of two forms of chilling-induced injury to the rind of *grapefruit* (**Citrus** paradisi, Macfed). 059735
Plant *grapefruit* with the aim of thinning. 059013

GRAPES

Australian *grape* culture. 059165
Diseases of muscadine and **bunch** *grapes* in North Carolina and their control. 059716
Effects of modes of application of hydrous constraints on several aspects of the morphology and activity of the leaf of Vitis vinifera L., variety **Cabernet-Sauvignon** *[Grapes].* 058325
Chlorosis *[Grapes].* 059878
Identification of volatile **constituents** from *grapes.* 054011
Regression analysis by reducing experimental data to a state of equidistance [as applied to *grape* **culture** and varieties]. 052766
Choice of vat varieties in the USSR *[Grape* **culture**]. 058945
Role of producer associations in the development and progress of *grape* **culture** and wine manufacture as well as in the valorization of viticultural products. 058946
Viability of Plasmopara viticola sporangia produced at different times in a diurnal **cycle** *[Grapes].* 059292
Control of gray rot (Botrytis cinerea). Effects of new fungicides (efficacity, residue, accumulation in the soil, plant *[grapes],* and in **grape** products, toxicity, etc.). 059253
1976 [pesticide] spray **guide** for *grapes.* 059749
Powdery mildew of *grapes.* **History** and methods of control. 059388
A preliminary note on water requirements of *grapes* **[Irrigation].** 062307
Study of the heat balance of *grape* **leaves** and berries in stands of varying shapes. I. Diurnal temperature balance of Bolgar variety leaves and berries. 058380
Pedigree of Line 31 and the variety determinant **Ogosta** *[Grapes].* 059039
Grapes for **Ohio** wines [Varieties]. 054050
Quality of some deciduous fruits (apple, *grape* and **pomegranate)** of Baluchistan. 054064
Control of gray rot (Botrytis cinerea). Effects of new fungicides (efficacy, residue, accumulation in the soil, the plant and in *grape* **products,** toxicity, etc.). 059252
Control of gray rot (Botrytis cinerea). Effects of new fungicides (efficacity, residue, accumulation in the soil, plant [grapes], and in *grape* **products,** toxicity, etc.). 059253
Himrod, **promising** *grape* variety. 059007
Clarification of heated **red** *grape* harvest wines by bentonite. 053977
Wine manufacture by heating **red** *grape.* Effect of time on maceration. 053978
Degree of optimal maturity of the *grape* in **relation** to the type of wine to process. 054044
Study of drought resistance of several *grape* **rootstocks.** 058378
Study of organogenesis in the Shiroka Melnishka variety of *grapes* in the **Sandanski** area. 058379
Effect of reconstruction of vineyards from stemless to high stem culture on composition and quality of must and wine in Cabernet **Sauvignon** *grapes.* 059037
Studies on the wastage in Pusa **Seedless** *grapes* during refrigerated storage. 054004
Phosphorus content and relative movement of 32P [phosphorusisotope] in leaves and fruits of Puse **Seedless** *grapes* during pre-lag, and lag and post-lag phases of berry development. 058521
Action of some physical and chemical factors on the germination of *grape* **seeds.** 058339
RSB 1, a new *[grape]* **stock.** 059205
Fruit and vegetable processing and food technology: a summary of research [Tomatoes, cucumbers, snap beans, **strawberries,** *grapes].* 054049
Oxidation of some phenols and flavonoids of *grape* by **subcellular** fractions of o-diphenoloxidase. 058362
Determining fertilizer requirements for *grapes* according to the **system** of qualitative tests. 061941
Results and prospects of selection of [virus] resistant lines among *grape* **varieties.** 059661
Study of the planting distance in stem culture of the Mavrud **variety** *[Grapes].* 059041
Observations on the extraction of juices from **white** *grapes.* 053997
International global policy of *grapes* and **wine.** 052786
Statement of a global policy for *grapes* and **wine.** 052787
Statement of a global policy for *grapes* and **wine.** 052788
Statement of a global policy for *grapes* and **wine.** 052789
The Buzet coasts *[Grapes,* and **wine** making]. 059166
Methods of controlling pollution caused by the use of installations for treating products derived from *grapes* and **wine.** 062380
Viticultural soils in the Auckland region *[Grapes,* **yields].** 061756

GRAPEVINES

Vineyard management practices influencing oxidant injury in **'Concord'** *grapevines* [Air pollution]. 062464
Grapevine **control** in young even-aged hardwood stands. 060024
Mathematical description of the effect of phytometric characteristics on the radiation regime of the **crown** of *grapevines.* 058361
Fine structure changes in different host plants induced by *grapevine* **fanleaf** virus. 059631
The influence of the *grapevine* **infectious** chlorosis virus on chlorplast ultrastructure. 059554
The effect of *grapevine* **pollen** on the germination of conidia of Botrytis cinerea. 059232
On varietal features of removal of amino acids with bleeding sap from root systems of **ungrafted** *grapevines* [compared to grafted varieties]. 058376

GRAPHOLITHA

Ethological function of components of a sex attractant system for oriental fruit moth males, *Grapholitha* **molesta** (Lepidoptera: Tortricidae). 060301

GRASSES

Leaf protein extracts *[Grass,* **alfalfa,** sugarbeets]. 053938
The sludge resulting from the purification of waste water as a soil **amendment** *[Grasses].* 061995
Grassy **areas** on the farm [Culture]. 058870
Residues of trichlorfon and lauroly trichlorfon in Douglasfir, willow, *grass,* **aspen** foliage [Pseudotsuga menziesii, Salix, Festuca, Populus] and in creek water after aerial application. 059720
Studies on the soil atmosphere composition under maize, *grass* and **bare** fallow in western Kenya. 061666
Cattle winter on **beefed-up** *grass* straw. 054912
Grass **canopy** bidirectional spectral reflectance [Rangeland ecosystems]. 056702
Some recent developments in techniques for assessing the digestibility and intake **characteristics** of *grasses.* 054819
On the leaf morphogenesis of **citronella** *grass* (Cymbopogon nardus Rendle var. Mahra Pengiri). II. Effect of temperatures on development of citronella grass leaf. 058112
Physiological responses of plants *[grasses]* to **coal-fired** power plant emissions. 058076
On the problem of intensive nutrition and utilization for production and quality of *grass* **cover.** 058223
Effectiveness of **cropping** *grass* mixtures according to the rate of sowing and the ratios of the components [Costs, income]. 052526
Fungi causing winter damage on **cultivated** *grasses* in Norway. 059354
New market potential for **dried** *grass* and lucerne. 052564
Studies on mixed cultivation of tropical legume and *grasses.* I. **Effects** of the increased dry matter and nitrogen yield in the mixed stands of Desmodium [intortum] and Setaria [sphacelata]. 058814
Drying or **ensilaging?** *[Grass].* 054108
Ensilaging *[grass].* 054109
Mechanized ensilaging of *grass* **[Equipment].** 061551
Estimating *grass* minimum temperatures from screen minimum values and other climatological parameters. 052088
Artificial drying of *grass* for **feed.** 054115
Deproteinised leaf extract as a substrate for fungal growth [Pennisetum purpureum, typhoides, **fodder** *grass].* 059327
Seed setting and production of perennial summer **forage** *grasses:* rhodesgrass [Chloris guayana] cv. Katambora and Buffelgrass [Cenchrus cilaris] cv. Molopo. 058733
Gathering *grass:* the situation today—developmental trends. 058816
Nutritive value in *grasses* **harvested** at different cutting schedules. 054891
Tolerance to wear by species and varieties of **lawn** *grasses.* 058145
Fundamental studies on artificial propagation by seeding useful wild grasses in Japan. V. Further experiments on the regulatin of germinability of the seeds of Japanese **lawn** *grass,* Zoysia japonica Steud. 058441
Sporobolus orientalis Kunth and Sporobalus tremulus Kunth, two new **lawn** *grasses* for coastal and saline tracts. 058867
The preparation, storage and utilization of haylage made from *grasses* and **legumes.** 054119
The creator of new valuable varieties of *grasses* and **legumes** [Plant breeder Agniia Markovna Konstantinova]. 057186
Grasses and **legumes** for conservation. Variety, cutting dateand digestibility. 058810
Removing spots and *grass* by **lint** cleaning at cotton gins [Processing]. 053881
A contribution to the knowledge of quality of *grass* **mass** on the western sides of the mountain Sara with particular emphasis on essential microelements in the diet of sheep. 054974
Device for adding diludin to *grass* **meal** [Antioxidant]. 054100
Perennial grasses and *grass* **mixtures** for forage and soil conservation crop rotations. 058896
Observations on parasitic [snow **mold]** on *grasses.* 059468
Good potential for **Pangola** *grass* [Digitaria decumbens]. 058790
Studies on the responses of **pasture** *grasses* to nitrogen fertilization. I. Comparative responses of some subtropical grasses [Chloris gayana, Paspalum dilatatum, Paspalum notatum] to varying levels of nitrogen fertilization. 062004
Straw and *grass* **pellets** as the only coarse feed for cows. 054897
Care of **perennial** *grasses* on Black soils. 058819
Perennial *grasses* and grass mixtures for forage and soil conservation crop rotations. 058896
Effect of **perennial** *grass* cover on the condition of agrophysical properties of loamy soils of the East Slovakian Lowland. 061817
Effectiveness of chemical preparations in various methods of *grass* **regeneration.** 058219
Meeting of agricultural enterprises specializing in *grass* **seed** raising. 058887
The use of waste fibres [from the waste-water clarifier of a sulphate pulp mill] as absorption material in *grass* **silage** [Sheep]. 054918
Application of **simple** *clover-grass* mixtures based on our varieties and some foreign varieties of Trifolium repens L. 058838
Characteristics of the seasonal development rhythm and age composition of popuations of four **sod** *grasses* dominant in the Caucasian steppes. 058250
On the role of plant excretions at the *grass* **stand** formation in false Acacia and sumac [Rhus] forests of the steppe zone. 056549
The utilization [by cows] of *legume-grass* **stand,** yield and the quality of pasture forage. 058904
Rapid, blue-light-induced transpiration response restricted to plants with *grass-like* **stomata** [Gramineae, Cyperaceae]. 057845
Studies on the responses of pasture grasses to nitrogen fertilization. I. Comparative responses of some **subtropical** *grasses* [Chloris gayana, Paspalum dilatatum, Paspalum notatum] to varying levels of nitrogen fertilization. 062004
Grass **tetany** [Dairy cattle]. 055824
Grass **tetany** survey [Nutritional-metabolic disorder of cattle]. 055826
Recommended **varieties** of *grasses.* 058811
System for *grass* **weed** control [Chemical]. 059951
Field growth of fall panicum [Panicum dichotomiflorum] and witchgrass [Panicum capillare, annual **weedy** *grasses].* 060077
Fundamental studies on artificial propagation by seeding useful **wild** *grasses* in Japan. V. Further experiments on the regulatin of germinability of the seeds of Japanese lawn grass, Zoysia japonica Steud. 058441

GRASSHOPPERS

Alternative host plants of **'Ak'** *grasshopper* Poekilocerus pictus (Fabricus). 060132
Utilization of free amino acids of food in the digestive tract of the **"Ak"** *grasshopper* Poecilocerus pictus (Fabr.). I. Studies on Vth instar nymphs. 060813
Dispersion, abundance and biomass of the *grasshopper* from the **family** of Acrididae (Orthoptera) living in a pasture near Banska Stiavnica. 060702
The aerial spraying of *grasshoppers* in **Trinidad.** 060143

GRASSLANDS

Experiences in 1975 in *grassland* **cultivation** for continuous cropping and conclusions [East Germany]. 058708
Site descriptions and effects of coal-fired power plant emissions on plant community structure [Effects of air pollution on a *grassland* **ecosystem].** 056682
Field experimental component: the bioenvironmental effects of sulphur dioxide *[Grassland* **ecosystem,** air pollution]. 062398
Studies on speed-up of snow melting in a *grassland.* 3. For the **extension** of livestock grazing season in early spring. 058815
A system of optimizing the use of animal manures on a *grassland* **farm.** 061956
Influence of net feed production of *grassland* and **feed** purchases on the grazing of Frisian [dairy cattle]. 058868
An optimum sampling strategy for plant species **frequencies** [on *grassland].* 056719
University for Agriculture. Department of Field Crops and *Grassland* **Husbandry.** Annual report, 1974. 058720
University for Agriculture. Department of Field Crops and *Grassland* **Husbandry.** Annual report of the Experiment Station, 1974. 058721
Nitrogen fertilization of *grassland.* 9. **Influence** of lengthof time in the field on growth in regard to postponement of nitrogen fertilization and covering of the stubble. 062061
Copper and molybdenum as plant nutrients to **leys** *[Grassland].* 061997
Radar cross sections of vegetation canopies determined by monostatic and bistatic scatterometry [Natural vegetation **like** *grassland].* 056704
Reference values for yields in **low-lying** *grassland.* 052389
Effects of SO2 [sulfur dioxide] and other coal-fired power plant emissions on producer, invertebrate consumer, and decomposer structure and function in a southeastern **Montana** *grassland.* 062397
Studies on oversowing of **natural** *grasslands* in Kenya. 1. The effects of seed threshing, scarification and storage on the germination of Desmodium uncinatum (Jacq.) DC. 058701
Yield and chemical composition of second cut of ley *[grassland]* as **related** to the supply of nutrient elements [Fertilizers]. 061998
Grassland **renewal** results and experiences at the "Lenin" Crop Farming Cooperative in Schlettau. 058709
An examination of the extent of fire in the *grassland* and **savanna** of Africa along the southern side of the Sahara [Land management]. 056699
RANGES: *grassland* **simulation** model [Range management, computers]. 058865
The role of natural enemies [predators and a parasoid Verrallia aucta] in the colour polymorphism on Philaenus **spumarius** (L.) *[Grassland].* 060897
A research program for and the process of building and **testing** *grassland* ecosystem models. 056718
Multivariate analyses of **tropical** *grassland* communities in Mato Grosso, Brazil. 056711
Pyrolysis-gas chromatography studies on a climosequence of soils in **tussock** *grasslands,* New Zealand. 061680

ERTS [Earth Resources Technology Satellite]-1 data for classifying native plant communities —central Colorado [Forest and *grassland* **vegetation**]. 056701

GRAVEL

Survival of Ancylostoma caninum on bare ground, **pea** *gravel*, and concrete [Dogs]. 055428
Soil heterogeneity and profile development in a **stratified** *gravel* deposit in Ireland. 061681

GRAVITY

High *gravity* brewing. 053527
Gibberellin-like substances in naturally growing and *gravity* **induced** shoots of Siberian fir (Abies sibirica). 058570
Relationship of **specific** *gravity* to sugar accumulation in stored Norgold and Russet Burbank potatoes. 053987
Growth, dry weight yields, and **specific** *gravity* of 3-year-old Populus grown under intensive culture. 056137

GRAY

Comparative characteristics of some diagnostic features of *Grey* and **Brown** forest soils. 061791
The effect of plant residues on the development of microorganisms and the level of oxidation-reduction potential in *gray* **forest** soil. 061704
Study on curdling ability of cow's milk. IV. Curdling ability of *Grey* **Iskur** cow's milk. 053797
Biomass of foliage of *gray* **pine** [Pinus]. 058614
Interaction of potassium and boron under light **pseudopodzolic** *grey* and cinnamonic forest soil conditions. 061854
Control of *gray* **rot** (Botrytis cinerea). Effects of new fungicides (efficacy, residue, accumulation in the soil, the plant and in grape products, toxicity, etc.). 059252
Control of *gray* **rot** (Botrytis cinerea). Effects of new fungicides (efficacity, residue, accumulation in the soil, plant [grapes], and in grape products, toxicity, etc.). 059253

GRAZING

The epidemiology and control of some nematode infections in *grazing* **animals** [Cattle, sheep]. 055390
Optimal [meat] production from a blesbok herd **[Antelope,** *grazing]*. 054174
Age structure, distribution and survival under *grazing* of the **arid-zone** shrub Acacia burkittii. 056732
Are you ready for turn-out? **[Cattle** *grazing*, pasture management]. 054768
Water quality implications of **cattle** *grazing* on a semiarid watershed in southeastern Utah. 062265
Grazing of **ciliates** [Colpoda steinii] on blue-green algae [Anacystis nidulans]: Effects of ciliate encystment and related phenomena. 059918
Grazing of **ciliates** [Colpoda steinii] on blue-green algae [Anacystis nidulans]: Effects of light shock on the grazing relation and on the algal population. 059919
Utilization of compound carbohydrate additives for feeding **cows** *grazing* on cultivated and irrigated pastures located around Moscow. 054824
Factors affecting the utilization of macronutrients in diets by dairy cows during *grazing* on **cultivated** pastures. 054823
Influence of zeranol implantation in *grazing* and **fattening** heifers. 054953
Influence of net feed production of grassland and feed purchases on the *grazing* of **Frisian** [dairy cattle]. 058868
Studies on speed-up of snow melting in a grassland. 3. For the extension of **livestock** *grazing* season in early spring. 058815
Least-cost feed reserve [for sheep] using drought probabilities derived from a *grazing* **model.** 052534
Dairy cattle behavior on weeping lovegrass, Eragrostis curvula Schrad, Nees *[Grazing*, **pasture** management]. 054822
Effective method of lamb **rearing** *[Grazing]*. 054915
Grazing of ciliates [Colpoda steinii] on blue-green algae [Anacystis nidulans]: Effects of light shock on the *grazing* **relation** and on the algal population. 059919
Seasonal pasture contamination and availability of nematodes for *grazing* **sheep.** 055436
Protective reforestation for sheep pastures in West **Siberia** *[Grazing]*. 054917
Systems for wintering beef cows **[Winter** *grazing]*. 054956

GREEN

Evolution of ultrastructure and photosynthetic activity of the *green* **alga** Protosiphon botryoides during regreening following the removal of nitrogen deficiency. 056855
Cytokinesis in the *green* **alga** Eremosphaera viridis: plasmalemma formation from "open membranes". 056887
Transformation of the Golgi apparatus in the cell cycle of a *green* **alga,** Micrasterias americana. 056911
Ultrastructural patterns of the *green* **alga** Scenedesmus obliquus plasma membrane revealed by freeze—etching. 056926
Mutagenesis of the *blue-green* **alga,** Anabaena doliolum Bharadwaja. 057101
Factors influencing dark nitrogen fixation in a *blue-green* **alga** [Anabaenopsis circularis. 057247
The C550 photoresponse at room temperature observed in membrange fragments of the *blue-green* **alga** Anabaena variabilis. 057891
Cultivation of Candida tropicalis K-41 [yeasts] on *blue-green* **algae** hydrolyzates. 057746
The relative activities of PEP [phosphoenolpyruvate] carboxylase and RuDP [ribulose-1,5-diphosphate] carboxylase in *blue-green* **algae.** 057912
Grazing of ciliates [Colpoda steinii] on *blue-green* **algae** [Anacystis nidulans]: Effects of ciliate encystment and related phenomena. 059918
Grazing of ciliates [Colpoda steinii] on *blue-green* **algae** [Anacystis nidulans]: Effects of light shock on the grazing relation and on the algal population. 059919
Limnological studies of and primary production in temple pond ecosystems **[Blue** *green* algae]. 056696
Properties of the primary electron acceptor complex of photosystem I in the **blue** *green* alga Chlorogloea fritschii. 057263
Influence of extreme temperature on growth of **blue** *green* alga Spirulina platensis (Gom) Geitler. 057354
Observations on **brilliant** *green* agar with an H2S [hydrogen slfide] indicator [Identification of Salmonella]. 052949
The **broken** *green* belt [Vegetation, forests, conservation]. 056307
Comparison of the organism **causing** *greening* disease with several plant pathogenic gram negative bacteria, Rickettsia-like organisms and mycoplasma-like organisms. 059575
Theoretical and practical aspects of a test system based on single **cell** *green* algae for plant active chemicals. 057630
A possible origin of some *olive-green* **cells** in aphotic marine environments [Amphora coeffaeformis, Algae]. 056859
Action spectra for photo accumulation of *green* and **colorless** Euglena [gracilis]: evidence for identification of receptor pigments [Algae]. 057823
Investigations on the ultrastructure and taxonomic position of Gloeochaete wittrockiana, an apoplastidic pallmelloid alga **containing** *blue-green* endosymbionts (Cyanelles). 056592
Intranuclear complexes in a **copper-tolerant** *green* alga [Scenedesmus acuminatus, Scenedesmus acutiformis, copper toxicity]. 059792
Biochemical characterization of **cucumber** *green* mottle mosaic virus ribonucleic acid. 059672
Control of delta-aminolevulinic acid synthesis during *greening* of **dark-grown** Euglena gracilis [Algae]. 057905
Toxicity of four toxicants [pesticides] to *green* **eggs** of salmonids [Salmonidae]. 060601
Activity of cytochrome f during *greening* of **etiolated** pea plants. 058357
Wet pressing of *green* **[field]** crops [Protein supplies]. 053909
Statistical separability of agricultural cover types [Corn, soybeans, *green* **forage** and forest] in subsets of one to twelve spectral channels. 052767
Measures for the reduction of welting losses of *green* **forage** plants [during harvesting and storage]. 058711
Continous production of *green* **forage** by industrial plant cultivation (Ruthmer system). 058905
Cyanazine [herbicide] metabolism in corn, fall panicum, and *green* **foxtail.** 060058
A microbiological survey of three **fresh** *green* salads—can guidelines be recommended for these foods? 052993
Metroglyph and index score analysis of morphological variation in *green* **gram** (Phaseolus aureus L.). 056858
Changes in the activity of ferredoxin-NADP reductase during the *greening* of **[kidney]** bean leaves. 058436
The *green* **lacewing,** Chrysopa carnea steph. (Neuroptera, Chrysopidae), used to control the green peach aphid, Myzus persicae Sulz., and the potato aphid, Macrosiphum n peppers [Biological control] ree. 060254
Resistance to *green* **leaf** hoppers [Nephotettix virescens, Nephotittex nigropictus] in rice. 060197
Morphological variability in the **marine** *green* alga Acetabularia crenulata Lamouroux (Dasycladaceae, Dasycladales). 056881
The effect of [the nodule bacteria preparation] nitragin on soybean [yields of *green* **mass** for silage]. 058899
Grow your **own** *greens*. 058982
Grow your **own** *green* beans. 058983
Studies on the physiology of a **parasitic** *green* alga, Cephaleuros sp. 060033
Fecundity and larval voracity of four ladybeetle species (Coleoptera, Coccinellidae) [Biological control of the *green* **peach** aphid, Myzus persicae]. 060253
The green lacewing, Chrysopa carnea steph. (Neuroptera, Chrysopidae), used to control the *green* **peach** aphid, Myzus persicae Sulz., and the potato aphid, Macrosiphum n peppers [Biological control] ree. 060254
Effects of some allelochemics on food uptake and survival of a polyphagous *[green* **peach]** aphid, Myzus persicae. 060278
Nitrogen metabolism in lichens. VII. Nitrogenase activity and heterocyst frequency in lichens with *blue-green* **phycobionts.** 057779
Harvesting times of orchid seed capsules for the *green* **pod** culture process. 058924
Longitudinal and lateral transport of [3,4-3H] [hydrogen isotope] gibberellin A1 and 3-indolyl (acetic acid-2-14C) [carbon isotope] in upright and geotropically **responding** *green* internode segments from Helianthus annuus [sunflowers]. 058135
The *green* **revolution;** some determining factors. The case ofCameroon. 052791
Incidence and oviposition patterns of Trichopoda pennipes (F.). A parasite of the **southern** *green* stink bug, Nezara viridula (L.) [Natural control, field crop pests]. 060216
The effect of nitrogenous fertilizers on the quality of the *green* **tea** leaf and the finished product. 062066
Effect of sulfur-coated urea on yield, N [nitrogen] uptake, and nitrate content in **turnip** *greens*, cabbage, and tomato. 061964
Storage of *green* **vegetables.** 054027
Lipid composition of prolamellar body membranes of etiolated and *greening* **wheat** leaves. 058045
Development of thermoluminescence bands during *greening* of **wheat** leaves under continuous and intermittent illumination. 058149
Using *green* **wood** waste to generate steam. 056237
Methods of ecological evaluation of *green* **zones** as a basis for environmental management and nature conservation. 062487

GREENHOUSES

Building and operating the **backyard** *greenhouse* in Nevada. 061395
Pirimor [carbamate insecticide] phytotoxicity trial on *greenhouse-grown* **carnations** [Dianthus caryophyllus]; progress report. 059767
Maintaining a colony of the striped flea beetle, Phyllotreta striolata (Coleoptera: **Chrysomelidae),** in the *greenhouse*. 060266
The **climate** *glasshouse* at Naaldwijk [Construction]. 061438
The control of **climate** in *greenhouses*. 061452
A comparison of tipburn susceptibility in lettuce under field and *glasshouse* **conditions.** 059794
What is new in the **construction** of *greenhouses?* 061454
Processed paper pads for *greenhouse* **cooling.** 061411
Economic effectiveness of tomato production in polyethylenecovered structures *[Greenhouses*, **costs,** returns]. 052490
Osmotic pressure of the soil solution: determination and effects on some *glasshouse* **crops** [Botch damage to tomatoes, tip burn on lettuce, salt levels]. 059834
Mechanisation of production operations for protected **crops** *[Greenhouses]*. 061451
Advantages of interfarm cooperation [in *greenhouse* **culture** of vegetables]. 052381
Temperature regulation in the *greenhouse* **[Engineering].** 061460
Greenhouse **evaluations** of leaf-feeding resistance in corn to the corn earworm [Heliothis zea]. 060215
On some features of the uptake of nutrients by intensively **fertilized** *greenhouse* tomatoes. 058375
About the utilization of red phosphorus as a **fertilizer** in *greenhouses*. 061950
Soils for *greenhouses* **[Fertilizers** and supplements]. 061976
Some observations on drip irrigation for cut **flowers** in *greenhouses*. 062195
Vegetable culture in a **glass-plastic** *greenhouse* [Yields, profits]. 059112
System of **heating** *greenhouse* soil with a uniform area temperature. 061405
The position of *glasshouse* **horticulture** outside the great [vegetable growing] centers. The stagnation of vegetable cultivation in North Holland. 052904
Potential for saving energy in *glasshouse* **horticulture** [Construction]. 061426
Transport systems in *glasshouse* **horticulture.** 061576
Parodia schuetziana Jajo, a **jewel** in a *greenhouse*. 059079
Thiram residues on *glasshouse* **lettuce** [Botrytis cinerea]. 060583
In the **Moscow** *greenhouse* complex [Cucumber and tomato culture]. 059091
Seasonal **notes** for *hothouses*. 059017
Present knowledge of the application of light for nursery stock [Tomatoes, cucumbers and some *glasshouse* **ornamentals].** 058514
Tests of planting density of *greenhouse* **peppers.** 059173
Botrytis—the cool disease [of *greenhouse* **plants].** 059273
Economic efficiency of vegetable culture in protected soil **[Plastic** *greenhouses*, costs, returns]. 059143
Effectiveness of vegetable culture in **plastic** *greenhouses* after transplanting for unprotected ground. 059145
Tomato variety testing in **plastic** *greenhouse* culture with solar heating in Khmel'nitskii Region. 059146
Development of Algae during growth of conifer seedlings in **polyethylene-covered** *greenhouses*. 058523
A reminder—using DBCP [1,2-dibromo-3-chloropropane] around *greenhouse* **roses** [Nematode pests]. 059765
Pirimor [carbamate insecticide] trials on *greenhouse* **roses;** progress report. 060284
Mechanization of preparation of *greenhouse* **soils.** 061544
Salt concentration [measurement] in *greenhouse* **soils.** 061737
The "Leto" Company, [an association of *greenhouse* **state** farms of the Leningrad Region for vegetable production]. 052384
Methods of solution of thermal conduction and chemical kinetics equations in the presence of variable coefficients [for determining the distribution of heat in soil, *greenhouses*, **stored** grain mass]. 061423

Response of corn to phosphorus fertilization in *greenhouse*, **sunken** drums and field experiments. 061962
Conveyor systems for horticultural production *[Greenhouse* **system].** 061450
Performance of *greenhouse* **tomato** cultivars. 058972
The relationship between plant quality and yields of *glasshouse* **tomatoes.** 059136
Sulphur deficiency and toxicity symptoms in *greenhouse* **tomatoes** and cucumbers. 059723
The use of **tunnel-type** *greenhouses*. 061396
Study of the microclimate and the system of automatic equipment in **winter** *greenhouses* [for growing cucumbers and tomatoes]. 059203

GREYHOUNDS

Altered arterial connective tissue in **racing** *Greyhound* dogs. 054476

GRIDS

Comparison of dual linear and *dot-grid* **eyepiece** methods for estimating wood properties of Douglas-fir [Pseudotsuga taxifolia]. 056269
Dot-grid **integrating** eyepiece: two sampling techniques for estimating cell wall areas [Pseudotsuga taxifolia, wood]. 056271
Evaluation of the *grid* **method** for sampling Rhodnius prolixus populations in houses [near San Carklos, Cojedes]. 060504
Some effects of *grid* **system** mosquito control ditching on salt marsh biota in Delaware. 060477

GRINDING

Analysis and control of the **basic** *grinding* mechanism [Paperprocessing]. 056257
Grinding **wheel** and sharpening stone manufacture and application [Woodworking processes]. 056280

GROCERIES

Estimated sale and impact of soy-beef blends in *grocery* **stores** [Marketing]. 052702

GROUND

Ground **application** of malathion to control Glossina swynnertoni Aust. (Diptera, Muscidae). 060430
Survival of Ancylostoma caninum on **bare** *ground*, pea gravel, and concrete [Dogs]. 055428
Ground **beetles** [Coleoptera, control]. 060120
Effects of insecticides upon the terrestrial predaceous arthropods in cereal fields, especially the *ground* **beetles** (Coleoptera, Carabidae). 060191
What you should know about: *ground* **fault** interrupters [Agricultural engineering, electric circuits]. 061400
Summary appraisals of the **nation's** *ground-water* resources—Texas-Gulf Region. 062198
The alteration of the phosphate regime in soddy-podzolic soil as a result of annual and supply application of superphosphate and *ground* **phosphate** rock under the conditions of liming. 061953
The aerobic plate count, coliform and Escherichia coli content of **raw** *ground* beef at the retail level. 053010
Microbiological evaluation of **retail** *ground* beef: centralized and traditional preparation. 053004
Sheltered *ground* in the Scandinavian countries [Economic aspects of vegetable and flower culture]. 052251
Fall preventive measures in **sheltered** *ground* [Plant protection of vegetables]. 059814
Land use classification and *ground* **truth** correlations from simultaneously acquired aircraft and ERTS-1 MSS [Earth Resources Technology Satellite, multispectral scanner] scanner]. 052225
Effectiveness of vegetable culture in plastic greenhouses after transplanting for **unprotected** *ground*. 059145
Pollutant movement to *ground* **water** from swine waste lagoons. 062535

GROUNDNUTS

The pattern of flowering, seed development and seed yield of two varieties of *groundnut* **(Arachis** hypogaea L.). 058127
Mobilization and exudation of photo-assimilated 14C [carbonisotope] by developing pods of *groundnut* **(Arachis** hypogaea L.). 058205
Nodulation pattern in *groundnut* **(Arachis** hypogaea Linn.) as influenced by varying levels of plant density nitrogen and phosphorus. 058340
The pattern of flowering, seed development and seed yield of two varieties of *groundnut* **(Arachis** hypogaea L.). 058428
Effects of systemic fungicides on Cercospora leaf spot of *groundnut*, **Arachis** hypogaea. 059390
Effect of GMV [groundnut mosaic virus] on *groundnuts* at different **growth** stages. 059613
Development of hand spray equipment for applying fungicides to control Cercospora [arachidicola] disease of *groundnuts* in **Malawi.** 061533
Effect of GMV *[groundnut* **mosaic** virus] on groundnuts at different growth stages. 059613
White grub is becoming a serious **pest** of *groundnut*. 060236
Problem **regarding** *groundnut* (Arachis hypogaea L.) [Rhizobium] inoculation in tropics with special reference to India. 058234
Inhibition of *groundnut* **Rhizobium** in Indian soils [Nodule bacteria]. 058231

GROUNDSEL

Variation within **common** *groundsel*, Senecio vulgaris L. I. Genetic response to spatial variations of the environment. 056726
Variation within **common** *groundsel*, Senecio vulgaris L. II. Local differences within cliff populations of Puffin Island. 056727
Studies on the mechanism of s-triazine [herbicides] resistance in **common** *groundsel*. 060086

GROUNDWATER

Time-related variation of *groundwater* **active** reserves. 062348
Investigation on *groundwater* **condition** and yields in connection with regulation of Flatdal water course in Telemark. 062272
Adjustments due to a **declining** *groundwater* supply: high plains of Oklahoma and Texas. 062310
Simulation of *[groundwater]* **flows** in an unsaturated porus medium. 062258
Summary appraisals of the **nation's** *groundwater* resources—California Region. 062199
Use of environmental isotopes to investigate the interconnections between the Reno River and *groundwater* **(northern** Italy) [Water contamination]. 062452
The *groundwater* **outcrop-erosion** model; evolution of the stream network in the Netherlands. 062262
Full-scale investigations of *groundwater* **pressure** on tunnel linings. 062204
Dynamic response of aquifer systems to localized **recharge** *[Groundwater]*. 062352
Systems for artificially **recharging** *groundwater*. 062292
Partial depletion of **saline** *groundwater* by seepage. 062256
Nitrogen-15 [isotope] studies on identifying fertilizer excess in environmental systems *[Groundwater,* **soil].** 062442
Uniqueness of a model of **steady-state** *groundwater* flow. 062287
Studies on sugarcane irritgation. X. Effect of *groundwater* **table** and nitrogen levels on the irrigation efficiency of autumn planted sugarcane. 062298

GROVES

Fruitflies [Ceratitis capitata and Anastrepha (Trypetidae)] and their control in **citrus** *groves* [in Argentina]. 060270
The population of Amblyseius largoensis [predatory mite] and its dynamics in **citrus** *groves* [Mandarine oranges]. 060337
The Duchesnay experimental **maple** *grove* [Acer]. 056127

GROWERS

Growth regulators for commercial **apple** *growers*. 058511
Seasonal notes for **fodder** *growers*. 058732
Cooperation of contractors and *growers* in **harvesting** sugarbeets. II. 052394
Pruning, a new technique for **mango** *growers*. 058910
Nut *growers* handbook. 059162
October 21, 1976, and the **nut** *growers* use of pesticides. 060597
View of commercial **seed** *growers* on the cultivation of [field] seed—especially for the requirements of Norrland [Management]. 052424

GROWTHS

Uncoupling of *growth* and **acid** production in lactic streptococci [Streptococcus cremoris, milk]. 053771
Dynamics of endogenous gibberellins during transition of garlic bulbs from dormancy to **active** *growth*. 058358
The *growth-promoting* **activity** of some algal metabolites on Scenedesmus acutus. 057361
Growth-retarding **activity** and chemical structure of certain derivatives of itaconic acid [Herbicidal activities]. 059925
Adipocyte *growth* of four adipose deposits in rabbits. 054312
A decade of **agricultural** *growth* in India: problems, prospects and policy issues. 052778
Agricultural *growth* [Crop production]. 052831
A statistical analysis of **algal** *growth* [Scenedesmus quadricauda] in a culture chamber. 057966
A study of heavy metals in Illinois impoundments **[algal** *growth* potential in potable water supplies. 062231
Mutual potentiation by magnesium and calcium of *growth* in **animal** [chick embryo] cells. 054678
Anomalous *growth* of unpollinated shortleaf pine conelets [Pinus echinata, cone development, pollination]. 058576
Growth and **assimilate** conversion of cotton bolls (Gossypiumhirsutum L.). 1. Growth of fruits and substrate demand. 058008
Growth and **assimilate** conversion of cotton bolls (Gossypiumhirsutum L.). 2. Influence of temperature on boll maturation period and assimilate conversion. 058009
Growth and **assimilation** rate of juvenile northern red oak [Quercus rubra]: effects of light and temperature. 058578
Bacterial *growth*, toxin production, and levels of ornithine carbamoyltransferase in resistant and susceptible cultivars of bean inoculated with Pseudomonas phaseolicola [pathogen of halo-blight]. 059525
Lipid composition of Acer pseudoplatanus (sycamore) cells and some aspects of their ultrastructure during *growth* in **batch** suspension culture. 058616
Effect of derivatives of panthotenic acid on *growth* of **B3-auxotrophic** strain of Saccharomycodes ludwigii KM [yeasts]. 057747
Effect of organochlorine pesticides on *growth* and **biological** activities of bacterial species important to the dairy food industry. 052998
Influence of extreme temperature on *growth* of **blue** green alga Spirulina platensis (Gom) Geitler. 057354
Growth characteristics of intact and hypophysectomized female hamsters. The effect of **bovine** *growth* hormone on hypophysectomized hamsters. 054505
Early events associated with lateral **bud** *growth* of Pisum sativum L. [Peas]. 058309
Mineral requirements for *growth* and **callus** initiation of tissue explants excised from mature coconut palms (Cocos nucifera) and cultured in vitro. 058162
The effect of blanching and spray application of GA2 [gibberellic acid] on **celery** *growth*. 058413
The effect of canavanine on the *growth* of **cells** from suspension cultures and on intergeneric heterokaryocytes of canavanine sensitive and tolerant plants [Field crops]. 058029
Fungicide treatments of **cereals** during *growth*. 059275
Animal pests of **cereals** during *growth*. 059736
Effect of Solanum khasianum mosaic virus on **certain** *growth* characters and alkaloid content of its host. 059545
Patterns of shoot growth, *growth* **cessation** and bud set in a nursery test of Sitka spruce [Picea sitchensis] provenances. 056130
Radiation environment of [plant] *growth* **chambers.** 057641
Quantitative determination of *growth-dependant* **changes** in the ultrastructure of freely suspended callus cells of parsley (Petroselinum crispum (Mill.) A. W. Hill). 056787
Growth **characteristics** of a cell line derived from the pig oviduct. 054429
Growth **characteristics** of intact and hypophysectomized female hamsters. The effect of bovine growth hormone on hypophysectomized hamsters. 054505
Growth **characteristics** of bovine herpesvirus 1 (infectious bovine rhinotracheitis) in human diploid cell strain WI-38. 055734
Effect of season on the *growth* and **chemical** composition of guava (Psidium guajava L.) fruits. 058408
Uptake of trace elements by barley in zinc-polluted soils. 1. Availability of zinc to barley from indigenous and applied zinc and the effect of excessive zinc on the *growth* and **chemical** composition of barley [Toxicity study]. 059892
Influence of pH [hydrogen-ion concentration] and temperature on the substrate yield coefficient of yeast [Saccharomyces cerevisiae] *growth* in a **chemostat.** 057323
Inhibitory effects of H2 [hydrogen] on *growth* of **Clostridium** cellobioparum [Rumen bacteria]. 054320
The incubation period, rate of transmission and effect on *growth* of **coconut** lethal yellowing disease in Jamaica [Mycoplasma-like organism as causal agents]. 059639
Inheritance of **compact** *growth* type in apple [Varieties, crossbreeding]. 057060
The experience of the use of ecological scales for the comparison of *growth* **conditions** of plants. 057773
Development of Algae during *growth* of **conifer** seedlings in polyethylene-covered greenhouses. 058523
Continued *growth* in the food service industry. 053365
Continuous *growth* of Rosa glauca cells in an auxin-free medium by suspension culture technique. 058322
Biometeorological aspects of **crop** *growth* and development in arid and semi-arid zones. 057939
Turbidimetric measurement of plant cell **culture** *growth*. 057901
Results of *growth* **curve** analyses in mice and rats. 054545
Analysis of *growth* **curves** and strategies for altering their shape [Animals]. 054537
The identification of hexa-, hepta- and octoglutamates as the polyglutamyl forms of folate found throughout the *growth* **cycle** of yeasts [Saccharomyces cerevisiae]. 057711
Growth and **cytology** of celery plants derived from tissue cultures. 056775
Comparative studies on *growth*, **development** and meat productivity of intensively fattened and early impregnated Bulgarian Simmental heifers [Cattle]. 054239
Growth, **development** and behaviour of calves to age 80 days as affected by manner of rearing. 054241
Growth, **development** and chemical composition of the pig. III. Bone, ash and moisture. 054506
Kinetic of 5-bromodeoxyuridine action on Dictyostelium discoideum [slime mold] *growth* and **development.** 057555
Radioprotective effect of cysteine, S-2-aminoethyl-iso-thiouronium bromide and thiourea on *growth*, **development** and content of free and bound amino acids in sunflower after. 058247
Comparison of effects of several trimethyl-ammonium chlorides on the *growth* and **development** of root tissues of Cichorium intybus L. [Chicory] cultivated in vitro. 058321
Some effects of water stress on the *growth* and **development** of apple trees. 058412
Effects of temperature, pinching and retarding chemicals on *growth* and **development** of Begonia X hiemalis. 058424
Studies on endogenous levels of ethylene and auxin in Viciafaba [broad beans] during *growth* and **development.** 058439

The effect of sowing rates and fertilizers on the *growth,* **development** and yield of grain legumes. 058538

Studies on *growth,* **development,** and yield determining processes in wheat plants suitable planting density for wheat cultivation based on yield components. 058620

Effect of planting dates on *growth,* **development** and yield of carrots in Voroshilovgrad Region. 059144

Some effects of the nitrogen supply on *growth* and **development** of Cirsium arvense. 059926

Inhibitory effects of steroidal allenes on *growth,* **development,** and steroid metabolism of the silkworm, Bombyx mori. 061329

Comparison of **diameter** *growth* and crown competition factor in loblolly pine [Pinus taeda] plantations. 056027

Differentiated *growth* of brain hemispheric neurocytes in organized (organotypic) and dispersed cultures in vitro [Chickembryos, newborn rats]. 054496

The effects of estradiol and progesterone on the *growth* and **differentiation** of the quail oviduct. 055052

Deposition of Erysiphe graminis f. Sp. Hordei conidia on barley varieties of **differing** *growth* habit. 059400

The effect of light on the *growth* of **Diplodia** zeae [Fungi, rot and blight of corn]. 059356

Influence of salinity on the *growth* and **distribution** of some Phaeophyceae on the Swedish West Coast [Algae]. 057335

Production rates and costs for cable, balloon, and helicopter yarding systems in *old-growth* **douglas-fir** [Pseudotsuga menziesii]. 056061

Studies on the nutrition and *growth* of **Drosera** species withreference to the carnivorous habit. 057782

Proper implanting technique *[Growth-stimulating* **drugs,** cattle]. 054663

Growth, **dry** weight yields, and specific gravity of 3-year-old Populus grown under intensive culture. 056137

Investigation into various proportions of fodder concentrate and hay on the *growth* in **early** weaned calves. 054927

The rate of **economic** *growth* in agriculture and its regulation. 052810

The effect of **economic** *growth* on nutrition. 053150

Growth and **effects** of ureaplasmas (T mycoplasmas) in bovineoviductal organ cultures. 055572

Endogenous *growth* substances related to the restart of [the hybrid ornamental cherry] Prunus Accolade meristems grown in vitro. 058326

Effects of red light and ethylene on *growth* of **etiolated** lettuce seedlings. 058496

Growth and tillering of sand bluestem [Andropogon hallii] as affected by **exogenous** *growth* regulators. 058122

Saccharase activity and **extension** *growth* of the potato plant. 058513

On the relation between **extension** *growth* and successional status of deciduous trees of the northeastern United States. 058554

Levels of nutritiona complexity in Phytophthora: lipids, nitrogen sources and *growth* **factors.** 059407

Artificial rearing of pigs. 5. The effect of different proportions of beef tallow or soya-bean oil and dried skim milk in the diet on *growth,* **feed** utilization, apparent digestibility and carcass composition. 054773

Effect of aflatoxin B1 [Aspergillus flavus, Aspergillus parasiticus] on viability, *growth,* **fertility,** and crossing over in Drosophila melanogaster (Diptera). 060935

Field *growth* of fall panicum [Panicum dichotomiflorum] and witchgrass [Panicum capillare, annual weedy grasses]. 060077

The effect of growth inhibitors and promoter on the *growth,* **flowering** and fruit size of banana plants. 058426

The effect of growth inhibitors and promoter on the *growth,* **flowering** and fruit size of banana plants. 058427

Competition and periodicity of the **forest** *growth* process. 056680

Effects of urea sprays on the *growth* and **fruiting** of ber (Ziziphus mauritiana Lamk) [Jujube]. 059066

Growth and assimilate conversion of cotton bolls (Gossypiumhirsutum L.). 1. *Growth* of **fruits** and substrate demand. 058008

A chromatographic method for estimating **fungal** *growth* by glucosamine analysis of diseased tissues. 059247

Deproteinised leaf extract as a substrate for **fungal** *growth* [Pennisetum purpureum, typhoides, fodder grass]. 059327

Strong **future** *growth* seen for Thai sugar industry [Thailand]. 052821

Better *growth* and **greater** returns [Feeding swine]. 054892

The effect of atmospheric conditions on the *growth* of **Haemophilus** gallinarum in the defined medium [Poultry disease]. 055610

Hair *growth* in the domestic pig—histological aspects. 054533

Hair *growth* in the domestic pig—quantitative aspects. 054534

Effects of nutritional intervention on the *growth* and **health** of undernourished children. 053282

Effects of nutritional intervention on the *growth* and **health** of undernourished children. 053283

Growth of **heifers** of Black-Pied breed and the activity of certain endocrine glands according to the age of the mother cows. 055109

Height *growth* of planted and direct seeded loblolly pine [Pinus taeda, measurement]. 056058

Ultrastructure of Ochromonas sp. Under autotrophic and **heterotrophic** *growth* conditions. 056802

Changes affecting the macromolecular structure of the plastid of Euglena gracilis Z. [Algae] during **heterotrophic** *growth.* 057903

Effect of feeding diet containing insect [Sitophilus oryzae, Callosobruchus chinensis] infested maize and cowpea on the *growth* and **histological** changes in livers of albino rats [Contaminated food]. 053039

Some observations on the *growth* and **hormonal** conditions of sable maturing. 054462

Serum prolactin and *growth* **hormone** response to thyrotropin releasing hormone in prepubertal heifers. 054546

Effect of *growth* **hormone** on growth in immature hypophysectomized pigs. 054583

Effects of *growth* **hormone** inhibiting factor (somatostatin) on the release of growth hormone and prolactin from pituitaries of the domestic fowl in vitro. 054585

Development of pollen embryoids in anther cultures of Datura innoxia. II. Effects of *growth* **hormones.** 057696

Influence of vitamins and *growth* **hormones** on growth and sporulations of Alternaria solani (Ell. & Mart.) Jones and Grout isolated from potato leaves. 059391

A somatometric study of the *growth* of **hybrids** of common guinea fowl (Numida meleagris L., female) X cock (Gallus gallus, male) and of parental varieties. 054664

Effect of growth hormone on *growth* in **immature** hypophysectomized pigs. 054583

Improving *growth* rate in Hampshire sheep [Breeding]. 055224

Mathematical analysis of the gibberellin **induced** *growth* of Pisum sativum L. [Peas]. 058295

Plywood futures and **industry** *growth.* 056225

Trickle irrigation of shade trees growing in the nursery. I. **Influence** on *growth.* 058591

The effect of *growth* **inhibitors** and promoter on the growth, flowering and fruit size of banana plants. 058426

The effect of *growth* **inhibitors** and promoter on the growth, flowering and fruit size of banana plants. 058427

Changes in the levels of *growth* **inhibitors** and endogenous gibberellins during the vegetative rest of peach tree buds. 058477

Production [and *growth* **inhibitory** effect] of ethylene by incubated litter of Pinus radiata. 055992

Naturally occurring **insect** *growth* regulators. II. Screening of insect and plant extracts as insect juvenile hormone mimics. 060151

Effects of two **insect** *growth* disruptors, PH 6038 and PH 6040, on the winter moth, Operophtera brumata (Lepidoptera: Geometridae) [Pest of apple trees]. 060264

Food consumption by [the meal moth] Plodia interpunctella feeding on diets containing **insect** *growth* regulators [used for pest control]. 060403

Naturally occurring **insect** *growth* regulators. III. Echinolone, a highly active juvenile hormone mimic from Echinacea angustifolia roots [Tenebrio molitor]. 060409

Field trials with the **insect** *growth* regulator OMS-1697 (Altocid, methoprene) against Culex pipiens fatigans in Jakarta, Indonesia. 060506

Effects of different levels of iron sources on the *growth* of **iron** chlorosis susceptible and iron chlorosis resistant Chrysanthemum cultivars. 059855

Changes in the polyphenol oxidases of wheat during **kernel** *growth* and maturation. 058056

Studies on the **larval** *growth* of the silkworm, Bombyx mori L., reared on an artificial diet under different temperature and photoperiod conditions. VI. Effect of illumination on the moltinism and voltinism of different silkworm races. 061358

Growth of **lateral** root primordia in Vicia faba L. [Broadbeans]. 056861

An increase in mechanical extensibility during the period of **light-stimulated** *growth.* 057893

Quantitative effects of unsaturated fatty acids in microbial mutants. IV. Lipid composition of Saccharomyces cerevisiae [yeasts] when *growth* is **limited** by unsaturated fatty acid supply. 057385

Culture peculiarities of aquatic hyphomycetes [Fungi]. III. Effect of yeast extract on mycelium **linear** *growth.* 057978

Effect of **long-term** *growth* of arboreal species on the properties of leached Chernozems. 061798

Effect of acridine dyes and other substances on *growth,* **lysis** and toxicity of Anabaena flos-aquae NRC-44-1 [Algae]. 057275

A mungbean assay for **malformin-induced** *growth* stimulation. 058494

The optimal strategy for the metabolism of reserve **materialsthe** *growth* and pupation of dermestes maculatus larvae. 060953

Effect of daminozide on *growth,* **maturity,** quality and yield of sweet cherries. 058388

Studies of the coiled sprout disorder of the potato. 3. Effects of sprout length, planting depth and *growth* **media.** 059874

Aspects of *growth* and **metabolism** in a suspension culture of Acer pseudoplatanus (L.) grown on a glycerol carbon source. 058597

Effect of aminopterin on the *growth* and **metamorphosis** of Oryzaephilus mercator. Fauvel (Coleoptera: Silvanidae) larvae [Insect pests, control]. 060118

Effect of aminopterin on the *growth* and **metamorphosis** of Oryzaephilus mercator. Fauvel (Coleoptera: Silvanidae) larvae. 060673

The *growth* of **microfungi** on carbohydrates [single-cell protein]. 053581

Growth of **monocrystals** of gamma-crystallins from calf lenses. 054460

Possible participation of auxins in the *growth* and **morphogenesis** of Acetabularia mediterranea [Algae]. 057525

Effects of protease treatment on *growth,* **morphology,** adhesion, and cell surface proteins of secondary chick embryo fibroblasts. 054432

Growth and **morphology** of Streptococcus bovis and of mixed rumen bacteria in the presence of aflatoxin B1, in vitro. 054578

The effects of nitroxynil on the survival, *growth* and **morphology** of Fasciola hepatica [liverfluke] in sheep. 055751

Method for concentrating antisera for preparing **mycoplasma** *growth* inhibition discs. 055746

Studies on the action of **nerve** *growth* factor. I. Characterization of a simplified in vitro culture system for dorsal root and sympathetic ganglia [Chick embryos]. 054456

Studies on the action of **nerve** *growth* factor. III. Role of RNA and protein synthesis in the process of neurite outgrowth [Chick embryos]. 054457

Subcellular localization of **nerve** *growth* factor receptors: thirteen-day chick embryo brain. 054561

Subcellular localization of **nerve** *growth* factor receptors: developmental correlations in chick embryo brain. 054562

Re-mobilization and redistribution of reserves in the tulip bulb in relation to **new** *growth* until anthesis. 058438

Studies on **N-limited** *growth* of diatoms in dialysis culture [Skeletonema costatum, Phaeodactylum triconutum, Thalassiosira pseudonana, Algae]. 057704

Influence of nematodes [Meloidogyne, Belonalaimus lingicaudatus, Pratylenchus penetrans] and light sources on *growth* and **nodulation** of soybean. 060001

The effect of phosphorus-zinc interaction on the *growth* and **nutrient** uptake of sugarcane plant. I. Absorption and distribution of zinc and phosphorus by young cane plant. 058243

Effect of water on *growth* and **nutrient** uptake of pineapple. 058429

Influence of seed treatment with 2-chloroethylphosphonic acid, gibberellic acid, ascorbic acid, and simazine on *growth* and **nutrient** composition of pea (Pisum sativum L.) seedlings. 058504

Effect of bicarbonate-rich irrigation waters on the *growth,* **nutrient** uptake and synthesis of proteins and carbohydrates in wheat [Salinity, toxicity]. 059869

Influences of air pollution on the *growth* of **ornamental** and forest tree species-particularly with reference to SO2 [sulfur dioxide, injuries]. 059721

Stress metabolism: Water stress, *growth,* and **osmotic** adjustment [Plants]. 057819

Transplantation experiments with Polygonatum odoratom ecotypes in environment with various light intensity. II. Modifications of *growth* **parameters.** 057331

Growth **pattern** and nutritional status on selected 8 to 10 year old children of Coimbatore City. 053186

Growth **patterns** in swine. 054540

The evolution of morphological novelty exemplified in the *growth* **patterns** of some Gesneriaceae [Streptocarpus fanniniae]. 056864

Growth **peculiarities** of leaves of Typha latifolia and Sparganium polyedrum in initial stages of their development. 057341

Thermoperiodic effects on the *growth* and **photosynthesis** of wheat and other crop plants [Vegetables and cereals]. 058034

Some effects of triazines on *growth,* **photosynthesis** and translocation of photosynthate in Pinus species [Carbon isotope]. 058606

The effect of abscisic acid on *growth,* **photosynthetic** rate and carbohydrate metabolism in Lemna minor L. 057783

Effect of regulators and inhibitors of *growth* on **photosynthetic** phosphorylation in chloroplasts islated from maize leaves. 058089

Effect of naphthaleneacetic acid and ethylene on *growth* and **physiology** of habituated tobacco tissue cultures. 058175

Growth of the **pig:** changes in body weight and body fluid compartments. 054507

Use of photometric curves to determine seasonal rate of *growth* of **[Pinus,** Picea, Betula] trunk thickness and changes in water equilibrium. 058615

An improved temperature-gradient tunnel for use at low temperature [Screening of **plant** *growth* responses]. 057242

Growing degree day systems for Idaho [Thermal indices, relationship of expected **plant** *growth* to environmental air temperature]. 057346

Plant *growth* curves in mixtures [of Stylosanthes humilis and Digitaria ciliaris] and climatological response. 058000

Influence of **plant** *growth* substances on the fruit number and seed yield of cucumber. 058370

Calcium levels of 'Golden Delicious' apples as influenced by calcium sprays, 2,3,5-triiodobenzoic acid, and other **plant** *growth* regulator sprays. 058386

Endogenous **plant** *growth* regulator levels in tomato fruits during development. 058409

First-aid for **plant** *growth* problems. 059703

Quantitative structure-action relationships in the area of **plant** *growth* regulators [Herbicides]. 059980

A quick method of recording **plant** *growth* stages [of crops and weeds]. 060051

Laboratory evaluation of two **plant** *growth* regulators as antifeedants against the American bollworm (Heliothis armigera (Hbn.). 060244
Plant *growth* responses to vesicular-arbuscular mycorrhiza. IX. Interactions between VA mycorrhiza, rock phosphate and symbiotic nitrogen fixation [Rhizobium, clover, Stylosanthes and Centrosema]. 061766
Air pollution and **plant** *growth*. 062532
Growth **plate** defects in dogs. 055883
Effect of change in the rate of *growth* **processes** and yield of plants when treated with chlorocholine chloride on the nucleic acid content in tomato leaves. 058442
Effect of adding potassium iodide feed supplement on *growth* and **productivity** of sheep. 054984
Effects of selected rootstocks on *growth* and **productivity** of two cultivars of Prunus domestica [plums]. 058950
Effect of amino acids on *growth* and **protein** content of saltstressed barley seedlings. 058181
Uptake and effect of abscisic acid during induction and progress of **radicle** *growth* in seeds of Chenopodium album. 057848
Report on a trial with *growth-promoter* **"Ralgro"** [Feed additives]. 054884
Effect of inflating land values on **ranch** *growth* comparing extensive expansion and irrigation development investments. 052540
The correlation between the content of abscisic acid in Siberian fir (Abies sibirica) and its *growth* **rate**. 058571
Growth **rates** of tomato seedlings and seasonal radiation. 058434
Nitrogen fertilization of grassland. 9. Influence of lengthof time in the field on *growth* in **regard** to postponement of nitrogen fertilization and covering of the stubble. 062061
Occurrence of *growth* **regulating** substances in normal slaughter animals in Norway in 1973/1974 [Residues in food]. 053031
Growth **regulation** in chimaeras between large and small mice. 055177
Effect of picloram *[growth* **regulator]** on organogenesis in detached leaves of Echeveria elegans Bgr. 057984
On the cultivation and *growth* **regulators** of some multicellular red and brown algae [Furcellaria fastigiata, Fucus vesiculosus]. 057920
Interaction of *growth* **regulators** during formation of the organs in stem cuttings of black currant and cherry. 058360
Formation of adventitious buds in decapitated citrus seedlings and the effect of some *growth* **regulators.** 058404
Effects of various *growth* **regulators** on the embryogenesis in a carrot cell suspension culture. 058501
Growth **regulators** for commercial apple growers. 058511
Effect of some *growth* **regulators** on the infectivity and multiplication of cucumber mosaic virus. 059686
Novel nonterpenoid insect [pests] *growth* **regulators.** 060142
Adventitious root initiation and *growth* in **relation** to oxygen supply in germinating rice seedlings. 058134
Cytokinins in Picea sitchensis Carriere: identification and **relation** to *growth*. 058548
Study of *growth* and **reproduction** of yeast-like fungi Candiaand Staphylococci when cultivated in vitro and in vivo in association. 057756
Development, *growth,* **reproduction,** and survival of apterous virginoparae of Aphis fabae [the black bean aphid] at different temperatures. 060277
Reproductive *growth* in normal, allatectomized, median-neurosecretory-cell-cauterized, and ovariectomized females of Melanoplus sanguinipes. 060740
Growth **requirements** of San Francisco sour dough yeasts [Saccharomyces uvarum, Saccharomyces inusitatus, Saccharomyces exiguus] and bakers' yeast [Saccharomyces cerevisiae]. 057248
Effect of some fungicides on *growth,* **respiration** and enzyme activity of Fusarium solani f. sp. pisi [Root rot and wilt disease of garden pea]. 059489
Model test for selection for endurance in relation to *growth*. II. Selection **results** to the tenth selection generaton [Mice]. 055267
Effects of some *growth* **retardants** and gibberellic acid on the cold hardiness of alfalfa (Medicago sativa). 058052
Induction of dormancy in container-grown western hemlock [Tsuga heterophylla]: effects of *growth* **retardants** and inhibitors. 058613
Influence of the inoculum on the initiation and *growth* of **rhizomorphs** in Sphaerostilbe repens B. et Br. 057883
Root *growth* of wheat. I. Early patterns of multiplication and extension of wheat roots including effects of levels of nitrogen, phosphorus and potassium. 058015
Rice **root** *growth* in relation to size, quantity, and rigidity of pores [of sands]. 058207
Influence of Pratylenchus vulnus and Meloidogyne hapla on the *growth* of **rootstocks** of rose [Nematodes]. 059803
Effect of some aldoses on *growth* of **Saccharomyces** cerevisiae [yeasts] inhibited with molybdenum. 057598
Motivation equals a function of *growth* plus **safety** [Nutrition education]. 053220
The influence of aspect on the pattern of **seasonal** *growth* in the lichen Parmelia glabratula ssp. fuliginosa (Fr. ex Duby) Laund. 057784
Effects of 6-benzylamino purine and gibberellin A4/7 on **seedling** *growth* of Lycopersicon esculentum Mill. [Tomatoes]. 058389
Combined effects of abscisic acid and sucrose on *growth* and **senescence** of rose flowers. 058458
Physiological changes of carrot cells in suspension culture during *growth* and **senescence.** 058464
Photosynthesis, respiration and *growth* in the **shade** alga Hydrodictyon africanum. 057832
The influence of hydrocarbon and glucose medium on the fungi strains Absidia coerulea (p 23) and Penicillium spec. (M 49). I. A comparison of *growth* in **shake** and standing culture. 057994
Patterns of **shoot** *growth,* growth cessation and bud set in a nursery test of Sitka spruce [Picea sitchensis] provenances. 056130
Effects of rootstock on the bearing **shoot** *growth* of kaki persimmon trees (Diospyros kaki L. var. Hiratanenashi). 059176
Effect of the levels of applied nitrogen on the *growth* and **sodium** tolerance of crops. 061949
Climatic change as it affects **soybean** *growth* and development. 058144
Microcycle conidiation in Penicillium urticae [Fungi]: an ultrastructural investigation of spherical **spore** *growth.* 056818
Influence of vitamins and growth hormones on *growth* and **sporulations** of Alternaria solani (Ell. & Mart.) Jones and Grout isolated from potato leaves. 059391
Effect of GMV [groundnut mosaic virus] on groundnuts at different *growth* **stages.** 059613
Investigation into the spectral signature of agricultural crops during their **state** of *growth.* 057620
Evaluation of a zinc-methionine complex as a *growth* **stimulant** for swine. 054950
Influences of temperature on *growth* of **Streptococcus** cremoris and Streptococcus lactis [Dairy products, fermentation]. 053736
Strong *growth* of the Spanish market for United States agricultural products. 052593
Growth and **structural** development of red oak [Quercus rubra] sprout clumps. 058579
Pairwise differences and *growth* **studies** [Animal nutrition]. 054873
Effects of [the *growth* **substance]** Camposan on the development and efficiency of winter rye. 058254
New synthesizers of *growth* **substances** for plants [Mycorrhyzal root fungi]. 057530
Studies on in vitro culture of excised buds in mulberry [Morus] tree. II. Effects of *growth* **substances** on the development of shoots from axillary bud. 057791
Experiences gained over several years in using morphoregulators *[growth* **substances]** for winter wheat [varieties]. 058255
Stimulation of rhizogenesis in young maritime pines [Pinus pinaster] by different *growth* **substances.** 058558
Brazilian prospects for rubber tree [Hevea brasiliensis] culture [Polyploids, *growth* **substances].** 059211
Conformational analogs of some phytoactive compounds [Effects on **sunflower** *growth].* 058172
Effect of irrigation and fertilization on **sunflower** *growth,* development and yield. 062297
Effect of temperature on *growth* and **survival** of high- and low-elevation isolates of Phellinus (Poria) weirii [Root disease of western conifers]. 059362
Growth and **symbiotic** effectiveness of indigenous Rhizobium species of a saline-alkali soil [Legumes]. 058229
Studies of the mechanism by which [the **synthetic** *growth* retardant] daminozide (B9) inhibits stomatal opening [Commelina communis, Xanthium strumarium]. 057701
Influence of *growth* **temperature** on glucose metabolism of a psychrotrophic strain of Bacillus cereus [isolated from refrigerated raw milk or frozen foods]. 053476
Are tractors or skylines beter for **thinning** *young-growth* Douglas fir? 1 [Pseudotsuga menziesii]. 061631
Influence of temperature on the *growth* of **three** cultivars of alfalfa (Medicago sativa L.). 058139
Growth and **tillering** of sand bluestem [Andropogon hallii] as affected by exogenous growth regulators. 058122
Endogenous gibberellins and *growth* of **tobacco** callus cultures. 058158
Studies on production of vegetable crops in hydroponics. XI. Effects of nutrient solution temperature on *growth* of **tomato** seedlings. 058519
Effect of the apple-tree proliferation [probably due to Mycoplasma infection] on the *growth* of **trees,** their fecundity and quality of fruits. 059653
Greater ability of pollen **tube** *growth* in ryc plants with 2Bchromosomes. 057173
Clipping affects flowering of California-poppy [Eschscholzia californica] at **two** *growth* stages [Browse damage]. 059201
Activity of some blood serum enzymes of purebred and crossbred lambs with **varied** *growth* intensities. 054463
The influence of defoliation on **vegetation** *growth* in swards of three strains of subterranean clover. 058017
Development during **vegetative** *growth* in the apical region of the shoot of Lupinus albus [Lupine]. 058006
Salt tolerance in ten varieties of pea (Pisum sativum L.) in relation to germination, **vegetative** *growth* and yield. 058368
Effects of the commercial polychlorinated biphenyl mixture Aroclor 1242 on *growth,* **viability,** phosphate uptake, respiration and oxygen evolution in Scenedesmus [Algae]. 059849
Effects of plant lectins on **virus** *growth* in nonlymphoid cells [Chick embryos]. 055789
Maize (Zea mays L.) and **weed** *growth,* as affected by levels of straw mulching with and without herbicide under conventonal and minimum tillage. 059990
Growth and **wood** performance of some European-American Populus clones on riverside soils and dry sites beyond rivers in Bulgaria. 056108
Study of the effect of stand density on the *growth* and **wood** performance of poplar stands. 056111
Degradation of total cell protein at different stages of Saccharomyces cerevisiae **yeast** *growth.* 057571
Correlations among various indices of *growth* and **yield** of soybean at different stages under various ecological conditions. 058102
Effect of light and temperature conditions of potato tubers during sprouting on *growth,* **yield** and hormonal activity of plants [Preplanting treatment]. 058351
Effect of levels of nitrogen and irrigation on *growth* and **yield** of summer forages. 058799
Effect of different rootstocks on the tristeza incidence, *growth* and **yield** in Sathgudi [Virus disease of citrus]. 059665
Effect of seedbed preparation and weed control on the *growth* and **yield** of maize. 060114
Effect of levels of phosphorus and molybdenum on *growth,* **yield** and quality of berseem (Trifolium alexandrinum Juslen). 061969
Chemical forms of calcium in relation to the *growth* of **young** plants of maize. 058214
Influence of various nutritive conditions on the *growth* of **young** root tips of Pinus pinaster Sol. cultured in vitro. 058557

GRUBS

White *grub* is becoming a serious pest of groundnut. 060236
Projected red pine [Pinus resinosa] yields from aldrin-treated and untreated stands damaged by **white** *grubs* [Phyllophaga] and other agents. 060361

GRUYERE *see* CHEESES

GRYLLOTALPA

H3 [hydrogen isotope]-uridine autoradiographic study of spermatogenesis in the mole cricket, *Gryllotalpa* **fossor** Scudder. 060986

GRYLLOTALPIDAE

Sound production in mole crickets [Scapteriscus acletus, Scapteriscus vicinus] (Orthoptera: *Gryllotalpidae:* **Scapteriscus).** 060660

GRYLLUS

Life cycle and larval evolution in a cricket from Algeria [Gryllus campestris, *Gryllus* **bimaculatus].** 060720
Seasonal abundance, sex ratio, and macroptery of field crickets [Gryllus rubens, *Gryllus* **firmus,** Gryllus ovisopis] in northern Florida. 060658
Biosynthesis of 2-methylalkanes in the crickets Nemobius fasciatus and *Gryllus* **pennsylvanicus.** 060694
Seasonal abundance, sex ratio, and macroptery of field crickets *[Gryllus* **rubens,** Gryllus firmus, Gryllus ovisopis] in northern Florida. 060658

GUANETHIDINE

The effect of *guanethidine* **sulphate** on the reproduction of rats. 055017

GUANIDINES

The influence of urea and *guanidine* **chloride** on the binding of the bacterial substrate and inhibitors to hen lysozyme at physiological temperature (40 degrees). 054381
Detection and substitution-pattern **determination** of *guanidines.* 057561

GUANOSINE

Cyclic *guanosine* 3',5'-monophosphate in the dimorphic fungus Mucor racemosus. 057643
Comparison of mode of activation of *guanosine* **3':5'-monophosphate-dependent** and adenosine 3':5'-monophosphate-dependent protein kinases from silkworm [Bombyx mori]. 061326

GUAR

Microorganisms in gums. V. Degradation of the **galactomannans** *guar* gum and locust bean gum by different bacilli. 053519
Better use of *guar* **meal** and rice bran by poultry. 054821

GUAVAS

Insect-pest records on *guava* **[Argyoploce** aprobola]. 060279
Studies on storage diseases of fruits and vegetables. IV. Control of *guava* **fruit** rot cuased by Pestalotia psidii and Colletotrichum gloeosporioides with aretan. 059289
An archaeological find in the Philippines: a fruit of the genus **Psidium** *(guava).* 056567
Effect of season on the growth and chemical composition of *guava* **(Psidium** guajava L.) fruits. 058408
Crop regulation in Banarasi Surkha, a *guava* **(Psidium** Guajava L.) cultivar [Varieties]. 059005

GUM
Microorganisms in gums. V. Degradation of the galactomannans guar gum and locust **bean** *gum* by different bacilli. 053519
Partial structural studies of four Acacia [species] *gum* **exudates** of the series Phyllodineae. 057868
Microorganisms in gums. V. Degradation of the galactomannans **guar** *gum* and locust bean gum by different bacilli. 053519
Use of *gum* **tragacanth** overlay, applied at room temperature, in the plaque assay of fish and other animal viruses. 055607

GUTTIFERAE
Chemical investigation of Ceylonese plants. XV. Extractives of Kayea stylosa **Thw.** *(Guttiferae).* 057664
Chemical investigation of Ceylonese plants. XVI. Extractives of Calophyllum cordato-oblongum **Thw.** *(Guttiferae).* 058593
Chemical investigation of ceylonese plants. XVII. Isolation and structures of the xanthones in the extractives of Mesua ferrea L. (Form Mesua salicina Pl. and **Tr.**) *(Guttiferae).* 058594

GYMNODINIUM
An unusual dinophycean nucleus *[Gymnodinium,* **algae].** 056868

GYNANDROMORPHISM
A *gynandromorph* of **Aedes** vexans. 060965
A *gynandromorphic* **example** of the species Psenulus schencki (Tourn.) (Hymenoptera, Sphecoidea). 061099
Gynandromorph fate **map** of the wing-disk compartments in Drosophila melanogaster. 061044

GYPSUM
The lichens of the *gypsum* **hills** on the Lower Nida river (Miechow-Sandomierz District). 056517
Features of accumulation processes of sulphates and calcium carbonates in profiles of sandy irrigated **meadow** *gypsum-bearing* soils. 061660
Oligosaccharides from *Gypsophila* **patrinii.** 057459
Triterpene glycosides of *Gypsophila* **patrinii.** II. The structure of philoside A. 057485
Triterpene glycosides of *Gypsophila* **patrinii.** III. The structure of philoside B. 057486

GYROMITRA
On two species of false morels (Gyromitra [gigas, *Gyromitra* **fastigiata**]) in Utah. 056537

HABITATS
An oil spill in an **alpine** *habitat* [Effects of pollution on plants, Washington]. 059840
Curculionidae and Chrysomelidae found in **aquatic** *habitats* in Wisconsin. 061180
Soil microflora of the rhizosphere of plants from several *habitats* in the **Botanical** Garden in Poznan. 061635
Variation in the Azotobacter [soil bacteria] population from several *habitats* in the **Botanical** Garden in Poznan. 061636
Vegetation-habitat **changes** caused by damming a peatland drainageway in northern Ontario. 056679
Phenological behavior of habit and *habitat* **clases** on Barro Colorado Island (Panama Canal Zone). 057326
The epidemiology of Fasciola hepatica infections in sheep on a Lymnaea **columella** *habitat* in the Manawatu. 055684
Influence of the *habitat* on the **development** of microorganisms depositing manganese [Gleyzation of soil]. 061802
Ecotype differences in leaf surface properties of Agrostis stolonifera from salt marsh, spray zone and **inland** *habitats.* 056725
The genetic composition of Philaenus spumarius populations in **island** *habitats* variably affected by voles. 060785
Habitats and **populations** of the ant Stenamma diecki Emery in southern Michigan. 060835
A study of *habitat* **water** regime of inundated meadows near Osijek [Plant ecology]. 056659
Wildlife *habitat* management at the Dixon Springs Agricultural Center. 062394

HABITS
Consumer attitudes, knowledge and **buying** *habits* relative to beef: an Arizona case study. 053058
Studies on the nutrition and growth of Drosera species withreference to the **carnivorous** *habit.* 057782
Biology and immature stages of eight species of Lauxaniidae(Diptera). II. Descriptions of immature stages and discussion of larval **feeding** *habits* and morphology. 060995
Changing **food** *habits* in developing countries. 053140
Changing **food** *habits* in developing countries. 053141
Folklore and **food** *habits.* 053200
Food *habits* of moose, Alces alces, in Alaska: A preliminary study using rumen contents analysis [Forest wildlife mangement]. 054780
Deposition of Erysiphe graminis f. Sp. Hordei conidia on barley varieties of differing **growth** *habit.* 059400
Phenological behavior of *habit* and **habitat** clases on Barro Colorado Island (Panama Canal Zone). 057326
Preliminary observations on the inheritance of **non-shattering** *habit* in wild rice. 056966
Screening for risks of cardiovascular disease in [Viennese]children. A preliminary report **[Nutritional** *habits].* 053119
'Rosette *habit'*—an induced physiological mutation in ragi or finger-millet (Eleusine coracana, Gaertn.). 056978

HABRONEMA
Those 'infernal' internal parasites *[Habronema,* **Trichostrongylus** axei, Gastrophilus intestinalis, Parascaris equorum, horses]. 055522

HADENA
Riddles around the pollination of Melandrium album (Mill.) Garcke (Caryophyllaceae) during the oviposition by *Hadena* **bicruris** Hufn. (Noctuidae, Lepidoptera). I. 061002

HAEMATOPINUS
Efficacy of ronnell as a pour-on and coumaphos as a dust for control of cattle lice [Bovicola bovis, Linognathus vituli, *Haematopinus* **eurysternus].** 060426

HAIR
Connexions between *hair-plate* **afferents** and motoneurones in the cockroach [Periplaneta americana] leg. 060901
The stimulus transmitting apparatus in the *trichobothria* of the **bugs** Pyrrhocoris apterus L. and Dysdercus intermedius (Dist.) and its influence on the dynamic of excitation in these sensilla. 060802
Study on the hair cover of cattle in Bulgaria. V. Mineral composition of the hair cover as affected by acclimatization process, season and *hair* **colour.** 054759
Hair **density** in Karakul lambs as a function of fecundity. 055191
Kinetics of the *hair* **follicle** cell population in the sheep. 054722
Hair **growth** in the domestic pig—histological aspects. 054533
Hair **growth** in the domestic pig—quantitative aspects. 054534
The housefly [Musca domestica] **interfacetal** *hair.* Ultrastructure of a presumed mechanoreceptor. 060746
Association of **plant** *hairs* and insect resistance; an annotated bibliography. 060152
A study of skin diseases in dogs and cats. I. Histology of the *hairy* **skin** of dogs and cats. 055864
Characteristic field symptoms comprising honeybee [Apis mellifera] *hairless-black* **syndrome** induced in the laboratory bya virus. 061332
Properties of the **trochanteral** *hair* plate and its function in the control of walking in the cockroach [Periplaneta americana]. 060904

HAKEA
Shoot and foliage production of five shrub species of Acacia and *Hakea* in a **dry** sclerophyll forest. 057972

HALESIA
On the identity of *Halesia* **carolina** L. (Styracaceae). 056634

HALICTIDAE
Lasioglossum discum (Smith)—a west palaearctic rather thana nearctic species **(Hymenoptera:** *Halictidae).* 061190
Mating behavior in halictine bees (Hymenoptera: *Halictidae).* I. **Patrolling** and age-specific behavior in males. 060943

HALIDES
Studies on *halide* **exchange** in cyanuric acid chloride [Herbicides]. 059982

HALOGENS
Halogenated **monoterpene** derivatives from Desmia (Chondrococcus) japonicus [Algae]. 057925

HALOPHYTES
The influence of salinity, inundation and temperature on the germination of some halophytes and *non-halophytes* [from a **Dutch** salt marsh]. 057794
Influence of high concentrations of sodium chloride on the production of cytokinins during germination of a *halophyte:* **Suaeda** maritima (L.) Dum. var. macrocarpa Moq. 057370
Salt tolerance in the *halophyte* **Suaeda** maritima: some properties of malate dehydrogenase. 057818
Electrophoretical analysis of glutamate dehydrogenase activity in **two** *halophytes:* Suaeda maritima macrocarpa and Suaeda maritima var. flexilis. Effect of sodium chloride. 057367

HALOTHANE
Measuring value of **blood** *halothane* concentration, blood gas and pH [hydrogen-ion concentration] in anesthetized horses. 055297
Effect of xenon, nitrous oxide and *halothane* on **membrane-bound** siallidase from calf brain. 054488

HAM
Collagen and quality of **Paris** *ham.* 053806

HAMSTERS
Norepinephrine turnover in heart and spleen of 7-, 22-, and 34 degrees C **[Celsius]-acclimated** *hamsters.* 054286
Sequence of centromere separation of mitotic chromosomes in **Chinese** *hamster.* 054438
Organisation of the genes coding for 5S RNA in the **Chinese** *hamster.* 055180
Characteristics of somatic cell hybrids (mouse X **Chinese** *hamster)* with different ratios of the sets of chromosomes of the parental species. II. Thymidine kinase activity. 055231
Mutagenesis under the influence of simian vacuolizing virus 40 (SV 40). I. Induction of chromosome aberrations in **Chinese** *hamster* cells in the first days after infection. 055765
Growth characteristics of intact and hypophysectomized **female** *hamsters.* The effect of bovine growth hormone on hypophysectomized hamsters. 054505
Functional development of the adrenal gland in the **golden** *hamster.* Electron microscopical and histochemical investigation on the adrenal cortex. 054736
Growth characteristics of intact and hypophysectomized female hamsters. The effect of bovine growth hormone on **hypophysectomized** *hamsters.* 054505
Dose-response study of the carcinogenicity of dietary sodium nitrite and morpholine in **rats** and *hamsters.* 053165
Effect of large daily doses of ascorbic acid on pregnancy in guinea pigs, **rats,** and *hamsters.* 055940
X-ray-induced mutants resistant to 8-azaguanine. II. Cell cycle dose **response** *[Hamsters].* 055176
Effect of ethyl acetate on transport of sodium and glucose in the *hamster* **small** intestine in vitro. 054369
X-ray-induced mutants resistant to 8-azaguanine. I. Effects of cell density and expression **time** *[Hamsters].* 055175
On the ultrastructure of tumours induced with bovine adenovirus **type** 3 in *hamsters.* 055477

HAND
Vitamin C in tomatoes: comparison of tomatoes developed formechanical or *hand* **harvesting.** 053153
Development of *hand* **spray** equipment for applying fungicides to control Cercospora [arachidicola] disease of groundnuts in Malawi. 061533

HANDBOOKS
Nut **growers** *handbook.* 059162
How to use the "Occupational **Outlook** *Handbook".* 053458
Handbook of **pea** diseases. 059689
1976 fruit **pesticide** *handbook.* 059759

HAPLOIDS
The fermentative formation of CDP [cytidine 5'-diphosphate]-choline by *haploid* **cells** of yeasts and the change of the temperature-sensitivity of a mutant of a yeast, Saccharomyces rouxii. 057237
Nucleic acids in *haploid* and **diploid** cells of Protomyces inundatus [Fungi]. 057799
Apogamic induction of *haploid* **plasmodia** in a myxomycete, Didymium iridis [Fungi]. 057515
The genetics of *haploid-diploid* **populations** [of yeast, Saccharomyces cerevisiae] with vegetative and sexual reproduction. 057021
Producing *haploids* and homozygous forms of Nicotiana tabacum [tobacco] hybrids by tissue culture. 056982

HAPLOPHYLLUM
Anhydroperforine from the seeds of *Haplophyllum* **perforatum.** 057418
Glycoperine—a new alkaloid from *Haplophyllum* **perforatum.** 057449
7-isopentenyloxy-gamma-fagarine from *Haplophyllum* **perforatum.** 057488
Haplofidine—a new alkaloid from *Haplophyllum* **perforatun.** 057450

HAPTOGLOBIN
Characterization of tryptic peptides from **porcine** *haptoglobin* light chain and an amino acid sequence. 054422

HARDBOARD
Studies on the fire retardant of *hardboard* by **surface** impregnation of water soluble chemicals formed into a mat. 056143

HARDENING
Water in mitochondria of winter wheat tillering nodes during **autumn** *hardening.* 058084
Cement-silicate grouts for the cementing and **chemical** *hardening* of rocks and soils. 062116
Influence of photo- and thermoperiod on the initial stages of **frost** *hardening* and dehardening of phytotron-grown seedlings of Scots pine (Pinus silvestris L.) and Norway spruce (Picea abies (L.) Karst.) [Cold injuries]. 059897
Hardening of **isolated** callus tissue of [fruit] trees with different frost resistance. 058359
The mechanism of chill- and *drought-hardening* of **Phaseolus** vulgaris leaves [Kidney beans]. 058440
After-effect of the temperature in the process of *hardening* **winter** wheat on the photoassimilation of 14CO2 [carbon dioxide isotope] by isolated chloroplasts. 058038

HARDINESS
Effect of pruning and partial disbudding on the cropping of Comice and **Beurre** *Hardy* pears. 059065
Effects of some growth retardants and gibberellic acid on the **cold** *hardiness* of alfalfa (Medicago sativa). 058052
Cold *hardiness* of flower buds from selected highbush blueberry cultivars (Vaccinium australe Small). 058387
Cultural practices affect **cold** *hardiness* and peach tree short life. 059060
Breeding of the potato for **frost** *hardiness.* 057083
Water in plant tissues and **frost** *hardiness.* 057619
Biochemical peculiarities of the rootstock influence on graft in connection with **winter** *hardiness* of apple trees [Varieties]. 058532

HARDNESS
About the *hardness* of **alfalfa** seeds. 058257
Lipolysis in *hard* **cheese** made from pasteurized milk. 053698
Utilization of extracts of Cynara cardunculus L. As a coagulating agent in the manufacture of soft and *hard* **cheeses.** 053751
Making *hard* **choices** between cost-benefit streams of health and nutrition programs. 052881
Effect of arid wind on microsporogenesis of **drought** *hardened* Phaseolus [Beans]. 059764
How to cure the *hard-to-mount* **horse.** 054150
Alpha-amylase from **immature** *hard* red spring wheat. I. Purification and some chemical and physical properties. 053895
Food **rationing**—*hard* fact of life in Bangladesh [Programs]. 052819
Evaluation of two infrared instruments for determining protein content of *hard* **red** winter wheat. 053900

HARDWOODS
Acid or **alkali-treated** *hardwood* sawdust as a feed for cattle. 054831
Chromosomal evolution in **commercial** *hardwoods.* 057110
Grapevine control in young **even-aged** *hardwood* stands. 060024
Lignins of *hardwoods* **growing** on southern pine sites. 056273
Nicaraguan *[hardwood* **logs]** plant aims at quality. 056303
Building a small-log mill for **pine** and *hardwood.* 056199

HARES *see* RABBITS

HARMALA
Investigation of the alkaloids of Bieberstеinia multifida and **Peganum** *harmala* from Karakalpakia. 057453
Reduction of some alkaloids from **Peganum** *harmala* with sodium tetrahydroborate. 057465
Synthesis of deoxypeganine and its derivatives **[Peganum** *harmala].* 057481

HARROWING
Heavy cover crops or **disc** *harrows.* 061529

HARVEST
Optimum periods for *harvesting* and **after-ripening** of cucumber seed plants. 059102
Influence of some field conditions on the occurrence of aflatoxins in cottonseeds at *harvest* **[Aspergillus** flavus boll rot]. 059246
Effect of different treatments on the feeding value of **barley** *harvested* at two stages of ripeness [Chicken diets]. 054761
Alterations in the ultrasturcture of Chlamydia psittaci **6BC** *harvested* from the allantoic fluid of chick embryos. 055479
World cocoa **bean** *harvest* seen slightly larger than 1974/75's [Production statistics]. 052617
Cost of a six-row **beet** *harvesting* system [Equipment]. 061557
Experiences with the **beet** *harvest,* 1974 [Harvesting machines]. 061561
Harvesting **beets,** 1975 [Equipment]. 061427
Preservation of *combine-harvested* **cabbage.** 054025
Recommendations for the control of *pre-harvest* **citrus** disease. III. [Fungicides]. 059269
Experiment in the **combine** *harvesting* of tomatoes on the DonRiver. 059088
Mechanized cultivation and *harvesting* of the **common** onion. 061545
Ginning performance of southeastern **cotton** *harvested* by finger strippers. 053875
The *harvesting* **decision** when a standing forest has value. 056081
Post-harvest **disorder** control [Fruit]. 059757
Determination of biological maturity and effect of *harvesting* and **drying** conditions on milling quality of paddy [rice]. 058784
The ingress of regeneration **following** *harvest* and scarification of lodgepole pine stands [Pinus contorta]. 056096
An impression of the 1975 **French** *harvesting* demonstration, six-row machines dominate. 061480
Clarification of heated red **grape** *harvest* wines by bentonite. 053977
Nutritive value in **grasses** *harvested* at different cutting schedules. 054891
Vitamin C in tomatoes: comparison of tomatoes developed formechanical or **hand** *harvesting.* 053153
Recent development in California **hay** *harvesting* costs. 052548
What are the prerequisites for drying two **hay** *harvests* per year? 053939
Thoughts on ten years of **hay** *harvesting.* 058806
Honey *harvesting.* 061379
Large-scale production technology in **legume** *harvesting* and preparation for the 6th Five-Year Plan. 058886
Light *harvesting* pigment protein complex requirement [in tobacco] for spill-over changes induced by cations. 057908
Conditions of **machine** *harvesting* of tomatoes in Kuban. 059085
Crimean vegetable farmers for **machine** *harvesting* of tomatoes. 059086
Experiences with the beet harvest, 1974 *[Harvesting* **machines].** 061561
[Mechanical] injury of seeds of oil crops in the handling devices of *harvesting* **machines** and its elimination. 061625
Ethephon as a **mechanical** *harvesting* aid for highbush blueberries (Vaccinium australe Small). 059061
Packing and shipping **mechanically** *harvested* lettuce. 052685
Bean trials now **mechanically** *harvested.* 058931
Requirements for cultivating tomato varieties suitable for **mechanized** *harvesting.* 059107
Development of **mechanized** *harvesting* of hops. 061487
A **new** *post-harvest* disease [Alternaria solani]. 059280
Harvesting times of **orchid** seed capsules for the green pod culture process. 058924
Comparative study of the *post-harvest* **physiological** changes occurring in pungent and non-pungent betel leaves during normal storage. 054056
Technology of *harvesting* and **postharvest** treatment of potatoes. 059110
The AMAK-D-2 **potato** *harvesting* machine. 061547
Nitrogen fertilization of potatoes. 4. The effect of over-fertilizing in June on the *harvest* of **potatoes** for processing. 062062
Pest control **problems** *(pre-harvest)* causing major losses in world food supplies. 059864
1975 *harvests.* **Quality** of wheats, repercussion on the utilization of flours. 053968
Hints for the **rational** *harvesting* of high-quality fodder straw. 058710
Machine for *harvesting* of **root** crops. 059095
[Potato] digger for *harvesting* of **selected** parcels. 061549
Some investigations on the working process at **simultaneous** *harvest* of sunflower flower heads and stems by combine SK-4. 061596
Measures for the reduction of welting losses of green forage plants [during *harvesting* and **storage].** 058711
Good performance and economic **[Sugarbeet** *harvesting* equipment]. 061567
Season performance upto 200 acres **[Sugarbeet** *harvesting* equipment]. 061569
Under difficult conditions. Experiences from the 1974 **sugarbeet** *harvest* [Equipment]. 061570
Cooperation of contractors and growers in *harvesting* **sugarbeets.** II. 052394
Standard indices for determining numbers of machines necessary for the production and *harvesting* of **sugarbeets,** potatoes and flax. 052856
Current situation of *harvesting* **techniques** [Sugarbeets, equipment]. 061600
Development of the **timber** *harvest* in eastern Canada. 056240
Seeding time, *harvesting* **time,** and fertilizing—What is thesignificance of the latter factor in potato quality? 062008
Trends in research on mechanization of **tobacco** *harvesting.* 061601
Mechanized processing chain for *harvesting* the **tobacco** leaf [Equipment]. 061602
Organization of work of the **tomato** *harvesting* combine. 052382
Portugal, Israel, and France had large **tomato** *harvests* [Production]. 052634
Study of the penetration and persistance of benomyl and carbendazime [fungicides] in apples **treated** after *harvest.* 059383
Fruit **tree** *harvest.* 059024
Mechanized **vegetable** *harvesting.* 059098
Some measures of reducing leaching loss of nitrates beyond potential rooting zone [of soils]. I. Proper coordination of nitrogen splitting with water management [after *harvest* of **wheat].** 061783
1975 **wine** *harvests* in designated regions. Their characteristics and development of markets. 054054
Rutabagas this year?—machinery, methods, costs in the cultivation of root crops. 2. *Harvesting* **work.** 059139
Survey of [field] crop **yields** *harvested* in mountain districts as compared with the lowland in eastern Norway. 058859

HARVESTERS
Recruitment behavior, home range orientation and territoriality in *harvester* **ants,** Pogonomyrmex. 060690
Design of an **automatic** *harvester* for quality apples. 061560
The true cost of operating a sugar **beet** *harvester.* 052530
Koehring training programs upgrade [timber] *harvester* **mechanics.** 056258
Factors affecting selectivity in the air-suspension, stem-vibration **strawberry** *harvester* concept. 061614
The true cost of operating a **sugarbeet** *harvester* [Equipment]. 061593

HATCHING
Artificial *hatching* [Duck eggs]. 055243
Incubators [for chicken **egg** *hatching].* 061604
Hatchability, **embryonic** mortality, malpositions and malformations of chicken eggs as affected by pre-incubation temperature & method of storage. 055838
The influence of the *hatching* **factor** on the water uptake of the second stage larva of the potato cyst nematode Heterodera rostochiensis. 059793
Fertility and *hatchability* in **fowls.** 055019
Improved methods of *hatching* **Heterodera** schachtii larvae for screening chemicals [Sugarbeets, nematodes]. 059802
Induction of microsomal stearyl coenzyme A desaturase in **newly** *hatched* chicks. 054324
Viability and *hatching* **pattern** of eggs of the western corn rootworm [Diabrotica virgifera] exposed to chill periods of different durations. 060193
Influence of yolk index on *hatching* **qualities** of eggs of the White Leghorn hen lines 5-A and 6-E. 055272

HAULING
Tractor [tire] chains on **forest** *hauling* [vehicles]. 056196

HAULM
Haulm **dessication** to control the Colorado potato beetle [Leptinotarsa decemlineata] and potato diseases [Phytophthora]. 059815

HAUSTORIUM
Morphology of *haustoria* in **Rhinanthoideae** (Scrophalariaceae). 056786

HAWKMOTHS
Nectar composition of *hawkmoth-visited* **species** of Oenothera(Onagraceae). 056521

HAY
Hay **accumulation** and feeding observations. 054074
High **alfalfa** *hay* prices—What can a dairyman do about them? 052598
A comparison of corn silage and **alfalfa** *hay* (mixed) for wintering ewes. 054943
Recent development in **California** *hay* harvesting costs. 052548
A meteorological model relating to the release of Graminae pollen in the London area [Allergen **causing** *hay* fever]. 056745
Formulation of *hay-grain* **diets** for ruminants. I. Evaluation of multiple regression equations for prediction of bermudagrass [Cynodon dactylon] hay quality from laboratory analyses. 054847
Formulation of *hay-grain* **diets** for ruminants. II. Depression in voluntary intake of different quality forages by limited grain in sheep. 054848
Alternative [alfalfa] *hay* **forage** systems [Costs]. 052515
Hay **gathering** in England. 058803
Investigation into various proportions of fodder concentrate and *hay* on the **growth** in early weaned calves. 054927
Thoughts on ten years of *hay* **harvesting.** 058806
Comparison of alfalfa-orchardgrass [Dactylis] mixture with orchardgrass as *hay* for **lactating** dairy cattle. 054778
Hay and **pasture** for horses. 058704
Formulation of hay-grain diets for ruminants. I. Evaluation of multiple regression equations for prediction of bermudagrass [Cynodon dactylon] *hay* **quality** from laboratory analyses. 054847
Bale *[hay* and **straw]** handling methods, 1972, 1973 and 1974. 054077
Value of dried poultry manure and urea as protein supplements for sheep consuming low quality **tropical** *hay.* 054856
What are the prerequisites for drying **two** *hay* harvests per year? 053939
Formation of vitamin B group and the amino acid pattern of microbial protein in the rumen of the goat fed with protein free diet containing **ureidocompound** and *hay.* 054775

HAYING
Economic viewpoint of fertilizing at *haying* **time.** 062005

HEAD
Optimum feeding areas of *white-headed* **cabbage** [Spacing]. 059101
Limiting stress of clay soils in cores of *high-head* **dams** and foundations of hydraulic structures. 061685
Some investigations on the working process at simultaneous harvest of sunflower **flower** *heads* and stems by combine SK-4. 061596
Helical *heads* promise planer noise reduction [Sawmill techniques]. 056214
Results of breeding late *white-headed* cabbage in the Dnieper-left-bank forest-steppe area of the Ukraine. 057123
Planer *heads:* segmented carbide or straight-knife? [Sawmills]. 056224
Supporting effects of salivary myoepithelial cells when acting against a *head* of **pressure,** in dogs. 054609
The amino acid sequence of the *double-headed* **proteinase** inhibitor from canine submandibular glands. III. 054514
Preparation and evaluation of two microbiological media from **shrimp** *heads* and hulls [for making fish protein concentrates]. 053477

Nutritional status of *head* **start** and nursery school children. II. Biochemical measurements. 053201
Testing the required power for clearing away the *heads* of **sugar-beet** in soil trough [Equipment]. 061620
The effect of some salts on *head* **weight** and tipburn of lettuce and on fruit production and blossom-end rot of tomatoes [Physiological diseases]. 059835
New **white** *head* cabbage varieties. 059100

HEALING

Evaluation of the effects of topical insulin on *wound-healing* in the **distal** limb of the horse. 055956
Effect of hypophysectomy and estrogen treatment on long bone **fracture** *healing* of young domestic fowls. 055924

HEALTH

Is your work hazardous to your health? [Occupational Safety and *Health* **Act].** 052925
The development of disease surveillance: its uses in disease control that relate to public and **animal** *health.* 055317
A survey of the economical consequences of the **animal** *health* conditions in the calf raising houses. 055330
Disinfectants and disinfection **[Animal** *health,* disease-causing microorganisms]. 055719
The movement of live animals: [public] *health* **aspects** of world trade in animals and animal products. 055383
Nitrogenous compounds in the tissues of **calves** *healthy* and sick with toxic dispepsia. 055881
The presence of avian adenoviruses and adeno-associated viruses in *healthy* **chickens.** 055462
Properties of RNA polymerases of *healthy* and **citrus** exocortis viroid-infected Gynura aurantiaca DC. 059679
Nutrition counseling and children's **dental** *health.* 053227
Digestive tract microflora in *healthy* and **diarrheic** young hares born in captivity. Effect of intake of different antibiotics. 055433
Appraisal of educational materials for AVLINE; an educational materials project in *health* **education.** 053406
Health **effects** of atmospheric sulfur dioxide and dietary sulfites. 052953
Various **environmental** *health* structures in California. 052139
An important new concept in *health*—**generalized** cytopathy [Nutritional deficiencies]. 053321
Health **hazards** from colors [Food additives]. 053047
Relationship of local veterinarians to the Board of *Health* and **local** administration. 055343
Changes in lactate dehydrogenase, LDH isoenzymes, lactate, and pyruvate as a results of feeding low fat diets to *healthy* **men** and women. 053249
Making hard choices between cost-benefit streams of *health* and **nutrition** programs. 052881
Eat right-feel right: daily guide to *health* **[Nutrition].** 053158
Is your work hazardous to your *health?* **[Occupational** Safety and Health Act]. 052925
Police roll call for better nutrition **[Occupational** *Health* Program]. 053231
Microbiological methods for monitoring marine waters for **possible** *health* effect [Pollution, food poisoning]. 062505
Health **priorities** for sheep. 055337
Nutrition progress: a common cause for the *health* **professions.** 053216
The role of the medical and *health* **professions** in promoting desirable policies and practices [Breast-feeding]. 053307
Health **protection** requirements for use of effluent water [in landscape irrigation]. 062525
Nutrition knowledge, attitudes and practices of Canadian **public** *health* nurses. 053229
Nutrition knowledge, attitudes and practices of Canadian **public** *health* nurses. 053230
The *health* and **quality** of plant material in nurseries [Ornamental trees, shrubs, virus diseases]. 059658
Health **requirements** for interstate horse shipment. 055302
A multivariate analysis of factors influencing the location and distribution of physicians in the northeast U.s. **[Rural** *health].* 052108
Endemic diseases of man and their effect on agricultural development and food production **[Rural** *health].* 052173
Autumn reminders for flocks and herds *[Health* of **sheep** and cattle]. 055298
Development of *healthy* **shoots** from Poa pratensis systemically infected by Ustilago striiformis and Urocystis agropyri. 059433
[Rural] *health.* **Social** and economic indicators for planning. 052098
An appraisal of current presentations for organized control of **udder** *health.* 055338
Udder *health* control in clinical veterinary practice [Bacterial diseases]. 055708
Effects of nutritional intervention on the growth and *health* of **undernourished** children. 053282
Effects of nutritional intervention on the growth and *health* of **undernourished** children. 053283
Soybean: *health* & **wealth** multiplier. 053340
Better food for a *healthier* **world:** some facts about nutrition. 053175
Abnormalities in the microsomal oxidases of the WHO **[World** *Health* Organization] standard reference strain of Musca domestica. 060422
Monitoring of cholinesterase activity in people exposed to insecticides during WHO **[World** *Health* Organization] trials. 060616

HEART

The etiology of fruit collapse [Erwinia chrysanthemi] and **bacterial** *heart* rot [Erwinia carotovora] of pineapple. 059516
Kinetics and thermodynamics of lactate dehydrogenases from **beef** *heart,* beef muscle, and flounder muscle. 053503
The polypeptide composition of ubiquinone-cytochrome c reductase (complex III) from **beef** *heart* mitochondria. 054365
The stimulating action of K+ [potassium ion] on the hydrolytic activity of soluble mitochondrial ATPase [adenosine triphosphatase, **bovine** *heart* mitochondria]. 054348
Purificaton and properties of a low molecular weight protein factor of **[bovine** *heart]* mitochondrial energy-linked functions. 054374
Factors influencing left ventricular shortening in isolated **canine** *heart.* 054274
Herpes simplex virus infection stops spontaneous beating of **chick** *heart* cells. 055687
The effect of divalent cations on the isolated **chicken** *heart.* 054610
Distribution of renal blood flow in dogs with **congestive** *heart* failure. 054265
Firefighters learn to **"eat** *heart-ily".* 053225
Foetal *heart-rate* variation in sheep. 054601
Gerontological studies on calcium, magnesium, iron, copper and zinc concentrations in the *heart* and **frontal** cerebral lobes of rats. 054737
Electron transfer between soluble and immobilized mammalian **[horse** *heart]* cytochrome c: Equlibrium and kinetic studies on immobilized cytochrome c. 054352
Kinetic and equilibrium studies of the reactions of heme-substituted **horse** *heart* myoglobins with oxygen and carbon monoxide. 054555
Differences in properties of cytosol and membrane-derived prtein kinases [in membrane fractions of bovine brain, *heart,* **liver,** and muscle]. 054554
Food and society in Australia—the *heart* of the **matter** [Nutrition]. 053215
Degenerative changes in *heart* **muscle** from senescent honeybee workers (Apis mellifera adansonii). 061333
The **palm** *heart* as a new commercial crop from Tropical America [Euterpe, Bactris gasipaes]. 058842
Crystallization and peliminary X-ray data of well-ordered crystals from **pig** *heart* citrate synthase. 054487
Effects of various doses of prostin F2 alpha on estrous cycles, rectal temperature, sweating, *heart* **rate** and respiration rate in mares. 055119
The effect of a protein-rich diet on the clinical and some biochemical indices in patients with torpid and latent recurrent **rheumatic** *heart* disease. 053348
Norepinephrine turnover in *heart* and **spleen** of 7-, 22-, and 34 degrees C [Celsius]-acclimated hamsters. 054286

HEARTWOODS

The structures of three new meliacins isolated from Khaya **anthotheca** *heartwood.* 058596
Phenolic compounds from the *heartwood* of **Dalbergia** nitidula. 057869

HEARTWORMS

Variability in the ratio between the numbers of microfilariae and **adult** *heartworms* [Dirofilaria immitis, dogs]. 055592
A mathematical formula as an aid in the treatment and prognosis of **canine** *heartworm* disease [Dirofilaria]. 055797
Prevalence of Dirofilaria immitis in Northern Virginia *[Heartworms,* **dogs].** 055733

HEAT

Influence of purine nucleotides on the *heat-stability* of **aminoacyl-tRNA** synthetases [Euglena gracilis, algae]. 057280
Study of the *heat* **balance** of grape leaves and berries in stands of varying shapes. I. Diurnal temperature balance of Bolgar variety leaves and berries. 058380
Comparison of field-measured and **calculated** *soil-heat* fluxes. 061831
Chemical effects of *heat* on **cellulose.** 056261
Comparison of in vitro conduction velocities in rabbit ear nerves from *heat-* and **cold-exposed** animals. 054599
Inhibition of Clostridium perfringens by *heated* **combinations** of nitrite, sulfur, and ferrous or ferric ions [Food poisoning]. 052946
Better kitchenware, better nutrition: *"No-heat"* **cooking.** 053323
Estimation of the extent of *heat* **damage** in alfalfa haylage by laboratory measurement. 054096
Checkpoint conception *[Heat* **detection,** cattle]. 055058
Electric *heating* of hotbeds. 061433
Energy balances *[heat* **exchanges]** during sleep in ruminants [Calves, sheep]. 054414
Soil-heat **flux** determination: temperature gradient method with computed thermal conductivities. 061846
CO2 [carbon dioxide] from **gas-fired** *heating* boilers—its distribution and exchange rate [Tomatoes, Chrysanthemum]. 058433
System of *heating* **greenhouse** soil with a uniform area temperature. 061405
How to spice **highly** *heated* [meat] preserves. 053809
An experimental study of the *heat* and **mass** transfer process in rice fields under solar illumination. 058011
Minimizing *heat* stress and stock losses during heatwaves [on poultry, protective equipment]. 055353
Enrichment for auxotrophic and *heat-sensitive* **mutants** of Neurospora grassa by tritium suicide [Fungi]. 057099
Nutritional quality of several proteins as affected by *heating* in the **presence** of carbohydrates [Rats]. 053272
Chlorophyll accumulation in cowpea (Vigna) leaves and melon(Colocynthis) cotyledons as influenced by **prior** *heat* stressand seedling age. 058478
Low temperature inactivation in milk of *heat-resistant* **proteases** from psychrotorphic bacteria. 053738
Clarification of *heated* **red** grape harvest wines by bentonite. 053977
Wine manufacture by *heating* **red** grape. Effect of time on maceration. 053978
Relationships between *heat* **resistance** and phospholipid fatty acid composition of Vibrio parahaemolyticus [Food-borne pathogens]. 052951
The effect of water activity on the *heat* **resistance** of bacteria [Food spoilage]. 052980
The *heat* **resistance** of moulds Penicillium vermiculatum Dangeard and Penicillium brefeldianum Dodge in apple juice [Contamination]. 053044
Influence of *heat* **resistant** lipases & proteases in psychrotrophic bacteria on product quality [Milk]. 053691
Physiological effects of *heat* **shocks** in synchronous Chlorella [pyrenoidosa] during their most sensitive stage [Aigae]. 057290
High, **short** *heating,* quality preservation and distribution [of milk]. 053764
Methods of solution of thermal conduction and chemical kinetics equations in the presence of variable coefficients [for determining the distribution of *heat* in **soil,** greenhouses, stored grain mass]. 061423
Tomato variety testing in plastic greenhouse culture with **solar** *heating* in Khmel'nitskii Region. 059146
Estimation of [protein] molecular weight by polyacrylamide gel electrophoresis using *heat* **stable** fluorophors [Albumen]. 054310
Heating the **stable.** 061389
Use of **straw** for *heating.* 061401
An evaluation of the effectiveness of sterilization of infant [milk] formulas by **thermal** *heating* and an aseptic method. 053139
An evaluation of the effectiveness of sterilization of infant formulas by **thermal** *heating* and an aseptic method. 053423
A comparison of *heat* **transfer** characteristics of simple and pinnate leaf models. 057327
The influence of the selection of raw materials on the *reheating* **value** of canned meat and lard; a model study [Sterilization]. 053802
Use of **waste** *heat* for soil warming in North Carolina. 061465

HEATHS

The changes in ant species [Formicidae] distribution duringten years post-fire **regeneration** of a *heath.* 060890

HEAVING

Frost *heaving* of soil as an ecological factor in Yeddo spruce [Picea] forests. 056759

HECTARES

Method of groupings in the analysis of yield [of **cereals,** per *hectare].* 052774
Forecast of *hectare* **yields** of basic agricultural crops in the Slovak Socialist Republic up to 1990. 052886

HEDERA

Three forest climbers: ivy *[Hedera* **helix],** old man's beard [Clematis vitalba] and honeysuckle [Lonicera periclymenum]. 059950

HEDGES

How to maintain roads, *hedges* and **ditches,** at what price? [Equipment]. 061511
Three steps to a **successful** *hedge* [Futures market]. 052597

HEIFERS *see* CATTLE

HEIGHT

Show judging and measuring [dairy] **cow** *height.* 054133
Height **growth** of planted and direct seeded loblolly pine [Pinus taeda, measurement]. 056058
Responses of Andropogon pumilus Roxb. To various *heights* and **intervals** of clipping. 058798
Effects of *height* of **topping** and plant spacing of flue-cured tobacco on certain properties of the cured leaves and smoke characteristics of cigarettes. 058664
Trigonometric method to determine the *height* of **trees** without directly measuring the distance separating us from them. 056041
Modification in the setting of an irrigation system due to a change in the *height* of the **water** level. 062267

HELENIUM
Crystal and molecular structure of carolenalone, a cycloheptenone sesquiterpene lactone from North **Carolina** *Helenium* autumnale L. 057688

HELIANTHEMUM
Transfer cells and nematode [Meloidogyne javanica] induced giant **cells** in *Helianthemum.* 059886

HELIANTHUS
Influence of kinetin on potassium movement in the hypocotyls of *Helianthus* **annuus** [Sunflowers]. 058027
Diol inositolphosphatides in polar lipids of *Helianthus* **annuus** [sunflower]. 058039
Flow-rate and potassium level in the sap exuded by excised roots of *Helianthus* **annuus** L. [Sunflowers]. 058043
Longitudinal and lateral transport of [3,4-3H] [hydrogen isotope] gibberellin A1 and 3-indolyl (acetic acid-2-14C) [carbon isotope] in upright and geotropically responding green internode segments from *Helianthus* **annuus** [sunflowers]. 058135
Relationship between water potential and leaf and inflorescence initiation in *Helianthus* **annuus** [Sunflowers]. 058166
Ultrastructural modification of isolated Jerusalem **artichoke** *(Helianthus* tuberosus L.) tissues linked to prolonged high temperature (38 degrees Celsius) exposure. 056815
Study of water transport in plants: The effect of nitrogen deficiency on the variation in water content of differen parts of a sunflower **plant** *(Helianthus* annuus). 058046
Effect of postirradiation storage of seeds on structural chromosome mutations in chlorophyll mutants of **sunflower** *(Helianthus* annuus L.). 057005
A specific inactivator of glyoxysomal isocitrate lyase from **sunflower** *(Helianthus* annuus L.) cotyledons. 058079
Effect of pollen size, pollen viability and stigma receptivity on percentage seed setting in **sunflower** *(Helianthus* annuus L.). 058143
Comparative susceptibility of the adult **sunflower** *(Helianthus* annuus L.) plant and seedlings to Botrytis cinerea Pers. 059389

HELICONIUS
Muellerian mimicry: classical 'beanbag' evolution and the role of ecological islands in adaptive race **formation** *[Heliconius].* 060843

HELICOPTERS
Timber handling *[Helicopter* **logging].** 056174
Spraying of herbicides by *helicopter* for the **selective** weeding of young conifer plantations. 060032
Evaluation of the Boeing-Vertol 107 *helicopter* and **spray** system for forest application of insecticide. 061621
Production rates and costs for cable, balloon, and *helicopter* **yarding** systems in old-growth douglas-fir [Pseudotsuga meniziesii]. 056061

HELICTOTRICHON
Helictotrichon **pallens** and Helictotrichon setifolia. 056628

HELIOTHIS
Survival of the nuclear polyhedrosis virus of *Heliothis* **armigera** on crops and in soil in Botswana [Pest of cotton and sorghum, biological control]. 060225
Laboratory evaluation of two plant growth regulators as antifeedants against the American **bollworm** *(Heliothis* armigera (Hbn.). 060244
Kairomones and their use for management of entomophagous insects. III. Stimulation of Trichogramma achaeae, Trichogramma pretiosum, and Microplitis croceipes with host-seeking stimuli at time of release to improve their efficiency [Biological control, *Heliothis,* **cowpeas,** sweetcorn, cotton]. 060302
Effects of various temperature regimes on the time required for emergence of **diapausing** *Heliothis* zea. 060648
Geographic and genetic variation in time required for emergence of **diapausing** *Heliothis* zea. 060650
Factors contributing to insect *[Heliothis]* **resistance** in cotton and their use in a program of pest management. 060174
Boll weevil [Anthonomus grandis] and tobacco budworm *[Heliothis* **virescens]** field control tests in the Lower Rio Grande Valley of Texas, 1974 [Cotton]. 060229
Plant bugs [Anthonomus grandis, Heliothis zea, *Heliothis* **virescens]** and natural enemy insect populations on frego bract and smoothleaf cottons [Biological control]. 060241
Greenhouse evaluations of leaf-feeding resistance in corn to the corn earworm *[Heliothis* **zea].** 060215
Plant bugs [Anthonomus grandis, *Heliothis* **zea,** Heliothis virescens] and natural enemy insect populations on frego bract and smoothleaf cottons [Biological control]. 060241
Substitutes for agar in a wheat germ diet used to rear the corn earworm *[Heliothis* **zea]** and the sugarcane borer [Diatraea saccharalis]. 060661

HELIOTROPISM
Insect pollination and *heliotropism* in **Oritrophium** limnophilum (Compositae) of the Andean Paramo. 057325

HELIX
Purification and physical characterization of nucleic **acid** *helix-unwinding* proteins from calf thymus. 054558
Single-stranded DNA structure and DNA polymerase activity in the presence of nucleic **acid** *helix-unwinding* proteins from calf thymus. 054559
Protein hydration, its role in stabilizing the *helix* **conformation** of the protein. 053546
Helical **heads** promise planer noise reduction [Sawmill techniques]. 056214
Three forest climbers: ivy **[Hedera** *helix],* old man's beard [Clematis vitalba] and honeysuckle [Lonicera periclymenum]. 059950
Helical, **wall-free** prokaryotes in Drosophila, leafhoppers and plants. 060137

HELLULA
Brassica campestris var. Toria—a new host for *Hellula* **undalis** F. (Pyralidae: Lepidoptera). 060273

HELMINTHOSPORIUM
Cellulolytic enzymes of *Helminthosporium* **apattarnae** [Pathogenic fungi]. 057635
Carbon dioxide fixation in *Helminthosporium* **cynodontis** [Fungi]. 057708
Factors affecting inoculum development and seed transmission of *Helminthosporium* **graminum** [pathogen of barley stripe disease]. 059423
Effect of agar on inhibition of spore germination [of Calonectria crotalariae, *Helminthosporium* **maydis** and Alternaria solani] by chemicals. 059420
Diseases of wheat, barley and rice and their control [Puccinia, Septoria, Pyricularia oryzae, *Helminthosporium* **oryzae],** 059324
Comparative symptoms of ear blight *[Helminthosporium* **oryzae]** and neck rot [Pyricularia oryzae] diseases of rice. 059352
Evaluation of rice germplasms and varieties for resistance to brown spot [Cochliobolus miyabanus, *Helminthosporium* **oryzae].** 059469
Further studies on the interaction between wheat mosaic streak virus and *Helminthosporium* **sativum.** 059546
Changes in amino acids and amides content in jowar [durra] leaves infected by *Helminthosporium* **turcicum.** 059281
Specific binding of victorin [pathotoxin from *Helminthosporium* **victoriae]** and calcium: evidence for calcium binding as a mediator of victorin activity [Oats]. 059379

HEMAGGLUTINATION
Fibrinogen-related antigen concentrations of blood serum of normal cows, as measured by the tanned **erythrocyte** *hemagglutination-inhibition* immunoassay. 054304
Some improvements in the *hemagglutination* and **hemagglutination** inhibition tests with arboviruses [Goose erythrocytes]. 055805
Experimental observations on the practical value of various immunization methods against Newcastle disease. I. Data on the correspondance between the results of the *hemagglutination* **inhibiting** test and immunity against Newcastle disease. 055664
Some improvements in the hemagglutination and *hemagglutination* **inhibition** tests with arboviruses [Goose erythrocytes]. 055805
Serological studies of potato viruses X, Y, A and Aucuba mosaic. III. Expansion of sensitivity limits of serological virus determination by the use of the latex-test, bentonite flocculation, **passive** *haemagglutination* and complement fixation reaction. 059551

HEMANTHUS
Actin filaments in the endosperm mitotic spindles in a higher plant, *Haemanthus* **katherinae** Baker. 056831

HEMATOLOGY
Hematological **aspect** of a vaccination against foot-and-mouth disease [Cattle]. 055471
Haematology of the **indigenous** goat in Swaziland. 054720
Haematological and **plasma** protein changes in caprine pleuropneumonia. 055776
Some *hematologic* **values** of bison from five areas of the United States. 054619
Blood mineral status and *haematological* **values** in sheep in the Gezira Province of the Sudan. 054718
Some *haematological* **values** in English Thoroughbred horses. 054729

HEMATOPOIESIS
Erythropoiesis and erythrocytic survival in dogs with **cyclic** *hematopoiesis.* 055817
Hemocytes and the *hematopoietic* **organ** of Thermobia domestica (Packard) (Thysanura: Lepismatidae). 060886
Subchronic effects of chloramphenicol on the *hemopoietic* **system** of cats [Drug toxicity]. 055932

HEME
Cytochrome c1 of bakers' yeast [Saccharomyces cerevisiae]. II. Synthesis on cytoplasmic ribosomes and influence of oxygen and *heme* on **accumulation** of the apoprotein. 057653
Kinetic and equilibrium studies of the reactions of *heme-substituted* **horse** heart myoglobins with oxygen and carbon monoxide. 054555
Role of *heme* **proteins** in peroxidation of milk lipids. 053740

HEMEROCALLIS
A variety of Collecephalus hemerocalli pathogenic on *Hemerocallis* **[Leaf-streak].** 059414

HEMICYCLIOPHORA
Occurrence of the **nematode** *Hemicycliophora* labiata Colbran 1960 on roses in Tamil Nadu. 059894

HEMILEIA
Timing of sprays for the control of leaf **rust** *Hemileia* vastatrix on coffee in South Africa. 059271

HEMIPARASITES
A study of assimilation and translocation in Cuscuta hyalina Heyne ex Roth., Orobanche ramosa L. and Striga hermonthica Benth. [Parasitic and *hemiparasitic* **angiosperms].** 060053

HEMIPTERA
Dicyphus rhododendri Dolling, first records from North **America** *(Hemiptera:* Miridae). 061225
Neurosecretory cells in Belostoma indicus Lep. Et Serv. *(Hemiptera:* **Belostomidae).** 061064
Description of a new species of lace bug [Leptopharsa gibbicarina] attacking the oil palm in **Colombia** *(Hemiptera:* Tingidae). 061224
Amino acid requirements of the bug Dysdercus similis **freeman** *(Hemiptera:* Heteroptera). 060788
Hemiptera—**Heteroptera** of the London area. IX. 061210
A remote effect of the action of the analogues of the juvenile hormone in the ontogenesis of Eurygaster integriceps Pub. **(Insecta,** *Hemiptera).* 061050
Two new genera and some records of **Miridae** *(Hemiptera)* from Panama [Englemania bicolor, Myrmecormiris clistogaster]. 061232
The effect of the age of the female on diapause in Mesovelia **mulsanti** *(Hemiptera:* Mesoveliidae). 060948
A new genus and species [Trynocoris lawrencei] of Cylapinae from **Panama** *(Hemiptera:* Miridae). 061223
A case of introduction of Graphosoma lineatum (L.) *(Hemiptera-Heteroptera,* **Pentatomidae)** into Finland [Insect distribution]. 061098
Observations on the behavior and morphology of the spider predator, Stenolemus lanipes, *(Hemiptera:* **Reduviidae).** 060910
Reduviidae of Portuguese Guinea. III. A new species for the genus Coranus [guineensis] *(Hemiptera,* **Reduviidae).** 061176
A new Saileria [irrorata] from eastern United **States** *(Hemiptera:* Miridae). 061159

HEMLOCKS
Kiln-stick thickness effect on drying 2-inch **western** *hemlock* [Tsuga heterophylla] lumber. 056168
Induction of dormancy in container-grown **western** *hemlock* [Tsuga heterophylla]: effects of growth retardants and inhibitors. 058613

HEMOBARTONELLA
Haemobartonella **canis** infection in research dogs. 055654

HEMOCYTES
Hemocytes and the **hematopoietic** organ of Thermobia domestica (Packard) (Thysanura: Lepismatidae). 060886
Study of *hemocytes* of **Macrosiphum** euphorbiae (Thomas) (Homoptera: Aphididae). 060742

HEMODYNAMICS
Effects of anesthetic agents on autoregulation of **renal** *hemodynamics* in the rat and dog. 054270

HEMOGLOBINS
Studies on avian erythrocyte metabolism: Effect of organic phosphates on oxygen affinity of embryonic and **adult-type** *hemoglobins* of the chick embryo. 054326
Further resolution of adult **chick** *hemoglobins* by isoelectric focusing in polyacrylamide gel. 054372
Amino acid composition of transferrin and *hemoglobin* in the **local** cattle of Georgia [USSR]. 054464
A calorimetric study of the CO Bohr effect of **monomeric** *haemoglobins* [Chironomus thummi thummi]. 060777
A possible relationship between haemonchosis and *haemoglobin* **polymorphism** in Merino sheep in Kenya. 055229
Hemoglobin **synthesis** in isolated erythroid colonies from the chick embryo. 054453

HEMOLYMPHS
Identification of JH [juvenile hormone] III in *haemolymph* from **adults** and larvae of Schistocerca gregaria. 060869
Activity of the acid phosphatase of *haemolymph* of the **caterpillars** of mulberry silkworm hybrids [Bombyx mori]. 061341

New method for determining the volume of *hemolymph* in **dipteran** larvae [Drosophila melanogaster]. 061028
Free amino acids in the *haemolymph* of the last **instar** nymph of the dragonfly, Orthetrum chrysis (Selys) (Odonata: Libellulidae). I. Effects of centrifugation and starvation. 060793
Quantitative changes in the free amino acids of the *haemolymph* of the **prepupal** and pupal stages of Spodoptera littoralis (Boisduval). 061055
Free amino acids, ions, and osmotic pressure of the *hemolymph* of **three** species of blackflies [Simulium venustum, Simulium vittatum, Prosimulium mixtum/fuscum]. 060738

HEMOLYSIS
Diagnosis of swine fever by amylase and *haemolytic* **tests.** 055557

HEMONCHUS
Haemonchus **contortus** infection in ewes: blastogenic responses of peripheral blood leukocytes to third stage larval antigen. 055578
Effect of haloxon and thiabendazole on the free-living stages of *Haemonchus* **contortus** [livestock parasite, nematoda, control]. 055730
The effects of temperature on the survival and development of the infective larvae of twisted **wireworm** *Haemonchus* contortus (Rudolphi, 1803) [Goats]. 055556

HEMORRHAGE
Mechanisms of blood vessel constriction during *hemorrhage* **[Dogs].** 054284
Focal hepatic necrosis in turkeys with *hemorrhagic* **enteritis.** 055818
Calf disease causes death in 2 to 24 hours [Soil borne bacterium, *hemorrhagic* **enterotoxemia].** 055521
Large **resorbing** *hemorrhage* in the right ovary and disturbances in hormonal balance in a mouse. 055893
Effect of *hemorrhagic* **shock** on renal release of prostaglandin E [Dogs]. 054267
Haemorrhagic **syndrome** [Poultry]. 055872
Haemorrhagic **syndrome** in poultry. 055873

HEMP
The demonstration of galactosamine in a higher plant: Cannabis **sativa** *[Hemp].* 058171

HENDERSONULA
Thermal and spectrophotometric analysis of some fungal melanins and soil humic compounds [Stachybotrys chartarum, Aspergillus sydowi, *Hendersonula* **toruloidea].** 061683

HENS *see* CHICKENS

HEPATIC
Ascites associated with *intrahepatic* **arteriovenous** fistula in a cat. 055842
Studies on the mechanism by which *hepatic* **citrate** synthase activity increases in vitamin B12 deprivation. 053208
Effect of zymosan on *hepatic* **drug** metabolism in mice. II. Identification of active component of yeast [Saccharomyces cerevisiae] cell walls. 057494
Influence of the administration of parathion methyl or Zineb on the activity of some *hepatic* **enzymes** in the rat. 060519
Focal *hepatic* necrosis in turkeys with hemorrhagic enteritis. 055818
The demonstration of *pre-hepatic* **immune** response to Fasciola hepatica in the mouse. 055582
Metabolism of prostaglandin A1 by *hepatic* **microsomal** monooxygenase P-450 system in the guinea pig and rat. 054633
Hepatic **microsomal** mixed function oxidase system during toluene treatment and the effect of pretreatment of phenobarbital in adult rats [Toxicity]. 055903
A *hepatic* **receptor** of avian origin capable of binding specifically modified glycoproteins. 054671
Influence of L-triiodothyronine, L-thyroxine and thyroproteins on the nucleolar synthesis of *hepatic* **RNA** [Rats]. 054449
Biochemical and **ultrastructural** *hepatic* changes during vitamin B12 deficiency in animals and man. 053206

HEPATICAE
Notion of species in the genus Cololejeunea. A circumtropical species: Cololejeunea **filacaulis** St. *[Hepaticae].* 056596
Study on **Jengermannioideae** *(Hepaticae).* 9. Jungermannia subg. Plectocolea and subg. Solenostoma in Hawaii; additions and synopsis of the genus Jungermannia. 056499
Ecological studies on epiphyllous liverworts in western Nigeria *[Hepaticae].* II. **Notes** on competition and successional changes. 056753
Philippine liverworts. III. Calobryales and Herbertales of the **Philippines** *[Hepaticae].* 056568
The spectrum of auxotrophic mutants from the *liverwort* **Sphaerocarpos** donnellii Aust. 057097

HERBACEOUS
Recommended varieties of *herbage* **legumes** [Red clover, alfalfa]. 058812
Accumulation of Sr90 [strontium isotope] by *herbaceous* **plants** in a birch [Betula verrucosa] forest. 057955
Effects of lime on *herbage* **production** and chemical composition of 'cynodon IB.8' and on some chemical properties of the soil. 061926

HERBARIUMS
EDP-IR [electronic data processing-information retrieval] in the **National** *Herbarium* of Colombia (col). 056350
The M. **Romagnoli's** *herbarium* in Bastia. 056321
Plants from Corsica of the R. **Rotges'** *herbarium.* 056432

HERBICIDES
Triallate *[herbicide]* **accumulation** in wild oat [Avena fatua] and barley. 060087
In vitro uptake of oganic ions by renal cortical tissue of rats treated acutely with 2,4,5-trichlorophenoxyacetic **acid** *[Herbicides].* 055942
Herbicidal **acitivity** of caprolactam derivatives. 060000
Growth-retarding activity and chemical structure of certain derivatives of itaconic acid *[Herbicidal* **activities].** 059925
Dependence of *herbicide* **activity** on the structure of some 5oxyhydantoin derivatives. 059963
One electron transfer properties and *herbicidal* **activity** of diquaternary salts of 2,4-DI-(4-pyridyl)-1,3,5-triazines. 060047
Do *herbicides* **affect** the baking quality of wheat? 053062
Recent developments in the application of *herbicides* by **aircraft.** 060100
Effect of some *herbicides* on **ammonification** and nitrification in soils. 059912
X-ray structure analytic results of piperidine and piperidinium acetate **anilide** *[Herbicides].* 059988
Effectiveness of **applying** *herbicides* to tomato transplants under sprinkler irrigation. 060014
Portable tripod-mounted boom sprayer for **applying** *herbicides* on tall shrubs. 060050
Equipment for **applying** *herbicides.* 061627
Problems of *herbicide* **assessment** in peanuts in Jamaica. 060067
Changes of protein metabolism of plants under the influence of dimethyl-4-chlorophenoxy acetic acid *[Herbicides,* **broadbeans,** wheat, peas]. 059961
Studies on the control of weeds in Mosambi with Gesatop and **Caragard** *herbicides* [in a sweet orange orchard]. 059956
Effects of simazine, atrazine and 2,4-D *[herbicides]* on 14CO2 **[carbondioxide** isotope]-fixation and composition of 14C [carbon isotope]-assimilates in Pinus nigra var. Calabrica Schneid. 060027
Fall application of *herbicides* to **cereal** crops. 060049
Effects of rapeseed oil as an additive with **certain** *herbicide* treatments. 059929
The effects of Karmex and copper sulfate *[herbicides]* on **chicks.** 060610
Studies on halide exchange in cyanuric acid **chloride** *[Herbicides].* 059982
Mode of action of CCC **[Chlorochlorinchloride,** *herbicides].* 059977
Investigations on the breakdown of the *herbicide* **chlorphenprop-methyl** in the soil by microorganisms. 060064
Studies on the mode of action of *herbicide* **combinations** of arylcarbamate, arylurea and uracil derivatives. 059983
Identification of type of combination in carbamate, thiocarbamate, dithiocarbamate and thyiocynate **compounds** *[Herbicides].* 059975
Controlling *herbicide* movement. 060089
Maize (Zea mays L.) and weed growth, as affected by levels of straw mulching with and without *herbicide* under **conventonal** and minimum tillage. 059990
Corn *herbicides* for conventional seedbeds, 1974. 059941
Over-the-top applications of *herbicides* in **cotton.** 060082
Studies on the physiological and biochemical behavior of Proximpham *[herbicide]* in **crops** and weeds. 059984
Comparative physiological studies on the effectiveness of 2, 4-dichlorophenoxy acetic acid *[herbicide]* **derivatives.** 059962
Effect of triazine *[herbicide]* **derivatives** on the permeability of root cells of barley plants. 059971
Decomposition of *herbicides*—**derivatives** of urea. 060013
The polarographic reduction of some **dinitroaniline** *herbicides.* 060518
Biological activity of the soil relative to use of the *herbicide* **diphenylamide** on tomatoes. 060025
The renal handling of 2,4,5-trichlorophenoxyacetic acid (2,4,5-T) *[herbicide]* in the **dog** [Toxicity]. 055911
Why *herbicides* **don't** always work and what aerial applicators can do about it. 059911
Why *herbicides* **don't** always work, and what you can do about it. 060029
Herbicides make **drilling** profitable [Soybeans]. 060043
Herbicide **effect** on uptake and transport of phosphate [Mustard]. 059974
What is **ethofumesate?** *[Herbicides].* 059937
Seasonal response of Macartney rose [Rosa bracteata] and huisache [Acacia **farnesiana**] to *herbicides.* 060006
Herbicide **field** evaluation trials on field crops, 1975. 060023
1974 evaluation of candidate pesticides. C-III. *Herbicides:* **fruit** trees. 060011
Some aspects of the absorption of picloram *[herbicide]* by **gorse** (Ulex europaeus L.) [Brushweed]. 060068
Area-of-influence of *herbicide* **granules.** 060073
Spraying of *herbicides* by **helicopter** for the selective weeding of young conifer plantations. 060032
Quantitative structure-activity relationships among selected pyrimidinones *[herbicides]* and **Hill** reaction inhibition. 059996
Equipment for **incorporating** *herbicides.* 061628
Effects of 2,4,5-trichlorophenoxyacetic acid (2,4,5-T) *[herbicide]* on the **incorporation** of a-aminoisobutyric acid (AIB) in rat fetuses. 060603
Protecting our food in Century III: *herbicide* and **insecticide** research. 060596
Herbicides and good **management** improves range pastures. 060094
Cyanazine *[herbicide]* **metabolism** in corn, fall panicum, and green foxtail. 060058
Differential tolerance of tomato cultivars [varieties] to **metribuzin** *[Herbicides].* 060076
Select spray nozzles to **minimize** *herbicide* drift. 061629
Evaluation of suitability of some *herbicide* **mixtures** for controlling weeds in cereals. 059972
Weed problems and problem weeds: **new** *herbicides* for millet control in maize culture. 059954
Methods for the rapid detection of phytotoxic effects of organic compounds [Development of **new** *herbicides].* 059976
Behavior and fate of metribuzin in eight Ontario soils [Development of **new** *herbicides].* 060074
New *herbicides* [Roundup (glyphosate)]. 060098
New *herbicides* [Cycle (procyazine)]. 060099
Site relations, regrowth characteristics, and control of lotebush [Condalia **obtusifolia**] with *herbicides.* 060007
Adsorption and desorption of pyrazone *[herbicide]* by some **organic** and mineral colloids. 060055
Germination of seeds of turfgrasses as affected by glyphosate and **paraquat** *[Herbicides].* 060078
The hydrolysis of *herbicidal* **phenoxyalkanoic** esters to phenoxyalkanoic acids in Saskatchewan soils. 060072
Effects of some **phenylurea** *herbicides* on photosynthesis of two wheat varieties. 060060
Photosensitized *herbicidal* action [Ipomaea, Abutilon theophoresti, mustard]. 060030
Effect of *herbicides* on some **physiological** and biochemical processes of cotton according to soil moisture. 059938
Degradation of 4-(2,4-dichlorophenoxy)butyric acid (2,4-DB) *[herbicides]* by **Phytophthora** megasperma. 059993
The effects of a cuticle-damaging kaolin on *herbicidal* **phytotoxicity.** 060071
Control of pinyon [Pinus monophylla] saplings with *[herbicides]* **picloram** or karbutilate. 060003
New electron acceptors of pseudocyclic electron transport in the class of anilides [Effects of *herbicides* on **plants].** 059978
Paraquat *[herbicide]* **poisoning** in a dog and cat. 055952
N-phosphonomethylglycine (glyphosate), an alternative to commercial pre- and **postemergence** *herbicides* for the control of unwanted plant species in forest plantations [Picea abies, Pinus sylvestris] in Norway. 060022
Effect of Atrazine *[herbicide]* on the **potassium** uptake of barley plant roots. 059965
Test results on the determination of selection factors in the dosage of some **potato** *herbicides* suitable for various varieties, climate and soil conditions in the Romanian Socialist Republic. 059986
Joint application of fertilizers and *herbicides* to **potatoes.** 059092
Phenylene, carbamate, urea derivatives as **potential** *herbicides.* 059979
Chlorophyll production and chloroplast development in norflurazon **[pre-emergence** *herbicide]-treated* plants. 060057
Injection of *herbicides:* past, **present** and future. 060097
Effect of *herbicides* on the **preservability** of onions and seed yield. 060026
Effect of Meturin *[herbicide]* on the **process** of photosynthesis and yield of potatoes. 059968
Effect of *herbicides* **Prometrinigran** and Aresin on the nitrogen metabolism of soybeans. 059966
Prospective *herbicides* for onions. 060015
Improvement in selectivity of perfluidone against Rottboellia exaltata in maize with *herbicide* **protectants.** 060063
Prospects of *herbicides* as **protein** boosters [of crops]—new bioregulents. 060113
Effect of *herbicides* on the **regulation** of plant development. 059967
Quantitative structure-action relationships in the area of plant growth **regulators** *[Herbicides].* 059980
Shift of weed species and yielding capacity of soybean in relation to **repeated** *herbicide* application. 059992
Further results of Triazine *[herbicide]* **research.** 059973
Studies on the mechanism of s-triazine *[herbicides]* **resistance** in common groundsel. 060086
1974 evaluation of candidate pesticides. C-I. *Herbicides:* **rice.** 060009
The Dioxin story: is 2,4,5-T [trichlorophenoxyacetic acid] **safe** *[Herbicides].* 060102
Absorption and efflux of chloro-s-triazines *[herbicides]* by **Setaria** roots. 060054
A **shielded** *herbicide* applicator for Christmas trees. 061475
Detoxification of the *herbicide* **Simazin** and its effect on the soil microflora in different agrotechnical methods. 059964
Effect of the *herbicides* **Simazin** and Dicotex on the bindweed (Convolvulus arvensis). 059970

Extraction of methabenzthiazuron *[herbicide]* from the **soil.** 059994
Factors that influence the persistence of TCA [trichloroacetic acid] in **soil** *[Herbicides].* 060062
Hexaflurate *[herbicides]* in **soils** and plants. 060081
Soybean *herbicides* for conventional seedbeds—1974. 059942
Control good; supplies plentiful; prices down *[Herbicides,* **soybean].** 060042
Response of prickly sida [Sida spinosa] and **soybeans** to various *herbicides.* 060083
How to **stretch** your *herbicides.* 060096
What about a **substitute** *herbicide?* 060111
Transport physiology, metabolism and residue behavior of radioactive Lenacil *[herbicide]* in **sugarbeets.** 059987
Chemical pasture renovation *[Herbicide* **treatments].** 059940
Liver enlargement induced by the *herbicide* **2,4,5-trichlorophenoxyacetic** acid (2,4,5-T) [Rats]. 059995
1974 evaluation of candidate pesticides. C-II. *Herbicides:* **upland** crops. 060010
Effect of soil moisture on the activity of some **urea** *herbicides.* 059969
Microbiological degradation of **urea** *herbicides* in the soil. 060035
1974 evaluation of candidate pesticides. C-IV. *Herbicides:* **vegetable** fields. 060012
Studies on the mode of action of (2-chloroethyl) trimethylammonium chloride (CCC) and N,N-dimethyl-N-(2-bromethyl)-hydrazinium bromide (BMH) on stalk stabilizers of wheat (Triticum **vulgare**) *[Herbicides].* 059985
Effect of certain **water-soluble** *herbicides* on legume-Rhizobium symbiosis. 060037
Herbicidal **weed** control uses energy efficiently. 060093
Ecological syndrome of *weedicides* in the **wheat-crop** ecosystem. 059989
Making sure that *herbicides* **work** [Soybeans]. 060044
Weed conrol thanks to the rain, most *herbicides* **worked** well in 1975 [Sugarbeets]. 059920
Agronomists cite good *herbicide* **year** [Weed control, soybeans]. 060041

HERBIVORES

Coevolution of plants and *herbivores:* **passion** flower butterflies [Passifloraceae, Heliconiini (Nymphalidae)]. 056493

HERBS

Herbs that **cure.** II. Herbs that cure bladder and kidney diseases [Drug plants]. 057631
A contribution to the study of water relations of **forest** *herbs* [Transpiration]. 057319
Herbs from the **home** garden. 059213

HERDS

The West Virginia University **Angus** *herd* [Beef cattle breed performance]. 055259
Observations on a *herd* of **beef** cattle maintained in a tsetse [Glossina] area. II. Assessment of the development of immunity in association with trypanocidal drug treatment. 060503
Better housing, breeding and feeding lead to **best** *herd* honors. 054130
Optimal [meat] production from a **blesbok** *herd* [Antelope, grazing]. 054174
Nutrition of the **breeding** *herd* [Beef cattle]. 054886
Nutritional management of the **breeding** *herd* [Swine]. 054961
Observations in an outbreak of foot-and-mouth disease in a dairy [cattle and **buffalo**] *herd.* 055650
Determining the usefulness of oestrus predictions in the *herd* **[Cattle].** 055088
Central *herd* testing: farmers lose a boarder [Dairy husbandry]. 054167
Pennsylvaia dairy production testing participant perceptions of and attitudes towards the **Dairy** *Herd* Improvement program: a statewide survey. 052346
The use of capital for beef produced from **dairy** *herds.* 052444
Metabolic profile testing of **dairy** *herds* in Rhodesia. 054694
Autumn reminders for flocks and *herds* **[Health** of sheep and cattle]. 055298
Herd **incidence** of bovine mastitis in four Danish dairy districts. III. Relation between frequency of mastitis and cell counts on bulk milk samples [Bacterial diseases]. 055711
Herd **management** [Beef cattle]. 054189
Studies on the efficiency of EGYT—1810, dimetridazole and arsanilic acid in **pig** *herds* affected with dysentery. 055669
Feed conversion efficiency of a *herd* of **Romanov** sheep according to some of its parameters. 052503

HEREDITY

Heritability of **amino** acids in Triticale. 057131
Determination of *heritability* and **correlation** of some basic productive traits of Beltsville White turkeys. 055269
Factors **determining** *heritability* of fecundity [in sheep]. 055189
Establishing *heritability* coefficients of some quality indexes of hen eggs from the White Leghorn lines 5-A and 6-E. 055270
Heritability and **genetic** correlations of some basic quantitative characters in four White Leghorn lines of hens. 055271
Studies on crop yield stability and character manifestation variability. I. Character variation of rice varieties, statistically valued within and between **plants** *[Heritability].* 057152
Factors influencing serum cholesterol levels in **swine** *[Heritability].* 055154

HEREFORDS *see* CATTLE

HERPES

Herpes **simplex** virus infection stops spontaneous beating of chick heart cells. 055687

HERPESVIRUSES

Growth characteristics of **bovine** *herpesvirus* 1 (infectious bovine rhinotracheitis) in human diploid cell strain WI-38. 055734
Characterization of a **caprine** *herpesvirus* [isolated from kids]. 055398
Pathogenicity of a **caprine** *herpesvirus* [isolated from neonatal Angora kids]. 055421
Evidence of respiratory tract infection induced by **equine** *herpesvirus,* type 2, in the horse. 055481
Cell-free synthesis of **equine** *herpesvirus* type 3 nucleocapsid polypeptides. 055786
Equine *herpesvirus* in vivo: cyclic production of a DNA density variant with repetitive sequences. 055790
The role of antibody dependent cytotoxicity in recovery from *herpesvirus* **infections** [Veterinary medicine]. 055484
Abortion associated with mixed **leptospira/eqid** *herpesvirus* 1 infection [Horses]. 055782
The absence of one class of virus-induced protein in arginine-deprived cells infected with **pig** *herpesvirus.* 055794

HERRING

Digestibility of partially **hydrogenated** *herring* oil in the rat. 054770

HETEROCHROMATIN

Negative *heterochromatin,* positive heterochromatin, and chromosome condensation in Vicia faba [Broadbeans]. 056842

HETEROCOCCUS

A revision of the **genus** *Heterococcus* Ferris with a diagnosis of Brevennia Goux (Homoptera: Coccoidea: Pseudococcidae). 061246

HETEROCYCLES

Studies on the syntheses of *heterocyclic* **compounds.** DCXXXII. Total synthesis of (plus, minus)-mappicine [7-(1-hydroxypropyl)-8-methyl-indolizino[1,2-b]quinolin9(11H)-one] [Mappia foetida]. 057684
Studies on the syntheses o *heterocyclic* **compounds.** DCXX. Total synthesis of (plus,minus)-orientalidine and a positional isomer [Papaver]. 058401

HETEROCYSTS

Nitrogen metabolism in lichens. VII. Nitrogenase activity and *heterocyst* **frequency** in lichens with blue-green phycobionts. 057779

HETERODERA

The reaction of resistant cultivars of barley to some Australiank populations of *Heterodera* **avenae** [Cereal cyst nematode]. 059832
Ultrastructural changes associated with the tanning process in the cyst wall of the soybean cyst nematode, *Heterodera* **glycines** Ichinohe. 059709
Ultrastructural changes associated with the tanning process in the cyst wall of the soybean cyst nematode, *Heterodera* **glycines** Ichinohe. 059710
Comparative fine structure of the stomatal region of males of Meloidogyne incognita and *Heterodera* **glycines** [Tomatoes, soybeans, nematodes]. 059797
Improved methods of **hatching** *Heterodera* schachtii larvae for screening chemicals [Sugarbeets, nematodes]. 059802
The influence of the hatching factor on the water uptake of the second stage larva of the potato cyst **nematode** *Heterodera* rostochiensis. 059793
Importance of damages caused by cyst nematodes Heterodaea rostochiensis Woll. and *Heterodera* **pallida** St. to potatoes. 059695
Electrical stimulation applied to second-stage larvae of *Heterodera* **rostochiensis** to determine viability [Potatoes, nematodes]. 059801
Mechanical factors affecting the shape of [vegetable] cyst-nematode *[Heterodera* **rostochiensis]** females. 059828
Effect of benomyl on the potato cyst nematode, *Heterodera* **rostochiensis.** 059837
Action of carbofuran and phenamiphos [nematicides] on the rate of multiplication of *Heterodera* **rostochiensis** and on theyields of a crop of early potatoes. 059850
Efficacy of oxamyl against *Heterodera* **schachtii** on cabbage [Nematodes]. 059800
Persistence of activity of oxamyl against *Heterodera* **schachtii** on cabbage [Nematodes]. 059805
Self-interactions of Meloidogyne hapla and of *Heterodera* **schachtii** on Beta vulgaris [Sugarbeets, nematodes]. 059807

HETEROGENEITY

Studies on the *heterogeneity* of **bovine** kappa-casein. 053782
Heterogeneity in **chloroplasts** of siphonacious algae [Acetabularia, Bryopsis plumosa] as compared with higher plant [spinach] chloroplasts. 057988
Populations of wild eikorn wheats of Transcaucasia **[Genetic** *heterogeneity].* 056985
Studies on hydrolysis reaction of model substances of cellulose in the presence of polymer catalysts. 5. *Heterogeneous* **hydrolysis** of fibrous cellulose in the presence of poly(vinyl alcohol-co-vinylsulfonic acid). 056197
Morphologic *heterogeneity* of a strain of swine influenza virus (A/swine/Wisconsin/1/68, Hsw1N1) propagated at different temperatures. 055417
Capsid **protein** *heterogeneity* in turnip mosaic virus. 059673
Soil *heterogeneity* and profile development in a stratified gravel deposit in Ireland. 061681

HETEROLOGY

Virus-inhibiting factor or interferon activity on *heterologous* **animal** cells [Rabbits]. 055641

HETEROMETRUS

Central course of photic input in the ventral nerve cord of **scorpion** *(Heterometrus* fulvipes). 060789

HETEROPEZA

Regulation of the sex differentiation in pedoblastic larvae of *Heteropeza* **pygmaea** Winnertz, 1846 (Diptera: Cecidomyiidae) by a factor of the cephalic nervous system. 061056

HETEROPHYLLY

Comparative morphology and early leaf histogenesis of adult and juvenile leaves of Darlingtonia californica and their bearing on the **concept** of *heterophylly.* 056793

HETEROPTERA

Quantitative variations of the food intake of Ranatra linearis L. **(Aquatic** *Heteroptera,* carnivora). 060667
On the life cycle of Perillus **bioculatus** *(Heteroptera,* Pentatomidae) in Slovakia. 060620
Flight patterns of Lygaeus **equestris** *(Heteroptera)* in spring and autumn with special reference to the influence of weather. 060989
Nymphs of Catoplatus dilatatus, Tingis valida, Tingis hellenica and Tingis **griseola** *(Heteroptera,* Tingidae). 061076
Amino acid requirements of the bug Dysdercus similis freeman **(Hemiptera:** *Heteroptera).* 060788
Hemiptera—*Heteroptera* of the London area. IX. 061210
Revision of the Himalayan genus Paranevisanus Distant (Halyini, Pentatominae, Pentatomidae, *Heteroptera)* **[New** taxa]. 061266
A case of introduction of Graphosoma lineatum (L.) *(Hemiptera-Heteroptera,* **Pentatomidae)** into Finland [Insect distribution]. 061098
Comparative morphology of the Greek species of the genus Aelia Fabricius, 1803 *(Heteroptera:* **Pentatomidae).** 061123
Aneurus avenius tagasastei Enderlein, stat. N., from **Teneriffe** *(Heteroptera,* Aradidae) [New taxa]. 061073

HETEROSIS

Effect of *heterosis* in the **amino** acid composition of wheat flour. 058217
Homozygosity as a result of inbreeding and methods of *heterotic* **breeding** of cross-pollinated and self-pollinated plant species. 057053
The development of tetraploid male sterile forms of forage beets in relation with their utilization in **breeding** for *heterosis.* 057054
Heterosis for **ewe** lamb productivity [Breeding]. 055122
The relationship between genotype and fitness for *heterotic* **models** [Dorsophila]. 060847
Heterosis **studies** in some sorghum crosses involving male-sterile and restorer lines. 057191
The quantity of meat produced by one litter as method for the evaluation of *heterosis* in **swine.** 055209
A study of *heterosis* in **upland** cotton (Gossypium hirstum L.). 057172
Influence of reciprocal crossing on the effect of *heterosis* of **wheat.** 057132
Results from the use of *heterosis* **winter** soft wheat on a sterile basis. 056960

HETEROTROPHY

Size fractionation of natural aquatic populations [phytoplankton, Algae] associated with autotrophic and *heterotrophic* **carbon** uptake. 057739
Amino acid composition of autotrophic and *heterotrophic* **cultures** of the Emerson strain of Chlorella [Algae]. 057886
Ultrastructure of Ochromonas sp. Under autotrophic and *heterotrophic* **growth** conditions. 056802
Changes affecting the macromolecular structure of the plastid of Euglena gracilis Z. [Algae] during *heterotrophic* **growth.** 057903

HETEROZYGOTES

An analysis of allelic diversity in natural populations of Drosophila: The correlation of rare **alleles** with *heterozygosity.* 060840
Number of *heterozygotes* **left** by neutral genes [Statistical analysis, genetics]. 057019
Nude mice from homozygous nude parents show smaller PFC [plaque-forming cell] responses to sheep erythrocytes than nude mice from *heterozygous* **mothers.** 055179
Disc electrophoretic evidence for *heterozygosity* and **phenotypic** plasticity in selected lines of Coffea arabica L. [Coffee]. 056949
Maintenance of **structural** *heterozygosity* in the F2 generation of interspecific hybrids of annual Chrysanthemun. 056977

Tandem duplications in Drosophila melanogaster. III. Intrachromosomal exchange of a *heterozygous* **tandem** duplication. 060823
Spermatogenic failure of **translocation** *heterozygotes* affected by H-2-linked gene in mouse. 055183
Double **translocation** *heterozygotes* and their fertility in Aedes aegypti (L.). 060462

HEVEA

The past, present and future of the rubber tree *[Hevea* **brasiliensis,** economic aspects, Brazil]. 052811
Modification of citrate transport and intraparticular hydrogen-ion concentration by adenosine triphosphate in lutoids of *Hevea* **brasiliensis** latex. 057371
Hevamine: a crystalline basic protein from *Hevea* **brasiliensis** latex. 057863
Brazilian prospects for rubber tree *[Hevea* **brasiliensis]** culture [Polyploids, growth substances]. 059211
Control of pink disease [caused by Corticium salmonicolor] of *Hevea* **[brasiliensis]** rubber with calixin. 059370

HEXACHLOROBENZENE

The use of a liver biopsy technique for investigating the effects of *hexachlorobenzene* on some **drug-metabolising** enzymes in sheep. 055930
Ultrastructural changes in liver of the rat **fed** *hexachlorobenzene* [Fungicides]. 055895
The effects of pentachloronitrobenzene, *hexachlorobenzene* **[fungicides],** and related compounds on fetal development [Toxicity, rats]. 055948
Hexachlorobenzene **retention** and excretion by dairy cows [Fungicide residues, milk contamination]. 054579
Body burden of *hexachlorobenzene* in **suckling** rats and its effects on various organs and on liver porphyrin accumulation. 055908
Residues of *hexachlorobenzene* in **wild** mammals of Germany. 060531

HEXACHLOROPHENE

Percutaneous absorption of *hexachlorophene* **[chlorinated** antibacterial agent] in the rat. 055943

HEXADECANE

Morphology and ultrastructure of a Penicillium sp. **Grown** *onn-hexadecane* of peptone [Fungi, peteroleum pollution]. 056782
Method for estimating the decomposition of *hexadecane* in the **marine** environment [Tokyo Bay, petroleum pollution]. 062366

HEXAPLOIDS

Genetic studies of alpha-amylase isozymes in wheat. II. Reconstituted AABB tetraploid, Aegilops squarrosa and their synthetic **AABBDD** *hexaploid.* 057079
An attempt to **breed** *hexaploid* alfalfa (Medicago spp.). 057193
Colchicine **induced** *hexaploid* in Coccinia indica W. & A. 057111
The efficacy of combination treatment in promoting meiotic stability of *hexaploid* **triticale** (Triticale hexaploide Lart.). 056979
Studies on statistical genetics and multivariate analyses in an interspecific cross of *hexaploid* **triticales** [Wheat, rye]. 057058

HEXOKINASES

Regulation of Hyalophora cecropia fat **body** *hexokinase* by hexose phosphates common to the pathways of glycolysis, glycogen and trehalose synthesis. 060760

HEXOSAMINE

Chitin biosynthesis during Blastocladiella zoospore germination: evidence that the *hexosamine* **biosynthetic** pathway is post-translationally activated during cell differentiation [Fungi]. 057932

HEXOSES

Synthesis of *3-amino-2,3,6-trideoxy-D-ribo-hexose* **hydrochloride.** 053509
Active influx of *hexose* in **Hydrodictyon** africanum [Algae, glucose transport and metabolism]. 057774
Regulation of Hyalophora cecropia fat body hexokinase by *hexose* **phosphates** common to the pathways of glycolysis, glycogen and trehalose synthesis. 060760
Ganglioside, protein, *hexose,* and **sialic** acid changes in the trisected optic tectum of the chick embryo. 054452

HIBERNATION

Post-hibernating **Culex** tarsalis and Culiseta inornata: oviparity and tests for virus. 060471
Rhinonyssids (Gamasoidea: Rhinonyssidae), parasites of birds from the region of the **Lenkoran** *hibernation* site. 060490
Pigments of *hibernating* **plant** buds and their participation in photochemical reactions. 057584

HIBISCUS

Effects of nitrogen and phosphorus nutrition on [14C] [carbon isotope]-sucrose translocation in *Hibiscus* **esculentus** [Okra]. 058292
Changes in imbibition rate of **okra** *(Hibiscus* esculentus) seeds following high temperature treatments. 058476
Hibiscus **rosa-sinensis** L. [Varieties]. 059025
Unsaponifiable substances of the seed oil of *Hibiscus* **syriacus.** 053907
Competition of velvetleaf [Abutilon theophrasti], prickly sida [Sida spinosa], and Venice mallow *[Hibiscus* **trionum]** in soybeans. 060075

HICKORY

Black-light traps to **control** *hickory* shuckworms [Laspeyresia caryana] on pecans [Carya illinoensis]. 060261
Dynamics of nutrient cycling in *oak-hickory* **[Quercus-Carya,** forest ecosystem]. 061665

HIDES

Hides and **skins** [Markets]. 052596

HIERACIUM

The role of seed reproduction in the dynamics of established populations of *Hieracium* **floribundum** and a comparison withthat of vegetative reproduction. 059927
Seasonal changes of morphostructure of cenopopulations of *Hieracium* **pilosella** L. and Antennaria dioica (L.) Gaertn. 056724

HIGHLANDS

Parakeratosis in a *highland* **Simmental** calf. 055890
Insect damage to exotic pasture in the **southern** *highlands* of Tanzania. 060188

HIGHWAYS

A food product basis for [the population living around] the **Baikal-Amur** *highway* [The creation of livestock and food crop farms in East Siberia and Far East]. 052319
Computer program to aid in the [hydraulic] analysis and design of major *[highway]* **culverts.** 055967
Influences of the construction of a *highway* on the **forest** environment. 056009

HILLS

Nitration of Eucalyptus **grandis** *(Hill)* maiden lignin. 056194
The lichens of the **gypsum** *hills* on the Lower Nida river (Miechow-Sandomierz District). 056517
Quantitative determination of growth-dependant changes in the ultrastructure of freely suspended callus cells of parsley (Petroselinum crispum **(Mill.)** A. W. *Hill).* 056787
Quantitative structure-activity relationships among selected pyrimidinones [herbicides] and *Hill* **reaction** inhibition. 059996
Systems research in *hill* **sheep** farming. 054163
Vegetation of the northwestern **Tertiary** *hill* regions (Upper Bavaria) [Plant communities]. 056757
The *hill* **vegetation** of North Hoy, Orkney. 056556

HIP

The dog as a model for the study of *hip* **dysplasia:** surgically induced hip dysplasia. 055373
X-ray photo taken on the *hip* **joint** of the dog standing in a stock with special respect to the prevention of radiological lesions. 055333

HIPPELATES

Effectiveness of various enzymes on whole egg and egg albumen in the production of "gnat attractant factor" for *Hippelates* **pusio** (Diptera: Chloropidae). 060441

HIPPOPHAE

The specificity of flowering and fruit formation in the sea buckthorn *[Hippophae* **rhamnoides].** 058590

HIRSTIONYSSUS

Studies on mesostigmatid mites parasitic on mammals and birds in Japan. III. On the identity of *Hirstionyssus* **apodemi** Zuevsky, 1970, with Hirstionyssus sunci Wang, 1962, and the description of Hirstionyssus japonicus spec. nov. (Mesostigmata: Laelapidae). 061193

HISTAMINASE

Determination of histamine concentration in normal and retained placenta and the activity of **serum** *histaminase* at the end of pregnancy and in early puerperium, a contribution to the study of pathogenesis of puerperal sepsis [Cattle]. 055884

HISTAMINE

Histamine-sensitive **adenylate** cyclase in mammalian brain. 054646
Influence of orally **administered** *histamine* on the gastric secretion in suckling piglets [Coli dysentery]. 055665
Inhibition of **anaphylactic** *histamine* release by Forssman antiserum. I. Characteristics of the reaction and inhibitor [Rabbits]. 055532
Immunologic release of *histamine* from **bovine** polymorphonuclear leukocytes [Anaphylaxis in calves]. 055412
Determination of *histamine* **concentration** in normal and retained placenta and the activity of serum histaminase at the end of pregnancy and in early puerperium, a contribution to the study of pathogenesis of puerperal sepsis [Cattle]. 055884
Possible role of *histamine* **receptors** in cardiovascular responses to 5-hydroxytryptamine in the chicken. 054331
Studies on the relative effects of prostaglandins, bradykinin, 5-hydroxytryptamine and *histamine* on the **synovial** microcirculation in dogs. 054390

HISTIDINE

Tyrosine and *histidine* **decarboxylase** activities of Pediococcus cerevisiae and Lactobacillus species and the production of tyramine in fermented sausages [Bacterial. 053011
The effect of ligands on the reactivity of sulphydryl groups, and the modification of lysine, *histidine* and **tryptophan** residues of pyruvate kinase of Neurospora crassa [Fungi]. 057638

HISTOCHEMISTRY

Histochemistry of **Corsican** pine [Pinus nigra] needles infected by Lophodermella sulcigena (Rostr.) v. Hohn. 059239
Intestinal infection of neonatal dogs with canine coronavirus 1-71: studies by virologic, histologic, *histochemical,* and **immunofluorescent** techniques. 055414
Functional development of the adrenal gland in the golden hamster. Electron microscopical and *histochemical* **investigation** on the adrenal cortex. 054736
Histochemical **investigation** of acid phosphatases in aleurone cells of barley. 058033
Histochemical **observations** on the body surface of Leucochloridiomorpha constantinaea (Trematoda) [parasite of chickens] cultivated in vitro. 055732
Histochemistry of the **parenchyma** of Cysticercus bovis [obtained from calves]. 055512
Histological and *histochemical* **studies** of decay of wood of Mimusops elengi caused by Fomes durissimus. 056256
Scutellum and endosperm in the seedlings of Gramineae—a *histochemical* **study.** 056891
Vanillin-hydrochloric acid as a *histochemical* **test** for tannin [Plant tissues]. 057956
Histochemical and **ultrastructural** investigations on occurence of catecholamines in the deutocerebrum of the cockroach Periplaneta americana L. 061062

HISTOGENESIS

Histogenesis of the **chicken** aorta endothelium. 054332
Comparative morphology and early **leaf** *histogenesis* of adult and juvenile leaves of Darlingtonia californica and their bearing on the concept of heterophylly. 056793

HISTOLOGY

Effect of feeding diet containing insect [Sitophilus oryzae, Callosobruchus chinensis] infested maize and cowpea on the growth and *histological* **changes** in livers of albino rats [Contaminated food]. 053039
Histological **changes** in the ovary in relation to yolk deposition, allatectomy, and destruction of the median neurosecretory cells in Melanoplus sanguinipes. 060739
Histological **data** on mineral and puric concretions in Coleoptera. III. Wood-eating species: Oryctes nasicornis, Cetonia aurata, Pissodes notatus. 060684
The effect of alkaloids (quinine and ergometrine) on the *histology* of the **gonads** of the cockroach, Periplaneta americana (L.). 060812
A study of skin diseases in dogs and cats. I. *Histology* of the **hairy** skin of dogs and cats. 055864
Intestinal infection of neonatal dogs with canine coronavirus 1-71: studies by virologic, *histologic,* **histochemical,** and immunofluorescent techniques. 055414
Histological and **histochemical** studies of decay of wood of Mimusops elengi caused by Fomes durissimus. 056256
Adnexal glands of the sting apparatus in bees: anatomy and *histology.* V. **(Hymenoptera:** Apidae) [Includes Apis mellifera]. 060937
Histological **investigation** of fleas, Ceratophyllus consimilis Wagn. infected with the agent of listeriosis (Listeria monocytogenes). 060487
Histology of the **larval** out of the goat warblefly Przhevalskiana silenus. 060416
Bioassay, *histology* and **morphology** of the pheromone-producing glands of Rhyacionia frustrana, Rhyacionia rigidana, and Rhyacionia subtropica. 060643
Hair growth in the domestic **pig**—*histological* aspects. 054533
Topography, anatomy and *histology* of the **vesicular** glands in Machilidae (Thysanura) [Dilta hybernica, Lepismachilis, Machilis helleri]. 060623

HISTONES

A correlation between *histone* **acetylation** and chromatin changes in spermatids of the locust (Locusta migratoria). 060765
Preparative fractionation of *histones* by **block** cellogel electrophoresis [Calf thymus chromatin]. 054637
Chicken **erythrocyte** *histone* H5. III. Sequence of the amino-terminal half of the molecule (III residues). 054485
Combined effect of threechlorineacetic acid (TCHAA) and dimethyl sulphate (DMS) on Arabidopsis in connection with the conception of the role of *histones* in **mutation** process. 057973
Developmental changes in the *non-histone* **proteins** of chromatin from the salivary glands of Calliphora stygia. 060862
Cytochemical demonstration of **somatic-type** *histones* during spermatogenesis in the ram. 055156
Demonstration of the ultrastructural changes in cytoplasmic organelles of ram spermatids during **somatic-type** *histone* transition. 055157
Amino acid composition of **sperm** *histones* in the house cricket Acheta domesticus. 060736

Reiteration frequency of the gene for **tissue-specific** *histone* H5 in the chicken genome. 055181
Histone **turnover** in a non-proliferating tissue, the cat kidney. 054712
Conformational studies of **two** *non-histone* chromosomal proteins and their interactions with DNA [Calf thymus chromatin]. 054471
Limited proteolysis of the **very-lysine-rich** *histone* H1 by amembrane-bound proteinase from rat liver. 054493

HISTOPATHOLOGY

Histopathological **observations** on the cytomata which appeared in the silkworm [Bombyx mori] larvae infected with flacherie viruses. 061355
Susceptibility of larval tissues of the silkworm, Bombyx mori L., to the nuclear polyhedrosis virus. II. *Histopathological* **observations** of flacherie-like larvae inoculated with nuclear polyhedra following the low temperature treatment. 061361

HISTORY

The centennial year for **agriculture** *[History].* 052191
Trees in **American** *history.* 055960
The peasant market economy of the valley of Oaxaca in **analysis** and *history.* 052651
We are because of them. VII. [Apiculturists, **apicultural** *history,* Europe]. 061301
Four generations of beekeepers at Aigle-Roche **[Apicultural** *history].* 061317
The Theresian Bee School of Wiener Neustadt **[Apiculture,** *history].* 061305
The centenary of the American forestry **Association** *[History].* 055978
Botanists' autographs in card form. VII. **[Botany,** *history].* 056324
A cataogue of Linnaeana **[Botany,** *history].* 056349
Hunt catalogue notes. I. Knorr's thesaurus **[Botany,** *history].* 056351
Linnaeus on sumptuous books **[Botany,** *history].* 056353
History of the **British** contribution to the study of the European flora. 056309
Problems associated with phage in the manufacture of soft curd cheese; a **case** *history.* 053682
The horses of Christopher **Columbus** *[History].* 054159
Contribution to the *history* of **Danish** cheese production andDanish cheese varieties. 053752
Brief *history* on the **development** of Seoul National University Forests: forest management during the last 30 years, 1945-1975. 056008
Stratigraphy and *history* of **development** of the Voitovtsovskoe bog in the Vinnitsa region. 061892
Across Michigan by covered wagon: a botanical **expedition** in1888 *[History].* 056335
Farm accounts from the Hoeksewaard in the seventeenth and eighteenth centuries **[Financial** *history].* 052438
The *history* of **flora** and vegetation during the Quaternary. 056503
History of **food** and diet in Japan. 053336
Equal rights to **land** *[History].* 052232
Legal *history* of land settlement [East and West Germany]. 052280
Life *history* of some Phaeophyceae from Sweden [Algae]. 057337
Life *history* of Eudiplogaster aphodii (Rhabditida: Diplogasteridae), a facultative parasite of Aphodius fimetarius (Coleoptera: Scarabaeidae). 060981
Powdery mildew of grapes. *History* and **methods** of control. 059388
A natural *history* and population study of durmast oak (Quercus petraea Liebl.) in the north-west Caucasus. 056082
The collections of the **Natural** *History* Museum [London]. 056333
Botanical records for 1974 [London **Natural** *History* Society]. 056535
A list of coccoidean species deposited in the United States National Museum (**Natural** *History*), Beltsville, Maryland. I. The Diaspididad [Insects]. 060756
Catopidae (Coleoptera) collected in southern India by the expedition of the Museum of **Natural** *History* in Geneva in 1972 [New taxa, Ptomaphaginus]. 061077
Illinois **Natural** *History* Survey [Water pollution]. 062548
The indivisibility of land: a microanalysis of the system of inheritance in nineteenth-century **Ontario** *[History].* 052247
Agricultural productivity change in eighteenth-century **Pennsylvania** *[History].* 052842
A *history* of **plough** development in British forestry. I. Introduction and early developments. 055990
The diversity and *history* of **Polynesian** Bidens, section Campylotheca. 056534
History of a **privet** [Ligustrum vulgare, ornamental varieties, culture]. 059026
A **short** *history* of agricultural adjustment, 1933-75 [Laws, programs]. 052779
Principal kinds of chronosequences and their significance in **soil** *history.* 061728
A *history* of **southwest** Texas: the land wrote the story. 052265
The colonial era. 3. American agriculture geta its true **start** *[History].* 052111
Small land holders are the most precious part of a **state** *[History].* 052237
Population change and farm settlement in the northern United **States** *[History].* 052246
Forestry in **Strathspey** in the 1760's *[History].* 055991
History of **studying** wild-growing useful plants in the Ukrainian SSR. I. Drug, oil, vitamin, fruit-and berry-bearing, nectariferous plants. 056355
The traditional farmer's garden **[Switzerland,** *history].* 059003
The Homestead Law in an incongruous land **system** *[History].* 052834
Late Quaternary **vegetational** *history* of the North York Moors. I. Pollen analyses of blanket peats. 056523
Late Quaternary **vegetational** *history* of the North York Moors. II. Pollen analyses of landslip bogs. 056524
A *history* of the **Waco,** Texas Cotton Insects Research Laboratory, 1939-1973. 060175

HIVES

Plastic queen may rule [honey] bees in **disposable** *hive* [Pollination]. 061367

HOGS *see* SWINE

HOLCUS

Experimental studies on the influence of phosphorus on the scleromorphism of *Holcus* **lanatus** L. 060233

HOLES

Distribution and ecology of *tree-hole* **mosquitoes** along the Missouri and Platte rivers in Iowa, Nebraska, Colorado, and Wyoming. 061213

HOLLY

Susceptibility of **Japanese** *holly* [Ilex crenata] to Criconemoides xenoplax, Tylenchorhynchus claytoni, and certain other plant-parasitic nematodes. 059809

HOLOCENE

A **late** *Holocene* pollen diagram from near Lake Tahoe, El Dorado County, California. 056528
Some *holocene* **pollen** diagrams from Greece. 056600

HOLSTEIN *see* CATTLE

HOME

Saving energy in the home: using *home* **appliances.** 053355
Home **canning** of meat and poultry. 053174
Making American-type **cheese** at *home.* 053161
Making soft **cheeses** at *home.* 053162
In a *home* **courtyard** garden [Landscaping]. 059027
Growing caladiums at *home* **[Culture].** 058940
Marking time with board sales in a **difficult** *home* market [Chipboard]. 056284
Development trends in *home* **economic** counseling in Central and Western Europe. 053356
Farm *home* business center. 052347
Home ownership loans **[Farmers** *Home* Administration, rural credit]. 052527
Bulk buying and *home* **freezing** of meat. 053194
Caladiums [Caladium bicolor] in the *home* **garden** [Culture]. 058938
Growing Iris in the *home* **garden** [Culture]. 059033
Herbs from the *home* **garden.** 059213
Nematodes in the *home* **garden.** 059769
Apple [disease and insect] pest control for *home* **gardeners.** 059687
Strawberry [disease and insect] pest control for *home* **gardeners.** 059691
Home **grown** timber and the saw mill. 056173
Saving energy in the *home:* using **home** appliances. 053355
Saving energy in the *home:* doing the **laundry.** 053354
Performance of 'Bartlett' pear on standard and **Old** *Home* X Farmingdale clonal rootstocks. 059063
Disease and insect control in *home* **orchards** [Peaches, apples, plums, pears]. 059725
Spray schedule for *home* **orchards** [Insect pests and diseases]. 059760
Producing transplants at *home* **[Ornamentals].** 058991
Home **ownership** loans [Farmers Home Administration, rural credit]. 052527
Distribution and marketing costs of *home* **produced** honey. 052728
Recruitment behavior, *home* **range** orientation and territoriality in harvester ants, Pogonomyrmex. 060690
Struggle continues to match new overseas prices with *home* **sales** [Timber]. 056291
The chum salmon **swims** *home* with a new industry. 052879
The case for *home-grown* **timber.** I. Potential of the material. 056262
Insect control in the *home* **vegetable** garden. 060246
Preserving foods at *home* **witout** salt or sugar [Recipes]. 053163
Prices are rising for *home-produced* **[wood]** panel products. 056286

HOMEMADE

Homemade **buttermilk,** sour cream [Recipes]. 053111

HOMEMAKERS

Homemakers' **value** orientations to education and job [Rural sociology]. 052112

HOMEOSTASIS

Homeostatic **control** in nodulation [Soybeans, Rhizobium japonicum]. 058230
Absorption as a factor in **manganese** *homeostasis* [Rats]. 054536

HOMEOWNERS

Maple [Acer] diseases and their control; a **guide** for *homeowners.* 059779

HOMESTEADS

The *Homestead* **Law** in an incongruous land system [History]. 052834

HOMOGENEITY

Bovine pancreatic lipase. I. Isolation, *homogeneity,* and **characterization.** 054575
Water and air movement in a bounded **deep** *homogeneous* soil. 061715
Distribution of membranes, especially of plasma-membrane fragments, during zonal centrifugations of *homogenates* from **glucose-repressed** Saccharomyces cerevisiae [Yeasts]. 057267

HOMOGENIZATION

The nutritional and physiological evaluation of *homogenized* **milk.** 053250

HOMOLOGY

Foetal bovine MSEL-neurophysin: comparison with **adult** *homologous* neurophysin. 054492
Copper intoxication—a possible **biochemical** *homologue* [Fish]. 060528
Biliproteins of cyanobacteria and Rhodophyta [Algae]: *homologous* **family** of photosynthetic accessory pigments. 057930
Homologous **genetic** variation in the Felidae [cats]. 055082
Polycyclic aromatic hydrocarbons in the environment: *homologous* **series** in soils and recent marine sediments. 061672

HOMOPTERA

Natural enemies of Toxoptera aurantii (Boy.) *(Homoptera:* **Aphididae)** on cocoa in Ghana. 060119
Study of hemocytes of Macrosiphum euphorbiae (Thomas) *(Homoptera:* **Aphididae).** 060742
Nearctic species of Aphis L. *(Homoptera:* **Aphididae)** on Umbelliferae, with a key to those found in Manitoba. 061155
North American Deltocephaline leafhoppers of the genus Destria and a new species of Lonatura [delongi] from **Arizona** *(Homoptera:* Cicadellidae). 061227
Iruana rougeoti n. Sp., an interesting Ethiopian **cicada** *(Homoptera,* Tribicinidae) [New taxa]. 061138
Revision of the **Cicadellidae** *(Homoptera)* of the Ethiopian Region. III. Deltocephalinae, Hecalini [Insects]. 061082
Studies of neotropical leafhoppers. II. *(Homoptera:* **Cicadellidae).** 061231
The European fruit lecanium, Lecanium tiliae (L.) *(Homoptera:* **Coccidae),** in southwestern British Columbia. 060308
Alarm behavior of brooding female Umbonia **crassicornis** *(Homoptera:* Membracidae). 060639
A case of active brood defense in the thornbug, Umbonia **crassicornis** *(Homoptera:* Membracidae). 060710
Cycle of mycoplasmas in the *Homoptera* **Euscelis** lineolatus Brulle [Vector of plant diseases]. 060136
A revision of the genus Heterococcus Ferris with a diagnosis of Brevennia **Goux** *(Homoptera:* Coccoidea: Pseudococcidae). 061246
Descriptions of the second-stage males in the genus **Haliaspis** *(Homoptera:* Diaspididae) [Geographic distribution]. 061120
Host correlated variation in Trialeurodes rara Singh and Bemisia tabaci (Gannadius) (Aleyrodidae: *Homoptera:* **Insecta)** [Plants, insect pests]. 060127
Annotated key to the families of scale **insects** *(Homoptera:* Coccoidea) of America, north of Mexico, based on characteristics of the adult female. 061118
Sounds and associated behavior of Agallia constricta and Agalliopsis **novella** *(Homoptera:* Auchenorrhyncha: Cicadellidae). 060946
Colcondamyia auditrix nov. Sp. (Diptera: Sarcophagidae), a parasite which is attracted by the mating song of its host, Okanagana **rimosa** *(Homoptera:* Cicadidae) [New taxa]. 061154
Soft **scales** *(Homoptera,* Coccoidea) of cultivated plants in the Dominican Republic. 1. 061135
Life-cycle of a spiral gall aphid, Pemphigus **spirothecae** *(Homoptera:* Aphididae), on poplar [Populus nigra] in British Columbia. 060364
Conditions requisite for stability of polymorphic balance in Philaenus **spumarius** (L.) *(Homoptera).* 060825
A taxonomic study of the mealybug genus **Stemmatomerinx** *(Homoptera:* Coccoidea: Pseudococcidae) [New taxa]. 061117
Morphological variation of the gall-forming aphid, Geoica **utricularia** *(Homoptera)* in relation to environmental variation. 060842
New cavernicolous cixiid from New **Zealand** *(Homoptera:* Fulgoroidea) [Confuga persephone]. 061215

HOMOZYGOSITY

Homozygosity as a **result** of inbreeding and methods of heterotic breeding of cross-pollinated and self-pollinated plant species. 057053

HOMOZYGOTES

Producing haploids and *homozygous* **forms** of Nicotiana tabacum [tobacco] hybrids by tissue culture. 056982
Nude mice from *homozygous* **nude** parents show smaller PFC [plaque-forming cell] responses to sheep erythrocytes than nude mice from heterozygous mothers. 055179
Interference by recessive lethals in the re-isolation of a **translocation** *homozygote* in [the genetic control of] Aedes aegypti. 060446

HONEY

A tribute to Frank C. Pellett: coming soon. Pellett's **American** *honey* plants [Apiculturists]. 061280

The importance of the pollen **analysis** of *honeys*. 053475
Using funnel and swarm box to capture *[Honey* **bee]** swarms. 061288
A study of the relationship between *honey* **bee** (Apis mellifera L.) and birdsfoot trefoil (Lotus corniculatus L.) [Pollination]. 061375
Bicentennial bees: early records of *honey* **bees** in the eastern United States. II. 061282
Early records of *honey* **bees** in the eastern United States. III. 061283
Food sharing behavior among caged workers of different races and species of *honey* **bees,** Apis sp. 061284
Honey **bees** [Apis mellifera] in Thailand. 061285
Physical, chemical, and enzymatic studies on the major sucrase of *honey* **bees** (Apis mellifera). 061309
Removing *[honey]* **bees** from buildings. 061315
Plastic queen may rule *[honey]* **bees** in disposable hive [Pollination]. 061367
Honey **harvesting.** 061379
Nectar *[Honey* **plant** secretion, analysis]. 057969
Factors affecting nectar secretion [by *honey* **plants].** 057253
Nectariferous flora *[Honey* **plants].** 059207
Honey and **pollen** plants of N.S.W. [New South Wales]. 056392
Honey and **pollen** plants of New South Wales. 14. Red Box—Eucalyptus polyanthemos. 059210
Distribution and marketing costs of home **produced** *honey*. 052728
Honey **quality** in relation to export market. 053479
Polarization induced colour patterns: a model of the perception of the polarized skylight by insects. I. Tests in choice experiments with **running** *honey* bees apis mellifera. 061343
Development and productivity of bee colonies in the Middle Rhodope region as affected by partial pollen removal *[Honey* **yield].** 061383

HONEYBEES *see* BEES

HONEYDEW

Occurrence of a cytokinin glucoside in the leaves and in *honeydew* of **Salix** babylonica. 058604

HONEYSUCKLE

Three forest climbers: ivy [Hedera helix], old man's beard [Clematis vitalba] and *honeysuckle* **[Lonicera** periclymenum]. 059950

HOPPERS

Resistance to green **leaf** *hoppers* [Nephotettix virescens, Nephotittex nigropictus] in rice. 060197

HOPS

Evaluation of the economic effectiveness of the new technology of *hops* **culture** on the Bechlin collective farm [Costs]. 052451
Irrigation in the future of *hops* **culture.** 062181
Soils used for *hop* **growing** in the Nelson region. 061755
Development of mechanized **harvesting** of *hops*. 061487
Use of the capacity of *hop* **shoots** to climb for the setting up of hop vines in the practice. 058951
Contribution to the problem of *hops* **soil** tillability. 062109
Extraction and isomerization of bitter **substances** from *hops*. 053483
The absence of **tetrahydrocannabinol** from *hops*. 053520
Use of the capacity of hop shoots to climb for the setting up of *hop* **vines** in the practice. 058951

HORDEUM

A large life cycle of *Hordeum* **brevisubulatum** (Trin.) Link [Barley]. 058132
Regulation of prenyl chain synthesis in **etiolated** *Hordeum* seedlings by far-red and white light. 058165
Structure and function of the genetic information in the plastids. XIII. Lamellar proteins of pale plastids of plastom and gene mutants of *Hordeum* and **Lycopersicon** [Barley, tomatoes]. 056947
Inheritance of kernel weight in barley, *Hordeum* **vulgare** L. 057201

HORIZONTAL

Horizontal **[disease]** resistance [in field crops, breeding, fungus diseases]. 057035
The proposed FAO International Programme on *Horizontal* **Resistance** to Crop Pests and Diseases. 059867

HORMONES

Two sites of *hormonal* **action** during germination of Chenopodium album seeds. 057847
Effect of light and temperature conditions of potato tubers during sprouting on growth, yield and *hormonal* **activity** of plants [Preplanting treatment]. 058351
Study on adaptational reactions of some pig breeds. I. Influence of various doses of **adrenocorticotropic** *hormone*. 054757
Large resorbing hemorrhage in the right ovary and disturbances in *hormonal* **balance** in a mouse. 055893
Influence of **biological** *hormones* on the activity of L-leucine and L-alanine amino peptidases of Euglena gracilis [Algae]. 057627
Concentrations of *hormones* in **blood** and milk during and after induction of parturition in beef cattle with dexamethasone and estradiol-17beta. 055116
Some common misconceptions **concerning** *hormone* experiments with excised plant tissue. 057910
Some observations on the growth and *hormonal* **conditions** of sable maturing. 054462
Evidence of *hormonal* **control** of ovulation in tsetse flies [Glossina pallidipes, Glossina morsitans]. 060481
The use of cytex **cytokinin** *hormone* concentrate against citrus [Young] Tree Decline [Oranges, diseases of unknown origin]. 059730
Diapause *hormone* action in silkworm [Bombyx mori] ovaries incubated in vitro; 14C [carbon isotope]-trehalose incorporation into glycogen. 061328
Experimental mechanical, thermal, pharmacological and *hormonal* **effects** on tubular skin glands in the dog comparable to man. 054748
Hormone induced lactation in the bovine. III. Dynamics of injected and **endogenous** *hormones*. 054580
The effect of synthetic **gonadotropin-releasing** *hormone* (GnRH) on pituitary hormone release in urethane-blocked rats. 054448
Growth characteristics of intact and hypophysectomized female hamsters. The effect of bovine **growth** *hormone* on hypophysectomized hamsters. 054505
Serum prolactin and **growth** *hormone* response to thyrotropin releasing hormone in prepubertal heifers. 054546
Effect of **growth** *hormone* on growth in immature hypophysectomized pigs. 054583
Effects of **growth** *hormone* inhibiting factor (somatostatin) on the release of growth hormone and prolactin from pituitaries of the domestic fowl in vitro. 054585
Development of pollen embryoids in anther cultures of Datura innoxia. II. Effects of **growth** *hormones*. 057696
Influence of vitamins and **growth** *hormones* on growth and sporulations of Alternaria solani (Ell. & Mart.) Jones and Grout isolated from potato leaves. 059391
Serum luteinizing hormone concentrations in dairy heifers after intravenous and intrauterine administration of luteinizing **hormone-releasing** *hormone*. 055258
Hormone **induced** lactation in the bovine. III. Dynamics of injected and endogenous hormones. 054580
Studies in **insect-moulting** *hormone* biosynthesis. Biosynthesis of cyasterone in the plant, Cyathula capitata. 057293
The metabolism of 3H [hydrogen **isotope]-molting** *hormone* in Calliphora erythrocephala at the mature larval and white puparial stages. 060884
Naturally occurring insect growth regulators. II. Screening of insect and plant extracts as insect **juvenile** *hormone* mimics. 060151
Insect chemistry. IV. Trifluoromethyl analogs of **juvenile** *hormones*. 060161
Cross-resistance to a **juvenile** *hormone* analogue in wild strains of the housefly [Musca domestica]. 060190
Juvenile *hormone* analogue for aphid control [Maize pests]. 060195
Juvenile *hormone* titers in penultimate and last instar larvae of Pieris brassicae and Barathra brassicae, in relation to the effect of juvenoid application. 060282
Naturally occurring insect growth regulators. III. Echinolone, a highly active **juvenile** *hormone* mimic from Echinacea angustifolia roots [Tenebrio molitor]. 060409
Fate of the **juvenile** *hormone* mimic 1-(4'-ethylphenoxy)-3,7-dimethyl-6,7-epoxy-trans-2-octene (Stauffer R-20458) following oral and dermal exposure to steers [Stomoxys calcitrans, control]. 060436
Juvenile *hormone-induced* biosynthesis of vitellogenin in Leucophaea maderae. 060682
Cardiotropic effect of C17 synthetic **juvenile** *hormone* on Locusta migratoria L. 060714
Peptidic analogues of the insect **juvenile** *hormone* containing urethan-type protecting groups [Pyrrhocoris apterus, Dysdercus cingulatus]. 060757
Juvenile *hormone* analogue and egg development in the blowfly, Phormia regina (Meig.). 060819
Synthesis of **juvenile** *hormone* binding proteins by the fat body of manduca sexta. 060820
Identification of JH **[juvenile** *hormone]* III in haemolymph from adults and larvae of Schistocerca gregaria. 060869
Synthesis of 10,11-epoxy-6,7-trans-2,3-trans-farnesyl-[2,3-3H] [hydrogen isotope] propenylether, a **juvenile** *hormone* efficient compound [in insects] with very high specific radioactivity. 060883
Insect [pests] **juvenile** *hormone* activity of alkyl (2E,4E)3,7,11-trimethyl-2,4-dodecadienoates. Variations in the ester function and in the carbon chain. 060887
Regulation of larval diapause by **juvenile** *hormone* in the European corn borer, Ostrinia nubilalis. 060925
A remote effect of the action of the analogues of the **juvenile** *hormone* in the ontogenesis of Eurygaster integriceps Pub. (Insecta, Hemiptera). 061050
Effect of **luteinizing** *hormone* releasing hormone on plasma levels of luteinizing hormone, oestradiol and testosterone in the male dog. 054584
Inhibition by oestradiol of the pituitary response to **luteinizing** *hormone* releasing hormone in the dog. 054587
Variations in pituitary and blood LH **[luteinizing** *hormone]* during puberty in the male lamb. Relation to time of birth. 055043
Luteinizing *hormone* and luteinizing hormone releasing hormone-like immunoreactivity in the jugular venous blood of sheep at various stages of the oestrous cycle. 055144
Luteinizing *hormone* release after injection of synthetic luteinizing hormone releasing hormone at various stages of the oestrous cycle in the sheep. 055145
Plasma levels of **luteinizing** *hormone*, progesterone, testosterone and 5alpha-dihydrotestosterone in male and female pigs during sexual maturation. 055148
Studies on the positive feedback effects of sex steroids on **luteinizing** *hormone* secretion in the hen. 055150
Effects of an intraventricular injection of synthetic ACTH [adrenocorticotropin] on plasma testosterone, progesterone and LH **[luteinizing** *hormone]* levels and on sexual behavior in male and female rabbits. 055184
Serum **luteinizing** *hormone* concentrations in dairy heifers after intravenous and intrauterine administration of luteinizing hormone-releasing hormone. 055258
Metritis in cattle. Influence of *hormonal* and **nutritional** factors. 055821
The effect of synthetic gonadotropin-releasing hormone (GnRH) on **pituitary** *hormone* release in urethane-blocked rats. 054448
Ovarian and **pituitary** *hormones* in blood of progestogen-treated ewes. 055125
Plant *hormones* and water stress. 057816
The interaction of human serum with the **plant** *hormone* indole-3-acetic acid [Wheat]. 058167
Differentiation of mammary gland during pregnancy: the response to *hormones* of **rabbit** and goat mammary gland explants in organ culture. 055140
Hormonal **regulation** of pedicel abscission in Begonia flowerbuds. 058461
Serum prolactin and growth hormone response to thyrotropin **releasing** *hormone* in prepubertal heifers. 054546
Effect of luteinizing hormone **releasing** *hormone* on plasma levels of luteinizing hormone, oestradiol and testosterone in the male dog. 054584
Inhibition by oestradiol of the pituitary response to luteinizing hormone **releasing** *hormone* in the dog. 054587
Luteinizing hormone and luteinizing hormone **releasing** *hormone-like* immunoreactivity in the jugular venous blood of sheep at various stages of the oestrous cycle. 055144
Luteinizing hormone release after injection of synthetic luteinizing hormone **releasing** *hormone* at various stages of the oestrous cycle in the sheep. 055145
Nutritional and *hormonal* **requirements** of Meteor pea callus tissue. 057210
Microbial metabolism of polychlorinated biphenyls. Studies y and **sex** *hormone* levels mponents by Alkaligenes sp. 062534
Parturition in the goat: plasma concentrations of prostaglandin F and **steroid** *hormones* and uterine activity during latepregnancy and parturition. 055146
Hormonal **stimulation** of ribosomal RNA synthesis in Achlya ambisexualis [Fungi]. 057382
Studies on Bykahepar *[hormone]* in **swine** and cattle. 055366
Role of **thyroid** *hormones* in an abnormal grooming behavior in thyroidectomized cats and cats with pontile lesions. 054571

HORNBEAM

Seasonal changes of soil components in relation to nutrient circulation in the *oak-hornbeam* **[Quercus-Carpinus]** forest (International Biological Program site). 061670

HORNETS

Trehalase: extraction from the midgut of larvae of the **Oriental** *hornet* [Vespa orientalis] and its use in microdetermination of trehalose. 060885

HORNS

Structural proteins in the eggshell of the *horned* **beetle,** Xylotrupes dichotomus. 060881
New **West-Palaearctic** *long-horned* beetles from the genera Cortodera, Vadonia and Agapanthia (Coleoptera: Cerambycidae). 061261

HORNWORMS

Control of the **tobacco** *hornworm* [Manduca sexta] on St. Croix, U.s. Virgin Islands, by the sterile male technique. 060172
Cellular metamorphosis. II. The larval labial gland duct and its prospective adult fates in th **tobacco** *hornworm* [Manduca sexta]. 060186
Techniques of rearing laboratory colonies of **tobacco** *hornworm* [Manduca sexta] and pink bollworms [Pectinophora gossypiella]. 060662

HORSEBEANS

Analysis of the production process of cultivated plants in southern Slovakia. V. Photosynthetic productivity tests of *horsebean* **(Vicia** faba). 058212

HORSERADISH

Hydroxylation of p-coumaric acid by *horseradish* **peroxidase:** The role of superoxide and hydroxyl radicals. 058284
Production of the superoxide radical by *horseradish* **peroxidase.** 058529
Effects of 2,4-substituents of deuteroheme upon the stability of the oxy-form and compound 1 of *horseradish* **peroxidases.** 058280

HORSES

Some serum enzyme **activities** of *horses*. 054474
Emergency first **aid** *[Horses].* 055300
Assessment of myocardial function in conscious and **anaesthetized** *ponies*. 054598

Equine serum lipids: serum lipids and glucose in Morgan **andThoroughbred** *horses* and Shetland ponies. 054301
Concentration of prostaglandins F in uterine venous plasma of **anesthetized** *mares* during the estrous cycle and early pregnancy [Horses]. 055219
Measuring value of blood halothane concentration, blood gas and pH [hydrogen-ion concentration] in **anesthetized** *horses.* 055297
Combined (B- and T-lymphocyte) immunodeficiency in an **Arabian** *foal.* 055757
Horse **bots** [Gasterophilidae]: how to control them. 060455
Plasma bile acid elevation following CCl4 [carbon tetrachloride] induced liver damage in dogs, sheep, **calves** and *ponies.* 055927
Groom your *horse* if you **can't** ride him. 054146
Thyroid **carcinoma** in a *horse.* 055845
Good post-natal mare **care** *[Horses].* 055301
The tail movements of ungulates, canids and felids with particular reference to their causation and function as displays [Dogs, **cats,** *horses].* 054337
Practical possibilities of arthroscopy in the *horse* and **cattle.** 055382
The *horses* of **Christopher** Columbus [History]. 054159
That's a *horse* of a different **color!** [Breeds]. 055097
Cardiopathological observation on a case of paroxysmal ventricular tachycardia in a *Thoroughbred* **colt:** formal pathogenesis. 055829
Evaluation of adenosine deaminase and other purine salvage enzymes in *horses* with **combined** immunodeficiency. 055570
Studies on the dynamics of Strongyloides [westeri] egg release under *stud* **conditions** [Horses]. 055514
The urinary excretion and metabolism of **dexamethasone** in the *horse.* 054717
Nineteenth-century horse sense **[Draft** *horses].* 054138
Showing, riding, and **driving** *horses* and ponies. 054126
Some haematological values in **English** *Thoroughbred* horses. 054729
Sewing & braiding. II. How to braid rope *[Horses,* **equipment].** 054156
Sewing and braiding tack. 1. *[Horses,* **equipment].** 054157
When does a snaffle bit become a curb? *[Horses,* **equipment].** 054162
Those 'infernal' internal parasites [Habronema, Trichostrongylus axei, Gastrophilus intestinalis, Parascaris **equorum,** *horses].* 055522
Parascaris **[equorum]** in *foals.* 055682
The **eyes** have it *[Horses].* 054516
Alfalfa cubes *[Horses,* **feeding].** 054818
Changes in cardiac output with experimentally induced atrial **fibrillation** in the *horse.* 055830
Equine serum lipids: lipid composition and electrophoretic mobility of equine serum lipoprotein **fractions** *[Horses].* 054303
Influence of etorphine acepromazine and diprenorphine on cardiovascular **function** in *ponies.* 054388
Effects of azaperone on cardiovascular and respiratory **functions** in the *horse.* 054387
Use of blood typing to confirm principles of coat-color **genetics** in *horses.* 055155
How to cure the **hard-to-mount** *horse.* 054150
Electron transfer between soluble and immobilized mammalian *[horse* **heart]** cytochrome c: Equlibrium and kinetic studies on immobilized cytochrome c. 054352
Kinetic and equilibrium studies of the reactions of **heme-substituted** *horse* heart myoglobins with oxygen and carbon monoxide. 054555
Evidence of respiratory tract infection induced by *equine* **herpesvirus,** type 2, in the horse. 055481
Cell-free synthesis of *equine* **herpesvirus** type 3 nucleocapsid polypeptides. 055786
Equine **herpesvirus** in vivo: cyclic production of a DNA density variant with repetitive sequences. 055790
Showing, riding, and driving **horses** and *ponies.* 054126
Equine serum lipids: serum lipoprotein profiles of Morgan and *Thoroughbred* **horses.** 054302
Sex equality among the *stallions.* **Hunters'** Improvement Society show. 055057
Observations on the epidemiology of *equine* **hydatidosis** in Ireland. 055587
Luteolysis with prostaglandin F2alpha or an antiserum against an equine pituitary fraction in **hysterectomized** *mares.* 055024
Training for occupations in the *horse* **industry.** 054120
Is there a career for you in the *horse* **industry?** 054153
Abortion associated with mixed leptospira/eqid herpesvirus 1 **infection** *[Horses].* 055782
Adenoviral **infection** in a *foal.* 055798
EIA *[equine* **infectious** anemia] testing costs. 055299
What do you think? [Control of *equine* **infectious** anemia]. 055523
What's all the fuss about EIA? *[equine* **infectious** anemia, swamp fever, Coggins test]. 055524
Suppression of synthesis of an IgG [immunoglobulin] subclass in a persistent viral infection. *Equine* **infectious** anaemia. 055536
How to give your *horse* **inoculations.** 055304
Health requirements for **interstate** *horse* shipment. 055302
Is your shoer doing a good **job?** *[Horses].* 054154

HOSTS

Additional *hosts* for Pseudomonas solanacearum Smith. 059505
Leukemia allotransplants in canine fetuses: influence of *host* **age** and immune responsiveness. 055736
Records of **alternate** *host* plants [Chrozophera rottleri, Trichodesma amplexicaule, weeds] of the red cotton bug. 059944
Record of a new **alternate** *host* [wheat] plant of rice leaf miner, Cerodontha oryzivora Spencer. 060184
Alternative *host* plants of 'Ak' grasshopper Poekilocerus pictus (Fabricus). 060132
Mycoplasmas of small **animal** *hosts.* 055547
A distant orientation of bloodsucking ixodid ticks [Ixodes persulcatus] to the *host's* **attractant** factors. 060483
Observations on Townesia tenuiventris (Hlmgr) (Hymenoptera, Ichneumonidae) and its *hosts* **Chelostoma** maxillosum (L.) (Hymenoptera, Megachilidae) and Trypoxylon figulus (L.) (Hymenoptera, Sphecidae) [Biological control of insect pests of forest trees]. 060347
Effect of Solanum khasianum mosaic virus on certain growth characters and alkaloid **content** of its *host.* 059545
Host **correlated** variation in Trialeurodes rara Singh and Bemisia tabaci (Gannadius) (Aleyrodidae: Homoptera: Insecta) [Plants, insect pests]. 060127
Possible involvement of furanoterpenoid phytoalexins in **establishing** *host-parasite* specificity between sweetpotato and various strains of Ceratocystis fimbriata. 059378
Some *host* **factors** affecting inoculation of cacao seedlings with Verticillium dahliae. 059298
Morphometric variation in Aphelenchus avenae [on *host* **fungi,** Pyrenochaeta terrestris, Aspergillus nidulans]. 059829
Host selection by **Hapalopilus** nidulans (Fr.) F. Karsten in the Swabian-Franconian Forest (East Wurttemberg) [Fungus diseases]. 059495
Host-Rhizobium **interaction** between Phaseolus vulgaris L. And Rhizobium phaseoli [Kidney beans]. 058516
Electron microscopy of vesicular-arbuscular mycorrhizae of yellow poplar [Liriodendron tulipifera]. III. *Host-endophyte* **interactions** during arbuscular development. 058563

Electron microscopy of vesicular-arbuscular mycorrhizae of yellow poplar [Liriodendron tulipifera]. IV. *Host-endophyte* **interactions** during arbuscular deterioration. 058564
Total egg count in a dicrocoelium dendriticum obtained from different *hosts* [**Lambs,** pigs, and guinea pigs]. 055625
Insecticides and soil microorganisms. III. Fate of 14C [carbon isotope]-labelled Dipterex as affected by two nodule-forming Rhizobium spp. and roots of their respective **leguminous** *host* plants. 060511
Sida acuta—an addition to the *host* **list** of Sclerotium rolfsii Sacc. 059288
Arbovirus infections in Sarawak: the role of the domestic pig [as **maintenance** *host].* 055774
Some data concerning **natural** *hosts* of cucumber mosaic virus in Hungary and Yugoslavia. 059543
Studies on viruses and virus diseases of cruciferous plants. XVIII. Beetle [Phyllotreta, Brevicoryne brassicae, Myzus persicae] transmission and some new **natural** *hosts* of Erysimum latent virus. 059552
Two viruses isolated from patisson (Cucurbita pepo L. Var. patissonina Greb. f. radiata Nois.), a new vegetable **natural** *host* in Hungary. II. Cucumber mosaic virus. 059555
Cucurbita pepo DC, a **new** *host* to Phoma herbarum Westend. 059283
Ophioglossum vulgatum Linn.—a **new** *host* of Curvularia lunata (Wal.) Boed. 059286
Reaction of Physalis species to plant viruses. V. Physalis alkekengi L., Physalis angulata L., Physalis phyladelphica Lam., and Physalis pubescens L. as **new** *hosts* of several plant viruses. 059549
A **new** *host* record of the vegetable mite, Tetranychus cucurbitae Rahman and Sapra. 060272
Brassica campestris var. Toria—a **new** *host* for Hellula undalis F. (Pyralidae: Lepidoptera). 060273
Colcondamyia auditrix nov. Sp. (Diptera: Sarcophagidae), a parasite which is attracted by the mating song of its *host,* **Okanagana** rimosa (Homoptera: Cicadidae) [New taxa]. 061154
Conception and terminology of *hosts* in **parasitology** [Vertebrate research]. 055388
Studies on viral pathogenesis in **plant** *hosts.* VIII. Systemic virus invasion and localization of infection on 'Samsun NN' tobacco plants resulting from tobacco mosaic virus infection. 059638
The induced molting of 4th-stage larvae of pin nematode, Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by root exudate of *host* **plant** [Morus]. 059707
The induced molting of 4th-stage larvae of pin nematode, Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by root exudate of *host* **plant** [Morus]. 059708
Evaluation of ARS [Agricultural Research Service] program on alternative methods of insect control: *host* **plant** resistance to insects. 060121
Production and handling of eggs of southwestern corn borer [Diatraea grandiosella] for *host* **plant** resistance studies. 060242
An experimental analysis and integrated evaluation of various factors involved in the *host* **plant** specificity of the cucumber looper, Anadevidia peponis (Fabricius) (Lepidoptera: Noctuidae). 060257
An experimental analysis and integrated evaluation of various factors involved in the *host* **plant** specificity of the cucumber looper, Anadevidia peponis (Fabricius) (Lepidoptera: Noctuidae). 060258
Patterns in the use of single **plant** *hosts* by wood-boring beetles [Agrilus, Celtis]. 060374
Bionomics of Euarestoides acutangulus (Diptera: Tephritidae) *[Host* **plant,** Ambrosia chamissonis]. 060646
Fine structure changes in different *host* **plants** induced by grapevine fanleaf virus. 059631
Host **plants** and parasites of some Arizona seed-feeding insects [Bruchidae]. 061121
Cross-infectivity of six plusiine nuclear polyhedrosis virus isolates to **plusiine** *hosts* [Plusiinae, insect pests, biological control]. 060144
Survival and *host* **range** of Phytophthora citrophthora in Ohio nurseries. 059427
Morphology and *host* **range** of virulent phages of lotus rhizobia [Lotus corniculatus]. 059503
Host-parasite **relationships** in the alimentary tract of domestic birds. 055389
Taxonomy and *host* **relationships** of [animal] mycoplasmas. 055554
Changes in the transpiration of the **resistant** *host* after an infection with Erysiphe graminis DC [Barley]. 059455
Host **specialization** of Puccinia graminis ssp. Graminicola Urb. 059406
Replication and passage of alfalfa looper [Autographa californica] nuclear polyhedrosis virus plaque variants in clonedcell cultures and larval stages of four *host* **species.** 060224
Kairomones and their use for management of entomophagous insects. III. Stimulation of Trichogramma achaeae, Trichogramma pretiosum, and Microplitis croceipes with *host-seeking* **stimuli** at time of release to improve their efficiency [Biological control, Heliothis, cowpeas, sweetcorn, cotton]. 060302
Chemotaxonomy of Compositae related to their *host* **suitability** for Pratylenchus penetrans [Nematodes]. 059836
Cellular fatty acids during fowlpox virus infection of three different *host* **systems.** 055787
Cockroaches [Blattidae] as possible **transport** *hosts* of Toxoplasma gondii in Costa Rica. 060450
Gynandropsis pentaphylla DC—an **unrecorded** *host* of tobacco leaf-curl virus. 059547
Subcellular location in different *hosts* of the **virus** causing the "giallume" disease of Oryza sativa [Rice]. 059663
Comparison of biophysical and morphological properties of occluded and extracellular nonoccluded baculovirus from in vivo and in **vitro** *host* systems [Rachiplusia ou, Autographa californica]. 060957
Cucumber mosaic virus in **weed** *hosts* near commercial fields of lettuce and celery. 059645

HOTBEDS

Electric **heating** of *hotbeds.* 061433

HOTHOUSES *see* GREENHOUSES

HOUSE

Ready-made [poultry] *housing* **aids** cost-efficiency. 061447
Calf fattening as affected by size of **area** *[Housing].* 054981
Modern portable construction for loose **box** *housing* [Dairy cattle]. 061429
Better *housing,* **breeding** and feeding lead to best herd honors. 054130
Cooling-humidifying system in **broiler** *houses.* 061469
Study of the possibilities of humidifying and cooling the air in houses for commercial rearing of broiler birds. I. **Broiler** *houses.* 061470
Evaluation of the grid method for sampling Rhodnius prolixus populations in *houses* [near San **Carklos,** Cojedes]. 060504
Nemesis to the *in-house* **caterer?** 053382
Effective insulation in **cattle** *housing.* 061425
Research involving functional design of buildings for *housing* **cattle:** Reime & Co.—regular bar, short stall (prototype). 061457
Research involving functional design of buildings for *housing* **cattle:** Norsk A/S Alfa-Laval—System Ryholm. 061458
Research involving functional design of buildings for *housing* **cattle:** Rieber & Son A/S—Ri-Bo short bar. 061459
Removing the bad smell of air ventilated from swine and **chicken** *houses* [Costs, equipment]. 052512
The use of small **chicken** *houses* to study sylvatic Triatominae [Rhodnius prolixus, Rhodmius pictipes, Panstrongylus geniculatus in a sylvatic area in Venezuela]. 060507
Study of the possibilities of humidifying and cooling the air in *houses* for **commercial** rearing of broiler birds. I. Broiler houses. 061470
A study of the relationship between *housing* **conditions** and behavioral patterns and injuries in dairy cattle. 055954
Remarks on transparent **construction** of *cow-houses.* 061443
Controlling *house* flies [Musca domestica] at a dairy installation by releasing a protelean parasoid, Spalangia endius (Hymenoptera: Pteromalidae). 060439
Amino acid composition of sperm histones in the *house* **cricket** Acheta domesticus. 060736
Insulation of **cubicle** *houses,* yes or no? [Livestock]. 061428
Comparison of stanchion barn and **cubicle** *housing* system for young bulls [Cattle]. 061436
Preference for floor grills in new loose *housing* [for **dairy** cattle]. 054185
Housing, **equipment** and litter for turkeys. 054144
Factory building of *houses* **favours** timber-frame construction. 056279
The *house* **fly** [Musca domestica]: how to control it. 060408
3-phenoxy-alpha-cyano-benzyl esters, the most [insecticidal] potent synthetic pyrethroids [Toxicities to *house* **fly,** Musca domestica]. 060414
Two inexpensive chambers for studying insecticide effects on the German cockroach [Blattella germanica] and *house* **fly** [Musca domestica]. 060445
Esterases in the *house* **fly** [Musca domestica]: polymorphismsand inheritance patterns. 060913
Selecting and **growing** *house* plants. 059035
Rectification of agricultural livestock production and drinking water catchment relative to *housing* is **important** as especially effective protection of young born with a mysterious kidney disease. 055374
Japanese *housing* trends & the 2x4 [wood] framing system. 056217
A beetle that eats beams, the *house* **longhorn** [Hylotrupes bajulus]. 060350
Partial characterization of prostaglandin synthetase in the reproductive tract of the **male** *house* cricket, Acheta domesticus. 061008
Effect of 1,1,1-trichloro-2,2-bis(p-chlorophenyl)-ethane (DDT) on the prenatal development of *house* **mice** (with special regard to transplacental transport and metabolism of hydrogen and carbon isotope marked DDT in pregnant mice. 060584
Renovate an **old** *House?* [Wood products]. 056178
Who needs poultry **'palaces'?** *[Housing].* 061448
Some **pig** *housing* projects can still pay [Costs]. 052529
Influence of various densities of **pigs** *housed* in commercial fattening premises. 054242
Requisites of **poultry** *housing.* 054214
Fan speed errors [**Poultry** *houses,* ventilation]. 061445
Pits can save costs [**Poultry** *houses].* 061446
Housing **preservation** in the country [Land use]. 052285
A survey of the economical consequences of the animal health conditions in the calf **raising** *houses.* 055330
The seal of the group. Villages and **rural** *houses* must be the reaction to the environment of a community with its own culture [Rural development]. 052794
Of mud and bricks and peasant participation, the Gezira villages refuse to adopt imported construction standards [**Rural** *housing]* 061397
Effect of *housing* and **season** on egg production and egg quality indices in three breeds of poultry. 054177
Sheep *housing* and hygiene. 055344
Waste removal in the **slaughter** *house* [Water pollution]. 062481
[Rural] *housing.* **Social** and economic indicators for planning. 052099
Arrangements for confinement facilities *[Housing,* **swine].** 061416

HOUSEFLIES

Cross-resistance to a juvenile hormone analogue in wild strains of the *housefly* [**Musca** domestica]. 060190
Long-chain (Z)-9-alkenes are 'psychedelics' to *houseflies* [**Musca** domestica] with regard to visually stimulated sex attraction and aggregation. 060434
The *housefly* [**Musca** domestica] interfacetal hair. Ultrastructure of a presumed mechanoreceptor. 060746
A biochemical study of oogenesis in the *housefly,* **Musca** domestica. 060854
Effect of storage on the biochemistry of cytochrome P-450 from the *housefly,* **Musca** domestica. 060863
Microsomal cytochrome P-450 from the *housefly,* **Musca** domestica: assay and spectral characterization. 060874
Classical conditioning to visual stimuli in the *housefly,* **Musca** domestica. 060919

HOUSEHOLDS

Controlling *household* [insects and other] pests. 060395
Nutritional improvement of rice diets. I. Evaluation of **dietaries** of 15 *households.* 053311
Status of flame-retardant standards for apparel and *household* **goods,** and the availability of flame retardants to meet the standards [Cotton]. 052954
Nutritional improvement of rice diets. II. Estimation of food intakes of **Laguna** *household* members by comparison with RDA. 053312

HULLING

Preparation and evaluation of two microbiological media from shrimp heads and *hulls* [for making **fish** protein concentrates]. 053477
Noise reduction in pneumatic ducts that convey **peanut** *hulls.* 062563

HUMATES

Biological stability of different **metallic** *humates.* 061652

HUMIDITY

The effect of higher temperature and **air** *humidity* during storage on the seeds of vegetable crops. 059204
Relationship of weight loss to **ambient** *humidity* of birds eggs during incubation [Includes chickens]. 055134
Effect of *humidity* during **cocooning** on the contraction ratio of cocoons in several silkworm [Bombyx mori] strains. 061349
Study of the possibilities of *humidifying* and **cooling** the air in houses for commercial rearing of broiler birds. I. Broiler houses. 061470
Temperature and *humidity* **effects** on net photosynthesis and transpiration of citrus. 058467
Ureid metabolism in moss protonema of **Funaria** *hygrometrica* L. (Sibth.). V. Studies on the enzyme activity of allantoinase. 057297
Investigations of the changes in the trans-membrane potential of the leaf cell of the moss **Funaria** *hygrometrica,* under the influence of light. 057344
Interactions between mitochondria and chloroplasts in cells. I. Action of cyanide and of 3-(3,4-dichlorophenyl)-1,1-dimethylurea on the spore of **Funaria** *hygrometrica* [Musci]. 057895
Performance of new sugarcane varieties in the **northern** *humid* coastal plains of Puerto Rico. 058787
The influence of **relative** *humidity* on the thermal resistance of mould spores [Food spoilage]. 052981
Conidia formation of the apple scab fungus Venturia inaequalis (Cooke) Winter as influenced by the environmental factors temperature, **relative** *humidity* and light. 059395
Relative *humidity* reactions of the European earwig, Forficula auricularia L. (Dermaptera, Forficulidae) [Insects]. 060634
The influence of vegetation on the dynamics of **soil** *humidity* in the patch of Spergulo-Corynephoretum Tx (1928) Libb. (1933) [on sand dunes]. 061671
Cooling-humidifying **system** in broiler houses. 061469
Effect of temperature and *humidity* on **toughness** of three structural particleboards. 056165

HUMOR

Humoral **antibody** response in mice after single dose exposure to lead or cadmium. 055926
Cell-mediated and *humoral* **immune** response of chickens to Mycoplasma synoviae. 055441
A study of the *humoral* **immune** response to massive osteoarticular allografts in sheep. 055485
Humoral **immune** responses characteristic of testosterone-propionate-treated chickens. 055531
Effect of methylmercury on *humoral* **immune** responses in mice under conditions simulated to practical situations. 055902

The passive transfer of *humoral* **immunity** from sows infected with Hyostrongylus rubidus (Hassal and Stiles, 1892), the red stomach worm, to their offspring and its significance in the conferring of protective immunity. 055539

HUMUS

Humic **acid** derivatives as aids in the clarification of river water. 062299
Study of the nature of *humic* **acids** in the brown soils of Georgia by the graphostatic method. 061703
Thermographic characteristics of *humic* **acids** in cinnamon soils of Georgia. 061706
The seasonal dynamics of the definite qualities of *humic* **acids** of Podzol soil. 061763
Isothermal destruction of *humic* **acids.** 061803
Effect of **fungal** *humic-like* polymers and their phenolic units on auxin destruction [by lentil roots extracts]. 061862
Retention of heavy **metals** in *humus.* 061634
Method and importance of **obtaining** *humic* and fulvic acids of high purity. 061718
Podzolic *illuvial-humus* soils of the north part of Primorye. 061761
Feeding activity of the millipede, Jonespeltis spendidus Verhoeff and **soil** *humification.* 061000
Thermal and spectrophotometric analysis of some fungal melanins and **soil** *humic* compounds [Stachybotrys chartarum, Aspergillus sydowi, Hendersonula toruloidea]. 061683
Studies on ecosystems of Fontainebleau forest. VI. Longterm influence of clearing on **soil** *humus.* 061767
Studies on the structure and origin of **soil** *humic* acids by Curie point pyrolysis in direct combination with low-voltage mass spectrometry. 061784
Infrared spectroscopic investigations of *humic* **substances** and their metal complexes [Soils]. 061677
Diagnosis and classification of soils with **two** *humus* levels of the eastern outlying district of the Russian plain. 061758

HUNTING

Hunt **catalogue** notes. I. Knorr's thesaurus [Botany, history]. 056351
Expenditure patterns of resident sportsmen in Vermont, 1970[Economic value of *hunting* and **fishing**]. 052257
Sex equality among the stallions. *Hunters'* **Improvement** Society show. 055057
Linnaean Symposium at the *Hunt* **Institute** for Botanical Documentation. 056352
Hunt for **killer** to help calves [Mycoplasmas, pneumonia]. 055716
Small mammal populations, vegetational cover, and *hunting* use of an **Ohio** strip-mined area. 062493
Conservation of natural resources and *hunting* in the **SovietUnion.** 062409

HUSBANDRY

Husbandry **advances** [Livestock]. 054194
Component analysis of labor productivity in **animal** *husbandry.* 052428
Winter rabbit raising [**Animal** *husbandry].* 054129
Animal *husbandry* [Environmental conditions]. 054656
The problems of veterinary science in relation to the transformation of **animal** *husbandry* into a large-scale industrialized operation. 055370
Mechanization of sheep farming, an important condition for the development of this branch [of **animal** *husbandry].* 061219
Animal *husbandry* and environment. 062381
Dairy **cattle** *husbandry* in an inexpensive cattle yard. The technical and economic development of a piece of property, 1964-1974. 052397
Cattle *husbandry* in action. 054183
Central herd testing: farmers lose a boarder [**Dairy** *husbandry].* 054167
Cattle *[husbandry]* **development** in Mandi district. 054164
University for Agriculture. Department of Field Crops and **Grassland** *Husbandry.* Annual report, 1974. 058720
University for Agriculture. Department of Field Crops and **Grassland** *Husbandry.* Annual report of the Experiment Station, 1974. 058721
Balanced two-period changeover designs for several treatments [in **livestock** *husbandry].* 054172
African swine fever—a threat to **pig** *husbandry* in many countries. 055779
Poultry *husbandry* and related occupations [Organizations]. 052373
Poultry *husbandry* in the south and Pyrenees region [France]. 054124
Egg size and factors that control it [**Poultry** *husbandry].* 054127
Current problems [**Poultry,** *husbandry].* 054140
Komsomol concern for Romanov **sheep** *husbandry* [Mari ASSR]. 052407
Economic problems in **sheep** *husbandry* in Kazahstan. 052804
Economic problems in **sheep** *husbandry* in North Caucasus. 052805
The 70th birthday of the Academician of the Lenin All-Union Academy of Agricultural Sciences Mikhail Nikolaevich Lushchikhin [**Sheep** *husbandry].* 054232

HYACINTHS

The effect of mechanical wounding of *hyacinth* **bulbs** on the isoenzymes patterns and activities of peroxidase, phenolase and catalase. 058310

HYALINA

A study of assimilation and translocation in **Cuscuta** *hyalina* Heyne ex Roth., Orobanche ramosa L. and Striga hermonthica Benth. [Parasitic and hemiparasitic angiosperms]. 060053

HYALOPHORA

Regulation of *Hyalophora* **cecropia** fat body hexokinase by hexose phosphates common to the pathways of glycolysis, glycogen and trehalose synthesis. 060760
Ultrastructure of active and inhibited prothoracic glands *[Hyalophora* **cecropia].** 060932

HYALURONIDASE

Use of *hyaluronidase* in **feline** urography. 055357

HYBRID

Hybridizing with **African** angraecoids [Angraecum sesquipedale], Asiatic vandas [Vanda sanderiana] and their hybrids. 056933
The function of the nucleolus in the expression of genetic information: studies with *hybrid* **animal** cells [Chicks]. 055106
Phytophthora-resistant potato varieties and *hybrids* **[Breeding].** 057085
Cabbage *hybrid* performances under different planting methods. 059055
Taxonomic problems in the fern genus Polystichum **caused** by *hybridization.* 056399
Characteristics of somatic **cell** *hybrids* (mouse X Chinese hamster) with different ratios of the sets of chromosomes of the parental species. II. Thymidine kinase activity. 055231
Lilium sp. 'Mid **Century** *Hybrids'* adapted to pot use with ancymidol. 058392
A somatometric study of the growth of *hybrids* of **common** guinea fowl (Numida meleagris L., female) X cock (Gallus gallus, male) and of parental varieties. 054664
Michigan corn production. *Hybrids* **compared,** 1976 [Varieties, yields]. 058703
Commercial **corn** *hybrids* performance—Dixon Springs, 1974 [Variety testing]. 058688
Performance of high-yielding **corn** *hybrids* Pioneer X-306 B and Funk's G-795W at high levels of fertilization in the acid and relatively infertile soils (Ultisols and Oxisols) of Puerto Rico. 058788
Dendrobium *hybrids*—Hawaii's endemic orchids? 056931
The *hybridization* of **DNA** from two species of honeybee [Apis mellifera, Apis cerana]. 061330
Hybridizing: if you **don't** try [Orchids]. 056932
The *hybrid* **Dryopteris** assimilis X dilatata in Poland. 056516
Hybridization and **experimental** mutagenesis in certain species of the section Leuce, genus Populus, as a method for genetic investigations and breeding of new forms. 056109
Inheritance of oil and protein content in **first** *hybrid* progeny of sunflowers. 057142
Inheritance of incompatibility in the sugarbeet (Beta vulgaris L.). Analysis of incompatibility in **first-generation** *hybrids.* 057162
Hampshire [swine]—a breed for **future** *hybrid* breeding? 055170
Karyological studies on *hybrids* between the **guinea** fowl (female) and the vulturine guinea fowl (male). 055212
Genetic analysis of Triticum ispahanicum [wheat] **Heslot** *hybrids.* 057115
Differences in the chemical composition of meat and its biological value in the *hybrids* **Hybro** B, Ross an Hubbard [Broilers]. 053850
Mutants of Saccharomyces [cerevisiae] yeasts assimilating hydrocarbons. II. Marking and *hybridization* of the **initial** strains. 057164
A new name for an **intergeneric** *hybrid* in Canarian Crassulaceae. 056481
The genus Perreiraara, with notes on **intergeneric** *hybridizing* [Orchidaceae]. 056934
Aspects and causes of immunological incompatibility and of fertility in **interspecific** *hybridization* [Livestock]. 055280
Pollination ecology of **interspecific** *hybridization* in Verbena. 056956
Maintenance of structural heterozygosity in the F2 generation of **interspecific** *hybrids* of annual Chrysanthemun. 056977
Interspecific *hybrids* between Beta vulgaris L. And the wild species of Beta [Sugarbeets]. 057063
Chromosomal studies on **interspecific** *hybrids* of butterflies (Papilionidae, Lepidoptera). 3. Papilio bianor [female] x Papilio paris [male], Papilio paris [female] x Papilio maackii [male], Papilio bianor [female] x Papilio maackii [male], and Papilio polytes [female] x Papilio maackii [male]. 061001
Characteristics of **intervarietal** *hybrid* orange fruits. 057170
Bovine pyruvate kinase isozymes and *hybrid* **isozymes:** Electrophoretic studies and tissue distribution. 054322
Efficacy of certain placements of granulated systemic insecticides applied to the soil against shootfly (Atherigona varia soccata, Rond.) on *hybrid* **jowar** [Durra]. 060231
Gosford Poultry Testing Station, results of random sample test of commercial *[hybrids]* **layers.** 055021
Comparison of the amino acid composition of the grain of the maize mutant opaque 2 and its *hybrid* with the **line** W 64 A-162. 058215
Hybrids between **Lolium** perenne and Festuca pratensis. IV. Cytological abnormaities. 057106
The nutritive value and feeding quality of silages made from **maize** *hybrids* of different maturity. 054118
A new supplementary method for determining the degree of male sterility in **maize** *hybrids* on male sterile basis. 056981
Economy of raising **male** *hybrid* chicks for broiler production [Costs and returns]. 052498
Studies on fruit drop in Kinnow. A **mandarin** *hybrid* cultivar [Varieties]. 059010
Preliminary effects of incorporating opaque-2 in medium **maturing** *hybrid* maize [Breeding]. 057039
Results from testing some silkworm (Bombyx **mori** L.) *hybrids.* 061385
A *hybrid* between **Myrceugenia** exsucca and Myrceugenia lanceolata. 056086
Geographical distribution of genes of *hybrid* **necrosis** [in wheat] over the territory of the USSR. 056653
Protein polymorphisms in domesticated species: evidence for *hybrid* **origin?** [Plants and animals]. 055101
Endogenous growth substances related to the restart of [the *hybrid* **ornamental** cherry] Prunus Accolade meristems grown in vitro. 058326
Analysis of mesocarp oils from several different oil **palm** *hybrids.* 053623
Analyses of amino acids in flower nectars of *hybrids* and their **parents,** with phylogenetic implications. 056551
Performance of male-sterile stocks of cotton as **parents** and *hybrids.* 056944
4,2',4',6'-tetrahydroxychalcone in pollen of **Petunia** *hybrida.* 058475
Occurrence of larval-pupal intermediates in *hybrid* **pink** bollworms [Pectinophora gossypiella] reared at low temperatures. 060656
Resistance to sycamore anthracnose disease [Gnomonia platani] in *hybrid* **Platanus.** 059447
Some problems of *hybrid* **poplar** [Populus] selection and management in Ontario. 056094
Hybrid **Rhododendron** culture for Georgia gardeners. 058942
Productive efficiency of semi-dwarf cultures derived from Japonica and Indica **rice** *hybrids.* 058683
Differential staining of plant chromosomes. II. Interspecies **rye** *hybrids.* 057180
Hybridizing with African angraecoids [Angraecum sesquipedale], Asiatic vandas [Vanda **sanderiana**] and their *hybrids.* 056933
Productivity of *hybrid* **sheep** of the Lincoln and Romney Marsh types [Effects of crossing]. 055194
Activity of the acid phosphatase of haemolymph of the caterpillars of mulberry **silkworm** *hybrids* [Bombyx mori]. 061341
A *hybrid* between **Sophora** macrocarpa and Sophora microphylla. 056087
Study on some **Soviet** *hybrids* of the silkworm [Bombyx mori] for summer rearing. 061386
Apomixis in a **sterile** *hybrid* species of Potentilla. 056783
Meiosis in **sterile** *hybrids* from crossing strawberry and cultivated strawberry and in garden strawberry genus. 057177
Behavior of **sunflower** *hybrids* and cultivars in eight localities for the agricultural year of 1974-1975 [Yields, Argentina]. 058775
Producing haploids and homozygous forms of Nicotiana tabacum [tobacco] *hybrids* by **tissue** culture. 056982
Characterization of the isoenzyme composition of some enzymes in cytoplasmatic male sterile **tobacco** *hybrids.* 058241
Tomato *hybrids:* their importance, techniques of hybridization, utilization of male sterility. 057126
Evaluating varieties and *hybrids* of **tomatoes** for resistance to red spot disease [Cladosporium fulvum, tomato leaf mold]. 059363
Karyotype studies in Areca catechu L., Areca triandra Roxb. And Areca catechu X Areca **triandra** *hybrids.* 057118
Tomato hybrids: their importance, techniques of *hybridization,* **utilization** of male sterility. 057126
Branched culm barley in Mexico [Breeding, **varieties,** *hybrids].* 056930
Intravarietal, *hybridization* of **wheat** and its effect on the quantitative characters and amino acids. 057133
Wild *hybrids* in the British flora. 056401
Hybridization in **yellow-flowered** European Rorippa species. 056945

HYDATIDOSIS

Observations on the epidemiology of **equine** *hydatidosis* in Ireland. 055587

HYDATIDS

The role of complement in *hydatid* **disease** [Echinococcus granulosus, Echinococcus multilocularis]: in vitro studies [Guinea pigs, sheep, cotton rats]. 055586

HYDATIGENA

Acute cysticercosis [**Taenia** *hydatigena]* in sheep [Parasitic worms]. 055693

HYDRANGEA

Plant mucilages. XI. Isolation and characterization of a mucous polysaccharide, "paniculatan," from the barks of *Hydrangea* **paniculata.** 057498

HYDRATES

Effects of modes of application of *hydrous* **constraints** on several aspects of the morphology and activity of the leaf of Vitis vinifera L., variety Cabernet-Sauvignon [Grapes]. 058325
Changes of *hydrous* and **physical** properties of Solonchak-Solonetz soils as a result of irrigation in the southern part of the region located east from the Volga River. 062228

HYDRATION

Hydration **numbers** of sodium-calcium montmorillonite. 061875

Composition of lipids in the rapeseed **oil** *hydration* sludges. 053856
Protein *hydration*, its role in stabilizing the helix conformation of the protein. 053546

HYDRAULICS

Hydraulics in **agricultural** mechanics. XI. Filtration of hydraulic systems. 061563
Computer program to aid in the *[hydraulic]* **analysis** and design of major [highway] culverts. 055967
Generalization of the *hydraulic* **calculation** formula for channels and rivers. 062337
Comparisons of calculated and measured capillary potentials from line sources *[Hydraulic* **characteristics** of the soil]. 061832
Hydraulics of **closed** conduit spillways. XIV. Antivortex walls for drop inlets [Engineering]. 061392
Determination of *hydraulic* **conductivity** under different soil conservation treatments on orchards. 062119
Determination of the *hydraulic* **conductivity-drainable** porosity ratio from water table measurements. 062318
Hydraulic **effects** of changes in bottom-land vegetation on three major floods, Gila River in southeastern Arizona. 056695
A *hydraulic* **load** cell buoyed lysimeter [Soil water balance measurement]. 061856
Feeding & offbearing with *hydraulic* **loaders** [Log and lumberhandling equipment]. 056209
Hydraulic **model** investigation of Marsh Creek Dam principal spillway in Contra Costa County, California [Agricultural engineering]. 061391
A special [testing] stand for studying the *hydraulic* **power** of machines and implements used for tending cutting [of forest stands]. 061622
The **rogun** *hydraulic* development on the Vakhsh River. 062205
Protecting machinery with *hydraulic* **shocks** [used in sawmills]. 056228
Soil moisture flux and evapotranspiration determined from **soil** *hydraulic* properties in a chaparral stand. 061845
Characteristics of the construction of *hydraulic* **structures** under severe climatic conditions. 061417
Limiting stress of clay soils in cores of high-head dams and foundations of *hydraulic* **structures.** 061685
Hydraulics in agricultural mechanics. XI. Filtration of *hydraulic* **systems.** 061563
Calculating the **unsaturated** *hydraulic* conductivity and diffusivity [of soils]. 061830
Spatial variability of in situ **unsaturated** *hydraulic* conductivity of Maddock sandy loam. 061876

HYDROCARBONS

Standardization of methods for the determination of traces of some volatile chlorinated **aliphatic** *hydrocarbons* in air and water by gas chromatography [Chlorinated pesticides,. 060517
Polycyclic **aromatic** *hydrocarbons* in the environment: homologous series in soils and recent marine sediments. 061672
Mutants of Saccharomyces [cerevisiae] yeasts **assimilating** *hydrocarbons*. II. Marking and hybridization of the initial strains. 057164
The production of extracellular polysaccharides by a *hydrocarbon* **assimilating** yeast [Candida lipolytica]. 057216
Chlorinated *hydrocarbons* and total mercury in the prey of the white-tailed eagle (Haliaeetus albicilla L.) in the Quarken Straits of the Gulf of Bothnia, Finland. 060527
Chlorinated *hydrocarbon* pesticides and mercury in coastal young-of-the-year finfish, South Carolina and Georgia—1972-74 [Water pollution]. 060588
Hydrocarbons, **fatty** acids and sterols of Cronartium fusiforme aeciospores [Agent of fusiform rust]. 059375
Insoluble substrate and oxygen transport in *hydrocarbon* **fermentation** [Single-cell protein]. 053568
The influence of *hydrocarbon* and **glucose** medium on the fungi strains Absidia coerulea (p 23) and Penicillium spec. (M 49). I. A comparison of growth in shake and standing culture. 057994
The influence of *hydrocarbon* **medium** in relation to glucose medium on the fungi strains Absidia coerulea (p 23) and Penicillium spec. (M 49). II. A comparison of morphological structures. 056928
Hydrocarbon-utilizing **mutants** of Saccharomyces [cerevisiae]yeast. III. Production of polyploid forms of the initial strains. 057160
Metabolism of paraffin and **naphthenic** *hydrocarbons* in higher animals. I. Retention of paraffins (normal, cyclo and ramified) in the rat. 053101
Metabolism of paraffin and **naphthenic** *hydrocarbons* in higher animals. II. Accumulation and mobilization in the rat. 053102
Certain regularities of amino acids formation in Candida tropicalis K-4 [yeasts] cultivated on *hydrocarbons* of different **nature.** 057745
In vitro inhibition of [rabbit muscle] lactate dehydrogenase by insecticidal **polychlorinated** *hydrocarbons*. I. Mechanism of inhibition: possible association of reduced nicotinamide adenine dinucleotide with Mirex. 060564

HYDROCHARITACEAE

Range **extensions** in the *Hydrocharitaceae*. 056396

HYDROCHLORIC

Vanillin-hydrochloric **acid** as a histochemical test for tannin [Plant tissues]. 057956

HYDROCHLORIDE

Synthesis of **3-amino-2,3,6-trideoxy-D-ribo-hexose** *hydrochloride*. 053509
Anesthesia of marmots with sodium pentobarbital, **ketamine** *hydrochloride*, and a combination of droperidol and fentanyl. 055324

HYDROCORTISONE

Effects of cortisol and of *cortisol-transcorin* **complex** on transcription in calf thymus chromatin. 054413
Measurement of *cortisol*, **cortisone,** 11-deoxycortisol and corticosterone in foetal sheep plasma during the perinatal period. 054588

HYDROCYANIC

Hydrocyanic **acid** concentration at different ages of high yielding varieties of sorghum. 058071

HYDRODICTYON

Active influx of hexose in *Hydrodictyon* **africanum** [Algae, glucose transport and metabolism]. 057774
Effects of CCCP [carbonyl cyanide m-chloro phenylhydrazone] on photosynthesis and on active and passive chloride transport at the plasmalemma of *Hydrodictyon* **africanum** [Algae]. 057775
Glucose metabolism in *Hydrodictyon* **africanum** in relation tocell energetics [Algae]. 057776
Sources of ATP [adenosine triphosphates] for active phosphate transport in *Hydrodictyon* **africanum:** evidence for pseudocyclic photophosphorylation in vivo [Algae]. 057781
The rate of cyclic and non-cyclic photophosphorylation and oxidative phosphorylation, and regulation of the rate of ATP consumption in *Hydrodictyon* **africanum** [Algae]. 057785
Photosynthesis, respiration and growth in the shade **alga** *Hydrodictyon* africanum. 057832

HYDROELECTRIC

Monthly sedimentation in some reservoirs of *hydroelectric* **stations** in Finland. 062192

HYDROGEN

Grafting of vinyl monomers to pulps using **Acetic** *acid-hydrogen* peroxide as initiator system. 056147
Research on the polyphenoloxidases of cherry. III. Catalytic properties of some active [enzyme] types with **acid** *hydrogen-ion* concentration. 058272
Effect of 1,1,1-trichloro-2,2-bis(p-chlorophenyl)-ethane (DDT) on the prenatal development of house mice (with special regard to transplacental transport and metabolism of *hydrogen* and **carbon** isotope marked DDT in pregnant mice. 060584
31P [phosphorus isotope] nuclear magnetic resonance-pH *[hydrogen-ion* **concentration]** titrations of myo-inositol hexaphosphate [Biochemistry of cereal grains]. 053893
Effect of ligatured pancreatic duct on the intestinal pH *[hydrogen-ion* **concentration]** in the rabbit. 054412
Measuring value of blood halothane concentration, blood gas and pH *[hydrogen-ion* **concentration]** in anesthetized horses. 055297
Identification of immunoglobulins associated with complement fixation, agglutination, and low pH *[hydrogen-ion* **concentration]** buffered antigen tests for brucellosis [Cattle]. 055409
Phosphate uptake in Chlorella pyrenoidosa [Algae]. II. Effect of pH *[hydrogen-ion* **concentration]** and of SH [sulfhydryl] reagents. 057318
Influence of pH *[hydrogen-ion* **concentration]** and temperature on the substrate yield coefficient of yeast [Saccharomyces cerevisiae] growth in a chemostat. 057323
An electrophoretic and pH *[hydrogen-ion* **concentration]** comparison of the soluble trehalases of several insect species. 060758
Nitrite decomposition in flooded soil under different pH *[hydrogen-ion* **concentration]** and redox potential conditions. 061840
Arsenic Eh [redox potential]-pH *[hydrogen-ion* **concentration]** diagram and comparisons to the soil chemistry of phosphorus. 061871
Gaseous loss of ammonia from sulfur-coated urea, ammonium sulfate, and urea applied to calcareous soil (pH *[hydrogen-ion* **concentration]** 7.3). 062032
Induced potential for male sex expression in Ricinus communis L. [Casterbean] by **ethyl** *hydrogen-1-propylphosphonate*. 057140
Inhibitory effects of H2 *[hydrogen]* on **growth** of Clostridium cellobioparum [Rumen bacteria]. 054320
Quantitative relationships between phosphorylation, electron flow, an **internal** *hydrogen* ion concentrations in spinach chloroplasts. 058399
Modification of citrate transport and **intraparticular** *hydrogen-ion* concentration by adenosine triphosphate in lutoids of Hevea brasiliensis latex. 057371
Characteristics of light induced H+ *[hydrogen* **ion]** transport in spinach chloroplast at lower temperatures. I. Relationship between H+ transport and physical changes of the microenvironment in chloroplast membranes. 058487
Characteristics of light-induced H+ *[hydrogen* **ion]** transport in spinach chloroplast at lower temperatures. II. A possible role of structured water in H+ transport of chloroplast near 0C [Celsius]. 058488
Cautionary note on the use of [methyl-3H]thymidine *[hydrogen* **isotope]** to measure rates of chloroplast DNA synthesis in Chlamydomonas reinhardtii [Algae]. 057658
Longitudinal and lateral transport of [3,4-3H] *[hydrogen* **isotope]** gibberellin A1 and 3-indolyl (acetic acid-2-14C) [carbon isotope] in upright and geotropically responding green internode segments from Helianthus annuus [sunflowers]. 058135
Rhythmic increase in DNA content and incorporation of [3H]thymidine *[hydrogen* **isotope]** in the developing wheat embryo during seed germination. 058211
Synthesis of 10,11-epoxy-6,7-trans-2,3-trans-farnesyl-[2,3-3H] *[hydrogen* **isotope]** propenylether, a juvenile hormone efficient compound [in insects] with very high specific radioactivity. 060883
Tritium *[hydrogen* **isotope]** behaviour pattern in some soil-plant systems in a tropical environment. 062451
Enterohepatic cycling of 3H *[hydrogen* **isotope]-estrone** in the bull: identification of estrone-3-glucuronide. 054616
Continuous determination of 3H *[hydrogen* **isotope]-labelled** 3,4-dihydroxyphenethylamine (dopamine) synthesis and releasein the cat caudate nucleus in vivo. 054710
The metabolism of 3H *[hydrogen* **isotope]-molting** hormone in Calliphora erythrocephala at the mature larval and white puparial stages. 060884
H3 *[hydrogen* **isotope]-uridine** autoradiographic study of spermatogenesis in the mole cricket, Gryllotalpa fossor Scudder. 060986
Incorporation of H3 *[hydrogen* **isotope]-uridine** into the salivary gland chromosomes of Drosophila melanogaster. 061020
Nonspecific bacterial activity of the *lactoperoxidase-thiocyanate-hydrogen* **peroxide** system of [bovine] milk against Escherichia coli and some gram-negative pathogens. 055575
Odor control with *hydrogen* **peroxide.** 062477
Use of *hydrogen* **peroxide** in determining the BOD [biochemical oxygen demand]. 062545
Observations on brilliant green agar with an H2S *[hydrogen* **slfide]** indicator [Identification of Salmonella]. 052949

HYDROGENATION

C18 [carbon] unsaturated fatty **acid** *hydrogenation* patterns of some rumen bacteria and their ability to hydrolyse exogenous phospholipid. 054384
Synthesis of optically active pyrocin by **asymmetric** *hydrogenation* [Pyrethrins, insecticides]. 060515
Digestibility of **partially** *hydrogenated* herring oil in the rat. 054770

HYDROLASES

Gibberellic acid-induced secretion of *hydrolases* in **barley** aleurone layers. 058184
Characterization of a **triglyceride** *hydrolase* secreted by canine liver maintained in vitro. 054679

HYDROLOGY

Conceptual *hydrological* model for an average-sized catchment area. I. Concepts and relationships [Calculation of water transfers]. 062252
Conceptual *hydrological* model for an average-sized catchment area. II. Estimate of parameters, validity of model, applications. 062253
Hydrology and **primary** production of phytoplankton in the Baltic [Algae]. 056742
Effects of *hydrologic* **regime** on magnitude and frequency of dominant discharge. 062254
A discrete linear cascade model for *hydrology* **[Water** resources]. 062250
An optimization technique adapted to USDAHL-74 revised model of **watershed** *hydrology*. 062351

HYDROLYSIS

Giemsa staining of root tip chromosomes after **acid** *hydrolysis* [Lentil seedlings, onion bulbs]. 056873
The stimulating action of K+ [potassium ion] on the *hydrolytic* **activity** of soluble mitochondrial ATPase [adenosine triphosphatase, bovine heart mitochondria]. 054348
Study of the kinetics of **deep** *hydrolysis* of secondary cellulose acetate [from cotton]. 053973
Hydrolysis of **D-galactosides** in an open tubular lactase reactor [Lactose, milk]. 053675
Enzymatic *hydrolysis* of food protein for amino acid analysis. I. Solubilization of the protein. 053585
Action of *hydrolytic* **enzymes** on the fluorescence spectra of pigment-lipoprotein complexes of Photosystem I [Pea chloroplasts]. 058452
Studies on the cell wall of Schizophylum commune [Fungi]. Permethylation and **enzymic** *hydrolysis*. 057387
The *hydrolysis* of **herbicidal** phenoxyalkanoic esters to phenoxyalkanoic acids in Saskatchewan soils. 060072
Studies on hydrolysis reaction of model substances of cellulose in the presence of polymer catalysts. 5. **Heterogeneous** *hydrolysis* of fibrous cellulose in the presence of poly(vinyl alcohol-co-vinylsulfonic acid). 056197
Induced *hydrolytic* rancidity in milk in relation to farm production, storage & assembly procedures. 052972
Hydrolysis of **lactose** contained in the ultra-filtrate of milk of lactoserum in a membrane enzymatic reactor. 053748
Hydrolysis of **methylparathion** [insecticide] in soils. 060563

Covalent structure of the extracellular polysaccharide from Xanthomonas campestris: evidence from **partial** *hydrolysis* studies. 059504
Saccharification of bagasse pith. 1. On *hydrolysis* of **pentosans.** 053960
Bitter peptides isolated from maize protein zein by *hydrolysis* with **pepsin** [Food chemistry]. 053653
Analysis of **phosphorus-containing** *hydrolytic* products of organophosphorus insecticides in water. 060140
Application of glucoamylase bound with DEAE [diethylaminoethyl-cellulose for *hydrolysis* of **[potato]** starch by continous method. 053979
Determination of the level of polymerization and rate of destruction of secondary cellulose acetate [from cotton] in the **process** of *hydrolysis.* 053972
Colorimetric estimation of lactose and its *hydrolytic* **products** [Milk, whey]. 053733
Studies on *hydrolysis* **reaction** of model substances of cellulose in the presence of polymer catalysts. 5. Heterogeneous hydrolysis of fibrous cellulose in the presence of poly(vinyl alcohol-co-vinylsulfonic acid). 056197
Evidence of a pollen esterase capable of *hydrolyzing* **sporopollenin** [Barley]. 058077
Kinetic studies of alpha-galactosidase-containing mold pellets on PNPG [p-nitrophenyl-alpha-D-galactopyranoside] *hydrolysis* [**Submerged** culture of Mortierella vinacea]. 053489

HYDROLYZATES

Cultivation of Candida tropicalis K-41 [yeasts] on blue-green **algae** *hydrolyzates.* 057746
Determination of amino acids in *hydrolysates* of **plant** materials by gas chromatography. 057922

HYDRONEPHROSIS

A note on the pathological features of *hydronephrosis* in **buffaloes** (Bubalus bubalis). 055853

HYDROPHOBIC

Hydrophobic **interaction** in sugar solutions: results from gel interaction study. 053600

HYDROPONICS

Studies on production of vegetable crops in *hydroponics.* X. **Effects** of environmental factors on oxygen uptake by the intact tomato root. 058518
Studies on production of vegetable crops in *hydroponics.* XI. **Effects** of nutrient solution temperature on growth of tomato seedlings. 058519

HYDROPORUS

A **new** *Hydroporus* from Bulgaria (Dytiscidae, Coleoptera) [Hydroporus (Sternoporus) gueorguievi n. sp.]. 061255

HYDROPSYCHIDAE

The *hydropsychidae* **(Trichoptera)** in Staffordshire. 061218

HYDROSTATICS

The increase of plant cell resistance after the action of **high** *hydrostatic* pressure [Tradescantia fluminensis]. 057977
Effect of a **raised** *hydrostatic* pressure on wood membranes. 1. Density of woody material. 056248

HYDROXIDES

Studies in chemically modified celluloses. VIII. Hypochlorite oxidaton of [cotton] cellulose in the presence of **cuprous** *hydroxide.* 053931
Plasmalemma transport of HCO3- and OH- [bicarbonate and *hydroxide* **ions**] in Chara corallina [Algae]: non-antiporter systems. 057700
Experiences in straw disintegration with **sodium** *hydroxide* on the Damm state farm [East Germany]. 054080
Hints on the spring storage of straw disintegrated with **sodium** *hydroxide* in a silage-like form. 054081

HYDROXYBENZOIC

The effects of *3,5-diiodo-4-hydroxybenzoic* **acid** on the oxidation of IAA [indole-3-acetic acid] and auxin-induced ethylene production by [garden] cress root segments. 058509

HYDROXYCHOLECALCIFEROL

The influence of 1 *alpha-hydroxycholecalciferol* on **plasma** calcium and phosphate levels in cattle. 054419
What about *25-hydroxycholecalciferol* for **poultry?** [Diets, rickets, leg disorders]. 054793

HYDROXYCORTICOSTEROIDS

Effect of short-time loads on the levels of 17-OHCS *[hydroxycorticosteroids],* **free** fatty acids and glucose in the blood of sheep. 054743

HYDROXYLASE

Characterization of a cytochrome P-450 dependent **monoterpene** *hydroxylase* from the higher plant Vinca rosea. 057302
Research on subcellular localization of procollagen **proline** *hydroxylase* from chick liver. 054375
In vivo and in vitro activation of soluble **tryptophan** *hydroxylase* from rat brainstem. 054647

HYDROXYLATION

Failure of *19-hydroxylated* **androgens** to inhibit compensatory ovarian hypertrophy in the rat. 055143
Microbiological hydroxylation. XX. *Hydroxylation* of **dioxygenated** 5 alpha-androstanes with the fungi Absidia regnieri and Syncephelastrum racemosum. 057671
Microbiological hydroxylation. XXI. *Hydroxylations* of **3halogeno-17-oxo,** 3-halogeno-7-oxo-, and 17-halogeno-3-oxo-androstanes by the fungi Calonectria decora, Rhizopus nigricans, and Aspergillus ochraceus. 057670
Indole *hydroxylation* in various plant species [Barley, beans, Tradescantia albiflora]. 057217
Fungal products. XVII. **Microbiological** *hydroxylation* of gibberellin A9 and its methyl ester [Gibberella fujikuroi]. 057666
Microbiological *hydroxylation.* XXI. Hydroxylations of 3halogeno-17-oxo, 3-halogeno-7-oxo-, and 17-halogeno-3-oxo-androstanes by the fungi Calonectria decora, Rhizopus nigricans, and Aspergillus ochraceus. 057670
Microbiological *hydroxylation.* XX. Hydroxylation of dioxygenated 5 alpha-androstanes with the fungi Absidia regnieri and Syncephelastrum racemosum. 057671
Microbiological *hydroxylation.* XIX. The action of an ant fungus ('Acromyrmex fungus') on oxygenated androstanes, pregnanes, and cholestanes [Acromyrmex octospinosus]. 057672
New *hydroxylated* ent-kauranoic acids from Eupatorium album. 057716
Hydroxylation of **p-coumaric** acid by horseradish peroxidase: The role of superoxide and hydroxyl radicals. 058284
The in **vitro** *hydroxylation* of 4'-chloro-4-biphenylol by a mushroom [Psalliotis arvense] tyrosine preparation [Testing oxidative degradation of polychlorinated biphenyls]. 057402

HYDROXYLS

Hydroxylation of p-coumaric acid by horseradish peroxidase: The role of superoxide and *hydroxyl* **radicals.** 058284

HYDROXYMETHYL

Tris *[hydroxymethyl* **aminomethane]-induced** K+ [potassium ion]-efflux from Chlorella sorokiniana [Algae]. 057913
Effect of Tris *[-(hydroxymethyl)-aminomethane]* on **light** response of lettuce seeds. 058500
Efficacy of **orally-administered** *N-hydroxymethyl-DL-methionine* (Ca) as a surce of methionine for ruminants. 054907

HYDROXYPROLINE

Quantitative changes in *hydroxyproline* and **glycine** of the differentiating vitreous body of the chick. 054500

HYDROXYPROPYL

In vitro digestibility of *hydroxypropyl* **distarch** phosphate and unmodified tapioca starch. 053130
Studies on the syntheses of heterocyclic compounds. DCXXXII. Total synthesis of (plus, minus)-mappicine *[7-(1-hydroxypropyl)-8-methyl-indolizino[1,2-b]quinolin9(11H)-one]* **[Mappia** foetida]. 057684

HYDROXYSTEROID

17 beta *hydroxysteroid* **dehydrogenase** of the sheep ovary: purification, properties and substrate binding site. 054382

HYDROXYTRYPTAMINE

Possible role of histamine receptors in cardiovascular responses to *5-hydroxytryptamine* in the **chicken.** 054331
Adenosine cyclic 3',5'-monophosphate in the liver fluke, Fasciola hepatica. I. Activation of adenylate **cyclase** by *5-hydroxytryptamine.* 055677
The quantitative amount of *5-hydroxytryptamine* and **dopamine** in the nervous system of Periplaneta americana (L.). 061058
Studies on the relative effects of prostaglandins, bradykinin, *5-hydroxytryptamine* and **histamine** on the synovial microcirculation in dogs. 054390

HYDROXYUREA

Recombination and *hydroxyurea* **inhibition** of DNA synthesis in yeast [Saccharomyces cerevisiae] meiosis. 057096
Ultrastructural study of the effect of *hydroxyurea* on the **interphase** nucleus of Allium sativum L. [Garlic]. 056816
Anticonidiogenic action of *hydroxyurea* in **Neurospora** crassa[Fungi]. 057362

HYGIENE

Imperatives of *hygiene* in the **concept,** equipment and exploitation of slaughterhouses and units for processing meat. 052963
Hygiene in the **food** industries. 052956
Development of activities in the field of veterinary **food** *hygiene.* 053014
Sheep **housing** and *hygiene.* 055344
Theoretical and technological aspects of the destruction of microorganisms [Beverage **industry,** *hygiene].* 052957
Milking **machine** *hygiene* and milk quality. 052971
Sedation of slaughter swine before transport and the resulting veterinary medical, legal and **meat** *hygienic* problems. 053060
Some examples of the *hygienic* and **nutritional** qualities of foods. 052961

HYLOTRUPES

A beetle that eats beams, the house longhorn *[Hylotrupes* **bajulus],** 060350
Mono-oxygenated monoterpenes from the frass of the wood-boring **beetle** *Hylotrupes* bajulus (L.). 061031

HYLURGOPINUS

Dutch elm disease [Elm bark beetles, *Hylurgopinus* **rufipes,** Scolytus multistriatus] control: performance and costs. 060380

HYMENAEA

Systematics of the **genus** *Hymenaea* L. (Leguminosae, Caesalpinioideae, Detarieae). 056651

HYMENOPHYLLUM

A new species of *Hymenophyllum* **[crassipetiolatum]** from Central America. 056380

HYMENOPTERA

Preimaginal phases of development of Exenterus **abruptorius** *(Hymenoptera,* Ichneumonidae). 061071
Sawflies of the tribe Pseudodineurini in North **America** *(Hymenoptera:* Tenthredinidae) [New taxa]. 061230
Further observations on the function of male territories in the carpenter bee Xylocopa (Neoxylocopa) Hirsutissima Maidl **(Anthophoridae,** *Hymenoptera).* 060982
Epeoloides coecutiens F. *(Hymenoptera,* **Antophoridae)** in Finland [Insect distribution]. 061104
Adnexal glands of the sting apparatus in bees: anatomy and histology. V. *(Hymenoptera:* **Apidae)** [Includes Apis mellifera]. 060937
Genetic basis for resistance to insect pathogens [Bacillus thuringiensis, virus diseases, *Hymenoptera,* **Apis** mellifera, Bombyx mori]. 061042
Behavior and colony development of Vespula pensylvanica andVespula **atropilosa** *(Hymenoptera:* Vespidae). 060938
Peponapis citrullina (Cockerell) in the Orinoco **Basin** *(Hymenoptera:* Apoidea). 061228
Mating behavior in halictine **bees** *(Hymenoptera:* Halictidae). I. Patrolling and age-specific behavior in males. 060943
Records of rare species of **bees** *(Hymenoptera,* Apoidea) including a species new to Finland. 061111
Goniozus gallicola fouts, a parasite of moth larvae [Pectinophora gossypiella, Phthorimaea aperculella], with notes on other **bethylids** *(Hymenoptera:* Bethylidae; Lepidoptera: Gelechiidae). 060412
Contribution to the knowledge of some remarkable species of **Braconidae** *(Hymenoptera:* Braconidae) [New taxa]. 061130
Ectoparasites **Chalcididae** *(Hymenoptera:* Chalcidoidea) parasites of Dacus oleae Gml. (Diptera: Trypetidae) [Biological control]. 060255
Parthenogenetic reproduction of Trichospilus diatraeae Cher. And Margab. *(Hymenoptera,* **Chalcidoidea).** 060708
Revision of the bee genus Xenorhiza Michener of New Guinea, with descriptions of two new species [Xenorhiza carinata, Xenorhiza cylindrica] *(Hymenoptera,* **Colletidae).** 061171
Effect of nest substrata on the mortality of Eumenes **colonaSaussure** *(Hymenoptera)* and its inquilines. 060888
Genetics of sex determination in [Melipona] bees. IX. Frequencies of queens and workers from larvae under controlled **conditions** *(Hymenoptera:* Apoidea). 060941
Controlling house flies [Musca domestica] at a dairy installation by releasing a protelean parasoid, Spalangia **endius** *(Hymenoptera:* Pteromalidae). 060439
Biologically active ingredients in the venom of yellow wasp, Polistes hebraeus **Fabricus** *(Hymenoptera:* Polistidae). 060671
Biologically active ingredients in the venom of yellow wasp, Polistes hebraeus **Fabricus** *(Hymenoptera:* Polistidae). 060672
The taxonomy of some species of the genus Phygadeuon **Gravenhorst** *(Hymenoptera,* Ichneumonidae). 061265
Revision of the European Osmia (Chalcosmia) species of the fulviventris **group** *(Hymenoptera:* Apoidea: Megachilidae) [New taxa]. 061253
Observations on Townesia tenuiventris (Himgr) *(Hymenoptera,* **Ichneumonidae)** and its hosts Chelostoma maxillosum (L.) (Hymenoptera, Megachilidae) and Trypoxylon figulus (L.) (Hymenoptera, Sphecidae) [Biological control of insect pests of forest trees]. 060347
Origin and embryonic development of fertile gonads with and without pole cells of Pimpla turionellae L. *(Hymenoptera,* **Ichneumonidae).** 061065
Ichneumonological *(Hymenoptera)* reports from Finland. III. 061106
Embolemidae of Japan, with description of a new species of Embolemus from Hachijo **Island** *(Hymenoptera,* Bethyloidea). 061170
On the genera Janus Lepeletier and Calameuta **Konow** *(Hymenoptera,* Cephidae) in eastern Fennoscandia [Insect distribution]. 061109
The organization of colony defense in the ant Pheidole dentata **Mayr** *(Hymenoptera:* Formicidae). 060691

Observations on Townesia tenuiventris (Hlmgr) (Hymenoptera, Ichneumonidae) and its hosts Chelostoma maxillosum (L.) *(Hymenoptera,* **Megachilidae)** and Trypoxylon figulus (L.) (Hymenoptera, Sphecidae) [Biological control of insect pests of forest trees]. 060347
New Palaearctic species of the genus **Metaphycus** *(Hymenoptera,* Chalcidoidea). 061270
Nest reutilization by Polistes **metricus** *(Hymenoptera:* Vespidae) and possible limitation of multiple foundress associations by parasitoids [Chalcoela iphitalis]. 060944
A new genus of Pteromalidae from Missouri, the type-species of which Parasitizes uloborus octonarius **muma** *(Hymenoptera:* Chalcidoidea; Araneida: Uloboridae). 061188
Bioassay of pine oil components as attractants for Sirex **noctilio** *(Hymenoptera:* Siricidae) using electroanthennogram techniques. 060353
Notes on Acantholyda flaviceps (Retz.) *(Hymenoptera,* **Pamphiliidae)** in eastern Fennoscandia. 061107
Ecology and structure of the family in Tetramorium **schneideri** *(Hymenoptera,* Formicidae). 061069
Comparative efficiency of alfalfa pollination by Nomia melanderi, Megachile rotundata, Anthidium florentinum and Pithitis **smaragdula** *(Hymenoptera:* Apoidea). 060939
Lasioglossum discum (Smith)—a west palaearctic rather thana nearctic **species** *(Hymenoptera:* Halictidae). 061190
Observations on Townesia tenuiventris (Hlmgr) (Hymenoptera, Ichneumonidae) and its hosts Chelostoma maxillosum (L.) (Hymenoptera, Megachilidae) and Trypoxylon figulus (L.) *(Hymenoptera,* **Sphecidae)** [Biological control of insect pests of forest trees]. 060347
Nesting behavior of Trichogorytes cockerelli (Ashmead) *(Hymenoptera,* **Sphecidae,** Nyssoninae). 060775
A gynandromorphic example of the species Psenulus schencki (Tourn.) *(Hymenoptera,* **Sphecoidea).** 061099
Notes on the occurrence of Philanthus triangulum F. *(Hymenoptera,* **Sphecoidea,** Philanthidae) in Finland. 061108
Nesting aggregations of the euglossine bee Euplusia **surinamensis** *(Hymenoptera:* Apidae): individual interactions and the advantage of living together. 060734
Notes on the nests and prey of two subspecies of Cerceris rufimana **Taschenberg** *(Hymenoptera:* Sphecidae: Cercerini). 060945
Notes on some Nematine sawflies [Anoplonyx] feeding on Larix [sibirica, Larix decidua] *(Hymenoptera,* **Tenthredinidae).** 060346
Nesting of Stizus iridis at the **type-locality** *(Hymenoptera:* Nyssonidae). 060997
Redescriptions of two exotic Alysiine **wasps** *(Hymenoptera,* Braconidae, Alysiinae) [Coelalysia lusoriae, Idiasta nigripennis]. 061262
Eurytoma laricis **Yano** *(Hymenoptera,* Eurytomidae) found in Finland in Larix seeds from the Novosibirsk region. 060344

HYOSTRONGYLUS

The passive transfer of humoral immunity from sows infected with *Hyostrongylus* **rubidus** (Hassal and Stiles, 1892), the red stomach worm, to their offspring and its significance in the conferring of protective immunity. 055539

HYPERA

Behavior of the adult alfalfa weevil *[Hypera* **postica]** in diapause. 060642
Morphology, biology and ecology of populations of *Hypera* **postica** (Gyllenhal) Coleoptera: Curculionidae in Quebec. 060963
Studies of cross-mating among strains of the alfalfa weevil *[Hypera* **postica,** Coleoptera: Curculionidae] from the United States and Western Europe. 060998
Bathyplectes curculionis in Oklahoma: distribution and effective parasitism of the alfalfa weevil *[Hypera* **postica].** 061119

HYPERCALCEMIA

Electrocardiographic changes after **induced** *hypercalcemia* and hypocalcemia in cattle: reversal of the induced arrhythmia with atropine. 055816

HYPERCAPNIA

Vascular responses to short-term systemic hypoxia, *hypercapnia,* and **asphyxia** in the cat. 054296
The effect of *hypercapnia* on a **blood-brain** barrier mechanism in foetal and new-born sheep. 054611

HYPERCOLESTEROLEMIA

Lipids in red blood cells of **mature** *hypercholesterolemic* rats in relation to sex and biotin status 053286

HYPERLIPEMIA

Intervention in type II disease in children [Nutritional **management** of *hyperlipoproteinemia].* 053295

HYPERTENSION

Renal microvasculature in **spontaneously** *hypertensive* rats. 054630

HYPERTROPHY

Failure of 19-hydroxylated androgens to inhibit compensatory **ovarian** *hypertrophy* in the rat. 055143

HYPHOMYCETES

Culture peculiarities of **aquatic** *hyphomycetes* [Fungi]. III. Effect of yeast extract on mycelium linear growth. 057978
An undescribed species of Microclava [indica] *(Hyphomycetes)* from **Karnataka** [Fungi, new taxa]. 056487
Fungi of Barro Colorado Island: **new** and interesting *Hyphomycetes.* 056468
Conidiogenesis in **pathogenic** *hyphomycetes.* I. Sporothrix, Exophiala, Geotrichum and Microsporum. 059470

HYPNEA

North Carolina marine algae. VII. New species of *Hypnea* and **Petroglossum** (Rhodophyta, Gigartinales) and additional records of other Rhodophyta. 056575

HYPOCALCEMIA

Electrocardiographic changes after induced hypercalcemia and *hypocalcemia* in **cattle:** reversal of the induced arrhythmia with atropine. 055816
The effect of different calcium doses in milk fever therapy; a comparative internordic field study *[Hypocalcemia,* **dairycattle].** 055865
Supply of calcium for calving [Milk **fever,** *hypocalcemia].* 055863

HYPOCHLORITE

Method of detecting the eventual presence of *hypochlorite* in **farm** milks. 053784
Studies in chemically modified celluloses. VIII. *Hypochlorite* **oxidaton** of [cotton] cellulose in the presence of cuprous hydroxide. 053931

HYPOCOTYLS

Effect of 3-methyleneoxindole on root initiation of mung **bean** *hypocotyl.* 058176
In vitro binding of IAA [indoleacetic acid] to plasma membrane-rich fractions containing Mg++ [magnesium ions]-activated ATPase [adenosine triphosphatase] from mung **bean** *hypocotyls.* 058490
Auxin-gibberellin relationships in their effects on *hypocotyl* **elongation** of light-grown cucumber seedlings. IV. Inhibition of IAA [indoleacetic acid]-induced elongation by N,N-dicyclohexylcarbodiimide and its reversal by gibberellin A3. 058486
Involvement of ethylene in the suppression of *hypocotyl* **elongation** in CMV [cucumber mosaic virus]-infected cucumbers. 059621
Influence of kinetin on potassium movement in the *hypocotyls* of **Helianthus** annuus [Sunflowers]. 058027
Influence of light on the bioelectric potential of the bean (Phaseolus vulgaris) *hypocotyl* **hook.** 058462
Regulation of **lettuce** *hypocotyl* elongation by gibberellic acid. Correlaton between cell elongation, stress-relaxation properties of the cell wall and wall polysaccharide content. 058493

HYPODERMA

The warble fly *[Hypoderma* **bovis,** Hypoderma lineatum, cattle]. 060413
Responsibility of laboratories and veterinarians in the matter of accidents during treatments of bovine hypodermosis by organophosphorus. Suggestions for indemnity *[Hypoderma,* **control],** 055356
The warble fly [Hypoderma bovis, *Hypoderma* **lineatum,** cattle]. 060413
Treatment and prophylaxis of cattle hypodermosis *[Hypoderma]:* **present** data. 055756
Migration of larvae of *Oedemagena* **tarandi** L. In artificial infection of deer. 060489

HYPODERMOSIS

Responsibility of laboratories and veterinarians in the matter of accidents during treatments of **bovine** *hypodermosis* by organophosphorus. Suggestions for indemnity [Hypoderma, control]. 055356
Treatment and prophylaxis of **cattle** *hypodermosis* [Hypoderma]: present data. 055756

HYPOGASTRURA

The postantennal organ: a specialized unicellular sensory input to the protocerebrum in apterygotan insects (Collembola) *[Hypogastrura* **socialis,** Isotoma olivacea]. 060747

HYPOGLYCEMIA

Glycogen forming substances in dairy cows. I. Increments in blood plasma glucose in cows with varying degrees of *hypoglycemia* and **ketonemia** after ingestion of sodium propionate. 055861

HYPOMYCES

Metabolites of pyrenomycetes. IV. Rosellisin, an antibiotic alpha-pyrone from *Hypomyces* **rosellus** [Fungi]. 057960

HYPOPHYSECTOMY

Effect of *hypophysectomy* and **estrogen** treatment on long bone fracture **healing** of young domestic fowls. 055924
Growth characteristics of intact and *hypophysectomized* **female** hamsters. The effect of bovine growth hormone on hypophysectomized hamsters. 054505
Effect of growth hormone on growth in **immature** *hypophysectomized* pigs. 054583
Effect of *hypophysectomy* on **lipogenetic** activity of fatty tissues of the rabbit. 054411

HYPOPHYSIS

A *hypophysis-abscess-syndrome* in **cattle.** III. Pathogenesis [Infectious diseases]. 055709

HYPOPYSIS

Correlations between the testes and different sections of the *hypothalamo-hypophysial* **system** in sables [Artificial insemination]. 055067

HYPOTENSION

Reflex bradycardia and *hypotension* **produced** by prostaglandin F2alpha in the cat. 055293

HYPOTHALAMUS

Hypothalamic and **brachial** nerve effects on circulation of isolated canine forelimb. 054277
Artificial induction of lactation by *hypothalamic* **implantation** of perphenazine in virgin goats. 054572
Dissociation of adrenocortical secretory responses to cyanide and pilocarpine in dogs with *hypothalamic* **lesions.** 054650
Correlations between the testes and different sections of the *hypothalamo-hypophysial* **system** in sables [Artificial insemination]. 055067

HYPOTHERMIA

Resistance of erythrocytes to harmful factors during **carniocerebral** *hypothermia* [Dogs]. 054399

HYPOTHYROID

Effect of **propylthiouracil-induced** *hypothyroidism* on phosphatidylcholine, phosphatidylethanolamine, and sphingomyelin synthesis in chick liver microsomes. 054424

HYPOXIA

Effects of temperature, *anoxia* and other **metabolic** inhibitors on translocation [Phloem]. 057533
Vascular responses to short-term **systemic** *hypoxia,* hypercapnia, and asphyxia in the cat. 054296
Effect of *anoxia* on the **water** circulation in young maize plants in darkness. 058042

HYPOXIDACEAE

Chromosomal studies in Hypoxis L. *(Hypoxidaceae).* I. **Karyotype** of Hypoxis decumbens L. 057128

HYPOXYLON

Presence of canker of aspen [Populus] caused by *Hypoxylon* **mammatum** (Wahl.) Mill in France. 059223

HYSTERECTOMY

Luteolysis with prostaglandin F2alpha or an antiserum against an equine pituitary fraction in *hysterectomized* **mares.** 055024

HYSTRICHOPSYLLIDAE

Rhadinopsylla (Actenophthalmus) mesoides Smit, 1957 (Siphonaptera, *Hystrichopsyllidae)* in **Czechoslovak** western Carpathians. 061173

ICE

Ice **cream** formulas. 053668
Big O Foods, Inc., a teaching food [product development] company *[Ice* **cream].** 053744
A field study on the relationship of temperature and *ice* to [**frozen** soil] infiltration at a spray irrigation facility. 061771
Equipment probe 10: the cold facts about *ice* **makers.** 053436
Ice **nucleation** on wheat [Frost injury]. 059699
Quality ingredients are needed to make a **quality** *ice* cream. 053669
Water, *ice* and **solutions** of simple molecules [Food]. 053560
Metabolism of pyruvate in postmortem adductor muscle of the sea scallop (Placopecten magellanicus) during *iced* **storage.** 053604

ICHNEUMONIDAE

Observations on Townesia tenuiventris (Hlmgr) (Hymenoptera, *Ichneumonidae)* and its **hosts** Chelostoma maxillosum (L.) (Hymenoptera, Megachilidae) and Trypoxylon figulus (L.) (Hymenoptera, Sphecidae) [Biological control of insect pests of forest trees]. 060347
Origin and embryonic development of fertile gonads with and without pole cells of Pimpla turionellae L. **(Hymenoptera,** *Ichneumonidae).* 061065
Preimaginal phases of development of Exenterus abruptorius **(Hymenoptera,** *Ichneumonidae).* 061071
The taxonomy of some species of the genus Phygadeuon Gravenhorst **(Hymenoptera,** *Ichneumonidae).* 061265

IGNITION

From the grain dryer to the gas stove: *ignition* **systems.** 061510

ILEUM

Mechanics of **canine** *iliac* artery smooth muscle in vitro. 054282

ILEX

Inflorescence development and fruit set in *Ilex* **cornuta** Lindl. et Paxt. cv. Burfordii as influenced by temperature and photoperiod. 058391

Susceptibility of Japanese holly *[Ilex* **crenata]** to Criconemoides xenoplax, Tylenchorhynchus claytoni, and certain other plant-parasitic nematodes. 059809
CO2 [carbon dioxide]-exchange of sclerophylls in the northern Lake Garda district **[Quercus** *ilex,* Olea europea]. 058547

ILLUMINATION

Interaction of N-methylphenazinium methyl sulfate with the thylakoids of *illuminated* **chloroplasts** [isolated from Phytolacca americana] in the presence of 3-(3,4-dichlorophenyl)-1,1-dimethylurea. 057894
Bioelectric activity of maize and bean leaves under different **conditions** of *illumination.* 058081
Changes in the surface properties of cloroplast membranes from dark-grown Pinus sylvestris **following** *illumination.* 058611
Development of thermoluminescence bands during greening of wheat leaves under continuous and **intermittent** *illumination.* 058149
Studies on the larval growth of the silkworm, Bombyx mori L., reared on an artificial diet under different temperature and photoperiod conditions. VI. Effect of *illumination* on the **moltinism** and voltinism of different silkworm races. 061358
Activation of photosystem II by a short period of *illumination* in **plastids** of dark-grown Pinus jeffreyi seedlings. 058556
An experimental study of the heat and mass transfer process in rice fields under **solar** *illumination.* 058011
Effects of electron donor and acceptors, electron transfer mediators, and superoxide dismutase on lipid peroxidation in *illuminated* **[spinach]** chloroplst fragments. 058489

ILLUVIAL

Podzolic *illuvial-humus* soils of the north part of Primorye. 061761

IMAGINAL

Changes of the structure of Drosophila melanogaster polytene chromosomes after a long-term cultivation of larval salivary glands in the *imago* **abdomen.** 061039
The effect of larval and *imaginal* **feeding** on the degree of autogenity and fecundity of Culex pipiens molestus in various seasons. 060491
Maintenance close to the nymphal ecdysis of a restoration power of the *imaginal* **leg** of Tenebrio molitor after larval amputation. 060721
Intercalary regeneration in *imaginal* **wing** disk of Drosophila melanogaster. 060974

IMBIBITION

Changes in *imbibition* **rate** of okra (Hibiscus esculentus) seeds following high temperature treatments. 058476

IMITATION

Inconsistencies in FDA's application of the **term** *"imitation".* 053387

IMMATURITY

Studies on the constituents of *immature* **Citrullus** battich Forskal [Watermelon]. 058312
Alpha-amylase from *immature* **hard** red spring wheat. I. Purification and some chemical and physical properties. 053895
Effect of growth hormone on growth in *immature* **hypophysectomized** pigs. 054583
Biology and *immature* **stages** of Stomopteryx palpilinella (Lepidoptera: Gelechiidae), a leaf-miner and leaftier of crownvetch. 060644
Biology and *immature* **stages** of eight species of Lauxaniidae(Diptera). II. Descriptions of immature stages and discussion of larval feeding habits and morphology. 060995

IMMOBILIZATION

Biological *immobilization* and chemical fixation of native and fertilizer phosphorus in soil. 061779
Electron transfer between soluble and immobilized mammalian [horse heart] cytochrome c: Equlibrium and kinetic studies on *immobilized* **cytochrome** c. 054352
Parameters in the construction of an *immobilized* **dual** enzyme catalyst [Glucose oxidase and catalase]. 053490
Immobilization of **enzymes** by radiation copolymerization of synthetic monomers [Food research]. 053533
Enzyme engineering case study: *immobilized* **lactase** [Sweetener substitute in dairy products]. 053714
Electron transfer between soluble and *immobilized* **mammalian** [horse heart] cytochrome c: Equlibrium and kinetic studies on immobilized cytochrome c. 054352
Stability characteristics of **pepsin** *immobilized* on protein-coated glass used for continous milk coagulation. 053676
Electron microscopy in the study of *immobilized* **water** [Food]. 053539
Phosphorus-zinc interaction. I. Sites of *immobilization* of **zinc** in maize at a high level of phosphorus [Deficiency]. 058206

IMMUNITY

Observations on a herd of beef cattle maintained in a tsetse [Glossina] area. II. Assessment of the development of *immunity* in **association** with trypanocidal drug treatment. 060503
Immune **defences** against blood parasites [causing diseases in humans and domestic animals]. 055690
Use of **double** *immuno-diffusion* (Ouchterlony) test for the diagnosis of swine vesicular disease. 055753
Cell-mediated and **humoral** *immune* response of chickens to Mycoplasma synoviae. 055441
A study of the **humoral** *immune* response to massive osteoarticular allografts in sheep. 055485
Humoral *immune* responses characteristic of testosterone-propionate-treated chickens. 055531
The passive transfer of **humoral** *immunity* from sows infected with Hyostrongylus rubidus (Hassal and Stiles, 1892), the red stomach worm, to their offspring and its significance in the conferring of protective immunity. 055539
Effect of methylmercury on **humoral** *immune* responses in mice under conditions simulated to practical situations. 055902
Immunity to **infectious** bronchitis virus from spray vaccination with derivatives of a Holland strain [Chickens]. 055449
The *immune* **mechanism** which expels the intestinal stage of Trichinella spiralis from rats. 055538
Mucosal *immunity* in [protein-calorie] malnutrition. 053297
Experimental observations on the practical value of various immunization methods against Newcastle disease. I. Data on the correspondance between the results of the hemagglutination inhibiting test and *immunity* against **Newcastle** disease. 055664
Nonsterilizing *immunity* in avian malaria: an antibody-independent phenomenon. 055738
The epizootiologic significance of the **ovogenic** *immunity* against the so called goose influenza. 055670
The demonstration of **pre-hepatic** *immune* response to Fasciola hepatica in the mouse. 055582
Suppression of the **primary** *immune* response in vivo to sheep red blood cells by B-cell mitogens. 055537
The passive transfer of humoral immunity from sows infected with Hyostrongylus rubidus (Hassal and Stiles, 1892), the red stomach worm, to their offspring and its significance in the conferring of **protective** *immunity.* 055539
Radial *immuno-diffusion* and serum-neutralisation techniques for the assay of antibodies to swine vesicular disease. 055747
Immune **response** in malnutrition. Differential effect of dietary protein restriction on the IgM and IgG [immunglobulins M and G] response to alloantigens [Mice]. 053129
A comparative study on the *immune* **response** in dogs and rabbits to Salmonella typhosa. 055671
Reviews in immunology. I. The *immune* **responses** [Antibodies, immunoglobulins]. 055627
Further evidence for the genetic control of *immune* **responsiveness** to (T,G)-A—L by the B system in chickens. 055510
Leukemia allotransplants in canine fetuses: influence of host age and *immune* **responsiveness.** 055736
Immuno-effect of **serum** and nasal antibody against experimental inoculation with influenza A-equi-2 virus [Horses]. 055501
Immunity [of **sheep]** in foot-rot infection [Fusiformis nodosus]. 056680
A simple method for the cryopreservation of [rat and sheep] lymphocytes. Retention of **specific** *immune* effector functions by frozen-stored cells. 054439
Effect of cobra venom factor on the in **vivo** *immune* response in Galleria mellonella to Pseudomonas aeruginosa [Insect pest biological control]. 060145

IMMUNIZATION

Obtaining additional agglutinins by mixing cultures of splenic explants taken from **animals** *immunized* with Salmonella paratyphi B [Chickens]. 055478
Immunization against **feline** calicivirus infection. 055410
Resistance to Taenia pisiformis larvae in rabbits: *immunization* against **infection** using non-living antigens from in vitro culture. 055579
Experimental observations on the practical value of various *immunization* **methods** against Newcastle disease. I. Data on the correspondance between the results of the hemagglutination inhibiting test and immunity against Newcastle disease. 055664
Immunization of **mice** against Mesocestoides corti by subcutaneous inoculation of living Tetrathyridia. 055620
North Carolina broiler breeder program: management, integrity, **sanitation,** *immunization.* 054128

IMMUNOASSAY

Fibrinogen-related antigen concentrations of blood serum of normal cows, as measured by the tanned erythrocyte **hemagglutination-inhibition** *immunoassay.* 054304

IMMUNOCHEMISTRY

Immunochemical **behaviour** of sheep non-precipitating antibodies isolated by immunoadsorption. 055526
Immunochemistry of **bovine** fibrinogen. II. Analysis by immunoadsorption of the antibody response against three large cyanogen bromide peptides. 055527
Immunochemical, **chromatographic,** and milk-clotting activity measurements for quantification of milk-clotting enzymes in bovine rennets. 053728
Delta-aminolevulinic acid synthase from chick embro liver mitochondria. II. *Immunochemical* **correlation** between synthesis and activity in induction and repression. 054553
An *immunochemical* **method** for the detection of protein on disc electrophoresis column [Mice, rabbits]. 054260

IMMUNODIFFUSION

Detection of horse myoglobin by the *immunodiffusion* **method** [Muscle pain]. 055831

IMMUNOELECTROPHORESIS

Studies on seed globulins from legumes. V. *Immunoelectrophoretic* **control** of vicilin purification by gel filtration [Broadbeans]. 058028
Characterization of a protein-rich beer fraction by **two-dimensional** *immunoelectrophoretic* techniques. 053502

IMMUNOFLUORESCENCE

Investigation by *immunofluorescence* of **arterial** lesions in rabbits on two different lipid supplements and treated with pyridinol carbamate [Beef fat diet, atherosclerosis]. 053107
Scanning electron, light, and *immunofluorescent* **microscopy** of intestine of gnotobiotic calf infected with calf diarrheal coronavirus. 055424
Immunofluorescent **polar** tips of Rhizobium japonicum: possible site of attachment or lectin binding. 061710
Intestinal infection of neonatal dogs with canine coronavirus 1-71: studies by virologic, histologic, histochemical, and *immunofluorescent* **techniques.** 055414

IMMUNOGENICITY

The *immunogenic* **compound** of the foot-and-mouth disease virus: role of the external capsule protein in the induction of synthesis of neutralizing antibodies. 055474

IMMUNOGLOBIN

Evidence of oligomeric IgA *[immunoglobin* A] in **canine** thymus cysts [Neoplasms]. 055764

IMMUNOGLOBULINS

Constant regon IgG *[immunoglobulin* G] **allotypes** in cottontail rabbits: group E allelic polymorphism. 055098
Reviews in immunology. I. The immune responses **[Antibodies,** *immunoglobulins].* 055627
Effects of IgY *[immunoglobulin* Y] **antibody** on the development of Marek's disease [Chickens]. 055445
Identification of *immunoglobulins* **associated** with complement fixation, agglutination, and low pH [hydrogen-ion concentration] buffered antigen tests for brucellosis [Cattle]. 055409
The separation of rabbit allotypic b4 *immunoglobulin* from **b4-negative** immunoglobulin by affinity chromatography on immunoadsorbents prepared from cellulose trans-2,3-carbonate. 055773
Changes in lactoferrin, *immunoglobulin* G, **bovine** serum albumin, and alpha-lactalbumin during acute experimental and natural coliform mastitis in cows [Escherichia coli]. 055563
Immunoglobulins in **cattle** vaccinated with leptospiral bacterins [Leptospira interrogans hardjo]. 055411
Biosynthesis of membrane bound Ig and secretion of Ig *[immunoglobulin]* by **chicken** lymphoid cells. 054357
Identification of *immunoglobulins* in **chicken** eggs and their antibody activity. 055642
Bactericidal activity of bovine neonatal serums for selected coliform bacteria in relation to total protein and immunoglobulin G1 and *immunoglobulin* M **concentrations.** 055395
Isolation of lymphocyte subpopulations from rabbit peripheral blood. Comparison of methods based on recovery of rosetteforming cells and on recovery of **Ig** *[immunoglobulin].* 055613
Production of monospecific goat antisera to sheep IgG1 and **IgG2** *immunoglobulins.* 055534
Bactericidal activity of bovine neonatal serums for selected coliform bacteria in relation to total protein and *immunoglobulin* G1 and **immunoglobulin** M concentrations. 055395
Evidence for the secretory transport mechanism of **intestinal** *immunoglobulin.* The ultrastructural distribution of IgM [Piglets]. 055530
Substance reacting with SRBC (sheep red blood cells) and rabbit IgG *[immunoglobulin* G]: **isolation** from thymus and spleen. 055507
Maternal *immunoglobulins* and parainfluenza 3 virus inhibitors in the nasal and lachrymal secretions and serum of newborn lambs. 055487
Complement fixation by **pig** *immunoglobulin* M and its enzymicfragments. 054486
Suppression of synthesis of an IgG *[immunoglobulin]* **subclass** in a persistent viral infection. Equine infectious anaemia. 055536
Evidence against **T-cell** *immunoglobulin* from radioimmunoassay on serum and cells from bursectiomized chickens. 055529
Isolation and characterization of *immunoglobulins* G and M of the **turkey.** 055452

IMMUNOLOGY

Aldehyde oxidase and xanthine dehydrogenase from wild-type Drosophila melanogaster and *immunologically* **cross-reacting** material from ma-1 mutants. Purification by immunoadsorption and characterization. 060778
Reviews in *immunology.* I. The **immune** responses [Antibodies, immunoglobulins]. 055627
Aspects and causes of *immunological* **incompatibility** and of fertility in interspecific hybridization [Livestock]. 055280
Immunologic **release** of histamine from bovine polymorphonuclear leukocytes [Anaphylaxis in calves]. 055412
Variability of the *immunological* **state** of germfree colostrum-deprived Minnesota minature piglets. 055577

Immunodeficiency in the chicken. IV. An *immunological* **study** of infectious bursal disease. 055486
Evidence for recombination between two different *immunological* **types** of foot-and-mouth disease virus [Swine, cattle]. 055437

IMMUNOSUPPRESSION
The effect of *immunosuppression* on **secondary** Echinococcus multilocularis infections in mice. 055585

IMPATIENS
Larval development in the Australian flesh fly **Tricholioproctia** *impatiens*. 060652

IMPEDANCE
Frost resistance of apple and plum varieties in relation with the alterations of temperature and the **level** of *impedance*. 058536

IMPERATA
Weed watch [Cogongrass, *Imperata* **cylindrica**]. 060109

IMPLANTS
Restoration of moulting by *implantation* of **brains** into permanent larvae of Galleria mellonella. 060726
Artificial induction of lactation by **hypothalamic** *implantation* of perphenazine in virgin goats. 054572
Proper *implanting* technique [Growth-stimulating drugs, cattle]. 054663
Effects of feeding monensin in combination with zeranol and **testosterone-estradiol** *implants* for growing and finishing heifers. 054842
Influence of **zeranol** *implantation* in grazing and fattening heifers. 054953

IMPORTS
Of mud and bricks and peasant participation, the Gezira villages refuse to **adopt** *imported* construction standards [Rural housing]. 061397
Agricultural *imports* decline 9 percent in 1975 [Statistics]. 052612
Phosphate fertilizer materials in **Colombia**—*imports*, uses, and domestic supplies. 061970
Problems that could arise from the imposition of *import* **controls** [Plywood]. 056287
Import **demand** for soybeans and soybean products in Eastern Europe. 052586
Limitations and *import* **dumping** bother the trade [Plywood]. 056283
Predation by the mite, Tyrophagus putrescentiae on eggs of the *imported* **fire** ant [Solenopsis]. 060443
Cuticular lipids of the *imported* **fire** ants, Solenopsis invicta and [Solenopsis] richteri. 060861
Codling moth [Laspeyresia pomonella] control by sterile insect release: *importation* of **fruit** and fruit containers as a source of reinfestation. 060305
Polish rapeseed crop peaks, **oilseed** *imports* to continue. 052633
The *imports* of **pigmeat** into New Zealand. 052715
Importation of **plants**, fresh fruits and vegetables [Agriculture (Control of Plant Disease and Pest) Regulations, 1970, [Bermuda]. 059821
Importation of **queen** bees [Quarantine]. 061296
Testes degeneration in the **red** *imported* fire ant, Solenopsis invicta. 060444
Aspects of necrophoric behavior in the **red** *imported* fire ant, Solenopsis invicta. 060692
Spain's *imports* of oilseeds hit new high. 052636

IMPREGNATION
Comparative studies on growth, development and meat productivity of intensively fattened and **early** *impregnated* Bulgarian Simmental heifers [Cattle]. 054239
Testing beehives made of *impregnated* and **strongly** pressed cardboard. 061387
Studies on the fire retardant of hardboard by **surface** *impregnation* of water soluble chemicals formed into a mat. 056143

IMPULSES
Synchronous *impulse* sprinkling [Irrigation]. 062329

INACTIVATION
Dose rate effects in the UV-B [ultraviolet radiation] *inactivation* of **Chladydomonas** [Algae] and implications for survival in nature. 057802
An investigation of *inactivation* of **chlorogenic** acid from sunflower meal under in vivo conditions in mice [Feeding]. 054763
Use of an **experimental** *inactivated* swine influenza vaccine in gilts before breeding. 055498
Inactivation of **horse** liver alcohol dehydrogenase by modification of cysteine residue 174 with diazonium-1H-tetrazole. 054360
In vitro DNA synthesis in lymphocytes from turkeys vaccinated with LaSota, TC, and *inactivated* **Newcastle** disease vaccines. 055450
Mycotoxins in foodstuffs. VII. *Inactivation* of **patulin** in whole wheat bread by sulfhydryl compounds. 052967
Low **temperature** *inactivation* in milk of heat-resistant proteases from psychrotorphic bacteria. 053738
Water activity in relation to the **thermal** *inactivation* of enzymic proteins [Food]. 053558
The effect of dicamba on Acroptilon repens and the rate of its *inactivation* according to the **time** of treatment. 059991
Ultraviolet *inactivation* of avian sarcoma viruses: biological and biochemical analysis. 055796
Laboratory trials with *inactivated* **vaccines** against Escherichia coli (O78 K80) infection in fowls. 055745
Inactivation of **viruses** in serum with binary ethyleneimine [Foot-and-mouth disease virus]. 055602

INBREEDING
Persistance of genetic variation under action of *inbreeding* and selection in **computer** experiments [Drosophila melanogaster]. 060994
Inbreeding. **Concepts** and current knowledge of its effects and its mechanisms [Drosophila]. 060786
Virus tolerance ratings of **corn** *inbred* lines grown in Ohio [Breeding for disease resistance]. 056942
Wire worm [Conoderus falli] resistance among **corn** *inbreds* [Selection breeding]. 060217
Evaluation of sweet **corn** *inbreds* for resistance for European corn borer. 060298
General bases of the problem of *inbreeding* and **crossbreeding** in the future of livestock improvement. 055284
Inbreeding **depression** and double threshold model in the domestic quail (Coturnix coturnix japonica). 055078
Inbreeding. Its **effects** and mechanisms in Drosophila melanogaster. 060787
On the power of experimental designs for the detection of linkage between marker loci and quantitative loci in crosses between *inbred* **lines.** 055239
Homozygosity as a result of *inbreeding* and **methods** of heterotic breeding of cross-pollinated and self-pollinated plant species. 057053
Variations in serum calcium between strains of *inbred* **mice.** 055167
Quantitative estimation of competitive effects in winter rape populations [using **two** *inbred* lines]. 057204
Inbreeding **vs.** Selection for improvement of beef cattle. 055225

INCENTIVES
Stimulation of intensive plans [for **economic** *incentive* for crop production in collective farms]. 052339
A look at Brazil's **export** *incentives* for soybeans. 052621
A **major** *incentive* for increasing creative activity of scientists [in agriculture]. 052193

INCOME
Land use, *income* **assurance** linked in British Columbia. 052485
Income of **collective** farms and the level of taxes. 052468
Maximize income over feed costs: computers can **construct** *income* building dairy rations. 052453
Effectiveness of cropping grass mixtures according to the rate of sowing and the ratios of the components **[Costs,** *income].* 052526
Marketing SCP [single-cell protein] in *low-income* **countries:** a double perspective. 052657
Contribution of veterinary service to **dairy** *income*. 055334
Income and **employment** of SAF [Society of American Foresters] members, 1974. 056066
Distribution of the collective **farm** *income*. 052466
The one-man **farm** *[Income].* 052480
Dual employment increasingly important to small **farmer** *income*. 052538
An economic analysis of regulating water-use in the central Ogallala **Formation** *[Income].* 052545
Gross *income*, savings and consumption [funds] in collective farms. 052550
Moody's triple A bonds: better bet than eggs? [Poultry **industry,** *income].* 052464
Maximize *income* over feed costs: computers can construct income building dairy rations. 052453
South Dakota **prices** and *income*. 052535
The development of *cost-income* **relations** in small-scale pigfarming. 052487
Income **returns** for working women by place of residence [Rural areas]. 052523
Business report of the shrimp inudstry; **statistics** for 1974 *[Income].* 052533
Costs and *incomes* in **sunflower,** colza and oil-flax growing (1971-1974). 052642
Real estate values, taxes, and *income* in 246 **Vermont** communities. 052516

INCOMPATIBILITY
Level of *self-incompatibility* in **cauliflower** (Brassica oleracea var botrytis L.). 057153
Physiological and biochemical processes of peach grafted on apricot and myrobalan plum in **connection** with their *incompatibility*. 058355
Study on compatibility and *incompatibility* **display** in crossing selfed sunflower lines. 057144
Inheritance of incompatibility in the sugarbeet (Beta vulgaris L.). Analysis of *incompatibility* in **first-generation** hybrids. 057162
Phytohemagglutinins from the pistil of Primula as possible proteins of **generative** *incompatibility*. 057592
Cytological evidence for *incompatibility* in the **genus** Pinus[Pollination]. 056791
Aspects and causes of **immunological** *incompatibility* and of fertility in interspecific hybridization [Livestock]. 055280
Study of *incompatibility* in **popcorn.** 057185
Inheritance of *self-incompatibility* in **sugarbeet** (Beta vulgaris L.). I. Analysis of imcompatibility in the first selfpollination genaration. 057161
Inheritance of *incompatibility* in the **sugarbeet** (Beta vulgaris L.). Analysis of incompatibility in first-generation hybrids. 057162

INCONSISTENCIES
Inconsistencies in the **borax** solubility test for casein. 053768
Inconsistencies in **FDA's** application of the term "imitation". 053387

INCORPORATION
Effects of 2,4,5-trichlorophenoxyacetic acid (2,4,5-T) [herbicide] on the *incorporation* of **a-aminoisobutyric** acid (AIB) in rat fetuses. 060603
Effect of ferredoxine on *incorporation* and **distribution** of 14CO2 [carbon dioxide, isotope] upon carboxylation of phosphoenolpyruvic acid in maize. 058040
Economic reasons for substantiation of an **earlier** *incorporation* of first-calf cows in the production process [Milk, meat production]. 052411
Equipment for *incorporating* **herbicides.** 061628
Rhythmic increase in DNA content and *incorporation* of **[3H]thymidine** [hydrogen isotope] in the developing wheat embryo during seed germination. 058211
Incorporation of H3 **[hydrogen** isotope]-uridine into the salivary gland chromosomes of Drosophila melanogaster. 061020
Evaluation of nitrifying [bacteria] activity in [marine] sediments by dark 14C [carbon **isotope]-bicarbonate** *incorporation*. 062576
Diapause hormone action in silkworm [Bombyx mori] ovaries incubated in vitro; 14C [carbon **isotope]-trehalose** *incorporation* into glycogen. 061328
Carbohydrate moieties of procollagen: *incorporation* of **isotopically** labeled mannose and glucosamine into propeptides of procollagen secreted by matrix-free chick embryo tendon cells. 054674
Preliminary effects of *incorporating* **opaque-2** in medium maturing hybrid maize [Breeding]. 057039
Cell wall composition and *incorporation* of **radio-labelled** compounds by Veillonella alcalescens [a Gram-negative anaerobe isolated from sheep rumen]. 054428
Incorporation **rate** of shikimic acid-14C [carbon isotope] and phenylalanine-14C into gallic acid in Rhus [succedanea] and Acer [buergeranum] leaves. 058569
Incorporating **small** group activities into agricultural economics classes. 052090
Biosynthesis of phenylpropanoid compounds. II. *Incorporation* of **specifically** labelled cinnamic acids into eugenol [Ocimum basilicum]. 057663

INCREMENTS
Glycogen forming substances in dairy cows. I. *Increments* in **blood** plasma glucose in cows with varying degrees of hypoglycemia and ketonemia after ingestion of sodium propionate. 055861
Definitions and analyses of components of **stand** *increments*. 056025
Performance of early weaned lambs at different **weight** *increments*. 054219
Fundamental studies on the **weight** *increment* of Akamatsu (Pinus densiflora S. et Z.) stand. II. 056065

INCUBATION
Relationship of weight loss to ambient humidity of birds eggs during *incubation* [Includes **chickens].** 055134
Retention of lipolytic products in [rat] **chylomicrons** *incubated* with lipoprotein lipase: electron microscope study. 053223
Production [and growth inhibitory effect] of ethylene by *incubated* **litter** of Pinus radiata. 055992
Diapause hormone action in silkworm [Bombyx mori] **ovaries** *incubated* in vitro; 14C [carbon isotope]-trehalose incorporation into glycogen. 061328
Evolution of beta-inhibitory-complex in potato sprouts and in the periderm of mother and filial tubers during the *incubation* **period:** signification of this evolution in comparison with the induction of dormant state of filial tubers. 058327
The *incubation* **period,** rate of transmission and effect on growth of coconut lethal yellowing disease in Jamaica [Mycoplasma-like organism as causal agents]. 059639
Hatchability, embryonic mortality, malpositions and malformations of chicken eggs as affected by *pre-incubation* **temperature** & method of storage. 055838

INCUBATORS
Incubators [for **chicken** egg hatching]. 061604
Building a **small** *incubator* [Poultry]. 061506

INDEMNITY
Responsibility of laboratories and veterinarians in the matter of accidents during treatments of bovine hypodermosis by organophosphorus. Suggestions for *indemnity* [**Hypoderma,** control]. 055356

INDEX
Acid-base *index* values in the blood of sows. 054665
A note on the **availability** *index* of Indian forages [Nutritive value]. 053361
The effect of a protein-rich diet on the clinical and some **biochemical** *indices* in patients with torpid and latent recurrent rheumatic heart disease. 053348

Influence of Scenedesmus acutus micro-algae on the digestibility of fattening calves ration and on some **blood** *indexes*. 054994
Investigations of **certain** *indices* for the water regimen for Juglans regia L. in forest associations. 058582
Proteolysis as the **compactness** *index* of wheat molecules [Flour baking quality]. 053862
The bacteriological grading of bulk collected milk. 9. Bacterial tests as *indices* of **conditions** of production. 052970
Crop *indices* [Effects of meteorology on crops]. 056748
[Chick] embryo mortality dynamics and its connection with other embryonic **development** *indexes*. 055279
Viable spore count as an *index* of **effective** dose of Bacillus thuringiensis [Insect pests, biological control, Cercis occidentalis]. 060148
Correlations among various *indices* of **growth** and yield of soybean at different stages under various ecological conditions. 058102
Efficiency testing on foot-and-mouth disease vaccines in adult mice by the *E-index* **method.** 055470
Mitotic *index* fluctuations in Pisum sativum [pea] root tips. 056848
Efficiency of selective breeding based on a **phenotypic** *index* [Dairy cattle]. 055153
Change in **physicochemical** *indexes* of bile with Salmonella typhimurium carrying in experiment [Dogs]. 055673
Physiological *indices* of late cabbage plants with varying moisture supply. 058446
Morphological and **physiological** *indexes* and cultural techniques for high yielding wheat variety "Yang-mai No. 1". 058669
What is the job of the Agricultural **Price** *Index?* 052705
Seasonal **price** *indexes* [Agricultural commodities]. 052709
Biochemical parameters as *indices* of **protein** nutritional value. 053260
Effect of housing and season on egg production and egg **quality** *indices* in three breeds of poultry. 054177
Establishing heritability coefficients of some **quality** *indexes* of hen eggs from the White Leghorn lines 5-A and 6-E. 055270
Effect of the dose and dose rate of gamma-irradiation on changes in **quantitative** *indexes* of tomatoes. 058531
Nature reserves: a customer **satisfaction** *index*. 062494
Metroglyph and *index* **score** analysis of morphological variation in green gram (Phaseolus aureus L.). 056858
Estimating the accuracy of **site** *index* curves by means of simulation [Pinus sylvestris]. 056068
Study on the fattening and **slaughter** *indexes* of Large White pigs slaughtered at different liveweights. 054248
Standard *indices* for determining numbers of machines necessary for the production and harvesting of sugarbeets, potatoes and flax. 052856
Indexes of the **susceptibility** of various species of culivated plants to sulphur dioxide action [Air pollution injuries]. 059715
Technological *indices* of tea leaf gathered by a tea plucking machine of the Motsumoto M-2 type manufactured in Japan. 053640
Growing degree day systems for Idaho [**Thermal** *indices*, relationship of expected plant growth to environmental air temperature]. 057346
Symptoms, *indexing*, and **transmission** of rose spring dwarf disease [Graft-transmissible diseases of unknown etiology]. 059862
Investigations on instances of serological and visual estimation of different potato varieties *[Indexing* for **virus** infection]. 059660
A **weather** *index* method and temperature distribution applied to sugarbeet yields and sugar percentage [Variety trials]. 058791
Influence of **yolk** *index* on hatching qualities of eggs of the White Leghorn hen lines 5-A and 6-E. 055272

INDICATORS

A contribution to the knowlege of the course of lactation curve as an *indicator* of **adaptation** of Black-and-White Lowland cattle to the conditions prevailing in this country [Yugoslavia]. 054731
Lichens and bark acidification as *indicators* of **air** pollution in west central Scotland. 059791
Lichens [Parmelia chlorochroa, Usnea hirta] as predictors and *indicators* of **air** pollution from coal-fired power plant emissions. 062400
Carbon-14 as an *indicator* of CO2 [**carbon** dioxide] pollution in cities [by sampling of deciduous tree leaves]. 062437
[Rural] health. Social and **economic** *indicators* for planning. 052098
[Rural] housing. Social and **economic** *indicators* for planning. 052099
[Rural] population. Social and **economic** *indicators* for planning. 052100
Agriculture: social and **economic** *indicators* for planning. 052300
Employment: social and **economic** *indicators* for planning. 052301
Gas chromatographic (ECD) determination of coprostanol and cholesterol as *indicators* of **fecal** pollution in water. 062388
Observations on brilliant green agar with an H2S [hydrogen slfide] *indicator* [**Identification** of Salmonella]. 052949
A **metabolic** *indicator* of photoperiodic timing [Lemna perpusilla]. 057929
The use of remote sensing and **natural** *indicators* to delineate floodplains—preliminary findings. 062219
Forecasting **planned** *indicators* of [farm] production. 052604
The application of stable carbon isotope ratios as water **quality** *indicators* in coastal areas of Canada. 062223
Evaluation of blood urea nitrogen and serum creatinine concentrations as *indicators* of **renal** dysfunction: a study of 111 cases and a review of related literature [Dogs, cats]. 055843
Isotope ratios of lead as pollutant **source** *indicators*. 062441
The resleases of krypton-85 and tritium to the environment and tritium to krypton-85 ratios as **source** *indicators* [Isotopes, pollution]. 062449
Lead, sodium and zinc concentrations in conifer needles as an *indicator* of **traffic** induced environmental pollution. 062583

INDIGENOUS

Uptake of trace elements by barley in zinc-polluted soils. 1. Availability of zinc to barley from *indigenous* and **applied** zinc and the effect of excessive zinc on the growth and chemical composition of barley [Toxicity study]. 059892
Haematology of the *indigenous* **goat** in Swaziland. 054720
A preliminary study of the food plants of the West Nile and Madi districts of Uganda. The utilization of leaves and fruits of local and **mainly** *indigenous* plants in supplementing the staple foods. 053137
The need for *indigenous* **plants** [for developing a natural landscape]. 059159
Growth and symbiotic effectiveness of *indigenous* **Rhizobium** species of a saline-alkali soil [Legumes]. 058229
Studies on the determination of timber yield and various types of waste wood produced in band and frame sawing of some *indigenous* **species.** 056267
Pome fruit virus infections of some woody ornamental and *indigenous* **species** of Rosaceae. 059598

INDIGESTION

Bloat prevention and treatment *[Indigestion,* **cattle**]. 055869
Efficacy of rumenton in **simple** *indigestion*. 055814

INDIGOFERA

Karyomorphological studies in the **genus** *Indigofera* Linn. 056874

INDOLE

Longitudinal and lateral transport of [3,4-3H] [hydrogen isotope] gibberellin A1 and *3-indolyl* **(acetic** acid-2-14C) [carbon isotope] in upright and geotropically responding green internode segments from Helianthus annuus [sunflowers]. 058135
Distribution of prunasin in pedicles of Prunus avium L. [Mazzard cherries] and the influence of *indole* **acetic** acid on the content of total prunasin. 058289
Reliability of the indolo-alpha-pyrone fluorescence method for *indole-3-acetic* **acid** determination in crude plant extracts. 057846
The effects of 3,5-diiodo-4-hydroxybenzoic acid on the oxidation of IAA *[indole-3-acetic* **acid]** and auxin-induced ethylene production by [garden] cress root segments. 058509
Effect of *indole* **alkaloids** from Gardneria genus and Uncaria genus on neuromuscular transmission in the rat limb in situ. 057493
Laboratory models for the biogenesis of *indole* **alkaloids** [Strychnos nux-vomica, drug plants]. 057948
The interaction of human serum with the plant **hormone** *indole-3-acetic* acid [Wheat]. 058167
Indole **hydroxylation** in various plant species [Barley, beans, Tradescantia albiflora]. 057217
Isolation and characterization of *indole-3-acetaldehyde* **reductases** from Cucumis sativus [Cucumbers]. 058398

INDOLEACETIC

Effects of nitrogen, sucrose, IIA *[indoleacetic* **acid]** and kinetin on explants of Beta vulgaris [sugarbeet] grown in vitro. 058157
Indoleacetic **acid** synthesis in soybean cotyledon callus tissue. 058190
Indoleacetic **acid** effect on the distribution of photosynthetically fixed carbon in the [kidney] bean plant. 058294
Promotion of rooting of mung bean cuttings by dihydroasparagusic acid synertistic interaction with *indoleacetic* **acid.** 058296
Evidence for three different systems of movement of *indoleacetic* **acid** in intact roots of Phaseolus coccineus [Scarlet runner beans]. 058460
In vitro binding of IAA *[indoleacetic* **acid]** to plasma membrane-rich fractions containing Mg++ [magnesium ions]-activated ATPase [adenosine triphosphatase] from mung bean hypocotyls. 058490
Calcium requirement for *indoleacetic* **acid-induced** acidification by Avena [sativa, oats] coleoptiles. 058187
Auxin-gibberellin relationships in their effects on hypocotyl elongation of light-grown cucumber seedlings. IV. Inhibition of IAA *[indoleacetic* **acid]-induced** elongation by N,N-dicyclohexylcarbodiimide and its reversal by gibberellin A3. 058486

INDOMETHACIN

Steroid concentrations in cows with corticotropin-induced cystic ovarian follicles and the effect of prostaglandin F2alpha and *indomethacin* given by **intrauterine** injection. 055028

INDUCTION

Copper-induced **activation** of aortic lysyl oxidase in vivo [Chicks]. 054676
Temperature-induced **alanine** oxidation in a psychrotrophic Pseudomonas [Bacteria causing food spoilage]. 052964
Short-chain fatty acids as inhibitors of *gibberellin-induced* **amylolysis** in barley endosperm. 058131
Apogamic *induction* of haploid plasmodia in a myxomycete, Didymium iridis [Fungi]. 057515
Apparent *induction* of glutamatedehydrogenase in the maize root. 058072
Electrocardiographic changes after induced hypercalcemia and hypocalcemia in cattle: reversal of the *induced* **arrhythmia** with atropine. 055816
Artificial *induction* of lactation by hypothalamic implantation of perphenazine in virgin goats. 054572
Induction of **atrial** fibrillation by electrical stimulation in the horse. 055834
Induction of **bone** resorption in vitro by an extract of Solanum malacoxylon [Rabbits]. 055916
Nychthemeral variation of the intensity of correlations between the cotyledons and their axillary **buds** *induced* by the method of unilateral traumatism on one of the two cotyledons of Bidens pilosus. 057844
Light harvesting pigment protein complex requirement [in tobacco] for spill-over **changes** *induced* by cations. 057908
Studies on barley trypsin inhibitor. II. Structural **changes** *induced* by denaturants and their reversibility. 058115
Characteristics of *fusicoccin-induced* **changes** of transmembrane potential and ion uptake in maize root segments. 058197
Interpretation of *induced* **changes** in climatic variables [Precipitation]. 062281
Non-random intrachromosomal distribution of *radiation-induced* **chromatid** aberrations in Vicia faba [broadbeans]. 057102
Mutagenesis under the influence of simian vacuolizing virus 40 (SV 40). I. *Induction* of **chromosome** aberrations in Chinese hamster cells in the first days after infection. 055765
The effect of caffeine on repair systems in oocytes of Drosophila melanogaster. II. The *induction* of **chromosome** aberrations in irradiated males. 060968
Colchicine *induced* hexaploid in Coccinia indica W. & A. 057111
Effect of temperature on origin of *colchicine-induced* **complex** mutants in sorghum. 057071
Pisatin-inducing **components** in filtrates of virulent and avirulent Fusarium solani cultures. 059377
Changes in carbohydrate **constituents** *induced* in the yam tuber (Dioscorea rotundata Poir) by a plant parasitic nematode Scutellonema bradys. 059787
Nitrate-induced **corrosion** of tin plate as affected by organic acid food components. 053587
Steroid concentrations in cows with *corticotropin-induced* **cystic** ovarian follicles and the effect of prostaglandin F2alpha and indomethacin given by intrauterine injection. 055028
Light-induced **decay** of anthocyanin in seedlings of Sinapis alba. 057284
Induction of **dormancy** in container-grown western hemlock [Tsuga heterophylla]: effects of growth retardants and inhibitors. 058613
Evolution of beta-inhibitory-complex in potato sprouts and in the periderm of mother and filial tubers during the incubation period: signification of this evolution in comparison with the *induction* of **dormant** state of filial tubers. 058327
Light-induced **effects** on early infection with carnation mottle virus [of Chenopodium amaranticolor, Gomphrena globosa, and Dianthus barbatus]. 059562
Action of mono- and difluorodinitrbenzene on *induced* **electrical** modifications by external pH [hydroden-ion concentration] changes in Nitella [Algae]. 057693
Induction of an **endogenous** rhythm of sporulation in Aspergillus niger: roles of glucose/potassium rations and of microelements [Fungi]. 057840
Estradiol-induced **enhancement** of the processing of the 32S ribosomal precursor in rooster liver. 054490
Liver **enlargement** *induced* by the herbicide 2,4,5-trichlorophenoxyacetic acid (2,4,5-T) [Rats]. 059995
Enzyme *induction* in Streptomyces hydrogenans. V. Characterization of testosterone-17beta-Dehydrogenase and its induction by steroids. 057615
Natural and *induced* **epizootics** of Nomuraea rileyi in soybean caterpillars [Biological control]. 060221
Studies on the mechanism of in vitro **estradiol-17-beta** *induced* synthesis of phosvitin in chick embryo liver cells. 054430
EMS **[ethyl** *methanesulfonate]-induced* sphaerococcum mutation in Triticum monococcum L. [Wheat]. 056958
The effects of 3,5-diiodo-4-hydroxybenzoic acid on the oxidation of IAA [indole-3-acetic acid] and *auxin-induced* **ethylene** production by [garden] cress root segments. 058509
Anaerobiosis-induced **etiolation** in light-germinated rice seedlings. 058005
Changes in cardiac output with **experimentally** *induced* atrial fibrillation in the horse. 055830
Isolation and chemical characterization of the peptidyl **factor** *inducing* sexual agglutination in [yeast] Saccharomyces cerevisiae. 057226

Monosodium L-glutamate [**food** *additive]-induced* convulsions: temporary alteration in blood-brain barrier permeability to plasma proteins. 052974
Adventitious root **formation** *induced* by gibberellic acid and regulated by the irradiance to the stock plants [Peas]. 058454
Studies on anther culture in vitro of rice variety (Oryza sativa subsp. hsien): the increase of *induction* **frequency** of callus and differentiation of its roots and shoots. 056969
Induced **fusion** of fungal protoplasts following treatment with polyethylene glycol [Penicillium, Aspergillus nidulans, Cephalosporium acremonium]. 057710
The use of **gamma-ray** *induced* mutations in Phaseolus vulgaris (L.) [Kidney beans]. 057206
Further in vivo studies on the participation of singlet oxygen in the photodynamic inativation and *induction* of **genetic** changes in Saccharomyces cerevisiae [Yeasts]. 057127
Inhibition and reversal of wheat **germ** *agglutinin-induced* caps by concanavalin A. 058130
Transfer cells and nematode [Meloidogyne javanica] *induced* **giant** cells in Helianthemum. 059886
Gibberellic *acid-induced* secretion of hydrolases in barley aleurone layers. 058184
Mathematical analysis of the **gibberellin** *induced* growth of Pisum sativum L. [Peas]. 058295
Effect of solvent on the *radiation-induced* **grafting** of vinylpyridines to cellulose. 056195
Gibberellin-like substances in naturally growing and **gravity** *induced* shoots of Siberian fir (Abies sibirica). 058570
A mungbean assay for *malformin-induced* **growth** stimulation. 058494
Relationships between the parasitoid Hyposoter exiguae and Trichoplusia ni: *parasitoid-induced* **histo-** and cytopathology [Cabbage pest, biological control]. 060222
Hormone *induced* lactation in the bovine. III. Dynamics of injected and endogenous hormones. 054580
Phenocopies in Drosophila **hydei** *induced* by actinomycin D and fluorouracil with special reference to Notch mutants. 061045
Characteristics of *light-induced* H+ **[hydrogen** ion] transport in spinach chloroplast at lower temperatures. II. A possible role of structured water in H+ transport of chloroplast near 0C [Celsius]. 058488
Induced **hydrolytic** rancidity in milk in relation to farm production, storage & assembly procedures. 052972
Tris **[hydroxymethyl** *aminomethane]-induced* K+ [potassium ion]-efflux from Chlorella sorokiniana [Algae]. 057913
Electrocardiographic changes after *induced* **hypercalcemia** and hypocalcemia in cattle: reversal of the induced arrhythmia with atropine. 055816
Activaton and inhibition of muscle and cutaneous postganglionic neurones to hindlimb during **hypothalamically** *induced* vasoconstriction and atropine-sensitive vasodilation [Cats]. 054657
Effect of *propylthiouracil-induced* **hypothyroidism** on phosphatidylcholine, phosphatidylethanolamine, and sphingomyelin synthesis in chick liver microsomes. 054424
Calcium requirement for **indoleacetic** *acid-induced* acidification by Avena [sativa, oats] coleoptiles. 058187
Auxin-gibberellin relationships in their effects on hypocotyl elongation of light-grown cucumber seedlings. IV. Inhibition of IAA **[indoleacetic** *acid]-induced* elongation by N,N-dicyclohexylcarbodiimide and its reversal by gibberellin A3. 058486
Evidence of respiratory tract **infection** *induced* by equine herpesvirus, type 2, in the horse. 055481
An ultrastructural study of two forms of *chilling-induced* **injury** to the rind of grapefruit (Citrus paradisi, Macfed). 059735
Multiple ornithine decarboxylase forms in Physarum polycephalum [Fungi]: **interconversion** *induced* by cycloheximide. 057575
Juvenile *hormone-induced* biosynthesis of vitellogenin in Leucophaea maderae. 060682
Estrogen, progesterone, prolactin and other changes associated with bovine **lactation** *induced* with estradiol-17beta and progesterone [Dairy cattle]. 055120
Analysis of allelic relationships among recessive **lethals** *induced* in Drosophila [melanogaster] by exogenous DNA and by certain viruses. 061017
Characteristics of **light** *induced* H+ [hydrogen ion] transport in spinach chloroplast at lower temperatures. I. Relationship between H+ transport and physical changes of the microenvironment in chloroplast membranes. 058487
Identity of the major lipolytic enzyme activity of bovine milk in relation to spontaneous & *induced* **lipolysis.** 053689
Cytological changes in rabbit **liver** *induced* by thioacetamide. 053674
Plasma bile acid elevation following CCl4 [carbon tetrachloride] *induced* **liver** damage in dogs, sheep, calves and ponies. 055927
Inducing **male** sterility in winter wheat with the aid of ethrel. 057183
Sperulation of Physarum polycephalum [Fungi]. III. *Induction* with **mannitol.** 057513
Induction of **microsomal** stearyl coenzyme A desaturase in newly hatched chicks. 054324
Vacuolar physiology as an intrinsic barrier against *injury-induced* **mitosis** in lemon fruit cells. 056877
The *induced* **molting** of 4th-stage larvae of pin nematode, Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by root exudate of host plant [Morus]. 059707
The *induced* **molting** of 4th-stage larvae of pin nematode, Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by root exudate of host plant [Morus]. 059708
Some problems of specificity of *induced* **mutagenesis** in citrus crops. 057171
X-ray-induced **mutants** resistant to 8-azaguanine. I. Effects of cell density and expression time [Hamsters]. 055175
X-ray-induced **mutants** resistant to 8-azaguanine. II. Cell cycle dose response [Hamsters]. 055176
Isolation and characterization of UV [ultraviolet] *induced* **mutants** of rhizobia. 061821
Induction of **mutation** in Rhizobium japonicum by ultravioletradiation and selection of 'agronomically superior' serotypes [Nodule bacteria]. 061820
Practical uses of *induced* **mutations** in plant breeding. 057038
Endopolyploidy in maize smut **neoplasms** *induced* by the maize smut fungus, Ustilago maydis. 059361
Primary **neural** *induction* as studied by scanning electron microscopy [Chick embryos]. 054482
Newcastle disease as a model for *paramyxovirus-induced* **neurological** syndromes: pathogenesis of the respiratory disease and preliminary characterization of the ensuing encephalitis. 055574
Induction of a **new** laccase form in the fungus Pleurotus ostreatuus by ferulic acid. 057741
Celiac disease: malabsorption of **nutrients** *induced* by a toxic factor in gluten. 053036
Induction of **parental** behavior in Japanese quail (Coturnix coturnix japonica). 054570
Induced **parthenocarpy** with pollen irradiated with gamma rays [Tomatoes, cucumbers, melons]. 058316
Variations in the amount of abscisic acid in two varieties of pears, Passe-Crassane and Doyenne du Comice, in relation to the *induction* of **parthenocarpy** by gibberellic acid. 058470
The *induction* of **parturition** in dairy cows with betamethasone. 055107
Concentrations of hormones in blood and milk during and after *induction* of **parturition** in beef cattle with dexamethasone and estradiol-17beta. 055116
Innovar-vet-induced **pathologic** changes in the guinea pig [Anaesthesia]. 055326
Wound-induced **phenylalanine** ammonia-lyase in potato tuber tissue: Development of enzyme activity and effects of antibiotics. 058396
'Rosette habit'—an *induced* **physiological** mutation in ragi or finger-millet (Eleusine coracana, Gaertn.). 056978
Phytoalexin *induction* as a new dynamic approach to the study of systematic relationships among higher plants. 057766
Induction of **phytoalexins** in potato tubers by metabolites of fungus Phytophthora infestans (Mont.) de Bary. 059297
Dietary **plant** *sterol-induced* reduction of egg yolk cholesterol in the chicken. 054906
Fine structure changes in different host **plants** *induced* by grapevine fanleaf virus. 059631
Polarization *induced* colour patterns: a model of the perception of the polarized skylight by insects. I. Tests in choice experiments with running honey bees apis mellifera. 061343
Studies on the optical density changes in suspensions of Candida albicans NCTC 713 *induced* by the **polyene** antibiotic candicidin [Yeasts]. 057743
Germination of Sorghum bicolor under **polyethylene** *glycol-induced* stress. 058053
Induction of **positive** micromutations in cotton by use of gamma-rays. 057089
Work-induced **potassium** changes in skeletal muscle and effluent venous blood assessed by liquid ion-exchanger microelectrodes [Rabbits, cats]. 054661
Induced **potential** for male sex expression in Ricinus communis L. [Casterbean] by ethyl hydrogen-1-propylphosphonate. 057140
Uptake and effect of abscisic acid during *induction* and **progress** of radicle growth in seeds of Chenopodium album. 057848
Resistance of the pepper, Capsicum annuum L., to Phytophthora capsici Leon. I. Evidence for a **progressive** *induction* in the stem of the plants. 059238
The absence of one class of *virus-induced* **protein** in arginine-deprived cells infected with pig herpesvirus. 055794
Prevention and suppression by azathioprine of *venom-induced* **protein-losing** gastropathy in dogs. 055925
A preliminary study on *inducing* **reciprocal** translocations and other chromosomal anomalies in Culex tarsalis. 060459
Delta-aminolevulinic acid synthase from chick embro liver mitochondria. II. Immunochemical correlation between synthesis and activity in *induction* and **repression.** 054553
Thiamine-induced **reversible** deficiency in respiratory activity of Saccharomyces carlsbergensis [yeast]: respiratory adaptation caused by pyridoxine. 057580
Degradation of DNA in radioactive mutants of Anacystis nidulans [Algae] *induced* by **roentgen** rays. 057768
Experimental ecological genetics in Plantago. I. *Induction* of **roots** and shoots on leaves for large scale vegetative propagation and metal tolerance testing in Plantago lanceolata. 057105
Induction of **semi-dwarf** mutations from Japonica type rice variety, Tainung 61, by gamma-ray treatment. 057057
Induction of **sexual** behavior by food intake in the female of Periplaneta americana (Insecta, Dyctioptera). 060719
Genetic variability of Chlamydomonas reinhardtii [Algae] *induced* by **six** urea derivatives. 056987
Induction of **SMON** [subacute myelo-optico-neuropathy]-type virus from avian infectious laryngotrachetis virus. 055735
Induction of **sporulation** of Alternaria porri f. Sp. Solani in vivo [on potato leaves]. 059376
Induction of **staminate** flowers after soaking cucumber seeds in gibberellin. 058369
Ultrastructural modifications in apple **stems** *induced* by Erwinia amylovora and the fire blight toxin. 059530
Enzyme induction in Streptomyces hydrogenans. V. Characterization of testosterone-17beta-Dehydrogenase and its *induction* by **steroids.** 057615
Experimental avian nephropathy. Changes of renal function and **structure** *induced* by ochratoxin A-contaminated feed [Toxicity, chickens]. 055894
Back-pack ethylene applicator *[induce* **suicidal** germination of witchweed (Striga asiatica) seed, equipment]. 061476
New data on the male sterility in **sunflowers** *induced* by gibberellic acid. 057143
The dog as a model for the study of hip dysplasia: **surgically** *induced* hip dysplasia. 055373
Characteristic field symptoms comprising honeybee [Apis mellifera] hairless-black **syndrome** *induced* in the laboratory bya virus. 061332
The immunogenic compound of the foot-and-mouth disease virus: role of the external capsule protein in the *induction* of **synthesis** of neutralizing antibodies. 055474
Nature of the inhibition by amiodarone of *isoproterenol-induced* **tachycardia** in the dog. 054330
Lead, sodium and zinc concentrations in conifer needles as an indicator of **traffic** *induced* environmental pollution. 062583
Induced **translocations** in pearlmillet [Genetics]. 057117
Rapid, *blue-light-induced* **transpiration** response restricted to plants with grass-like stomata [Gramineae, Cyperaceae]. 057845
Aflatoxin-induced **tumors** in mice. 055934
On the ultrastructure of **tumours** *induced* with bovine adenovirus type 3 in hamsters. 055477
Quantitation of bovine papilloma viral DNA in *viral-induced* **turmors.** 055632
Light-induced **uptake** of oxygen from chloroplast fragments and from mesophyll cells and bundle sheath cells in maize. 058041
Spectrum of **variability** *induced* in soft wheat by organic solutions of N-nitrosoalkylureas. 057166
A note on the *induced* **variations** in chillies. 056974
Characterization of the *kinetin-induced* **water** uptake by detached radish cotyledons. 058308
X-ray *induction* of chromatid interchanges in somatic cells of Drosophila melanogaster: variations through the cell cycle of the pattern of rejoining. 060970
Physical transformations of starch, gluten, and [bakery] **yeast** *induced* by some emulsifiers. 053861

INERTIA

The dynamic Young's modulus in compacted clayey soil at high pressures and the effects of **radial** *inertia* and added mass. 061651

INFANCY

Recommended dietary **allowances** for *infants.* 053385
The need for regional and national industry councils and how they would function *[Infant* and **child** feeding practices]. 052883
Supplementary foods based on oilseeds for *infants* & **children.** 053236
The role of the infant food industry in promoting desirable policies and practices in feeding of *infants* and **children.** 053308
Hemograms of gnotobiotic and **conventional** *infant* baboons (Papio cynocephalus) [Laboratory animals]. 054628
The role of the *infant* **food** industry in promoting desirable policies and practices in feeding of infants and children. 053308
An evaluation of the effectiveness of sterilization of *infant* **formulas** by thermal heating and an aseptic method. 053423
An evaluation of the effectiveness of sterilization of *infant* **[milk]** formulas by thermal heating and an aseptic method. 053139
Effects of processing on the nutritive value of WSB [wheat, soy, vitamins, minerals]-skim milk **mixtures** for *infants.* 053263
Enzymic evaluation of thiamin, riboflavin and pyridoxine status of parturient women and their **newborn** *infants.* 053116
Policies and practices recommended in feeding **older** *infants* (six to twelve months) and young children (twelve to twentyfour months) in Indonesia. 053306
MCT [medium chain triglycerides) absorption by **preterm** *infants* [Milk formulae]. 053296
Detection of neonatal calf diarrhea virus, *infant* **reovirus-like** diarrhea virus, and a coronavirus using the fluorescent virus precipitin test. 055599
Soybean trypsin inhibitor activity of **soy** *infant* formulas and its nutritional significance for the rat. 053193
PAG [Protein-Calorie Advisory Group] regional seminar: overcoming problems in *infant* and **young** child feeding practices. 053304
Policies and practices recommended in feeding **young** *infants* (zero to six months) in countries of the region [Sri Lanka]. 053305
The role of the Philippine government in promoting desirable policies and practices for *infant* and **young** child feeding. 053309

INFECTION

A complement fixation method for quantitative differentiation of reactions to 45/20 vaccine and Brucella **[abortus]** *infection.* 055781
Adenoviral *infection* in a foal. 055798
Certain characteristics of the *infective* **agent** of feline infectious peritonitis. 055397
Histological investigation of fleas, Ceratophyllus consimilis Wagn. *infected* with the **agent** of listeriosis (Listeria monocytogenes). 060487
Demonstration of the isolation of *non-infective* **Alnus** crispa var. mollis Fern. nodule endophyte by morphological immunolabelling and whole cell composition studies. 058562
Pathological anatomy of Virginia crab **apples** *infected* with stem scar virus. 059542
Arbovirus *infections* in Sarawak: the role of the domestic pig [as maintenance host]. 055774
Migration of larvae of Oedemagena tarandi L. In **artificial** *infection* of deer. 060489
Induction of SMON [subacute myelo-optico-neuropathy]-type virus from **avian** *infectious* laryngotrachetis virus. 055735
Changes of chlorophyll content in the leaves of **barley** *infected* with the [powdery mildew] fungus Erysiphe graminis f. Sp. hordei Marchal after spraying with a protective substance. 059456
Nematodirus **battus** *infection* in lambs, with a special view toward preventive measures [Nematodes]. 055703
Studies on the **best** *infection* methods of strawberry plants with various Phytophthora cactorum (Leb. and Cohn) Schroet strains. 059339
Some answers on vaccinating for IBR *[Infectious* **bovine** rhinotracheitis, cattle]. 055483
The prevalence of antibody to *infectious* **bovine** rhinotracheitis virus in some game animals of East Africa. 055639
Growth characteristics of bovine herpesvirus 1 *(infectious* **bovine** rhinotracheitis) in human diploid cell strain WI-38. 055734
Cross-protection studies with a Holland strain (Noblis H52) of *infectious* **bronchitis** virus [Chickens]. 055444
Identification of seven isolants of *infectious* **bronchitis** virus by interference with the B-1 isolant of Newcastle disease virus [Chickens]. 055448
Immunity to *infectious* **bronchitis** virus from spray vaccination with derivatives of a Holland strain [Chickens]. 055449
New strains of *infectious* **bronchitis** virus isolated in Maine [Chickens]. 055455
Immunodeficiency in the chicken. IV. An immunological study of *infectious* **bursal** disease. 055486
An outbreak of *infectious* **bursitis** in a poultry flock. 055723
Scanning electron, light, and immunofluorescent microscopy of intestine of gnotobiotic **calf** *infected* with calf diarrheal coronavirus. 055424
Immunization against feline **calicivirus** *infection.* 055410
Cystine aminopeptidase activity (oxytocinase) in pregnant guinea pigs: normal and *infected* with **Campylobacter** fetus. 055401
Serosurvey of dogs for Brucella **canis** *infection* in Memphis, Tennessee. 055393
Haemobartonella **canis** *infection* in research dogs. 055654
The absence of one class of virus-induced protein in arginine-deprived **cells** *infected* with pig herpesvirus. 055794
Transmission of a bacilliform virus of sowthistle [Sonchus oleraceus]: mitochondria modifications in the *infected* **cells.** 059640
Progressive changes in serum proteins and the rheumatoid factor of **chickens** *infected* with Mycoplasma synoviae. 055457
An atypical case of *infection* with **Clostridium** chauvoei in cattle. Problems related to the differential diagnosis [Bacterial diseases]. 055694
Experimental bovine Trichophyton verrucosum [Fungi] *infection.* **Comparison** of the rate of epidermal cell proliferation and keratinisation in non-infected and reinoculated cattle. 055741
Haemonchus **contortus** *infection* in ewes: blastogenic responses of peripheral blood leukocytes to third stage larval antigen. 055578
Infectious **croyza,** an important contagious disease of birds [Haemophilus gallinarum, poultry]. 055724
Mechanisms of natural resistance to trypanosomal infection. Role of complement in avian resistance to Trypanosoma **cruzi** *infection* [Chickens]. 055533
Mutagenesis under the influence of simian vacuolizing virus 40 (SV 40). I. Induction of chromosome aberrations in Chinese hamster cells in the first **days** after *infection.* 055765
The costs of dairy calf pneumonia *[Infectious* **diseases].** 055675
A hypophysis-abscess-syndrome in cattle. III. Pathogenesis *[Infectious* **diseases].** 055709
Double *infection* of isolated tobacco mesophyll protoplasts by unrelated plant viruses. 059595
Light-induced effects on **early** *infection* with carnation mottle virus [of Chenopodium amaranticolor, Gomphrena globosa, and Dianthus barbatus]. 059562
Effect of *infection* with **enveloped** viruses on nucleotide metabolism [Chick embryo]. 055788
EIA **[equine** *infectious* anemia] testing costs. 055299
What do you think? [Control of **equine** *infectious* anemia]. 055523
What's all the fuss about EIA? **[equine** *infectious* anemia, swamp fever, Coggins test]. 055524
Suppression of synthesis of an IgG [immunoglobulin] subclass in a persistent viral infection. **Equine** *infectious* anaemia. 055536
Contributions to the mechanism of *infection* of **Erwinia** uredovora, a parasite of rust fungi. 059498
Changes in the transpiration of the resistant host after an *infection* with **Erysiphe** graminis DC [Barley]. 059455
The prevalence and diagnosis of Trypanosoma **evansi** *infection* in camels in southern Ethiopia. 055778
Properties of RNA polymerases of healthy and citrus **exocortis** *viroid-infected* Gynura aurantiaca DC. 059679
Effect of monensin on **experimental** *infections* of Eimeria ninakohlyakimovae in lambs. 055403
Pathogenesis of in utero infection: **experimental** *infection* of eight- and ten-week-old porcine fetuses with porcine parvovirus. 055419
Variations of isoperoxidase activity after **experimental** *infection* of carnations [Dianthus caryophyllus] by Phialophora cinerescens. 059413
The development of the rostellar hooks of Taenia pisiformis [in **experimentally** *infected* rabbits]. 055583
Some observations on chronic leptospiral carrier state in gerbils **experimentally** *infected* with Leptospira grippotyphosa[Zoonoses]. 055638
Relation between the toxogenicity and pygenicity of Corynebacterium ovis in **experimentally** *infected* mice. 055748
A perspective on animal disease monitoring [associated with a combination of environmental, genetic, and *infectious* **factors].** 055306
Certain characteristics of the infective agent of **feline** *infectious* peritonitis. 055397
Phenols as pheromones of ixodid ticks: a general phenomenon? [Rhipicephalus appendiculatus and Rhipicephalus pulchellus, vectors of East Coast **fever** *infection* of cattle]. 060437
On features of metabolism of proteins in chick **fibroblasts** *infected* with Sendai virus. 055803
Influence of natural Nosema sp. *Infections* on **field** populations of Malacosoma americanum (Lepidoptera: Lasiocampidae). 060942
Nitrogen metabolism of liver tissue in chickens during single and **3-fold** *infection* with oocysts of Eimeria tenella. 055717
Immunity [of sheep] in **foot-rot** *infection* [Fusiformis nodosus]. 055680
Laboratory trials with inactivated vaccines against Escherichia coli (O78 K80) *infection* in **fowls.** 055745
Accumulation of pisatin and three additional antifungal pterocarpans in **Fusarium** *solani-infected* tissues of Pisum sativum [Peas]. 059373
Cytological alterations in tomato laves after *infection* by **Fusarium** lycopersici. 059399
Effect of Xanthomonas phaseoli var. **Fuscans** *infection* on peroxidase activity in susceptible and resistant bean varieties. 059512
Lesions in mink (Mustela vison) *infected* with **giant** kidney worm (Dioctophyma renale). 055635
The influence of the **grapevine** *infectious* chlorosis virus on chlorplast ultrastructure. 059554
Exocortis viroid: cytopathic effects at the plasma membrane in association with pathogenic RNA [in *infected* **Gynura** aurantiaca]. 059675
The epidemiology of Fasciola **hepatica** *infections* in sheep on a Lymnaea columella habitat in the Manawatu. 055684
The role of antibody dependent cytotoxicity in recovery from **herpesvirus** *infections* [Veterinary medicine]. 055484
Abortion associated with mixed leptospira/eqid herpesvirus 1 *infection* **[Horses].** 055782
Dirofilaria **immitis** *infection* in a wolverine [Probable transmission by dogs]. 055618
An investigation of *infectious* **infertility** and abortion of cattle. 055760
Relationship of infection and pathogenicity in the *infection* of **insects** by wal-free prokaryotes [that cause plant diseases]. 060138
Intestinal *infection* of neonatal dogs with canine coronavirus 1-71: studies by virologic, histologic, histochemical, and immunofluorescent techniques. 055414
Mycobacterium **intracellulare** *infection* in pigs. 055758
Streptococci isolated from bovine **intramammary** *infections.* 055426
Experimental **intranasal** *infection* of gnotobiotic piglets with Mycoplasma (M.) hyorhinis, Mycoplasma hyopneumoniae, Mycoplasma hyosynoviae, Mycoplasma arginini and Acholeplasma granularum. 055545
Intranasal *infection* with Bordetella bronchiseptica in gnotobiotic piglets. 055744
Bacterial penetration through the colon epithelium in the silkworm [Bombyx mori] **larae** *infected* with flacherie viruses. 061347
The effects of temperature on the survival and development of the *infective* **larvae** of twisted wireworm Haemonchus contortus (Rudolphi, 1803) [Goats]. 055556
Histopathological observations on the cytomata which appeared in the silkworm [Bombyx mori] **larvae** *infected* with flacherie viruses. 061355
A method to suck off spores aseptically from fungal cultures [of *infected* **leaf** and stem pieces]. 059393
Changes in amino acids and amides content in jowar [durra] **leaves** *infected* by Helminthosporium turcicum. 059281
Cytokinin activity of powdery mildew [Erysiphe cichoracearum] *infected* **leaves** of Abelmoschus esculentus. 059398
Changes in phenylalanine ammonia-lyase, peroxidase and polyphenoloxidase during the development of local necrotic lesions in pinto bean **leaves** *infected* with alfalfa mosaic virus. 059627
Occurrence of abnormal chloroplasts in tobacco **leaves** *infected* systemically with the ordinary strain of cucumber mosaic virus. 059635
A note on the occurrence of **Leucocytozoon** *infection* in Andhra Pradesh [Chickens]. 055560
The effect of bacterial adjuvants on Trypanosoma **lewisi** *infections* in rats. 055516
12,13-dihydro-12-hydroxyaustamide, a new dioxopiperazine from Aspergillus ustus *[Infected* **maize** meal]. 059386
Mathematical modeling of the **mastitis** *infection* process [Dairy cattle]. 055608
A strain of Serratia marcescens pathogenic for larvae of Lyumantria dispar: *infectivity* and **mechanisms** of pathogenicity [Forest pests, biological control]. 060372
The different course of lactate and glutamate dehydrogenases activity in the larvae of Barathra brassicae (Lepidoptera) during **microsporidan** *infection* [Nosema plodiae]. 060621
The fate of promastigotes of Leishmania tropica major and Leishmania gymnodactyli in the organism of Phlebotomus papatasi in **mixed** *infection.* 060492
Involvement of ethylene in the suppression of hypocotyl elongation in CMV [cucumber **mosaic** *virus]-infected* cucumbers. 059621
"Oryctes" virus replication: electron microscopic observations on *infected* **moth** and mosquito cells [Spodoptera frugiperda, Aedes albopictus]. 061041
The effect of immunosuppression on secondary Echinococcus **multilocularis** *infections* in mice. 055585
Effect of some growth regulators on the *infectivity* and **multiplication** of cucumber mosaic virus. 059686
Double-stranded ribonucleic acid in Agaricus bisporus *[virus-infected* **mushrooms].** 059558
Leaf anatomy of Catharanthus roseus (Apocynaceae) *infected* with **mycoplasm.** 059623
Effect of the apple-tree proliferation [probably due to **Mycoplasma** *infection]* on the growth of trees, their fecundity and quality of fruits. 059653
Histochemistry of Corsican pine [Pinus nigra] **needles** *infected* by Lophodermella sulcigena (Rostr.) v. Hohn. 059239
The epidemiology and control of some **nematode** *infections* in grazing animals [Cattle, sheep]. 055390
Giant cell formation in corn roots caused by Meloidogyne hapla **[nematodes]** *infection.* 059827
Resistance to Taenia pisiformis larvae in rabbits: immunization against *infection* using **non-living** antigens from in vitro culture. 055579
Interaction of *infection* and **nutrition:** some practical concerns. 053142
Studies on the previously unreported flacherie virus infecting the silkworm, Bombyx mori. III. Serological difference between the small flacherie virus and the *infectious* **one.** 061357
Oral *infection* of mammals with Sarcocystis fusiformis bradyzoites from cattle and sporocysts from dogs and coyotes [Protozoan parasites]. 055622
Ovarian *infection* of Sporobolus poiretii by Bipolaris ravenelii. 059425
A guide for accredited veterinarians *[Infectious* and **parasitic** diseases]. 055434
Data on the incidence of some *infectious* and **parasitic** diseases in slaughtered animals in 1971-1973. 055661
Parenteral *infection* of white-tailed deer (Odocoileus virginianus) with Metacercariae of Fasciola hepatica and Fascioloides magna. 055623
Relationship of *infection* and **pathogenicity** in the infection of insects by wal-free prokaryotes [that cause plant diseases]. 060138
Differential reactions of three crucifers to *infection* by **Peronospora** parasitica (Pers. ex Fr.) Fr. 059401
Persistent *infection* of Malacosoma disstria (Lepidoptera: Lasiocampidae) cell cultures with Nosema (Glugea) disstriae (Microsporida: Nosematidae) [Use of microsporidia as biological control agents]. 060125
Uptake of tobacco rattle virus by tobacco protoplasts, and the effect of **phosphate** on *infection.* 059597
Effect of temperature on *infectivity* and some **physico-chemical** properties of purified wheat striate mosaic virus. 059630
Streptococcal [Streptococcus] *infections* in **pigs.** 2. Serological and biochemical examinations. 055713
Translocation of 14C-[carbon isotope] labelled assimilates in barley **plants** *infected* with powdery mildew (Erysiphe graminis f. sp. hordei Marchal). 059410
Infection of **potato** tubers by Oospora pustulans during the growing season in relation to the distribution of tubers in the ridges. 059458
Effect of temperature on reaction of Datura stramonium L. *Infected* with **potato** virus X. 059614
Research with seed **potatoes** *infected* with Phoma. 059348
Primary *infection* of milk. 2. Variation of bacterial and cell counts in milk during the course of milking [Contamination]. 053025
Causes of culling and death in sows [Infertility, chronic **pyogenic** *infections].* 055347
Scanning electron microscopy of the jejunum of the **rat** *infected* by the nematode Nippostrongylus brasiliensis. 055580
Infectivity of **red** clover mottle virus nucleoprotein components. 059632

Experimental bovine Trichophyton verrucosum [Fungi] infection. Comparison of the rate of epidermal cell proliferation and keratinisation in *non-infected* and **reinoculated** cattle. 055741
Combating **respiratory** *infections* in cattle. 055718
Uptake and translocation of calcium and magnesium in tomato plants as influenced by *infection* with **root-knot** nematode Meloidogyne incognita and tobacco mosaic virus. 059833
Recording and machine processing of cereal **rust** *infection* [Puccinia recondita tritici]-type data. 059443
Correct use of chloramphenicol [**Salmonella** *infections* in livestock]. 055771
Studies on viral pathogenesis in plant hosts. VIII. Systemic virus invasion and localization of *infection* on **'Samsun** NN' tobacco plants resulting from tobacco mosaic virus infection. 059638
Synthesis of virus-specific macromolecules and maturation of virions in **Sendai** *virus-infected* chick embryo cells. 055806
Prevalence of Linguatula **serrata** *infection* in animals from the Cairo Abattoir [Sheep, buffaloes, camels, pigs]. 055624
Cross-infectivity of **six** plusiine nuclear polyhedrosis virus isolates to plusiine hosts [Plusiinae, insect pests, biological control]. 060144
Toxoplasmosis [Toxoplasma gondii] in veterinarians: an investigation into possible **sources** of *infection*. 055759
The passive transfer of humoral immunity from **sows** *infected* with Hyostrongylus rubidus (Hassal and Stiles, 1892), the red stomach worm, to their offspring and its significance in the conferring of protective immunity. 055539
Phytophthora citrophthora on Pieris japonica: *infection*, **sporulation,** and dissemination [Pathogen of shoot blight, stem dieback and crown rot]. 059426
The establishment of nodule bacteria in the rhizosphere of clover during the initial **stages** of *infection*. 061705
Comparative study of the milk fat globule membrane and the mouse mammary tumour virus prepared from the milk of an *infected* **strain** of Swiss albino mice. 055466
Streptococcal [Streptococcus] *infections* in **sucking** pigs. 1. Epidemiological investigations. 055712
Influence of exogenous ethylene on ipomeamarone accumulation in black rot [Ceratocystis fimbriata] *infected* **sweetpotatoroots** [toxic to mammals]. 059384
Development of healthy shoots from Poa pratensis **systemically** *infected* by Ustilago striiformis and Urocystis agropyri. 059433
Profiles of *infection* **threads** in root nodules as revealed by electron microscopy [Mungo beans]. 059534
In vitro culture of shoot **tips** *infected* with mulberry dwarf [Virus]. 059619
The antifungal activity of glutinosone and capsidiol and their accumulation in *virus-infected* **tobacco** species. 059380
Specific soluble leaf proteins in *virus-infected* **tobacco** plants are not normal constituents. 059596
Peroxidase activity in leaves of Nicotiana tabacum var. Xanthi nc. before and after *infection* with **tobacco** mosaic virus. 059622
An ulrastructural study of the *infection* of **tobacco** mesophyll protoplasts by potato virus X. 059625
Effect of *infection* [of **tomatoes**] with Verticillium albo-atrum and agents interacting with DNA on the activity of peroxidase and phenylalanine ammonia lyase. 059402
The cat as a possible source of **Toxoplasma** *infection* for man. 055515
Evidence of respiratory **tract** *infection* induced by equine herpesvirus, type 2, in the horse. 055481
Mechanisms of natural resistance to **trypanosomal** *infection*. Role of complement in avian resistance to Trypanosoma cruzi infection [Chickens]. 055533
The establishment and duration of Fasciola hepatica [liver fluke] *infections* in **two** strains of rats and the developmentof acquired resistance. 055752
Malnutrition and *infection* in a **typical** rural Guatemalan village: lessons for the planning of preventive measures. 053145
Pathogenesis of in **utero** *infection:* experimental infection of eight- and ten-week-old porcine fetuses with porcine parvovirus. 055419
Suppression of synthesis of an IgG [immunoglobulin] subclass in a persistent **viral** *infection*. Equine infectious anaemia. 055536
Incidence of Marek's disease **virus** *infection* in domestic fowl of Punjab (India). 055451
Antiviral activity of Brucella abortus preparations: separation of active components [Protection against Semliki forest **virus** *infection* in mice]. 055562
Herpes simplex **virus** *infection* stops spontaneous beating of chick heart cells. 055687
Cellular fatty acids during fowlpox **virus** *infection* of three different host systems. 055787
Pome fruit **virus** *infections* of some woody ornamental and indigenous species of Rosaceae. 059598
Best methods of diagnosing of [potato] **virus** *infection*. 059606
Periods of [potato] clone picking [in relation to *infection* with **virus** diseases X, S and M]. 059610
Effect of cucumber mosaic **virus** *infection* on the amino acids and amides in vegetable marrow leaves. 059629
Studies on viral pathogenesis in plant hosts. VIII. Systemic virus invasion and localization of infection on 'Samsun NN' tobacco plants resulting from tobacco mosaic **virus** *infection*. 059638
Freeing potato varieties of latent **virus** *infection* at the Institute for Potato Researh, Bonin. 059655
Investigations on instances of serological and visual estimation of different potato varieties [Indexing for **virus** *infection].* 059660
Studies on the previously unreported flacherie **virus** *infecting* the silkworm, Bombyx mori. III. Serological difference between the small flacherie virus and the infectious one. 061357
Formation of an *infectious* **virus-antibody** complex with Roussarcoma virus and antibodies directed against the major virus glycoprotein. 055629
Serum proteins, blood and plasma volumes in experimental Trypanosoma **vivax** *infections* of sheep and goats. 055777
Experiences on the experimental and clinical use of the Chloramphenicol spray in the veterinary surgery [to prevent andcure **wound** *infections].* 055663
Infection with **Yersinia** enterocolitica in animals [Bacterial diseases]. 055698

INFERTILITY *see* FERTILITY

INFESTATION

Effect of small grain planting date on *infestation* of **barley** yellow dwarf virus [Aphididae, insect vectors]. 059668
Present detection of *[infestation]* **centers** as a guarantee of successful control [Potato nematodes, Estonia]. 059907
Effect of insect [Sitophilus oryzae, Callosobruchus chinensis] *infestation* on the **chemical** composition and nutritive value of maize and cowpea. 060399
Infestation of **citrus** trees in Greece by Archips rosanus (L.) (Lepidoptera: Tortricidae). 060256
Hidden-insect detection by infrared carbon dioxide gas analysis principles of system design [**Commodities** *infestation].* 060388
Taeniarhynchys [saginatus] in the German Democratic Republic. Statements on *infestation* **frequency** for 1966-1973 [Food contamination]. 052940
Grain **insect** *infestation* begins mostly on farms. 060400
Effect of feeding diet containing insect [Sitophilus oryzae, Callosobruchus chinensis] *infested* **maize** and cowpea on the growth and histological changes in livers of albino rats [Contaminated food]. 053039
Field studies with selected skin repellents against **natural** *infestations* of Aedes taeniorhynchus (Wiedemann). 060463
The lethal effect of high temperature on the survival of the larvae of Trogoderma granarium Everts [Insect **pests** *infesting* stored wheat]. 060853
Induction of phytoalexins in potato tubers by metabolites of fungus **Phytophthora** *infestans* (Mont.) de Bary. 059297
The fungus **Phytophthora** *infestans* [late blight of potato] in the soils of the Moscow area. 059345
The sensitivity of **Phytophthora** *infestans* [the causative agent of late blight disease of potatoes] to several antibiotics. 059493
Effect of insect [Sitophilus oryzae, Callosobruchus chinensis] *infestation* on the **protein** efficiency ratio of the proteins of maize and cowpea. 060398
Severe *infestation* of mites [Oligonichus indicus] in sorghum crop at Vallabhnagar farm. 060198
Ovipositon stimulants of the moth Ectomyelois ceratoniae: the effect of short-chain alcohols [Ceratonia **siliqua** *infested* with the fungus Phomopsis]. 060303
Cropping peppermint on **soils** *infested* with Verticillium wilt. 059304
Codling moth [Laspeyresia pomonella] control by sterile insect release: importation of fruit and fruit containers as a **source** of *reinfestation*. 060305
Trypocalliphora lindneri Peus. (Diptera, Calliphoridae) *infesting* a great **tit** nestling (Parus major L.). 060417
The influence of endotropic mycorrhiza on the *infestation* of **tobacco** by Thielaviopsis basicola. 059409
Corn and weeds. All 65 million acres of U.S. Corn land share a common problem: recurring **weed** *infestations*. 060090

INFILTRATION

A field study on the relationship of temperature and ice to [frozen soil] *infiltration* at a **spray** irrigation facility. 061771

INFLAMMABILITY

Flammability **characteristics** of textiles and their treatment. 053059

INFLAMMATION

Optimal therapy of otitis externa, skin diseases, anal **gland** *inflammation* and interdigital cysts in small animals [Dogs, cats]. 055877

INFLATION

Will *inflation* **destroy** the UK mushroom industry? 052517
Effect of *inflation* on **evaluation** of forestry investments. 056044
The differential impact of **food** *inflation* upon the poor [Prices]. 052573
Mini guide to *inflation* [**Food** prices]. 052608
Grade *inflation!* Flight it by the improvement of grading procedures [Agricultural education]. 052146
German machine **milks** without *inflations*. 061524

INFLORESCENCE

Inflorescence **development** and fruit set in Ilex cornuta Lindl. et Paxt. cv. Burfordii as influenced by temperature and photoperiod. 058391
Relationship between water potential and leaf and *inflorescence* **initiation** in Helianthus annuus [Sunflowers]. 058166
The giant lobelias: toxicity, *inflorescence* and **tre-building** in the Campanulaceae. 058599
Drain of nutrients imposed when Aphis sambuci and Aphis fabae feed on the *inflorescence* of **Yucca** flaccida, and the amounts retained by the aphids. 060321

INFLUENZA

Immuno-effect of serum and nasal antibody against experimental inoculation with *influenza* **A-equi-2** virus [Horses]. 055501
Studies with a **bovine** *parainfluenza-3* variant in calves. 055497
The epizootiologic significance of the ovogenic immunity against the so called **goose** *influenza*. 055670
New **human** *influenza* vaccines in feeder pigs. 055495
Swine *influenza* [Virus diseases]. 055384
Morphologic heterogeneity of a strain of **swine** *influenza* virus (A/swine/Wisconsin/1/68, HswIN1) propagated at different temperatures. 055417
Use of an experimental inactivated **swine** *influenza* vaccine in gilts before breeding. 055498
Maternal immunoglobulins and *parainfluenza* 3 **virus** inhibitors in the nasal and lachrymal secretions and serum of newborn lambs. 055487

INFORMATION

Agricultural *information:* planted areas and yields of coffee, tobacco and sugarcane in the year of 1974-1975 [Statistics]. 052771
Problems of government production and utilization of *information* on **animal** diseases. 055313
Diptera Culicidae of the Lyons fauna: new mosquitoes, **complementary** *information* on some already reported. 061132
Information **concerning** nutrient content of livestock manure in reference to fertilizing plans. 061923
EDP-IR [electronic **data** *processing-information* retrieval] in the National Herbarium of Colombia (col). 056350
Reference books for use in phytomedical **documentation** and *information*. 059905
National and international sources of **food** *information* [Bibliographies]. 053087
General *information* on agricultural equipment and agriculture. 061481
The function of the nucleolus in the expression of **genetic** *information:* studies with hybrid animal cells [Chicks]. 055106
Structure and function of the **genetic** *information* in the plastids. XIII. Lamellar proteins of pale plastids of plastom and gene mutants of Hordeum and Lycopersicon [Barley, tomatoes]. 056947
Automatic classification of eutrophication of inland lakes from spacecraft data [Watershed **land-use** *information,* water quality]. 062220
Information on the **life** cycles of some New Zealand Crambini (Lepidoptera: Pyralidae: Crambinae). 061214
Yeast [Saccharomyces cerevisiae] mutants resistant to basicfuchsin: a genetic approach to the integration of nuclear and **mitochondrial** *information*. 057103
Evidence of the Oligocene in the sedimentary basin, Cameroon coast, obtained from **palynological** *information*. 056457
Predicting future type proofs of young Holstein bulls from **pedigree** *information*. 055136
Boundaries of ERTS [Earth Resources Technology, Satellite] and aircraft data within which useful water **quality** *information* can be obtained. 062430
Design concepts for land use and natural resource inventories and *information* **systems.** 052219
The value of *information* and the **value** of theoretical models in crop [fertilizer] response research. 061908
We supplement our *information* about **winter** rye [Yields, varieties, agrotechnology]. 058894

INFRARED

The effect of the sample-preparation method on the *infrared* **absorption** spectra of cotton cellulose. 053936
Patrol route planning for an **airborne** *infrared* forest fire detection system. 055972
Hidden-insect detection by *infrared* **carbon** dioxide gas analysis principles of system design [Commodities infestation]. 060388
Infrared **photography** for selection of dehydration-avoidant Sorghum genotypes. 057200
Infrared **spectra** of gases produced by pyrolysis of carpet fibers [Toxicity]. 052952
Possibilities of remote discrimination of sea and fresh water from the *infrared* **spectral** reflectance. 062341
Infrared **spectroscopic** investigations of humic substances and their metal complexes [Soils]. 061677

Use of visible, *near-infrared*, and **thermal** infrared remote sensing to study soil moisture. 061693
Evaluation of **two** *infrared* instruments for determining protein content of hard red winter wheat. 053900
Infrared and **X-ray** study of parathion-montmorillonite sorption complexes [Behavior of pesticides in soil]. 060599

INFUSION

Abomasal **lysine** *infusion* in steers fed a urea supplemented diet. 054829

INGESTION

The effect of sodium **chloride** *ingestion* on food intake and on fat deposition in male rats. 053123
Glycogen forming substances in dairy cows. I. Increments in blood plasma glucose in cows with varying degrees of hypoglycemia and ketonemia after *ingestion* of **sodium** propionate. 055861
Continuous qualitative measurement of the intestinal absorption of carbohydrates; effect of **sucrose** *ingestion* on the portal and peripheral blood level of glucose and fructose in the pig. 054314
Urea-mineral mixtures—nitrogen source for ruminants. III. Urea nitrogen utilization by fattening calves on *ingestion* of **urea** through urea-mineral mixtures in the form of licking stones and through the liquid urea additive Pardue 64. 055010

INGREDIENTS

Biologically **active** *ingredients* in the venom of yellow wasp, Polistes hebraeus Fabricus (Hymenoptera: Polistidae). 060671
Biologically **active** *ingredients* in the venom of yellow wasp, Polistes hebraeus Fabricus (Hymenoptera: Polistidae). 060672
Engineered *ingredients:* building blocks for food design. 053523
Experimental studies on allergy with *ingredients* of **equine** Stronglyus: findings of intestine. 055500
Dried poultry manure—the prospects for the future [**Feed** *ingredient].* 054068
Cheese: the **natural** *ingredient.* 053429
Quality *ingredients* are needed to make a quality ice cream. 053669
Effect of **ration** *ingredient* change on performance of growing-finishing swine. 054840
Ingredient **separation** in automated poultry feeding systems [Feed composition]. 054078

INHABITING

Abundance of **insects** *inhabiting* the male strobili of red pine [Pinus resinosa]. 060291
On the bionomics of *bromeliad-inhabiting* **mosquitoes.** I. Some factors influencing oviposition by Wyeomyia vanduzeei. 060469

INHALATION

Constitutive influences on sound velocity *[Inhalation* **anesthetics].** 055381
Chemical studies on byssinosis, the respiratory disease of cotton mill workers [caused by *inhalation* of the **dust** of fiber crops]. 053873

INHERITANCE

Survey of the *inheritance* of **absence** of tanin in broadbean seeds. 056939
The *inheritance* of **Cercospora** [cruenta] leaf spot resistance in the southernpea (Vigna unguiculata (L.) Walp.). 059332
Inheritance of **compact** growth type in apple [Varieties, crossbreeding]. 057060
Extrachromosomal *inheritance* in Schizosaccharomyces pombe [yeasts]. I. Evidence for an extrakaryotically inherited mutation conferring resistance to antimycin. 057092
Extrachromosomal *inheritance* in Schizosaccharomyces pombe [yeasts]. II. Evidence for extrakaryotically inherited respiratory deficient mutants. 057093
Extrakaryotic *inheritance* [Plants, Drosophila]. 056989
Extrachromosomal inheritance in Schizosaccharomyces pombe [yeasts]. I. Evidence for an **extrakaryotically** *inherited* mutation conferring resistance to antimycin. 057092
Extrachromosomal inheritance in Schizosaccharomyces pombe [yeasts]. II. Evidence for **extrakaryotically** *inherited* respiratory deficient mutants. 057093
Inheritance of an **extreme** dwarf plant type in the cucumber. 057061
Protection of **farm** *inheritance* in agricultural and partnership law: a comparison of legal systems [Legislation]. 052907
Inheritance of **incompatibility** in the sugarbeet (Beta vulgaris L.). Analysis of incompatibility in first-generation hybrids. 057162
Inheritance of **interlocular** cavitation in a six-parent diallel cross in snap beans (Phaseolus vulgaris L.). 057062
Inheritance of **kernel** weight in barley, Hordeum vulgare L. 057201
Inheritance of **killer** phenotypes and double-stranded RNA in Ustilago maydis. 059463
The indivisibility of land: a microanalysis of the system of *inheritance* in **nineteenth-century** Ontario [History]. 052247
Preliminary observations on the *inheritance* of **non-shattering** habit in wild rice. 056966
Inheritance of **oil** and protein content in first hybrid progeny of sunflowers. 057142
Esterases in the house fly [Musca domestica]: **polymorphismsand** *inheritance* patterns. 060913
Studies on the mode of *inheritance* of some **qualitative** characters in brinjal (Solanum melongena Linn) [Eggplant]. 057016
Investigations on *inheritance* of **quantitative** characters in animals by gene markers. II. Expected effects. 055238
Inheritance of **resistance** to red pumpkin beetle (Aulacophora fovicollis Lucas) in bottlegourd. 057015
Development of sunflower lines resistant to donny mildew, Plasmopara helianthi Nov. I. *Inheritance* of **resistance.** 059467
Inheritance of **resistnace** to organophosphorus insecticides in Culex tarsalis Coquillet. 060424
Resistance of VFR 1 safflower to Phytophthora [drechsleri] root **rot** and its *inheritance.* 059445
Inheritance of **self-incompatibility** in sugarbeet (Beta vulgaris L.). I. Analysis of imcompatibility in the first selfpollination genaration. 057161
Inheritance of loose **smut** [Ustilago tritici] resistance in spring wheat. 059477

INHIBITION

Characterisation of abscisic **acid** *inhibition* of stomatal opening in isolated epidermal strips [of Commelina benghalensis]. 057904
Inhibition by **acidosis** of adenosine 3',5'-cyclic monophosphate accumulation and lipolysis in isolated rat fat cells. 054254
The modification of soil microflora due to soil aeration. 2. The influence of an *inhibited* **aeration** and of differentiated dioxide partial pressure on the flora of bacteria and fungi during decay of organic matter. 061899
Kinetics of the *inhibition* of **amaranthin** formation by inhibitors of protein- and nucleic acid metabolism in seedlings of Amaranthus caudatus L. 057283
Nature of the *inhibition* by **amiodarone** of isoproterenol-induced tachycardia in the dog. 054330
Inhibition of **anaphylactic** histamine release by Forssman antiserum. I. Characteristics of the reaction and inhibitor [Rabbits]. 055532
Ascorbate-2-phosphate *inhibition* of ascorbate-2-sulfate sulfohydrolase from bovine liver. 054341
Inhibition of **blood** digestion by alpha-amanitin and actinomycin D and its effect on ovarian development in Aedes aegypti. 060923
Borate *inhibition* of yeast alcohol dehydrogenase. 057300
Inhibition of Ca2+ [**calcium** ion] and Zn2+ [zinc ion] uptake by Mn2+ [manganese] in excised rice roots. 058264
Inhibition of **cambial** activity in Abies balsamea by internal water stress role of abscisic acid. 058560
Inhibition of **cat** skeletal muscle cholinesterases by depolarizing myorelaxants. 054461
Organization of electron transport in photosystem II of spinach chloroplasts according to **chelator** *inhibition* sites. 058497
Inhibition of **chicken** pyruvate kinases by amino acids. 054361
Uptake and degradation of low density lipoprotein by swine arterial smooth muscle cells with *inhibition* of **cholesterol** biosynthesis. 053114
Inhibition of **cholesterol** biosynthesis by bovine milk, cultured buttermilk, and orotic acid [Rats, diets]. 053219
Quantification of **cholinesterase** *inhibition* [thin-layer chromotagraphy] for estimation of parathion [Organophosphorus insecticides]. 060514
Inhibition of **Clostridium** perfringens by heated combinations of nitrite, sulfur, and ferrous or ferric ions [Food poisoning]. 052946
Inhibition of **colchicine-blocked** mitosis by 1,3-diphenylguanidine [Broadbeans]. 057148
Failure of 19-hydroxylated androgens to *inhibit* **compensatory** ovarian hypertrophy in the rat. 055143
Dissimilar timing of **corticofugal** *inhibition* of the gracile and cuneate nuclei in cats anaesthetized with pentobarbitone. 054600
Inhibition of **cottonseed** germination with abscisic acid and its reversal. 058192
Setting up of *inhibition* in the **cotyledonid** bud of Pisum sativum L. [Peas]. 056812
Inhibition of **D-arabinose(L-fucose)** isomerase activity by tris and its analogues [Food chemistry]. 053469
Measurement of phagocytosis of 32P [phosphorus isotope]-labeled Staphylococcus aureus by bovine leukocytes: lysostaphin digestion and *inhibitory* **effect** of cream [Dairy cattle]. 055416
The *inhibitory* **effect** of light on seed development in subterranean clover (Trifolium subterraneum L.). 058018
Inhibitory **effects** of H2 [hydrogen] on growth of Clostridium cellobioparum [Rumen bacteria]. 054320
Inhibitory **effects** of 2-deoxy-d-glucose on methanol metabolism in Torulopsis sp. [Yeasts]. 057225
Inhibitory **effects** of steroidal allenes on growth, development, and steroid metabolism of the silkworm, Bombyx mori. 061329
Fibrinogen-related antigen concentrations of blood serum of normal cows, as measured by the tanned **erythrocyte** *hemagglutination-inhibition* immunoassay. 054304
Virus-inhibiting **factor** or interferon activity on heterologous animal cells [Rabbits]. 055641
The influence of water content on non-enzymic browning reactions in dehydrated foods and model systems and the *inhibition* of **fat** oxidation by browning intermediates. 053553
Regulation of lysine transport by **feedback** *inhibition* in Saccharomyces cerevisiae [Yeast]. 057646
Molecular mechanism of *inhibition* of **firefly** luminescence by local anesthetics [Lampiridae]. 061005
Inhibition of **gastric** secretion in the dog by 16,16-dimethyl prostaglandin E2. 054279
Genes *inhibiting* senescence in the ascomycete Podospora anserina [Fungi]. 057094
Inhibition of **groundnut** Rhizobium in Indian soils [Nodule bacteria]. 058231
Method for concentrating antisera for preparing mycoplasma **growth** *inhibition* discs. 055746
Production [and **growth** *inhibitory* effect] of ethylene by incubated litter of Pinus radiata. 055992
Titration of Newcastle disease virus and its neutralizing antibodies in microplates by a modified hemadsorption and **hemadsorption** *inhibition* method. 055606
Experimental observations on the practical value of various immunization methods against Newcastle disease. I. Data on the correspondance between the results of the **hemagglutination** *inhibiting* test and immunity against Newcastle disease. 055664
Some improvements in the hemagglutination and **hemagglutination** *inhibition* tests with arboviruses [Goose erythrocytes]. 055805
Inhibition of **hog** liver crystalline quinolinate phosphoribosyltransferse by nucleotides, quinolinate analogues and sulfhydryl reagents. 054261
Effects of growth **hormone** *inhibiting* factor (somatostatin) on the release of growth hormone and prolactin from pituitaries of the domestic fowl in vitro. 054585
Recombination and **hydroxyurea** *inhibition* of DNA synthesis in yeast [Saccharomyces cerevisiae] meiosis. 057096
Convergence on interneurones mediating the reciprocal **Ia** *inhibition* of motoneurones. I. Disynaptic Ia inhibition of Ia inhibitory interneurones [Cats]. 054253
Auxin-gibberellin relationships in their effects on hypocotyl elongation of light-grown cucumber seedlings. IV. *Inhibition* of **IAA** [indoleacetic acid]-induced elongation by N,N-dicyclohexylcarbodiimide and its reversal by gibberellin A3. 058486
Inhibition of **initiation** of protein synthesis [in wheat germs] by 7-methylguanosine-5'-monophosphate. 058237
Sulphydryl groups in photosynthetic energy conservation. I. **Light-dependent** *inhibition* of photophosphorylation by the sulphydryl reagent 2-2'dithio bis-(5-nitropyridine) [Spinach chloroplasts]. 058304
Cytochalasin B, but not colchicine, *inhibits* **migration** of secretory vesicles in root tips of maize. 056893
Effect of some aldoses on growth of Saccharomyces cerevisiae [yeasts] *inhibited* with **molybdenum.** 057598
The *inhibition* of the **multiplication** of Newcastle disease virus by 5-fluorouracil in tissue cultures [Chick embryo fibroblast cells]. 055715
Activaton and *inhibition* of **muscle** and cutaneous postganglionic neurones to hindlimb during hypothalamically induced vasoconstriction and atropine-sensitive vasodilation [Cats]. 054657
Advances in the chemistry of *tumor-inhibitory* **natural** products. 053629
Inhibition of **nitrosamine** formation in fried bacon by propyl gallate and L-ascorbyl palmitate. 053814
Adenylate cyclases in Physarum polycephalum [Fungi]: *inhibition* of a **nuclear** enzyme by polyamines. 057259
5-thio-D-glucose: **o-diphenoloxidase** *inhibition* as its mechanism of action [Drosophila melanogaster]. 060804
Inhibition by **oestradiol** of the pituitary response to luteinizing hormone releasing hormone in the dog. 054587
Effect of ascorbate on respiration, ultrastructure, and permeability of plant tissues for water during *inhibition* of **oxidative** activity of endoplasmic reticulum in vivo [Wheat seedlings]. 058088
Inhibition of **[pea]** chloroplast development by tentoxin [of Alternaria tenuis]. 059385
Chlorine reactions with seawater constituents and the *inhibition* of **photosynthesis** of natural marine phytoplankton [Algae]. 057550
Inhibition of **photosystem** I and photosystem II in [spinach] chloroplasts by UV [ultraviolet] radiation. 058491
Effects of the structure of phenolic compounds [extracted from tomato plants] on the *inhibition* of **Phytophthora** parasitica and on lytic enzymes. I. Isoflavonoids and coumestans. 059404
An in vitro system for the quantitative measurement of chitin synthesis in the cockroach [Leucophaea maderae] *inhibition* by TH 6040 and **polyoxin** D. 060856
In vitro inhibition of [rabbit muscle] lactate dehydrogenase by insecticidal polychlorinated hydrocarbons. I. Mechanism of *inhibition:* **possible** association of reduced nicotinamide adenine dinucleotide with Mirex. 060564
Evolution of *beta-inhibitory-complex* in **potato** sprouts and in the periderm of mother and filial tubers during the incubation period: signification of this evolution in comparison with the induction of dormant state of filial tubers. 058327
The isolation and characterization of the ATPase [adenosine triphosphatase] *inhibitory* **protein** (TN-1) from bovine cardiac muscle. 054427
Ultrastructure of active and *inhibited* **prothoracic** glands [Hyalophora cecropia]. 060932

Quantitative structure-activity relationships among selected pyrimidinones [herbicides] and Hill **reaction** *inhibition*. 059996
Inhibition and **reversal** of wheat germ agglutinin-induced caps by concanavalin A. 058130
Inhibition of **RNA** synthesis in a fragile yeast mutant by actinomycin D [Saccharomyces cerevisiae]. 057355
Specific *inhibition* of the oxygenase activity of ribulose-1, 5-bisphosphate carboxylase [Spinach]. 058283
Inhibition of **spinach** phosphoribulokinase by DL-glyceraldehyde. 058285
Effect of agar on *inhibition* of **spore** germination [of Calonectria crotalariae, Helminthosporium maydis and Alternaria solani] by chemicals. 059420
Sprout *inhibition* of stored vegetables. 053999
Studies of the mechanism by which [the synthetic growth retardant] daminozide (B9) *inhibits* **stomatal** opening [Commelina communis, Xanthium strumarium]. 057701
Occurrence of promoting and *inhibitory* **substances** in the seed arils of Carica papaya L. [Papayas]. 058410
Inhibition-threshold **substrate** concentrations [Single-cell protein production]. 053488
Inhibition of **sulfate** uptake by Lemna minor L. During aeration with sublethal concentrations of SO2 [sulfur dioxide]. 057563
The dilatatory action of adenosine on pial arteries of cats and its *inhibition* by **theophylline**. 054658
Inhibition by **triphenyltin** chloride of a tightly-bound membrane component involved in photophosphorylation [Spinach chloroplasts]. 058343
Inhibition of **unidirectional** influx of glucose into the isolated perfused dog brain by cytochalasin B. 054713
Effect of fructose administration on serum urate levels in the **uricase** *inhibited* rat. 053156
In **vitro** *inhibition* of [rabbit muscle] lactate dehydrogenase by insecticidal polychlorinated hydrocarbons. I. Mechanism of inhibition: possible association of reduced nicotinamide adenine dinucleotide with Mirex. 060564
In **vivo** *inhibition* of gonadotropins and thyrotropin in the chick by extracts of Lithospermum ruderale. 054504
In **vivo** *inhibition* of cholesterol uptake in rabbit aortas by 7-ketocholesterol. 054684
Uptake and translocation of chemicals [Bactericides] in cotton seedlings *[inhibitory* to **Xanthomonas** malvacearum]. 059539

INHIBITORS

An **acrosin** *inhibitor* in ram spermatozoa that does not originate from the seminal plasma. 055091
Effects of **acrosin** *inhibitors* on the soluble and membrane-bound forms of ram acrosin, and a reappraisal of the role of the enzyme in fertilization. 055092
The role of carbonic **anhydrase** *inhibitors* on anion permeability into ox red blood cells. 054612
Developmental expression of a **catalase** *inhibitor* in maize. 058188
The trypsin and **chymotrypsin** *inhibitors* in chickpeas (Cicerarietinum L.). Identification of the trypsin-reactive site, partial-amino-acid sequence and further physicochemical properties of the major inhibitor. 058344
Ageing in excised roots of tomato. III. The effects of cell **division** *inhibitors* on ageing in glucose. 058435
Mushroom [Agaricus hortensis] *inhibitors* of **dopa** oxidation. 058332
Isolation of an **endogeneous** *inhibitor* of epidermal DNA synthesis (G1 chalone) from pig skin. 054512
Influence of *inhibitors* of **gene** expression on processes of cell specialization during the idiophase development of Penicillium cyclopium Westling [Fungi]. 057279
Effect of some *inhibitors* on **germination** of the seeds of Melandrium noctiflorum stimulated by light, ether peroxides orpaper factor. 057591
Short-chain fatty acids as *inhibitors* of **gibberellin-induced** amylolysis in barley endosperm. 058131
Effect of regulators and *inhibitors* of **growth** on photosynthetic phosphorylation in chloroplasts islated from maize leaves. 058089
The effect of **growth** *inhibitors* and promoter on the growth, flowering and fruit size of banana plants. 058426
The effect of **growth** *inhibitors* and promoter on the growth, flowering and fruit size of banana plants. 058427
Changes in the levels of **growth** *inhibitors* and endogenous gibberellins during the vegetative rest of peach tree buds. 058477
The influence of urea and guanidine chloride on the binding of the bacterial substrate and *inhibitors* to **hen** lysozyme at physiological temperature (40 degrees). 054381
The trypsin and chymotrypsin inhibitors in chickpeas (Cicerarietinum L.). Identification of the trypsin-reactive site, partial-amino-acid sequence and further physicochemical properties of the **major** *inhibitor*. 058344
Effects of temperature, anoxia and other **metabolic** *inhibitors* on translocation [Phloem]. 057533
Effects of secondary binding by activator and *inhibitor* **peptides** on covalent intermediates of pig pepsin. 054351
An *inhibitor* of **potato** virus from Myrtus communis. 059574
Kinetics of the inhibition of amaranthin formation by *inhibitors* of **protein-** and nucleic acid metabolism in seedlings of Amaranthus caudatus L. 057283
Traunotactic movement of nuclei in Tradescantia leaf epidermis. III. Effects of *inhibitors* of **protein** synthesis. 057296
Inhibitors of **protein** synthesis in eukaryotic cells. Comparative effects of some Amaryllidaceae alkaloids. 057309
Mode of action of the antitumor compound bruceantin [isolated from Brucea antidysenterica], an *inhibitor* of **protein** synthesis. 057762
The amino acid sequence of the double-headed **proteinase** *inhibitor* from canine submandibular glands. III. 054514
Amino acid sequence of an active fragment of potato **proteinase** *inhibitor* Ha. 058395
Inhibition of anaphylactic histamine release by Forssman antiserum. I. Characteristics of the reaction and *inhibitor* **[Rabbits].** 055532
Induction of dormancy in container-grown western hemlock [Tsuga heterophylla]: effects of growth **retardants** and *inhibitors*. 058613
Inhibitors of **steroid** biosynthesis as potential insect antihormones. 060117
Evidence from *inhibitor* **studies** that the endophyte synthesis nitrogenase in the root nodules of Alnus glutinosa L. Gaertn. 061785
Soybean **trypsin** *inhibitor* activity of soy infant formulas and its nutritional significance for the rat. 053193
Trypsin *inhibitors* of fababeans (Vicia faba L. Var. Minor). 1. Preliminary studies. 058050
Studies on barley **trypsin** *inhibitor*. II. Structural changes induced by denaturants and their reversibility. 058115
Maternal immunoglobulins and parainfluenza 3 **virus** *inhibitors* in the nasal and lachrymal secretions and serum of newborn lambs. 055487
Virus *inhibitors* in stone fruit plants (Prunus species). 059641

INJECTION

Dose-response relationships for **Beagles** *injected* with 239Pu(IV) or 241Am(III) [plutonium and americium isotope]. 055912
Comparative fattening of male pigs castrated surgically or by *injection* of **cadmium** dichloride. 054982
Causes and effects of sample loss using a dry **capsule** *injection* method for the automated gas chromatographic analysis of pesticide samples. 060578
Injecting our **elms** [Ulmus, Ceratocystis ulmi]. 059308
Hormone induced lactation in the bovine. III. Dynamics of *injected* and **endogenous** hormones. 054580
Changes in estrogen, progesterone, prolactin and lactation traits associated with *injection* of **estradiol-17beta** and progesterone into lactating cows. 055115
Flow *injection* analysis. V. Simultaneous determination of nitrogen and phosphorus in acid digests of plant material with a single spectrophotometer. 057240
Flow *injection* analysis. III. Comparison of continuous flow spectrophotometry and potentiometry for the rapid determination of the total nitrogen content in plant digests. 058545
Flow *injection* analysis. IV. Stream sample splitting and its application to the continuous spectrophotometric determination of chloride in brackish waters. 062172
Dissociation of response to *injected* **gonadotropin** between the Graafian follicle and oocyte in pigs. 054645
The action of the excretory apparatus of Calliphora vomitoria in **handling** *injected* sugar solution. 060905
Injection of **herbicides:** past, present and future. 060097
Chemical sterilization of male dogs after a single **intra-testicular** *injection* of "Danazol". 055081
Steroid concentrations in cows with corticotropin-induced cystic ovarian follicles and the effect of prostaglandin F2alpha and indomethacin given by **intrauterine** *injection*. 055028
Effects of an **intraventricular** *injection* of synthetic ACTH [adrenocorticotropin] on plasma testosterone, progesterone and LH [luteinizing hormone] levels and on sexual behavior in male and female rabbits. 055184
Egg transfer in the bovine: effect of *injecting* **PMSG** [pregnant mare serum gonadotropin] on different days [Cattle]. 055242
Luteal function in **sheep** *injected* with prostaglandin f2alpha directly into the corpus luteum. 055220
Simple **solid** *injection* method for qualitative and quantitative estimation of essential oils. 053602
Luteinizing hormone release after *injection* of **synthetic** luteinizing hormone releasing hormone at various stages of the oestrous cycle in the sheep. 055145
Mouse restraining chamber for **tail-vein** *injection*. 054629
When to use *injectable* **vitamin** A and why [Deficiency diseases, livestock]. 055870

INJURY

Nuclear membrane-associated DNA polymerase activity and fatty acid content in relation to **chilling** *injury* in cotton. 059889
An ultrastructural study of two forms of **chilling-induced** *injury* to the rind of grapefruit (Citrus paradisi, Macfed). 059735
Winter survival and performance of woody ornamental plants in Vermont, five year report 1969-74 [Varieties resistant to **cold** *injuries].* 059822
Influence of photo- and thermoperiod on the initial stages of frost hardening and dehardening of phytotron-grown seedlings of Scots pine (Pinus silvestris L.) and Norway spruce (Picea abies (L.) Karst.) **[Cold** *injuries].* 059897
A study of the relationship between housing conditions and behavioral patterns and *injuries* in **dairy** cattle. 055954
Influences of air pollution on the growth of ornamental and forest tree species-particularly with reference to SO2 [sulfur **dioxide,** *injuries].* 059721
Ice nucleation on wheat **[Frost** *injury].* 059699
Pointers on care of **frost** *injured* trees. 059727
More **furnace** *injury* (ethylene) [Tomatoes, Viola tricolor]. 059733
Effects of air pollution on food production [Crop **losses,** *injuries].* 052531
Practical implications of *injured* **microorganisms** in food. 053008
Physiological behaviour of **Miridae** *injurious* to crops. 060160
Vacuolar physiology as an intrinsic barrier against *injury-induced* **mitosis** in lemon fruit cells. 056877
The use of muscle relocation techniques in the treatment of peripheral **nerve** *injuries* in dogs and cats. 055918
Vineyard management practices influencing **oxidant** *injury* in 'Concord' grapevines [Air pollution]. 062464
Indexes of the susceptibility of various species of culivated plants to sulphur dioxide action [Air **pollution** *injuries].* 059715
Storage of *injured* **[potato]** tubers [Control of Fusarium dry rot]. 059344
Relationship between the yield of **potential** *injuries* to chromosomes and the dose of gamma rays [Crepis capillaris]. 057165
Studies on the physical characteristics of rice seedlings. I. Relationship between the physical characteristics and the *injury* of **seedling** by mechanical transplanting. 058228
[Mechanical] *injury* of **seeds** of oil crops in the handling devices of harvesting machines and its elimination. 061625

INNOVATION

Common/usual name regulations **restrict** *innovation*. 053386
Equity and productivity effects of a package of **technical** *innovations* and changes in social insititutions: tubewells, tractors and high-yielding varieties. 052121

INOCULATION

An *inoculation* **apparatus** for evaluation of Bipolaris sorokiniana lesion development on progressively older leaves of Poa pratensis. 059415
Bacterial growth, toxin production, and levels of ornithine carbamoyltransferase in resistant and susceptible cultivars of **bean** *inoculated* with Pseudomonas phaseolicola [pathogen of halo-blight]. 059525
Some host factors affecting *inoculation* of **cacao** seedlings with Verticillium dahliae. 059298
Contact *inoculation* of citrus fruit by Phytophthora citrophthora. 059319
Response of soybean to *inoculation* with various **cultures** of Rhizobium japonicum. 058235
Factors affecting *inoculum* **development** and seed transmission of Helminthosporium gramineum [pathogen of barley stripe disease]. 059423
Immuno-effect of serum and nasal antibody against **experimental** *inoculation* with influenza A-equi-2 virus [Horses]. 055501
How to give your **horse** *inoculations*. 055304
Influence of the *inoculum* on the **initiation** and growth of rhizomorphs in Sphaerostilbe repens B. et Br. 057883
Susceptibility of larval tissues of the silkworm, Bombyx mori L., to the nuclear polyhedrosis virus. II. Histopathological observations of flacherie-like **larvae** *inoculated* with nuclear polyhedra following the low temperature treatment. 061361
Group B vitamins in nodules of **lupine** *inoculated* with active and low active strains of nodule bacteria. 057751
Effect of resistance possessed by certain enteric microorganisms upon **orally** *inoculated* salmonella [Mice]. 055404
Brain and spinal cord lesions in **pigs** *inoculated* with swine vesicular disease (UKG strain) virus and coxsackievirus B5. 055396
Action of treatments on the formation of perithecia and production of **primary** *inoculum* of Venturia inaequalis (Cooke) Wint. and Venturia pirina Adher. [Agent of apple scab]. 059381
Cultures of **Rhizobium** *inoculants* with those of Beijerinckia and Azotobacter. 061819
Effect of **seed** *inoculation* with Rhizobium strains on the yield of leguminous crops. 058845
Relative preponderance of Rhizobium japonicum serotypes in **soil** *inoculum*. 061823
Pseudomonas syringae: rough colony type mutants *[inoculated* into **sorghum]** and filamentous cells. 059529
Exudates from collapsed pineapple fruits as an *inoculum* **source** of Erwinia chrysanthemi Burkholder et al. 059515
Fusarium [oxysporum] root rot of Douglas-fir [Psuedotsuga menziesii] seedlings: suppression by soil fumigation, fertility management, and *inoculation* with **spores** of the fungal symbiont Laccaria laccata. 059307
Immunization of mice against Mesocestoides corti by **subcutaneous** *inoculation* of living Tetrathyridia. 055620

Studies on the *inoculation* **techniques** of covered smut (Ustilago hordei "Pers." Lagerh) of barley. 059338
Problem regarding groundnut (Arachis hypogaea L.) [Rhizobium] *inoculation* in **tropics** with special reference to India. 058234
The production of lubimin by potato **tubers** *inoculated* with Erwinia carotovora var. atroseptica. 059499
Studies of the coiled sprout disorder of the potato. 2. Effects of sprout length and *inoculation* with **Verticillium** nubilum under field conditions. 059459
Diffusive resistances of two sugarbeet cultivars *[inoculated* with **zoospores** of Aphanomyces cochlioides] in relation to their black root disease reaction. 059419

INOCYBE

The **angular-spored** *Inocybe* fungi. 1. [New taxa]. 056655

INORGANIC

Micro-spectrophotometric method for the determination of *inorganic* **phosphorus** in serum. 054258
New developments in the area of manufacture and use of *inorganic* **phosphorus** products [Fertilizers]. 062040
Fixed ammonium in Nigerian soils. III. Capacity of organic and *inorganic* **soil** components to retain added ammonium. 061727
Leaching of organic and *inorganic* **substances** from crops by the action of rain. 057722

INOSITOL

31P [phosphorus isotope] nuclear magnetic resonance-pH [hydrogen-ion concentration] titrations of *myo-inositol* **hexaphosphate** [Biochemistry of cereal grains]. 053893
The identification of *myo-inositol:NAD(P)* **[nicotinamide** adenine-dinucleotide phosphate] oxidoreductase in mammalian [bovine] brain. 054347

INPUT

Prices and demands for *input* **characteristics** [Corn quality standards, linear programming]. 052572
Pig production: results of a study in South West England 1974-75 *[Input,* **costs,** profits]. 052443
Operational use of satellite and high altitude remote sensing for the generation of *input* **data** for water demand models. 062218
Sensitivity of linear and nonlinear surface runoff models to *input* **errors.** 062257
Determination of the rate of distribution funds according to *[input]* **labor** in collective farms. 052475
Material *input* rate in grain production [in the Ukraine]. 052333
The significance and variation of atmospheric **nutrient** *inputs* in a small catchment system. 062263
Inputs of **phosphorus** from precipitation to Lake Michigan. 062399
Central course of **photic** *input* in the ventral nerve cord of scorpion (Heterometrus fulvipes). 060789
Input-output **relationship** of dairy farming in Indian rural areas. 052419
The postantennal organ: a specialized unicellular **sensory** *input* to the protocerebrum in apterygotan insects (Collembola) [Hypogastrura socialis, Isotoma olivacea]. 060747
Effect of **work** *input* during mixing on rheological properties of rye dough and bread quality. 053857

INSECTICIDES

Accurate *insecticide* placement. The secret to successful root maggot control [Sugarbeets]. 060240
Evaluation of the Boeing-Vertol 107 helicopter and spray system for forest **application** of *insecticide.* 061621
Determination of the critical period of chemical pest control in relation to the phenology of the Deltapine 16 cotton cultivar in Laguna Province *[Insecticide* **applications].** 060166
Long-term exposures of swine to a [14C] [carbon isotope] dichlorvos *[insecticide]* **atmosphere.** 060567
The occurrence of *insecticides* in the **blood** of staff of a locust control organization [Schistocerca gregaria]. 060123
Translocation and metabolism of azinphos-methyl [nonsystemic, **broad-spectrum** *insecticide]* in bean plants after root and leaf absorption. 060573
Relative toxicity of *insecticides* against **bruchids** reared on different pulses. 060196
Pirimor **[carbamate** *insecticide]* phytotoxicity trial on greenhouse-grown carnations [Dianthus caryophyllus]; progress report. 059767
Pirimor **[carbamate** *insecticide]* trials on greenhouse roses; progress report. 060284
Transformation of 1-naphthol [an intermediate in the decomposition of the *insecticide* **carbaryl]** by the culture filtrate of [the soil fungus] Rhizoctonia praticola. 060604
Characterization of a Mirex **[chlorinated** *insecticide]* metabolite from monkeys. 060526
Toxaphene **[chlorinated** *insecticide]* degradation by iron(II) protoporphyrin systems. 060572
Problem of persistent action of **common** *insecticides* [on plants]. 060134
Experiments with *insecticides* for the **control** of Dutch elm disease. 060358
Plant pesticide economics with special reference to **cotton** *insecticides* [Costs]. 052447
Ultra low volume application of water-based formulations of *insecticides* to **cotton.** 060180
Total ban on the application of **DDT** *[Insecticides].* 060552
Effect of seed treatment with BHC [benzine hydrachloride] and aldrin *[insecticidal]* **dusts** on germination of wheat. 060227
Insecticides **[Economic** plants, livestock, man]. 060133
Insecticidal **effectiveness** of thiourea derivatives [Musca domestica]. 060438
Synthesis of optically active dihydrochrysanthemolactone by asymmetric decomposition of unsaturated diazoacetic **ester** *[Insecticides].* 060516
Legislation on *insecticides* and **fungicides.** 052796
Equipment and techniques for applying **fungicides** and *insecticides.* 061491
Effect of soil application of systemic **granular** *insecticides* on the incidence of thrips [Scirtothrips dorsalis] on chilli. 060334
Susceptibility of Anopheles maculipennis to *insecticides* **innorthern** Iran, 1974. 060478
Residues of endrin, parathion and endosulfan *[insecticides]* **in/on** bhendi [Abelmoschus esculentus] fruits. 060608
The role of trophic characteristics in the susceptibility of insects to *insecticides* **[Leptinotarsa** decemlineata, pests, potatoes]. 060338
Residues of chlorpyrifos, its oxygen analogue, and 3,5,6-trichloro-2-pyridinol *[insecticides]* in **milk** and cream from cows fed chlorpyrifos. 060569
Residual effectiveness of four **new** *insecticides* against adult mosquitoes [Culicidae]. 060474
Control of sugarcane stalk borer (Chilo auricilius Ddgn.) by **newer** *insecticides.* 060213
Tollen's reagent for the detection of carbamate and **oganophosphate** *insecticides.* 060542
Analysis of phosphorus-containing hydrolytic products of **organophosphorus** *insecticides* in water. 060140
Crystal and molecular structure of **organophosphorus** *insecticides.* II. Coroxon. 060141
Toxicity and persistence of some **organophosphorus** *insecticides* and permethrin on apple fruits for the control of codling moth, Laspeyresia pomonella (L.). 060311
Evaluation of the levels of resistance of the cabbage fly (Hylemyia brassicae Bouche) to organochloride and **organophosphorus** *insecticides.* 060326
Studies on textile insectproofing. VI. Further evaluation of **organophosphorus** *insecticides* [on wool]. 060407
Inheritance of resistnace to **organophosphorus** *insecticides* in Culex tarsalis Coquillet. 060424
Efficacy of Sumithion (R) **[organophosphorus** *insecticide]* in fowl pediculosis. 060496
Quantification of cholinesterase inhibition [thin-layer chromotagraphy] for estimation of parathion **[Organophosphorus** *insecticides].* 060514
Pathways of microbial metabolism of parathion **[Organophosphorus** *insecticide].* 060520
Species difference in metabolism of parathion **[organophosphorus** *insecticides]* apparent inability of [lobster] hepatopancreas fractions to produce paraoxon. 060540
Radiosynthesis and metabolism in rats of the 1R isomers of the *insecticide* **permethrin.** 060568
Changing the activity of some oxidizing enzymes in tomato and bean plants under the influence of [the organic **phosphorus** *insecticides]* Sayphos DP-70 and Thinox 50. 060296
Effect of ultraviolet irradiation, temperature and hydrogenion potential on the stability of polychlorpinene and polychlorcamphene *[Insecticides,* **plant** pest control]. 060150
In vitro inhibition of [rabbit muscle] lactate dehydrogenase by *insecticidal* **polychlorinated** hydrocarbons. I. Mechanism of inhibition: possible association of reduced nicotinamide adenine dinucleotide with Mirex. 060564
3-phenoxy-alpha-cyano-benzyl esters, the most *[insecticidal]* **potent** synthetic pyrethroids [Toxicities to house fly, Musca domestica]. 060414
Alternative synthesis of chrysanthemiic acid *[insecticide* **pyrethrin]** via tetrahydrofuran derivatives. 060513
Synthesis of optically active pyrocin by asymmetric hydrogenation **[Pyrethrins,** *insecticides].* 060515
Protecting our food in Century III: herbicide and *insecticide* **research.** 060596
Insecticide **residues** [in root vegetables] and carrot fly control. 060250
Determination of Oxamyl *[insecticide/nematicide]* **residues** using flame photometric gas chromatography. 060560
Mass spectrometric method for the estimation of lindane and carbaryl *[insecticide]* **residues** in straw, rice and bran. 060602
The present status of *insecticide* **resistance** in vector anopheline mosquitoes in Iran, 1974. 060479
[Croneton, an *insecticide]* **safe** for beneficial insects and reasonably priced [Aphid control, field crop pests]. 060203
Laboratory screening of some **safe** *insecticides* as grain protectants. 060411
Insecticides and **soil** microorganisms. III. Fate of 14C [carbon isotope]-labelled Dipterex as affected by two nodule-forming Rhizobium spp. and roots of their respective leguminous host plants. 060511
Degradation of carbofuran *[Insecticide]* by **soil** microorganisms. 060529
Hydrolysis of methylparathion *[insecticide]* in **soils.** 060563
Two inexpensive chambers for **studying** *insecticide* effects on the German cockroach [Blattella germanica] and house fly [Musca domestica]. 060445
Distribution of a **systemic** *insecticide* in cotton plants after stem treatments [Cotton aphids, Aphis gossypii, and boll weevils, Anthonomus grandis]. 060173
Efficacy of certain placements of granulated **systemic** *insecticides* applied to the soil against shootfly (Atherigona varia socata, Rond.) on hybrid jowar [Durra]. 060231
Fate of croneton (2-ethylthiomethylphenyl-N-methylcarbamate) [plant **systemic** *insecticide]* in rats. 060562
Mirex *[insecticide]:* a **teratogenicity,** dominant lethal and tissue distribution study in rats. 060556
Effects of *insecticides* upon the **terrestrial** predaceous arthropods in cereal fields, especially the ground beetles (Coleoptera, Carabidae). 060191
Delayed neurotoxicity of leptophos *[insecticides]:* **toxic** effects on the nervous system of hens. 055938
Insecticide **toxicity** to three insects from Ohio ponds [Lestes congener, Notonecta undulata, Peltodytes]. 060585
The effect of light dependency of *insecticides* on **unicellular** algae [Ankistrodesmus braunii, Anacystis nidulans]. 060523
Seasonal concentrations of dieldrin *[insecticides]* in **water,** channel catfish, and catfish-food organisms, Des Moines River, Iowa—1971-73. 060591
Monitoring of cholinesterase activity in people exposed to *insecticides* during WHO **[World** Health Organization] trials. 060616
The IA. V. Samoilov Scientific Research Institute for Fertilizers and *Insecticides-Fungicides* during **World** War II. 061990

INSECTIVORES

Structure of sarracenin. An unusual enol diacetal monoterpene from the *insectivorous* **plant** Sarracenia flava. 057640

INSECTS

Compared toxicity (mammals, *insects,* **acarians)** of new trisubstituted dissmyetric phosphoric acid derivatives. 054410
Genetic modification and modifier polymorphisms [Statistical **analysis,** *insects].* 060841
The content of citrate in resting muscles from vertebrates and invertebrates **[Animals,** *insects].* 054483
Mathematical models of speciation and genetic distance **[Animals,** *insects].* 055100
Structure of the *insect* **antifeedant** azadirachtin [from Azadirachta indica]. 060158
The postantennal organ: a specialized unicellular sensory input to the protocerebrum in **apterygotan** *insects* (Collembola) [Hypogastrura socialis, Isotoma olivacea]. 060747
Aquatic *insects* as biological monitors of heavy metal pollution [Ephemerella grandis, Pteronarcys californica]. 062375
[Croneton, an insecticide] safe for **beneficial** *insects* and reasonably priced [Aphid control, field crop pests]. 060203
Oral toxicity to foraging honeybees of pesticides declared harmless to **beneficial** *insects* [Apis mellifera, poisoning]. 061293
Problem of specificity of nest-burrow parasites of **birds** [Includes *insects].* 060482
Insect **catches** in a blended and a black light-trap in northern Finland. 060990
Isolation of a clone from an *insect* **cell** line by application of a fibrin clot method. 060675
How **certain** *insects* take the bitter with the sweet [Chemosensory mechanisms]. 060706
Insect **chemistry.** IV. Trifluoromethyl analogs of juvenile hormones. 060161
The morphological and functional characterists of *insects* **chemosensory** organs. 061052
A review of the biological control of **coffee** *insect* pests in Kenya. 060129
Mites and *insects* **collected** from vineyards in the Okanagan and Similkameen Valleys, British Columbia. 060306
Effect of feeding diet **containing** *insect* [Sitophilus oryzae, Callosobruchus chinensis] infested maize and cowpea on the growth and histological changes in livers of albino rats [Contaminated food]. 053039
Food consumption by [the meal moth] Plodia interpunctella feeding on diets **containing** *insect* growth regulators [used for pest control]. 060403
Georgia peach disease and *insect* **control** guide, 1976. 059718
Disease and *insect* **control** in home orchards [Peaches, apples, plums, pears]. 059725
Peach disease and *insect* **control** in North Carolina. 059726
Evaluation of ARS [Agricultural Research Service] program on alternative methods of *insect* **control:** host plant resistance to insects. 060121
Insect **control** in the home vegetable garden. 060246
Controlling *insects* in stored grain. 060394
Control of *insects* on **corn.** 060228
Records of alternate host plants [Chrozophera rottleri, Trichodesma amplexicaule, weeds] of the red **cotton** *bug.* 059944
A history of the Waco, Texas **Cotton** *Insects* Research Laboratory, 1939-1973. 060175
Cotton *insect* control. 060178
The structure of chitin and chitosan [Arthropods, *insects,* **crustacea].** 060992
Developmental morphology of Rhynchaenus testaceus (Mull.) (Coleoptera, **Curculionidae)** *[Insects].* 060633
Insect **damage** to exotic pasture in the southern highlands of Tanzania. 060188
A new **demountable** *insect* cage and some general remarks about construction of cages for insect rearing. 061049
Hidden-insect **detection** by infrared carbon dioxide gas analysis principles of system design [Commodities infestation]. 060388

A list of coccoidean species deposited in the United States National Museum (Natural History), Beltsville, Maryland. I. The **Diaspididae** *[Insects].* 060756
Control of *insects,* **diseases** and nematodes on commercial vegetables. 059754
Insects and **diseases** of trees, Quebec region, 1974. 060363
A case of introduction of Graphosoma lineatum (L.) (Hemiptera-Heteroptera, Pentatomidae) into Finland *[Insect* **distribution].** 061098
Elenchus tenuicornis (Kirby) (Strepsiptera, Elenchidae) in northern Norway *[Insect* **distribution].** 061103
Epeoloides coecutiens F. (Hymenoptera, Antophoridae) in Finland *[Insect* **distribution].** 061104
On the genera Janus Lepeletier and Calameuta Konow (Hymenoptera, Cephidae) in eastern Fennoscandia *[Insect* **distribution].** 061109
Amino acid requirements of the *bug* **Dysdercus** similis freeman (Hemiptera: Heteroptera). 060788
An unusual case of photoreactivation observed in an *insect* **egg** (Smittia spec., Chironomidae, Diptera). 060993
Use of the **electric** *insect* killer "Voltinex" in keeping experimental animals. 060497
Pioneer neurones in an *insect* **embryo** [Locusta migratoria]. 060976
Plant bugs [Anthonomus grandis, Heliothis zea, Heliothis virescens] and natural **enemy** *insect* populations on frego bract and smoothleaf cottons [Biological control]. 060241
Kairomones and their use for management of **entomophagous** *insects.* III. Stimulation of Trichogramma achaeae, Trichogramma pretiosum, and Microplitis croceipes with host-seeking stimuli at time of release to improve their efficiency [Biological control, Heliothis, cowpeas, sweetcorn, cotton]. 060302
Some thermal characteristics of *insect* **flight:** enzyme optima versus intra-thoracic temperature [Pachynoda sinuata, Locusta migratoria migratorioides]. 061010
Relative humidity reactions of the European earwig, Forficula auricularia L. (Dermaptera, **Forficulidae)** *[Insects].* 060634
A new method of *insect* [**Formica** fusca, Formica rufa] tissue culture in diffusion chambers. 061026
Extension of Brenthis daphne (Nymphalidae) *[Insect* **geography].** 061091
Animal ectoparasites and disease vectors causing major reductions in world food supplies [Boophilus annulatus, **Glossina,** *insects].* 060493
Grain *insect* infestation begins mostly on farms. 060400
Field trials with the *insect* **growth** regulator OMS-1697 (Altocid, methoprene) against Culex pipiens fatigans in Jakarta, Indonesia. 060506
Pheromones, a new means of control of **harmful** *insects* [Pests of fruit]. 060288
Revision of the Lycaedellidae (Homoptera) of the Ethiopian Region. III. Deltocephalinae, **Hecalini** *[Insects].* 061082
Factors contributing to *insect* **[Heliothis]** resistance in cotton and their use in a program of pest management. 060174
Enzyme changes during development of holo- and **hemi-metabolic** *insects* [Drosophila pseudoobscura, Acyrthosiphon pisum]. 060759
Synthesis of 10,11-epoxy-6,7-trans-2,3-trans-farnesyl-[2,3-3H] [hydrogen isotope] propenylether, a juvenile hormone efficient compound [in *insects]* with very **high** specific radioactivity. 060883
Studies in *insect-moulting* **hormone** biosynthesis. Biosynthesis of cyasterone in the plant, Cyathula capitata. 057293
Abundance of *insects* **inhabiting** the male strobili of red pine [Pinus resinosa]. 060291
The role of trophic characteristics in the susceptibility of *insects* to **insecticides** [Leptinotarsa decemlineata, pests, potatoes]. 060338
Naturally occurring insect growth regulators. II. Screening of insect and plant extracts as *insect* **juvenile** hormone mimics. 060151
Peptidic analogues of the *insect* **juvenile** hormone containing urethan-type protecting groups [Pyrrhocoris apterus, Dysdercus cingulatus]. 060757
Description of a new species of **lace** *bug* [Leptopharsa gibbicarina] attacking the oil palm in Colombia (Hemiptera: Tingidae). 061224
Fungus vs. Louse [Trenomyces histophtorus as a biological control of chicken **lice,** *insects].* 060415
The development of **Linnaean** *insect* classification. 061245
Major *insect* pests of certain cereal crops in Egypt. 060206
The **milkweed** *bug* electroanthennogram: milkweed bug extracts and the effect of light and temperature [Oncopeltus fasciatus]. 060929
Effects of calcium ions and adenosine diphosphate on the activities of NAD+ [nicotinamide adenine dinucleotide]-linked isocitrate dehydrogenase from the radular muscles of the whelk and flight **muscles** of *insects.* 060700
Preservation of energy-linked functions of *insect* **[Nauphoeta** cinerea] mitochondria by simple freezing methods. 060962
Novel **nonterpenoid** *insect* [pests] growth regulators. 060142
Naturally **occurring** *insect* growth regulators. II. Screening of insect and plant extracts as insect juvenile hormone mimics. 060151
Naturally **occurring** *insect* growth regulators. III. Echinolone, a highly active juvenile hormone mimic from Echinacea angustifolia roots [Tenebrio molitor]. 060409
Isolation of a clone from an *insect* **[Papilio** xuthus] cell line by application of a fibrin clot method. 060674
Genetic basis for resistance to *insect* **pathogens** [Bacillus thuringiensis, virus diseases, Hymenoptera, Apis mellifera, Bombyx mori]. 061042
Insect **[Periplaneta** americana] blood-brain barrier: an electrophysiological investigation of its permeability to the aliphatic alcohols. 060902
Insect **[Periplaneta** americana] blood-brain barrier: a radioisotope study of the kinetics of exchange of a liposoluble molecule (n-butanol). 060903
The pharmacology of an *insect* **[Periplaneta** americana] ganglion: actions of carbamylcholine and acetylcholine. 060906
Apple [disease and *insect]* **pest** control for home gardeners. 059687
Cole crops [disease and *insect]* **pest** control. 059688
Strawberry [disease and *insect]* **pest** control for home gardeners. 059691
Tomatoes—[disease and *insect]* **pest** control. 059693
Effect of cobra venom factor on the in vivo immune response in Galleria mellonella to Pseudomonas aeruginosa *[Insect* **pest** biological control]. 060145
The *insect* **pest** task force: its development, organization and operations. 060153
Ultra low volume spraying for cotton *[insect]* **pest** control. 060181
Vegetable seed treatment [Diseases and *insect* **pests].** 059694
Spray schedule for home orchards *[Insect* **pests** and diseases]. 059760
Stored product [fungus diseases and *insect]* **pests** causing losses of stored food. 059866
Field test results of pyrethrinoids used for controlling *[insect]* **pests** of plants. 060115
Effect of aminopterin on the growth and metamorphosis of Oryzaephilus mercator. Fauvel (Coleoptera: Silvanidae) larvae *[Insect* **pests,** control]. 060118
Combating plant *[insect]* **pests** [USSR]. 060126
Host correlated variation in Trialeurodes rara Singh and Bemisia tabaci (Gannadius) (Aleyrodidae: Homoptera: Insecta) [Plants, *insect* **pests].** 060127
Cross-infectivity of six plusiine nuclear polyhedrosis virus isolates to plusiine hosts [Plusiinae, *insect* **pests,** biological control]. 060144
The toxicity of extracellular proteases of the bacterium Serratia marcescens for larvae of greater wax moth, Galleria mellonella *[Insect* **pests,** biological control]. 060147
Viable spore count as an index of effective dose of Bacillus thuringiensis *[Insect* **pests,** biological control, Cercis occidentalis]. 060148
BT [Bacillus thuringiensis] preparations in Japan [Biological control of *insect* **pests,** toxicity to silkworms]. 060149
Inventory of main *[insect]* **pests** of protein crops (beans, peas, soybeans) and choice of control methods. 060155
Plant *[insect]* **pests.** 060157
Chemical control of cotton *[insect]* **pests** in the Soconusco area, Chiapas. 060164
Determination of the damage caused by stored grain *[insect]* **pests** to maize varieties in Yucatan. 060165
Biocenosis and control of *[insect]* **pests** of cereals. 060185
Insect **pests** of food legumes. 060205
Evolution of the environment of rice-field in Italy and consequences on *insect* **pests.** 060238
Control of Erisoma lanigerum [in apples and other fruits, *insect* **pests].** 060285
Directed control [against *insect* **pests** of fruit trees]. 060286
Insect **[pests]** control programs, with emphasis on the "looper" [Filberts, walnuts]. 060329
Observations on Townesia tenuiventris (Hlmgr) (Hymenoptera, Ichneumonidae) and its hosts Chelostoma maxillosum (L.) (Hymenoptera, Megachilidae) and Trypoxylon figulus (L.) (Hymenoptera, Sphecidae) [Biological control of *insect* **pests** of forest trees]. 060347
[Insect] **pests** of stored grains. 060392
Controlling household *[insects* and other] **pests.** 060395
Storage *[insect]* **pests** [of grain, United Arab Republic]. 060396
The lethal effect of high temperature on the survival of the larvae of Trogoderma granarium Everts *[Insect* **pests** infesting stored wheat]. 060853
Insect **[pests]** juvenile hormone activity of alkyl (2E,4E)3,7,11-trimethyl-2,4-dodecadienoates. Variations in the ester function and in the carbon chain. 060887
Insect **pheromones:** diet related? 060159
Insect **photoperiodism:** The "T experiment" as evidence for an hourglass mechanism [in Ostrinia nubilalis]. 061015
Naturally occurring insect growth regulators. II. Screening of *insect* and **plant** extracts as insect juvenile hormone mimics. 060151
Population fluctuation of economically important cotton **plant** *insects* in Laguna Province (Coahuila) and Ceballos, Durango, during five years. 060168
Labops [hesperius], a **plant** *bug,* on Oregon rangeland [Agropyron]. 060199
Plant *bugs* [Anthonomus grandis, Heliothis zea, Heliothis virescens] and natural enemy insect populations on frego bract and smoothleaf cottons [Biological control]. 060241
Genetic control of chromosomal behavior in meiosis **[Plants,** *insects].* 057167
Insect **pollination** and heliotropism in Oritrophium limnophilum (Compositae) of the Andean Paramo. 057325
Insect **pollinators** of the Mer Bleue peat bog of Ottawa. 060735
Studies on the relation of the population of *insect* **pollinators** [Ceratina binghami, Megachile flavipes] with seed production in lucerne (Medicago sativa). 060852
Polyphagous *insect* pests of vegetable crops. 060339
Insect **population** control using genetic engineering. 060122
A spatial approach to *insect* **population** dynamics. 060971
Influence of pangolagrass burning on the population of spittlebugs [Aenoelamia **postica]** and other *insects.* 060167
Inhibitors of steroid biosynthesis as **potential** *insect* antihormones. 060117
Principal *insects* collected during the entomological excursions in 1973 and 1974 [Coleoptera, Lepidoptera]. 061134
The stimulus transmitting apparatus in the trichobothria of the *bugs* **Pyrrhocoris** apterus L. and Dysdercus intermedius (Dist.) and its influence on the dynamic of excitation in these sensilla. 060802
A new demountable insect cage and some general remarks about construction of cages for *insect* **rearing.** 061049
Insect-pest **records** on guava [Argyoploce aprobola]. 060279
Metabolism of radiolabeled insectidides in *insects* and **related** arthropods: a critical study of various techniques. 060128
A general weight vs. Length **relationship** for *insects.* 060637
Structures of three oxygenated 24-methyl-steroids (Nic-3, 7, and -11) from the *insect* **repellant** plant Nicandra physaloides (Solanaceae): X-ray analysis of Nic-3 acetate and Nic-11 ethyl ether. 057680
Insect **repellent** jacket: status, value and potential [Culicoides furens]. 060465
A model for the evolution of the proteins. Cytochrome c: mammals. **reptiles,** *insects.* 054377
Evaluation of ARS [Agricultural Research Service] program on alternative methods of insect control: host plant **resistance** to *insects.* 060121
Association of plant hairs and *insect* **resistance;** an annotated bibliography. 060152
Research on intracellular prokaryotes in invertebrates [Includes *insects,* **Rickettsiella].** 060839
Poly (A) sequences in *insect* **RNA** [Calliphora vicina]. 060877
Annotated key to the families of **scale** *insects* (Homoptera: Coccoidea) of America, north of Mexico, based on characteristics of the adult female. 061118
Host plants and parasites of some Arizona **seed-feeding** *insects* [Bruchidae]. 061121
Prospects for controlling gypsy moths [Porthetria dispar] and some other *insects* with **sex** pheromones [Pests]. 060367
Effect of *insect* **[Sitophilus** oryzae, Callosobruchus chinensis] infestation on the protein efficiency ratio of the proteins of maize and cowpea. 060398
Effect of *insect* **[Sitophilus** oryzae, Callosobruchus chinensis] infestation on the chemical composition and nutritive value of maize and cowpea. 060399
Social *insects* and the evolution of altruism. 060977
Tool use in a **social** *insect* and its implications for competitive interactions. 061016
An electrophoretic and pH [hydrogen-ion concentration] comparison of the soluble trehalases of several *insect* **species.** 060758
Stochastic selection and the maintenance of genetic variation *[Insects,* **statistical** analysis]. 060845
Codling moth [Laspeyresia pomonella] control by **sterile** *insect* release: importation of fruit and fruit containers as a source of reinfestation. 060305
Incidence and oviposition patterns of Trichopoda pennipes (F.). A parasite of the southern green **stink** *bug,* Nezara viridula (L.) [Natural control, field crop pests]. 060216
Space **studies** with *insects.* 060707
Eremotes [nitidipennis] larva (Coleoptera, Curculionidae) found as **subfossil** *[insects].* 061105
Insect **succession** on wet and dry season rice in Sierra Leo. 060200
Benthic fauna species diversity in six central Florida lakes in **summer** [Includes *insects].* 060837
Sweetcorn—*insect* and disease control. 059692
Space as a classification criteria *[Insect* **systematics].** 061208
Effects of coal-fired power plant emissions on plant disease and on plant-fungus and *plant-insect* **systems.** 059746
Isolation of Bulgarian strains of the Bacillus thuringiensis and study on their biological properties [Natural pest control, Agrotis segetum, **test** *insect].* 060135
Polarization induced colour patterns: a model of the perception of the polarized skylight by *insects.* I. **Tests** in choice experiments with running honey bees apis mellifera. 061343
Insecticide toxicity to **three** *insects* from Ohio ponds [Lestes congener, Notonecta undulata, Peltodytes]. 060585
A vacuum apparatus for collecting honeybees [Apis mellifera] and other *insects* in **trees.** 060638
Morphology of the Malpighian **tubules** of *insects.* 060815
Physiological mechanism of urine formation by Malpighian **tubules** *[Insects].* 060816
Ultrastructural aspects of transport and accumulation of substances in the Malpighian **tubules** *[Insects].* 060817
Effects of **two** *insect* growth disruptors, PH 6038 and PH 6040, on the winter moth, Operophtera brumata (Lepidoptera: Geometridae) [Pest of apple trees]. 060264
Spiroplasmas: studies on the microorganism associated with corn stunt disease *[Insect* **vector** Dalbulus maidis]. 059586
Dutch elm disease [Ceratocystis ulmi] in California [Ulmus, Scolytus multistriatus, *insect* **vectors].** 059434

Effect of small grain planting date on infestation of barley yellow dwarf virus [Aphididae, *insect* **vectors**]. 059668
The relationship between the Aphis gossypii Glover group and cucumber mosaic virus in autumn cucumbers *[Insect* **vectors**]. 060320
Seasonal trapping of *insect-vectored* **virus** and MLO [mycoplasma like organisms]-associated diseases by attractive trap plants. 059583
Relationship of infection and pathogenicity in the infection of *insects* by **wal-free** prokaryotes [that cause plant diseases]. 060138

INSEMINATION

Correlations between the testes and different sections of the hypothalamo-hypophysial system in sables **[Artificial** *insemination].* 055067
Artificial *insemination* of sheep: effects of fertility of number of spermatozoa inseminated and of storage of diluted semen for up to 18 hours at 5 degrees Celcius. 055240
The Kenya National **Artificial** *Insemination* Service [Livestock]. 055264
Studies on the chromosomes of **artificially** *inseminated* bulls. 055171
Improving the evaluation of breeding boars according to their progeny obtained from **heterosperm** *insemination* of sows. 055252
Mating and sperm migration in the female Schistocerca vaga Scudder. II. Sexual behavior, *insemination* and **spermatodesm** migration. 061012
Artificial insemination of sheep: effects of fertility of number of **spermatozoa** *inseminated* and of storage of diluted semen for up to 18 hours at 5 degrees Celcius. 055240

INSENSITIVITY

Adenosine **5'-monophosphate-stimulated** *cyanide-insensitive* respiration in mitochondria of [the yeastlike fungus] Moniliella tomentosa. 057642

INSOLUBLE

Conversion of *insoluble* **agricultural** [feedlot] wastes to SCP [single-cell protein] by thermophilic microorganisms. 053564
Production of single-cell protein from *insoluble* **agricultural** wastes [cellulosic residues] by mesophiles. 053573
A new technique using *insoluble* **dyestuffs** for the study of water movements in soil. 061712
Insoluble **substrate** and oxygen transport in hydrocarbon fermentation [Single-cell protein]. 053568

INSPECTION

A revolution in [fruit] marketing—spirit of '76 **fosters** *inspection* service [Grading]. 053069
Materials for and manufacture of dairy machinery, plus *inspection* and **maintenance** of the dairy plant. 053753
Ante **mortem** *inspection* [biopsy] of animals among the ancient Greeks. 055355
The value of a picture [Texture, shape, and color of fruitsand **vegetables**, *inspection].* 053073
Plant quarantine systems for the *inspection* of **viruses** from mother plants of deciduous trees in foreign countries. 059664

INSTABILITY

Instability of **methyl** 1-(butylcarbamoyl)-2-benzimidazolecarbamate (benomyl) [systemic fungicide] in various solvents. 060565

INSTANT

Recycling. 43. Physicochemistry of *instant* **milk** powders. 053786
Recycling. 44. Physical chemistry of *instant* **milk** powders. 053787
Ways of improving the flavor of *instant* **tea.** 053641

INSTARS

In vitro protein synthesis by tissues of the **fifth** *instar* locust [Locusta migratoria migratoroides]. 060871
Bacteria associated with eggs and *first-instar* **larvae** of the European corn borer [Ostrinia nubilalis]: identification and frequency of occurrence [Biological control]. 060219
Juvenile hormone titers in penultimate and last *instar* **larvae** of Pieris brassicae and Barathra brassicae, in relation to the effect of juvenoid application. 060282
Spine number on the pecten and comb of fourth *instar* **larvae** of Aedes aegypti L. differences between two populations. 060827
Synthesis of mucoprotein secretion in salivary glands of Drosophila melanogaster III *instar* **larvae.** 061027
Variations of permeability in the testicular follicles of Locusta migratoria migratoroides (Orthoptera) during the last **larval** *instar.* 060732
Free amino acids in the haemolymph of the last *instar* **nymph** of the dragonfly, Orthetrum chrysis (Selys) (Odonata: Libellulidae). I. Effects of centrifugation and starvation. 060793
Utilization of free amino acids of food in the digestive tract of the "Ak" grasshopper Poecilocerus pictus (Fabr.). I. Studies on **Vth** *instar* nymphs. 060813

INSTITUTIONS

Soybean protein foods: use and acceptance in *institutional* **feeding.** 053169
Institutional **framework** for inter-disciplinary research [Plant breeding]. 057036
Institutional and **legal** factors affecting renewable [land and natural] resources: the legal framework—trends in statutes and the courts. 052843

INSTRUCTION

Does a student's status as a scholar affect his evaluation of *instruction?* **[Agricultural** education]. 052143
Guidance and *instruction* **[Agricultural** education]. 052162
Assessing outcomes of *instruction* in **vocational** agriculture. 052132

INSTRUMENTS

The Brandenburg Quality Milk Cooperative Association: socialist competition as a **comprehensive** *instrument* of management. 052390
Trade agreements as **indispensable** *instruments* of management in the planned cooperation of cooperative associations [Meat swine production, East Germany]. 052391
Evaluation of two **infrared** *instruments* for determining protein content of hard red winter wheat. 053900
Evaluating accuracy of tree measurements made with **optical** *instruments* [Dendrometers]. 056028
Marketing **policy** *instruments* within agricultural enterprises. 052560

INSUFFICIENCY

Chronic exocrine **pancreatic** *insufficiency* in the dog. 055859

INSULATION

Utilization of Gibbs triangle in the study of the primary production dependence on phytoplankton **biomass** and *insolation[Algae].* 056743
Insulation of **cubicle** houses, yes or no? [Livestock]. 061428
Ventilation of *insulated* **dairy** barns. 061408
Effective *insulation* in cattle housing. 061425

INSULIN

Cleavage specificity of boar acrosin on polypeptide substrates, ribonuclease and *insulin* **B-chain.** 054511
Effect of *insulin* on **body** composition and free amino acid levels in blood, liver and muscle of the growing rat subjected to energetic restriction. 054315
The conformational potential of **porcine** *proinsulin* C-peptide. 054515
Influence of frequency of eating low energy diets on *insulin* **response** in women during weight reduction. 053285
Evaluation of the effects of **topical** *insulin* on wound-healing in the distal limb of the horse. 055956

INSURANCE

On the peculiarities of agriculture and **farm** *insurance.* 052449
To *insure* your **future** [United Fresh Fruit and Vegetable Association]. 052758

INTAKE

On the essential amino **acid** *intake* of the Japanese people. 10. The national nutrition survey in Japan from 1946 to 1971. 053240
Digestive tract microflora in healthy and diarrheic young hares born in captivity. Effect of *intake* of different **antibiotics.** 055433
Some recent developments in techniques for assessing the digestibility and *intake* **characteristics** of grasses. 054819
Effects of plant species and **cobalt** *intake* upon cobalt utilization and ration digestibility by sheep. 054843
The effect of parathyroidectomy and large doses of cholecalciferol on the ability of rats to adapt to changes in **dietary** *intake* of calcium. 053235
Digestible **energy** *intake* of complete diets by wethers and lactating ewes. 054837
Effect of photoperiods on **feed** *intake* rhythms of domestic fowl. 054532
Food *intake* and energy expenditure of Indian troops in training. 053118
The effect of sodium chloride ingestion on **food** *intake* and on fat deposition in male rats. 053123
Nutritional improvement of rice diets. II. Estimation of **food** *intakes* of Laguna household members by comparison with RDA. 053312
Quantitative variations of the **food** *intake* of Ranatra linearis L. (Aquatic Heteroptera, carnivora). 060667
Induction of sexual behavior by **food** *intake* in the female of Periplaneta americana (Insecta, Dyctioptera). 060719
A study on the nutrition state of the elderly people obserded by family type. 1. The **nutrition** *intake* and food expenditure. 053237
Glutathione peroxidase response to **selenium** *intake* in lambs fed a Torula yeast-based, artificial milk. 054849
Formulation of hay-grain diets for ruminants. II. Depression in **voluntary** *intake* of different quality forages by limited grain in sheep. 054848
Relation of high temperature regimes to energy metabolism, body composition and feed and **water** *intake* in rats. 054544

INTEGRATION

Agrarian-industrial *integration* and social-economical development of the rural region. 052431
Practical experience and prospects of *integrated* **control** [of pests and diseases] in fruit tree culture. 059770
Integrated **control** of orchard mites on apple in British Columbia. 060265
Towards *integrated* **control** of tree aphids. 060359
Agrobiocoenosis, informative-regulatory processes and *integrated* **cotton** pests control. 060245
Dot-grid *integrating* eyepiece: two sampling techniques for estimating cell wall areas [Pseudotsuga taxifolia, wood]. 056271
An experimental analysis and *integrated* **evaluation** of various factors involved in the host plant specificity of the cucumber looper, Anadevidia peponis (Fabricius) (Lepidoptera: Noctuidae). 060257
An experimental analysis and *integrated* **evaluation** of various factors involved in the host plant specificity of the cucumber looper, Anadevidia peponis (Fabricius) (Lepidoptera: Noctuidae). 060258
Yeast [Saccharomyces cerevisiae] mutants resistant to basicfuchsin: a genetic approach to the *integration* of **nuclear** and mitochondrial information. 057103
Use of synthetic sexual pheromones for trapping in the *integrated* **[pest]** control or orchards. 060275
Integrated **pest-control** schedule of cotton. 060235
Pilot *integrated* irrigation projects for policy formulation for removing food shortage in developing countries. 062227
Sociocultural *integration* and balances of power in formerly small farmer villages [Sociology]. 052105
Concepts and fundamentals of an *integrated* **university** system for animal disease data. 055311
The effect of **vertical** *integration* on the production efficiency of beef cattle operations. 054122

INTEGUMENTS

Changes of enzyme patterns in the *integument* of **Locusta** migratoria during formation of adult cuticle. 060859

INTENSITY

The effect of **aeration** *intensity* on the biochemical composition of baker's yeast: Activities of enzymes of the glycolytic and pentose phosphate pathways. 053491
Viscosity of melanoidins formed by oxidative browning. Validity of the equation for a relationship between **color** *intensity* and molecular weight of melanoidin [from soy sauce]. 053869
Nychthemeral variation of the *intensity* of **correlations** between the cotyledons and their axillary buds induced by the method of unilateral traumatism on one of the two cotyledons of Bidens pilosus. 057844
The *intensity* of selection for **electrophoretic** variants in natural populations of Drosophila. 060846
The influence of *intensity* **factors** on the population dynamics of migratory root nematodes with special consideration of the genus Pratylenchus Filipjev. I. Influence of sprinkler irrigation. 059908
The influence of *intensity* **factors** on the population dynamics of migratory root nematodes with special consideration of the genus Pratylenchus Filipjev 1934. II. Influence of nitrogen fertilization. 059909
Activity of some blood serum enzymes of purebred and crossbred lambs with varied **growth** *intensities.* 054463
For a **high** *intensity* of farm production. 052344
Triangle lighting: a **high** *intensity* system for growing plants. 059127
Transplantation experiments with Polygonatum odoratom ecotypes in environment with various **light** *intensity.* II. Modifications of growth parameters. 057331
Effect of **light** *intensity* combined with mineral nutrition on pigment content in leaves of young coffee plants. 057351
Comparison of costs of heifer production at different *intensity* of **rearing.** 052528
A method for the estimation of appropriate selection *intensity* from **skewed** distribution [Animal breeding]. 055012
Observations on the extensity and *intensity* **tendency** of cysticercosis [Cysticercus bovis] of cattle in the Polish People's Republic. 055432

INTENSIVE

Determination of the optimum fate of substitution of **basic** *intensification* factors in maize production. 058839
Energy costs of *intensifying* **beef** production. 052547
Acclimatization and utilization of the Charolais breed for the *intensification* of **beef** production. 055251
Study on the behaviour of young **cattle** *intensively* fattened on slated floor. II. Influence of age, sex and floor space per 100 kilogram liveweight. 055000
Intensification of **[crop]** production on deficient soils. 062073
Growth, dry weight yields, and specific gravity of 3-year-old Populus grown under *intensive* **culture.** 056137
Catch crop cultivation, necessary and **effective** *intensification* measure. 058707
Comparative studies on growth, development and meat productivity of *intensively* **fattened** and early impregnated Bulgarian Simmental heifers [Cattle]. 054239

On some features of the uptake of nutrients by *intensively* **fertilized** greenhouse tomatoes. 058375
Goals and tasks in the **further** *intensification* of fodder production. 052814
The physical strain on the logger in advanced **labor** *intensive* pulpwood preparation methods. 056160
Effective use of all feeds, a decisive contribution to an *intensified* **livestock** production. 054875
On the problem of *intensive* **nutrition** and utilization for production and quality of grass cover. 058223
Stimulation of *intensive* **plans** [for economic incentive for crop production in collective farms]. 052339
On the way to *intensification* [**Sheep** rearing, Volgograd Region]. 052408
Agriculture **speeding** up *intensification.* 052357

INTERBREED *see* BREEDING

INTERCALATION
Intercalary **regeneration** in imaginal wing disk of Drosophila melanogaster. 060974

INTERCELLULAR *see* CELLS

INTERCONVERSION
Multiple ornithine decarboxylase forms in Physarum polycephalum [Fungi]: *interconversion* **induced** by cycloheximide. 057575

INTERCROPPING
Vineyard management with special reference to irrigation, mulching and *intercropping* in **North** India. 059011

INTERFERONS
Virus-inhibiting factor or *interferon* **activity** on heterologous animal cells [Rabbits]. 055641
Factors influencing the production of *interferon* from L **cells** [Newcastle disease]. 055571

INTERGENERIC *see* GENERIC

INTERLOCULAR *see* LOCULUS

INTERMITTENT
Development of thermoluminescence bands during greening of wheat leaves under continuous and *intermittent* **illumination.** 058149

INTERMOLECULAR *see* MOLECULES

INTERNODES
The influence of CA2+ and K+ [calcium and potassium ions] on H14CO3- [bicarbonate, carbon isotope] influx in *internodal* **cells** of Chara corallina [Algae]. 057702
Longitudinal and lateral transport of [3,4-3H] [hydrogen isotope] gibberellin A1 and 3-indolyl (acetic acid-2-14C) [carbon isotope] in upright and geotropically responding **green** *internode* segments from Helianthus annuus [sunflowers]. 058135
The effect of single and repeated gibberellic acid treatment on *internode* **number** and length in dwarf peas. 058468

INTERPHASES
Chromosomal aberrations caused by irradiation of seedlings of Crepis capillaris L. at different periods of **cellular** *interphase.* 057156
Effect of alpha-amanitine on the nucleolus of meristematic cells of Allium cepa [onions] in *interphase* and **mitosis:** an ultrastructural analysis. 056833
Ultrastructural study of the effect of hydroxyurea on the *interphase* **nucleus** of Allium sativum L. [Garlic]. 056816

INTERRELATION
Interrelationships between **amino** acid and lipid metabolism in the tsetse fly, Glossina morsitans. 060872
Influence of the nutritional quality of the food substrate on the chemical composition of organs and their *interrelations* in **Bombyx** mori L. 061289
Effect of *interrelated* **compensation** within different systems of cattle blood polymorphous proteins. 054721
Interrelationship between some **fattening** and slaughter characters of Large White pigs. 054243
Irrigation and **fertilizer** *interrelations* in cereal crops. 062208
Plant-microbe *interrelationships* in medicinal plants. 2. The rhizosphre microflora of Withania somnifera. 057953
Plant-microbe *interrelationships* in medicinal plants. 3. The rhizosphere microflora of Solanum khasianum. 057954
Plant-microbe *interrelationships* in medicinal plants. 1. The rhizosphere microflora of Rauvolfia serpentina. 058866
Study on fat and protein content of milk from different cow's udder **quarters** and their *interrelationship.* 054758
On the *interrelationship* between **shell** thickness and egg cracking. 053854

INTERSEX
Intersexuality in the **dog.** 055230
Differences in the nature of DNA replication in the X chromosome of males, females, and **triploid** *intersexes* of Drosophila melanogaster. 061019

INTERTROPICAL *see* TROPICAL

INTESTINES
Continuous qualitative measurement of the *intestinal* **absorption** of carbohydrates; effect of sucrose ingestion on the portal and peripheral blood level of glucose and fructose in the pig. 054314
Intestinal **colibacillosis** [Escherichia coli] in swine. 055699
Neonatal enteritis of calves. *Intestinal* **dysmicrobiolism.** 055755
Experimental studies on allergy with ingredients of equine Strongylus: **findings** of *intestine.* 055500
Alternative methods of animal sacrifice: the effect on *intestinal* **function** in vitro [Rats]. 054477
Scanning electron, light, and immunofluorescent microscopy of *intestine* of **gnotobiotic** calf infected with calf diarrheal coronavirus. 055424
Effect of ligatured pancreatic duct on the *intestinal* pH **[hydrogen-ion** concentration] in the rabbit. 054412
Evidence for the secretory transport mechanism of *intestinal* **immunoglobulin.** The ultrastructural distribution of IgM [Piglets]. 055530
Intestinal **infection** of neonatal dogs with canine coronavirus 1-71: studies by virologic, histologic, histochemical, and immunofluorescent techniques. 055414
Effects of various dietary nutrient levels on the incidence of colibacillary diarrhea [Escherichia coli] in pigs: *intestinal* **ligation** studies. 054844
Characteristics of *intestinal* **phase** of gastric secretion [Dogs]. 054264
Biosynthesis of diacylglycerols by **rat** *intestinal* mucosa in vivo. 054420
Biosynthesis of triacylglycerols by **rat** *intestinal* mucosa in vivo. 054421
Sliming solution for preparation of sausage casings from **sheep** *intestines.* 053813
Purification and properties of rat **small** *intestinal* arginase. 053205
Effect of ethyl acetate on transport of sodium and glucose in the hamster **small** *intestine* in vitro. 054369
The effects of intravenous secretin on the **small** *intestinal* vasculature of the cat. 054393
The utilization of glucose and producton of lactate by in vitro preparations of rat **small** *intestine:* effects of vascular perfusion. 054613
Amino acid absorption by the **small** *intestine* of sheep in vitro. 054688
Isolation and respiratory activity of epithelial cells from various sections of chicken **small** *intestine.* 054752
The immune mechanism which expels the *intestinal* **stage** of Trichinella spiralis from rats. 055538
Possible sequestration of calcium during *intestinal* **transport** [Rats]. 054606
In **vitro** *intestinal* absorption of sugars in the rat. Study of variations of concentrations of adenylic compounds and mineral phosphate in the mucosa. 053100

INTOXICATION
The effect of mercuric **chloride** *intoxication* on urinary gamma-glutamyl transpeptidase excretion in the sheep. 055929
Changes in the spleen of albino rats subjected to low-frequency vibration on the screen of **chronic** *intoxication* with the pesticide "Zolon". 060553
Copper *intoxication*—a possible biochemical homologue [Fish]. 060528
Toxicoses due to **feedstuffs** and other *intoxications.* 054031

INTRACELLULAR *see* CELLS

INTRACHROMOSOMAL *see* CHROMOSOMES

INTRACYTOPLASMIC *see* CYTOPLASM

INTRADERMAL *see* DERMATOLOGY

INTRAHEPATIC *see* HEPATIC

INTRAMAMMARY *see* MAMMARY

INTRANASAL *see* NASAL

INTRANUCLEAR *see* NUCLEAR

INTRARENAL *see* RENAL

INTRAUTERINE *see* UTERUS

INTRAVENOUS
Urea-15N [Nitrogen isotope] conversion after *intravenous* **administration** in sheep. 054527
General anesthesia with methoxyflurane given *intravenously* to the **dog.** 055289
Use of commercially-bottled water in **emergency** *intravenous* fluid therapy for large animals. 055380
Serum luteinizing hormone concentrations in dairy heifers after *intravenous* and **intrauterine** administration of luteinizing hormone-releasing hormone. 055258
Intravenous **johnin** and tuberculin tests in cattle vaccinated with Mycobacterium paratuberculosis cells and subsequentlyinoculated with Mycobacterium bovis. 055415
The effects of *intravenous* **secretin** on the small intestinal vasculature of the cat. 054393

INTRAVENTRICULAR *see* VENTRICULAR

INULA
Structure of new sesquiterpene lactones from *Inula* **germanica.** 057473

INVENTORIES
One-man [log] *inventory* **control** from mill to headrig. 056222
Inventories of **Delaware's** coastal vegetation and land-use utilizing digital processing of ERTS [Earth Resources Technology Satellite]-1 imagery. 056703
Factoring as a way to **finance** *inventory* [Sawmills]. 056052
What is the national **foest** *inventory,* what does it do and what importance does it have? [Mensuration, statistics and planning, Mexico]. 056057
The red oak (Quercus borealis Michx) in Belgium [**Forest** *inventory].* 056010
Canadian **forest** *inventory* methods. 056023
Panorama of aerial photography application in **forest** *inventories* and forest studies in Mexico. 056056
Development of a career **interest** *inventory* [Agricultural education]. 052134
Ecological **landscape** *inventories* and evaluation. 062482
Inventory of **main** [insect] pests of protein crops (beans, peas, soybeans) and choice of control methods. 060155
Quantitative *inventorying* of soil and land use differences by remote sensing. 061825
Design concepts for land use and natural **resource** *inventories* and information systems. 052219
A summary of ERTS [Earth Resources Technology Satellite] data applications [in **resource** *inventories,* environmental surveys, and land use planning] in Alaska. 062421

INVERSION
Hygro-elastic *inversion* effect in wood. I. Postulation of the effect. 056192

INVERTASE
Invertase **activity** in the midgut of Sarcophaga ruficornis and Musca domestica (Diptera: Insecta). 060797
Folding-pathway selection or cross-linking as the cause of thermal stabilization of yeast [Saccharomyces cerevisiae] *invertase* **conformation** by its mannan. 057971
Physical, chemical, and enzymatic studies on the **major** *sucrase* of honey bees (Apis mellifera). 061309

INVERTEBRATES
The content of citrate in resting muscles from vertebrates and *invertebrates* [**Animals,** insects]. 054483
Effects of SO2 [sulfur dioxide] and other coal-fired power plant emissions on producer, *invertebrate* **consumer,** and decomposer structure and function in a southeastern Montana grassland. 062397
Research on intracellular prokaryotes in *invertebrates* [Includes **insects,** Rickettsiella]. 060839
A relationship between avian carcasses and **living** *invertebrates* in the epizootiology of avian botulism [Clostridium botulinum]. 055633

INVESTMENTS
Efficiency of the concentration of **capital** *investments.* 052467
The efficiency of **capital** *investments* in agrarian-industrial cooperation. 052477
Methodology and strategy in advance calculation for **capital** *investment* decisions as exemplified by the Ostrau-Gadewitz Dairy [East Germany]. 052511
The efficiency of **capital** *investment* into the protection of natural environment. 062568
The increase of efficiency of [capital] *investments* [in **collective** and state farms in the North Caucasus]. 052471
Economics of alternative beef waste management systems [Feedlots, *investment,* **costs].** 052539
Effect of inflating land values on ranch growth comparing extensive expansion and irrigation **development** *investments.* 052540
Effect of inflation on evaluation of **forestry** *investments.* 056044
Labor research, *investment,* and **operating** costs of milking parlors. 052460

INVOLUTION
Estrogen receptor in mammary glands and uterus of rats during pregnancy, **lactation** and *involution.* 054617
Studies on the structure and *involution* of the **thymus** in the Indian buffalo (Bos bubalis). 054622

IODIDE
Effect of adding **potassium** *iodide* feed supplement on growth and productivity of sheep. 054984
The effect of **potassium** *iodide* on photophobic responses in Euglena [gracilis]: evidence for two photoreceptor pigments [Algae]. 057827
Efficacy of **pralidoxime** *iodide* and obidoxime dichloride as antidotes in diazinon-poisoned goslings. 055900

Use of a sailplane to measure microphysical effects of **silver** *iodide* seeding in cumulus clouds [Rain making]. 062248

IODINE

Research-work on the chemistry of marine algae [Cystoseira barbata]. V. Correlations between polymers conformation and their capacity of *iodine-complexing.* **Alginic** acidiodine complexes. 057405
The effect of *povidone-iodine* **[antiseptic** bactericide] on thyroid function in rats. 055946
RNA content in the liver of growing chickens as affected by *iodine* **compounds.** 054755
Relation between the occurrence of the iodine-poisoned silkworm, Bombyx mori, larvae and the *iodine* **concentation.** 061356
Absorption of 125 I *[iodine* **isotope]-labelled** sheep growthhormone in single proximal tubules of the rat kidney. 054582
Identification by nuclear magnetic resonance of *iodinated* **lipids** in the dog thyroid. 054344
Toxicity of several chemical compounds to larvae of the silk-worm, Bombyx mori, detected in polluted leaves of mulberry[Morus] growing around the *iodine* and **molybdenum** factories in Mobara City, Chiba Prefecture. 061364
Ion-selective electrode determination of *iodine* in **rocks** and soils. 061717
Relation between the occurrence of the *iodine-poisoned* **silkworm,** Bombyx mori, larvae and the iodine concentation. 061356

IODOPHORS

Residues in milk following teat tipping with *iodophors,* and their **toxicologic** evaluation [Food contamination]. 053068

IONIZATION

The use of *ionizing* **radiation** for preservation of food and feed products. 053562
Studies on the protective role of vitamin C under conditions of exposure of the organism to *ionizing* **radiation** [pigeons, and mice]. 054502
Comparison of the mutagenic effects of chemicals and *ionizing* **radiation** using Drosophila melanogaster test systems. 060848

IONONES

On the stabilization of polyribosomes in Blakeslea trisporaThaxter during the stimulation of carotinoid synthesis by *beta-ionone* **[Fungi].** 057524

IPOMEAMARONE

Influence of exogenous ethylene on *ipomeamarone* **accumulation** in black rot [Ceratocystis fimbriata] infected sweetpotatoroots [toxic to mammals]. 059384

IPOMOEA

Today's weed: tall morninggiory *[Ipomoea* **purpurea].** 060105
Studies on the flower color of morning-glory. I. Anthocyanins and some concomitant phenolics in the blue petals of *Ipomoea* **ruburo-caerulea** Hock, 'Heavenly Blue'. 058421
On the fading of an ephemeral flower *[Ipomoea* **tricolor].** 057288
Microchemical investigations of medicinal plants. XIII. Separation of the alkaloids in the leaves of *Ipomoea* **violacea** using thin layer chromatography. 057759
Microchemical investigations of medicinal plants. XIV. Identification of the alkaloids in the leaves of *Ipomoea* **violacea** using preparative thin layer chromatography and solid probe mass spectrometry. 057760

IPS

Distribution of *Ips* **amitinus** Eichh. (Coleoptera, Scolytidae) in Finland in 1950-1973. 061102
Effect of age, flight exercise and feeding on the field attractant response of *Ips* **grandicollis.** 060369
On the occurrence of *Ips* **sexdentatus** (Borner) (Coleoptera, Scolytidae) in south Finland. 061110

IRIDACEAE

The occurrence of a secondary cuticle in Libertia **elegans** *(Iridaceae).* 056777
Turnip mosaic virus, the cause of a mosaic disease of Tigridia **pavonia** *(Iridaceae).* 059599

IRIDESCENT

Pathology of **mosquito** *iridescent* virus of Aedes taeniorhynchus in cell cultures of Aedes aegypti. 060448
Production of gram quantities of **mosquito** *iridescent* virus. 060472
Obtaining isotope-labelled **Tipula** *iridescent* virus [for tests with Galleria mellonella]. 060964
An *iridescent* **virus** from Simulium sp. (Diptera: Simuliidae) in Wales. 060447

IRIDOIDS

Syringoxide, a **new** *iridoid* from Syringa vulgaris. 057360
Isolation and structural elucidation of *iridoids* from **Syringa** vulgaris and Phyllierea media. 057356

IRISES

A fungal parasite in the marine diatom **Coscinodiscus** *oculus-iridis* [Algae]. 059248
Apogamic induction of haploid plasmodia in a myxomycete, **Didymium** *iridis* [Fungi]. 057515
Xanthone glycosides of *Iris* **ensata.** 057487
Growing *Iris* in the home garden [Culture]. 059033
Identification of the contraction stage in the mitotic division of endosperm nuclei *[Iris* **pseudacorus,** Iris pumila, Lilium martagon]. 056924
Nesting of **Stizus** *iridis* at the type-locality (Hymenoptera: Nyssonidae). 060997

IRON

The formaldehyde content in fish in relation to anemia in mik [Trimethylaminoxide as an *iron-binding* **agent].** 055866
Effects of vegetation on the distribution of carbon, *iron,* and **aluminum** in the B horizons of northern Appalachian Spodosols. 061836
Getting more iron into the nursing pig [by feeding the sow a specific **amino** *acid-iron* proteinate]. 054812
Effects of different levels of iron sources on the growth of *iron* **chlorosis** susceptible and iron chlorosis resistant Chrysanthemum cultivars. 059855
The isolation, properties and taxonomic relevance of lipid-soluble, *iron-binding* **compounds** (the nocobactins) from Nocardia [asteroides, Nocardia brasiliensis, Nocardia caviae]. 056527
Development of the nitrate, vitamin C, magnesium and *iron* **contents** during cooking of spinach. 053099
Gerontological studies on calcium, magnesium, *iron,* **copper** and zinc concentrations in the heart and frontal cerebral lobes of rats. 054737
Fortification of common salt with *iron:* **effect** of chemical wadditives on stability and bioavailability [Human diet]. 053090
The reduction mechanism of manganese in paddy soils. 8. Therole of **ferrous** *iron* in manganese reduction in waterlogged paddy soils. 061723
The effects of an oral contraceptive, ascorbic acid and *iron* on **glucose** and copper metabolism in the rat. 053289
Development of *iron* and **manganese** bacteria in Ranney wells. 062465
Getting more *iron* into the **nursing** pig [by feeding the sow a specific amino acid-iron proteinate]. 054812
Toxaphene [chlorinated insecticide] degradation by *iron(II)* **protoporphyrin** systems. 060572
The participation of flavins and *iron* in the **regulation** of flavinogenesis first reaction rate in the yeast Pichia guilliermondii. 057528
The distribution of two predators [Plectrocnemia conspersa, Sialis fuliginosa] and their prey in an *iron* **rich** stream. 060893
Sulfide diseases of rice on *iron-excess* **soils.** 059697
Effects of different levels of *iron* **sources** on the growth of iron chlorosis susceptible and iron chlorosis resistant Chrysanthemum cultivars. 059855
Excessive vitamin D content of a **standard** *iron-deficient* diet for rats. 053117
Relative biological value of *iron* **supplements** in processed food products. 053192
Contribution to the problem of copper, zinc, manganese and *iron* **trace** element content in some raw materials of poultry feed and feed mixes. 054110
Reduced resistance of mice [to various bacteria] following experimental **treatment** with *iron-dextran.* 055667

IRRADIATION

A new class of natural steroids, with ring D aromatic, fromNicandra physaloides (Solanaceae). *X-ray* **analysis** of Nic10, and the structures of Nic-1 (' nicandrenone '), -12, and -17. 057662
Structures of three oxygenated 24-methyl-steroids (Nic-3, 7, and -11) from the insect repellant plant Nicandra physaloides (Solanaceae): *X-ray* **analysis** of Nic-3 acetate and Nic-11 ethyl ether. 057680
Artificial *irradiation* for lettuce plant raising—technical and economic aspects [Costs]. 052518
Automated chamber for *irradiation* of **biological** objects with concentrated solar light [Seed and pollen irradiation]. 057581
Effect of the dose and dose rate of *gamma-irradiation* on **changes** in quantitative indexes of tomatoes. 058531
Studies on wood plastic **composites.** II. *(Irradiated).* 056187
Induction of positive micromutations in **cotton** by use of *gamma-rays.* 057089
Studies on the mutability of plastom. IV. Effect of *X-rays,* **ethylmethanesulphonate,** ethylene imine and nitrosoethylurethane on the frequency of reverse mutations in the. 057009
Production of ochratoxin A by Aspergillus ochraceus NRRL-3174 before and after exposures to 60Co [cobalt isotope] *irradiation* **[Fungi].** 052950
Relationship between the yield of potential injuries to chromosomes and the dose of **gamma** *rays* [Crepis capillaris]. 057165
Yeast extract action on proliferation of irradiated rice (Oryza sativa L. var. Cigalon) radicular meristems cells by **gamma** *rays* of cobalt 60 [isotope]. 058047
Induced parthenocarpy with pollen irradiated with **gamma** *rays* [Tomatoes, cucumbers, melons]. 058316
The use of *gamma-ray* **induced** mutations in Phaseolus vulgaris (L.) [Kidney beans]. 057206
X-ray **induction** of chromatid interchanges in somatic cells of Drosophila melanogaster: variations through the cell cycle of the pattern of rejoining. 060970
Hypothesis explaining that carbon dioxide output is stimulated less by *X-rays* in **leaf** disks than in whole leaves of Pelargonium zonale L. 058328
The effect of caffeine on repair systems in oocytes of Drosophila melanogaster. II. The induction of chromosome aberrations in *irradiated* **males.** 060968
Accumulation of chemical elements around the penetration sites of Erysiphe graminis hordei on barley leaf epidermis. III. Micromanipulation and *X-ray* **microanalysis** of silicon. 059374
X-ray-induced **mutants** resistant to 8-azaguanine. I. Effects of cell density and expression time [Hamsters]. 055175
X-ray-induced **mutants** resistant to 8-azaguanine. II. Cell cycle dose response [Hamsters]. 055176
Spectra of viability mutations obtained in the X chromosomeupon treatment of Drosophila melanogaster males with **N-nitrosoethylurea** and *gamma-rays.* 061025
Crystallization and **peliminary** *X-ray* data of well-ordered crystals from pig heart citrate synthase. 054487
Radial transport in *rays* [between **phloem** and xylem]. 058568
X-ray **photo** taken on the hip joint of the dog standing in a stock with special respect to the prevention of radiological lesions. 055333
Automated chamber for irradiation of biological objects with concentrated solar light [Seed and **pollen** *irradiation].* 057581
Induced parthenocarpy with **pollen** *irradiated* with gamma rays [Tomatoes, cucumbers, melons]. 058316
Preliminary *X-ray* study of crystals of mitogenic lectin from pea seeds. 058414
Yeast extract action on proliferation of *irradiated* **rice** (Oryza sativa L. var. Cigalon) radicular meristems cells by gamma rays of cobalt 60 [isotope]. 058047
Breaking formation in DNA of Anacystis nidulans [Algae] under the effect of **roentgen** *irradiation.* 057767
Degradation of DNA in radioactive mutants of Anacystis nidulans [Algae] induced by **roentgen** *rays.* 057768
Chromosomal aberrations caused by *irradiation* of **seedlings** of Crepis capillaris L. at different periods of cellular interphase. 057156
Adventitious root formation induced by gibberellic acid and regulated by the *irradiance* to the **stock** plants [Peas]. 058454
Effect of *postirradiation* **storage** of seeds on structural chromosome mutations in chlorophyll mutants of sunflower (Helianthus annuus L.). 057005
X-ray **structure** analytic results of piperidine and piperidinium acetate anilide [Herbicides]. 059988
Infrared and *X-ray* **study** of parathion-montmorillonite sorption complexes [Behavior of pesticides in soil]. 060599
Induction of semi-dwarf mutations from Japonica type rice variety, Tainung 61, by *gamma-ray* **treatment.** 057057
Gamma-ray **treatment** of softwood cuttings of cherry varieties [for experimental grafting]. 058373
Development and productive qualities of cage-reared broiler chicks as affected by **ultraviolet** *rays.* 054240
The marine diatom Chaetoceros simplex calcitrans Paulsen and its environment. Effects of light and **ultraviolet** *irradiations* on the biosynthesis of fatty acids [Algae]. 057376
Effect of **ultraviolet** *irradiation,* temperature and hydrogenion potential on the stability of polychlorpinene and polychlorcamphene [Insecticides, plant pest control]. 060150
Ultraviolet *irradiation:* a possible technique for reducing cell yield (sludge) in waste treatment systems. 062371
The present status of DNA repair mechanisms in UV [ultraviolet] *irradiated* **yeast** [Saccharomyces cerevisiae]. 057049

IRRIGATION

Evaluation of ERTS [Earth Resources Technology Satellite]-1 and aircraft data for assessing internal drainage in *irrigated* **agriculture.** 062213
Effect of mineral fertilizers and *irrigation* on **agrochemical** properties of Chernozem soils and the productivity of flood plain pastures in the Tambov province. 058779
Irrigation **amount** and number of single irrigation quantities in sugarbeets during ontogenesis. 062290
About the soils of **ancient** *irrigation* [located between the rivers Amu Darya and Syr Darya]. 061894
Fodder production [for sheep] on the basis of **artesian** *irrigation.* 054916
Water quality of irrigation return flows [Columbia **Basin** *Irrigation* Project]. 062294
Effect of **bicarbonate-rich** *irrigation* waters on the growth, nutrient uptake and synthesis of proteins and carbohydrates in wheat [Salinity, toxicity]. 059869
Use of the electronic computer for efficient selection of excavators in the construction of *irrigation* **canals.** 061607
The level of farm practices and the efficiency of *irrigating* **castorbeans.** 062332
Pipe dreams sprouting prosperity problems [**Circle** *irrigation].* 062278
Air regime of nonirrigated and *irrigated* **Ciscaucasian** Chernozems. 061789
Radiation regime of castoroil plant crops under **conditions** of *irrigation.* 057585
Development of agronomic practices for production of field crops under *irrigated* **conditions** —rice. 058744
Development of agronomic practices for production of field crops under *irrigated* **conditions.** 062206
Irrigated **corn** production. 062190
Estimating irrigation response from data on *unirrigated* **crops.** 062171

Determination of runoff of the Amu **Dar'ya** *[Irrigation].* 062336
Effect of inflating land values on ranch growth comparing extensive expansion and *irrigation* **development** investments. 052540
About economic **differentiated** *irrigation* regimes for rice. 062326
Culiacan, a soybean cultivar for *irrigation* **district** no. 10 of Sinaloa [Yields]. 058630
Phosphorus fertilization with **drip** *irrigation.* 062033
Some observations on **drip** *irrigation* for cut flowers in greenhouses. 062195
Studies on sugarcane irritgation. X. Effect of groundwater table and nitrogen levels on the *irrigation* **efficiency** of autumn planted sugarcane. 062298
Irrigation **equipment** and their costs. 061512
Moving mechanism for an extension-type hydrant on the surface of the soil *[Irrigation* **equipment].** 061605
Estimating *irrigation* response from data on unirrigated crops. 062171
Some *irrigation* **experiments** [Field crop yields]. 062323
Some data obtained from *irrigation* and **fertilization** of sugarbeets in the East Slovakian Lowland. 058840
Can *irrigation* and **fertilization** be doubled? 062193
Effect of *irrigation* and **fertilization** on sunflower growth, development and yield. 062297
Irrigation and **fertilizer** interrelations in cereal crops. 062208
A short note on a new technique of **fertilizing** *irrigated* rice fields with urea. 061996
Irrigation [**Field** crops]. 062306
Seasonal variation of root distribution of *irrigated,* **fieldgrown** Russet Burbank potato. 056773
The utilization of lasers during night leveling work [on *irrigated* **fields**]. 062167
Effect of *irrigation* on **formation** of reproductive organs of eggplants. 058443
Results of *irrigation* with the use of **Fregat** sprinkler on maize silage. 062191
Irrigation in the **future** of hops culture. 062181
Gastric *irrigation* and secretion in the ligatured or fistuled pylorus rat upon influence of intra-duodenal olive oil. 053157
A preliminary note on water requirements of **grapes** *[Irrigation].* 062307
Effect of levels of nitrogen and *irrigation* on **growth** and yield of summer forages. 058799
Thinking of **installing** *irrigation* [Potato fields]. 062173
Pilot **integrated** *irrigation* projects for policy formulation for removing food shortage in developing countries. 062227
Air regime of *nonirrigated* and **irrigated** Cisacaucasian Chernozems. 061789
Specific techniques for [alfalfa] culture on *non-irrigated* **land.** 058661
High returns from *irrigated* **lands** [in the Stavropol' Territory]. 062188
Health protection requirements for use of effluent water [in **landscape** *irrigation].* 062525
Low-volume *irrigation* systems and nematicides [1,2-dibromo-3-chloropropane]—caution [Economic crops]. 059766
Prospects for *irrigating* the **Mangyshlak** Desert [in the Kazakh SSR]. 062189
Effect of *irrigation* **method** and late season nitrate-nitrogen concentration on sucrose production by sugarbeets. 061966
Soil bearing pressure studies in the **Muda** *Irrigation* Scheme. 062271
Vineyard management with special reference to *irrigation,* **mulching** and intercropping in North India. 059011
Applications of remote sensing by the state of **Nebraska** *[Irrigation].* 062211
Conjunctive water planning for *irrigation,* its **necessity** and problems. 062169
Relationship to crop metabolism and water status to *irrigation* **need.** 062285
Irrigation on **pasture**—does it pay? Costs]. 062183
Irrigation on **pasture**—does it pay? [Costs]. 062184
Utilization of compound carbohydrate additives for feeding cows grazing on cultivated and *irrigated* **pastures** located around Moscow. 054824
Effect of *irrigation* on the **physical** properties of soil. 062289
Basis for selecting means of regulating the water system of soils relative to **planning** *irrigation-moisture* systems. 062312
Performance of *irrigation* **projects.** 062187
Effects of fertilizers and *irrigation* on the **quality** of pasture plants [Composition]. 058074
Technical and economic considerations in developing crop rotations under *irrigated* and **rainfed** conditions [Field crops]. 058764
Irrigation **reduces** alfalfa yields. 062196
The response of Mexican and local wheat varieties to *irrigation* **regime** and nitrogen fertilizer. II. Water consumptive use and efficiency of water use. 062170
Effect of *irrigation* **regime** and methods of sprinkling on yield and quality of tomatoes. 062280
The *irrigation* **regime** of crops in the Moscow province. 062331
Irrigation **regimes** and water consumption by cotton in relation to rates of fertilizers. 058895
Water quality of *irrigation* **return** flows [Columbia Basin Irrigation Project]. 062294
The duration of *irrigation* and the **salt** regime of terrace soils on the lands east from the Volga River. 062330
Features of accumulation processes of sulphates and calcium carbonates in profiles of **sandy** *irrigated* meadow gypsum-bearing soils. 061660
Irrigation, a **science** which developed. 062194
The prospects of *irrigation* with **sea** water. 062334
Redmond Station stretches the growing **season** *[Irrigation].* 062279
Take care in *irrigating* with **sewage** water. 062200
Irrigation amount and number of **single** *irrigation* quantities in sugarbeets during ontogenesis. 062290
Techniques and economics of establishment and operation of a **soil** *irrigation* system. 062185
Genetic features of *ancient-irrigated* **soils.** 061800
Changes of hydrous and physical properties of Solonchak-Solonetz soils as a result of *irrigation* in the **southern** part of the region located east from the Volga River. 062228
Cost of producing crops in the *irrigated* **Southwest.** II. New Mexico. 052543
Cost of producing crops in the *irrigated* **Southwest.** V. Utah. 052544
A field study on the relationship of temperature and ice to [frozen soil] infiltration at a **spray** *irrigation* facility. 061771
Spray *irrigation* of tannery wastes. 062230
The influence of intensity factors on the population dynamics of migratory root nematodes with special consideration of the genus Pratylenchus Filipjev. I. Influence of **sprinkler** *irrigation.* 059908
Effectivess of applying herbicides to tomato transplants under **sprinkler** *irrigation.* 060014
Study of the **sprinkler** *irrigation* of cultivated pastures in soddy-gley soils. 062317
Utilization of automatic computer for evaluation of uniformity in **sprinkling** *irrigation.* 062291
Synchronous impulse **sprinkling** *[Irrigation].* 062329
When to **stop** *irrigation* to cotton. 062296
Water losses in *irrigating* **strawberries** in winter. 062201
Nematicide application through porous **subsurface** *irrigation* tubing. 059903
Supplementary *irrigation* with a limited water supply. 062179
Nitrogen fertilization of bermudagrass [Cynodon] turf through an *irrigation* **system.** 061965
Modification in the setting of an *irrigation* **system** due to a change in the height of the water level. 062267
Preventing erosion of river beds and canals of *irrigation-moisture* **systems** by the use of large-grain materials. 061462
Problems of land development for *irrigation* on the **territory** between the rivers Volga and Ural. 062324
Irrigation **tests** on maize with lysimeter. Effect of changesin potential evapotranspiration on yield. 062177
Trickle *irrigation* of shade trees growing in the nursery. I. Influence on growth. 058591
Trickle *irrigation* of shade trees growing in the nursery. II. Influence on root distribution. 058592
Effectiveness of applying mineral fertilizers to beets in leached Chernozems of the Dnieper-left-bank forest-steppe area of the **Ukraine** under *irrigation.* 062014
Response of gram [chickpeas] **varieties** to *irrigation.* 062266
Economic effectiveness of production of onions under *irrigation* on **vegetable** dairy state farms of the Ukraine [Costs, returns]. 052524
Irrigating, **water** stocking and chemical treatment of sawlogs in Norway. 056242
Salt balance in soil profiles as affected by different combinations of canal and saline **water** *irrigation.* 061716
Economic and efficient use of *irrigation* **water** [Field crops]. 062207
Using wastes to replace scarce materials [Waste **water,** *irrigation].* 062293
Rice [Climate effects, **yields,** *irrigation].* 058832

ISOCITRATES

Effects of calcium ions and adenosine diphosphate on the activities of NAD+ [nicotinamide adenine **dinucleotide]-linked** *isocitrate* dehydrogenase from the radular muscles of the whelk and flight muscles of insects. 060700
A specific inactivator of **glyoxysomal** *isocitrate* lyase from sunflower (Helianthus annuus L.) cotyledons. 058079

ISOCOUMARINS

Bergenin: *isocoumarin* from the **stems** of Mallotus repandus. 057856

ISODON

Antiumor activity of the *isodon* **diterpenoids:** structural requirements for the activity. 057558

ISOELECTRIC

Further resolution of adult chick hemoglobins by *isoelectric* **focusing** in polyacrylamide gel. 054372

ISOENZYMES

Characterization of the *isoenzyme* **composition** of some enzymes in cytoplasmatic male sterile tobacco hybrids. 058241
The effect of exercise on the lactic dehydrogenase and creatine **kinase** *isoenzyme* composition of horse serum. 054692
Changes in lactate dehydrogenase, **LDH** *isoenzymes,* lactate, and pyruvate as a results of feeding low fat diets to healthy men and women. 053249
Polyphenol **oxidase** *isoenzymes* in avocado. 058472
The effect of mechanical wounding of hyacinth bulbs on the *isoenzymes* **patterns** and activities of peroxidase, phenolase and catalase. 058310
Relative shifts in mobility in anionic **peroxidase** *isoenzymes* between stem base and apex of flax genotrophs. 058170
Differences in **peroxidase** *isoenzymes* in stigmata, styles and pollen of two selfed sunflower lines. 058242
Cell-wall and *peroxidase-isoenzyme* **synthesis** in isolated protoplasts of Nicotiana tabacum L. [Tobacco]. 058208

ISOETES

The transitory callose stage of the megasporal endospore of *Isoetes* **lacustris** L. 056813
Amitosis in plants and animals *[Isoetes,* **peas,** onions]. 056867

ISOFLAVONOIDS

Effects of the structure of phenolic compounds [extracted from tomato plants] on the inhibition of Phytophthora parasitica and on lytic enzymes. I. *Isoflavonoids* and **coumestans.** 059404

ISOMALTOSE

Stereospecificity of glycosylation reactions; **synthesis** of *isomaltose.* 053507

ISOMERASES

Inhibition of D-arabinose(L-fucose) *isomerase* **activity** by tris and its analogues [Food chemistry]. 053469
A kinetic comparison of Streptomyces **glucose** *isomerase* in free solution and adsorbed on DEAE [dextran]-cellulose [Maize processing]. 053894
Purification, properties and structure of ribose 5-phosphate **ketol** *isomerase* from Candida utilis [Yeasts]. 057234

ISOMERS

A series of optical, structural and *isomeric* **analogs** of estradiol: a comparative study of the biological activity and affinity to cytosol receptor of rabbit uterus. 055158
Extraction and *isomerization* of **bitter** substances from hops. 053483
Radiosynthesis and metabolism in rats of the 1R *isomers* of the **insecticide** permethrin. 060568
Alkaloids of Sophora alopecuroides neospophoramine—a **new** *isomer* of sophoramine. 057415
Studies on the syntheses o heterocyclic compounds. DCXX. Total synthesis of (plus,minus)-orientalidine and a **positional** *isomer* [Papaver]. 058401

ISOPEROXIDASES

Variations of *isoperoxidase* **activity** after experimental infection of carnations [Dianthus caryophyllus] by Phialophora cinerescens. 059413

ISOPODA

A new genus and species of the family Porcellionidae Verhoeff, 1918 *(Isopoda,* **Oniscoidea)** [Tadzhikoniscus coecus]. 061267

ISOPODS

Occurence of peroxysomes in *isopod* **crustacean** digestive caeca. Study in two terestrial species: Porcellio dilatus and Porcellio laevis. 060952

ISOPRENOID

Interfacial regulation: influence of lipid polar group conformation on lipid activitation of *C55-isoprenoid* **alcohol** phosphokinase apoprotein [Ficus elastica]. 057574

ISOPROPYL

Microtubules and secondary wall deposition in xylem: the effects of *isopropyl* **N-phenylcarbamate** [Onions, wheat]. 056898

ISOPROTERENOL

Nature of the inhibition by amiodarone of *isoproterenol-induced* **tachycardia** in the dog. 054330

ISOPTERA

Further records of occurrence of termite genus Procryptotermes **Holmgren** *(Isoptera:* Kalotermitidae) in the Indian region, with a new species from south India. 061187
Protective resemblance of the nest of Nasutitermes beckeri Prasad and Sen-Sarma (Insecta: *Isoptera:* **Termitidae**) to the bark of Veteria indica. 060351

ISOSPORA

Sporogony of the oocysts of *Isospora* **canis** [Dogs]. 055772

ISOTHERM

Evaluation of models to describe sorption and desorption equilibrium moisture **content** *isotherms* of Virginia-type peanuts. 054060
The determination of **desorption** *isotherms* for soil phosphate using low volumes of solution and an anion exchange resin. 061732
Isothermal **destruction** of humic acids. 061803
Recent advances in techniques for the determination of **sorption** *isotherms* [Food]. 053548

ISOTOMA

The postantennal organ: a specialized unicellular sensory input to the protocerebrum in apterygotan insects (Collembola) [Hypogastrura socialis, *Isotoma* **olivacea].** 060747

ISOTOPES

Distribution of 14C [carbon isotope] residue of TCA14C [trichloracetic **acid-carbon** *isotope]* in vegetative and grain parts of oats and wheat. 058051

Dose-response relationships for Beagles injected with 239Pu(IV) or 241Am(III) [plutonium and **americium** *isotope].* 055912

Comparative study of 45Ca [**calcium** *isotope]* absorption and translocation in various groups of plants [Higher plants and marine Algae]. 057916

Metabolism and caloric utilization of orally administered maltitol-14C [**carbon** *isotope]* in rat, dog, and man [Replacements for sucrose in special dietary foods]. 053190

Dynamics of C-14 [**carbon** *isotope]* amino acids applied in rats previously fed proteins of different quality. 054975

Radioactivity in urine and feces of mink (Mustela vison) treated with [14C] [**carbon** *isotope]* aflatoxin B1. 055898

Energetic basis of the phloem transport of 14C [**carbon** *isotope]-assimilate* in leaves of Eleusine coracana. 057276

Fungal products. XVIII. 13C [**carbon** *isotope]* nuclear magnetic resonance spectrum and biosynthesis of colletodiol [Colletotrichum capsici]. 057667

The influence of CA2+ and K+ [calcium and potassium ions] on H14CO3- [bicarbonate, **carbon** *isotope]* influx in internodal cells of Chara corallina [Algae]. 057702

14C [**carbon** *isotope]-assimilate* pattern and kinetics of photosynthetic 14CO2 [carbon dioxide]-assimilation of the marine red alga Bostrychia scorpioides. 057919

Distribution of 14C [**carbon** *isotope]* residue of TCA14C [trichloracetic acid-carbon isotope] in vegetative and grain parts of oats and wheat. 058051

Organic acids of three varieties of wheat and C14 [**carbon** *isotope]* pyruvate absorption. 058133

Longitudinal and lateral transport of [3,4-3H] [hydrogen isotope] gibberellin A1 and 3-indolyl (acetic acid-2-14C) [**carbon** *isotope]* in upright and geotropically responding green internode segments from Helianthus annuus [sunflowers]. 058135

Photoassimilation of CO2 [carbon dioxide] by isolated bundle-sheath strands of Zea mays [maize]. I. Stimulation of CO2 assimilation by adding various intermediates of the photosynthetic cycle; evidence for a deficient photosystem II activity [**Carbon** *isotope].* 058163

Photoassimilation of CO2 [carbon dioxide] by isolated bundle-sheath strands of Zea mays [maize]. II. Role of malate as a source of CO2 and reducin power for the photosynthetic activity of isolated bundle-sheath cells of Zea mays [**Carbon** *isotope].* 058164

Effects of nitrogen and phosphorus nutrition on [14C] [**carbon** *isotope]-sucrose* translocation in Hibiscus esculentus [Okra]. 058292

Isolation and identification of beta-citraurol, a C30 [**carbon** *isotope]* carotenoid in citrus. 058415

Sucrose metabolism by roots of Pisum sativum [Peas, **carbon** *isotope* method]. 058473

Incorporation rate of shikimic acid-14C [**carbon** *isotope]* and phenylalanine-14C into gallic acid in Rhus [succedanea] and Acer [buergeranum] leaves. 058569

Photosynthesis in wood [**Carbon** *isotope,* xylem]. 058605

Some effects of triazines on growth, photosynthesis and translocation of photosynthate in Pinus species [**Carbon** *isotope].* 058606

Effects of simazine, atrazine and 2,4-D [herbicides] on 14CO2 [carbondioxide isotope]-fixation and composition of 14C [**carbon** *isotope]-assimilates* in Pinus nigra var. Calabrica Schneid. 060027

Marking aphids and their parasites with 14C [**carbon** *isotope]* in field studies [Brevicoryne brassicae, Myzus persicae, pests of rape and kale]. 060192

Insecticides and soil microorganisms. III. Fate of 14C [**carbon** *isotope]-labelled* Dipterex as affected by two nodule-forming Rhizobium spp. and roots of their respective leguminous host plants. 060511

Isolation and identification of a polar metabolite of tetrachlorobiphenyl from bile of a rainbow trout exposed to 14C [**carbon** *isotope]-tetrachlorobiphenyl.* 060530

Time course of uptake, elimination, and tissue levels of [14C [**carbon** *isotope]]DDT* in woodfrog tadpoles. 060538

Interaction of pesticide chemicals. Effect of eptam and itsantidote on the uptake and metabolism of [14C] [**carbon** *isotope]* phorate in corn plants. 060566

Long-term exposures of swine to a [14C] [**carbon** *isotope]* dichlorvos [insecticide] atmosphere. 060567

Effect of 1,1,1-trichloro-2,2-bis(p-chlorophenyl)-ethane (DDT) on the prenatal development of house mice (with special regard to transplacental transport and metabolism of hydrogen and **carbon** *isotope* marked DDT in pregnant mice. 060584

Determination of 14C [**carbon** *isotope]-labeled* pesticides insoils by a dry combustion technique. 060598

Diapause hormone action in silkworm [Bombyx mori] ovaries incubated in vitro; 14C [**carbon** *isotope]-trehalose* incorporation into glycogen. 061328

The application of stable **carbon** *isotope* ratios as water quality indicators in coastal areas of Canada. 062223

14C/12C [**carbon** *isotope]* ratios as tracers of urban pollution. 062453

Evaluation of nitrifying [bacteria] activity in [marine] sediments by dark 14C [**carbon** *isotope]-bicarbonate* incorporation. 062576

Effects of simazine, atrazine and 2,4-D [herbicides] on 14CO2 [**carbondioxide** *isotope]-fixation* and composition of 14C [carbon isotope]-assimilates in Pinus nigra var. Calabrica Schneid. 060027

Effect of ferredoxine on incorporation and distribution of 14CO2 [carbon dioxide, *isotope]* upon **carboxylation** of phosphoenolpyruvic acid in maize. 058040

Translocation of **14C-[carbon** *isotope]* labelled assimilates in barley plants infected with powdery mildew (Erysiphe graminis f. sp. hordei Marchal). 059410

Cs 137 [**cesium** *isotope]* as contaminant in bovine muscle. 053067

Production of ochratoxin A by Aspergillus ochraceus NRRL-3174 before and after exposures to 60Co [**cobalt** *isotope]* irradiation [Fungi]. 052950

Yeast extract action on proliferation of irradiated rice (Oryza sativa L. var. Cigalon) radicular meristems cells by gamma rays of **cobalt** 60 *[isotope].* 058047

Accumulation of cesium-137 *[isotope]* in the **crop** of barley and oats obtained on various soils. 062457

Anthropogenic carbon-13 *[isotope]* **decrease** in atmospheric carbon dioxide as recorded in modern wood. 056180

A new method of determining very slight traces of nitrogen peroxide (NO2) in polluted atmospheres, by *isotope* **dilution** and mass spectrometry. 062434

Improved technique for accurate and convenient assay of biological reactions liberating 14CO2 [carbon **dioxide** *isotope,* fission yeast, Schizosaccharomyces pombe]. 057239

Measurement of the carbon dioxide compensation point and the rate of loss of 14CO2 [carbon **dioxide** *isotope]* in the light and dark in some bryophytes. 057699

After-effect of the temperature in the process of hardening winter wheat on the photoassimilation of 14CO2 [carbon **dioxide** *isotope]* by isolated chloroplasts. 058038

Isotope **effects** in relation to the interpretation of 15N/14N [nitrogen] ratios in tracer studies [Soils]. 061695

Use of **environmental** *isotopes* to investigate the interconnections between the Reno River and groundwater (northern Italy) [Water contamination]. 062452

Enterohepatic cycling of 3H [**hydrogen** *isotope]-estrone* in the bull: identification of estrone-3-glucuronide. 054616

Continuous determination of 3H [**hydrogen** *isotope]-labelled* 3,4-dihydroxyphenethylamine (dopamine) synthesis and releasein the cat caudate nucleus in vivo. 054710

Cautionary note on the use of [methyl-3H]thymidine [**hydrogen** *isotope]* to measure rates of chloroplast DNA synthesis in Chlamydomonas reinhardtii [Algae]. 057658

Longitudinal and lateral transport of [3,4-3H] [**hydrogen** *isotope]* gibberellin A1 and 3-indolyl (acetic acid-2-14C) [carbon isotope] in upright and geotropically responding green internode segments from Helianthus annuus [sunflowers]. 058135

Rhythmic increase in DNA content and incorporation of [3H]thymidine [**hydrogen** *isotope]* in the developing wheat embryo during seed germination. 058211

Synthesis of 10,11-epoxy-6,7-trans-2,3-trans-farnesyl-[2,3-3H] [**hydrogen** *isotope]* propenylether, a juvenile hormone efficient compound [in insects] with very high specific radioactivity. 060883

The metabolism of 3H [**hydrogen** *isotope]-molting* hormone in Calliphora erythrocephala at the mature larval and white puparial stages. 060884

H3 [**hydrogen** *isotope]-uridine* autoradiographic study of spermatogenesis in the mole cricket, Gryllotalpa fossor Scudder. 060986

Incorporation of H3 [**hydrogen** *isotope]-uridine* into the salivary gland chromosomes of Drosophila melanogaster. 061020

Tritium [**hydrogen** *isotope]* behaviour pattern in some soil-plant systems in a tropical environment. 062451

Side chain oxidation of **25-hydroxy-[26,27-14C[carbon** *isotope]vitamin* D3 and 1,25[dihydroxy-[26,27-14C]vitamin D3 in vivo by chickens. 054346

Uptake of labeled rubidium (86Rb) *[isotope]* by **individual** parts of maize roots. 058110

Absorption of 125 I **[iodine** *isotope]-labelled* sheep growthhormone in single proximal tubules of the rat kidney. 054582

Carbohydrate moieties of procollagen: incorporation of *isotopically* **labeled** mannose and glucosamine into propeptides of procollagen secreted by matrix-free chick embryo tendon cells. 054674

On the simultaneous movement of THO, 14C-sucrose, and 32PO4 *[isotope* **labelled** water, sucrose and phosphate] in the sieve-tubes of willow. 057541

Urea-15N [**Nitrogen** *isotope]* conversion after intravenous administration in sheep. 054527

Preferential assimilation of ammonium ions from ammonium nitrate solutions by apple seedlings [**Nitrogen** *isotope].* 058465

Nitrogen *isotope* ratios in surface and sub-surface soil horizons. 061697

Field measurement of N [nitrogen]-utilization efficiency and nitrate movement in soils using 15N [**nitrogen** *isotope]-depleted* fertilizer. 061948

Obtaining *isotope-labelled* Tipula iridescent virus [for tests with Galleria mellonella]. 060964

Synthesis of methyl alpha- and beta-D-xylopyranoside-5-18-O [**oxygen** *isotope].* 053508

31P [**phosphorus** *isotope]* nuclear magnetic resonance-pH [hydrogen-ion concentration] titrations of myo-inositol hexaphosphate [Biochemistry of cereal grains]. 053893

Measurement of phagocytosis of 32P [**phosphorus** *isotope]-labeled* Staphylococcus aureus by bovine leukocytes: lysostaphin digestion and inhibitory effect of cream [Dairy cattle]. 055416

Short term geo-stimulation and p32 [**phosphorus** *isotope]* distribution in Alaska pea seedlings. 058341

The effect of water flow on movement of salts and 32P [**phosphorus** *isotope]* through tomato root system. 058483

Measurement system for total nitrogen and 15N/14N *[isotopes]* in **plant** tissue, soil and water. 057623

The resleases of krypton-85 and tritium to the environment and tritium to krypton-85 ratios as source indicators *[Isotopes,* **pollution].** 062449

The world pattern of oxygen-18 *[isotope]* in **rainwater** and its importance in understanding the biogeochemical oxygen cycle [Water economy of plant communities]. 062450

Variations in the 13C/12C [carbon] *isotopic* **ratio** in the animal metabolism. 054526

Determining the extent of oxidation of sulphur dioxide in power plant plumes from *isotopic* **ratio** measurements [Air pollution]. 062439

Isotope **ratios** of lead as pollutant source indicators. 062441

Determination of diffusion dynamics of 22Na [**sodium** *isotope]* ions and water in raw soft link-sausage type 'Servolat'. 053799

Study of the digestion in ruminants with the aid of radioactive and **stable** *isotopes.* 054727

An attempt to characterize certain organic and mineral substances by their **stable** *isotope* composition [in plants, alcoholic fermentation]. 057622

Problems and potentialities of **stable** *isotopes* as tracers for studying pollutant behaviour under field conditions. 062444

Biological effects of deuterium [toxicity] and other **staple** *isotopes.* 062436

Accumulation of Sr90 [**strontium** *isotope]* by herbaceous plants in a birch [Betula verrucosa] forest. 057955

Role of fallen leaves in the vertical migration of Sr90 [**strontium** *isotope]* in soil. 061885

Nitrogen-15 *[isotope]* **studies** on identifying fertilizer excess in environmental systems [Groundwater, soil]. 062442

Genetic effects of 35S [**sulfur** *isotope]* decay in cells of yeast Saccharomyces cerevisiae. IV. Dependence of the lethal effect of 35S decay on the inclusion in different. 057006

Genetic effects of 35S [**sulfur** *isotope]* decay in cells of yest Saccharomyces cerevisiae. III. Recombinogenic effect. 057007

Sulphur *isotopic* variations in relation to sulphur pollution of Lake Erie. 062446

Anomalous behaviour of thorium and **uranium** *isotopes* in the marine environment of the West Coast of India. 062435

Ge(Li) spectrometric measurements of *isotopic* **uranium** ratios in soils treated with apatite-derived fertilizers [Germanium(lithium)]. 062440

ISOZYMES

Genetic studies of **alpha-amylase** *isozymes* in wheat. II. Reconstituted AABB tetraploid, Aegilops squarrosa and their synthetic AABBDD hexaploid. 057079

Barley cultivar identification by use of *isozyme* **electrophoretic** patterns. 056964

Genetic variation and geographic cline of **esterase** *isozymes* in native rice varieties. 057080

Kinetics and mechanism of the F1 *isozyme* of **horse** liver aldehyde dehydrogenase. 054325

Bovine pyruvate kinase isozymes and **hybrid** *isozymes:* Electrophoretic studies and tissue distribution. 054322

Phenotypic differences in female Ostertagia circumcincta [nematodes] as demonstrated by *isozymes* **hydrolizing** alpha-naphthyl acetate [Livestock parasites]. 055422

Bovine pyruvate **kinase** *isozymes* and hybrid isozymes: Electrophoretic studies and tissue distribution. 054322

Genetic control of four cathodal **peroxidase** *isozymes* in barley. 057072

Organ specificity of **peroxidase** *isozymes* in mulberry (Moruspp.). 057789

Peroxidase *isozymes* in colchicine treated mulberry [Morus]. 057790

Separation and properties of the NAD [nicotinamide adenine dinucleotide]-linked and NADP [nicotinamide adenine dinucleotide **phosphate]-linked** *isozymes* of succinic semialdehyde dehydrogenase in Euglena gracilis z [Algae]. 057313

Electrophoretic studies on the **phosphorylase** *isozymes* [Rats, pigs]. 054593

Isozyme **variability** in species of the genus Drosophila. VIII. The alcohol dehydrogenase polymorphism in North Carolina populations of Drosophila melanogaster. 060699

ITACONIC

Cellulose modification by *itaconic* **acid** grafting. 056146

Itaconic **acid** and some of its derivatives: new regulators accelerating plant flowering [Tomatoes]. 058317

Growth-retarding activity and chemical structure of certain derivatives of *itaconic* **acid** [Herbicidal activities]. 059925

IVY

Three forest climbers: *ivy* [**Hedera** helix], old man's beard [Clematis vitalba] and honeysuckle [Lonicera periclymenum]. 059950

IXODES

A distant orientation of **bloodsucking** *ixodid* ticks [Ixodes persulcatus] to the host's attractant factors. 060483

Density and distribution of **pasture** *ixodid* ticks in the central Sikhote-Alin. 060485

A distant orientation of bloodsucking ixodid ticks *[Ixodes* **persulcatus]** to the host's attractant factors. 060483

Ixodes **scapularis** Say on white-tailed deer (Odocoileus virginianus) from Long Point, Ontario. 060453

Phenols as pheromones of *ixodid* **ticks:** a general phenomenon? [Rhipicephalus appendiculatus and Rhipicephalus pulchellus, vectors of East Coast fever infection of cattle]. 060437
A study of distribution of *ixodid* **ticks** under medical-biological reconaissance of the Baikal-Amur main line. 060510

IXODIDES

Ticks and their **control** *[Ixodides].* 060431
Tick-borne livestock diseases and their vectors. 1. The global **problem** *[Ixodides].* 060509
American dog **tick** *[Ixodides].* 060421

JACKETS

Insect **repellent** *jacket:* status, value and potential [Culicoides furens]. 060465

JAMS

The preparation of **papaya** *jam.* 054016

JANUS

On the **genera** *Janus* Lepeletier and Calameuta Konow (Hymenoptera, Cephidae) in eastern Fennoscandia [Insect distribution]. 061109

JASMINUM

Yellow ring mosaic of *Jasminum* **sp.** With particular reference to its transmission by an Aleurodid [Bemisiatabac, Dialeyrodes kirkaldyii]. 059666
A study of germination of seeds of some *Jasminum* **species** and clones. 058520

JASSIDAE

Larvae of Bochartia sp. (Acarina: Erythraeidae) **parasitizing** *jassids* [Eggplant pests, natural control]. 060776

JAUNDICE

Jaundice in the **dog.** 055850
Abnormal low density plasma lipoproteins occurring in dogs with **obstructive** *jaundice.* 055835

JEJUNUM

Morpho-functional changes in the pancreas after resection of the *jejunum* in **cats.** 054398
Folic acid, ethanol and *jejunal* **glycolysis** [Diet]. 053294
Effects of by-passing the *jejunum* on **mucosal** secretion in the pig. 054711
Action of alpha-NAD [nicotinamide adenine dinucleotide] on the isolated **rabbit** *jejunum* in the presence of PGE or PGE prostaglandins. 054466
Scanning electron microscopy of the *jejunum* of the **rat** infected by the nematode Nippostrongylus brasiliensis. 055580

JELLY

Studies on calcium in the **edible** *jelly* made from the dried tubers of Amorphophallus konjac. 053241

JOBS *see* EMPLOYMENT

JOWAR *see* DURRA

JUGLANS

The experiment center for chestnuts [Castanea], walnuts *[Juglans]* and **hazel** [Corylus] of the Institute of Popularization for Fruits, Vegetables and Mushrooms must have a national dissemination [France]. 059152
Planting black walnut *[Juglans* **nigra]** for timber. 056121
Investigations of certain indices for the water regimen for *Juglans* **regia** L. in forest associations. 058582

JUGULAR

Luteinizing hormone and luteinizing hormone releasing hormone-like immunoreactivity in the *jugular* **venous** blood of sheep at various stages of the oestrous cycle. 055144

JUICES

Regeneration of the ion exchangers [used for desalination of *juices]* in **ammonium** and carbonate cycles [Sugar manufacture]. 053863
Observations on the extraction of *juices* from **white** grapes. 053997

JUJUBE

Effects of urea sprays on the growth and fruiting of ber (Ziziphus mauritiana **Lamk)** *[Jujube].* 059066

JUNGERMANNIA

Study on Jengermannioideae (Hepaticae). 9. Jungermannia subg. Plectocolea and subg. Solenostoma in Hawaii; additions and synopsis of the **genus** *Jungermannia.* 056499

JUNIPERS

Basidomycetes that **decay** *junipers* in Arizona [Wood-rot fungi]. 056520
Forage shrub [Atriplex] adaptation trials at **three** *pinyon-juniper* [Pinus edulis, Juniperus monosperma] sites. 058642

JUNIPERUS

Light forests of *Juniperus* **excelsa** in the Crimea and analysis of their flora [and plant associations]. 056764
Forage shrub [Atriplex] adaptation trials at three pinyon-juniper [Pinus edulis, *Juniperus* **monosperma]** sites. 058642
Discovery of *Juniperus* **semiglobosa** in the Zailiiski Ala-Tau. 056652

JURASSIC

Some notes on Marattia anglica from the *Jurassic* of **Yorksire.** 056601

JUTE

The use of fertilizers on **capsularies** *jute.* 061904
The distribution of end-breaks in **small-scale** *jute-spinning* trials. 053935

JUVENILE

Naturally occurring insect growth regulators. III. Echinolone, a highly **active** *juvenile* hormone mimic from Echinacea angustifolia roots [Tenebrio molitor]. 060409
Rooting response of *juvenile* and **adult** leafy olive cuttings to various factors. 058411
An argument for the unmeasured diet in *juvenile* **diabetes** mellitus. 053132
Cross-resistance to a *juvenile* **hormone** analogue in wild strains of the housefly [Musca domestica]. 060190
Juvenile **hormone** analogue for aphid control [Maize pests]. 060195
Juvenile **hormone** titers in penultimate and last instar larvae of Pieris brassicae and Barathra brassicae, in relation to the effect of juvenoid application. 060282
Fate of the *juvenile* **hormone** mimic 1-(4'-ethylphenoxy)-3,7-dimethyl-6,7-epoxy-trans-2-octene (Stauffer R-20458) following oral and dermal exposure to steers [Stomoxys calcitrans, control]. 060436
Juvenile **hormone** analogue and egg development in the blowfly, Phormia regina (Meig.). 060819
Synthesis of *juvenile* **hormone** binding proteins by the fat body of manduca sexta. 060820
Identification of JH *[juvenile* **hormone]** III in haemolymph from adults and larvae of Schistocerca gregaria. 060869
Synthesis of 10,11-epoxy-6,7-trans-2,3-trans-farnesyl-[2,3-3H] [hydrogen isotope] propenylether, a *juvenile* **hormone** efficient compound [in insects] with very high specific radioactivity. 060883
Insect [pests] *juvenile* **hormone** activity of alkyl (2E,4E)3,7,11-trimethyl-2,4-dodecadienoates. Variations in the ester function and in the carbon chain. 060887
Regulation of larval diapause by *juvenile* **hormone** in the European corn borer, Ostrinia nubilalis. 060925
A remote effect of the action of the analogues of the *juvenile* **hormone** in the ontogenesis of Eurygaster integriceps Pub. (Insecta, Hemiptera). 061050
Juvenile **hormone-induced** biosynthesis of vitellogenin in Leucophaea maderae. 060682
Insect chemistry. IV. Trifluoromethyl analogs of *juvenile* **hormones.** 060161
Naturally occurring insect growth regulators. II. Screening of insect and plant extracts as **insect** *juvenile* hormone mimics. 060151
Peptidic analogues of the **insect** *juvenile* hormone containing urethan-type protecting groups [Pyrrhocoris apterus, Dysdercus cingulatus]. 060757
Comparative morphology and early leaf histogenesis of adult and *juvenile* **leaves** of Darlingtonia californica and their bearing on the concept of heterophylly. 056793
Growth and assimilation rate of *juvenile* **northern** red oak [Quercus rubra]: effects of light and temperature. 058578
Morphology of the adult and *juvenile* **stages** of Microtendipes rydalensis (Edw.) comb. nov. (Diptera, Chironomidae). 061183
Cardiotropic effect of C17 **synthetic** *juvenile* hormone on Locusta migratoria L. 060714
Existence of **two** *juvenile* phases in Collembola Symphypleona. 060718

KABATIELLA

Now there are chemicals to control clover scorch *[Kabatiella* **caulivora].** 059331

KAKI

Effects of rootstock on the bearing shoot growth of kaki persimmon trees **(Diospyros** *kaki* L. var. Hiratanenashi). 059176

KALANCHOE

Plants for novices *[Kalanchoe,* **culture].** 059134

KALE

Effects of dates of seeding and levels of N [nitrogen] fertilization on yields, chemical composition and in vitro digestibility of **forage** *kale.* 058663
Effect of temperature on the colouring of leaves in **ornamental** *kale* (Brassica oleracea L. var. acephala DC.). 058314
Marking aphids and their parasites with 14C [carbon isotope] in field studies [Brevicoryne brassicae, Myzus persicae, pests of **rape** and *kale].* 060192
The effect of genotype on levels of pseudocompatibility and the production of improved varieties in Brassica oleracea [Brussels **sprout,** *kale].* 057075

KALMIA

Phosphorus conservation by evergreenness of mountain laurel *[Kalmia* **latifolia].** 057797
Effect of fungicide and application timing on Cercospora [kalmiae] leaf spot of mountain laurel *[Kalmia* **latifolia].** 059435

KALOTERMITIDAE

Further records of occurrence of termite genus Procryptotermes Holmgren (Isoptera: *Kalotermitidae)* in the **Indian** region, with a new species from south India. 061187

KANGAROOS

A comparative study of the carcass composition of *kangaroos* and **sheep.** 053804

KAOLINS

The effects of a **cuticle-damaging** *kaolin* on herbicidal phytotoxicity. 060071

KARAKUL

Some problems in **converting** *Karakul* sheep farming to the new technology [in Kazakhstan]. 054206
Plotting board for **determining** *Karakul* skin size. 053833
Hair density in *Karakul* **lambs** as a function of fecundity. 055191
Need of improving the method of *Karakul* **ram** selection for breeding. 055193
Karakul **sheep** farming in the Soviet Union. 054198
New technology for *Karakul* **sheep** farming [in Uzbekistan]. 054200
Preparation of specialists for the *[Karakul* **sheep** farming] branch. 054202
Research center of the *[Karakul* **sheep** farming] branch [in Samarkand]. 054203
Summer keeping of *Karakul* **sheep** on high-mountain pastures. 054208
[Karakul **sheep** farming,] a traditional, ancient branch [of agriculture] in Turkmenistan. 054209
The *Karakul* **sheep** breed. 055197
New [equipment] in the mechanization of *Karakul* **sheep** farming. 061588
Soviet *Karakul* [skins] on the international market. 052710

KARYOLOGY

Karyological **studies** on hybrids between the guinea fowl (female) and the vulturine guinea fowl (male). 055212
Morphological and *karyological* **study** on the Anthoxanthum L. Genus in Bulgaria. 056912

KARYOMORPHOLOGICAL

Karyomorphological **studies** in the genus Indigofera Linn. 056874
Karyomorphological **studies** in the genus Ocimum. I. Basilicum group. 056875

KARYOSYSTEMATIC

Karyosystematic **notes** on the Galium palustre-group (Rubiaceae). 056631

KARYOTYPES

Effects of physical conditions of medium on *karyotypes* of **cell** populations in vitro [Vicia hajastana]. 056872
Karyotype of **Cyrtanthus** mackenii Hook. F. 056828
Karyotype, **DNA** replication and origin of sex chromosomes in Anopheles atroparvus [Mosquitoes]. 060752
Chromosomal studies in Hypoxis L. (Hypoxidaceae). I. *Karyotype* of **Hypoxis** decumbens L. 057128
Population cytogenetics of the genus Caledia (Orthoptera: Acridinae). I. Inter- and **intraspecific** *karyotype* diversity. 060754
Chromosome numbers and *karyotypes* **[Plants].** 056957
The evolution of *karyotype* and **polyploidy** in arboreal plants. 057175
Karyotype **studies** in Areca catechu L., Areca triandra Roxb. And Areca catechu X Areca triandra hybrids. 057118

KENAF

Report on flax and *kenaf* **production** programmes in Egypt [Culture]. 058758

KERATINS

Control of [chick embryo] **feather** *keratin* synthesis by the availability of keratin mRNA. 054342
Stress-strain properties in the decrimping region of chemically modified crimped [wool] *keratin* **fibers,** with special reference to the stability of crimp structure. 053596
Control of [chick embryo] feather keratin synthesis by the availability of *keratin* **mRNA.** 054342

KERNELS

Changes in the polyphenol oxidases of wheat during *kernel* **growth** and maturation. 058056
The nitrogen content and amino acid composition of **palm** *kernel* meals. 053625
Lysine estimation in **single** *kernels* of Maize (Zea mays L.) [Breeding study]. 057203
Cytokinin content and the development of barley grain in mutants of different *kernel* **size.** 057197
Effect of Pyrenophora wheat leaf blight on the **thousand** *kernel* weight of 30 spring wheat cultivars. 059436
Inheritance of *kernel* **weight** in barley, Hordeum vulgare L. 057201

KETOLS

Purification, properties and structure of ribose **5-phosphate** *ketol* isomerase from Candida utilis [Yeasts]. 057234

KETONEMIA
Glycogen forming substances in dairy cows. I. Increments in blood plasma glucose in cows with varying degrees of hypoglycemia and *ketonemia* after **ingestion** of sodium propionate. 055861

KETONES
Synthesis of 1,12b-didehydrolycoran (alpha-anhydrodihydrocaranine) and 12balpha-lycoran (gamma-lycoran) via photocyclisation of an *enamide-ketone* **[Amaryllidaceae].** 057686

KETOSIS
Feeding, metabolism, and *ketosis* **[Dairy** cattle]. 054651

KETOSTEROIDS
The effect of thyroid and antithyroid preparations on the urinary excretion of **neutral** *17-ketosteroids* and the quality of sperm in stud rams. 055110

KETTLES
Vegetation of knob and *kettle* **topography** in south-central Washington. 056731

KHAYA
The structures of three new meliacins isolated from *Khaya* **anthotheca** heartwood. 058596

KIBBUTZ
The position of the administrator in an Israeli cooperativevillage **[Farming,** *kibbutz].* 052420

KIDNEYS
Genetics of murine liver and *kidney* **arylsulfatase** B1 [Control of quantitative enzyme variation in mammalian systems]. 055084
Indoleacetic acid effect on the distribution of photosynthetically fixed carbon in the *[kidney]* **bean** plant. 058294
Changes in the activity of ferredoxin-NADP reductase during the greening of *[kidney]* **bean** leaves. 058436
The use of gamma-ray induced mutations in Phaseolus vulgaris (L.) *[Kidney* **beans].** 057206
Some physiological aspects of retardation of leaf senescence by 6-benzylaminopurine or dispudding in intact plants *[Kidney* **beans].** 058273
The mechanism of chill- and drought-hardening of Phaseolus vulgaris leaves *[Kidney* **beans].** 058440
Potassium leaching in folioles of *kidney* **beans** (Phaseolus vulgaris L.) in the course of the day. 058482
Host-Rhizobium interaction between Phaseolus vulgaris L. And Rhizobium phaseoli *[Kidney* **beans].** 058516
Association of seed coat factors with resistance to Rhizoctonia solani in Phaseolus vulgaris *[Kidney* **beans].** 059417
Purification and properties of the **bovine** *kidney* carbonic anhydrases. 054417
Histone turnover in a non-proliferating tissue, the **cat** *kidney.* 054712
Reflex effects of thermal stimulation on sympathetic nerve activity to skin and *kidney* **[Cats].** 054290
Gamma-glutmyl transpeptidase of *sheep-kidney* **cortex.** Isolation, catalytic properties and dissociation into two polypeptide chains. 054472
Herbs that cure. II. Herbs that cure bladder and *kidney* **diseases** [Drug plants]. 057631
An unexplained high incidence of calcified lesions in **dog** *kidneys.* 055882
Water balance and *kidney* **function** in four species of Rattus[rats] from ecologicaly diverse environments. 054336
Lesions in mink (Mustela vison) infected with **giant** *kidney* worm (Dioctophyma renale). 055635
Effect of DDT on the free amino acid pool of brain and *kidney* in **guinea-pigs** [Pesticides]. 055909
A coupled enzyme assay for aldose 1-epimerase [prepared from **hog** *kidney* cortex]. 054308
Effects of repeated administration of oxytetracycline on *kidney,* **liver,** and liver mixed-function oxidases in the rat. 055941
Rectification of agricultural livestock production and drinking water catchment relative to housing is important as especially effective protection of young born with a **mysterious** *kidney* disease. 055374
Dissociation-constants of metal-ion-complexes with alkaline phosphatase from **pig** *kidney.* 054479
Plaque assay of sendai virus in monolayers of a clonal line of **procine** *kidney* cells. 055604
Synthesis of fibroma viral deoxyribonucleic acid complexes in **rabbit** *kidney* cells. 055429
Absorption of 125 I [iodine isotope]-labelled sheep growthhormone in single proximal tubules of the **rat** *kidney.* 054582
The involvement of biotin in preventing the fatty liver and *kidney* **syndrome** in chicks. 055874
Urinary creatine and *kidney* **transamidinase** activity of rats fed diets supplemented with arginine, glycine and creatine. 053085

KIDS *see* GOATS

KILN
Fueling [lumber] **dry** *kilns* with planer shavings. 056212
Kiln-drying **eastern** white cedar [Thuja occidentalis]. 056144
Weighing the pros & cons of **engineered** *kiln* sticks. 056238
Kiln-stick **thickness** effect on drying 2-inch western hemlock [Tsuga heterophylla] lumber. 056168

KINASES
The effect of exercise on the lactic dehydrogenase and **creatine** *kinase* isoenzyme composition of horse serum. 054692
Genetic and enzymatic analysis of a **glycerol** *kinase* deficient mutant in Neurospora crassa [Fungi]. 057095
Anomalous fluorescence of yeast **3-phosphoglycerate** *kinase.* 057306
Characterization of **protein** *kinases* from bovine parotid glands. The effect of tolbutamide and its derivative on these partially purified enzymes. 054367
Adenosine cyclic 3',5'-monophosphate in the liver fluke, Fasciola hepatica. II. Activation of **protein** *kinase* by 5-hydroxyltryptamine. 055678
Comparison of mode of activation of guanosine 3':5'-monophosphate-dependent and adenosine 3':5'-monophosphate-dependent **protein** *kinases* from silkworm [Bombyx mori]. 061326
Differences in properties of cytosol and membrane-derived **prtein** *kinases* [in membrane fractions of bovine brain, heart, liver, and muscle]. 054554
Activator specificity of **pyruvate** *kinase* from lactic streptococci [Streptococcus cremoris, Streptococcus lactis]. 053716
Bovine **pyruvate** *kinase* isozymes and hybrid isozymes: Electrophoretic studies and tissue distribution. 054322
Electrofocusing and kinetic studies of adult and embryonic chicken **pyruvate** *kinases.* 054359
Inhibition of chicken **pyruvate** *kinases* by amino acids. 054361
The effect of ligands on the reactivity of sulphydryl groups, and the modification of lysine, histidine and tryptophan residues of **pyruvate** *kinase* of Neurospora crassa [Fungi]. 057638
Characteristics of somatic cell hybrids (mouse X Chinese hamster) with different ratios of the sets of chromosomes of the parental species. II. **Thymidine** *kinase* activity. 055231

KINETINS
Promotive effects of organic solvents and *kinetin* on **dark** germination of lettuce seeds. 058498
Effects of nitrogen, sucrose, IIA [indoleacetic acid] and *kinetin* on **explants** of Beta vulgaris [sugarbeet] grown in vitro. 058157
Influence of *kinetin* on **potassium** movement in the hypocotyls of Helianthus annuus [Sunflowers]. 058027
Characterization of the *kinetin-induced* **water** uptake by detached radish cotyledons. 058308

KITCHENS
Is your *kitchen* **clean** enough for Uncle Sam? 053437
Making *kitchen* **gardens** picturesque. 058962

KIWI
Kiwi **fruit**—a pictorial. 054067

KNIT
Program and progress on *knitting* **research** [Cotton]. 053879

KNIVES
Contributions to the study of **plane** *knives* sharpening utilised in wood cutting. 056181
Planer heads: segmented carbide or *straight-knife?* **[Sawmills].** 056224
A dynamometer to measure the forces on a sugarbeet **topping** *knife.* 061530

KNOBS
Vegetation of *knob* and **kettle** topography in south-central Washington. 056731

KNOTS
The **destructive** *root-knot* nematode [Meloidogyne]. 059775
The influence of Trichoderma harzianum on the *root-knot* **Fusarium** wilt complex in cotton [Nematodes]. 059810
Uptake and translocation of calcium and magnesium in tomato plants as influenced by infection with *root-knot* **nematode** Meloidogyne incognita and tobacco mosaic virus. 059833
Studies on the relationship between Meloidogyne incognita and galling behaviour of Cicer arietinum roots *[Root-knot* **nematodes].** 059740
Root *knot* [nematode, Meloidogyne naasi] on wheat in Chile [Oats]. 059860

KOELERIA
Photosynthetic and respiratory responses of natural populations of *Koeleria* **cristata** grown in three environmental regimes. 057328

KOHLRABI
Evidence for the origin of zeatin riboside-like cytokinin in **grated** *kohlrabi* tissue by several bioassays. 058293
Grow your **own** *kohlrabi,* turnips and rutabagas. 058984

KONJAC
Studies on calcium in the edible jelly made from the dried tubers of **Amorphophallus** *konjac.* 053241

KRYPTON
The resleases of krypton-85 and tritium to the environment and tritium to *krypton-85* **ratios** as source indicators [Isotopes, pollution]. 062449

KUDZU
Studies on population structure of *kudzu* **vine** (Pueraria lobata Ohwi). 2. A method for classification and presentation of root systems. 058140

LABELING
Translocation of *labelled* **assimilate** [sucrose] in morphologically contrasting cotton plants. 058138
Translocation of 14C-[carbon isotope] *labelled* **assimilates** in barley plants infected with powdery mildew (Erysiphe graminis f. sp. hordei Marchal). 059410
Insecticides and soil microorganisms. III. Fate of 14C **[carbon** *isotope]-labelled* Dipterex as affected by two nodule-forming Rhizobium spp. and roots of their respective leguminous host plants. 060511
Determination of 14C **[carbon** *isotope]-labeled* pesticides insoils by a dry combustion technique. 060598
Cell wall composition and incorporation of *radio-labelled* **compounds** by Veillonella alcalescens [a Gram-negative anaerobe isolated from sheep rumen]. 054428
Food processors and open **date** *labeling.* 053023
Food processors and open **date** *labeling.* 053388
The size of *pulse-labeled* **fibroin** messenger RNA [Bombyx mori]. 061311
Washington report on **food** *labeling.* 053390
Continuous determination of 3H **[hydrogen** *isotope]-labelled* 3,4-dihydroxyphenethylamine (dopamine) synthesis and releasein the cat caudate nucleus in vivo. 054710
Absorption of 125 I **[iodine** *isotope]-labelled* sheep growthhormone in single proximal tubules of the rat kidney. 054582
On the simultaneous movement of THO, 14C-sucrose, and 32PO4 **[isotope** *labelled* water, sucrose and phosphate] in the sieve-tubes of willow. 057541
Carbohydrate moieties of procollagen: incorporation of **isotopically** *labeled* mannose and glucosamine into propeptides of procollagen secreted by matrix-free chick embryo tendon cells. 054674
Swine carcasses: classification and **obligatory** *labeling* of swine carcasses as of January 1, 1976. 053056
Obtaining *isotope-labelled* Tipula iridescent virus [for tests with Galleria mellonella]. 060964
The use of fluorescamine as a probe for *labeling* the **outer** surface of the plasma membrane [Chick embryo]. 054349
Measurement of phagocytosis of 32P **[phosphorus** *isotope]-labeled* Staphylococcus aureus by bovine leukocytes: lysostaphin digestion and inhibitory effect of cream [Dairy cattle]. 055416
Uptake of *labeled* **rubidium** (86Rb) [isotope] by individual parts of maize roots. 058110
Kinetics of *labeling* of the **S-adenosylmethionine** pool of Saccharomyces cerevisiae [Yeast]. 057644
Molecular motion and order in single-bilayer vesicles and multilamellar dispersions of egg lecithin and lecithin-cholesterol mixtures. A deuterium nuclear magnetic resonance study of **specifically** *labeled* lipids. 053843
Biosynthesis of phenylpropanoid compounds. II. Incorporation of **specifically** *labelled* cinnamic acids into eugenol [Ocimum basilicum]. 057663

LABIATAE
Higher terpenoids of some **species** of *Labiatae.* 057451

LABIUM
Cellular metamorphosis. II. The **larval** *labial* gland duct and its prospective adult fates in the tobacco hornworm [Manduca sexta]. 060186

LABOPS
Labops **[hesperius],** a plant bug, on Oregon rangeland [Agropyron]. 060199

LABOR
The physical strain on the logger in **advanced** *labor* intensive pulpwood preparation methods. 056160
Determination of the rate of distribution funds according to [input] *labor* in **collective** farms. 052475
Utilization of **female** *labor* in agriculture [Women]. 052436
Labor **forces** in agriculture and forestry. 052353
The conditions of **forest** *labor* over the years. 056051
Full time **hired** *labor* on Alabama dairy farms. 052299
About the reserves of **increasing** *labor* productivity in fiber flax growing. 052343
Ways of **increasing** *labor* productivity in collective farms of the subtropical zone. 052423
Dairy workers seek job satisfaction, security *[Labor* **management].** 052303
Labor **management** in [farm] complexes. 052332
Labor **management** of specialists of engineering service in collective farms. 052345
Migrant *labour* in British agriculture in the nineteenth century. 052318
Comments on the division of *labor* in **occupations** concerned with food. 053196

Land and *labor* **patterns** in Brazil during the 1960s. 052298
Profiles of Florida citrus **pickers** *[Labor].* 052302
Hiring of *labour* by **poor** peasants. 052311
Optimum ratio of *labor* **productivity** and wages [in farm production]. 052335
The increase of *labor* **productivity** in agriculture of the Nonchernozem zone of the Russian Soviet Federative Socialist Republic. 052427
Component analysis of *labor* **productivity** in animal husbandry. 052428
Efficiency criteria for meat swine production [Gross turnover, *labor* **productivity,** costs, East Germany]. 054180
The reserve of **qualified** *labor* force. 052156
Labor **requirements** for forest work investigated. 056075
Labor **research,** investment, and operating costs of milking parlors. 052460
Women in socialist agriculture—their position in *labor* and **social** life [Sociology, East Germany]. 052161

LACCARIA

Fusarium [oxysporum] root rot of Douglas-fir [Psuedotsuga menziesii] seedlings: suppression by soil fumigation, fertility management, and inoculation with spores of the fungal **symbiont** *Laccaria* laccata. 059307

LACCASE

Induction of a **new** *laccase* form in the fungus Pleurotus ostreatuus by ferulic acid. 057741

LACE

Description of a new species of *lace* **bug** [Leptopharsa gibbicarina] attacking the oil palm in Colombia (Hemiptera: Tingidae). 061224
From *lace* to **lovage** [Ornamentals]. 058960

LACEWING

The **green** *lacewing,* Chrysopa carnea steph. (Neuroptera, Chrysopidae), used to control the green peach aphid, Myzus persicae Sulz., and the potato aphid, Macrosiphum n peppers [Biological control] ree. 060254

LACRIMATION

Modification of in **vivo** *lacrimal* gland secretion by 2,4-dinitrophenol [Rabbits]. 054285

LACTALBUMINS

Changes in lactoferrin, immunoglobulin G, bovine serum albumin, and *alpha-lactalbumin* during **acute** experimental and natural coliform mastitis in cows [Escherichia coli]. 055563

LACTASES

Enzyme engineering case study: **immobilized** *lactase* [Sweetener substitute in dairy products]. 053714
Hydrolysis of D-galactosides in an open **tubular** *lactase* reactor [Lactose, milk]. 053675

LACTATES

Changes in *lactate* **dehydrogenase,** LDH isoenzymes, lactate, and pyruvate as a results of feeding low fat diets to healthy men and women. 053249
In vitro inhibition of [rabbit muscle] *lactate* **dehydrogenase** by insecticidal polychlorinated hydrocarbons. I. Mechanism of inhibition: possible association of reduced nicotinamide adenine dinucleotide with Mirex. 060564
Kinetics and thermodynamics of *lactate* **dehydrogenases** from beef heart, beef muscle, and flounder muscle. 053503
The different course of *lactate* and **glutamate** dehydrogenases activity in the larvae of Barathra brassicae (Lepidoptera) during microsporidan infection [Nosema plodiae]. 060621
Changes in lactate dehydrogenase, LDH isoenzymes, *lactate,* and **pyruvate** as a results of feeding low fat diets to healthy men and women. 053249
The utilization of glucose and producton of *lactate* by in **vitro** preparations of rat small intestine: effects of vascular perfusion. 054613

LACTATION

Estrogen, progesterone, prolactin and other changes associated with **bovine** *lactation* induced with estradiol-17beta and progesterone [Dairy cattle]. 055120
Poultry excreta containing polychlorinated biphenyls as a protein [feed] supplement for *lactating* **cows.** 054865
Changes in estrogen, progesterone, prolactin and lactation traits associated with injection of estradiol-17beta and progesterone into *lactating* **cows.** 055115
A contribution to the knowlege of the course of *lactation* **curve** as an indicator of adaptation of Black-and-White Lowland cattle to the conditions prevailing in this country [Yugoslavia]. 054731
Comparison of alfalfa-orchardgrass [Dactylis] mixture with orchardgrass as hay for *lactating* **dairy** cattle. 054778
Studies on monthly and cumulative monthly milk yield records. IV. Estimating total lactation from *part-lactation* [**Dairy** cattle performance]. 055015
Effect of low calcium or low phosphorus diets on free choice consumption of dicalcium phosphate by *lactating* **diary** cows. 054861
Glycogen forming substances in dairy cows. II. Reducing the level of blood plasma acetoacetate of cows in **early** *lactation* with sodium propionate. 054899
Ovarian function and estrus in dairy cows during **early** *lactation.* 055126
Digestible energy intake of complete diets by wethers and *lactating* **ewes.** 054837
Effects of adrenalectomy upon ruminant liver and mammary **function** during *lactation.* 054577
Dietary magnesium levels for sows during **gestation** and *lactation.* 054834
Evaluation of phosphorus levels for *gestating-lactating* **gilts** and sows. 054952
Artificial induction of *lactation* by **hypothalamic** implantation of perphenazine in virgin goats. 054572
Hormone **induced** *lactation* in the bovine. III. Dynamics of injected and endogenous hormones. 054580
Estrogen receptor in mammary glands and uterus of rats during pregnancy, *lactation* and **involution.** 054617
Test day [milk yield] records and **part** *lactations* in goat. 054192
Therapy for chronic, subclinical mastitis during *lactation* **period** [Bacterial diseases, cattle]. 055707
A multiple parameter approach to the estimation of amino acid requirements of *lactating* **sows.** 054901
Zinc requirement for *gestating-lactating* **sows.** 054958
State and national **standardized** *lactation* averages by breed for cows on official test calving in 1971, 1972, and 1973 [Breed performance]. 055045
Studies on monthly and cumulative monthly milk yield records. IV. Estimating **total** *lactation* from part-lactation [Dairy cattle performance]. 055015
Changes in estrogen, progesterone, prolactin and *lactation* **traits** associated with injection of estradiol-17beta and progesterone into lactating cows. 055115

LACTIC

Prevention of the formation of mycotoxins in whole wheat bread by citric acid and *lactic* **acid** (mycotoxins in foodstuffs. IX. [Aspergillus versicolor, Aspergillus parasiticus, fungi]. 052975
Application of ion exchangers in removal of *lactic* **acid** from medium during cultivation of milk bacteria [Streptococcus lactis]. 053658
Acetaldehyde: an intermediate in the formation of ethanol from glucose by *lactic* **acid** bacteria [Group N streptococci]. 053719
Formation of acetaldehyde from threonine by *lactic* **acid** bacteria [Group N streptococci, Streptococcus cremoris Z8]. 053726
Autolytic properties of some *lactic* **acid** bacteria used in cheese production. 1. Material and methods. 053761
Study in antimicrobic effect of higher plants on *lactic* **acid** bacteria [Lactobacterium plantarum, Lactobacterium buchneri]. 057755
The effect of exercise on the *lactic* **dehydrogenase** and creatine kinase isoenzyme composition of horse serum. 054692
Activator specificity of pyruvate kinase from *lactic* **streptococci** [Streptococcus cremoris, Streptococcus lactis]. 053716
Uncoupling of growth and acid production in *lactic* **streptococci** [Streptococcus cremoris, milk]. 053771
The proteolytic system of a slow *lactic-acid-producing* **variant** of Streptococcus cremoris HP [Milk]. 053778

LACTOBACILLUS

The use of the plate methods for the determination of folic and pantothenic acids content in food [using Streptococcus faecalis and *Lactobacillus* **arabinosus.** 053082
Cultivation of mixed populations of Streptococci and *Lactobacilli* in **cheese** starter. 053660
Fortifying fermented foods using mutant bacteria *[Lactobacillus]*—**how** it is done [Nutritional values]. 053172
Tyrosine and histidine decarboxylase activities of Pediococcus cerevisiae and *Lactobacillus* **species** and the production of tyramine in fermented sausages [Bacterial. 053011

LACTOFERRIN

Changes in *lactoferrin,* **immunoglobulin** G, bovine serum albumin, and alpha-lactalbumin during acute experimental and natural coliform mastitis in cows [Escherichia coli]. 055563

LACTONES

New **eremophilane-type** *lactones* from Ligularia fauriei (Fr.) Koidz. 057495
Sesquiterpene *lactones* from Artemisia lagocephala, Artemisia schrenkiana, and Grossheimia ossica. 057468
Structure of new **sesquiterpene** *lactones* from Inula germanica. 057473
Dermatologically active **sesquiterpene** *lactones* in trichomes of Parthenium hysterophorus L. (Compositae). 057560
Crystal and molecular structure of carolenalone, a cycloheptenone **sesquiterpene** *lactone* from North Carolina Helenium autumnale L. 057688
Sesquiterpene *lactones* of Eupatorium hyssopifolium. A germacranolide with an unusual lipid ester side chain. 057717
Absolute stereochemistry of eremanthine, a schistosomicidal **sesquiterpene** *lactone* from Eremanthus elaeagnus. 057853

LACTOPEROXIDASE

Nonspecific bacterial activity of the *lactoperoxidase-thiocyanate-hydrogen* **peroxide** system of [bovine] milk against Escherichia coli and some gram-negative pathogens. 055575

LACTOSE

Hydrolysis of *lactose* **contained** in the ultra-filtrate of milk of lactoserum in a membrane enzymatic reactor. 053748
Facile synthesis of 1,2-trans-0-acetyl glycosyl chloride derivatives of cellobiose, *lactose,* and **D-glucose.** 053505
Use of milk derivative, *lactose,* in other **foods.** 053603
Colorimetric estimation of *lactose* and its **hydrolytic** products [Milk, whey]. 053733
The determination of *lactose* in **marketed** milk with chelatometric indirect titration. 053677
Hydrolysis of D-galactosides in an open tubular lactase reactor *[Lactose,* **milk].** 053675

LAELAPIDAE

Studies on mesostigmatid mites parasitic on mammals and birds in Japan. III. On the identity of Hirstionyssus apodemi Zuevsky, 1970, with Hirstionyssus sunci Wang, 1962, and the description of Hirstionyssus japonicus spec. nov. (**Mesostigmata:** *Laelapidae).* 061193

LAGOONS

Phytosociological analysis of the vegetation of *Lagoon* **Beach,** Tasmania. 056735
Depth distribution of functional chlorophyll a and pheopigments on sediments in **Ebrie** *Lagoon* (Abidjan, Ivory Coast). 057365
Lagoon of **islands,** Tasmania, death knell for a unique ecostystem? 056663
Pollutant movement to ground water from swine **waste** *lagoons.* 062535

LAGOPUS

Tryptophan biosynthesis in **Coprinus** *lagopus:* a genetic analysis of mutants [Fungi]. 057068

LAGUNA

Nutritional improvement of rice diets. III. Supplementation of *Laguna* **dietaries** with some cheap and/or easy to grow foods. 053313
Nutritional improvement of rice diets. II. Estimation of food intakes of *Laguna* **household** members by comparison with RDA. 053312
Determination of the critical period of chemical pest control in relation to the phenology of the Deltapine 16 cotton cultivar in *Laguna* **Province** [Insecticide applications]. 060166
Population fluctuation of economically important cotton plant insects in *Laguna* **Province** (Coahuila) and Ceballos, Durango, during five years. 060168

LAMARCKIANA

Ultrastructural aspects of **Oenothera** *lamarckiana* embryo sac. 056814

LAMBING

Selections of sheep for high fertility with an **accelerated** *lambing* schedule. 055072
Avoiding *lambing* season problems [Parturition]. 055080
Demonstration management of **ewes** *lambing* at an early age. 055070
Effect of stocking rate, *lambing* **time** and pasture management on wool and lamb production on annual subterranean clover pasture. 058643

LAMBS

Exposure of *lambs* to **atmospheric** ammonia [Pneumonia, feed consumption]. 055907
Increasing the polyunsaturated fat content of **beef** and *lamb.* 053824
Physiological stress measurement during slaughter in **calves** and *lambs.* 054542
Weight-watching in the *lamb* **crop** [Costs, returns]. 052452
Activity of some blood serum enzymes of purebred and **crossbred** *lambs* with varied growth intensities. 054463
Veterinary medicine: *lamb* **diseases.** 055368
Postnatal changes in the levels of 2,3-diphosphoglycerate, reduced glutathione and some enzyme activities in **erythrocytes** of *lambs.* 054690
Effects of energy level on reproductive rate in **ewe** *lambs.* 055071
Heterosis for **ewe** *lamb* productivity [Breeding]. 055122
Mechanization of *lamb* and **ewe** feeding. 061503
Influence of different roughages on the performance of growing **fattening** *lambs.* 054799
Glutathione peroxidase response to selenium intake in *lambs* **fed** a Torula yeast-based, artificial milk. 054849
Roughage to concentrate ratio in the **feeder** *lamb* ration. 054801
Acetate as a metabolic substrate in the **fetal** *lamb.* 054262
Plasma vasopressin in **foetal** *lambs.* 054605
Hair density in **Karakul** *lambs* as a function of fecundity. 055191
Some observations on the causes of *lamb* and **kid** mortality at the Haryana Agricultural University, Hissar. 055322
Effect of dietary protein, slaughter weight and sex on carcass composition, organoleptic properties and cooking **losses** of *lamb.* 054838
Variations in pituitary and blood LH [luteinizing hormone] during puberty in the **male** *lamb.* Relation to time of birth. 055043
Evaluation of various crossbred and purebred commercial ewes [for **maximum** *lamb* and wool production]. 054136
Artificial rearing of *lambs* on **milk** substitutes. 054913

Effect of angiotensin II on **neonatal** *lamb* carotid arteries. 054480
Maternal immunoglobulins and parainfluenza 3 virus inhibitors in the nasal and lachrymal secretions and serum of **newborn** *lambs*. 055487
Effect of monensin on experimental infections of Eimeria **ninakohlyakimovae** in *lambs*. 055403
Influence of the genotype on the increase of the **number** of *lambs*. 055075
"Litters of *lambs*" **performance** of Finn cross ewes. 055226
Total egg count in a dicrocoelium dendriticum obtained from different hosts *[Lambs*, **pigs,** and guinea pigs]. 055625
Prime *lambs* from merinos? [Reproduction]. 055113
Effect of stocking rate, lambing time and pasture management on wool and *lamb* **production** on annual subterranean clover pasture. 058643
Effective method of *lamb* **rearing** [Grazing]. 054915
Influence of a *lamb* **rennet** on the quality of Kefalotyri cheese. 053749
Artificial rearing of **Romanov** *lambs* and the structure of their wool. 053831
Nematodirus battus infection in *lambs*, with a **special** view toward preventive measures [Nematodes]. 055703
A comparison of rations for **suckling** *lambs* on heavily stocked permanent pasture. 054942
Neonatal ataxia of copper deficiency in *lambs* in the **Sudan.** 055880
Performance of early **weaned** *lambs* at different weight increments. 054219
Effects of sulfonamides [in the drinking water] for early **weaned** *lambs*. 054796
Effects of various levels of antibiotics in the diet of early **weaned** *lambs*. 054797
Feedlot performance and carcass merit of intact male, short scrotum, and **wether** *lambs*. 054137

LAMELLA

Structure and function of the genetic information in the plastids. XIII. *Lamellar* **proteins** of pale plastids of plastom and gene mutants of Hordeum and Lycopersicon [Barley, tomatoes]. 056947
On the biosynthesis and amino acid composition of proteolipids of the *lamellar* **system** of chloroplasts. 057523
Synthesis and accumulation of pigments during development of the *lamellar* **system** of dimorphous plastids in Zea mays L. [Maize]. 058094

LAMENESS

Periosteal new bone formation of the radius as a cause of *lameness* in **two** horses. 055844

LAMINATION

Significance of the *laminated* **fine** structure of cork cell walls. 056788

LAMPYRIDAE

Source of oxygen in the CO2 [carbon dioxide] produced during chemiluminescence of firefly luciferyl-adenylate and Renilla **luciferin** *[Lampyridae]*. 060695

LAND

Taxes for *land* **acquisition.** 052494
Additional *land* [acreage] for crop production: southern states. 052266
Additional *land* [acreage] for crop production: Corn Belt States. 052267
Additional *land* [acreage] for crop production: Great Plains States. 052268
Additional *land* [acreage] for crop production: western states. 052269
Additional *land* [acreage] for crop production: Canada. 052270
Additional *land* for crop production: northeastern states [Soil conservation]. 062136
Eradication of corn bindweed [Convolvulus] on **arable** *land*. 060048
Implementation of an advanced table look-up classifier for large **area** *land-use* classification. 052224
Land **associations** of tomorrow, with the example of development trends in the German Federal Republic. 052354
Buying **back** the *land*. 052230
The **California** *Land* Conservation Act: protection of agricultural lands? 052901
Land use **classification** and ground truth correlations from simultaneously acquired aircraft and ERTS-1 MSS [Earth Resources Technology Satellite, multispectral scanner] scanner]. 052225
Specialized data base utilization [Computers, agricultural bibliographies, *land-grant* **colleges**]. 052082
In the *land* of **combat** glory [Postwar sheep rearing in the Volgograd area]. 054196
The **community** *land* trust. 052239
Land **consolidation** and friendly exchanges, two ways to improve your structures. 052215
Corn and weeds. All 65 million acres of U.S. **Corn** *land* share a common problem: recurring weed infestations. 060090
Influence of *land* **development** and land use patterns on water quality [Eutrophication, pollution control]. 052262
Land **development** leads to progress. 052276
Problems of *land* **development** for irrigation on the territory between the rivers Volga and Ural. 062324
Quantitative inventorying of soil and *land* use **differences** by remote sensing. 061825
Land **disposal** of sewage effluent: the East Windsor Project. 062518
Utah recreation for Utahans *[Land-use* **economics**]. 052284
Use of ERTS [Earth Resources Technology Satellite]-1 imagery for *land* **evaluation** in Pennington County, South Dakota. 052223
Factors of eliminating parcelling [of **farm** *land* in the Nonchernozem zone]. 052213
Effects of **[farm** *land]* tenancy abolition on the holdings of farmers: a case study in western Maharashtra. 052243
Farm *land* in Europe—Denmark and the Netherlands as food exporters. 052760
The effect of varying levels of nitrogen and phosphorus on the yield of Mexi-Pak-65 [wheat variety] when applied after summer fallow and kahrif crop on **farmer's** *land* in central zone of the Punjab. 062099
Keynote address: *Land* use: **food** and living. 052271
Land use: **food** and living—the role of education. 052272
President's address: *Land* use: **food** and living. 052274
Proceedings of the Conference on **Forest** *Land* Use Regulations for Mountain Soils, January 20, 1975. 061750
The improvement of forest trees by the Department of *Land* and **Forestry** of Quebec. 056095
Three-block system of *land* **fund** division [on a farm]. 052425
The *land* **grant** college complex [Education]. 052119
Equal rights to *land* **[History].** 052232
Events preceding the **Hungarian** *land* reform and their agrarian political lessons. 052283
Land use, **income** assurance linked in British Columbia. 052485
The Homestead Law in an **incongruous** *land* system [History]. 052834
Effect of **inflating** *land* values on ranch growth comparing extensive expansion and irrigation development investments. 052540
Land and **labor** patterns in Brazil during the 1960s. 052298
ERTS [Earth Resources Technology Satellite] application in Thailand: a progress report [Agriculture, forestry, *land* use]. 052115
A false commodity: like water, urban land is a scarce natural resource, which should be husbanded by the public authorities *[Land* use]. 052205
The Northern Plains *[Land* use]. 052240
Problems and objectives of landscape architecture and landscape planning in the German Democratic Republic [Legal regulations, *land* use]. 052254
Recreation, landscape, and the importance of the bordering territories *[Land* use]. 052261
Housing preservation in the country *[Land* use]. 052285
Profile of the Pine Barrens [Soil mapping, *land* use]. 061857
The effects of water supply for the city Perth, Western Australia, on other forms of *land* use. 062485
Land use **legislation** in the Northeast: Massachusetts. 052776
Land **management** and the organization of our country. 052252
An examination of the extent of fire in the grassland and savanna of Africa along the southern side of the Sahara *[Land* **management].** 056699
Effects of snowmobiling on alfalfa, trees [Pinus resinosa, Pinus banksiana] and soil bacteria [Damage, *land* **management].** 059755
Land-use **mapping** from Skylab S-190B photography. 052263
The indivisibility of *land:* a **microanalysis** of the system of inheritance in nineteenth-century Ontario [History]. 052247
The response of floods and sediment yields to climate variation and *land* use in the upper **Mississippi** Valley. 062286
Management of **mountain** *land.* Report of Jean Brocard and some important suggestions. 062118
What a **national** *land* reform act might look like. 052836
Design concepts for *land* use and **natural** resource inventories and information systems. 052219
Institutional and legal factors affecting renewable *[land* and **natural]** resources: the legal framework—trends in statutes and the courts. 052843
Land **needs** for food and fiber with a population of six billion. 052896
Property rights in *land:* **new** statutory approaches [providing compensation to landowners]. 052258
Specific techniques for [alfalfa] culture on **non-irrigated** *land.* 058661
Appalachia *[Land* **ownership].** 052229
Influence of land development and *land* use **patterns** on water quality [Eutrophication, pollution control]. 052262
Forecast of changes in *land* use in **perspectives** (with Opoleprovince as an example). 052277
Experience of **planning** *land* utilization [in agriculture in the Cheliabinsk Region]. 052212
Interactive computer processing for *land* use **planning.** 052220
Land-use **planning** aided by computer cellular modelling/mapping system to combine remote sensing, natural resources, social and economic data. 052222
Future opportunities for open space *[Land* use **planning].** 052253
Land use **planning** under the federal government's Principlesand Standards. 052273
Land use **planning** and the Soil Conservation Society of America in action [Programs]. 052897
Estimating local economic impacts in [forest] *land-use* **planning.** 056046
Development and use of revised soil suitability guide for *land* use **planning** in Maine. 061748
The accuracy of map overlays *[Land* use **planning].** 062125
A summary of ERTS [Earth Resources Technology Satellite] data applications [in resource inventories, environmental surveys, and *land* use **planning**] in Alaska. 062421
Land use **policies** and issues: past, present and future. 052282
The establishment of [rural] youth and *land* **policy.** 052245
Enrollment in **post-secondary** *non-land* grant agriculture programs, Fall, 1974 [Education, statistics]. 052145
Trends in *land* **preparation** methods for tree planting in Otago-Southland. 056092
Land-use **pressures** in the coastal fringe of southern Queensland. 062483
Contribution to the study of solutions to *land* **problems.** 2. Movements of useful agricultural areas between 1963 and 1970. 052244
Increasing the *land* **productivity** in the mountainous part of Carpathia. 052331
About the economic aspect of *land* **reclamation** in the Poles'ye zone of the Ukrainian SSR. 052474
Surface mining poses questions *[Land* **reclamation].** 062113
Scientific and technical progress in [drainage] *land* **reclamation** in the Nonchernozem zone of the Russian Soviet Federative Socialist Republic. 062328
A farmworker speaks *[Land* **reform].** 052226
Lessons of the New Deal *[Land* **reform** in the United States]. 052234
New England *[Land* **reform].** 052235
Land type analysis for **regional** *land* use planning form photomorphic mapping: an example for Boulder County, Colorado. 052221
Land **resource** use and protection [Soil erosion control, policies]. 052281
Multidisciplinary applications of ERTS [Earth Resources Technology Satellite] and Skylab data in Ohio [Environmental quality, *land* use, and **resource** management]. 062427
Land **resources** assessment framework: a tool for environmental policy-making. 052248
Environment conservation and rational utilization of *land* **resources.** 062513
Salt *land* can be made productive [Pasture management]. 058786
Legal history of *land* **settlement** [East and West Germany]. 052280
Shifting *land* use [from farm to forest] and the effects on river flow in Massachusetts [Watersheds]. 055976
Small *land* holders are the most precious part of a state [History]. 052237
Mycorrhizae and establishment of trees on **strip-mined** *land.* 062131
Problems of erosive degradation and protection of *land* **surface** in the Rybnik Coal Basin. 062145
Reclamation of **surface-mined** *land.* 062133
A *land* **transfer** system. 052227
Land **type** analysis for regional land use planning form photomorphic mapping: an example for Boulder County, Colorado. 052221
A false commodity: like water, **urban** *land* is a scarce natural resource, which should be husbanded by the public authorities [Land use]. 052205
Current problems for a modern *[land]* **utilization** of the Italian mountain resources. 052206
Land **utilization** in fruit orchard state farms [in the Ryazan' Region]. 052214
Forecasting the development of the structure of agricultural soil fund and sowing areas in the Slovak Socialist republic up to 1990 *[Land* **utilization].** 052264
Inventories of Delaware's coastal vegetation and *land-use* **utilizing** digital processing of ERTS [Earth Resources Technology Satellite]-1 imagery. 056703
Hydraulic effects of changes in *bottom-land* **vegetation** on three major floods, Gila River in southeastern Arizona. 056695
Evaluation of energy savings **versus** *land* preemption as related to food production: a case study. 052415
National and interregional models of *land* use, **water** allocation, soil loss control, and agricultural policy. 052923
Automatic classification of eutrophication of inland lakes from spacecraft data **[Watershed** *land-use* information, water quality]. 062220
Erosion of the *land,* or **What's** happening to our continents? 062117
A history of southwest Texas: the *land* **wrote** the story. 052265

LANDOWNERS

Property rights in land: new statutory approaches [providing **compensation** to *landowners].* 052258

LANDRACE

Increase in the depth of chest and its pedigree and sexual determination in white improved pigs of the *Landrace* **breed** and F1 and R1 generation crossbreds at the age from birth to 8 months. VI. 055204
Type modification continues, **Danish** *Landrace* [swine] breeding animals remain continually vigorous. 055065
Fattening crossbred Large White X *Landrace* **pigs** at varying dietary protein levels. 054988
Study on some *Landrace* **swine** phenotypic parameters. I. Sows' productivity. 055275

LANDSCAPING

Problems and objectives of *landscape* **architecture** and landscape planning in the German Democratic Republic [Legal regulations, land use]. 052254

Garden and *landscape* **architecture** in the closely related areas of art and nature. 059116
The garden with **charm** *[Landscaping].* 059030
The *residential-landscape* **conservation** zone as an example of applied geography [Remnant agricultural lands]. 052218
Reflections on natural and **cultural** *landscapes* in Texas state parks [Management]. 056059
Ecological *landscape* inventories and evaluation. 062482
Landscape with photographs: testing the preference approach to *landscape* **evaluation.** 062469
In a home courtyard **garden** *[Landscaping].* 059027
Exeter University's exotic setting *[Landscape* **gardening].** 058959
Recreation, *landscape,* and the **importance** of the bordering territories [Land use]. 052261
Who's training tomorrow's workers for the *landscape* **industry?** [National survey of post high school vocational horticulture training]. 059000
Health protection requirements for use of effluent water [in *landscape* **irrigation].** 062525
Dream garden without expansive **lawns** *[Landscaping],* 059021
Degradation and rehabilitation of **Mediterranean** *landscapes.* 062124
The need for indigenous plants [for developing a **natural** *landscape].* 059159
Landscape with **photographs:** testing the preference approach to landscape evaluation. 062469
Problems and objectives of landscape architecture and *landscape* **planning** in the German Democratic Republic [Legal regulations, land use]. 052254
Container-grown **plants** in the *landscape.* 058997
New towns: opportunities, problems and solutions *[Landscaping,* **resource** conservation]. 059156
Rural *landscape* assessment: a comparative evaluation of high platform remote sensors [Natural resources, planning, recreation]. 062533
The plan for Glover Park in Nagasaki City and its garden and *landscape* **sculpture.** 058943

LANDSLIDE

Methods to estimate lateral force acting on stabilizing [soil] **piles** [against *landslides].* 062151

LANDSLIP

Late Quaternary vegetational history of the North York Moors. II. Pollen analyses of *landslip* **bogs.** 056524

LARCHES

Culture of cambial tissues of **European** *larch* (Larix decidua L.). 058609
Ecology and silviculture of **western** *larch* [Larix occidentalis] forests. 056134
Experiments with pre-commercial thinnings in **young** *larch* [Larix] stands. 056124

LARD

The influence of the selection of raw materials on the reheating value of canned meat and *lard;* a **model** study [Sterilization]. 053802

LARIX

A comparative study of chloroplast morphogenesis in seedlings of some **conifers** *(Larix* decidua, Pinus sylvestris and Picea abies). 056921
Chemical composition of the oleoresin of *Larix* **dahurica.** 056153
Notes on some Nematine sawflies [Anoplonyx] feeding on Larix [sibirica, *Larix* **decidua**] (Hymenoptera, Tenthredinidae). 060346
Variability of the yields of cones and seeds of *Larix* in **forest** plantings. 056112
Culture of cambial tissues of European **larch** *(Larix* decidua L.). 058609
A study on mechanical properties of larchwood *[Larix* **leptolepis]** from dead tree. 056142
Ecology and silviculture of western larch *[Larix* **occidentalis]** forests. 056134
Eurytoma laricis Yano (Hymenoptera, Eurytomidae) found in Finland in *Larix* **seeds** from the Novosibirsk region. 060344
Notes on some Nematine sawflies [Anoplonyx] feeding on *Larix* **[sibirica,** Larix decidua] (Hymenoptera, Tenthredinidae). 060346
Experiments with pre-commercial thinnings in young larch *[Larix]* **stands.** 056124

LARVAE

Larval and **adult** abdominal defects resulting from microcautery of blastoderm staged Drosophila embryos. 060908
Restoration of the moulting process in *larvae* of **Aeshna** cyanea Mull. (Dragonfly) in which moult had been blocked by cauterization of the pars intercerebralis. 060725
North **American** *larvae* of the genus Loxostege Hubner (Lepidoptera: Pyralidae: Pyraustinae). 061156
Maintenance close to the nymphal ecdysis of a restoration power of the imaginal leg of Tenebrio molitor after *larval* **amputation.** 060721
The different course of lactate and glutamate dehydrogenases activity in the *larvae* of **Barathra** brassicae (Lepidoptera) during microsporidan infection [Nosema plodiae]. 060621
Effects of *larval* **biotic** residues on viability in four species of Drosophila. 060780
Durability of FMC 33297 in mothproofing tests: biological efficacy against *larvae* of the **black** carpet beetle [Attagenus megatoma] (Coleoptera: Dermestidae). 060402
Larvae of **Bochartia** sp. (Acarina: Erythraeidae) parasitizing jassids [Eggplant pests, natural control]. 060776
Morphological synopsis of *larvae* of **Carabus** Lin. (Coleoptera, Carabidae) known to this day. 061133
Dissolution process of nuclear polyhedral bodies in the gut of **chilled** *larvae* of the silkworm, Bombyx mori L. 061348
Nasopharyngeal mylasis in man caused by *larvae* of **Clogmia** (=Telmetoscopus) albipunctatus Williston (Psychodidae, Diptera). 060502
Eremotes [nitidipennis] *larva* **(Coleoptera,** Curculionidae) found as subfossil [insects]. 061105
Paralyzing effect of CaCl2 [calcium chloride] on toxic action of NaF [sodium fluoride] in *larvae* of the **Colorado** potato beetle Leptinotarsa decemlineata Say. 060262
Larval **control** of Psorophora confinnis (Lynch-Arribalzaga) with a controlled-release formulation of chlorpyrifos [applied to Aedes]. 060466
Genetics of sex determination in [Melipona] bees. IX. Frequencies of queens and workers from *larvae* under **controlled** conditions (Hymenoptera: Apoidea). 060941
Quantitative rearing of small numbers of mosquito **[Culicidae]** *larvae.* 060473
Cellular differenciation and death during midgut metamorphosis of Aeschna **cyanea** *larva.* 060949
Larval **development** in the Australian flesh fly Trichlioproctia impatiens. 060652
The *larval* **development** of Rhipidolestes aculeata aculeata in Kyushu. 061250
Regulation of *larval* **diapause** by juvenile hormone in the European corn borer, Ostrinia nubilalis. 060925
New method for determining the volume of hemolymph in **dipteran** *larvae* [Drosophila melanogaster]. 061028
Dimilin: evalutaion as a livestock dietary feed additive for control of Musca **domestica** *larvae* in cattle waste. 060440
Morphology of *larvae* and **ecology** of beetles of the genus Hypophloeus F. (Coleoptera, Tenebrionidae). 061070
Larvae of **European** species of the genus Chrysobothris Eschsch. (Coleoptera, Buprestidae). 061075
Life cycle and *larval* **evolution** in a cricket from Algeria [Gryllus campestris, Gryllus bimaculatus]. 060720
Biology and immature stages of eight species of Lauxaniidae(Diptera). II. Descriptions of immature stages and discussion of *larval* **feeding** habits and morphology. 060995
Bacteria associated with eggs and **first-instar** *larvae* of the European corn borer [Ostrinia nubilalis]: identification and frequency of occurrence [Biological control]. 060219
Susceptibility of larval tissues of the silkworm, Bombyx mori L., to the nuclear polyhedrosis virus. II. Histopathological observations of **flacherie-like** *larvae* inoculated with nuclear polyhedra following the low temperature treatment. 061361
Chemistry of components in wheat and oats that influence behaviour of wheat bulb **fly** *larvae* [Leptohylemyia coarctata]. 060218
Size-weight characteristics of some species of dragon **fly** *larvae* [Odonata]. 060980
Effects of 1-thioglucose and 1-thiogalactose on saccharide metabolism in *larvae* of **Galleria** mellonella. 060865
Histology of the *larval* out of the **goat** warblefly Przhevalskiana silenus. 060416
The toxicity of extracellular proteases of the bacterium Serratia marcescens for *larvae* of **greater** wax moth, Galleria mellonella [Insect pests, biological control]. 060147
Studies on the *larval* **growth** of the silkworm, Bombyx mori L., reared on an artificial diet under different temperature and photoperiod conditions. VI. Effect of illumination on the moltinism and voltinism of different silkworm races. 061358
Let's make the point: the **[honeybee]** *larva.* 061273
The effect of *larval* and **imaginal** feeding on the degree of autogenity and fecundity of Culex pipiens molestus in various seasons. 060491
Histopathological observations on the cytomata which appeared in the silkworm [Bombyx mori] *larvae* **infected** with flacherie viruses. 061355
The effects of temperature on the survival and development of the **infective** *larvae* of twisted wireworm Haemonchus contortus (Rudolphi, 1803) [Goats]. 055556
Effect of aminopterin on the growth and metamorphosis of Oryzaephilus mercator. Fauvel (Coleoptera: Silvanidae) *larvae* **[Insect** pests, control]. 060118
Juvenile hormone titers in penultimate and last **instar** *larvae* of Pieris brassicae and Barathra brassicae, in relation to the effect of juvenoid application. 060282
Variations of permeability in the testicular follicles of Locusta migratoria migratoroides (Orthoptera) during the last *larval* **instar.** 060732
Spine number on the pecten and comb of fourth **instar** *larvae* of Aedes aegypti L. differences between two populations. 060827
Synthesis of mucoprotein secretion in salivary glands of Drosophila melanogaster III **instar** *larvae.* 061027
Occurrence of *larval-pupal* **intermediates** in hybrid pink bollworms [Pectinophora gossypiella] reared at low temperatures. 060656
Relation between the occurrence of the iodine-poisoned silkworm, Bombyx mori, *larvae* and the **iodine** concentation. 061356
Cellular metamorphosis. II. The *larval* **labial** gland duct and its prospective adult fates in th tobacco hornworm [Manduca sexta]. 060186
Circulatory rhythm in the *larvae* of the **lesser** apple worm (Laspeyresia pomonella L.) [Influence of parasitization of the wasp Microdus rufipes]. 060335
Food borne invasion of Anisakis [marina] *larvae;* a **literature** survey [Anisakinosis, nematode contaminated fish]. 053027
A strain of Serratia marcescens pathogenic for *larvae* of **Lymantria** dispar: characterization [Forest pests, biolgical control]. 060934
A strain of Serratia marcescens pathogenic for *larvae* of **Lyumantria** dispar: infectivity and mechanisms of pathogenicity [Forest pests, biological control]. 060372
The optimal strategy for the metabolism of reserve materialsthe growth and pupation of dermestes **maculatus** *larvae.* 060953
The metabolism of 3H [hydrogen isotope]-molting hormone in Calliphora erythrocephala at the **mature** *larval* and white puparial stages. 060884
Sulfolipid in mulberry leaves and faeces of silkworm [Bombyx **mori]** *larvae.* 061360
The toxicity of several insecticides to silkworm, Bombyx **mori,** *larvae.* 061363
Loss of midgut alkalinity in chilled or narcotized **mosquito** *larvae* [Culex pipiens, Aedes aegypti, Anopheles stephensi]. 060653
The effect of DDT and rearing temperature on pecten spine number in *larvae* of the **mosquito** Aedes aegypti L. 060828
Goniozus gallicola fouts, a parasite of **moth** *larvae* [Pectinophora gossypiella, Phthorimaea operculella], with notes on other bethylids (Hymenoptera: Bethylidae; Lepidoptera: Gelechiidae). 060412
Excretion in *larvae* of **Myzus** persicae fed on artificial diet under different laboratory conditions. 060773
Migration of *larvae* of **Oedemagena** tarandi L. In artificial infection of deer. 060489
Trehalase: extraction from the midgut of *larvae* of the **Oriental** hornet [Vespa orientalis] and its use in microdetermination of trehalose. 060885
Physiological studies with the fungus Saprolegnia megasperma isolated from the freshwater nematode Neomesomermis flumenalis [a *larval* **parasite** of potential use in biological control of blackflies]. 057391
Regulation of the sex differentiation in **pedoblastic** *larvae* of Heteropeza pygmaea Winnertz, 1846 (Diptera: Cecidomyiidae) by a factor of the cephalic nervous system. 061056
Effects of beta-ecdysone on RNA synthesis in the body wall of Sarcophaga **peregrina** *larvae.* 060864
Restoration of moulting by implantation of brains into **permanent** *larvae* of Galleria mellonella. 060726
Resistance to Taenia **pisiformis** *larvae* in rabbits: immunization against infection using nonliving antigens from in vitro culture. 055579
Alkaline phosphatase in the alimentary canal of silkworm, Bombyx mori L., *larvae,* **poisned** by the oral application of fluorine compound. 061345
Carbamate resistance in Anopheles albimanus. Penetration and metabolism of carbaryl in **propoxur-selected** *larvae.* 060423
Let's make the point: the larval stage in Apis mellifera onthe **"psychism"** of the *larvae.* 061272
Response of Culex pipiens quinquefasciatus Say eggs, *larvae,* and **pupae** to additions of Flit MLO to their breeding site water. 060475
Peptodochitodextrins of Sarcophaga bullata: non-identity oflimit glycopeptides from *larval* and **puparial** cuticle. 060875
Changes of the structure of Drosophila melanogaster polytene chromosomes after a long-term cultivation of *larval* **salivary** glands in the imago abdomen. 061039
Unidirectional ion movements in the hindgut of *larval* **Sarcophaga** bullata (Diptera: Sarcophagidae). 060907
Improved methods of hatching Heterodera **schachtii** *larvae* for screening chemicals [Sugarbeets, nematodes]. 059802
Identification of JH [juvenile hormone] III in haemolymph from adults and *larvae* of **Schistocerca** gregaria. 060869
Electrical stimulation applied to **second-stage** *larvae* of Heterodera rostochiensis to determine viability [Potatoes, nematodes]. 059801
Effect of lipase pre-treatment of the artificial diet on the feeding of **silkworm** *larvae,* Bombyx mori L. 061350
Toxicity of several chemical compounds to *larvae* of the **silk-worm,** Bombyx mori, detected in polluted leaves of mulberry[Morus] growing around the iodine and molybdenum factories in Mobara City, Chiba Prefecture. 061364
Effect of aminopterin on the growth and metamorphosis of Oryzaephilus mercator. Fauvel (Coleoptera: **Silvanidae)** *larvae.* 060673
Detecting the presence of Trichinella spiralis (Owen) *larvae* in **[slaughter]** animal muscles by automatic data-processing using a digital image transmutator for feeding the data into the computer. 055467
Haemonchus contortus infection in ewes: blastogenic responses of peripheral blood leukocytes to third **stage** *larval* antigen. 055578
The influence of the hatching factor on the water uptake of the second **stage** *larva* of the potato cyst nematode Heterodera rostochiensis. 059793
Let's make the point: the *larval* **stage** in Apis mellifera onthe "psychism" of the larvae. 061272
Replication and passage of alfalfa looper [Autographa californica] nuclear polyhedrosis virus plaque variants in clonedcell cultures and *larval* **stages** of four host species. 060224
The induced molting of **4th-stage** *larvae* of pin nematode, Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by root exudate of host plant [Morus]. 059707
The induced molting of **4th-stage** *larvae* of pin nematode, Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by root exudate of host plant [Morus]. 059708

Susceptibility of *larval* **tissues** of the silkworm, Bombyx mori L., to the nuclear polyhedrosis virus. II. Histopathological observations of flacherie-like larvae inoculated with nuclear polyhedra following the low temperature treatment. 061361
Morphological phase distribution and respirometeric precision in **Trichoplusia** ni *larvae.* 060655
Factors affecting the drift of Potamophylax cingulatus **(Trichoptera)** *larvae.* 060988
The lethal effect of high temperature on the survival of the *larvae* of **Trogoderma** granarium Everts [Insect pests infesting stored wheat]. 060853
Fecundity and *larval* **voracity** of four ladybeetle species (Coleoptera, Coccinellidae) [Biological control of the green peach aphid, Myzus persicae]. 060253
Physical and catalytic properties of alpha-amylase from Tenebrio molitor L. *larvae* [**Wheat** flour, pests]. 060389

LARYNGOTRACHEITIS

Peculiarities of cytopathic changes in cell cultures under effect of **avian** *laryngotracheitis* virus [Swine, sheep, monkeys]. 055674

LASERS

The utilization of *lasers* during **night** leveling work [on irrigated fields]. 062167
Length and dipole moment of TMV [tobacco mosaic virus] by *laser* **signal-averaging** transient electric birefringence. 059560

LASIOCAMPIDAE

Persistent infection of Malacosoma disstria (Lepidoptera: *Lasiocampidae)* **cell** cultures with Nosema (Glugea) disstriae (Microsporida: Nosematidae) [Use of microsporidia as biological control agents]. 060125
Influence of natural Nosema sp. Infections on field populations of Malacosoma americanum **(Lepidoptera:** *Lasiocampidae).* 060942
The genus Bhima Moore, 1888 (Lepidoptera, Lasiocampidae). 19. Contribution to the study of *Lasiocampidae* [**New** taxa]. 061146

LASIOGLOSSUM

Lasioglossum **discum** (Smith)—a west palaearctic rather thana nearctic species (Hymenoptera: Halictidae). 061190

LASPEYRESIA

Black-light traps to control hickory shuckworms *[Laspeyresia* **caryana]** on pecans [Carya illinoensis]. 060261
Behavioural and electrophysiological reactions to sex attractants in codling **moth** *Laspeyresia* pomonella (Lepidoptera, Tortricidae) from different geographical populations. 060384
Codling moth *[Laspeyresia* **pomonella]** control by sterile insect release: importation of fruit and fruit containers as a source of reinfestation. 060305
Toxicity and persistence of some organophosphorus insecticides and permethrin on apple fruits for the control of codling moth, *Laspeyresia* **pomonella** (L.). 060311
Studies of transovum and transstadial transmission of a granulosis virus of the codling moth *[Laspeyresia* **pomonella,** pest of fruit trees and walnuts]. 060313
Circulatory rhythm in the larvae of the lesser apple **worm** *(Laspeyresia* pomonella L.) [Influence of parasitization of the wasp Microdus rufipes]. 060335

LATENCY

Studies on viruses and virus diseases of cruciferous plants. XVIII. Beetle [Phyllotreta, Brevicoryne brassicae, Myzus persicae] transmission and some new natural hosts of **Erysimum** *latent* virus. 059552
The specificity of intracellular changes in the blastoderm of chicken embryos during the *latent* **period** of embryogenesis. 054333
The effect of a protein-rich diet on the clinical and some biochemical indices in patients with torpid and *latent* **recurrent** rheumatic heart disease. 053348
Freeing potato varieties of *latent* **virus** infection at the Institute for Potato Researh, Bonin. 059655

LATERAL

Early events associated with *lateral* **bud** growth of Pisum sativum L. [Peas]. 058309
Methods to **estimate** *lateral* force acting on stabilizing [soil] piles [against landslides]. 062151
Growth of *lateral* **root** primordia in Vicia faba L. [Broadbeans]. 056861
Longitudinal and *lateral* **transport** of [3,4-3H] [hydrogen isotope] gibberellin A1 and 3-indolyl (acetic acid-2-14C) [carbon isotope] in upright and geotropically responding green internode segments from Helianthus annuus [sunflowers]. 058135

LATEX

Serological studies of potato viruses X, Y, A and Aucuba mosaic. III. Expansion of sensitivity limits of serological virus determination by the use of the *latex-test,* **bentonite** flocculation, passive haemagglutination and complement fixation reaction. 059551
Modification of citrate transport and intraparticular hydrogen-ion concentration by adenosine triphosphate in lutoids of Hevea **brasiliensis** *latex.* 057371
Hevamine: a crystalline basic protein from Hevea **brasiliensis** *latex.* 057863
Fluorescamine as a reagent for location of proteins after electrophoresis in starch gel or on paper *[Latex* **protein** hevein]. 053473

LATHYRUS

Cytotaxonomic investigations in the **genus** *Lathyrus.* 056561
Plant neurotoxins (lathyrogens and cyanogens) *[Lathyrus,* **Vicia].** 053050

LATTICE

The **hexagonal** *lattice* spacing of intracellular crystalline tobacco mosaic virus. 059601

LAUNDRY

Saving energy in the **home:** doing the *laundry.* 053354

LAURACEAE

Ocotea budowskiana sp. Nova, and a few additional notes on **American** *Lauraceae* [New taxa]. 056474

LAURELS

Indian *laurel* thrips [Gynaikothrips ficorum, Ficus retusa]. 060373
Phosphorus conservation by evergreenness of **mountain** *laurel* [Kalmia latifolia]. 057797
Effect of fungicide and application timing on Cercospora [kalmiae] leaf spot of **mountain** *laurel* [Kalmia latifolia]. 059435

LAUROCERASUS

A new mandelonitrile lyase from the cherrylaurel **(Prunus** *laurocerasus).* 058372

LAUXANIIDAE

Biology and immature stages of eight species of *Lauxaniidae(Diptera).* II. **Descriptions** of immature stages and discussion of larval feeding habits and morphology. 060995

LAWN

GM [Grounds Maintenance] guide to fertilizing *[Lawn* **culture].** 061935
Dream garden without **expansive** *lawns* [Landscaping]. 059021
Tolerance to wear by species and varieties of *lawn* **grasses.** 058145
Fundamental studies on artificial propagation by seeding useful wild grasses in Japan. V. Further experiments on the regulatin of germinability of the seeds of **Japanese** *lawn* grass, Zoysia japonica Steud. 058441
Lawn **management** through the seasons [Culture]. 059179
Sporobolus orientalis Kunth and Sporobalus tremulus Kunth, two **new** *lawn* grasses for coastal and saline tracts. 058867
Sampling *lawn* and garden soils [Testing]. 061632

LAWS

Replacement of the **bill** *(law)* by a professional tax [Agriculture]. 052501
Preservation of Connecticut's agriculture [Farming, **economy,** *laws].* 052899
New **Federal** *Law* of the Agrarian Reform [Mexico]. 052917
New **Federal** *Law* of Agrarian Reform [Mexico]. 052918
New **Federal** *Law* of Agrarian Reform [Mexico]. 052919
New **Federal** *Law* of Agrarian Reform [Mexico]. 052920
New **Federal** *Law* of Agrarian Reform [Mexico]. 052921
New **Federal** *Law* of Agrarian Reform [Mexico]. 052922
For a just application of **fiscal** *laws* to apiculture. 061316
The **Homestead** *Law* in an incongruous land system [History]. 052834
Protection of farm inheritance in agricultural and **partnership** *law:* a comparison of legal systems [Legislation]. 052907
Exotic game on Texas rangelands [Potential protein **production,** *laws].* 052895
A short history of agricultural adjustment, 1933-75 *[Laws,* **programs].** 052779
Interim statement on the further development of community and national **standard** *law* [Milk packaging regulation]. 052866

LAYERS

Gibberellic acid enhances the level of translatable mRNA for alpha-amylase in barley **aleurone** *layers.* 058129
Gibberellic acid-induced secretion of hydrolases in barley **aleurone** *layers.* 058184
Rapeseed is toxic to *layers* **[Chickens].** 055914
Thin-layer **chromatographic** assessment of the dansylation products of serotonin, dopamine and adrenaline, noradrenaline [in fruits and fruit products]. 054065
Thin-layer **chromatographic** separation of steroid glycosides from Agava americana L. 057691
Systematic analysis of [fungal] mycotoxins by *thin-layer* **chromatography.** 057690
Thin-layer **chromatography** of steroidal alkaloids. 057692
Quantification of cholinesterase inhibition *[thin-layer* **chromotagraphy]** for estimation of parathion [Organophosphorus insecticides]. 060514
Testing mixed feed of different energy levels and various protein sources for **hen** *layers.* 055006
Gosford Poultry Testing Station, results of random sample test of commercial **[hybrids]** *layers.* 055021
An **outer** *layer* on eggs of Dolichodorus heterocephalus (Tylenchida) [Bermudagrass, nematodes]. 059795
The fluorimetric detection of pesticides on aluminium **oxide** *layers.* 060580
Amelioration of the **plow** *layer* of the soil and the [crop] yields. 062163
Rearing and exploitation of *layers* **[Poultry].** 054228
Hydroxy-Zr [zirconium] *layer* **silicates** [in soils]. 061641
Microchemical investigations of medicinal plants. XIII. Separation of the alkaloids in the leaves of Ipomoea violacea using **thin** *layer* chromatography. 057759
Microchemical investigations of medicinal plants. XIV. Identification of the alkaloids in the leaves of Ipomoea violacea using preparative **thin** *layer* chromatography and solid probe mass spectrometry. 057760
Separation technique of acidic mixtures of phenolic substances by **thin** *layer* chromatography [Plant and soil extracts]. 061642

LAYING

Swarming, *egg-laying* and **brood-care** in termites of genus Microtermes (Termitidae) in the Indian desert. 060915
Concerning the quality of *laying* **drains.** 061409
Two unusual features in circadian rhythms: existence of an extraocular photoreceptive system and particular nature of the free running in the **egg** *laying* rhythm of Carausius morosus (Insecta, Phasmoptera). 060730
How long should a *laying* **flock** be kept? 054215
Influence of 17-beta-estradiol, progesterone and prolactin on alpha-A1B and cycloleucine transport in preparations from the magnum of *laying* **Japanese** quail in in vitro. 054751
A new mode of *egg-laying,* in **ribbons,** and the rate of laying in the termite Odontotermes obesus (Termitidae). 061053
Fans and foggers in [poultry] *laying* **sheds.** 061589
Laying down **surface** foils [for vegetable culture]. 061412
A new mode of egg-laying, in ribbons, and the rate of *laying* in the **termite** Odontotermes obesus (Termitidae). 061053

LEACHING

Effect of long-term growth of arboreal species on the properties of *leached* **Chernozems.** 061798
Effectiveness of applying mineral fertilizers to beets in *leached* **Chernozems** of the Dnieper-left-bank forest-steppe area of the Ukraine under irrigation. 062014
Studies of foliar **mineral** *leaching* in Mont Kenya forest tree seedlings [Podocarpus gracilior, Podocarpus milanjianus, Olea africana]. 058602
Leaching of **organic** and inorganic substances from crops by the action of rain. 057722
Potassium *leaching* in folioles of kidney beans (Phaseolus vulgaris L.) in the course of the day. 058482
Some measures of **reducing** *leaching* loss of nitrates beyond potential rooting zone [of soils]. I. Proper coordination of nitrogen splitting with water management [after harvest of wheat]. 061783
Sulfuric acid and *leaching* **requirements** for reclaiming sodium-affected calcareous soils. 062134

LEAD

Carrageenan and the binding of *lead* **[Algae].** 057334
Humoral antibody response in mice after single dose exposure to *lead* or **cadmium.** 055926
Uptake of trace elements by barley in zinc-polluted soils. 2. *Lead,* **cadmium,** mercury, selenium, arsenic, chromium, and vanadium in barley [Toxicity study]. 059893
Lead **contamination** of vegetation [including field and horticultural crops] grown close to roads [Environmental pollution]. 052933
Land **development** *leads* to progress. 052276
Petrol with isotopicaly **differentiated** *lead* added [Pollution]. 062443
Color additives: botched **experiment** *leads* to banning of red dye no. 2. 053391
Better housing, breeding and **feeding** *lead* to best herd honors. 054130
Extraction and atomic-absorption determination of In, Bi, and Pb [indium, bismuth, *lead]* **microimpurities** in rocks and soils. 061751
The effects of *lead* **poisoning** on various plasma constituents in the Canada goose. 055919
Isotope ratios of *lead* as **pollutant** source indicators. 062441
Simulation of [in water] *lead* **removal** by chemical treatment. 062242
Lead, **sodium** and zinc concentrations in conifer needles as an indicator of traffic induced environmental pollution. 062583
Lead **toxicosis** in cattle in Saskatchewan. 055931
Correlation between the amount of industrial dust fall and the *lead* and **zinc** accumulation in some plant species [Air pollution]. 062374

LEAFHOPPERS

North American **Deltocephaline** *leafhoppers* of the genus Destria and a new species of Lonatura [delongi] from Arizona (Homoptera: Cicadellidae). 061227
Transmission of Spiroplasma citri to plants [by the *leafhopper* **Euscelis** plebejus]. 059590
Studies of **neotropical** *leafhoppers.* II. (Homoptera: Cicadellidae). 061231
Helical, wall-free prokaryotes in Drosophila, *leafhoppers* and **plants.** 060137
Yellows diseases and *[leafhopper]* **vectors.** 059591

LEAFMINER

Biology and immature stages of Stomopteryx palpilineella (Lepidoptera: Gelechiidae), a *leafminer* and **leaftier** of crownvetch. 060644
Observations on feeding and oviposition behavior of the **pea** *leafminer.* Phytomyza horticola Gourea (Diptera, Agromyzidae). 060331

LEASING
Renting and *leasing* as **financing** forms for farmland. 052513

LEATHER
Purification of used salt for **curing** *[Leather].* 053821
The identification of important process variables in *[Leather]* **production.** 053822

LEAVES
Translocation and metabolism of azinphos-methyl [nonsystemic, broad-spectrum insecticide] in bean plants after root and *leaf* **absorption.** 060573
Within-crown pattern of ecophysiological features in *leaves* of **Acer** campestre and Carpinus betulus. 058573
Leaf **air** space systems in C3 and C4 species [Carbon pathways]. 057778
Biosynthesis of *leaf* **alcohol** formation of 3Z-hexenal from linolenic acid in chloroplasts of Thea sinensis [tea] leaves. 057221
Nutritional evaluation of **alfalfa** *leaf* protein concentrate [Rats]. 053271
Localization of ATPases [adenosine triphosphatase] in cell structures of assimilation tissues of *leaves* of **Amaranthus** retroflexus. 057519
Leaf **anatomy** of Cunoniaceae. 056797
Leaf **anatomy** of Catharanthus roseus (Apocynaceae) infected with mycoplasm. 059623
Effect of some bactericides on controlling the **angular** *leaf* spot of cucumber. 059501
Contribution to measuring the *leaf* **area** in Asperula odorataL. 056790
Effect of increased density of stands on the vertical distribution of the biomass and *leaf* **area** [Maize]. 058218
Effect of leaf number and *leaf* **area** on the size and quality of sunflower yield. 058857
Colleter types in Rubiaceae, especially in relaton to the **bacterial** *leaf* nodule symbiosis. 056796
Effect of ear removal on sugars and chlorophylls of **barley** *leaves.* 058150
Localization of phytochrome in etioplasts [isolated from **barley** *leaves]* and its regulation in vitro of gibberellin levels. 058238
Accumulation of chemical elements around the penetration sites of Erysiphe graminis hordei on **barley** *leaf* epidermis. III. Micromanipulation and X-ray microanalysis of silicon. 059374
Changes of chlorophyll content in the *leaves* of **barley** infected with the [powdery mildew] fungus Erysiphe graminis f. Sp. hordei Marchal after spraying with a protective substance. 059456
Pathways of degradation of brome mosaic virus particles [isolated from **barley** *leaves]* as influenced by their RNA content. 059678
Bioelectric activity of maize and **bean** *leaves* under different conditions of illumination. 058081
Changes in the activity of ferredoxin-NADP reductase during the greening of [kidney] **bean** *leaves.* 058436
Changes in phenylalanine ammonia-lyase, peroxidase and polyphenoloxidase during the development of local necrotic lesions in pinto **bean** *leaves* infected with alfalfa mosaic virus. 059627
Phytotoxicity of atrazine when entering the roots and *leaves* of **beans.** 059788
Comparative study of the post-harvest physiological changes occurring in pungent and non-pungent **betel** *leaves* during normal storage. 054056
Leaf **blight** of triticale caused by Alternaria triticina. 059439
Predisposition to Septoria [avenae] *leaf* **blotch** in oats affected by barley yellow dwarf virus. 059262
Seasonal variation of the terpenes of the *leaves,* **buds,** and twigs of blue spruce (Picea pungens). 058561
Incorporation rate of shikimic acid-14C [carbon isotope] and phenylalanine-14C into gallic acid in Rhus [succedanea] and Acer [**buergeranum**] *leaves.* 058569
Investigations of the changes in the trans-membrane potential of the *leaf* **cell** of the moss Funaria hygrometrica, under the influence of light. 057344
Effect of cyanide on the membrane potential of *leaf* **cells** of the moss Mnium cuspidatum. 057255
Effects of systemic fungicides on **Cercospora** *leaf* spot of groundnut, Arachis hypogaea. 059390
Is a chemical control of **cereal** *leaf* aphids worth while? 060201
Polyamine oxidase from the *leaves* of **cereals.** 058253
The clover **club** *leaf* organism [transmitted by Agaliopsis novella]. 059588
Phytoferritin associated with yellowing in *leaves* of [the **coconut** palm] Cocos nucifera (Arecaceae) [Photosynthetic disease, cytology]. 059885
Effects of N [nitrogen] and K [potassium] applications on the *leaf* **composition,** yield, and fruit quality of bearing McFarlin cranberries. 058333
Nuclear changes during differentiation of xylem vessel elements [in **corn** *leaves].* 056834
The effect of C and S group cytoplasms on resistance to southern **corn** *leaf* blight [caused by Bipolaris maydis]. 059428
The dynamics of nutrients in ovaries and *leaves* of **cotton.** 058260
The influence of *leaves* on **cotyledon** photosynthesis and export during seedling development in Acer [negundo, Acer platanoides and Acer pseudoplatanus]. 058600
Effects of height of topping and plant spacing of flue-cured tobacco on certain properties of the **cured** *leaves* and smoke characteristics of cigarettes. 058664
A method for field evaluation of resistance of chilli to *leaf* **curl** [virus] disease [transmitted by Bemisia tabaci]. 059685
Change in content of nucleic acids in black **current** *leaves* with molybdenum and cobalt dressing. 058350
Deproteinised *leaf* extract as a substrate for fungal growth [Pennisetum purpureum, typhoides, fodder grass]. 059327
Effect of picloram [growth regulator] on organogenesis in **detached** *leaves* of Echeveria elegans Bgr. 057984
A micromanipulating method to observe the inner structure of **diseased** *leaves* by scanning electron microscopy [Barley, Erysiphe graminis hordei]. 059431
Lepra [a disease caused by Cephaleuros virescens (Algae)] of the coffee tree; other branch and *leaf* **diseases.** 059902
Hypothesis explaining that carbon dioxide output is stimulated less by X-rays in *leaf* **disks** than in whole leaves of Pelargonium zonale L. 058328
Comparative morphology and **early** *leaf* histogenesis of adult and juvenile leaves of Darlingtonia californica and their bearing on the concept of heterophylly. 056793
Energetic basis of the phloem transport of 14C [carbon isotope]-assimilate in *leaves* of **Eleusine** coracana. 057276
The **elm** *leaf* beetle [Pyrrhalta luteola, Ulmus]. 060355
Sexing the **elm** *leaf* beetle, Pyrrhalta luteola (Coleoptera: Chrysomelidae). 060659
Altitudinal variaton in *leaf* **epidermal** patterns of Cannabissativa [marihuana]. 056806
Some new observations and interpretations on the vital staining of *leaf* **epidermal** tissue by neutral red. 056904
Xylem cavitation in **excised** *leaves* of Malus sylvestris Mill. [Apple] and measurement of leaf water status with the pressure chamber. 058510
Leaf **fall** and forest floor characteristics in loblolly pine [Pinus taeda] plantations in the South Carolina Piedmont. 055988
Role of **fallen** *leaves* in the vertical migration of Sr90 [strontium isotope] in soil. 061885
Protoplasts as a tool for isolating functional chloroplasts from *leaves* **[Field** crops, Agropyron repens]. 058185
Activities of various peptidases in the **first** *leaf* of wheat. 058152
Effect of cooking on the vitamin C content of **fresh** *leaves* and wilted leaves. 053189
The absorption of chlormequat and SADH [succinic acid-2, 2-dimethylhydrazide] into *leaves* of **fruit** plants. 058269
A preliminary study of the food plants of the West Nile and Madi districts of Uganda. The utilization of *leaves* and **fruits** of local and mainly indigenous plants in supplementing the staple foods. 053137
Phosphorus content and relative movement of 32P [phosphorusisotope] in *leaves* and **fruits** of Puse Seedless grapes during pre-lag, and lag and post-lag phases of berry development. 058521
Phycomycetes (Phytophthora spp. Nov. And Pythium [grandisporangium] sp. nov.) associated with degrading mangrove (Rhizophora mangle) *leaves* **[Fungi,** new taxa]. 056470
Study of the heat balance of **grape** *leaves* and berries in stands of varying shapes. I. Diurnal temperature balance of Bolgar variety leaves and berries. 058380
On the leaf morphogenesis of citronella grass (Cymbopogon nardus Rendle var. Mahra Pengiri). II. Effect of temperatures on development of citronella **grass** *leaf.* 058112
Resistance to **green** *leaf* hoppers [Nephotettix virescens, Nephotettex nigropictus] in rice. 060197
Plant diseases: **hawthorne** *leaf* blight [Fabraea thuemenii, Crataegus oxycantha pauli]. 059249
A variety of Collecephalus hemerocalli pathogenic on **Hemerocallis** *[Leaf-streak].* 059414
Occurrence of a cytokinin glucoside in the *leaves* and in **honeydew** of Salix babylonica. 058604
A first report of Curvularia brachyspora Boedijn **inciting** *leaf-spot* disease of rose. 059278
Changes in amino acids and amides content in jowar [durra] *leaves* **infected** by Helminthosporium turcicum. 059281
A method to suck off spores aseptically from fungal cultures [of **infected** *leaf* and stem pieces]. 059393
Cytokinin activity of powdery mildew [Erysiphe cichoracearum] **infected** *leaves* of Abelmoschus esculentus. 059398
Relationship between water potential and *leaf* and **inflorescence** initiation in Helianthus annuus [Sunflowers]. 058166
The quantitative ultrastructure of the pea shoot apex in relation to *leaf* **initiation.** 056908
Microchemical investigations of medicinal plants. XIII. Separation of the alkaloids in the *leaves* of **Ipomoea** violacea using thin layer chromatography. 057759
Microchemical investigations of medicinal plants. XIV. Identification of the alkaloids in the *leaves* of **Ipomoea** violacea using preparative thin layer chromatography and solid probe mass spectrometry. 057760
Comparative morphology and early leaf histogenesis of adult and **juvenile** *leaves* of Darlingtonia californica and their bearing on the concept of heterophylly. 056793
Tricetin, diosmetin and luteolin sulphates in *leaves* of **Lachenalia** unifolia. 057877
Experimental ecological genetics in Plantago. I. Induction of roots and shoots on *leaves* for **large** scale vegetative propagation and metal tolerance testing in Plantago lanceolata. 057105
Leaf-mining **Lepidoptera** from the Near and Central East. I. [New taxa]. 061259
Regulatory effect of blue light on photosynthetic gas exchange: action spectrum and light saturation of carbon doxide gas exchange in the *leaves* of **lily** of the valley [Convallaria majalis]. 057593
Conditions of occurrence and proportion of *small-leaf* **linden** (Tilia cordata Mill.) in forest communities of the Masurian lakeland. 056692
Characteristics of the transport apparatus of *leaves* in some **lines** of winter wheat during ontogenesis. II. Size of vascular bundles. 058213
Lupin breeding in Western Australia. The *narrow-leaf* **lupin** [Lupinus angustifolius]. 057059
A possible endogenous rhythm in internal ethylene levels in the *leaves* of **Lycopersicon** esculentum Mill [Tomatoes]. 058499
Flavonoids and maltol in Geranium **macrorrhizum** L. *Leaves.* 057353
Carbon dioxide fixation and activity of some enzymes of carbon metabolism in **maize** *leaves.* 058087
Effect of regulators and inhibitors of growth on photosynthetic phosphorylation in chloroplasts islated from **maize** *leaves.* 058089
Effect of cucumber mosaic virus infection on the amino acids and amides in vegetable **marrow** *leaves.* 059629
Chlorophyll accumulation in cowpea (Vigna) *leaves* and **melon(Colocynthis)** cotyledons as influenced by prior heat stressand seedling age. 058478
Some chemical constituents of the *leaves* of **Mirabilis** jalapa L. 057509
On the *leaf* **morphogenesis** of citronella grass (Cymbopogon nardus Rendle var. Mahra Pengiri). II. Effect of temperatures on development of citronella grass leaf. 058112
Sulfolipid in **mulberry** *leaves* and faeces of silkworm [Bombyx mori] larvae. 061360
Spermatogenesis and the ultrastructure of sperm and of the male reproductive tract of [the bud and *leaf* **nematode**] aphelenchoides blastophthorus (Nematoda: Tylenchida, Aphelenchina). 059831
A **new** *leaf* blight of India rubber caused by Phoma glomerata (Corda) Wr. and Hochapf. in India. 059279
Peroxidase activity in *leaves* of **Nicotiana** tabacum var. Xanthi nc. before and after infection with tobacco mosaic virus. 059622
Electron transport capabilities of chloroplasts isolated from **non-photosynthesizing** *leaves* [Peas]. 058506
Effect of *leaf* **number** and leaf area on the size and quality of sunflower yield. 058857
Reinvestigation of **oak** *leaf* roller [Archips semiferanus] sex pheromone components and the hypothesis that they vary withdiet. 060377
An inoculation apparatus for evaluation of Bipolaris sorokiniana lesion development on progressively **older** *leaves* of Poa pratensis. 059415
Direct measurements of turgor pressure potentials of guard cells. II. The mechanical advantage of subsidiary cells, the Spannungsphase, and the **optimum** *leaf* water deficit [Tradescantia virginiana]. 057698
Effect of temperature on the colouring of *leaves* in **ornamental** kale (Brassica oleracea L. var. acephala DC.). 058314
Hypothesis explaining that carbon dioxide output is stimulated less by X-rays in leaf disks than in whole *leaves* of **Pelargonium** zonale L. 058328
Morphology of ephemeral and **persistent** *leaves* of three subspecies of big sagebrush [Artemisia tridentata] grown in a uniform environment. 056847
The Kirlian **phantom** *leaf* [Botany, photography]. 056327
Oxygen build-up in **photosynthesizing** *leaves* and canopies is small. 057831
A comparison of heat transfer characteristics of simple and **pinnate** *leaf* models. 057327
Micromethod for identifying in chromatograms the products of **plant** *leaf* phospholipid deacylation. 057583
Effect of anaerobiosis and some metabolites on the reactions of violaxanthine cycle in **plant** *leaves* [Hydranges hortensis, peas]. 057590
The use of sulphur-34 to measure the absorption rate of sulphur dioxide on the *leaves* of **plants** [before and after fumigation]. 059784
Toxicity of several chemical compounds to larvae of the silk-worm, Bombyx mori, detected in **polluted** *leaves* of mulberry[Morus] growing around the iodine and molybdenum factories in Mobara City, Chiba Prefecture. 061364
The effect of different concentrations of fluorine on the content of chlorophylls a and b in poplar **[Populus]** *leaves.* 059752
Induction of sporulation of Alternaria porri f. Sp. Solani in vivo [on **potato** *leaves].* 059376
Influence of vitamins and growth hormones on growth and sporulations of Alternaria solani (Ell. & Mart.) Jones and Grout isolated from **potato** *leaves.* 059391
Laboratory method of diagnosis of **potato** *leaf* roll virus. 059607
Enzymatic characteristics of development phases of **primary** *leaves* of cereals [barley, wheat] with respect to functional relations between nitrate reduction and other metabolic. 058026
The bud of Osmunda cinnamomea L. II. A physiological interface between Set I and Set II *leaf* **primordia.** 057329
The effects of processing conditions on the quality of *leaf* **protein.** 053620
Leaf **protein** extracts [Grass, alfalfa, sugarbeets]. 053938
Cytokinin activity and chemical structure of some derivatives of N-alkyl-N'-phenyl- and N,N'-Diphenylthiourea [**Retardation** of the chlorophyll breakdown of discs of **radish** *leaves].* 058382

Greenhouse evaluations of *leaf-feeding* **resistance** in corn to the corn earworm [Heliothis zea]. 060215
Effect of benzylaminopurine on carbon dioxide fixation reactions in *leaves* of **rice.** 058004
Studies on **rice** *leaf* enzymes. II. Phenylphosphatase. 058245
Record of a new alternate host [wheat] plant of **rice** *leaf* miner, Cerodontha oryzivora Spencer. 060184
Additional notes on *leaf* **rollers** [Epiphyas postvittana, apples, pests]. 060322
Rose *leaf* curl, a distinct component of a disease complex which resembles rose wilt [Viruslike, graft-transmissible diseases]. 059651
Timing of sprays for the control of *leaf* **rust** Hemileia vastatrix on coffee in South Africa. 059271
Some physiological aspects of retardation of *leaf* **senescence** by 6-benzylaminopurine or dispudding in intact plants [Kidney beans]. 058273
Temperature and *leaf* **shape** in seedlings of Acacia aneura. 058550
Specific **soluble** *leaf* proteins in virus-infected tobacco plants are not normal constituents. 059596
Activity changes in selected enzymes from **soybean** *leaves* following ozone exposure. 059848
Survival of Alternaria cucumerina, the causal organism of *leaf* **spot** disease of cucurbits. 059231
Ultrastructure and lipid identification during conidium germination of Stemphylium sarciniforme [Agent of *leaf* **spot** disease of red clover]. 059258
Leaf **spot** of Prunus cornuta Steud. Incited by Polystigma rubrum (Pers. ex. Fr.) DC. 059285
Variation in amino acids in the growing culture of Alternaria alternata (Fr.) Keissler [Obtained from *leaf* **spot** lesions of beet]. 059291
The inheritance of Cercospora [cruenta] *leaf* **spot** resistance in the southernpea (Vigna unguiculata (L.) Walp.). 059332
Effect of fungicide and application timing on Cercospora [kalmiae] *leaf* **spot** of mountain laurel [Kalmia latifolia]. 059435
Leaf **spot** of cardamon [Elettaria cardamomum] caused by Phaeotrichoconis crotalariae. 059440
Chemical protection of the European chestnut [Castanea] against the Cylindrosporium [castaneae; Mycosphaerella maculiformis] *leaf* **spot.** 059457
Wind damage to the surface of **strawberry** *leaves.* 059705
Sunlit areas and angular distributions of **sunflower** *leaves* for plants in single and multiple rows. 058001
Ecotype differences in *leaf* **surface** properties of Agrostis stolonifera from salt marsh, spray zone and inland habitats. 056725
Wax development of *leaf* **surfaces** of Brassica oleracea var. Currawong [cauliflower] regenerated from meristem culture. 058503
Technological indices of **tea** *leaf* gathered by a tea plucking machine of the Motsumoto M-2 type manufactured in Japan. 053640
Biosynthesis of leaf alcohol formation of 3Z-hexenal from linolenic acid in chloroplasts of Thea sinensis **[tea]** *leaves.* 057221
The effect of nitrogenous fertilizers on the quality of the green **tea** *leaf* and the finished product. 062066
Flavonoids of the *leaves* of **Thea** [Tea]. 057445
Duvatrienediols in cuticular wax of Burley **tobacco** *leaves.* 058120
Gynandropsis pentaphylla DC—an unrecorded host of **tobacco** *leaf-curl* virus. 059547
Occurrence of abnormal chloroplasts in **tobacco** *leaves* infected systemically with the ordinary strain of cucumber mosaic virus. 059635
Mechanized processing chain for harvesting the **tobacco** *leaf* [Equipment]. 061602
Translocation and carbon metabolism in **tomato** *leaves.* 058278
The relationship between the rates of carbon transport and of photosynthesis in **tomato** *leaves.* 058406
Effect of change in the rate of growth processes and yield of plants when treated with chlorocholine chloride on the nucleic acid content in **tomato** *leaves.* 058442
Evaluating varieties and hybrids of tomatoes for resistance to red spot disease [Cladosporium fulvum, **tomato** *leaf* mold]. 059363
The vascular pattern of Italian ryegrass (Lollium multiflorum Lam.). 3. The *leaf* **trace** system, and tiller insertion, in the adult. 056780
Traumatotactic movement of nuclei in **Tradescantia** *leaf* epidermis. III. Effects of inhibitors of protein synthesis. 057296
A application of the Prussian blue technique to a light microscope study of water movement in **transpiring** *leaves* of cotton (Gossypium hirsutum L.). 058116
An electron microscope study of the path of water movement in **transpiring** *leaves* of cotton (Gossypium hirsutum L.). 058117
Carbon-14 as an indicator of CO2 [carbon dioxide] pollution in cities [by sampling of deciduous **tree** *leaves].* 062437
Growth peculiarities of *leaves* of **Typha** latifolia and Sparganium polyedrum in initial stages of their development. 057341
Study of the heat balance of grape leaves and berries in stands of varying shapes. I. Diurnal temperature balance of Bolgar **variety** *leaves* and berries. 058380
Effects of modes of application of hydrous constraints on several aspects of the morphology and activity of the *leaf* of **Vitis** vinifera L., variety Cabernet-Sauvignon [Grapes]. 058325
The mechanism of chill- and drought-hardening of Phaseolus **vulgaris** *leaves* [Kidney beans]. 058440
The interpretation of the variations in *leaf* **water** potential and stomatal conductance found in canopies in the field. 057821
Xylem cavitation in excised leaves of Malus sylvestris Mill. [Apple] and measurement of *leaf* **water** status with the pressure chamber. 058510
Certain morphological and pathological characters of Alternaria cucumerina, the cause of **watermelon** *leaf* spot disease in Egypt. 059227
Changes in adenosine phosphates and energy charge in chloroplastic and non-chloroplastic compartments of **wheat** *leaves.* 058030
Lipid composition of prolamellar body membranes of etiolated and greening **wheat** *leaves.* 058045
The probable 'capping' of **wheat** *leaf* messenger ribonucleates by 7-methylguanosine. 058049
Purification of cytoplasmic protein with ribonuclease activity from *leaves* of **wheat** seedlings and effect of drought on its quaternary structure. 058091
Development of thermoluminescence bands during greening of **wheat** *leaves* under continuous and intermittent illumination. 058149
Antagonism of yeastlike phyllosphere fungi against Septorianodorum on **wheat** *leaves* [Aureobasidium pullulans, Sporobolomyces roseus, Cryptococcus laurentii flavescens, biological control]. 059360
Effect of Pyrenophora **wheat** *leaf* blight on the thousand kernel weight of 30 spring wheat cultivars. 059436
Effect of cooking on the vitamin C content of fresh leaves and **wilted** *leaves.* 053189
Effect of light intensity combined with mineral nutrition on pigment content in *leaves* of **young** coffee plants. 057351

LECANIUM

The European **fruit** *lecanium,* Lecanium tiliae (L.) (Homoptera: Coccidae), in southwestern British Columbia. 060308

LECITHIN

Proof of an eventual addition of the addition of **commercial** *lecithin* to powdered milk for simulating buttermilk powder. 053785
The quality of rapeseed **commercial** *lecithin.* I. Effects of the technological processes of rapeseed drying and oil extraction on the quality of lecithin. 053865
Molecular motion and order in single-bilayer vesicles and multilamellar dispersions of egg *lecithin* and lecithin-cholesterol mixtures. A deuterium nuclear magnetic resonance study of specifically labeled lipids. 053843
Lecithin from **oilcakes.** 053634
The quality of rapeseed commercial lecithin. I. Effects of the technological processes of rapeseed drying and oil extraction on the **quality** of *lecithin.* 053865

LEEKS

Volatile flavor **components** of *leek.* 054013
Occurrence and partial purification of a long chain fatty acid coenzyme A synthetase in Allium **porrum** L. *[Leeks].* 058329

LEGAL

Institutional and *legal* **factors** affecting renewable [land and natural] resources: the legal framework—trends in statutes and the courts. 052843
Legal **history** of land settlement [East and West Germany]. 052280
Sedation of slaughter swine before transport and the resulting veterinary medical, *legal* and **meat** hygienic problems. 053060
Problems and objectives of landscape architecture and landscape planning in the German Democratic Republic *[Legal* **regulations,** land use]. 052254
Protection of farm inheritance in agricultural and partnership law: a comparison of *legal* **systems** [Legislation]. 052907

LEGHEMOGLOBIN

The absence of **oxidized** *leghemoglobin* in soybean root nodules during development [Rhizobium japonicum]. 058021

LEGISLATION

The report on agricultural cooperatives **[Antitrust,** *legislation].* 052864
Residual [waste] waters and *legislation* of **classed** establishments. 2. Legislation of classed establishments and residual waters. 062538
Antitrust dimensions and developments in food pricing and **distribution** *[Legislation].* 052861
Agricultural cooperatives and the antitrust **exemption** *[Legislation].* 052859
Garden *legislation:* Branches and shading from a neighbor's tree. 052823
Legislation on **insecticides** and fungicides. 052796
Land use *legislation* in the **Northeast:** Massachusetts. 052776
Antitrust and agriculture. Proceedings of a conference. **October** 24, 1975 *[Legislation].* 052860
Antitrust responsibilities, initiatives, and the food **program** *[Legislation].* 052862
Class actions in agricultural antitrust **suits** *[Legislation].* 052863
Protection of farm inheritance in agricultural and partnership law: a comparison of legal **systems** *[Legislation].* 052907
Extension of the keeping quality of table milk: *legislation* today and **tomorrow.** 053017

LEGS

Connexions between hair-plate afferents and motoneurones in the cockroach [Periplaneta **americana]** *leg.* 060901
What about 25-hydroxycholecalciferol for poultry? [Diets, rickets, *leg* **disorders).** 054793
Initial transdetermination in the **first** *leg* discs of different Drosophila species. 060796
Scanning micrographs of the **first** *legs* and gnathosoma of two species of Myobiidae (Acarina: Trombidiformes) [Radfordia lemnina, Protomyobia claparedei]. 060814
Maintenance close to the nymphal ecdysis of a restoration power of the **imaginal** *leg* of Tenebrio molitor after larval amputation. 060721
The ultrastructure of the differentiating **pupal** *leg* of Drosophila melanogaster. 061046
Causes of *leg* **weakness** in broiler birds. 055871

LEGUMES

Salinity and alkalinity in relation to *legume* **[alfalfa],** Rhizobium symbiosis. 058236
Grasses and *legumes* for **conservation.** Variety, cutting dateand digestibility. 058810
An independent measurement of the amount of nitrogen fixed by a *legume* **crop** [Broadbeans compared to barley]. 061777
Effect of seed inoculation with Rhizobium strains on the yield of *leguminous* **crops.** 058845
Phytotoxicity of dexon (p-dimethylaminobenzenediazo sodium sulfonate) [fungicide] towards the *legume* **Crotalaria** juncea [Summ crotolaria]. 059876
Current status and prospects of production and utilization of nitragin in the USSR [Bacterial **fertilizers,** *legumes].* 061999
Legume **field** crops improvement in the Arab Republic of Egypt [Culture]. 058751
Diseases of **food** *legumes* [Botrytis fabae, Uromyces fabae, Rhizoctonia solani, Fusarium solani]. 059323
Insect pests of **food** *legumes.* 060205
The effect of sowing rates and fertilizers on the growth, development and yield of **grain** *legumes.* 058538
Cultural practices of **grain** *legumes* in the Arab Republic of Egypt. 058742
Pulse or **grain** *legume* crops for Minnesota [Culture]. 058869
The preparation, storage and utilization of haylage made from **grasses** and *legumes.* 054119
Large-scale production technology in *legume* **harvesting** and preparation for the 6th Five-Year Plan. 058886
Recommended varieties of **herbage** *legumes* [Red clover, alfalfa]. 058812
Studies on seed globulins from *legumes.* V. **Immunoelectrophoretic** control of vicilin purification by gel filtration [Broadbeans]. 058028
Legumes **improve** animal performance on fescue pastures. 058646
Contribution of *legumes* in **nitrogen** build-up of soil and wheat production. 062027
About the methodology of determining the amount of symbiotically fixed nitrogen from the air [by *legumes* and **nodule** bacteria]. 058106
Nitrogenase activity in Rhizobium associated with *leguminous* and **non-leguminous** tissue cultures [of Trifolium pratense, Stylosanthes gracilis, carrot]. 058199
Cereals, *legumes,* **oil** plants; varieties for 1976. 058633
Perennial *legume* variety trials. 058692
The creator of new valuable varieties of grasses and *legumes* **[Plant** breeder Agniia Markovna Konstantinova]. 057186
Effects of anti-nutritional and toxic factors on the quality and utilization of *legume* **proteins.** 053037
Pulse **proteins** *[Legumes].* 053951
Using whole grains and *legumes* **[Recipes].** 053127
Insecticides and soil microorganisms. III. Fate of 14C [carbon isotope]-labelled Dipterex as affected by two nodule-forming Rhizobium spp. and roots of their **respective** *leguminous* host plants. 060511
Zero-till millet with *legumes* in **sod.** 058699
Growth and symbiotic effectiveness of indigenous Rhizobium species of a saline-alkali **soil** *[Legumes].* 058229
The utilization [by cows] of *legume-grass* **stand,** yield and the quality of pasture forage. 058904
Effect of certain water-soluble herbicides on *legume-Rhizobium* **symbiosis.** 060037
Concanavalin A [from jackbeans]: lack of correlation between binding to Rhizobium and specificity in the *Rihzobium-legume* **symbiosis.** 061780
Nitrogenase activity in Rhizobium associated with leguminous and *non-leguminous* **tissue** cultures [of Trifolium pratense, Stylosanthes gracilis, carrot]. 058199
Studies on mixed cultivation of **tropical** *legume* and grasses. I. Effects of the increased dry matter and nitrogen yield in the mixed stands of Desmodium [intortum] and Setaria [sphacelata]. 058814
Varietal specificity for rhizobial serotypes in relation to nodulation and crop **yield** *[Legumes].* 059160

LEGUMINOSAE

Systematics of the genus Hymenaea L. *(Leguminosae,* **Caesalpinioideae,** Detarieae). 056651
A taxonomic revision of the genus **Heterostemon** *(Leguminosae,* Caesalpinioideae) [New taxa]. 056589

LEISHMANIASIS

The fate of promastigotes of Leishmania tropica major and *Leishmania* **gymnodactyli** in the organism of Phlebotomus papatasi in mixed infection. 060492

LEMNACEAE

Sulfur dioxide as a sulfur source in **duckweeds** *(Lemna* minorL.). 057567
The synthesis of threonine and thiothreonine from o-phosphohomoserine by extracts prepared from higher plants *[Lemna* **minor,** peas]. 057295
Inhibition of sulfate uptake by *Lemna* **minor** L. During aeration with sublethal concentrations of SO2 [sulfur dioxide]. 057563
The effect of abscisic acid on growth, photosynthetic rate and carbohydrate metabolism in *Lemna* **minor** L. 057783
A metabolic indicator of photoperiodic timing *[Lemna* **perpusilla].** 057929

LEMONS

Vacuolar physiology as an intrinsic barrier against injury-induced mitosis in *lemon* **fruit** cells. 056877
The effect of different substances on the development and resistance of *lemon* to **malsecco** [Deuterophoma tracheifila]. 059478
Effect of sweet lime on four different root stocks [sour orange, **rough** *lemon]* for yield and quality. 062097
Results of **testing** *lemon* [varieties] under various ecological conditions of the western Georgia [USSR]. 059183
Epidemiology of mal secco disease [Phoma **tracheiphila**] of *lemons.* 059405
Microclimatic conditions and overwintering of *lemon* **trees** under coverings of milky-white polyethylene film. 059181
Ways of restricting the spread of malsecco [Deuterophoma tracheifila, *lemon* **trees].** 059479

LENACIL

Transport physiology, metabolism and residue behavior of **radioactive** *Lenacil* [herbicide] in sugarbeets. 059987

LENDING

Home **ownership** *loans* [Farmers Home Administration, rural credit]. 052527

LENSES

Growth of monocrystals of gamma-crystallins from **calf** *lenses.* 054460
Determination of some mineral elements in certain common **mammalian** *eye-lenses.* 054445

LENTIBULARIACEAE

Neotype of Utricularia polygaloides **Edgeworth** *(Lentibulariaceae).* 056633

LENTILS

Fertilizer requirements for **broadbeans** and *lentils.* 061946
Effect of fungal humic-like polymers and their phenolic units on auxin destruction [by *lentil* **roots** extracts]. 061862
Giemsa staining of root tip chromosomes after acid hydrolysis *[Lentil* **seedlings,** onion bulbs]. 056873
Breeding broadbean and *lentils* **varieties** for higher productivity in Egypt. 057025

LEPIDOPTERA

Influence of natural Nosema sp. Infections on field populations of Malacosoma **americanum** *(Lepidoptera:* Lasiocampidae). 060942
Heartbeat variations of ether **anesthetized** *Lepidoptera,* Bombyx mori adults. 061308
Wing scents and scent-released phases in the courtship behavior of Lycaeides **argyrognomon** *(Lepidoptera:* Lycaenidae) [Pheromones]. 060899
Acclimation of *Lepidoptera:* a **biogeographical** experiment. 060625
The female of Euchromius gozmanyi **Bleszynski** *(Lepidoptera,* Pyralidae, Crambinae). 061263
Free-running rhythm of the retinular pigment migration in the compound eye of the silkworm moth, Bombyx mori L. *(Lepidoptera:* **Bombycidae).** 061352
The different course of lactate and glutamate dehydrogenases activity in the larvae of Barathra **brassicae** *(Lepidoptera)* during microsporidan infection [Nosema plodiae]. 060621
Effects of two insect growth disruptors, PH 6038 and PH 6040, on the winter moth, Operophtera **brumata** *(Lepidoptera:* Geometridae) [Pest of apple trees]. 060264
Description of two new species of **Bunaeopsis** *(Lepidoptera,* Attacidae). 061137
A remarkable new genus of brachypterous moth [Areniscythrisbrachypteris] from coastal sand dunes in **California** *(Lepidoptera:* Gelechioidea, Scythrididae). 061114
Principal insects collected during the entomological excursions in 1973 and 1974 **[Coleoptera,** *Lepidoptera].* 061134
The Colotis eucharis F. **Complex** *(Lepidoptera,* Pieridae). 061209
Contribution to the study of the *Lepidoptera* of **Correze** [New taxa]. 061087
Information on the life cycles of some New Zealand **Crambini** *(Lepidoptera:* Pyralidae: Crambinae). 061214
Revision of the New Zealand **Crambini** *(Lepidoptera:* Pyralidae: Crambinae) [New taxa]. 061216
Note on Charaxes xiphares **Cramer** *(Lepidoptera,* Nymphalidae) with the description of a new subspecies [Charaxes xiphares bergeri] from Zaire. 061206
Persistent infection of Malacosoma **disstria** *(Lepidoptera:* Lasiocampidae) cell cultures with Nosema (Glugea) disstriae (Microsporida: Nosematidae) [Use of microsporidia as biological control agents]. 060125
Description of six new Attacidae from **Ecuador** *(Lepidoptera).* 061198
Ab ovo rearing of Sabalia tippelskirchi Karsch. *(Lepidoptera,* **Eupterotidae,** Stryphnopteryginae according to Mr. Gaede in Seitz, F. Eth. pp. 301-302). 060961
Lepidoptera of the **Franco-Belgian** Gaume (zoogeographical sketch and list of species). 061094
Formation of Melanargia galathea L. Races in western **Friaul** *(Lepidoptera,* Saturidae). 061258
Moths *[Lepidoptera]* on **fruit** trees. 060332
Goniozus gallicola fouts, a parasite of moth larvae [Pectinophora gossypiella, Phthorimaea operculella], with notes on other bethylids (Hymenoptera: Bethylidae; *Lepidoptera:* **Gelechiidae).** 060412
Distribution of some French species of Momphidae (S.L.) *(Lepidoptera,* **Gelechioidea).** 061088
Eupitheca dissertata Pungeler in Vercors (Drome) *(Lepidoptera,* **Geometridae,** Larentiinae). 061090
The status of a taxon in the Arcaea nohara Boisduval **group** *(Lepidoptera:* Acraeidae). 061127
Contribution to the study of Charaxes of the etheocles **group** *(Lepidoptera,* Nymphalidae) [New taxa]. 061197
A review of the genus Horama Hubner and reestablishment of the genus Poliopastea **Hampson** *(Lepidoptera:* Ctenuchidae) [New taxa]. 061238
North American larvae of the genus Loxostege **Hubner** *(Lepidoptera:* Pyralidae: Pyraustinae). 061156
Chromosome studies in **Indian** *Lepidoptera.* 060984
On the Laspeyresiini genus Matsumuraeses **Issiki** *(Lepidoptera,* Tortricidae) [New taxa]. 061080
The Tortricinae and Sparganothinae of **Japan** *(Lepidoptera:* Tortricidae). II [New taxa]. 061151
New or little **known** *Lepidoptera* from Venezuela. 8. Prepona praeneste praeneste Hewitson and Prepona pareneste choroniensis n. subsp. (Lepidoptera, Nymphalidae, Charaxinae). 061139
The genus Bhima Moore, 1888 *(Lepidoptera,* **Lasiocampidae).** 19. Contribution to the study of Lasiocampidae [New taxa]. 061146
Leaf-mining *Lepidoptera* from the Near and Central East. I. [New taxa]. 061259
Riddles around the pollination of Melandrium album (Mill.) Garcke (Caryophyllaceae) during the oviposition by Hadena bicruris Hufn. (Noctuidae, *Lepidoptera).* I. 061002
New Geometridae from **Madagascar** *(Lepidoptera).* 061203
Ethological function of components of a sex attractant system for oriental fruit moth males, Grapholitha **molesta** *(Lepidoptera:* Tortricidae). 060301
Characteristics of the seasonal dynamics of development of the willow ermine **moth** *(Lepidoptera,* Yponomeutidae) in southeastern Ukraine. 060382
An experimental analysis and integrated evaluation of various factors involved in the host plant specificity of the cucumber looper, Anadevidia peponis (Fabricius) *(Lepidoptera:* **Noctuidae).** 060257
An experimental analysis and integrated evaluation of various factors involved in the host plant specificity of the cucumber looper, Anadevidia peponis (Fabricius) *(Lepidoptera:* **Noctuidae).** 060258
A new species of Euxoa [ustulata] *(Lepidoptera:* **Noctuidae)** allied to Euxoa perexcellens. 061153
Preliminary descriptions of new Marcipa [species]. 2. *(Lepidoptera,* **Noctuidae,** Ophiderinae). 061207
Gelechia dzieduszyckii **Novicki** *(Lepidoptera,* Gelechiidae). 061092
New or little known Lepidoptera from Venezuela. 8. Prepona praeneste praeneste Hewitson and Prepona pareneste choroniensis n. subsp. *(Lepidoptera,* **Nymphalidae,** Charaxinae). 061139
A new species of Euriphene [pinkieana] Boisduval (=Diestogyna Karsch) *(Lepidoptera,* **Nymphalidae).** 061195
Effect of continuous rearing on artificial diet on the physiology of a *Lepidoptera,* **Ostrinia** nubilalis Hubner. 060715
Biology and immature stages of Stomopteryx **palpilineella** *(Lepidoptera:* Gelechiidae), a leafminer and leaftier of crownvetch. 060644
Chromosomal studies on interspecific hybrids of butterflies (Papilionidae, *Lepidoptera).* 3. **Papilio** bianor [female] x Papilio paris [male], Papilio paris [female] x Papilio maackii [male], Papilio bianor [female] x Papilio maackii [male], and Papilio polytes [female] x Papilio maackii [male]. 061001
Wing color pattern as the releaser of mating behavior in the swallowtail butterfly, Papilio xuthus L. *(Lepidoptera:* **Papilionidae).** 060679
Wing color pattern as the releaser of mating behavior in the swallowtail butterfly, Papilio xuthus L. *(Lepidoptera:* **Papilionidae).** 060680
Photoperiodic responses of phenologically aberrant populations of pierid butterflies **[Pieridae]** *(Lepidoptera).* 060834
The ovocidal and sterilant effects of juvenoids on the codling moth, Cydia **pomonella** *(Lepidoptera,* Tortricidae). 060247
Behaviourial and electrophysiological reactions to sex attractants in codling moth Laspeyresia **pomonella** *(Lepidoptera,* Tortricidae) from different geographical populations. 060384
Brassica campestris var. Toria—a new host for Hellula undalis F. **(Pyralidae:** *Lepidoptera).* 060273
Differenciation of ciliary structures and organization of canal during organogenesis of the collaterial glands of Galleria mellonella L. *(Lepidoptera,* **Pyralidae).** 060950
Corrections and observations on the revsion of the genus Nyctegretis Zeller in "Microlepidoptera Palaearctica", volume 4 *(Lepidoptera,* **Pyralidae,** Phycitinae). 061257
Sensitivity of almond moth [Cadra cautella] pupae to gamma **radiation** *(Lepidoptera:* Pyralidae) [Pests stored dried cocoa beans]. 060406
Plusiinae of **Reunion** *(Lepidoptera,* Noctuidae) [New taxa]. 061142
New Colocleora from Cameroon and **Rwanda** *(Lepidoptera,* Geometridae). 061202
Melanism and climatic factors. II. Correlation between melanism and some climatic factors in Melanargia galathea (Linne) *(Lepidoptera,* **Satyridae)** in France. 060685
Geographic variation and polymorphism in Acraea pentapolis Ward and Acraea vesperalis Gr. **Smith** *(Lepidoptera,* Acraeidae). 061200
Plusia putnami gracilis (Lemke) in **Somme** *(Lepidoptera,* Noctuidae, Plusiinae). 061096
Contribution to the knowledge of the Coleophoridae. VI. A new Coleophora [vermiculatella] species from southern **Spain** *(Lepidoptera,* Coleophoridae). 061256
Review of the Palaearctic **Sparganothini** *(Lepidoptera,* Tortricidae) [New taxa]. 061081
Catarhoe putridaria (Herrich-Schaeffer) and Catarhoe permixtaria (Herrich-Schaeffer) are two very distinct **species** *(Lepidoptera,* Geometridae, Larentiinae). 061196
Note on Hippotion brennus (Stoll) *(Lepidoptera,* **Sphingidae).** 061140
Infestation of citrus trees in Greece by Archips rosanus (L.) *(Lepidoptera:* **Tortricidae).** 060256
New and little known **Tortricinae** *(Lepidoptera,* Tortricidae). 061079
Conservation of *Lepidoptera* in the **United** States. 060701
A new species of Dasylophia [wellingi] from **Yucatan** *(Lepidoptera,* Notodontidae). 061194

LEPIDOPTERISTS

Impressions of a *lepidopterist* in **Central** America. 061093

LEPISMACHILIS

Topography, anatomy and histology of the vesicular glands in Machilidae (Thysanura) [Dilta hybernica, *Lepismachilis,* **Machilis** helleri]. 060623

LEPISMATIDAE

Hemocytes and the hematopoietic organ of Thermobia domestica (Packard) **(Thysanura:** *Lepismatidae).* 060886

LEPTINOTARSA

Paralyzing effect of CaCl2 [calcium chloride] on toxic action of NaF [sodium fluoride] in larvae of the Colorado potato **beetle** *Leptinotarsa* decemlineata Say. 060262
Wintering of Perillus bioculatus [a predator of the potato **beetle** *Leptinotarsa* decemlineata]. 060317
Haulm dessication to control the Colorado potato beetle *[Leptinotarsa* **decemlineata]** and potato diseases [Phytophthora]. 059815
The role of trophic characteristics in the susceptibility of insects to insecticides *[Leptinotarsa* **decemlineata,** pests, potatoes]. 060338

LEPTOCERA

A new pest *[Leptocera* **heteroneura]** introduced by Dr. R. L. Edwards, recognized by Dr. N. W. Hussey [associated with mushroom culture]. 060319

LEPTOCONOPS

Gonotrophic cycle of *Leptoconops* **borealis** (Diptera, Ceratopogonidae). 060486

LEPTOSPIRA

Immunoglobulins in cattle vaccinated with *leptospiral* **bacterins** [Leptospira interrogans hardjo]. 055411
Some observations on **chronic** *leptospiral* carrier state in gerbils experimentally infected with Leptospira grippotyphosa[Zoonoses]. 055638
Immunoglobulins in cattle vaccinated with leptospiral bacterins *[Leptospira* **interrogans** hardjo]. 055411
Comparative studies on the use of 5-fluorouracil in two different media as a selective agent for **isolation** of *Leptospira.* 055740
Abortion associated with **mixed** *leptospira/eqid* herpesvirus 1 infection [Horses]. 055782

LEPTOSPIROSIS

Leptospirosis: **New** Zealand's no. 1 dairy occupational disease. 055681
Leptospirosis **studies.** 055494

LESIONS

Investigation by immunofluorescence of **arterial** *lesions* in rabbits on two different lipid supplements and treated with pyridinol carbamate [Beef fat diet, atherosclerosis]. 053107
Brain *lesions* in mallard ducklings from parents fed methylmercury. 055899
An unexplained high incidence of **calcified** *lesions* in dog kidneys. 055882

Brain and spinal **cord** *lesions* in pigs inoculated with swine vesicular disease (UKG strain) virus and coxsackievirus B5. 055396
Dissociation of adrenocortical secretory responses to cyanide and pilocarpine in dogs with **hypothalamic** *lesions.* 054650
Effect of wetting and drying of the soil on the *lesion* **length** produced by Xanthomonas oryzae. 059508
Lesions in **mink** (Mustela vison) infected with giant kidney worm (Dioctophyma renale). 055635
In vivo development of spores of Absidia ramosa [from **mycotic** *lesions* in the rumen of a calf]. 055762
Changes in phenylalanine ammonia-lyase, peroxidase and polyphenoloxidase during the development of local **necrotic** *lesions* in pinto bean leaves infected with alfalfa mosaic virus. 059627
Role of thyroid hormones in an abnormal grooming behavior in thyroidectomized cats and cats with **pontile** *lesions.* 054571
X-ray photo taken on the hip joint of the dog standing in a stock with special respect to the prevention of **radiological** *lesions.* 055333
Crownvetch disease evaluation in southern Illinois [Watter **soaked** *lesions].* 059744
An inoculation apparatus for evaluation of Bipolaris **sorokiniana** *lesion* development on progressively older leaves of Poa pratensis. 059415
Variation in amino acids in the growing culture of Alternaria alternata (Fr.) Keissler [Obtained from leaf **spot** *lesions* of beet]. 059291
Scanning electron microscopy of the *lesions* of **swine** dysentery. 055425
The role of aflatoxin metabolism in its **toxic** *lesion* [Food, feed]. 053061

LESTES

Insecticide toxicity to three insects from Ohio ponds *[Lestes* **congener,** Notonecta undulata, Peltodytes]. 060585

LETHAL

Genetical studies of the *"lethal* **brown"** mutant in Bombyx mori. 061353
The incubation period, rate of transmission and effect on growth of **coconut** *lethal* yellowing disease in Jamaica [Mycoplasma-like organism as causal agents]. 059639
Inhibition of sulfate uptake by Lemna minor L. During aeration with *sublethal* **concentrations** of SO2 [sulfur dioxide]. 057563
Mirex [insecticide]: a teratogenicity, **dominant** *lethal* and tissue distribution study in rats. 060556
Genetic effects of 35S [sulfur isotope] decay in cells of yeast Saccharomyces cerevisiae. IV. Dependence of the *lethal* **effect** of 35S decay on the inclusion in different. 057006
Genetic effects of formaldehyde in yeast [Saccharomyces cerevisiae]. II. Influence of ploidy and of mutations affecting radiosensitivity on its *lethal* **effect.** 057100
The *lethal* **effect** of high temperature on the survival of the larvae of Trogoderma granarium Everts [Insect pests infesting stored wheat]. 060853
Genetic studies on the phototactic behavior in Drosophila melanogaster. II. Correlated response: *lethal* **frequency** and eclosion rhythm. 060959
Lethal **genes** on the sex chromosomes concealed in a population of the mosquito Aedes aegypti L. 060826
Interference by **recessive** *lethals* in the re-isolation of a translocation homozygote in [the genetic control of] Aedes aegypti. 060446
Analysis of allelic relationships among **recessive** *lethals* induced in Drosophila [melanogaster] by exogenous DNA and by certain viruses. 061017

LETTUCE

Cucumber mosaic virus in weed hosts near commercial fields of *lettuce* and **celery.** 059645
Concepts and development of an experimental mechanical trimmer for **crisphead** *lettuce.* 061610
Economic temperature control of some vegetable species under glass *[Lettuce,* **cucumbers].** 058995
Effects of red light and ethylene on growth of **etiolated** *lettuce* seedlings. 058496
A comparison of tipburn susceptibility in *lettuce* under **field** and glasshouse conditions. 059794
The effect of some salts on head weight and tipburn of *lettuce* and on **fruit** production and blossom-end rot of tomatoes [Physiological diseases]. 059835
Tritium accumulation in *lettuce* **fumigated** with elemental tritium [Plant contamination, environmental impact]. 059747
Thiram residues on **glasshouse** *lettuce* [Botrytis cinerea]. 060583
Packing and shipping mechanically **harvested** *lettuce.* 052685
Regulation of *lettuce* **hypocotyl** elongation by gibberellic acid. Correlaton between cell elongation, stress-relaxation properties of the cell wall and wall polysaccharide content. 058493
The occurrence and function of short chain length fatty acids in plants [**Oats,** *lettuce].* 058201
Grow your **own** *lettuce* [Culture]. 058985
A quantitative assay of feeding of Deroceras agrestis and Deroceras reticulatum [Cabbage, *lettuce* **pests].** 060340
Artificial irradiation for *lettuce* **plant** raising—technical and economic aspects [Costs]. 052518
On the plastic films for **prepackaging** *lettuce.* 053990
Garden **radishes** and *lettuce.* 059089
Interactions between abscisic acid, gibberellins and cytokinins in Grand **Rapids** *lettuce* seeds germination. 058463
Osmotic pressure of the soil solution: determination and effects on some glasshouse crops [Blotch damage to tomatoes, tip burn on *lettuce,* **salt** levels]. 059834
Promotive effects of organic solvents and kinetin on dark germination of *lettuce* **seeds.** 058498
Effect of Tris [-(hydroxymethyl)-aminomethane] on light response of *lettuce* **seeds.** 058500
On the **storage** of *lettuce.* 053991

LEUCINE

Isolation and characterization of *leucine* and **alanine** amino peptidases from Euglena gracilis [Algae]. 057628
Influence of biological hormones on the activity of *L-leucine* and **L-alanine** amino peptidases of Euglena gracilis [Algae]. 057627
A reexamination of the leucine tRNAs and the *leucyl-tRNA* **synthetase** in developing Tenebrio molitor. 060766

LEUCOCYTOZOON

A note on the occurrence of *Leucocytozoon* **infection** in Andhra Pradesh [Chickens]. 055560

LEUCOPHAEA

Juvenile hormone-induced biosynthesis of vitellogenin in *Leucophaea* **maderae.** 060682
An in vitro system for the quantitative measurement of chitin synthesis in the cockroach *[Leucophaea* **maderae]** inhibition by TH 6040 and polyoxin D. 060856

LEUCOSTOMA

Virulence and seasonal activity of **Cytospora** *leucostoma* andCytospora cincta in French prune trees in California. 059452

LEUKEMIA

Leukemia **allotransplants** in canine fetuses: influence of host age and immune responsiveness. 055736
FeLV **[feline** *leukemia* virus]-related sequences in DNA from a FeLV-free cat colony. 055791
Nucleotide-nucleoside pool in leukocytes of cattle with chronic **lymphatic** *leukemia.* 055819

LEUKOCYTES

Haemonchus contortus infection in ewes: blastogenic responses of peripheral **blood** *leukocytes* to third stage larval antigen. 055578
Measurement of phagocytosis of 32P [phosphorus isotope]-labeled Staphylococcus aureus by **bovine** *leukocytes:* lysostaphin digestion and inhibitory effect of cream [Dairy cattle]. 055416
Nucleotide-nucleoside pool in *leukocytes* of **cattle** with chronic lymphatic leukemia. 055819
Further studies on acid phosphatase of *leucocyte* **origin** in normal and mastitic bovine milks. 053727
Immunologic release of histamine from bovine **polymorphonuclear** *leukocytes* [Anaphylaxis in calves]. 055412
Cytotoxic effects of leukocidin from Pseudomonas aeruginosaon **polymorphonuclear** *leukocytes* from cattle. 055566

LEUKOSIS

A lymphoproliferative disease in Japanese quail [Reticuloendotheliosis and **avian** *leukosis* virus subgroup A were present]. 055438
Surveillance and reporting of **bovine** *leukosis* in Canada. 055542

LEVULINIC

The stoichiometric relationship between *delta-amino-levulinic* **acid** and protochlorophyllide [in barley seedlings]. 058202

LIATRIS

Buffalo Beats, a relict prairie within a sortheastern Ohio forest [Andropogon gerardi, Eryngium yuccifolium, *Liatris* **cylindracea,** Quercus alba, communities]. 056677

LIBELLULIDAE

Free amino acids in the haemolymph of the last instar nymph of the dragonfly, Orthetrum chrysis (Selys) (Odonata: *Libellulidae).* I. **Effects** of centrifugation and starvation. 060793

LICARIA

Licaria **Aublet:** new combinations galore. 056632

LICE

Distribution of **biting** *lice* (Mallophaga) on two wild mallards (Anas platyrhynchos). 060427
Efficacy of ronnell as a pour-on and coumaphos as a dust for control of **cattle** *lice* [Bovicola bovis, Linognathus vituli, Haematopinus eurysternus]. 060426
Fungus vs. Louse [Trenomyces histophtorus as a biological control of **chicken** *lice,* insects]. 060415
Human *lice.* I. Contribution to the study of locomotion and respiration of Pediculus humanus capitis De Geer and Phthirius pubis (L.). 060709
Fungus vs. *Louse* **[Trenomyces** histophtorus as a biological control of chicken lice, insects]. 060415

LICHENS

Analysis and prediction of ecological and ecosystem dynamics with response structure models [**Algae,** *lichens].* 056681
Lichens and **bark** acidification as indicators of air pollution in west central Scotland. 059791
Lichenological **bibliography.** 056342
Nitrogen metabolism in lichens. VII. Nitrogenase activity and heterocyst frequency in *lichens* with **blue-green** phycobionts. 057779
A *lichen* **collection** from the Yorkshire Museum, York. 056336
Additions to the *lichen* **flora** of Tasmania. I. 056565
Foliicolous *lichens* from Tanzania (East Africa). 056497
Open ascocarps of the *lichen* **genus** Thelocarpon [New taxa]. 056580
The *lichens* of the **gypsum** hills on the Lower Nida river (Miechow-Sandomierz District). 056517
In vitro dissociation and reassociation of the symbionts of the *lichen* **Heppia** echinulata. 057945
Amphoridium impurum n. Sp., a **new** *lichen* species from the Cracow-Wielun Upland. 056505
Protoblastenia szaferi n. Sp., a **new** *lichen* species in the calcareous part of the Polish Tatra Mountains. 056514
Nitrogen metabolism in *lichens.* VII. **Nitrogenase** activity and heterocyst frequency in lichens with blue-green phycobionts. 057779
The influence of aspect on the pattern of seasonal growth in the *lichen* **Parmelia** glabratula ssp. fuliginosa (Fr. ex Duby) Laund. 057784
Lichens **[Parmelia** chlorochroa, Usnea hirta] as predictors and indicators of air pollution from coal-fired power plant emissions. 062400
The ultrastructure of Collema tenax, with particular reference to micro-tubule-like inclusions and vesicle production by the **phycobiont** *[Lichens].* 056865
Ontogeny and structure of the perithecia of Staurothele sapandica (Pyrenolichen, **Verrucariaceae)** *[Lichens].* 056914

LIGAMENTS

Study on the pathological conditions in the reproductive organs of cows. II. Pathology of salpinx, bursa and **broad** *ligament.* 055856

LIGANDS

The effect of *ligands* on the **reactivity** of sulphydryl groups, and the modification of lysine, histidine and tryptophan residues of pyruvate kinase of Neurospora crassa [Fungi]. 057638

LIGASES

Hydroxycinnamate: coenzyme A *ligase* from **lignifying** tissuesof higher plants, some properties and taxonomic distribution [Forsythia suspensa]. 057278

LIGATION

Effects of various dietary nutrient levels on the incidence of colibacillary diarrhea [Escherichia coli] in pigs: **intestinal** *ligation* studies. 054844

LIGATURE

Gastric irrigation and secretion in the *ligatured* or **fistuled** pylorus rat upon influence of intra-duodenal olive oil. 053157
Effect of *ligatured* **pancreatic** duct on the intestinal pH [hydrogen-ion concentration] in the rabbit. 054412

LIGHT

Role of photosynthetic electron transfer in *light* **activation** of Calvin cycle enzymes [Spinach]. 058466
Influence of *light* on the **bioelectric** potential of the bean (Phaseolus vulgaris) hypocotyl hook. 058462
Insect catches in a blended and a **black** *light-trap* in northern Finland. 060990
Regulatory effect of **blue** *light* on photosynthetic gas exchange: action spectrum and light saturation of carbon doxide gas exchange in the leaves of lily of the valley [Convallaria majalis]. 057593
Effect of **blue** *light* on synthesis of RNA components during differentiation of chloroplasts in isolated roots (Pisum sativum) [Peas]. 058290
Regulatory role of **blue** *light* in the formation of photosynthetic chain of electron transfer in pea chloroplasts. 058342
Diel and lunar flight periodicities in the *light* **borwn** apple moth, Epiphyas postvittana (Walker) (Tortricidae) and their possible adaptive significance. 060686
Light-weight **cabin** for farm machinery. 061550
Light-oriented **chloroplast** movement in Mougeotia: the magnitude of the phytochrome gradient controls the rate of the movement. 057285
In vivo measure of the purine catabolic variations, related to durations of dark or *light* in the **cotyledons** of Pharbitis nil Chois. 057369
Auxin-gibberellin relationships in their effects on hypocotyl elongation of *light-grown* **cucumber** seedlings. IV. Inhibition of IAA [indoleacetic acid]-induced elongation by N,N-dicyclohexylcarbodiimide and its reversal by gibberellin A3. 058486

Measurement of the carbon dioxide compensation point and the rate of loss of 14CO2 [carbon dioxide isotope] in the *light* and **dark** in some bryophytes. 057699
Differential response of cells grown in *light* and **dark** to near-ultraviolet light [Tobacco]. 058128
Light-dependent **DDT** effect on microalgae [Microcystis aeruginosa, Coelastrum proboscideum]. 060522
Light-induced **decay** of anthocyanin in seedlings of Sinapis alba. 057284
The effect of *light* **dependency** of insecticides on unicellular algae [Ankistrodesmus braunii, Anacystis nidulans]. 060523
Light **effect** on germination of chalmydospores of the fungus Ustilgo nuda (Jens.) Rostr. 057320
Light-induced **effects** on early infection with carnation mottle virus [of Chenopodium amaranticolor, Gomphrena globosa, and Dianthus barbatus]. 059562
Research with *light* and **electron** microscopy on the neurosecretory cells in the tritocerebrum of Locusta migratoria (Insecta, Orthoptera). 060681
Light and **electron** microscope studies of the Malpighian tubules of the spider Cupiennius salei Keys. (Ctenidae, Araneae). 061063
Effect of some inhibitors on germination of the seeds of Melandrium noctiflorum stimulated by *light*, **ether** peroxides orpaper factor. 057591
Determination of H+/e-[electron] ratios in [spinach] chloroplasts with **flashing** *light*. 058301
Some aspects of the influence exerted by *light* on **[forest]** vegetation. 056717
Light **forests** of Juniperus excelsa in the Crimea and analysis of their flora [and plant associations]. 056764
Cultivation of Collybia velutipes (Curt.) Quel. [Fungi] on synthetic liquid medium: The effect of *light* on **free** amides and amino acids, protein aminoacids and non volatile organic acids composition of mycelium and fruit bodies. 057364
Role of *light* in **frost** resistance of plants. 057594
Geranium culture in the *light* **garden.** 059121
Gesneriads [Gesneriaceae] for the *light* **garden.** 059122
Unusual [foliage] tropicals for your *light* **garden** [Culture]. 059128
Inability of cyclic nucleotides and acetylcholine to substitute for *light* in the **germination** of dormant Xanthium seed. 057967
An increase in mechanical extensibility during the period of *light-stimulated* **growth.** 057893
The effect of *light* on the **growth** of Diplodia zeae [Fungi, rot and blight of corn]. 059356
Characterization of tryptic peptides from porcine **haptoglobin** *light* chain and an amino acid sequence. 054422
Light **harvesting** pigment protein complex requirement [in tobacco] for spill-over changes induced by cations. 057908
Forest management in a **historical** *light*. 056070
Discontinuous condition in the fibulae in the *light* **horse** [Abnormalities]. 055832
Conidia formation of the apple scab fungus Venturia inaequalis (Cooke) Winter as influenced by the environmental factors temperature, relative **humidity** and *light*. 059395
Characteristics of *light-induced* H+ **[hydrogen** ion] transport in spinach chloroplast at lower temperatures. II. A possible role of structured water in H+ transport of chloroplast near 0C [Celsius]. 058488
Scanning electron, *light*, and **immunofluorescent** microscopy of intestine of gnotobiotic calf infected with calf diarrheal coronavirus. 055424
Characteristics of *light* **induced** H+ [hydrogen ion] transport in spinach chloroplast at lower temperatures. I. Relationship between H+ transport and physical changes of the microenvironment in chloroplast membranes. 058487
Investigations of the changes in the trans-membrane potential of the leaf cell of the moss Funaria hygrometrica, under the **influence** of *light*. 057344
Temperature, root aeration, and *light* **influence** slash pine [Pinus elliottii] nutrient uptake rates. 058581
Sulphydryl groups in photosynthetic energy conservation. I. *Light-dependent* **inhibition** of photophosphorylation by the sulphydryl reagent 2-2'dithio bis-(5-nitropyridine) [Spinach chloroplasts]. 058304
Transplantation experiments with Polygonatum odoratom ecotypes in environment with various *light* **intensity.** II. Modifications of growth parameters. 057331
Effect of *light* **intensity** combined with mineral nutrition on pigment content in leaves of young coffee plants. 057351
Marketing *light* [wood] framing for Japanese construction. 056218
Note on a *light* **microscope** technique to preview specimen mountings for scanning electron microscopy [Soybean products]. 053902
A application of the Prussian blue technique to a *light* **microscope** study of water movement in transpiring leaves of cotton (Gossypium hirsutum L.). 058116
Differential response of cells grown in light and dark to **near-ultraviolet** *light* [Tobacco]. 058128
Present knowledge of the application of *light* for **nursery** stock [Tomatoes, cucumbers and some glasshouse ornamentals]. 058514
Identification of N-terminal methionine in the precursor **ofimmunoglobulin** *light* chain. Initiation of translocation of messenger ribonucleic acid in plants and animals. 057268
Interaction of potassium and boron under *light* **pseudopodzolic** grey and cinnamonic forest soil conditions. 061854
Mechanism of bovine liver glutamate dehydrogenase self-assembly. III. Characterization of the association-dissociation stoichiometry with **quasi-elastic** *light* scattering. 054596
Effects of **red** *light* and ethylene on growth of etiolated lettuce seedlings. 058496
Light **resistance** in geophilic dermatophytes. 061860
Effect of Tris [-(hydroxymethyl)-aminomethane] on *light* **response** of lettuce seeds. 058500
Anaerobiosis-induced etiolation in *light-germinated* **rice** seedlings. 058005
The rye technique for preventing soil erosion on *light* **sands** and black peats [Sugarbeets]. 058649
Regulatory effect of blue light on photosynthetic gas exchange: action spectrum and *light* **saturation** of carbon doxide gas exchange in the leaves of lily of the valley [Convallaria majalis]. 057593
The inhibitory effect of *light* on **seed** development in subterranean clover (Trifolium subterraneum L.). 058018
Grazing of ciliates [Colpoda steinii] on blue-green algae [Anacystis nidulans]: Effects of *light* **shock** on the grazing relation and on the algal population. 059919
Automated chamber for irradiation of biological objects with concentrated **solar** *light* [Seed and pollen irradiation]. 057581
Influence of nematodes [Meloidogyne, Belonalaimus lingicaudatus, Pratylenchus penetrans] and *light* **sources** on growth and nodulation of soybean. 060001
Effect of *light* and **temperature** conditions of potato tubers during sprouting on growth, yield and hormonal activity of plants [Preplanting treatment]. 058351
Growth and assimilation rate of juvenile northern red oak [Quercus rubra]: effects of *light* and **temperature.** 058578
The milkweed bug electroanthennogram: milkweed bug extracts and the effect of *light* and **temperature** [Oncopeltus fasciatus]. 060929
Models of plant architecture, density and yield. I. Use of *light;* **theoretical** aspects applied to pearlmillet in the Sahelian zone. 058141
Rapid, *blue-light-induced* **transpiration** response restricted to plants with grass-like stomata [Gramineae, Cyperaceae]. 057845
Black-light **traps** to control hickory shuckworms [Laspeyresia caryana] on pecans [Carya illinoensis]. 060261
The ratio of the **two** *light* reactions and their coupling in [spinach] chloroplasts. 058306
The marine diatom Chaetoceros simplex calcitrans Paulsen and its environment. Effects of *light* and **ultraviolet** irradiations on the biosynthesis of fatty acids [Algae]. 057376
Light-induced **uptake** of oxygen from chloroplast fragments and from mesophyll cells and bundle sheath cells in maize. 058041
On the energy upconversion mechanism of *light* **utilizaton** by chlorophyll in photosynthesis 057726
Light-ripple and **visual** acuity in a climate room for honeybees (Apis mellifera L.). 061342
The effect of short **wavelength** *light* on retinula cell structure in white-eye Drosophila. 06092
Seeing the *light* **[Weed** seed germination and phytochrome]. 057986
Regulation of prenyl chain synthesis in etiolated Hordeum seedlings by far-red and **white** *light* 058165

LIGHTWEIGHT

Lightweight **foil** containers [to pack liquid and semi-solid foods]. 053528

LIGNINS

Study of the **dioxane** *lignin* of the cotton plant. III. 058064
Ultrastructure of rigid and *lignified* **forage** tissue degradation by a filamentous rumen microorganism [Micromonospora]. 054548
Lignins of **hardwoods** growing on southern pine sites. 056273
Italian *lignin* production. Study trip to northern Italy (April 20-24, 1975) [Silviculture] 056088
Nitration of Eucalyptus grandis (Hill) **maiden** *lignin*. 056194
Professor Dr. Karl Kratzl 60th birthday [Wood, cellulose, *lignin* **research,** Austria]. 056149

LIGUSTRUM

History of a privet *[Ligustrum* **vulgare,** ornamental varieties, culture]. 059026

LILIACEAE

An incipient gynostemium in the **Aloineae** *(Liliaceae)*. 056826

LILIES

Regulatory effect of blue light on photosynthetic gas exchange: action spectrum and light saturation of carbon doxide gas exchange in the leaves of *lily* of the **valley** [Convallaria majalis]. 057593

LILIUM

The probable mechanism of intercellular migration of chromatin substance in pollen mother cells *[Lilium* **davidii].** 058267
Identification of the contraction stage in the mitotic division of endosperm nuclei [Iris pseudacorus, Iris pumila, *Lilium* **martagon].** 056924
Megagametogenesis peculiarities in *Lilium* **regale** Wils. 056922
Lilium **sp.** 'Mid Century Hybrids' adapted to pot use with ancymidol. 058392

LIMA

Biological quality and functional properties of *lima* **bean** protein for bread enrichment [Rats]. 054035

LIMBS

Hypothalamic and brachial nerve effects on circulation of isolated **canine** *forelimb*. 054277
Evaluation of the effects of topical insulin on wound-healing in the **distal** *limb* of the horse. 055956
Developmental ability of the apical mesoderm of the chick **embryo** *limb* bud in sectors deprived of the ectodermal ridge. 054652
Effect of indole alkaloids from Gardneria genus and Uncaria genus on neuromuscular transmission in the **rat** *limb* in situ. 057493
Reflex *limb* dilatation following norepinephrine and angiotensin II in conscious dogs. 054291

LIMES

Simultaneous determination of the absorbing capacity and exchangeable calcium and magnesium in **acid** *non-limed* and limed soddy-podzolic soils. 061738
Effect of various doses of *lime* and **dolomitic** meal on the soil fertility and yields of farm crops [Field crops, potatoes]. 061987
Less can mean more—in *lime* **[Fertilizers].** 062010
Supplies of **freshwater** *lime* in the non-Chernozem area—a source of liming material. 061989
Effects of *lime* on **herbage** production and chemical composition of 'cynodon IB.8' and on some chemical properties of the soil. 061926
From lagooning to farmland application: the next step in *lime* **sludge** disposal [Waterwaste management]. 062466
Simultaneous determination of the absorbing capacity and exchangeable calcium and magnesium in acid non-limed and *limed* **soddy-podzolic** soils. 061738
Conversion of pyrophosphate and tripolyphosphate of potassium [fertilizers] in acid and *limed* **soddy-podzolic** soils. 061981
Optimum calcium removal in *lime* **softening** [Water treatment]. 062239
Effect of **sweet** *lime* on four different root stocks [sour orange, rough lemon] for yield and quality. 062097
Tristeza virus complex: its transmission by the aphid, Toxoptera citricidus [to orange and *lime* **trees].** 060328
Acclimatization of activated sludge to *lime-sulfide* **unhairing** effluents. 062463

LIMESTONE

Liming as the **basis** for increasing crop production. 062074
'Stalagmiform' roots in *limestone* **caves** [Eucalyptus gomphocephala]. 056863
The alteration of the phosphate regime in soddy-podzolic soil as a result of annual and supply application of superphosphate and ground phosphate rock under the **conditions** of *liming*. 061953
Effect of *liming* and **kieserite** and Superstop C application on potato yield and quality. 062071
Supplies of freshwater lime in the non-Chernozem area—a source of *liming* **material.** 061989
The alteration of agrochemical properties of soddy-podzolic soil throughout the profile under the effect of 62 years of application of fertilizers and **periodical** *liming*. 061952
No till corn. 2. Fertilizer and *liming* **practices.** 061927
Availability and efficiency of potassium pyrophophate depending on **soil** *liming*. 062093

LIMNANTHES

Meadowfoam *[Limnanthes* and **jojoba,** Simmondsia] to oil gears of industry [Seed oils which can be chemically converted to wax esters comparable in quality to sperm whale oil]. 058818

LIMNOLOGY

Limnological **studies** of and primary production in temple pond ecosystems [Blue green algae]. 056696
The use of remote sensing in *limnological* **studies** [Water resource management]. 062222

LIMONENE

Metabolism of *(+)-limonene* [a **major** component of the essential oils of many fruits and spices] in rats [Nutrition]. 053191

LIMONIIDAE

A new species of the genus Ormosia [subserrata] (Diptera, *Limoniidae)* from **northwest** Caucasus. 061269

LIMOUSIN

A performance feeding trial for Simmental X Angus and *Limousin* X **Angus** bulls and steers. 054944
Bryophytes of the Vienne basin. 4. Racomitrium patens (Hedw.) Hueb. in **north** *Limousin*. 056595

LINARIA

The geographical distribution, ecology and cytotaxonomy of *Linaria* **hellenica** Turrill (Scrophulariaceae) [Greece]. 056479
On the constituents of *Linaria* **japonica** Miq. II. The structure of linaridial, a new cis-clerodane-type diterpene dialdehyde. 057497

LINCOMYCIN
Efficacy of *lincomycin* and **spectinomycin** on canine pathogens. 055653

LINDANE
Mass spectrometric method for the estimation of *lindane* and **carbaryl** [insecticide] residues in straw, rice and bran. 060602
Influence of treflan, *lindane*, and **ceresan** on different parameters of symbiotic nitrogen fixation and yield in Cicer arietinum [Chickpeas]. 060618
Effect of *lindane* on **egg** production and egg shell quality in egg type hens. 054667
Effect of *lindane* **[pesticides]** on nodulation, grain yield and nitrogen uptake of gram (Cicer arietinum) crop [Chickpeas, toxicity]. 059875

LINDENS
Conditions of occurrence and proportion of **small-leaf** *linden* (Tilia cordata Mill.) in forest communities of the Masurian lakeland. 056692

LINEAR
A **discrete** *linear* cascade model for hydrology [Water resources]. 062250
Comparison of **dual** *linear* and dot-grid eyepiece methods for estimating wood properties of Douglas-fir [Pseudotsuga taxifolia]. 056269
Ecologico-genetic analysis of the *linear* **increase** of Pinus sylvestris in th region of Tungus catastrophe of 1908. 057004
A procedure for **linking** *linear* programming to FORTRAN for post-optimal budgeting [Grain volume handling]. 052729
Use of electrogrammetry to predict the weight of beef carcasses and wholesale cuts *(Linear* **measurements,** carcass evaluation]. 053825
Culture peculiarities of aquatic hyphomycetes [Fungi]. III. Effect of yeast extract on **mycelium** *linear* growth. 057978
Sensitivity of *linear* and **nonlinear** surface runoff models to input errors. 062257
Oxocrinol and crinitol, **novel** *linear* terpenoids from the brown alga Cystoseira crinita. 057961
Prices and demands for input characteristics [Corn quality standards, *linear* **programming].** 052572
An application of generalised least squares estimation of *linear* **regression** model with random coefficients to paddy production function for Sambalpur district (Orissa). 052770
A **rumen** *linear* programming model for evaluation of concepts of rumen microbial function. 054574

LINGUAL
Lingual **block** in buffalo calves (Bubalus buballs). 055839

LINGUATULA
Prevalence of *Linguatula* **serrata** infection in animals from the Cairo Abattoir [Sheep, buffaloes, camels, pigs]. 055624

LININGS
Effects of storage temperature and **container** *lining* on some quality attributes of papaya nectar. 054008
Full-scale investigations of groundwater pressure on **tunnel** *linings.* 062204

LINOGNATHUS
Efficacy of ronnell as a pour-on and coumaphos as a dust for control of cattle lice [Bovicola bovis, *Linognathus* **vituli,** Haematopinus eurysternus]. 060426

LINOLENIC
Biosynthesis of leaf alcohol formation of 3Z-hexenal from *linolenic* **acid** in chloroplasts of Thea sinensis [tea] leaves. 057221

LINSEED
Investigation into the possibility of replacing dried skim milk in milk mixtures for calves by thermally and enzymatically conditioned wheat and *linseed* **meals.** 054925

LINT
Removing spots and grass by *lint* **cleaning** at cotton gins [Processing]. 053881

LINUM
Formative effects of morphactin on the shoot apical meristem of **flax** *(Linum* usitatissimum L.). 057208

LIPASES
Purification and characterization of rice **bran** *lipase* II. 053868
Chemical studies on rice **bran** *lipase.* 053898
Retention of lipolytic products in [rat] chylomicrons incubated with **lipoprotein** *lipase:* electron microscope study. 053223
Milk *lipase* activity. 053702
Is there more than **one** *lipase* in bovine milk? 053696
Studies on the effect of [bovine] bile salt and colipase on enzymatic lipolysis. Improved method for the determination of **pancreatic** *lipase* and colipase. 054380
Bovine **pancreatic** *lipase.* I. Isolation, homogeneity, and characterization. 054575
Effect of *lipase* **pre-treatment** of the artificial diet on the feeding of silkworm larvae, Bombyx mori L. 061350
Influence of heat **resistant** *lipases* & proteases in psychrotrophic bacteria on product quality [Milk]. 053691
Triacylglycerol *lipase* activity in baker's yeast (Saccharomyces cerevisiae). 057316

LIPIDS
Interactions between water and surface **active** *lipids* in food systems. 053542
Interfacial regulation: influence of lipid polar group conformation on *lipid* **activitation** of C55-isoprenoid alcohol phosphokinase apoprotein [Ficus elastica]. 057574
Change in quantity of *lipids* and **cell** size during intracytoplasmic membrane formation in Gluconobacter oxydans. 053598
Lipids of **chloroplasts** and their functional role. 057979
On some *lipidic* **components** from the root of Petasites hybridus (L.) G. M. Sch. 057507
Lipid **composition** of a nisin-producing strain of Streptococcus lactis [Dairy bacteria]. 053795
Lipid **composition** of cucumber. 054051
Equine serum lipids: *lipid* **composition** and electrophoretic mobility of equine serum lipoprotein fractions [Horses]. 054303
Lipid **composition** and lipid molecular species of Lipomyces starkeyi [Fungi] cultivated in medium containing 1,2-propanediol. 057229
Quantitative effects of unsaturated fatty acids in microbial mutants. IV. *Lipid* **composition** of Saccharomyces cerevisiae [yeasts] when growth is limited by unsaturated fatty acid supply. 057385
Lipid **composition** of wheat etioplast, etiochloroplast and chloroplast envelopes. 058044
Lipid **composition** of prolamellar body membranes of etiolated and greening wheat leaves. 058045
Lipid **composition** of Acer pseudoplatanus (sycamore) cells and some aspects of their ultrastructure during growth in batch suspension culture. 058616
Cuticular *lipids* of the imported fire ants, Solenopsis invicta and [Solenopsis] richteri. 060861
The effect of **dietary** *lipids* and vitamin E on lipid peroxide formation, cytochrome P-450 and oxidative demethylation in the endoplasmic reticulum [Rats]. 053113
Influence of low ambient temperature and **dietary** *lipids* on adipose tissue and plasma fatty acid composition of the Japanese quail. 054469
On the interaction of melanoidin with metallic ions [in autoxidation of *lipids* in **food].** 053470
Fowl *lipid* status as related to the physical form of the feed [Chickens]. 054993
Ultrastructure and *lipid* **identification** during conidium germination of Stemphylium sarcinaeforme [Agent of leaf spot disease of red clover]. 059258
Identification by nuclear magnetic resonance of **iodinated** *lipids* in the dog thyroid. 054344
The isolation, properties and taxonomic relevance of *lipid-soluble*, **iron-binding** compounds (the nocobactins) from Nocardia [asteroides, Nocardia brasiliensis, Nocardia caviae]. 056527
Molecular motion and order in single-bilayer vesicles and multilamellar dispersions of egg lecithin and lecithin-cholesterol mixtures. A deuterium nuclear magnetic resonance study of specifically **labeled** *lipids.* 053843
Level of fatness and *lipid* **levels** [Nutrition survey]. 053144
Alteration of **lung** *lipids* in ozone exposed rats. 055901
Interrelationships between amino acid and *lipid* **metabolism** in the tsetse fly, Glossina morsitans. 060872
Role of heme proteins in peroxidation of **milk** *lipids.* 053740
Lipid composition and *lipid* **molecular** species of Lipomyces starkeyi [Fungi] cultivated in medium containing 1,2-propanediol. 057229
The influence of anesthetics and cholesterol on the degree of molecular organization and mobility of ox brain white matter. *Lipids* in **multibilayer** membranes: a spin probe study using spectral simulation by the stochastic method. 054639
Studies on *lipids* of **natto** [soybean food in Japanese diets]. 053589
Neutral *lipids* of Aedes aegypti and Aedes albopictus cell cultured in vitro. 060936
Levels of nutritiona complexity in Phytophthora: *lipids,* **nitrogen** sources and growth factors. 059407
The composition and utilization of *lipids* and the **operativity** of the glyoxylate cycle during the germination of Lupinus[lupine] seeds. 058078
Association of *lipid* **oxidation** with seed ageing and death [Peas, Aspergillus ruber]. 059359
Effects of electron donor and acceptors, electron transfer mediators, and superoxide dismutase on *lipid* **peroxidation** in illuminated [spinach] chloroplst fragments. 058489
The effect of dietary lipids and vitamin E on *lipid* **peroxide** formation, cytochrome P-450 and oxidative demethylation in the endoplasmic reticulum [Rats]. 053113
The *lipids* of **plant** tissue cultures. 057218
Interfacial regulation: influence of *lipid* **polar** group conformation on lipid activitation of C55-isoprenoid alcohol phosphokinase apoprotein [Ficus elastica]. 057574
Diol inositolphosphatides in **polar** *lipids* of Helianthus annuus [sunflower]. 058039
Studies made on pigment producing wood fungi. IV. Changes in fatty acid composition and *lipid* **production** in Peniophora sanguinea (Fr.) Bres. from tyrosine administration. 057993
Very low density lipoproteins in normal and cholesterol-fed rabbits: *lipid* and **protein** composition and metabolism. 1. Chemical composition of very low density lipoproteins in rabbits. 053109
Very low density lipoproteins in normal and cholesterol-fed rabbits: *lipid* **protein** composition and metabolism. 2. Metabolism of very low density lipoproteins in rabbits. 053110
Composition of *lipids* in the **rapeseed** oil hydration sludges. 053856
Lipids in **red** blood cells of mature hypercholesterolemic rats in relation to sex and biotin status. 053286
Equine **serum** *lipids:* serum lipids and glucose in Morgan andThoroughbred horses and Shetland ponies. 054301
Equine **serum** *lipids:* serum lipoprotein profiles of Morgan and Thoroughbred horses. 054302
Equine **serum** *lipids:* lipid composition and electrophoretic mobility of equine serum lipoprotein fractions [Horses]. 054303
Investigation by immunofluorescence of arterial lesions in rabbits on two different *lipid* **supplements** and treated with pyridinol carbamate [Beef fat diet, atherosclerosis]. 053107
An investigation of the **surface** *lipids* of the glabrous cotton (Gossypium hirsutum L.) strain, Bayou SM1. 058113
Studies on *lipid* **synthesis** and degradation in developing soybean cotyledons. 058194
A kinetic concept of *lipid* **transport** in ruminants. A review[Metabolism]. 054573
Force-feeding: effects on metabolism and *lipid* **transport** in duck liver. 054771
Sesquiterpene lactones of Eupatorium hyssopifolium. A germacranolide with an **unusual** *lipid* ester side chain. 057717

LIPOGENESIS
The effect of prolactin and CB154 on in **vivo** *lipogenesis* and enzyme patterns in the Japanese quail, Coturnix coturnix japonica and of photostimulation on enzyme patterns in the white-throated sparrow, Zonotrichia albicollis. 054443

LIPOLYSIS
Experience with *lipolytic* **activities** in milk & dairy products. 053685
Lipolytic **activity** of organisms isolated from refrigerated bulk milk. 053700
Enzymic aspects of *lipolysis* [in **bovine** milk]. 053684
Physiological factors conducive to *lipolysis* [**Bovine** milk]. 053704
Lipolysis in **butter** pre- and post-manufacture. 053697
Prevention of *lipolysis* in **dairy** products. 053705
Different *lipolytic* **effects** of theophylline and dibutyryl cyclic AMP [adenosine-5'-monophosphate] in vivo and in vitro [Dogs]. 054682
Studies on the effect of [bovine] bile salt and colipase on **enzymatic** *lipolysis.* Improved method for the determination of pancreatic lipase and colipase. 054380
The *lipolytic* **enzymes** and co-factors responsible for spontaneous rancidity in cow's milk. 052973
Partitioning of the *lipolytic* **enzymes** in bovine milk. 053703
Study of the *lipolytic* **enzymes** of cotton seeds. IV. Triacetinase. 058065
Effects of *lipolytic* **enzymes** on the photochemical activities of spinach chloroplasts. 058302
Influence of design on milking **equipment** on *lipolysis.* 053690
Influence of milking machine installations on *lipolysis* in **farm** milk. 053694
Lipolysis in **hard** cheese made from pasteurized milk. 053698
Identity of the major lipolytic enzyme activity of bovine milk in relation to spontaneous & **induced** *lipolysis.* 053689
Inhibition by acidosis of adenosine 3',5'-cyclic monophosphate accumulation and *lipolysis* in **isolated** rat fat cells. 054254
Identity of the **major** *lipolytic* enzyme activity of bovine milk in relation to spontaneous & induced lipolysis. 053689
The susceptibility of cow's **milk** to *lipolysis.* 053021
Is there a correlation between organoleptic & chemical procedures for the assessment of *lipolysis* [in **milk**]? 053695
Lipolysis in **milk** & dairy products. Definition of problem. 053699
Influence of *lipolysis* on **milko-tester** analysis. 053692
Retention of *lipolytic* **products** in [rat] chylomicrons incubated with lipoprotein lipase: electron microscope study. 053223
Relative importance of the sequential steps in milk collection and assembly in **promoting** *lipolysis.* 053706
Importance of milking technique in **reducing** *lipolysis.* 054134
Factors governing the susceptibility of milk to **spontaneous** *lipolysis.* 053686
Influence of physiological factors on the *lipolytic* **susceptibility** of milk [Dairy cattle]. 054458

LIPOMYCES
Nuclear membrane breakdown at mitosis in *Lipomyces* **lipofer** [Fungi] shown by freeze-substitution. 056899
Lipid composition and lipid molecular species of *Lipomyces* **starkeyi** [Fungi] cultivated in medium containing 1,2-propanediol. 057229

LIPOPOLYSACCHARIDE
Antibody formation in mouse bone marrow. V. The response to the thymus-independent antigen Escherichia **coli** *lipopolysaccharide.* 055528

LIPOPROTEINS
Cytochrome c1 of bakers' yeast [Saccharomyces cerevisiae]. II. Synthesis on cytoplasmic ribosomes and influence of oxygen and heme on **accumulation** of the *apoprotein.* 057653

Study of three types of *pigment-lipoprotein* **complexes** from pea chloroplasts. 058363
Action of hydrolytic enzymes on the fluorescence spectra of *pigment-lipoprotein* **complexes** of Photosystem I [Pea chloroplasts]. 058452
Very low **density** *lipoproteins* in normal and cholesterol-fed rabbits: lipid and protein composition and metabolism. 1. Chemical composition of very low density lipoproteins in rabbits. 053109
Very low **density** *lipoproteins* in normal and cholesterol-fed rabbits: lipid protein composition and metabolism. 2. Metabolism of very low density lipoproteins in rabbits. 053110
Uptake and degradation of low **density** *lipoprotein* by swine arterial smooth muscle cells with inhibition of cholesterol biosynthesis. 053114
Influence of thawing rate and aging temperature on viscosity of freeze-thawed [egg] yolk and low **density** *lipoprotein*. 053842
Distribution of cholesterol and triglycerides among *lipoprotein* **fractions** in fat-fed rabbits at different levels of serum cholesterol. 053106
Retention of lipolytic products in [rat] chylomicrons incubated with *lipoprotein* **lipase:** electron microscope study. 053223
Reconstitution in vitro of nitrate reductase from *apoprotein* of **molybdenum-deficient** spinach. 058530
Interfacial regulation: influence of lipid polar group conformation on lipid activitation of C55-isoprenoid alcohol **phosphokinase** *apoprotein* [Ficus elastica]. 057574
Plasma *lipoprotein* profile and composition in White Carneau and Show Racer breeds of pigeons. 054425
Abnormal low density **plasma** *lipoproteins* occurring in dogs with obstructive jaundice. 055835
The influence of a high level of corn oil on rat **serum** *lipoproteins* [Cholesterol, diets]. 053108
Equine serum lipids: **serum** *lipoprotein* profiles of Morgan and Thoroughbred horses. 054302
Equine serum lipids: lipid composition and electrophoretic mobility of equine **serum** *lipoprotein* fractions [Horses]. 054303
Distribution of Lpm-allotypic determinants among molecules of mink **serum** *alpha2-lipoproteins*. 054517
Creep compliance studies of egg **yolk** *lipoprotein* interfacial films. 053844

LIPOSCELIDAE

Food preference of a common psocid Liposcelis entomophilus (End.) **Psocoptera:** *Liposcelidae*. 060850

LIPOSCELIS

Food preference of a common **psocid** *Liposcelis* entomophilus (End.) Psocoptera: Liposcelidae. 060850

LIPOXYGENASES

Further studies of the kinetics of oxygenation of arachidonic acid by **soybean** *lipoxygenase*. 058048
An attempt to localize the threshold reaction in phytochrome-mediated control of *lipoxygenase* **synthesis** in the mustard seedling. 057824

LIQUEFACTION

Brief review of *liquefaction* [of **saturated** sandy subsoil] during earthquakes in Japan. 061880

LIQUIDAMBAR

Environmental influence on cell and wood characters of *Liquidambar* **styraciflua** L. 056140

LIQUORS

Contribution to the characterization of the sodium chlorite delignification of spruce [Picea] wood. II. Investigations of *liquors* from various **delignifactions** with special regard to dissolved polysaccharides. 056253
On ability of yeast from the genus Candida to assimilate sugars and acetic acid from mineral medium and **sulphite** *liquors*. 057754

LIRIODENDRON

Electron microscopy of vesicular-arbuscular mycorrhizae of yellow poplar *[Liriodendron* **tulipifera].** III. Host-endophyte interactions during arbuscular development. 058563
Electron microscopy of vesicular-arbuscular mycorrhizae of yellow poplar *[Liriodendron* **tulipifera].** IV. Host-endophyte interactions during arbuscular deterioration. 058564
D-isolaureline—a new alkaloid from *Liriodendron* **tulipifera.** 058566

LISTERIA

Histological investigation of fleas, Ceratophyllus consimilis Wagn. infected with the agent of **listeriosis** *(Listeria* monocytogenes). 060487

LISTERIOSIS

Histological investigation of fleas, Ceratophyllus consimilis Wagn. infected with the agent of *listeriosis* **(Listeria** monocytogenes). 060487

LITCHI

Hints for the establishment of *litchi* **orchards.** 059168
Preliminary studies on preventing **quick-freezing** *lychee* fruits from pericarp browning. 053994

LITHIUM

Ge(Li) spectrometric measurements of isotopic uranium ratios in soils treated with apatite-derived **fertilizers** *[Germanium(lithium)].* 062440
Metabolic activity of potato plant ribosomes in dependence on their **supply** with *lithium*. 058354

LITHOCARPUS

Structures of eight new triterpenoids and isolation of other triterpenoids and epi-ikshusterol from the stems of *Lithocarpus* **cornea.** 057678
Acidic triterpenoids from **nine** *Lithocarpus* species of Hong Kong. 057854

LITHOSPERMUM

A new smut, Thecaphora lithospermi on *Lithospermum* **officinale** from China [Parasitic fungi]. 059481
In vivo inhibition of gonadotropins and thyrotropin in the chick by extracts of *Lithospermum* **ruderale.** 054504

LITTERS

Bovine *litter* size. 055068
Fermentation of ensiled **broiler** *litter* [Livestock feed]. 054113
Broiler *litter* as a wintering feed for beef cows and heifers. 054945
Organic contribution of stream edge **forest** *litter* fall to the chalk stream ecosystem. 056734
Quantitative study of feeding in woodland by the slug Arionater [Decomposition process, **forest** *litter].* 061768
Production [and growth inhibitory effect] of ethylene by **incubated** *litter* of Pinus radiata. 055992
"Litters of **lambs"** performance of Finn cross ewes. 055226
The quantity of meat produced by **one** *litter* as method for the evaluation of heterosis in swine. 055209
Effect on energy level in late gestation on *litter* **performance** [Swine]. 055234
Dispersal of terrestrial **plant** *litter* into a subalpine lake. 056733
Effects of **postnatal** *litter* size on reproduction of female mice. 055118
Influence of litter size, genetic background and weaning practices on *litter* **productivity** [Swine]. 055235
The effects of parity, *litter* **size,** season, and breeding protocol on the number of DBA/2J Ten mice available for weaning. 055166
Influence of *litter* **size,** genetic background and weaning practices on litter productivity [Swine]. 055235
Comparisons of *litter* **size** by use of natural and by artificial mating in pigs. 055266
A quantitative evaluation of the participation of earthworms in the processing of **tree** *litter.* 061886
Housing, equipment and *litter* for **turkeys.** 054144

LIVER

Studies on beta-oxidation in the **adult** *liver* fluke Fasciolahepatica [obtained from slaughterhouses]. 055581
Development of the large **American** *liver* fluke, Fascioloides magna, in white-tailed deer, cattle, and sheep. 055617
Comparative enzymatic properties of **avian** *liver* and skeletal muscle D-fructose-1,6-bisphosphate 1-phosphohydrolase [Chickens]. 054423
Essential arginine residues in **[beef** *liver]* glutamate dehydrogenase. 054489
Biosynthesis of porphyrins and related macrocycles. VI. Nature of the rearrangement process leading to the natural type III porphyrins [chicken, **beef** *liver,* Euglena gracilisalgae]. 054565
The use of a *liver* **biopsy** technique for investigating the effects of hexachlorobenzene on some drug-metabolising enzymes in sheep. 055930
Ascorbate-2-phosphate inhibition of ascorbate-2-sulfate sulfohydrolase from **bovine** *liver.* 054341
Mechanism of **bovine** *liver* glutamate dehydrogenase self-assembly. III. Characterization of the association-dissociation stoichiometry with quasi-elastic light scattering. 054596
Characterization of a triglyceride hydrolase secreted by **canine** *liver* maintained in vitro. 054679
Organ-specific and species-specific antigens in **cat** *liver.* 054406
Parasitological studies on Cape Verde (results of the mission from December 1972 to January 1973) **[Cattle** *liver* fluke control]. 055518
Cell surface glycosyl transferase activities in *liver* **cells** of developing chicken embryos. 054638
A possible role for melatonin in regulation of **chick** *liver* xanthine dehydrogenase activity. 054321
Research on subcellular localization of procollagen proline hydroxylase from **chick** *liver.* 054375
Effect of propylthiouracil-induced hypothyroidism on phosphatidylcholine, phosphatidylethanolamine, and sphingomyelin synthesis in **chick** *liver* microsomes. 054424
Chicken *liver* fructose 1,6-bisphosphatase: purification and some properties. 054323
Analysis of the complexity and diversity of mRNA from **chicken** *liver* and oviduct. 054431
Effects of polysaccharides on cholesterol metabolism. 6. Effects of various polysaccharides on serum and *liver* **cholesterol** levels in cholesterol-fed rats. 053238
The **common** *liver* fluke [Fasciola hepatica] in sheep. 055656
Experimental study of the morphogenesis of nutmeg fibrosis of the *liver* **[Dogs].** 055820
Determination of adenine nucleotide in the *liver* of **domestic** fowls. 054747
Force-feeding: effects on metabolism and lipid transport in **duck** *liver.* 054771
Delta-aminolevulinic acid synthase from chick **embro** *liver* mitochondria. II. Immunochemical correlation between synthesis and activity in induction and repression. 054553
Studies on the mechanism of in vitro estradiol-17-beta induced synthesis of phosvitin in chick **embryo** *liver* cells. 054430
Delta-aminolevulinic acid synthase from chick **embryo** *liver* mitochondria. I. Purification and some properties. 054552
Liver **enlargement** induced by the herbicide 2,4,5-trichlorophenoxyacetic acid (2,4,5-T) [Rats]. 059995
Changes in *liver* **enzyme** activities of glycine metabolism of rats fed excess glycine diets. 053084
Changes of alpha-glycerophosphate dehydrogenase activity in **fatty** *liver* of rats by amino acids imbalance [Diets]. 054765
The involvement of biotin in preventing the **fatty** *liver* and kidney syndrome in chicks. 055874
Effects of vitamin E and the rancid **fish** *liver* oil on the spinal motoneurones of white rats. 053347
Adenosine cyclic 3',5'-monophosphate in the *liver* **fluke,** Fasciola hepatica. I. Activation of adenylate cyclase by 5-hydroxytryptamine. 055677
Adenosine cyclic 3',5'-monophosphate in the *liver* **fluke,** Fasciola hepatica. II. Activation of protein kinase by 5-hydroxyltryptamine. 055678
The establishment and duration of Fasciola hepatica *[liver* **fluke]** infections in two strains of rats and the developmentof acquired resistance. 055752
Liver **free** amino acids in adult cockerels fed diets containing graded levels of protein. 054909
RNA content in the *liver* of **growing** chickens as affected by iodine compounds. 054755
Inhibition of **hog** *liver* crystalline quinolinate phosphoribosyltransferse by nucleotides, quinolinate analogues and sulfhydryl reagents. 054261
Kinetics and mechanism of the F1 isozyme of **horse** *liver* aldehyde dehydrogenase. 054325
Inactivation of **horse** *liver* alcohol dehydrogenase by modification of cysteine residue 174 with diazonium-1H-tetrazole. 054360
Chemical reactivities of catalytic and noncatalytic zinc or cobalt atoms of **horse** *liver* alcohol dehydrogenase: differentiation by their thermodynamic and kinetic properties. 054675
The determination of some "toxic" metals in **human** *liver* as a guide to normal levels in New Zealand. II. Arsenic, mercury and selenium. 062364
Plasma bile acid elevation following CCl4 [carbon tetrachloride] **induced** *liver* damage in dogs, sheep, calves and ponies. 055927
Oestradiol as a regulator of the metabolism of vitamin D3 in the *liver* of **Japanese** quail. 054590
Effects of repeated administration of oxytetracycline on kidney, *liver,* and **liver** mixed-function oxidases in the rat. 055941
Development of *liver* **microsomal** oxidations in the chick. 054741
Effects of repeated administration of oxytetracycline on kidney, liver, and *liver* **mixed-function** oxidases in the rat. 055941
Cholesterol levels, atherosclerosis and *liver* **morphology** in rabbits fed cyclopropenoid fatty acids. 053164
Genetics of **murine** *liver* and kidney arylsulfatase B1 [Control of quantitative enzyme variation in mammalian systems]. 055084
Dietary regulation of *liver* and **muscle** transport of amino acid [Rats]. 053093
Effect of insulin on body composition and free amino acid levels in blood, *liver* and **muscle** of the growing rat subjected to energetic restriction. 054315
Differences in properties of cytosol and membrane-derived prtein kinases [in membrane fractions of bovine brain, heart, *liver,* and **muscle].** 054554
Body burden of hexachlorobenzene in suckling rats and its effects on various organs and on *liver* **porphyrin** accumulation. 055908
Studies on *liver* **protein** turnover of rats fed a protein free diet supplemented with methionine and threonine. 053288
The relationship between the zinc status of pigs and the occurrence of copper- and Zn-binding **proteins** in *liver.* 054385
Cytological changes in **rabbit** *liver* induced by thioacetamide. 053674
Effect of dietary protein and tryptophan on the turnover of **rat** *liver* ornithine aminotransferase. 053207
Limited proteolysis of the very-lysine-rich histone H1 by amembrane-bound proteinase from **rat** *liver.* 054493
Ultrastructural changes in *liver* of the **rat** fed hexachlorobenzene [Fungicides]. 055895
Estradiol-induced enhancement of the processing of the 32S ribosomal precursor in **rooster** *liver.* 054490
Effects of adrenalectomy upon **ruminant** *liver* and mammary function during lactation. 054577
A device for **sampling** *liver* tissue from unanesthetized mice. 055323
The effects of nitroxynil on the survival, growth and morphology of Fasciola hepatica *[liver-fluke]* in **sheep.** 055751
Experimental measurements and theoretical calculations on muscle and *liver* **tissue** during cryosurgery. I. Experiments on freezing of rabbit tissue. 055296

Nitrogen metabolism of *liver* **tissue** in chickens during single and 3-fold infection with oocysts of Eimeria tenella. 055717

LIVERWORT *see* HEPATICAE

LIVERWORTS

Ecological studies on **epiphyllous** *liverworts* in western Nigeria [Hepaticae]. II. Notes on competition and successional changes. 056753
Philippine *liverworts*. III. Calobryales and Herbertales of the Philippines [Hepaticae]. 056568

LIVESTOCK

Husbandry **advances** *[Livestock]*. 054194
Rectification of **agricultural** *livestock* production and drinking water catchment relative to housing is important as especially effective protection of young born with a mysterious kidney disease. 055374
Comparative viewpoints on **amyloidosis** in *livestock*. 055860
1974 corn crop surveyed for selenium. Selenium is an essential element for *livestock* **[Analysis].** 054116
Effect of biotin deficiency on some properties of Staphylococcus aureaus isolates from humans and other **animals** [Includes *livestock*]. 055568
Effect of the partial eclipse of the sun on 15th February 1961 [n Poland] on animal **behaviour** [Includes *livestock*]. 054497
The 80th birthday of the Academician of the Lenin All-Union Academy of Agricultural Sciences Nikita Fedorovich Rostovisev *[Livestock* **breeding].** 055257
Introducing results of laboratory reseach and experimental work into production [Plant and *livestock* **breeding].** 056929
Controlled environment; is there such a thing? *[Livestock,* **Buildings].** 061449
Micronization, a simple process for valorization and treatment of **cereals** [for *livestock*]. 054075
Breeding control. *Livestock* **control,** swine control, and effective control. 055168
Feedlot fly [Musca domestica, Stomoxys calcitrans] **control** *[Livestock]*. 060494
Dedelov interfarm milk production establishment: good relations of *livestock* and **crop** production as well as scientific feeding, contribution to effective feed management [East Germany]. 054874
Dimilin: evalutaion as a *livestock* **dietary** feed additive for control of Musca domestica larvae in cattle waste. 060440
The veterinary practitioner in *[livestock]* **disease** monitoring. 055320
Maedi: control, view of the Veterinary Administration [Pulmonary adenomatosis, virus **diseases,** *livestock]*. 055700
Maedi—distribution pattern; current situation [Pulmonary adenomatosis, virus **diseases,** *livestock]*. 055701
Maedi—etiology, symptoms, diagnosis [Pulmonary adenomatosis, virus **diseases,** *livestock]*. 055702
When to use injectable vitamin A and why [Deficiency **diseases,** *livestock]*. 055870
An idea becomes a reality: The development of the **Egyptian** *Livestock* Association [Feeder cattle sales]. 052600
Potato preservation for *livestock* **feed.** 054099
Fermentation of ensiled broiler litter *[Livestock* **feed].** 054113
Utilization of wood waste as **feed** *[Livestock]*. 056250
Cereal processing [for *livestock* **feeding].** 053956
Oilseed cakes and their importance in nutrition **[Feeding** *livestock]*. 054112
Water requirements of *livestock* **[Feeding].** 054810
The 75th birthday of the Academician of the Lenin All-Union Academy of Agricultural Sciences Aleksandr Petrovich Dmitrochenko *[Livestock* **feeding].** 054973
Effectiveness of using enzyme preparations in the agriculture of the USSR *[Livestock* **feeding].** 054986
A food product basis for [the population living around] the Baikal-Amur highway [The creation of *livestock* and **food** crop farms in East Siberia and Far East]. 052319
Studies on speed-up of snow melting in a grassland. 3. For the extension of *livestock* **grazing** season in early spring. 058815
Insulation of cubicle **houses,** yes or no? *[Livestock]*. 061428
Balanced two-period changeover designs for several treatments [in *livestock* **husbandry].** 054172
Aspects and causes of immunological incompatibility and of fertility in interspecific **hybridization** *[Livestock]*. 055280
General bases of the problem of inbreeding and crossbreeding in the future of *livestock* **improvement.** 055284
Questions of compensation in **industrial** *livestock* production [Subsidies, East Germany]. 052675
Future trends for *livestock* **industries** [Animal production, commodities]. 052813
Correct use of chloramphenicol [Salmonella **infections** in *livestock]*. 055771
Effective use of all feeds, a decisive contribution to an **intensified** *livestock* production. 054875
Repeatability of live animal scores in beef cattle *[Livestock* **judging].** 054220
Estimating erythrocyte glyceraldehyde-3-phosphate dehydrogenase by a new method *[Livestock,* **laboratory** animals]. 054689
A study of disposal of **liquid** *livestock* waste on agricultural and forested watersheds. 062393
Insecticides [Economic plants, *livestock,* **man].** 060133
Information concerning nutrient content of *livestock* **manure** in reference to fertilizing plans. 061923
Agricultural statistics: *Livestock,* **meat** production, civil year balance sheets. 052762
Disease control in **modern** *livestock* production. New considerations of professional policy [Veterinary medicine]. 055339
Flow patterns and sedimentation in *livestock* **oxidation** ditches [Waste treatment]. 062561
Effect of haloxon and thiabendazole on the free-living stages of Haemonchus contortus *[livestock* **parasite,** nematoda, control]. 055730
Phenotypic differences in female Ostertagia circumcincta [nematodes] as demonstrated by isozymes hydrolizing alpha-naphthyl acetate *[Livestock* **parasites].** 055422
Fourth symposium on Taeniarhynchus cysticercosis on April 26, 1974 in Schwerin [Abstracts of papers, *livestock* **parasites,** transmission]. 055431
On the importance of some biohelminths [including *livestock* **parasites**] in the study of the energy flow in ecosystems. 055722
A science to be welcomed: the promise of genetic engineering *[Livestock,* **plants].** 055056
Reactions of animals during the partial solar eclipses in **Poland** in 1959, 1966, 1969 and 1971 [Includes *livestock]*. 054501
Economic impact of restricting feed additives in *livestock* and **poultry** production [Costs, prices]. 052568
Livestock and **poultry** [Production]. 052726
Livestock and **poultry** in the world. 054244
Feeding garlicky wheat [to *livestock,* **poultry].** 054798
Position and development of *livestock* **production.** 052817
Contributions of science to improving the situation of making decisions on the field of *livestock* **production** [Programs]. 052872
Use of feed testing in crop and *livestock* **production** for high feed economy. 054102
Good drinking water is conditional for *livestock* **production** [Feeding]. 054786
Residue problem in *livestock* **production** involving chemical pest control [Toxicology]. 055922
Stock water, the essential farm **resource** *[Livestock]*. 054826
Economic losses to **sarcocystis** *[Livestock]*. 055685
The Kenya National Artificial Insemination **Service** *[Livestock]*. 055264
The influence of slope and orientation on effectiveness of *livestock* **shades.** 061464
Preliminary studies on the characterization and distribution of Staphylococcus and Micrococcus species on animal **skin** [Includes *livestock]*. 055435
Feed energy **sources** for *livestock*. 054111
Studies on the *livestock* of **southern** Darfur, Sudan. II. Production traits in cattle. 054231
Straw handling and feeding with **straw** *[Livestock]*. 054898
Tick-borne *livestock* diseases and their vectors. 1. The global problem [Ixodides]. 060509
Resource development—feed **utilization** *[Livestock]*. 054896
Vermont *livestock*, 1974 [Statistics]. 052772

LIVEWEIGHTS

Simulating change in **cattle** *liveweight* during the transition period in a dry monsoonal climate. 054335
Study on the behaviour of young cattle intensively fattened on slated floor. II. Influence of age, sex and floor space per 100 **kilogram** *liveweight*. 055000
Study on the fattening and slaughter indexes of Large White pigs **slaughtered** at different *liveweights*. 054248

LOAMS

Comparative micromorphology of soddy-podzolic soils derived from loamy moraine and noncalcareous **loess-like** *loam*. 061674
Spatial variability of in situ unsaturated hydraulic conductivity of Maddock **sandy** *loam*. 061876
Rheologic characteristics of **soddy-podzolic** *sandy-loam* soils. 061702
Effect of fertilizers on yield and chemical composition of early potatoes in **soddy-podzolic** *loamy* sandy soil. 061985
Effect of perennial grass cover on the condition of agrophysical properties of *loamy* **soils** of the East Slovakian Lowland. 061817

LOANS *see* LENDING

LOBELIAS

The **giant** *lobelias:* toxicity, inflorescence and tre-building in the Campanulaceae. 058599

LOBES

Gerontological studies on calcium, magnesium, iron, copper and zinc concentrations in the heart and frontal **cerebral** *lobes* of rats. 054737

LOBIVIA

Lobivia **famatimensis.** 18. [Cactaceae]. 056545

LOBLOLLY

Geographic patterns of fusiform rust [Cronartium **fusiforme]in** *loblolly* and slash pine [Pinus taeda, Pinus elliottii] plantations. 059486
Leaf fall and forest floor characteristics in *loblolly* **pine** [Pinus taeda] plantations in the South Carolina Piedmont. 055988
Comparison of diameter growth and crown competition factor in *loblolly* **pine** [Pinus taeda] plantations. 056027
Deer forage and overstory dynamics in a *loblolly* **pine** [Pinus taeda] plantation. 056050
A test of Agricol as a root dip [for *loblolly* **pine** seedlings exposed to the sun and air, Pinus taeda]. 056125
Size and saccharide distribution of soluble products from stepwise-peroxyacetic acid deligni‑ficaton of *loblolly* **pine** [Pinus taeda]. 056252
Actual evapotranspiration and the natural range of *loblolly* **pine** [Pinus taeda]. 058575
Height growth of planted and direct **seeded** *loblolly* pine [Pinus taeda, measurement]. 056058

LOBSTERS

Species difference in metabolism of parathion [organophosphorus insecticides] apparent inability of *[lobster]* **hepatopancreas** fractions to produce paraoxon. 060540

LOCULUS

Inheritance of *interlocular* **cavitation** in a six-parent diallel cross in snap beans (Phaseolus vulgaris L.). 057062

LOCUSTA

A correlation between histone acetylation and chromatin changes in spermatids of the **locust** *(Locusta* migratoria). 060765
Cobalt-staining of motor nerve endings in the **locust** *(Locusta* migratoria). 060790
Influence of infra-optimal breeding temperature on spermiogenesis of the **locust** *Locusta* migratoria. I. Abnormalities indifferentiation of the cytoplasmic organelles. 060954
Influence of infra-optimal breeding temperature on spermiogenesis of the **locust** *Locusta* migratoria. II. Abnormalities in differentiation of the nucleus. 060955
Autoradiographic study of nuclear protein acetylation during locust *[Locusta* **migratoria]** spermiogenesis. 060631
Evolution of nuclear structures during spermiogenesis; origin and evolution of intranuclear inclusions of the locust, *Locusta* **migratoria.** 060632
Research with light and electron microscopy on the neurosecretory cells in the tritocerebrum of *Locusta* **migratoria** (Insecta, Orthoptera). 060681
Cardiotropic effect of C17 synthetic juvenile hormone on *Locusta* **migratoria** L. 060714
On the existence of a little-known cell type of endocrine aspect in the mesenteron of *Locusta* **migratoria.** 060723
Studies of phase morphometric differences between *Locusta* **migratoria** cinerascens and Locusta migratoria migratorioides and their albino mutants. 060727
Turnover of body water in relation to the hydric diet studies with tritiated water in *Locusta* **migratoria** migratorioides. 060729
Variations of permeability in the testicular follicles of *Locusta* **migratoria** migratoroides (Orthoptera) during the last larval instar. 060732
Spatial distribution of synapses onto thoracic motor neurones in locusts [Schistocerca gregaria, *Locusta* **migratoria].** 060745
Changes of enzyme patterns in the integument of *Locusta* **migratoria** during formation of adult cuticle. 060859
In vitro protein synthesis by tissues of the fifth instar locust *[Locusta* **migratoria** migratoroides]. 060871
Arousal changes in the locust optomotor system *[Locusta* **migratoria].** 060917
Pioneer neurones in an insect embryo *[Locusta* **migratoria].** 060976
Some thermal characteristics of insect flight: enzyme optima versus intra-thoracic temperature [Pachynoda sinuata, *Locusta* **migratoria** migratorioides]. 061010
The ultrastructure of the rectal gland epithelium in *Locusta* **migratoria** and its changes under the influence of an antidiuretic neurohormone preparation in in vitro experiments. 061059

LOCUSTS

Locust **alanine** aminotransferase has subunit structure [Schistocerca gregaria]. 060798
Microorganisms in gums. V. Degradation of the galactomannans guar gum and *locust* **bean** gum by different bacilli. 053519
The occurrence of insecticides in the blood of staff of a *locust* **control** organization [Schistocerca gregaria]. 060123
Effects of gamma radiation and hempa on the midgut of the **desert** *locust* Schistocerca gregaria. 060806
In vitro protein synthesis by tissues of the fifth **instar** *locust* [Locusta migratoria migratoroides]. 060871
Autoradiographic study of nuclear protein acetylation during *locust* **[Locusta** migratoria] spermiogenesis. 060631
Evolution of nuclear structures during spermiogenesis; origin and evolution of intranuclear inclusions of the *locust,* **Locusta** migratoria. 060632
A correlation between histone acetylation and chromatin changes in spermatids of the *locust* **(Locusta** migratoria). 060765
Cobalt-staining of motor nerve endings in the *locust* **(Locusta** migratoria). 060790

Influence of infra-optimal breeding temperature on spermiogenesis of the *locust* **Locusta** migratoria. I. Abnormalities indifferentiation of the cytoplasmic organelles. 060954
Influence of infra-optimal breeding temperature on spermiogenesis of the *locust* **Locusta** migratoria. II. Abnormalities in differentiation of the nucleus. 060955
Arousal changes in the *locust* **optomotor** system [Locusta migratoria]. 060917
Spatial distribution of synapses onto thoracic motor neurones in *locusts* **[Schistocerca** gregaria, Locusta migratoria]. 060745
Measurements of different parameters of the compound eye of the *locust,* **Schistocerca** gregaria, and related species. 060808

LODGEPOLE

The ingress of regeneration following harvest and scarification of *lodgepole* **pine** stands [Pinus contorta]. 056096

LOESS

Comparative micromorphology of soddy-podzolic soils derived from loamy moraine and **non-calcareous** *loess-like* loam. 061674

LOGGERS

The physical strain on the *logger* in **advanced** labor intensive pulpwood preparation methods. 056160

LOGGING

Logging and other **ACV's** [air-cushion vehicle] show their paces at uplands. 056259
Automatic setting of a twin **circular** saw *[Logging].* 056198
Pallari busharvester *[Logging* **equipment].** 056158
Logging **hazards** on mountain slopes [Damage to forest site]. 055979
Timber handling **[Helicopter** *logging].* 056174
Regeneration of red pine [Pinus resinosa] and white pine [Pinus strobus] following wildfire and *logging* in **northeastern** Minnesota. 056115
A program for improving [product recovery] volume & value recovery in *logging* **operations.** 056247
Effect of farmyard manure, nitrogenous fertilizers and **water** *logging* on the availability of P [phosphorus] to rice crop. 062048

LOGS

Scanners can be simple **[Computerized** *log* breakdown]. 056229
The *small-log* **dilemma:** a variety of solutions. 056233
Nicaraguan **[hardwood** *logs]* plant aims at quality. 056303
One-man *[log]* **inventory** control from mill to headrig. 056222
Feeding & offbearing with hydraulic loaders *[Log* and **lumberhandling** equipment]. 056209
Handling & merchandising treelength **material** *[Logs].* 056213
Building a *small-log* **mill** for pine and hardwood. 056199
Wood borer control in [white] spruce [Picea glauca] *logs* with **p-dichlorobenzene** and plastic sheeting (Coleoptera: Cerambycidae). 060366
Computer-operated drives for *log/board* **processing.** 056202
Designing a budget for construction cost control *[Log* **processing** system]. 056205
Transversal system for **treelength** *log* processing. 056234

LOLIUM

Formic acid silage of annual ryegrass *[Lolium].* I. **Ensiling** of annual ryegrass. 054106
Formic acid silage of annual ryegrass *[Lolium].* II. **Feeding** silage of Westerwolth ryegrass to dairy cows. 054888
Carbohydrates and carbohydrate esters of ferulic acid released from cell walls of *Lolium* **multiflorum** by treatment with cellulolytic enzymes. 058168
Finishing steers on ryegrass *[Lolium]-clover* **pasture** with supplemental grain [Costs]. 054776
Hybrids between *Lolium* **perenne** and Festuca pratensis. IV. Cytological abnormalities. 057106
Genetic control of chromosome pairing in polyploid fescues [in crossing with *Lolium]:* its **phylogenetic** and breeding implications [Festuca]. 057050
The vascular pattern of Italian **ryegrass** *(Lolium* multiflorum Lam.). 1. The young seedling and its variability. 056778
The vascular pattern of Italian **ryegrass** *(Lolium* multiflorum Lam.) 2. Development of the seedling axis to maturity. 056779
Effect of annual **ryegrass** *(Lolium* rigidum Gaud.) on yield of wheat. 060059
The effect of asulam on **two** *Lolium* perenne swards containing Rumex obtusifolius. 060070

LONGEVITY

Effects of fluorine on productivity and *longevity* in **beef** cows. 054779
Sterilization of the melon fly, Dacus cucurbitae Coquillett with gamma radiation: effect of rate of emergence, *longevity* and **fertility.** 060259
Sterilization of the melon fly, Dacus cucurbitae Coquillett with gamma radiation: effect on rate of emergence, *longevity* and **fertility.** 060260
Longevity of **red** clover (Trifolium pratense) under indoor conditions. 058054

LONGITUDE

Longitudinal and **lateral** transport of [3,4-3H] [hydrogen isotope] gibberellin A1 and 3-indolyl (acetic acid-2-14C) [carbon isotope] in upright and geotropically responding green internode segments from Helianthus annuus [sunflowers]. 058135

LONGLEAF

Timing overstory removal in *longleaf* **pine** [Pinus palustris]. 056116
Planting dates for *longleaf,* **slash,** and sand pine seeds [Pinus palustris, Pinus elliottii, Pinus clausa] in the southeastern sandhills: effect on temperature and rainfall. 058617

LONICERA

Studies on monoterpene glucosides and related natural products. XXX. The fate of the C-8 proton of 7-deoxyloganic acid in the biosynthesis of secoiridoid glucosides into *Lonicera* **morrowii,** Cornus officinalis and Gentiana thunbergii]. 057500
111 relationship of winter transpiration of selected species from the genera Viburnum, Populus and *Lonicera* to the **northern** boundary of their geographical distribution. 057763
Three forest climbers: ivy [Hedera helix], old man's beard [Clematis vitalba] and honeysuckle *[Lonicera* **periclymenum].** 059950

LOOPERS

Replication and passage of **alfalfa** *looper* [Autographa californica] nuclear polyhedrosis virus plaque variants in clonedcell cultures and larval stages of four host species. 060224
Aspects of the cross transmission to Galleria mellonella ofa Baculovirus from the **alfalfa** *looper,* Autographa californica [Biological control]. 061331
An experimental analysis and integrated evaluation of various factors involved in the host plant specificity of the **cucumber** *looper,* Anadevidia peponis (Fabricius) (Lepidoptera: Noctuidae). 060257
An experimental analysis and integrated evaluation of various factors involved in the host plant specificity of the **cucumber** *looper,* Anadevidia peponis (Fabricius) (Lepidoptera: Noctuidae). 060258
Insect [pests] control programs, with emphasis on the *"looper"* **[Filberts,** walnuts]. 060329

LOPHODERMIUM

Genetic variation and breeding of Scots pine [Pinus sylvestris, *Lophodermium* **pinastri,** needle cast] in the Netherlands. 056103

LORANTHACEAE

Phloem in the cortical strands of Viscum **album** *L. (Loranthaceae).* 056901
Chromosome numbers in African and **Madagascan** *Loranthaceae* and Viscaceae. 056409

LOTUS

Morphology and host range of virulent phages of lotus rhizobia *[Lotus* **corniculatus].** 059503
A study of the relationship between honey bee (Apis mellifera L.) and birdsfoot **trefoil** *(Lotus* corniculatus L.) [Pollination]. 061375

LOUSE *see* LICE

LOWLANDS

Overland storm runoff and sediment transport on the **Azov-Kuban** *lowland.* 061662
A contribution to the knowlege of the course of lactation curve as an indicator of adaptation of **Black-and-White** *Lowland* cattle to the conditions prevailing in this country [Yugoslavia]. 054731
Influence of Cittelus pygmaeus on salt migration in soils of **Caspian** *lowland.* 061801
Survey of [field] crop yields harvested in mountain districts as compared with the *lowland* in **eastern** Norway. 058859
Some data obtained from irrigation and fertilization of sugarbeets in the East **Slovakian** *Lowland.* 058840
Effect of perennial grass cover on the condition of agrophysical properties of loamy soils of the East **Slovakian** *Lowland.* 061817
Late cenozoic evolution of **tropical** *lowland* vegetation in Veracruz, Mexico. 056685

LOXOSTEGE

North American larvae of the **genus** *Loxostege* Hubner (Lepidoptera: Pyralidae: Pyraustinae). 061156

LUCERNES

New market potential for dried **grass** and *lucerne.* 052564
Studies on the relation of the population of insect pollinators [Ceratina binghami, Megachile flavipes] with seed production in *lucerne* (**Medicago** sativa). 060852
Is the "king of fodders" *[lucerne]* **profitable?** 052505

LUCIFERIN

Source of oxygen in the CO2 [carbon dioxide] produced during chemiluminescence of firefly luciferyl-adenylate and **Renilla** *luciferin* [Lampyridae]. 060695

LUCILIA

Some relationships between diet and ovarian development in *Lucilia* **cuprina** (Wied.) (Diptera: Calliphoridae) [Australian sheep blowfly]. 060420
Genetics of lucilin, a storage protein from the sheep blowfly, *Lucilia* **cuprina** (Calliphoridae). 060698

LUMBER

Report on experiments with planing of *lumber* by **downmilling** and upmilling. 056245
Fueling *[lumber]* **dry** kilns with planer shavings. 056212
Finger-jointed *lumber* stretches raw material. 056210
Forestry—*lumber* production, recreation, conservation of nature. 056073
Developing the Japanese market for **framing** *lumber.* 056206
Kiln-stick thickness effect on drying 2-inch western hemlock [Tsuga **heterophylla]** *lumber.* 056168
Export potential & the **Japanese** *lumber* system. 056208
Metric *lumber* sizes: no longer if, but when. 056219
Considerations in choosing a *lumber* **sorting** system. 056203

LUMINESCENCE

Molecular mechanism of inhibition of **firefly** *luminescence* by local anesthetics [Lampiridae]. 061005
Comparison of the quantity of microorganisms in the soil different types with the help of Calyx method and *luminescent* **microscopy.** 061757

LUNAR

Diel and *lunar* **flight** periodicities in the light borwn apple moth, Epiphyas postvittana (Walker) (Tortricidae) and their possible adaptive significance. 060686

LUNCH

Evaluation of a low cost meal in a **school** *lunch* programme [in India]. 053185
Brown bread and peanut butter: South Africa's answer to Type A **[school** *lunches].* 053341

LUNGS

Release of adenosine by hypoxic **canine** *lung* tissue and its possible role in pulmonary circulation. 054292
Protein composition of *lung* **fluids** in acute alloxan edema in dogs. 054289
Alteration of *lung* **lipids** in ozone exposed rats. 055901

LUNULA

Dinoflagellate bioluminescence: a comparative study of in vitro components [Algae, Gonyaulax, **Dissodinium** *lunula,* Pyrocystis noctiluca]. 057661

LUPINE

Development during vegetative growth in the apical region of the shoot of Lupinus **albus** *[Lupine].* 058006
Localization of nitrogenase components and other nonhemin ferroproteids of *lupin* **bacteroids** in polyacrylamide gel. 057753
Lupin **breeding** in Western Australia. The narrow-leaf lupin [Lupinus angustifolius]. 057059
Synthesis of thiamin and riboflavin by nodule bacteria of **clover** and *lupin.* 057757
Group B vitamins in nodules of *lupine* **inoculated** with active and low active strains of nodule bacteria. 057751
Growing **interest** in *lupins.* 058793
Lupin breeding in Western Australia. The **narrow-leaf** *lupin* [Lupinus angustifolius]. 057059
Calcium and phosphorus requirements in *lupin* **seed** rations for pigs. 054828
The composition and utilization of lipids and the operativity of the glyoxylate cycle during the germination of *Lupinus[lupine]* **seeds.** 058078
The use of **Uniwhite** *lupin-seed* meal (LSM) in diets for young weaned piglets. 054928

LUPINUS

Development during vegetative growth in the apical region of the shoot of *Lupinus* **albus** [Lupine]. 058006
Lupin breeding in Western Australia. The narrow-leaf lupin *[Lupinus* **angustifolius].** 057059
The composition and utilization of lipids and the operativity of the glyoxylate cycle during the germination of *Lupinus[lupine]* **seeds.** 058078

LUTEINIZATION

Effect of *luteinizing* **hormone** releasing hormone on plasma levels of luteinizing hormone, oestradiol and testosterone in the male dog. 054584
Inhibition by oestradiol of the pituitary response to *luteinizing* **hormone** releasing hormone in the dog. 054587
Variations in pituitary and blood LH *[luteinizing* **hormone]** during puberty in the male lamb. Relation to time of birth. 055043
Luteinizing **hormone** and luteinizing hormone releasing hormone-like immunoreactivity in the jugular venous blood of sheep at various stages of the oestrous cycle. 055144
Luteinizing **hormone** release after injection of synthetic luteinizing hormone releasing hormone at various stages of the oestrous cycle in the sheep. 055145
Plasma levels of *luteinizing* **hormone,** progesterone, testosterone and 5alpha-dihydrotestosterone in male and female pigs during sexual maturation. 055148
Studies on the positive feedback effects of sex steroids on *luteinizing* **hormone** secretion in the hen. 055150
Effects of an intraventricular injection of synthetic ACTH [adrenocorticotropin] on plasma testosterone, progesterone and LH *[luteinizing* **hormone]** levels and on sexual behavior in male and female rabbits. 055184
Serum luteinizing hormone concentrations in dairy heifers after intravenous and intrauterine administration of *luteinizing* **hormone-releasing** hormone. 055258

Luteinizing hormone release after injection of **synthetic** *luteinizing* hormone releasing hormone at various stages of the oestrous cycle in the sheep. 055145

LUTEOLIN
Tricetin, diosmetin and *luteolin* **sulphates** in leaves of Lachenalia unifolia. 057877

LYASES
Effect of infection [of tomatoes] with Verticillium albo-atrum and agents interacting with DNA on the activity of peroxidase and phenylalanine **ammonia** *lyase*. 059402
Enzymatic maceration of plant tissues by **endo-pectin** *lyase* and endo-polygalacturonase from Aspergillus japonicus [Potatoes, onions, radishes]. 059422
A specific inactivator of glyoxysomal **isocitrate** *lyase* from sunflower (Helianthus annuus L.) cotyledons. 058079
A new **mandelonitrile** *lyase* from the cherrylaurel (Prunus laurocerasus). 058372
Wound-induced **phenylalanine** *ammonia-lyase* in potato tuber tissue: Development of enzyme activity and effects of antibiotics. 058396
Changes in **phenylalanine** *ammonia-lyase*, peroxidase and polyphenoloxidase during the development of local necrotic lesions in pinto bean leaves infected with alfalfa mosaic virus. 059627

LYCAENIDAE
Wing scents and scent-released phases in the courtship behavior of Lycaeides argyrognomon (Lepidoptera: *Lycaenidae)* **[Pheromones].** 060899

LYCHEE *see* LITCHI

LYCOPERSICON
Structure and function of the genetic information in the plastids. XIII. Lamellar proteins of pale plastids of plastom and gene mutants of Hordeum and *Lycopersicon* [**Barley,** tomatoes]. 056947
Effects of 6-benzylamino purine and gibberellin A4/7 on seedling growth of *Lycopersicon* **esculentum** Mill. [Tomatoes]. 058389
A possible endogenous rhythm in internal ethylene levels in the leaves of *Lycopersicon* **esculentum** Mill [Tomatoes]. 058499
Diurnal periodicity in the stem exudation rate for *Lycopersicon* **racemigerum** (Lange). 057366
Effect of fruit thinning on **tomato** *(Lycopersicon* esculentumMill) yield and quality. 058914

LYCOPODIUM
A new locality for *Lycopodium* **serratum** in Mexico. 056379

LYCORIS
Isolation of 2-(4-hydroxybenzyl)malic acid from *Lycoris* **radiata.** 057864

LYCOSA
The wolf spiders of Australia (Araneae: Lycosidae). 5. Two new species of the bicolor group [Lycosa snelli, *Lycosa* **duraki].** 061211

LYCOSIDAE
The population dynamics of an Australian wolf spider, Geolycosa godeffroyi (L. Koch 1865) **(Araneae:** *Lycosidae).* 060896
The wolf spiders of Australia (Araneae: *Lycosidae).* 5. **Two** new species of the bicolor group [Lycosa snelli, Lycosa duraki]. 061211

LYGAEUS
Flight patterns of *Lygaeus* **equestris** (Heteroptera) in spring and autumn with special reference to the influence of weather. 060989

LYMANTRIA
A strain of Serratia marcescens pathogenic for larvae of *Lymantria* **dispar:** characterization [Forest pests, biolgical control]. 060934

LYMNAEIDAE
The epidemiology of Fasciola hepatica infections in sheep on a *Lymnaea* **columella** habitat in the Manawatu. 055684

LYMPH
Nucleotide-nucleoside pool in leukocytes of cattle with **chronic** *lymphatic* leukemia. 055819

LYMPHADENITIS
Cervical *lymphadenitis* in the guinea pig. 055799
Atypical **mycobacterial** *lymphadenitis* in pigs. III. Studies on the spreading of the disease with the faeces. 055658

LYMPHOCYTES
The possibility of detecting **foetal** *lymphocytes* in maternal blood in cattle (Bos taurus taurus). 054503
Combined (**B-** and *T-lymphocyte)* **immunodeficiency** in an Arabian foal. 055757
T and B *lymphocytes* in **porcine** blood. 054307
A simple method for the cryopreservation of [rat and sheep] *lymphocytes.* **Retention** of specific immune effector functions by frozen-stored cells. 054439
Isolation of *lymphocyte* **subpopulations** from rabbit peripheral blood. Comparison of methods based on recovery of rosetteforming cells and on recovery of Ig [immunoglobulin]. 055613
In vitro DNA synthesis in *lymphocytes* from **turkeys** vaccinated with LaSota, TC, and inactivated Newcastle disease vaccines. 055450

LYMPHOID
Biosynthesis of membrane bound Ig and secretion of Ig [immunoglobulin] by **chicken** *lymphoid* cells. 054357

LYMPHOPROLIFERATIVE
A *lymphoproliferative* **disease** in Japanese quail [Reticuloendotheliosis and avian leukosis virus subgroup A were present]. 055438

LYSIMETRY
A hydraulic load cell **buoyed** *lysimeter* [Soil water balance measurement]. 061856
Irrigation tests on maize with *lysimeter.* **Effect** of changesin potential evapotranspiration on yield. 062177
Rapid sampling of peat soil monoliths with undisturbed structures and their **packing** into *lysimeters.* 061810
Lysimeter **research** concerning evaporation in bananas grown in Lebanon. 058422

LYSINE
Abomasal *lysine* infusion in steers fed a urea supplemented diet. 054829
Copper-induced activation of **aortic** *lysyl* oxidase in vivo [Chicks]. 054676
Vinyl compounds as reagents for **available** *lysine* in proteins. 053622
Chemical estimation of **available** *lysine* in dehydrated dairy products. 053779
On the determination of **available** *lysine* in casein and rapeseed protein concentrates using 2,4,6-trinitrobenzenesulphonic acid (TNBS) as a reagent for free epsilon amino group of lysine. 053872
Protein quality of some barley lines as related to *lysine* **content.** 053287
Environmental influences on wheat [flour protein] *lysine* **content.** 053926
Reevaluation of common wheats from the USDA world wheat collection for protein and *lysine* **content** [Analysis]. 053961
Effectiveness of maize mixtures balanced with local protein forages and addition of *L-lysine* and **DL-methionine** in fattening porkers. I. Fattening qualities, nutrient digestibility and nitrogen balance. 054987
Lysine **estimation** in single kernels of Maize (Zea mays L.) [Breeding study]. 057203
Application of chemical and biological assay procedures for *lysine* to **fish** meals [Feeds, chicks]. 054825
On the determination of available lysine in casein and rapeseed protein concentrates using 2,4,6-trinitrobenzenesulphonic acid (TNBS) as a reagent for free epsilon amino **group** of *lysine.* 053872
Nutritional evaluation of **high** *lysine* barley fed to pigs. 054903
Commercially grown **high** *lysine* corns for swine. 054946
The effect of ligands on the reactivity of sulphydryl groups, and the modification of *lysine,* **histidine** and tryptophan residues of pyruvate kinase of Neurospora crassa [Fungi]. 057638
Limited proteolysis of the *very-lysine-rich* **histone** H1 by amembrane-bound proteinase from rat liver. 054493
Biological effects of *Nepsilon-(DL-2-amino-2-carboxyethyl)-L-lysine,* **lysinoalanine** [from alkali treated soybeans]. 053035
On energy, *lysine* and **methionine** + cystine requirements of fattening pigs. 054995
Effects of dietary vitamin D and calcium on *lysyl* **oxidase** activity in chick bone metaphyses. 054683
[Nutritional] requirements of ducklings for methionine **pluscystine** and *lysine.* 054784
Comparison of methods for *lysine* **screening** in barley [Breeding]. 056965
The use of distillers dried grains with solubles as a source of *lysine* for **swine.** 054791
Regulation of *lysine* **transport** by feedback inhibition in Saccharomyces cerevisiae [Yeast]. 057646
Lysine and **tryptophan** increases during germination of cereal grains. 058057
The content of *lysine* and **tryptophan** in winter wheat grain under various conditions of growing [Effect of kind and rateof fertilizers]. 058259

LYSIS
Chitinase production by an [predaceous] Arthrobacter sp. *Lysing* **cells** of Fusarium roseum [Biological control]. 059473
Effects of the structure of phenolic compounds [extracted from tomato plants] on the inhibition of Phytophthora parasitica and on *lytic* **enzymes.** I. Isoflavonoids and coumestans. 059404
Effect of acridine dyes and other substances on growth, *lysis* and **toxicity** of Anabaena flos-aquae NRC-44-1 [Algae]. 057275
Isolation and identification of red yeast [Rhodotorula glutinis] cell **wall** *lytic* enzyme producing microorganism. 057227
Purification and some properties of red yeast cell **wall** *lytic* enzyme [of Penicillium lilacinum]. 057231

LYSOMES
Erysipelas [Erysipelothrix rhusiopathiae] arthritis in swine: *lysosomal* **enzyme** levels in synovial fluids. 055407

LYSOZYMES
Bindng of substrate analogues to subsites D, E, and F of hen **egg-white** *lysozyme.* 054549
The influence of urea and guanidine chloride on the binding of the bacterial substrate and inhibitors to **hen** *lysozyme* at physiological temperature (40 degrees). 054381

LYTTA
Transfer of cantharidin (1) during copulation from the adult male to the **female** *Lytta* vesicatoria ('Spanish flies'). 060803

MACACA *see* MONKEYS

MACADAMIA *see* PROTEACEAE

MACARONI
Infestability of lasagna noodles and **lasagna** *macaroni* by Oryzaephilus spp. and Tribolium spp. 060404

MACERATION
Microchemical method for delignification of the cell membranes and for provoking **artificial** *maceration* [Cotton seeds]. 056807
Enzymatic *maceration* of plant tissues by endo-pectin lyase and endo-polygalacturonase from Aspergillus japonicus [Potatoes, onions, radishes]. 059422
Wine manufacture by heating red grape. Effect of **time** on *maceration.* 053978

MACHILIDAE
Topography, anatomy and histology of the vesicular glands in *Machilidae* **(Thysanura)** [Dilta hybernica, Lepismachilis, Machilis helleri]. 060623

MACHINERY
Union Ministry of Industrial Development's guidelines for industry 1975-76: **agricultural** *machinery* [India]. 061472
Machines selected by the committee for encouraging technical research for the 1976 International Show of **Agricultural** *Machinery.* 061482
Rutabagas this year? Cultivation of root **crops**—*machinery,* methods, costs. 052402
Materials for and manufacture of **dairy** *machinery,* plus inspection and maintenance of the dairy plant. 053753
More *machinery* **development** [in forest] work needed to combat rising costs. 056031
Light-weight cabin for **farm** *machinery.* 061550
Cooperation of th countries of the Council for Mutual Economic Assistance in the area of **farm** *machinery* construction. 061626
Is partial cultivation of cereal and the **heavy** *machinery* a threat to soil fertility? 062127
The potential of the construction design of dairy product **processing** *machinery* to correspond to modern requirements. Automatic adjustment and the practical accomplishment of this phase. 053756
The potential of the construction design of dairy product **processing** *machinery* to correspond to modern requirements. Automation of the processing of consumer milk. 053757
The potential of the construction design of dairy product **processing** *machinery* to correspond to modern requirements. Installation of tank equipment and the safety of mixing liquids. 053758
Requirements of modern milk **production** *machinery* in terms of design and maintenance. 053755
Protecting *machinery* with hydraulic shocks [used in sawmills]. 056228
Rutabagas this **year?**—*machinery,* methods, costs in the cultivation of root crops. 2. Harvesting work. 059139

MACLEAYA
Studies to the role of a ericuline converting enzyme (berberine bridge enzyme) in the benzylisoquinoline metabolism of plants *[Macleaya* **microcarpa].** 057294

MACLURA
An unusual rearing of Solva pallipes (Loew) (Diptera: Stratiomyidae) *[Maclura* **pomifera].** 060131

MACROINVERTEBRATES
The influence of a deep storage reservoir on the species diversity of **benthic** *macroinvertebrate* communities of the Guadalupe River, Texas [Water quality]. 062311

MACROMOLECULES
Photoelectric nephelometer for the study of proteins and other *macromolecular* **food** compounds. 053079
Changes affecting the *macromolecular* **structure** of the plastid of Euglena gracilis Z. [Algae] during heterotrophic growth. 057903
Synthesis of **virus-specific** *macromolecules* and maturation of virions in Sendai virus-infected chick embryo cells. 055806

MACRONUTRIENTS
Factors affecting the utilization of *macronutrients* in **diets** by dairy cows during grazing on cultivated pastures. 054823

The effect of dimethoate on caking of ammonium nitrate, carbanide and its compatibility with *macronutrient* and **micronutrient** fertilizers. 062089

MACROPHAGES

Phagocitic activation of a luminol-dependent chemiluminescence in rabbit akveloar and **peritoneal** *macrophages*. 054345

MACROPHOMINA

Charcoal rot *[Macrophomina]* of **Dahlia** [variabilis] and its control. 059368
Two new diseases of sunflowers in France [Verticillium dahliae, *Macrophomina* **phaseoli**]. 059224
Colonization of *Macrophomina* **phaseolina** on cotton roots in relation to sclerotial population in soil. 059366
Population study of the sclerotia of *Macrophomina* **phaseolina** in cotton fields. 059367
Effect of soil fungicides on *Macrophomina* **phaseolina** sclerotium viability in soil and in soybean stem pieces. 059421

MACROPHYTES

The influence of flight altitude and type of film on photo interpretation of **aquatic** *macrophytes* [Phragmites communis, Schoenoplectus lacustris, Nuphar luteum]. 056348

MACROSCOPY

Sequential sterile autolysis in the ovine fetus: *Macroscopic* **changes.** 055026
Rhinitis of pigs: A gross staining method for *macroscopic* **examination** of the nasal mucosa. 055785

MACROSIPHUM

Study of hemocytes of *Macrosiphum* **euphorbiae** (Thomas) (Homoptera: Aphididae). 060742
The green lacewing, Chrysopa carnea steph. (Neuroptera, Chrysopidae), used to control the green peach aphid, Myzus persicae Sulz., and the potato aphid, *Macrosiphum* n **peppers** [Biological control] ree. 060254

MAGGOTS

Chemical control on **oninon** *maggot* Hylemia antiqua (Meign) (Diptera: Anthomyiidae) with granular insectides. 060292
Accurate insecticide placement. The secret to successful **root** *maggot* control [Sugarbeets]. 060240

MAGNESITE

Vegetational conditions in the region of Jelsava with respects to the *[magnesite* **works]** emissions [Air pollution]. 056752

MAGNESIUM

Simultaneous determination of the absorbing capacity and exchangeable calcium and *magnesium* in **acid** non-limed and limed soddy-podzolic soils. 061738
Free and **bound** *magnesium* in fungi and yeasts [Saccharomycescerevisiae]. 057599
Mutual potentiation by *magnesium* and **calcium** of growth in animal [chick embryo] cells. 054678
Quantitative characteristics of exchange adsorption of the cation Ca-Co, Cu-Mg, and Co-Mg [calcium-cobalt, coppermagnesium, *cobalt-magnesium]* on a **Chernozem** and a soddypodzolic soil. 061809
Effect of *magnesium* **chlorate** on phosphoric metabolism in apricot sprouts. 058352
Some aspects of the mode of action of defoliants (with the example of Butiphos and *magnesium* **chlorate).** 059981
Dietary *magnesium* levels for sows during gestation and lactation. 054834
Calcium-sodium and *calcium-magnesium* **exchange** equilibria on some calcareous soils and a montmorillonite clay. 061640
The activation of ribulose-1,5-bisphosphate carboxylase by carbon dioxide and *magnesium* **ions.** Equilibria, kinetics, a suggested mechanism, and physiological implications [Spinach]. 058300
In vitro binding of IAA [indoleacetic acid] to plasma membrane-rich fractions containing Mg++ *[magnesium* **ions]-activated** ATPase [adenosine triphosphatase] from mung bean hypocotyls. 058490
Development of the nitrate, vitamin C, *magnesium* and **iron** contents during cooking of spinach. 053099
Gerontological studies on calcium, *magnesium,* **iron,** copper and zinc concentrations in the heart and frontal cerebral lobes of rats. 054737
Concentration of **lowgrade** *magnesium-containing* rock phosphates with different particle sizes from the Aksai deposit in Karatau. 062079
Influence of *magnesium* on **nickel** toxicity [Oats]. 059824
Interaction of calcium and *magnesium* in **nutrition** of intact sugarbeets. 058249
Ions of calcium and *magnesium* in **regulation** of respiration and phosphorylation of mitochondria from roots of maize seedlings. 058090
Magnesium **supplementation** of beef cows on pasture. 054954
Uptake and translocation of calcium and *magnesium* in **tomato** plants as influenced by infection with root-knot nematode Meloidogyne incognita and tobacco mosaic virus. 059833
Kinetics of potassium and *magnesium* **uptake** by intact soybean roots. 058161

MAGNETIC

Tryptophan determination by *magnetic* **circular** dichroism. 053621
Some applications of wide-line and pulsed n.m.r. **[Nuclear** *magnetic* resonance] in investigations of water in foods. 053551
Molecular motion and order in single-bilayer vesicles and multilamellar dispersions of egg lecithin and lecithin-cholesterol mixtures. A deuterium **nuclear** *magnetic* resonance study of specifically labeled lipids. 053843
31P [phosphorus isotope] **nuclear** *magnetic* resonance-pH [hydrogen-ion concentration] titrations of myo-inositol hexaphosphate [Biochemistry of cereal grains]. 053893
Identification by **nuclear** *magnetic* resonance of iodinated lipids in the dog thyroid. 054344
High-resolution NMR **[nuclear** *magnetic* resonance] study of yeast tRNALeu/CUA and the native and denatured conformers of yeast tRNALeu/UUG. 057321
Fungal products. XVIII. 13C [carbon isotope] **nuclear** *magnetic* resonance spectrum and biosynthesis of colletodiol [Colletotrichum capsici]. 057667
Magnetic **orientation** and its relation to photic orientation in Tenebrio molitor L. (Coleoptera, Tenebrionidae). 060983

MAGNETISM

An **electron** *paramagnetic* resonance study of Mn2+ [manganeseion] uptake by the chick cholioallantoic mambrane. 054366

MAIZE

Effect of ferredoxine on incorporation and distribution of 14CO2 [carbon dioxide, isotope] upon carboxylation of phosphoenolpyruvic **acid** in *maize*. 058040
Vaporization and uptake of atrazine [used postemergence for weed control in *corn]* with **additives.** 060088
Effect of increased density of stands on the vertical distribution of the biomass and leaf **area** *[Maize].* 058218
Bioelectric activity of *maize* and **bean** leaves under different conditions of illumination. 058081
Additional land [acreage] for crop production: *Corn* **Belt** States. 052267
Eradication of *corn* **bindweed** [Convolvulus] on arable land. 060048
The effect of light on the growth of Diplodia zeae [Fungi, rot and **blight** of *corn].* 059356
Maize **borer** [Chilo partellus (Swinhoe)] as carrier of Erwinia carotovora var. zeae, the causal agent of bacterial stalk rot of maize. 060182
Results of testing pesticides in *maize* **borer** (Ostrinia nubilalis Hbn.) control. 060237
Maize **breeding** in Kenya [Varieties]. 058752
Chromosome pairing in auto-polyploids *[Maize,* **cabbage].** 057138
Light-induced uptake of oxygen from chloroplast fragments and from mesophyll cells and bundle sheath **cells** in *maize.* 058041
Population studies on the *maize-borer,* **Chilo** partellus (Swinhoe), in the Punjab. II. Population build-up during the active season. 060210
Structure of granular and intergranular thylakoids of *maize* **chloroplasts** based on the data of cryocleavage. 056837
Cell membrane potential of *maize* **coleoptiles** affected by potassium and calcium ions. I. Empiric equations. 058024
Commercial *corn* hybrids performance—Dixon Springs, 1974 [Variety testing]. 058688
Actual problems **concerning** *maize* varieties. 058724
The development of improved agronomic practices for maize production in Kenya under unfavourable rainfed **conditions** *[Maize].* 058767
Ratios of *corn* to **corn** silage for finishing beef cattle. 054854
Greenhouse evaluations of leaf-feeding resistance in *corn* to the **corn** earworm [Heliothis zea]. 060215
Respiration of *maize* **corymbs** during germination of seeds. 058092
Effect of insect [Sitophilus oryzae, Callosobruchus chinensis] infestation on the protein efficiency ratio of the proteins of *maize* and **cowpea.** 060398
Effect of insect [Sitophilus oryzae, Callosobruchus chinensis] infestation on the chemical composition and nutritive value of *maize* and **cowpea.** 060399
1974 *corn* **crop** surveyed for selenium. Selenium is an essential element for livestock [Analysis]. 054116
Clean chop in a ripe *[maize]* **crop** [Equipment]. 061591
Three 'musts' for *maize* **[culture].** 058636
Grow your own *[sweet]corn* **[Culture].** 058989
Weed problems and problem weeds: new herbicides for millet control in *maize* **culture.** 059954
Paraquat as a **dessicant** on *corn.* 058690
Practices for the efficient utilization of energy for **drying** *corn.* 061463
Aphid transmission of *maize* **dwarf** mosaic virus strains [Rhopalosiphum maidis, Rhopalosiphum padi, Myzus persicae]. 059643
Greenhouse evaluations of leaf-feeding resistance in corn to the *corn* **earworm** [Heliothis zea]. 060215
Substitutes for agar in a wheat germ diet used to rear the *corn* **earworm** [Heliothis zea] and the sugarcane borer [Diatraea saccharalis]. 060661
Some aspects of population development and improvement in the **Egyptian** *maize* [breeding] programme. 057043
Towards developing high quality protein maize populations in the **Egyptian** *maize* programme [Breeding]. 057044
The method of total dissection of embryo sac and embryo for study of **embryogeny** in *maize.* 056822
Zein synthesis in *maize* **endosperm** by polyribosomes attached to protein bodies. 058239
Bacteria associated with eggs and first-instar larvae of the **European** *corn* borer [Ostrinia nubilalis]: identification and frequency of occurrence [Biological control]. 060219
Effects of Nosema pyrausta on pupa and adult stages of the **European** *corn* borer Ostrinia nubilalis [Biological control]. 060220
Evaluation of sweet corn inbreds for resistance for **European** *corn* borer. 060298
Regulation of larval diapause by juvenile hormone in the **European** *corn* borer, Ostrinia nubilalis. 060925
Potentials for stable resistance to Puccinia polysora in local (Nigerian) and **exotic** *maize* varieties. 059266
Growing of yeast [Candida tropicalis] on medium with paraffin and additives of molasses, stillage and *maize* **extract.** 057752
Cyanazine [herbicide] metabolism in *corn,* **fall** panicum, and green foxtail. 060058
Effect of graduated rations of grain fodder in the *maize* **feed** ration on the milk production and fat content in dairy cows. 054923
Nutritive needs and **fertilization** of *maize.* 061920
Incidence of aflatoxin in *corn* and a **field** method for aflatoxin analysis. 052966
Soil nutrition and the application of fertilizers in spring wheat and *maize* **fields.** 062095
Effects of plant population on **forage** *corn* yields and maturity on Prince Edward Island. 058665
When [are we going to get] **forage** *maize* varieties? 058681
Protein quality in cereals evaluated by rapid estimation of specific protein **fractions** *[Maize].* 053949
Regulation of expression of Adh **genes** in *maize.* 057139
Effect of cAMP [cyclic adenosine monophosphate] on the pattern of RNA synthesis in protoplasts isolated from **gibberellin-sensitive** *maize* seedlings. 058198
Studies on the soil atmosphere composition under *maize,* **grass** and bare fallow in western Kenya. 061666
Greenhouse evaluations of leaf-feeding resistance in corn to the corn earworm **[Heliothis** *zea].* 060215
Plant bugs [Anthonomus grandis, **Heliothis** *zea,* Heliothis virescens] and natural enemy insect populations on frego bract and smoothleaf cottons [Biological control]. 060241
Effects of various temperature regimes on the time required for emergence of diapausing **Heliothis** *zea.* 060648
Geographic and genetic variation in time required for emergence of diapausing **Heliothis** *zea.* 060650
Substitutes for agar in a wheat germ diet used to rear the corn earworm **[Heliothis** *zea]* and the sugarcane borer [Diatraea saccharalis]. 060661
Improvement in selectivity of perfluidone against Rottboellia exaltata in *maize* with **herbicide** protectants. 060063
Corn **herbicides** for conventional seedbeds, 1974. 059941
Phosphorus-zinc interaction. I. Sites of immobilization of zinc in *maize* at a **high** level of phosphorus [Deficiency]. 058206
Performance of **high-yielding** *corn* hybrids Pioneer X-306 B and Funk's G-795W at high levels of fertilization in the acid and relatively infertile soils (Ultisols and Oxisols) of Puerto Rico. 058788
Preliminary effects of incorporating opaque-2 in medium maturing **hybrid** *maize* [Breeding]. 057039
The nutritive value and feeding quality of silages made from *maize* **hybrids** of different maturity. 054118
A new supplementary method for determining the degree of male sterility in *maize* **hybrids** on male sterile basis. 056981
Maize **improvement** [breeding] programme—Kitale, Kenya. 057037
Maize **improvement** and production in Somalia [Varieties]. 058753
Maize **improvement** in Ghana [Culture]. 058754
Virus tolerance ratings of *corn* **inbred** lines grown in Ohio [Breeding for disease resistance]. 056942
Wire worm [Conoderus falli] resistance among *corn* **inbreds** [Selection breeding]. 060217
12,13-dihydro-12-hydroxyaustamide, a new dioxopiperazine from Aspergillus ustus **[Infected** *maize* meal]. 059386
Effect of feeding diet containing insect [Sitophilus oryzae, Callosobruchus chinensis] **infested** *maize* and cowpea on the growth and histological changes in livers of albino rats [Contaminated food]. 053039
Developmental expression of a catalase **inhibitor** in *maize.* 058188
Control of **insects** on *corn.* 060228
Irrigated *corn* production. 062190
Experience in seed production in **Kenya** *[Maize].* 053915
Corn and weeds. All 65 million acres of U.S. *Corn* **land** share a common problem: recurring weed infestations. 060090
Nuclear changes during differentiation of xylem vessel elements [in *corn* **leaves].** 056834

Carbon dioxide fixation and activity of some enzymes of carbon metabolism in *maize* **leaves.** 058087
Effect of regulators and inhibitors of growth on photosynthetic phosphorylation in chloroplasts islated from *maize* **leaves.** 058089
1975 virus tolerance ratings for corn strains grown in the **lower** *Corn* Belt [Breeding for disease resistance]. 056943
Irrigation tests on *maize* with **lysimeter.** Effect of changesin potential evapotranspiration on yield. 062177
Commercially grown high **lysine** *corns* for swine. 054946
Lysine estimation in single kernels of **Maize** *(Zea* mays L.) [Breeding study]. 057203
Maize *(Zea* mays L.) and weed growth, as affected by levels of straw mulching with and without herbicide under conventonal and minimum tillage. 059990
Changing patterns of regulation as root cells of Zea mays *[corn]* **mature.** 058025
Fluorine effects on chloroplast ultrastructure of *Zea* **mays** biometrical study [Maize]. 056856
Placement of genes for ribosomal RNA within the nucleolar organizing body of *Zea* **mays.** 056971
Changing patterns of regulation as root cells of *Zea* **mays** [corn] mature. 058025
Structure and morphogenesis of photosynthetic membranes. I. Is there a single basic peptide within *Zea* **mays** thylakoids? 058032
Synthesis and accumulation of pigments during development of the lamellar system of dimorphous plastids in *Zea* **mays** L. [Maize]. 058094
Photoassimilation of CO2 [carbon dioxide] by isolated bundle-sheath strands of *Zea* **mays** [maize]. I. Stimulation of CO2 assimilation by adding various intermediates of the photosynthetic cycle; evidence for a deficient photosystem II activity [Carbon isotope]. 058163
Photoassimilation of CO2 [carbon dioxide] by isolated bundle-sheath strands of *Zea* **mays** [maize]. II. Role of malate as a source of CO2 and reducin power for the photosynthetic activity of isolated bundle-sheath cells of Zea mays [Carbon isotope]. 058164
Contribution of cyanidin-3-galactoside and pelargonidin-3-glucoside to the pattern of anthocyanin accumulation during deficiencies of nitrogen, phosphorus and potassium in seedlings of *Zea* **mays** [Maize]. 058173
Michigan *corn* production. Hybrids compared, 1976 [Varieties, yields]. 058703
Diseases of *maize,* **millet** and sorghum. 059780
Distribution of cyanidin-3-galactoside and pelargonidin-3-glucoside in **mineral-deficient** *maize* seedlings. 058174
Effectiveness of *maize* **mixtures** balanced with local protein forages and addition of L-lysine and DL-methionine in fattening porkers. I. Fattening qualities, nutrient digestibility and nitrogen balance. 054987
New and rare plants on **mountainous** *Zea-Bureinsk* floristic region. 056421
Comparison of the amino acid composition of the grain of the *maize* **mutant** opaque 2 and its hybrid with the line W 64 A-162. 058215
Controls for mouse damage to **no-till** *corn.* 059743
Reduce disease with potassium. 4. *[Corn,* **nutritional** deficiencies]. 059713
The influence of a high level of *corn* **oil** on rat serum lipoproteins [Cholesterol, diets]. 053108
Preliminary evaluation of two new high-quality protein **opaque-2** *corn* varieties on an acid and relatively infertile soil (Utisol) of Puerto Rico. 058789
Juvenile hormone analogue for aphid control *[Maize* **pests].** 060195
Maize **pests,** their occurrence and control [Pyrausta nubialis, Oscinella frit, wireworms]. 060202
Response of *corn* to **phosphorus** fertilization in greenhouse, sunken drums and field experiments. 061962
Measurement of water and nitrogen fluxes in soil profiles **planted** to *maize.* 061696
Chemical forms of calcium in relation to the growth of young **plants** of *maize.* 058214
Evidence for translocation of zearalenone in *corn* **plants** colonized by Fusarium graminearum. 059260
Spectral reflectance studies on mineral deficiency in *corn* **plants.** 059783
Interaction of pesticide chemicals. Effect of eptam and itsantidote on the uptake and metabolism of [14C] [carbon isotope] phorate in *corn* **plants.** 060566
Where **Portugal's** *corn* is grown. 058675
A kinetic comparison of Streptomyces glucose isomerase in free solution and adsorbed on DEAE [dextran]-cellulose *[Maize* **processing].** 053894
New era [in use of Dinoseb as a biostimmulant] in *corn* **production?** 058706
Maize **production** in Kenya [Culture, yields]. 058755
The development of improved agronomic practices for *maize* **production** in Kenya under favourable rainfall conditions. 058765
The development of improved agronomic practices for *maize* **production** in Kenya under unfavourable rainfed conditions [Maize]. 058767
Determination of the optimum fate of substitution of basic intensification factors in *maize* **production.** 058839
Bitter peptides isolated from *maize* **protein** zein by hydrolysis with pepsin [Food chemistry]. 053653
Towards developing high quality **protein** *maize* populations in the Egyptian maize programme [Breeding]. 057044
Prices and demands for input characteristics *[Corn* **quality** standards, linear programming]. 052572
Corn **responses** to sulphur in Iowa [Yields]. 062067
Transcription of circular, single-stranded DNA by *maize* **RNA** polymerase II. 058080
Photoassimilation of CO2 [carbon dioxide] by isolated bundle-sheath strands of Zea mays *[maize].* II. **Role** of malate as a source of CO2 and reducin power for the photosynthetic activity of isolated bundle-sheath cells of Zea mays [Carbon isotope]. 058164
Apparent induction of glutamatedehydrogenase in the *maize* **root.** 058072
Characteristics of fusicoccin-induced changes of transmembrane potential and ion uptake in *maize* **root** segments. 058197
Uptake of labeled rubidium (86Rb) [isotope] by individual parts of *maize* **roots.** 058110
Giant cell formation in *corn* **roots** caused by Meloidogyne hapla [nematodes] infection. 059827
Maize borer [Chilo partellus (Swinhoe)] as carrier of Erwinia carotovora var. zeae, the causal agent of bacterial stalk **rot** of *maize.* 060182
Ions of calcium and magnesium in regulation of respiration and phosphorylation of mitochondria from roots of *maize* **seedlings.** 058090
Corn **silage** rations for ewes [Sheep, feeding]. 054808
Ratios of corn to *corn* **silage** for finishing beef cattle. 054854
A comparison of *corn* **silage** and alfalfa hay (mixed) for wintering ewes. 054943
Wintering beef cattle of *corn* **silage** supplemented with biuret or liquid supplement. 054957
Nitrate and mineral content of fresh and cut **silage** *maize* after heavy dressings of organic manure. Report of research on working farms in 1971 and 1972. 062041
Use of large quantities of liquid manure on **silage** *maize.* Report of field trials during 1972-1974 [Fertilizers, soil and water pollution]. 062042
Results of irrigation with the use of Fregat sprinkler on *maize* **silage.** 062191
Endopolyploidy in *maize* **smut** neoplasms induced by the maize smut fungus, Ustilago maydis. 059361
Processing of *maize,* **sorghum** & millets for food uses. 053934
Cultural practices for *maize,* **sorghum** and millets. 058741
1975 performance of field crop varieties. *Corn-grain* **sorghum-summer** annuals-oats-rye barley-wheat-alfalfa-tobacco-soybeans [Yields]. 058656
The effect of C and S group cytoplasms on resistance to **southern** *corn* leaf blight [caused by Bipolaris maydis]. 059428
Production and handling of eggs of **southwestern** *corn* borer [Diatraea grandiosella] for host plant resistance studies. 060242
Assessment of the concentration of biologically available vitamin B-6 in *corn* and **soybean** meal [Chicks]. 054832
Statistical separability of agricultural cover types *[Corn,* **soybeans,** green forage and forest] in subsets of one to twelve spectral channels. 052767
Recovery of *maize* **stems** for silaging [Equipment]. 061484
Photoassimilation of CO2 [carbon dioxide] by isolated bundle-sheath strands of Zea mays *[maize].* I. **Stimulation** of CO2 assimilation by adding various intermediates of the photosynthetic cycle; evidence for a deficient photosystem II activity [Carbon isotope]. 058163
Virus tolerance ratings for *corn* **strains** grown in Missouri [Breeding for disease resistance]. 056941
1975 virus tolerance ratings for *corn* **strains** grown in the lower Corn Belt [Breeding for disease resistance]. 056943
Fluorine effects on chloroplast ultrastructure of Zea mays biometrical **study** *[Maize].* 056856
Spiroplasma citri: the type species of spiroplasmas [Agent of *corn* **stunt** and citrus stubborn]. 059584
Spiroplasmas: studies on the microorganism associated with *corn* **stunt** disease [Insect vector Dalbulus maidis]. 059586
Supplemental *corn* steep liquor, soap stock and soybean oil for finishing beef steers. 054855
Evaluation of **sweet** *corn* inbreds for resistance for European corn borer. 060298
The nutritional significance of *maize* and **teosinte.** 053151
No **till** *corn.* 4. Weed control. 059945
No **till** *corn.* 2. Fertilizer and liming practices. 061927
Erosion for *corn* **tillage** systems. 062155
Cytochalasin B, but not colchicine, inhibits migration of secretory vesicles in root **tips** of *maize.* 056893
Cytokinin effects on protein synthesis of in vitro systems of higher plants **[Tobacco,** *maize].* 058183
Nature of cell-to-cell transfer of auxin in polar **transport** *[Maize].* 058210
Experiments for developing a machine **treating** *maize* with propion acid. 061619
Preliminary study of some factors of the semolina **value** of *maize.* 053889
Some data on experiments with *maize* **varieties** in 1975 and references to the 1976 growing season. 058727
Determination of the damage caused by stored grain [insect] pests to *maize* **varieties** in Yucatan. 060165
Effect of level of mineral nutrition on reduction of simazine toxicity for *maize* **[Weed** control]. 059939
Weeding *maize:* the metetilachlor + atrazine association. 059936
Corn and **weeds.** All 65 million acres of U.S. Corn land share a common problem: recurring weed infestations. 060090
Viability and hatching pattern of eggs of the **western** *corn* rootworm [Diabrotica virgifera] exposed to chill periods of different durations. 060193
Reduce lodging with potassium. 3. [Sorghum, *maize,* **wheat],** 059714
Effects of hypothetical climatic changes on production and **yield** of *corn.* 058825
Effect of seedbed preparation and weed control on the growth and **yield** of *maize.* 060114
Influence of long term tillage, crop rotation, and soil type combinations on *corn* **yield.** 062143
Effect of anoxia on the water circulation in **young** *maize* plants in darkness. 058042
Lysine estimation in single kernels of *Maize* **(Zea** mays L.) [Breeding study]. 057203
Maize **(Zea** mays L.) and weed growth, as affected by levels of straw mulching with and without herbicide under conventonal and minimum tillage. 059990
Time-course of sugar accumulation during deficiencies of nitrogen, phosphorus and potassium in seedlings of *[maize]* **Zeamays** L. variety N. S. 1. 058179
Zero-till *corn* culture. 058698

MALABSORPTION

Celiac disease: *malabsorption* of **nutrients** induced by a toxic factor in gluten. 053036

MALACOSOMA

Influence of natural Nosema sp. Infections on field populations of *Malacosoma* **americanum** (Lepidoptera: Lasiocampidae). 060942
Persistent infection of *Malacosoma* **disstria** (Lepidoptera: Lasiocampidae) cell cultures with Nosema (Glugea) disstriae (Microsporida: Nosematidae) [Use of microsporidia as biological control agents]. 060125

MALARIA

Nonsterilizing immunity in **avian** *malaria:* an antibody-independent phenomenon. 055738
Observations on the sporogony of Plasmodium circumflexum Kikuth and Plasmodium polare Manwell in New Brunswick [Culiseta morsitans, vector of **avian** *malaria].* 060428
Receptivity to *malaria* in **Europe** [Plasmodium falciparum transmitted by Anopheles]. 060425
Oogenesis in the *malaria* **mosquito** Anopheles gambiae. 060429
Malarial **oocysts** in Culicoides sp. In Darjeeling [Vectors]. 060501

MALATE

Salt tolerance in the halophyte Suaeda maritima: some properties of *malate* **dehydrogenase.** 057818
Mitochondrial *malate* dehydrogenase of watermelon cotyledons: time course and mode of enzyme activity changes during germination. 058508
Nucleotide effects on the oxidation of *malate* and **oxaloacetate** by Arum [maculatum] mitochondria. 057780
Photoassimilation of CO2 [carbon dioxide] by isolated bundle-sheath strands of Zea mays [maize]. II. Role of *malate* as a **source** of CO2 and reducin power for the photosynthetic activity of isolated bundle-sheath cells of Zea mays [Carbon isotope]. 058164

MALATHION

Ground application of *malathion* to **control** Glossina swynnertoni Aust. (Diptera, Muscidae). 060430
Toxicity and effects of *malathion* **[pesticides]** on esterases of suckling Albino rats. 055949
Influence of *malathion* on **phosphatase** and succinic dehydrogenase in preirradiated rats. 060543
Field trials using fenthion, propoxur, *malathion,* **pirmiphosmethyl** and jodfenphos for the control of Rhodnius prolixus in Venezuela. 060505

MALE

Male **accessory** gland substance of Melanoplus sanguinipes: an oviposition stimulant under the control of the corpus allatm. 060924
Pituitary testicular relationship in the **adult** *male* rabbit after experimental cryptorchidism. 055160
Transfer of cantharidin (1) during copulation from the **adult** *male* to the female Lytta vesicatoria ('Spanish flies'). 060803
Development of accessory reproductive glands and its control by the corpus allatum in **adult** *male* Melanoplus sanguinipes. 060920
Evidence and preliminary investigations on a *male* **aphrodisiac** and a female sex pheromone in Mamestra brassicae (L.) [Cabbage armyworm]. 060249
Mating behavior in halictine bees (Hymenoptera: Halictidae). I. Patrolling and age-specific **behavior** in *males.* 060943
Effect of removal of *male* **bud** (navel) on development, maturity and yield of Robusta banana [Varieties]. 058425
Synergistic actions of estrogen and androgen on the sexual behavior of the **castrated** *male* rabbit. 055096
Neutral steroids in gall-bladder bile of *male* **cats.** 054589
Perineal urethrostomy in *male* **cats.** 055335
Study on the effectiveness of single calving of heifers, F1crosses **(Charolais** *male* X Bulgarian Red female). 055276
Characterization of the isoenzyme composition of some enzymes in **cytoplasmatic** *male* sterile tobacco hybrids. 058241

Cytoplasmic *male* sterility in Petunia. I. Comparative study of different plasmatype sources. 057070
Effect of luteinizing hormone releasing hormone on plasma levels of luteinizing hormone, oestradiol and testosterone in the *male* **dog.** 054584
Chemical sterilization of *male* **dogs** after a single intra-testicular injection of "Danazol". 055081
Polymorphisms among *males* of the **European** earwig, Forficula auricularia (Dermaptera: Forficulidae). 060269
Plasma levels of luteinizing hormone, progesterone, testosterone and 5alpha-dihydrotestosterone in *male* and **female** pigs during sexual maturation. 055148
Effects of an intraventricular injection of synthetic ACTH [adrenocorticotropin] on plasma testosterone, progesterone and LH [luteinizing hormone] levels and on sexual behavior in *male* and **female** rabbits. 055184
Effect of some physiological and environmental factors on the response of *males* to the **female** sex pheromone of the rice moth, Corcyra cephalonica (Stainton). 060208
Ultrastructural studies of meiosis in *males* and **females** of the c(3)G17 mutant of Drosophila melanogaster Meigen. 060733
Quantitative analysis of ommochrome pigments of eyes of *males* and **females** of Pieris brassicae. 060880
Differences in the nature of DNA replication in the X chromosome of *males*, **females,** and triploid intersexes of Drosophila melanogaster. 061019
Karyological studies on hybrids between the guinea fowl (female) and the vulturine guinea **fowl** *(male).* 055212
Partial characterization of prostaglandin synthetase in the reproductive tract of the *male* **house** cricket, Acheta domesticus. 061008
Inducing *male* sterility in winter wheat with the aid of ethrel. 057183
Feedlot performance and carcass merit of **intact** *male,* short scrotum, and wether lambs. 054137
Heterosis studies in some sorghum crosses **involving** *male-sterile* and restorer lines. 057191
The effect of caffeine on repair systems in oocytes of Drosophila melanogaster. II. The induction of chromosome aberrations in **irradiated** *males.* 060968
Variations in pituitary and blood LH [luteinizing hormone] during puberty in the *male* **lamb.** Relation to time of birth. 055043
Chromosomal studies on interspecific hybrids of butterflies (Papilionidae, Lepidoptera). 3. Papilio bianor [female] x Papilio paris [male], Papilio paris [female] x Papilio maackii [male], Papilio bianor [female] x Papilio maackii [male], and Papilio polytes [female] x Papilio **maackii** *[male].* 061001
Spectra of viability mutations obtained in the X chromosomeupon treatment of Drosophila **melanogaster** *males* with N-nitrosoethylurea and gamma-rays. 061025
Comparative fine structure of the stomatal region of *males* of **Meloidogyne** incognita and Heterodera glycines [Tomatoes, soybeans, nematodes]. 059797
Ethological function of components of a sex attractant system for oriental fruit **moth** *males,* Grapholitha molesta (Lepidoptera: Tortricidae). 060301
Synthesis of a pheromone precursor in the *male* **noctuid** moth, Mamestra configurata. 060882
Chromosomal studies on interspecific hybrids of butterflies (Papilionidae, Lepidoptera). 3. Papilio bianor [female] x Papilio paris *[male],* **Papilio** paris [female] x Papilio maackii [male], Papilio bianor [female] x Papilio maackii [male], and Papilio polytes [female] x Papilio maackii [male]. 061001
A somatometric study of the growth of hybrids of common guinea fowl (Numida meleagris L., female) X cock (Gallus gallus, *male)* and of **parental** varieties. 054664
Comparative fattening of *male* **pigs** castrated surgically or by injection of cadmium dichloride. 054982
Neuroendocrine activity in *male* **Poecilocerus** pictus Fabricius (Acridoidea: Pyrgomorphidae). 061054
A possible role for oxytocin in sperm transport in the *male* **rabbit.** 055138
Economy of **raising** *male* hybrid chicks for broiler production [Costs and returns]. 052498
Aromatizable and 5 alpha-reduced androgens: differentiation between central and peripheral effects on *male* **rat** sexual behavior. 055093
The effect of sodium chloride ingestion on food intake and on fat deposition in *male* **rats.** 053123
Spermatogenesis and the ultrastructure of sperm and of the *male* **reproductive** tract of [the bud and leaf nematode] aphelenchoides blastophthorus (Nematoda: Tylenchida, Aphelenchina). 059831
Descriptions of the **second-stage** *males* in the genus Haliaspis (Homoptera: Diaspididae) [Geographic distribution]. 061120
Induced potential for *male* **sex** expression in Ricinus communis L. [Casterbean] by ethyl hydrogen-1-propylphosphonate. 057140
The behaviour of *males* of the **solitary** bee Osmia rufa (Megachilidae) searching for females. 060693
A new supplementary method for determining the degree of male sterility in maize hybrids on *male* **sterile** basis. 056981
Control of the tobacco hornworm [Manduca sexta] on St. Croix, U.s. Virgin Islands, by the **sterile** *male* technique. 060172
Male **sterility** in Thymus vulgaris L.: ecological distribution in the French Mediterranean region. 056962
A new supplementary method for determining the degree of *male* **sterility** in maize hybrids on male sterile basis. 056981
Tomato hybrids: their importance, techniques of hybridization, utilization of *male* **sterility.** 057126
New data on the *male* **sterility** in sunflowers induced by gibberellic acid. 057143
Performance of *male-sterile* **stocks** of cotton as parents and hybrids. 056944
Abundance of insects inhabiting the *male* **strobili** of red pine [Pinus resinosa]. 060291
A *male* of **Sympetrum** eroticum eroticum Selys with vestigial dark marking at the wing apices. 061033
Further observations on the function of *male* **territories** in the carpenter bee Xylocopa (Neoxylocopa) Hirsutissima Maidl (Anthophoridae, Hymenoptera). 060982
The development of **tetraploid** *male* sterile forms of forage beets in relation with their utilization in breeding for heterosis. 057054
Effects of castration on sexual behavior of **tropical** *male* goats. 055095
Presence of prosomatic tegumental glands in *males* of **two** Erigonidae (Araneae) [Grammonota pictilis, Styloctetor penicillatus]. 060724
New compound (1) chromosomes and the production of large quantities of **X/O** *males* in Drosophila hydei. 060821
Effect of protein deficient diet and androgen therapy on chemical constituents of blood in **young** *male* buffalo calves. 054820

MALFORMATION

Brain *malformation* in rabbit fetuses after actinomycin D treatment of the mother during pregnancy. 055892
Hatchability, embryonic mortality, malpositions and *malformations* of **chicken** eggs as affected by pre-incubation temperature & method of storage. 055838
Study of **genital** *malformations* in female cattle from organs taken from the Teheran slaughterhouse. 055822

MALFORMINS

A mungbean assay for *malformin-induced* **growth** stimulation. 058494

MALIC

Isolation of *2-(4-hydroxybenzyl)malic* **acid** from Lycoris radiata. 057864

MALIGNANCY

Malignant **mesothelioma** in a bull. 055855

MALLARDS *see* DUCKS

MALLOPHAGA

Distribution of biting **lice** *(Mallophaga)* on two wild mallards (Anas platyrhynchos). 060427
A new species of Nosopon [australiensis] *(Mallophaga:* **menoponidae)** from Australia. 061189

MALLOW *see* MALVACEAE

MALNUTRITION

Nutrition strategy and programme development: an **approach** *[Malnutrition].* 052882
Immune response in *malnutrition.* **Differential** effect of dietary protein restriction on the IgM and IgG [immunoglobulins M and G] response to alloantigens [Mice]. 053129
Malnutrition and **infection** in a typical rural Guatemalan village: lessons for the planning of preventive measures. 053145
Mucosal immunity in **[protein-calorie]** *malnutrition.* 053297
Social environment and outpatient **recovery** from *malnutrition.* 053148
Malnutrition in the **Western** Pacific Region. 053349

MALPIGHIAN

Morphology of the *Malpighian* **tubules** of insects. 060815
Physiological mechanism of urine formation by *Malpighian* **tubules** [Insects]. 060816
Ultrastructural aspects of transport and accumulation of substances in the *Malpighian* **tubules** [Insects]. 060817
Light and electron microscope studies of the *Malpighian* **tubules** of the spider Cupiennius salei Keys. (Ctenidae, Araneae). 061063

MALT

Effect of barley variety, environment, and malting technology on the organic **acids** of *malt.* 053955
Beta glucan and beta glucanases in *malting* and **brewing.** 053644
Effluents from *malting* and **brewing.** 062526
Analysis of *malt* and its **development** in the future. 053480
Study of *malt* **reducers** and their relation with other analytic criteria. 053485
Production of rubratoxin by Penicillium rubrum [Fungi] in a **soy** *whey-malt* extract medium [Contamination]. 053009
Effect of barley variety, environment, and *malting* **technology** on the organic acids of malt. 053955

MALTOL

Flavonoids and *maltol* in **Geranium** macrorrhizum L. Leaves. 057353

MALUS

Xylem cavitation in excised leaves of *Malus* **sylvestris** Mill. [Apple] and measurement of leaf water status with the pressure chamber. 058510

MALVACEAE

Competition of velvetleaf [Abutilon theophrasti], prickly sida [Sida spinosa], and **Venice** *mallow* [Hibiscus trionum] in soybeans. 060075

MAMMALIA

Studies on mesostigmatid mites parasitic on *mammals* and **birds** in Japan. III. On the identity of Hirstionyssus apodemi Zuevsky, 1970, with Hirstionyssus sunci Wang, 1962, and the description of Hirstionyssus japonicus spec. nov. (Mesostigmata: Laelapidae). 061193
The identification of myo-inositol:NAD(P) [nicotinamide adenine-dinucleotide phosphate] oxidoreductase in *mammalian* **[bovine]** brain. 054347
Histamine-sensitive adenylate cyclase in *mammalian* **brain.** 054646
The dependence of RBE [relative bioloical effectiveness] and OER [oxygen enhancement ratio] on neutron energy for damage to *mammalian* **cells** and plant systems. 055103
The accessory fibers of the sperm tail. II. Their role in binding zinc in *mammals* and **cephalopods** [Bulls]. 055162
Determination of some mineral elements in certain **common** *mammalian* eye-lenses. 054445
Electron transfer between soluble and **immobilized** *mammalian* [horse heart] cytochrome c: Equlibrium and kinetic studies on immobilized cytochrome c. 054352
Gallium-67 distribution in **pregnant** *mammals* [Rabbits]. 055152
A model for the evolution of the proteins. Cytochrome c: *mammals,* **reptiles,** insects. 054377
Oral infection of *mammals* with **Sarcocystis** fusiformis bradyzoites from cattle and sporocysts from dogs and coyotes [Protozoan parasites]. 055622
A comparative study of beta-crystallin from **six** *mammals* [Includes cattle, sheep, swine]. 054440
Effects of prescribed burning on **small** *mammal* populations in a mixed-oak [Quercus] clearcut. 056114
Small *mammal* populations, vegetational cover, and hunting use of an Ohio strip-mined area. 062493
Genetics of murine liver and kidney arylsulfatase B1 [Control of quantitative enzyme variation in *mammalian* **systems].** 055084
The detection of specific fetal proteins in **thirteen** *mammalian* species. 054521
Influence of exogenous ethylene on ipomeamarone accumulation in black rot [Ceratocystis fimbriata] infected sweetpotatoroots **[toxic** to *mammals].* 059384
Compared **toxicity** *(mammals,* insects, acarians) of new trisubstituted dissmyetric phosphoric acid derivatives. 054410
Frequency-force relationships of *mammalian* **ventricular** muscle in vivo and in vitro [Cats]. 054275
Residues of hexachlorobenzene in **wild** *mammals* of Germany. 060531

MAMMARY

Mammary **blood** flow and endocrine changes during parturition in the ewe. 055077
Streptococci isolated from **bovine** *intramammary* infections. 055426
Elimination of free penicillin and pencilloyl-protein conjugates in the milk of cows **following** *intramammary* administration of penicillin G. 054316
Effects of adrenalectomy upon ruminant liver and *mammary* **function** during lactation. 054577
Differentiation of *mammary* **gland** during pregnancy: the response to hormones of rabbit and goat mammary gland explants in organ culture. 055140
Estrogen receptor in *mammary* **glands** and uterus of rats during pregnancy, lactation and involution. 054617
Differentiation of mammary gland during pregnancy: the response to hormones of rabbit and **goat** *mammary* gland explants in organ culture. 055140
The effect of spermidine on the uptake of tryptophan and corticosteroids by the isolated perfused **guinea-pig** *mammary* gland. 054716
Comparative study of the milk fat globule membrane and the **mouse** *mammary* tumour virus prepared from the milk of an infected strain of Swiss albino mice. 055466
Involvement of vesicle coat material in casein secretion and surface regeneration **[Rat** *mammary* epithelial cells]. 054564
Ultrastructural aspects of formation and fate of the milk fat globule membrane *[Mammary* **secretory** cell]. 054459

MAN

Availability of protein, minerals, and fluoride from fish protein concentrate in **adult** *man.* 053258
Biochemical and ultrastructural hepatic changes during vitamin B12 deficiency in **animals** and *man.* 053206
The ultrastructure of platelets of *man* and **animals** [Dogs, rabbits, chickens]. 054724
Myiasis in *man* and **animals** in Austria [Diptera]. 060508
Nasopharyngeal mylasis in *man* **caused** by larvae of Clogmia (=Telmetoscopus) albipunctatus Williston (Psychodidae, Diptera). 060502

Experimental mechanical, thermal, pharmacological and hormonal effects on tubular skin glands in the dog **comparable** to *man*. 054748
Long-term use of genetic methods of control of bloodsucking Diptera, vectors of **diseases** of *man*. 060488
Endemic diseases of *man* and their **effect** on agricultural development and food production [Rural health]. 052173
Man-made **famines:** some geographical insights from an exploratory study of a millennium of Russian famines. 053146
The *one-man* **farm** [Income]. 052480
Changes in lactate dehydrogenase, LDH isoenzymes, lactate, and pyruvate as a results of feeding low fat diets to **healthy** *men* and women. 053249
The cat as a possible source of Toxoplasma **infection** for *man*. 055515
Fish distribution in Gatineau Park, Quebec, in relation to postglacial dispersal, *man's* **influence**, and eutrophication. 062391
Insecticides [Economic plants, **livestock,** *man]*. 060133
One-man **[log]** inventory control from mill to headrig. 056222
Energy-economic theory and mathematical models for combining systems of *man* and **nature**, case study: the urban region of Miami, Florida [Ecology]. 062395
Three forest climbers: ivy [Hedera helix], **old** *man's* beard [Clematis vitalba] and honeysuckle [Lonicera periclymenum]. 059950
Metabolism and caloric utilization of orally administered maltitol-14C [carbon isotope] in rat, dog, and *man* **[Replacements** for sucrose in special dietary foods]. 053190
Endogenous nitrogen excretion and utilization of dietary protein [Differing protein **requirements** of *man]*. 053115
Meeting protein and amino acid **requirements** of *man*. 053267
Preliminary study on the methods of managing the protection forest of natural cypress [Chamaecyparis taiwanensis, Chamaecyparis formosensis] on upper basin of *Shih-men* **Reservoir.** 056042
Any mug can grow vegetables, but it takes a good *man* to **sell** them. 059049
Studies on the formation of cyclohexylamine and N-methylcyclohexylamine from bromhexine in animals and *man*, and **simultaneous** determination of cyclohexylamine and N-methylcyclohexylamine by gas chromatography [Rats, rabbits]. 054567
Man and **water** quality [Pollution control]. 062549
White *man's* food bad medicine for Indian. 053327

MANDARINS

Studies on fruit drop in Kinnow. A *mandarin* **hybrid** cultivar [Varieties]. 059010

MANDELIC

Evidence for the presence of *mandelic* **acid** dehydrogenase and benzoyl formate decarboxylase in the American cockroach [Periplaneta americana]. 060867

MANDIBLES

The amino acid sequence of the double-headed proteinase inhibitor from **canine** *submandibular* glands. III. 054514
Contraction of myoepithelial cells in **secreting** *submandibular* glands of dogs. 054478

MANDUCA

Control of the tobacco hornworm *[Manduca* **sexta]** on St. Croix, U.s. Virgin Islands, by the sterile male technique. 060172
Cellular metamorphosis. II. The larval labial gland duct and its prospective adult fates in th tobacco hornworm *[Manduca* **sexta].** 060186
Techniques of rearing laboratory colonies of tobacco hornworm *[Manduca* **sexta]** and pink bollworms [Pectinophora gossypiella]. 060662
Synthesis of juvenile hormone binding proteins by the fat body of *manduca* **sexta.** 060820
The role of ecdysone in pupation of *Manduca* **sexta.** 060931

MANGANESE

A study of some interferences during the determination of *manganese* with **atomic** adsorption spectrophotometry in the plant material. 057921
Development of iron and *manganese* **bacteria** in Ranney wells. 062465
Energy-dependent Mn2+ and Ca2+ *[manganese* and **calcium** ions] uptake by the embryonic chick chorioallantoic membrane. 054370
Fixation of *manganese* by **clay** minerals. 061874
Influence of the habitat on the development of microorganisms **depositing** *manganese* [Gleyzation of soil]. 061802
Inhibition of Ca2+ [calcium ion] and Zn2+ [zinc ion] uptake by Mn2+ *[manganese]* in **excised** rice roots. 058264
Manganese relationships of soil and plant. II. Studies on *manganese* **fixation** [Sphagnum, organic matter]. 061633
Absorption as a factor in *manganese* **homeostasis** [Rats]. 054536
Electro and inotropic vagus action on the rabbit auricle with calcium and *manganese* **ion** concentration variation. 054653
Substitution of Ca++ with Ba++ and Mn++ [calcium, barium, *manganese* **ions]** at the tonic and phasic contractions of the smooth muscle of the stomach [Cats]. 054409
Contribution to the problem of copper, zinc, *manganese* and **iron** trace element content in some raw materials of poultry feed and feed mixes. 054110
Sorption and oxidation of manganous ions and reduction of *manganese* **oxide** by cell suspensions of a manganese oxidizing [soil] bacterium [Arthrobacter]. 061865
Mineralogy and chemistry of *manganese* **oxides** in some Indiana soils. 061839
Sorption and oxidation of manganous ions and reduction of manganese oxide by cell suspensions of a *manganese* **oxidizing** [soil] bacterium [Arthrobacter]. 061865
The reduction mechanism of *manganese* in **paddy** soils. 8. Therole of ferrous iron in manganese reduction in waterlogged paddy soils. 061723
Comparison of adaptability to heavy metals among crop plants. 1. Adaptability to *manganese* in **plant** nutrition. 057720
The reduction mechanism of manganese in paddy soils. 8. Therole of ferrous iron in *manganese* **reduction** in waterlogged paddy soils. 061723
Manganese **relationships** of soil and plant. II. Studies on manganese fixation [Sphagnum, organic matter]. 061633
Effect of zinc and *manganese* on **wheat** production. 061944
Effect of boron, *manganese* and **zinc** on the yield and quality of potatoes. 062021
The effect of *manganese* and **zinc** on plants in saline soil [Tomatoes, millet, berseem]. 062057

MANGE

Cheyletiella parasitivorax (Megnin), a parasitic mite **causing** *mange* in the domestic rabbit. 060449
Efficacy of tetraethyl thiuram monosulphide (Tetmosol) and benzyl benzoate against **sarcoptic** *mange* in pigs [Sarcoptes suis]. 060454

MANGIFERA

Ripening of Dashehari and Langra cultivars [varieties] of **mango** *(Mangifera* indica L.) at different stages of maturity by various methods. 058367
Effect of gamma radiation on **mangoes** *(Mangifera* indica L.) stored under different conditions. 054063

MANGOES

Pruning, a new technique for *mango* **growers.** 058910
Effect of gamma radiation on *mangoes* **(Mangifera** indica L.) stored under different conditions. 054063
Ripening of Dashehari and Langra cultivars [varieties] of *mango* **(Mangifera** indica L.) at different stages of maturity by various methods. 058367
Determination of some flowering characteristics of the **manila** *mango* cultivar in Veracruz. 058271
Mango **nematodes.** 059728
Mango **stone** decorticator [Equipment]. 061597

MANGROVES

Phycomycetes (Phytophthora spp. Nov. And Pythium [grandisporangium] sp. nov.) associated with **degrading** *mangrove* (Rhizophora mangle) leaves [Fungi, new taxa]. 056470
Water relations of **three** *mangrove* species in south Florida [Avicennia germinans, Laguncularia racemosa, Rhizophora mangle]. 057795

MANIHOT

Composition of **cassava** *(Manihot* esculenta Crantz) and the rheological characteristics of its starch. 054014
Effect of planting systems on the yield of four tapioca **clones** *(Manihot* esculenta Crantz). 059178

MANNANS

Folding-pathway selection or cross-linking as the cause of thermal stabilization of yeast [Saccharomyces cerevisiae] invertase **conformation** by its *mannan*. 057971

MANNITOL

Spherulation of Physarum polycephalum [Fungi]. III. **Induction** with *mannitol*. 057513

MANNOSES

Carbohydrate moieties of procollagen: incorporation of isotopically **labeled** *mannose* and glucosamine into propeptides of procollagen secreted by matrix-free chick embryo tendon cells. 054674

MANNOSIDASE

Alpha-mannosidase-2: a **developmentally** regulated enzyme in Dictyostelium discoideum [Fungi]. 057514

MANPOWER

The Montana **agricultural** *manpower* project. 052295

MANTISPIDAE

Studies on *mantispids* **[Mantispa** uhleri]. 060772

MANUAL

Food Stamp counterpoints; a *manual* for **cashiers.** 053303
Pesticides *manual:* classification, toxicities, formulation, handling, application. 060547

MANUFACTURE

Eventual disturbance of *manufacture*, **appearance** and taste of cheeses after administration to dairy goats of anthelmintics of the benzimidazole or tetrahydropyrimidine groups [Residues]. 053055
Use of proteins in baking and **biscuit** *manufacture*. 053890
Some effects of water in wheat flour doughs **[Bread** *manufacture]*. 053920
Technical and market changes in wooden **case** *manufacture*. 056292
Aerosol, a new **cheese** *manufacture* dry salting technique of soft pastes. 053783
Effects of *manufacturing* **conditions** of formaldehyde emission from particleboards. 056191
A comparison of microstructures of Cheddar cheese **curd** *manufactured* with calf rennet, bovine pepsin, and porcine pepsin. 053718
Materials for and *manufacture* of **dairy** machinery, plus inspection and maintenance of the dairy plant. 053753
Story of **egg** *manufacture* [Poultry industry]. 055105
A new treatment procedure by expansion extrusion **[Feed** *manufacture].* 054090
Role of compound **feed** *manufacturers* regarding swine producer groups. 054092
Manufacturing **feed** yeasts from molasses in the German Democratic Republic. 054105
Autumn shearing **improves** *manufacturing* quality of wool. 053816
Newsprint [paper] *manufacture* in **India**—the way ahead. 056260
Market structure and price-cost margins: a comparative analysis of U.k. and U.s. *manufacturing* **industries.** 052741
New developments in the area of *manufacture* and use of **inorganic** phosphorus products [Fertilizers]. 062040
Triple superphosphate [mineral fertilizer] *manufacture*, no **longer** mud chemistry. 062017
Prospects, problems for the **pesticide** *manufacturer*. 060550
Lipolysis in butter **pre-** and *post-manufacture*. 053697
Cell collection: recovery and drying for SCP [single-cell **protein]** *manufacture*. 053563
Method for the *manufacture* of **rennet-free** cheese. 053775
Problems associated with phage in the *manufacture* of **soft** curd cheese; a case history. 053682
Utilization of extracts of Cynara cardunculus L. As a coagulating agent in the *manufacture* of **soft** and hard cheeses. 053751
Grinding wheel and sharpening **stone** *manufacture* and application [Woodworking processes]. 056280
Regeneration of the ion exchangers [used for desalination of juices] in ammonium and carbonate cycles **[Sugar** *manufacture].* 053863
Evaluation of flocculating agents in cane juice clarification **[Sugar** *manufacture].* 053922
Influence of *manufacturing* **techniques** on the quality of canned rice. 053891
Technological indices of tea leaf gathered by a tea plucking machine of the Motsumoto M-2 **type** *manufactured* in Japan. 053640
Wine *manufacture* by heating red grape. Effect of time on maceration. 053978
Current state of **wine** *manufacture* from the point of view of technology. Ways and means of development. 053992
Role of producer associations in the development and progress of grape culture and **wine** *manufacture* as well as in the valorization of viticultural products. 058946
The influence of mashing procedure on the activity and effect of some enzymes—a survey **[Wort** *manufacture].* 053651

MANURE

A system of optimizing the use of **animal** *manures* on a grassland farm. 061956
Artificial *manure* and agricultural development in Asia and the Far East. 061993
Artificial *manure*—statistics and trends. 062103
Saving potential of the construction of a *manure* **cellar.** 061439
Substrate for mushrooms, with a supplement of granulated **chicken** *manure*. 061977
Manure can be **dried** without fuel consumption (report of a visit to the experimental farm of Gladthorpe, England). 062379
Effect of **farmyard** *manure*, nitrogenous fertilizers and water logging on the availability of P [phosphorus] to rice crop. 062048
Manure **gas** poisoning in a swine raising operation. 055921
How slatted floors and alley scrapers compare [Dairy barns, *manure* **handling].** 061415
Removal and utilization of **liquid** *manure* for the greatest mutual benefit [East Germany]. 061991
Use of large quantities of **liquid** *manure* on silage maize. Report of field trials during 1972-1974 [Fertilizers, soil and water pollution]. 062042
Fertilizer experiments with kejda **[liquid** *manure* and straw] on the Vysoke nad Jizerou state farm [Effects on crop yields]. 062072
Information concerning nutrient content of **livestock** *manure* in reference to fertilizing plans. 061923
Changes in water stability of soil aggregates with different *manuring* **method** of vineyards with organic fertilizers. 061816
Effect of mahua (Madhuca indica) cake **[nitrogenous** *manure]* on Azotobacter [Asymbiotic nitrogen fixation in soil]. 061698
The qualitative change of the bacterial flora of arable soils by *manuring* with **organic** matter. 1. 061900

Nitrate and mineral content of fresh and cut silage maize after heavy dressings of **organic** *manure*. Report of research on working farms in 1971 and 1972. 062041
Dried **poultry** *manure*—the prospects for the future [Feed ingredient]. 054068
Value of dried **poultry** *manure* and urea as protein supplements for sheep consuming low quality tropical hay. 054856
Is **poultry** *manure* a cheaper pasture fertiliser? 061959
Poultry *manure*, the super fertilizer. 062022
Recycling **poultry** *manure*—field trial results [Feed]. 062023
A method for cultivation of anaerobic microorganisms of *manure* **samples.** 062101
The English, **semi-liquid** *manure* and pollution. 062410
Wastes: use or discard? *[Manures,* **sewage** sludge, and sewageeffluent]. 062030
Response of pearlmillet to nitrogen and **sheep** *manure* fertilization. 061925
Vats and **silos** for *manure*. 061421
With which *manure* **spreader** can you save money? 061499
Preliminary studies on techniques of *manuring* for **spring** wheat. 061917
Contributions to projects for processing and utilizing excrement and the fuel shortage **[Swine,** *manure].* 054191
Effect on soil and plant mineral levels following application of *manure* from **swine** fed high dietary copper. 062043

MAPLES

Maple **[Acer)** diseases and their control; a guide for homeowners. 059779
The Duchesnay **experimental** *maple* grove [Acer]. 056127

MAPPING

Land-use planning aided by computer **cellular** *modelling/mapping* system to combine remote sensing, natural resources, social and economic data. 052222
Classification and *mapping* of **coal** refuse, vegetable cover types, and forest types by digital processing ERTS [Earth Resources Technology Satellite]-1 data. 062424
Land-use *mapping* from Skylab S-190B photography. 052263
Plant cover in the Khomutovian steppe according to the dataof **large-scale** *mapping*. 056765
Mapping of the 1973 **Mississippi** River floods by the NOAA [National Oceanic and Atmospheric Administration]-2 satellite. 062216
The accuracy of *map* **overlays** [Land use planning]. 062125
Land type analysis for regional land use planning form **photomorphic** *mapping:* an example for Boulder County, Colorado. 052221
Physical *mapping* of mitochondria rRNA genes in Saccharomyces cerevisiae [Yeasts]. 057262
Mapping the **runoff** of rivers and ephemeral streams [Water management]. 062339
Profile of the Pine Barrens **[Soil** *mapping,* land use]. 061857
Spectral *mapping* of shortgrass prairie biomass [Vegetation]. 056739
Color **terrain** *map* of Yellowstone National Park, computerderived from ERTS MSS [Earth Resources Technology Satellite, multispectal scanner]. 062431
Electron microscopic studies on the polytene chromosomes of Chironomus thummi salivary glands. I. **Ultrastructural** *mapping*. 060751
Unsupervised *mapping* of geologic features and soils in California. 061692
Feasibility of using multiplexed SLAR [a two wavelength multiplexed synthetic aperture] imagery for water resources managed and *mapping* **vegetation** communities. 062214
Gynandromorph fate *map* of the **wing-disk** compartments in Drosophila melanogaster. 061044

MARCIPA

Preliminary descriptions of **new** *Marcipa* [species]. 2. (Lepidoptera, Noctuidae, Ophiderinae). 061207

MAREK

Effects of IgY [immunoglobulin Y] antibody on the development of *Marek's* **disease** [Chickens]. 055445
Incidence of *Marek's* **disease** virus infection in domestic fowl of Punjab (India). 055451
Pathological studies of *Marek's* **disease** in Japanese quail. 055644
Some suggestions for vaccination against *Marek's* **disease** [Chickens]. 055725
Spotlight on *Marek's* **disease** in poultry. 055726

MARES *see* HORSES

MARGOSA

Structure of the insect antifeedant azadirachtin [from *Azadirachta* **indica].** 060158

MARIGOLDS

Flower bud rot of *marigold* **(Tagetes** erecta L.) caused by Alternaria dianthi Stevens and Hall in West Bengal. 059284
Marigold **[Tagetes** erecta] mosaic virus. 059633

MARIJUANA

Altitudinal variaton in leaf epidermal patterns of **Cannabissativa** *[marihuana].* 056806
On the carcinogenicity of *marijuana* **smoke** [Cannabis sativa, mice]. 053049
A possible chemical basis for the higher mutagenicity of *marijuana* **smoke** as compared to tobacco smoke [Cannabis sativa]. 057557

MARINE

The *marine* **algae** of the American coast between Cape May, N.J. and Cape Hatteras, N.c. III. The Phaeophycophyta. 056418
A survey of the *marine* **algae** of Atol das Rocas (Brazil). 056574
Amino acid pattern and seasonal variation in some *marine* **algae** from Alexandria. 057332
Antibiotic (fungicidal) action from extracts of some seaweeds *[Marine* **algae],** 057333
Research-work on the chemistry of *marine* **algae** [Cystoseira barbata]. V. Correlations between polymers conformation and their capacity of iodine-complexing. Alginic acidiodine complexes. 057405
Comparative study of 45Ca [calcium isotope] absorption and translocation in various groups of plants [Higher plants and *marine* **Algae].** 057916
A possible origin of some olive-green cells in **aphotic** *marine* environments [Amphora coeffaeformis, Algae]. 056859
North **Carolina** *marine* algae. VII. New species of Hypnea and Petroglossum (Rhodophyta, Gigartinales) and additional records of other Rhodophyta. 056575
The *marine* **diatom** Chaetoceros simplex calcitrans Paulsen and its environment. Effects of light and ultraviolet irradiations on the biosynthesis of fatty acids [Algae]. 057376
Changes in the activity of fucoxanthin-excited photosynthesis in the *marine* **diatom** Phaeodactylum tricornutum [Algae] grown under different culture conditions. 057737
A fungal parasite in the *marine* **diatom** Coscinodiscus oculus-iridis [Algae]. 059248
Marine **diatoms** [Algae] of the Upper Miocene of Oran (Algeria) and their geological context. 056440
Penetration of ulraviolet radiation into aquatic **ecosystems** *(marine)* [Algae, photosynthesis]. 057805
Method for estimating the decomposition of hexadecane in the *marine* **environment** [Tokyo Bay, petroleum pollution]. 062366
Anomalous behaviour of thorium and uranium isotopes in the *marine* **environment** of the West Coast of India. 062435
Proceedings of seminar on methodology for monitoring the *marine* **environment,** Seattle, Washington, October 1973. 062511
Comparative anatomy of *marine* and **freshwater** algal reefs, Bermuda and central New York. 056694
Morphological variability in the *marine* **green** alga Acetabularia crenulata Lamouroux (Dasycladaceae, Dasycladales). 056881
Microbiological methods for **monitoring** *marine* waters for possible health effect [Pollution, food poisoning]. 062505
Chlorine reactions with seawater constituents and the inhibition of photosynthesis of **natural** *marine* phytoplankton [Algae]. 057550
A systems approach to *marine* **pollution** monitoring. 062501
Forage seed production **potential** in the *Maritimes*. 058714
Polycyclic aromatic hydrocarbons in the environment: homologous series in soils and **recent** *marine* sediments. 061672
14C [carbon isotope]-assimilate pattern and kinetics of photosynthetic 14CO2 [carbon dioxide]-assimilation of the *marine* **red** alga Bostrychia scorpioides. 057919
Evaluation of nitrifying [bacteria] activity in *[marine]* **sediments** by dark 14C [carbon isotope]-bicarbonate incorporation. 062576
Development of a **standard** *marine* algal assay procedure for nutrient assessment [Water quality]. 062282
Biological cycling of nitrogen in intertidal and **supralittoral** *marine* environments [Algae]. 057923
Stimulation of rhizogenesis in **young** *maritime* pines [Pinus pinaster] by different growth substances. 058558

MARISCUS

Studies in Cyperaceae. XV. Novelties in Fimbristylis (L.) Val and Cyperus L. (Subjen. *Mariscus)* **[New** taxa]. 056588

MARKERS

Expression of teratoma-associated antigens on murine ova and early enbryos. Identification of two early **differentiation** *markers* [Mice, testicles, tumors]. 055825
Investigations on inheritance of quantitative characters in animals by **gene** *markers*. II. Expected effects. 055238
Effect of 1,1,1-trichloro-2,2-bis(p-chlorophenyl)-ethane (DDT) on the prenatal development of house mice (with special regard to transplacental transport and metabolism of hydrogen and carbon **isotope** *marked* DDT in pregnant mice. 060584
On the power of experimental designs for the detection of linkage between *marker* **loci** and quantitative loci in crosses between inbred lines. 055239
Relative retention of **mitochondrial** *markers* in petite mutants: mitochondrially determined differences between RHO (+) strains [Saccharomyces cerevisiae, yeasts]. 056996
Glyoxylic acid as an active **site** *marker* of yeast pyruvate decarboxylase. 057573

MARKETING

Sugar in 1975 and **abroad** *[Marketing].* 052734
Issues and non-issues of the May 1975 federal beef grade standards court case [against **Agricultural** *Marketing* Service]. 052732
The *marketing* of **Australian** fresh horticultural produce. 052727
Should the dairy industry run its own beef processing and *marketing* **business?** 052599
Should the dairy industry run its own beef processing and *marketing* **business?** 053807
Price of meat and *marketing* **channels.** 052557
The *marketing* **concept** applied to "selling" good nutrition. 053233
Marketing **costs** and net prices of western New York apples, 1974. 052555
Distribution and *marketing* **costs** of home produced honey. 052728
Improving the **cotton** *marketing* system. 052579
New concepts in **egg** *marketing*. 052716
Federal *marketing* orders for fruits and vegetables—in brief. 052576
Filbert *Marketing* Order amendments. 052719
Botulism and its sanitary importance in the conditions of modern production and *marketing* of **food** [Contamination, Clostridium botulinum]. 053064
Feed sales **forecasting** *[Marketing].* 052616
Marketing **French** milk and dairy products. 052680
A systems analysis of **grain** *marketing* networks using a spatial equilibrium model. 052730
Baby beef promotions **grow** *[Marketing].* 052701
Ornamental **horticulture** *marketing* in Vermont. 052699
Experience of seed production and *marketing* in **India** [Field crops]. 053916
Marketing **light** [wood] framing for Japanese construction. 056218
Evaluation of alternative **milk** *marketing* arrangements in southeast Florida. 052569
Dairy industry concerned about the [European Economic Community] Commission's proposals for continuity of the **milk** *marketing* policy [Prices, trade]. 052692
Improvement of the **milk** *marketing* policy necessary. 052694
[The European Economic Community] Commission's proposals: bungling job and no [definite] line **[Milk** *marketing,* prices]. 052698
An historical survey of *marketing* of **New** Zealand dairy products. 052700
Cut flowers and potted **plants** *[Marketing].* 052744
Marketing **policy** instruments within agricultural enterprises. 052560
Systems analysis in relation to agricultural **policy** and *marketing*. 052830
Forest policy in Hesse from the viewpoint of the private timber holder *[Marketing,* **prices].** 056175
The "buy'em sell'em" in Cameroon: An attempt to classify these economic agents [Agricultural **products,** *marketing].* 052588
Zapotec viajeras [Women in farm **products** *marketing].* 052655
Forest **products** *marketing* research at Oregon State University. 056166
Results of raspberry selection [and propagation for *marketing* **quality].** 059040
Survey of grain delivery conditions in Sondermanland County in the autumn of 1974—results of investigative **research** *[Marketing].* 052686
Marketing **SCP** [single-cell protein] in low-income countries: a double perspective. 052657
A description of **selected** *marketing* and operational characteristics of the Nebraska and kansas beef cow-calf industry, 1967-1971. 052723
Marketing **single-cell** protein in sophisticated markets. 052658
A revolution in [fruit] *marketing*—**spirit** of '76 fosters inspection service [Grading]. 053069
Developments in *marketing* **spreads** for agricultural products in 1975. 052561
Estimated sale and impact of soy-beef blends in grocery **stores** *[Marketing].* 052702
A study of economic analysis and *marketing* of **tomato** in Haryana. 052643

MARKETS

Economic organization of productions and *markets* **[Agriculture],** 052371
Agricultural situation in a key U.S. Farm market or competitor. Australia **anticipates** *market* improvements. 052625
Stiff price competition on the **British** *market* [Dairy products]. 052687
It's going to be a **buyer's** *market* [Pesticides]. 060549
New fertilizer additive on the *market* **called** N-Serve may enable you to grow the same crop yields while you cut nitrogen rates by 20%. 062009
Technical and *market* **changes** in wooden case manufacture. 056292
Struggle over requirements for cheese exports to the USA seem finished **[Common** *Market].* 052688
Europe followed its difficult step forward in 1975 [Agricultural policies, **Common** *Market].* 052803
Experts report on [wood] *market* **conditions** and prospects for 1976. 056278
Factors affecting dormancy and germination of seeds of Eichhornia **crassipes** *(Mart.)* Solms from the Nile [Weeds]. 060061
Organization of the **dairy** *market* in Canada. 052566
1975 wine harvests in designated regions. Their characteristics and **development** of *markets*. 054054
Outlook better for soybeans in three Far **East** *markets*. 052631
Honey quality in relation to **export** *market*. 053479
Agricultural situation in a key U.S. **Farm** *market* or competitor. Japan's economy to show strong recovery in '76 [Production]. 052622
Agricultural situation in a key U.S. **Farm** *market* or competitor. U.k. farm outlook: 'guarded optimism'. 052623

Agricultural situation in a key U.S. **Farm** *market* or competitor. Argentine outlook clouded by drought [Crop production]. 052624
Agricultural situation in a key U.S. **Farm** *market* or competitor. Australia anticipates market improvements. 052625
A historical-ecological approach to the study of the Oaxacaplaza system [**Farmers** *markets].* 052647
The Zoogocho plaza system in the Sierra Zapoteca of Villa Alta [**Farmers** *market].* 052653
The Japanese **food** *market* and implications for New Zealand. 052684
Conditions for winning **foreign** *markets.* 052592
The formulation of a common *[Market]* **forest** policy for the EEC [European Economic Community]. 056033
The **French** *market* of combines and pick-up balers during the1974-1975 season. 061505
Communications relating to the 1973-1974 agricultural season. V. Production and *market* of **fruits** and vegetables in 1974. 052556
Farmers' use of forward contracts and **futures** *markets.* 052562
Three steps to a successful hedge [**Futures** *market].* 052597
Professional training of the *market* **gardener** [Switzerland]. 059172
Marking time with board sales in a difficult **home** *market* [Chipboard]. 056284
The problems and challenges for international commodity models and model builders [**International** *markets].* 052574
Soviet Karakul [skins] on the **international** *market.* 052710
Developing the **Japanese** *market* for framing lumber. 056206
Influence of vitamins and growth hormones on growth and sporulations of Alternaria solani (Ell. & *Mart.)* **Jones** and Grout isolated from potato leaves. 059391
Middle East-Africa, a **major** *market* for U.S. Tobacco. 052630
To *market* to **market** [Timber]. 056139
Orientation in competition [for the **milk** *market].* 052696
The determination of lactose in *marketed* **milk** with chelatometric indirect titration. 053677
Markets as **mirrors:** reflectors of the economic activity and the regional culture of coastal Oaxaca [Farm products]. 052648
New *market* potential for dried grass and lucerne. 052564
Oil **palm** *market* survey, a report by the Commonwealth Secretariat. 052706
The **peasant** *market* economy of the valley of Oaxaca in analysis and history. 052651
The structure of a **peasant** *market* system in Oaxaca. 052652
Feeder **pig** *market* report. 8. Feed prices down, pig prices up. 052645
Preparation and trussing of **poultry** for *market.* 053841
Floral **products** in *supermarkets.* 052747
Incidence of staphylococci in the **raw** *market* milk and laboratory pasteurised milk. 053012
Consumer behavior and *market* **shares** with cheese. 052690
Hides and **skins** *[Markets].* 052596
Marketing single-cell protein in **sophisticated** *markets.* 052658
Palm oil is grabbing U.S. **Soybean** *markets.* 052722
Strong growth of the **Spanish** *market* for United States agricultural products. 052593
Market **structure** and price-cost margins: a comparative analysis of U.k. and U.s. manufacturing industries. 052741
A concluding critical look at issues of theory and method in Oaxaca [farmers] *market* **studies.** 052646
The Oaxaca [farm] *market* **study** project: origins, scope, andpreliminary findings. 052650
National [Austrian] and international **sugar** *market.* 052558
Forecasting the **swine** *market.* 052559
Survey of the [farmers] *market* **system** in the Nochixtlan Valley and the Mixteca Alta. 052649
Wood residue energy conversion **systems** *market.* 056170
Supermarkets: **taking** out your business? 053375
To market to *market* **[Timber].** 056139
Pressures are building up on the **timber** *market.* 056285
How **timber's** *market* position in pallets can be further improved. 056282
Valuation and exchange rates of international currencies by use of the "Standard Basket" method **[Trade** and *markets].* 052733
The [farmers] *marketplace* **traders** of San Antonino: a quantitative analysis. 052654
Filbert prices and *market* **trends.** 052720
Problems in the **world** *market* for field seed. 052735

MARKINGS

Marking **aphids** and their parasites with 14C [carbon isotope] in field studies [Brevicoryne brassicae, Myzus persicae, pests of rape and kale]. 060192
A male of Sympetrum eroticum eroticum Selys with vestigial **dark** *marking* at the wing apices. 061033
Mutants of Saccharomyces [cerevisiae] yeasts assimilating hydrocarbons. II. *Marking* and **hybridization** of the initial strains. 057164
Marking **time** with board sales in a difficult home market [Chipboard]. 056284

MARMOTS

Anesthesia of *marmots* with **sodium** pentobarbital, ketamine hydrochloride, and a combination of droperidol and fentanyl. 055324

MARROW

Experimental methods applied in the examination of thrombopoietic and thrombocythemic effects of cholesterin [in the red **bone** *marrow* of rats, dogs and rabbits]. 054732
Cytologic features of **bone** *marrow* in normal and mastitic cows. 055402
Antibody formation in mouse **bone** *marrow.* V. The response to the thymus-independent antigen Ecsherichia coli lipopolysaccharide. 055528
Pumpkins, squash and *marrow* **[Cultivation].** 059052
Effect of cucumber mosaic virus infection on the amino acids and amides in **vegetable** *marrow* leaves. 059629

MARSHES

Nitrogen, phosphorus and carbon flux in Chesapeake **Bay** *marshes* [Watersheds, eutrophication, water quality]. 062178
Coastal *wetlands* analysis from ERTS MSS [Earth Resources Technology Satellite, multispectral scanner] digital data and field spectral measurements [Vegetation analysis]. 056700
Hydraulic model investigation of *Marsh* **Creek** Dam principal spillway in Contra Costa County, California [Agricultural engineering]. 061391
Systematic list of diatoms of the Charles X trench of *marshes* of **Goulaine** (Loire Atlantique) [Algae, new taxa]. 056444
Productivity of hybrid sheep of the Lincoln and **Romney** *Marsh* types [Effects of crossing]. 055194
Ecotype differences in leaf surface properties of Agrostis stolonifera from **salt** *marsh,* spray zone and inland habitats. 056725
Nitrogen and phosphorus utilization by Spartina alterniflora in a **salt** *marsh* in Barataria Bay, Louisiana. 057551
Accumulation rate and turnover time of organic carbon in a **salt** *marsh* sediment [Spartina alterniflora]. 057732
The influence of salinity, inundation and temperature on the germination of some halophytes and non-halophytes [from a Dutch **salt** *marsh].* 057794
Some effects of grid system mosquito control ditching on **salt** *marsh* biota in Delaware. 060477
Edge effects on **salt** *marsh* arthropod community structures. 060909
Salt *marsh* Culicoides (Diptera: Ceratopogonidae): species, seasonal abundance and comparisons of trapping methods. 060966
The effect of fertilization [Algae] on the species composition of **salt** *marsh* diatoms. 062578
Properties of some **tidal** *marsh* soils of Florida. 061843

MASDEVALLIAS

The *Masdevallias* of **kilometer** X [Ecuador]. 056390

MASHES

One and a half days (34 hours) fermentation of cereal and **potato** *mashes* according to the mashing technique. 053494
The influence of *mashing* **procedure** on the activity and effect of some enzymes—a survey [Wort manufacture]. 053651
One and a half days (34 hours) fermentation of cereal and potato mashes according to the *mashing* **technique.** 053494

MASS

Degradation of urea by bacteria and algae in *mass* **algal** cultures [Chlorella vulgaris, treatment of wastewaters]. 057214
Development of a biochemical profile for *mass-reared* **boll** weevils [Anthonomus grandis] (Coleoptera: Curculionidae). 060762
A study of the quality of hen eggs in dependence on time and storage temperature. I. Effect of storage time and temperature on the losses of *mass* of **eggs** and on the changes of their proportion of their constitutional parts. 053848
Mass **energy** balance analysis of metabolic pathways applied to citric acid production by Aspergillus niger [Fungi]. 057324
Microbiology of *mass* **feeding** systems: an introduction. 053006
Microbiology of *mass* **feeding** systems: an introduction. 053440
Methods of solution of thermal conduction and chemical kinetics equations in the presence of variable coefficients [for determining the distribution of heat in soil, greenhouses, stored **grain** *mass].* 061423
A contribution to the knowledge of quality of **grass** *mass* on the western sides of the mountain Sara with particular emphasis on essential microelements in the diet of sheep. 054974
The effect of [the nodule bacteria preparation] nitragin on soybean [yields of **green** *mass* for silage]. 058899
The dynamic Young's modulus in compacted clayey soil at high pressures and the effects of radial **inertia** and added *mass.* 061651
Some experiments of applying the vibroscope to the measurment of the **lineic** *mass* of wood fibres. 053805
Studies on the structure and origin of soil humic acids by Curie point pyrolysis in direct combination with **low-voltage** *mass* spectrometry. 061784
Mass **outbreak**s of Epitrimerus pungiscus Keifer (Acarina, Eriophyidae) on Norway spruce, Picea abies (L.) Karst. 060345
Microchemical investigations of medicinal plants. XIV. Identification of the alkaloids in the leaves of Ipomoea violacea using preparative thin layer chromatography and solid **probe** *mass* spectrometry. 057760
Towards *mass* **production** of uredosores of brown rust on wheat (Puccinia recondita f. sp. tritici). 059267
Effect of soil nematodes on *plant-mass* **production.** 059872
Mass **scale** production of Rhizobium culture. 061822
Mass **spectrometric** method for the estimation of linoane and carbaryl [insecticide] residues in straw, rice and bran. 060602
A new method of determining very slight traces of nitrogen peroxide (NO_2) in polluted atmospheres, by isotope dilution and *mass* **spectrometry.** 062434
Mass-spectrometric **study** of some derivatives of furo- and dihydrofurocoumarins [Peucedanum morisonii]. 057456
Mass **transfer** [Magnitude of translocation, phloem]. 057539
An experimental study of the heat and *mass* **transfer** process in rice fields under solar illumination. 058011

MASTITIS

Further studies on acid phosphatase of leucocyte origin in normal and *mastitic* **bovine** milks. 053727
Herd incidence of **bovine** *mastitis* in four Danish dairy districts. III. Relation between frequency of mastitis and cell counts on bulk milk samples [Bacterial diseases]. 055711
Sodium cephapirin: a new treatment of **[bovine]** *mastitis.* 055802
Herd incidence of bovine mastitis in four Danish dairy districts. III. Relation between frequency of *mastitis* and **cell** counts on bulk milk samples [Bacterial diseases]. 055711
Changes in lactoferrin, immunoglobulin G, bovine serum albumin, and alpha-lactalbumin during acute experimental and natural **coliform** *mastitis* in cows [Escherichia coli]. 055563
Cell count determination in reference to quality of raw milk **[Contamination,** *mastitis].* 053026
Cytologic features of bone marrow in normal and *mastitic* **cows.** 055402
Clostridium perfringens type A as a cause of *mastitis* in **cows.** 055696
Mathematical modeling of the *mastitis* **infection** process [Dairy cattle]. 055608
New Zealand **national** *mastitis* survey: 1965-6. 1. Preliminary studies. 055336
Feed properly for *mastitis* **program** results [Dairy cattle]. 054817
The pathogenesis of *mastitis* **[Streptococcus** agalactiae, Staphylococcus aureus, Corynebacterium]. 055706
Therapy for chronic, **subclinical** *mastitis* during lactation period [Bacterial diseases, cattle]. 055707
Efficiency of farmhands and incidence of *mastitis* in **three** milking systems [Cattle]. 055768

MATCHING

Matching **automotive** engines and drivelines by the response method [Forest vehicles]. 055969

MATERNAL

The possibility of detecting foetal lymphocytes in *maternal* **blood** in cattle (Bos taurus taurus). 054503
Maternal and **fetal** corticosteroids in the sow at the end of pregnancy. 055050
Mercury in [midwestern rural] **human** *maternal* and cord blood, placenta, and milk. 062515
Maternal **immunoglobulins** and parainfluenza 3 virus inhibitors in the nasal and lachrymal secretions and serum of newborn lambs. 055487

MATHEMATICS

Mathematical **analysis** of the gibberellin induced growth of Pisum sativum L. [Peas]. 058295
Mathematical **analysis** on the miscible displacement and diffusion of dissolved oxygen in the submerged [paddy] soils. 061713
Mathematical **anaysis** of milk yield as a basis of its forecast and optimization. I. [Tests with Bulgarian Brown cows]. 054245
Mathematical **description** of the effect of phytometric characteristics on the radiation regime of the crown of grapevines. 058361
Some problems of schemat.zation and *mathematical* **description** of overland runoff. 062346
A *mathematical* **formula** as an aid in the treatment and prognosis of canine heartworm disease [Dirofilaria]. 055797
DECIDE *[mathematical* **model]** how much superphosphate [Fertilizers]. 061963
Mathematical **modeling** of the mastitis infection process [Dairy cattle]. 055608
Mathematical **modeling** of agrosystems and natural ecosystems [Wheat yields]. 058829
Mathematical **models** of speciation and genetic distance [Animals, insects]. 055100
Energy-economic theory and *mathematical* **models** for combining systems of man and nature, case study: the urban region of Miami, Florida [Ecology]. 062395

MATHIOLA

Simulation of quantitative characters by genes with biochemically definable action. VII. Observation and discussion of nonlinear relationships *[Matthiola* **incana].** 057020

MATING

Comparisons of litter size by use of natural and by **artificial** *mating* in pigs. 055266
Wing color pattern as the releaser of *mating* **behavior** in the swallowtail butterfly, Papilio xuthus L. (Lepidoptera: Papilionidae). 060679

Wing color pattern as the releaser of *mating* **behavior** in the swallowtail butterfly, Papilio xuthus L. (Lepidoptera: Papilionidae). 060680
Wing scents and scent-released phases in the *courtship* **behavior** of Lycaeides argyrognomon (Lepidoptera: Lycaenidae) [Pheromones]. 060899
Mating **behavior** in halictine bees (Hymenoptera: Halictidae). I. Patrolling and age-specific behavior in males. 060943
Isolation of a peptidyl factor **controlling** *mating* tube formation in Rhodosporidium toruloides [Yeasts]. 057926
Multiple pheromone system **controlling** *mating* in Drosophila melanogaster. 061006
The human element in putting **cows** up for *mating*. 055060
Earlier *mating*—is it on? [Swine]. 055207
Ethological isolation and *mating* **experience** in Drosophila paulistorum. 061004
Frequency-dependent *mating* success among mutant ebony of Drosophila melanogaster. 060794
Mating among **isolates** of three species of Sporobolomyces [Fungi]. 056963
Evidence for a new diffusible element of *mating* **pheromones** in yeast [Saccharomyces cerevisiae]. 057104
Ovum fertilization and embryo survival in ewes treated with estradiol immediately **prior** to *mating*. 055127
A simple apparatus for efficient and **reliable** *mating* of gametes from Ulva [mutabilis, Algae]. 056950
Mating—the long and **short** of it all [Cattle]. 055112
Colcondamyia auditrix nov. Sp. (Diptera: Sarcophagidae), a parasite which is attracted by the *mating* **song** of its host, Okanagana rimosa (Homoptera: Cicadidae) [New taxa]. 061154
Mating and **sperm** migration in the female Schistocerca vaga Scudder. II. Sexual behavior, insemination and spermatodesm migration. 061012
Mating and **sperm** migration in the female Schistocerca vaga Scudder. I. The structure and innervation of the spermatheca. 061013
Studies of *cross-mating* among **strains** of the alfalfa weevil [Hypera postica, Coleoptera: Curculionidae] from the United States and Western Europe. 060998
Effect of oviposition stimuli and **subsequent** *matings* on the viability of eggs of Acanthoscelides obtectus Say [bean weevil (Coleoptera, Bruchidae). 060248
Estrus synchronization in the **summer** *mating* of sheep. 055188

MATRICES

Matrix **analysis** on the oxygen evolving system of photosynthesis. 057725
Matric **bound** water of water tissue from succulents. 057841
Reinterpretation of the ultrastructure of **cartilage** *matrix* [Mice]. 055079
Carbohydrate moieties of procollagen: incorporation of isotopically labeled mannose and glucosamine into propeptides of procollagen secreted by *matrix-free* **chick** embryo tendon cells. 054674
Chemistry and folk medicine *[Matrix* **tables** of plants]. 053631

MATURITY

The vascular pattern of Italian ryegrass (Lolium multiflorum Lam.) 2. Development of the seedling **axis** to *maturity*. 056779
Determination of **biological** *maturity* and effect of harvesting and drying conditions on milling quality of paddy [rice]. 058784
Growth and assimilate conversion of cotton bolls (Gossypiumhirsutum L.). 2. Influence of temperature on **boll** *maturation* period and assimilate conversion. 058009
Effects of nitrogen, phosphorus and potassium [fertilizers] on yield and *maturity* of **cauliflower.** 061913
Studies in the continuous production of cheese by forced milk coagulation in through-flow. II. Appraisal of **cheese** *maturation*. 053664
Mineral requirements for growth and callus initiation of tissue explants excised from *mature* **coconut** palms (Cocos nucifera) and cultured in vitro. 058162
Changing patterns of regulation as root cells of Zea mays **[corn]** *mature*. 058025
Fatty acid and chlorophyll levels of coastal bermudagrass [Cynodon dactylon] during the **day** and during *maturation*. 058160
New safflower lines with dwarf and **early** *maturing* characteristics. 058631
Mature **equivalent** age correction factors for local Indian dairy cattle and its crosses [Adjustment of milk production records]. 054188
Mature **equivalent** age correction factors for Local Indian Dairy cattle and its crosses. 055172
The importance of external factors in the *maturation* of **gonads** of Orthomus barbarus atlanticus (Coleoptera: Carabidae) from North Africa. 060774
Changes in the polyphenol oxidases of wheat during kernel **growth** and *maturation*. 058056
The nutritive value and feeding quality of silages made from maize **hybrids** of different *maturity*. 054118
Lipids in red blood cells of *mature* **hypercholesterolemic** rats in relation to sex and biotin status. 053286
The behaviour of *mature* **individuals** of Onychogomphus viridicostus (Oguma). 061038
The metabolism of 3H [hydrogen isotope]-molting hormone in Calliphora erythrocephala at the *mature* **larval** and white puparial stages. 060884
Preliminary effects of incorporating opaque-2 in **medium** *maturing* hybrid maize [Breeding]. 057039
A study of the *mature* **megagametophyte** of Stipa elmeri. 057388
Ripening of Dasheheri and Langra cultivars [varieties] of mango (Mangifera indica L.) at different stages of *maturity* by various **methods.** 058367
Endodermal silicification in *mature,* **nodal** roots of Sorghumbicolor (L.) Moench. 058007
Degree of **optimal** *maturity* of the grape in relation to the type of wine to process. 054044
Fomes annosus in roots of *mature* **ponderosa** pine [Pinus ponderosa] in western Montana. 059437
Effects of plant population on forage corn yields and *maturity* on **Prince** Edward Island. 058665
Effect of daminozide on growth, *maturity,* **quality** and yield of sweet cherries. 058388
Automatic grading of tomatoes according to *maturity* **rate.** 061623
Some observations on the growth and hormonal conditions of **sable** *maturing*. 054462
Plasma levels of luteinizing hormone, progesterone, testosterone and 5alpha-dihydrotestosterone in male and female pigs during **sexual** *maturation*. 055148
Research upon invertases from barley in the first **stage** of *maturity*. 058244
Effects of oxygen and carbon dioxide on **tomato** *post-maturation*. 053982
Enzymes associated with autolytic processes in *maturing* **tracheids** [Pinus sylvestris]. 058587
Texture of cooked potatoes. Relationhship between compressive strength, pectic substances and cell size of Redskin **tubers** of different *maturity*. 054041
Synthesis of virus-specific macromolecules and *maturation* of **virions** in Sendai virus-infected chick embryo cells. 055806
Effect of removal of male bud (navel) on development, *maturity* and **yield** of Robusta banana [Varieties]. 058425

MAYFLIES

Ecology and biogeography of *mayflies* **(Ephemeroptera)** of running waters in the Polish part of the Carpathians. 1. Distribution and quantitative analysis. 056374

MAZZARDS

Distribution of prunasin in pedicles of Prunus avium L. *[Mazzard* **cherries]** and the influence of indole acetic acid on the content of total prunasin. 058289

MEADOWS

Management of Italian ryegrass **alpine** *meadows*. 058725
Contribution to the knowledge of **flooded** *meadows* in the Drava and Karasica riverside area (northern Yugoslavia) [Ecology]. 056660
Primary productivity in the *meadow* of the **Hieracio-Nardetum** strictae association in the Gorce Mountains (Southern Poland). 058650
A study of habitat water regime of **inundated** *meadows* near Osijek [Plant ecology]. 056659
Features of accumulation processes of sulphates and calcium carbonates in profiles of sandy **irrigated** *meadow* gypsum-bearing soils. 061660

MEALS

An investigation of the possibility for improving the nutritive value of **alfalfa** *meal* with supplements of cholesterol, methyl donators and Fe(NO3)3 bonded to 9H2O [saponin]. 054764
The effect of grassmeal and **alfalfa** *meal* on daily gain, thickness of backfat and on the esophagogastric region in bacon pigs [Feeding]. 054900
The great **American** *meal*. 053455
Sites of digestion in the calf. I. The digestion of diets containing barley and wheat chaff supplemented with soya **bean** *meal* or urea. 054772
Sulphation of glycerinated rice bran oil and **coffee** *meal* oil. 053635
Urethane coatings from glycerinated rice bran oil and **coffee** *meal* oil. 053636
Evaluation of a low **cost** *meal* in a school lunch programme [in India]. 053185
Isolation of proteins from **cottonseed** *meal*. II. The salt method. 058060
Eating responses of obese and nonobese humans during **dinner** *meals*. 053337
Effect of various doses of lime and **dolomitic** *meal* on the soil fertility and yields of farm crops [Field crops, potatoes]. 061987
Nonparallel courses of intrapancreatic levels of exportable enzymes after a **fatty** *meal* [Rats]. 053333
Application of chemical and biological assay procedures for lysine to **fish** *meals* [Feeds, chicks]. 054825
Nutritive value and suitability of **fish** *meal* feed [for mink]. 054967
Formulas for broiler chicken compound forages mostly with native raw materials. II. Replacement of **fish** *meal* by bird waste meal and forage yeasts supplemented with amino acids at reduced protein level. 054992
Device for adding diludin to **grass** *meal* [Antioxidant]. 054100
Better use of **guar** *meal* and rice bran by poultry. 054821
The nitrogen content and amino acid composition of palm **kernel** *meals*. 053625
Investigation into the possibility of replacing dried skim milk in milk mixtures for calves by thermally and enzymatically conditioned wheat and **linseed** *meals*. 054925
The use of Uniwhite **lupin-seed** *meal* (LSM) in diets for young weaned piglets. 054928
12,13-dihydro-12-hydroxyaustamide, a new dioxopiperazine from Aspergillus ustus [Infected **maize** *meal]*. 059386
Plasma secretin and gastrin responses to a **meat** *meal* and duodenal acidification in dogs. 054287
The effect of a *meal* of **meat** on glomerular filtration rate in dogs at normal urine flows. 054867
The excretion of urea by dogs following a **meat** *meal*. 054868
Food consumption by [the *meal* **moth]** Plodia interpunctella feeding on diets containing insect growth regulators [used for pest control]. 060403
Ammoniation of aflatoxin B1: isolation and characterizationof a product with molecular weight 206 [Detoxifying mold-damaged **oilseed** *meal]*. 052987
Tapioca *[meal]* **pelletting** studies. 054104
Protein-stretching, **penny-pinching** *meals*. 053417
Effect of feeding mari-gold **petal** *meal* on egg yolk colour (a research note) [Chickens]. 054929
Electric equipment, **pre-packed** *meals* aid schools foodservice. 053376
The use of **rapeseed** *meal* in pig and poultry rations. 054940
Antithyroid factors in **rapeseed** *meal* [as chicken feed] and counteracting the toxicity by autoclaving. 055920
Formalin-treated sunflower **seed** *meal* and methionine-hydroxyanalog addition to rations for high-producing rams. 054991
Protein and free amino acid composition of **sesame** *meal* as affected by nitrogen, phosphorus, and potassium nutrition. 057938
Souper *meals*. 053419
Assessment of the concentration of biologically available vitamin B-6 in corn and **soybean** *meal* [Chicks]. 054832
A new liquid chromatography approach to plant phenolics. Application to the determination of chlorogenic acid in **sunflower** *meal*. 053924
An investigation of inactivation of chlorogenic acid from **sunflower** *meal* under in vivo conditions in mice [Feeding]. 054763
Formulas for broiler chicken compound forages mostly with native raw materials. II. Replacement of fish meal by bird **waste** *meal* and forage yeasts supplemented with amino acids at reduced protein level. 054992

MEALWORMS

Properties of polynucleotidase activities of the *mealworm,* **Tenebrio** molitor. 060878

MEALYBUGS

A taxonomic study of the *mealybug* **genus** Stemmatomerinx (Homoptera: Coccoidea: Pseudococcidae) [New taxa]. 061117

MEASLES

The **sheep** *measles* control programme. 055588

MEAT

Reduction efficiency of nitrates on cadmium columns as a function of flow rates of reduced solutions *[Meat,* **additives].** 053801
Meat **analogs.** 053446
Differences in the chemical composition of *meat* and its **biological** value in the hybrids Hybro B, Ross an Hubbard [Broilers]. 053850
The influence of the selection of raw materials on the reheating value of **canned** *meat* and lard; a model study [Sterilization]. 053802
1974 per **capita** *meat* consumption levels reported by 48 countries [Demand, statistics]. 052618
Problems and outlook of **cattle** *meat* production in Italy. 052798
The effects of benzoic acid and nitrite [additives] on toxin production by Clostridium botulinum Type E *[Meat* **contamination].** 052934
Pathogenic microorganisms in **cured** *meats*. 052976
Importance of cold in the sale of *meat* **[Distribution,** demand]. 052739
Use of pure sheep breeds in crossbreeding for a more **efficient** *meat* and wool production. 055287
Nitrovin residue in *meat* **[Feed** additives, swine]. 053030
Goats for *meat* in the **Fiji** Islands. 054143
Bulk buying and home **freezing** of *meat*. 053194
Deep frozen and **frozen** *meat*, a food sector in full progress. 053838
Tuberculosis [Mycobacterium tuberculosis] in **game** *pheasants[Meat* contamination]. 053065
The effect of a meal of *meat* on **glomerular** filtration rate in dogs at normal urine flows. 054867
A contribution to the knowledge of amino acid content in **goat's** *meat* as compared to the meat of other species of animals. 053840
Sedation of slaughter swine before transport and the resulting veterinary medical, legal and *meat* **hygienic** problems. 053060
Salmonella in *meat* **items** and slaughtered poultry [Contamination]. 053032
Price of *meat* and **marketing** channels. 052557
Plasma secretin and gastrin responses to a *meat* **meal** and duodenal acidification in dogs. 054287
The excretion of urea by dogs following a *meat* **meal.** 054868
Phenotypic correlations between milk and *meat* **performance** of the Bulgarian Brown cattle. 055273

Protein nutritive value of selected present and **potential** *meat* extenders [Whey, fish, soy, cottonseed, rats]. 053276
Studies on the incidence of Bacillus cereus in **poultry** *meat.* 053045
Home canning of *meat* and **poultry.** 053174
The significance of water activity for microorganisms in *meats* [**Preservation** methods]. 053812
How to spice highly heated *[meat]* **preserves.** 053809
Imperatives of hygiene in the concept, equipment and exploitation of slaughterhouses and units for **processing** *meat.* 052963
The quantity of *meat* **produced** by one litter as method for the evaluation of heterosis in swine. 055209
The optimal requirement of *wool-and-meat* **producing** sheep in phosphorus. 054972
Economic reasons for substantiation of an earlier incorporation of first-calf cows in the production process [Milk, *meat* **production**]. 052411
Agricultural statistics: Livestock, *meat* **production,** civil year balance sheets. 052762
Optimal *[meat]* **production** from a biesbok herd [Antelope, grazing]. 054174
Meat **production,** feed research—and sheep. 054186
Different ways of crossbreeding poultry species for increasing egg and *meat* **production.** 055283
Comparative studies on growth, development and *meat* **productivity** of intensively fattened and early impregnated Bulgarian Simmental heifers [Cattle]. 054239
Equations for predicting PER [protein efficiency ratio] from animo acid analysis—a review and current scope of application *[Meat* **products].** 053830
Course in rabbit rearing. VII. Profits in a *meat* **rabbit** exploitation. 052546
Creating a breeding basis for **semifine-fleeced** *meat* and wool sheep farming in the Karachai-Cherkess area. 055187
U.S. *Meat* and **sheep** exported to Denmark and India. 052638
A contribution to the knowledge of amino acid content in goat's meat as compared to the *meat* of other **species** of animals. 053840
The formation and efficiency of the fixed production capital in vegetable-dairy and *meat-dairy* **state** farms. 052478
Trade agreements as indispensable instruments of management in the planned cooperation of cooperative associations *[Meat* **swine** production, East Germany]. 052391
Efficiency criteria for *meat* **swine** production [Gross turnover, labor productivity, costs, East Germany]. 054180
Improving the cooperation with the *[meat]* **trade** [East Germany]. 052674
Physico-chemical studies of **water** in *meat.* 053811

MECHANICS

Direct measurements of turgor pessure potentials of guard cells. II. The *mechanical* **advantage** of subsidiary cells, the Spannungsphase, and the optimum leaf water deficit [Tradescantia virginiana]. 057698
Hydraulics in **agricultural** *mechanics.* XI. Filtration of hydraulic systems. 061563
Effect of sphere diameter on the *mechanical* **behaviour** of glass spheres [Tillage tools]. 061534
Mechanics of **canine** iliac artery smooth muscle in vitro. 054282
Mechanical **cart** for feeding swine. 061492
Influence of colchicin and cytochalasin B on thread-like plasmic structures, on fastening chloroplasts and on oriented chloroplast movements. 4. *Mechanics* of **chloroplast** movement. [Mougeotia, Algae, Funaria, mosses]. 056785
Mechanical **erosion** of soils on slopes as a result of plowing. 062164
Experimental *mechanical,* thermal, pharmacological and hormonal effects on tubular skin glands in the dog comparable to man. 054748
Concepts and development of an **experimental** *mechanical* trimmer for crisphead lettuce. 061610
An increase in *mechanical* **extensibility** during the period of light-stimulated growth. 057893
Mechanical **factors** affecting the shape of [vegetable] cyst-nematode [Heterodera rostochiensis] females. 059828
Mechanical **factors** in the milking plant affecting the level of free fatty acids in milk. 061500
Aim for accuracy with *mechanical* **feeders.** 061507
Bean trials now *mechanically* **harvested.** 058931
Koehring training programs upgrade [timber] **harvester** *mechanics.* 056258
Ethephon as a *mechanical* **harvesting** aid for highbush blueberries (Vaccinium australe Small). 059061
Some theoretical premises on forecasting water conditions in soils of **heavy** *mechanical* composition. 062315
[Mechanical] **injury** of seeds of oil crops in the handling devices of harvesting machines and its elimination. 061625
The **low-temperature** *mechanical* relaxation of [bovine] elastin. I. The dry protein. 054383
Fine structure, physical and *mechanical* **properties** of Pakistan cottons. I. 053953
The effects of different patterns of muscle activity on capillary density, *mechanical* **properties** and structure of slow and fast rabbit muscles. 054659
A study on *mechanical* **properties** of larchwood [Larix leptolepis] from dead tree. 056142
Packing and **shipping** *mechanically* harvested lettuce. 052685
Anisotropic stress-strain relationship of clay and its application to finite element analysis [**Soil** *mechanics].* 061879
The behaviour of uniformly loaded piled strip footings [**Soil** *mechanics].* 061883
Mechanical **speed** boxes [Motor regulators, tractors]. 061513
Studies on the physical characteristics of rice seedlings. I. Relationship between the physical characteristics and the injury of seedling by *mechanical* **transplanting.** 058228
Influence of *mechanical* **treatment** of milk on quantities of FFA [free fatty acids] and free fat in the milk, as well as on the separability of the milk. 053693
Development of seafood patties **utilizing** *mechanically* separated fish tissue [Processing]. 053642
The effect of *mechanical* **wounding** of hyacinth bulbs on the isoenzymes patterns and activities of peroxidase, phenolase and catalase. 058310

MECHANIZATION

Job contract plus bonus wages with a time rate advance payment in cost **accounting** *mechanized* working teams [Collective and state farms]. 052476
Complex *mechanization* of potato cultivation. 061542
Mechanized **cultivation** and harvesting of the common onion. 061545
Mechanized **ensilaging** of grass [Equipment]. 061551
Mechanization of **field** [crop] experiments. 061528
Requirements for cultivating tomato varieties suitable for *mechanized* **harvesting.** 059107
Development of *mechanized* **harvesting** of hops. 061487
Concepts for *mechanizing* **high-density-orchard** fruit [apple] culture [Equipment]. 061611
New [equipment] in the *mechanization* of **Karakul** sheep farming. 061588
Mechanization of **lamb** and ewe feeding. 061503
Short of feed? Then go *mechanized* with **mangers.** 061592
Ways of converting vegetable production to an industrial basis [by **means** of *mechanization].* 052385
Mechanization of **melon** crop cultivation. 059096
Ways of *mechanization* of **melon** crop cultivation. 061548
Factors effecting the content of dust in air during *mechanized* **preparation** of tobacco for fermentation. 053963
Mechanization of **preparation** of greenhouse soils. 061544
Mechanized **processing** chain for harvesting the tobacco leaf [Equipment]. 061602
Mechanisation of **production** operations for protected crops [Greenhouses]. 061451
Has *mechanization* **reached** its final stage? [Farm equipment]. 061562
Mechanization of **sheep** farming, an important condition for the development of this branch [of animal husbandry]. 061219
Mechanization of **sowing** and control of soil crust in plantings of melon crops. 059097
Trends in research on *mechanization* of **tobacco** harvesting. 061601
Mechanized **vegetable** harvesting. 059098

MECONIUM

Granules in the *meconium* of **og-mutant** of Bombyx mori. 061354

MEDICAGO

An attempt to breed hexaploid **alfalfa** *(Medicago* spp.). 057193
Effects of some growth retardants and gibberellic acid on the cold hardiness of **alfalfa** *(Medicago* sativa). 058052
Influence of temperature on the growth of three cultivars of **alfalfa** *(Medicago* sativa L.). 058139
Effect of water stress on the phasic development of **annual** *Medicago* species. 058014
Studies on the relation of the population of insect pollinators [Ceratina binghami, Megachile flavipes] with seed production in **lucerne** *(Medicago* sativa). 060852

MEDICAL

The role of the *medical* and **health** professions in promoting desirable policies and practices [Breast-feeding]. 053307
A study of distribution of ixodid ticks under *medical-biological* **reconaissance** of the Baikal-Amur main line. 060510
Sedation of slaughter swine before transport and the resulting **veterinary** *medical,* legal and meat hygienic problems. 053060

MEDICINE

Search for biologically active substances in **Chinese** *medicinal* plants—new sources of five medicinal alkaloids. 057212
Tylosin [antibiotic] levels in the tissue of pig after *medication* in **drinking** water. 055646
Search for biologically active substances in Chinese medicinal plants—new sources of **five** *medicinal* alkaloids. 057212
Chemistry and **folk** *medicine* [Matrix tables of plants]. 053631
Nicole Maxwell, lady of the [**Folk** *medicinal* plants, South America] rain forest. 056339
White man's food bad *medicine* for **Indian.** 053327
Microchemical investigations of *medicinal* **plants.** XIII. Separation of the alkaloids in the leaves of Ipomoea violacea using thin layer chromatography. 057759
Microchemical investigations of *medicinal* **plants.** XIV. Identification of the alkaloids in the leaves of Ipomoea violacea using preparative thin layer chromatography and solid probe mass spectrometry. 057760
Plant-microbe interrelationships in *medicinal* **plants.** 2. The rhizosphre microflora of Withania somnifera. 057953
Plant-microbe interrelationships in *medicinal* **plants.** 3. The rhizosphere microflora of Solanum khasianum. 057954
Plant-microbe interrelationships in *medicinal* **plants.** I. The rhizosphere microflora of Rauvolfia serpentina. 058866
Pneumoperitoneogeography: a special radiological technic used in nonhuman **primate** *medicine.* 055327
Disease control in modern livestock production. New considerations of professional policy [**Veterinary** *medicine].* 055339
The Drugs and Allied Substances Control Act, 1969 [**Veterinary** *medicine].* 055364
Veterinary *medicine:* sheep diseases. 055367
Veterinary *medicine:* lamb diseases. 055368
The 60th birthday of the Academician of the Lenin All-Union Academy of Agricultural Sciences Ivan Nikitovich Gladenko [**Veterinary** *medicine].* 055371
Magically, a diagnosis is made [**Veterinary** *medicine].* 055378
The role of antibody dependent cytotoxicity in recovery from herpesvirus infections [**Veterinary** *medicine].* 055484
Chloramphenicol or tetracycline as antibiotics in selective media for studies on fungi [**Veterinary** *medicines* for food animals]. 055770
Efficacy of linco-spectin **water** *medication* on Mycoplasma synoviae airsacculitis in broilers. 055446

MEDULLA

Purification and characterization of a troponin-C-like protein from bovine **adrenal** *medulla.* 054557
Anatomy of the *medulla* of **Nereocystis** [Algae]. 056799
Functional significance of the different *medullary* **respiratory** neurons [Cats]. 054614

MEGACHILE

Studies on the relation of the population of insect pollinators [Ceratina binghami, *Megachile* **flavipes**] with seed production in lucerne (Medicago sativa). 060852
Variations in emergency of strains of *Megachile* **pacifica** (Panzer) from diverse sources [Pollination]. 058095
Leafcutting bees *[Megachile]* on **roses.** 060294
Comparative efficiency of alfalfa pollination by Nomia melanderi, *Megachile* **rotundata,** Anthidium florentinum and Pithitis smaragdula (Hymenoptera: Apoidea). 060939

MEGACHILIDAE

Revision of the European Osmia (Chalcosmia) species of the fulviventris group (Hymenoptera: Apoidea: *Megachilidae)* [**New** taxa]. 061253
The behaviour of males of the solitary bee Osmia **rufa** *(Megachilidae)* searching for females. 060693
Observations on Townesia tenuiventris (Hlmgr) (Hymenoptera, Ichneumonidae) and its hosts Chelostoma maxillosum (L.) (Hymenoptera, *Megachilidae)* and **Trypoxylon** figulus (L.) (Hymenoptera, Sphecidae) [Biological control of insect pests of forest trees]. 060347

MEGAGAMETOPHYTES

A study of the **mature** *megagametophyte* of Stipa elmeri. 057388

MEGALOPTERA

New record of the alderfly Sialis itasca Ross for West **Virginia** *(Megaloptera:* Sialidae). 061167

MEGATOMA

Durability of FMC 33297 in mothproofing tests: biological efficacy against larvae of the black carpet beetle [**Attagenus** *megatoma]* (Coleoptera: Dermestidae). 060402

MEIOSIS

The geography of **abnormal** *meiosis* in plants. 056562
Recombination and hydroxyurea inhibition of DNA synthesis in yeast [Saccharomyces **cerevisiae**] *meiosis.* 057096
Post-meiotic **changes** in moss sporogenesis. 056927
Myths and mechanisms of *meiosis* [**Chromosomes,** chiasmata]. 060753
Oocyte at prophase 1 of *meiosis:* a **cytological** mode for study of genes coding ribosomal, RNA [Quails]. 055040
Histoautoradiographic studies on the *premeiotic* **DNA** synthesis in chick oocytes. 054403
Ultrastructural studies of *meiosis* in **males** and females of the c(3)G17 mutant of Drosophila melanogaster Meigen. 060733
Importance of various oogenetic periods in the embryonic sheep gonad; control of changing **mitosis** in *meiosis.* 055036
Genetic control of chromosomal behavior in *meiosis* [**Plants,** insects]. 057167
The efficacy of combination treatment in **promoting** *meiotic* stability of hexaploid triticale (Triticale hexaploide Lart.). 056979
The *meiotic* **prophase** in Bombyx mori females analyzed by three-dimensional reconstructions of synaptonemal complexes. 061312

Reactivity for phosphotungstic acid (PTA) of walls and plasmalemma in *meiotic* **staminal** cells, in an angiosperm (Ribes rubrum, Grossulariceа). 056857
Meiosis in **sterile** hybrids from crossing strawberry and cultivated strawberry and in garden strawberry genus. 057177

MELAMPSORA

Germination of teleutospores of *Melampsora* **pinitorqua** Rostr. [On Populus tremula]. 059301

MELANDRIUM

Riddles around the pollination of *Melandrium* **album** (Mill.) Garcke (Caryophyllaceae) during the oviposition by Hadena bicruris Hufn. (Noctuidae, Lepidoptera). I. 061002
Effect of some inhibitors on germination of the seeds of *Melandrium* **noctiflorum** stimulated by light, ether peroxides orpaper factor. 057591

MELANINS

Caterpillars and *melanins*. 060626
Thermal and spectrophotometric analysis of some **fungal** *melanins* and soil humic compounds [Stachybotrys chartarum, Aspergillus sydowi, Hendersonula toruloidea]. 061683

MELANISM

Melanism and **climatic** factors. II. Correlation between melanism and some climatic factors in Melanargia galathea (Linne) (Lepidoptera, Satyridae) in France. 060685
Experiments on resting site selection by the typical and *melanic* **forms** of the moth, Allophyes oxyacanthae (Caradrinidae). 060958

MELANOPLUS

Development of accessory reproductive glands and its control by the corpus allatum in adult **male** *Melanoplus* sanguinipes. 060920
Histological changes in the ovary in relation to yolk deposition, allatectomy, and destruction of the median neurosecretory cells in *Melanoplus* **sanguinipes.** 060739
Reproductive growth in normal, allatectomized, median-neurosecretory-cell-cauterized, and ovariectomized females of *Melanoplus* **sanguinipes.** 060740
Male accessory gland substance of *Melanoplus* **sanguinipes:** an oviposition stimulant under the control of the corpus allatm. 060924

MELATONIN

A possible role for *melatonin* in **regulation** of chick liver xanthine dehydrogenase activity. 054321

MELIPONA

Genetics of sex determination in *[Melipona]* **bees.** IX. Frequencies of queens and workers from larvae under controlled conditions (Hymenoptera: Apoidea). 060941

MELOIDOGYNE

Influence of nematodes *[Meloidogyne,* **Belonalaimus** lingicaudatus, Pratylenchus penetrans] and light sources on growth and nodulation of soybean. 060001
Influence of Pratylenchus vulnus and *Meloidogyne* **hapla** on the growth of rootstocks of rose [Nematodes]. 059803
Predicting on-set of egg production by *Meloidogyne* **hapla** onlettuce from field soil temperatures. 059806
Self-interactions of *Meloidogyne* **hapla** and of Heterodera schachtii on Beta vulgaris [Sugar-beets, nematodes]. 059807
Giant cell formation in corn roots caused by *Meloidogyne* **hapla** [nematodes] infection. 059827
Studies on the relationship between *Meloidogyne* **incognita** and galling behaviour of Cicer arietinum roots [Root-knot nematodes]. 059740
Comparative fine structure of the stomatal region of males of *Meloidogyne* **incognita** and Heterodera glycines [Tomatoes, soybeans, nematodes]. 059797
Effect and mode of action of some systemic nematicides [Ditylenchus dipsaci, broadbeans, *Meloidogyne* **incognita,** tomatoes]. 059820
Transfer cells and nematode *[Meloidogyne* **javanica]** induced giant cells in Helianthemum. 059886
Root knot [nematode, *Meloidogyne* **naasi**] on wheat in Chile [Oats]. 059860
The destructive root-knot **nematode** *[Meloidogyne].* 059775
Uptake and translocation of calcium and magnesium in tomato plants as influenced by infection with root-knot **nematode** *Meloidogyne* incognita and tobacco mosaic virus. 059833
Yellow granadilla [Passiflora edulis] outshines purple granadilla in yield and disease resistance *[Meloidogyne,* **Phytophthora** nicotianae, Fusarium]. 059729

MELONGENA *see* SOLANUM

MELONS

Chlorophyll accumulation in cowpea (Vigna) leaves and *melon(Colocynthis)* **cotyledons** as influenced by prior heat stressand seedling age. 058478
The efficiency of *melon* **crop** allocation in the Ukraine. 052405
Mechanization of *melon* **crop** cultivation. 059096
Ways of mechanization of *melon* **crop** cultivation. 061548
Mechanization of sowing and control of soil crust in plantings of *melon* **crops.** 059097
Induced parthenocarpy with pollen irradiated with gamma rays [Tomatoes, **cucumbers,** *melons].* 058316
Melon **cultivation.** 059194
Sterilization of the *melon* **fly,** Dacus cucurbitae Coquillett with gamma radiation: effect of rate of emergence, longevity and fertility. 060259
Sterilization of the *melon* **fly,** Dacus cucurbitae Coquillett with gamma radiation: effect on rate of emergence, longevity and fertility. 060260
Increasing *melon* crop production. 052845
Morgan muskmelon, a new cash crop for Florida! [Varieties, *melon* **industry**]. 058953

MELTING

Effect of liquid fat on *melting* **point** andpolymorphic behavior of cocoa butter and a cocoa butter fraction. 053592
A model experiment on the method of *snow-melting* on the **road** in rural areas in Japan. 061393
Studies on speed-up of **snow** *melting* in a grassland. 3. For the extension of livestock grazing season in early spring. 058815

MEMBRACIDAE

Alarm behavior of brooding female Umbonia crassicornis **(Homoptera:** *Membracidae).* 060639
A case of active brood defense in the thornbug, Umbonia crassicornis **(Homoptera:** *Membracidae).* 060710

MEMBRANES

Electrochemical preparation of enzyme-collagen [calf skin] *membrane* and its **application.** 053810
Lipid composition of prolamellar **body** *membranes* of etiolated and greening wheat leaves. 058045
Biosynthesis of *membrane* **bound** Ig and secretion of Ig [immunoglobulin] by chicken lymphoid cells. 054357
Lack of negative cooperativity among binding sites for prostaglandin F2alpha in bovine corpus luteum **cell** *membranes.* 054632
Microchemical method for delignification of the **cell** *membranes* and for provoking artificial maceration [Cotton seeds]. 056807
Cell *membrane* potential of maize coleoptiles affected by potassium and calcium ions. I. Empiric equations. 058024
Kinetics of ion translocation across **charged** *membranes* mediated by a two-site transpot mechanism. Effects of polyvalent cations upon rubidium uptake into yeast cells [Saccharomyces cerevisiae]. 057310
Association of cytoplasmic ribosomes with **chloroplast** *membranes* as determined by discrimination between newly synthesized cytoplasmic rRNA and chloroplast ribosomal precursor RNA [Aztec tobacco]. 058023
Orientation of thr primary donor chlorophyll of photosystem II in **chloroplast** *membranes* [Spinach]. 058348
Characteristics of light induced H+ [hydrogen ion] transport in spinach chloroplast at lower temperatures. I. Relationship between H+ transport and physical changes of the microenvironment in **chloroplast** *membranes.* 058487
Energy-dependent Mn2+ and Ca2+ [manganese and calcium ions] uptake by the embryonic chick **chorioallantoic** *membrane.* 054370
Changes in the surface properties of **cloroplast** *membranes* from dark-grown Pinus sylvestris following illumination. 058611
Effect of the *transmembrane* **electric** field on the photochemical and quenching properties of Photosystem II in vivo [Chlorella pyrenoidosa, algae, chloroplasts]. 057307
Hydrolysis of lactose contained in the ultra-filtrate of milk of lactoserum in a *membrane* **enzymatic** reactor. 053748
Assimilatory sulfate reduction in [spinach] chloroplasts: evidence for the participation of both stromal and *membrane-bound* **enzymes.** 058485
Distribution of *membranes,* **especially** of plasma-membrane fragments, during zonal centrifugations of homogenates from glucose-repressed Saccharomyces cerevisiae [Yeasts]. 057267
Membrane **filtration**—principles and utilization [Milk processing]. 053754
Effects of acrosin inhibitors on the soluble and *membrane-bound* **forms** of ram acrosin, and a reappraisal of the role of the enzyme in fertilization. 055092
Differences in properties of cytosol and membrane-derived prtein kinases [in *membrane* **fractions** of bovine brain, heart, liver, and muscle]. 054554
Distribution of membranes, especially of *plasma-membrane* **fragments,** during zonal centrifugations of homogenates from glucose-repressed Saccharomyces cerevisiae [Yeasts]. 057267
A comparison of *membrane* and **glass-fibre** filters for productivity experiments [Algae, coseinodiscus, photosynthesis]. 057924
Stability of the [milk] fat **globule** *membrane.* 053707
Ultrastructural aspects of formation and fate of the milk fat **globule** *membrane* [Mammary secretory cell]. 054459
Comparative study of the milk fat **globule** *membrane* and the mouse mammary tumour virus prepared from the milk of an infected strain of Swiss albino mice. 055466
Galactolipid synthesis in chromoplast **internal** *membranes* of the daffodil [Narcissus pseudo-narcissus]. 058507
Change in quantity of lipids and cell size during **intracytoplasmic** *membrane* formation in Gluconobacter oxydans. 053598
Assembly of complex III into newly developing **mitochondrial** *membranes* [Saccharomyces cerevisiae, yeasts]. 057381
The influence of anesthetics and cholesterol on the degree of molecular organization and mobility of ox brain white matter. Lipids in **multibilayer** *membranes:* a spin probe study using spectral simulation by the stochastic method. 054639
Isolation of osmotic remedial temperature-sensitive mutants defective in cell wall or *membrane* in **Neurospora** crassa [Fungi]. 057065
Nuclear *membrane* breakdown at mitosis in Lipomyces lipofer [Fungi] shown by freeze-substitution. 056899
Nuclear *membrane-associated* DNA polymerase activity and fatty acid content in relation to chilling injury in cotton. 059889
Ontogenetic *membrane* transitions in plastids of the coenocytic alga Caulerpa [verticillata] (Chlorophyceae). 057835
Cytokinesis in the green alga Eremosphaera viridis: plasmalemma formation from **"open** *membranes"* 056887
Peritrophic *membrane* of the 2nd type in the females of the genus Aedes. 060991
The effect of cations and *membrane* **permeability** modifying agents on the dark kinetics of the photoelectric response in isolated [Peperomia metallica] chloroplasts. 057314
Structure and morphogenesis of **photosynthetic** *membranes.* I. Is there a single basic peptide within Zea mays thylakoids? 058032
In vitro photomodulation of a peroxidase activity through *membrane-bound* **phytochrome** [from pumpkins]. 058502
The use of fluorescamine as a probe for labeling the outer surface of the **plasma** *membrane* [Chick embryo]. 054349
Ultrastructural patterns of the green alga Scenedesmus obliquus **plasma** *membrane* revealed by freeze—etching. 056926
The isolation of **plasma** *membranes* from the cellular slime mold Dictyostelium discoideum using concanavalin A and triton X-100. 057579
Cellulose microfibrils: visualization of biosynthetic and orienting complexes in association with the **plasma** *membrane* [Oocystis apiculata]. 057931
In vitro binding of IAA [indoleacetic acid] to **plasma** *membrane-rich* fractions containing Mg++ [magnesium ions]-activated ATPase [adenosine triphosphatase] from mung bean hypocotyls. 058490
Exocortis viroid: cytopathic effects at the **plasma** *membrane* in association with pathogenic RNA [in infected Gynura aurantiaca]. 059675
Effect of cyanide on the *membrane* **potential** of leaf cells of the moss Mnium cuspidatum. 057255
Investigations of the changes in the *trans-membrane* **potential** of the leaf cell of the moss Funaria hygrometrica, under the influence of light. 057344
Characteristics of fusicoccin-induced changes of *transmembrane* **potential** and ion uptake in maize root segments. 058197
Gel electrophoresis of ion-stimulated ATPases [adenosinetriphosphatases] from **protoplast** *membranes* of the diatom Nitzschia alba [Algae]. 057907
Differences in properties of cytosol and *membrane-derived* **prtein** kinases [in membrane fractions of bovine brain, heart, liver, and muscle]. 054554
In vitro replication of cowpea mosaic virus RNA. II. Solubilization of *membrane-bound* **replicase** and the partial purification of the solubilized enzyme. 059603
Effect of xenon, nitrous oxide and halothane on *membrane-bound* **siallidase** from calf brain. 054488
Conjugation of the localisation of new molecules of chlorphylls and proteins in the *membrane* **system** of chloroplasts. 057518
Utilization of *membrane* **techniques** in the agricultural and food industries. 053501
The isolation of further polypeptides from the **thylakoid** *membrane,* their localization and function [Antirrhinum majus]. 057578
Correlation of the photosynthetic reduction of p-(diazonium)benzenesulfonic acid with the increased binding of the probe to the **thylakoid** *membrane* [Spinach chloroplasts]. 058540
Inhibition by triphenyltin chloride of a **tightly-bound** *membrane* component involved in photophosphorylation [Spinach chloroplasts]. 058343
Cell physiology, cell electrophysiology and *membrane* **transport** [Algae]. 057604
Effect of a raised hydrostatic pressure on **wood** *membranes.* I. Density of woody material. 056248

MEMORY

In *memoriam* **Aleksander** Hermanovich Henckel (towards the centenary of birth) [Botanists]. 056317
In *memoriam* **Alfred** Nikolaevich Oksner (1898-1973) [Botanists]. 056318
In *memory* of **Domokos** Derzsy, 1914-1975 [Veterinarians, Hungary]. 055332
In *memory* of **Pal** Magyar [Foresters, Hungary]. 055963
Ola Grini—in *memoriam* **[Veterinarians].** 055340

MENOPONIDAE

A new species of Nosopon [australiensis] (Mallophaga: *menoponidae)* from **Australia.** 061189

MENSURATION
What is the national foest inventory, what does it do and what importance does it have? *[Mensuration,* **statistics** and planning, Mexico]. 056057

MENTHA
Tackling the tingle in your 'good morning' *[Mentha,* **cultivation**]. 059217
The composition of the essential oil of *Mentha* **lavanduliodora** [Mint]. 053515

MENUS
In **children's** *menus* get with it (nutrition). 053418
The pitfalls and profits of *menu* **expansion.** 053420
Today's specialty equipment **increases** *menu* flexibility. 053433

MERCAPTO
Studies in oxadiazoles. Synthesis of some *2-mercapto-1,3,4oxadiazoles* and **related** compounds as potential fungicides. 059235

MERCATOR
Effect of aminopterin on the growth and metamorphosis of **Oryzaephilus** *mercator.* Fauvel (Coleoptera: Silvanidae) larvae [Insect pests, control]. 060118
Progeny produced by Oryzaephilus surinamensis and **Oryzaephilus** *mercator* (Coleoptera: Cucujicae) and by Callosobruchus maculatus (Coleoptera: Bruchidae) during continuous exposure to infrasound. 060405
Effect of aminopterin on the growth and metamorphosis of **Oryzaephilus** *mercator.* Fauvel (Coleoptera: Silvanidae) larvae. 060673

MERCHANDISE
Deferred grain pricing **[Feed** *merchandising].* 052615
To **mope** or *merchandise?!* 053424
Handling & *merchandising* **treelength** material [Logs]. 056213

MERCURY
The effect of *mercuric* **chloride** intoxication on urinary gamma-glutamyl transpeptidase excretion in the sheep. 055929
Acute toxicity of methyl mercury chloride and *mercuric* **chloride** for rainbow trout (Salmo gairdneri) fry and fingerlings. 060581
Some chemical and physical properties of the *mercuric* **chloride-solubilized** gel protein from different wheat varieties. 053904
Chlorinated hydrocarbon pesticides and *mercury* in **coastal** young-of-the-year finfish, South Carolina and Georgia—1972-74 [Water pollution]. 060588
Acute toxicity of **methyl** *mercury* chloride and mercuric chloride for rainbow trout (Salmo gairdneri) fry and fingerlings. 060581
Mercury in **[midwestern** rural] human maternal and cord blood, placenta, and milk. 062515
Total and **organic** *mercury* in the Pacific blue marlin. 060534
Comparison of adaptability to heavy metals among crop plants. 2. Adaptability to zinc, cadmium and *mercury* in **plant** nutrition. 057721
Detection and diagnosis of arsenic and *mercury* **poisonings** via the Reinsch test [Farm animals]. 055955
Response of Chlorella [Algae] to *mercury* **pollution.** 057634
Uptake of trace elements by barley in zinc-polluted soils. 2. Lead, cadmium, *mercury,* **selenium,** arsenic, chromium, and vanadium in barley [Toxicity study]. 059893
The determination of some "toxic" metals in human liver as a guide to normal levels in New Zealand. II. Arsenic, *mercury* and **selenium.** 062364
The determination of **total** *mercury* in biological tissues by a modified potassium permanganate procedure. 055896
Chlorinated hydrocarbons and **total** *mercury* in the prey of the white-tailed eagle (Haliaeetus albicilla L.) in the Quarken Straits of the Gulf of Bothnia, Finland. 060527
Enrichment of **trace** *mercury* [in water] by soybean protein for the analysis by flameless atomic absorption method. 062386

MERINOS ***see*** SHEEP

MERISTEMS
Endogenous growth substances related to the restart of [the hybrid ornamental cherry] Prunus **Accolade** *meristems* grown in vitro. 058326
Cytogenetic analysis of the action of colchicine. I. Pattern of elimination of cytological anomalies in root and shoot **apical** *meristems* [Broadbeans]. 057147
Formative effects of morphactin on the shoot **apical** *meristem* of flax (Linum usitatissimum L.). 057208
Organization and activity of the root **cap** *meristem* of Avenasativa L. [Oats]. 056862
Effect of alpha-amanitine on the nucleolus of *meristematic* **cells** of Allium cepa [onions] in interphase and mitosis: an ultrastructural analysis. 056833
The influence of tris-(2-oxyethyl)-ammonium salts of aroxyacetic acids on *meristem* **cells.** 057527
Wax development of leaf surfaces of Brassica oleracea var. Currawong [cauliflower] regenerated from *meristem* **culture.** 058503
Energy metabolism of **germinal** *meristems* of pea roots at different stages of cellular cycle. 058353
Yeast extract action on proliferation of irradiated rice (Oryza sativa L. var. Cigalon) **radicular** *meristems* cells by gamma rays of cobalt 60 [isotope]. 058047
The response of Vicia faba [broadbeans] **root** *meristematic* cells to colchicine and mitomycin C: irregular chromosomal distribution and micronuclear formation. 057151
Diurnal rhythms in mitosis of cells of the wheat root **tip** *meristem.* 056975

MERMITHIDAE
Mermithidae from **Colchis** [Pathogenic soil nematodes]. 059898

MESENCEPHALON
Androgen-sensitive *midbrain* sites and visual attention in chicks. 054642

MESENTERY
Localization of *mesenteric* **hyperemia** during digestion in dogs. 054281

MESOCARP
Analysis of *mesocarp* **oils** from several different oil palm hybrids. 053623

MESOCESTOIDES
Immunization of mice against *Mesocestoides* **corti** by subcutaneous inoculation of living Tetrathyridia. 055620

MESODERM
Developmental ability of the **apical** *mesoderm* of the chick embryo limb bud in sectors deprived of the ectodermal ridge. 054652

MESOPHYLL
Light-induced uptake of oxygen from chloroplast fragments and from *mesophyll* **cells** and bundle sheath cells in maize. 058041
Vapour loss through stomatal pores with the *mesophyll* **tissue** excluded [Tradescantia virginiana]. 057703
Double infection of isolated **tobacco** *mesophyll* protoplasts by unrelated plant viruses. 059595
An ulrastructural study of the infection of **tobacco** *mesophyll* protoplasts by potato virus X. 059625

MESOSTIGMATA
Studies on mesostigmatid mites parasitic on mammals and birds in Japan. III. On the identity of Hirstionyssus apodemi Zuevsky, 1970, with Hirstionyssus sunci Wang, 1962, and the description of Hirstionyssus japonicus spec. nov. *(Mesostigmata:* **Laelapidae).** 061193

MESOTHELIOMAS
Malignant *mesothelioma* in a bull. 055855

MESUA
Chemical investigation of ceylonese plants. XVII. Isolation and structures of the xanthones in the extractives of *Mesua* **ferrea** L. (Form Mesua salicina Pl. and Tr.) (Guttiferae). 058594

METABOLISM
Kinetics of the inhibition of amaranthin formation by inhibitors of protein- and nucleic **acid** *metabolism* in seedlings of Amaranthus caudatus L. 057283
Studies on nucleic **acid** *metabolism* in suspension cultures of Cucumis melo L. [Muskmelons]. 058277
Studies on glycolic and oxalic **acid** *metabolism* in fruit-bodies of Agaricus bisporus Lge. [Mushrooms]. 058330
Metabolic **activity** of potato plant ribosomes in dependence on their supply with lithium. 058354
The role of **aflatoxin** *metabolism* in its toxic lesion [Food, feed]. 053061
Synthesis of 1alpha-hydroxy [6-3H]vitamin D3 and its *metabolism* to **1alpha,25-dihydroxy[6-3H]vitamin** D3 in the rat. 053209
Metabolism of **1alpha-hydroxyvitamin** D3 in the chick. 054556
Variations in the 13C/12C [carbon] isotopic ratio in the **animal** *metabolism.* 054526
Asparagine *metabolism* in higher plants [Asparagus officinalis]. 058287
Metabolic **aspects** of selenium action and toxicity [Nutritional deficiency in animals]. 054444
Translocation and *metabolism* of **azinphos-methyl** [nonsystemic, broad-spectrum insecticide] in bean plants after root and leaf absorption. 060573
Studies to the role of a ticuline converting enzyme (berberine bridge enzyme) in the **benzylisoquinoline** *metabolism* of plants [Macleaya microcarpa]. 057294
Uptake and *metabolism* of **beta-alanine** and L-carnosine by rat tissues in vitro: role in nutrition. 053094
Metabolism of **bromobenzenes** in the rabbit [Pollutants, toxicity]. 062458
Isolation and *metabolism* **cage** system for newborn pigs. 054123
Metabolism and **caloric** utilization of orally administered maltitol-14C [carbon isotope] in rat, dog, and man [Replacements for sucrose in special dietary foods]. 053190
Recent advances in the chemistry and *metabolism* of the **cannabinoids** [Cannabis sativa]. 053633
Carbamate resistance in Anopheles albimanus. Penetration and *metabolism* of **carbaryl** in propoxur-selected larvae. 060423
Effect of prostaglandins in vivo on enzymes involved in thyroid **carbohydrate** *metabolism* [Guinea pigs]. 054662
Carbohydrate *metabolism* [in plants]. 057603
The effect of abscisic acid on growth, photosynthetic rate and **carbohydrate** *metabolism* in Lemna minor L. 057783
Carbon dioxide fixation and activity of some enzymes of **carbon** *metabolism* in maize leaves. 058087
Translocation and **carbon** *metabolism* in tomato leaves. 058278
Interaction of pesticide chemicals. Effect of eptam and itsantidote on the uptake and *metabolism* of [14C] **[carbon** isotope] phorate in corn plants. 060566
Metabolism of **carotenoids** [in animals]. 054615
Metabolic **changes** associated with calcium deficiency in potato sprouts. 059873
Very low density lipoproteins in normal and cholesterol-fed rabbits: lipid and protein composition and *metabolism.* 1. **Chemical** composition of very low density lipoproteins in rabbits. 053109
Effects of polysaccharides on **cholesterol** *metabolism.* 6. Effects of various polysaccharides on serum and liver cholesterol levels in cholesterol-fed rats. 053238
Comparative *metabolic* study of nimetazepam and its desmethyl derivative (Nitrazepam) in dogs. 054740
The effects of an oral contraceptive, ascorbic acid and iron on glucose and **copper** *metabolism* in the rat. 053289
Cyanazine [herbicide] *metabolism* in **corn,** fall panicum, and green foxtail. 060058
Relationship to **crop** *metabolism* and water status to irrigation need. 062285
The urinary excretion and *metabolism* of **dexamethasone** in the horse. 054717
Diapause *metabolism* in Pieris brassicae. Adenylic nucleotides. 060668
Role of silicon in **diatom** *metabolism.* VII. Silicic acidstimulated DNA synthesis in toluene-permeabilized cells of Cylindrotheca fusiformis [Algae]. 057556
Metabolism of **digestive** products in the tsetse fly, Glossina morsitans. 060873
Metabolism of **4,4'-dihalogenobiphenyls** [Rabbits, polychlorinated biphenyls]. 054566
Grass tetany survey *[Nutritional-metabolic* **disorder** of cattle]. 055826
The ontogenesis of cerebral **dopamine** *metabolism* in the pig. 054394
Effect of zymosan on hepatic **drug** *metabolism* in mice. II. Identification of active component of yeast [Saccharomyces cerevisiae] cell walls. 057494
Some *metabolic* **effects** of amino acid imbalance in the intial period of feeding with imbalanced diets [Rats]. 053339
Relation of high temperature regimes to **energy** *metabolism,* body composition and feed and water intake in rats. 054544
Energy *metabolism* of germinal meristems of pea roots at different stages of cellular cycle. 058353
The use of a liver biopsy technique for investigating the effects of hexachlorobenzene on some *drug-metabolising* **enzymes** in sheep. 055930
Studies on avian **erythrocyte** *metabolism:* Effect of organic phosphates on oxygen affinity of embryonic and adult-type hemoglobins of the chick embryo. 054326
Brain uptake and *metabolism* of **estradiol** benzoate and estrous behavior in ovariectomized guinea pigs. 055094
The concept of chromosome dynamism. Control of differentiation, reproduction and *metabolism* in **Eukaryota** [Plants]. 056876
The *co-metabolism* of **ferulic** acid by Azotobacter vinelandii[Soil bacteria]. 061776
Riboflavin deficiency, **galactose** *metabolism* and cataract [Diet, humans, rats]. 053299
Influence of growth temperature on **glucose** *metabolism* of a psychrotrophic strain of Bacillus cereus [isolated from refrigerated raw milk or frozen foods]. 053476
Glucose *metabolism* in Hydrodictyon africanum in relation tocell energetics [Algae]. 057776
Changes of some enzyme activities in **glucose** *metabolism* during vernalization of winter wheat. 058182
Changes in liver enzyme activities of **glycine** *metabolism* of rats fed excess glycine diets. 053084
Glycogen *metabolism* in Schistosoma mansoni [isolated from mice]. 055809
Study of *metabolism* of **homooctopine** and of one of its analogs by Agrobacterium tumefaciens. 059502
Effect of 1,1,1-trichloro-2,2-bis(p-chlorophenyl)-ethane (DDT) on the prenatal development of house mice (with special regard to transplacental transport and *metabolism* of **hydrogen** and carbon isotope marked DDT in pregnant mice. 060584
The *metabolism* of 3H **[hydrogen** isotope]-molting hormone in Calliphora erythrocephala at the mature larval and white puparial stages. 060884
A *metabolic* **indicator** of photoperiodic timing [Lemna perpusilla]. 057929
Effects of temperature, anoxia and other *metabolic* **inhibitors** on translocation [Phloem]. 057533
Enzyme changes during development of holo- and *hemi-metabolic* **insects** [Drosophila pseudoobscura, Acyrthosiphon pisum]. 060759
Feeding, *metabolism,* and **ketosis** [Dairy cattle]. 054651
Metabolism of **(+)-limonene** [a major component of the essential oils of many fruits and spices] in rats [Nutrition]. 053191
Force-feeding: effects on *metabolism* and **lipid** transport in duck liver. 054771

Interrelationships between amino acid and **lipid** *metabolism* in the tsetse fly, Glossina morsitans. 060872
Metabolism of the **"lovebug"** Plecia nearctica (Diptera: Bibionidae). 060654
Very low density lipoproteins in normal and cholesterol-fed rabbits: lipid protein composition and metabolism. 2. *Metabolism* of very **low** density lipoproteins in rabbits. 053110
Inhibitory effects of 2-deoxy-d-glucose on **methanol** *metabolism* in Torulopsis sp. [Yeasts]. 057225
Pathways of **microbial** *metabolism* of parathion [Organophosphorus insecticide]. 060520
Microbial *metabolism* of polychlorinated biphenyls. Studies y and sex hormone levels mponents by Alkaligenes sp. 062534
Cholesterol feeding affects **microsomal** *metabolism* of steroids [Rats]. 053293
Mineral *metabolism:* role of mineral elements [in cells, chloroplasts]. 057607
Recent discoveries on the *metabolism* and **mode** of action of vitamin D. 053135
Nitrogen *metabolism* in ruminants: protein solubility and rumen bypass of protein and amino acids. 054654
Nitrogen *metabolism* of liver tissue in chickens during single and 3-fold infection with oocysts of Eimeria tenella. 055717
Nitrogen *metabolism* in lichens. VII. Nitrogenase activity and heterocyst frequency in lichens with blue-green phycobionts. 057779
Effect of herbicides Prometrinigran and Aresin on the **nitrogen** *metabolism* of soybeans. 059966
Some aspects of **nitrogen** *metabolism* in soil. 061719
Some aspects of **nucleic** *metabolism* in the testes of vitamin A deficient adult rats. 053128
Effect of infection with enveloped viruses on **nucleotide** *metabolism* [Chick embryo]. 055788
Metabolism of **paraffin** and naphthenic hydrocarbons in higher animals. I. Retention of paraffins (normal, cyclo and ramified) in the rat. 053101
Metabolism of **paraffin** and naphthenic hydrocarbons in higher animals. II. Accumulation and mobilization in the rat. 053102
Species difference in *metabolism* of **parathion** [organophosphorus insecticides] apparent inability of [lobster] hepatopancreas fractions to produce paraoxon. 060540
Mass energy balance analysis of *metabolic* **pathways** applied to citric acid production by Aspergillus niger [Fungi]. 057324
A simple system to simultaneously measure volatilization and *metabolism* of **pesticides** from soils. 060558
Two distinct S-adenosyl-L-methionine:3,4-dihydric phenol 3-O-methyltransferases of **phenylpropanoid** *metabolism* in soybean cell suspension cultures. 058013
Effect of magnesium chlorate on **phosphoric** *metabolism* in apricot sprouts. 058352
Metabolism of **phosphorus** in cotton plant organs treated with nicotinic acid. 058083
Dark starvation and **plant** *metabolism.* IV. The alteration of enzyme activities [Spinach]. 058288
Biochemical and cytological effects of sulphur dioxide on **plant** *metabolism.* 059838
Metabolism [in **plants**] and its regulation—then and now. 057287
Potassium *metabolism* in ponies. 054543
Glucose requirements of cows of different levels of **productivity** *[Metabolism].* 054465
Metabolic **profile** testing of dairy herds in Rhodesia. 054694
Metabolism of **prostaglandin** A1 by hepatic microsomal monooxygenase P-450 system in the guinea pig and rat. 054633
Some aspects of **protein** *metabolism* in chickens as affected by testosterone propionate. 054756
Changes of **protein** *metabolism* of plants under the influence of dimethyl-4-chlorophenoxy acetic acid [Herbicides, broadbeans, wheat, peas]. 059961
On features of *metabolism* of **proteins** in chick fibroblasts infected with Sendai virus. 055803
Metabolism during the **pupal** development of the beetle Dineutes indicus. 060809
Metabolism of **pyruvate** in postmortem adductor muscle of the sea scallop (Placopecten magellanicus) during iced storage. 053604
Metabolism of **radiolabeled** insectidides in insects and related arthropods: a critical study of various techniques. 060128
Influence of temperature and duration of acclimation on the *metabolic* **rate** in Orthomorpha gracilis (C. L. Koch) (Diplopoda). 060807
Radiosynthesis and *metabolism* in **rats** of the 1R isomers of the insecticide permethrin. 060568
Enzymatic characteristics of development phases of primary leaves of cereals [barley, wheat] with respect to functional relations between nitrate **reduction** and other *metabolic.* 058026
The optimal strategy for the *metabolism* of **reserve** materialsthe growth and pupation of dermestes maculatus larvae. 060953
Transport physiology, *metabolism* and **residue** behavior of radioactive Lenacil [herbicide] in sugarbeets. 059987
A kinetic concept of lipid transport in **ruminants.** A *review[Metabolism].* 054573
Effects of 1-thioglucose and 1-thiogalactose on **saccharide** *metabolism* in larvae of Galleria mellonella. 060865
Selective *metabolic* effects of salbutamol in anesthetized cats. 054634
Soil *metabolism* in beech [Fagus] forests of Monte Taburno (Campania Apennines). 061769
Inhibitory effects of steroidal allenes on growth, development, and **steroid** *metabolism* of the silkworm, Bombyx mori. 061329
Effects of 3beta-(beta,beta-dimethylaminoethoxy)-steroids on **sterol** *metabolism* and development of Bombyx mori. 061323
An optimal policy for the *metabolism* of **storage** materials in unicellular algae. 057724
Stress *metabolism:* Water stress, growth, and osmotic adjustment [Plants]. 057819
Acetate as a *metabolic* **substrate** in the fetal lamb. 054262
Sucrose *metabolism* by roots of Pisum sativum [Peas, carbon isotope method]. 058473
Sodium chloride effects on the **sugar** *metabolism* of several plants. 057884
Sulphur *metabolism* in sheep and cattle fed tropical forages. 054964
Aspects of growth and *metabolism* in a **suspension** culture of Acer pseudoplatanus (L.) grown on a glycerol carbon source. 058597
Microbiological problems in strip mine areas: relationship to the *metabolism* of **Thiobacillus** ferrooxidans. 062130
Regulation of **thymidine** *metabolism* in Neurospora crassa [Fungi]. 057647
Active influx of hexose in Hydrodictyon africanum [Algae, glucose **transport** and *metabolism].* 057774
Ureid *metabolism* in moss protonema of Funaria hygrometrica L. (Sibth.). V. Studies on the enzyme activity of allantoinase. 057297
Oestradiol as a regulator of the *metabolism* of **vitamin** D3 in the liver of Japanese quail. 054590
Transport and *metabolism* of **vitamin B6** in the yeast Saccharomyces carlsbergensis 4228. 057657

METABOLITES

The growth-promoting activity of some **algal** *metabolites* on Scenedesmus acutus. 057361
Biologic effects of short-term phenobarbital treatment of the respose to vitamin D and its *metabolites* in the **chick.** 054354
Metabolite **concentrations** and phase relations in D-fructoseinduced glycolytic oscillations [in yeast cells, Saccharomyces carlsbergensis]. 057842
Acute toxicity of penitrem A [Penicillium cyclopium, **fungal** *metabolite]* in dogs. 055936
Cultural and nutritional factors that control rubratoxin formation *[Metabolite* of **fungus** Penicillium rubrum, food contamination]. 052996
Induction of phytoalexins in potato tubers by *metabolites* of **fungus** Phytophthora infestans (Mont.) de Bary. 059297
Characterization of a Mirex [chlorinated insecticide] *metabolite* from **monkeys.** 060526
Azaperol, a **new** *metabolite* of the veterinary butyrophenone tranquilizer azaperone [Pigs]. 055937
Structure of a **new** *metabolite* from [fungal] Aspergillus chevalieri. 057235
Roquefortine and isofumigaclavine A, *metabolites* from **Penicillium** roqueforti [Fungi]. 057566
Isolation and identification of a **polar** *metabolite* of tetrachlorobiphenyl from bile of a rainbow trout exposed to 14C [carbon isotope]-tetrachlorobiphenyl. 060530
Metabolites of **pyrenomycetes.** IV. Rosellisin, an antibiotic alpha-pyrone from Hypomyces rosellus [Fungi]. 057960
Effect of anaerobiosis and some *metabolites* on the **reactions** of violaxanthine cycle in plant leaves [Hydranges hortensis, peas]. 057590
Bitter substances of apples. I. Isolation and separation of **secondary** *metabolites* of the fungus Trichothecium roseum. 059454
Cyclonerotriol [6-(3-dimethylcyclopentyl)-2-methylhept-2-ene-1,6-diol], a new **sesquiterpenoid** *metabolite* of Fusarium culmorum [Fungi]. 057665

METALS

Dissociation-constants of *metal-ion-complexes* with **alkaline** phosphatase from pig kidney. 054479
A simple technique for characterizing the stability of *metal* **chelates** in the soil. 062055
Infrared spectroscopic investigations of humic substances and their *metal* **complexes** [Soils]. 061677
Soil factors **controlling** *metal* ion absorption in the wood anemone Anemone nemorosa. 057798
Stabilizing effect of **divalent** *metal* ions on virions of southern bean mosaic virus. 059680
The relationship between *metallic* **gloss** and fur texture in dark mink. 053829
Comparison of adaptability to **heavy** *metals* among crop plants. 1. Adaptability to manganese in plant nutrition. 057720
Comparison of adaptability to **heavy** *metals* among crop plants. 2. Adaptability to zinc, cadmium and mercury in plant nutrition. 057721
Swan mortality due to certain **heavy** *metals* in the Mission Lake area, Idaho. 060533
Residues of organochlorines and **heavy** *metals* in ruddy ducks from the Delaware River, 1973 [Pesticides]. 060590
Retention of **heavy** *metals* in humus. 061634
A study of **heavy** *metals* in Illinois impoundments [algal growth potential in potable water supplies. 062231
Aquatic insects as biological monitors of **heavy** *metal* pollution [Ephemerella grandis, Pteronarcys californica]. 062375
Biological stability of different *metallic* **humates.** 061652
On the interaction of melanoidin with *metallic* **ions** [in autoxidation of lipids in food]. 053470
Experimental ecological genetics in Plantago. I. Induction of roots and shoots on leaves for large scale vegetative propagation and *metal* **tolerance** testing in Plantago lanceolata. 057105
The determination of some **"toxic"** *metals* in human liver as a guide to normal levels in New Zealand. II. Arsenic, mercury and selenium. 062364
Movement of **trace** *metals* [in soils] with percolating water [Reclamation]. 062283
Trace-metal **variation** in soils and sagebrush. [Artemisia tridentata] in the Powder River Basin, Wyoming and Montana. 062474
Remote sensing to detect the toxic effects of *metals* on **vegetation** for mineral exploration [Chlorosis, beans]. 059781

METAMORPHOSIS

Cellular *metamorphosis.* II. The larval labial gland duct and its prospective adult fates in th tobacco hornworm [Manduca sexta]. 060186
Autonomous and non-autonomous cell death in the *metamorphosis* of the **epidermis** of Drosophila. 061043
Changes in the concentration of free amino acids and related compounds in a blowfly, Aldrichina **grahami,** during *metamorphosis.* 060712
Cellular differenciation and death during **midgut** *metamorphosis* of Aeschna cyanea larva. 060949
Effect of aminopterin on the growth and *metamorphosis* of **Oryzaephilus** mercator. Fauvel (Coleoptera: Silvanidae) larvae [Insect pests, control]. 060118
Effect of aminopterin on the growth and *metamorphosis* of **Oryzaephilus** mercator. Fauvel (Coleoptera: Silvanidae) larvae. 060673
Biochemical correlations during *metamorphosis* in **Pieris** brassicae. 060857
Soil-slope-plant relationships in the northern Maya Mountains Belize, Central America. I. The sequence over *metamorphic* **sandstones** and shales. 056713

METARRHIZIUM

Serological relationship between four strains of the hyphomycetic **fungus** *Metarrhizium* anisopliae (Delacr.) Siem. 057374

METEOROLOGY

A physically based method of estimating solar radiation from suncards **[Agricultural** *meteorology].* 052084
Agricultural *meteorology* and tropical agriculture. 052086
Relationship between swine erysipelas postvaccination reactions and *meteorological* **conditions** with special regard to severe allergic reactions. 055668
Observations on the dependence of the fructification of Amanita muscaria and Boletus edulis on *meteorological* **conditions** in 1973. 057992
Crop indices [Effects of *meteorology* on **crops].** 056748
Ultralow volume spraying [for aircraft]: systems evaluation and *meteorological* **data** analysis. 061618
Influence of *meteorological* **factors** on the phenology of wheat in the Punjab. 058104
A *meteorological* **model** relating to the release of Graminae pollen in the London area [Allergen causing hay fever]. 056745
A *meteorological* **model** for the release of mildew [Erysiphe graminis] spores in a crop of spring barley. 059464
Meteorological **models** for the effects of weather on barley development and yield. 058240
The *micrometeorology* of the **plant** environment. 056750
Climatological and *meteorological* **relationships** concerning the yield and development of plants [Crops]. 056747

METERS

Effect of moisture gradients on the accuracy of power-loss **moisture** *meters* [Veneers]. 056164

METHANE

EMS **[ethyl** *methanesulfonate]-induced* sphaerococcum mutation in Triticum monococcum L. [Wheat]. 056958
The mutability of the minute loci of Drosophila melanogaster with **ethyl** *methanesulfonate.* 060969
Appearance and disappearance of visible mutations in a series of **generations** of Drosophila [melanogaster] after the influence of **ethyl** *methanesulfonate* of N-nitrosomethylurea. 061018
The application of anaerobic digestion to **producing** *methane* gas and fertilizer from farm wastes. 062038
SCP [single-cell protein] **production** from *methane.* 053577

METHANOL

SCP [single-cell protein] production from *methanol:* **bacteria** [Animal feed]. 054088
Activity of solutions of *methanol,* **ethanol** and n-butanol on stomatal opening in presence or absence of carbon dioxide [Plantago lanceolata, Rumex acetosa, Veronica beccabunga, Baldellia ranunculoides]. 057808
Inhibitory effects of 2-deoxy-d-glucose on *methanol* **metabolism** in Torulopsis sp. [Yeasts]. 057225
Studies of biomass production of *methanol* **oxidizing** bacteria [Single-cell protein]. 053580
SCP [single-cell protein] production from *methanol* by **yeast.** 053578

The substrate constant for dissolved molecular oxygen of *methanol-assimilating* **yeasts.** 057712

METHBENZTHIAZURON

Extraction of *methabenzthiazuron* **[herbicide]** from the soil. 059994

METHIONINE

Formalin-treated sunflower seed meal and *methionine-hydroxyanalog* **addition** to rations for high-producing rams. 054991
Chemical approaches for estimating nutritionally **available** *methionine.* 053616
Transfer of the methyl group of *methionine* to **choline** and to tRNA in the honeybee Apis mellifica L. 061307
Evaluation of a *zinc-methionine* **complex** as a growth stimulant for swine. 054950
On energy, lysine and *methionine* + **cystine** requirements of fattening pigs. 054995
A rapid method for *methionine* **determination** in plant materials [Peas]. 058275
Two **distinct** *S-adenosyl-L-methionine:3,4-dihydric* phenol 3-O-methyltransferases of phenylpropanoid metabolism in soybean cell suspension cultures. 058013
Dethiomethylation of *methionine* by an **extract** of rumen protozoa: general substrate specificity. 054538
Effectiveness of maize mixtures balanced with local protein forages and addition of L-lysine and *DL-methionine* in **fattening** porkers. I. Fattening qualities, nutrient digestibility and nitrogen balance. 054987
Identification of **N-terminal** *methionine* in the precursor ofimmunoglobulin light chain. Initiation of translocation of messenger ribonucleic acid in plants and animals. 057268
Efficacy of **orally-administered** *N-hydroxymethyl-DL-methionine* (Ca) as a surce of methionine for ruminants. 054907
Determination of cystine and *methionine* in **plant** proteins by automatic amino acid analysis [Wheat]. 053944
[Nutritional] requirements of ducklings for *methionine* **pluscystine** and lysine. 054784
Efficacy of orally-administered N-hydroxymethyl-DL-methionine (Ca) as a surce of *methionine* for **ruminants.** 054907
Stimulatory effects of ammonia and glutamine on uric acid synthesis in the chicken (Gallus domesticus) treated with *methionine* **sulfoximine.** 054442
Studies on liver protein turnover of rats fed a protein free diet supplemented with *methionine* and **threonine.** 053288

METHOXYFLURANE

General anesthesia with *methoxyflurane* given **intravenously** to the dog. 055289

METHYL

Effect of vaginally **administered** *15[S]15-methyl-PGF2* alpha [prostaglandin] on egg transport and fertility in rabbits. 055217
Synthesis of *methyl* **alpha-** and beta-D-xylopyranoside-5-18-O [oxygen isotope]. 053508
Kinetics and mechanisms of conversion of methyl 1-(butylcarbamoyl)-2-benzimidazolecarbamate (benomyl) to *methyl* **2-benzimidazolecarbamate** (MBC) [Fungicides]. 059329
Kinetics and mechanisms of conversion of *methyl* **1-(butylcarbamoyl)-2-benzimidazolecarbamate** (benomyl) to 3-butyl-2,4-dioxo[1,2-a]-s-triazinobenzimidazole (STB) and 1(2-benzimidazolyl)-3-n-butylurea (BBU) [Fungicides]. 059330
Instability of *methyl* **1-(butylcarbamoyl)-2-benzimidazolecarbamate** (benomyl) [systemic fungicide] in various solvents. 060565
Investigations on the in vitro and in vivo transformation of new thioureido-derivatives to MBC and EBC *[methyl-2-benzimidazole* **carbamate,** ethylbenzimidazole-2-carbamate,. 059491
Gas chromatographic determination of thiabendazole in fruits as its *methyl* **derivative** [Pesticide residues]. 060579
The synthesis of *O-methyl* **derivatives** of 4-thiopentofuranosides and 2,5-anhydropentoses. 055510
A synthesis of *methyl* **4,6-di-O-methyl-alpha-D-mannopyranoside.** 053504
An investigation of the possibility for improving the nutritive value of alfalfa meal with supplements of cholesterol, *methyl* **donators** and Fe(NO3)3 bonded to 9H2O [saponin]. 054764
Fungal products. XVII. Microbiological hydroxylation of gibberellin A9 and its *methyl* **ester** [Gibberella fujikuroi]. 057666
Methyl **galbanate**—new terpenoid coumarin from Ferula microloba. 057457
Transfer of the *methyl* **group** of methionine to choline and to tRNA in the honeybee Apis mellifica L. 061307
Investigations on the breakdown of the **herbicide** *chlorphenprop-methyl* in the soil by microorganisms. 060064
Cautionary note on the use of *[methyl-3H]thymidine* **[hydrogen** isotope] to measure rates of chloroplast DNA synthesis in Chlamydomonas reinhardtii [Algae]. 057658
Studies on the syntheses of heterocyclic compounds. DCXXXII. Total synthesis of (plus, minus)-mappicine *[7-(1-hydroxypropyl)-8-methyl-indolizino[1,2-b]quinolin9(11H)-one]* [**Mappia** foetida]. 057684
Acute toxicity of *methyl* **mercury** chloride and mercuric chloride for rainbow trout (Salmo gairdneri) fry and fingerlings. 060581
A synthesis of **methyl** *4,6-di-O-methyl-alpha-D-mannopyranoside.* 053504
Interaction of **N-methylphenazinium** *methyl* sulfate with the thylakoids of illuminated chloroplasts [isolated from Phytolacca americana] in the presence of 3-(3,4-dichlorophenyl)-1,1-dimethylurea. 057894
Translocation and metabolism of *azinphos-methyl* **[nonsystemic,** broad-spectrum insecticide] in bean plants after root and leaf absorption. 060573
Preliminary study of bromine residues in crops in soils having received applications of mineral potassium bromide and **organic** *methyl* bromide. 061774
Structures of three **oxygenated** *24-methyl-steroids* (Nic-3, 7, and -11) from the insect repellant plant Nicandra physaloides (Solanaceae): X-ray analysis of Nic-3 acetate and Nic-11 ethyl ether. 057680
Influence of the administration of **parathion** *methyl* or Zineb on the activity of some hepatic enzymes in the rat. 060519
Preparation of *3-methyl-3-(substituted* **phenyl)-pyruvic** acid. 053471
Resistance to benomyl and *thiophanate-methyl* in **strains** of Penicillium digitatum and Penicillium italicum in Japan [Oranges]. 059446
A quantitative photochemical-fluorimetric method for measurement of nonfluorescent **vitamin** K1 *[2-methyl-3-phytyl-1,4-naphthoquinone].* 053478

METHYLATION

The blocked and *methylated* 5' **terminal** sequence of a specific cellular messenger: the mRNA for silk fibroin of Bombyx mori. 061310

METHYLCARBAMATE

Measurement of *methylcarbamate* formed by the **addition** of dimethyl dicarbonate to model solutions and to wines. 054012
Fate of **croneton** *(2-ethylthiomethylphenyl-N-methylcarbamate)* [plant systemic insecticide] in rats. 060562

METHYLMERCURIC

Brain lesions in mallard ducklings from parents **fed** *methylmercury.* 055899
Effect of *methylmercury* on **humoral** immune responses in mice under conditions simulated to practical situations. 055902

METHYLTHIO

Trifluoroacetylation of Mesurol *[4-methylthio-3,5-xylyl-Nmethylcarbamate]* its **sulfoxide,** sulfone, and phenol analogs for analysis by gas chromatography. 060574

METHYLTRANSFERASES

Two distinct S-adenosyl-L-methionine:3,4-dihydric **phenol** *3-O-methyltransferases* of phenylpropanoid metabolism in soybean cell suspension cultures. 058013

METHYRIDINE

Effect of *methyridine* on some **gastrointestinal** nematodes of goats. 055647

METRIC

Metric **lumber** sizes: no longer if, but when. 056219
Metric and **nutrition:** the kilojoule. 053422

METRITIS

Metritis in **cattle.** Influence of hormonal and nutritional factors. 055821

METROSIDEROS

Ultrastructure of chlamydospores of Phytophthora cinnamomi during development and germination [Root rot, *Metrosideros* **collina].** 059257

MICE

Efficiency testing on foot-and-mouth disease vaccines in **adult** *mice* by the E-index method. 055470
Comparative study of the milk fat globule membrane and the mouse mammary tumour virus prepared from the milk of an infected strain of Swiss **albino** *mice.* 055466
Immune response in malnutrition. Differential effect of dietary protein restriction on the IgM and IgG [immunglobulins M and G] response to **alloantigens** *[Mice].* 053129
Reduced resistance of *mice* [to various **bacteria]** following experimental treatment with irondextran. 055667
Large resorbing hemorrhage in the right ovary and disturbances in hormonal **balance** in a *mouse.* 055893
Antibody formation in *mouse* **bone** marrow. V. The response to the thymus-independent antigen Ecsherichia coli lipopolysaccharide. 055528
Selection of the penetration of the gene responsible for **cataracts** in *mice.* 055828
Genetic control of B-Cell responses. II. Identification of the spleen B-cell defect in **C3H/HeJ** *mice.* 055876
Effect of methylmercury on humoral immune responses in *mice* under **conditions** simulated to practical situations. 055902
Controls for *mouse* **damage** to no-till corn. 059743
Somatic cell genetic evidence for X-chromosome linkage of three **enzymes** in the *mouse.* 055182
An investigation of inactivation of chlorogenic acid from sunflower meal under in vivo conditions in *mice* **[Feeding],** 054763
Effects of postnatal litter size on reproduction of **female** *mice.* 055118
A digital auto-recorder for measuring the drinking **frequency** of *mice.* 054623
Spermatogenic failure of translocation heterozygotes affected by H-2-linked **gene** in *mouse.* 055183
Model test for selection for endurance in relation to growth. II. Selection results to the tenth selection **generaton** *[Mice].* 055267
The demonstration of pre-hepatic immune response to Fasciola **hepatica** in the *mouse.* 055582
Effect of 1,1,1-trichloro-2,2-bis(p-chlorophenyl)-ethane (DDT) on the prenatal development of **house** *mice* (with special regard to transplacental transport and metabolism of hydrogen and carbon isotope marked DDT in pregnant mice. 060584
Characteristics of somatic cell **hybrids** *(mouse* X Chinese hamster) with different ratios of the sets of chromosomes of the parental species. II. Thymidine kinase activity. 055231
Effect of zymosan on hepatic drug metabolism in *mice.* II. **Identification** of active component of yeast [Saccharomyces cerevisiae] cell walls. 057494
Variations in serum calcium between strains of **inbred** *mice.* 055167
Relation between the toxogenicity and pyogenicity of Corynebacterium ovis in experimentally **infected** *mice.* 055748
Antiviral activity of Brucella abortus preparations: separation of active components [Protection against Semliki forest virus **infection** in *mice].* 055562
The effect of immunosuppression on secondary Echinococcus multilocularis **infections** in *mice.* 055585
Glycogen metabolism in Schistosoma mansoni **[isolated** from *mice].* 055809
The genetic control of **[laboratory]** *mice.* 055018
Virological control of **laboratory** *mice.* 055387
Isolation and characterization of enteroviruses from **laboratory** *mice.* 055558
Comparative study of the milk fat globule membrane and the *mouse* **mammary** tumour virus prepared from the milk of an infected strain of Swiss albino mice. 055466
Reinterpretation of the ultrastructure of cartilage **matrix** *[Mice].* 055079
Immunization of *mice* against **Mesocestoides** corti by subcutaneous inoculation of living Tetrathyridia. 055620
Nude *mice* from homozygous nude parents show smaller PFC [plaque-forming cell] responses to sheep erythrocytes than nude mice from heterozygous mothers. 055179
Effects of wheat germ agglutinin on fertilization of *mouse* **ova** in vivo and in vitro. 055151
Studies on the protective role of vitamin C under conditions of exposure of the organism to ionizing radiation **[pigeons,** and *mice].* 054502
Effect of 1,1,1-trichloro-2,2-bis(p-chlorophenyl)-ethane (DDT) on the prenatal development of house mice (with special regard to transplacental transport and metabolism of hydrogen and carbon isotope marked DDT in **pregnant** *mice.* 060584
An immunochemical method for the detection of protein on disc electrophoresis column *[Mice,* **rabbits].** 054260
Results of growth curve analyses in *mice* and **rats.** 054545
Mouse **restraining** chamber for tail-vein injection. 054629
Effect of resistance possessed by certain enteric microorganisms upon orally inoculated **salmonella** *[Mice].* 055404
On the carcinogenicity of marijuana smoke [Cannabis **sativa,** *mice].* 053049
Changes in the body compoisition of *mice* **selected** for high and low eight week weight. 055237
Humoral antibody response in *mice* after **single** dose exposure to lead or cadmium. 055926
Growth regulation in chimaeras between large and **small** *mice.* 055177
Gametogenesis and fertilization in Plasmodium yoelii nigeriensis: a transmission electron microscope study [Through the mosquito Anopheles **stephensi** to *mice].* 060499
Effects of dietary dieldrin on reproduction in the Swiss-Vancouver **(SWV)** *mouse.* 055910
The effects of parity, litter size, season, and breeding protocol on the number of DBA/2J **Ten** *mice* available for weaning. 055166
Expression of teratoma-associated antigens on murine ova and early enbryos. Identification of two early differentiation markers *[Mice,* **testicles,** tumors]. 055825
Effect of exposure to a number of stresses on the ascorbic acid content in various **tissues** of *mice.* 054635
Requirement for T cells in the antibody response of *mice* **tocalf** skin collagen. 055535
Structure-activity relationship of ericaceous toxins on acute **toxicity** in *mice.* 055944
Aflatoxin-induced **tumors** in *mice.* 055934
Study of stresses and the ascorcic acid content of *mice* **tussues.** 054636
A device for sampling liver tissue from **unanesthetized** *mice.* 055323

MICELLE

Moving boundary electrophoresis of native and rennet-treated **casein** *micelles.* 053730

MICRANTHA

Plumbagin from **Plumbagella** *micrantha.* 057461

MICRASTERIAS

Phosphatase activities and osmium reduction in cell organelles of *Micrasterias* **americana** [Algae]. 056902

Transformation of the Golgi apparatus in the cell cycle of a green alga, *Micrasterias* **americana.** 056911
Electron microscopic studies on the problem of cytomorphogenesis in *Micrasterias* **denticulata** Breb. [Algae]. II. Effect of vital-centrifugation on morphogenesis and ultrastructure. 056894

MICROALGAE
Light-dependent DDT effect on *microalgae* [**Microcystis** aeruginosa, Coelastrum proboscideum]. 060522

MICROANALYSIS
The indivisibility of land: a *microanalysis* of the **system** of inheritance in nineteenth-century Ontario [History]. 052247
Accumulation of chemical elements around the penetration sites of Erysiphe graminis hordei on barley leaf epidermis. III. Micromanipulation and **X-ray** *microanalysis* of silicon. 059374

MICROBES
Antimicrobial **agents** from higher plants. 053630
Protein extraction and recovery from *microbial* **cells** [Single-cell protein]. 053574
Microbial **community** sampling in contaminated estuarian sediments. 062540
Microbial **formation** and degradation of dimethylamine [Micrococcus, soils]. 061646
The occurrence of *microbes* [**Fungi** and Bacteria] among buds of deciduous trees. 059303
Plant-microbe **interrelationships** in medicinal plants. 2. The rhizosphre microflora of Withania somnifera. 057953
Plant-microbe **interrelationships** in medicinal plants. 3. The rhizosphere microflora of Solanum khasianum. 057954
Plant-microbe **interrelationships** in medicinal plants. 1. The rhizosphere microflora of Rauvolfia serpentina. 058866
Pathways of *microbial* **metabolism** of parathion [Organophosphorus insecticide]. 060520
Microbial **metabolism** of polychlorinated biphenyls. Studies y and sex hormone levels mponents by Alkaligenes sp. 062534
Milk *microbe* content as affected by cleaning and disinfection of DA-3M milking machine. 053076
Quantitative effects of unsaturated fatty acids in *microbial* **mutants.** IV. Lipid composition of Saccharomyces cerevisiae [yeasts] when growth is limited by unsaturated fatty acid supply. 057385
Quantitative evaluation of the *microbial* **nutrient** sink in soil in relaton to model system for soil fungistasis [of phytopathogenic fungi]. 061864
Microbiological study of halomorphic soils in southern Algarve. I. *Microbial* **population** densities and their characterization. 061644
Utilization of cane and coffee processing byproducts as *microbial* **protein** substrates [Single-cell protein]. 053583
Formation of vitamin B group and the amino acid pattern of *microbial* **protein** in the rumen of the goat fed with protein free diet containing ureidocompound and hay. 054775
Abomasal protein recovery and *microbial* **protein** synthesis in wethers fed high and low quality forage diets. 054830
Microbial **proteins** produced from bagasse pith. I. Isolation and characterization of two cellulolytic bacteria [Cellulomonas] and their utilization on bagasse pith. 053958
Microbial **proteins** produced from bagasse pith. II. Effect of mixed cultures [of Cellulomonas and Candida utilis] on the production of single cell protein from bagasse pith. 053959
A rumen linear programming model for evaluation of concepts of **rumen** *microbial* function. 054574
Effect of urea on Poria weirii [an important root-infectingfungus on conifers] and **soil** *microbes* in an artificial system. 059474
Microbial **studies** on shelf life of cabbage and coleslaw. 052947

MICROBIOLOGY
Microbiological **changes** in the soil medium planted to a monoculture of winter wheat [Microorganisms]. 061893
Microbiological **degradation** of urea herbicides in the soil. 060035
Microbiological **degradation** of phenol in the effluent from a wood treatment plant [Water decontamination]. 062559
Microbiological **evaluation** of retail ground beef: centralized and traditional preparation. 053004
Microbiology and **hospital** feeding systems. 053005
Microbiology and **hospital** feeding systems. 053439
Fungal products. XVII. *Microbiological* **hydroxylation** of gibberellin A9 and its methyl ester [Gibberella fujikuroi]. 057666
Microbiological **hydroxylation.** XXI. Hydroxylations of 3halogeno-17-oxo, 3-halogeno-7-oxo-, and 17-halogeno-3-oxo-androstanes by the fungi Calonectria decora, Rhizopus nigricans, and Aspergillus ochraceus. 057670
Microbiological **hydroxylation.** XX. Hydroxylation of dioxygenated 5 alpha-androstanes with the fungi Absidia regnieri and Syncephelastrum racemosum. 057671
Microbiological **hydroxylation.** XIX. The action of an ant fungus ('Acromyrmex fungus') on oxygenated androstanes, pregnanes, and cholestanes [Acromyrmex octospinosus]. 057672
Microbiology of **mass** feeding systems: an introduction. 053006
Microbiology of **mass** feeding systems: an introduction. 053440
Microbiological **methods** for monitoring marine waters for possible health effect [Pollution, food poisoning]. 062505
Microbiological **problems** in strip mine areas: relationship to the metabolism of Thiobacillus ferrooxidans. 062130
Microbiological **quality** of frozen breaded fish and shellfish products. 052948
Microbiological **quality** survey of cephalopods. L. Results obtained by the survey of seven frozen species coming directly from the factory [Food bacteria]. 053063
Assurance of *microbiological* **safety** in a university feeding system. 052995
[Soil] *microbiology* at the **service** of farm production. 061707
Microbiological **study** of halomorphic soils in southern Algarve. I. Microbial population densities and their characterization. 061644
A *microbiological* **survey** of three fresh green salads—can guidelines be recommended for these foods? 052993
Products of *microbiological* **synthesis** for feeding animals [Fodder yeast]. 054970
The utilization of the *microbiological* **test** [using Bacillusmegaterium] for determining the bacteriostatic activity of the fluorescent substances produced by the microflora of. 052936
Preparation and evaluation of **two** *microbiological* media from shrimp heads and hulls [for making fish protein concentrates]. 053477

MICROCHEMICAL
Microchemical **investigations** of medicinal plants. XIII. Separation of the alkaloids in the leaves of Ipomoea violacea using thin layer chromatography. 057759
Microchemical **investigations** of medicinal plants. XIV. Identification of the alkaloids in the leaves of Ipomoea violacea using preparative thin layer chromatography and solid probe mass spectrometry. 057760
Microchemical **method** for delignification of the cell membranes and for provoking artificial maceration [Cotton seeds]. 056807

MICROCIRCULATION *see* CIRCULATION

MICROCLIMATE
Microclimatic **conditions** and overwintering of lemon trees under coverings of milky-white polyethylene film. 059181
Regulating the *microclimate* of **peat** soils. 061889
Study of the *microclimate* and the **system** of automatic equipment in winter greenhouses [for growing cucumbers and tomatoes]. 059203

MICROCOCCUS
Microbial formation and degradation of dimethylamine *[Micrococcus,* **soils].** 061646
Preliminary studies on the characterization and distribution of Staphylococcus and *Micrococcus* **species** on animal skin [Includes livestock]. 055435

MICROELECTRODES
Printed **circuit** *microelectrodes* and their application to honeybee [Apis mellifera] brain. 061327
Work-induced potassium changes in skeletal muscle and effluent venous blood assessed by liquid **ion-exchanger** *microelectrodes* [Rabbits, cats]. 054661

MICROELEMENTS
A contribution to the knowledge of quality of grass mass on the western sides of the mountain Sara with particular emphasis on **essential** *microelements* in the diet of sheep. 054974
Induction of an endogenous rhythm of sporulation in Aspergillus niger: roles of glucose/potassium rations and of *microelements* **[Fungi].** 057840
Causes of deficiency in *microelements* in **mandarine** oranges and ways of their elimination. 058525

MICROEVOLUTION
Patterns of survival and *microevolution* in **plant** populations. 057618

MICROFIBRIL
Cellulose *microfibrils:* visualization of biosynthetic and orienting complexes in association with the plasma membrane [Oocystis apiculata]. 057931

MICROFILARIA
Variability in the ratio between the numbers of *microfilariae* and **adult** heartworms [Dirofilaria immitis, dogs]. 055592

MICROFLORA
The utilization of the microbiological test [using Bacillusmegaterium] for determining the bacteriostatic activity of the fluorescent substances produced by the *microflora* of. 052936
Microflora of **needles** of the fir Abies alba Mill.: bacteria and yeasts. 056673
Effects of some **peat** *microflora* on peat soil nitrogen under laboratory conditions. 061741
Effects of some **peat** *microflora* on peat soil nitrogen under laboratory conditions. 061742
Influence of foliar spray of certain pesticides on the **phyllosphere** *microflora* of paddy [Fungistats]. 059350
The role of *microflora* of the upper **respiratory** tract in the pathogenesis of respiratory diseases of calves. 055780
Plant-microbe interrelationships in medicinal plants. 3. The **rhizosphere** *microflora* of Solanum khasianum. 057954
Plant-microbe interrelationships in medicinal plants. 1. The **rhizosphere** *microflora* of Rauvolfia serpentina. 058866
Plant-microbe interrelationships in medicinal plants. 2. The **rhizosphre** *microflora* of Withania somnifera. 057953
Effect of readily available carbohydrate on VFA [volatile fatty acids] production by **rumen** *microflora.* 054699
Detoxification of the herbicide Simazin and its effect on the **soil** *microflora* in different agrotechnical methods. 059964
Effects of [the fungicide] mancozebe [zineb] on **soil** *microflora* of vineyards and participation of microorganisms to its degradation. 060541
Soil *microflora* of the rhizosphere of plants from several habitats in the Botanical Garden in Poznan. 061635
The modification of **soil** *microflora* due to soil aeration. 2. The influence of an inhibited aeration and of differentiated dioxide partial pressure on the flora of bacteria and fungi during decay of organic matter. 061899
Digestive **tract** *microflora* in healthy and diarrheic young hares born in captivity. Effect of intake of different antibiotics. 055433
Microflora of **vineyard** soils of Touraine. 061658
Yeast *microflora* of mineral water **"**Naftusya**"** of Truskavets spa. 057758

MICROFUNGAL *see* FUNGUS

MICROGAMETOPHYTES
Behavior of the vegetative nuclei and generative cell during the development of the *microgametophyte* of **Clivia** nobilis in vitro: results of time-lapse cine-micrography and generalcytological observations. 056768

MICROGRAPHY
Scanning *micrographs* of the first legs and gnathosoma of two species of Myobiidae (Acarina: Trombidiformes) [Radfordia lemnina, Protomyobia claparedei]. 060814
Behavior of the vegetative nuclei and generative cell during the development of the microgametophyte of Clivia nobilis in vitro: results of **time-lapse** *cine-micrography* and generalcytological observations. 056768

MICROLEPIDOPTERA
Corrections and observations on the revsion of the genus Nyctegretis Zeller in *"Microlepidoptera* **Palaearctica"**, volume 4 (Lepidoptera, Pyralidae, Phycitinae). 061257

MICROMETEOROLOGY *see* METEOROLOGY

MICROMORPHOLOGICAL *see* MORPHOLOGY

MICRONIZATION
Micronization, a **simple** process for valorization and treatment of cereals [for livestock]. 054075

MICRONUTRIENTS *see* NUTRIENTS

MICROORGANISMS
A method for cultivation of **anaerobic** *microorganisms* of manure samples. 062101
Spiroplasmas: studies on the *microorganism* **associated** with corn stunt disease [Insect vector Dalbulus maidis]. 059586
Application of microcalorimetry to identification of *microorganisms* [**Bacteria** and fungi]. 057744
Theoretical and technological aspects of the destruction of *microorganisms* [**Beverage** industry, hygiene]. 052957
A new cellulose **decomposing** *microorganism* from Indian soils. 061818
Effects of [the fungicide] mancozebe [zineb] on soil microflora of vineyards and participation of *microorganisms* to its **degradation.** 060541
Influence of the habitat on the development of *microorganisms* **depositing** manganese [Gleyzation of soil]. 061802
Disinfectants and disinfection [Animal health, **disease-causing** *microorganisms].* 055719
Effect of resistance possessed by certain **enteric** *microorganisms* upon orally inoculated salmonella [Mice]. 055404
Water and *microorganisms* in **food:** a synthesis. 053559
Effect of fungicides on the numbers of *microorganisms* and **frequency** of cellulolytic fungi in soils. 061781
A scanning electron microscope study of interactions between *microorganisms* and **Gaeumannomyces** graminis (syn. Ophiobolus graminis) on wheat roots. 059355
The producton of N-nitrosoiminodiacetate from nitrilotriacetate and nitrate by [soil] *microorganisms* **growing** in mixed culture. 062543
Microorganisms in **gums.** V. Degradation of the galactomannans guar gum and locust bean gum by different bacilli. 053519
Practical implications of **injured** *microorganisms* in food. 053008

The effect of plant residues on the development of *microorganisms* and the **level** of oxidation-reduction potential in gray forest soil. 061704
The significance of water activity for *microorganisms* in **meats** [Preservation methods]. 053812
Pathogenic *microorganisms* in cured meats. 052976
Significance of **phytosphere** *microorganisms* [fungi and bacteria] in [plant] disease development. 059334
Isolation and identification of red yeast [Rhodotorula glutinis] cell wall lytic enzyme **producing** *microorganism*. 057227
Ultrastructure of rigid and lignified forage tissue degradation by a filamentous **rumen** *microorganism* [Micromonospora]. 054548
Tolerance and synthetic ability of **sewage** *microorganisms* in acid mine water [Pollution]. 062384
Nature and quantity of sloughed organic matter produced by roots of axenic peanut plants [and available for decomposition by **soil** *microorganisms]*. 058248
Effect of 2450 MHz [megahertz] microwave radiation on some **soil** *microorganisms* in situ [Weed control]. 060039
Investigations on the breakdown of the herbicide chlorphenprop-methyl in the **soil** by *microorganisms*. 060064
Insecticides and **soil** *microorganisms*. III. Fate of 14C [carbon isotope]-labelled Dipterex as affected by two nodule-forming Rhizobium spp. and roots of their respective leguminous host plants. 060511
Degradation of carbofuran [Insecticide] by **soil** *microorganisms*. 060529
Comparison of the quantity of *microorganisms* in the **soil** different types with the help of Calyx method and luminescent microscopy. 061757
Comments on an autecological study of *microorganisms* [in **soil**]. 061872
Some aspects of the formation of dimethyl sulfide through brewer's yeast [Saccharomyces carlsbergensis] and beer **spoilage** *microorganisms* [Obesumbacterium proteus]. 053046
Conversion of insoluble agricultural [feedlot] wastes to SCP [single-cell protein] by **thermophilic** *microorganisms*. 053564
Study of exopolysaccharide of nitrogen-fixing **turbercular** *microorganisms* Rhizobium lupini [Soil bacteria]. 061663
Microbiological changes in the soil medium planted to a monoculture of winter **wheat** *[Microorganisms]*. 061893

MICROPHYLLA

A hybrid between Sophora macrocarpa and **Sophora** *microphylla*. 056087

MICROPLITIS

Kairomones and their use for management of entomophagous insects. III. Stimulation of Trichogramma achaeae, Trichogramma pretiosum, and *Microplitis* **croceipes** with host-seeking stimuli at time of release to improve their efficiency [Biological control, Heliothis, cowpeas, sweetcorn, cotton]. 060302

MICRORELIEF

Evaluating dynamics of the level of groundwaters and *microrelief* **relative** to subsoil moisture of shallow peat soils of the Polesye. 062313

MICROSCOPY

Micromorphological characters of sieve element plastids, a contribution of transmission **electron** *microscopy* to seed plant systematics. 056403
Retention of lipolytic products in [rat] chylomicrons incubated with lipoprotein lipase: **electron** *microscope* study. 053223
Electron *microscopy* in the study of immobilized water [Food]. 053539
Microstructure of Cheddar cheese: sample preparation and scanning **electron** *microscopy*. 053729
Note on a light microscope technique to preview specimen mountings for scanning **electron** *microscopy* [Soybean products]. 053902
Scanning **electron** *microscopy* of Heinz bodies in feline erythrocytes [Cats]. 054306
Primary neural induction as studied by scanning **electron** *microscopy* [Chick embryos]. 054482
Freeze-drying from tertiary butanol in the preparation of [canine] endocardium for scanning **electron** *microscopy*. 054703
Functional development of the adrenal gland in the golden hamster. **Electron** *microscopical* and histochemical investigation on the adrenal cortex. 054736
Scanning **electron** *microscopic* study of the porcine oviduct and uterus. 055130
Scanning **electron** *microscopy* of the lesions of swine dysentery. 055425
Scanning **electron** *microscopy* of the jejunum of the rat infected by the nematode Nippostrongylus brasiliensis. 055580
A revision of generic concepts of living members in the subfamily Acetabularieae (Dasycladaceae, Dasycladales) based on scanning **electron** *microscopy* [Algae]. 056573
Electron *microscopic* studies on the problem of cytomorphogenesis in Micrasterias denticulata Breb. [Algae]. II. Effect of vital-centrifugation on morphogenesis and ultrastructure. 056894
Electron *microscopy* of zygospore formation in Chlamydomonasreinhardii [Algae]. 056895
An **electron** *microscope* study of the path of water movement in transpiring leaves of cotton (Gossypium hirsutum L.). 058117
Electron *microscopic* localizaton of monoamine oxidase in coleoptiles of Avena sativum L. [Oats]. 058119
Electron *microscopy* of vesicular-arbuscular mycorrhizae of yellow poplar [Liriodendron tulipifera]. III. Host-endophyte interactions during arbuscular development. 058563
Electron *microscopy* of vesicular-arbuscular mycorrhizae of yellow poplar [Liriodendron tulipifera]. IV. Host-endophyte interactions during arbuscular deterioration. 058564
A scanning **electron** *microscope* study of interactions between microorganisms and Gaeumannomyces graminis (syn. Ophiobolus graminis) on wheat roots. 059355
A micromanipulating method to observe the inner structure of diseased leaves by scanning **electron** *microscopy* [Barley, Erysiphe graminis hordei]. 059431
Profiles of infection threads in root nodules as revealed by **electron** *microscopy* [Mungo beans]. 059534
Detection and **electron** *microscopic* characterisaton of "long" bulletshaped virus-like particles in cultivated orchids. 059628
Gametogenesis and fertilization in Plasmodium yoelii nigeriensis: a transmission **electron** *microscope* study [Through the mosquito Anopheles stephensi to mice]. 060499
Research with light and **electron** *microscopy* on the neurosecretory cells in the tritocerebrum of Locusta migratoria (Insecta, Orthoptera). 060681
Electron *microscopic* studies on the polytene chromosomes of Chironomus thummi salivary glands. I. Ultrastructural mapping. 060751
"Oryctes" virus replication: **electron** *microscopic* observations on infected moth and mosquito cells [Spodoptera frugiperda, Aedes albopictus]. 061041
Light and **electron** *microscope* studies of the Malpighian tubules of the spider Cupiennius salei Keys. (Ctenidae, Araneae). 061063
Scanning **electron** *microscope* studies of a surface water gley [soil. 061730
Scanning electron, light, and **immunofluorescent** *microscopy* of intestine of gnotobiotic calf infected with calf diarrheal coronavirus. 055424
Note on a **light** *microscope* technique to preview specimen mountings for scanning electron microscopy [Soybean products]. 053902
A application of the Prussian blue technique to a **light** *microscope* study of water movement in transpiring leaves of cotton (Gossypium hirsutum L.). 058116
Comparison of the quantity of microorganisms in the soil different types with the help of Calyx method and **luminescent** *microscopy*. 061757
Photoelectron quantum yields and **photoelectron** *microscopy* of clorophyll and chlorophyllin. 057826
Contribution of electronic and **photonic** *microscopy* to the study of plant mycoplasmas. 059576
Rare *microscopic* fungi from Hungary. 056413
Technical note 6: the *microscopy* of **wood.** 056295

MICROSOME

Cholesterol feeding **affects** *microsomal* metabolism of steroids [Rats]. 053293
Microsomal **cytochrome** P-450 from the housefly, Musca domestica: assay and spectral characterization. 060874
Metabolism of prostaglandin A1 by **hepatic** *microsomal* monooxygenase P-450 system in the guinea pig and rat. 054633
Hepatic *microsomal* mixed function oxidase system during toluene treatment and the effect of pretreatment of phenobarbital in adult rats [Toxicity]. 055903
Effect of propylthiouracil-induced hypothyroidism on phosphatidylcholine, phosphatidylethanolamine, and sphingomyelin synthesis in chick **liver** *microsomes*. 054424
Development of **liver** *microsomal* oxidations in the chick. 054741
Abnormalities in the *microsomal* **oxidases** of the WHO [World Health Organization] standard reference strain of Musca domestica. 060422
Effects of four detergents upon oleyl-coenzyme A desaturaseof **potato** *microsomes*. 058324
Induction of *microsomal* **stearyl** coenzyme A desaturase in newly hatched chicks. 054324

MICROSPHAERA

Increased prevalence of powdery mildew *[Microsphaera* **alni]** of Azalea and Rhododendron in North Carolina. 059438

MICROSPORES

A cytogenetic study of polyhaploids of incomplete wheat—Agropyron amphidiploids (2n = 56). II. **Formation** of *microspores*. 057154
Studies on the date of *microspore* **genesis** in some fruit tree species: peach. 058377

MICROSPORIDIA

Persistent infection of Malacosoma disstria (Lepidoptera: Lasiocampidae) cell cultures with Nosema (Glugea) disstriae (Microsporida: Nosematidae) [Use of *microsporidia* as **biological** control agents]. 060125
Conidiogenesis in pathogenic hyphomycetes. I. Sporothrix, Exophiala, **Geotrichum** and *Microsporum*. 059470
First record of the *microsporidia* **Nosema** sp. On Plusia peponis F. from India [Vegetable pest, natural control]. 060274

MICROSPOROGENESIS *see* SPOROGENESIS

MICROTERMES

Swarming, egg-laying and brood-care in termites of **genus** *Microtermes* (Termitidae) in the Indian desert. 060915

MICROTOMY

Fixation of dormant Tilletia [caries] teliospores for **thin** *sectioning*. 056919

MICROTUBULES *see* TUBULES

MICROTUS

Sex preference and species specificity of rodent (Mus musculus and *Microtus* **arvalis)** pheromones [Field crops, rodent control]. 059696
Damages of the field vole, *Microtus* **arvalis** (Pallas), in a vineyard. 059888

MICROWAVE

Advanced technology: innovating with *microwaves* **[Food** engineering]. 053521
Passive *microwave* sensing of moist soils. 061690
The effect of *microwaves* on the **permeability** of histohematic barriers in radiation sickness [of rabbits]. 055950
Effect of 2450 MHz [megahertz] *microwave* **radiation** on some soil microorganisms in situ [Weed control]. 060039
Microwave **radiometric** characteristics of snow-covered terrain. 062217
On the feasibility of remote monitoring of soil moisture with *microwave* **sensors.** 061689

MIDBRAIN *see* MESENCEPHALON

MIDGE

A structural study of the anal papillae of the *midge* **Chironomus** riparius Meigen (Diptera: Chironomidae). 060744

MIDGUT

Loss of *midgut* **alkalinity** in chilled or narcotized mosquito larvae [Culex pipiens, Aedes aegypti, Anopheles stephensi]. 060653
Effects of gamma radiation and hempa on the *midgut* of the **desert** locust Schistocerca gregaria. 060806
Trehalase: extraction from the *midgut* of **larvae** of the Oriental hornet [Vespa orientalis] and its use in microdetermination of trehalose. 060885
Cellular differenciation and death during *midgut* **metamorphosis** of Aeschna cyanea larva. 060949
Invertase activity in the *midgut* of **Sarcophaga** ruficornis and Musca domestica (Diptera: Insecta). 060797
Pepsin-like activity in the *midgut* of **Sarcophage** ruficornisand Musca domestica. 060676
Pepsin-like activity in the *midgut* of **Sarcophage** ruficornisand Musca domestica. 060677
Possible transfer of salivary secretion to *midgut* at the **time** of pupation in Diptera Cyclorrhapha [Sarcophaga bullata]. 060657

MIGRANTS

Migrant **labour** in British agriculture in the nineteenth century. 052318
A preliminary study of circulating vitamins in a Puerto **Rican** *migrant* farm population in New Jersey. 053095
A preliminary study of circulating vitamins in a Puerto **Rican** *migrant* farm population in New Jersey. 053096
Migrant **school** children reap good nutrition benefits. 053452

MIGRATION

Ecotypic differentiation in Andropogon virginicus (Gramineae) [Gene **flow** and *migration].* 056955
Cytochalasin B, but not colchicine, **inhibits** *migration* of secretory vesicles in root tips of maize. 056893
The probable mechanism of **intercellular** *migration* of chromatin substance in pollen mother cells [Lilium davidii]. 058267
Migration of **larvae** of Oedemagena tarandi L. In artificial infection of deer. 060489
Free-running rhythm of the retinular **pigment** *migration* in the compound eye of the silkworm moth, Bombyx mori L. (Lepidoptera: Bombycidae). 061352
From farms to slums **[Rural** *migration].* 052097
Problems of *migration* in **rural** regions. 052107
The countryside beckons **[Rural** *migration].* 052189
Influence of Cittelus pygmaeus on **salt** *migration* in soils of Caspian lowland. 061801
Genetics of esterases in Drosophila. IV. *Slow-migrating* **S-esterase** in Drosophila of the virilis group. 060697
Mating and **sperm** *migration* in the female Schistocerca vaga Scudder. II. Sexual behavior, insemination and spermatodesm migration. 061012
Mating and **sperm** *migration* in the female Schistocerca vaga Scudder. I. The structure and innervation of the spermatheca. 061013
Mating and sperm migration in the female Schistocerca vaga Scudder. II. Sexual behavior, insemination and **spermatodesm** *migration*. 061012
Role of fallen leaves in the **vertical** *migration* of Sr90 [strontium isotope] in soil. 061885

MIGRATORY

Non-migratory **apiary** management. 061297

Setting up beehives during *migratory* **apiculture.** 061295
The influence of intensity factors on the population dynamics of *migratory* **root** nematodes with special consideration of the genus Pratylenchus Filipjev. I. Influence of sprinkler irrigation. 059908
The influence of intensity factors on the population dynamics of *migratory* **root** nematodes with special consideration of the genus Pratylenchus Filipjev 1934. II. Influence of nitrogen fertilization. 059909
Migratory **starling** Sturnus vulgaris (Linnaeus) damaging crops in Delhi. 059750

MILDEW

Returns on *mildew* **control** in outdoor cucumbers. 059314
Mildew **disease** (Sclerotium cepivorum) of onions. 059312
Development of sunflower lines resistant to **downy** *mildew*, Plasmopara helianthi Nov. I. Inheritance of resistance. 059467
Studies on the biology and ecology of onion **downy** *mildew* (Peronospora destructor) Berk. (Fries) in Hungary. III. Epidemiology of the disease. 059230
Problems of **downy** *mildew* [Sclerospora graminicola] in pearlmillet. 059372
Pattern of distribution of certain cations in **downy** *mildew-affected* sorghum and soil [Sclerospora sorghi]. 059453
A meteorological model for the release of *mildew* **[Erysiphe** graminis] spores in a crop of spring barley. 059464
Revision of the **powdery** *mildew* species Erysiphe polyphaga Hamm. 056378
Powdery *mildews* on ornamentals in Hungary. 059229
What is ditalimfos? **[Powdery** *mildew*, scab, control, fruit, vegetables]. 059295
Biologo-ecological studies on the **powdery** *mildew* (Sphaerotheca mors-uvae /Schw/Berk et Curt.) on black currant. 059321
Use of benomyl to control **powdery** *mildew* of gourd crops. 059346
Effect of certain nonsystemic fungicides on the control of **powdery** *mildew* [Erysiphe cichoracearum] disease of bhendi (Abelmoschus esculentus L.). 059349
Powdery *mildew* of grapes. History and methods of control. 059388
Cytokinin activity of **powdery** *mildew* [Erysiphe cichoracearum] infected leaves of Abelmoschus esculentus. 059398
Effect of **powdery** *mildew* [Erysiphe graiminis hordei] on thelevel of endogenous cytokinins in barley with regard to resistance. 059403
Translocation of 14C-[carbon isotope] labelled assimilates in barley plants infected with **powdery** *mildew* (Erysiphe graminis f. sp. hordei Marchal). 059410
Increased prevalence of **powdery** *mildew* [Microsphaera alni] of Azalea and Rhododendron in North Carolina. 059438
Changes of chlorophyll content in the leaves of barley infected with the **[powdery** *mildew]* fungus Erysiphe graminis f. Sp. hordei Marchal after spraying with a protective substance. 059456
Control of **powdery** *mildew* [Erysiphe polygony] of peas. 059465
Effect of some amino acids on the germination of conidia of the **[powdery** *mildew]* fungus Erysiphe graminis f. sp. hordei Marchal. 060234

MILK

On the enzyme-triggered clotting of casein; a preliminary **account** *[Milk].* 053776
Influence of nisine on productivity of the nisine-producing strain Streptococcus lactis V-20 *[Milk,* **acidification].** 053662
Aggregation of whey proteins during storage of **acidified** *milk.* 053720
Mechanical factors in the milking plant affecting the level of free fatty **acids** in *milk.* 061500
Immunochemical, chromatographic, and *milk-clotting* **activity** measurements for quantification of milk-clotting enzymes in bovine rennets. 053728
Moderate price **additions** [for *milk].* 052695
Dephosphorylation of bovine casein by *milk* **alkaline** phosphatase. 053723
Evaluation of **alternative** *milk* marketing arrangements in southeast Florida. 052569
Glutathione peroxidase response to selenium intake in lambs fed a Torula yeast-based, **artificial** *milk.* 054849
Antibacterial activity in colostrum and *milk* **associated** with protection of piglets against enteric disease caused by K88-positive Escherichia coli. 055561
Measurement of free-fatty acids in *milk* in the **auto-analyzer** II system. 053701
Application of ion exchangers in removal of lactic acid from medium during cultivation of *milk* **bacteria** [Streptococcus lactis]. 053658
Free fatty acids in *milk* and **bacterial** activity. 053687
Agricultural agreement provides for price increase for *milk,* **beef,** pork. 052704
Inhibition of cholesterol biosynthesis by **bovine** *milk,* cultured buttermilk, and orotic acid [Rats, diets]. 053219
Enzymic aspects of lipolysis [in **bovine** *milk].* 053684
Identity of the major lipolytic enzyme activity of **bovine** *milk* in relation to spontaneous & induced lipolysis. 053689
Is there more than one lipase in **bovine** *milk?* 053696
Partitioning of the lipolytic enzymes in **bovine** *milk.* 053703
Physiological factors conducive to lipolysis **[Bovine** *milk].* 053704
Alphaso-casein: its preparation and characterization **[Bovine** *milk].* 053721
Further studies on acid phosphatase of leucocyte origin in normal and mastitic **bovine** *milks.* 053727
Subunit structure of **bovine** *milk* xanthine oxidase effect of limited cleavage by proteolytic enzymes on activity and structure. 054376
Lipolytic activity of organisms isolated from refrigerated **bulk** *milk.* 053700
You can avoid costly *[milk]* **bulk** tank repair bills. 053713
Herd incidence of bovine mastitis in four Danish dairy districts. III. Relation between frequency of mastitis and cell counts on **bulk** *milk* samples [Bacterial diseases]. 055711
Storage of frozen coconut pulp and quality of **coconut** *milk* extracted. 054015
The bacteriological grading of bulk **collected** *milk.* 10. Standards. 052969
The bacteriological grading of bulk **collected** *milk.* 9. Bacterial tests as indices of conditions of production. 052970
Relative importance of the sequential steps in *milk* **collection** and assembly in promoting lipolysis. 053706
Bacteriology of **consumer** *milk.* 052955
The potential of the construction design of dairy product processing machinery to correspond to modern requirements. Automation of the processing of **consumer** *milk.* 053757
Detection and determination of aflatoxins B1, B2, G1, G2, M1, M2 and parasiticol in cereals and *milk* **[Contamination,** mycotoxins, Aspergillus]. 052935
Hexachlorobenzene retention and excretion by dairy cows [Fungicide residues, *milk* **contamination].** 054579
Stability characteristics of pepsin immobilized on protein-coated glass used for **continous** *milk* coagulation. 053676
Effect of storage on the electronic cell **count** of *milk.* 053724
Primary infection of milk. 2. Variation of bacterial and cell counts in *milk* during the **course** of milking [Contamination]. 053025
The lipolytic enzymes and co-factors responsible for spontaneous rancidity in **cow's** *milk.* 052973
The susceptibility of **cow's** *milk* to lipolysis. 053021
Species composition of catalase-negative streptococci in raw and pasteurized **cow's** *milk* for white brine cheese. 053077
Study on the bacterial contamination of raw and pasteurized **cow's** *milk* for white brine cheese. 053078
Importance of **cow's** *milk* for the less developed portions of the world [Nutrition]. 053247
Cow's *milk* alkaline phosphatase. II. Subunit structure, metalloproteic nature and kinetic parameters. 053673
Use of rhodamine for determination of free fatty acids in **cows'** *milk.* 053709
Protein and fat content of **cow's** *milk.* 053760
Study on curdling ability of **cow's** *milk.* IV. Curdling ability of Grey Iskur cow's milk. 053797
Elimination of free penicillin and penicilloyl-protein conjugates in the *milk* of **cows** following intramammary administration of penicillin G. 054316
Study on fat and protein content of *milk* from different **cow's** udder quarters and their interrelationship. 054758
Residues of chlorpyrifos, its oxygen analogue, and 3,5,6-trichloro-2-pyridinol [insecticides] in *milk* and **cream** from cows fed chlorpyrifos. 060569
Uncoupling of growth and acid production in lactic streptococci [Streptococcus **cremoris,** *milk].* 053771
Future earning's from *milk* **[Dairy** industry]. 052865
Experience with lipolytic activities in *milk* & **dairy** products. 053685
Lipolysis in *milk* & **dairy** products. Definition of problem. 053699
A new genetic variant of beta-casein *[Milk.* **dairy** cattle]. 053767
Influence of physiological factors on the lipolytic susceptibility of *milk* **[Dairy** cattle]. 054458
Effect of feeding protected safflower oil on yield, composition, flavor, and oxidative stability of *milk* **[Dairy** cattle]. 054860
Does the sire of the calf have some influence on the **dam's** *milk* yield? [Cattle]. 055169
Distribution and removal of [residual] cadmium from *milk* **[Decontamination].** 053734
Removal of [excess] copper from *milk* **[Decontamination].** 053739
Factors influencing gas contents in fresh milk: Their indirect influence on acidity and **densities** of *milk.* 053661
Use of *milk* **derivative,** lactose, in other foods. 053603
Fats, *milk* and their **derivatives** [Preservation]. 053791
Milk and its **derivatives** [Preservation]. 053792
High, short heating, quality preservation and **distribution** [of *milk].* 053764
Water absorptive capacity of **dried** *milk* products. 053772
Immunochemical, chromatographic, and milk-clotting activity measurements for quantification of *milk-clotting* **enzymes** in bovine rennets. 053728
Nonspecific bacterial activity of the lactoperoxidase-thiocyanate-hydrogen peroxide system of [bovine] *milk* against **Escherichia** coli and some gram-negative pathogens. 055575
Improved technique for **estimating** *milk* production from range cows [Nutrition research]. 054869,
Standard methods for free fatty acid **estimation** [in *milk].* 053708
Effect of the molecular weight of gamma-carrageenan on the retardation of fat separation in **evaporated** *milk.* 053774
Study of **ewe's** *milk* casein. III. Determination of some chemical and physicochemical characteristics of beta-casein. 053796
Study on **ewe's** *milk* casein. II. Determination of some chemical and physiochemical characteristics of SCAM-K-casein [Sheep]. 053798
Determining sanitary status of **farm** *milk* pipelines using the rinse-filter procedure. 052997
Autoanalyzer determination of free fatty acids in **farm** *milk.* Modification of present methods to simplify transportationof the sample. 053683
Influence of milking machine installations on lipolysis in **farm** *milk.* 053694
Method of detecting the eventual presence of hypochlorite in **farm** *milks.* 053784
Stability of the *[milk]* **fat** globule membrane. 053707
Ultrastructural aspects of formation and fate of the *milk* **fat** globule membrane [Mammary secretory cell]. 054459
Comparative study of the *milk* **fat** globule membrane and the mouse mammary tumour virus prepared from the milk of an infected strain of Swiss albino mice. 055466
Acetate contribution to the synthesis of *milk* **fed** fractions by dairy cows fed different levels of concentrates. 054905
Supply of calcium for calving *[Milk* **fever,** hypocalcemia]. 055863
The effect of different calcium doses in *milk* **fever** therapy; a comparative internordic field study [Hypocalcemia, dairycattle]. 055865
The nutritional value of **fluoridised** *milk.* 053134
Residues in *milk* **following** teat tipping with iodophors, and their toxicologic evaluation [Food contamination]. 053068
A new method for continuous cheese production by **forced** *milk* coagulation in through-flow. I. Characteristics of method. 053655
Studies in the continuous production of cheese by **forced** *milk* coagulation in through-flow. II. Appraisal of cheese maturation. 053664
MCT [medium chain triglycerides] absorption by preterm infants *[Milk* **formulae].** 053296
An evaluation of the effectiveness of sterilization of infant *[milk]* **formulas** by thermal heating and an aseptic method. 053139
Marketing **French** *milk* and dairy products. 052680
A selective chemical analysis of whole **fresh** *milk* powder and its technological interpretation. 053656
Factors influencing gas contents in **fresh** *milk:* Their indirect influence on acidity and densities of milk. 053661
Morphology of the *milk* **gland** of a tsetse fly, Glossina austeni newst. II. Ultrastructural study during the resting period of the uterus and the successive gestations. 060951
Carbonyls of **goat** *milk* fat. 053762
Easing and broadening the control of **goat** *milk.* 054142
Low temperature inactivation in *milk* of **heat-resistant** proteases from psychrotorphic bacteria. 053738
About the production of *milk* of **high** sanitary quality. 053794
The nutritional and physiological evaluation of **homogenized** *milk.* 053250
The proteolytic system of a slow lactic-acid-producing variant of Streptococcus cremoris **HP** *[Milk].* 053778
The protein content of **human** *milk:* 1. A transversal study of Swedish normal material. 053291
Concentrations of hormones in blood and *milk* during and after **induction** of parturition in beef cattle with dexamethasone and estradiol-17beta. 055116
Comparative study of the milk fat globule membrane and the mouse mammary tumour virus prepared from the *milk* of an **infected** strain of Swiss albino mice. 055466
Recycling. 43. Physicochemistry of **instant** *milk* powders. 053786
Recycling. 44. Physical chemistry of **instant** *milk* powders. 053787
Dedelov **interfarm** *milk* production establishment: good relations of livestock and crop production as well as scientific feeding, contribution to effective feed management [East Germany]. 054874
Effect of some production area on milking capacity, feed consumption and cost per 1 **kilogram** of *milk.* 052412
Hydrolysis of D-galactosides in an open tubular lactase reactor **[Lactose,** *milk].* 053675
Hydrolysis of lactose contained in the ultra-filtrate of *milk* of **lactoserum** in a membrane enzymatic reactor. 053748
Milk **lipase** activity. 053702
Role of heme proteins in peroxidation of *milk* **lipids.** 053740
Is there a correlation between organoleptic & chemical procedures for the assessment of **lipolysis** [in *milk]?* 053695
German **machine** *milks* without inflations. 061524
Orientation in competition [for the *milk* **market].** 052696
Incidence of staphylococci in the raw **market** *milk* and laboratory pasteurised milk. 053012
The determination of lactose in **marketed** *milk* with chelatometric indirect titration. 053677
Dairy industry concerned about the [European Economic Community] Commission's proposals for continuity of the *milk* **marketing** policy [Prices, trade]. 052692
Improvement of the *milk* **marketing** policy necessary. 052694
[The European Economic Community] Commission's proposals: bungling job and no [definite] line *[Milk* **marketing,** prices]. 052698
Economic reasons for substantiation of an earlier incorporation of first-calf cows in the production process *[Milk,* **meat** production]. 052411

Phenotypic correlations between *milk* and **meat** performance of the Bulgarian Brown cattle. 055273
Milk **microbe** content as affected by cleaning and disinfection of DA-3M milking machine. 053076
Essentials for netherlands standards on *milk* and **milk** products. 053024
Effects of processing on the nutritive value of WSB [wheat, soy, vitamins, **minerals]-skim** *milk* mixtures for infants. 053263
Investigation into the production effect of the *milk* **mixture** Laktavit on calf raising. 054926
Investigation into the possibility of replacing dried skim milk in *milk* **mixtures** for calves by thermally and enzymatically conditioned wheat and linseed meals. 054925
Requirements of **modern** *milk* production machinery in terms of design and maintenance. 053755
Studies of Scharer's original method for alkaline phosphatase in *milk* with a **modification** utilizing an organic buffer. 053743
Studies on monthly and cumulative **monthly** *milk* yield records. III. Estimates of genetic and phenotypic parameters [Dairy cattle performance]. 055014
Studies on monthly and cumulative **monthly** *milk* yield records. IV. Estimating total lactation from part-lactation [Dairy cattle performance]. 055015
Feed accounts for most *milk* **off-flavors.** 052979
Degree of specialization of the dairy farms [in Schleswig-Holstein] still not adequate [for **optimum** *milk* production]. 052399
Interim statement on the further development of community and national standard law *[Milk* **packaging** regulation]. 052866
Incidence of staphylococci in the raw market milk and laboratory **pasteurised** *milk*. 053012
Lipolysis in hard cheese made from **pasteurized** *milk*. 053698
The importance of the *milk* **performance** test as deduced from selected examples of Swiss Brown cattle. 054139
Mercury in [midwestern rural] human maternal and cord blood, **placenta,** and *milk*. 062515
Serum powder, buttermilk powder and *milk* **powder.** 053788
Proof of an eventual addition of the addition of commercial lecithin to **powdered** *milk* for simulating buttermilk powder. 053785
Effects of [dietary additive] 1,3-butanediol in alleviating and **preventing** *milk* fat depression in cows. 054862
It's a new ball game for dairymen! *[Milk* **price** control]. 052644
Membrane filtration—principles and utilization *[Milk* **processing].** 053754
What's behind those high 'bac' counts [Control of bacteria during *milk* **processing].** 053766
Tell me how much you **produce** *milk* per acre, and I will tellyou how much you earn [Costs and returns]. 052442
Effects of added copper on concentrations of volatile materials **produced** in *milk*. 053742
Payment according to protein content from the viewpoint of *milk* **producers** [Prices]. 052697
Energy consumption on a dairy farm as a function of technology and size [Cost of *milk* **production].** 052507
Efficiency criteria for *milk* **production** [Costs, profits, East Germany]. 052510
Quality parameters of the final product as a gauge of quality work in *milk* **production.** 053746
Mature equivalent age correction factors for local Indian dairy cattle and its crosses [Adjustment of *milk* **production** records]. 054188
Efficiency of *milk* **production** in Sahiwal cows. 054234
Milk **production** on low-protein, urea-rich feed [Dairy cattle]. 054762
Koitzsch crop production cooperative division concerned about high feed economy [Dairy cattle feed consumption, *milk* **production,** East Germany]. 054877
Partial or comprehensive feeding of coarse feed—its basis in *milk* **production** [Dairy cattle]. 054894
Effect of graduated rations of grain fodder in the maize feed ration on the *milk* **production** and fat content in dairy cows. 054923
Criollos and crossbreds for *milk* **production** [Dairy cattle breeding]. 055048
Factors affecting traits of economic importance in [dairy] goat *[Milk* **production,** fertility]. 055174
Economical and statistical analysis of *milk* **productivity** of cows in state farms. 052502
Essentials for netherlands standards on milk and *milk* **products.** 053024
The Brandenburg **Quality** *Milk* Cooperative Association: socialist competition as a comprehensive instrument of management. 052390
Milking machine hygiene and *milk* **quality.** 052971
Investigations into *milk* **quality** from different packaging systems [Sensory analysis]. 053681
Influence of heat resistant lipases & proteases in psychrotrophic bacteria on product **quality** *[Milk].* 053691
Influence of mechanical treatment of *milk* on **quantities** of FFA [free fatty acids] and free fat in the milk, as well as on the separability of the milk. 053693
Quality of *milk,* **raw** material of the agricultural and food industries. 052960
Cell count determination in reference to quality of **raw** *milk* [Contamination, mastitis]. 053026
Influence of growth temperature on glucose metabolism of a psychrotrophic strain of Bacillus cereus [isolated from refrigerated **raw** *milk* or frozen foods]. 053476
Chemical and physical processes in cooled **raw** *milk*. 053763
Induced hydrolytic rancidity in *milk* in **relation** to farm production, storage & assembly procedures. 052972
Free fatty acids in *milk* in **relation** to flow conditions in milking plants. 053688
Changes in the composition of *milk* and **rumen** contents in cows exposed to a high ambient temperature with controlled feeding. 054719
The effect of frequency of feeding on *milk* **secretion** in the Ayrshire cow. 054859
Influence of mechanical treatment of milk on quantities of FFA [free fatty acids] and free fat in the milk, as well as on the **separability** of the *milk*. 053693
Ultraviolet photoinactivation of [bovine **skim** *milk]* galactosyltransferase. Protection by substrates. 053672
The site of triglyceride biosynthesis in [goat **skim]** *milk*. 053711
Artificial rearing of pigs. 5. The effect of different proportions of beef tallow or soya-bean oil and dried **skim** *milk* in the diet on growth, feed utilization, apparent digestibility and carcass composition. 054773
Investigation into the possibility of replacing dried **skim** *milk* in milk mixtures for calves by thermally and enzymatically conditioned wheat and linseed meals. 054925
Studies of whey protein concentrate-fortification in fermented **skimmed** *milk*. 053759
Particle size distribution in casein **solutions** *[Milk].* 053777
The Sursee Dairy School, educational center for cheese and *milk* **specialists** of central Switzerland. 053712
Factors governing the susceptibility of *milk* to **spontaneous** lipolysis. 053686
Artificial rearing of lambs on *milk* **substitutes.** 054913
Extension of the keeping quality of **table** *milk:* legislation today and tomorrow. 053017
The keeping quality of **table** *milk* [Bacteria, pasteurization]. 053019
The keeping quality of **table** *milk* [Lipopolysaccharides]. 053020
Protein calculation in **testing** *milk* performance in Schleswig—Holstein. 053793
Testing *milk* substitutes for calves. III. Nutrition of breeding female calves. 055005
Primary infection of *milk.* 2. **Variation** of bacterial and cell counts in milk during the course of milking [Contamination]. 053025
Influence of mechanical treatment of milk on quantities of FFA [free fatty acids] and free fat in the *milk,* as **well** as on the separability of the milk. 053693
Colorimetric estimation of lactose and its hydrolytic products *[Milk,* **whey],** 053733
Test day *[milk* **yield]** records and part lactations in goat. 054192
Mathematical anaysis of *milk* **yield** as a basis of its forecast and optimization. I. [Tests with Bulgarian Brown cows]. 054245
Milk **yield** and feed utilization by Holstein-Friesian cows. 054246
Evidence for a possible influence of the fetus on the *milk* **yield** of the dam [Dairy cattle]. 054744

MILKING

Effect of some production area on *milking* **capacity,** feed consumption and cost per 1 kilogram of milk. 052412
Primary infection of milk. 2. Variation of bacterial and cell counts in milk during the course of *milking* **[Contamination].** 053025
Devices for *milking* **[dairy** cattle] in problem cases. 054141
Milk microbe content as affected by cleaning and disinfection of **DA-3M** *milking* machine. 053076
Influence of design on *milking* **equipment** on lipolysis. 053690
Here are plans for a **herringbone** *milking* parlor. 061414
Milking **machine** hygiene and milk quality. 052971
Influence of *milking* **machine** installations on lipolysis in farm milk. 053694
How efficient is your *milking* **machine?** 061538
An interesting aspect of technical help on the farm: the control of *milking* **machines** by the National [Belgian] Dairy Office. 053671
Optimum design of *milking* **machines.** 061501
Labor research, investment, and operating costs of *milking* **parlors.** 052460
Choice of *milking* **parlors.** 061461
Mechanical factors in the *milking* **plant** affecting the level of free fatty acids in milk. 061500
Free fatty acids in milk in relation to flow conditions in *milking* **plants.** 053688
Milking **pumps.** 061564
When and which milking technique? *[Milking* **sheds].** 061404
Importance of *milking* **technique** in reducing lipolysis. 054134
When and which *milking* **technique?** [Milking sheds]. 061404
Tendencies of development in *milking* **technique.** 061575
Efficiency of farmhands and incidence of mastitis in **three** *milking* systems [Cattle]. 055768

MILKVETCH

Poisoning in sheep from **emory** *milkvetch* [Astragalus emoryanus] and nitro compounds. 055917

MILKWEED

The *milkweed* **bug** electroanthennogram: milkweed bug extracts and the effect of light and temperature [Oncopeltus fasciatus]. 060929

MILKY

Microclimatic conditions and overwintering of lemon trees under coverings of *milky-white* **polyethylene** film. 059181

MILLET

The effect of manganese and zinc on plants in saline soil [Tomatoes, *millet,* **berseem].** 062057
Advances in the development of improved and high-yielding crop varieties in India & future prospects **[Cereals,** *millet].* 058737
Weed problems and problem weeds: new herbicides for *millet* **control** in maize culture. 059954
'Rosette habit'—an induced physiological mutation in ragi or *finger-millet* **(Eleusine** coracana, Gaertn.). 056978
Amino acid analyses of protein fractions in **finger** *millet* (Eleusine coracana (L.) Gaertn.). 053943
Processing of maize, sorghum & *millets* for **food** uses. 053934
Cultural practices for maize, **sorghum** and *millets.* 058741
Diseases of maize, *millet* and **sorghum.** 059780
Millets and **sorghums** for birdseed. 058715
Zero-till *millet* with legumes in sod. 058699

MILLING

5 percent more [Wheat, *milling,* **flour].** 053871
Efforts undertaken to improve the situation of **German** *milling* in the German Federal Republic [Flour production]. 052783
Oats for *milling* **industry** in India. 058626
Determination of biological maturity and effect of harvesting and drying conditions on *milling* **quality** of paddy [rice]. 058784

MILLIPEDE

Feeding activity of the *millipede,* **Jonespeltis** spendidus Verhoeff and soil humification. 061000

MILLS

Uneconomic price structure affects working of **sugar** *mills.* 052660

MILTONIA

Collector's item: *Miltonia* **clowesii,** Miltonia endresii, Miltonia roezlii, Miltonia regnellii, Miltonia phalaenopsis and Miltonia warscewiczii. 058922

MIMICRY

Saturniid moths as *mimics:* an **alternative** interpretation of attempts to demonstrate mimetic advantage in nature [Batesian mimcry of Battus spp.]. 060783
Naturally occurring insect growth regulators. II. Screening of insect and plant extracts as insect juvenile **hormone** *mimics.* 060151
Muellerian *mimicry:* classical 'beanbag' evolution and the role of ecological islands in adaptive race formation [Heliconius]. 060843
Reversed **sex-limited** *mimicry* in a beetle [Chrysobothris humilis, Saxinis deserticola mojavensis]. 060782

MIMUSOPS

Histological and histochemical studies of decay of wood of *Mimusops* **elengi** caused by Fomes durissimus. 056256

MINERALOGY

Mineralogy and **chemistry** of manganese oxides in some Indiana soils. 061839
Clay *mineralogy* of tephra beds near Opotiki, Bay of Plenty: a progress report. 061753
Mineralogical **composition** of sandy desert soils in the Central Karakum. 061804
Transition of chemical elements into water extracts from soils with different *mineralogical* **composition** under the action of various treatments. 061814

MINERALS

Effectiveness of **applying** *mineral* fertilizers to beets in leached Chernozems of the Dnieper-left-bank forest-steppe area of the Ukraine under irrigation. 062014
Blood *mineral* status and haematological values in sheep in the Gezira Province of the Sudan. 054718
Mineral composition and structure of **clay** *minerals* in buried soils of the Zimunay suite, eastern Kazakhstan. 061659
Clay *minerals* in soils derived from ultrabasic rocks of southern Westland, New Zealand. 061752
Fixation of manganese by **clay** *minerals.* 061874
Adsorption and desorption of pyrazone [herbicide] by some organic and *mineral* **colloids.** 060055
Study on the hair cover of cattle in Bulgaria. V. *Mineral* **composition** of the hair cover as affected by acclimatization process, season and hair colour. 054759
Mineral **composition** and structure of clay minerals in buried soils of the Zimunay suite, eastern Kazakhstan. 061659
Nitrate and *mineral* **content** of fresh and cut silage maize after heavy dressings of organic manure. Report of research on working farms in 1971 and 1972. 062041
Spectral reflectance studies on *mineral* **deficiency** in corn plants. 059783
Determination of some *mineral* **elements** in certain common mammalian eye-lenses. 054445
Mineral metabolism: role of *mineral* **elements** [in cells, chloroplasts]. 057607

Remote sensing to detect the toxic effects of metals on vegetation for *mineral* **exploration** [Chlorosis, beans]. 059781
Triple superphosphate *[mineral* **fertilizer]** manufacture, no longer mud chemistry. 062017
Effect of *mineral* **fertilizers** and irrigation on agrochemical properties of Chernozem soils and the productivity of flood plain pastures in the Tambov province. 058779
Effect of *mineral* **fertilizers** on [potato] tuber storability. 061973
Application of *mineral* **fertilizers** on fiber-flax in KalininRegion. 061980
Effect of *mineral* **fertilizers** on yield and quality of flax fiber. 061986
Effect of organic and *mineral* **fertilizers** on the yield and the uptake by garlic plants of mineral nutrients from the soil. 062013
Availability of protein, *minerals,* and **fluoride** from fish protein concentrate in adult man. 053258
Studies of **foliar** *mineral* leaching in Mont Kenya forest tree seedlings [Podocarpus gracilior, Podocarpus milanjianus, Olea africana]. 058602
An annotated bibliography of colour **illustrated** *mineral* deficiency symptoms in tropical crops. 059899
Distribution of cyanidin-3-galactoside and pelargonidin-3-glucoside in *mineral-deficient* **maize** seedlings. 058174
On ability of yeast from the genus Candida to assimilate sugars and acetic acid from *mineral* **medium** and sulphite liquors. 057754
Mineral **metabolism:** role of mineral elements [in cells, chloroplasts]. 057607
Effects of processing on the nutritive value of WSB [wheat, soy, vitamins, *minerals]-skim* **milk** mixtures for infants. 053263
Urea-mineral **mixtures** as a nitrogen source for ruminants. I. Urea-nitrogen utilization by fattening calves when urea uptake is effected through urea-mineral mixtures in the form of licking blocks or through complete ration mixtures. 055008
Urea-mineral **mixtures** as nitrogen source for ruminants. II. Use of urea nitrogen by fattening calves when urea uptake is through urea-mineral mixtures in the form of licking stones and the urea concentrate Dehi 100. 055009
Urea-mineral **mixtures**—nitrogen source for ruminants. III. Urea nitrogen utilization by fattening calves on ingestion of urea through urea-mineral mixtures in the form of licking stones and through the liquid urea additive Pardue 64. 055010
Meeting needs for water, forage, and *minerals* **[natural** resources]. 062363
Determination of *mineral* **nitrogen** forms in a single extract from soil. 061796
Canine and feline nutrition. 3. *Minerals* and other **nutrients.** 054889
Effect of organic and mineral fertilizers on the yield and the uptake by garlic plants of *mineral* **nutrients** from the soil. 062013
Effect of light intensity combined with *mineral* **nutrition** on pigment content in leaves of young coffee plants. 057351
Mineral **nutrition** and salinity tolerance as factors in [field] crop production. 058100
Effect of level of *mineral* **nutrition** on reduction of simazine toxicity for maize [Weed control]. 059939
In vitro intestinal absorption of sugars in the rat. Study of variations of concentrations of adenylic compounds and *mineral* **phosphate** in the mucosa. 053100
Effect on soil and **plant** *mineral* levels following application of manure from swine fed high dietary copper. 062043
Preliminary study of bromine residues in crops in soils having received applications of *mineral* **potassium** bromide and organic methyl bromide. 061774
Minerals in **poultry** nutrition; a practical approach for the farmer. 054931
Histological data on *mineral* and **puric** concretions in Coleoptera. III. Wood-eating species: Oryctes nasicornis, Cetonia aurata, Pissodes notatus. 060684
Mineral **requirements** for growth and callus initiation of tissue explants excised from mature coconut palms (Cocos nucifera) and cultured in vitro. 058162
Skylab S-192 ratio codes of soil, *mineral,* and **rock** spectrafor ratio image selection and interpretation. 062432
Biological weathering of poatassium silicates. I. Biotite **[Soil** *minerals].* 061639
An attempt to characterize certain organic and *mineral* **substances** by their stable isotope composition [in plants, alcoholic fermentation]. 057622
The rate of protein biosynthesis and absorption of *mineral* **substances** by the roots of oak [Quercus robur] and ash [Fraxinus excelsior] growing together in the forest. 058572
Yeast microflora of *mineral* **water** "Naftusya" of Truskavets spa. 057758
Mineral **waters.** 062301

MINERS

Record of a new alternate host [wheat] plant of rice **leaf** *miner,* Cerodontha oryzivora Spencer. 060184

MINIATURE

The handling of beehive with *miniature* **drawers.** 061339
Conservative treatment of perianal fistual in a *Miniature* **Poodle.** 055887

MINIMIZATION

Minimizing **heat** stress and stock losses during heatwaves [on poultry, protective equipment]. 055353
Select spray nozzles to *minimize* **herbicide** drift. 061629
Studies on variations in endosperm structure of wheat grains and implied measures to *minimise* **mottling.** 059812

MINING

Tolerance and synthetic ability of sewage microorganisms in **acid** *mine* water [Pollution]. 062384
Bacterial ecology of strip mine areas and its relationship to the production of **acidic** *mine* drainage. 062129
Preliminary study on fertility of soils subjected to **bauxite** *mining.* I. Physical and chemical aspects. 061650
Mycorrhizae and establishment of trees on *strip-mined* **land.** 062131
Reclamation of *surface-mined* **land.** 062133
Revegetation and use of *strip-mined* **lands** [Reclamation]. 062140
Leaf-mining **Lepidoptera** from the Near and Central East. I. [New taxa]. 061259
Small mammal populations, vegetational cover, and hunting use of an **Ohio** *strip-mined* area. 062493
Bacterial ecology of **strip** *mine* areas and its relationship to the production of acidic mine drainage. 062129
Microbiological problems in **strip** *mine* areas: relationship to the metabolism of Thiobacillus ferrooxidans. 062130
Ohio **Strip** *Mine* Symposium on Biological Implications of Strip Mining, November 15-16, 1974, Columbus, Ohio. 062132
Strip *mine* reclamation for recreation. 062520
Surface *mining* poses questions [Land reclamation]. 062113
Mining **[Water** pollution, Illinois policies]. 062550

MINKS

Breeding and reproduction **considerations** *[Minks].* 055029
The relationship between metallic gloss and fur texture in **dark** *mink.* 053829
Control of Aleutian [virus] **disease** [in *mink].* 055691
Nutritive value and suitability of fish meal **feed** [for *mink].* 054967
Lesions in *mink* **(Mustela** vison) infected with giant kidney worm (Dioctophyma renale). 055635
Radioactivity in urine and feces of *mink* **(Mustela** vison) treated with [14C] [carbon isotope] aflatoxin B1. 055898
Distribution of Lpm-allotypic determinants among molecules of *mink* **serum** alpha2-lipoproteins. 054517
Fertility, production, and fur quality in jet black, Finnish black, and **standard** *mink* [Breeding]. 055185
The influence of domestication on body and organ **weights** in the *mink.* 054746

MINT

Mint-fresh in **August** [Gardening]. 059071
The composition of the essential oil of Mentha **lavanduliodora** *[Mint].* 053515

MINUARTIA

Some new finds [of Spermatophyta] in Sarek National Park *[Minuartia* **rubella,** Carex glacialis, Astragalus frigidus, Aconitum septentrionale]. 056616

MIOCENE

"Beech" [Fagus] horizon in the *Miocene* of the **Lower** Yana River Basin, northern Yakutia. 056489
Marine diatoms [Algae] of the Upper *Miocene* of **Oran** (Algeria) and their geological context. 056440

MIRABILIS

Some chemical constituents of the leaves of *Mirabilis* **jalapa** L. 057509
Bacterial blight [Xanthomonas] of 'Four-O'Clock' *[Mirabilis* **jalapa]—a** new disease in India. 059506
Contriution to the study of the development of the mecanoreceptor system in spiders: the trichobothriotaxy of **Pisaura** *mirabilis* Cl. (Araneae, Pisauridae). 061060

MIREX

Characterization of a *Mirex* **[chlorinated** insecticide] metabolite from monkeys. 060526
In vitro inhibition of [rabbit muscle] lactate dehydrogenase by insecticidal polychlorinated hydrocarbons. I. Mechanism of inhibition: possible association of reduced nicotinamide adenine **dinucleotide** with *Mirex.* 060564
Mirex **[insecticide]:** a teratogenicity, dominant lethal and tissue distribution study in rats. 060556

MIRIDAE

Observation, stabilization, and purification of nucleoproteic structures within the *capsids* of the **baculovirus** of Oryctes rhinoceros. 060722
A new Saileria [irrorata] from eastern United States **(Hemiptera:** *Miridae).* 061159
A new genus and species [Trynocoris lawrencei] of Cylapinae from Panama **(Hemiptera:** *Miridae).* 061223
Dicyphus rhododendri Dolling, first records from North America **(Hemiptera:** *Miridae).* 061225
Two new genera and some records of *Miridae* **(Hemiptera)** from Panama [Englemania bicolor, Myrmecormiris clistogaster]. 061232
Physiological behaviour of *Miridae* **injurious** to crops. 060160
Capsid **protein** heterogeneity in turnip mosaic virus. 059673

MISTLETOE

How birds **spread** *mistletoe* [Viscum album] seed. 059959

MITE

A little known eriophyid *[mite]* **(Aculus** schlechtendali] of apple trees. 060327
Preliminary trials with Citrazon [ethyl O-benzoyl 3 chloro-2, 6-dmethoxy benzohydroximate] —a selective acaricide [for *mite* **control** on apples and pears]. 060307
A new genus and a new species of *mites* of **family** Glycyphagidae (Acariformes, Acaroidea) [Coleochaeta molitor]. 061169
New species of *mites,* **Haemogamasus** bujakovi (Acarina, Gamasoidea). 061220
Mites and **insects** collected from vineyards in the Okanagan and Similkameen Valleys, British Columbia. 060306
Studies on **mesostigmatid** *mites* parasitic on mammals and birds in Japan. III. On the identity of Hirstionyssus apodemi Zuevsky, 1970, with Hirstionyssus sunci Wang, 1962, and the description of Hirstionyssus japonicus spec. nov. (Mesostigmata: Laelapidae). 061193
Two **myobiid** *mites* (Myobiidae: Trombidiformes) [Protomyobia kounickyi, and Radfordia lemnina] from the Great Himalaya mountains [New taxa]. 061174
The common newt (Notopthalmus viridescens) as a predator **ofsoil** *mites* in New York. 060371
Severe infestation of *mites* **[Oligonichus** indicus] in sorghum crop at Vallabhnagar farm. 060198
Integrated control of **orchard** *mites* on apple in British Columbia. 060265
Role of **oribatid** *mites* in biogeocoenoses. 061072
Spatial distribution of **oribatid** *mites* in small areas. II. The distribution pattern of some oribatid species. 061124
Spatial distribution of **oribatid** *mites* in small areas. II. The distribution pattern of some oribatid species [Oppia nova, Tectocepheus velatus]. 061125
Cheyletiella parasitivorax (Megnin), a **parasitic** *mite* causing mange in the domestic rabbit. 060449
Effects of *mite* **population** density on 'Newtown' and 'Golden Delicious' apple tree performance [Panonychus ulmi, Tetranychus urticae, Tetranychus mcdanieli]. 060297
The population of Amblyseius largoensis **[predatory** *mite]* and its dynamics in citrus groves [Mandarine oranges]. 060337
Ecological control of **red** *mites* [of fruit trees]. 060287
Preliminary study on toxicity of 23 pesticides to natural enemies [Stethorus loi, Amblyseius longispinosus] of red **spider** *mites* [Tetranychus truncatus]. 060139
Differential giemsa staining of the holokinetic chromosomes of the two-spotted **spider** *mite,* Tetranychus urticae Koch (Acari, Tetranychidae). 060791
Preliminary report on the false **spider** *mites* (Acari: Tenuipalpidae) from Brazil and Paraguay. 061229
Damage, and control of the **strawberry** *mite* Steneotarsonemuspallidus (Acarina: Tarsonemidae), on strawberries. 060310
Predation by the *mite,* **Tyrophagus** putrescentiae on eggs of the imported fire ant [Solenopsis]. 060443
A new host record of the **vegetable** *mite,* Tetranychus cucurbitae Rahman and Sapra. 060272

MITOCHONDRIA

Cytochrome P-450 and adrenodoxin in **adrenal** *mitochondrial* fractions of several lower vertebrates [Chickens]. 054441
Interspecific variation in products of **animal** *mitochondrial* protein synthesis. 055178
Energy-dependent uptake of ochratoxin A by *mitochondria* **[Aspergillus** ochraceus, Fungi]. 057249
On *dictyosome-mitochondria* **associations** in Rhodophyta, Floridophyceae [Algae]. 056810
Adenine nucleotide translocation in **cauliflower** *mitochondria.* 058279
Interactions between *mitochondria* and **chloroplasts** in cells. I. Action of cyanide and of 3-(3,4-dichlorophenyl)-1,1-dimethylurea on the spore of Funaria hygrometrica [Musci]. 057895
Mitochondria **continuity** and plastid discontinuity in Euglena gracilis Z [Algae]. 056808
Ferrous ion-mediated cytochrome P-450 degradation and lipidperoxidation in [bovine] adrenal **cotex** *mitochondria.* 054371
Assembly of complex III into newly **developing** *mitochondrial* membranes [Saccharomyces cerevisiae, yeasts]. 057381
Purificaton and properties of a low molecular weight protein factor of [bovine heart] *mitochondrial* **energy-linked** functions. 054374
Isoaccepting mitochondrial glutamyl-tRNA species transcribed from different regions of the *mitochondrial* **genome** of Saccharomyces cerevisiae [Yeasts]. 057714
A *mitochondrial* **glycolate:** cytochrome C reductase in Chlamydomonas reinhardii [Algae]. 057914

The stimulating action of K+ [potassium ion] on the hydrolytic activity of soluble mitochondrial ATPase [adenosine triphosphatase, bovine **heart** *mitochondrial*]. 054348
The polypeptide composition of ubiquinone-cytochrome c reductase (complex III) from beef **heart** *mitochondria*. 054365
Yeast [Saccharomyces cerevisiae] mutants resistant to basicfuchsin: a genetic approach to the integration of nuclear and *mitochondrial* **information.** 057103
Isoaccepting *mitochondrial* glutamyl-tRNA species transcribed from different regions of the mitochondrial genome of Saccharomyces cerevisiae [Yeasts]. 057714
Delta-aminolevulinic acid synthase from chick embryo **liver** *mitochondria*. I. Purification and some properties. 054552
Delta-aminolevulinic acid synthase from chick embro **liver** *mitochondria*. II. Immunochemical correlation between synthesis and activity in induction and repression. 054553
Nucleotide effects on the oxidation of malate and oxaloacetate by Arum **[maculatum]** *mitochondria*. 057780
Mitochondrial **malate** dehydrogenase of watermelon cotyledons: time course and mode of enzyme activity changes during germination. 058508
Relative retention of *mitochondrial* **markers** in petite mutants: mitochondrially determined differences between RHO (+) strains [Saccharomyces cerevisiae, yeasts]. 056996
Phytochrome-controlled develoment of cell organelles (Plastids, **microbodies,** *mitochondria*). 057257
Transmission of a bacilliform virus of sowthistle [Sonchus oleraceus]: *mitochondria* **modifications** in the infected cells. 059640
Respiratory and calcium-accumulating properties of **muscle** *mitochondria* of some aquatic arthropods. 060898
Mitochondria of **mycorrhizal** roots of Fagus sylvatica. 061765
Effect of 6-benzylaminopurine on the fine structure of *mitochondria* and **plastids** on protocorms of Cymbidium cultured invitro. 056883
Aspects of the formation of *mitochondria* in **rice** coleoptiles during germination under aerobic and anaerobic conditions. 058086
Ions of calcium and magnesium in regulation of respiration and phosphorylation of *mitochondria* from **roots** of maize seedlings. 058090
Physical mapping of *mitochondria* **rRNA** genes in Saccharomyces cerevisiae [Yeasts]. 057262
Preservation of energy-linked functions of insect [Nauphoeta cinerea] *mitochondria* by **simple** freezing methods. 060962
The stimulating action of K+ [potassium ion] on the hydrolytic activity of **soluble** *mitochondrial* ATPase [adenosine triphosphatase, bovine heart mitochondria]. 054348
Three genes determine the carboxin sensitivity of *mitochondrial* **succinate** oxidation in Aspergillus nidulans [Fungi]. 056997
Water in *mitochondria* of **winter** wheat tillering nodes during autumn hardening. 058084
Adenosine 5'-monophosphate-stimulated cyanide-insensitive respiration in *mitochondria* of [the **yeastlike** fungus] Moniliella tomentosa. 057642

MITOGENETIC

Preliminary X-ray study of crystals of *mitogenic* **lectin** from pea seeds. 058414

MITOMYCIN

The response of Vicia faba [broadbeans] root meristematic cells to colchicine and *mitomycin* C: **irregular** chromosomal distribution and micronuclear formation. 057151

MITOSIS

The influence of culture conditions on *mitotic* **activity** in protoplasts derived from Pisum root cortical explants [Peas]. 056907
Diurnal rhythms in *mitosis* of **cells** of the wheat root tip meristem. 056975
Importance of various oogenetic periods in the embryonic sheep gonad; control of **changing** *mitosis* in meiosis. 055036
Sequence of centromere separation of *mitotic* **chromosomes** in Chinese hamster. 054438
Macrostructural organization of *mitotic* **chromosomes** in plants [Cucumbers]. 056983
Inhibition of **colchicine-blocked** *mitosis* by 1,3-diphenylguanidine [Broadbeans]. 057148
Mitotic **cycle** duration in species with a multiple difference in nuclear DNA content [Vetch, broadbeans]. 056792
Levels of RNA polymerases during the *mitotic* **cycle** of Physarum polycephalum [Fungi]. 057311
Synthesis of ribosomal RNA during the *mitotic* **cycle** in the slime mould Physarum polycephalum [Fungi]. 057554
The duration of *mitotic* **cycles,** their periods and mitosis in dermatogene and in peribleme of Triticum aestivum L. [Wheat] roots. 056925
Identification of the contraction stage in the *mitotic* **division** of endosperm nuclei [Iris pseudacorus, Iris pumila, Lilium martagon]. 056924
Certain aspects of *mitotic* **division** in Gonium pectorale Muller (Volvocales). 057109
Studies on the *antimitotic* **effects** of Diospyros melanoxylonRoxb. 057632
Actin filaments in the **endosperm** *mitotic* spindles in a higher plant, Haemanthus katherinae Baker. 056831
Mitotic **index** fluctuations in Pisum sativum [pea] root tips. 056848
Vacuolar physiology as an intrinsic barrier against **injury-induced** *mitosis* in lemon fruit cells. 056877
Nuclear membrane breakdown at *mitosis* in **Lipomyces** lipofer [Fungi] shown by freeze-substitution. 056899
Mitotic **mutants** of Aspergillus nidulans [Fungi]. 056995
Effect of alpha-amanitine on the nucleolus of meristematic cells of Allium cepa [onions] in interphase and *mitosis:* an **ultrastructural** analysis. 056833

MIXING

Soups and gravy **bases** and *mixes*. 053427
Delphiniums in the *mixed* **border** [Garden]. 058970
Mixing **carts** for the cattle branch [Equipment]. 061522
Testing various formulas for broiler **chicken** *mixed* feeds including animal fats. 055007
The lowering of water activity by order of *mixing* in **concentrated** solutions [Processing of intermediate moisture foods]. 053555
Studies on *mixed* **cultivation** of tropical legume and grasses. I. Effects of the increased dry matter and nitrogen yield in the mixed stands of Desmodium [intortum] and Setaria [sphacelata]. 058814
The producton of N-nitrosoiminodiacetate from nitrilotriacetate and nitrate by [soil] microorganisms growing in *mixed* **culture.** 062543
Microbial proteins produced from bagasse pith. II. Effect of *mixed* **cultures** [of Cellulomonas and Candida utilis] on the production of single cell protein from bagasse pith. 053959
Obtaining additional agglutinins by *mixing* **cultures** of splenic explants taken from animals immunized with Salmonella paratyphi B [Chickens]. 055478
Contribution to the problem of copper, zinc, manganese and iron trace element content in some raw materials of poultry feed and **feed** *mixes*. 054110
Study on the reduction of crude protein level in *mixed* **feed** for broiler chicks. 055002
Contribution to the use of hydrolysed yeasts in *mixed* **feeds** for broiler chickens. 054983
Effect of the ratio between volume and concentration of feeds in **full-ration** *mixes* of fattening young bulls. 054985
A comparison of corn silage and alfalfa **hay** *(mixed)* for wintering ewes. 054943
The fate of promastigotes of Leishmania tropica major and Leishmania gymnodactyli in the organism of Phlebotomus papatasi in *mixed* **infection.** 060492
Abortion associated with *mixed* **leptospira/eqid** herpesvirus 1 infection [Horses]. 055782
The potential of the construction design of dairy product processing machinery to correspond to modern requirements. Installation of tank equipment and the safety of *mixing* **liquids.** 053758
Effects of repeated administration of oxytetracycline on kidney, liver, and **liver** *mixed-function* oxidases in the rat. 055941
Hepatic **microsomal** *mixed* function oxidase system during toluene treatment and the effect of pretreatment of phenobarbital in adult rats [Toxicity]. 055903
Mixed **monomolecular** films of chlorophyll and cytochromes. 057989
Cultivation of *mixed* **populations** of Streptococci and Lactobacilli in cheese starter. 053660
Effects of prescribed burning on small mammal populations in a *mixed-oak* **[Quercus]** clearcut. 056114
Mixed **reconstruction** of two strains of tobacco mosaic virus. 059568
Effect of work input during *mixing* on **rheological** properties of rye dough and bread quality. 053857
Growth and morphology of Streptococcus bovis and of *mixed* **rumen** bacteria in the presence of aflatoxin B1, in vitro. 054578
Eight years' experience with **soil** *mixing* [Tillage]. 062105
Studies on mixed cultivation of tropical legume and grasses. I. Effects of the increased dry matter and nitrogen yield in the *mixed* **stands** of Desmodium [intortum] and Setaria [sphacelata]. 058814
Testing *mixed* feed of different energy levels and various protein sources for hen layers. 055006
Studies on changing of the **wooly** *mixed* coat of the mountain sheep into a uniform one [through breeding]. 055208

MIXTURES

Separation technique of **acidic** *mixtures* of phenolic substances by thin layer chromatography [Plant and soil extracts]. 061642
Free amino acids of Candida tropicalis K-41 [yeasts] grown on *mixture* of **alkenes** and alkanes. 057750
Effects of the commercial polychlorinated **biphenyl** *mixture* Aroclor 1242 on growth, viability, phosphate uptake, respiration and oxygen evolution in Scenedesmus [Algae]. 059849
Application of simple **clover-grass** *mixtures* based on our varieties and some foreign varieties of Trifolium repens L. 058838
Control of aspen poplar [Populus tremuloides], balsam poplar [Populus balsamifera L.], and prickly rose [Rosa acicularis] by picloram alone and in *mixtures* with 2,4-D **[(2,4-dichlorophenoxy)acetic** acid]. 060002
Egg shell strength. III. Effect of various calcium content in **feed** *mixture* on egg shell strength. 053853
Application of citric acid in **feed** *mixtures* for fattening pigs with respect to fattening capacity and carcass value. 054922
Effectiveness of cropping **grass** *mixtures* according to the rate of sowing and the ratios of the components [Costs, income]. 052526
Perennial grasses and **grass** *mixtures* for forage and soil conservation crop rotations. 058896
Evaluation of suitability of some **herbicide** *mixtures* for controlling weeds in cereals. 059972
Molecular motion and order in single-bilayer vesicles and multilamellar dispersions of egg lecithin and **lecithin-cholesterol** *mixtures*. A deuterium nuclear magnetic resonance study of specifically labeled lipids. 053843
Effectiveness of **maize** *mixtures* balanced with local protein forages and addition of L-lysine and DL-methionine in fattening porkers. I. Fattening qualities, nutrient digestibility and nitrogen balance. 054987
Effects of processing on the nutritive value of WSB [wheat, soy, vitamins, minerals]-skim **milk** *mixtures* for infants. 053263
Investigation into the possibility of replacing dried skim milk in **milk** *mixtures* for calves by thermally and enzymatically conditioned wheat and linseed meals. 054925
Investigation into the production effect of the **milk** *mixture* Laktavit on calf raising. 054926
Decomposition of nonconcentrated rock phosphate from Karatau with a *mixture* of **nitric** and sulfuric acids. 062080
Comparison of alfalfa-orchardgrass [Dactylis] *mixture* with **orchardgrass** as hay for lactating dairy cattle. 054778
Study of the process of decomposition of potassium chloride by a *mixture* of **polyphosphoric** and sulfuric acids. 062088
Testing complete vealer calf **ration** *mixture* alone and soilage-supplemented. 055003
Urea-mineral mixtures as a nitrogen source for ruminants. I. Urea-nitrogen utilization by fattening calves when urea uptake is effected through urea-mineral mixtures in the form of licking blocks or through complete **ration** *mixtures*. 055008
1976 revision of **standard** *mixtures* recommended for forage culture. 058861
Plant growth curves in *mixtures* [of **Stylosanthes** humilis and Digitaria ciliaris] and climatological response. 058000
Urea-mineral *mixtures* as a nitrogen source for ruminants. I. Urea-nitrogen utilization by fattening calves when urea uptake is effected through urea-mineral mixtures in the form of licking blocks or through complete ration mixtures. 055008
Urea-mineral *mixtures* as nitrogen source for ruminants. II. Use of urea nitrogen by fattening calves when urea uptake is through urea-mineral mixtures in the form of licking stones and the urea concentrate Dehi 100. 055009
Urea-mineral *mixtures*—nitrogen source for ruminants. III. Urea nitrogen utilization by fattening calves on ingestion of urea through urea-mineral mixtures in the form of licking stones and through the liquid urea additive Pardue 64. 055010
Feeding dry and **wet** *mixtures* to early weaned piglets. 054990

MNIUM

Effect of cyanide on the membrane potential of leaf cells of the **moss** *Mnium* cuspidatum. 057255

MOBILITY

Characterization of *mobile* **aluminium** in acid soils. 061673
Relative shifts in *mobility* in **anionic** peroxidase isoenzymes between stem base and apex of flax genotrophs. 058170
Equine serum lipids: lipid composition and **electrophoretic** *mobility* of equine serum lipoprotein fractions [Horses]. 054303
The influence of anesthetics and cholesterol on the degree of molecular organization and *mobility* of **ox** brain white matter. Lipids in multibilayer membranes: a spin probe study using spectral simulation by the stochastic method. 054639
Mobile **repair** shops of the container type. 061571
Mobile **sawmill** recovers value from woods debris. 056220
Progress in laboratory methods of following the *mobility* of **sperm.** II. Measuring of the mobility of sperm by means of the counting chamber [Bulls, boars, rabbits]. 055206

MOBILIZATION

Mobilization and **exudation** of photo-assimilated 14C [carbonisotope] by developing pods of groundnut (Arachis hypogaea L.). 058205
Metabolism of paraffin and naphthenic hydrocarbons in higher animals. II. Accumulation and *mobilization* in the **rat.** 053102
Re-mobilization and **redistribution** of reserves in the tulip bulb in relation to new growth until anthesis. 058438

MODEL

Conceptual hydrological model for an average-sized catchment area. II. Estimate of parameters, validity of *model,* **applications.** 062253
The practical application of **bioeconomic** *models* [Agricultural systems]. 052362
The problems and challenges for international commodity models and *mode*/**builders** [International markets]. 052574
A discrete linear **cascade** *model* for hydrology [Water resources]. 062250
Land-use planning aided by computer **cellular** *modelling/mapping* system to combine remote sensing, natural resources, social and economic data. 052222
The problems and challenges for international **commodity** *models* and model builders [International markets]. 052574
Brucella: a **computer** *model* of bovine brucellosis. 055541

Operational use of satellite and high altitude remote sensing for the generation of input data for water **demand** *models.* 062218
Evaluation of *models* to **describe** sorption and desorption equilibrium moisture content isotherms of Virginia-type peanuts. 054060
A *model* of the **economic** costs of dairy calf mortality [On-farm disease control programs]. 055305
Versatile forestry; an **economic** *model.* 056079
A research program for and the process of building and testing grassland **ecosystem** *models.* 056718
A systems analysis of grain marketing networks using a spatial **equilibrium** *model.* 052730
A *model* for the **evolution** of the proteins. Cytochrome c: mammals, reptiles, insects. 054377
A *model* **experiment** on the method of snow-melting on the road in rural areas in Japan. 061393
Model **experiments** on [soil] mottle formation simulating field conditions. 061679
Veneer-cutting analysis by an elastic **finite-element** *model:* a case study [Pseudotsuga taxifolia, wood]. 056274
A *model* of **foregut** activity in the blowfly Phormia regina Meigen. II. Peristalsis in the crop duct during the crop-emptying process. 060737
Least-cost feed reserve [for sheep] using drought probabilities derived from a **grazing** *model.* 052534
The relationship between genotype and fitness for **heterotic** *models* [Dorsophila]. 060847
Hydraulic *model* investigation of Marsh Creek Dam principal spillway in Contra Costa County, California [Agricultural engineering]. 061391
Conceptual **hydrological** *model* for an average-sized catchment area. I. Concepts and relationships [Calculation of water transfers]. 062252
Conceptual **hydrological** *model* for an average-sized catchment area. II. Estimate of parameters, validity of model, applications. 062253
National and **interregional** *models* of land use, water allocation, soil loss control, and agricultural policy. 052923
Laboratory *models* for the biogenesis of indole alkaloids [Strychnos nux-vomica, drug plants]. 057948
A comparison of heat transfer characteristics of simple and pinnate **leaf** *models.* 057327
Mathematical *models* of speciation and genetic distance [Animals, insects]. 055100
DECIDE [**mathematical** *model*] how much superphosphate [Fertilizers]. 061963
Energy-economic theory and **mathematical** *models* for combining systems of man and nature, case study: the urban region of Miami, Florida [Ecology]. 062395
A **meteorological** *model* relating to the release of Graminae pollen in the London area [Allergen causing hay fever]. 056745
Meteorological *models* for the effects of weather on barley development and yield. 058240
A **meteorological** *model* for the release of mildew [Erysiphe graminis] spores in a crop of spring barley. 059464
A comparison of **nonlinear** *models* for describing weight-age relationships in cattle. 054535
The groundwater **outcrop-erosion** *model;* evolution of the stream network in the Netherlands. 062262
Agricultural systems models and *modelling:* an **overview.** 052358
Newcastle disease as a *model* for **paramyxovirus-induced** neurological syndromes: pathogenesis of the respiratory disease and preliminary characterization of the ensuing encephalitis. 055574
Polarization induced colour patterns: a *model* of the **perception** of the polarized skylight by insects. I. Tests in choice experiments with running honey bees apis mellifera. 061343
Presence of 10 *models* of **plant** architecture in Malagasy Euphorbia species. 056811
Models of **plant** architecture, density and yield. I. Use of light; theoretical aspects applied to pearlmillet in the Sahelian zone. 058141
Model of **plant** productivity [Crop physiology research in Poland]. 058227
Studies on the structural characteristics of sericin [of raw silk] through the synthesis of *model* **poly-alpha-amino** acids. I. Synthesis and properties of the model poly-alphaamino acid, similar to sericin in the amino acid component. 053613
Prediction *model* for development time of stable flies [Stomoxys calcitrans]. 060500
A rumen linear **programming** *model* for evaluation of concepts of rumen microbial function. 054574
Regional *models* for simulated climatic changes—U.S.S.R. wheat yield. 058831
An application of generalised least squares estimation of linear **regression** *model* with random coefficients to paddy production function for Sambalpur district (Orissa). 052770
Error and sensitivity analyses [Crop yields, **regression** *models].* 058826
The use of multiple **regression** *models* in predicting sediment yield [Water management]. 062357
An optimization technique adapted to USDAHL-74 **revised** *model* of watershed hydrology. 062351
Nucleotide sequence of Drosophila melanogaster 5S RNA: evidence for a general 5S **RNA** *model.* 060805
Sensitivity of linear and nonlinear surface **runoff** *models* to input errors. 062257
A **simulation** *model* for evaluating worldwide buffer stocks of wheat [Supply]. 052567
Analyzing hog production strategies with a **simulation** *model.* 054121
RANGES: grassland **simulation** *model* [Range management, computers]. 058865
The boll weevil [Anthonomus grandis] (Coleoptera: Curculionidae) feeding process: a **simulation** *model* [Cotton]. 060189
Simulaton *models* of the effects of climatic change on natural ecosystems [Crops, forests]. 056738
Measurement of methylcarbamate formed by the addition of dimethyl dicarbonate to *model* **solutions** and to wines. 054012
Uniqueness of a *model* of **steady-state** groundwater flow. 062287
Analysis and prediction of ecological and ecosystem dynamics with response **structure** *models* [Algae, lichens]. 056681
The influence of the selection of raw materials on the reheating value of canned meat and lard; a *model* **study** [Sterilization]. 053802
The dog as a *model* for the **study** of hip dysplasia: surgically induced hip dysplasia. 055373
Studies on hydrolysis reaction of *model* **substances** of cellulose in the presence of polymer catalysts. 5. Heterogeneous hydrolysis of fibrous cellulose in the presence of poly(vinyl alcohol-co-vinylsulfonic acid). 056197
Quantitative evaluation of the microbial nutrient sink in soil in relaton to *model* **system** for soil fungistasis [of phytopathogenic fungi]. 061864
Agricultural **systems** *models* and modelling: an overview. 052358
The influence of water content on non-enzymic browning reactions in dehydrated foods and *model* **systems** and the inhibition of fat oxidation by browning intermediates. 053553
Model **test** for selection for endurance in relation to growth. II. Selection results to the tenth selection generaton [Mice]. 055267
Sheep: a *model* for **testing** spinal and epidural anesthetic agents. 055328
The value of information and the value of **theoretical** *models* in crop [fertilizer] response research. 061908
Inbreeding depression and double **threshold** *model* in the domestic quail (Coturnix coturnix japonica). 055078
The Botucatu aquifer of South America, *model* of an **untapped** continental aquifer. 062261
Model **vegetable** growing. 059072
Evaluation of a monthly water **yield** *model.* 062320

MODULI

Modulus of **rigidity** of wood-based panels. I. Plywood. 056193
The dynamic **Young's** *modulus* in compacted clayey soil at high pressures and the effects of radial inertia and added mass. 061651

MOIETY

Sex pheromone specificity in the pine sawflies [Neodiprion, Diprion similis]: interchange of **acid** *moieties* in an ester. 060378
Carbohydrate *moieties* of procollagen: incorporation of isotopically labeled mannose and glucosamine into propeptides of procollagen secreted by matrix-free chick embryo tendon cells. 054674

MOISTURE

Growth, development and chemical composition of the pig. III. Bone, **ash** and *moisture.* 054506
[Soil] *moisture* **detection** from skylab [Remote sensing]. 061694
Evaluation of models to describe sorption and desorption **equilibrium** *moisture* content isotherms of Virginia-type peanuts. 054060
Moisture, **fat,** and N, P, K, Na, and Ca [nitrogen, phosphorus, potassium, sodium, calcium] content in pork loins as a function of breed, sex and age of pigs. 053800
Effect of *moisture* **gradients** on the accuracy of power-loss moisture meters [Veneers]. 056164
Oxidative changes in foods at low and **intermediate** *moisture* levels. 053544
The influence of water on textural parameters in foods at **intermediate** *moisture* levels. 053554
The lowering of water activity by order of mixing in concentrated solutions [Processing of **intermediate** *moisture* foods]. 053555
Enzymic reactions in **low** *moisture* foods. 053540
Free radicals in **low** *moisture* systems [Food]. 053541
Measure of water content of cereals and flours. Reference methods and humidimeters *[Moisture* **measurement].** 053887
Parameters determining choice of a method of measuring the *moisture* of **peat** soil. 061887
Basis for selecting means of regulating the water system of soils relative to **planning** *irrigation-moisture* systems. 062312
Effect of moisture gradients on the accuracy of **power-loss** *moisture* meters [Veneers]. 056164
Study of the *moisture* **process** in peat soil. 061890
Available **soil** *moisture* and the expression of damage caused by Pratylenchus penetrans [nematode] in flue-cured tobacco. 059826
Effect of herbicides on some physiological and biochemical processes of cotton according to **soil** *moisture.* 059938
Effect of **soil** *moisture* on the activity of some urea herbicides. 059969
On the feasibility of remote monitoring of **soil** *moisture* with microwave sensors. 061689
Use of visible, near-infrared, and thermal infrared remote sensing to study **soil** *moisture.* 061693
Soil *moisture* statistical parameters and methods of their determination. 061811
Soil *moisture* flux and evapotranspiration determined from soil hydraulic properties in a chaparral stand. 061845
The control of **soil** *moisture.* 061852
Studies on precipitation amount and distribution as affecting the sunflower yield **[Soil** *moisture].* 061855
The release of nitrogen from sulfur-coated urea as affected by **soil** *moisture,* coating weight, and method of placement. 062037
Passive microwave sensing of *moist* **soils.** 061690
Moisture **stress** and its effect on photosynthesis in Dicranum polysetum [Musci]. 057390
Water potential components, stomatal function, and liquid phase water transport resistances of four arctic and alpine species in relation to *moisture* **stress** [Plant physiology]. 057849
Evaluating dynamics of the level of groundwaters and microrelief relative to **subsoil** *moisture* of shallow peat soils of the Polesye. 062313
Remote detection of soil **surface** *moisture.* 061691
Preventing erosion of river beds and canals of *irrigation-moisture* **systems** by the use of large-grain materials. 061462
On the development and yield of redpeppers with **varying** *moisture* supply of plants on the Dnieper-left-bank of the forest-steppe zone of the Ukraine. 058445
Physiological indices of late cabbage plants with **varying** *moisture* supply. 058446
Technical note 13: *moisture* in **wood** and association with decay. 056293

MOLASSES

Yeasts for *molasses* **alcohol.** 053628
Molasses and its **by-products** [for ruminants]. 054936
Wastewater load in yeast factories and *molasses* **distilleries.** Survey on the extent of load and their causes. 062372
Manufacturing feed yeasts from *molasses* in the **German** Democratic Republic. 054105
Sugar and *molasses* **production** set record in 1973-74 but world supplies tight [Statistics]. 052619
Growing of yeast [Candida tropicalis] on medium with paraffin and additives of *molasses,* **stillage** and maize extract. 057752
Production of fodder yeast by Saccharomyces cerevisiae grown on Egyptian black **strap** *molasses.* 054093

MOLD

Kinetic studies of **alpha-galactosidase-containing** *mold* pellets on PNPG [p-nitrophenyl-alpha-D-galactopyranoside] hydrolysis [Submerged culture of Mortierella vinacea]. 053489
Types and genetic sources of the resistance of **blue** *mould* [Peronospora tabacina] of tobacco. 057011
Ammoniation of aflatoxin B1: isolation and characterizationof a product with molecular weight 206 **[Detoxifying** *mold-damaged* oilseed meal]. 052987
Evaluating varieties and hybrids of tomatoes for resistance to red spot disease [Cladosporium fulvum, tomato **leaf** *mold].* 059363
The heat resistance of *moulds* **Penicillium** vermiculatum Dangeard and Penicillium brefeldianum Dodge in apple juice [Contamination]. 053044
Synergistic fruiting body construction by Polysphondylium violaceum mutants **[Slime** *moulds].* 057067
Synthesis of ribosomal RNA during the mitotic cycle in the **slime** *mould* Physarum polycephalum [Fungi]. 057554
Kinetic of 5-bromodeoxyuridine action on Dictyostelium discoideum **[slime** *mold]* growth and development. 057555
The isolation of plasmia membranes from the cellular **slime** *mold* Dictyostelium discoideum using concanavalin A and triton X-100. 057579
Antibody to Physarum **[slime** *mold]* myosin. I. Preparation and functional effects]. 057616
Control of chemotaxis in Physarum polycephalum **[Slime** *molds].* 057659
Oscillations of calcium ion concentrations in Physarum polycephalum **[Slime** *molds].* 057660
Signal relay by single cells during wave propagation in a cellular **slime** *mold* [Dictyostelium discoideum]. 057728
Preliminary characterization of the acrasin of the cellular **slime** *mold* Polysphondylium violaceum. 057936
Observations on parasitic **[snow** *mold]* on grasses. 059468
The influence of relative humidity on the thermal resistance of *mould* **spores** [Food spoilage]. 052981
Volatile flavor substances produced by *moulds* on **[stored]** wheat grain [Spoilage]. 052937
The Eurocompo **vegetable** *mold* being tested. 059151

MOLECULES

Structure of *molecular* **aggregates** possessing the highly effective cyclic photophosphorylation [Photosynthesis]. 057526
About the *molecular* **composition** of the products of decomposition of potassium chloride by technical polyphosphoric acid. 062078
The *intermolecular* **cross-links** in uterine collagens of guinea pig, pig, cow, and human beings. 054687
General and *molecular* **cytology** [of plants]. 056843

The substrate constant for **dissolved** *molecular* oxygen of methanol-assimilating yeasts. 057712
Structure of the amino-acid accepting 3'-end of *high-molecular-weight* **eggplant** mosaic virus RNA. 059659
Erucic acid content and polarity of a **glyceride** *molecule* [in rapeseed oil]. 053858
High *molecular* weight deoxyribonucleic acid polymerase from crown gall tumor cells of periwinkle (Vinca rosea). 057303
A **high** *molecular* weight dihydro-orotate dehydrogenase of Neurospora crassa [Fungi]. Purification and properties of the enzyme. 057379
Molecular **integrity** of plant ribosomal ribonucleic acid. 057897
Bovine secretory component. **Isolation** *molecular* size and shape, composition, and NH2-terminal amino acid sequence. 054551
Organization of antenna and photo-reaction centre chlorophylls on the *molecular* **level.** 057814
Lipid composition and **lipid** *molecular* species of Lipomyces starkeyi [Fungi] cultivated in medium containing 1,2-propanediol. 057229
Insect [Periplaneta americana] blood-brain barrier: a radioisotope study of the kinetics of exchange of a **liposoluble** *molecule* (n-butanol). 060903
Purificaton and properties of a **low** *molecular* weight protein factor of [bovine heart] mitochondrial energy-linked functions. 054374
The structure of eggplant mosaic virus: evidence for the presence of **low** *molecular* weight RNA in top component. 059682
Molecular **mechanism** of inhibition of firefly luminescence by local anesthetics [Lampiridae]. 061005
Distribution of Lpm-allotypic determinants among *molecules* of **mink** serum alpha2-lipoproteins. 054517
Molecular **modifications** associated with ageing of [rabbit] globin messenger RNA in vivo. 054473
Molecular **motion** and order in single-bilayer vesicles and multilamellar dispersions of egg lecithin and lecithin-cholesterol mixtures. A deuterium nuclear magnetic resonance study of specifically labeled lipids. 053843
Conjugation of the localisation of **new** *molecules* of chlorphylls and proteins in the membrane system of chloroplasts. 057518
The influence of anesthetics and cholesterol on the degree of *molecular* **organization** and mobility of ox brain white matter. Lipids in multibilayer membranes: a spin probe study using spectral simulation by the stochastic method. 054639
Molecular **organization** and stabilizing forces of simple RNA [plant] viruses. IV. Selective interference with protein-RNA interactions by use of sodium dodecyl sulfate. 059677
Chicken erythrocyte histone H5. III. Sequence of the amino-terminal half of the *molecule* (III **residues).** 054485
Water, ice and solutions of **simple** *molecules* [Food]. 053560
Crystal and *molecular* **structure** of carolenalone, a cycloheptenone sesquiterpene lactone from North Carolina Helenium autumnale L. 057688
Crystal and *molecular* **structure** of organophosphorus insecticides. II. Coroxon. 060141
Ammoniation of aflatoxin B1: isolation and characterizationof a product with *molecular* **weight** 206 [Detoxifying mold-damaged oilseed meal]. 052987
Effect of the *molecular* **weight** of gamma-carrageenan on the retardation of fat separation in evaporated milk. 053774
Viscosity of melanoidins formed by oxidative browning. Validity of the equation for a relationship between color intensity and *molecular* **weight** of melanoidin [from soy sauce]. 053869
Estimation of [protein] *molecular* **weight** by polyacrylamide gel electrophoresis using heat stable fluorophors [Albumen]. 054310
Boar acrosin. II. Amino acid composition, amino terminal residue and *molecular* **weight** estimations by ultracentrifugation. 054509
Chemical composition and *molecular* **weight** of yeast [Candida] tannase. 057223
Proteolysis as the compactness index of **wheat** *molecules* [Flour baking quality]. 053862

MOLES

H3 [hydrogen isotope]-uridine autoradiographic study of spermatogenesis in the *mole* **cricket,** Gryllotalpa fossor Scudder. 060986
Sound production in *mole* **crickets** [Scapteriscus acletus, Scapteriscus vicinus] (Orthoptera: Gryllotalpidae: Scapteriscus). 060660

MOLLUSKS

Inhibition of [pea] chloroplast development by tentoxin [of **Alternaria** *tenuis].* 059385
Carbamate resistance in **Anopheles** *albimanus.* Penetration and metabolism of carbaryl in propoxur-selected larvae. 060423
A method for culturing single families of **Anopheles** *albimanus.* 060457
Use of Y-autosome translocations in assigning the stripe locus to chromosome 3 in the mosquito **Anopheles** *albimanus.* 060663
Linkage relationships and chromosome assignment of four esterase loci in the mosquito **Anopheles** *albimanus.* 060830
Poly (A) sequences in insect RNA [**Calliphora** *vicina].* 060877
Relationship between taste cell responses and arrangement of labellar taste setae in the blowfly **Calliphora** *vicina.* 060926
Cytological studies in a West African Solanum melongena L. Var. *Zaria* **[Eggplant].** 056871
The stability of chloroplasts from siphonaceous algae in symbiosis with **sacoglossan** *molluscs.* 057786

MOLT

Studies in *insect-moulting* **hormone** biosynthesis. Biosynthesis of cyasterone in the plant, Cyathula capitata. 057293
The metabolism of 3H **[hydrogen** *isotope]-molting* hormone in Calliphora erythrocephala at the mature larval and white puparial stages. 060884
Restoration of *moulting* by **implantation** of brains into permanent larvae of Galleria mellonella. 060726
The **induced** *molting* of 4th-stage larvae of pin nematode, Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by root exudate of host plant [Morus]. 059707
The **induced** *molting* of 4th-stage larvae of pin nematode, Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by root exudate of host plant [Morus]. 059708
Restoration of the *moulting* **process** in larvae of Aeshna cyanea Mull. (Dragonfly) in which moult had been blocked by cauterization of the pars intercerebralis. 060725

MOLYBDENUM

Change in content of nucleic acids in black current leaves with *molybdenum* and **cobalt** dressing. 058350
Toxicity of several chemical compounds to larvae of the silk-worm, Bombyx mori, detected in polluted leaves of mulberry[Morus] growing around the iodine and *molybdenum* **factories** in Mobara City, Chiba Prefecture. 061364
Effect of levels of phosphorus and *molybdenum* on **growth,** yield and quality of berseem (Trifolium alexandrinum Juslen). 061969
Effect of some aldoses on growth of Saccharomyces cerevisiae [yeasts] **inhibited** with *molybdenum.* 057598
Copper and *molybdenum* as **plant** nutrients to leys [Grassland]. 061997
Changes in composition of assimilators in **soybean** by *molybdenum.* 058082
Reconstitution in vitro of nitrate reductase from apoprotein of *molybdenum-deficient* **spinach.** 058530

MOLYBDOPHOSPHORIC

Octan-1-ol extraction of *molybdophosphoric* **acid** in the colorimetric determination of orthophosphate [in soils]. 061841

MOMPHIDAE

Distribution of some French species of *Momphidae* **(S.L.)** (Lepidoptera, Gelechioidea). 061088

MONEY

Tax choices can **save** *money* [in farming]. 052532
With which manure spreader can you **save** *money?* 061499

MONILIASIS

Pathogenicity of Candida species in **rabbits** *[Moniliasis].* 055559

MONILINIA

Control of mummy berry *[Monilinia* **vaccinii-corymbosae]** of highbush blueberry in New Hampshire. 059432
Interaction of eradicant and protectant treatments upon the epidemiology and control of mummy berry disease of highbush blueberry [caused by *Monilinia* **vaccinii-corymbosi].** 059424

MONITORING

The use of computer simulation in the design, evaluation, and *monitoring* of **animal** disease control programs. 055319
Aquatic insects as **biological** *monitors* of heavy metal pollution [Ephemerella grandis, Pteronarcys californica]. 062375
Monitoring of **cholinesterase** activity in people exposed to insecticides during WHO [World Health Organization] trials. 060616
Monitoring **cold** air flows by thermal scanning for regional planning [Climate]. 052116
Monitoring of **community** water supplies. 062237
A perspective on animal **disease** *monitoring* [associated with a combination of environmental, genetic, and infectious factors]. 055306
A system to *monitor* **disease** in a primate center. 055307
International cooperation in animal **disease** *monitoring.* 055312
Some pragmatic aspects of animal **disease** *monitoring.* 055315
The cost-benefit aspects of various types of animal **disease** *monitoring* activities. 055316
The future of **disease** *monitoring* in agricultural animals. 055318
The veterinary practitioner in [livestock] **disease** *monitoring.* 055320
Animal **disease** *monitoring* for disease eradication [Brucellosis, tuberculosis, cattle, swine]. 055540
Biological problems in **estuarine** *monitoring* [of organochlorine pollution]. 062503
Microbiological methods for *monitoring* **marine** waters for possible health effect [Pollution, food poisoning]. 062505
Proceedings of seminar on methodology for *monitoring* the **marine** environment, Seattle, Washington, October 1973. 062511
Design of **nationwide** *water-quality-monitoring* networks. 062233
How combine and **planter** *monitors* avoid guesswork. 061525
Nordmiljo 80, a Scandinavian project on system for environmental **pollution** *monitoring* in the pulp and paper industries. 056244
The economic impact of remote sensing data as the source of nonpoint [water] **pollution** *monitoring* and control. 062433
A systems approach to marine **pollution** *monitoring.* 062501
On the feasibility of **remote** *monitoring* of soil moisture with microwave sensors. 061689
Soil *monitoring* stations. 061656

MONKEYS

Semen evaluation in **capuchin** *monkeys* (Cebus apella). 055165
Characterization of a Mirex [chlorinated insecticide] **metabolite** from *monkeys.* 060526
A simple method for obtaining blood pressure in rhesus **monkeys** *(Macaca* mulatta). 054624
Semen evaluation in capuchin **monkeys** *(Cebus* apella). 055165
Technique for portal catheterization in rhesus **monkeys** *(Macaca* mulatta) [Laboratory animals]. 055290
A simple method for obtaining blood pressure in **rhesus** *monkeys* (Macaca mulatta). 054624
Technique for portal catheterization in **rhesus** *monkeys* (Macaca mulatta) [Laboratory animals]. 055290
Peculiarities of cytopathic changes in cell cultures under effect of avian laryngotracheitis virus [Swine, **sheep,** *monkeys].* 055674

MONOAMINES

Electron microscopic localizaton of *monoamine* **oxidase** in coleoptiles of Avena sativum L. [Oats]. 058119

MONOCOTYLEDONS

Phloem exudation from *monocotyledonous* **axes.** 057543
Distribution of the C4 [carbon 4] dicarboxylic acid pathwayof photosynthesis in **local** *monocotyledonous* plants and its taxonomic significance. 056553

MONOCULTURES

Microbiological changes in the soil medium planted to a *monoculture* of **winter** wheat [Microorganisms]. 061893

MONOLAYER

Plaque assay of sendai virus in *monolayers* of a **clonal** line of procine kidney cells. 055604

MONOLITH

Rapid sampling of peat **soil** *monoliths* with undisturbed structures and their packing into lysimeters. 061810

MONOMER

A calorimetric study of the CO Bohr effect of *monomeric* **haemoglobins** [Chironomus thummi thummi]. 060777
Immobilization of enzymes by radiation copolymerization of **synthetic** *monomers* [Food research]. 053533
Grafting of **vinyl** *monomers* to pulps using Acetic acid-hydrogen peroxide as initiator system. 056147

MONOPHOSPHATES

Subunit structure of AMP [**adenosine** *monophosphate]-deaminase* from chicken and rabbit skeletal muscle. 054563
Cyclic-AMP [**adenosine** *monophosphate]* and pancreatic bicarbonate secretion in response to secretin in dogs. 054681
Adenosine *5'-monophosphate-stimulated* cyanide-insensitive respiration in mitochondria of [the yeastlike fungus] Moniliella tomentosa. 057642
Extracellular cyclic AMP [**adenosine** *monophosphate]-phosphodiesterase* accelerates differentiation in Dictyostelium discoideum [Fungi]. 057709
Effect of cAMP [cyclic **adenosine** *monophosphate]* on the pattern of RNA synthesis in protoplasts isolated from gibberellin-sensitive maize seedlings. 058198
Comparison of mode of activation of guanosine 3':5'-monophosphate-dependent and **adenosine** *3':5'-monophosphate-dependent* protein kinases from silkworm [Bombyx mori]. 061326
Inhibition by acidosis of adenosine **3',5'-cyclic** *monophosphate* accumulation and lipolysis in isolated rat fat cells. 054254
Adenosine **cyclic** *3',5'-monophosphate* in the liver fluke, Fasciola hepatica. I. Activation of adenylate cyclase by 5-hydroxytryptamine. 055677
Adenosine **cyclic** *3',5'-monophosphate* in the liver fluke, Fasciola hepatica. II. Activation of protein kinase by 5-hydroxyltryptamine. 055678
Inhibition of initiation of protein synthesis [in wheat **germs]** by *7-methylguanosine-5'-monophosphate.* 058237
Cyclic **guanosine** *3',5'-monophosphate* in the dimorphic fungus Mucor racemosus. 057643

Comparison of mode of activation of **guanosine** *3'-5'-monophosphate-dependent* and adenosine 3':5'-monophosphate-dependent protein kinases from silkworm [Bombyx mori]. 061326
Different lipolytic effects of theophylline and dibutyryl cyclic AMP *[adenosine-5'-monophosphate]* in **vivo** and in vitro [Dogs]. 054682

MONOSACCHARIDE

Alkaline and oxidative alkaline degradation of *monosaccharides* and **1,4-beta-linked** disaccharides [Wood chemistry]. 056145

MONOSODIUM

Monosodium **L-glutamate** [food additive]-induced convulsions: temporary alteration in blood-brain barrier permeability to plasma proteins. 052974

MONOSOME

Monosomic **analysis** of the fertility restorer R 130 (Palmaress) for the cytoplasm of Triticum timopheevi Zhuk. [Wheat]. 056959
Monosomic **analysis** of the number of spikelets per spike in common spring wheat [Breeding]. 057163

MONOTERPENES

Two **acyclic** *monoterpene* diols from Cinnamomum camphora. 057878
Isolation and identification of *Monoterpenes* from **cultured** cells of Perilla [frutescens] plant. 057228
Characterization of a cytochrome P-450 **dependent** *monoterpene* hydroxylase from the higher plant Vinca rosea. 057302
Structure of sarracenin. An unusual enol **diacetal** *monoterpene* from the insectivorous plant Sarracenia flava. 057640
Studies on *monoterpene* **glucosides** and related natural products. XXX. The fate of the C-8 proton of 7-deoxyloganic acid in the biosynthesis of secoiridoid glucosides into Lonicera morrowii, Cornus officinalis and Gentiana thunbergii]. 057500
Halogenated *monoterpene* derivatives from Desmia (Chondrococcus) japonicus [Algae]. 057925
Mono-oxygenated *monoterpenes* from the frass of the wood-boring beetle Hylotrupes bajulus (L). 061031

MONOXIDE

Kinetic and equilibrium studies of the reactions of heme-substituted horse heart myoglobins with oxygen and **carbon** *monoxide*. 054555
Effects of **carbon** *monoxide* and nitrogen dioxide on garden pea and string bean. 059719

MONTANE

Algae from *montane* **streams** on the island of Mahe, in the Seychelles. 056372
Variation and selection in **western** *montane* species. II. Variation within and between populations of white fir [Abies concolor] on an elevational transect [in the central Sierra Nevada mountains of California]. 056132

MONTMORILLONITE

Calcium-sodium and calcium-magnesium exchange equilibria on some calcareous soils and a *montmorillonite* **clay.** 061640
Interactions between *montmorillonite* and **fulvic** acid. 061678
Studies on the adsorption and interaction of 1,2-dibromo-3-chloropropane **[Pesticides].** I. With *montmorillonites*. 060571
The effect of particle morphology on the K-Ca [potassium-calcium] exchange **properties** of *montmorillonite*. 061733
Hydration numbers of **sodium-calcium** *montmorillonite*. 061875
Infrared and X-ray study of *parathion-montmorillonite* **sorption** complexes [Behavior of pesticides in soil]. 060599

MOOR

Late Quaternary vegetational history of the North **York** *Moors*. I. Pollen analyses of blanket peats. 056523
Late Quaternary vegetational history of the North **York** *Moors*. II. Pollen analyses of landslip bogs. 056524

MOOSE

Food habits of *moose*, **Alces** alces, in Alaska: A preliminary study using rumen contents analysis [Forest wildlife mangement]. 054780

MORAIN

Comparative micromorphology of soddy-podzolic soils derived from **loamy** *moraine* and non-calcareous loess-like loam. 061674

MORMODES

And the lost has been found *[Mormodes* **lineatum].** 056385

MORNING

Studies on the flower color of *morning-glory*. I. **Anthocyanins** and some concomitant phenolics in the blue petals of Ipomoea ruburo-caerulea Hock, 'Heavenly Blue'. 058421
Tackling the tingle in your 'good *morning*' [**Mentha,** cultivation]. 059217

MORNINGGLORY

A comparative study of the differential radiosensitivity of seeds, seedlings and tisue cultures of the **Japanese** *morningglory* (Pharbitis nil). 057885
Today's weed: **tall** *morningglory* [Ipomoea purpurea]. 060105

MORPHACTIN

Suppression of the stomatal opening by *morphactins* in **isolated** epidermal strips [Commelina benghalensis]. 057890
Formative effects of *morphactin* on the **shoot** apical meristem of flax (Linum usitatissimum L.). 057208

MORPHOGENETIC

Possible participation of auxins in the growth and *morphogenesis* of **Acetabularia** mediterranea [Algae]. 057525
Special cytology: morphology and *morphogenesis* of **cells** of higher plants. 057611
A comparative study of **chloroplast** *morphogenesis* in seedlings of some conifers (Larix decidua, Pinus sylvestris and Picea abies). 056921
Special cytology: cytology and *morphogenesis* of the **fungal** cell. 056846
On the **leaf** *morphogenesis* of citronella grass (Cymbopogon nardus Rendle var. Mahra Pengiri). II. Effect of temperatures on development of citronella grass leaf. 058112
Experimental study of the *morphogenesis* of **nutmeg** fibrosis of the liver [Dogs]. 055820
Structure and *morphogenesis* of **photosynthetic** membranes. I. Is there a single basic peptide within Zea mays thylakoids? 058032
Morphogenesis of **picornaviruses:** characterization and assembly of bovine enterovirus subviral particles. 055611
Electron microscopic studies on the problem of cytomorphogenesis in Micrasterias denticulata Breb. [Algae]. II. Effect of vital-centrifugation on *morphogenesis* and **ultrastructure.** 056894

MORPHOLINE

Dose-response study of the carcinogenicity of dietary sodium nitrite and *morpholine* in **rats** and hamsters. 053165

MORPHOLOGY

Effects of modes of application of hydrous constraints on several aspects of the *morphology* and **activity** of the leaf of Vitis vinifera L., variety Cabernet-Sauvignon [Grapes]. 058325
Effects of protease treatment on growth, *morphology*, **adhesion,** and cell surface proteins of secondary chick embryo fibroblasts. 054432
Morphology of the **adult** and juvenile stages of Microtendipes rydalensis (Edw.) comb. nov. (Diptera, Chironomidae). 061183
Study of cytological, *morphological* and **agrotechnical** characteristics of six wheat-rye addition lines. 056774
Morphology and **anatomy** of higher plants, organs of vegetation. 056844
Morphology and **anatomy** of higher plants, organs of reproduction. 056845
Morphology of **Arabidopsis** [thaliana] grown under chronic centrifugation and on the clinostat. 056886
The *morphology* of **Beckerella** scalaramosa, a new species of Gelidiales (Rhodophyta) from the Philippines [Algae]. 056882
Morphology, **biology** and ecology of populations of Hypera postica (Gyllenhal) Coleoptera: Curculionidae in Quebec. 060963
Studies on high altitude saxicolous Cyanophyta. III. On the *morphology* of **Camptylonemopsis** boldii sp. nov. [Algae, new taxa]. 056576
Certain *morphological* and pathological characters of Alternaria cucumerina, the cause of watermelon leaf spot disease in Egypt. 059227
Morphological **characteristics** of the embryonal development of the Bulgarian Benkovska goose. 054753
Morphological **characteristics** of queen bees of the Italian, Bulgarian, Kraynska, and Caucasian races. 061384
Micromorphological **characters** of sieve element plastids, a contribution of transmission electron microscopy to seed plant systematics. 056403
A note on the comparison of *morphological* **characters** of Cavia cauliflora and Cavia papaya. 056917
A taxon of Corsica: Asplenium obovatum Viv; some *morphological* and **chorological** remarks. 056427
Comparative *morphology* and early leaf histogenesis of adult and juvenile leaves of Darlingtonia californica and their bearing on the concept of heterophylly. 056793
Comparative *morphology* of the Greek species of the genus Aelia Fabricius, 1803 (Heteroptera: Pentatomidae). 061123
Comparative *micromorphology* of soddy-podzolic soils derived from loamy moraine and non-calcareous loess-like loam. 061674
Antigenic and *morphologic* **comparisons** of Ibaraki and bluetongue viruses [Cattle]. 055480
Translocation of labelled assimilate [sucrose] in *morphologically* **contrasting** cotton plants. 058138
Preliminary observations on effects of various oxygen partial pressures on **cucumber** *morphological* and constitutional changes during storage. 053983
Developmental *morphology* of Rhynchaenus testaceus (Mull.) (Coleoptera, Curculionidae) [Insects]. 060633
On *morphological* **differences** of Nymphaea alba L. And Nymphaea candida Presl. in the Ukraine. 056650
Biomorphological and **ecological** peculiarities of Pistacia vera L. 056800
Morphology of **ephemeral** and persistent leaves of three subspecies of big sagebrush [Artemisia tridentata] grown in a uniform environment. 056847
The interaction of mycoplasma gallisepticum with **erythrocytes.** 1. *Morphology*. 055672
The effect of the environment on the *morphological* **expressions** of brown algae. 056890
The effects of nitroxynil on the survival, growth and *morphology* of **Fasciola** hepatica [liverfluke] in sheep. 055751
The *morphological* and **functional** characterists of insects chemosensory organs. 061052
From cleavage to primitive streak formation: a complementary normal table and a new look at the first stages of the development of the chick. I. **General** *morphology*. 054451
Biology and immature stages of eight species of Lauxaniidae(Diptera). II. Descriptions of immature stages and discussion of larval feeding **habits** and *morphology*. 060995
Morphology of **haustoria** in Rhinanthoideae (Scrophalariaceae). 056786
Morphologic **heterogeneity** of a strain of swine influenza virus (A/swine/Wisconsin/1/68, Hsw1N1) propagated at different temperatures. 055417
Morphology and **host** range of virulent phages of lotus rhizobia [Lotus corniculatus]. 059503
Demonstration of the isolation of non-infective Alnus crispa var. mollis Fern. nodule endophyte by *morphological* **immunolabelling** and whole cell composition studies. 058562
Morphological and **karyological** study on the Anthoxanthum L. Genus in Bulgaria. 056912
Morphology of **larvae** and ecology of beetles of the genus Hypophloeus F. (Coleoptera, Tenebrionidae). 061070
Cholesterol levels, atherosclerosis and **liver** *morphology* in rabbits fed cyclopropenoid fatty acids. 053164
Morphology of the **Malpighian** tubules of insects. 060815
Morphology of the **milk** gland of a tsetse fly, Glossina austeni newst. II. Ultrastructural study during the resting period of the uterus and the successive gestations. 060951
Special cytology: *morphology* and **morphogenesis** of cells of higher plants. 057611
The evolution of *morphological* **novelty** exemplified in the growth patterns of some Gesneriaceae [Streptocarpus hanniniae]. 056864
Morphological **observations** on the Gentiana alpina-acaulis group, on Festuca paniculata and Festuca eskia in the Pyrenees [New taxa]. 056472
The effect of **particle** *morphology* on the K-Ca [potassium-calcium] exchange properties of montmorillonite. 061733
Morphological **phase** distribution and respirometeric precision in Trichoplusia ni larvae. 060655
Bioassay, histology and *morphology* of the **pheromone-producing** glands of Rhyacionia frustrana, Rhyacionia rigidana, and Rhyacionia subtropica. 060643
Morphological and **physiological** indexes and cultural techniques for high yielding wheat variety "Yang-mai No. 1". 058669
Morphology, **physiology** and pathology of the reproductive system of the rabbit. 055076
Comparison of biophysical and *morphological* **properties** of occluded and extracellular nonoccluded baculovirus from in vivo and in vitro host systems [Rachiplusia ou, Autographa californica]. 060957
Observations on the behavior and *morphology* of the **spider** predator, Stenolemus lanipes, (Hemiptera: Reduviidae). 060910
Spore *morphology* of the Hawaiian genus Sadleria (Blechnaceae). 056383
Cultural properties, antigenic relationship and *morphology* of various **strains** of the enteritis virus in geese. 055492
Growth and *morphology* of **Streptococcus** bovis and of mixed rumen bacteria in the presence of aflatoxin B1, in vitro. 054578
The influence of hydrocarbon medium in relation to glucose medium on the fungi strains Absidia coerulea (p 23) and Penicillium spec. (M 49). II. A comparison of *morphological* **structures.** 056928
Cytological and *morphological* **studies** on allotetraploids of (Gossypium arboreum X Gossypium stocksii) and (Gossypium stocksii X Gossypium arboreum) [Cotton]. 056878
Morphological **synopsis** of larvae of Carabus Lin. (Coleoptera, Carabidae) known to this day. 061133
Precisions on the characters of two Riccia of the subgenus **Thallocarpus** *[Morphology]*. 056915
Observations on the *morphology* of **thymus** in the Indian buffalo (Bos bubalis). 054621
Influence of the method of fixation on the **ultrastructural** *morphology* of normal and impaired myocardial cells [Rats, swine]. 054594
Morphology and **ultrastructure** of a Penicillium sp. Grown onn-hexadecane of peptone [Fungi, peteroleum pollution]. 056782
Morphological **variability** in the marine green alga Acetabularia crenulata Lamouroux (Dasycladaceae, Dasycladales). 056881
Metroglyph and index score analysis of *morphological* **variation** in green gram (Phaseolus aureus L.). 056858
Morphological **variation** of the gall-forming aphid, Geoica utricularia (Homoptera) in relation to environmental variation. 060842

MORPHOMETRIC

Studies of **phase** *morphometric* differences between Locusta migratoria cinerascens and Locusta migratoria migratorioides and their albino mutants. 060727

Morphometric **variation** in Aphelenchus avenae [on host fungi, Pyrenochaeta terrestris, Aspergillus nidulans]. 059829

MORTALITY

A model of the economic costs of dairy **calf** *mortality* [On-farm disease control programs]. 055305

[Chick] **embryo** *mortality* dynamics and its connection with other embryonic development indexes. 055279

Hatchability, **embryonic** *mortality,* malpositions and malformations of chicken eggs as affected by pre-incubation temperature & method of storage. 055838

Effect of nest substrata on the *mortality* of **Eumenes** colonaSaussure (Hymenoptera) and its inquilines. 060888

Some observations on the causes of lamb and **kid** *mortality* at the Haryana Agricultural University, Hissar. 055322

Basic studies on the natural regeneration of Hinoki (Chamaecyparis obtusa Endl.). I. Germination and *mortality* of **natural** seedlings. 056129

Mortality in 1969 from **pesticides,** including aerosols. 060521

Ganoderma [lucidum] root **rot** *mortality* in khair (Acacia catechu Willd.) in reforested stands. 059300

Incidence of blood potassium types and *mortality* in **sheep** under semi-arid conditions. 054529

Swan *mortality* due to certain heavy metals in the Mission Lake area, Idaho. 060533

MORTEM *see* DEATH

MORTIERELLA

Kinetic studies of alpha-galactosidase-containing mold pellets on PNPG [p-nitrophenyl-alpha-D-galactopyranoside] hydrolysis [Submerged culture of *Mortierella* **vinacea**]. 053489

MORUS

The nomenclatural status of Stigmina mori (Nomura) comb. Nov. [Fungi, blight **disease** of *Morus].* 056559

Seasonal changes in abundance and the faunal composition of spiders at the mulberry *[Morus]* **fields** in Iwate Prefecture. 060154

Toxicity of several chemical compounds to larvae of the silk-worm, Bombyx mori, detected in polluted leaves of *mulberry[Morus]* **growing** around the iodine and molybdenum factories in Mobara City, Chiba Prefecture. 061364

Peroxidase isozymes in colchicine treated **mulberry** *[Morus].* 057790

Studies on the respiratory rate of annual shoots in mulberry *[Morus]* **plant.** I. 057792

Studies on the respiratory rate of annual shoots in mulberry *[Morus]* **plant** II. 057793

The induced molting of 4th-stage larvae of pin nematode, Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by root exudate of host **plant** *[Morus].* 059707

The induced molting of 4th-stage larvae of pin nematode, Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by root exudate of host **plant** *[Morus].* 059708

Studies on in vitro culture of excised buds in mulberry *[Morus]* **tree.** II. Effects of growth substances on the development of shoots from axillary bud. 057791

MOSAIC

Translation of **alfalfa** *mosaic* virus RNA. Effect of polyamines. 059572

Changes in phenylalanine ammonia-lyase, peroxidase and polyphenoloxidase during the development of local necrotic lesions in pinto bean leaves infected with **alfalfa** *mosaic* virus. 059627

A strain of cowpea **aphid-borne** *mosaic* viurs isolated from cowpeas in Morocco. 059624

Serological studies of potato viruses X, Y, A and **Aucuba** *mosaic.* I. Methods for the isolation of antigens. 056662

Serological studies of potato viruses X, Y, A and **Aucuba** *mosaic.* II. Preparation of diagnostic antisera. 059550

Serological studies of potato viruses X, Y, A and **Aucuba** *mosaic.* III. Expansion of sensitivity limits of serological virus determination by the use of the latex-test, bentonite flocculation, passive haemagglutination and complement fixation reaction. 059551

Great Northern UI-61, a white Great Northern bean resistant to curly top and common **bean** *mosaic* viruses [Varieties]. 058944

Stabilizing effect of divalent metal ions on virions of southern **bean** *mosaic* virus. 059680

Pathways of degradation of **brome** *mosaic* virus particles [isolated from barley leaves] as influenced by their RNA content. 059678

The coat proteins of **cauliflower** *mosaic* virus. 059681

Inclusions of **common** *mosaic* virus of peas in cells of different organs of the plant. 059671

In vitro replication of **cowpea** *mosaic* virus RNA. II. Solubilization of membrane-bound replicase and the partial purification of the solubilized enzyme. 059603

Genetic analysis of **cowpea** *mosaic* virus mutants by supplementation and reassortment tests. 059676

Some data concerning natural hosts of **cucumber** *mosaic* virus in Hungary and Yugoslavia. 059543

Amaranthus retroflexus L. An important reservoir of **cucumber** *mosaic* virus in the People's Republic of Hungary. 059544

Two viruses isolated from patisson (Cucurbita pepo L. Var. patissonina Greb. f. radiata Nois.), a new vegetable natural host in Hungary. II. **Cucumber** *mosaic* virus. 059555

Involvement of ethylene in the suppression of hypocotyl elongation in CMV [**cucumber** *mosaic* virus]-infected cucumbers. 059621

Effect of **cucumber** *mosaic* virus infection on the amino acids and amides in vegetable marrow leaves. 059629

Occurrence of abnormal chloroplasts in tobacco leaves infected systemically with the ordinary strain of **cucumber** *mosaic* virus. 059635

Cucumber *mosaic* virus in weed hosts near commercial fields of lettuce and celery. 059645

Effect of some growth regulators on the infectivity and multiplication of **cucumber** *mosaic* virus. 059686

The relationship between the Aphis gossypii Glover group and **cucumber** *mosaic* virus in autumn cucumbers [Insect vectors]. 060320

Mosaic **disease** of Peristrophe bicalyculata Nees. 059548

Turnip mosaic virus, the cause of a *mosaic* **disease** of Tigridia pavonia (Iridaceae). 059599

Aphid transmission of maize **dwarf** *mosaic* virus strains [Rhopalosiphum maidis, Rhopalosiphum padi, Myzus persicae]. 059643

Structure of the amino-acid accepting 3'-end of high-molecular-weight **eggplant** *mosaic* virus RNA. 059659

The structure of **eggplant** *mosaic* virus: evidence for the presence of low molecular weight RNA in top component. 059682

Effect of GMV **[groundnut** *mosaic* virus] on groundnuts at different growth stages. 059613

Effect of Solanum **khasianum** *mosaic* virus on certain growth characters and alkaloid content of its host. 059545

Launaea *mosaic*—a new virus disease from India. 059565

Biochemical characterization of cucumber green **mottle** *mosaic* virus ribonucleic acid. 059672

Serological relations of narcissus and **papaya** *mosaic* viruses to established members of the potexvirus group. 059637

Yellow **ring** *mosaic* of Jasminum sp. With particular reference to its transmission by an Aleurodid [Bemisiatabac, Dialeyrodes kirkaldyii]. 059666

Morphoses of antennae and **somatic** *mosaicism* in Drosophila melanogaster T(1; 3)05/y sn; D/ssa. 061023

Nature of the gonadal and **somatic** *mosaicism* in Drosophila melanogaster. 061024

Effect of the chemical compound Agri-Mycin 100 on the **squash** *mosaic* virus in pumpkin plants. 059556

Resistance to wheat **streak** *mosaic* virus and its vector, Aceria tulipae. 059646

Effect of temperature on infectivity and some physico-chemical properties of purified wheat **striate** *mosaic* virus. 059630

Electric birefringence in concentrated solutions of **tobacco** *mosaic* virus. 059559

Length and dipole moment of TMV **[tobacco** *mosaic* virus] by laser signal-averaging transient electric birefringence. 059560

Studies on the viruses of solanaceous vegetables in Japan. II. A strain of **tobacco** *mosaic* virus isolated from pepper plants. 059561

Mixed reconstruction of two strains of **tobacco** *mosaic* virus. 059568

The polarity of stripping of coat protein subunits from the RNA in **tobacco** *mosaic* virus under alkaline conditions. 059571

The hexagonal lattice spacing of intracellular crystalline **tobacco** *mosaic* virus. 059601

The role of long range forces in ordered arrays of **tobacco** *mosaic* virus. 059616

Peroxidase activity in leaves of Nicotiana tabacum var. Xanthi nc. before and after infection with **tobacco** *mosaic* virus. 059622

Studies on viral pathogenesis in plant hosts. VIII. Systemic virus invasion and localization of infection on 'Samsun NN' tobacco plants resulting from **tobacco** *mosaic* virus infection. 059638

Uptake and translocation of calcium and magnesium in tomato plants as influenced by infection with root-knot nematode Meloidogyne incognita and **tobacco** *mosaic* virus. 059833

Indentification of **turnip** *mosaic* virus in Tropaeolum majus L. 059541

Turnip *mosaic* virus, the cause of a mosaic disease of Tigridia pavonia (Iridaceae). 059599

Capsid protein heterogeneity in **turnip** *mosaic* virus. 059673

Occurrence of bajara [pearlmillet] *mosaic* in **Uttar** Pradesh (India), with Myzus persicae Sulz. as an additional vector. 059566

Marigold [Tagetes erecta] *mosaic* **virus.** 059633

Purification and some properties of an Italian isolate of poplar [Populus] *mosaic* **virus.** 059636

Placement of potato varieties according to resistance to *mosaic* **viruses.** 059611

Further studies on the interaction between **wheat** *mosaic* streak virus and Helminthosporium sativum. 059546

MOSELLE

Some new Taraxaca from the *Mosel* **Valley.** 056617

MOSQUITOES

A new aerosol generator nozzle system: estimates of droplet size and kill of caged **adult** *mosquitoes.* 060458

Aerial application of propoxur for **adult** *mosquito* control. 060460

Residual effectiveness of four new insecticides against **adult** *mosquitoes* [Culicidae]. 060474

Use of acridine orange for the detection of a protozoan parasite [Lankesteria culicis] in a *mosquito* **[Aedes** aegypti, natural control]. 060480

Lethal genes on the sex chromosomes concealed in a population of the *mosquito* **Aedes** aegypti L. 060826

The effect of DDT and rearing temperature on pecten spine number in larvae of the *mosquito* **Aedes** aegypti L. 060828

Effects of sucrose on blood avidity in *mosquitoes* **[Aedes** aegypti]. 060922

Effects of antennectomy on blood-feeding behavior of Aedes **aegypti** *mosquitoes.* 060432

Research on the *mosquitoes* of **Angola.** V. On the bioecology of Anopheles azevedoi Ribeiro, 1969 (Diptera, Culicidae). 060818

Gametogenesis and fertilization in Plasmodium yoelii nigeriensis: a transmission electron microscope study [Through the *mosquito* **Anopheles** stephensi to mice]. 060499

Use of Y-autosome translocations in assigning the stripe locus to chromosome 3 in the *mosquito* **Anopheles** albimanus. 060663

Linkage relationships and chromosome assignment of four esterase loci in the *mosquito* **Anopheles** albimanus. 060830

The present status of insecticide resistance in vector **anopheline** *mosquitoes* in Iran, 1974. 060479

Karyotype, DNA replication and origin of sex chromosomes in Anopheles **atroparvus** *[Mosquitoes].* 060752

On the bionomics of **bromeliad-inhabiting** *mosquitoes.* I. Some factors influencing oviposition by Wyeomyia vanduzeei. 060469

"Oryctes" virus replication: electron microscopic observations on infected moth and *mosquito* **cells** [Spodoptera frugiperda, Aedes albopictus]. 061041

Obituary: Francis P. Creadon *[Mosquito* **control].** 060468

Chemical analysis of woodcreosote for species-specific attraction of *mosquito* **[Culex,** Aedes] oviposition. 060418

Chemical analysis of woodcreosote for species-specific attraction of *mosquito* **[Culex,** Aedes] oviposition. 060419

Quantitative rearing of small numbers of *mosquito* **[Culicidae]** larvae. 060473

Polytypical species of *mosquitoes* **(Diptera,** Culicidae). I. Anopheles hyrcanus (Pallas, 1771). 061221

Literature references to mosquitoes and *mosquito-borne* **diseases,** 1976. I. 060467

Filaroid nematodes in **field-collected** *mosquitoes* [Culicidae] in Maryland. 060464

Pathology of *mosquito* **iridescent** virus of Aedes taeniorhynchus in cell cultures of Aedes aegypti. 060448

Production of gram quantities of *mosquito* **iridescent** virus. 060472

Oogenesis in the **malaria** *mosquito* Anopheles gambiae. 060429

Literature references to *mosquitoes* and **mosquito-borne** diseases, 1976. I. 060467

Loss of midgut alkalinity in chilled or **narcotized** *mosquito* larvae [Culex pipiens, Aedes aegypti, Anopheles stephensi]. 060653

Diptera Culicidae of the Lyons fauna: **new** *mosquitoes,* complementary information on some already reported. 061132

Some effects of grid **system** *mosquito* control ditching on salt marsh biota in Delaware. 060477

Distribution and ecology of **tree-hole** *mosquitoes* along the Missouri and Platte rivers in Iowa, Nebraska, Colorado, and Wyoming. 061213

MOSS

Peculiarity of *moss* **flora** of the mountain range Kulumya in western Sajan. 056423

Influence of colchicin and cytochalasin B on thread-like plasmic structures, on fastening chloroplasts and on oriented chloroplast movements. 4. Mechanics of chloroplast movement. [Mougeotia, Algae, **Funaria,** *mosses].* 056785

Investigations of the changes in the trans-membrane potential of the leaf cell of the *moss* **Funaria** hygrometrica, under the influence of light. 057344

On the regeneration of setae in the *moss* **Haplocladium** angustifolium. 057713

Effect of cyanide on the membrane potential of leaf cells of the *moss* **Mnium** cuspidatum. 057255

Peat *moss.* 062044

Ureid metabolism in *moss* **protonema** of Funaria hygrometrica L. (Sibth.). V. Studies on the enzyme activity of allantoinase. 057297

New data on the distribution of the *moss* **Schistostega** pennata in Alberta. 056465

Nitrogenase activity in relation to intracellular organisms in **Sphagnum** *mosses.* 057843

Post-meiotic changes in *moss* **sporogenesis.** 056927

On the age and origin of **Whixall** *Moss,* Shropshire [Vegetation]. 056560

MOTHERS

Growth of heifers of Black-Pied breed and the activity of certain endocrine glands according to the age of the *mother* **cows.** 055109

Evolution of beta-inhibitory-complex in potato sprouts and in the periderm of *mother* and **filial** tubers during the incubation period: signification of this evolution in comparison with the induction of dormant state of filial tubers. 058327

Nude mice from homozygous nude parents show smaller PFC [plaque-forming cell] responses to sheep erythrocytes than nude mice from **heterozygous** *mothers.* 055179

Plant quarantine systems for the inspection of viruses from *mother* **plants** of deciduous trees in foreign countries. 059664
A technique for cytological preparations following enzymatic digestion of **pollen** *mother* cell walls [Allium fistulosum]. 056918
The probable mechanism of intercellular migration of chromatin substance in **pollen** *mother* cells [Lilium davidii]. 058267
Brain malformation in rabbit fetuses after actinomycin D treatment of the *mother* during **pregnancy.** 055892
Comparative study in the ewe (Ovis aries) and the cow (Bos taurus) of the behavioural interactions between the *mother* and the **young** at suckling. 054313

MOTHS

Experiments on resting site selection by the typical and melanic forms of the *moth,* **Allophyes** oxyacanthae (Caradrinidae). 060958
Sensitivity of **almond** *moth* [Cadra cautella] pupae to gamma radiation (Lepidoptera: Pyralidae) [Pests stored dried cocoa beans]. 060406
Diel and lunar flight periodicities in the light borwn **apple** *moth,* Epiphyas postvittana (Walker) (Tortricidae) and their possible adaptive significance. 060686
Pink **bollworm** *moths* [Pectinophora gossypiella]: catches in sex attractant traps and nocturnal behavour in South India [Cotton pests]. 060179
Identification of the female sex pheromone of the purple stem **borer** *moth,* Sesamia inferens. 060870
A remarkable new genus of **brachypterous** *moth* [Areniscythrisbrachypteris] from coastal sand dunes in California (Lepidoptera: Gelechioidea, Scythrididae). 061114
The ovocidal and sterilant effects of juvenoids on the **codling** *moth,* Cydia pomonella (Lepidoptera, Tortricidae). 060247
Is there any hope to control the **codling** *moth* Cryptophlebialeucotreta? 060271
Codling *moth* [Laspeyresia pomonella] control by sterile insect release: importation of fruit and fruit containers as a source of reinfestation. 060305
Toxicity and persistence of some organophosphorus insecticides and permethrin on apple fruits for the control of **codling** *moth,* Laspeyresia pomonella (L.). 060311
Studies of transovum and transstadial transmission of a granulosis virus of the **codling** *moth* [Laspeyresia pomonella, pest of fruit trees and walnuts]. 060313
Codling *moth* [Carpocapsa pomonella] taken for a ride—by sex drive [Apples, pears]. 060323
Behavioural and electrophysiological reactions to sex attractants in **codling** *moth* Laspeyresia pomonella (Lepidoptera, Tortricidae) from different geographical populations. 060384
Ovipositon stimulants of the *moth* **Ectomyelois** ceratoniae: the effect of short-chain alcohols [Ceratonia siliqua infested with the fungus Phomopsis]. 060303
Characteristics of the seasonal dynamics of development of the willow **ermine** *moth* (Lepidoptera, Yponomeutidae) in southeastern Ukraine. 060382
Contribution to the study of the **flour** *moth* Ephestia kuhniella Zell. and grain moth Sitotroga cerealella Ol. in the Kosova area. 060385
Ethological function of components of a sex attractant system for oriental **fruit** *moth* males, Grapholitha molesta (Lepidoptera: Tortricidae). 060301
Contribution to the study of the flour moth Ephestia kuhniella Zell. and **grain** *moth* Sitotroga cerealella Ol. in the Kosova area. 060385
Prospects for controlling **gypsy** *moths* [Porthetria dispar] and some other insects with sex pheromones [Pests]. 060367
"Oryctes" virus replication: electron microscopic observations on **infected** *moth* and mosquito cells [Spodoptera frugiperda, Aedes albopictus]. 061041
Goniozus gallicola fouts, a parasite of *moth* **larvae** [Pectinophora gossypiella, Phthorimaea apercutella], with notes on other bethylids (Hymenoptera: Bethylidae; Lepidoptera: Gelechiidae). 060412
Moths **[Lepidoptera]** on fruit trees. 060332
Food consumption by [the **meal** *moth]* Plodia interpunctella feeding on diets containing insect growth regulators [used for pest control]. 060403
Synthesis of a pheromone precursor in the male **noctuid** *moth,* Mamestra configurata. 060882
Genetic variation in resistance of Scotch pine [Pinus sylvestris] to Zimmerman **pine** *moth* [Dioryctria zimmermani]. 060360
Effect of some physiological and environmental factors on the response of males to the female sex pheromone of the **rice** *moth,* Corcyra cephalonica (Stainton). 060208
Saturniid *moths* as mimics: an alternative interpretation of attempts to demonstrate mimetic advantage in nature [Batesian mimcry of Battus spp.]. 060783
Free-running rhythm of the retinular pigment migration in the compound eye of the **silkworm** *moth,* Bombyx mori L. (Lepidoptera: Bombycidae). 061352
Bacillus Thuringiensis for controlling three species of *moths* in **stored** grain [Trichoplusia ni, Plodia interpunctella, Cadra cautella]. 060391
Durability of FMC 33297 in *mothproofing* **tests:** biological efficacy against larvae of the black carpet beetle [Attagenus megatoma] (Coleoptera: Dermestidae). 060402
A sex pheromone in the potato **tuberworm** *moth,* Phthorimaea operculella (Zeller): biological assay and preliminary chemical investigation. 060300
Douglas-fir **tussock** *moth* [Orgyia pseudotsugata] control by the homeowner [Pseudotsuga menziesii]. 060357
The toxicity of extracellular proteases of the bacterium Serratia marcescens for larvae of greater **wax** *moth,* Galleria mellonella [Insect pests, biological control]. 060147
Sedimentation properties of virus-specific RNA in nuclear polyhedrose of greater **wax** *moth* [Galleria mellonella, bees, pests, biological control]. 060456
Effects of two insect growth disruptors, PH 6038 and PH 6040, on the **winter** *moth,* Operophtera brumata (Lepidoptera: Geometridae) [Pest of apple trees]. 060264

MOTILITY

Effect of thawing rate and post-thaw temperature on *motility* and **acrosomal** maintenance in bovine semen frozen in plastic straws. 055117
Structure and *motility* **[Animal** mycoplasmas]. 055553
The effects of Na+, K+ [sodium and potassium ions] and ouabain on the *motility* and the **ATP** [adenosine triphosphate] content of boar spermatozoa. I. 055213
The effects of Na+, K+ [sodium and potassium ions] and ouabain on the *motility* and the **ATP** [adenosine triphosphate] content of boar spermatozoa. II. 055214

MOTIVATION

Motivation **equals** a function of growth plus safety [Nutrition education]. 053220

MOTONEURONS

Connexions between hair-plate afferents and *motoneurones* in the **cockroach** [Periplaneta americana] leg. 060901
Convergence on interneurones mediating the reciprocal Ia inhibition of *motoneurones.* I. **Disynaptic** Ia inhibition of Ia inhibitory interneurones [Cats]. 054253
Reflex responses of **gamma** *motoneurones* to vibration of the muscle they innervate [Cats]. 054607
Effects of vitamin E and the rancid fish liver oil on the **spinal** *motoneurones* of white rats. 053347

MOTORS

Do you have the **correct** *motor* oil? 061494
Gastroduodenal *motor* gradients in the dog after pyloroplasty. 054276
Cobalt-staining of *motor* **nerve** endings in the locust (Locusta migratoria). 060790
Mechanical speed boxes *[Motor* **regulators,** tractors]. 061513
Spatial distribution of synapses onto **thoracic** *motor* neurones in locusts [Schistocerca gregaria, Locusta migratoria]. 060745
Official list of four **tire** *motor* tractors. 061483

MOTTLE

Occurrence of **artichoke** *mottled* crinkle virus in Malta. 059650
Light-induced effects on early infection with **carnation** *mottle* virus [of Chenopodium amaranticolor, Gomphrena globosa, and Dianthus barbatus]. 059562
Infectivity of red **clover** *mottle* virus nucleoprotein components. 059632
Model experiments on [soil] *mottle* **formation** simulating field conditions. 061679
Biochemical characterization of cucumber **green** *mottle* mosaic virus ribonucleic acid. 059672

MOUGEOTIA

Influence of colchicin and cytochalasin B on thread-like plasmic structures, on fastening chloroplasts and on oriented chloroplast movements. 4. Mechanics of chloroplast movement. *[Mougeotia,* **Algae,** Funaria, mosses]. 056785
Light-oriented chloroplast movement in *Mougeotia:* the **magnitude** of the phytochrome gradient controls the rate of the movement. 057285

MOUNTAINS

Age and deposit environment of the Lower Cretaceous siltous shales of the **Belezma** *mountains* (Algeria) from palynological data. 056454
The flowering and the fruiting of Artemisia rhodantha Rupr., the dominant of *high-mountain* **deserts.** 057342
Survey of [field] crop yields harvested in *mountain* **districts** as compared with the lowland in eastern Norway. 058859
The population biology of neotropical cicadas. 1. Emergences of Procollina and Carineta in a *mountain* **forest.** 060703
Problems and outlook relating to the *mountains,* **forests** and environment in the programs of the European Economic Community [Policies]. 052799
Regeneration of *mountain* **forests.** 056118
Primary productivity in the meadow of the Hieracio-Nardetum strictae association in the **Gorce** *Mountains* (Southern Poland). 058650
Two myobiid mites (Myobiidae: Trombidiformes) [Protomyobia kounickyi, and Radfordia lemnina] from the Great **Himalaya** *mountains* [New taxa]. 061174
Current problems for a modern [land] utilization of the **Italian** *mountain* resources. 052206
Altitudinally coordinated patterns of soils and vegetation in the San **Jacinto** *mountains,* California. 061869
Spectral'analysis of monthly rainfall and runoff data in a karstic basin (French **Jura** *Mountains).* 062260
Management of *mountain* **land.** Report of Jean Brocard and some important suggestions. 062118
Phosphorus conservation by evergreenness of *mountain* **laurel** [Kalmia latifolia]. 057797
Effect of fungicide and application timing on Cercospora [kalmiae] leaf spot of *mountain* **laurel** [Kalmia latifolia]. 059435
Soil-slope-plant relationships in the northern **Maya** *Mountains* Belize, Central America. I. The sequence over metamorphic sandstones and shales. 056713
Soil-slope-plant relationships in the northern **Maya** *Mountains,* Belize, Central America. II. The sequence over phyllites and granites. 056714
Variation and selection in western montane species. II. Variation within and between populations of white fir [Abies concolor] on an elevational transect [in the central Sierra **Nevada** *mountains* of California]. 056132
Increasing the land productivity in the *mountainous* **part** of Carpathia. 052331
Summer keeping of Karakul sheep on *high-mountain* **pastures.** 054208
Peculiarity of moss flora of the *mountain* **range** Kulumya in western Sajan. 056423
Annotated check list of the alpine vascular plants of Specimen mountain, **Rocky** *Mountain* National Park, Colorado. 056612
A contribution to the knowledge of quality of grass mass on the western sides of the *mountain* **Sara** with particular emphasis on essential microelements in the diet of sheep. 054974
A constant concern for *mountain* **sheep** farming. 052406
Studies on changing of the wooly mixed coat of the *mountain* **sheep** into a uniform one [through breeding]. 055208
Logging hazards on *mountain* **slopes** [Damage to forest site]. 055979
Proceedings of the Conference on Forest Land Use Regulations for *Mountain* **Soils,** January 20, 1975. 061750
Annotated check list of the alpine vascular plants of **Specimen** *mountain,* Rocky Mountain National Park, Colorado. 056612
Protoblastenia szaferi n. Sp., a new lichen species in the calcareous part of the Polish **Tatra** *Mountains.* 056514
The new localities and the new altitudinal maxima of some synanthropic plant species in the **Tatra** *Mountains.* 056693
Gentiana cruciata L. In **Tribec** *mountains.* 056407
Invasion of big sagebrush (Artemisia tridentata) by white fir (Abies concolor) on the southeastern slopes of the **Warner** *Mountains,* California. 059952
New and rare plants on *mountainous* **Zea-Bureinsk** floristic region. 056421

MOUNTING

Portable *tripod-mounted* boom sprayer for applying herbicides on tall shrubs. 060050

MOUTH

Evidence for recombination between two different immunological types of *foot-and-mouth* **disease** virus [Swine, cattle]. 055437
Concentration and cold storage of BHK 21 clone 13 suspension cells used in the large-scale production of FMD *[foot-and-mouth* **disease]** virus. 055468
Control of *foot-and-mouth* **disease** antibodies in exported cattle by the color test method. 055469
Efficiency testing on *foot-and-mouth* **disease** vaccines in adult mice by the E-index method. 055470
Hematological aspect of a vaccination against *foot-and-mouth* **disease** [Cattle]. 055471
Incidence and typing of *foot-and-mouth* **disease** virus in Egypt. 055472
New results concerning the coat proteins of *foot-and-mouth* **disease** virus. 055473
The immunogenic compound of the *foot-and-mouth* **disease** virus: role of the external capsule protein in the induction of synthesis of neutralizing antibodies. 055474
Foot-and-mouth **disease** vaccination stress in Red Dane, Jersey and Murrah bulls. 055489
Inactivation of viruses in serum with binary ethyleneimine *[Foot-and-mouth* **disease** virus]. 055602
Observations in an outbreak of *foot-and-mouth* **disease** in a dairy [cattle and buffalo] herd. 055650
Evaluation of Waldmann's and Frenkel's foot and *mouth* **disease** vaccines by serological methods. I. Studies on cattle. 055662
Foot-and-mouth **disease** virus RNA. Presence of 3'-terminal polyriboadenylic acid and absence of amino acid binding ability. 055792
Remarks concerning epizootology and immuneprophylaxis of *foot-and-mouth* **disease.** 055810

MOVEMENT

Water and **air** *movement* in a bounded deep homogeneous soil. 061715
Moving **boundary** electrophoresis of native and rennet-treated casein micelles. 053730
Influence of colchicin and cytochalasin B on thread-like plasmic structures, on fastening chloroplasts and on oriented **chloroplast** *movements.* 4. Mechanics of chloroplast movement. [Mougeotia, Algae, Funaria, mosses]. 056785
Light-oriented **chloroplast** *movement* in Mougeotia: the magnitude of the phytochrome gradient controls the rate of the movement. 057285
The prosperous co-ops **[Cooperative** *movement].* 052370
Persistence and *movement* of **ethofumesate** in soil. 060065
Final report on **fertilizer** *movement* through soil resulting from rainfall [Nutrient loss, peach orchards]. 061772
Wind-borne seed and **fruit** *movement.* 056558
The *movement* for **greater** agrarian education. 052163

Controlling **herbicide** *movement*. 060089
Evidence for three different systems of *movement* of **indoleacetic** acid in intact roots of Phaseolus coccineus [Scarlet runner beans]. 058460
Unidirectional **ion** *movements* in the hindgut of larval Sarcophaga bullata (Diptera: Sarcophagidae). 060907
Pfr phytochrome and sucrose requirement for rhythmic **leaflett** *movement* in Albizzia [julibrissin, single red and far-redirradiations]. 058450
The *movement* of **live** animals: [public] health aspects of world trade in animals and animal products. 055383
Moving **mechanism** for an extension-type hydrant on the surface of the soil [Irrigation equipment]. 061605
Field measurement of N [nitrogen]-utilization efficiency and **nitrate** *movement* in soils using 15N [nitrogen isotope]-depleted fertilizer. 061948
The role of anions and exchange reactions in the *movement* **ofpotassium** ions in securing the potassic nutrition of plants. 061643
Radioisotope ratios in characterizing the *movement* of different **physical** and chemical species through natural soils [Reactor effluent water radionuclides]. 062445
Pollutant *movement* to ground water from swine waste lagoons. 062535
Influence of kinetin on **potassium** *movement* in the hypocotyls of Helianthus annuus [Sunflowers]. 058027
The distribution of shortrun commodity **price** *movements* [Statistics]. 052736
Light-oriented chloroplast movement in Mougeotia: the magnitude of the phytochrome gradient controls the **rate** of the *movement*. 057285
Phosphorus content and **relative** *movement* of 32P [phosphorusisotope] in leaves and fruits of Puse Seedless grapes during pre-lag, and lag and post-lag phases of berry development. 058521
The effect of water flow on *movement* of **salts** and 32P [phosphorus isotope] through tomato root system. 058483
On the **simultaneous** *movement* of THO, 14C-sucrose, and 32PO4 [isotope labelled water, sucrose and phosphate] in the sieve-tubes of willow. 057541
Nyctinastic or **sleep** *movements* in Pereskiopsis aquosa (Weber) Britton & Rose [Cactaceae]. 057731
Prometryne desorption and *movement* in **soil** columns. 060607
Stomatal behaviour: Chemical control of **stomatal** *movements* [Sorghum]. 058147
The **tail** *movements* of ungulates, canids and felids with particular reference to their causation and function as displays [Dogs, cats, horses]. 054337
Movement of **trace** metals [in soils] with percolating water [Reclamation]. 062283
Advancement and *movement* of **transmissions** on automatic machines. 061508
Traumatotactic *movement* of nuclei in Tradescantia leaf epidermis. III. Effects of inhibitors of protein synthesis. 057296
Contribution to the study of solutions to land problems. 2. *Movements* of **useful** agricultural areas between 1963 and 1970. 052244
Introduction: **water** *movement* through plants. 057813
Water *movement* through root systems. 057822
A application of the Prussian blue technique to a light microscope study of **water** *movement* in transpiring leaves of cotton (Gossypium hirsutum L.). 058116
An electron microscope study of the path of **water** *movement* in transpiring leaves of cotton (Gossypium hirsutum L.). 058117
A new technique using insoluble dyestuffs for the study of **water** *movements* in soil. 061712

MUCILAGE

Plant *mucilages*. XI. Isolation and characterization of a mucous polysaccharide, "paniculatan," from the barks of Hydrangea paniculata. 057498
Sulfate groups of the *mucilage* of **red** seaweeds (Rhodopheceae) [Red algae]. 057236

MUCOPROTEINS

Synthesis of *mucoprotein* **secretion** in salivary glands of Drosophila melanogaster III instar larvae. 061027

MUCOR

Acid proteases from species of *Mucor* **[Fungi].** III. Interaction with concanavalin A and concanavalin A sepharose. 057380
Cyclic guanosine 3',5'-monophosphate in the dimorphic **fungus** *Mucor* racemosus. 057643
Ergosterol biosynthesis in *Mucor* **pusillus** [Fungi]. 057860

MUCOSA

A method for preparing isolated glands from the rabbit **gastric** *mucosa*. 054251
Mechanism of action of aspirin on canine **gastric** *mucosa*. 054283
Mucosal **immunity** in [protein-calorie] malnutrition. 053297
Biosynthesis of diacylglycerols by rat **intestinal** *mucosa* in vivo. 054420
Biosynthesis of triacylglycerols by rat **intestinal** *mucosa* in vivo. 054421
Rhinitis of pigs: A gross staining method for macroscopic examination of the **nasal** *mucosa*. 055785
In vitro intestinal absorption of sugars in the rat. Study of variations of concentrations of adenylic compounds and mineral **phosphate** in the *mucosa*. 053100
Effects of by-passing the jejunum on *mucosal* **secretion** in the pig. 054711

MUCUS

Plant mucilages. XI. Isolation and characterization of a *mucous* **polysaccharide,** "paniculatan," from the barks of Hydrangea paniculata. 057498

MUD

Of *mud* and **bricks** and peasant participation, the Gezira villages refuse to adopt imported construction standards [Rural housing]. 061397
Triple superphosphate [mineral fertilizer] manufacture, no **longer** *mud* chemistry. 062017
Work requirement for beef cattle to **walk** through *mud*. 054709

MULATTO

A simple method for obtaining blood pressure in rhesus monkeys **(Macaca** *mulatta)*. 054624
Technique for portal catheterization in rhesus monkeys **(Macaca** *mulatta)* [Laboratory animals]. 055290

MULBERRY

In vitro culture of shoot tips infected with *mulberry* **dwarf** [Virus]. 059619
Toxicity of several chemical compounds to larvae of the silk-worm, Bombyx mori, detected in polluted leaves of *mulberry[Morus]* **growing** around the iodine and molybdenum factories in Mobara City, Chiba Prefecture. 061364
Mimastra cyanura Hope epidemic on *mulberry* in **Kangra** Valley. 060280
Sulfolipid in *mulberry* **leaves** and faeces of silkworm [Bombyx mori] larvae. 061360
Studies on in vitro culture of excised buds in *mulberry* **[Morus]** tree. II. Effects of growth substances on the development of shoots from axillary bud. 057791
Studies on the respiratory rate of annual shoots in *mulberry* **[Morus]** plant. I. 057792
Studies on the respiratory rate of annual shoots in *mulberry* **[Morus]** plant II. 057793
Seasonal changes in abundance and the faunal composition of spiders at the *mulberry* **[Morus]** fields in Iwate Prefecture. 060154
Organ specificity of peroxidase isozymes in *mulberry* **(Morusspp.).** 057789
Diseases of the *mulberry* **silkworm,** Bombyx mori L. 061336
Activity of the acid phosphatase of haemolymph of the caterpillars of *mulberry* **silkworm** hybrids [Bombyx mori]. 061341
Peroxidase isozymes in colchicine **treated** *mulberry* [Morus]. 057790

MULCH

The control of soil **climate** by *mulching*. 062144
Mulching is **important.** 062122
Vineyard management with special reference to irrigation, *mulching* and **intercropping** in North India. 059011
Technical advice for the culture of early potato under opaque **plastic** *mulch*. 059149
Degradable **plastic** *mulch* films for vegetables. 061924
Black plastic as a *mulch* around **slash** pine [Pinus elliottii] seedlings. 061907
Maize (Zea mays L.) and weed growth, as affected by levels of **straw** *mulching* with and without herbicide under conventonal and minimum tillage. 059990

MULES

Possible species differences between Sarcocystis from *mule* **deer** and cattle. 055636

MULL

Restoration of the moulting process in larvae of Aeshna **cyanea** *Mull.* (Dragonfly) in which moult had been blocked by cauterization of the pars intercerebralis. 060725
Phyllanthus **odontadenius** *Mull.-Arg.* (Euphorbiaceae, Phyllanthoideae): a complex diversifying in West Africa. 056460
Developmental morphology of Rhynchaenus **testaceus** *(Mull.)* (Coleoptera, Curculionidae) [Insects]. 060633

MULTICELLULAR *see* CELLS

MULTIPLE

Chemical pathology of acute amino acid deficiencies. Effects of single and *multiple* **amino** acid deficiencies in rats. 053281
Systems of *multiple* **cropping** to maximise economic returns and employment [Sugarcane, wheat]. 058763
Prospects and problems of *multiple* **cropping** in Haryana. 058800
Mitotic cycle duration in species with a *multiple* **difference** in nuclear DNA content [Vetch, broadbeans]. 056792
The official variety test of the *multiple* **disease** resistant varieties, F 202 and Coker 254. 058652
The official variety test of the *multiple* **disease** resistant varieties, F 209 and Coker 411. 058653
Multiple **forms** of [chick] oviduct progesterone receptors analyzed by ion exchange filtration and gel electrophoresis. 054363
Nest reutilization by Polistes metricus (Hymenoptera: Vespidae) and possible limitation of *multiple* **foundress** associations by parasitoids [Chalcoela iphitalis]. 060944
Multiple **iridal** cysts and a cortical cataract in a dog. 055888
Multiple **ornithine** decarboxylase forms in Physarum polycephalum [Fungi]: interconversion induced by cycloheximide. 057575
A *multiple* **parameter** approach to the estimation of amino acid requirements of lactating sows. 054901
Multiple **pheromone** system controlling mating in Drosophila melanogaster. 061006
Formulation of hay-grain diets for ruminants. I. Evaluation of *multiple* **regression** equations for prediction of bermudagrass [Cynodon dactylon] hay quality from laboratory analyses. 054847
The use of *multiple* **regression** models in predicting sediment yield [Water management]. 062357
Sunlit areas and angular distributions of sunflower leaves for plants in single and *multiple* **rows.** 058001
Determination of the *multiplicity* of the **silk** fibroin gene and detection of fibroin gene-related DNA in the genome of Bombyx mori. 061335
Study of the process of oil extraction from cotton boils by the method of *multiple* **wetting.** 053974

MUNGBEAN

A *mungbean* **assay** for malformin-induced growth stimulation. 058494
Effect of 3-methyleneoxindole on root initiation of *mung* **bean** hypocotyl. 058176
Promotion of rooting of *mung* **bean** cuttings by dihydroasparagusic acid synertistic interaction with indoleacetic acid. 058296
In vitro binding of IAA [indoleacetic acid] to plasma membrane-rich fractions containing Mg++ [magnesium ions]-activated ATPase [adenosine triphosphatase] from *mung* **bean** hypocotyls. 058490
Phaseolus aureus *[mung* **beans]** X Phaseolus lathyroides cross. 057119
Naphthenate and cyclohexanecarboxylate treatment protects Phaseolus vulgaris *[mung* **beans]** from effects of 2,4-dichlorophenoxyacetate. 059930

MUNGO

Profiles of infection threads in root nodules as revealed by electron microscopy *[Mungo* **beans].** 059534
Characterization and regulatory properties of glucose-6-phosphate dehydrogenase from black gram **(Phaseolus** *mungo).* 058457

MURINE

Genetics of *murine* **liver** and kidney arylsulfatase B1 [Control of quantitative enzyme variation in mammalian systems]. 055084
Expression of teratoma-associated antigens on *murine* **ova** and early enbryos. Identification of two early differentiation markers [Mice, testicles, tumors]. 055825
Murine **teratocarcinoma,** T locus and germinal cell lines [Genetics]. 055039

MURRAH

Foot-and-mouth disease vaccination stress in Red Dane, Jersey and *Murrah* **bulls.** 055489

MUSA

Chemical control of nematodes in **plantains** *(Musa* acuminata XMusa balbisiana, AAB). 059789

MUSACEAE

Studies on **pollinaton** in *Musaceae*. 057244

MUSCA

Cross-resistance to a juvenile hormone analogue in wild strains of the housefly *[Musca* **domestica].** 060190
The house fly *[Musca* **domestica]:** how to control it. 060408
3-phenoxy-alpha-cyano-benzyl esters, the most [insecticidal] potent synthetic pyrethroids [Toxicities to house fly, *Musca* **domestica].** 060414
Abnormalities in the microsomal oxidases of the WHO [World Health Organization] standard reference strain of *Musca* **domestica.** 060422
Long-chain (Z)-9-alkenes are 'psychedelics' to houseflies *[Musca* **domestica]** with regard to visually stimulated sex attraction and aggregation. 060434
Insecticidal effectiveness of thiourea derivatives *[Musca* **domestica].** 060438
Controlling house flies *[Musca* **domestica]** at a dairy installation by releasing a protelean parasoid, Spalangia endius (Hymenoptera: Pteromalidae). 060439
Dimilin: evalutaion as a livestock dietary feed additive for control of *Musca* **domestica** larvae in cattle waste. 060440
Two inexpensive chambers for studying insecticide effects on the German cockroach [Blattella germanica] and house fly *[Musca* **domestica].** 060445
Feedlot fly *[Musca* **domestica,** Stomoxys calcitrans] control [Livestock]. 060494
The housefly *[Musca* **domestica]** interfacetal hair. Ultrastructure of a presumed mechanoreceptor. 060746
Invertase activity in the midgut of Sarcophaga ruficornis and *Musca* **domestica** (Diptera: Insecta). 060797
A biochemical study of oogenesis in the housefly, *Musca* **domestica.** 060854
Activity of the enzyme kyurenine transaminase in *Musca* **domestica.** 060855
Effect of storage on the biochemistry of cytochrome P-450 from the housefly, *Musca* **domestica.** 060863

Microsomal cytochrome P-450 from the housefly, *Musca* **domestica:** assay and spectral characterization. 060874
Esterases in the house fly *[Musca* **domestica]:** polymorphismsand inheritance patterns. 060913
Classical conditioning to visual stimuli in the housefly, *Musca* **domestica.** 060919
Pepsin-like activity in the midgut of Sarcophage **ruficornisand** *Musca* domestica. 060676
Pepsin-like activity in the midgut of Sarcophage **ruficornisand** *Musca* domestica. 060677
The *Musca* **sorbens** Wiedemann complex in Kwajalein Atoll, Marshall Islands. 061168

MUSCADINE

Diseases of *muscadine* and **bunch** grapes in North Carolina and their control. 059716

MUSCARDINE

The pathogenicity to the silkworm [Bombyx mori] and taxonomic considerations on some *muscardine* **fungi** [Paecilomyces, Beauveria]. 061362

MUSCAT

The influence of different production processes on the aroma complex of **natural** *muscat* sparkling wines. 054033

MUSCI

Interactions between mitochondria and chloroplasts in cells. I. Action of cyanide and of 3-(3,4-dichlorophenyl)-1,1-dimethylurea on the spore of Funaria **hygrometrica** *[Musci].* 057895
Moisture stress and its effect on photosynthesis in Dicranum **polysetum** *[Musci].* 057390

MUSCIDAE

Ground application of malathion to control Glossina swynnertoni Aust. **(Diptera,** *Muscidae).* 060430
Flies *[Muscidae]* of the **Netherlands.** 061254

MUSCLE

The effects of different patterns of *muscle* **activity** on capillary density, mechanical properties and structure of slow and fast rabbit muscles. 054659
Metabolism of pyruvate in postmortem **adductor** *muscle* of the sea scallop (Placopecten magellanicus) during iced storage. 053604
Detecting the presence of Trichinella spiralis (Owen) larvae in [slaughter] **animal** *muscles* by automatic data-processing using a digital image transmutator for feeding the data into the computer. 055467
Fine structure of the **avian** *muscle* spindle capsule [Chickens]. 054434
Kinetics and thermodynamics of lactate dehydrogenases from beef heart, **beef** *muscle,* and flounder muscle. 053503
Cs 137 [cesium isotope] as contaminant in **bovine** *muscle.* 053067
Electromyography of electrically stunned pigs and excised **bovine** *muscle.* 053823
Regional distribution of blood flow in **calf** *muscles* of rat during passive stretch and sustained contraction. 054256
The isolation and characterization of the ATPase [adenosine triphosphatase] inhibitory protein (TN-I) from bovine **cardiac** *muscle.* 054427
Developmentally regulated lectin in embryonic **chick** *muscle* and a myogenic cell line. 054343
Accumulation of analog of phosphocreatine in *muscle* of **chicks** fed 1-carboxymethyl-2-iminoimidzaolidine (cyclocreatine) [Diet]. 054858
A *muscle* **contracting** substance from a plant's closing fly-trap [Dionaea muscipula]. 057915
Activaton and inhibition of *muscle* and **cutaneous** postganglionic neurones to hindlimb during hypothalamically induced vasoconstriction and atropine-sensitive vasodilation [Cats]. 054657
Effects of calcium ions and adenosine diphosphate on the activities of NAD+ [nicotinamide adenine dinucleotide]-linked isocitrate dehydrogenase from the radular muscles of the whelk and **flight** *muscles* of insects. 060700
Kinetics and thermodynamics of lactate dehydrogenases from beef heart, beef muscle, and **flounder** *muscle.* 053503
Effect of insulin on body composition and free amino acid levels in blood, liver and *muscle* of the **growing** rat subjected to energetic restriction. 054315
Degenerative changes in **heart** *muscle* from senescent honeybee workers (Apis mellifera adansonii). 061333
Reflex responses of gamma motoneurones to vibration of the *muscle* they **innervate** [Cats]. 054607
Differences in properties of cytosol and membrane-derived prtein kinases [in membrane fractions of bovine brain, heart, **liver,** and *muscle].* 054554
Experimental measurements and theoretical calculations on *muscle* and **liver** tissue during cryosurgery. I. Experiments on freezing of rabbit tissue. 055296
Respiratory and calcium-accumulating properties of *muscle* **mitochondria** of some aquatic arthropods. 060898
Sex preference and species specificity of rodent **(Mus** *musculus* and Microtus arvalis) pheromones [Field crops, rodent control]. 059696
Detection of horse myoglobin by the immunodiffusion method *[Muscle* **pain].** 055831
Absence of a plateau in length-tension relationship of rabbit **papillary** *muscle* when internal shortening is prevented. 054641
Effect of exercise on **porcine** *muscle* and body composition. 054539
Studies on the conformation of **rabbit** *muscle* glycogenphosphorylase B. 054408
The effects of different patterns of muscle activity on capillary density, mechanical properties and structure of slow and fast **rabbit** *muscles.* 054659
In vitro inhibition of **[rabbit** *muscle]* lactate dehydrogenase by insecticidal polychlorinated hydrocarbons. I. Mechanism of inhibition: possible association of reduced nicotinamide adenine dinucleotide with Mirex. 060564
Effects of calcium ions and adenosine diphosphate on the activities of NAD+ [nicotinamide adenine dinucleotide]-linked isocitrate dehydrogenase from the **radular** *muscles* of the whelk and flight muscles of insects. 060700
The use of *muscle* **relocation** techniques in the treatment of peripheral nerve injuries in dogs and cats. 055918
Electromyographic response of **respiratory** *muscles* during elastic loading [in anesthetized dogs]. 054272
The content of citrate in **resting** *muscles* from vertebrates and invertebrates [Animals, insects]. 054483
Effect of occlusion duration on reactive hyperemia in **sartorius** *muscle* capillaries [Cats]. 054268
Effect of processing on the nutritive value of Saccharomyces cerevisiae, Scenedesmus obliquus, and Spirulina platensis measured by protein synthesis in vitro in rat **skeletal** *muscle* [Single-cell protein]. 053565
Denaturation of myosin-ATPase as a function of water activity [Rabbit **skeletal** *muscle].* 053803
Beta adrenergic dilator component of the sympathetic vascular response in **skeletal** *muscle.* Influence on the micro-circulation and on transcapillary exchange [Cats]. 054252
Comparative enzymatic properties of avian liver and **skeletal** *muscle* D-fructose-1,6-bisphosphate 1-phosphohydrolase [Chickens]. 054423
Inhibition of cat **skeletal** *muscle* cholinesterases by depolarizing myorelaxants. 054461
Repolymerizability of native thin filaments of rabbit **skeletal** *muscle.* 054550
Subunit structure of AMP [adenosine monophosphate]-deaminase from chicken and rabbit **skeletal** *muscle.* 054563
Work-induced potassium changes in **skeletal** *muscle* and effluent venous blood assessed by liquid ion-exchanger microelectrodes [Rabbits, cats]. 054661
Uptake and degradation of low density lipoprotein by swine arterial **smooth** *muscle* cells with inhibition of cholesterol biosynthesis. 053114
Mechanics of canine iliac artery **smooth** *muscle* in vitro. 054282
A method for recording **smooth** *muscle* and vascular responses of the blood-perfused dog trachea in situ. 054386
Studies into the contractile activity of preparations from the **smooth** *muscles* of the complex stomach in sheep. 054407
Substitution of Ca++ with Ba++ and Mn++ [calcium, barium, manganese ions] at the tonic and phasic contractions of the **smooth** *muscle* of the stomach [Cats]. 054409
Dietary regulation of liver and *muscle* **transport** of amino acid [Rats]. 053093
Electromechanical coupling in **tubular** *muscle* fibers. II. Resistance and capacitance of one transverse tubule [Leiurus quinquestriatus]. 060911
Frequency-force relationships of mammalian **ventricular** *muscle* in vivo and in vitro [Cats]. 054275
On the origin of the **wing** *musculature* in birds [Chick and quail embryos]. 054416

MUSEUMS

The collections of the Natural **History** *Museum* [London]. 056333
A list of coccoidean species deposited in the United States **National** *Museum* (Natural History), Beltsville, Maryland. I. The Diaspididad [Insects]. 060756
Catopidae (Coleoptera) collected in southern India by the expedition of the *Museum* of **Natural** History in Geneva in 1972 [New taxa, Ptomaphaginus]. 061077
'Soils and Society'—'earthy' new exhibit at **Science** *Museum* of Minnesota. 061868
A lichen collection from the **Yorkshire** *Museum,* York. 056336
A new species of the genus Hydrophorus Fall. (Diptera, Dolichopodidae) from the collection at the **Zoological** *Museum* of Helsinki. 061100

MUSHROOMS

Mushroom **[Agaricus** hortensis] inhibitors of dopa oxidation. 058332
Chemistry and architecture of the mycelial wall of **Agaricusbisporus** *[Mushrooms].* 058407
An incident of *mushroom* **[Amanita** virosa] poisoning. 053016
Forays in the Owyhee desert *[Mushroom* **collecting].** 059132
Mushroom **compost** as a source of food for Agaricus bisporus. 062001
Uptake of benomyl [systemic fungicide] by the **cultivated** *mushroom,* Agaricus bisporus. 060575
A new pest [Leptocera heteroneura] introduced by Dr. R. L. Edwards, recognized by Dr. N. W. Hussey [associated with *mushroom* **culture].** 060319
Compost handling in large quantity *[Mushroom* **culture].** 061915
Analysis of tocopherol in Rhodotorula glutinis [yeast], Agaricus campestris *[mushroom],* and **Euglena** gracilis [Alga] using spectrofluorometry and rotifer bioassay. 057705
Casing variables—plastic tunnels *[Mushrooms,* **fertilization].** 062000
The *mushroom* **flora** in Picea stands endangered by red rot [Fomes annosus] in the Swabian Alb. 059496
Remarks on a possible regulation of [wild] *mushroom* **gathering.** 052790
How to **grow** *mushrooms* under Punjab conditions. 059169
Physiology of nutrition of some species of the genus Agaricus Fr. Emend. **Karst** *[Mushrooms].* 058432
Studies on glycolic and oxalic acid metabolism in fruit-bodies of Agaricus bisporus **Lge.** *[Mushrooms].* 058330
The experiment center for chestnuts [Castanea], walnuts [Juglans] and hazel [Corylus] of the Institute of Popularization for Fruits, Vegetables and *Mushrooms* must have a **national** dissemination [France]. 059152
Studies on the **padi** *mushroom* (Volvariella volvacea). V. Performance of single-Basidiospore isolates. 059130
Studies on the **padi** *mushroom* (Volvariella volvacea). V. Performance of single-basidiospore isolates. 059131
Nutritive value of *mushroom* **Pleurotus** sajor-caju (Fr.) Singer. 053251
The in vitro hydroxylation of 4'-chloro-4-biphenylol by a *mushroom* **[Psalliotis** arvense] tyrosine preparation [Testing oxidative degradation of polychlorinated biphenyls]. 057402
Mushrooms as a **source** of food protein. 054036
Substrate for *mushrooms,* with a **supplement** of granulated chicken manure. 061977
Isolation and structural studies of coprine, the disulfiramlike constituent of Coprinus atramentarius *[Mushrooms,* **toxicity].** 053013
Will inflation destroy the **UK** *mushroom* industry? 052517
Double-stranded ribonucleic acid in Agaricus bisporus **[virus-infected** *mushrooms].* 059558
Compost pasteurization and *mushroom* **yield.** 061971

MUSKMELONS

Studies on nucleic acid metabolism in suspension cultures of Cucumis **melo** L. *[Muskmelons].* 058277
Morgan *muskmelon,* a new cash crop for Florida! [Varieties, melon industry]. 058953

MUSSEL

Distribution of cadmium, zinc and copper in the *mussel* **Mytilus** edulis. Existence of cadmium-binding proteins similar tometallothioneins. 062408

MUSTARD

Resorption and distribution of arsenate ions by *mustard* in the **conditions** of different phosphorus nutrition. 058225
Herbicide effect on uptake and transport of **phosphate** *[Mustard].* 059974
The controlling of diseases of rapeseed and *mustard* in the **Punjab** is a paying concern. 059883
Boosting yield of raya **[rapeseed,** *mustard].* 058848
An attempt to localize the threshold reaction in phytochrome-mediated control of lipoxygenase synthesis in the *mustard* **seedling.** 057824
On the physiological significance of dark reversion of phytochrome in the *mustard* **seedling.** 057825
Photosensitized herbicidal action [Ipomaea, Abutilon **theophoresti,** *mustard].* 060030

MUSTELA

Lesions in **mink** *(Mustela* vison) infected with giant kidney worm (Dioctophyma renale). 055635
Radioactivity in urine and feces of **mink** *(Mustela* vison) treated with [14C] [carbon isotope] aflatoxin B1. 055898

MUSTS

Three *'musts'* for maize [culture]. 058636

MUTAGENESIS

Mutagenesis of the **blue-green** alga, Anabaena doliolum Bharadwaja. 057101
On cytogenetic effect of certain **chemical** *mutagens* on Norway spruce [Picea abies]. 057178
Utility of Drosophila for detection of potential environmental **chemical** *mutagens.* 060666
Mutagenic **effect** of ethionine on Candida lipolytica [Yeasts]. 057564
Comparison of the *mutagenic* **effects** of chemicals and ionizing radiation using Drosophila melanogaster test systems. 060848
Hybridization and **experimental** *mutagenesis* in certain species of the section Leuce, genus Populus, as a method for genetic investigations and breeding of new forms. 056109
Study of the influence of different storage periods of seeds treated with one mutagen on the effect of other *mutagen* **factor** [Cotton, Crepis capillaris]. 057179
A possible chemical basis for the **higher** *mutagenicity* of marijuana smoke as compared to tobacco smoke [Cannabis sativa]. 057557
Some problems of specificity of **induced** *mutagenesis* in citrus crops. 057171
Mutagenesis under the **influence** of simian vacuolizing virus 40 (SV 40). I. Induction of chromosome aberrations in Chinese hamster cells in the first days after infection. 055765
Study of the influence of different storage periods of seeds treated with **one** *mutagen* on the effect of other mutagen factor [Cotton, Crepis capillaris]. 057179
The correlation between mutation frequency and cell survival following different *mutagenic* **[radiation]** treatments. 055935

Reaction of nitrosamines in the Udenfriend system: principal products and biological activity *[Mutagenic* to **Salmonella** typhimurium]. 053022
Discussion paper: The use of Drosophila for *mutagenesis* **screening.** 060665

MUTANTS

Conditional virulence of a p-aminobenzoic **acid-requiring** *mutant* of Aspergillus fumigatus [Fungi]. 057637
Chemical selection of *mutants* that **affect** ADH [alcohol dehydrogenase] activity in Drosophila [melanogaster]. III. Effects of ethanol. 060696
Studies of phase morphometric differences between Locusta migratoria cinerascens and Locusta migratoria migratorioides and their **albino** *mutants.* 060727
Studies on natural photo-protectors. III. Radioresistance of *mutants* of **Aspergillus** giganteus (Wehm.) [Fungi] with various photosensitivity. 057597
Analysis of acetate non-utilizing (acu) *mutants* in **Aspergillus** nidulans [Fungi]. 057707
The isolation of **auxotrophic** *mutants* in blue-gree alga Anacystis nidulans. 056980
The spectrum of **auxotrophic** *mutants* from the liverwort Sphaerocarpos donnellii Aust. 057097
Fortifying fermented foods using *mutant* **bacteria** [Lactobacillus]—how it is done [Nutritional values]. 053172
Biosynthetic relationships between beta-diketones and esterified alkan-2-ols deduced from epicuticular wax of **barley** *mutants.* 057091
Granules in the meconium of *og-mutant* of **Bombyx** mori. 061354
Genetical studies of the "lethal **brown"** *mutant* in Bombyx mori. 061353
Differentiation of *mutants* of **Cephalosporium** acremonium [Fungi] in complex medium: the formation of unicellular arthrospores and their germination. 057398
Ultrastructural studies of meiosis in males and females of the **c(3)G17** *mutant* of Drosophila melanogaster Meigen. 060733
Effect of postirradiation storage of seeds on structural chromosome mutations in **chlorophyll** *mutants* of sunflower (Helianthus annuus L.). 057005
Effect of temperature on origin of colchicine-induced **complex** *mutants* in sorghum. 057071
A yeast [Saccharomyces cerevisiae] *mutant* **defective** in the processing of 27S r-RNA precursor. 057090
Extrachromosomal inheritance in Schizosaccharomyces pombe [yeasts]. II. Evidence for extrakaryotically inherited respiratory **deficient** *mutants.* 057093
Genetic and enzymatic analysis of a glycerol kinase **deficient** *mutant* in Neurospora crassa [Fungi]. 057095
Acid phosphatase activity in embryonic chick esophagus lacking "programmed cell death" (crooked neck **dwarf** *mutant).* 054446
Frequency-dependent mating success among *mutant* **ebony** of Drosophila melanogaster. 060794
Tryptophan biosynthesis in Coprinus lagopus: a genetic analysis of *mutants* **[Fungi].** 057068
Avian riboflavinuria. IX. Qualitative action of a *mutant* **gene** in chicken on riboflavin-binding protein synthesis. 055083
Structure and function of the genetic information in the plastids. XIII. Lamellar proteins of pale plastids of plastom and **gene** *mutants* of Hordeum and Lycopersicon [Barley, tomatoes]. 056947
Enrichment for auxotrophic and **heat-sensitive** *mutants* of Neurospora grassa by tritium suicide [Fungi]. 057099
Demonstration of sensory neurones in the ectopic cuticle of spineless-aristapedia, a **homoeotic** *mutant* of Drosophila [melanogaster]. 060972
Hydrocarbon-utilizing *mutants* of Saccharomyces [cerevisiae]yeast. III. Production of polyploid forms of the initial strains. 057160
Isolation and characterization of UV [ultraviolet] **induced** *mutants* of rhizobia. 061821
Gene-ecological investigations in Pisum [pea] *mutants.* I. The **influence** of climatic factors upon quantitative and qualitative characters. 057198
Cytokinin content and the development of barley grain in *mutants* of different **kernel** size. 057197
Deep throat, a sex **linked** *mutant* of Culex tritaeniorhynchus. 060461
Aldehyde oxidase and xanthine dehydrogenase from wild-type Drosophila melanogaster and immunologically cross-reacting material from **ma-1** *mutants.* Purification by immunoadsorption and characterization. 060778
Comparison of the amino acid composition of the grain of the **maize** *mutant* opaque 2 and its hybrid with the line W 64 A-162. 058215
Quantitative effects of unsaturated fatty acids in **microbial** *mutants.* IV. Lipid composition of Saccharomyces cerevisiae [yeasts] when growth is limited by unsaturated fatty acid supply. 057385
Mitotic *mutants* of Aspergillus nidulans [Fungi]. 056995
Characterization of a *mutant* of **Neurospora** crassa sensitiveto L-tyrosine [Fungi]. 057066
Transformation-defective mutants of avian sarcoma viruses: the genetic relationship between conditional and **nonconditional** *mutants.* 055795
Phenocopies in Drosophila hydei induced by actinomycin D and fluorouracil with special reference to **Notch** *mutants.* 061045
Relative retention of mitochondrial markers in **petite** *mutants:* mitochondrially determined differences between RHO (+) strains [Saccharomyces cerevisiae, yeasts]. 056996
Efflux transport of 3-ketoglucose 1-phosphate in a glucose **1-phosphate-negative** *mutant* of Agrobacterium tumefaciens [Crown gall, plants]. 059511
Properties of non-neurovirulent **plaque-forming** *mutants* of Newcastle disease virus [Chick embryo fibroblast]. 055458
Producing *mutant* plants to increase food production [Breeding to improve photosynthetic efficiency, tobacco]. 056994
Degradation of DNA in **radioactive** *mutants* of Anacystis nidulans [Algae] induced by roentgen rays. 057768
Yeast [Saccharomyces cerevisiae] *mutants* **resistant** to basicfuchsin: a genetic approach to the integration of nuclear and mitochondrial information. 057103
Characteristics of the kabicidin **resistant** *mutant* of Fusarium sp. [Fungi] having a high productivity of alkaline protease. 057222
Rifampicin-sensitive RNA-polymerase B in a fragile **RifS** *mutant* of Saccharomyces cerevisiae [Yeasts]. 057359
Mutants of **Saccharomyces** [cerevisiae] yeasts assimilating hydrocarbons. II. Marking and hybridization of the initial strains. 057164
A **temperature-sensitive** *mutant* of Aspergillus nidulans [Fungui] reversibly blocked in nuclear division. 056986
Isolation of osmotic remedial **temperature-sensitive** *mutants* defective in cell wall or membrane in Neurospora crassa [Fungi]. 057065
Production of *mutants* **tolerant** towards Septoria nodorum Berk. in wheat (Triticum aestivum L.). 059494
Transformation-defective *mutants* of avian sarcoma viruses: the genetic relationship between conditional and nonconditional mutants. 055795
Pseudomonas syringae: rough colony **type** *mutants* [inoculated into sorghum] and filamentous cells. 059529
Synergistic fruiting body construction by Polysphondylium **violaceum** *mutants* [Slime moulds]. 057067
On certain biological properties of the **viral** *mutant* MK obtained from the Aujeszky virus. 055476
Genetic analysis of cowpea mosaic **virus** *mutants* by supplementation and reassortment tests. 059676
X-ray-induced *mutants* resistant to 8-azaguanine. I. Effects of cell density and expression time [Hamsters]. 055175
X-ray-induced *mutants* resistant to 8-azaguanine. II. Cell cycle dose response [Hamsters]. 055176
The fermentative formation of CDP [cytidine 5'-diphosphate]-choline by haploid cells of yeasts and the change of the temperature-sensitivity of a *mutant* of a **yeast,** Saccharomyces rouxii. 057237
Inhibition of RNA synthesis in a fragile **yeast** *mutant* by actinomycin D [Saccharomyces cerevisiae]. 057355

MUTATION

Investigations of the effects of homoeotic mutations. III. Interaction of the *mutations* **aristapedia** and nasobemia in Drosophila melanogaster at different temperatures. 061022
Mutations of **8-azaguanine** resistance in Bacillus thuringiensis and their influence on the level of exotoxin production [Drosophila melanogaster]. 060239
Culture of protoplasts from chimeral plant [Geranium] tissue of nature [by somatic **cell** *mutation].* 057078
Effect of postirradiation storage of seeds on structural **chromosome** *mutations* in chlorophyll mutants of sunflower (Helianthus annuus L.). 057005
Sontaneous **chromosome** *mutation* and screening of mutator factors in Drosophila melanogaster. 060967
The correlation between *mutation* **frequency** and cell survival following different mutagenic [radiation] treatments. 055935
Abnormal feathers of the micromelic syndrome in White Pekin ducks **[Gene** *mutations].* 057069
Mutation [in **higher** plants]. 056991
Investigation of the effects of **homoeotic** *mutations.* II. Interaction between the homoeotic mutations aristapedia and nasobemia in Drosophila melanogaster. 061021
Investigations of the effects of **homoeotic** *mutations.* III. Interaction of the mutations aristapedia and nasobemia in Drosophila melanogaster at different temperatures. 061022
Practical uses of **induced** *mutations* in plant breeding. 057038
The use of gamma-ray **induced** *mutations* in Phaseolus vulgaris (L.) [Kidney beans]. 057206
Extrachromosomal inheritance in Schizosaccharomyces pombe [yeasts]. I. Evidence for an extrakaryotically **inherited** *mutation* conferring resistance to antimycin. 057092
The *mutability* of the **minute** loci of Drosophila melanogaster with ethyl methanesulfonate. 060969
'Rosette habit'—an induced **physiological** *mutation* in ragi or finger-millet (Eleusine coracana, Gaertn.). 056978
Mutation in **plant** breeding—a glance back and a look forward. 057048
Studies on the *mutability* of **plastom.** IV. Effect of X-rays, ethylmethanesulphonate, ethylene imine and nitrosoethylurethane on the frequency of reverse mutations in the. 057009
The maintenance of genetic variability by *mutation* in a **polygenic** character with linked loci [Drosophila]. 060824
Combined effect of threechlorineacetic acid (TCHAA) and dimethyl sulphate (DMS) on Arabidopsis in connection with the conception of the role of histones in *mutation* **process.** 057973
Genetic effects of formaldehyde in yeast [Saccharomyces cerevisiae]. II. Influence of ploidy and of *mutations* affecting **radiosensitivity** on its lethal effect. 057100
Studies on the mutability of plastom. IV. Effect of X-rays, ethylmethanesulphonate, ethylene imine and nitrosoethylurethane on the frequency of **reverse** *mutations* in the. 057009
Induction of *mutation* in **Rhizobium** japonicum by ultravioletradiation and selection of 'agronomically superior' serotypes [Nodule bacteria]. 061820
Induction of **semi-dwarf** *mutations* from Japonica type rice variety, Tainung 61, by gamma-ray treatment. 057057
EMS [ethyl methanesulfonate]-induced **sphaerococcum** *mutation* in Triticum monococcum L. [Wheat]. 056958
Spectra of **viability** *mutations* obtained in the X chromosomeupon treatment of Drosophila melanogaster males with N-nitrosoethylurea and gamma-rays. 061025
Appearance and disappearance of **visible** *mutations* in a series of generations of Drosophila [melanogaster] after the influence of ethyl methanesulfonate of N-nitrosomethylurea. 061018

MUTTON

Chemical composition of *mutton* in four **breeds** of carpet wool type sheep. 053826

MYCELIA

Effect of norleucine on *mycelial* **fragmentation** in Cephalosporium acremonium [Fungi]. 057246
Cultivation of Collybia velutipes (Curt.) Quel. [Fungi] on synthetic liquid medium: The effect of light on free amides and amino acids, protein aminoacids and non volatile organic acids composition of *mycelium* and **fruit** bodies. 057364
"Action potentials" in Neurospora crassa, a *mycelial* **fungus.** 057305
Culture peculiarities of aquatic hyphomycetes [Fungi]. III. Effect of yeast extract on *mycelium* **linear** growth. 057978
Uptake and efflux of succinic acid by **uninduced** *mycelium* of Claviceps purpurea [Fungi]. 057403
Chemistry and architecture of the *mycelial* **wall** of Agaricusbisporus [Mushrooms]. 058407

MYCOBACTERIACEAE

Atypical *mycobacterial* lymphadenitis in pigs. III. Studies on the spreading of the disease with the faeces. 055658

MYCOBACTERIUM

Reporting tuberculosis in cattle and swine *[Mycobacterium* **avium,** Mycobacterium tuberculosis, Corynebacterium equi]. 055705
Intravenous johnin and tuberculin tests in cattle vaccinated with Mycobacterium paratuberculosis cells and subsequentlyinoculated with *Mycobacterium* **bovis.** 055415
Mycobacterium **intracellulare** infection in pigs. 055758
Intravenous johnin and tuberculin tests in cattle vaccinated with *Mycobacterium* **paratuberculosis** cells and subsequentlyinoculated with Mycobacterium bovis. 055415
Tuberculosis *[Mycobacterium* **tuberculosis]** in game pheasants[Meat contamination]. 053065
Reporting tuberculosis in cattle and swine [Mycobacterium avium, *Mycobacterium* **tuberculosis,** Corynebacterium equi]. 055705

MYCOFLORA *see* FUNGUS

MYCOLOGISTS

The morel a story with a moral: Louis C.C. **Krieger** *[Mycologists].* 056334

MYCOLOGY

Mycological **characteristics** of soils in paddy fields of the Ukraine. 061891
Summary of communications read to the [sixth] Congress [of the **European** *Mycological* Society]. 056448
Contribution to the *mycological* **flora** of Calvados, 1941-1973. 056442
Mycology and **forest** ecology. 056676
Review of the exhibitions [of fungi organized by the *Mycological* **Society** of France]. 056447

MYCOPLASM

Leaf anatomy of Catharanthus roseus (Apocynaceae) **infected** with *mycoplasm.* 059623

MYCOPLASMA

Isolation techniques for *mycoplasmas* from **animal** diseases. 055546
Practical aspects of serological identification **[Animal** *mycoplasmas].* 055550
RHO structures **[Animal** *mycoplasmas].* 055551
Structure and motility **[Animal** *mycoplasmas].* 055553
Taxonomy and host relationships of **[animal]** *mycoplasmas.* 055554
Pathogenicity of *T-mycoplasmas* in **animals.** 055549

Experimental intranasal infection of gnotobiotic piglets with Mycoplasma (M.) hyorhinis, Mycoplasma hyopneumoniae, Mycoplasma hyosynoviae, *Mycoplasma* **arginini** and Acholeplasma granularum. 055545
Growth and effects of ureaplasmas (T *mycoplasmas)* in **bovineoviductal** organ cultures. 055572
Mycoplasmas of **cattle** and their serology. 055548
Arthritis and pneumonia in cattle **caused** by *mycoplasma.* 055657
Culturing *mycoplasmas* from plants. 059579
Thermal behaviour of some rice fields affected by a yellowstype disease [Giallume, virus **disease** or a *mycoplasma].* 059592
Control aspects of *mycoplasma* **diseases:** aster yellows disease [Field crops, vegetables, ornamentals]. 059578
Some problems arising during the characterization of *mycoplasmas* from the **equine** respiratory tract. 055552
Clinical, cultural, and serologic observations of avian mycoplasmosis *[Mycoplasma* **gallisepticum]** in two chicken breederflocks. 055443
Efficacy of egg yolk medium in cultivation of *Mycoplasma* **gallisepticum** [Horse and swine sera, yeast extract and dextrose]. 055640
The interaction of *mycoplasma* **gallisepticum** with erythrocytes. 1. Morphology. 055672
Cycle of *mycoplasmas* in the **Homoptera** Euscelis lineolatus Brulle [Vector of plant diseases]. 060136
Specificity studies of the complement-fixation test for *Mycoplasma* **hyopneumonia** in specific-pathogen-free swine. 055496
A fluorescent antibody technique for identification of *Mycoplasma* **hyopneumoniae** colonies. 055394
Experimental intranasal infection of gnotobiotic piglets with Mycoplasma (M.) hyorhinis, *Mycoplasma* **hyopneumoniae,** Mycoplasma hyosynoviae, Mycoplasma arginini and Acholeplasma granularum. 055545
Effect of the apple-tree proliferation [probably due to *Mycoplasma* **infection]** on the growth of trees, their fecundity and quality of fruits. 059653
Seasonal trapping of insect-vectored virus and MLO *[mycoplasma* **like** organisms]-associated diseases by attractive trap plants. 059583
Distribution and composition of **lipopolysaccharides** from *mycoplasmas.* 055595
Virulence of established vaccine strains and artificially passaged field strains of *Mycoplasma* **mycoides** subsp mycoides. 055754
A *Mycoplasma* **[mycoides]** from chronic caprine pleuropneumonia in Kenya. 055775
Evaluation of broiler breeder flocks for **nonspecific** *Mycoplasma* synoviae reaction. 055447
The incubation period, rate of transmission and effect on growth of coconut lethal yellowing disease in Jamaica *[Mycoplasma-like* **organism** as causal agents]. 059639
Clover phyllody disease in Yugoslavia [caused by *mycoplasma-like* **organisms].** 059540
Comparison of the organism causing greening disease with several plant pathogenic gram negative bacteria, Rickettsia-like organisms and *mycoplasma-like* **organisms.** 059575
Serological diagnosis of sandal spike disease [Santalum, *mycoplasma-like* **organisms].** 059600
Ultrastructure of *mycoplasma-like* **organisms** purified from clover phyllody-affected plants. 059602
Diseases of sweetpotatoes: diseases caused by viruses and *mycoplasma-like* **organisms.** 059667
Effect of some pome fruit viruses, *mycoplasmalike,* and other **pests** on bradford ornamental pear trees. 059649
Mycoplasmas as **phytopathogenic** agents. Confirmed ultrastructural data and some new problems. 059582
Contribution of electronic and photonic microscopy to the study of **plant** *mycoplasmas.* 059576
Control aspects of **plant** *mycoplasma* [fruit trees] diseases chemotherapy in the field. 059577
Field aspects of control of **plant** *mycoplasma* diseases. 059580
Hunt for killer to help calves *[Mycoplasmas,* **pneumonia].** 055716
Study of the etiology of the *[mycoplasmal]* **potato** disease known as "Christmas tree". 059557
Method for concentrating antisera for **preparing** *mycoplasma* growth inhibition discs. 055746
The *mycoplasmas* of **sheep** and goats. 055555
Mycoplasmas of **small** animal hosts. 055547
Cell-mediated and humoral immune response of chickens to *Mycoplasma* **synoviae.** 055441
Efficacy of linco-spectin water medication on *Mycoplasma* **synoviae** airsaculitis in broilers. 055446
Progressive changes in serum proteins and the rheumatoid factor of chickens infected with *Mycoplasma* **synoviae.** 055457

MYCOPLASMOSIS

Clinical, cultural, and serologic observations of **avian** *mycoplasmosis* [Mycoplasma gallisepticum] in two chicken breederflocks. 055443

MYCORRHIZA

The influence of the **endotrophic** *mycorrhiza* on Fusarium wilt of tomato. 059492
The influence of **endotropic** *mycorrhiza* on the infestation of tobacco by Thielaviopsis basicola. 059409
Mycorrhizae and **establishment** of trees on strip-mined land. 062131
Mycorrhizae of **exotic** trees in the Peruvian Andes and synthesis of ectomycorrhizae on Mexican pines [Pinus, fungal symbionts, nematode resistance, afforestation]. 056104
Factors affecting potassium uptake and loss by beech **[Fagussylvatica]** *mycorrhiza.* 061764
Mitochondria of *mycorrhizal* **roots** of Fagus sylvatica. 061765
Plant growth responses to vesicular-arbuscular mycorrhiza. IX. Interactions between VA *mycorrhiza,* rock phosphate and symbiotic nitrogen fixation [Rhizobium, clover, Stylosanthes and Centrosema]. 061766
Electron microscopy of **vesicular-arbuscular** *mycorrhizae* of yellow poplar [Liriodendron tulipifera]. III. Host-endophyte interactions during arbuscular development. 058563
Electron microscopy of **vesicular-arbuscular** *mycorrhizae* of yellow poplar [Liriodendron tulipifera]. IV. Host-endophyte interactions during arbuscular deterioration. 058564
Plant growth responses to **vesicular-arbuscular** *mycorrhiza.* IX. Interactions between VA mycorrhiza, rock phosphate and symbiotic nitrogen fixation [Rhizobium, clover, Stylosanthes and Centrosema]. 061766

MYCOSIS

In vivo development of spores of Absidia ramosa [from *mycotic* **lesions** in the rumen of a calf]. 055762

MYCOSPHAERELLA

Chemical protection of the European chestnut [Castanea] against the Cylindrosporium [castaneae; *Mycosphaerella* **maculiformis**] leaf spot. 059457

MYCOSPHAERELLACEAE

Conidia formation of the apple scab **fungus** *Venturia* inaequalis (Cooke) Winter as influenced by the environmental factors temperature, relative humidity and light. 059395
Fighting apple scab [caused by *Venturia* **inaequalis**] epiphytotics in Kashmir. 059371
Action of treatments on the formation of perithecia and production of primary inoculum of *Venturia* **inaequalis** (Cooke) Wint. and Venturia pirina Adher. [Agent of apple scab]. 059381
Comparative efficacy of systemic and non-systemic fungicides in controlling apple **scab** *(Venturia* inaequalis (Cooke) Wint) under field conditions. 059369

MYCOTOXINS

Prevention of the formation of mycotoxins in whole wheat bread by citric acid and lactic **acid** *(mycotoxins* in foodstuffs. IX. [Aspergillus versicolor, Aspergillus parasiticus, fungi]. 052975
Detection and determination of aflatoxins B1, B2, G1, G2, M1, M2 and parasiticol in cereals and milk [Contamination, *mycotoxins,* **Aspergillus].** 052935
Mycotoxins in **foodstuffs.** VII. Inactivation of patulin in whole wheat bread by sulfhydryl compounds. 052967
Systematic analysis of [fungal] *mycotoxins* by **thin-layer** chromatography. 057690
Improved procedure for production of cytochalasin E and **tremorgenic** *mycotoxins* by Aspergillus clavatus [Barley]. 059243
Prevention of the formation of *mycotoxins* in whole **wheat** bread by citric acid and lactic acid (mycotoxins in foodstuffs. IX. [Aspergillus versicolor, Aspergillus parasiticus, fungi]. 052975

MYELIN

Isolation of spinal **cord** *myelin* fractions and certain ultrastructural and biochemical characteristics [Rabbits]. 054404

MYELOBLASTOSIS

Dissociation of alphabeta DNA polymerase of **avian** *myeloblastosis* virus by dimethyl sulfoxide. 055628

MYIASIS

Human *myiasis* in Virginia caused by Phaenicia sericata (Meigen) (Diptera: Calliphoridae). 060498
Myiasis in **man** and animals in Austria [Diptera]. 060508

MYLITTA

Variation in glycogen, total carbohydrates, free sugars, proteins, total free amino acids and some enzymes (active phosphorylase, acid, and alkaline phosphatases) during embryonic development of **Antheraea** *mylitta.* 060764

MYOBIIDAE

Scanning micrographs of the first legs and gnathosoma of two species of *Myobiidae* **(Acarina:** Trombidiformes) [Radfordia lemnina, Protomyobia claparedei]. 060814
Two myobiid **mites** *(Myobiidae:* Trombidiformes) [Protomyobia kounickyi, and Radfordia lemnina] from the Great Himalaya mountains [New taxa]. 061174

MYOCARDIA

Effect of dihydroergotoxin on capacitance vessels of the *myocardium* **[Cats].** 054397
Assessment of *myocardial* **function** in conscious and anaesthetized ponies. 054598
Influence of the method of fixation on the ultrastructural morphology of normal and **impaired** *myocardial* cells [Rats, swine]. 054594

MYOEPITHELIAL

Contraction of *myoepithelial* **cells** in secreting submandibular glands of dogs. 054478
Supporting effects of **salivary** *myoepithelial* cells when acting against a head of pressure, in dogs. 054609

MYOGLOBIN

Kinetic and equilibrium studies of the reactions of heme-substituted horse **heart** *myoglobins* with oxygen and carbon monoxide. 054555
Detection of **horse** *myoglobin* by the immunodiffusion method [Muscle pain]. 055831

MYOSIN

Denaturation of *myosin-ATPase* as a **function** of water activity [Rabbit skeletal muscle]. 053803
Antibody to Physarum [slime mold] *myosin.* I. **Preparation** and functional effects]. 057616

MYOSITIS

Acupuncture treatment of *post-myositis* **syndrome** [Dogs]. 055886

MYOSOTIS

Studies in the **genus** *Myosotis* [Taxonomy, evolution]. 056398

MYXOMYCETES

Apogamic induction of haploid plasmodia in a *myxomycete,* **Didymium** iridis [Fungi]. 057515
Myxomycetes in the **Nature** Reserve of the Gothenburg Botanical Garden [Fungi]. 056615
The *myxomycetes*—some **problems** and unanswered questions [Fungi]. 056325

MYZUS

Investigation on the retention of potato viruses M and Y in two species of **aphids** *(Myzus* persicae Sulz. and Aphis nasturtii Kalt.). 059656
Studies on viruses and virus diseases of cruciferous plants. XVIII. Beetle [Phyllotreta, Brevicoryne brassicae, *Myzus* **persicae]** transmission and some new natural hosts of Erysimum latent virus. 059552
Occurrence of bajara [pearlmillet] mosaic in Uttar Pradesh (India), with *Myzus* **persicae** Sulz. as an additional vector. 059566
Aphid transmission of maize dwarf mosaic virus strains [Rhopalosiphum maidis, Rhopalosiphum padi, *Myzus* **persicae].** 059643
Marking aphids and their parasites with 14C [carbon isotope] in field studies [Brevicoryne brassicae, *Myzus* **persicae,** pests of rape and kale]. 060192
Fecundity and larval voracity of four ladybeetle species (Coleoptera, Coccinellidae) [Biological control of the green peach aphid, *Myzus* **persicae].** 060253
The green lacewing, Chrysopa carnea steph. (Neuroptera, Chrysopidae), used to control the green peach aphid, *Myzus* **persicae** Sulz., and the potato aphid, Macrosiphum n peppers [Biological control] ree. 060254
Effects of some allelochemics on food uptake and survival of a polyphagous [green peach] aphid, *Myzus* **persicae.** 060278
Excretion in larvae of *Myzus* **persicae** fed on artificial diet under different laboratory conditions. 060773

NADP

Separation and properties of the NAD [nicotinamide adenine dinucleotide]-linked and *NADP* **[nicotinamide** adenine dinucleotide phosphate]-linked isozymes of succinic semialdehyde dehydrogenase in Euglena gracilis z [Algae]. 057313
Changes in the activity of *ferredoxin-NADP* **reductase** during the greening of [kidney] bean leaves. 058436

NAIL

Wood structure elements assembled in *Gang-Nail* **system.** 056182

NAPHTHALENEACETIC

Effect of *naphthaleneacetic* **acid** and ethylene on growth and physiology of habituated tobacco tissue cultures. 058175

NAPHTHALENES

Effect of *naphthalene* **acetic** acid upon cold resistance of Jerusalem artichoke tissues grown in vitro. 058323

NAPHTHENATE

About the interaction of *naphthenates* and **copper** oxide (II) with ammonium nitrate. 062076
Naphthenate and **cyclohexanecarboxylate** treatment protects Phaseolus vulgaris [mung beans] from effects of 2,4-dichlorophenoxyacetate. 059930

NAPHTHOL

Transformation of *1-naphthol* [an **intermediate** in the decomposition of the insecticide carbaryl] by the culture filtrate of [the soil fungus] Rhizoctonia praticola. 060604

NAPHTHOQUINONE

A quantitative photochemical-fluorimetric method for measurement of nonfluorescent **vitamin** K1 *[2-methyl-3-phytyl-1,4-naphthoquinone].* 053478

NAPHTHYL

Phenotypic differences in female Ostertagia circumcincta [nematodes] as demonstrated by isozymes **hydrolizing** *alpha-naphthyl* acetate [Livestock parasites]. 055422

NARCISSUS

Serological relations of *narcissus* and **papaya** mosaic viruses to established members of the potexvirus group. 059637
Chromoplasts in the daffodil *[Narcissus* **pseudonarcissus]:** fine structure and chemistry. 056832
Galactolipid synthesis in chromoplast internal membranes of the daffodil *[Narcissus* **pseudonarcissus].** 058507
Isolation of pretazettine from *Narcissus* **tazetta** L. 058337

NARDUS

On the leaf morphogenesis of citronella grass **(Cymbopogon** *nardus* Rendle var. Mahra Pengiri). II. Effect of temperatures on development of citronella grass leaf. 058112

NASAL

Immuno-effect of serum and *nasal* **antibody** against experimental inoculation with influenza A-equi-2 virus [Horses]. 055501
Bordetella bronchiseptica isolations from the *nasal* **cavity** of pigs in relation to atrophic rhinitis. 055710
Experimental *intranasal* infection of gnotobiotic piglets with Mycoplasma (M.) hyorhinis, Mycoplasma hyopneumoniae, Mycoplasma hyosynoviae, Mycoplasma arginini and Acholeplasma granularum. 055545
Intranasal **infection** with Bordetella bronchiseptica in gnotobiotic piglets. 055744
Maternal immunoglobulins and parainfluenza 3 virus inhibitors in the *nasal* and **lachrymal** secretions and serum of newborn lambs. 055487
Rhinitis of pigs: A gross staining method for macroscopic examination of the *nasal* **mucosa.** 055785
Tinaminyssus juxtamelloi sp. N. (Acari: Dermanyssidae; Rhinonyssinae) from the *nasal* **passages** of the band-tailed pigeon, Columba fasciata, in New Mexico [New taxa]. 060452

NASTURTIUM

Bacterial spot [Pseudomonas] of **garden** *nasturtium* [Tropaeolum majus] in India. 059507

NASUTITERMITINAE

Protective resemblance of the nest of *Nasutitermes* **beckeri** Prasad and Sen-Sarma (Insecta: Isoptera: Termitidae) to the bark of Veteria indica. 060351
Defensive behavior of a **termite** *(Nasutitermes* exitiosus). 060689

NATAL *see* BIRTH

NATRIUM *see* SODIUM

NAUPHOETA

Preservation of energy-linked functions of insect *[Nauphoeta* **cinerea]** mitochondria by simple freezing methods. 060962

NAVEL

Effect of removal of male **bud** *(navel)* on development, maturity and yield of Robusta banana [Varieties]. 058425
Ultrastructure of some developmental stages of Helicosporidium sp. in the *navel* **orangeworm,** Paramyelois transitella. 060316

NAVICULA

Experiments regarding auxospores production by the **diatom** *Navicula* ostrearia (Gaillon) Bory [Algae] cultured in vitro. 057368
Navicula **halophila** (Grun.) Cl. And various Orthostichae Cl. [Algae]. 056443

NECK

Acid phosphatase activity in embryonic chick esophagus lacking "programmed cell death" **(crooked** *neck* dwarf mutant). 054446
Comparative symptoms of ear blight [Helminthosporium oryzae] and *neck* **rot** [Pyricularia oryzae] diseases of rice. 059352

NECROSIS

Focal **hepatic** *necrosis* in turkeys with hemorrhagic enteritis. 055818
Geographical distribution of genes of **hybrid** *necrosis* [in wheat] over the territory of the USSR. 056653
Changes in phenylalanine ammonia-lyase, peroxidase and polyphenoloxidase during the development of **local** *necrotic* lesions in pinto bean leaves infected with alfalfa mosaic virus. 059627
Susceptibility of watermelon cultivars to **rind** *necrosis* [of unknown origin] in the Imperial Valley, California. 059861
Characteristics of nucleoprotein components of *necrosis* **viruses** of bean apex. 059617

NECTAR

Excretion of *nectar* in **bisexual** and female flowers of gynodiaecidium plant. 057769
Nectar **composition** of hawkmoth-visited species of Oenothera(Onagraceae). 056521
Analyses of amino acids in **flower** *nectars* of hybrids and their parents, with phylogenetic implications. 056551
Nectary **gland** development and functional duration in Pimpinella anisum L. 057209
Nectar **[Honey** plant secretion, analysis]. 057969
Effects of storage temperature and container lining on some quality attributes of **papaya** *nectar.* 054008
Factors affecting *nectar* **secretion** [by honey plants]. 057253

NEEDLE

Some new fungi associated with *needle* **blight** of conifers [Darkera, Tiarosporella]. 059256
Genetic variation and breeding of Scots pine [Pinus sylvestris, Lophodermium pinastri, *needle* **cast]** in the Netherlands. 056103
Lead, sodium and zinc concentrations in **conifer** *needles* as an indicator of traffic induced environmental pollution. 062583
Microflora of *needles* of the **fir** Abies alba Mill.: bacteria and yeasts. 056673
Histochemistry of Corsican pine [Pinus nigra] *needles* **infected** by Lophodermella sulcigena (Rostr.) v. Hohn. 059239
Study of phenol contents in the *needles* of **Picea** abies. 058610
Effects of sulphur dioxide on biochemical activity and ultrastructural organization of **pine** *needle* choroplasts [Pinus contorta latifolia]. 055980
Localisation of sulphur in spruce [Picea abies] *needles* **treated** with SO2 [sulfur dioxide]. 059751

NEEDLECAST

A *needlecast* **[disease]** severity rating system [Christmas trees]. 059237
Swiss *needlecast* [Phaeocryptopus gaumanni] of Douglas-fir [Pseudotsuga menziesii] in Minnesota. 059448

NEGROES

Problems in the nutritional assessment of black **[American** *Negro]* individuals. 053097

NEMATOCIDE

Nematicide **application** through porous subsurface irrigation tubing. 059903
Low-volume irrigation systems and *nematicides* **[1,2-dibromo-3-chloropropane]**—caution [Economic crops]. 059766
Action of carbofuran and phenamiphos *[nematicides]* on the **rate** of multiplication of Heterodera rostochiensis and on theyields of a crop of early potatoes. 059850
Determination of Oxamyl *[insecticide/nematicide]* **residues** using flame photometric gas chromatography. 060560
The effects of *nmaticides* on **sweet** potato production [Phytotoxicity]. 059900
Effect and mode of action of some **systemic** *nematicides* [Ditylenchus dipsaci, broadbeans, Meloidogyne incognita, tomatoes]. 059820

NEMATODE

Biology of Anguina plantaginis parasitic on Plantago **aristata** *[Nematodes].* 059796
Distribution patterns of some Criconematinae in different forest **associations** *[Nematodes].* 059799
An outer layer on eggs of Dolichodorus heterocephalus (Tylenchida) **[Bermudagrass,** *nematodes].* 059795
Spermatogenesis and the ultrastructure of sperm and of the male reproductive tract of [the bud and leaf nematode] aphelenchoides **blastophthorus** *(Nematoda:* Tylenchida, Aphelenchina). 059831
The induced molting of 4th-stage larvae of pin nematode, Paratylenchus aciculus **Brown** *(Nematoda:* Paratylenchidae), by root exudate of host plant [Morus]. 059707
The induced molting of 4th-stage larvae of pin nematode, Paratylenchus aciculus **Brown** *(Nematoda:* Paratylenchidae), by root exudate of host plant [Morus]. 059708
Efficacy of oxamyl against Heterodera schachtii on **cabbage** *[Nematodes].* 059800
Persistence of activity of oxamyl against Heterodera schachtii on **cabbage** *[Nematodes].* 059805
Nematodes of **cereals.** 059738
Comparative influence of Radopholus similis and Pratylenchus coffeae on **citrus** *[Nematodes].* 059798
Control of insects, diseases and *nematodes* on **commercial** vegetables. 059754
Food borne invasion of Anisakis [marina] larvae; a literature survey [Anisakinosis, *nematode* **contaminated** fish]. 053027
Effect of haloxon and thiabendazole on the free-living stages of Haemonchus contortus [livestock parasite, *nematoda,* **control].** 055730
Nematode **control** in fruit crops. 059756
The influence of Trichoderma harzianum on the root-knot Fusarium wilt complex in **cotton** *[Nematodes].* 059810
Prevalence of *nematodes* in **cotton** fields of Pakistan. 059842
On genetic and physiological compatibility different forms of stem eelworms [Ditylenchus dipsaci, *nematodes].* V. The **crossing** of the red clover race with the other stem eelworms. 059844
Importance of damages caused by **cyst** *nematodes* Heterodaea rostochiensis Woll. and Heterodera pallida St. to potatoes. 059695
Ultrastructural changes associated with the tanning process in the cyst wall of the soybean **cyst** *nematode,* Heterodera glycines Ichinohe. 059709
Ultrastructural changes associated with the tanning process in the cyst wall of the soybean **cyst** *nematode* Heterodera glycines Ichinohe. 059710
The influence of the hatching factor on the water uptake of the second stage larva of the potato **cyst** *nematode* Heterodera rostochiensis. 059793
The reaction of resistant cultivars of barley to some Australiank populations of Heterodera avenae [Cereal **cyst** *nematode].* 059832
Effect of benomyl on the potato **cyst** *nematode,* Heterodera rostochiensis. 059837
Phenotypic differences in female Ostertagia circumcincta *[nematodes]* as **demonstrated** by isozymes hydrolizing alpha-naphthyl acetate [Livestock parasites]. 055422
Stem eelworm on vegetables [Ditylenchus **dipsaci,** *nematodes].* 059698
Crossing of stem nematode Ditylenchus destructor Thorne, 1945 of potatoes with *nematode* **Ditylenchus** dipsaci (Khun, 1957) Filipjev, 1936 of parsley and parsnip. 059825
Filaroid *nematodes* in field-collected mosquitoes [Culicidae] in Maryland. 060464
Available soil moisture and the expression of damage caused by Pratylenchus penetrans *[nematode]* in **flue-cured** tobacco. 059826
Physiological studies with the fungus Saprolegnia megaspermа isolated from the **freshwater** *nematode* Neomesomermis flumenalis [a larval parasite of potential use in biological control of blackflies]. 057391
New views on the use of *nematophagous* **fungi** for biological control [Crop pests]. 059845
Interactions of concomitant species of *nematodes* and **Fusarium** oxysporum f. sp. vasinfectum on cotton. 059804
Effect of methyridine on some **gastrointestinal** *nematodes* of goats. 055647
Seasonal pasture contamination and availability of *nematodes* for **grazing** sheep. 055436
Occurrence of the *nematode* **Hemicycliophora** labiata Colbran 1960 on roses in Tamil Nadu. 059894
Mechanical factors affecting the shape of [vegetable] *cyst-nematode* **[Heterodera** rostochiensis] females. 059828
Nematodes in the **home** garden. 059769
Giant cell formation in corn roots caused by Meloidogyne hapla *[nematodes]* **infection.** 059827
The epidemiology and control of some *nematode* **infections** in grazing animals [Cattle, sheep]. 055390
Spermatogenesis and the ultrastructure of sperm and of the male reproductive tract of [the bud and **leaf** *nematode]* aphelenchoides blastophthorus (Nematoda: Tylenchida, Aphelenchina). 059831
Effectiveness of Tagetes patuta saps for the control of Bursaphelenchus **lignicolus** *nematodes* [Pinus densiflora]. 059890
Mango *nematodes.* 059728
Nematodirus battus infection in lambs, with a special view toward preventive **measures** *[Nematodes].* 055703
Root knot *[nematode,* **Meloidogyne** naasi] on wheat in Chile [Oats]. 059860
Transfer cells and *nematode* [**Meloidogyne** javanica] induced giant cells in Helianthemum. 059886
Influence of *nematodes* [**Meloidogyne,** Belonalaimus lingicaudatus, Pratylenchus penetrans] and light sources on growth and nodulation of soybean. 060001
Scanning electron microscopy of the jejunum of the rat infected by the *nematode* **Nippostrongylus** brasiliensis. 055580
Control of Pratylenchus penetrans in flue-cured tobacco with foliar applications of **oxamyl** *[Nematodes].* 059859
Changes in carbohydrate constituents induced in the yam tuber (Dioscorea rotundata Poir) by a plant **parasitic** *nematode* Scutellonema bradys. 059787
Somatic centrioles in the **parasitic** *nematode.* Capillaria hepatica Bancroft, 1893. 059808
Nematode **parasitism** in cattle. 055676
Some cestodes and *nematodes* **parasitizing** gallinaceous and columbiform birds in Nepal [Includes chickens]. 055513
Chemotaxonomy of Compositae related to their host suitability for Pratylenchus **penetrans** *[Nematodes].* 059836
The ecology o the free living stages of Nematodirus filicollis *[Nematode* **pest** of sheep]. 055749
A reminder—using DBCP [1,2-dibromo-3-chloropropane] around greenhouse roses *[Nematode* **pests].** 059765
The induced molting of 4th-stage larvae of **pin** *nematode,* Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by root exudate of host plant [Morus]. 059707
The induced molting of 4th-stage larvae of **pin** *nematode,* Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by root exudate of host plant [Morus]. 059708
Chemical control of *nematodes* in **plantains** (Musa acuminata XMusa balbisiana, AAB). 059789
Susceptibility of Japanese holly [Ilex crenata] to Criconemoides xenoplax, Tylenchorhynchus claytoni, and certain other **plant-parasitic** *nematodes.* 059809
Present detection of [infestation] centers as a guarantee of successful control **[Potato** *nematodes,* Estonia]. 059907
Eelworm problem could worsen as rotations close up *[Nematodes,* **potatoes].** 059711
Electrical stimulation applied to second-stage larvae of Heterodera rostochiensis to determine viability **[Potatoes,** *nematodes].* 059801
Pratylenchus cubensis sp. N. *(Nemaoda,* **Pratylenchidae)** from rhizosphere of the sugarcane in Cuba. 059910

Mycorrhizae of exotic trees in the Peruvian Andes and synthesis of ectomycorrhizae on Mexican pines [Pinus, fungal symbionts, *nematode* **resistance,** afforestation]. 056104
The influence of intensity factors on the population dynamics of migratory **root** *nematodes* with special consideration of the genus Pratylenchus Filipjev. I. Influence of sprinkler irrigation. 059908
The influence of intensity factors on the population dynamics of migratory **root** *nematodes* with special consideration of the genus Pratylenchus Filipjev 1934. II. Influence of nitrogen fertilization. 059909
Studies on the relationship between Meloidogyne incognita and galling behaviour of Cicer arietinum roots **[Root-knot** *nematodes].* 059740
The destructive **root-knot** *nematode* [Meloidogyne]. 059775
Uptake and translocation of calcium and magnesium in tomato plants as influenced by infection with **root-knot** *nematode* Meloidogyne incognita and tobacco mosaic virus. 059833
Influence of Pratylenchus vulnus and Meloidogyne hapla on the growth of rootstocks of **rose** *[Nematodes].* 059803
Effect of **soil** *nematodes* on plant-mass production. 059872
Mermithidae from Colchis [Pathogenic **soil** *nematodes].* 059898
Comparative fine structure of the stomatal region of males of Meloidogyne incognita and Heterodera glycines [Tomatoes, **soybeans,** *nematodes].* 059797
Crossing of **stem** *nematode* Ditylenchus destructor Thorne, 1945 of potatoes with nematode Ditylenchus dipsaci (Khun, 1957) Filipjev, 1936 of parsley and parsnip. 059825
Improved methods of hatching Heterodera schachtii larvae for screening chemicals **[Sugar-beets,** *nematodes].* 059802
Self-interactions of Meloidogyne hapla and of Heterodera schachtii on Beta vulgaris **[Sugar-beets,** *nematodes].* 059807
Pathogenicity of Tylenchorhynchus martini *[nematodes]* **swarmers** to rice. 059830
Controlling of *nematodes* in **tobacco.** 059823
Occurrence of *nematodes* and **trematodes** in the local fowls in Assam. 055651
Evaluation of a trichina-cyst antigen for the intradermal diagnosis of trichiniasis in live hogs *[Nematoda,* **Trichinella** spiralis]. 055731
Some **Tylenchoidea** *(Nematoda)* from South Africa [Plant parasites]. 059858
Occurrence of the *nematode* **Tylenchorhynchus** crassicaudatus Williams 1960 in Tamil Nadu, India [Plant pests]. 059895

NEMATODIRUS

Nematodirus **battus** infection in lambs, with a special view toward preventive measures [Nematodes]. 055703
The ecology o the free living stages of *Nematodirus* **filicollis** [Nematode pest of sheep]. 055749

NEODIPRION

Sex pheromone specificity in the pine sawflies *[Neodiprion,* **Diprion** similis]: interchange of acid moieties in an ester. 060378

NEODUSMETIA

The rhodesgrass scale [Antonina graminis] in Israel. 2. Control of the scale with an efficient natural energy *[Neodusmetia* **sangwani].** 060204

NEOGENE

Palynological investigation of *Neogene* **deposits** in the Nowy Targ-Orawa Basin (West Carpathians, Poland). 056376
Palynological characteristic of stratotypic section of the Gorelki **series** *Neogene* near v. Gorelki on the Khoper. 056490

NEONATAL *see* BIRTH

NEOPLASM

Evidence of oligomeric IgA [immunoglobin A] in canine thymus **cysts** *[Neoplasms].* 055764
Endopolyploidy in maize **smut** *neoplasms* induced by the maize smut fungus, Ustilago maydis. 059361

NEOPLASTIC *see* PLASTICS

NEOTROPICAL *see* TROPICAL

NEPHOTETTIX

Identification and distribution of *Nephotettix* **species** [Vectors of virus diseases in rice]. 061237
Resistance to green leaf hoppers *[Nephotettix* **virescens,** Nephotittex nigropictus] in rice. 060197

NEPHROPATHY

Experimental **avian** *nephropathy.* Changes of renal function and structure induced by ochratoxin A-contaminated feed [Toxicity, chickens]. 055894

NEPIDAE

Quantitative variations of the food intake of *Ranatra* **linearis** L. (Aquatic Heteroptera, carnivora). 060667

NERVES

Hypothalamic and **brachial** *nerve* effects on circulation of isolated canine forelimb. 054277
Cell cycle changes during *neural* **crest** cell differentiation in vitro [Chick embryos]. 054450
Comparison of in vitro conduction velocities in rabbit **ear** *nerves* from heat- and cold-exposed animals. 054599
Studies on the action of *nerve* **growth** factor. I. Characterization of a simplified in vitro culture system for dorsal root and sympathetic ganglia [Chick embryos]. 054456
Studies on the action of *nerve* **growth** factor. III. Role of RNA and protein synthesis in the process of neurite outgrowth [Chick embryos]. 054457
Subcellular localization of *nerve* **growth** factor receptors: thirteen-day chick embryo brain. 054561
Subcellular localization of *nerve* **growth** factor receptors: developmental correlations in chick embryo brain. 054562
Cobalt-staining of **motor** *nerve* endings in the locust (Locusta migratoria). 060790
The use of the Fink-Heimer II technique to stain degenerating **peripheral** *nerve* fibers [Cats]. 054704
The use of muscle relocation techniques in the treatment of **peripheral** *nerve* injuries in dogs and cats. 055918
Primary *neural* induction as studied by scanning electron microscopy [Chick embryos]. 054482
Haemodynamic responses and renin release during stimulation of afferent **renal** *nerves* in the cat. 054602
Vasoconstrictor and pilomotor fibres in **skin** *nerves* to the cat's tail. 054660
Reflex effects of thermal stimulation on **sympathetic** *nerve* activity to skin and kidney [Cats]. 054290
Sympathetic *nerve* recording in the conscious rabbit. 054391
Mechanisms of adhesion among cells from *neural* **tissues** of the chick embryo. 054677
Central course of photic input in the **ventral** *nerve* cord of scorpion (Heterometrus fulvipes). 060789
A better diet can do **wonders** for bad *nerves.* 053320

NERVOUS

Physiological studies on the effects of nutritional imbalance on the **central** *nervous* system. II. Effects of thiamine deficiency on oxidative enzymes in the brain of chicken, Gallus domesticus. 054481
DNA repair synthesis in chick CNS **[central** *nervous* system] neurons. 054698
The effects of gold thioglucose on the **central** *nervous* system of chicks (Gallus domesticus). 055947
Regulation of the sex differentiation in pedoblastic larvae of Heteropeza pygmaea Winnertz, 1846 (Diptera: Cecidomyiidae) by a factor of the **cephalic** *nervous* system. 061056
Basis for phase relations between baroreceptor and **sympathetic** *nervous* discharge [Cats]. 054263
Delayed neurotoxicity of leptophos [insecticides]: toxic effects on the *nervous* **system** of hens. 055938
The quantitative amount of 5-hydroxytryptamine and dopamine in the *nervous* **system** of Periplaneta americana (L.). 061058

NEST

Nesting **aggregations** of the euglossine bee Euplusia surinamensis (Hymenoptera: Apidae): individual interactions and the advantage of living together. 060734
Nesting **behavior** of Trichogorytes cockerelli (Ashmead) (Hymenoptera, Sphecidae, Nyssoninae). 060775
Protective resemblance of the *nest* of **Nasutitermes** beckeri Prasad and Sen-Sarma (Insecta: Isoptera: Termitidae) to the bark of Veteria indica. 060351
Problem of specificity of *nest-burrow* **parasites** of birds [Includes insects]. 060482
Nesting and **parental** behavior in domestic common quail. 054334
Notes on the *nests* and **prey** of two subspecies of Cerceris rufimana Taschenberg (Hymenoptera: Sphecidae: Cercerini). 060945
Nest **reutilization** by Polistes metricus (Hymenoptera: Vespidae) and possible limitation of multiple foundress associations by parasitoids [Chalcoela iphitalis]. 060944
Nesting of **Stizus** iridis at the type-locality (Hymenoptera: Nyssonidae). 060997
Effect of *nest* **substrata** on the mortality of Eumenes colonaSaussure (Hymenoptera) and its inquilines. 060888
Trypocalliphora lindneri Peus. (Diptera, Calliphoridae) infesting a great **tit** *nestling* (Parus major L.). 060417

NETWORK

Operation of the **hydrometric** *network* during the winter. 062302
A systems analysis of grain **marketing** *networks* using a spatial equilibrium model. 052730
Externalities and freight car supply in the U.S. **Rail** *network* [Tariffs]. 052731
The groundwater outcrop-erosion model; evolution of the **stream** *network* in the Netherlands. 062262
Statistical analysis of orders for bakery products [from **trading** *network].* 052738
Design of nationwide **water-quality-monitoring** *networks.* 062233

NEUROENDOCRINE

Neuroendocrine **activity** in male Poecilocerus pictus Fabricius (Acridoidea: Pyrgomorphidae). 061054

NEUROHORMONE

The ultrastructure of the rectal gland epithelium in Locusta migratoria and its changes under the influence of an **antidiuretic** *neurohormone* preparation in in vitro experiments. 061059

NEUROLOGY

Newcastle disease as a model for **paramyxovirus-induced** *neurological* syndromes: pathogenesis of the respiratory disease and preliminary characterization of the ensuing encephalitis. 055574

NEUROMUSCULAR

Effect of indole alkaloids from Gardneria genus and Uncaria genus on *neuromuscular* **transmission** in the rat limb in situ. 057493

NEURONS

Peculiarities of morphochemical differentiation of the external geniculate **body** *neurons* of rabbit brain under the early visual deprivation. 054723
Convergence on interneurones mediating the reciprocal Ia inhibition of motoneurones. I. Disynaptic Ia inhibition of Ia **inhibitory** *interneurones* [Cats]. 054253
Spatial distribution of synapses onto thoracic **motor** *neurones* in locusts [Schistocerca gregaria, Locusta migratoria]. 060745
Pioneer *neurones* in an insect embryo [Locusta migratoria]. 060976
Activaton and inhibition of muscle and cutaneous **postganglionic** *neurones* to hindlimb during hypothalamically induced vasoconstriction and atropine-sensitive vasodilation [Cats]. 054657
Functional significance of the different medullary **respiratory** *neurons* [Cats]. 054614
Demonstration of **sensory** *neurones* in the ectopic cuticle of spineless-aristapedia, a homoeotic mutant of Drosophila [melanogaster]. 060972
Nuclear microtubules and microfilaments. Ultrastructural organization of crystalloids in **sympathic** *neurons* [Cats]. 054595
DNA repair synthesis in chick CNS [central nervous **system]** *neurons.* 054698
Rubrospinal effects on ventral spinocerebellar **tract** *neurones* [Cats]. 054257

NEUROPATHY

Induction of SMON **[subacute** *myelo-optico-neuropathy]-type* virus from avian infectious laryngotrachetis virus. 055735

NEUROPTERA

The green lacewing, Chrysopa carnea steph. *(Neuroptera,* **Chrysopidae),** used to control the green peach aphid, Myzus persicae Sulz., and the potato aphid, Macrosiphum n peppers [Biological control] rse. 060254
On the phylogenetic position of Brucheiser argentinus Navas 1927 and description of a second species from Chile (Insecta: *Neuroptera)* **[New** taxa]. 061243
The subgenus Parvoraphidia Asp. Et Asp. *[Neuroptera,* **Raphidioptera,** Raphidiidae, Raphidia L.) [New taxa]. 061264

NEUROSECRETION

Research with light and electron microscopy on the *neurosecretory* **cells** in the tritocerebrum of Locusta migratoria (Insecta, Orthoptera). 060681
Effect of nutritional factors on the appearance of *neurosecretory* **cells** and ovary development in fleshfly, Sarcophaga ruficornis F. (Diptera: Sarcophagidae). 061061
Neurosecretory **cells** in Belostoma indicus Lep. Et Serv. (Hemiptera: **Belostomidae).** 061064
Histological changes in the ovary in relation to yolk deposition, allatectomy, and destruction of the **median** *neurosecretory* cells in Melanoplus sanguinipes. 060739
Reproductive growth in normal, allatectomized, *median-neurosecretory-cell-cauterized,* and **ovariectomized** females of Melanoplus sanguinipes. 060740

NEUROSPORAS

Isolation of osmotic remedial temperature-sensitive mutants defective in cell wall or membrane in *Neurospora* **crassa** [Fungi]. 057065
Characterization of a mutant of *Neurospora* **crassa** sensitiveto L-tyrosine **[Fungi].** 057066
Genetic and enzymatic analysis of a glycerol kinase deficient mutant in *Neurospora* **crassa** [Fungi]. 057095
"Action potentials" in *Neurospora* **crassa,** a mycelial fungus. 057305
A high molecular weight dihydro-orotate dehydrogenase of *Neurospora* **crassa** [Fungi]. Purification and properties of the enzyme. 057379
The effect of ligands on the reactivity of sulphydryl groups, and the modification of lysine, histidine and tryptophan residues of pyruvate kinase of *Neurospora* **crassa** [Fungi]. 057638
Regulation of thymidine metabolism in *Neurospora* **crassa** [Fungi]. 057647
Action spectrum between 260 and 800 nanometers for the photoinduction of carotenoid biosynthesis in *Neurospora* **crassa** [Fungi]. 057892
Anticonidiogenic action of hydroxyurea in *Neurospora* **crassa[Fungi].** 057362
Development of amino acid uptake activity in *Neurospora* **[Fungi).** 057397
Enrichment for auxotrophic and heat-sensitive mutants of *Neurospora* **grassa** by tritium suicide [Fungi]. 057099

NEUROTOXIC
Delayed *neurotoxicity* of leptophos [insecticides]: toxic effects on the nervous system of hens. 055938

NEUTRALIZATION
Neutralization of **acidity** of top peat [used for growing cucumbers]. 061974
Neutral **amino** acid transport in sheep erythrocytes. 054604
The immunogenic compound of the foot-and-mouth disease virus: role of the external capsule protein in the induction of synthesis of *neutralizing* **antibodies.** 055474
Titration of Newcastle disease virus and its *neutralizing* **antibodies** in microplates by a modified hemadsorption and hemadsorption inhibition method. 055606
Neutral **aroma** constituents in Burley tobacco. 053867
Citrullonol, a new hydroxyketotetracyclic triterpene, isolated from *neutral* **components** of the oil from Citrullus colocynthis L. seeds. 057349
Number of heterozygotes left by *neutral* **genes** [Statistical analysis, genetics]. 057019
The effect of thyroid and antithyroid preparations on the urinary excretion of *neutral* **17-ketosteroids** and the quality of sperm in stud rams. 055110
Neutral **lipids** of Aedes aegypti and Aedes albopictus cell cultured in vitro. 060936
Neutralization of **pulverized** extracted phosphoric acid by ammonia [Fertilizer production]. 062081
Some new observations and interpretations on the vital staining of leaf epidermal tissue by *neutral* **red.** 056904
Neutral **steroids** in gall-bladder bile of male cats. 054589
Radial immuno-diffusion and *serum-neutralisation* **techniques** for the assay of antibodies to swine vesicular disease. 055747
Tricyclic *neutral* diterpenoids from the oleoresin of Pinus koraiensis. 056155
Comparison of a microneutralization test in cell culture and **virus** *neutralization* test in embryonated eggs for determining infictious bronchitis virus antibodies [Chickens]. 055598
Study of the *neutral* **volatile** compounds formed during cooking of Gruyere cheese. 053750

NEUTRON
The dependence of RBE [relative bioloical effectiveness] and OER [oxygen enhancement ratio] on *neutron* **energy** for damage to mammalian cells and plant systems. 055103
RBE [relative biological effectiveness] values of **fast** *neutrons* for damage to organized tissues in experimental animals. 055102

NEWBORN *see* BIRTH

NEWCASTLE
Aerosol vaccination against *Newcastle* **disease.** I. Studies on particle size [Chickens]. 055439
Antibody response and resistance of turkeys to *Newcastle* **disease** vaccine strain LaSota. 055440
Identification of seven isolants of infectious bronchitis virus by interference with the B-1 isolant of *Newcastle* **disease** virus [Chickens]. 055448
Properties of non-neurovirulent plaque-forming mutants of *Newcastle* **disease** virus [Chick embryo fibroblast]. 055458
The activity of *Newcastle* **disease** virus-envelope proteins after treatment with detergents. 055503
Factors influencing the production of interferon from L cells *[Newcastle* **disease].** 055571
Newcastle **disease** as a model for paramyxovirus-induced neurological syndromes: pathogenesis of the respiratory disease and preliminary characterization of the ensuing encephalitis. 055574
Titration of *Newcastle* **disease** virus and its neutralizing antibodies in microplates by a modified hemadsorption and hemadsorption inhibition method. 055606
Experimental observations on the practical value of various immunization methods against *Newcastle* **disease.** I. Data on the correspondance between the results of the hemagglutination inhibiting test and immunity against Newcastle disease. 055664
The inhibition of the multiplication of *Newcastle* **disease** virus by 5-fluorouracil in tissue cultures [Chick embryo fibroblast cells]. 055715
Newcastle **disease**—a potent [poultry] killer. 055729
Studies on the assembly of the envelope of *Newcastle* **disease** virus [Chick embryo]. 055793
Sedimentation properties of *Newcastle* **disease** virus virion RNA after annealing under different conditions. 055804
In vitro DNA synthesis in lymphocytes from turkeys vaccinated with LaSota, TC, and **inactivated** *Newcastle* disease vaccines. 055450
The diets of preschool children in *Newcastle* upon **Tyne,** 1968-71. 053121

NEWSPRINT
Newsprint **[paper]** manufacture in India—the way ahead. 056260

NEZARA
Incidence and oviposition patterns of Trichopoda pennipes (F.). A parasite of the southern green stink bug, *Nezara* **viridula** (L.) [Natural control, field crop pests]. 060216

NIACIN
Supplemental **dietary** *niacin* for feedlot heifers. 054802

NICANDRA
Structures of three oxygenated 24-methyl-steroids (Nic-3, 7, and -11) from the insect repellant **plant** *Nicandra* physaloides (Solanaceae): X-ray analysis of Nic-3 acetate and Nic-11 ethyl ether. 057680

NICKEL
Preliminary investigation of effects on the environment of boron, **indium** *nickel,* selenium, tin, vanadium and their compounds. Volume V. Tin [Toxicity]. 062498
Preliminary investigation of effects on the environment of boron, **indium** *nickel,* selenium, tin, vanadium and their compounds. Volume III. Nickel [Toxicity]. 062507
Preliminary investigation of effects on the environment of boron, **indium** *nickel,* selenium, tin, vanadium and their compounds. Volume I. Boron [Toxicity]. 062508
Preliminary investigation of effects on the environment of boron, **indium** *nickel,* selenium, tin, vanadium and their compounds. Volume IV. Selenium [Toxicity]. 062509
Preliminary investigation of effects on the environment of boron, **indium** *nickel,* selenium, tin, vanadium and their compounds. Volume II. Indium [Toxicity]. 062510
Influence of magnesium on *nickel* **toxicity** [Oats]. 059824
Preliminary investigation of effects on the environment of boron, indium nickel, selenium, tin, vanadium and their compounds. Volume III. *Nickel* **[Toxicity].** 062507

NICOTIANA
Producing haploids and homozygous forms of *Nicotiana* **tabacum** [tobacco] hybrids by tissue culture. 056982
Some correlation studies in *Nicotiana* **tabacum** [Tobacco, breeding]. 057192
Investigations on the anther culture in vitro of *Nicotiana* **tabacum** L. and Capsicum annuum L. [Tobacco and red pepper]. 057996
Xylan isolated from the stalk of *Nicotiana* **tabacum** [Tobacco]. 057999
Origin of *Nicotiana* **tabacum** [tobacco] detected by primary structure of fraction I protein. 058031
Cell-wall and peroxidase-isoenzyme synthesis in isolated protoplasts of *Nicotiana* **tabacum** L. [Tobacco]. 058208
Studies on Agrobacterium tumefaciens. V. Fate of exogenously added bacterial DNA in *Nicotiana* **tabacum** [Crown gall disease of tobacco]. 059521
Peroxidase activity in leaves of *Nicotiana* **tabacum** var. Xanthi nc. before and after infection with tobacco mosaic virus. 059622

NICOTINAMIDE
Action of alpha-NAD *[nicotinamide* **adenine** dinucleotide] on the isolated rabbit jejunum in the presence of PGE or PGE prostaglandins. 054466
Separation and properties of the NAD *[nicotinamide* **adenine** dinucleotide]-linked and NADP [nicotinamide adenine dinucleotide phosphate]-linked isozymes of succinic semialdehyde dehydrogenase in Euglena gracilis z [Algae]. 057313
Effects of calcium ions and adenosine diphosphate on the activities of NAD+ *[nicotinamide* **adenine** dinucleotide]-linked isocitrate dehydrogenase from the radular muscles of the whelk and flight muscles of insects. 060700
The identification of myo-inositol:NAD(P) *[nicotinamide* **adenine-dinucleotide** phosphate] oxidoreductase in mammalian [bovine] brain. 054347
In vitro inhibition of [rabbit muscle] lactate dehydrogenase by insecticidal polychlorinated hydrocarbons. I. Mechanism of inhibition: possible association of **reduced** *nicotinamide* adenine dinucleotide with Mirex. 060564

NICOTINIC
Metabolism of phosphorus in cotton plant organs treated with *nicotinic* **acid.** 058083

NIGELLA
Endosperm embryoids in cultures of *Nigella* **damascena.** 056827

NIGHT
Manifested differences in the *night* **activity** of pheasant chicks up to 12 days of age. 054733
Pink bollworm moths [Pectinophora gossypiella]: catches in sex attractant traps and *nocturnal* **behavour** in South India [Cotton pests]. 060179
The utilization of lasers during *night* **leveling** work [on irrigated fields]. 062167
Test of floral cultures in **reduced** *night* temperatures. 059150
Change in photoperiodic sensitivity of some wheat species under the influence of *nocturnal* **temperature** in short-day conditions. 060187

NIPPOSTRONGYLUS
Scanning electron microscopy of the jejunum of the rat infected by the **nematode** *Nippostrongylus* brasiliensis. 055580

NISIN
Biochemical characteristics of Propionibacterium **shermanii** *nisin-resistant* strains [used in cheese making]. 053659
Lipid composition of a *nisin-producing* **strain** of Streptococcus lactis [Dairy bacteria]. 053795
Production of *nisin* by **Streptococcus** lactis strains after freezing. 053663

NITELLA
Action of mono- and difluorodinitrbenzene on induced electrical modifications by external pH [hydroden-ion concentration] changes in *Nitella* **[Algae].** 057693
The distribution of sulfhydryl groups in *Nitella* **[Algae]** cells and the effects of polyphenols and p-benzoquinone on these. 057976
Polarity of actin filaments in characean algae *[Nitella* **flexilis,** Chara australis]. 057935
Electrical responses of **isolated** *Nitella* [mucronata] protoplasm—excitations or artifacts? [Algae]. 057806
Phenol detection in the cell vacuole sap in *Nitella* **sp.** [Algae]. 057975

NITIDULIDAE
Sap beetle *[Nitidulidae]* **involvement** in the formation of sap spots on oaks [Quercus] in Mississippi. 060370

NITRAGIN
The effect of [the nodule bacteria preparation] *nitragin* on **soybean** [yields of green mass for silage]. 058899
Current status and prospects of production and utilization of *nitragin* in the **USSR** [Bacterial fertilizers, legumes]. 061999

NITRATES
Effect of *nitrate* and **ammonia** nitrogen on carboanhydrase activity in plants with C-3 and C-4 type fixation of CO2 [carbon dioxide]. 057352
Preferential assimilation of ammonium ions from **ammonium** *nitrate* solutions by apple seedlings [Nitrogen isotope]. 058465
About the interaction of naphthenates and copper oxide (II) with **ammonium** *nitrate.* 062076
Resistance of the granules of **ammonium** *nitrate* to repeated-variable temperature fluctuations. 062086
Study of the mechanism of the effect of adding copper sulfate on the properties of **ammonium** *nitrate.* 062087
The effect of dimethoate on caking of **ammonium** *nitrate,* carbanide and its compatibility with macronutrient and micronutrient fertilizers. 062089
Rapid screening determination of *nitrate* in **baby** food using the nitrate-selective electrode [Poisoning]. 052990
Reduction efficiency of *nitrates* on **cadmium** columns as a function of flow rates of reduced solutions [Meat, additives]. 053801
The meltability diagram of the system Ca(NO3)2.4H2O-CO(NH2)2 [for determining the possibility of using **calcium** *nitrate* as a fertilizer]. 062092
Effect of sulfur-coated urea on yield, N [nitrogen] uptake, and *nitrate* **content** in turnip greens, cabbage, and tomato. 061964
Nitrate-induced **corrosion** of tin plate as affected by organic acid food components. 053587
Rapid screening determination of nitrate in baby food using the *nitrate-selective* **electrode** [Poisoning]. 052990
Nitration of **Eucalyptus** grandis (Hill) maiden lignin. 056194
Nitrate and **mineral** content of fresh and cut silage maize after heavy dressings of organic manure. Report of research on working farms in 1971 and 1972. 062041
Field measurement of N [nitrogen]-utilization efficiency and *nitrate* **movement** in soils using 15N [nitrogen isotope]-depleted fertilizer. 061948
Ferredoxin-dependent photosynthetic reduction of *nitrate* and **nitrite** by particles of Anacystis nidulans [Algae]. 057761
Some measures of reducing leaching loss of *nitrates* beyond **potential** rooting zone [of soils]. I. Proper coordination of nitrogen splitting with water management [after harvest of wheat]. 061783
Regulatory properties of yeast [Candida utilis] *nitrate* **reductase** in situ. 057400
Purification and some properties of the *nitrate* **reductase** from Ankistrodesmus braunii. 057889
Nitrate **reductase** in barley roots under sterile, low oxygen conditions. 058193
Reconstitution in vitro of *nitrate* **reductase** from apoprotein of molybdenum-deficient spinach. 058530
Enzymatic characteristics of development phases of primary leaves of cereals [barley, wheat] with respect to functional relations between *nitrate* **reduction** and other metabolic. 058026
Effect of irrigation method and late **season** *nitrate-nitrogen* concentration on sucrose production by sugarbeets. 061966
The producton of N-nitrosoiminodiacetate from nitrilotriacetate and *nitrate* by **[soil]** microorganisms growing in mixed culture. 062543
Influence of nitrogen placement and source on **surface** *nitrate* accumulaton and sugarbeet production. 061967
Development of the *nitrate,* **vitamin** C, magnesium and iron contents during cooking of spinach. 053099

NITRIC
Nitric **acid** decomposition of phosphate rock from Karatau ina pulsation column with a distribution nozzle. 062082
Nitric **acid** processing of ballast phosphate rock from Karatau for obtaining a liquid compound fertilizer. 062083

Nitric-sulfuric **acid** decomposition of phosphate rock grits from the Khodzhakul' deposit (Kara-Kalpak Autonomous Soviet Socialist Republic). 062084
The kinetics of *nitric* **acid** decomposition of lump phosphate rock from Karatau. 062090
Production of nitroammophos and nitroammophoska from *nitric* and **orthophosphoric** acids [Fertilizers]. 062060
Decomposition of nonconcentrated rock phosphate from Karatau with a mixture of *nitric* and **sulfuric** acids. 062080

NITRITES

The effects of benzoic acid and *nitrite* **[additives]** on toxin production by Clostridium botulinum Type E [Meat contamination]. 052934
Nitrite **decomposition** in flooded soil under different pH [hydrogen-ion concentration] and redox potential conditions. 061840
Ferredoxin-dependent photosynthetic reduction of nitrate and *nitrite* by **particles** of Anacystis nidulans [Algae]. 057761
Dose-response study of the carcinogenicity of dietary **sodium** *nitrite* and morpholine in rats and hamsters. 053165
Inhibition of Clostridium perfringens by heated combinations of *nitrite*, **sulfur,** and ferrous or ferric ions [Food poisoning]. 052946

NITRO

Poisoning in sheep from emory milkvetch [Astragalus emoryanus] and *nitro* **compounds.** 055917

NITROAMMOPHOSKA

Production of nitroammophos and *nitroammophoska* from **nitric** and orthophosphoric acids [Fertilizers]. 062060

NITROGEN

Nitrogen **accretion** in developing Ceanothus velutinus stands. 057937
Effect of sampling location, time, and method of concentration of **ammonia** *nitrogen* in rumen fluid [Dairy cows]. 054576
Effect of nitrate and **ammonia** *nitrogen* on carboanhydrase activity in plants with C-3 and C-4 type fixation of CO2 [carbon dioxide]. 057352
Availability of soil **ammoniacal** *nitrogen* to Azotobacter [vinelandii] and its effect on nitrogen fixation. 061897
Celery: Suitable time of transplanting and *nitrogen* **application** [Celery]. 059167
Effect of the levels of **applied** *nitrogen* on the growth and sodium tolerance of crops. 061949
Nitrogen and **ash** elements cycles in artificial plantations of cork elm [Ulmus] in southeastern Turkmenia [Soils]. 061805
Effect of mahua (Madhuca indica) cake [nitrogenous manure] on Azotobacter **[Asymbiotic** *nitrogen* fixation in soil]. 061698
Nitrogen **availability** [to Algae] in urban runoff. 057729
The soybean's energy tool may open up new resource *[Nitrogen-fixing* **bacteria,** nodules]. 058142
Synthesis of auxins, gibberellins and cytokinins by Azotobacter vinelandii and Azotobacter beijerinckii related to effects produced on tomato plants *[Nitrogen-fixing* **bacteria].** 062019
Evaluation of *nitrifying* **[bacteria]** activity in [marine] sediments by dark 14C [carbon isotope]-bicarbonate incorporation. 062576
Characterization of a *nitrogen-fixing* **bacterial** strain from the roots of Digitaria sanguinalis. 057396
Prediction of lean cut percentage by means of *nitrogen* **balance** in pigs. 054697
Effectiveness of maize mixtures balanced with local protein forages and addition of L-lysine and DL-methionine in fattening porkers. I. Fattening qualities, nutrient digestibility and *nitrogen* **balance.** 054987
Contribution of legumes in *nitrogen* **build-up** of soil and wheat production. 062027
Control of transformation competence in Azotobacter vinelandii by *nitrogen* **catabolite** derepression. 061709
Nitrogenous **compounds** in the tissues of calves healthy and sick with toxic dispepsia. 055881
Covalent phosphorus(V) *nitrogen* **compounds** and aspects of their use for plant nutrition [Fertilizers]. 062039
A preliminary study of the evaluation of *nitrogenous* **constituents** of potato varieties by statistical component analysis. 054040
The *nitrogen* **content** and amino acid composition of palm kernel meals. 053625
Yield and *nitrogen* **content** of non-nodulating soybean grown in association with nodulating lines. 058846
Alternate sources of *nitrogen*, with **costs** [Fertilization, fruit trees]. 062029
New fertilizer additive on the market called N-Serve may enable you to grow the same crop yields while you **cut** *nitrogen* rates by 20%. 062009
Factors influencing **dark** *nitrogen* fixation in a blue-green alga [Anabaenopsis circularis. 057247
Evolution of ultrastructure and photosynthetic activity of the green alga Protosiphon botryoides during regreening following the removal of *nitrogen* **deficiency.** 056855
Study of water transport in plants: The effect of *nitrogen* **deficiency** on the variation in water content of differen parts of a sunflower plant (Helianthus annuus). 058046
Nodulation pattern in groundnut (Arachis hypogaea Linn.) as influenced by varying levels of plant **density** *nitrogen* and phosphorus. 058340
Effects of carbon monoxide and *nitrogen* **dioxide** on garden pea and string bean. 059719
Effect of *nitrogen* **dosage** on fertilizer response [Picea abies, Pinus sylvestris]. 061929
Field measurement of N *[nitrogen]-utilization* **efficiency** and nitrate movement in soils using 15N [nitrogen isotope]-depleted fertilizer. 061948
Endogenous *nitrogen* excretion and utilization of dietary protein [Differing protein requirements of man]. 053115
Effects of dates of seeding and levels of N *[nitrogen]* **fertilization** on yields, chemical composition and in vitro digestibility of forage kale. 058663
The influence of intensity factors on the population dynamics of migratory root nematodes with special consideration of the genus Pratylenchus Filipjev 1934. II. Influence of *nitrogen* **fertilization.** 059909
Where are we with *nitrogen* **fertilization** of winter wheat? 061921
Nitrogen **fertilization** of bermudagrass [Cynodon] turf through an irrigation system. 061965
Studies on the responses of pasture grasses to *nitrogen* **fertilization.** I. Comparative responses of some subtropical grasses [Chloris gayana, Paspalum dilatatum, Paspalum notatum] to varying levels of nitrogen fertilization. 062004
Estimaating the risk of alternate techniques: *nitrogenous* **fertilization** of rice in the Philippines —comment. 062045
Estimating the risk of alternate techniques: *Nitrogenous* **fertilization** of rice in the Philippines —reply. 062046
Nitrogen **fertilization** of grassland. 9. Influence of lengthof time in the field on growth in regard to postponement of nitrogen fertilization and covering of the stubble. 062061
Nitrogen **fertilization** of potatoes. 4. The effect of over-fertilizing in June on the harvest of potatoes for processing. 062062
Response of common and Clair timothy [Phleum] to *nitrogen* **fertilization.** 062068
Effect of *nitrogen* **fertilizer** on nitrogen fractions of wheat and flour. 053899
Reaction of new summer wheat and oat varieties to *nitrogen* **fertilizer** and chlorocholine cholide. 058726
Waste of *nitrogen* **fertilizer** in the Netherlands. 062063
The response of Mexican and local wheat varieties to irrigation regime and *nitrogen* **fertilizer.** II. Water consumptive use and efficiency of water use. 062170
Efficiency of *nitrogen* **fertilizers** applied to cereal crops as affected by time and method of application. 061945
Effect of farmyard manure, *nitrogenous* **fertilizers** and water logging on the availability of P [phosphorus] to rice crop. 062048
The prominence of *nitrogen* **fertilizers** in rice growing. 062052
The effect of *nitrogenous* **fertilizers** on the quality of the green tea leaf and the finished product. 062066
About the kinetic regularities of decomposition process of *nitrogenous* **fertilizers** in soil. 062077
Availability of soil ammoniacal nitrogen to Azotobacter [vinelandii] and its effect on *nitrogen* **fixation.** 061897
Fertilizer research with emphasis on *nitrogen* **fixation** and Century III technology. 062024
About the methodology of determining the amount of symbiotically **fixed** *nitrogen* from the air [by legumes and nodule bacteria]. 058106
An independent measurement of the amount of *nitrogen* **fixed** by a legume crop [Broadbeans compared to barley]. 061777
Measurement of water and *nitrogen* **fluxes** in soil profiles planted to maize. 061696
Effect of nitrogen fertilizer on *nitrogen* **fractions** of wheat and flour. 053899
The effect of application of potassium with added **high** *nitrogen* rates on several characters of wheat variety, PAK-70. 062098
The distribution of *nitrogen* in some **highly** organic tropical volcanic soils. 061866
Effect of phosphate and potash application in combination with *nitrogen* on **incidence** of stalk borer, Chilo auricilus Dgn. [Sugarcane]. 060194
Biological cycling of *nitrogen* in **intertidal** and supralittoral marine environments [Algae]. 057923
Effect of levels of *nitrogen* and **irrigation** on growth and yield of summer forages. 058799
Urea-15N *[Nitrogen* **isotope]** conversion after intravenous administration in sheep. 054527
Preferential assimilation of ammonium ions from ammonium nitrate solutions by apple seedlings *[Nitrogen* **isotope].** 058465
Nitrogen **isotope** ratios in surface and sub-surface soil horizons. 061697
Nitrogen-15 **[isotope]** studies on identifying fertilizer excess in environmental systems [Groundwater, soil]. 062442
Field measurement of N [nitrogen]-utilization efficiency and nitrate movement in soils using 15N *[nitrogen* **isotope]-depleted** fertilizer. 061948
Nitrogen **level** in the feces and urine of different breeds of swine kept under identical conditions of feeding. 054976
The combined effect of soil salinity and *nitrogen* **levels** on dry matter accumulation and yield of cotton plants. 061896
Studies on sugarcane irritgation. X. Effect of groundwater table and *nitrogen* **levels** on the irrigation efficiency of autumn planted sugarcane. 062298
Effect of mahua (Madhuca indica) cake *[nitrogenous* **manure]** on Azotobacter [Asymbiotic nitrogen fixation in soil]. 061698
Nitrogen **metabolism** in ruminants: protein solubility and rumen bypass of protein and amino acids. 054654
Nitrogen **metabolism** of liver tissue in chickens during single and 3-fold infection with oocysts of Eimeria tenella. 055717
Nitrogen **metabolism** in lichens. VII. Nitrogenase activity and heterocyst frequency in lichens with blue-green phycobionts. 057779
Effect of herbicides Prometrinigran and Aresin on the *nitrogen* **metabolism** of soybeans. 059966
Some aspects of *nitrogen* **metabolism** in soil. 061719
Determination of **mineral** *nitrogen* forms in a single extract from soil. 061796
Urea-mineral **mixtures**—*nitrogen* source for ruminants. III. Urea nitrogen utilization by fattening calves on ingestion of urea through urea-mineral mixtures in the form of licking stones and through the liquid urea additive Pardue 64. 055010
Extraction of **non-protein** *nitrogen* from potato tuber and its amino acid composition. 058512
Yield and quality of winter wheat grain relative to level of *nitrogen* **nutrition** and variety. 058801
Significance of the source of carbohydrates and **organic** *nitrogen* for cambial activity in the culture of isolated stem segments [Pinus sylvestris]. 058589
A new method of determining very slight traces of *nitrogen* **peroxide** (NO2) in polluted atmospheres, by isotope dilution and mass spectrometry. 062434
Moisture, fat, and N, P, K, Na, and Ca *[nitrogen,* **phosphorus,** potassium, sodium, calcium] content in pork loins as a function of breed, sex and age of pigs. 053800
The change of *nitrogen,* **phosphorus,** potassium calcium and codium content of some species in Artemisio-Festicetum pseudovinae at Ujszentmargita (IBP International International Biological Programme] experimental area) in 1970 [Hungary]. 056669
Flow injection analysis. V. Simultaneous determination of *nitrogen* and **phosphorus** in acid digests of plant material with a single spectrophotometer. 057240
Nitrogen and **phosphorus** utilization by Spartina alterniflora in a salt marsh in Barataria Bay, Louisiana. 057551
Protein and free amino acid composition of sesame meal as affected by *nitrogen,* **phosphorus,** and potassium nutrition. 057938
Root growth of wheat. I. Early patterns of multiplication and extension of wheat roots including effects of levels of *nitrogen,* **phosphorus** and potassium. 058015
Change in protein and free amino acid content of barley and winter wheat grain under the influence of different forms of *nitrogen* and **phosphorus** [fertilizers]. 058073
Contribution of cyanidin-3-galactoside and pelargonidin-3-glucoside to the pattern of anthocyanin accumulation during deficiencies of *nitrogen,* **phosphorus** and potassium in seedlings of Zea mays [Maize]. 058173
Time-course of sugar accumulation during deficiencies of *nitrogen,* **phosphorus** and potassium in seedlings of [maize] Zeamays L. variety N. S. 1. 058179
Effects of *nitrogen* and **phosphorus** nutrition on [14C] [carbon isotope]-sucrose translocation in Hibiscus esculentus [Okra]. 058292
Appearance of deficiency symptoms of *nitrogen,* **phosphorus** and potassium in cotton. 059841
Influence of some soil applied pesticides on the availability of NPK *[nitrogen,* **phosphorus,** potassium] in soils. 060592
Effects of *nitrogen,* **phosphorus** and potassium [fertilizers] on yield and maturity of cauliflower. 061913
Effect of *nitrogen,* **phosphorus** and potassium on the nutritional status of young vines. 061938
Nitrogen and **phosphorus** fertilization of aquatic vascular plants and algae in replicated ponds. I. Initial response to fertilization. 061943
The balance of *nitrogen,* **phosphorus** and potassium and the utilization of fertilizers in farming in the USSR in 19681973. 061954
Influence of *nitrogen* and **phosphorus** fertilizers on the relation between apple volatiles and storage breakdown. 061968
The effect of varying levels of *nitrogen* and **phosphorus** on the yield of Mexi-Pak-65 [wheat variety] when applied after summer fallow and kahrif crop on farmer's land in central zone of the Punjab. 062099
Nitrogen, **phosphorus** and carbon flux in Chesapeake Bay marshes [Watersheds, eutrophication, water quality]. 062178
Nitrogen-fixing **pioneer** helping scientists grow trees better [Ceanothus velutinus, forest soils related to reforestation of Pseudotsuga menziesii, Tsuga]. 061770
Influence of *nitrogen* **placement** and source on surface nitrate accumulaton and sugarbeet production. 061967
Effects of N *[nitrogen]* and K **[potassium]** applications on the leaf composition, yield, and fruit quality of bearing McFarlin cranberries. 058333
Study of interactions between *nitrogen* and **potassium** fertilizers. Global results obtained in long term tests of the Aspach-le-Bas Agricultural Station. 061902
The effect of silicon on lodging of rice in **presence** of added *nitrogen.* 059870
Isotope effects in relation to the interpretation of 15N/14N *[nitrogen]* **ratios** in tracer studies [Soils]. 061695
Cytokinins in Vinca rosea L. Crown gall tumor tissue as influenced by compounds containing **reduced** *nitrogen.* 059863

Protein production of rice affected by **retarded** *nitrogen* fertilization. 062051
Relationship between *nitrogen* and **roughage** utilization in the ruminant. 054790
Effect of irrigation method and late **season** *nitrate-nitrogen* concentration on sucrose production by sugarbeets. 061966
An evaluation of sulfur-coated urea as a preplant total **season** *nitrogen* supply for trellised tomatoes. 062031
Response of pearlmillet to *nitrogen* and **sheep** manure fertilization. 061925
Effects of some peat microflora on peat **soil** *nitrogen* under laboratory conditions. 061741
Effects of some peat microflora on peat **soil** *nitrogen* under laboratory conditions. 061742
Effect of crops and fertilizer on **soil** *nitrogen,* carbon, and water content, and on succeeding wheat yields and quality [Alfalfa, Agropyron]. 061909
Effect of some herbicides on ammonification and *nitrification* in **soils.** 059912
In vitro evaluation of ammonium base sulfite liquor as an energy and *nitrogen* **source** for ruminants [Sheep diets]. 054097
Urea-mineral mixtures as a *nitrogen* **source** for ruminants. I. Urea-nitrogen utilization by fattening calves when urea uptake is effected through urea-mineral mixtures in the form of licking blocks or through complete ration mixtures. 055008
Urea-mineral mixtures as *nitrogen* **source** for ruminants. II. Use of urea nitrogen by fattening calves when urea uptake is through urea-mineral mixtures in the form of licking stones and the urea concentrate Dehi 100. 055009
Effects of biuret content in urea and *nitrogen* **source** on the yield and composition of potato tubers. 062018
Levels of nutritiona complexity in Phytophthora: lipids, *nitrogen* **sources** and growth factors. 059407
Physiological aspects of *N2[nitrogen]-fixation* by a **Spirillum** [lipoferum] from Digitaria [decumbens] roots. 061863
Some measures of reducing leaching loss of nitrates beyond potential rooting zone [of soils]. I. Proper coordination of *nitrogen* **splitting** with water management [after harvest of wheat]. 061783
Nitrogen-balance **studies** with Red Sokoto (Maradi) goats for the minimum protein requirements. 054803
Effects of *nitrogen,* **sucrose,** IIA [indoleacetic acid] and kinetin on explants of Beta vulgaris [sugarbeet] grown in vitro. 058157
The release of *nitrogen* from **sulfur-coated** urea as affected by soil moisture, coating weight, and method of placement. 062037
Some effects of the *nitrogen* **supply** on growth and development of Cirsium arvense. 059926
Effect of five levels and three sources of N *[nitrogen]* on **sweetpotato** yields on an Ultisol. 061960
Influence of treflan, lindane, and ceresan on different parameters of **symbiotic** *nitrogen* fixation and yield in Cicer arietinum [Chickpeas]. 060618
Plant growth responses to vesicular-arbuscular mycorrhiza. IX. Interactions between VA mycorrhiza, rock phosphate and **symbiotic** *nitrogen* fixation [Rhizobium, clover, Stylosanthes and Centrosema]. 061766
More efficient utilization of **synthetic** *nitrogen* substances in feed rations of ruminants [Cows, sheep, goats]. 054980
Measurement system for **total** *nitrogen* and 15N/14N [isotopes] in plant tissue, soil and water. 057623
Investigations on methods of accelerated oxidation of plant samples in **total** *nitrogen* determination. 057947
Flow injection analysis. III. Comparison of continuous flow spectrophotometry and potentiometry for the rapid determination of the **total** *nitrogen* content in plant digests. 058545
Influence of temperatures, water stress, and *nitrogen* **treatments** on chlorophyll and dry matter of western wheatgrass [Agropyron smithii]. 058123
Study of exopolysaccharide of *nitrogen-fixing* **turbercular** microorganisms Rhizobium lupini [Soil bacteria]. 061663
Effect of lindane [pesticides] on nodulation, grain yield and *nitrogen* **uptak**e of gram (Cicer arietinum) crop [Chickpeas, toxicity]. 059875
Effect of sulfur-coated urea on yield, N *[nitrogen]* **uptake,** and nitrate content in turnip greens, cabbage, and tomato. 061964
Urea-mineral mixtures as nitrogen source for ruminants. II. Use of **urea** *nitrogen* by fattening calves when urea uptake is through urea-mineral mixtures in the form of licking stones and the urea concentrate Dehi 100. 055009
Urea-mineral mixtures—nitrogen source for ruminants. III. **Urea** *nitrogen* utilization by fattening calves on ingestion of urea through urea-mineral mixtures in the form of licking stones and through the liquid urea additive Pardue 64. 055010
Evaluation of blood **urea** *nitrogen* and serum creatinine concentrations as indicators of renal dysfunction: a study of 111 cases and a review of related literature [Dogs, cats]. 055843
Comparison of digestibility and *nitrogen* **utilization** between silages ensiled at different levels of compaction. 054890
Urea-mineral mixtures as a nitrogen source for ruminants. I. *Urea-nitrogen* **utilization** by fattening calves when urea uptake is effected through urea-mineral mixtures in the form of licking blocks or through complete ration mixtures. 055008
Studies on mixed cultivation of tropical legume and grasses. I. Effects of the increased dry matter and *nitrogen* **yield** in the mixed stands of Desmodium [intortum] and Setaria [sphacelata]. 058814

NITROGENASE

Nitrogen metabolism in lichens. VII. *Nitrogenase* **activity** and heterocyst frequency in lichens with blue-green phycobionts. 057779
Nitrogenase **activity** in relation to intracellular organisms in Sphagnum mosses. 057843
Nitrogenase **activity** in Rhizobium associated with leguminous and non-leguminous tissue cultures [of Trifolium pratense, Stylosanthes gracilis, carrot]. 058199
Localization of *nitrogenase* **components** and other nonhemin ferroproteids of lupin bacteroids in polyacrylamide gel. 057753
Effects of temperature and oxygen tension on the *nitrogenase* and **respiratory** activities of turgid and water-stressed soybean nad French bean root nodules. 058118
Evidence from inhibitor studies that the endophyte **synthesis** *nitrogenase* in the root nodules of Alnus glutinosa L. Gaertn. 061785

NITROPHENOL

Kinetic studies of alpha-galactosidase-containing mold pellets on PNPG *[p-nitrophenyl-alpha-D-galactopyranoside]* **hydrolysis** [Submerged culture of Mortierella vinacea]. 053489

NITROPROPIONIC

Relationship between *beta-nitropropionic* **acid** content of crownvetch [Coronilla varia] and toxicity in nonruminant animals. 055915

NITROSAMINE

Gas chromatographic analysis of **carcinogenic** *nitrosamines* in soil. 062542
Inhibition of *nitrosamine* **formation** in fried bacon by propyl gallate and L-ascorbyl palmitate. 053814
Nitrosamines: **scientists** on the trail of prime suspect in urban cancer. 053345
Reaction of *nitrosamines* in the **Udenfriend** system: principal products and biological activity [Mutagenic to Salmonella typhimurium]. 053022

NITROSOETHYLUREA

Spectra of viability mutations obtained in the X chromosomeupon treatment of Drosophila melanogaster males with *N-nitrosoethylurea* and **gamma-rays.** 061025

NITROSOMETHYLUREA

Appearance and disappearance of visible mutations in a series of generations of Drosophila [melanogaster] after the influence of ethyl **methanesulfonate** of *N-nitrosomethylurea.* 061018

NITROUS

Effect of xenon, *nitrous* **oxide** and halothane on membrane-bound siallidase from calf brain. 054488

NITROXYNIL

The effects of *nitroxynil* on the **survival,** growth and morphology of Fasciola hepatica [liverfluke] in sheep. 055751

NITZSCHIA

Gel electrophoresis of ion-stimulated ATPases [adenosinetriphosphatases] from protoplast membranes of the **diatom** *Nitzschia* alba [Algae]. 057907

NOCARDIA

Actinomycetes of sewage-treatment plants *[Nocardia* **amarae,** fungi, physiology]. 062502
The isolation, properties and taxonomic relevance of lipid-soluble, iron-binding compounds (the nocobactins) from *Nocardia* **[asteroides,** Nocardia brasiliensis, Nocardia caviae]. 056527

NOCTILUCA

Dinoflagellate bioluminescence: a comparative study of in vitro components [Algae, Gonyaulax, Dissodinium lunula, **Pyrocystis** *noctiluca].* 057661

NOCTUIDAE

A new species of Euxoa [ustulata] (Lepidoptera: *Noctuidae)* **allied** to Euxoa perexcellens. 061153
An experimental analysis and integrated evaluation of various factors involved in the host plant specificity of the cucumber looper, Anadevidia peponis (Fabricius) **(Lepidoptera:** *Noctuidae).* 060257
An experimental analysis and integrated evaluation of various factors involved in the host plant specificity of the cucumber looper, Anadevidia peponis (Fabricius) **(Lepidoptera:** *Noctuidae).* 060258
Riddles around the pollination of Melandrium album (Mill.) Garcke (Caryophyllaceae) during the oviposition by Hadena bicruris Hufn. *(Noctuidae,* **Lepidoptera).** I. 061002
Synthesis of a pheromone precursor in the **male** *noctuid* moth, Mamestra configurata. 060882
Plusiinae of Reunion (Lepidoptera, *Noctuidae)* **[New** taxa]. 061142
Preliminary descriptions of new Marcipa [species]. 2. (Lepidoptera, *Noctuidae,* **Ophiderinae).** 061207
Plusia putnami gracilis (Lemke) in Somme (Lepidoptera, *Noctuidae,* **Plusiinae).** 061096
Noctuidae on the **shores** of the Somme river. 061095

NOCTURNAL *see* NIGHT

NODE

Stem anatomy and *nodal* **anatomy** of the genus Knema. 056879
The vascular pattern of Italian ryegrass (Lollium multiflorium Lam.). 4. The peripheral plexus, and *nodal* **root** insertion. 056781
Endodermal silicification in mature, *nodal* **roots** of Sorghumbicolor (L.) Moench. 058007
Water in mitochondria of winter wheat **tillering** *nodes* during autumn hardening. 058084

NODULES

Group B vitamins in nodules of lupine inoculated with active and low active strains of *nodule* **bacteria.** 057751
Synthesis of thiamin and riboflavin by *nodule* **bacteria** of clover and lupin. 057757
About the methodology of determining the amount of symbiotically fixed nitrogen from the air [by legumes and *nodule* **bacteria].** 058106
Morphophysiological peculiarities of *nodule* **bacteria** [of clover] as related to their competitive capacity. 058109
The soybean's energy tool may open up new resource [Nitrogen-fixing **bacteria,** *nodules].* 058142
Inhibition of groundnut Rhizobium in Indian soils *[Nodule* **bacteria],** 058231
The effect of [the *nodule* **bacteria** preparation] nitragin on soybean [yields of green mass for silage]. 058899
Tolerance to crystal violet and relative effectiveness of Rhizobium sp. (Cowpea group) and Rhizobium meliloti Dangeard *[Root-nodule* **bacteria].** 061699
The establishment of *nodule* **bacteria** in the rhizosphere of clover during the initial stages of infection. 061705
Induction of mutation in Rhizobium japonicum by ultravioletradiation and selection of 'agronomically superior' serotypes *[Nodule* **bacteria],** 061820
Varietal specificity for rhizobial serotypes in relation to *nodulation* and **crop** yield [Legumes]. 059160
Demonstration of the isolation of non-infective Alnus crispa var. mollis Fern. *nodule* **endophyte** by morphological immunolabelling and whole cell composition studies. 058562
Effect of lindane [pesticides] on *nodulation,* **grain** yield and nitrogen uptake of gram (Cicer arietinum) crop [Chickpeas, toxicity]. 059875
Colleter types in Rubiaceae, especially in relaton to the bacterial **leaf** *nodule* symbiosis. 056796
Group B vitamins in *nodules* of **lupine** inoculated with active and low active strains of nodule bacteria. 057751
Effect of rhizosphere fungi on *nodule* **number** and shoot and root length of Trigonella foenum-graecum L. 059328
Nodulation **pattern** in groundnut (Arachis hypogaea Linn.) as influenced by varying levels of plant density nitrogen and phosphorus. 058340
The absence of oxidized leghemoglobin in soybean **root** *nodules* during development [Rhizobium japonicum]. 058021
The purification and properties of the glutamine synthetase from the cytosol of soybean **root** *nodules* [Rhizobium japonicum]. 058022
Effects of temperature and oxygen tension on the nitrogenase and respiratory activities of turgid and water-stressed soybean nad French bean **root** *nodules.* 058118
Profiles of infection threads in **root** *nodules* as revealed by electron microscopy [Mungo beans]. 059534
Evidence from inhibitor studies that the endophyte synthesis nitrogenase in the **root** *nodules* of Alnus glutinosa L. Gaertn. 061785
Nodulation of **soybean** under Indian conditions [Rhizobium japonicum]. 058232
Influence of nematodes [Meloidogyne, Belonalaimus lingicaudatus, Pratylenchus penetrans] and light sources on growth and *nodulation* of **soybean.** 060001
Homeostatic control in *nodulation* **[Soybeans,** Rhizobium japonicum]. 058230
Insecticides and soil microorganisms. III. Fate of 14C [carbon isotope]-labelled Dipterex as affected by **two** *nodule-forming* Rhizobium spp. and roots of their respective leguminous host plants. 060511

NOISE

Noise **levels** of agricultural equipment. 061553
Helical heads promise **planer** *noise* reduction [Sawmill techniques]. 056214
Noise-reducing tooling for **planer** *noise* control [Plywood use]. 056221
Noise **reduction** in pneumatic ducts that convey peanut hulls. 062563
Noise-reducing **tooling** for planer noise control [Plywood use]. 056221

NOMENCLATURE

Towards an international system of *terminology* of **beer** flavor. 053486
Nomenclature of **Bougainvillea** cultivars 'Mrs Butt', 'Scarlet Queen', 'Mrs. McLean' and 'Mrs Louis Wathen.' [Varieties]. 056609
Classification and *nomenclature* of **Cinnamonic** trenched soils in submontane Dagestan. 061790
Conception and *terminology* of **hosts** in parasitology [Vertebrate research]. 055388
Nomenclatural **notes** 1-18 (Nomenclature of some species of the Central European flora). 056579

The *nomenclatural* **status** of Stigmina mori (Nomura) comb. Nov. [Fungi, blight disease of Morus]. 056559
Nomenclature of the **Wabisukes** [Camellias]. 056522

NOMIA
Comparative efficiency of alfalfa pollination by *Nomia* **melanderi,** Megachile rotundata, Anthidium florentinum and Pithitis smaragdula (Hymenoptera: Apoidea). 060939

NONBLOATING *see* BLOAT

NONCHERNOZEM *see* CHERNOZEM

NONIRRIGATED *see* IRRIGATION

NONOCCLUDED *see* OCCLUSION

NONTOXIC *see* TOXICITY

NOODLE
Infestability of **lasagna** *noodles* and lasagna macaroni by Oryzaephilus spp. and Tribolium spp. 060404

NORADRENALINE
Thin-layer chromatographic assessment of the dansylation products of serotonin, dopamine and adrenaline, *noradrenaline* [in **fruits** and fruit products]. 054065

NOREPINEPHRINE
Reflex limb dilatation **following** *norepinephrine* and angiotensin II in conscious dogs. 054291
Norepinephrine **turnover** in heart and spleen of 7-, 22-, and 34 degrees C [Celsius]-acclimated hamsters. 054286

NORMALIZATION
Reproductive growth in *normal,* **allatectomized,** median-neurosecretory-cell-cauterized, and ovariectomized females of Melanoplus sanguinipes. 060740
DNA related to the transforming gene(s) of avian sarcoma viruses is present in *normal* **avian** DNA. 055686
The cyclic variation in the thylakoid aggregation in *normal* and **calcium** deficient cells of Scenedesmus [obtusiusculus, Algae]. 057946
Very low density lipoproteins in *normal* and **cholesterol-fed** rabbits: lipid and protein composition and metabolism. 1. Chemical composition of very low density lipoproteins in rabbits. 053109
Very low density lipoproteins in *normal* and **cholesterol-fed** rabbits: lipid protein composition and metabolism. 2. Metabolism of very low density lipoproteins in rabbits. 053110
From cleavage to primitive streak formation: a **complementary** *normal* table and a new look at the first stages of the development of the chick. I. General morphology. 054451
Specific soluble leaf proteins in virus-infected tobacco plants are not *normal* **constituents.** 059596
Fibrinogen-related antigen concentrations of blood serum of *normal* **cows,** as measured by the tanned erythrocyte hemagglutination-inhibition immunoassay. 054304
Consecutive water provocative tests in *normal* and **glaucomatous** Beagles. 055815
Techniques in using *normal* **human** subjects in the protein bioassay of food products. 053278
Influence of the method of fixation on the ultrastructural morphology of *normal* and **impaired** myocardial cells [Rats, swine]. 054594
Cystine aminopeptidase activity (oxytocinase) in pregnant guinea pigs: *normal* and **infected** with Campylobacter fetus. 055401
The determination of some "toxic" metals in human liver as a guide to *normal* **levels** in New Zealand. II. Arsenic, mercury and selenium. 062364
Further studies on acid phosphatase of leucocyte origin in *normal* and **mastitic** bovine milks. 053727
Cytologic features of bone marrow in *normal* and **mastitic** cows. 055402
Metabolism of paraffin and naphthenic hydrocarbons in higher animals. I. Retention of **paraffins** *(normal,* cyclo and ramified) in the rat. 053101
Zinc requirement for *normal* **parturition** in rats. 053292
Haemodynamic effects of adenosine-5'-carboxylic acid-amide in the anaesthetized dog during *normal* **respiration** and hypercapnic acidosis. 054328
Determination of histamine concentration in *normal* and **retained** placenta and the activity of serum histaminase at the end of pregnancy and in early puerperium, a contribution to the study of pathogenesis of puerperal sepsis [Cattle]. 055884
On the relation [**shear** *stress/normal* stress=frictional coefficient X inclination angle of maximum principal stress axisto vertical direction] in the simple shear test [Soil parameters]. 061882
Study on the effect of concentrated and *normal* **sheep** rations. 055001
Occurrence of growth regulating substances in *normal* **slaughter** animals in Norway in 1973/1974 [Residues in food]. 053031
Comparative study of the post-harvest physiological changes occurring in pungent and non-pungent betel leaves during *normal* **storage.** 054056
The protein content of human milk: I. A transversal study of **Swedish** *normal* material. 053291
The effect of a meal of meat on glomerular filtration rate in dogs at *normal* **urine** flows. 054867

NOSEMA
Polyarteritis nodosa: general aspects and occurrence in domestic animals, particularly in association with nosematosis *[Nosema* **cuniculi]** in Arctic foxes [Disease complexes, vascular diseases]. 055349
Persistent infection of Malacosoma disstria (Lepidoptera: Lasiocampidae) cell cultures with *Nosema* (**Glugea**) disstriae (Microsporida: Nosematidae) [Use of microsporidia as biological control agents]. 060125
First record of the **microsporidia** *Nosema* sp. On Plusia peponis F. from India [Vegetable pest, natural control]. 060274
Influence of **natural** *Nosema* sp. Infections on field populations of Malacosoma americanum (Lepidoptera: Lasiocampidae). 060942
The different course of lactate and glutamate dehydrogenases activity in the larvae of Barathra brassicae (Lepidoptera) during microsporidan infection *[Nosema* **plodiae].** 060621
Effects of *Nosema* **pyrausta** on pupa and adult stages of the European corn borer Ostrinia nubilalis [Biological control]. 060220

NOSEMATIDAE
Persistent infection of Malacosoma disstria (Lepidoptera: Lasiocampidae) cell cultures with Nosema (Glugea) disstriae (Microsporida: *Nosematidae)* [Use of **microsporidia** as biological control agents]. 060125
Persistence and dispersal of Stempellia milleri (Microsporida: *Nosematidae),* a **protozoan** parasite of Culex pipiens quinquefasciatus [Natural control]. 060470

NOSEMATOSIS
Polyarteritis nodosa: general aspects and occurrence in domestic animals, particularly in association with *nosematosis* [**Nosema** cuniculi] in Arctic foxes [Disease complexes, vascular diseases]. 055349

NOTCH
Phenocopies in Drosophila hydei induced by actinomycin D and fluorouracil with special reference to *Notch* **mutants.** 061045

NOTHOFAGUS
Ecological distribution of the *Nothofagus* **species** in the mesomorphic zone. 056667
Aspects of phenology and germination of *Nothofagus* **species** of the mesomorphic zone. 058552

NOTODONTIDAE
A new species of Dasylophia [wellingi] from Yucatan **(Lepidoptera,** *Notodontidae).* 061194

NOTONECTA
Insecticide toxicity to three insects from Ohio ponds [Lestes congener, *Notonecta* **undulata,** Peltodytes]. 060585

NOURISHMENT
Easy chewing, **high** *nourishment* foods for young and old. 053324

NOZZLES
Nitric acid decomposition of phosphate rock from Karatau ina pulsation column with a **distribution** *nozzle.* 062082
A new aerosol **generator** *nozzle* system: estimates of droplet size and kill of caged adult mosquitoes. 060458
Select **spray** *nozzles* to minimize herbicide drift. 061629

NUCLEAR
Nuclear **changes** during differentiation of xylem vessel elements [in corn leaves]. 056834
Intranuclear **complexes** in a copper-tolerant green alga [Scenedesmus acuminatus, Scenedesmus acutiformis, copper toxicity]. 059792
Molecular motion and order in single-bilayer vesicles and multilamellar dispersions of egg lecithin and lecithin-cholesterol mixtures. A **deuterium** *nuclear* magnetic resonance study of specifically labeled lipids. 053843
A temperature-sensitive mutant of Aspergillus nidulans [Fungui] reversibly blocked in *nuclear* **division.** 056986
Mitotic cycle duration in species with a multiple difference in *nuclear* **DNA** content [Vetch, broadbeans]. 056792
Quantitative variation of *nuclear* **DNA** in genus Aegilops. 057081
Nuclear **energy** for food preservation. 053605
Adenylate cyclases in Physarum polycephalum [Fungi]: inhibition of a *nuclear* **enzyme** by polyamines. 057259
Erythrocyte *antinuclear* antibodies in sera of chickens hyperimmunized with group A streptococcal vaccine. 055569
Evolution of nuclear structures during spermiogenesis; origin and evolution of *intranuclear* **inclusions** of the locust, Locusta migratoria. 060632
Some applications of wide-line and pulsed n.m.r. *[Nuclear* **magnetic** resonance] in investigations of water in foods. 053551
31P [phosphorus isotope] *nuclear* **magnetic** resonance-pH [hydrogen-ion concentration] titrations of myo-inositol hexaphosphate [Biochemistry of cereal grains]. 053893
Identification by *nuclear* **magnetic** resonance of iodinated lipids in the dog thyroid. 054344
High-resolution NMR *[nuclear* **magnetic** resonance] study of yeast tRNALeu/CUA and the native and denatured conformers of yeast tRNALeu/UUG. 057321
Fungal products. XVIII. 13C [carbon isotope] *nuclear* **magnetic** resonance spectrum and biosynthesis of colletodiol [Colletotrichum capsici]. 057667
Nuclear **membrane** breakdown at mitosis in Lipomyces lipofer [Fungi] shown by freeze-substitution. 056899
Nuclear **membrane-associated** DNA polymerase activity and fatty acid content in relation to chilling injury in cotton. 059889
Nuclear **microtubules** and microfilaments. Ultrastructural organization of crystalloids in sympathic neurons [Cats]. 054595
Yeast [Saccharomyces cerevisiae] mutants resistant to basicfuchsin: a genetic approach to the integration of *nuclear* and **mitochondrial** information. 057103
Cross-infectivity of six **plusiine** *nuclear* polyhedrosis virus isolates to plusiine hosts [Plusiinae, insect pests, biological control]. 060144
Susceptibility of larval tissues of the silkworm, Bombyx mori L., to the nuclear polyhedrosis virus. II. Histopathological observations of flacherie-like larvae inoculated with *nuclear* **polyhedra** following the low temperature treatment. 061361
Dissolution process of *nuclear* **polyhedral** bodies in the gut of chilled larvae of the silkworm, Bombyx mori L. 061348
Sedimentation properties of virus-specific RNA in *nuclear* **polyhedrose** of greater wax moth [Galleria mellonella, bees, pests, biological control]. 060456
Replication and passage of alfalfa looper [Autographa californica] *nuclear* **polyhedrosis** virus plaque variants in clonedcell cultures and larval stages of four host species. 060224
Survival of the *nuclear* **polyhedrosis** virus of Heliothis armigera on crops and in soil in Botswana [Pest of cotton and sorghum, biological control]. 060225
Susceptibility of larval tissues of the silkworm, Bombyx mori L., to the *nuclear* **polyhedrosis** virus. II. Histopathological observations of flacherie-like larvae inoculated with nuclear polyhedra following the low temperature treatment. 061361
Autoradiographic study of *nuclear* **protein** acetylation during locust [Locusta migratoria] spermiogenesis. 060631
Cell separation by velocity sedimentation at 1 g for the study of *nuclear* **proteins** in ram spermatids. 055031
Evolution of *nuclear* **structures** during spermiogenesis; origin and evolution of intranuclear inclusions of the locust, Locusta migratoria. 060632
Application of *nuclear* **techniques** in agriculture. 052138
Variation in the number of nucleocapsid within the envelope of *nuclear-polyhedrosis* **virus** multiplied in different tissues of the silkworm, Bombyx mori. 061365

NUCLEIC
Purification and physical characterization of *nucleic* **acid** helix-unwinding proteins from calf thymus. 054558
Single-stranded DNA structure and DNA polymerase activity in the presence of *nucleic* **acid** helix-unwinding proteins from calf thymus. 054559
Kinetics of the inhibition of amaranthin formation by inhibitors of protein- and *nucleic* **acid** metabolism in seedlings of Amaranthus caudatus L. 057283
Nucleic **acid** chain analogs [Plants biochemistry]. 057629
Studies on *nucleic* **acid** metabolism in suspension cultures of Cucumis melo L. [Muskmelons]. 058277
Effect of change in the rate of growth processes and yield of plants when treated with chlorocholine chloride on the *nucleic* **acid** content in tomato leaves. 058442
A [radiotracer] method for eliminating the contribution of Agrobacterium tumefaciens to studies of *nucleic* **acid** biosynthesis in crown gall tumors [of vegetables and Bryophyllum daigremontiana]. 059532
Removal of *nucleic* **acids** in SCP [single-cell protein]. 053575
The concentration of *nucleic* **acids** in the blood of sheep of different breeds. 054728
Nucleic **acids** in haploid and diploid cells of Protomyces inundatus [Fungi]. 057799
Change in content of *nucleic* **acids** in black current leaves with molybdenum and cobalt dressing. 058350
Localizaton of absorbed aluminium in pea root and its binding to *nucleic* **acids.** 058492
Some aspects of *nucleic* **metabolism** in the testes of vitamin A deficient adult rats. 053128

NUCLEOLUS
Interferometric changes in onion nuclei and *nucleoli* during **development.** 058437
The function of the *nucleolus* in the **expression** of genetic information: studies with hybrid animal cells [Chicks]. 055106
Effect of alpha-amanitine on the *nucleolus* of **meristematic** cells of Allium cepa [onions] in interphase and mitosis: an ultrastructural analysis. 056833
Placement of genes for ribosomal RNA within the *nucleolar* **organizing** body of Zea mays. 056971
Nucleolar **size** differences of the roots of Oryza sativa [Oats]. 056835
Influence of L-triiodothyronine, L-thyroxine and thyroproteins on the *nucleolar* **synthesis** of hepatic RNA [Rats]. 054449

NUCLEOPROTEIN
Characteristics of *nucleoprotein* **components** of necrosis viruses of bean apex. 059617

Infectivity of red clover mottle **virus** *nucleoprotein* components. 059632

NUCLEOSIDE

Nucleotide-nucleoside **pool** in leukocytes of cattle with chronic lymphatic leukemia. 055819

NUCLEOTIDES

Determination of **adenine** *nucleotide* in the liver of domestic fowls. 054747
Adenine *nucleotide* translocation in cauliflower mitochondria. 058279
Diapause metabolism in Pieris brassicae. **Adenylic** *nucleotides.* 060668
Inability of **cyclic** *nucleotides* and acetylcholine to substitute for light in the germination of dormant Xanthium seed. 057967
Nucleotides **effect** on the decay kinetics of the 520 nm absorbance change in tightly coupled [spinach] chloroplasts. 058281
Nucleotide **effects** on the oxidation of malate and oxaloacetate by Arum [maculatum] mitochondria. 057780
Effect of infection with enveloped viruses on *nucleotide* **metabolism** [Chick embryo]. 055788
Nucleotide-nucleoside **pool** in leukocytes of cattle with chronic lymphatic leukemia. 055819
Influence of **purine** *nucleotides* on the heat-stability of aminoacyl-tRNA synthetases [Euglena gracilis, algae]. 057280
Inhibition of hog liver crystalline quinolinate phosphoribosyltransferse by *nucleotides,* **quinolinate** analogues and sulfhydryl reagents. 054261
Redundant *nucleotide-sequences* in DNA from wheat. 058265
Nucleotide **sequence** of phenylalanine transfer ribonucleic acid from pea (Pisum sativum, Alaska). 058299
Nucleotide **sequence** of Drosophila melanogaster 5S RNA: evidence for a general 5S RNA model. 060805
Purification of DNA complementary to *nucleotide* **sequences** required for neoplastic transformation of fibroblasts by avian sarcoma viruses. 055615

NUCLEUS

Continuous determination of 3H [hydrogen isotope]-labelled 3,4-dihydroxyphenethylamine (dopamine) synthesis and releasein the cat **caudate** *nucleus* in vivo. 054710
Dissimilar timing of corticofugal inhibition of the gracile and **cuneate** *nuclei* in cats anaesthetized with pentobarbitone. 054600
Influence of infra-optimal breeding temperature on spermiogenesis of the locust Locusta migratoria. II. Abnormalities in **differentiation** of the *nucleus.* 060955
An unusual **dinophycean** *nucleus* [Gymnodinium, algae]. 056868
Transplantation of *nuclei* between **eggs** of different species of Drosophila. 061047
Identification of the contraction stage in the mitotic division of **endosperm** *nuclei* [Iris pseudacorus, Iris pumila, Lilium martagon]. 056924
Ice *nucleation* on wheat [Frost injury]. 059699
Ultrastructural study of the effect of hydroxyurea on the **interphase** *nucleus* of Allium sativum L. [Garlic]. 056816
Interferometric changes in **onion** *nuclei* and nucleoli during development. 058437
Quantitation of elongating form A and B RNA polymerases in chick **oviduct** *nuclei* and effects of estradiol. 054433
In vitro acquired ability of rabbit and cow oocyte to ensure **sperm** *nucleus* decondensation during fertilization (MPGF). 055037
Traumatotactic movement of *nuclei* in **Tradescantia** leaf epidermis. III. Effects of inhibitors of protein synthesis. 057296
Behavior of the **vegetative** *nuclei* and generative cell during the development of the microgametophyte of Clivia nobilis in vitro: results of time-lapse cine-micrography and genecalcytological observations. 056768
Size copmarison of poly (A)-RNA from polysomes and from *nuclei* of the **yeast** Saccharomyces cerevisiae. 057990

NUPHAR

The influence of flight altitude and type of film on photo interpretation of aquatic macrophytes [Phragmites communis, Schoenoplectus lacustris, *Nuphar* **luteum**]. 056348

NURSERIES

The evaluation of various characters of spring wheat in the **breeding** *nursery.* 057055
Chemical weed control in **citrus** *nursery.* 059955
1976 New England control of weeds in *nursery* **crops.** 059921
Growing trees for planting **[Forest** *nurseries].* 056106
Trickle irrigation of shade trees growing in the *nursery.* I. **Influence** on growth. 058591
Trickle irrigation of shade trees growing in the *nursery.* II. **Influence** on root distribution. 058592
Survival and host range of Phytophthora citrophthora in **Ohio** *nurseries.* 059427
The health and quality of plant material in *nurseries* **[Ornamental** trees, shrubs, virus diseases]. 059658
The availability in commercial quantities of native plants in the United Kingdom **[Ornamentals,** *nurseries].* 059158
Topping of [Pinus] radiata **pine** *nursery* tree stocks. 056091
Studies on the lifting time from the *nursery* and **planting** out of Cedrus libani. 056136
Nutritional status of head start and *nursery* **school** children. II. Biochemical measurements. 053201
Teachers' guide to educational cooking in the *nursery* **school** - an everyday affair. 053414
Tubed seedlings [Pinus contorta, Picea **sitchensis,** *nurseries].* 056099
Provisional guidelines for fall lifting for frozen overwinter storage of *nursery* **stock** [Picea glauca, Pinus banksiana]. 056093
Present knowledge of the application of light for *nursery* **stock** [Tomatoes, cucumbers and some glasshouse ornamentals]. 058514
Use of lighting for *nursery* **stock** at Luddington Experimental Horticulture Station. 058515
Patterns of shoot growth, growth cessation and bud set in a *nursery* **test** of Sitka spruce [Picea sitchensis] provenances. 056130

NURSING

Getting more iron into the *nursing* **pig** [by feeding the sow a specific amino acid-iron proteinate]. 054812

NUTMEG

Experimental study of the morphogenesis of *nutmeg* **fibrosis** of the liver [Dogs]. 055820

NUTRIENTS

Nutrient **accumulation** and prediction of body composition of 20-week-old calves fed varying percentages of protein and fiber. 054851
Modeling pesticides and *nutrients* on **agricultural** lands [Runoff, watershed pollution in Georgia]. 060544
Development of a standard marine algal assay procedure for *nutrient* **assessment** [Water quality]. 062282
The significance and variation of **atmospheric** *nutrient* inputs in a small catchment system. 062263
Seasonal changes of soil components in relation to *nutrient* **circulation** in the oak-hornbeam [Quercus-Carpinus] forest (International Biological Program site). 061670
Influence of seed treatment with 2-chloroethylphosphonic acid, gibberellic acid, ascorbic acid, and simazine on growth and *nutrient* **composition** of pea (Pisum sativum L.) seedlings. 058504
Information **concerning** *nutrient* content of livestock manure in reference to fertilizing plans. 061923
Dynamics of *nutrient* **cycling** in oak-hickory [Quercus-Carya, forest ecosystem]. 061665
Studies on Cuscuta reflexa Roxb. III. The problem of **cytokinin-dependent** *nutrient* uptake. 059916
The symptoms of *micronutrient* **deficiency** in peach and their control. 059884
Effects of various **dietary** *nutrient* levels on the incidence of colibacillary diarrhea [Escherichia coli] in pigs: intestinal ligation studies. 054844
Effectiveness of maize mixtures balanced with local protein forages and addition of L-lysine and DL-methionine in fattening porkers. I. Fattening qualities, *nutrient* **digestibility** and nitrogen balance. 054987
Transient response of Enterobacter aerogenes under a **dual** *nutrient* limitation in a chemostat [Food science]. 053493
Yield and chemical composition of second cut of ley [grassland] as related to the supply of *nutrient* **elements** [Fertilizers]. 061998
The effect of dimethoate on caking of ammonium nitrate, carbanide and its compatibility with macronutrient and *micronutrient* **fertilizers.** 062089
Inpact of socioeconomic factors on consumption of selected **food** *nutrients* in the United States. 053089
Comparison between the effect of *micronutrients* in the **form** of watersoluble salts and of silicated oxydes in wheat nutrition. 058003
Drain of *nutrients* **imposed** when Aphis sambuci and Aphis fabae feed on the inflorescence of Yucca flaccida, and the amounts retained by the aphids. 060321
Celiac disease: malabsorption of *nutrients* **induced** by a toxic factor in gluten. 053036
On some features of the uptake of *nutrients* by **intensively** fertilized greenhouse tomatoes. 058375
Final report on fertilizer movement through soil resulting from rainfall *[Nutrient* **loss,** peach orchards]. 061772
Influence of the *nutrient* **medium** on the recovery of dividing cells from tobacco protoplasts. 058191
Quantitative evaluation of the **microbial** *nutrient* sink in soil in relaton to model system for soil fungistasis [of phytopathogenic fungi]. 061864
Effect of organic and mineral fertilizers on the yield and the uptake by garlic plants of **mineral** *nutrients* from the soil. 062013
Canine and feline nutrition. 3. **Minerals** and other *nutrients.* 054889
The dynamics of *nutrients* in **ovaries** and leaves of cotton. 058260
Copper and molybdenum as **plant** *nutrients* to leys [Grassland]. 061997
Plant *Nutrients* Task Group [Water pollution]. 062551
Performance and *nutrient* **requirements** of calves fed varying percentages of protein and fiber. 054852
Studies on production of vegetable crops in hydroponics. XI. Effects of *nutrient* **solution** temperature on growth of tomato seedlings. 058519
Brewers dried grains as a *nutrient* **source** in diets for pregnant sows. 054833
Nutrient **stability** of fortified cereal products. 053168
Dynamics of biomass formation and *nutrient* **uptake** by spring barley. 058216
The effect of phosphorus-zinc interaction on the growth and *nutrient* **uptake** of sugarcane plant. I. Absorption and distribution of zinc and phosphorus by young cane plant. 058243
Effect of water on growth and *nutrient* **uptake** of pineapple. 058429
Temperature, root aeration, and light influence slash pine [Pinus elliottii] *nutrient* **uptake** rates. 058581
Effect of bicarbonate-rich irrigation waters on the growth, *nutrient* **uptake** and synthesis of proteins and carbohydrates in wheat [Salinity, toxicity]. 059869
Some important kinds and degrees of regressive deficiency of basic **voluminous** *nutrients* used in the winter diet of sheep in Boznia and Herzegovina. 054977
Investigation into the effect of various levels and application of *nutrients* on **winter** wheat yield. 058222
Fertilizers in the service of **world** *nutrient* production. 061937

NUTRITION

Past to present: *nutrition* **advances** for all. 053380
The fiftieth anniversary of the scientific activity of Professor S. K. Kon [Food science, **animal** *nutrition].* 053464
Pairwise differences and growth studies **[Animal** *nutrition].* 054873
Physiological conditioning in ruminants and its practical implications [in **animal** *nutrition].* 054979
Effect of *nutrition* **areas** on the yield of garlic. 058444
Problems in the *nutritional* **assessment** of black [American Negro] individuals. 053097
Problems in the *nutritional* **assessment** of Black individuals. 053098
Migrant school children reap good *nutrition* **benefits.** 053452
Nutrition of the **breeding** herd [Beef cattle]. 054886
Testing milk substitutes for calves. III. *Nutrition* of **breeding** female calves. 055005
Police roll **call** for better *nutrition.* 053232
Peculiarities of Microcystis aeruginosa Kuetz. **Carbon** *nutrition* [Algae]. 057980
Nutritional and **chemical** evaluation of the protein of various finfish and shellfish. 053268
Influence of various *nutritive* **conditions** on the growth of young root tips of Pinus pinaster Sol. cultured in vitro. 058557
Variability in the *nutritive* **content** of feeds for dairy cattle. 054792
Nutrition **counseling** and children's dental health. 053227
Dieting?—choose the *nutritious* **dairy** way. 053173
An important new concept in health—generalized cytopathy *[Nutritional* **deficiencies].** 053321
Reduce disease with potassium. 4. [Corn, *nutritional* **deficiencies].** 059713
Metabolic aspects of selenium action and toxicity *[Nutritional* **deficiency** in animals]. 054444
Serum protein fractions from children of **differing** *nutritional* status analysed by polyacrylamide gel electrophoresis and electroimmunoassay. 053120
Grass tetany survey *[Nutritional-metabolic* **disorder** of cattle]. 055826
In Oakland it's makin', bakin', and **educatin'** *[Nutrition].* 053343
Motivation equals a function of growth plus safety *[Nutrition* **education].** 053220
Learner success or failure? *[Nutrition* **education].** 053226
Nutrition **education** specialists: time for action. 053228
From celery to zucchini, it's all part of learning *[Nutrition* **education].** 053342
Study on **energy** *nutrition* of cows. 054999
Chemical approaches for **estimating** *nutritionally* available methionine. 053616
Comprehensive evaluation of fatty acids in foods. VI. Cereal products *[Nutritional* **evaluation].** 053197
Nutritional **evaluation** of proteins as estimated by in vitro protein synthesis; comparison with conventional techniques [Rats]. 053269
Nutritional **evaluation** of horsemeat. 053270
Nutritional **evaluation** of alfalfa leaf protein concentrate [Rats]. 053271
Nutritional **evaluation** of high lysine barley fed to pigs. 054903
Nutritional **evaluaton** of cowpea varieties. 053187
Cultural and *nutritional* **factors** that control rubratoxin formation [Metabolite of fungus Penicillium rubrum, food contamination]. 052996
Metritis in cattle. Influence of hormonal and *nutritional* **factors.** 055821
Effect of *nutritional* **factors** on the appearance of neurosecretory cells and ovary development in fleshfly, Sarcophaga ruficornis F. (Diptera: Sarcophagidae). 061061
Better food for a healthier world: some **facts** about *nutrition.* 053175
Research competition of scientists—progress and reserves [Achievements of the All-Union Scientific-Research Institute of Physiology, Biochemistry and *Nutrition* of **Farm** Animals]. 054726
Dinner to go *[Nutrition,* **fast-food** chains]. 053338
Oilseed cakes and their importance in *nutrition* **[Feeding** livestock]. 054112
Canine and **feline** *nutrition.* 3. Minerals and other nutrients. 054889
Protein resources research: an analysis of U.S. Needs *[Nutrition,* **food].** 053328
The innocent bystander: some observations on the impact of international financial **forces** on *nutrition.* 053367

A study of the effect of differentiated seeding rates and *nutrition* on the **grain** yield (Triticum aestivum L.). 058837
The effect of economic **growth** on *nutrition.* 053150
Studies on the *nutrition* and **growth** of Drosera species withreference to the carnivorous habit. 057782
Food **guide** for your 50's plus *[Nutrition].* 053159
Screening for risks of cardiovascular disease in [Viennese]children. A preliminary report *[Nutritional* **habits].** 053119
Eat right-feel right: daily guide to **health** *[Nutrition].* 053158
Potato varieties with **high** *nutritive* and commercial qualities [Yields]. 059105
Nutritional and **hormonal** requirements of Meteor pea callus tissue. 057210
Plant proteins in **human** *nutrition.* 053218
Pet foods and **human** *nutrition.* 053252
Physiological studies on the effects of *nutritional* **imbalance** on the central nervous system. II. Effects of thiamine deficiency on oxidative enzymes in the brain of chicken, Gallus domesticus. 054481
Breeding [plants] for **improved** *nutritional* quality. Appraisal of nutritional problems [World food supply]. 052827
Breeding for **improved** *nutritional* quality in field beans (Vicia faba L). 053176
Breeding for **improved** *nutritional* quality in cowpeas (Vignaunguiculata (L.) Walp) [Protein content]. 053177
Breeding for **improved** *nutritional* quality in barley. 057027
Breeding for **improved** *nutritional* value in cereals. 057122
Nutritional **improvement** of rice diets. I. Evaluation of dietaries of 15 households. 053311
Nutritional **improvement** of rice diets. II. Estimation of food intakes of Laguna household members by comparison with RDA. 053312
Nutritional **improvement** of rice diets. III. Supplementation of Laguna dietaries with some cheap and/or easy to grow foods. 053313
Variability of the **inner** *nutrition* value of the seed of selected varieties of common flaxes. 053954
Interaction of calcium and magnesium in *nutrition* of **intact** sugarbeets. 058249
A study on the nutrition state of the elderly people obserded by family type. 1. The *nutrition* **intake** and food expenditure. 053237
On the problem of **intensive** *nutrition* and utilization for production and quality of grass cover. 058223
Effects of *nutritional* **intervention** on the growth and health of undernourished children. 053282
Effects of *nutritional* **intervention** on the growth and health of undernourished children. 053283
Metric and *nutrition:* the **kilojoule.** 053422
Nutrition **knowledge,** attitudes and practices of Canadian public health nurses. 053229
Nutrition **knowledge,** attitudes and practices of Canadian public health nurses. 053230
Snacking—a matter of **management** *[Nutrition].* 053160
Intervention in type II disease in children *[Nutritional* **management** of hyperlipoproteinemia]. 053295
Nutritional **management** of the breeding herd [Swine]. 054961
Food and society in Australia—the heart of the **matter** *[Nutrition].* 053215
A social scientist's counsel on *nutrition* and **mental** development. 053138
In children's **menus** get with it *(nutrition).* 053418
Effect of light intensity combined with **mineral** *nutrition* on pigment content in leaves of young coffee plants. 057351
Mineral *nutrition* and salinity tolerance as factors in [field] crop production. 058100
Effect of level of **mineral** *nutrition* on reduction of simazine toxicity for maize [Weed control]. 059939
Brazil's **national** *nutrition* program. 052880
On the essential amino acid intake of the Japanese people. 10. The **national** *nutrition* survey in Japan from 1946 to 1971. 053240
1973 **national** *nutrition* survey. 053243
Chemical analysis, a tool for determining the *nutritive* **needs** of fruit trees. 058365
Nutritive **needs** and fertilization of maize. 061920
Yield and quality of winter wheat grain relative to level of **nitrogen** *nutrition* and variety. 058801
Better kitchenware, better *nutrition:* **"No-heat"** cooking. 053323
The **Norwegian** *nutrition* and food supply policy in the future. 053244
Police roll call for better *nutrition* **[Occupational** Health Program]. 053231
The **Philippine** *nutrition* program. 052884
Synthesis of some acylglycerols and **phosphoglycerides** *[Nutrition].* 053083
Dynamics of **phospho-potassium** *nutrition* of plants in the soil. II. 061919
Effect of straw application on yield and **phosphorus** *nutrition* of crops [Vetch, oats]. 058203
Resorption and distribution of arsenate ions by mustard in the conditions of different **phosphorus** *nutrition.* 058225
Effects of nitrogen and **phosphorus** *nutrition* on [14C] [carbon isotope]-sucrose translocation in Hibiscus esculentus [Okra]. 058292
Dynamics of **phosphorus-potassium** *nutrition* of the plant in the soil. 057510
The *nutritional* and **physiological** evaluation of homogenized milk. 053250
Nutritional and **physiological** properties of saponins [Ruminants]. 054910
Comparison of adaptability to heavy metals among crop plants. 1. Adaptability to manganese in **plant** *nutrition.* 057720
Comparison of adaptability to heavy metals among crop plants. 2. Adaptability to zinc, cadmium and mercury in **plant** *nutrition.* 057721
Advances in soil fertility and **plant** *nutrition.* 061638
Fertilizers—effect on **plant** *nutrition.* 061940
Covalent phosphorus(V) nitrogen compounds and aspects of their use for **plant** *nutrition* [Fertilizers]. 062039
Fear of trying *[Nutrition* **policies].** 053199
The role of anions and exchange reactions in the movement ofpotassium ions in securing the **potassic** *nutrition* of plants. 061643
Protein and free amino acid composition of sesame meal as affected by nitrogen, phosphorus, and **potassium** *nutrition.* 057938
Photosynthesis and yield of potatoes with different **potassium** *nutrition.* 061978
Minerals in **poultry** *nutrition;* a practical approach for the farmer. 054931
Interaction of infection and *nutrition:* some **practical** concerns. 053142
Breeding [plants] for improved nutritional quality. Appraisal of *nutritional* **problems** [World food supply]. 052827
Concepts of cost effectiveness: accountability for *nutrition,* **productivity.** 053198
Making hard choices between cost-benefit streams of health and *nutrition* **programs.** 052881
Nutrition **progress:** a common cause for the health professions. 053216
Biochemical parameters as indices of **protein** *nutritional* value. 053260
Protein: energy ratios—guidelines in the assessment of **protein** *nutritional* quality. 053273
Protein *nutritional* quality of foods and feeds. 1. Assay methods—biological, biochemical, and chemical. 053274
Protein *nutritional* quality of foods and feeds. 2. Quality factors—plant breeding, composition, processing, and antinutrients. 053275
Protein *nutritive* value of selected present and potential meat extenders [Whey, fish, soy, cottonseed, rats]. 053276
Some examples of the hygienic and *nutritional* **qualities** of foods. 052961
Effects of enzymes on *nutritional* **quality** and availability of proteins. 053262
Nutritional **quality** of several proteins as affected by heating in the presence of carbohydrates [Rats]. 053272
The *nutritive* **quality** of potato protein [Human, chicks, diets]. 053279
Potato tuber proteins and their *nutritional* **quality.** 053317
Nutritional **quality** of rice endosperm. 053948
Project proposal on improvement of *nutritional* **quality** of barley and spring wheat [Breeding]. 057041
Influence of the *nutritional* **quality** of the food substrate on the chemical composition of organs and their interrelations in Bombyx mori L. 061289
Metabolism of (+)-limonene [a major component of the essential oils of many fruits and spices] in **rats** *[Nutrition].* 053191
Effect of fertilizers on the *nutrition* **regime** and crop yield in vegetable crop rotation. 062011
Relationship between protein efficiency ratio of foods and **relative** *nutritive* value measured by Tetrahymena pyriformis W bioassay techniques. 053277
[Nutritional] **requirements** of ducklings for methionine pluscystine and lysine. 054784
Nutritional **requirements** of broilers. 054932
Improved technique for estimating milk production from range cows *[Nutrition* **research].** 054869
Uptake and metabolism of beta-alanine and L-carnosine by rat tissues in vitro: **role** in *nutrition.* 053094
Role of choline in the *nutrition* of the **rumen** protozoon Entodinium caudatum. 054592
The marketing concept applied to **"selling"** good *nutrition.* 053233
Charging for *nutritional* **services** of the hospital dietitian. 053195
The *nutritional* **significance** of maize and teosinte. 053151
The *nutritional* **significance** of maize and teosine. 053152
Soybean trypsin inhibitor activity of soy infant formulas and its *nutritional* **significance** for the rat. 053193
A delicious, refreshing way to get about half your daily calcium, for dessert drinks, or *nutritious* **snacks** [Recipes]. 053125
Soil *nutrition* and the application of fertilizers in spring wheat and maize fields. 062095
Physiology of *nutrition* of some **species** of the genus Agaricus Fr. Emend. Karst [Mushrooms]. 058432
A study on the *nutrition* **state** of the elderly people obserded by family type. 1. The nutrition intake and food expenditure. 053237
Nutritional **status** of people of different socioeconomic groups in a rural area with special reference to pre-school children [in India]. 053147
Growth pattern and *nutritional* **status** on selected 8 to 10 year old children of Coimbatore City. 053186
Nutritional **status** of head start and nursery school children. II. Biochemical measurements. 053201
Nutritional **status** and the outcome of pregnancy. 053217
The *nutritional* **status** and the steroid excretion pattern during puberty [Boys]. 053290
Effect of nitrogen, phosphorus and potassium on the *nutritional* **status** of young vines. 061938
Nutrition **strategy** and programme development: an approach [Malnutrition]. 052882
Level of fatness and lipid levels *[Nutrition* **survey].** 053144
Temperature control for feed savings **[Swine** *nutrition* and management]. 054813
Tackling *nutrition* problems in Africa. 053350
New ways to **teach** *nutrition.* 053221
Effects of *anti-nutritional* and **toxic** factors on the quality and utilization of legume proteins. 053037
Nutrition: **toxicology** and pharmacology. 053041
Study of the influence of characteristics of orchards and *nutrition* of **trees** on the taste quality of Golden Delicious apples. 052962
Universal *nutrition* education may be universal in school sooner than we think. 053448
Cashew nut: a **valuable** *nutritive* food product. 053183
Nutritive **value** of American foods, in common units. 053086
The effect of methods of sterilization on the *nutritive* **value** of protein in a commercial rat diet. 053122
Improvement of the *nutritive* **value** of tomatoes. 053133
The *nutritional* **value** of fluoridised milk. 053134
Lesser known oilseeds: a preliminary note on their *nutritive* **value** as determined by in vitro digestion. 053143
Clinical studies on the *nutritional* **value** of single-cell proteins. 053179
Nutritive **value** of mushroom Pleurotus sajor-caju (Fr.) Singer. 053251
Nutritional **value** of food and feed. 053253
Effects of processing on the *nutritive* **value** of WSB [wheat, soy, vitamins, minerals]-skim milk mixtures for infants. 053263
Effects of processing on the *nutritive* **value** of cowpeas (Vigna sinensis) for the growing rat. 053284
Eggs and their *nutritive* **value.** 053319
Be the first on your block to own a pawpaw tree *[Nutritive* **value,** persimmons, quinces, gooseberries]. 053322
Plant a vitamin factory in your yard [Vegetables, varieties, *nutritive* **value].** 053325
Chaya [Cnidoscolus chayamansa, Euphorbiaceae] and soybeans. III. *[Nutritive* **value** as food]. 053346
A note on the availability index of Indian forages *[Nutritive* **value].** 053361
Effect of processing on the *nutritive* **value** of Saccharomyces cerevisiae, Scenedesmus obliquus, and Spirulina platensis measured by protein synthesis in vitro in rat skeletal muscle [Single-cell protein]. 053565
The *nutritive* **value** and feeding quality of silages made from maize hybrids of different maturity. 054118
An investigation of the possibility for improving the *nutritive* **value** of alfalfa meal with supplements of cholesterol, methyl donators and Fe(NO3)3 bonded to 9H2O [saponin]. 054764
Nutritive **value** of thermoalkali-processed soy materials for young calves and rats. 054864
Nutritive **value** in grasses harvested at different cutting schedules. 054891
The *nutritive* **value** of protein in selected sorghum lines as measured by rat performance. 054911
The effect of a new alkali technique on the *nutritive* **value** of straws. 054939
Nutritive **value** and suitability of fish meal feed [for mink]. 054967
Prospects for breeding and growing peas in Poland [Varieties, *nutritive* **value].** 057135
Chaya [Cnidoscolus chayamansa, Euphorbiaceae], a marvellous food. II. [Plant biochemistry, *nutritive* **value].** 057968
The chaya [Euphorbiaceae], a wonderful [drug] plant [Biochemistry, *nutritive* **value** as food]. 057970
Effect of insect [Sitophilus oryzae, Callosobruchus chinensis] infestation on the chemical composition and *nutritive* **value** of maize and cowpea. 060399
Fortifying fermented foods using mutant bacteria [Lactobacillus]—how it is done *[Nutritional* **values].** 053172
Comparison between the effect of micronutrients in the form of watersoluble salts and of silicated oxydes in **wheat** *nutrition.* 058003
Importance of cow's milk for the less developed portions of the **world** *[Nutrition].* 053247

NUTS

Cashew *nut:* a valuable nutritive food product. 053183
Studies on the ultrastructure at the interface of the cotyledon and the testa of **cashew** *nut* (Anacardium occidentale L.) before and after industrial processing. 056776
Nuts in **February,** cobs and filberts. 058963
Nut **growers** handbook. 059162
October 21, 1976, and the *nut* **growers** use of pesticides. 060597
Cashew **nut:** a valuable nutritive food product. 053183
Studies on the ultrastructure at the interface of the cotyledon and the testa of *cashew* **nut** (Anacardium occidentale L.) before and after industrial processing. 056776

Storage aspects of **processed** *cashewnuts.* 054006
Introduction and dispersion of Iva **xanthyfolia** *Nut.* In Central Europe. 056411

NYMPHAEA
On morphological differences of *Nymphaea* **alba** L. And Nymphaea candida Presl. in the Ukraine. 056650

NYMPHALIDAE
New or little known Lepidoptera from Venezuela. 8. Prepona praeneste praeneste Hewitson and Prepona pareneste choroniensis n. subsp. (Lepidoptera, *Nymphalidae,* **Charaxinae).** 061139
Extension of Brenthis **daphne** *(Nymphalidae)* [Insect geography]. 061091
Note on Charaxes xiphares Cramer (Lepidoptera, *Nymphalidae)* with the **description** of a new subspecies [Charaxes xiphares bergeri] from Zaire. 061206
Pearlies and draught-boards. Britain's **fritillaries** *[Nymphalidae].* 061158
Coevolution of plants and herbivores: passion flower butterflies [Passifloraceae, **Heliconiini** *(Nymphalidae)].* 056493
Anomaly in Charaxes **jasius** L. *(Nymphalidae).* 061086
A new species of Euriphene [pinkieana] Boisduval (=Diestogyna Karsch) **(Lepidoptera,** *Nymphalidae).* 061195
Contribution to the study of Charaxes of the etheoles group (Lepidoptera, *Nymphalidae)* **[New** taxa]. 061197

NYMPHS
Nymphs of **Catoplatus** dilatatus, Tingis valida, Tingis hellenica and Tingis griseola (Heteroptera, Tingidae). 061076
Maintenance close to the *nymphal* **ecdysis** of a restoration power of the imaginal leg of Tenebrio molitor after larval amputation. 060721
Free amino acids in the haemolymph of the last **instar** *nymph* of the dragonfly, Orthetrum chrysis (Selys) (Odonata: Libellulidae). I. Effects of centrifugation and starvation. 060793
Utilization of free amino acids of food in the digestive tract of the "Ak" grasshopper Poecilocerus pictus (Fabr.). I. Studies on Vth **instar** *nymphs.* 060813

NYSSA
Cobalt accumulation and circulation by blackgum trees *[Nyssa* **sylvatica].** 058577

OAK
A natural history and population study of **durmast** *oak* (Quercus petraea Liebl.) in the northwest Caucasus. 056082
Dynamics of soil organic matter in different parts on a slope under **evergreen** *oak* [Quercus] forest. 061736
Reinvestigation of *oak* **leaf** roller [Archips semiferanus] sex pheromone components and the hypothesis that they vary withdiet. 060377
Effects of prescribed burning on small mammal populations in a *mixed-oak* **[Quercus]** clearcut. 056114
The rate of protein biosynthesis and absorption of mineral substances by the roots of *oak* **[Quercus** robur] and ash [Fraxinus excelsior] growing together in the forest. 058572
Sap beetle [Nitidulidae] involvement in the formation of sap spots on *oaks* **[Quercus]** in Mississippi. 060370
Seasonal changes of soil components in relation to nutrient circulation in the *oak-hornbeam* **[Quercus-Carpinus]** forest (International Biological Program site). 061670
Dynamics of nutrient cycling in *oak-hickory* **[Quercus-Carya,** forest ecosystem]. 061665
The **red** *oak* (Quercus borealis Michx) in Belgium [Forest inventory]. 056010
On the length/diameter ratio of the **red** *oak* [Quercus] branches and its use in determining the initial density of plantations. 056040
Laboratory press-drying of **red** *oak* [Quercus rubra, wood]. 056272
Growth and assimilation rate of juvenile northern **red** *oak* [Quercus rubra]: effects of light and temperature. 058578
Growth and structural development of **red** *oak* [Quercus rubra] sprout clumps. 058579

OATS
Specific binding of victorin [pathotoxin from Helminthosporium victoriae] and calcium: evidence for calcium binding as a mediator of victorin **activity** *[Oats].* 059379
Predisposition to Septoria [avenae] leaf blotch in *oats* **affected** by barley yellow dwarf virus. 059262
Organization and activity of the root cap meristem of **Avenasativa** L. *[Oats].* 056862
Oat **breeding** (Review). 057169
Proteins and amino acids of barley, *oats,* and **buckwheat.** 053950
Root knot nematode, Meloidogyne naasi] on wheat in **Chile** *[Oats].* 059860
Calcium requirement for indoleacetic acid-induced acidification by Avena [sativa, *oats]* **coleoptiles.** 058187
Changes in envelope permeability during chloroplast **development** *[Oats].* 058209
Treatment of cereal seeds (wheat, barley, *oats)* **[Fungus** disease control]. 059277
Use of *oats* **grown** for silage as solution for the feed problem. 058893
Chemistry of components in wheat and *oats* that **influence** behaviour of wheat bulb fly larvae [Leptohylemyia coarctata]. 060218
The occurrence and function of short chain length fatty acids in plants *[Oats,* **lettuce].** 058201
Oats for **milling** industry in India. 058626
Accumulation of cesium-137 [isotope] in the crop of barley and *oats* **obtained** on various soils. 062457
Nucleolar size differences of the roots of Oryza **sativa** *[Oats].* 056835
Electron microscopic localizaton of monoamine oxidase in coleoptiles of Avena **sativum** L. *[Oats].* 058119
1975 performance of field crop varieties. Corn-grain **sorghum-summer** *annuals-oats-rye* barley-wheat-alfalfa-tobacco-soybeans [Yields]. 058656
Influence of magnesium on nickel **toxicity** *[Oats].* 059824
Actual problems concerning barley and *oat* **varieties.** 058723
Reaction of new summer wheat and *oat* **varieties** to nitrogen fertilizer and chlorocholine cholide. 058726
Oats, 1976 **[Varieties,** yields]. 058853
Effect of straw application on yield and phosphorus nutrition of crops **[Vetch,** *oats].* 058203
Distribution of 14C [carbon isotope] residue of TCA14C [trichloracetic acid-carbon isotope] in vegetative and grain parts of *oats* and **wheat.** 058051
It's the **[wild** *oat]* seed in the soil that matters [Weed control]. 059914
Triallate [herbicide] accumulation in **wild** *oat* [Avena fatua] and barley. 060087
Today's weed: **wild** *oat* [Avena fatua]. 060106
The effect of fertilizers and dichlorophenoxyacetic acid on the yield of *oats* and **winter** rye. 058783

OBESITY
[Human] diet and **disease:** *obesity.* 053212
Eating responses of *obese* and **nonobese** humans during dinner meals. 053337
Thermic effect of glucose in *obese* **subjects** studied by direct and indirect calorimetry. 053124

OBSOLESCENCE
Obsolescence of **fixed** capital in farm production. 052551

OBSTRUCTION
Abnormal low density plasma lipoproteins occurring in dogs with *obstructive* **jaundice.** 055835

OCCLUSION
Release of prostaglandin F2 alpha during splanchnic **artery** *occlusion* shock [Dogs]. 054293
Effect of *occlusion* **duration** on reactive hyperemia in sartorius muscle capillaries [Cats]. 054268
Comparison of biophysical and morphological properties of *occluded* and **extracellular** nonoccluded baculovirus from in vivo and in vitro host systems [Rachiplusia ou, Autographa californica]. 060957

OCCUPATIONS
Employment: agricultural and **agribusiness** *occupations.* 052376
Comments on the division of labor in *occupations* **concerned** with food. 053196
Cooperative *occupational* education in small schools [Rural communities]. 052069
Leptospirosis: New Zealand's no. 1 **dairy** *occupational* disease. 055681
Occupational **follow-up** of agricultural education graduates, University of Illinois, 1953-1972. 052136
Police roll call for better nutrition *[Occupational* **Health** Program]. 053231
Training for *occupations* in the **horse** industry. 054120
Is there a *career* for you in the **horse** industry? 054153
Development of a *career* **interest** inventory [Agricultural education]. 052134
Elementary **level** *career* education and agriculture. 052135
How to use the *"Occupational* **Outlook** Handbook". 053458
Poultry husbandry and **related** *occupations* [Organizations]. 052373
Is your work hazardous to your health? *[Occupational* **Safety** and Health Act]. 052925
Occupational **variation** in the pattern of consumer expenditure in rural India [Elasticity]. 052659
Occupational **work** experience [Vocational agriculture]. 052076

OCHRATOXIN
Experimental avian nephropathy. Changes of renal function and structure induced by *ochratoxin* **A-contaminated** feed [Toxicity, chickens]. 055894
Production of *ochratoxin* A by **Aspergillus** ochraceus NRRL-3174 before and after exposures to 60Co [cobalt isotope] irradiation [Fungi]. 052950
Energy-dependent uptake of *ochratoxin* A by **mitochondria** [Aspergillus ochraceus, Fungi]. 057249

OCHROMONAS
Ultrastructure of *Ochromonas* **sp.** Under autotrophic and heterotrophic growth conditions. 056802

OCIMUM
About the nonphenolic part of the essential oil from **basil** *[Ocimum].* 053639
Biosynthesis of phenylpropanoid compounds. II. Incorporation of specifically labelled cinnamic acids into eugenol *[Ocimum* **basilicum].** 057663
Karyomorphological studies in the **genus** *Ocimum.* I. Basilicum group. 056875

OCOTEA
Ocotea **budowskiana** sp. Nova, and a few additional notes on American Lauraceae [New taxa]. 056474

OCTADECENOIC
Long spacings of six alkyl esters of **two** *octadecenoic* acids. 053594

OCULAR *see* **EYES**

ODONATA
Records of the rearing of several north **Japanese** *Odonata.* 061037
The *Odonata* of **Karkola,** south Finland. 061113
Size-weight characteristics of some species of dragon fly **larvae** *[Odonata].* 060980
Free amino acids in the haemolymph of the last instar nymph of the dragonfly, Orthetrum chrysis (Selys) *(Odonata:* **Libellulidae).** I. Effects of centrifugation and starvation. 060793
A revisional study of the genus **Mnais** *(Odonata,* Calopterygidae). VII. A comparative redescription of three Japanese taxa. 061247
The *Odonata* of the **Shizen-Kyoikuen** forest. 061251

ODONTOTERMES
A new mode of egg-laying, in ribbons, and the rate of laying in the **termite** *Odontotermes* obesus (Termitidae). 061053

ODOR
Geosmin, the earthy component of table **beet** *odor* [Contamination of food]. 052989
Comparative study of the post-harvest physiological changes occurring in pungent and *non-pungent* **betel** leaves during normal storage. 054056
Odor **control** with hydrogen peroxide. 062477
A simple method for **detecting** *odors* in rice [Pesticide residues]. 053057
Comparative study of the post-harvest physiological changes occurring in *pungent* and **non-pungent** betel leaves during normal storage. 054056
Wing scents and *scent-released* **phases** in the courtship behavior of Lycaeides argyrognomon (Lepidoptera: Lycaenidae) [Pheromones]. 060899
Fungus [Penicillium, Aspergillus, Trichoderma] contamination of corks responsible for **unpleasant** *odours* in wine. 053043

ODEDEMAGENA *see* **HYPODERMA**

OENOTHERA
Ultrastructural aspects of *Oenothera* **lamarckiana** embryo sac. 056814
Nectar composition of hawkmoth-visited **species** of *Oenothera(Onagraceae).* 056521

OESOPHAGOSTOMUM
Oesophagostomum **Molin** 1861 in white-tailed deer (Odocoileus virginianus) of North America. 055621

OIDIUM
Problems of usage of the generic **name** *Oidium* [Fungi]. 056498

OIL
Life conditions for the forest industries in the *oil* **age.** 056243
Examination of volatile oil of Cinnamomum camphora grown atJorhat, Assam [Cultivation, *oil* **analysis].** 059212
Protein from *oil* could **avert** crisis [Non-agricultural sources of proteins for animal feeding]. 054084
Terpenes of the **bark** *oil* of Pinus radiata. 058608
Sulphation of glycerinated rice **bran** *oil* and coffee meal oil. 053635
Urethane coatings from glycerinated rice **bran** *oil* and coffee meal oil. 053636
Loss of fecundity in Dysdercus koenigii F. Due to vapours of Acorus **calamus** L. *oil.* 060393
Citrullonol, a new hydroxyketotetracyclic triterpene, isolated from neutral components of the *oil* from **Citrullus** colocynthis L. seeds. 057349
A note on *oil* **content** in Asiatic cottons, Gossypium anomalum and their amphiploids. 053940
The influence of a high level of **corn** *oil* on rat serum lipoproteins [Cholesterol, diets]. 053108
Oil **crisis** and the bullock power on the farm [Cost and return planning]. 052289
Latest developments and research in *oil* **crops** in Iran [Culture]. 058750
[Mechanical] injury of seeds of *oil* **crops** in the handling devices of harvesting machines and its elimination. 061625
Protecting water from pollution by **crude** *oil* substances [used on farms]. 062486
Quality and yield of **dill** *oil* produced in Manitoba. 053993
Sunflower—a potential source of **edible** *oil.* 058851
Metabolism of (+)-limonene [a major component of the **essential** *oils* of many fruits and spices] in rats [Nutrition]. 053191
Study of the **essential** *oil* of Achillea asiatica. 053514
The composition of the **essential** *oil* of Mentha lavanduliodora [Mint]. 053515
Simple solid injection method for qualitative and quantitative estimation of **essential** *oils.* 053602
About the nonphenolic part of the **essential** *oil* from basil [Ocimum]. 053639

The quality of rapeseed commercial lecithin. I. Effects of the technological processes of rapeseed drying and *oil* **extraction** on the quality of lecithin. 053865
Study of the process of *oil* **extraction** from cotton bolls by the method of multiple wetting. 053974
Fatty acid composition as a basis for identification of commercial **fats** and *oils.* 053593
Composition of the **fatty** *oils* of the balsams of various conifers. 056154
Technologies for using [animal] wastes [Feed, *oil,* **fertilizer].** 062521
Meadowfoam [Limnanthes and jojoba, Simmondsia] to *oil* **gears** of industry [Seed oils which can be chemically converted to wax esters comparable in quality to sperm whale oil]. 058818
Costs and incomes in sunflower, colza and *oil-flax* **growing** (1971-1974). 052642
Digestibility of partially hydrogenated **herring** *oil* in the rat. 054770
Effects of vitamin E and the rancid fish **liver** *oil* on the spinal motoneurones of white rats. 053347
Sulphation of glycerinated rice bran oil and coffee **meal** *oil.* 053635
Urethane coatings from glycerinated rice bran oil and coffee **meal** *oil.* 053636
Analysis of **mesocarp** *oils* from several different oil palm hybrids. 053623
Do you have the correct **motor** *oil?* 061494
Gastric irrigation and secretion in the ligatured or fistuled pylorus rat upon influence of intra-duodenal **olive** *oil.* 053157
Supply-response analysis of Malaysian **palm** *oil.* 052682
Supply-response analysis of Malaysian **palm** *oil.* 052683
Oil **palm** market survey, a report by the Commonwealth Secretariat. 052706
Palm *oil* is grabbing U.S. Soybean markets. 052722
Oil **palm** products: Review of national policies and plans for Malaysia. 052876
Analysis of mesocarp oils from several different *oil* **palm** hybrids. 053623
Refining of **palm** *oil.* 053624
The effects of varying the level of **palm** *oil* in a constant high protein diet on performance and carcass characteristics of the growing pig. 054804
Description of a new species of lace bug [Leptopharsa gibbicarina] attacking the *oil* **palm** in Colombia (Hemiptera: Tingidae). 061224
Chronic toxicity of a synthetic tri-aryl **phosphate** *oil* to fish. 062403
Bioassay of **pine** *oil* components as attractants for Sirex noctilio (Hymenoptera: Siricidae) using electroanthennogram techniques. 060353
Cultivation of *oil* **plants** in 1975, outlook for 1976. 052914
Cereals, legumes, *oil* **plants;** varieties for 1976. 058633
Prevention of *oil* **pollution** in tidal estuaries. 062570
Evaluation of agricultural products and by-products as animal feeds. IV. The value of **processed** *oil* palm sludge for chicks. 054103
Evaluation of agricultural products and by-products as animal feeds. IV. The value of **processed** *oil* palm sludge for chicks. 054885
Inheritance of *oil* and **protein** content in first hybrid progeny of sunflowers. 057142
Composition of lipids in the **rapeseed** *oil* hydration sludges. 053856
Erucic acid content and polarity of a glyceride molecule [in **rapeseed** *oil].* 053858
Influence of phospholipids [as antioxidants] on the **rapeseed** *oil* autooxidation process. 053860
Effects of **rapeseed** *oil* as an additive with certain herbicide treatments. 059929
A new sesquiterpene alcohol of the copane series from Angelica [archangelica] **root** *oil.* 057213
Effect of feeding protected **safflower** *oil* on yield, composition, flavor, and oxidative stability of milk [Dairy cattle]. 054860
Seed *oils* of four species of the family Caprifoliaceae. 053513
Unsaponifiable substances of the **seed** *oil* of Hibiscus syriacus. 053907
Content and composition of the alkanes and the primary aliphatic alcohols in the unsaponifiable of Citrullus colocynthis L. **seed** *oil.* 057350
Meadowfoam [Limnanthes and jojoba, Simmondsia] to oil gears of industry [**Seed** *oils* which can be chemically converted to wax esters comparable in quality to sperm whale oil]. 058818
Fatty-acid composition of the *oils* of the **seeds** of Anethum graveolens during their ripening. 057435
Variability of the fatty acid composition of *oil* in several **selfed** sunflower lines. 057145
Artificial rearing of pigs. 5. The effect of different proportions of beef tallow or **soya-bean** *oil* and dried skim milk in the diet on growth, feed utilization, apparent digestibility and carcass composition. 054773
Supplemental corn steep liquor, soap stock and **soybean** *oil* for finishing beef steers. 054855
Chick edema factor: removal from **soybean** *oil.* 055841
An *oil* **spill** in an alpine habitat [Effects of pollution on plants, Washington]. 059840
Gas-oil as a **substrate** for single-cell protein production. 053567
Oils of **three** representatives of the family Cruciferae. II. 053512
Feeding protected and **unprotected** *oils* to dairy cows. 054863
History of studying wild-growing useful plants in the Ukrainian SSR. I. Drug, *oil,* **vitamin,** fruit-and berry-bearing, nectariferous plants. 056355
Examination of **volatile** *oil* of Cinnamomum camphora grown atJorhat, Assam [Cultivation, oil analysis]. 059212
Activity of some **volatile** *oils* against Phytophthora parasitica var. piperina. 059326
Meadowfoam [Limnanthes and jojoba, Simmondsia] to oil gears of industry [Seed oils which can be chemically converted to wax esters comparable in quality to sperm **whale** *oil].* 058818

OILSEED

Oilseed **cakes** and their importance in nutrition [Feeding livestock]. 054112
Increase the production of *oilseed* **crops** in Punjab. 058849
Spain's imports of *oilseeds* **hit** new high. 052636
Polish rapeseed crop peaks, *oilseed* **imports** to continue. 052633
Supplementary foods based on *oilseeds* for **infants** & children. 053236
Lesser **known** *oilseeds:* a preliminary note on their nutritive value as determined by in vitro digestion. 053143
Ammoniation of aflatoxin B1: isolation and characterizationof a product with molecular weight 206 [Detoxifying **mold-damaged** *oilseed* meal]. 052987
Schedule of farm **operations** in *oilseeds.* 058850
Make the rabi [field crops] *oilseeds* **pay** more. 058625

OKRA

Effects of nitrogen and phosphorus nutrition on [14C] [carbon isotope]-sucrose translocation in Hibiscus **esculentus** *[Okra].* 058292
Changes in imbibition rate of *okra* (**Hibiscus** esculentus) seeds following high temperature treatments. 058476
Studies on vitamins, amino acids and some other important organic compounds in soils of certain Iraqi crops [Eggplant, *okra,* **tomato].** 061649

OLEA

Studies of foliar mineral leaching in Mont Kenya forest tree seedlings [Podocarpus gracilior, Podocarpus milanjianus, *Olea* **africana].** 058602
CO2 [carbon dioxide]-exchange of sclerophylls in the northern Lake Garda district [Quercus ilex, *Olea* **europea].** 058547

OLEFIN

Epoxide to *olefin:* a **novel** biotransformation in the rumen. 054700

OLETHREUTIDAE

Epinotia crenana Hb., a species new for France **(Tortricidae,** *Olethreutinae).* 061089

OLFACTORY

Olfactory **activity** of Cimex lectularius L. In relation to sex and age composition and density of population. 061029
Removing the bad *smell* of **air** ventilated from swine and chicken houses [Costs, equipment]. 052512

OLIGOCENE

Evidence of the *Oligocene* in the **sedimentary** basin, Cameroon coast, obtained from palynological information. 056457

OLIGOMERIC

Evidence of *oligomeric* **IgA** [immunoglobin A] in canine thymus cysts [Neoplasms]. 055764

OLIGOSACCHARIDE

Oligosaccharides from **Gypsophila** patrinii. 057459
Stereospecificity for *oligosaccharides* of **two** receptor sites in a labellar sugar receptor of the fleshfly [Boettcherisca peregrina]. 060927

OLIVES

A possible origin of some *olive-green* **cells** in aphotic marine environments [Amphora coeffaeformis, Algae]. 056859
Russian-olive [**Elaeagnus** angustifolia] for wildlife [food and voer] and other conservation uses. 059215
Gastric irrigation and secretion in the ligatured or fistuled pylorus rat upon influence of **intra-duodenal** *olive* oil. 053157
Rooting response of juvenile and adult **leafy** *olive* cuttings to various factors. 058411

OMASUM

On the contractile activity of the *omasum* of **sheep** in vitro. 054405

OMMOCHROME

Quantitative analysis of *ommochrome* **pigments** of eyes of males and females of Pieris brassicae. 060880

ONAGRACEAE

Flora of **Ecuador.** 141. *Onagraceae.* 056563
Nectar composition of hawkmoth-visited **species** of *Oenothera(Onagraceae).* 056521

ONCIDIUM

We'd like to tell you about some of our hangups! *[Oncidium* **papilio].** 058929

ONCOGENIC

The *oncogenic* **potential** of some avian adenoviruses causing diseases in chickens. 055461
Comparative cytogenetic studies of spontaneous leukoses of cattle and cultures [of bovine adenoviruses] affected by the action of some *oncogenic* **viruses.** 055491

ONCOPELTUS

The milkweed bug electroanthennogram: milkweed bug extracts and the effect of light and temperature *[Oncopeltus* **fasciatus].** 060929

ONIONS

Cytotaxonomic studies of several species of *onion* [**Allium**] from section Codonoprasum Reichenb. 056452
Early production of **bulb** *onions* from overwintered crops in the United Kingdom. 058907
Giemsa staining of root tip chromosomes after acid hydrolysis [Lentil seedlings, *onion* **bulbs].** 056873
Mildew disease (Sclerotium **cepivorum)** of *onions.* 059312
Mechanized cultivation and harvesting of the **common** *onion.* 061545
Studies on the biology and ecology of *onion* **downy** mildew (Peronospora destructor) Berk. (Fries) in Hungary. III. Epidemiology of the disease. 059230
Onion and **garlic** pests and diseases [that started in the field and appear] during storage. 059816
Use of Trifluralin and Benefin on *onions* **grown** from onion sets for weed control. 060008
Prospective **herbicides** for *onions.* 060015
Reserves for **increasing** *onion* seed yields [Weed control andhoneybee pollination]. 059108
Effect of alpha-amanitine on the nucleolus of meristematic cells of Allium cepa *[onions]* in **interphase** and mitosis: an ultrastructural analysis. 056833
Economic effectiveness of production of *onions* under **irrigation** on vegetable dairy state farms of the Ukraine [Costs, returns]. 052524
Interferometric changes in *onion* **nuclei** and nucleoli during development. 058437
Amitosis in plants and animals [Isoetes, **peas,** *onions].* 056867
An unknown symptom on *onion* **plants** caused by Pseudomonas alliicola (Burkholder) Starr et Burkholder. 059497
Refrigerated storage of **potatoes** and *onions.* 054030
Report on *onion* **production** in Egypt [Culture]. 059042
Enzymatic maceration of plant tissues by endo-pectin lyase and endo-polygalacturonase from Aspergillus japonicus [Potatoes, *onions,* **radishes].** 059422
Late fall planting of **seed** *onions.* 059093
[Plastic] film shelters and the *onion* **seed** yields. 059114
Effect of herbicides on the preservability of *onions* and **seed** yield. 060026
Use of Trifluralin and Benefin on onions grown from *onion* **sets** for weed control. 060008
Biological activity of vernoflexuoside [isolated from Vernonia flexuosa] on the basis of Allium *[onion]* **test.** 058346
Microtubules and secondary wall deposition in xylem: the effects of isopropyl N-phenylcarbamate *[Onions,* **wheat].** 056898

ONISCOIDEA

A new genus and species of the family Porcellionidae Verhoeff, 1918 (Isopoda, *Oniscoidea)* [**Tadzhikoniscus** coecus]. 061267

ONOBRYCHIS

Substances detected on the surface of the roots of various species of the **genus** *Onobrychis* adans and in the soil surrounding them. 057480

ONTOGENY

The *ontogenesis* of **cerebral** dopamine metabolism in the pig. 054394
The *ontogeny* of **cold** tolerance in the gall fly, Eurosta solidagensis. 060930
Effect of 2-chloroethylphosphonic acid on wheat, sunflower and pea plants in early stages of *ontogenetic* **development.** 058246
A remote effect of the action of the analogues of the juvenile hormone in the *ontogenesis* of **Eurygaster** integriceps Pub. (Insecta, Hemiptera). 061050
The *ontogeny* of **germ** plasm during oogenesis in Drosophila [melanogaster]. 060770
Ontogenetic **membrane** transitions in plastids of the coenocytic alga Caulerpa [verticillata] (Chlorophyceae). 057835
Characteristics of the transport apparatus of leaves in some lines of winter wheat during *ontogenesis.* II. **Size** of vascular bundles. 058213
Changes of esterase electrophoretic patterns during the *ontogenetic* **stages** of diploid native Greek species of the genusAegilops. 057129
Ontogeny and **structure** of the perithecia of Staurothele sapandica (Pyrenolichen, Verrucariaceae) [Lichens]. 056914
Irrigation amount and number of single irrigation quantities in **sugarbeets** during *ontogenesis.* 062290

OOCYSTIS

Cellulose microfibrils: visualization of biosynthetic and orienting complexes in association with the plasma membrane *[Oocystis* **apiculata].** 057931

OOCYTE

Histoautoradiographic studies on the premeiotic DNA synthesis in **chick** *oocytes.* 054403
In vitro acquired ability of rabbit and **cow** *oocyte* to ensure sperm nucleus decondensation during fertilization (MPGF). 055037
Extrachromosomal DNA and RNA-synthesis in *oocytes* of **Creophilus** maxillosus (Staphylinidae, Coleoptera, Polyphaga). 060792

The effect of caffeine on repair systems in *oocytes* of **Drosophila** melanogaster. II. The induction of chromosome aberrations in irradiated males. 060968
Dissociation of response to injected gonadotropin between the Graafian follicle and *oocyte* in **pigs.** 054645
Oocyte at **prophase** 1 of meiosis: a cytological mode for study of genes coding ribosomal, RNA [Quails]. 055040

OOGENESIS

The ontogeny of germ plasm during *oogenesis* in **Drosophila** [melanogaster]. 060770
A biochemical study of *oogenesis* in the **housefly,** Musca domestica. 060854
Oogenesis in the **malaria** mosquito Anopheles gambiae. 060429

OOSPORA

Infection of potato tubers by *Oospora* **pustulans** during the growing season in relation to the distribution of tubers in the ridges. 059458
Susceptibility of potato cultivars to skin spot disease [caused by *Oospora* **pustulans].** 059460

OOTHECA

Studies in cockroach egg capsules. VIII. The *ootheca* of **Cariblatta** hebardi Rehn (Orthoptera: Blattidae). 060947

OPAQUE

Preliminary effects of **incorporating** *opaque-2* in medium maturing hybrid maize [Breeding]. 057039
Comparison of the amino acid composition of the grain of the maize **mutant** *opaque* 2 and its hybrid with the line W 64 A-162. 058215
Technical advice for the culture of early potato under *opaque* **plastic** mulch. 059149
Preliminary evaluation of two new high-quality **protein** *opaque-2* corn varieties on an acid and relatively infertile soil (Utisol) of Puerto Rico. 058789

OPERCULELLA

A sex pheromone in the potato tuberworm moth, **Phthorimaea** *operculella* (Zeller): biological assay and preliminary chemical investigation. 060300

OPEROPHTERA

Effects of two insect growth disruptors, PH 6038 and PH 6040, on the winter moth, *Operophtera* **brumata** (Lepidoptera: Geometridae) [Pest of apple trees]. 060264

OPHIOBOLUS

A scanning electron microscope study of interactions between microorganisms and Gaeumannomyces graminis (syn. *Ophiobolus* **graminis**) on wheat roots. 059355
Some informations on the control of the [fungus] diseases stem break [Cercosporella herpotrichoides] and take-all *[Ophiobolus* **graminis]** of cereal crops. 059485

OPHIOGLOSSUM

A note on the young fronds of *Ophioglossum* **palmatum.** 056770
Ophioglossum **vulgatum** Linn.—a new host of Curvularia lunata (Wal.) Boed. 059286

OPIUM

Opium **alkaloids.** XVI. The biosynthesis of 1-benzylisoquinolines in Papaver somniferum. Preferred and secondary pathways; stereochemical aspects. 057673
An interesting line of *opium* **poppy** [Papaver somniferum, varieties, drug plants]. 059221

OPPIA

Spatial distribution of oribatid mites in small areas. II. The distribution pattern of some oribatid species *[Oppia* **nova,** Tectocepheus velatus]. 061125

OPTICS

Synthesis of *optically* **active** pyrocin by asymmetric hydrogenation [Pyrethrins, insecticides]. 060515
Synthesis of *optically* **active** dihydrochrysanthemolactone by asymmetric decomposition of unsaturated diazoacetic ester [Insecticides]. 060516
The use of an *optical* **brightener** in the study of plant structure. 056920
Studies on the *optical* **density** changes in suspensions of Candida albicans NCTC 713 induced by the polyene antibiotic candicidin [Yeasts]. 057743
Relation between degree of rot, tissue impedence and *optical* **density** of an extract made with ethyl acetate of the alfalfa root. 059722
Micromorphometric soil-porosity characterization by means of *electro-optical* **image** analysis (Quantimet 720). 061877
Evaluating accuracy of tree measurements made with *optical* **instruments** [Dendrometers]. 056028
Synthesis of *optically* **pure** (+)-trans-verbenol and its antipode, the pheromone of Dendroctonus bark beetles. 060341
A series of *optical,* **structural** and isomeric analogs of estradiol: a comparative study of the biological activity and affinity to cytosol receptor of rabbit uterus. 055158
Ganglioside, protein, hexose, and sialic acid changes in the **trisected** *optic* tectum of the chick embryo. 054452

OPTIMIZATION

A system of *optimizing* the use of **animal** manures on a grassland farm. 061956
Influence of *infra-optimal* **breeding** temperature on spermiogenesis of the locust Locusta migratoria. I. Abnormalities indifferentiation of the cytoplasmic organelles. 060954
Influence of *infra-optimal* **breeding** temperature on spermiogenesis of the locust Locusta migratoria. II. Abnormalities in differentiation of the nucleus. 060955
A procedure for linking linear programming to FORTRAN for *post-optimal* **budgeting** [Grain volume handling]. 052729
Automatic conduction and *optimization* of **fermentation** procedures. 053499
Optimal use of **forest** resources for people [Wood products]. 056048
Degree of *optimal* **maturity** of the grape in relation to the type of wine to process. 054044
Optimal **[meat]** production from a blesbok herd [Antelope, grazing]. 054174
Optimization of **method** for determination of tetrazolium reductase activity of soil. 061747
An *optimal* **policy** for the metabolism of storage materials in unicellular algae. 057724
The *optimal* **requirement** of wool-and-meat producing sheep in phosphorus. 054972
Optimal **strategy** for feeding concentrates in a large dairy operation [Cattle]. 055011
The *optimal* **strategy** for the metabolism of reserve materialsthe growth and pupation of dermestes maculatus larvae. 060953
An *optimization* **technique** adapted to USDAHL-74 revised model of watershed hydrology. 062351
Mathematical anaysis of milk yield as a basis of its forecast and *optimization.* I. **[Tests** with Bulgarian Brown cows]. 054245
Optimal **therapy** of otitis externa, skin diseases, anal gland inflammation and interdigital cysts in small animals [Dogs, cats]. 055877
The *optimal* **water** regime for agrophytocoenoses of pastures in the Nonchernozem zone of the Russian Soviet Federative Socialist Republic. 062333
Some approaches to problems of *optimization* of **water-conservation** measures. 062345

OPTIMUM

Optimum **calcium** removal in lime softening [Water treatment]. 062239
Optimum **design** of milking machines. 061501
A contribution to the *optimum* **distribution** of wine-processing enterprises in the Lesser Carpathian wine-growing area. 052885
Determination of *optimum* **dose** and number of applications of Brestan 60 for the control of rice blast disease, Pyricularia oryzae Cav., in Morelos State. 059236
Optimum **feeding** areas of white-headed cabbage [Spacing]. 059101
Direct measurements of turgor pressure potentials of guard cells. II. The mechanical advantage of subsidiary cells, the Spannungsphase, and the *optimum* **leaf** water deficit [Tradescantia virginiana]. 057698
Degree of specialization of the dairy farms [in Schleswig-Holstein] still not adequate [for *optimum* **milk** production]. 052399
Optimum **periods** for harvesting and after-ripening of cucumber seed plants. 059102
Optimum **ratio** of labor productivity and wages [in farm production]. 052335
An *optimum* **sampling** strategy for plant species frequencies [on grassland]. 056719
The problem of finding an *optimum* **solution** [Agricultural systems]. 052363
Optimum **sowing** periods for raingrown cotton in Kenya. 058674
Determination of the *optimum* fate of **substitution** of basic intensification factors in maize production. 058839

OPUNTIA

The effect of vapor pressure deficit on diffusion resistance in *Opuntia* **compressa.** 057393
Singeing on the range *[Opuntia* **polyacantha** as feed for cattle, succulents]. 054069

ORAL

Metabolism and caloric utilization of *orally* **administered** maltitol-14C [carbon isotope] in rat, dog, and man [Replacements for sucrose in special dietary foods]. 053190
Comparison of the efficiency of cronolon and superlutine **administered** *orally* to sheep with synchronization of estrus in the period of fertility. 055202
Influence of *orally* **administered** histamine on the gastric secretion in suckling piglets [Coli dysentery]. 055665
Treatment results of ovarian cysts of cattle after application of choriongonadotropin **and/or** *orally* administered gestagen in combination with vitamins. 055879
Practical verification of the possibility of synchonization of the estrus of semi-fine wool sheep in the period of fertility by *oral* **application** of superlutine. 055205
Alkaline phosphatase in the alimentary canal of silkworm, Bombyx mori L., larvae, poisned by the *oral* **application** of fluorine compound. 061345
The effect of apomorphine on *oral* **behaviour** in piglets. 054392
The effects of an *oral* **contraceptive,** ascorbic acid and iron on glucose and copper metabolism in the rat. 053289
Fate of the juvenile hormone mimic 1-(4'-ethylphenoxy)-3,7-dimethyl-6,7-epoxy-trans-2-octene (Stauffer R-20458) **following** *oral* and dermal exposure to steers [Stomoxys calcitrans, control]. 060436
Oral **infection** of mammals with Sarcocystis fusiformis bradyzoites from cattle and sporocysts from dogs and coyotes [Protozoan parasites]. 055622
Effect of resistance possessed by certain enteric microorganisms upon *orally* **inoculated** salmonella [Mice]. 055404
Efficacy of *orally-administered* **N-hydroxymethyl-DL-methionine** (Ca) as a surce of methionine for ruminants. 054907
Oral **toxicity** to foraging honeybees of pesticides declared harmless to beneficial insects [Apis mellifera, poisoning]. 061293

ORANGES

Localization of "transcriptively active" cells during odontogenesis using **acridine** *orange* ultrastructural cytochemistry [Tooth development, rabbits, enamel protein synthesis]. 053136
Use of **acridine** *orange* for the detection of a protozoan parasite [Lankesteria culicis] in a mosquito [Aedes aegypti, natural control]. 060480
Care and handling of *orange* **concentrate** by dairy processors. 053986
Cultivating **Cox** *Orange.* 2 [Apples, varieties]. 059190
The use of cytex cytokinin hormone concentrate against citrus [Young] Tree Decline *[Oranges,* **diseases** of unknown origin]. 059730
Performance of 'Marrs' **early** *orange* on eleven rootstocks inSouth Texas. 059062
Characteristics of intervarietal **hybrid** *orange* fruits. 057170
Resistance to benomyl and thiophanate-methyl in strains of Penicillium digitatum and Penicillium italicum in **Japan** *[Oranges].* 059446
Tristeza virus complex: its transmission by the aphid, Toxoptera citricidus [to *orange* and **lime** trees]. 060328
Biologically active substances in **mandarine** *oranges.* 058524
Causes of deficiency in microelements in **mandarine** *oranges* and ways of their elimination. 058525
The population of Amblyseius largoensis [predatory mite] and its dynamics in citrus groves **[Mandarine** *oranges].* 060337
Ammonium and potassium uptake by citrus **roots** *[Oranges].* 058455
The passing through phenological phases by **Satsuma** *orange* under the conditions of the Poti microregion in Colchis. 058528
Effect of sweet lime on four different root stocks **[sour** *orange,* rough lemon] for yield and quality. 062097
Studies on the control of weeds in Mosambi with Gesatop and Caragard herbicides [in a **sweet** *orange* orchard]. 059956
If *oranges* could **talk** [Storage]. 053995
Propagation of the *orange* **tree.** 059196
The *orange* **tree** [Propagation by grafting]. 059198
Isoponcimarin: new coumarin from Poncirus trifoliata **[Trifoliate** *oranges].* 058471

ORBIT

A hydrogeomorphic approach to evaluating flood potential in central Texas from *orbital* and **suborbital** remote sensing imagery. 062209

ORCHARDGRASS

Comparison of *alfalfa-orchardgrass* **[Dactylis]** mixture with orchardgrass as hay for lactating dairy cattle. 054778
Evaluation of a new variety of *orchardgrass* **[Dactylis** glomerata] for cattle. 058792
Comparison of alfalfa-orchardgrass [Dactylis] mixture with *orchardgrass* as **hay** for lactating dairy cattle. 054778

ORCHARDS

Erwinia amylovora on fire blight canker surfaces and blossoms [in pear and **apple** *orchards]* in relation to disease occurrence. 059527
Ecological fertilization of *orchards* on the **basis** of soil analysis. 061932
Wildlife **control** in *orchards.* 059758
Use of synthetic sexual pheromones for trapping in the integrated [pest] **control** or *orchards.* 060275
Land utilization in **fruit** *orchard* state farms [in the Ryazan' Region]. 052214
Disease and insect control in **home** *orchards* [Peaches, apples, plums, pears]. 059725
Spray schedule for **home** *orchards* [Insect pests and diseases]. 059760
Hints for the establishment of **litchi** *orchards.* 059168
Concepts for **mechanizing** *high-density-orchard* fruit [apple] culture [Equipment]. 061611
Integrated control of *orchard* **mites** on apple in British Columbia. 060265
Study of the influence of characteristics of *orchards* and **nutrition** of trees on the taste quality of Golden Delicious apples. 052962
Studies on the control of weeds in Mosambi with Gesatop and Caragard herbicides [in a sweet **orange** *orchard].* 059956
Final report on fertilizer movement through soil resulting from rainfall [Nutrient loss, **peach** *orchards].* 061772
Determination of hydraulic conductivity under different soil conservation **treatments** on *orchards.* 062119

ORCHIDACEAE

Studies on *Orchidaceae* **glycosides.** 2. The structures of loroglossine and militarine, two glucosides from Orchis militaris L. 058268
The genus Perreiraara, with notes on intergeneric **hybridizing** *[Orchidaceae].* 056934
Pleurothallis [northenae]—an innocent pariah *[Orchidaceae,* **new** taxa]. 056389

ORCHIDS

Orchids **adapting.** 058430
American *Orchid* Orchid Society, Inc.: Minutes of the annual meeting of members [October 11, 1975]. 058918
Clerkmanship—the art of expediting judging at an A.O.S. **[American** *Orchid* Society] orchid show. 058921
Re-usable disposables [Containers for *orchid* **arrangements].** 058927
Detection and electron microscopic characterisaton of "long" bulletshaped virus-like particles in **cultivated** *orchids.* 059628
Orchid **culture** under lights: who needs the sun. 059125
Dendrobium hybrids—Hawaii's **endemic** *orchids?* 056931
Sieve-like distribution of callose in Meiocyte chalazal wall in ovules of *orchid* **Epipactis.** 056803
Orchid **genera,** illustrated. 50. Bifrenaria. 056388
Orchids in **Indonesia:** their development and prospects. 059133
An *orchid* **lighting** experiment at Bardfield [Phalaenopsis and Dendrobium phalaenopsis]. 058919
American **Orchid** *Orchid* Society, Inc.: Minutes of the annual meeting of members [October 11, 1975]. 058918
Pleurothallis—*orchids* for the connoisseur. 058926
Harvesting times of *orchid* **seed** capsules for the green pod culture process. 058924
Clerkmanship—the art of expediting judging at an A.O.S. [American Orchid Society] *orchid* **show.** 058921
A three-dimensional *orchid* terrarium. 058917
Hybridizing: if you don't **try** *[Orchids].* 056932

ORCHIS

Typification of *Orchis* **elata** Poiret. 056642
Studies on Orchidaceae glycosides. 2. The structures of loroglossine and militarine, two glucosides from *Orchis* **militaris** L. 058268

ORGANELLES

Phosphatase activities and osmium reduction in **cell** *organelles* of Micrasterias americana [Algae]. 056902
Phytochrome-controlled develoment of **cell** *organelles* (Plastids, microbodies, mitochondria). 057257
Demonstration of the ultrastructural changes in **cytoplasmic** *organelles* of ram spermatids during somatic-type histone transition. 055157
Influence of infra-optimal breeding temperature on spermiogenesis of the locust Locusta migratoria. I. Abnormalities indifferentiation of the **cytoplasmic** *organelles.* 060954

ORGANIC

Nitrate-induced corrosion of tin plate as affected by *organic* **acid** food components. 053587
Effect of barley variety, environment, and malting technology on the *organic* **acids** of malt. 053955
Improvements in the automatic determination of *organic* **acids** from plant tissues by liquid-liquid chromatography on a silica gel column. 057689
Organic **acids** of three varieties of wheat and C14 [carbon isotope] pyruvate absorption. 058133
A study of test media used for the identification of soft-rotting Erwinia species. II. Utilization of *organic* **acids.** 059522
Stimulation of denitrification in soil columns by **adding** *organic* carbon to wastewater. 061735
Growth and effects of ureaplasmas (T mycoplasmas) in **bovineoviductal** *organ* cultures. 055572
Studies of Scharer's original method for alkaline phosphatase in milk with a modification utilizing an *organic* **buffer.** 053743
Accumulation rate and turnover time of *organic* **carbon** in a salt marsh sediment [Spartina alterniflora]. 057732
Cycling of *organic* **carbon** in the ocean: use of naturally occurring radiocarbon as a long and short term tracer. 062438
An attempt to characterize **certain** *organic* and mineral substances by their stable isotope composition [in plants, alcoholic fermentation]. 057622
The morphological and functional characterists of insects **chemosensory** *organs.* 061052
Methods for the rapid detection of phytotoxic effects of *organic* **compounds** [Development of new herbicides]. 059976
Suppression of the neoplastic state with the acquisition of specialized functions in cells, tissues, and *organs* of **crown** gall teratomas of tobacco [Agrobacterium tumefaciens]. 059535
Differentiation of mammary gland during pregnancy: the response to hormones of rabbit and goat mammary gland explants in *organ* **culture.** 055140
The stratigraphic distribution of *organic-walled* **dinoflagellate** cysts in the Cretaceous and Tertiary [Paleobotany]. 056602
Periods of *organic* **fertilizer** application and yield of potatoes. 061975
Changes in water stability of soil aggregates with different manuring method of vineyards with *organic* **fertilizers.** 061816
Organic **gardening** goes to college [University of Rhode Island]. 059155
Hemocytes and the **hematopoietic** *organ* of Thermobia domestica (Packard) (Thysanura: Lepismatidae). 060886
The distribution of nitrogen in some **highly** *organic* tropical volcanic soils. 061866
Studies on vitamins, amino acids and some other **important** *organic* compounds in soils of certain Iraqi crops [Eggplant, okra, tomato]. 061649
Leaching of *organic* and **inorganic** substances from crops by the action of rain. 057722
Fixed ammonium in Nigerian soils. III. Capacity of *organic* and **inorganic** soil components to retain added ammonium. 061727
Influence of the nutritional quality of the food substrate on the chemical composition of *organs* and their **interrelations** in Bombyx mori L. 061289
Dynamics of amino-acid composition of the medium in **isolated** *organ* culture by the controlled-perfusion method [Dogs]. 054396
Body burden of hexachlorobenzene in suckling rats and its effects on various *organs* and on **liver** porphyrin accumulation. 055908
Nitrate and mineral content of fresh and cut silage maize after heavy dressings of *organic* **manure.** Report of research on working farms in 1971 and 1972. 062041
Water and the production of *organic* **matter** [Gas exchange processes in plants]. 057258
Manganese relationships of soil and plant. II. Studies on manganese fixation [Sphagnum, *organic* **matter].** 061633
The modification of soil microflora due to soil aeration. 2. The influence of an inhibited aeration and of differentiated dioxide partial pressure on the flora of bacteria and fungi during decay of *organic* **matter.** 061899
The qualitative change of the bacterial flora of arable soils by manuring with *organic* **matter.** 1. 061900
Recent sedimentation and resuspension of *organic* **matter** in eutrophic Lake Esrom, Denmark. 062495
Total and *organic* **mercury** in the Pacific blue marlin. 060534
Preliminary study of bromine residues in crops in soils having received applications of mineral potassium bromide and *organic* **methyl** bromide. 061774
Adsorption and desorption of pyrazone [herbicide] by some *organic* and **mineral** colloids. 060055
Effect of *organic* and **mineral** fertilizers on the yield and the uptake by garlic plants of mineral nutrients from the soil. 062013
The functional significance of cephalic aorta as a **neurohaemal** *organ* in Labedura riparia (Pallas) and other Dermaptera. 061067
Significance of the source of carbohydrates and *organic* **nitrogen** for cambial activity in the culture of isolated stem segments [Pinus sylvestris]. 058589
Some thoughts on *organic* **phosphate** poisoning. 060539
Studies on avian erythrocyte metabolism: Effect of *organic* **phosphates** on oxygen affinity of embryonic and adult-type hemoglobins of the chick embryo. 054326
Changing the activity of some oxidizing enzymes in tomato and bean plants under the influence of [the *organic* **phosphorus** insecticides] Sayphos DP-70 and Thinox 50. 060296
Metabolism of phosphorus in cotton **plant** *organs* treated with nicotinic acid. 058083
Inclusions of common mosaic virus of peas in cells of different *organs* of the **plant.** 059671
The **postantennal** *organ:* a specialized unicellular sensory input to the protocerebrum in apterygotan insects (Collembola) [Hypogastrura socialis, Isotoma olivacea]. 060747
The effect of complete and protein starvation and refeeding casein on the acid phosphatase activity of the various *organs* of **rat.** 053188
Soil-climate-crop considerations for **recycling** *organic* wastes. 062565
Morphology and anatomy of higher plants, *organs* of **reproduction.** 056845
Study on the pathological conditions in the **reproductive** *organs* of cows. II. Pathology of salpinx, bursa and broad ligament. 055856
Effect of irrigation on formation of **reproductive** *organs* of eggplants. 058443
Alimentary and **reproductive** *organs* of Diopsis thoracica. 060640
Nature and quantity of **sloughed** *organic* matter produced by roots of axenic peanut plants [and available for decomposition by soil microorganisms]. 058248
Development studies on **soil** *organic* matter: humin. A review. 061657
Dynamics of **soil** *organic* matter in different parts on a slope under evergreen oak [Quercus] forest. 061736
Chromatographical fractionation of **soil** *organic* matter in a soil-sand column. 061746
Results of the use of straw as an *organic* **soil** amendment. 061994
Phloem loading [Translocation of *organic* **solutes].** 057544
Spectrum of variability induced in soft wheat by *organic* **solutions** of N-nitrosoalkylureas. 057166
Genetic activity of N-nitrosoalkylureas on common wheat in conjunction with *organic* **solvents.** 057159
Promotive effects of *organic* **solvents** and kinetin on dark germination of lettuce seeds. 058498
Organ-specific and **species-specific** antigens in cat liver. 054406
Organ **specificity** of peroxidase isozymes in mulberry (Morusspp.). 057789
Interaction of growth regulators during formation of the *organs* in **stem** cuttings of black currant and cherry. 058360
Organic contribution of **stream** edge forest litter fall to the chalk stream ecosystem. 056734
The release of *organic* **substances** by cereal roots into soil [Wheat, barley]. 058137
Determination of biological degradability of *organic* **substances** [Environment, wastewater]. 062574
Study of genital malformations in female cattle from *organs* **taken** from the Teheran slaughterhouse. 055822
Organic **technology** [Agricultural research in the United States]. 052118
Quantitative study of *organs* or **tissues.** II. Methods for measuring the surface areas of cell structures [Animal physiology]. 054319
Stripping of **trace** *organic* substances from water equipment and procedure. 062249
Morphology and anatomy of higher plants, *organs* of **vegetation.** 056844
Cultivation of Collybia velutipes (Curt.) Quel. [Fungi] on synthetic liquid medium: The effect of light on free amides and amino acids, protein aminoacids and non **volatile** *organic* acids composition of mycelium and fruit bodies. 057364
The influence of domestication on body and *organ* **weights** in the mink. 054746

ORGANISM

Seasonal concentrations of dieldrin [insecticides] in water, channel catfish, and **catfish-food** *organisms,* Des Moines River, Iowa—1971-73. 060591
Survival of Alternaria cucumerina, the **causal** *organism* of leaf spot disease of cucurbits. 059231
Some studies on boll rot of cotton in the Punjab. II. Symptoms and **causal** *organisms.* 059365
Production of chlamydospores and microsclerotia by Gaeumannomyces graminis var. tritici **[Causal** *organism* of wheat take-all]. 059475
Serological recognition of Erwinia carotovora var. Atroseptica, the **causal** *organism* of potato blackleg. 059533
Comparison of the *organism* **causing** greening disease with several plant pathogenic gram negative bacteria, Rickettsia-like organisms and mycoplasma-like organisms. 059575
Financing **cooperative** *organisms* by agricultural credit. 052463
Technical note 14: wood and **decay** *organisms.* 056296
How biological weed control is working [Use of natural enemies (plant-feeding and **disease-causing** *organisms)].* 060095
Nitrogenase activity in relation to **intracellular** *organisms* in Sphagnum mosses. 057843
Studies on the protective role of vitamin C under conditions of exposure of the *organism* to **ionizing** radiation [pigeons, and mice]. 054502
Lipolytic activity of *organisms* **isolated** from refrigerated bulk milk. 053700
The clover club **leaf** *organism* [transmitted by Agaliopsis novella]. 059588
Seasonal trapping of insect-vectored virus and MLO [mycoplasma **like** *organisms]-associated* diseases by attractive trap plants. 059583
Clover phyllody disease in Yugoslavia [caused by **mycoplasma-like** *organisms].* 059540
Comparison of the organism causing greening disease with several plant pathogenic gram negative bacteria, Rickettsia-like organisms and **mycoplasma-like** *organisms.* 059575
Serological diagnosis of sandal spike disease [Santalum, **mycoplasma-like** *organisms].* 059600
Ultrastructure of **mycoplasma-like** *organisms* purified from clover phyllody-affected plants. 059602
The incubation period, rate of transmission and effect on growth of coconut lethal yellowing disease in Jamaica **[Mycoplasma-like** *organism* as causal agents]. 059639
Diseases of sweetpotatoes: diseases caused by viruses and **mycoplasma-like** *organisms.* 059667
The fate of promastigotes of Leishmania tropica major and Leishmania gymnodactyli in the *organism* of **Phlebotomus** papatasi in mixed infection. 060492
Thoughts on the biological reactions of [human] *organisms* to **pollution.** 062390
Comparison of the organism causing greening disease with several plant pathogenic gram negative bacteria, **Rickettsia-like** *organisms* and mycoplasma-like organisms. 059575

ORGANOCHLORINE

Simplified extraction and cleanup for **determining** *organochlorine* pesticides in small biological samples. 060532
Organochlorine **pesticide** residues in tomatoes. 052942
Effect of *organochlorine* **pesticides** on growth and biological activities of bacterial species important to the dairy food industry. 052998
Biological problems in estuarine monitoring [of *organochlorine* **pollution].** 062503

ORGANOGENESIS

Differenciation of ciliary structures and organization of canal during *organogenesis* of the **collaterial** glands of Galleria mellonella L. (Lepidoptera, Pyralidae). 060950
Effect of picloram [growth regulator] on *organogenesis* in **detached** leaves of Echeveria elegans Bgr. 057984
Study of *organogenesis* in the **Shiroka** Melnishka variety of grapes in the Sandanski area. 058379
The effects of potato viruses X and Y on *organogenesis* in **tobacco** tissue cultures. 059652

ORGANOLEPTIC

Is there a correlation between *organoleptic* & **chemical** procedures for the assessment of lipolysis [in milk]? 053695
Effect of dietary protein, slaughter weight and sex on carcass composition, *organoleptic* **properties** and cooking losses of lamb. 054838

ORGANOPHOSPHORUS

Studies of possible absorption of a flame retardant *[organophosphorus* **compound]** from treated fabrics worn by rats and humans. 055904

New **fungicidal** *organophosphorus* compounds active against rice blast [Pyricularia oryzad]. 059254
Efficacy of Sumithion (R) *[organophosphorus* **insecticide]** in fowl pediculosis. 060496
Pathways of microbial metabolism of parathion *[Organophosphorus* **insecticide].** 060520
Analysis of phosphorus-containing hydrolytic products of *organophosphorus* **insecticides** in water. 060140
Crystal and molecular structure of *organophosphorus* **insecticides.** II. Coroxon. 060141
Toxicity and persistence of some *organophosphorus* **insecticides** and permethrin on apple fruits for the control of codling moth, Laspeyresia pomonella (L.). 060311
Evaluation of the levels of resistance of the cabbage fly (Hylemyia brassicae Bouche) to organochloride and *organophosphorus* **insecticides.** 060326
Studies on textile insectproofing. VI. Further evaluation of *organophosphorus* **insecticides** [on wool]. 060407
Inheritance of resistnace to *organophosphorus* **insecticides** in Culex tarsalis Coquillet. 060424
Quantification of cholinesterase inhibition [thin-layer chromotagraphy] for estimation of parathion *[Organophosphorus* **insecticides].** 060514
Species difference in metabolism of parathion *[organophosphorus* **insecticides]** apparent inability of [lobster] hepatopancreas fractions to produce paraoxon. 060540
Analysis of *organophosphorus* **pesticides** by capillary gas chromatography with flame photometric detection. 060577
Responsibility of laboratories and veterinarians in the matter of accidents during treatments of bovine hypodermosis by *organophosphorus.* **Suggestions** for indemnity [Hypoderma, control]. 055356

ORGYIA

Douglas-fir tussock moth *[Orgyia* **pseudotsugata]** control by the homeowner [Pseudotsuga menziesii]. 060357

ORIBATIDAE

On some *oribatids* from **Central** Sahara (Acari, Oribatidae) [New taxa]. 061240
Role of *oribatid* **mites** in biogeocoenoses. 061072
Spatial distribution of *oribatid* **mites** in small areas. II. The distribution pattern of some oribatid species. 061124
Spatial distribution of *oribatid* **mites** in small areas. II. The distribution pattern of some oribatid species [Oppia nova, Tectocepheus velatus]. 061125
On some oribatids from Central Sahara (Acari, *Oribatidae)* **[New** taxa]. 061240
Spatial distribution of oribatid mites in small areas. II. The distribution pattern of some *oribatid* **species.** 061124
Spatial distribution of oribatid mites in small areas. II. The distribution pattern of some *oribatid* **species** [Oppia nova, Tectocepheus velatus]. 061125

ORIENTATION

Intervention of the European Funds for **Agricultural** *Orientation* and Guaranty in 1974. 052500
Influence of colchicin and cytochalasin B on thread-like plasmic structures, on fastening chloroplasts and on *oriented* **chloroplast** movements. 4. Mechanics of chloroplast movement. [Mougeotia, Algae, Funaria, mosses]. 056785
Light-oriented **chloroplast** movement in Mougeotia: the magnitude of the phytochrome gradient controls the rate of the movement. 057285
Orientation in **competition** [for the milk market]. 052696
Orientations on the **control** of avian viral arthritis. Vaccinations of [chicken] breeders of two generations [Use of live and dead virus vaccines]. 055488
A **distant** *orientation* of bloodsucking ixodid ticks [Ixodes persulcatus] to the host's attractant factors. 060483
The influence of slope and *orientation* on **effectiveness** of livestock shades. 061464
Magnetic *orientation* and its relation to photic orientation in Tenebrio molitor L. (Coleoptera, Tenebrionidae). 060983
Recruitment behavior, home **range** *orientation* and territoriality in harvester ants, Pogonomyrmex. 060690
4beta-hydroxywithanolide E, a new natural steroid with a *17alpha-oriented* **side-chain** [Isolated from Physalis peruviana]. 057882
Orientation of **thr** primary donor chlorophyll of photosystem II in chloroplast membranes [Spinach]. 058348
Homemakers' **value** *orientations* to education and job [Rural sociology]. 052112
Reliability of **value** *orientation* scales [Rural sociology, living patterns]. 052113

ORMOSIA

A new species of the **genus** *Ormosia* [subserrata] (Diptera, Limoniidae) from northwest Caucasus. 061269

ORNAMENTAL

Effect of some pome fruit viruses, mycoplasmalike, and other pests on **bradford** *ornamental* pear trees. 059649
All about climbers *[Ornamentals,* **cultivation].** 059048
Tree and shrub **fertilization** *[Ornamentals].* 061928
Influences of air pollution on the growth of *ornamental* and **forest** tree species-particularly with reference to SO2 [sulfur dioxide, injuries]. 059721
Present knowledge of the application of light for nursery stock [Tomatoes, cucumbers and some **glasshouse** *ornamentals].* 058514
Producing transplants at **home** *[Ornamentals].* 058991
Ornamental **horticulture** marketing in Vermont. 052699
Powdery mildews on *ornamentals* in **Hungary.** 059229
Endogenous growth substances related to the restart of [the **hybrid** *ornamental* cherry] Prunus Accolade meristems grown in vitro. 058326
Effect of temperature on the colouring of leaves in *ornamental* **kale** (Brassica oleracea L. var. acephala DC.). 058314
From lace to **lovage** *[Ornamentals].* 058960
The availability in commercial quantities of native plants in the United Kingdom *[Ornamentals,* **nurseries].** 059158
How high is up? **[Planting** *ornamentals].* 058955
Colour without flowers *[Ornamental* **plants].** 058958
Growing for festive decoration *[Ornamental* **plants].** 058961
Pruning *ornamental* plants. 059015
Pruning *ornamental* shrubs and vines. 059034
Some **rare** *ornamental* bushes [Varieties]. 059029
Shady business branching out—beautifully *[Ornamental* **trees,** varieties]. 059142
The health and quality of plant material in nurseries *[Ornamental* **trees,** shrubs, virus diseases]. 059658
History of a privet [Ligustrum vulgare, *ornamental* **varieties,** culture]. 059026
Control aspects of mycoplasma diseases: aster yellows disease [Field crops, **vegetables,** *ornamentals].* 059578
Studies on viruses and virus diseases of cruciferous plants. XIX. Analysis of the results obtained with *ornamental* and **wild** species. 059553
Pome fruit virus infections of some **woody** *ornamental* and indigenous species of Rosaceae. 059598
Winter survival and performance of **woody** *ornamental* plants in Vermont, five year report 1969-74 [Varieties resistant to cold injuries]. 059822

ORNITHINE

Bacterial growth, toxin production, and levels of *ornithine* **carbamoyltransferase** in resistant and susceptible cultivars of bean inoculated with Pseudomonas phaseolicola [pathogen of halo-blight]. 059525
Effect of dietary protein and tryptophan on the turnover of rat **liver** *ornithine* aminotransferase. 053207
Multiple *ornithine* decarboxylase forms in Physarum polycephalum [Fungi]: interconversion induced by cycloheximide. 057575

ORNITHODOROS

Ecdysone and the super tick *[Ornithodoros* **moubata].** 060973
Conditions of the maintenance of the natural foci of the tick-borne spirochaetosis in southern Tadzhikistan *[Ornithodoros* **tartakovskyi** Borrelia latyschevi, vectors]. 060484

OROBANCHE

Dynamics of broomrape *[Orobanche* **ramosa]** seed germination from various depth in the soil [Weeds]. 060046
A study of assimilation and translocation in Cuscuta hyalina Heyne ex Roth., *Orobanche* **ramosa** L. and Striga hermonthica Benth. [Parasitic and hemiparasitic angiosperms]. 060053

OROTIC

Inhibition of cholesterol biosynthesis by bovine milk, cultured buttermilk, and *orotic* **acid** [Rats, diets]. 053219

ORTHOMORPHA

Influence of temperature and duration of acclimation on the metabolic rate in *Orthomorpha* **gracilis** (C. L. Koch) (Diplopoda). 060807

ORTHOPHOSPHATES

Octan-1-ol extraction of molybdophosphoric acid in the colorimetric determination of *orthophosphate* [in **soils].** 061841
Production of extracellular ribonuclease by yeasts and yeastlike fungi, and its repression by *orthophosphate* in **species** of Cryptococcus and Tremella. 057645

ORTHOPTERA

Dispersion, abundance and biomass of the grasshopper from the family of **Acrididae** *(Orthoptera)* living in a pasture near Banska Stiavnica. 060702
Population cytogenetics of the genus **Caledia** *(Orthoptera:* Acridinae). I. Inter- and intraspecific karyotype diversity. 060754
The status of Conocephalus fasciatus vicinus (Morse, 1901) *(Orthoptera:* **Conocephalidae)** [New taxa]. 061186
Staining of cleavage cells in yolk rich eggs of Acheta **domesticus** *(Orthoptera)* with toluidine blue and pyronin B. 061030
The Eucopiocerae **group** *(Orthoptera,* Acrididae, Ommatolampinae) [New taxa]. 061145
Sound production in mole crickets [Scapteriscus acletus, Scapteriscus vicinus] *(Orthoptera:* **Gryllotalpidae:** Scapteriscus). 060660
Research with light and electron microscopy on the neurosecretory cells in the tritocerebrum of Locusta migratoria **(Insecta,** *Orthoptera).* 060681
A new species of the genus Mecostibus [pinivorus] *(Orthoptera:* **Lentulidae)** from Rhodesia. 061126
Variations of permeability in the testicular follicles of Locusta migratoria **migratoroides** *(Orthoptera)* during the last larval instar. 060732
A generic and suprageneric classification of the **Morabinae** *(Orthoptera:* Eumastacidae), with discription of the type species and a bibliography of the subfamily [New taxa]. 061129
Studies in cockroach egg capsules. VIII. The ootheca of Cariblatta hebardi **Rehn** *(Orthoptera:* Blattidae). 060947

ORYCTES

Histological data on mineral and puric concretions in Coleoptera. III. Wood-eating species: *Oryctes* **nasicornis,** Cetonia aurata, Pissodes notatus. 060684
Transmission of a baculovirus in populatons of *Oryctes* **rhinoceros** [Coconut palm pests, biological control]. 060315
Observation, stabilization, and purification of nucleoproteic structures within the capsids of the baculovirus of *Oryctes* **rhinoceros.** 060722
"Oryctes" **virus** replication: electron microscopic observations on infected moth and mosquito cells [Spodoptera frugiperda, Aedes albopictus]. 061041

ORYZA

Occurrence of types with characters of *Oryza* **glaberrima** in Assam rice collection [Varieties]. 058682
Comparative efficacy of soil versus foliar application of urea on **paddy** *(Oryza* sativa) [Rice]. 062047
Diallel analysis of yield and its component traits in **rice** *(Oryza* sativa L.) [Varieties]. 057056
Yeast extract action on proliferation of irradiated **rice** *(Oryza* sativa L. var. Cigalon) radicular meristems cells by gamma rays of cobalt 60 [isotope]. 058047
Nucleolar size differences of the roots of *Oryza* **sativa** [Oats]. 056835
Subcellular location in different hosts of the virus causing the "giallume" disease of *Oryza* **sativa** [Rice]. 059663
Studies on anther culture in vitro of rice **variety** *(Oryza* sativa subsp. hsien): the increase of induction frequency of callus and differentiation of its roots and shoots. 056969

ORYZAEPHILUS

Effect of aminopterin on the growth and metamorphosis of *Oryzaephilus* **mercator.** Fauvel (Coleoptera: Silvanidae) larvae [Insect pests, control]. 060118
Progeny produced by Oryzaephilus surinamensis and *Oryzaephilus* **mercator** (Coleoptera: Cucujicae) and by Callosobruchus maculatus (Coleoptera: Bruchidae) during continuous exposure to infrasound. 060405
Effect of aminopterin on the growth and metamorphosis of *Oryzaephilus* **mercator.** Fauvel (Coleoptera: Silvanidae) larvae. 060673
Progeny produced by *Oryzaephilus* **surinamensis** and Oryzaephilus mercator (Coleoptera: Cucujicae) and by Callosobruchus maculatus (Coleoptera: Bruchidae) during continuous exposure to infrasound. 060405
Infestability of lasagna noodles and lasagna macaroni by *Oryzaephilus* spp. and **Tribolium** spp. 060404

OSCILLATION

Oscillations of **calcium** ion concentrations in Physarum polycephalum [Slime molds]. 057660
Influence of pesticides on Chlorella, Chlorococcum, Stigeoclonium (Chlorophyceae), Tribonema, Vaucheria (Xanthophyceae) and *Oscillatoria* **(Cyanophyceae)** [Algae]. 059847
Metabolite concentrations and phase relations in D-fructoseinduced **glycolytic** *oscillations* [in yeast cells, Saccharomyces carlsbergensis]. 057842

OSCINELLA

Maize pests, their occurrence and control [Pyrausta nubialis, *Oscinella* **frit,** wireworms]. 060202

OSIER

Two new dangerous beetle species in *osier* **[Salix]** growing of Jassy district: Phytobia cambii Hend. and Aphrophora salicina Goeze. 060376

OSMIA

The behaviour of males of the solitary **bee** *Osmia* rufa (Megachilidae) searching for females. 060693
Revision of the **European** *Osmia* (Chalcosmia) species of the fulviventris group (Hymenoptera: Apoidea: Megachilidae) [New taxa]. 061253

OSMIUM

Phosphatase activities and *osmium* **reduction** in cell organelles of Micrasterias americana [Algae]. 056902

OSMOSIS

Stress metabolism: Water stress, growth, and *osmotic* **adjustment** [Plants]. 057819

Synaptosomal fractions of cat cerebral cortex after *hypo-osmotic* and **detergent** treatment. 054250
Pressure flow [**Phloem,** *osmosis].* 057545
Osmotic **pressure** of the soil solution: determination and effects on some glasshouse crops [Blotch damage to tomatoes, tip burn on lettuce, salt levels]. 059834
Free amino acids, ions, and *osmotic* **pressure** of the hemolymph of three species of blackflies [Simulium venustum, Simulium vittatum, Prosimulium mixtum/fuscum]. 060738
Isolation of *osmotic* **remedial** temperature-sensitive mutants defective in cell wall or membrane in Neurospora crassa [Fungi]. 057065

OSMUNDA

The bud of *Osmunda* **cinnamomea** L. II. A physiological interface between Set I and Set II leaf primordia. 057329

OSTEOSARCOMA

Evidence for animal origin of cells and rescued tumour virus from a putative **human** *osteosarcoma* cell line [Avian sarcoma virus, chickens]. 055509

OSTERTAGIA

Phenotypic differences in **female** *Ostertagia* circumcincta [nematodes] as demonstrated by isozymes hydrolizing alpha-naphthyl acetate [Livestock parasites]. 055422
The effect of genetic factors on the vulval flap of *Ostertagia* **ostertagi** [Calves]. 055584

OSTRINIA

Effects of Nosema pyrausta on pupa and adult stages of the European corn **borer** *Ostrinia* nubilalis [Biological control]. 060220
Results of testing pesticides in maize **borer** *(Ostrinia* nubilalis Hbn.) control. 060237
Bacteria associated with eggs and first-instar larvae of the European corn borer *[Ostrinia* **nubilalis]:** identification and frequency of occurrence [Biological control]. 060219
Effect of continuous rearing on artificial diet on the physiology of a Lepidoptera, *Ostrinia* **nubilalis** Hubner. 060715
Regulation of larval diapause by juvenile hormone in the European corn borer, *Ostrinia* **nubilalis.** 060925
Insect photoperiodism: The "T experiment" as evidence for an hourglass mechanism [in *Ostrinia* **nubilalis].** 061015

OTITIS

Optimal therapy of *otitis* **externa,** skin diseases, anal gland inflammation and interdigital cysts in small animals [Dogs, cats]. 055877

OUABAIN

The effects of Na+, K+ [sodium and potassium ions] and *ouabain* on the **motility** and the ATP [adenosine triphosphate] content of boar spermatozoa. I. 055213
The effects of Na+, K+ [sodium and potassium ions] and *ouabain* on the **motility** and the ATP [adenosine triphosphate] content of boar spermatozoa. II. 055214

OUTBREAK

An *outbreak* of **acute** pneumonia in young, single-suckled calves. 055783
An *outbreak* of **dysentery** [Clostridium perfringens] in Norwegian sheep. 055695
Observations in an *outbreak* of **foot-and-mouth** disease in a dairy [cattle and buffalo] herd. 055650
An *outbreak* of **infectious** bursitis in a poultry flock. 055723
Mass *outbreaks* of Epitrimerus pungiscus Keifer (Acarina, Eriophyidae) on Norway spruce, Picea abies (L.) Karst. 060345
New *outbreak* of human botulism [Clostridium botulinum] typeE from fermented fish (rakefisk) [Contamination]. 053029
New *outbreak* of botulism [Clostridium botulinum] in cattle. 055704

OUTPLANTING

Eucalyptus provenances tested in Puerto Rico: two **years** after *outplanting.* 056101

OVA

Ovum **fertilization** and embryo survival in ewes treated with estradiol immediately prior to mating. 055127
Effects of wheat germ agglutinin on fertilization of **mouse** *ova* in vivo and in vitro. 055151
Expression of teratoma-associated antigens on **murine** *ova* and early embryos. Identification of two early differentiation markers [Mice, testicles, tumors]. 055825

OVALBUMIN

Partial purification of the *ovalbumin* **gene** [Chickens]. 055053
Natural *anti-ovalbumin* agglutinins in adult chickens. 055737

OVARIECTOMY

Reproductive growth in normal, allatectomized, median-neurosecretory-cell-cauterized, and *ovariectomized* **females** of Melanoplus sanguinipes. 060740
Brain uptake and metabolism of estradiol benzoate and estrous behavior in *ovariectomized* **guinea** pigs. 055094
Egg transport in *ovariectomized* **rabbits** as affected by different combinations of oestrogen and progesterone. 055142

OVARY

Failure of 19-hydroxylated androgens to inhibit **compensatory** *ovarian* hypertrophy in the rat. 055143
The effects of chronic treatment with contraceptive steroids on the biological age of *ovarian* **cycles** in the rat after the cessation of treatment. 055042
Steroid concentrations in cows with corticotropin-induced **cystic** *ovarian* follicles and the effect of prostaglandin F2alpha and indomethacin given by intrauterine injection. 055028
Treatment results of *ovarian* **cysts** of cattle after application of choriongonadotropin and/or orally administered gestagen in combination with vitamins. 055879
Some relationships between diet and *ovarian* **development** in Lucilia cuprina (Wied.) (Diptera: Calliphoridae) [Australian sheep blowfly]. 060420
Reproduction in a parthenogenetic aphid, Aphis craccivora Koch: embryology, *ovarian* **development** and fecundity of apterae and alatae. 060688
Inhibition of blood digestion by alpha-amanitin and actinomycin D and its effect on *ovarian* **development** in Aedes aegypti. 060923
Effect of nutritional factors on the appearance of neurosecretory cells and *ovary* **development** in fleshfly, Sarcophaga ruficornis F. (Diptera: Sarcophagidae). 061061
The *ovarian* **development** in Dysdercus similis (Freemann). 061068
Functional assessment of the autotransplanted uterus and *ovary* in the **ewe.** 055215
Ovarian **function** and estrus in dairy cows during early lactation. 055126
Diapause hormone action in silkworm [Bombyx mori] *ovaries* **incubated** in vitro; 14C [carbon isotope]-trehalose incorporation into glycogen. 061328
Ovarian **infection** of Sporobolus poiretii by Bipolaris ravenelii. 059425
On the occurrence of stomata on the **inner** *ovary* wall of Belamcanda chinensis DC. 056829
The dynamics of nutrients in *ovaries* and **leaves** of cotton. 058260
Ovarian and **pituitary** hormones in blood of progestogen-treated ewes. 055125
Effect of ecdysterone upon the evolution of the **pupal** *ovary* of Tenebrio molitor cultivated in vitro. 060716
Evidence for the presence of oestrone, oestradiol-17 beta and testosterone acetates in **rabbit** *ovary.* 055159
Histological changes in the *ovary* in **relation** to yolk deposition, allatectomy, and destruction of the median neurosecretory cells in Melanoplus sanguinipes. 060739
Large resorbing hemorrhage in the **right** *ovary* and disturbances in hormonal balance in a mouse. 055893
17 beta hydroxysteroid dehydrogenase of the **sheep** *ovary:* purification, properties and substrate binding site. 054382
The extrinsic blood vessels of the *ovary* of the **sheep.** 054597

OVERWINTER *see* WINTER

OVIDUCT

Quantitation of elongating form A and B RNA polymerases in **chick** *oviduct* nuclei and effects of estradiol. 054433
Effect of estrogen on gene expression in the **chick** *oviduct:* kinetics of initiation of in vitro transcription on chromatin. 055133
Early cytodifferentiation of the **chick** *oviduct* epithelium by progesterone. 055161
Analysis of the complexity and diversity of mRNA from chicken **liver** and *oviduct.* 054431
Growth characteristics of a cell line derived from the **pig** *oviduct.* 054429
Scanning electron microscopic study of the **porcine** *oviduct* and uterus. 055130
Multiple forms of [chick] *oviduct* **progesterone** receptors analyzed by ion exchange filtration and gel electrophoresis. 054363
The effects of estradiol and progesterone on the growth and differentiation of the **quail** *oviduct.* 055052
Progesterone binding in **rabbit** *oviduct* and uterus. 055218

OVINE

Ovine **campylobacterosis:** preliminary studies of the efficacy of the in vitro serum bactericidal test as an assay for the potency of Campylobacter (Vibrio) fetus subsp intestinalis bacterins. 055418
Sequential sterile autolysis in the *ovine* **fetus:** Macroscopic changes. 055026

OVIPOSITION

Additional notes on the **abnormal** *oviposition* by Pantala flavescens. 061034
Chemical analysis of woodcreosote for species-specific attraction of mosquito [Culex, **Aedes**] *oviposition.* 060418
Chemical analysis of woodcreosote for species-specific attraction of mosquito [Culex, **Aedes**] *oviposition.* 060419
Observations on feeding and *oviposition* **behavior** of the pea leafminer. Phytomyza horticola Gourea (Diptera, Agromyzidae). 060331
On the *oviposition* **behavior** of the dragonflies of the genus Sympetrum. 061036
Fine structure and functioning of the *ovipositor* of **Drosophila** melanogaster Meigen (Diptera, Drosophilidae). 060683
Adaptative significance of the circadian rhythm of *oviposition* in **Drosophilidae:** comparison of eight species of the genus Zaprionus. 060713
Riddles around the pollination of Melandrium album (Mill.) Garcke (Caryophyllaceae) during the *oviposition* by **Hadena** bicruris Hufn. (Noctuidae, Lepidoptera). I. 061002
On the bionomics of bromeliad-inhabiting mosquitoes. I. Some factors **influencing** *oviposition* by Wyeomyia vanduzeei. 060469
"Non-contact *sitting-oviposition"* of Davidius moiwanus moiwanus. 061035
Incidence and *oviposition* **patterns** of Trichopoda pennipes (F.). A parasite of the southern green stink bug, Nezara viridula (L.) [Natural control, field crop pests]. 060216
Effect of pilocarpine and atropine on the *oviposition* in the **silkworm,** Bombyx mori. 061351
The choice of *oviposition* **sites** by the lady bird beetle Adalia bipunctata (L.). 060801
Male accessory gland substance of Melanoplus sanguinipes: an *oviposition* **stimulant** under the control of the corpus allatm. 060924

OVIS

Relation between the toxogenicity and pyogenicity of **Corynebacterium** *ovis* in experimentally infected mice. 055748
Comparative study in the **ewe** *(Ovis* aries) and the cow (Bos taurus) of the behavioural interactions between the mother and the young at suckling. 054313

OVULATION

Oestrus and time of *ovulation* in **Friesian** cattle in Kenya. 055073
The effect of 6-hydroxydopamine and p-chlorophenylalanine on the *ovulation* in **Periplaneta** americana (L.) (Blattoidea, Insecta). 061057
Evidence of hormonal control of *ovulation* in **tsetse** flies [Glossina pallidipes, Glossina morsitans]. 060481

OVULE

Sieve-like distribution of callose in Meiocyte chalazal wall in *ovules* of **orchid** Epipactis. 056803

OWNERSHIP

Achieving **farm** *ownership* through sharemilking. 052304
The South [**Farms** *ownership].* 052241
They're destroying our small towns *[Absentee-owned* **farms].** 052242
Home *ownership* loans [Farmers Home Administration, rural credit]. 052527
Appalachia [**Land** *ownership].* 052229
Is [farm] *ownership* **necessary?** 052310

OXALATE

Polymetaphosphate and *oxalate* **extraction** of sunflower pectins. 053927

OXALIC

Studies on glycolic and *oxalic* **acid** metabolism in fruit-bodies of Agaricus bisporus Lge. [Mushrooms]. 058330

OXALOACETATE

Nucleotide effects on the oxidation of malate and *oxaloacetate* by **Arum** [maculatum] mitochondria. 057780

OXEN

The influence of anesthetics and cholesterol on the degree of molecular organization and mobility of *ox* **brain** white matter. Lipids in multibilayer membranes: a spin probe study using spectral simulation by the stochastic method. 054639
The role of carbonic anhydrase inhibitors on anion permeability into *ox* **red** blood cells. 054612

OXIDANTS

Device for adding diludin to grass **meal** *[Antioxidant].* 054100
Influence of phospholipids [as *antioxidants]* on the **rapeseed** oil autooxidation process. 053860

OXIDASES

Aldehyde *oxidase* and xanthine dehydrogenase from wild-type Drosophila melanogaster and immunologically cross-reacting material from ma-1 mutants. Purification by immunoadsorption and characterization. 060778
Hepatic microsomal mixed **function** *oxidase* system during toluene treatment and the effect of pretreatment of phenobarbital in adult rats [Toxicity]. 055903
Parameters in the construction of an immobilized dual enzyme catalyst [**Glucose** *oxidase* and catalase]. 053490
The effect of various alkaline salts on the **glycolate** *oxidase* of Salicornia europaea and Pisum sativum [peas] in vitro. 058469
Copper-induced activation of aortic **lysyl** *oxidase* in vivo [Chicks]. 054676
Effects of dietary vitamin D and calcium on **lysyl** *oxidase* activity in chick bone metaphyses. 054683
Abnormalities in the **microsomal** *oxidases* of the WHO [World Health Organization] standard reference strain of Musca domestica. 060422
Effects of repeated administration of oxytetracycline on kidney, liver, and liver **mixed-function** *oxidases* in the rat. 055941
Electron microscopic localizaton of **monoamine** *oxidase* in coleoptiles of Avena sativum L. [Oats]. 058119
Polyamine *oxidase* from the leaves of cereals. 058253
Changes in the **polyphenol** *oxidases* of wheat during kernel growth and maturation. 058056

Polyphenol *oxidase* isoenzymes in avocado. 058472
Activity of dehydrogenases and *oxidases* in **rice** seeds of different viability. 058085
Subunit structure of bovine milk **xanthine** *oxidase* effect of limited cleavage by proteolytic enzymes on activity and structure. 054376

OXIDATION

Investigations on methods of **accelerated** *oxidation* of plant samples in total nitrogen determination. 057947
Effect of ascorbate on respiration, ultrastructure, and permeability of plant tissues for water during inhibition of *oxidative* **activity** of endoplasmic reticulum in vivo [Wheat seedlings]. 058088
Studies on *beta-oxidation* in the **adult** liver fluke Fasciolahepatica [obtained from slaughterhouses]. 055581
Temperature-induced **alanine** *oxidation* in a psychrotrophic Pseudomonas [Bacteria causing food spoilage]. 052964
Alkaline and *oxidative* **alkaline** degradation of monosaccharides and 1,4-beta-linked disaccharides [Wood chemistry]. 056145
Photooxidation of **bovine** neurophysin II in the presence of rose bengal. 054437
Viscosity of melanoidins formed by *oxidative* **browning.** Validity of the equation for a relationship between color intensity and molecular weight of melanoidin [from soy sauce]. 053869
Cross-linking of *oxidized* **cellulose** [from cotton]. 053971
Side **chain** *oxidation* of 25-hydroxy-[26,27-14C[carbon isotope]vitamin D3 and 1,25[dihydroxy-[26,27-14C]vitamin D3 in vivo by chickens. 054346
Oxidative **changes** in foods at low and intermediate moisture levels. 053544
Research of porphyrin exchange in dependence on *oxydation-reduction* **conditions** of environment [Plant physiology]. 057772
Studies in chemically modified celluloses. IX. *Oxidation* of **[cotton]** cellulose in the presence of chelating agents. 053932
Identification of the *oxidative* **decomposition** products of the boll weevil [Anthonomus grandis] pheromone, grandlure, and the determination of the fate of grandlure in soil and water. 060214
The effect of dietary lipids and vitamin E on lipid peroxide formation, cytochrome P-450 and *oxidative* **demethylation** in the endoplasmic reticulum [Rats]. 053113
Mushroom [Agaricus hortensis] inhibitors of **dopa** *oxidation*. 058332
Studies on *antioxidative* **effects** of enzymatic protein hydryzates [in food]. 053497
Physiological studies on the effects of nutritional imbalance on the central nervous system. II. Effects of thiamine deficiency on *oxidative* **enzymes** in the brain of chicken, Gallus domesticus. 054481
Oxidizing **enzymes** of Pelargonium grown under the conditionsof Colchis. 058527
Changing the activity of some *oxidizing* **enzymes** in tomato and bean plants under the influence of [the organic phosphorus insecticides] Sayphos DP-70 and Thinox 50. 060296
The influence of water content on non-enzymic browning reactions in dehydrated foods and model systems and the inhibition of **fat** *oxidation* by browning intermediates. 053553
The effects of 3,5-diiodo-4-hydroxybenzoic acid on the *oxidation* of **IAA** [indole-3-acetic acid] and auxin-induced ethylene production by [garden] cress root segments. 058509
The absence of *oxidized* **leghemoglobin** in soybean root nodules during development [Rhizobium japonicum]. 058021
Association of **lipid** *oxidation* with seed ageing and death [Peas, Aspergillus ruber]. 059359
Flow patterns and sedimentation in **livestock** *oxidation* ditches [Waste treatment]. 062561
Nucleotide effects on the *oxidation* of **malate** and oxaloacetate by Arum [maculatum] mitochondria. 057780
Sorption and oxidation of manganous ions and reduction of manganese oxide by cell suspensions of a **manganese** *oxidizing* [soil] bacterium [Arthrobacter]. 061865
Studies of biomass production of **methanol** *oxidizing* bacteria [Single-cell protein]. 053580
Development of liver **microsomal** *oxidations* in the chick. 054741
Influence of phospholipids [as antioxidants] on the rapeseed **oil** *autooxidation* process. 053860
Oxidation of some **phenols** and flavonoids of grape by subcellular fractions of o-diphenoloxidase. 058362
The rate of cyclic and non-cyclic photophosphorylation and *oxidative* **phosphorylation,** and regulation of the rate of ATP consumption in Hydrodictyon africanum [Algae]. 057785
The effect of plant residues on the development of microorganisms and the level of *oxidation-reduction* **potential** in gray forest soil. 061704
On *oxidation-reduction* **potentials** of the excited state of chlorophyll. 057521
Pyrite and its *oxidation* **products** in an acid sulphate soil. 061745
Effect of feeding protected safflower oil on yield, composition, flavor, and *oxidative* **stability** of milk [Dairy cattle]. 054860
Three genes determine the carboxin sensitivity of mitochondrial **succinate** *oxidation* in Aspergillus nidulans [Fungi]. 056997
Biochemical reaction mechanisms in **sulfur** *oxidation* by chemosynthetic bacteria [Thiobacillus]. 061778
Determining the extent of *oxidation* of **sulphur** dioxide in power plant plumes from isotopic ratio measurements [Air pollution]. 062439
The in vitro hydroxylation of 4'-chloro-4-biphenylol by a mushroom [Psalliotis arvense] tyrosine preparation **[Testing** *oxidative* degradation of polychlorinated biphenyls]. 057402

OXIDE

The fluorimetric detection of pesticides on **aluminium** *oxide* layers. 060580
About the interaction of naphthenates and **copper** *oxide* **(II)** with ammonium nitrate. 062076
Mineralogy and chemistry of **manganese** *oxides* in some Indiana soils. 061839
Sorption and oxidation of manganous ions and reduction of **manganese** *oxide* by cell suspensions of a manganese oxidizing [soil] bacterium [Arthrobacter]. 061865
Effect of xenon, **nitrous** *oxide* and halothane on membrane-bound siallidase from calf brain. 054488
Effect of **zinc** *oxide* concentration on the course of thiuramaccelerated sulfur vulcanization [Rubber]. 053595

OXIDOREDUCTASES

The identification of myo-inositol:NAD(P) [nicotinamide adenine-dinucleotide phosphate] *oxidoreductase* in **mammalian** [bovine] brain. 054347

OXISOL

Performance of high-yielding corn hybrids Pioneer X-306 B and Funk's G-795W at high levels of fertilization in the acid and relatively infertile soils (Ultisols and *Oxisols)* of **Puerto** Rico. 058788
Potassium supplying power of the major Ultisols and *Oxisols* of **Puerto** Rico. 061961

OXYGEN

Studies on avian erythrocyte metabolism: Effect of organic phosphates on *oxygen* **affinity** of embryonic and adult-type hemoglobins of the chick embryo. 054326
Residues of chlorpyrifos, its *oxygen* **analogue,** and 3,5,6-trichloro-2-pyridinol [insecticides] in milk and cream from cows fed chlorpyrifos. 060569
Use of hydrogen peroxide in determining the BOD **[biochemical** *oxygen* demand]. 062545
The world pattern of oxygen-18 [isotope] in rainwater and its importance in understanding the **biogeochemical** *oxygen* cycle [Water economy of plant communities]. 062450
Oxygen **build-up** in photosynthesizing leaves and canopies is small. 057831
Effects of *oxygen* and **carbon** dioxide on tomato post-maturation. 053982
Kinetic and equilibrium studies of the reactions of heme-substituted horse heart myoglobins with *oxygen* and **carbon** monoxide. 054555
Source of *oxygen* in the CO2 **[carbon** dioxide] produced during chemiluminescence of firefly luciferyl-adenylate and Renilla luciferin [Lampyridae]. 060695
An improved determination of **chemical** *oxygen* demand in water and wastes by a simplified acid dichromate digestion. 062572
Light-induced uptake of *oxygen* from **chloroplast** fragments and from mesophyll cells and bundle sheath cells in maize. 058041
A simple method for recalibrating a **dissolved** *oxygen* probe during long fermentations. 053487
Mathematical analysis on the miscible displacement and diffusion of **dissolved** *oxygen* in the submerged [paddy] soils. 061713
The dependence of RBE [relative bioloical effectiveness] and OER *[oxygen* **enhancement** ratio] on neutron energy for damage to mammalian cells and plant systems. 055103
Increase effected by calcium ion in the rate of *oxygen* **evolution** from preparations of Phormidium luridum [Algae]. 057308
Effects of the commercial polychlorinated biphenyl mixture Aroclor 1242 on growth, viability, phosphate uptake, respiration and *oxygen* **evolution** in Scenedesmus [Algae]. 059849
Matrix analysis on the *oxygen* **evolving** system of photosynthesis. 057725
Uptake of *oxygen* by the **filamentous** and yeast forms of Sporothrix schenckii studies by polarography [Fungi]. 057377
Cytochrome c1 of bakers' yeast [Saccharomyces cerevisiae]. II. Synthesis on cytoplasmic ribosomes and influence of *oxygen* and **heme** on accumulation of the apoprotein. 057653
Synthesis of methyl alpha- and beta-D-xylopyranoside-5-18-O *[oxygen* **isotope].** 053508
The world pattern of *oxygen-18* **[isotope]** in rainwater and its importance in understanding the biogeochemical oxygen cycle [Water economy of plant communities]. 062450
Nitrate reductase in barley roots under sterile, **low** *oxygen* conditions. 058193
Waterlogging and petiole epinasty in tomato: the role of ethylene and **low** *oxygen*. 059839
The substrate constant for dissolved **molecular** *oxygen* of methanol-assimilating yeasts. 057712
Preliminary observations on effects of various *oxygen* **partial** pressures on cucumber morphological and constitutional changes during storage. 053983
Further in vivo studies on the participation of **singlet** *oxygen* in the photodynamic inativation and induction of genetic changes in Saccharomyces cerevisiae [Yeasts]. 057127
Adventitious root initiation and growth in relation to *oxygen* **supply** in germinating rice seedlings. 058134
Effects of temperature and *oxygen* **tension** on the nitrogenase and respiratory activities of turgid and water-stressed soybean nad French bean root nodules. 058118
Insoluble substrate and *oxygen* **transport** in hydrocarbon fermentation [Single-cell protein]. 053568
Acid groups and reducing end groups in pulp produced by **twostage** *oxygen* cooking. 056251
Studies on production of vegetable crops in hydroponics. X. Effects of environmental factors on *oxygen* **uptake** by the intact tomato root. 058518

OXYGENASE

Specific inhibition of the *oxygenase* **activity** of ribulose-1, 5-bisphosphate carboxylase [Spinach]. 058283
Oxygenase **properties** of crystallized fraction 1 protein from tobacco. 058012

OXYGENATION

Microbiological hydroxylation. XIX. The action of an ant fungus ('Acromyrmex fungus') on *oxygenated* **androstanes,** pregnanes, and cholestanes [Acromyrmex octospinosus]. 057672
Further studies of the kinetics of *oxygenation* of **arachidonic** acid by soybean lipoxygenase. 058048
Mono-oxygenated **monoterpenes** from the frass of the wood-boring beetle Hylotrupes bajulus (L). 061031
Structures of **three** *oxygenated* 24-methyl-steroids (Nic-3, 7, and -11) from the insect repellant plant Nicandra physaloides (Solanaceae): X-ray analysis of Nic-3 acetate and Nic-11 ethyl ether. 057680

OXYTETRACYCLINE

Effects of repeated administration of *oxytetracycline* on **kidney,** liver, and liver mixed-function oxidases in the rat. 055941

OXYTOCIN

Vitamin B1 resorption. VI. Thiamine resorption in broiler chickens as **affected** by *oxytocin.* 054760
A possible role for *oxytocin* in **sperm** transport in the male rabbit. 055138

OZONE

Study on ozone treatment of water-soluble polymers. I. *Ozone* **degradation** of polyethylene glycol in water [Pollution]. 062468
Alteration of lung lipids in *ozone* **exposed** rats. 055901
Activity changes in selected enzymes from soybean leaves **following** *ozone* exposure. 059848
Study on *ozone* **treatment** of water-soluble polymers. I: Ozone degradation of polyethylene glycol in water [Pollution]. 062468

PACHYGASTERINAE

New data on xylophilous Diptera (Stratiomyidae, *Pachygasterinae),* **developing** in tugal flora of Central Asia [USSR]. 060979

PACKAGING

Cans today-cans tomorrow **[Beer** *packaging].* 053645
Problem of assuring quality of *packaging* for **dairy** products. 053765
Some observations on **food** *packaging* and distribution in the revolutionary period. 053445
Trends in plastics for **[food]** *packaging.* 053529
Theory and practice of grading and *packaging* of **fruits** and vegetables. 054007
New look for fruit and vegetables [Glass **jars,** *packaging].* 054001
Interim statement on the further development of community and national standard law **[Milk** *packaging* regulation]. 052866
Investigations into milk quality from different *packaging* **systems** [Sensory analysis]. 053681

PACKING

An economical pallet box dumper for peaches *[Packing* **equipment].** 061477
Back-pack **ethylene** applicator [induce suicidal germination of witchweed (Striga asiatica) seed, equipment]. 061476
Lightweight foil containers [to *pack* **liquid** and semi-solid foods]. 053528
Rapid sampling of peat soil monoliths with undisturbed structures and their *packing* into **lysimeters.** 061810
Electric equipment, *pre-packed* **meals** aid schools foodservice. 053376
Handling, *packing,* **selling** Georgia vegetables. 053989
Packing and **shipping** mechanically harvested lettuce. 052685

PACKINGHOUSE

Computer simulation of **potato** *packinghouse* operations; an interim step. 054057

PADDY

Control [rice] *paddy* **blast** disease [Pyricularia oryzae] with hinosan. 059466
The effect of Drosophila [melanogaster] release on the [predator] spider population in a *paddy* **field.** 060170
The effect of Drosophila release on the spider population in a *paddy* **field.** 060678
Mycological characteristics of soils in *paddy* **fields** of the Ukraine. 061891
Influence of foliar spray of certain pesticides on the phyllosphere microflora of *paddy* **[Fungistats].** 059350
Comparative efficacy of soil versus foliar application of urea on *paddy* **(Oryza** sativa) [Rice]. 062047
An application of generalised least squares estimation of linear regression model with random coefficients to *paddy* **production** function for Sambalpur district (Orissa). 052770
Determination of biological maturity and effect of harvesting and drying conditions on milling quality of *paddy* **[rice].** 058784
Effect of seed treatment with gibberellin on the strength of plumule of *paddy* **rice** when sown deeply under upland field conition. 058843
Effect of split application of phosphorus on the yield and P-uptake of *paddy* **[Rice].** 062049

Mathematical analysis on the miscible displacement and diffusion of dissolved oxygen in the submerged *[paddy]* **soils.** 061713
The reduction mechanism of manganese in *paddy* **soils.** 8. Therole of ferrous iron in manganese reduction in waterlogged paddy soils. 061723

PADS

Processed **paper** *pads* for greenhouse cooling. 061411

PAECILOMYCES

The pathogenicity to the silkworm [Bombyx mori] and taxonomic considerations on some muscardine fungi *[Paecilomyces,* **Beauveria].** 061362

PAIN

Detection of horse myoglobin by the immunodiffusion method [**Muscle** *pain].* 055831

PAIRING

Geometric **base** *pairing* analogs [Plants, biochemistry]. 057626
Genetic control of **chromosome** *pairing* in polyploid fescues [in crossing with Lolium]: its phylogenetic and breeding implications [Festuca]. 057050
Chromosome *pairing* in auto-polyploids [Maize, cabbage]. 057138

PALAEARCTIC *see* ARCTIC

PALATABILITY *see* TASTE

PALATE

Fish: the budget and *palate* **pleaser.** 053425

PALEARCTIC

Study of *Palearctic* **Erotylidae** (Coleoptera) [New taxa, Triplax atripennis, Cryptophilus reitteri]. 061078

PALEOBOTANY

A preliminary report on the occurrence of radiolaria in the Middle Eocene of the Vinjhan-Miani area, Kutch, Gujarat [**Algae,** *paleobotany].* 056486
Palaeosclerotium, a Pennsylvanian age fungus combining features of modern ascomycetes and **basidiomycetes** *[Paleobotany].* 056606
Triassic pollen date Moroccan High Atlas and the incipient rifting of Pangea as Middle **Carnian** *[Paleobotany].* 056607
Paleobotany. 056501
North American species of Tempskya and their stratigraphic **significance** *[Paleobotany].* 052355
Bodeodendron, the stem associated with **Sporangiostrobus** *[Paleobotany].* 056455
The stratigraphic distribution of organic-walled dinoflagellate cysts in the Cretaceous and **Tertiary** *[Paleobotany].* 056602

PALLETS

An **economical** *pallet* box dumper for peaches [Packing equipment]. 061477
How timber's market position in *pallets* can be **further** improved. 056282
Timber remains supreme despite the challenge of other **materials** *[Pallets].* 056302

PALM

Ecological studies of the **cabbage** *palm,* Sabal palmetto. 056744
Mineral requirements for growth and callus initiation of tissue explants excised from mature **coconut** *palms* (Cocos nucifera) and cultured in vitro. 058162
Phytoferritin associated with yellowing in leaves of [the **coconut** *palm]* Cocos nucifera (Arecaceae) [Photosynthetic disease, cytology]. 059885
Transmission of a baculovirus in populatons of Oryctes rhinoceros [**Coconut** *palm* pests, biological control]. 060315
Isolation of Yersinia (Pasteurella) pseudotuberculosis from the *Palm* **dove** (Streptopelia senegalensis). 055454
The *palm* **heart** as a new commercial crop from Tropical America [Euterpe, Bactris gasipaes]. 058842
The nitrogen content and amino acid composition of *palm* **kernel** meals. 053625
Supply-response analysis of **Malaysian** *palm* oil. 052682
Supply-response analysis of **Malaysian** *palm* oil. 052683
Oil *palm* market survey, a report by the Commonwealth Secretariat. 052706
Palm **oil** is grabbing U.S. Soybean markets. 052722
Oil *palm* products: Review of national policies and plans for Malaysia. 052876
Analysis of mesocarp oils from several different **oil** *palm* hybrids. 053623
Refining of *palm* **oil.** 053624
Evaluation of agricultural products and by-products as animal feeds. IV. The value of processed **oil** *palm* sludge for chicks. 054103
The effects of varying the level of *palm* **oil** in a constant high protein diet on performance and carcass characteristics of the growing pig. 054804
Evaluation of agricultural products and by-products as animal feeds. IV. The value of processed **oil** *palm* sludge for chicks. 054885
Description of a new species of lace bug [Leptopharsa gibbicarina] attacking the **oil** *palm* in Colombia (Hemiptera: Tingidae). 061224
Notes on the **relict** *palm* Livistona mariae F. Muell. In central Australia [Ecology]. 056761
Regeneration of **wild** *date-palm* (Phoenix sylvestris, Roxb.). 056122

PALMETTO

Ecological studies of the cabbage palm, **Sabal** *palmetto.* 056744

PALMITATE

Inhibition of nitrosamine formation in fried bacon by propyl gallate and **L-ascorbyl** *palmitate.* 053814

PALYNOLOGY

The Pleistocene changes of vegetation and climate in tropical South **America** *[Palynology].* 056526
Palynological **characteristic** of stratotypic section of the Gorelki series Neogene near v. Gorelki on the Khoper. 056490
Age and deposit environment of the Lower Cretaceous siltous shales of the Belezma mountains (Algeria) from *palynological* **data.** 056454
Evidence of the Oligocene in the sedimentary basin, Cameroon coast, obtained from *palynological* **information.** 056457
Palynological **investigation** of Neogene deposits in the Nowy Targ-Orawa Basin (West Carpathians, Poland). 056376
Palynological **investigation** of "Eybens clays" proves a glacial age. 056459
Palynological **investigations** of lacustrine deposits of the Svalbard Archipelago. 056593
Formation of valley-bottom traventine deposits under ocean-tempered climate *[Palynological* **stratigraphy].** 056458
The Gaulois du Fougerais camp at Saint-Michel-Chef-Chef (L.A.). *Palynological* **study.** 056445

PAMPHILIIDAE

Notes on Acantholyda flaviceps (Retz.) (Hymenoptera, *Pamphiliidae)* in **eastern** Fennoscandia. 061107

PANAX

Studies on the constituents of Panacis japonici *[Panax* **japonicum]** rhizoma. V. The structures of chikusetsusaponlin I, Ia, Ib, IVa and glycoside P. 057501

PANCREAS

Cyclic-AMP [adenosine monophosphate] and *pancreatic* **bicarbonate** secretion in response to secretin in dogs. 054681
Isolation and partial characterization of **bovine** *pancreatic* colipase. 054378
Bovine *pancreatic* lipase. I. Isolation, homogeneity, and characterization. 054575
The ultrastructure of the cell types in the **endocrine** *pancreas* of the horse. 054435
Chronic **exocrine** *pancreatic* insufficiency in the dog. 055859
Effect of **ligatured** *pancreatic* duct on the intestinal pH [hydrogen-ion concentration] in the rabbit. 054412
Studies on the effect of [bovine] bile salt and colipase on enzymatic lipolysis. Improved method for the determination of *pancreatic* **lipase** and colipase. 054380
Characterization of **pig** *pancreatic* kallikreins A and B. 054510
Pseudo-zero order solubilization of remazol-brilliant-blue elastin by **[porcine** *pancreatic]* elastase. 054311
Determination of trace elements in human tissues. II. Chromium in the *pancreas* and in **raw** commercial sugar. 053104
Morpho-functional changes in the *pancreas* after **resection** of the jejunum in cats. 054398
Preparation of cross-linked dimers of [bovine] *pancreatic* **ribonuclease.** 054364

PANELS

Properties of *panels* made from **bark** [Particle board]. 056265
Producer *panels* in agriculture—future-directed questions to fixed samples [Farmers' economic behavior]. 052255
Modulus of rigidity of **wood-based** *panels.* I. Plywood. 056193

PANGOLAGRASS

Influence of *pangolagrass* **burning** on the population of spittlebugs [Aeneolamia postica] and other insects. 060167
Good potential for *Pangola* **grass** [Digitaria decumbens]. 058790

PANICUM

Panicum ciliatum Ell. (Gramineae) has to be **called** *Panicum* leucoblepharis Trin. 056636
Field growth of fall panicum [Panicum dichotomiflorum] and witchgrass *[Panicum* **capillare,** annual weedy grasses]. 060077
Panicum **ciliatum** Ell. (Gramineae) has to be called Panicum leucoblepharis Trin. 056636
Fall panicum *[Panicum* **dichotomiflorum,** weeds] in Ontario. 059948
Field growth of fall panicum *[Panicum* **dichotomiflorum]** and witchgrass [Panicum capillare, annual weedy grasses]. 060077
Fall *panicum* [Panicum dichotomiflorum, weeds] in Ontario. 059948
Cyanazine [herbicide] metabolism in corn, **fall** *panicum,* and green foxtail. 060058
Field growth of **fall** *panicum* [Panicum dichotomiflorum] and witchgrass [Panicum capillare, annual weedy grasses]. 060077
Response of *switchgrass* **(Panicum** virgatum L.) to clipping frequency. 058797
Biochemical characterization of *Panicum* **species** which are intermediate between C3 and C4 [carbon pathway] photosynthesis plants. 057902
Response of **switchgrass** *(Panicum* virgatum L.) to clipping frequency. 058797

PANONYCHUS

Effects of mite population density on 'Newtown' and 'Golden Delicious' apple tree performance *[Panonychus* **ulmi,** Tetranychus urticae, Tetranychus mcdanieli]. 060297

PANSTRONGYLUS

The use of small chicken houses to study sylvatic Triatominae [Rhodnius prolixus, Rhodmius pictipes, *Panstrongylus* **geniculatus** in a sylvatic area in Venezuela]. 060507

PANTOTHENIC

The B vitamins. III. On biotin and *pantothenic* **acid** and the vital matter of teamwork—why no one vitamin is all-important. 053154
The use of the plate methods for the determination of folic and *pantothenic* **acids** content in food [using Streptococcus faecalis and Lactobacillus arabinosus. 053082

PAPAVER

Studies on the syntheses o heterocyclic compounds. DCXX. Total synthesis of (plus,minus)-orientalidine and a positional **isomer** *[Papaver].* 058401
Laticifers in stamens of *Papaver* **somniferum** L. 056888
Opium alkaloids. XVI. The biosynthesis of 1-benzylisoquinolines in *Papaver* **somniferum.** Preferred and secondary pathways; stereochemical aspects. 057673
An interesting line of opium poppy *[Papaver* **somniferum,** varieties, drug plants]. 059221
On alkaloids from *Papaver* **syriacum** Boiss. Et Blanche. 057506

PAPAYAS

Occurrence of promoting and inhibitory substances in the seed arils of **Carica** *papaya* L. [Papayas]. 058410
A note on the comparison of morphological characters of Cavia cauliflora and **Cavia** *papaya.* 056917
The preparation of *papaya* **jam.** 054016
Serological relations of narcissus and *papaya* **mosaic** viruses to established members of the potexvirus group. 059637
Effects of storage temperature and container lining on some quality attributes of *papaya* **nectar.** 054008
Occurrence of promoting and inhibitory substances in the seed arils of Carica **papaya** L. *[Papayas].* 058410

PAPER

Amino acid differentiation in Ophioglossum L by *paper* **chromatography.** 057511
Discussion *paper:* The use of Drosophila for mutagenesis screening. 060665
Nordmiljo 80, a Scandinavian project on system for environmental pollution monitoring in the pulp and *paper* **industries.** 056244
Availability and cost for raw materials for the pulp and *paper* **industry.** 056241
Pollution in the cellulose group [of the pulp and *paper* **industry].** 062492
Fluorescamine as a reagent for location of proteins after electrophoresis in starch gel or on *paper* **[Latex** protein hevein]. 053473
Newsprint *[paper]* **manufacture** in India—the way ahead. 056260
Processed *paper* pads for greenhouse cooling. 061411
Professor Waldemar Jensen 60 years [Pulp and *paper* **research,** Finland]. 056150

PAPHIOPEDILUM

Paphiopedilum **parishii** 'Rosemary', CCM/AOS. 058925

PAPILIO

Chromosomal studies on interspecific hybrids of butterflies (Papilionidae, Lepidoptera). 3. *Papilio* **bianor** [female] x Papilio paris [male], Papilio paris [female] x Papilio maackii [male], Papilio bianor [female] x Papilio maackii [male], and Papilio polytes [female] x Papilio maackii [male]. 061001
Utilization and requirements of amino acids by a cell line derived from the **butterfly** *Papilio xuthus.* 060933
Chromosomal studies on interspecific hybrids of butterflies (Papilionidae, Lepidoptera). 3. Papilio bianor [female] x Papilio paris [male], Papilio paris [female] x *Papilio* **maackii** [male], Papilio bianor [female] x Papilio maackii [male], and Papilio polytes [female] x Papilio maackii [male]. 061001
We'd like to tell you about some of our hangups! **[Oncidium** *papilio],* 058929
Chromosomal studies on interspecific hybrids of butterflies (Papilionidae, Lepidoptera). 3. Papilio bianor [female] x *Papilio* **paris** [male], Papilio paris [female] x Papilio maackii [male], Papilio bianor [female] x Papilio maackii [male], and Papilio polytes [female] x Papilio maackii [male]. 061001
Isolation of a clone from an insect *[Papilio* **xuthus]** cell line by application of a fibrin clot method. 060674
Wing color pattern as the releaser of mating behavior in the swallowtail butterfly, *Papilio* **xuthus** L. (Lepidoptera: Papilionidae). 060679

Wing color pattern as the releaser of mating behavior in the swallowtail butterfly, *Papilio* **xuthus** L. (Lepidoptera: Papilionidae). 060680

PAPILIONACEAE

The cytoevolution of the **Australian** *Papilionaceae*. 056591

PAPILIONIDAE

Chromosomal studies on interspecific hybrids of **butterflies** *(Papilionidae*, Lepidoptera). 3. Papilio bianor [female] x Papilio paris [male], Papilio paris [female] x Papilio maackii [male], Papilio bianor [female] x Papilio maackii [male], and Papilio polytes [female] x Papilio maackii [male]. 061001

Wing color pattern as the releaser of mating behavior in the *swallowtail* **butterfly,** Papilio xuthus L. (Lepidoptera: Papilionidae). 060679

Wing color pattern as the releaser of mating behavior in the *swallowtail* **butterfly,** Papilio xuthus L. (Lepidoptera: Papilionidae). 060680

Wing color pattern as the releaser of mating behavior in the swallowtail butterfly, Papilio xuthus L. **(Lepidoptera:** *Papilionidae).* 060679

Wing color pattern as the releaser of mating behavior in the swallowtail butterfly, Papilio xuthus L. **(Lepidoptera:** *Papilionidae).* 060680

PAPILLOMA

Quantitation of **bovine** *papilloma* viral DNA in viral-induced turmors. 055632

Precipitin response of cattle to **commercial** *wart* vaccine. 055423

PARAFFIN

Growing of yeast [Candida tropicalis] on medium with *paraffin* and **additives** of molasses, stillage and maize extract. 057752

Metabolism of *paraffin* and **naphthenic** hydrocarbons in higher animals. I. Retention of paraffins (normal, cyclo and ramified) in the rat. 053101

Metabolism of *paraffin* and **naphthenic** hydrocarbons in higher animals. II. Accumulation and mobilization in the rat. 053102

Metabolism of paraffin and naphthenic hydrocarbons in higher animals. I. Retention of *paraffins* **(normal,** cyclo and ramified) in the rat. 053101

Semi-commercial studies of a petroprotein process based on *n-paraffins* **[Single-cell** proteins]. 053579

The production of yeast from *n-paraffins* **[Single-cell** protein]. 053582

PARAINFLUENZA *see* INFLUENZA

PARAKERATOSIS

Parakeratosis in a **highland** Simmental calf. 055890

Effects of zinc deficiency on swine skin collagen and **zinc** *[Parakeratosis].* 055867

PARALYSIS

Survey of bovine **parturient** *paresis* in Austria (December 1972 to December 1973). 055891

PARAMAGNETIC *see* MAGNETISM

PARAMECIA

Further investigation on the effect of pesticides on *Paramecium* **aurelia.** 060554

The effect of some pesticides of *Paramecium* **aurelia.** 060555

PARAMETRY

A **multiple** *parameter* approach to the estimation of amino acid requirements of lactating sows. 054901

Problems in measuring turbidity as a water **quality** *parameter*. 062284

PARAMYELOIS

Ultrastructure of some developmental stages of Helicosporidium sp. in the navel orangeworm, *Paramyelois* **transitella.** 060316

PARAOXON

Species difference in metabolism of parathion [organophosphorus insecticides] apparent inability of [lobster] hepatopancreas fractions to **produce** *paraoxon*. 060540

PARAQUAT

Paraquat as a **dessicant** on corn. 058690

Paraquat **[herbicide]** poisoning in a dog and cat. 055952

Germination of seeds of turfgrasses as affected by glyphosate and *paraquat* **[Herbicides].** 060078

Ratoon clearing of pineapple with *paraquat* and **roundup** glyphosphate. 060019

PARASCARIS

Those 'infernal' internal parasites [Habronema, Trichostrongylus axei, Gastrophilus intestinalis, *Parascaris* **equorum,** horses]. 055522

Parascaris **[equorum]** in foals. 055682

PARASITES

The recommended control by Pepro for **animal** *parasites* of sugarbeets. 059739

Host plants and *parasites* of some **Arizona** seed-feeding insects [Bruchidae]. 061121

Colcondamyia auditrix nov. Sp. (Diptera: Sarcophagidae), a *parasite* which is **attracted** by the mating song of its host, Okanagana rimosa (Homoptera: Cicadidae) [New taxa]. 061154

Giardiasis [Giardia canis] in dogs and incidence of the *parasite* in **Austria.** 055808

Rhinonyssids (Gamasoidea: Rhinonyssidae), *parasites* of **birds** from the region of the Lenkoran hibernation site. 060490

Immune defences against **blood** *parasites* [causing diseases in humans and domestic animals]. 055690

Marking aphids and their *parasites* with 14C **[carbon** isotope] in field studies [Brevicoryne brassicae, Myzus persicae, pests of rape and kale]. 060192

Histochemical observations on the body surface of Leucochloridiomorpha constantinaea (Trematoda) *[parasite* of **chickens]** cultivated in vitro. 055732

Ectoparasites Chalcididae (Hymenoptera: Chalcidoidea) *parasites* of **Dacus** oleae Gml. (Diptera: Trypetidae) [Biological control]. 060255

A guide for accredited veterinarians [Infectious and *parasitic* **diseases].** 055434

Data on the incidence of some infectious and *parasitic* **diseases** in slaughtered animals in 1971-1973. 055661

Surveillance for *parasitism* in **domestic** animals. 055543

Bathyplectes curculionis in Oklahoma: distribution and **effective** *parasitism* of the alfalfa weevil [Hypera postica]. 061119

Parasitic **encephalitis** in pigeons. 055456

Distribution and the biology of chestnut [Castanea] blight **[Endothia** *parasitica* (Murrill) Anderson and Anderson]. 059336

Possible involvement of furanoterpenoid phytoalexins in **establishing** *host-parasite* specificity between sweetpotato and various strains of Ceratocystis fimbriata. 059378

Life history of Eudiplogaster aphodii (Rhabditida: Diplogasteridae), a **facultative** *parasite* of Aphodius fimetarius (Coleoptera: Scarabaeidae). 060981

A **fungal** *parasite* in the marine diatom Coscinodiscus oculus-iridis [Algae]. 059248

A new smut, Thecaphora lithospermi on Lithospermum officinale from China *[Parasitic* **fungi].** 059481

Hypergastrinaemia during a *parasitic* **gastritis** in sheep. 054603

Critical tests with oxibendazole against **gastrointestinal** *parasites* of ponies. 055400

Studies on the physiology of a *parasitic* **green** alga, Cephaleuros sp. 060033

A study of assimilation and translocation in Cuscuta hyalina Heyne ex Roth., Orobanche ramosa L. and Striga hermonthica Benth. *[Parasitic* and **hemiparasitic** angiosperms]. 060053

Control programmes for **internal** *parasites* of dairy cattle. 055490

Those 'infernal' **internal** *parasites* [Habronema, Trichostrongylus axei, Gastrophilus intestinalis, Parascaris equorum, horses]. 055522

Larvae of Bochartia sp. (Acarina: Erythraeidae) *parasitizing* **jassids** [Eggplant pests, natural control]. 060776

Physiological studies with the fungus Saprolegnia megasperma isolated from the freshwater nematode Neomesomermis flumenalis [a **larval** *parasite* of potential use in biological control of blackflies]. 057391

Phenotypic differences in female Ostertagia circumcincta [nematodes] as demonstrated by isozymes hydrolizing alpha-naphthyl acetate **[Livestock** *parasites].* 055422

Fourth symposium on Taeniarhynchus cysticercosis on April 26, 1974 in Schwerin [Abstracts of papers, **livestock** *parasites*, transmission]. 055431

On the importance of some biohelminths [including **livestock** *parasites]* in the study of the energy flow in ecosystems. 055722

Effect of haloxon and thiabendazole on the free-living stages of Haemonchus contortus **[livestock** *parasite*, nematoda, control]. 055730

Cheyletiella parasitivorax (Megnin), a *parasitic* **mite** causing mange in the domestic rabbit. 060449

Studies on mesostigmatid **mites** *parasitic* on mammals and birds in Japan. III. On the identity of Hirstionyssus apodemi Zuevsky, 1970, with Hirstionyssus sunci Wang, 1962, and the description of Hirstionyssus japonicus spec. nov. (Mesostigmata: Laelapidae). 061193

Goniozus gallicola fouts, a *parasite* of **moth** larvae [Pectinophora gossypiella, Phthorimaea operculella], with notes on other bethylids (Hymenoptera: Bethylidae; Lepidoptera: Gelechiidae). 060412

Nematode *parasitism* in cattle. 055676

Somatic centrioles in the *parasitic* **nematode,** Capillaria hepatica Bancroft, 1893. 059808

Some cestodes and **nematodes** *parasitizing* gallinaceous and columbiform birds in Nepal [Includes chickens]. 055513

Susceptibility of Japanese holly [Ilex crenata] to Criconemoides xenoplax, Tylenchorhynchus claytoni, and certain other *plant-parasitic* **nematodes.** 059809

Problem of specificity of **nest-burrow** *parasites* of birds [Includes insects]. 060482

Differential reactions of three crucifers to infection by **Peronospora** *parasitica* (Pers. ex Fr.) Fr. 059401

Activity of some volatile oils against **Phytophthora** *parasitica* var. piperina. 059326

Effects of the structure of phenolic compounds [extracted from tomato plants] on the inhibition of **Phytophthora** *parasitica* and on lytic enzymes. I. Isoflavonoids and coumestans. 059404

Changes in carbohydrate constituents induced in the yam tuber (Dioscorea rotundata Poir) by a **plant** *parasitic* nematode Scutellonema bradys. 059787

Some Tylenchoidea (Nematoda) from South Africa **[Plant** *parasites].* 059858

Biology of Anguina **plantaginis** *parasitic* on Plantago aristata [Nematodes]. 059796

Competitive fungi and *parasites* in the **plantings** of edible wood fungi. 059906

Comparative electrophoretic studies of certain species of the Notocotylus genus **[Poultry,** *parasites].* 055475

Oral infection of mammals with Sarcocystis fusiformis bradyzoites from cattle and sporocysts from dogs and coyotes **[Protozoan** *parasites].* 055622

Persistence and dispersal of Stempellia milleri (Microsporida: Nosematidae), a **protozoan** *parasite* of Culex pipiens quinquefasciatus [Natural control]. 060470

Use of acridine orange for the detection of a **protozoan** *parasite* [Lankesteria culicis] in a mosquito [Aedes aegypti, natural control]. 060480

Host-parasite **relationships** in the alimentary tract of domestic birds. 055389

Ultrastructural and cytochemical studies of tomato **roots** *parasitized* by Colletotrichum coccodes (Wallr.) Hughes. 059411

Contributions to the mechanism of infection of Erwinia uredovora, a *parasite* of **rust** fungi. 059498

A *parasitic* **Scolytidae** [Stephanoderes polyphagus] on rice stems in Cameroon (Coleoptera). 060176

Observations on *parasitic* [**snow** mold] on grasses. 059468

Incidence and oviposition patterns of Trichopoda pennipes (F.). A *parasite* of the **southern** green stink bug, Nezara viridula (L.) [Natural control, field crop pests]. 060216

Conception and terminology of hosts in *parasitology* **[Vertebrate** research]. 055388

Circulatory rhythm in the larvae of the lesser apple worm (Laspeyresia pomonella L.) [Influence of *parasitization* of the **wasp** Microdus rufipes]. 060335

Acute cysticercosis [Taenia hydatigena] in sheep *[Parasitic* **worms].** 055693

PARASITIFORMES

A new species of the genus Phytoseius [turiacus] *(Parasitiformes,* **Phytoseiidae)** from Transcarpathia. 061268

PARASITOIDEA

Relationships between the parasitoid Hyposoter exiguae and Trichoplusia ni: *parasitoid-induced* **histo-** and cytopathology [Cabbage pest, biological control]. 060222

PARASITUS

Studies on the function of the tritosternum in selected Gamasida (Acari) *[Parasitus* **coleoptratorum,** Glyptholaspis americana]. 060741

PARATHION

Residues of endrin, *parathion* and **endosulfan** [insecticides] in/on bhendi [Abelmoschus esculentus] fruits. 060608

Influence of the administration of *parathion* **methyl** or Zineb on the activity of some hepatic enzymes in the rat. 060519

Quantification of cholinesterase inhibition [thin-layer chromotagraphy] for estimation of *parathion* **[Organophosphorus** insecticides]. 060514

Pathways of microbial metabolism of *parathion* **[Organophosphorus** insecticide]. 060520

Species difference in metabolism of *parathion* **[organophosphorus** insecticides] apparent inability of [lobster] hepatopancreas fractions to produce paraoxon. 060540

Degradation of *parathion* in **seawater.** 060614

Infrared and X-ray study of *parathion-montmorillonite* **sorption** complexes [Behavior of pesticides in soil]. 060599

PARATHYROIDECTOMY *see* THYROPARATHYROIDECTOMY

PARATUBERCULOSIS

Intravenous johnin and tuberculin tests in cattle vaccinated with **Mycobacterium** *paratuberculosis* cells and subsequentlyinoculated with Mycobacterium bovis. 055415

PARATYLENCHUS

The induced molting of 4th-stage larvae of pin nematode, *Paratylenchus* **aciculus** Brown (Nematoda: Paratylenchidae), by root exudate of host plant [Morus]. 059707

The induced molting of 4th-stage larvae of pin nematode, *Paratylenchus* **aciculus** Brown (Nematoda: Paratylenchidae), by root exudate of host plant [Morus]. 059708

PARENCHYMA

Histochemistry of the *parenchyma* of **Cysticercus** bovis [obtained from calves]. 055512

PARENT

Parental **age,** genetic variation and selection [Drosophila melanogaster, fish]. 060844

Nesting and *parental* **behavior** in domestic common quail. 054334

Induction of *parental* **behavior** in Japanese quail (Coturnix coturnix japonica). 054570

Inheritance of interlocular cavitation in a *six-parent* **diallel** cross in snap beans (Phaseolus vulgaris L.). 057062

Brain lesions in mallard ducklings from *parents* **fed** methylmercury. 055899

Performance of male-sterile stocks of cotton as *parents* and **hybrids.** 056944

Nude mice from homozygous **nude** *parents* show smaller PFC [plaque-forming cell] responses to sheep erythrocytes than nude mice from heterozygous mothers. 055179

Differential effects of the *parental* **photothermal** environment on development of dormancy in caryopses of Aegilops kotschyi. 057697

Analyses of amino acids in flower nectars of hybrids and their *parents,* with **phylogenetic** implications. 056551
Characteristics of somatic cell hybrids (mouse X Chinese hamster) with different ratios of the sets of chromosomes of the *parental* **species.** II. Thymidine kinase activity. 055231
A somatometric study of the growth of hybrids of common guinea fowl (Numida meleagris L., female) X cock (Gallus gallus, male) and of *parental* **varieties.** 054664

PARENTERAL

Parenteral **infection** of white-tailed deer (Odocoileus virginianus) with Metacercariae of Fasciola hepatica and Fascioloides magna. 055623

PARESIS *see* PARALYSIS

PARKS

Periphyton of five lakes in **Gatineau** *Park,* Quebec [Algae]. 056466
Phytoplankton of five lakes in **Gatineau** *Park,* Quebec [Algae]. 057378
Fish distribution in **Gatineau** *Park,* Quebec, in relation to postglacial dispersal, man's influence, and eutrophication. 062391
The plan for **Glover** *Park* in Nagasaki City and its garden and landscape sculpture. 058943
The Blue Camas, Camassia quamash, a plant new to Waterton Lakes **National** *Park,* Alberta. 056467
Annotated check list of the alpine vascular plants of Specimen mountain, Rocky Mountain **National** *Park,* Colorado. 056612
Some new finds [of Spermatophyta] in Sarek **National** *Park* [Minuartia rubella, Carex glacialis, Astragalus frigidus, Aconitum septentrionale]. 056616
Biology, ecology, and economic importance of cassids (Coleoptera, Chrysomelidae, Cassidinae) of the Ojcow **National** *Park* [including possible use for biological control of weeds]. 060624
Color terrain map of Yellowstone **National** *Park,* computerderived from ERTS MSS [Earth Resources Technology Satellite, multispectal scanner]. 062431
Reflections on natural and cultural landscapes in Texas **state** *parks* [Management]. 056059
Meeting recreational, *park* and **wilderness** needs. 056001

PARLATORIA

Control of Parlatoria [pergandii, *Parlatoria* **cinera**] scales on citrus by low-volume spray. 060293

PARMELIA

Lichens *[Parmelia* **chlorochroa,** Usnea hirta] as predictors and indicators of air pollution from coal-fired power plant emissions. 062400
The ultrastructure of the symbionts of Rhizocarpon geographicum, *Parmelia* **conspersa** and Umbilicaria pustulata [Lichenes] growing under dryness conditions. 056910
The influence of aspect on the pattern of seasonal growth in the **lichen** *Parmelia* glabratula ssp. fuliginosa (Fr. ex Duby) Laund. 057784

PARODIA

Parodia **schuetziana** Jajo, a jewel in a greenhouse. 059079
The L *Parodia* **species** [in Mexico]. 056532

PAROTID

Characterization of protein kinases from **bovine** *parotid* glands. The effect of tolbutamide and its derivative on these partially purified enzymes. 054367

PAROXYSMS

Five cases of *paroxysmal* **atrial** fibrillation in the racehorse. 055833
Cardiopathological observation on a case of *paroxysmal* **ventricular** tachycardia in a Thoroughbred colt: formal pathogenesis. 055829

PARSLEY

Crossing of stem nematode Ditylenchus destructor Thorne, 1945 of potatoes with nematode Ditylenchus dipsaci (Khun, 1957) Filipjev, 1936 of *parsley* and **parsnip.** 059825
Quantitative determination of growth-dependant changes in the ultrastructure of freely suspended callus cells of *parsley* **(Petroselinum** crispum (Mill.) A. W. Hill). 056787

PARSNIPS

Crossing of stem nematode Ditylenchus destructor Thorne, 1945 of potatoes with nematode Ditylenchus dipsaci (Khun, 1957) Filipjev, 1936 of **parsley** and *parsnip.* 059825

PARTHENIUM

Dermatologically active sesquiterpene lactones in trichomes of *Parthenium* **hysterophorus** L. (Compositae). 057560

PARTHENOCARPY

Variations in the amount of abscisic acid in two varieties of pears, Passe-Crassane and Doyenne du Comice, in relation to the induction of *parthenocarpy* by **gibberellic** acid. 058470
Induced *parthenocarpy* with pollen irradiated with gamma rays [Tomatoes, cucumbers, melons]. 058316

PARTHENOGENESIS

Reproduction in a *parthenogenetic* **aphid,** Aphis craccivora Koch: embryology, ovarian development and fecundity of apterae and alatae. 060688
The population genetics of parthenogenetic strains of Drosophila mercatorum. II. The capacity for *parthenogenesis* in a **natural,** bisexual population. 060832
Parthenogenetic **reproduction** of Trichospilus diatraeae Cher. And Margab. (Hymenoptera, Chalcidoidea). 060708
Apomixis in a **sterile** hybrid species of Potentilla. 056783
The population genetics of *parthenogenetic* **strains** of Drosophila mercatorum. II. The capacity for parthenogenesis in a natural, bisexual population. 060832

PARTICLEBOARDS *see* BOARDS

PARTICLES

Ferredoxin-dependent photosynthetic reduction of nitrate and nitrite by *particles* of **Anacystis** nidulans [Algae]. 057761
Isolation and examination of transducing **bacteriophage** *particles* from Streptococcus lactis C2 [Dairy fermentations]. 053737
Properties of panels made from bark *[Particle* **board].** 056265
The effect of *particle* **morphology** on the K-Ca [potassium-calcium] exchange properties of montmorillonite. 061733
Particle **size** distribution in casein solutions [Milk]. 053777
Aerosol vaccination against Newcastle disease. I. Studies on *particle* **size** [Chickens]. 055439
Concentration of lowgrade magnesium-containing rock phosphates with different *particle* **sizes** from the Aksai deposit in Karatau. 062079
The influence of **soil** *particle* charge on the sign of suspension effect. 061722
Morphogenesis of picornaviruses: characterization and assembly of bovine enterovirus **subviral** *particles.* 055611
Pathways of degradation of brome mosaic **virus** *particles* [isolated from barley leaves] as influenced by their RNA content. 059678
Detection and electron microscopic characterisaton of "long" bulletshaped **virus-like** *particles* in cultivated orchids. 059628

PARTITION

Partitioning of the **lipolytic** enzymes in bovine milk. 053703

PARTURITION *see* BIRTH

PASPALUM

Studies on the responses of pasture grasses to nitrogen fertilization. I. Comparative responses of some subtropical grasses [Chloris gayana, *Paspalum* **dilatatum,** Paspalum notatum] to varying levels of nitrogen fertilization. 062004

PASSIFLORA

Yellow granadilla *[Passiflora* **edulis]** outshines purple granadilla in yield and disease resistance [Meloidogyne, Phytophthora nicotianae, Fusarium]. 059729

PASSIFLORACEAE

Coevolution of plants and herbivores: passion flower butterflies *[Passifloraceae,* **Heliconiini** (Nymphalidae)]. 056493

PASSIVE

Effects of CCCP [carbonyl cyanide m-chloro phenylhydrazone] on photosynthesis and on active and *passive* **chloride** transport at the plasmalemma of Hydrodictyon africanum [Algae]. 057775
Serological studies of potato viruses X, Y, A and Aucuba mosaic. III. Expansion of sensitivity limits of serological virus determination by the use of the latex-test, bentonite flocculation, *passive* **haemagglutination** and complement fixation reaction. 059551
Passive **microwave** sensing of moist soils. 061690
Regional distribution of blood flow in calf muscles of rat during *passive* **stretch** and sustained contraction. 054256
The *passive* **transfer** of humoral immunity from sows infected with Hyostrongylus rubidus (Hassal and Stiles, 1892), the red stomach worm, to their offspring and its significance in the conferring of protective immunity. 055539
Acquired resistance to ticks [Dermacentor andersoni]. I. *Passive* **transfer** of resistance [Guinea-pigs]. 060435

PASTE

Aerosol, a new cheese manufacture dry salting technique of **soft** *pastes.* 053783

PASTEURELLA

Prevention and control of shipping fever *[Pasteurella* **pneumonia].** 055482
Isolation of **Yersinia** *(Pasteurella)* pseudotuberculosis from the Palm dove (Streptopelia senegalensis). 055454

PASTEURIZATION

The keeping quality of table milk **[Bacteria,** *pasteurization].* 053019
Compost *pasteurization* and mushroom yield. 061971
Species composition of catalase-negative streptococci in raw and *pasteurized* **cow's** milk for white brine cheese. 053077
Study on the bacterial contamination of raw and *pasteurized* **cow's** milk for white brine cheese. 053078
Lipolysis in hard cheese made from *pasteurized* **milk.** 053698

PASTURES

Dispersion, abundance and biomass of the grasshoppei from the family of Acrididae (Orthoptera) living in a *pasture* near **Banska** Stiavnica. 060702
Bromegrass *pastures* in the Prairie provinces. 058712
Is poultry manure a **cheaper** *pasture* fertiliser? 061959
Chemical *pasture* renovation [Herbicide treatments]. 059940
Effect of stocking rate, lambing time and pasture management on wool and lamb production on annual subterranean **clover** *pasture.* 058643
Magnesium supplementation of beef **cows** on *pasture.* 054954
Factors affecting the utilization of macronutrients in diets by dairy cows during grazing on **cultivated** *pastures.* 054823
Study of the sprinkler irrigation of **cultivated** *pastures* in soddy-gley soils. 062317
Sorrel control in *pasture* **establishment.** 059999
Pasture **evaluation** of tall fescue [Festuca] varieties. 058691
Insect damage to **exotic** *pasture* in the southern highlands of Tanzania. 060188
Legumes improve animal performance on **fescue** *pastures.* 058646
Pasture and **forage** crops in perspective. 058684
The utilization [by cows] of legume-grass stand, yield and the quality of *pasture* **forage.** 058904
Studies on the responses of *pasture* **grasses** to nitrogen fertilization. I. Comparative responses of some subtropical grasses [Chloris gayana, Paspalum dilatatum, Paspalum notatum] to varying levels of nitrogen fertilization. 062004
Summer keeping of Karakul sheep on **high-mountain** *pastures.* 054208
Hay and *pasture* for **horses.** 058704
Utilization of compound carbohydrate additives for feeding cows grazing on cultivated and **irrigated** *pastures* located around Moscow. 054824
Density and distribution of *pasture* **ixodid** ticks in the central Sikhote-Alin. 060485
Finishing steers on ryegrass **[Lolium]-clover** *pasture* with supplemental grain [Costs]. 054776
Are you ready for turn-out? [Cattle grazing, *pasture* **management].** 054768
Dairy cattle behavior on weeping lovegrass, Eragrostis curvula Schrad, Nees **[Grazing,** *pasture* **management].** 054822
Effect of stocking rate, lambing time and *pasture* **management** on wool and lamb production on annual subterranean clover pasture. 058643
Salt land can be made productive *[Pasture* **management].** 058786
The optimal water regime for agrophytocoenoses of *pastures* in the **Nonchernozem** zone of the Russian Soviet Federative Socialist Republic. 062333
Irrigation on *pasture*—does it **pay?** Costs]. 062183
Irrigation on *pasture*—does it **pay?** [Costs]. 062184
A comparison of rations for suckling lambs on heavily stocked **permanent** *pasture.* 054942
Effect of mineral fertilizers and irrigation on agrochemical properties of Chernozem soils and the productivity of flood **plain** *pastures* in the Tambov province. 058779
Effects of fertilizers and irrigation on the quality of *pasture* **plants** [Composition]. 058074
Herbicides and good management improves **range** *pastures.* 060094
Seasonal *pasture* contamination and availability of nematodes for grazing sheep. 055436
Forage plant breeding center for desert and **semidesert** *pastures.* 057124
Protective reforestation for **sheep** *pastures* in West Siberia [Grazing]. 054917
The vegetation of the Notsukezaki sand **spit** *pasture* in Hokkaido. 056729
Effect of feed supplements to cows bred on **summer** *pasture.* 054795
Fertilizer and water management of **tropical** *pasture* seed crops [Yields]. 058702
Doing the experiments farmers **want** *[Pastures].* 058785

PATCH

The influence of vegetation on the dynamics of soil humidity in the *patch* of **Spergulo-Corynephoretum** Tx (1928) Libb. (1933) [on sand dunes]. 061671

PATHOGENESIS

Pathogenicity of **Candida** species in rabbits [Moniliasis]. 055559
Some aspects of the *pathogenesis* of **canine** arteriosclerosis. 055851
Pathogenicity of a **caprine** herpesvirus [isolated from neonatal Angora kids]. 055421
Importance of biological antagonisms in the soil for **controlling** *pathogenic* cryptogams in fruit culture, as for example apple collar rot [Phytophthora cactorum]. 059309
The role of some enzymes of Verticillium dahliae in *pathogenesis* of **cotton** wilt. 059305
Pathogenesis of **duck** plague in the bursa of Fabricius, thymus, and spleen. 055420
A strain of Serratia marcescens pathogenic for larvae of Lymantria dispar: infectivity and mechanisms of *pathogenicity* **[Forest** pests, biological control]. 060372
Cardiopathological observation on a case of paroxysmal ventricular tachycardia in a Thoroughbred colt: **formal** *pathogenesis.* 055829
Cellulolytic enzymes of Helminthosporium apattarnae *[Pathogenic* **fungi].** 057635

A study on the effect of certain fungicides on *pathogenic* **fungi** on the seeds of Scotch and Austrian black pines (Pinus nigra] and Norway spruce [Picea abies] stored for. 059316
A variety of Collecephalus **hemerocalli** *pathogenic* on Hemerocallis [Leaf-streak]. 059414
Conidiogenesis in *pathogenic* **hyphomycetes.** I. Sporothrix, Exophiala, Geotrichum and Microsporum. 059470
Relationship of infection and *pathogenicity* in the **infection** of insects by wal-free prokaryotes [that cause plant diseases]. 060138
A hypophysis-abscess-syndrome in cattle. III. *Pathogenesis* **[Infectious** diseases]. 055709
A strain of Serratia **marcescens** *pathogenic* for larvae of Lyumantria dispar: infectivity and mechanisms of pathogenicity [Forest pests, biological control]. 060372
A strain of Serratia **marcescens** *pathogenic* for larvae of Lymantria dispar: characterization [Forest pests, biolgical control]. 060934
The *pathogenesis* of **mastitis** [Streptococcus agalactiae, Staphylococcus aureus, Corynebacterium]. 055706
Pathogenic **microorganisms** in cured meats. 052976
Comparison of the organism causing greening disease with several **plant** *pathogenic* gram negative bacteria, Rickettsia-like organisms and mycoplasma-like organisms. 059575
Determination of histamine concentration in normal and retained placenta and the activity of serum histaminase at the end of pregnancy and in early puerperium, a contribution to the study of *pathogenesis* of **puerperal** sepsis [Cattle]. 055884
Newcastle disease as a model for paramyxovirus-induced neurological syndromes: *pathogenesis* of the **respiratory** disease and preliminary characterization of the ensuing encephalitis. 055574
The role of microflora of the upper respiratory tract in the *pathogenesis* of **respiratory** diseases of calves. 055780
Exocortis viroid: cytopathic effects at the plasma membrane in association with *pathogenic* **RNA** [in infected Gynura aurantiaca]. 059675
The *pathogenicity* of **rough** strains of Pseudomonas aeruginosa [Bacteria] for Galleria mellonella. 060124
The *pathogenicity* to the **silkworm** [Bombyx mori] and taxonomic considerations on some muscardine fungi [Paecilomyces, Beauveria]. 061362
Mermithidae from Colchis *[Pathogenic* **soil** nematodes]. 059898
The *pathogenicity* of **Spiroplasma** citri [isolated from stubborn-diseased citrus]. 059589
Further observations on the association of the colicine V plasmid of Escherichia coli with *pathogenicity* and with **survival** in the alimentary tract [Calves, chickens]. 055609
Pathogenicity of **T-mycoplasmas** in animals. 055549
Study of *pathogenicity* and **toxicity** of certain microbic associations [Straw, feed, contamination]. 054107
Pathogenicity of **Tylenchorhynchus** martini [nematodes] swarmers to rice. 059830
Pathogenesis of in **utero** infection: experimental infection of eight- and ten-week-old porcine fetuses with porcine parvovirus. 055419
A bioassay of the *pathogenicity* of **Verticillium** lecanii conidiospores on the [chrysanthemum] aphid, Macrosiphoniella sanborni. 060312
Studies on **viral** *pathogenesis* in plant hosts. VIII. Systemic virus invasion and localization of infection on 'Samsun NN' tobacco plants resulting from tobacco mosaic virus infection. 059638
Exocortis disease; subcellular distribution of *pathogenic* **(viroid)** RNA [isolated from Gynura aurantiaca]. 059674

PATHOGENS

Factors affecting inoculum development and seed transmission of Helminthosporium gramineum *[pathogen* of **barley** stripe disease]. 059423
Studies on antibiotic substance produced by Streptomyces. I. Isolation of Streptomyces strains from soil samples and a new antifungal antibiotic was found for the control of rice **blast** *pathogen,* Pyricularia oryzae. 059250
Colletotrichum acutatum—a new seed **borne** *pathogen* of Zinnia. 059282
Efficacy of lincomycin and spectinomycin on **canine** *pathogens.* 055653
Phytophthora cinnamomi: a new [soil-borne] *pathogen* on **cloves** in peninsular Malaysia. 059353
Variability in aggressiveness, recovery, and cultural characteristics of isolates of Ceratocystis ulmi *[pathogen* of **Dutch** elm disease]. 059429
Relationships between heat resistance and phospholipid fatty acid composition of Vibrio parahaemolyticus **[Food-borne** *pathogens].* 052951
Nonspecific bacterial activity of the lactoperoxidase-thiocyanate-hydrogen peroxide system of [bovine] milk against Escherichia coli and some **gram-negative** *pathogens.* 055575
Bacterial growth, toxin production, and levels of ornithine carbamoyltransferase in resistant and susceptible cultivars of bean inoculated with Pseudomonas phaseolicola *[pathogen* of **halo-blight].** 059525
Genetic basis for resistance to **insect** *pathogens* [Bacillus thuringiensis, virus diseases, Hymenoptera, Apis mellifera, Bombyx mori]. 061042
Study on Ulmyces terebinthi (DC.) Wint (syn. Pleolaria terebinthi Cast.) *[Pathogen* of **pistachios].** 059340
Resistance formation to systemic fungicides (benzimidazole derivatives) in Colletotrichum lindemuthianum (Sacc. and Magn.) Bri. and Cav. [**Plant** *pathogens].* 059358
Phytophthora citrophthora on Pieris japonica: infection, sporulation, and dissemination *[Pathogen* of **shoot** blight, stem dieback and crown rot]. 059426
Specificity studies of the complement-fixation test for Mycoplasma hyopneumonia in *specific-pathogen-free* **swine.** 055496

PATHOLOGY

Pathological **anatomy** of Virginia crab apples infected with stem scar virus. 059542
Certain morphological and *pathological* **characters** of Alternaria cucumerina, the cause of watermelon leaf spot disease in Egypt. 059227
Chemical *pathology* of acute amino acid deficiencies. Effects of single and multiple amino acid deficiencies in rats. 053281
Study on the *pathological* **conditions** in the reproductive organs of cows. II. Pathology of salpinx, bursa and broad ligament. 055856
A note on the *pathological* **features** of hydronephrosis in buffaloes (Bubalus bubalis). 055853
Pathology of **mosquito** iridescent virus of Aedes taeniorhynchus in cell cultures of Aedes aegypti. 060448
Charlotte Elliott, 1883-1974 **[Plant** *pathologists,* USA]. 059856
Frederick Adolph Wolf 1885-1975 **[Plant** *pathologists,* USA]. 059857
Morphology, physiology and *pathology* of the **reproductive** system of the rabbit. 055076
Study on the pathological conditions in the reproductive organs of cows. II. *Pathology* of **salpinx,** bursa and broad ligament. 055856
Pathological **studies** of Marek's disease in Japanese quail. 055644
Pathological **studies** on bovine enzootic diarrhea. 055645

PATHWAYS

Paths to **agricultural** service and supply employment [Agribusiness]. 052293
A proposed **biosynthesis** *pathway* of drosopterins in Drosophila melanogaster. 060916
Chitin biosynthesis during Blastocladiella zoospore germination: evidence that the hexosamine **biosynthetic** *pathway* is post-translationally activated during cell differentiation [Fungi]. 057932
Leaf air space systems in C3 and C4 species **[Carbon** *pathways].* 057778
Biochemical characterization of Panicum species which are intermediate between C3 and C4 **[carbon** *pathway]* photosynthesis plants. 057902
Folding-pathway selection or **cross-linking** as the cause of thermal stabilization of yeast [Saccharomyces cerevisiae] invertase conformation by its mannan. 057971
Pathways of **degradation** of brome mosaic virus particles [isolated from barley leaves] as influenced by their RNA content. 059678
In vitro studies of the *pathways* of **fatty** acid synthesis in the rabbit. 054530
Regulation of Hyalophora cecropia fat body hexokinase by hexose phosphates common to the *pathways* of **glycolysis,** glycogen and trehalose synthesis. 060760
Mass energy balance analysis of **metabolic** *pathways* applied to citric acid production by Aspergillus niger [Fungi]. 057324
Pathways of **microbial** metabolism of parathion [Organophosphorus insecticide]. 060520
The effect of aeration intensity on the biochemical composition of baker's yeast: Activities of enzymes of the glycolytic and pentose **phosphate** *pathways.* 053491
A contribution to knowledge of the vegetation of forest clearings and *paths* in **SE.** [South East] Norway. 056496
Opium alkaloids. XVI. The biosynthesis of 1-benzylisoquinolines in Papaver somniferum. Preferred and **secondary** *pathways;* stereochemical aspects. 057673
An electron microscope study of the *path* of **water** movement in transpiring leaves of cotton (Gossypium hirsutum L.). 058117

PATTERNS

Measuring revegetation rates and *patterns* on **abandoned** agricultural lands by means of time-lapse aerial photography [Forest regeneration]. 056131
New method for prediction of protein value from essential amino **acid** *pattern* [New principles for scoring protein value from chemical composition]. 053040
Formation of vitamin B group and the amino **acid** *pattern* of microbial protein in the rumen of the goat fed with protein free diet containing ureidocompound and hay. 054775
Amino **acid** *pattern* and seasonal variation in some marine algae from Alexandria. 057332
Pattern selection and **alternation** [Sewing]. 053353
Classification of climate by *pattern* **analysis** with Australasian and southern African data as an example. 052087
Contribution of cyanidin-3-galactoside and pelargonidin-3-glucoside to the *pattern* of **anthocyanin** accumulation during deficiencies of nitrogen, phosphorus and potassium in seedlings of Zea·mays [Maize]. 058173
Comparison of somatic Giemsa **banding** *pattern* in several species of rye. 057195
A study of the relationship between housing conditions and **behavioral** *patterns* and injuries in dairy cattle. 055954
Tritium [hydrogen isotope] **behaviour** *pattern* in some soil-plant systems in a tropical environment. 062451
Changing *patterns* in U.S. Horticultural exports. 052743
Changing *patterns* of regulation as root cells of Zea mays [corn] mature. 058025
Wing **color** *pattern* as the releaser of mating behavior in the swallowtail butterfly, Papilio xuthus L. (Lepidoptera: Papilionidae). 060679
Wing **color** *pattern* as the releaser of mating behavior in the swallowtail butterfly, Papilio xuthus L. (Lepidoptera: Papilionidae). 060680
Polarization induced **colour** *patterns:* a model of the perception of the polarized skylight by insects. I. Tests in choice experiments with running honey bees apis mellifera. 061343
Evolution of **communication** *patterns* in animals. 054518
Occupational variation in the *pattern* of **consumer** expenditure in rural India [Elasticity]. 052659
Study of *patterns* in **contents** and participation of individual amino acids and protein contents in winter wheat grains. II. Full evaluation of four varieties of winter wheat. 058226
Altitudinally **coordinated** *patterns* of soils and vegetation in the San Jacinto mountains, California. 061869
Detection and *substitution-pattern* **determination** of guanidines. 057561
Maedi—**distribution** *pattern;* current situation [Pulmonary adenomatosis, virus diseases, livestock]. 055701
Pattern of **distribution** of certain cations in downy mildew-affected sorghum and soil [Sclerospora sorghi]. 059453
Distribution *patterns* of some Ciconematinae in different forest associations [Nematodes]. 059799
Spatial distribution of oribatid mites in small areas. II. The **distribution** *pattern* of some oribatid species. 061124
Spatial distribution of oribatid mites in small areas. II. The **distribution** *pattern* of some oribatid species [Oppia nova, Tectocepheus velatus]. 061125
Root growth of wheat. I. **Early** *patterns* of multiplication and extension of wheat roots including effects of levels of nitrogen, phosphorus and potassium. 058015
Barley cultivar identification by use of isozyme **electrophoretic** *patterns.* 056964
Changes of esterase **electrophoretic** *patterns* during the ontogenetic stages of diploid native Greek species of the genusAegilops. 057129
Cytogenetic analysis of the action of colchicine. I. *Pattern* of **elimination** of cytological anomalies in root and shoot apical meristems [Broadbeans]. 057147
The effect of prolactin and CB154 on in vivo lipogenesis and **enzyme** *patterns* in the Japanese quail, Coturnix coturnix japonica and of photostimulation on enzyme patterns in the white-throated sparrow, Zonotrichia albicollis. 054443
Changes of **enzyme** *patterns* in the integument of Locusta migratoria during formation of adult cuticle. 060859
Altitudinal variaton in leaf **epidermal** *patterns* of Cannabissativa [marihuana]. 056806
The nutritional status and the steroid **excretion** *pattern* during puberty [Boys]. 053290
Expenditure *patterns* of resident sportsmen in Vermont, 1970[Economic value of hunting and fishing]. 052257
Patterns of **[field]** crop production and its socio-economic implications in Pakistan. 052656
Flight *patterns* of Lygaeus equestris (Heteroptera) in spring and autumn with special reference to the influence of weather. 060989
Flow *patterns* and sedimentation in livestock oxidation ditches [Waste treatment]. 062561
The *pattern* of **flowering,** seed development and seed yield of two varieties of groundnut (Arachis hypogaea L.). 058127
The *pattern* of **flowering,** seed development and seed yield of two varieties of groundnut (Arachis hypogaea L.). 058428
Studies on **food** *patterns* of senior high school students. 3. A dietary survey of senior evening high school students. 053242
Frequency *pattern* of Rubus caesius L. [Dewberries] on Gotland, Sweden. 056614
Geographic *patterns* of fusiform rust [Cronartium fusiforme]in loblolly and slash pine [Pinus taeda, Pinus elliottii] plantations. 059486
Growth *pattern* and nutritional status on selected 8 to 10 year old children of Coimbatore City. 053186
Growth *patterns* in swine. 054540
The evolution of morphological novelty exemplified in the **growth** *patterns* of some Gesneriaceae [Streptocarpus fanniniae]. 056864
Viability and **hatching** *pattern* of eggs of the western corn rootworm [Diabrotica virgifera] exposed to chill periods of different durations. 060193
C18 [carbon] unsaturated fatty acid **hydrogenation** *patterns* of some rumen bacteria and their ability to hydrolyse exogenous phospholipid. 054384
Esterases in the house fly [Musca domestica]: polymorphismsand **inheritance** *patterns.* 060913
Retinal-tectal connections in the embryonic chick: evidence for regionally specific cell surface components which mimic the *pattern* of **innervation.** 054455
The effect of mechanical wounding of hyacinth bulbs on the **isoenzymes** *patterns* and activities of peroxidase, phenolase and catalase. 058310
14C [carbon **isotope]-assimilate** *pattern* and kinetics of photosynthetic 14CO2 [carbon dioxide]-assimilation of the marine red alga Bostrychia scorpioides. 057919
Land and **labor** *patterns* in Brazil during the 1960s. 052298
Reliability of value orientation scales [Rural sociology, **living** *patterns].* 052113
The effects of different *patterns* of **muscle** activity on capillary density, mechanical properties and structure of slow and fast rabbit muscles. 054659

Nodulation *pattern* in groundnut (Arachis hypogaea Linn.) as influenced by varying levels of plant density nitrogen and phosphorus. 058340
Incidence and **oviposition** *patterns* of Trichopoda pennipes (F.). A parasite of the southern green stink bug, Nezara viridula (L.) [Natural control, field crop pests]. 060216
Phenological *patterns* in the trees of the streamside forest. 058555
Protein-sulfhydryl content and electrophoretic **protein** *patterns* in young cotton plants as affected by low temperatures. 058178
X-ray induction of chromatid interchanges in somatic cells of Drosophila melanogaster: variations through the cell cycle of the *pattern* of **rejoining.** 060970
Effect of cAMP [cyclic adenosine monophosphate] on the *pattern* of **RNA** synthesis in protoplasts isolated from gibberellin-sensitive maize seedlings. 058198
The influence of aspect on the *pattern* of **seasonal** growth in the lichen Parmelia glabratula ssp. fuliginosa (Fr. ex Duby) Laund. 057784
Patterns of **shoot** growth, growth cessation and bud set in a nursery test of Sitka spruce [Picea sitchensis] provenances. 056130
Patterns in the use of **single** plant hosts by wood-boring beetles [Agrilus, Celtis]. 060374
Patterns of **survival** and microevolution in plant populations. 057618
Ultrastructural *patterns* of the green alga Scenedesmus obliquus plasma membrane revealed by freeze—etching. 056926
Uptake *pattern* of phosphorus in rice related to modes of application. 058126
The **vascular** *pattern* of Italian ryegrass (Lolium multiflorum Lam.). 1. The young seedling and its variability. 056778
The **vascular** *pattern* of Italian ryegrass (Lolium multiflorum Lam.) 2. Development of the seedling axis to maturity. 056779
The **vascular** *pattern* of Italian ryegrass (Lolium multiflorum Lam.). 3. The leaf trace system, and tiller insertion, in the adult. 056780
The **vascular** *pattern* of Italian ryegrass (Lolium multiflorum Lam.). 4. The peripheral plexus, and nodal root insertion. 056781
Influence of land development and land use *patterns* on **water** quality [Eutrophication, pollution control]. 052262
Within-crown *pattern* of ecophysiological features in leaves of Acer campestre and Carpinus betulus. 058573
The **world** *pattern* of oxygen-18 [isotope] in rainwater and its importance in understanding the biogeochemical oxygen cycle [Water economy of plant communities]. 062450

PATULIN

Mycotoxins in foodstuffs. VII. Inactivation of *patulin* in whole **wheat** bread by sulfhydryl compounds. 052967

PAVONIA

Turnip mosaic virus, the cause of a mosaic disease of **Tigridia** *pavonia* (Iridaceae). 059599

PAWPAW

Be the first on your block to own a *pawpaw* **tree** [Nutritive value, persimmons, quinces, gooseberries]. 053322

PEACHES

Disease and insect control in home orchards *[Peaches,* **apples,** plums, pears]. 059725
The symptoms of micronutrient deficiency in *peach* and their **control.** 059884
Prescription: a virus [Biological control of Xanthomonas pruni **disease** of *peaches].* 059536
Peach **disease** and insect control in North Carolina. 059726
Georgia *peach* disease and insect control guide, 1976. 059718
Physiological and biochemical processes of *peach* **grafted** on apricot and myrobalan plum in connection with their incompatibility. 058355
Fecundity and larval voracity of four ladybeetle species (Coleoptera, Coccinellidae) [Biological control of the **green** *peach* aphid, Myzus persicae]. 060253
The green lacewing, Chrysopa carnea steph. (Neuroptera, Chrysopidae), used to control the **green** *peach* aphid, Myzus persicae Sulz., and the potato aphid, Macrosiphum n peppers [Biological control] ree. 060254
Effects of some allelochemics on food uptake and survival of a polyphagus **[green** *peach]* aphid, Myzus persicae. 060278
Final report on fertilizer movement through soil resulting from rainfall [Nutrient loss, *peach* **orchards].** 061772
An economical pallet box dumper for *peaches* **[Packing** equipment]. 061477
Modes of pruning of **palmate-trained** *peach* trees. 059038
Study of the compatibility of *peaches* with **rootstocks** of apricots and myrobalan plums. 059202
The occurrence and control of Phomopsis fruit **rot** of *peach.* 059450
Some effects of temperature on the viability of *peach* **rust** uredospores [Tranzschelia discolor]. 059430
Aluminum toxicity symptoms in *peach* **seedlings.** 059790
Studies on the date of microspore genesis in some fruit tree **species:** *peach.* 058377
Changes in the levels of growth inhibitors and endogenous gibberellins during the vegetative rest of *peach* **tree** buds. 058477
Gibberellic acid instantly absorbed by the *peach* **tree** pistil. 058479
Cultural practices affect cold hardiness and *peach* **tree** short life. 059060

PEAKS

Nonparametric statistical analysis of **annual** *peak* flow data from a recently urbanized watershed. 062354
Polish rapeseed **crop** *peaks,* oilseed imports to continue. 052633
Brief analysis of *peak* **winter** rye yields. 058883

PEANUTS

Peanut **(Arachis** hypogaea L.) seed protein characterization and genotype sample classification using polyacrylamide gel electrophoresis. 056946
Advances in the evaluation of 18 erect peanut varieties in the *peanut* **area** of Huitzuco, Guerrero [Yields]. 058629
Nature and quantity of sloughed organic matter produced by roots of **axenic** *peanut* plants [and available for decomposition by soil microorganisms]. 058248
Brown bread and *peanut* **butter:** South Africa's answer to Type A [school lunches]. 053341
Brown bread and *peanut* **butter:** South Africa's answer to Type A. 053450
Noise reduction in pneumatic ducts that **convey** *peanut* hulls. 062563
Advances in the evaluation of 18 **erect** *peanut* varieties in the peanut area of Huitzuco, Guerrero [Yields]. 058629
Activities of various peptidases in cotyledons of **germination** *peanut* (Arachis hypogaea). 058153
Problems of herbicide assessment in *peanuts* in **Jamaica.** 060067
Composition, solubility, and gel electrophoretic properties isolated from Florunner (Arachis hypogaea L.) *peanut* **seeds.** 053925
Evaluation of models to describe sorption and desorption equilibrium moisture content isotherms of **Virginia-type** *peanuts.* 054060
Reaction to Cylindrocladium [crotalariae] black rot in **Virginia-type** *peanut* cultivars [Soybeans]. 059442

PEARLMILLET

The population build-up of Pyrilla perpusilla Walker on sorghum and *pearlmillet* under **dryland** conditions at Delhi. 060212
Induced translocations in *pearlmillet* **[Genetics].** 057117
Translocation stocks in *pearlmillet* **[Genetics].** 057121
Problems of downy mildew [Sclerospora **graminicola]** in *pearlmillet.* 059372
Occurrence of bajara *[pearlmillet]* **mosaic** in Uttar Pradesh (India), with Myzus persicae Sulz. as an additional vector. 059566
Response of *pearlmillet* to **nitrogen** and sheep manure fertilization. 061925
Models of plant architecture, density and yield. I. Use of light; theoretical aspects applied to *pearlmillet* in the **Sahelian** zone. 058141
Effect of pre-treatment of bajra *[pearlmillet]* **seeds** on the total carbohydrates, reducing sugars, starch and RNA content of seedlings. 058125

PEARS

Erwinia amylovora on fire blight canker surfaces and blossoms [in *pear* and **apple** orchards] in relation to disease occurrence. 059527
New possibilities of detecting periods of risk of fruit scab with the help of an electronic device **[Apples,** *pears].* 059294
Preliminary trials with Citrazon [ethyl O-benzoyl 3 chloro-2, 6-dmethoxy benzohydroximate] —a selective acaricide [for mite control on **apples** and *pears].* 060307
Codling moth [Carpocapsa pomonella] taken for a ride—by sex drive **[Apples,** *pears].* 060323
Performance of **'Bartlett'** *pear* on standard and Old Home X Farmingdale clonal rootstocks. 059063
Medford Station keeps many crops blooming in Rogue River Valley *[Pear* **cultivation].** 059141
Effect of pruning and partial disbudding on the cropping of Comice and Beurre **Hardy** *pears.* 059065
Effect of some pome fruit viruses, mycoplasmalike, and other pests on bradford **ornamental** *pear* trees. 059649
Variations in the amount of abscisic acid in two varieties of *pears,* **Passe-Crassane** and Doyenne du Comice, in relation to the induction of parthenocarpy by gibberellic acid. 058470
Performance of *'Bartlett'* **pear** on standard and Old Home X Farmingdale clonal rootstocks. 059063
Disease and insect control in home orchards [Peaches, apples, **plums,** *pears].* 059725
Determination of the quality of *pear* **pollen** [for breeding purposes]. 057052
Pear **processing** [Canning]. 054058
Research on *pear* **rust** disease (Gymnosorangium fuscum D.C.) in Elazig and Malatya. 059337
The *pear* **tree** Psylla in the Netherlands. 060289

PEAS

Short term geo-stimulation and p32 [phosphorus isotope] distribution in **Alaska** *pea* seedlings. 058341
Association of lipid oxidation with seed ageing and death *[Peas,* **Aspergillus** ruber]. 059359
Subcellular localization of cellulases in **auxin-treated** *pea.* 058400
Diseases of *peas,* **beans** and soybeans. 059851
Sucrose metabolism by roots of Pisum sativum *[Peas,* **carbon** isotope method]. 058473
Inclusions of common mosaic virus of *peas* in **cells** of different organs of the plant. 059671
Inhibition of *[pea]* **chloroplast** development by tentoxin [of Alternaria tenuis]. 059385
Regulatory role of blue light in the formation of photosynthetic chain of electron transfer in *pea* **chloroplasts.** 058342
Study of three types of pigment-lipoprotein complexes from *pea* **chloroplasts.** 058363
Action of hydrolytic enzymes on the fluorescence spectra of pigment-lipoprotein complexes of Photosystem I *[Pea* **chloroplasts].** 058452
Mediation of the allosteric response of 3-phosphoglycerate **dehydrogenase** from *peas.* 058347
Handbook of *pea* **diseases.** 059689
Pick of the **dried** *peas* [Varieties]. 058932
The effect of single and repeated gibberellic acid treatment on internode number and length in **dwarf** *peas.* 058468
The use of regression techniques for predicting the response of *peas* to **environment** [Genotype behavior]. 057174
Activity of cytochrome f during greening of **etiolated** *pea* plants. 058357
UDPG [uridine diphosphate glucose]:sterol glucosyltransferase in **etiolated** *pea* seedlings. 058474
The influence of culture conditions on mitotic activity in protoplasts derived from Pisum root cortical **explants** *[Peas].* 056907
Effect of some fungicides on growth, respiration and enzyme activity of Fusarium solani f. sp. pisi [Root rot and wilt disease of **garden** *pea].* 059489
Effects of carbon monoxide and nitrogen dioxide on **garden** *pea* and string bean. 059719
Combining ability analysis of yield and its certain components in *pea* **[Genetics].** 057088
Survival of Ancylostoma caninum on bare ground, *pea* **gravel,** and concrete [Dogs]. 055428
Prospects for breeding and **growing** *peas* in Poland [Varieties, nutritive value]. 057135
Effect of anaerobiosis and some metabolites on the reactions of violaxanthine cycle in plant leaves [Hydranges **hortensis,** *peas].* 057590
Observations on feeding and oviposition behavior of the *pea* **leafminer.** Phytomyza horticola Goureа (Diptera, Agromyzidae). 060331
Electron transport capabilities of chloroplasts isolated from non-photosynthesizing **leaves** *[Peas].* 058506
A rapid method for methionine determination in plant **materials** *[Peas].* 058275
Nutritional and hormonal requirements of **Meteor** *pea* callus tissue. 057210
The synthesis of threonine and thiothreonine from o-phosphohomoserine by extracts prepared from higher plants [Lemna **minor,** *peas].* 057295
Gene-ecological investigations in Pisum *[pea]* **mutants.** I. The influence of climatic factors upon quantitative and qualitative characters. 057198
Amitosis in plants and animals [Isoetes, *peas,* **onions].** 056867
Nucleotide sequence of phenylalanine transfer ribonucleic acid from *pea* **(Pisum** sativum, Alaska). 058299
Salt tolerance in ten varieties of *pea* **(Pisum** sativum L.) in relation to germination, vegetative growth and yield. 058368
Influence of seed treatment with 2-chloroethylphosphonic acid, gibberellic acid, ascorbic acid, and simazine on growth and nutrient composition of *pea* **(Pisum** sativum L.) seedlings. 058504
Effect of 2-chloroethylphosphonic acid on wheat, sunflower and *pea* **plants** in early stages of ontogenetic development. 058246
Adventitious root formation induced by gibberellic acid and regulated by the irradiance to the stock **plants** *[Peas].* 058454
Control of powdery mildew [Erysiphe **poligony]** of *peas.* 059465
Mitotic index fluctuations in Pisum sativum *[pea]* **root** tips. 056848
Localizaton of absorbed aluminium in *pea* **root** and its binding to nucleic acids. 058492
Energy metabolism of germinal meristems of *pea* **roots** at different stages of cellular cycle. 058353
Chemical structure and retarding activity of allylthioureidobenzo acids, phenylthioureidobenzo acids and their choline **salts** *[Peas].* 058381
Setting up of inhibition in the cotyledonid bud of Pisum **sativum** L. *[Peas].* 056812
Effect of blue light on synthesis of RNA components during differentiation of chloroplasts in isolated roots (Pisum **sativum)** *[Peas].* 058290
Mathematical analysis of the gibberellin induced growth of Pisum **sativum** L. *[Peas].* 058295
Early events associated with lateral bud growth of Pisum **sativum** L. *[Peas].* 058309
Underreplication of repetitive DNA in polyploid cells of Pisum **sativum** *[Peas].* 058345
Accumulation of pisatin and three additional antifungal pterocarpans in Fusarium solani-infected tissues of Pisum **sativum** *[Peas].* 059373
Preliminary X-ray study of crystals of mitogenic lectin from *pea* **seeds.** 058414
The quantitative ultrastructure of the *pea* **shoot** apex in relation to leaf initiation. 056908
Inventory of main [insect] pests of protein crops (beans, *peas,* **soybeans)** and choice of control methods. 060155
Utilization of *peas* in **swine** rations. 054963
The effect of various alkaline salts on the glycolate oxidase of Salicornia europaea and Pisum sativum *[peas]* in **vitro.** 058469
Changes of protein metabolism of plants under the influence of dimethyl-4-chlorophenoxy acetic acid [Herbicides, broadbeans, **wheat,** *peas].* 059961

PEASANTS
The *peasant* **architect:** the search for original solutions involves a reevaluation of the people's inventive spirit. 061399
Latifundia—the scourge of the *peasants* in **Latin** America. 052249
The *peasant* **market** economy of the valley of Oaxaca in analysis and history. 052651
The structure of a *peasant* **market** system in Oaxaca. 052652
Of mud and bricks and *peasant* **participation,** the Gezira villages refuse to adopt imported construction standards [Rural housing]. 061397
Hiring of labour by **poor** *peasants*. 052311

PEAT
The rye technique for preventing soil erosion on light sands and **black** *peats* [Sugarbeets]. 058649
Late Quaternary vegetational history of the North York Moors. I. Pollen analyses of **blanket** *peats*. 056523
Insect pollinators of the Mer **Bleue** *peat* bog of Ottawa. 060735
A piston **corer** for *peat*. 061739
The algae of the **"Bor na Czerwonem"** *peat-bog*. 056515
Neutralization of acidity of top *peat* [used for **growing** cucumbers]. 061974
Effects of some *peat* **microflora** on peat soil nitrogen under laboratory conditions. 061741
Effects of some *peat* **microflora** on peat soil nitrogen under laboratory conditions. 061742
Peat **moss.** 062044
Problems of using *peat* **resources** in the Nonchernozem zone of the Russian Soviet Federative Socialist Republic. 062567
Evaluating dynamics of the level of groundwaters and microrelief relative to subsoil moisture of **shallow** *peat* soils of the Polesye. 062313
Performance of *peat-based* **single** strains of Rhizobium japonicum on soybean (Glycine max). 058233
The consumption of water by the potato on *peat* **soil** and its relation to weather conditions. 058537
Effects of some peat microflora on *peat* **soil** nitrogen under laboratory conditions. 061741
Effects of some peat microflora on *peat* **soil** nitrogen under laboratory conditions. 061742
Rapid sampling of *peat* **soil** monoliths with undisturbed structures and their packing into lysimeters. 061810
Parameters determining choice of a method of measuring the moisture of *peat* **soil.** 061887
Study of the moisture process in *peat* **soil.** 061890
Degradation of a nonionic surfactant in **soils** and *peat*. 061834
Regulating the microclimate of *peat* **soils.** 061889

PEATLANDS
Vegetation-habitat changes caused by damming a *peatland* **drainageway** in northern Ontario. 056679

PECANS
National economic importance of **Carya** *pecan* and the area ofits distribution [in the world]. 059182
The diversity of forms of *pecan* **[Carya]** from the Black Sea coast in the Caucasus. 059186
Black-light traps to control hickory shuckworms [Laspeyresia caryana] on *pecans* **[Carya** illinoensis]. 060261
Pecan **[Carya** illinoensis] weevil, Curculio caryae (Coleoptera: Curculionidae). 1. Comparison of adult sampling techniques. 060267
Pecan **[Carya** illinoensis] weevil, Curculio caryae (Coleoptera: Curculionidae). 2. Estimation of adult populations. 060268
The distribution, economic importance and chemical control of the tilehorned Prionus [imbricornis] (Coleoptera: Cerambydidea) in Georgia [Pest of *pecans*, **Carya** illinoensis]. 060309
Toxigenic species of Penicillium, Fusarium, and Aspergillus [Fungi] from weevil [Curculio caryae] **damaged** *pecans*. 052965

PECTINASES
Detailed structure of an acidic polysaccharide in soy sauce, confirmed by use of two kinds of **purified** *pectinases*. 053866

PECTINOPHORA
Pink bollworm moths *[Pectinophora* **gossypiella]:** catches in sex attractant traps and nocturnal behavour in South India [Cotton pests]. 060179
New record of Bacillus cereus and Streptococcus sp. On the pink bollworm of cotton, *Pectinophora* **gossypiella** (S.) [Natural control]. 060183
Goniozus gallicola fouts, a parasite of moth larvae *[Pectinophora* **gossypiella,** Phthorimaea operculella], with notes on other bethylids (Hymenoptera: Bethylidae; Lepidoptera: Gelechiidae). 060412
Geographical variation of fatty acids of the pink bollworm, *Pectinophora* **gossypiella.** 060651
Occurrence of larval-pupal intermediates in hybrid pink bollworms *[Pectinophora* **gossypiella]** reared at low temperatures. 060656
Techniques of rearing laboratory colonies of tobacco hornworm [Manduca sexta] and pink bollworms *[Pectinophora* **gossypiella].** 060662

PECTINS
Enzymatic maceration of plant tissues by *endo-pectin* **lyase** and endo-polygalacturonase from Aspergillus japonicus [Potatoes, onions, radishes]. 059422
Texture of cooked potatoes. Relationhship between compressive strength, *pectic* **substances** and cell size of Redskin tubers of different maturity. 054041
Polymetaphosphate and oxalate extraction of **sunflower** *pectins*. 053927

PECTORAL
Polyphenols of **Vernonia** *pectoralis* Bak. (Compositae). 057372

PEDICEL
Cell wall solubilization in *pedicel* **abscission** of Begonia flower buds. 058456
Hormonal regulation of *pedicel* **abscission** in Begonia flowerbuds. 058461

PEDICULIDAE
Human lice. I. Contribution to the study of locomotion and respiration of *Pediculus* **humanus** capitis De Geer and Phthirius pubis (L.). 060709

PEDIOCOCCUS
Tyrosine and histidine decarboxylase activities of *Pediococcus* **cerevisiae** and Lactobacillus species and the production of tyramine in fermented sausages [Bacterial. 053011

PEELS
Defects in the citrus **fruit** *peel* before picking. 059777

PEGANUM
Investigation of the alkaloids of Biebersteinia multifida and *Peganum* **harmala** from Karakalpakia. 057453
Reduction of some alkaloids from *Peganum* **harmala** with sodium tetrahydroborate. 057465
Synthesis of deoxypeganine and its derivatives *[Peganum* **harmala].** 057481

PEKIN
Abnormal feathers of the micromelic syndrome in **White** *Pekin* ducks [Gene mutations]. 057069

PELARGONIDIN
Distribution of cyanidin-3-galactoside and *pelargonidin-3-glucoside* in **mineral-deficient** maize seedlings. 058174
Contribution of cyanidin-3-galactoside and *pelargonidin-3-glucoside* to the **pattern** of anthocyanin accumulation during deficiencies of nitrogen, phosphorus and potassium in seedlings of Zea mays [Maize]. 058173

PELARGONIUM
Oxidizing enzymes of *Pelargonium* **grown** under the conditionsof Colchis. 058527
Succulent *pelargoniums*. 3. 056425
Bedding plants: a look at seed geranium *[Pelargonium]* **varieties.** 058930
Hypothesis explaining that carbon dioxide output is stimulated less by X-rays in leaf disks than in whole leaves of *Pelargonium* **zonale** L. 058328

PELLETIZATION
Crushed *pellets* for slaughter swine [Feeding]. 054881
Straw and **grass** *pellets* as the only coarse feed for cows. 054897
Kinetic studies of alpha-galactosidase-containing **mold** *pellets* on PNPG [p-nitrophenyl-alpha-D-galactopyranoside] hydrolysis [Submerged culture of Mortierella vinacea]. 053489
Experiences in the attainment of a high production of **straw** *pellets* at the Selbeland drying plant [East Germany]. 054079
Frozen boar spermatozoa: methods of **thawing** *pellets*. 055121

PELLICLE
Pellicle **complex** of Euglena gracilis [Algae]: characterization by disruptive treatments. 056900

PEMPHIGUS
Life-cycle of a spiral gall aphid, *Pemphigus* **spirothecae** (Homoptera: Aphididae), on poplar [Populus nigra] in British Columbia. 060364
The effects of tidal submergence on an interidal aphid, *Pemphigus* **trehernei** Foster. 060894

PENETRATION
Bacterial *penetration* through the colon epithelium in the silkworm [Bombyx mori] larae infected with flacherie viruses. 061347
Selection of the *penetration* of the **gene** responsible for cataracts in mice. 055828
Carbamate resistance in Anopheles albimanus. *Penetration* and **metabolism** of carbaryl in propoxur-selected larvae. 060423
Study of the *penetration* and **persistance** of benomyl and carbendazime [fungicides] in apples treated after harvest. 059383
Accumulation of chemical elements around the *penetration* **sites** of Erysiphe graminis hordei on barley leaf epidermis. III. Micromanipulation and X-ray microanalysis of silicon. 059374
Penetration of **solar** ultraviolet radiation into terrestrial plant communities. 057804
Penetration of **ulraviolet** radiation into aquatic ecosystems (marine) [Algae, photosynthesis]. 057805
An autoradiographic demonstration of the *penetration* of **water** into wheat during tempering. 053896

PENICILLIN
Elimination of **free** *penicillin* and penicilloyl-protein conjugates in the milk of cows following intramammary administration of penicillin G. 054316

PENICILLIUM
Fungus *[Penicillium,* **Aspergillus,** Trichoderma] contamination of corks responsible for unpleasant odours in wine. 053043
Induced fusion of fungal protoplasts following treatment with polyethylene glycol *[Penicillium,* **Aspergillus** nidulans, Cephalosporium acremonium]. 057710
The heat resistance of moulds Penicillium vermiculatum Dangeard and *Penicillium* **brefeldianum** Dodge in apple juice [Contamination]. 053044
Citrinin, a phytotoxin? [Produced by *Penicillium* **citrinum,** soil fungi]. 057559
Purification and some properties of D-glucono-gamma-lactonedehydrogenase D-erythorbic acid producing enzyme of *Penicillium* **cyaneo-fulvum** [Fungi]. 057233
Acute toxicity of penitrem A *[Penicillium* **cyclopium,** fungal metabolite] in dogs. 055936
Influence of inhibitors of gene expression on processes of cell specialization during the idiophase development of *Penicillium* **cyclopium** Westling [Fungi]. 057279
Regulation of beta-galactosidase formation in emerged culture of *Penicillium* **cyclopium** Westling [Fungi]. 057292
Resistance to benomyl and thiophanate-methyl in strains of *Penicillium* **digitatum** and Penicillium italicum in Japan [Oranges]. 059446
A remin-like enzyme from *Penicillium* **expansum** [Fungi]. 057220
Cultural and nutritional factors that control rubratoxin formation [Metabolite of **fungus** *Penicillium* rubrum, food contamination]. 052996
Toxigenic species of *Penicillium,* **Fusarium,** and Aspergillus [Fungi] from weevil [Curculio caryae] damaged pecans. 052965
Formation of beta-fructofuranosidase by Penicillium vitale Pidopl. et Bilai and other species of the **genus** *Penicillium* LK [Fungi]. 057749
Resistance to benomyl and thiophanate-methyl in strains of Penicillium digitatum and *Penicillium* **italicum** in Japan [Oranges]. 059446
Purification and some properties of red yeast cell wall lytic enzyme [of *Penicillium* **lilacinum].** 057231
Preparation of some fluoropalmitic acids and fluorination of brefeldin A *[Penicillium* **lilacinum,** Cochliobolus intermedius, fungi]. 057675
The heat resistance of **moulds** *Penicillium* vermiculatum Dangeard and Penicillium brefeldianum Dodge in apple juice [Contamination]. 053044
Gluconic acid production by *Penicillium* **puberulum** [Fungi]. 057600
Roquefortine and isofumigaclavine A, metabolites from *Penicillium* **roqueforti** [Fungi]. 057566
Production of rubratoxin by *Penicillium* **rubrum** [Fungi] in a soy whey-malt extract medium [Contamination]. 053009
Morphology and ultrastructure of a *Penicillium* **sp.** Grown onn-hexadecane of peptone [Fungi, peteroleum pollution]. 056782
The influence of hydrocarbon medium in relation to glucose medium on the fungi strains Absidia coerulea (p 23) and *Penicillium* **spec.** (M 49). II. A comparison of morphological structures. 056928
The influence of hydrocarbon and glucose medium on the fungi strains Absidia coerulea (p 23) and *Penicillium* **spec.** (M 49). I. A comparison of growth in shake and standing culture. 057994
Microcycle conidiation in *Penicillium* **urticae** [Fungi]: an ultrastructural investigation of spherical spore growth. 056818
Microcycle conidiation in *Penicillium* **urticae** [Fungi]: an ultrastructural investigation of conidial germination and outgrowth. 056819
Microcycle conidiation in *Penicillium* **urticae** [Fungi]: an ultrastructural investigation of conidiogenesis. 056820
Ascospore analysis and studies in recombination in *Penicillium* **vermiculatum** Dangeard [Fungi, genetics]. 057108
Formation of beta-fructofuranosidase by *Penicillium* **vitale** Pidopl. et Bilai and other species of the genus Penicillium LK [Fungi]. 057749

PENIOPHORA
Studies made on pigment producing wood fungi. IV. Changes in fatty acid composition and lipid production in *Peniophora* **sanguinea** (Fr.) Bres. from tyrosine administration. 057993

PENIS
Successful conservative treatment of *penis* **hematomas** in a ram. 055811

PENNISETUM
Deproteinised leaf extract as a substrate for fungal growth *[Pennisetum* **purpureum,** typhoides, fodder grass]. 059327

PENTACHLORONITROBENZENE
The effects of *pentachloronitrobenzene,* **hexachlorobenzene** [fungicides], and related compounds on fetal development [Toxicity, rats]. 055948

PENTACHLOROPHENOL
Some observations **regarding** *pentachlorophenol* levels in Haverford Township, Pennsylvania [Water pollution]. 060615

PENTACYCLIC
Vergatic acid, a **new** *pentacyclic* triterpene from Salvia virgata. 057880

PENTATOMIDAE
A case of introduction of Graphosoma lineatum (L.) (Hemiptera-Heteroptera, *Pentatomidae)* into **Finland** [Insect distribution]. 061098
Comparative morphology of the Greek species of the genus Aelia Fabricius, 1803 **(Heteroptera:** *Pentatomidae).* 061123
Revision of the Himalayan genus Paranevisanus Distant (Halyini, Pentatominae, *Pentatomidae,* **Heteroptera)** [New taxa]. 061266
On the life cycle of Perillus bioculatus (Heteroptera, *Pentatomidae)* in **Slovakia.** 060620

PENTATOMOIDEA
Some aspects of internal anatomy of Coptosoma cribarium (Fabr.) *(Pentatomoidea:* **Plataspidae)** with reference to phylogeny. 060811

PENTOBARBITAL
Deep anesthesia in the rat with the combined action of **droperidol-fentanyl** and *pentobarbital.* 055325
Anesthesia of marmots with **sodium** *pentobarbital,* ketamine hydrochloride, and a combination of droperidol and fentanyl. 055324

PENTOSANS
Saccharification of bagasse pith. 1. On **hydrolysis** of *pentosans.* 053960

PENTOSES
The effect of aeration intensity on the biochemical composition of baker's yeast: Activities of enzymes of the glycolytic and *pentose* **phosphate** pathways. 053491

PENTOXIDE
P2O5 **[phosphorus** *pentoxide]* demand falls heavily [Phosphate fertilizer consumption]. 062016

PEPEROMIA *see* PIPERACEAE

PEPPER
The green lacewing, Chrysopa carnea steph. (Neuroptera, Chrysopidae), used to control the green peach aphid, Myzus persicae Sulz., and the potato aphid, Macrosiphum n *peppers* **[Biological** control] rec. 060254
Resistance of the *pepper,* **Capsicum** annuum L., to Phytophthora capsici Leon. I. Evidence for a progressive induction in the stem of the plants. 059238
Tests of planting density of **greenhouse** *peppers.* 059173
Grow your **own** *peppers.* 058986
Studies on the viruses of solanaceous vegetables in Japan. II. A strain of tobacco mosaic virus isolated from *pepper* **plants.** 059561
Investigations on the anther culture in vitro of Nicotiana tabacum L. and Capsicum annuum L. [Tobacco and **red** *pepper].* 057996
Investigation of a CO2 [carbon dioxide] extract of the fruit of Capsicum annuum **[Red** *pepper].* 058336
Pepper **variety** trials and tobacco etch virus—1974. 059569

PEPPERMINT
Cropping *peppermint* on soils infested with Verticillium wilt. 059304

PEPSIN
Pepsin-like **activity** in the midgut of Sarcophage ruficornisand Musca domestica. 060676
Pepsin-like **activity** in the midgut of Sarcophage ruficornisand Musca domestica. 060677
A comparison of microstructures of Cheddar cheese curd manufactured with calf rennet, **bovine** *pepsin,* and porcine pepsin. 053718
Bitter peptides isolated from maize protein zein by hydrolysis with *pepsin* **[Food** chemistry]. 053653
Stability characteristics of *pepsin* **immobilized** on protein-coated glass used for continous milk coagulation. 053676
Acyl and amino intermediates in reactions catalysed by **pig** *pepsin:* Analysis of transpeptidation products. 054350
Effects of secondary binding by activator and inhibitor peptides on covalent intermediates of **pig** *pepsin.* 054351
A comparison of microstructures of Cheddar cheese curd manufactured with calf rennet, bovine pepsin, and **porcine** *pepsin.* 053718

PEPTIDASES
Influence of biological hormones on the activity of L-leucine and L-alanine **amino** *peptidases* of Euglena gracilis [Algae]. 057627
Isolation and characterization of leucine and alanine **amino** *peptidases* from Euglena gracilis [Algae]. 057628
Activities of various *peptidases* in **cotyledons** of germination peanut (Arachis hypogaea). 058153
Activities of various *peptidases* in the **first** leaf of wheat. 058152
Activities of various *peptidases* in the **senescing** petals of tulip. 058453
Activities of **two** *peptidases* in resting and germinating seeds of Scots pine, Pinus sylvestris. 058603

PEPTIDES
Structure and morphogenesis of photosynthetic membranes. I. Is there a single **basic** *peptide* within Zea mays thylakoids? 058032
Bitter *peptides* isolated from maize protein zein by hydrolysis with pepsin [Food chemistry]. 053653
Enhancement of intercellular adhesion of chick embryo neuro retinal cells by *peptides* from **bovine** serum albumin. 054415
Immunochemistry of bovine fibrinogen. II. Analysis by immunoadsorption of the antibody response against three large cyanogen **bromide** *peptides.* 055527
Effects of secondary binding by activator and **inhibitor** *peptides* on covalent intermediates of pig pepsin. 054351
The conformational potential of porcine **proinsulin** *C-peptide.* 054515
Characterization of **tryptic** *peptides* from porcine haptoglobin light chain and an amino acid sequence. 054422

PEPTIDYL
Isolation and chemical characterization of the *peptidyl* **factor** inducing sexual agglutination in [yeast] Saccharomyces cerevisiae. 057226
Isolation of a *peptidyl* **factor** controlling mating tube formation in Rhodosporidium toruloides [Yeasts]. 057926

PEPTONE
Morphology and ultrastructure of a Penicillium sp. Grown onn-hexadecane of *peptone* **[Fungi,** peteroleum pollution]. 056782

PERCEPTION
Polarization induced colour patterns: a model of the *perception* of the **polarized** skylight by insects. I. Tests in choice experiments with running honey bees apis mellifera. 061343

PERCUTANEOUS *see* CUTANEOUS

PERENNIAL
Effect of *perennial* **grass** cover on the condition of agrophysical properties of loamy soils of the East Slovakian Lowland. 061817
Care of *perennial* **grasses** on Black soils. 058819
Perennial **grasses** and grass mixtures for forage and soil conservation crop rotations. 058896
Perennial **legume** variety trials. 058692
Chemical control of *perennial* **nutsedge** (Cyperus rotundus L.) in tropical upland rice. 060056
Seed setting and production of *perennial* **summer** forage grasses: rhodesgrass [Chloris guayana] cv. Katambora and Buffelgrass [Cenchrus ciliaris] cv. Molopo. 058733
Preplanting control of *perennial* **weeds.** 060036

PERFUSION
A method for recording smooth muscle and vascular responses of the *blood-perfused* **dog** trachea in situ. 054386
Inhibition of unidirectional influx of glucose into the **isolated** *perfused* dog brain by cytochalasin B. 054713
The effect of spermidine on the uptake of tryptophan and corticosteroids by the **isolated** *perfused* guinea-pig mammary gland. 054716
Dynamics of amino-acid composition of the medium in isolated **organ** culture by the *controlled-perfusion* **method** [Dogs]. 054396
The utilization of glucose and producton of lactate by in vitro preparations of rat small intestine: effects of **vascular** *perfusion.* 054613

PERIANAL *see* ANAL

PERICARP
Preliminary studies on preventing quick-freezing lychee fruits from *pericarp* **browning.** 053994
The structure on the chlorophyll-containing cross cells and tube cells of the **inner** *pericarp* of wheat during grain development. 056794

PERICOPSIS
Phytochemical examination of *Pericopsis* **species.** 057674

PERIDERM
Evolution of beta-inhibitory-complex in potato sprouts and in the *periderm* of **mother** and filial tubers during the incubation period: signification of this evolution in comparison with the induction of dormant state of filial tubers. 058327

PERIDERMIUM
Peridermium **(Fungi)** [Conservation of the generic name]. 056637

PERILLA
Isolation and identification of Monoterpenes from cultured cells of *Perilla* **[frutescens]** plant. 057228

PERILLUS
Wintering of *Perillus* **bioculatus** [a predator of the potato beetle Leptinotarsa decemlineata]. 060317
On the life cycle of *Perillus* **bioculatus** (Heteroptera, Pentatomidae) in Slovakia. 060620

PERINATAL *see* BIRTH

PERINEUM
Perineal **urethrostomy** in male cats. 055335

PERIODICITY
Diel and lunar **flight** *periodicities* in the light borwn apple moth, Epiphyas postvittana (Walker) (Tortricidae) and their possible adaptive significance. 060686

PERIPHERAL
Continuous qualitative measurement of the intestinal absorption of carbohydrates; effect of sucrose ingestion on the portal and *peripheral* **blood** level of glucose and fructose in the pig. 054314
Haemonchus contortus infection in ewes: blastogenic responses of *peripheral* **blood** leukocytes to third stage larval antigen. 055578
The use of the Fink-Heimer II technique to stain **degenerating** *peripheral* nerve fibers [Cats]. 054704
Aromatizable and 5 alpha-reduced androgens: differentiation between central and *peripheral* **effects** on male rat sexual behavior. 055093
The use of muscle relocation techniques in the treatment of *peripheral* **nerve** injuries in dogs and cats. 055918
The vascular pattern of Italian ryegrass (Lollium multiflorium Lam.). 4. The *peripheral* **plexus,** and nodal root insertion. 056781
Isolation of lymphocyte subpopulations from **rabbit** *peripheral* blood. Comparison of methods based on recovery of rosetteforming cells and on recovery of Ig [immunoglobulin]. 055613

PERIPHYTON
Periphyton of **five** lakes in Gatineau Park, Quebec [Algae]. 056466

PERIPLANETA
Induction of sexual behavior by food intake in the female of *Periplaneta* **americana** (Insecta, Dyctioptera). 060719
Structure of the foregut cuticle of *Periplaneta* **americana.** 060800
The effect of alkaloids (quinine and ergometrine) on the histology of the gonads of the cockroach, *Periplaneta* **americana** (L.). 060812
Characterization of isoxanthopterin deaminase isolated from the cockroach, *Periplaneta* **americana.** 060860
Evidence for the presence of mandelic acid dehydrogenase and benzoyl formate decarboxylase in the American cockroach *[Periplaneta* **americana].** 060867
Connexions between hair-plate afferents and motoneurones in the cockroach *[Periplaneta* **americana]** leg. 060901
Insect *[Periplaneta* **americana]** blood-brain barrier: an electrophysiological investigation of its permeability to the aliphatic alcohols. 060902
Insect *[Periplaneta* **americana]** blood-brain barrier: a radioisotope study of the kinetics of exchange of a liposoluble molecule (n-butanol). 060903
Properties of the trochanteral hair plate and its function in the control of walking in the cockroach *[Periplaneta* **americana].** 060904
The pharmacology of an insect *[Periplaneta* **americana]** ganglion: actions of carbamylcholine and acetylcholine. 060906
Effects of fumigants on the water loss in *Periplaneta* **americana** (L.). 060999
The effect of 6-hydroxydopamine and p-chlorophenylalanine on the ovulation in *Periplaneta* **americana** (L.) (Blattoidea, Insecta). 061057
The quantitative amount of 5-hydroxytryptamine and dopamine in the nervous system of *Periplaneta* **americana** (L.). 061058
Histochemical and ultrastructural investigations on occurence of catecholamines in the deutocerebrum of the **cockroach** *Periplaneta* americana L. 061062

PERISTALSIS
A model of foregut activity in the blowfly Phormia regina Meigen. II. *Peristalsis* in the **crop** duct during the crop-emptying process. 060737

PERITHECIUM
Action of treatments on the formation of *perithecia* and **production** of primary inoculum of Venturia inaequalis (Cooke) Wint. and Venturia pirina Adher. [Agent of apple scab]. 059381
Ontogeny and structure of the *perithecia* of **Staurothele** sapandica (Pyrenolichen, Verrucariaceae) [Lichens]. 056914

PERITONEUM
An **aseptic** *peritoneal* cell collection technic for small laboratory animals. 054625
Phagocitic activation of a luminol-dependent chemiluminescence in rabbit akveloar and *peritoneal* **macrophages.** 054345

PERITONITIS
Certain characteristics of the infective agent of feline **infectious** *peritonitis.* 055397

PERITROPHIC
Peritrophic **membrane** of the 2nd type in the females of the genus Aedes. 060991

PERITYLE
On the origin of polyploidy in *Perityle* **rupestris** (Asteraceae). 057149

PERIWINKLE
High molecular weight deoxyribonucleic acid polymerase from crown gall tumor cells of *periwinkle* (**Vinca** rosea). 057303

PERMANGANATE
The determination of total mercury in biological tissues by a modified **potassium** *permanganate* procedure. 055896

PERMEABILITY
Insect [Periplaneta americana] blood-brain barrier: an electrophysiological investigation of its *permeability* to the **aliphatic** alcohols. 060902
The role of carbonic anhydrase inhibitors on **anion** *permeability* into ox red blood cells. 054612
Monosodium L-glutamate [food additive]-induced convulsions: temporary alteration in blood-brain **barrier** *permeability* to plasma proteins. 052974
Changes in **envelope** *permeability* during chloroplast development [Oats]. 058209
The effect of microwaves on the *permeability* of **histohematic** barriers in radiation sickness [of rabbits]. 055950
The effect of cations and **membrane** *permeability* modifying agents on the dark kinetics of the photoelectric response in isolated [Peperomia metallica] chloroplasts. 057314
Effect of ascorbate on respiration, ultrastructure, and *permeability* of **plant** tissues for water during inhibition of oxidative activity of endoplasmic reticulum in vivo [Wheat seedlings]. 058088
Effect of triazine [herbicide] derivatives on the *permeability* of **root** cells of barley plants. 059971
Variations of *permeability* in the **testicular** follicles of Locusta migratoria migratoroides (Orthoptera) during the last larval instar. 060732

PEROMYSCUS ***see*** CRICETIDAE

PERONOSPORA
Studies on the biology and ecology of onion downy **mildew** *(Peronospora* destructor) Berk. (Fries) in Hungary. III. Epidemiology of the disease. 059230
Differential reactions of three crucifers to infection by *Peronospora* **parasitica** (Pers. ex Fr.) Fr. 059401
Types and genetic sources of the resistance of blue mould *[Peronospora* **tabacina]** of tobacco. 057011

PEROXIDASES
Genetic variability of gliadins, glutenins, beta-amylases, esterases, *peroxidases,* **acid** phosphatases composition in wheat (Triticum aestivum). 056937
In vitro photomodulation of a *peroxidase* **activity** through membrane-bound phytochrome [from pumpkins]. 058502
Effect of Xanthomonas phaseoli var. Fuscans infection on *peroxidase* **activity** in susceptible and resistant bean varieties. 059512
Peroxidase **activity** in leaves of Nicotiana tabacum var. Xanthi nc. before and after infection with tobacco mosaic virus. 059622
Relative shifts in mobility in **anionic** *peroxidase* isoenzymes between stem base and apex of flax genotrophs. 058170
Genetic control of four **cathodal** *peroxidase* isozymes in barley. 057072
Peroxidase **complex** with concomitant anodal and cathodal variation in red-fruited tomato species. 058517
Glutathione *peroxidase* activity of rabbit tissues [Seleniumdeficiency]. 054655
The levels of selenium and **glutathione** *peroxidase* activity in blood of sheep, cows and pigs. 054693
Dietary selenium requirement of sheep fed a practical-type diet as assessed by tissue **glutathione** *peroxidase* and other criteria. 054835
Glutathione *peroxidase* response to selenium intake in lambs fed a Torula yeast-based, artificial milk. 054849
Effects of 2,4-substituents of deuteroheme upon the stability of the oxy-form and compound 1 of **horseradish** *peroxidases.* 058280
Hydroxylation of p-coumaric acid by **horseradish** *peroxidase:* The role of superoxide and hydroxyl radicals. 058284
Production of the superoxide radical by **horseradish** *peroxidase.* 058529
Differences in *peroxidase* **isoenzymes** in stigmata, styles and pollen of two selfed sunflower lines. 058242
Organ specificity of *peroxidase* **isozymes** in mulberry (Morusspp.). 057789
Peroxidase **isozymes** in colchicine treated mulberry [Morus]. 057790
Effects of electron donor and acceptors, electron transfer mediators, and superoxide dismutase on **lipid** *peroxidation* in illuminated [spinach] chloroplst fragments. 058489
Role of heme proteins in *peroxidation* of **milk** lipids. 053740
The effect of mechanical wounding of hyacinth bulbs on the isoenzymes patterns and activities of *peroxidase,* **phenolase** and catalase. 058310
Effect of infection [of tomatoes] with Verticillium albo-atrum and agents interacting with DNA on the activity of *peroxidase* and **phenylalanine** ammonia lyase. 059402
Changes in phenylalanine ammonia-lyase, *peroxidase* and **polyphenoloxidase** during the development of local necrotic lesions in pinto bean leaves infected with alfalfa mosaic virus. 059627
Cell-wall and *peroxidase-isoenzyme* **synthesis** in isolated protoplasts of Nicotiana tabacum L. [Tobacco]. 058208

PEROXIDES
Grafting of vinyl monomers to pulps using Acetic **acid-hydrogen** *peroxide* as initiator system. 056147
Effect of some inhibitors on germination of the seeds of Melandrium noctiflorum stimulated by light, **ether** *peroxides* orpaper factor. 057591
Odor control with **hydrogen** *peroxide.* 062477
Use of **hydrogen** *peroxide* in determining the BOD [biochemical oxygen demand]. 062545
Nonspecific bacterial activity of the **lactoperoxidase-thiocyanate-hydrogen** *peroxide* system of [bovine] milk against Escherichia coli and some gram-negative pathogens. 055575
The effect of dietary lipids and vitamin E on **lipid** *peroxide* formation, cytochrome P-450 and oxidative demethylation in the endoplasmic reticulum [Rats]. 053113
A new method of determining very slight traces of **nitrogen** *peroxide* (NO_2) in polluted atmospheres, by isotope dilution and mass spectrometry. 062434

PEROXYACETIC
Size and saccharide distribution of soluble products from *stepwise-peroxyacetic* **acid** deligni\fcaton of loblolly pine [Pinus taeda]. 056252

PERSIMMON
An inprovement on removing astringency in *persimmon* **fruits** by carbon dioxide gas. 053985
[The culture of] **Japanese** *persimmon* in the south of Tadjikistan. 059188
Effects of rootstock on the bearing shoot growth of **kaki** *persimmon* trees (Diospyros kaki L. var. Hiratanenashi). 059176
Be the first on your block to own a pawpaw tree [Nutritive value, *persimmons,* **quinces,** gooseberries]. 053322
Softening effects of CO_2 [carbon dioxide] treatment for removal of astringency from **stored** *persimmon* fruits. 054017
Texas *persimmon* [Diospyros texana] distribution and controlwith individual plant treatments [Rangeland weeds]. 059923

PERSONNEL
A large center for **training** *personnel* and research work [Ukrainian Agricultural Academy]. 052192

PESTALOTIA
Studies on storage diseases of fruits and vegetables. IV. Control of guava fruit rot cuased by *Pestalotia* **psidii** and Colletotrichum gloeosporioides with aretan. 059289

PESTICIDES
The relation between *pesticidal* **activities** and chemical structures. III. 060535
The relation between *pesticidal* **activities** and chemical structures. IV. On 5,5-disubstituted hydantoins. 060536
Mortality in 1969 from *pesticides,* including **aerosols.** 060521
Standards for withholding registration of agricultural chemicals established by the Director-General of the Environment **Agency.** II *[Pesticides].* 060582
Secondary effects of **agricultural** *pesticides.* 060594
EPA [Environmental Protection Agency] over-regulation cited as threat to **agriculture** *[Pesticides].* 060512
The fluorimetric detection of *pesticides* on **aluminium** oxide layers. 060580
Economical methods of *pesticide* **application** [Spraying equipment]. 061527
Influence of some soil **applied** *pesticides* on the availability of NPK [nitrogen, phosphorus, potassium] in soils. 060592
Need for international standardization of **basic** *pesticide* registration: requirements, testing and environmental rules and procedures. 060595
1974 evaluation of **candidate** *pesticides.* C-I. Herbicides: rice. 060009
1974 evaluation of **candidate** *pesticides.* C-II. Herbicides: upland crops. 060010
1974 evaluation of **candidate** *pesticides.* C-III. Herbicides: fruit trees. 060011
1974 evaluation of **candidate** *pesticides.* C-IV. Herbicides: vegetable fields. 060012
Influence of foliar spray of **certain** *pesticides* on the phyllosphere microflora of paddy [Fungistats]. 059350
Interaction of *pesticide* **chemicals.** Effect of eptam and itsantidote on the uptake and metabolism of [14C] [carbon isotope] phorate in corn plants. 060566
Guidelines for the disposal of small quantities of unused pesticides. A. Pesticides, *pesticide* **chemistry,** and pesticide disposal. B. Methods for the disposal of unused or spilled pesticides. 060586
Influence of *pesticides* on **Chlorella,** Chlorococcum, Stigeoclonium (Chlorophyceae), Tribonema, Vaucheria (Xanthophyceae) and Oscillatoria (Cyanophyceae) [Algae]. 059847
Standardization of methods for the determination of traces of some volatile chlorinated aliphatic hydrocarbons in air and water by gas chromatography **[Chlorinated** *pesticides,.* 060517
Quantitation of **chlorinated** *pesticides* [in water]—a comparison of methods. 060576
What those EPA [Environmental Protection Agency] impact statements mean to you *[Pesticides,* **control].** 060551
Oral toxicity to foraging honeybees of *pesticides* **declared** harmless to beneficial insects [Apis mellifera, poisoning]. 061293
Investigations into the fate of plant pigments in some Canadian soils [in view of a possible relationship with *pesticide* **degradation].** 060606
Guidelines for the disposal of small quantities of unused pesticides. A. Pesticides, pesticide chemistry, and *pesticide* **disposal.** B. Methods for the disposal of unused or spilled pesticides. 060586
Pesticide **drift.** 060548
Pesticide **effects** on orthopterod distribution in southern Michigan farmlands. 060557
Toxicity and effects of malathion *[pesticides]* on **esterases** of suckling Albino rats. 055949
Methods and problems in analysis of *pesticides* in the **estuarine** environment. 062504
[Blue] River pollution by anticholinesterase agents [of effluents from a *pesticide* **factory].** 062580
1976 **fruit** *pesticide* handbook. 059759
Toxicity of four toxicants *[pesticides]* to **green** eggs of salmonids [Salmonidae]. 060601
October 21, 1976, and the nut **growers** use of *pesticides.* 060597
Effect of DDT on the free amino acid pool of brain and kidney in **guinea-pigs** *[Pesticides].* 055909
Pesticides and **honeybees** [Poisoning]. 061370
Chlorinated **hydrocarbon** *pesticides* and mercury in coastal young-of-the-year finfish, South Carolina and Georgia—1972-74 [Water pollution]. 060588
Residue-removal methods for *pesticides* and **industrial** chemicals found in aquatic environments. 062385
What we learn from a comparison of agrochemical centers in 1974 [Economic aspects of the fertilizer and *pesticide* **industry,** East Germany]. 061992
Determination of 14C [carbon **isotope]-labeled** *pesticides* insoils by a dry combustion technique. 060598
Pesticides **manual:** classification, toxicities, formulation, handling, application. 060547
Prospects, problems for the *pesticide* **manufacturer.** 060550
It's going to be a buyer's **market** *[Pesticides].* 060549
Atmospheric levels of *pesticides* in the **Mississippi** Delta. 062376
Modeling *pesticides* and nutrients on agricultural lands [Runoff, watershed pollution in Georgia]. 060544
Studies on the adsorption and interaction of 1,2-dibromo-3-chloropropane *[Pesticides].* I. With **montmorillonites.** 060571
Preliminary study on toxicity of 23 *pesticides* to **natural** enemies [Stethorus loi, Amblyseius longispinosus] of red spider mites [Tetranychus truncatus]. 060139
How **new** *pesticide* application rules will affect you [Regulation]. 060600
Effect of lindane *[pesticides]* on **nodulation,** grain yield and nitrogen uptake of gram (Cicer arietinum) crop [Chickpeas, toxicity]. 059875
Organochlorine *pesticide* residues in tomatoes. 052942
Effect of **organochlorine** *pesticides* on growth and biological activities of bacterial species important to the dairy food industry. 052998
Simplified extraction and cleanup for determining **organochlorine** *pesticides* in small biological samples. 060532
Nationwide residues of **organochlorines** *[Pesticides].* 060589
Analysis of **organophosphorus** *pesticides* by capillary gas chromatography with flame photometric detection. 060577
Further investigation on the effect of *pesticides* on **Paramecium** aurelia. 060554
The effect of some *pesticides* of **Paramecium** aurelia. 060555
Guidelines for the disposal of small quantities of unused pesticides. A. *Pesticides,* **pesticide** chemistry, and pesticide disposal. B. Methods for the disposal of unused or spilled pesticides. 060586
Plant *pesticide* economics with special reference to cotton insecticides [Costs]. 052447
Degradation mechanisms: controlling the bioaccumulation of hazardous materials [Solid and hazardous waste, *pesticides,* **pollution].** 062404
Pesticide **residues** in total diet samples. IX. 053042
A simple method for detecting odors in rice *[Pesticide* **residues].** 053057

Gas chromatographic determination of thiabendazole in fruits as its methyl derivative *[Pesticide* **residues].** 060579
Residues of organochlorines and heavy metals in ruddy ducks from the Delaware **River,** 1973 *[Pesticides].* 060590
Causes and effects of sample loss using a dry capsule injection method for the automated gas chromatographic analysis of *pesticide* **samples.** 060578
Infrared and X-ray study of parathion-montmorillonite sorption complexes [Behavior of *pesticides* in **soil].** 060599
Sampling and analysis of selected toxic substances. Task II. Ethylene dibromide *[Pesticides,* **soil** fumigants, environmental pollution]. 062499
A simple system to simultaneously measure volatilization and metabolism of *pesticides* from **soils.** 060558
Guidelines for the disposal of small quantities of unused pesticides. A. Pesticides, pesticide chemistry, and pesticide disposal. B. Methods for the disposal of unused or **spilled** *pesticides.* 060586
1976 *[pesticide]* **spray** guide for grapes. 059749
Effects of *[pesticide]* **spray** adjuvants on drift hazards. 060613
Degradation products of phoxin (Bay 77488) *[pesticide]* on **stored** wheat. 060559
Pesticides **Task** Group [Water pollution]. 060609
Results of **testing** *pesticides* in maize borer (Ostrinia nubilalis Hbn.) control. 060237
Pesticide **toxicity** and potential for cancer: a proper perspective. 060587
Honeybee protection from *pesticide* **treatments** [Apis mellifera, poisoning]. 061291
Guidelines for the disposal of small quantities of **unused** *pesticides.* A. Pesticides, pesticide chemistry, and pesticide disposal. B. Methods for the disposal of unused or spilled pesticides. 060586
Changes in the spleen of albino rats subjected to low-frequency vibration on the screen of chronic intoxication with the *pesticide* **"Zolon".** 060553

PESTS

Animal *pests* of cereals during growth. 059736
Protection of sugarbeets against **animal** *pests* by localized soil treatment or coating seeds. 059853
Effects of two insect growth disruptors, PH 6038 and PH 6040, on the winter moth, Operophtera brumata (Lepidoptera: Geometridae) *[Pest* of **apple** trees]. 060264
Additional notes on leaf rollers [Epiphyas postvittana, **apples,** *pests].* 060322
Sedimentation properties of virus-specific RNA in nuclear polyhedrose of greater wax moth [Galleria mellonella, bees, *pests,* **biological** control]. 060456
Notes on a **bird** *pest* of honeybees in Trinidad. 061325
Effect of some pome fruit viruses, mycoplasmalike, and other *pests* on **bradford** ornamental pear trees. 059649
Relationships between the parasitoid Hyposoter exiguae and Trichoplusia ni: parasitoid-induced histo- and cytopathology **[Cabbage** *pest,* biological control]. 060222
Stored product [fungus diseases and insect] *pests* **causing** losses of stored food. 059866
Biocenosis and control of [insect] *pests* of **cereals.** 060185
Aphid *[pests]* of **cereals.** 060232
Residue problem in livestock production involving **chemical** *pest* control [Toxicology]. 055922
Determination of the critical period of **chemical** *pest* control in relation to the phenology of the Deltapine 16 cotton cultivar in Laguna Province [Insecticide applications]. 060166
Study of some Coccoidea species of Santo Tome **[Coconut** *pests].* 060290
Disease and *pests* of the **coffee** tree. 059901
Economic consequences of plant diseases and *pests* in **commercial** crops. 052440
Compartmentalization of arthropod [including *pests]* **communities** in forest canopies at Coweeta [North Carolina]. 060368
World food crisis: energy and *pests* **[Control,** crop losses]. 052784
Cotton eradication and the close season with particular reference to Swaziland [close season in cotton growing, plant disease and *pest* **control].** 058671
Description of the 1240A INTA androsterile line tolerant to Contarinia sorghicola Coq. and obtained from the Granador INTA grain sorghum variety *[Pest* **control,** Argentina]. 058776
Apple [disease and insect] *pest* **control** for home gardeners. 059687
Cole crops [disease and insect] *pest* **control.** 059688
Strawberry [disease and insect] *pest* **control** for home gardeners. 059691
Tomatoes—[disease and insect] *pest* **control.** 059693
Pest **control** review [Crops]. 059778
Pest **control** problems (pre-harvest) causing major losses in world food supplies. 059864
Ultra low volume spraying for cotton [insect] *pest* **control.** 060181
Use of synthetic sexual pheromones for trapping in the integrated *[pest]* **control** or orchards. 060275
Insect *[pests]* **control** programs, with emphasis on the "looper" [Filberts, walnuts]. 060329
Food consumption by [the meal moth] Plodia interpunctella feeding on diets containing insect growth regulators [used for *pest* **control].** 060403
Economic and environmental [pollution] implications of various *pest* **control** measures. 062419
Pink bollworm moths [Pectinophora gossypiella]: catches in sex attractant traps and nocturnal behavour in South India **[Cotton** *pests].* 060179
Studies on the carryover of the pink bollworm (Pectinophoragossypiella (Saunders) in the Punjab **[Cotton** *pest* control). 060211
Survival of the nuclear polyhedrosis virus of Heliothis armigera on crops and in soil in Botswana *[Pest* of **cotton** and sorghum, biological control]. 060225
Agrobiocoenosis, informative-regulatory processes and integrated **cotton** *pests* control. 060245
Magnitude of the rat problem and possible solution **[Crop** *pests,* rodent control]. 059731
Control of **crop** *pests* [and diseases] certainly changed. 059748
New views on the use of nematophagous fungi for biological control **[Crop** *pests].* 059845
The proposed FAO International Programme on Horizontal Resistance to **Crop** *Pests* and Diseases. 059867
Japanese beetle [Popillia japonica] (a **crop** *pest* not yet established in Europe). 060163
[Croneton, an insecticide] safe for beneficial insects and reasonably priced [Aphid control, field **crop** *pests].* 060203
Incidence and oviposition patterns of Trichopoda pennipes (F.). A parasite of the southern green stink bug, Nezara viridula (L.) [Natural control, field **crop** *pests].* 060216
Millepedes [field **crop** *pests]* and centipedes. 061083
Fifteen years of controlling the field vole *[pest* of **crops]** in Jura and Haut-Doubs. 059852
Control of slugs *[Pests* of **crops].** 059887
Strategies for slugs *[Pests* of **Delphiniums,** control]. 059741
Wheat in the United States [Culture, **diseases** and *pests].* 058627
Practical experience and prospects of integrated control [of *pests* and **diseases]** in fruit tree culture. 059770
Preplanting treatment of seeds [against *pests* and **diseases].** 059817
1975: a big year for *pests* and **diseases** of cereals. 059854
The status and requirements of the FAO International Collaborative Programme on Crop Loss Appraisal *[Pests* and **diseases].** 059868
Protecting fruit and berry plants from *pests* and **diseases** during the summer. 060318
Larvae of Bochartia sp. (Acarina: Erythraeidae) parasitizing jassids **[Eggplant** *pests,* natural control]. 060776
Physical and catalytic properties of alpha-amylase from Tenebrio molitor L. larvae [Wheat **flour,** *pests].* 060389
A strain of Serratia marcescens pathogenic for larvae of Lyumantria dispar: infectivity and mechanisms of pathogenicity **[Forest** *pests,* biological control]. 060372
On the distribution and biology of Heptatoma pellucens pellucens (Tabanidae) in Karelia **[Forest** *pests].* 060375
A strain of Serratia marcescens pathogenic for larvae of Lymantria dispar: characterization **[Forest** *pests,* biolgical control]. 060934
Pheromones, a new means of control of harmful insects *[Pests* of **fruit].** 060288
Studies of transovum and transstadial transmission of a granulosis virus of the codling moth [Laspeyresia pomonella, *pest* of **fruit** trees and walnuts]. 060313
Onion and **garlic** *pests* and diseases [that started in the field and appear] during storage. 059816
Storage [insect] *pests* [of **grain,** United Arab Republic]. 060396
Novel nonterpenoid insect *[pests]* **growth** regulators. 060142
Vegetable seed treatment [Diseases and **insect** *pests].* 059694
Spray schedule for home orchards **[Insect** *pests* and diseases]. 059760
Effect of aminopterin on the growth and metamorphosis of Oryzaephilus mercator. Fauvel (Coleoptera: Silvanidae) larvae **[Insect** *pests,* control]. 060118
Host correlated variation in Trialeurodes rara Singh and Bemisia tabaci (Gannadius) (Aleyrodidae: Homoptera: Insecta) [Plants, **insect** *pests].* 060127
A review of the biological control of coffee **insect** *pests* in Kenya. 060129
Cross-infectivity of six plusiine nuclear polyhedrosis virus isolates to plusiine hosts [Plusiinae, **insect** *pests,* biological control]. 060144
Effect of cobra venom factor on the in vivo immune response in Galleria mellonella to Pseudomonas aeruginosa **[Insect** *pest* biological control]. 060145
The toxicity of extracellular proteases of the bacterium Serratia marcescens for larvae of greater wax moth, Galleria mellonella **[Insect** *pests,* biological control]. 060147
Viable spore count as an index of effective dose of Bacillus thuringiensis **[Insect** *pests,* biological control, Cercis occidentalis]. 060148
BT [Bacillus thuringiensis] preparations in Japan [Biological control of **insect** *pests,* toxicity to silkworms]. 060149
The **insect** *pest* task force: its development, organization and operations. 060153
Plant **[insect]** *pests.* 060157
Insect *pests* of food legumes. 060205
Major **insect** *pests* of certain cereal crops in Egypt. 060206
Evolution of the environment of rice-field in Italy and consequences on **insect** *pests.* 060238
Control of Erisoma lanigerum [in apples and other fruits, **insect** *pests].* 060285
Directed control [against **insect** *pests* of fruit trees]. 060286
Polyphagous **insect** *pests* of vegetable crops. 060339
Observations on Townesia tenuiventris (Hlmgr) (Hymenoptera, Ichneumonidae) and its hosts Chelostoma maxillosum (L.) (Hymenoptera, Megachilidae) and Trypoxylon figulus (L.) (Hymenoptera, Sphecidae) [Biological control of **insect** *pests* of forest trees]. 060347
The lethal effect of high temperature on the survival of the larvae of Trogoderma granarium Everts **[Insect** *pests* infesting stored wheat]. 060853
Controlling household **[insects** and other] *pests.* 060395
Integrated *pest-control* schedule of cotton. 060235
Insect *[pests]* **juvenile** hormone activity of alkyl (2E,4E)3,7,11-trimethyl-2,4-dodecadienoates. Variations in the ester function and in the carbon chain. 060887
A quantitative assay of feeding of Deroceras agrestis and Deroceras reticulatum [Cabbage, **lettuce** *pests].* 060340
Determination of the damage caused by stored grain [insect] *pests* to **maize** varieties in Yucatan. 060165
Juvenile hormone analogue for aphid control **[Maize** *pests].* 060195
Maize *pests,* their occurrence and control [Pyrausta nubialis, Oscinella frit, wireworms]. 060202
Piloting [crop] *pest* **management.** 059761
Factors contributing to insect [Heliothis] resistance in cotton and their use in a program of *pest* **management.** 060174
Isolation of Bulgarian strains of the Bacillus thuringiensis and study on their biological properties **[Natural** *pest* control, Agrotis segetum, test insect]. 060135
Rodents affecting food supplies in developing countries: problems and **needs** *[Pests].* 059865
The ecology o the free living stages of Nematodirus filicollis **[Nematode** *pest* of sheep]. 055749
A reminder—using DBCP [1,2-dibromo-3-chloropropane] around greenhouse roses **[Nematode** *pests].* 059765
A **new** *pest* [Leptocera heteroneura] introduced by Dr. R. L. Edwards, recognized by Dr. N. W. Hussey [associated with mushroom culture]. 060319
Transmission of a baculovirus in populatons of Oryctes rhinoceros [Coconut **palm** *pests,* biological control]. 060315
The distribution, economic importance and chemical control of the tilehorned Prionus [imbricornis] (Coleoptera: Cerambydidea) in Georgia *[Pest* of **pecans,** Carya illinoensis]. 060309
Prospects for controlling gypsy moths [Porthetria dispar] and some other insects with sex **pheromones** *[Pests].* 060367
Northern pine weevil [Pissodes approximatus] studies *[Pests* of **Pinus** sylvestris]. 060352
Biological control, a hope still held **[Plant** *pests].* 059763
Occurrence of the nematode Tylenchorhynchus crassicaudatus Williams 1960 in Tamil Nadu, India **[Plant** *pests].* 059895
Effect of ultraviolet irradiation, temperature and hydrogenion potential on the stability of polychlorpinene and polychlorcamphene [Insecticides, **plant** *pest* control]. 060150
Field test results of pyrethrinoids used for controlling [insect] *pests* of **plants.** 060115
The role of trophic characteristics in the susceptibility of insects to insecticides [Leptinotarsa decemlineata, *pests,* **potatoes].** 060338
Inventory of main [insect] *pests* of **protein** crops (beans, peas, soybeans) and choice of control methods. 060155
Marking aphids and their parasites with 14C [carbon isotope] in field studies [Brevicoryne brassicae, Myzus persicae, *pests* of **rape** and kale]. 060192
Insect-pest **records** on guava [Argyoploce aprobola]. 060279
Importation of plants, fresh fruits and vegetables [Agriculture (Control of Plant Disease and *Pest)* **Regulations,** 1970, [Bermuda]. 059821
On the occurrence of Nymphala responsalis Walker as a *pest* of **Salvinia** sp. [Weed] in Kerala State. 059935
White grub is becoming a **serious** *pest* of groundnut. 060236
Chemical control of cotton [insect] *pests* in the **Soconusco** area, Chiapas. 060164
Relative susceptibility of nine caterpillar species to the fungus Nomuraea rileyi **[Soybean** *pests,* biological control]. 060223
Entomological investigations in ships retained for eight years in the Great Bitter Lake **[Storage** *pests].* 060387
Food preference and site of damage to preferred products by Alphitobius diaperinus Panz. *[Pests* of **stored** cereals]. 060390
[Insect] *pests* of **stored** grains. 060392
Sensitivity of almond moth [Cadra cautella] pupae to gamma radiation (Lepidoptera: Pyralidae) *[Pests* **stored** dried cocoa beans]. 060406
Sunflower *pests* and their control. 059882
Wild garlic [Allium vineale], a **tough** *pest* [Weeds]. 060112
Minor [sugarcane] *pests* of the **Tully** District. 059724
Combating plant [insect] *pests* **[USSR].** 060126
First record of the microsporidia Nosema sp. On Plusia peponis F. from India **[Vegetable** *pest,* natural control]. 060274
Pests of **vegetables** and their control: brinjal [Eggplants]. 060324
Pests of **vegetables** and their control: sweetpotato. 060325

PETALS

Studies on the flower color of morning-glory. I. Anthocyanins and some concomitant phenolics in the **blue** *petals* of Ipomoea ruburo-caerulea Hock, 'Heavenly Blue'. 058421
Effect of feeding **mari-gold** *petal* meal on egg yolk colour (a research note) [Chickens]. 054929
Activities of various peptidases in the **senescing** *petals* of tulip. 058453

PETASITES
On some lipidic components from the root of *Petasites* **hybridus** (L.) G. M. Sch. 057507

PETIOLES
Waterlogging and *petiole* **epinasty** in tomato: the role of ethylene and low oxygen. 059839

PETROLEUM
Method for estimating the decomposition of hexadecane in the marine environment [Tokyo Bay, *petroleum* **pollution**]. 062366

PETUNIA
Cytoplasmic male sterility in *Petunia*. I. **Comparative** study of different plasmatype sources. 057070
4,2',4',6'-tetrahydroxychalcone in pollen of *Petunia* **hybrida.** 058475

PEUCEDANUM
Mass-spectrometric study of some derivatives of furo- and dihydrofurocoumarins *[Peucedanum* **morisonii**]. 057456
Flavonoids of *Peucedanum* **morissonii.** 057441

PHAENICIA
Human myiasis in Virginia caused by *Phaenicia* **sericata** (Meigen) (Diptera: Calliphoridae). 060498

PHAEOCRYPTOPUS
Swiss needlecast *[Phaeocryptopus* **gaumanni**] of Douglas-fir [Pseudotsuga menziesii] in Minnesota. 059448

PHAEODACTYLUM
Changes in the activity of fucoxanthin-excited photosynthesis in the marine **diatom** *Phaeodactylum* tricornutum [Algae] grown under different culture conditions. 057737
Studies on N-limited growth of diatoms in dialysis culture [Skeletonema costatum, *Phaeodactylum* **triconutum,** Thalassiosira pseudonana, Algae]. 057704

PHAEOPHYCEAE
Control of formation of receptacles in fucus distichus L. Subsp. **distichus** *(Phaeophyceae,* Fucales) [Algae]. 057834
Life history of some *Phaeophyceae* from **Sweden** [Algae]. 057337
Influence of salinity on the growth and distribution of some *Phaeophyceae* on the **Swedish** West Coast [Algae]. 057335

PHAEOTRICHOCONIS
Leaf spot of cardamon [Elettaria cardamomum] caused by *Phaeotrichoconis* **crotalariae.** 059440

PHAGES ***see*** BACTERIOPHAGES

PHAGOCYTOSIS
Measurement of *phagocytosis* of 32P **[phosphorus** isotope]-labeled Staphylococcus aureus by bovine leukocytes: lysostaphin digestion and inhibitory effect of cream [Dairy cattle]. 055416

PHALAENOPSIS
An orchid lighting experiment at Bardfield *[Phalaenopsis* and **Dendrobium** phalaenopsis]. 058919
Collector's item: Miltonia clowesii, Miltonia endresii, Miltonia roezlii, Miltonia regnellii, **Miltonia** *phalaenopsis* and Miltonia warscewiczii. 058922
Different *Phalaenopsis* **[varieties].** 058923

PHALARIS
Development and production potential of canarygrass *[Phalaris]* **seed.** 058802

PHARBITIS
A comparative study of the differential radiosensitivity of seeds, seedlings and tisue cultures of the Japanese **morninglory** *(Pharbitis* nil). 057885
In vivo measure of the purine catabolic variations, related to durations of dark or light in the cotyledons of *Pharbitis* **nil** Chois. 057369

PHARMACODYNAMICS
Thrombolytic and *pharmacodynamic* **properties** of protease derived from Aspergillus ochraceus [Fungi]. 057949

PHARMACOLOGY
Experimental mechanical, thermal, *pharmacological* and **hormonal** effects on tubular skin glands in the dog comparable to man. 054748
The *pharmacology* of an **insect** [Periplaneta americana] ganglion: actions of carbamylcholine and acetylcholine. 060906
Pharmacological **properties** of alkaloid talicmine [Toxicity, cats, dogs]. 055933
Nutrition: **toxicology** and *pharmacology*. 053041

PHASEOLUS
Phaseolus **aureus** [mung beans] X Phaseolus lathyroides cross. 057119
Influence of light on the bioelectric potential of the **bean** *(Phaseolus* vulgaris) hypocotyl hook. 058462
Inheritance of interlocular cavitation in a six-parent diallel cross in snap **beans** *(Phaseolus* vulgaris L.). 057062
Potassium leaching in folioles of kidney **beans** *(Phaseolus* vulgaris L.) in the course of the day. 058482
Evidence for three different systems of movement of indoleacetic acid in intact roots of *Phaseolus* **coccineus** [Scarlet runner beans]. 058460
Metroglyph and index score analysis of morphological variation in green **gram** *(Phaseolus* aureus L.). 056858
Characterization and regulatory properties of glucose-6-phosphate dehydrogenase from black **gram** *(Phaseolus* mungo). 058457
Effect of arid wind on microsporogenesis of drought **hardened** *Phaseolus* [Beans]. 059764
Phaseolus aureus [mung beans] X *Phaseolus* **lathyroides** cross. 057119
Extraction of individual proteins out of *Phaseolus* **lunatus** L. seeds [Beans]. 058431
Naphthenate and cyclohexanecarboxylate treatment **protects** *Phaseolus* vulgaris [mung beans] from effects of 2,4-dichlorophenoxyacetate. 059930
Seed proteins of *Phaseolus* and **Vigna** [Chemotaxonomy]. 056555
The use of gamma-ray induced mutations in *Phaseolus* **vulgaris** (L.) [Kidney beans]. 057206
The mechanism of chill- and drought-hardening of *Phaseolus* **vulgaris** leaves [Kidney beans]. 058440
Host-Rhizobium interaction between *Phaseolus* **vulgaris** L. And Rhizobium phaseoli [Kidney beans]. 058516
Association of seed coat factors with resistance to Rhizoctonia solani in *Phaseolus* **vulgaris** [Kidney beans]. 059417

PHASES
The potential of the construction design of dairy product processing machinery to correspond to modern requirements. Automatic adjustment and the practical **accomplishment** of this *phase*. 053756
The **changing** *phase* of Ranikhet Disease [Poultry]. 055728
Substitution of Ca++ with Ba++ and Mn++ [calcium, barium, manganese ions] at the tonic and *phasic* **contractions** of the smooth muscle of the stomach [Cats]. 054409
Effect of water stress on the *phasic* **development** of annual Medicago species. 058014
Enzymatic characteristics of **development** *phases* of primary leaves of cereals [barley, wheat] with respect to functional relations between nitrate reduction and other metabolic. 058026
Characteristics of **intestinal** *phase* of gastric secretion [Dogs]. 054264
Existence of two **juvenile** *phases* in Collembola Symphypleona. 060718
Water potential components, stomatal function, and **liquid** *phase* water transport resistances of four arctic and alpine species in relation to moisture stress [Plant physiology]. 057849
Morphological *phase* distribution and respirometeric precision in Trichoplusia ni larvae. 060655
Studies of *phase* **morphometric** differences between Locusta migratoria cinerascens and Locusta migratoria migratorioides and their albino mutants. 060727
Correlations among **phenological** *phases*, climatic factors and quantitative changes of chlorophylls in selected forest ecosystem plant species. 056664
The passing through **phenological** *phases* by Satsuma orange under the conditions of the Poti microregion in Colchis. 058528
Phosphorus content and relative movement of 32P [phosphorusisotope] in leaves and fruits of Puse Seedless grapes during pre-lag, and lag and **post-lag** *phases* of berry development. 058521
Preimaginal *phases* of development of Exenterus abruptorius (Hymenoptera, Ichneumonidae). 061071
Basis for *phase* **relations** between baroreceptor and sympathetic nervous discharge [Cats]. 054263
Metabolite concentrations and *phase* **relations** in D-fructoseinduced glycolytic oscillations [in yeast cells, Saccharomyces carlsbergensis]. 057842
Wing scents and **scent-released** *phases* in the courtship behavior of Lycaeides argyrognomon (Lepidoptera: Lycaenidae) [Pheromones]. 060899

PHEASANTS
Manifested differences in the night activity of *pheasant* **chicks** up to 12 days of age. 054733
Tuberculosis [Mycobacterium tuberculosis] in **game** *pheasants[Meat* contamination]. 053065

PHEIDOLE
The organization of colony defense in the **ant** *Pheidole* dentata Mayr (Hymenoptera: Formicidae). 060691

PHELLINUS
Effect of temperature on growth and survival of high- and low-elevation isolates of *Phellinus* **(Poria)** weirii [Root disease of western conifers]. 059362

PHENOBARBITAL
Hepatic microsomal mixed function oxidase system during toluene treatment and the effect of pretreatment of *phenobarbital* in **adult** rats [Toxicity]. 055903
Biologic effects of **short-term** *phenobarbital* treatment of the respose to vitamin D and its metabolites in the chick. 054354

PHENOLASES
The effect of mechanical wounding of hyacinth bulbs on the isoenzymes patterns and activities of peroxidase, *phenolase* and **catalase.** 058310

PHENOLOGY
Phenological **behavior** of habit and habitat clases on Barro Colorado Island (Panama Canal Zone). 057326
Determination of the critical period of chemical pest control in relation to the *phenology* of the **Deltapine** 16 cotton cultivar in Laguna Province [Insecticide applications]. 060166
Aspects of *phenology* and **germination** of Nothofagus species of the mesomorphic zone. 058552
Phenological **measurements** of plants in bioclimatic studies. 056892
Phenological **patterns** in the trees of the streamside forest. 058555
Correlations among *phenological* **phases,** climatic factors and quantitative changes of chlorophylls in selected forest ecosystem plant species. 056664
The passing through *phenological* **phases** by Satsuma orange under the conditions of the Poti microregion in Colchis. 058528
Influence of meteorological factors on the *phenology* of **wheat** in the Punjab. 058104

PHENOLOXIDASES
Some properties of the *phenoloxidase* of the **cotton** plant. 053906

PHENOLS
Analysis of *phenolic* **acids** and flavonoids by high-pressure liquid chromatography [Wines]. 054018
Trifluoroacetylation of Mesurol [4-methylthio-3,5-xylyl-Nmethylcarbamate] its sulfoxide, sulfone, and *phenol* **analogs** for analysis by gas chromatography. 060574
Physodes and the *phenolic* **compounds** of brown algae. Isolation and characterization of phloroglucinol polymers from Fucus vesiculosus (L.) [Algae]. 057383
Phenolic **compounds** of Antitoxicum sibiricum. 057460
Phenolic **compounds** from the heartwood of Dalbergia nitidula. 057869
Effects of the structure of *phenolic* **compounds** [extracted from tomato plants] on the inhibition of Phytophthora parasitica and on lytic enzymes. I. Isoflavonoids and coumestans. 059404
Studies on the flower color of morning-glory. I. Anthocyanins and some **concomitant** *phenolics* in the blue petals of Ipomoea ruburo-caerulea Hock, 'Heavenly Blue'. 058421
Study of *phenol* **contents** in the needles of Picea abies. 058610
Phenol **detection** in the cell vacuole sap in Nitella sp. [Algae]. 057975
Microbiological degradation of *phenol* in the **effluent** from a wood treatment plant [Water decontamination]. 062559
Tannin **extended** *phenol-formaldehyde* resin adhesives for BWP grade plywood. 056188
Oxidation of some *phenols* and **flavonoids** of grape by subcellular fractions of o-diphenoloxidase. 058362
Lindleyin, a **new** *phenolic* gallylglucoside from Aeonium lindleyi. 057865
Phenols as **pheromones** of ixodid ticks: a general phenomenon? [Rhipicephalus appendiculatus and Rhipicephalus pulchellus, vectors of East Coast fever infection of cattle]. 060437
A new liquid chromatography approach to **plant** *phenolics*. Application to the determination of chlorogenic acid in sunflower meal. 053924
Polyphenols *(phenolic* acids and flavonoids) of varieties of Atropa belladonna L. 057373
Folin-phenol **regent-positive** material releasd during autolysis of tissue slices from rats [Influence of dietary protein]. 054766
Two distinct **S-adenosyl-L-methionine:3,4-dihydric** *phenol* 3-O-methyltransferases of phenylpropanoid metabolism in soybean cell suspension cultures. 058013
Separation technique of acidic mixtures of *phenolic* **substances** by thin layer chromatography [Plant and soil extracts]. 061642
Effect of fungal humic-like polymers and their *phenolic* **units** on auxin destruction [by lentil roots extracts]. 061862

PHENOTHIAZINE
Aspects of silk formation in the silkworm, Bombyx mori, examined by the vital staining [of silk gland] with *phenothiazine* **dyes.** 061346

PHENOTYPES
Phenotypic **correlations** between milk and meat performance of the Bulgarian Brown cattle. 055273
Phenotypic **differences** in female Ostertagia circumcincta [nematodes] as demonstrated by isozymes hydrolizing alpha-naphthyl acetate [Livestock parasites]. 055422
Efficiency of selective breeding based on a *phenotypic* **index** [Dairy cattle]. 055153
Inheritance of **killer** *phenotypes* and double-stranded RNA in Ustilago maydis. 059463
Studies on monthly and cumulative monthly milk yield records. III. Estimates of genetic and *phenotypic* **parameters** [Dairy cattle performance]. 055014
Disc electrophoretic evidence for heterozygosity and *phenotypic* **plasticity** in selected lines of Coffea arabica L. [Coffee]. 056949
Study on some Landrace **swine** *phenotypic* parameters. I. Sows' productivity. 055275

PHENOXY

3-phenoxy-alpha-cyano-benzyl **esters,** the most [insecticidal] potent synthetic pyrethroids [Toxicities to house fly, Musca domestica]. 060414

PHENYL

Preparation of **3-methyl-3-(substituted** *phenyl)-pyruvic* acid. 053471

Cytokinin activity and chemical structure of some derivatives of *N-alkyl-N'-phenyl-* and **N,N'-Diphenylthiourea** [Retardation of the chlorophyll breakdown of discs of radish leaves]. 058382

PHENYLALANINE

Effect of infection [of tomatoes] with Verticillium albo-atrum and agents interacting with DNA on the activity of peroxidase and *phenylalanine* **ammonia** lyase. 059402

Changes in *phenylalanine* **ammonia-lyase,** peroxidase and polyphenoloxidase during the development of local necrotic lesions in pinto bean leaves infected with alfalfa mosaic virus. 059627

Incorporation rate of shikimic acid-14C [carbon isotope] and *phenylalanine-14C* into **gallic** acid in Rhus [succedanea] and Acer [buergeranum] leaves. 058569

Nucleotide sequence of *phenylalanine* **transfer** ribonucleic acid from pea (Pisum sativum, Alaska). 058299

Wound-induced *phenylalanine* ammonia-lyase in potato tuber tissue: Development of enzyme activity and effects of antibiotics. 058396

PHENYLALANYL

Purification and properties of *phenylalanyl-tRNA* **synthetase** from baker's yeast [Saccharomyces cerevisiae]. 057384

PHENYLCARBAMATE

Microtubules and secondary wall deposition in xylem: the effects of **isopropyl** *N-phenylcarbamate* [Onions, wheat]. 056898

PHENYLENE

Phenylene, **carbamate,** urea derivatives as potential herbicides. 059979

PHEROMONES

Pheromone **biosynthesis:** the formation of sulphides by the ant Paltothyreus tarsatus. 060876

Synthesis of optically pure (+)-trans-verbenol and its antipode, the *pheromone* of **Dendroctonus** bark beetles. 060341

Sex preference and species specificity of rodent (Mus musculus and Microtus arvalis) *pheromones* [**Field** crops, rodent control]. 059696

Bioassay, histology and morphology of the *pheromone-producing* **glands** of Rhyacionia frustrana, Rhyacionia rigidana, and Rhyacionia subtropica. 060643

Identification of the oxidative decomposition products of the boll weevil [Anthonomus grandis] *pheromone,* **grandlure,** and the determination of the fate of grandlure in soil and water. 060214

Insect *pheromones:* diet related? 060159

Phenols as *pheromones* of **ixodid** ticks: a general phenomenon? [Rhipicephalus appendiculatus and Rhipicephalus pulchellus, vectors of East Coast fever infection of cattle]. 060437

Wing scents and scent-released phases in the courtship behavior of Lycaeides argyrognomon (Lepidoptera: **Lycaenidae**) *[Pheromones].* 060899

Evidence for a new diffusible element of **mating** *pheromones* in yeast [Saccharomyces cerevisiae]. 057104

Multiple *pheromone* system controlling mating in Drosophila melanogaster. 061006

Pheromones, a **new** means of control of harmful insects [Pests of fruit]. 060288

Numbers of Dendroctonus rufipensis (Kirby) and Thanasimus undatulus Say at *pheromone-baited* **poisoned** and unpoisoned trees [Picea engelmannii, Picea glauca]. 060365

Synthesis of a *pheromone* **precursor** in the male noctuid moth, Mamestra configurata. 060882

Pheromone **release** by dung beetles [Kheper lamarcki, Kheper nigroaeneus] (Coleoptera: Scarabaeidae). 061009

Effect of some physiological and environmental factors on the response of males to the female **sex** *pheromone* of the rice moth, Corcyra cephalonica (Stainton). 060208

A facile synthesis of the cyclohexyl constituents of the boll weevil [Anthonomus grandis] sex *pheromone.* 060226

Evidence and preliminary investigations on a male aphrodisiac and a female **sex** *pheromone* in Mamestra brassicae (L.) [Cabbage armyworm]. 060249

A **sex** *pheromone* in the potato tuberworm moth, Phthorimaea operculella (Zeller): biological assay and preliminary chemical investigation. 060300

Prospects for controlling gypsy moths [Porthetria dispar] and some other insects with **sex** *pheromones* [Pests]. 060367

Reinvestigation of oak leaf roller [Archips semiferanus] **sex** *pheromone* components and the hypothesis that they vary withdiet. 060377

Sex *pheromone* specificity in the pine sawflies [Neodiprion, Diprion similis]: interchange of acid moieties in an ester. 060378

Syntheses of female **sex** *pheromone* analogues of the German cockroach [Blattella germanica] and their biological activity. 060386

Studies on the isolation and bioassay of the **sex** *pheromone* of the drugstore beetle, Stegobium paniceum (Coleoptera: Anobiidae) [Stored products]. 060401

Identification of the female **sex** *pheromone* of the purple stem borer moth, Sesamia inferens. 060870

Circadian rhythm of **sex** *pheromone-releasing* behaviour in females of the dermestid beetle, Trogoderma glabrum: regulation by photoperiod. 060918

Use of synthetic **sexual** *pheromones* for trapping in the integrated [pest] control or orchards. 060275

Specificity of the *pheromone* **system** of Adoxophyes orana andClepsis spectrana [Apples]. 060304

PHIALOPHORA

Variations of isoperoxidase activity after experimental infection of carnations [Dianthus caryophyllus] by *Phialophora* **cinerescens.** 059413

PHILAENUS

The genetic composition of *Philaenus* **spumarius** populations in island habitats variably affected by voles. 060785

Conditions requisite for stability of polymorphic balance in *Philaenus* **spumarius** (L.) (Homoptera). 060825

The role of natural enemies [predators and a parasoid Verrallia aucta] in the colour polymorphism on *Philaenus* **spumarius** (L.) [Grassland]. 060897

PHILANTHUS

Notes on the occurrence of *Philanthus* **triangulum** F. (Hymenoptera, Sphecoidea, Philanthidae) in Finland. 061108

PHLEBOTOMUS

The fate of promastigotes of Leishmania tropica major and Leishmania gymnodactyli in the organism of *Phlebotomus* **papatasi** in mixed infection. 060492

PHLEUM

Response of common and Clair timothy *[Phleum]* to **nitrogen** fertilization. 062068

Variability and stability of characters and traits in the variety assortment of *Phleum* **pratense** L. 058841

Interactions of individual plant variations within population density of *Phleum* **varieties.** 056728

PHLOEM

Sealing systems in *phloem* [**Callose** and slime plugs]. 056839

Biochemistry of *phloem* **constituents.** 057532

Phloem in the **cortical** strands of Viscum album L.(Loranthaceae). 056901

Phloem **exudation** from monocotyledonous axes. 057543

Regeneration of *phloem* **fibres** round a wound: a new experimental system for studying the physiology of fibre differentiation. 059704

Work with **isolated** *phloem* strands. 056841

Phloem **loading** [Translocation of organic solutes]. 057544

Pressure flow *[Phloem,* **osmosis].** 057545

Structure and development of sieve cells in the **primary** *phloem* of Pinus resinosa. 056905

Electroosmotic flow *[Phloem,* **sieve** tubes]. 057534

Sieve-element **structure** *[Phloem].* 056840

Nature of transported **substances** [in the *phloem].* 057540

Effects of temperature, anoxia and other metabolic inhibitors on **translocation** *[Phloem].* 057533

Mass transfer [Magnitude of **translocation,** *phloem].* 057539

Protoplasmic streaming [**Translocation,** *phloem].* 057546

Aphids and **translocation** *[Phloem].* 060130

Energetic basis of the *phloem* **transport** of 14C [carbon isotope]-assimilate in leaves of Eleusine coracana. 057276

Bidirectional **transport** *[Phloem].* 057531

Investigations with aphid stylets into the physiology of the sieve tube *[Phloem* **transport].** 057537

Other possible mechanisms [of *phloem* **transport].** 057542

Theoretical considerations *[Phloem* **transport].** 057547

Transport in plants. 1. *Phloem* **transport.** 057548

Exchange of solutes between *phloem* and **xylem** and circulation in the whole plant. 057535

Radial transport in rays [between *phloem* and **xylem].** 058568

PHLOMIS

Flavonoids of *Phlomis* **pungens.** 057439

PHLOROGLUCINOL

Phloroglucinol **derivatives** in Dryopteris chrysocoma. 057870

Physodes and the phenolic compounds of brown algae. Isolation and characterization of *phloroglucinol* **polymers** from Fucus vesiculosus (L.) [Algae]. 057383

PHOMA

Digging and storage of potatoes with a view to loss and quality deterioration *[Phoma* **diseases].** 059296

A new leaf blight of India rubber caused by *Phoma* **glomerata** (Corda) Wr. and Hochapf. in India. 059279

Cucurbita pepo DC, a new host to *Phoma* **herbarum** Westend. 059283

Research with seed potatoes **infected** with *Phoma.* 059348

Epidemiology of mal secco disease *[Phoma* **tracheiphila]** of lemons. 059405

PHOMOPSIS

The occurrence and control of *Phomopsis* **fruit** rot of peach. 059450

Ovipositon stimulants of the moth Ectomyelois ceratoniae: the effect of short-chain alcohols [Ceratonia siliqua infested with the **fungus** *Phomopsis].* 060303

PHORATE

Interaction of pesticide chemicals. Effect of eptam and itsantidote on the uptake and metabolism of [14C] [carbon isotope] *phorate* in **corn** plants. 060566

PHORMIA

A model of foregut activity in the **blowfly** *Phormia* regina Meigen. II. Peristalsis in the crop duct during the crop-emptying process. 060737

Directional flow of sensillum liquor in **blowfly** *(Phormia* regina) labellar chemoreceptors. 060921

Juvenile hormone analogue and egg development in the blowfly, *Phormia* **regina** (Meig.). 060819

PHORMIDIUM

Increase effected by calcium ion in the rate of oxygen evolution from preparations of *Phormidium* **luridum** [Algae]. 057308

PHOSPHATASES

The effect of complete and protein starvation and refeeding casein on the **acid** *phosphatase* activity of the various organs of rat. 053188

Further studies on **acid** *phosphatase* of leucocyte origin in normal and mastitic bovine milks. 053727

Acid *phosphatase* activity in embryonic chick esophagus lacking "programmed cell death" (crooked neck dwarf mutant). 054446

Genetic variability of gliadins, glutenins, beta-amylases, esterases, peroxidases, **acid** *phosphatases* composition in wheat (Triticum aestivum). 056937

Purification of protoplast-secreted **acid** *phosphatase* from baker's yeast [Saccharomyces cerevisiae]. Effect on adenosinetriphosphatase activity. 057312

Histochemical investigation of **acid** *phosphatases* in aleurone cells of barley. 058033

Activity of the **acid** *phosphatase* of haemolymph of the caterpillars of mulberry silkworm hybrids [Bombyx mori]. 061341

Phosphatase **activities** and osmium reduction in cell organelles of Micrasterias americana [Algae]. 056902

Cow's milk **alkaline** *phosphatase.* II. Subunit structure, metalloproteic nature and kinetic parameters. 053673

Dephosphorylation of bovine casein by milk **alkaline** *phosphatase.* 053723

Studies of Scharer's original method for **alkaline** *phosphatase* in milk with a modification utilizing an organic buffer. 053743

Distribution of acid and **alkaline** *phosphatases* in canine skin [Dogs]. 054299

Dissociation-constants of metal-ion-complexes with **alkaline** *phosphatase* from pig kidney. 054479

Distribution of **alkaline** *phosphatase* in pollen grains and pollen tubes of Calotropis procera. 057274

On acid and **alkaline** *phosphatase* activity in fat bodies of Tenebrio molitor L. 060763

Variation in glycogen, total carbohydrates, free sugars, proteins, total free amino acids and some enzymes (active phosphorylase, acid, and **alkaline** *phosphatases)* during embryonic development of Antheraca mylitta. 060764

Alkaline *phosphatase* in the alimentary canal of silkworm, Bombyx mori L., larvae, poisned by the oral application of fluorine compound. 061345

Influence of malathion on *phosphatase* and **succinic** dehydrogenase in preirradiated rats. 060543

PHOSPHATES

Phosphate **absorption:** adaptation of tundra graminoids to a low temperature, low phosphorus environment [Graminae]. 057796

Sources of ATP [adenosine triphosphates] for **active** *phosphate* transport in Hydrodictyon africanum: evidence for pseudocyclic photophosphorylation in vivo [Algae]. 057781

The identification of myo-inositol:NAD(P) [nicotinamide **adenine-dinucleotide** *phosphate]* oxidoreductase in mammalian [bovine] brain. 054347

Changes in **adenosine** *phosphates* and energy charge in chloroplastic and non-chloroplastic compartments of wheat leaves. 058030

The slow reaction which continues after *phosphate* **adsorption:** kinetics and equilibrium in some tropical soils. 061850

Adsorption of selenite and *phosphate* on an **allophane** clay. 061828

Nitric acid processing of **ballast** *phosphate* rock from Karatau for obtaining a liquid compound fertilizer. 062083

Ecophysiological studies on the uptake of the pollutants, copper, zinc and *phosphate*, by **certain** algae. 057633
The structural subunit of *glucose-6-phosphate* **dehydrogenase** (Baker's yeast). 057838
Characterization and regulatory properties of *glucose-6-phosphate* **dehydrogenase** from black gram (Phaseolus mungo). 058457
Effect of low calcium or low phosphorus diets on free choice consumption of **dicalcium** *phosphate* by lactating diary cows. 054861
Solubility and solubility product of **dicalcium** *phosphate* dihydrate [fertilizers] in aqueous solutions and soil solutions. 062034
Separation and properties of the NAD [nicotinamide adenine dinucleotide]-linked and NADP [nicotinamide adenine **dinucleotide** *phosphate]-linked* isozymes of succinic semialdehyde dehydrogenase in Euglena gracilis z [Algae]. 057313
In vitro digestibility of hydroxypropyl **distarch** *phosphate* and unmodified tapioca starch. 053130
Estimating **erythrocyte** *glyceraldehyde-3-phosphate* dehydrogenase by a new method [Livestock, laboratory animals]. 054689
Phosphate **fertilizer** materials in Colombia—imports, uses, and domestic supplies. 061970
P2O5 [phosphorus pentoxide] demand falls heavily *[Phosphate* **fertilizer** consumption]. 062016
DECIDE [mathematical model] how much *superphosphate* **[Fertilizers].** 061963
How much *phosphate* **[fertilizers]** do we really need? 062002
The accumulation in soil of cadmium residues from *phosphate* **fertilizers** and their effect on the cadmium content of plants [Radishes, wheat, subterranean clover]. 062056
Zero discharge production of *phosphate* **fertilizers.** 062546
Fluoride-extractable *phosphate* in some Malaysian soils. 061743
Fluoride-extractable *phosphate* in some Malaysian soils. 061744
Phosphate **forms** in the main soil forming rocks of Volga Region. 061807
Efflux transport of 3-ketoglucose 1-phosphate in a **glucose** *1-phosphate-negative* mutant of Agrobacterium tumefaciens [Crown gall, plants]. 059511
The alteration of the phosphate regime in soddy-podzolic soil as a result of annual and supply application of *superphosphate* and **ground** phosphate rock under the conditions of liming. 061953
Intrarenal calcium in *phosphate* **handling** [Dogs]. 054280
Regulation of Hyalophora cecropia fat body hexokinase by **hexose** *phosphates* common to the pathways of glycolysis, glycogen and trehalose synthesis. 060760
Uptake of tobacco rattle virus by tobacco protoplasts, and the effect of *phosphate* on **infection.** 059597
Ascorbate-2-phosphate **inhibition** of ascorbate-2-sulfate sulfohydrolase from bovine liver. 054341
Efflux transport of **3-ketoglucose** *1-phosphate* in a glucose 1-phosphate-negative mutant of Agrobacterium tumefaciens [Crown gall, plants]. 059511
The influence of 1 alpha-hydroxycholecalciferol on plasma calcium and *phosphate* **levels** in cattle. 054419
The high- **low-energy** *phosphate* adsorbing surfaces in calcareous soils. 061734
The kinetics of nitric acid decomposition of **lump** *phosphate* rock from Karatau. 062090
In vitro intestinal absorption of sugars in the rat. Study of variations of concentrations of adenylic compounds and **mineral** *phosphate* in the mucosa. 053100
Herbicide effect on uptake and transport of *phosphate* **[Mustard].** 059974
Repulping of superphosphate obtained from **nonconcentrated** *phosphate* rock from Karatau. 062085
Studies on avian erythrocyte metabolism: Effect of **organic** *phosphates* on oxygen affinity of embryonic and adult-type hemoglobins of the chick embryo. 054326
Some thoughts on **organic** *phosphate* poisoning. 060539
Studies on degradation of adenosine-5'-phosphosulphate (APS) and *adenosine-3'-phosphate-5'-phosphosulphate* **(PAPS)** in extracts of Anabaena cylindrica [Algae]. 057911
The effect of aeration intensity on the biochemical composition of baker's yeast: Activities of enzymes of the glycolytic and **pentose** *phosphate* pathways. 053491
Effect of *phosphate* and **potash** application in combination with nitrogen on incidence of stalk borer, Chilo auricilus Dgn. [Sugarcane]. 060194
The alteration of the *phosphate* **regime** in soddy-podzolic soil as a result of annual and supply application of superphosphate and ground phosphate rock under the conditions of liming. 061953
Purification, properties and structure of **ribose** *5-phosphate* ketol isomerase from Candida utilis [Yeasts]. 057234
Plant growth responses to vesicular-arbuscular mycorrhiza. IX. Interactions between VA mycorrhiza, **rock** *phosphate* and symbiotic nitrogen fixation [Rhizobium, clover, Stylosanthes and Centrosema]. 061766
Duration of the effect of different doses of *phosphate* **rock** in crop rotations. 061983
Concentration of lowgrade magnesium-containing **rock** *phosphates* with different particle sizes from the Aksai deposit in Karatau. 062079
Decomposition of nonconcentrated **rock** *phosphate* from Karatau with a mixture of nitric and sulfuric acids. 062080
Nitric acid decomposition of *phosphate* **rock** from Karatau ina pulsation column with a distribution nozzle. 062082
Nitric-sulfuric acid decomposition of *phosphate* **rock** grits from the Khodzhakul' deposit (Kara-Kalpak Autonomous Soviet Socialist Republic). 062084
The mechanism of physical effect of ultrasound on the process of breakdown of *phosphate* **rock.** 062091
On the simultaneous movement of THO, 14C-sucrose, and 32PO4 [isotope labelled water, sucrose and *phosphate]* in the **sieve-tubes** of willow. 057541
The determination of desorption isotherms for **soil** *phosphate* using low volumes of solution and an anion exchange resin. 061732
Rationalization of ionic strength and cation effects on *phosphate* **sorption** by soils. 061729
The effect of *phosphates,* **sulphates** and alginates on the absorbtion of radioactive strontium from the digestive tract [Rats]. 054734
Determination of phosphorus available to sunflower in soils of different *superphosphate* **supply.** 061853
Chronic toxicity of a synthetic **tri-aryl** *phosphate* oil to fish. 062403
Triple *superphosphate* [mineral fertilizer] manufacture, no longer mud chemistry. 062017
Phosphate **uptake** in Chlorella pyrenoidosa [Algae]. II. Effect of pH [hydrogen-ion concentration] and of SH [sulfhydryl] reagents. 057318
Effects of the commercial polychlorinated biphenyl mixture Aroclor 1242 on growth, viability, *phosphate* **uptake,** respiration and oxygen evolution in Scenedesmus [Algae]. 059849

PHOSPHATIDYLCHOLINE

Effect of propylthiouracil-induced hypothyroidism on *phosphatidylcholine,* **phosphatidylethanolamine,** and sphingomyelin synthesis in chick liver microsomes. 054424
Biosynthesis of *phosphatidylcholine* and **phosphatidylethanolamine** by germinating soya bean. 058252
Phosphatidylcholine **synthesis** in castorbean endosperm. 057898

PHOSPHODIESTERASES

Extracellular cyclic AMP **[adenosine** *monophosphate]-phosphodiesterase* accelerates differentiation in Dictyostelium discoideum [Fungi]. 057709

PHOSPHOENOLPYRUVATE

The relative activities of PEP *[phosphoenolpyruvate]* **carboxylase** and RuDP [ribulose-1,5-diphosphate] carboxylase in blue-green algae. 057912

PHOSPHOGLYCERIC

Mediation of the allosteric response of *3-phosphoglycerate* **dehydrogenase** from peas. 058347
Anomalous fluorescence of **yeast** *3-phosphoglycerate* kinase. 057306

PHOSPHOKINASES

Interfacial regulation: influence of lipid polar group conformation on lipid activitation of C55-isoprenoid **alcohol** *phosphokinase* apoprotein [Ficus elastica]. 057574

PHOSPHOLIPASES

Action of *phospholipase* A on **chloroplast** envelopes from spinach. 058319

PHOSPHOLIPIDS

Influence of *phospholipids* [as **antioxidants]** on the rapeseed oil autooxidation process. 053860
A new method for estimating the *phospholipid* **content** of soils. 061724
C18 [carbon] unsaturated fatty acid hydrogenation patterns of some rumen bacteria and their ability to hydrolyse **exogenous** *phospholipid.* 054384
Relationships between heat resistance and *phospholipid* **fatty** acid composition of Vibrio parahaemolyticus [Food-borne pathogens]. 052951
Phospholipids of the **fine-fibered** cotton plant, variety S-6029. 058062
Phospholipids of **Gossypium** barbadense [Cotton]. 058061
Water/phospholipid **interactions** [Eggs]. 053845
Micromethod for identifying in chromatograms the products of plant **leaf** *phospholipid* deacylation. 057583
Chlorophyll sensitized charge separation in *phospholipid* **vesicles** [Spinach]. 058449

PHOSPHORUS

Flow injection analysis. V. Simultaneous determination of nitrogen and *phosphorus* in **acid** digests of plant material with a single spectrophotometer. 057240
Stabilizing soil aggregates with *phosphoric* **acid.** 061848
Content of **available** *phosphorus,* exchangeable potassium and acidity in soils of agricultural lands in the USSR. 061794
Determination of *phosphorus* **available** to sunflower in soils of different superphosphate supply. 061853
Nitrogen, *phosphorus* and **carbon** flux in Chesapeake Bay marshes [Watersheds, eutrophication, water quality]. 062178
Arsenic Eh [redox potential]-pH [hydrogen-ion concentration] diagram and comparisons to the soil **chemistry** of *phosphorus.* 061871
Phosphorus **conservation** by evergreenness of mountain laurel [Kalmia latifolia]. 057797
Phosphorus **content** and relative movement of 32P [phosphorusisotope] in leaves and fruits of Puse Seedless grapes during pre-lag, and lag and post-lag phases of berry development. 058521
Metabolism of *phosphorus* in **cotton** plant organs treated with nicotinic acid. 058083
Covalent *phosphorus(V)* nitrogen compounds and aspects of their use for plant nutrition [Fertilizers]. 062039
Phosphorus-zinc interaction. I. Sites of immobilization of zinc in maize at a high level of *phosphorus* **[Deficiency].** 058206
Compared toxicity (mammals, insects, acarians) of new trisubstituted **dissmyetric** *phosphoric* acid derivatives. 054410
Neutralization of pulverized **extracted** *phosphoric* acid by ammonia [Fertilizer production]. 062081
Nitrogen and *phosphorus* **fertilization** of aquatic vascular plants and algae in replicated ponds. I. Initial response to fertilization. 061943
Response of corn to *phosphorus* **fertilization** in greenhouse, sunken drums and field experiments. 061962
Phosphorus **fertilization** with drip irrigation. 062033
Biological immobilization and chemical fixation of native and **fertilizer** *phosphorus* in soil. 061779
Change in protein and free amino acid content of barley and winter wheat grain under the influence of different forms of nitrogen and *phosphorus* **[fertilizers].** 058073
Influence of nitrogen and *phosphorus* **fertilizers** on the relation between apple volatiles and storage breakdown. 061968
Analysis of *phosphorus-containing* **hydrolytic** products of organophosphorus insecticides in water. 060140
Micro-spectrophotometric method for the determination of **inorganic** *phosphorus* in serum. 054258
New developments in the area of manufacture and use of **inorganic** *phosphorus* products [Fertilizers]. 062040
Phosphorus-zinc **interaction.** I. Sites of immobilization of zinc in maize at a high level of phosphorus [Deficiency]. 058206
The effect of *phosphorus-zinc* **interaction** on the growth and nutrient uptake of sugarcane plant. I. Absorption and distribution of zinc and phosphorus by young cane plant. 058243
31P *[phosphorus* **isotope]** nuclear magnetic resonance-pH [hydrogen-ion concentration] titrations of myo-inositol hexaphosphate [Biochemistry of cereal grains]. 053893
Short term geo-stimulation and p32 *[phosphorus* **isotope]** distribution in Alaska pea seedlings. 058341
The effect of water flow on movement of salts and 32P *[phosphorus* **isotope]** through tomato root system. 058483
Measurement of phagocytosis of 32P *[phosphorus* **isotope]-labeled** Staphylococcus aureus by bovine leukocytes: lysostaphin digestion and inhibitory effect of cream [Dairy cattle]. 055416
Evaluation of *phosphorus* **levels** for gestating-lactating gilts and sows. 054952
Effect of low calcium or **low** *phosphorus* diets on free choice consumption of dicalcium phosphate by lactating diary cows. 054861
Phosphate absorption: adaptation of tundra graminoids to a low temperature, **low** *phosphorus* environment [Graminae]. 057796
Effect of magnesium chlorate on *phosphoric* **metabolism** in apricot sprouts. 058352
Effect of levels of *phosphorus* and **molybdenum** on growth, yield and quality of berseem (Trifolium alexandrinum Juslen). 061969
Nodulation pattern in groundnut (Arachis hypogaea Linn.) as influenced by varying levels of plant density **nitrogen** and *phosphorus.* 058340
Dynamics of *phosphorus-potassium* **nutrition** of the plant in the soil. 057510
Effect of straw application on yield and *phosphorus* **nutrition** of crops [Vetch, oats]. 058203
Resorption and distribution of arsenate ions by mustard in the conditions of different *phosphorus* **nutrition.** 058225
Effects of nitrogen and *phosphorus* **nutrition** on [14C] [carbon isotope]-sucrose translocation in Hibiscus esculentus [Okra]. 058292
Changing the activity of some oxidizing enzymes in tomato and bean plants under the influence of [the **organic** *phosphorus* insecticides] Sayphos DP-70 and Thinox 50. 060296
P2O5 *[phosphorus* **pentoxide]** demand falls heavily [Phosphate fertilizer consumption]. 062016
Phosphorus in **ploughed** soils of Kuibyshev Region. 061808
Moisture, fat, and N, P, K, Na, and Ca [nitrogen, *phosphorus,* **potassium,** sodium, calcium] content in pork loins as a function of breed, sex and age of pigs. 053800
The change of nitrogen, *phosphorus,* **potassium** calcium and codium content of some species in Artemisio-Festicetum pseudovinae at Ujszentmargita (IBP International International Biological Programme] experimental area) in 1970 [Hungary]. 056669
Protein and free amino acid composition of sesame meal as affected by nitrogen, *phosphorus,* and **potassium** nutrition. 057938
Root growth of wheat. I. Early patterns of multiplication and extension of wheat roots including effects of levels of nitrogen, *phosphorus* and **potassium.** 058015
Contribution of cyanidin-3-galactoside and pelargonidin-3-glucoside to the pattern of anthocyanin accumulation during deficiencies of nitrogen, *phosphorus* and **potassium** in seedlings of Zea mays [Maize]. 058173
Time-course of sugar accumulation during deficiencies of nitrogen, *phosphorus* and **potassium** in seedlings of [maize] Zeamays L. variety N. S. 1. 058179

Appearance of deficiency symptoms of nitrogen, *phosphorus* and **potassium** in cotton. 059841
Influence of some soil applied pesticides on the availability of NPK [nitrogen, *phosphorus*, **potassium**] in soils. 060592
Effects of nitrogen, *phosphorus* and **potassium** [fertilizers] on yield and maturity of cauliflower. 061913
Effect of nitrogen, *phosphorus* and **potassium** on the nutritional status of young vines. 061938
The balance of nitrogen, *phosphorus* and **potassium** and the utilization of fertilizers in farming in the USSR in 19681973. 061954
Phosphorous and **potassium** fertilizers. 062069
Inputs of *phosphorus* from **precipitation** to Lake Michigan. 062399
About the utilization of **red** *phosphorus* as a fertilizer in greenhouses. 061950
Effect of wastewater composition and cell residence time on *phosphorus* **removal** in activated sludge. 062476
Calcium and *phosphorus* **requirements** in lupin seed rations for pigs. 054828
Uptake pattern of *phosphorus* in **rice** related to modes of application. 058126
Availability of *phosphorus* in **rice** soils. 061859
Effect of farmyard manure, nitrogenous fertilizers and water logging on the availability of P *[phosphorus]* to **rice** crop. 062048
Experimental studies on the influence of *phosphorus* on the **scleromorphism** of Holcus lanatus L. 060233
The optimal requirement of wool-and-meat producing **sheep** in *phosphorus*. 054972
Response of weeds to **soil** *phosphorus* and potassium. 060084
Sources, availability and use of **supplementary** *phosphorus* for ruminants. 054938
Supplementing *phosphorus* to thouroughbred horses in Virginia. 054955
Evaluation of different *phosphorus* **supplements** for growing-finishing beef steers. 054951
Nitrogen and *phosphorus* **utilization** by Spartina alterniflora in a salt marsh in Barataria Bay, Louisiana. 057551
Effect of split application of *phosphorus* on the **yield** and P-uptake of paddy [Rice]. 062049
The effect of varying levels of nitrogen and *phosphorus* on the **yield** of Mexi-Pak-65 [wheat variety] when applied after summer fallow and kahrif crop on farmer's land in central zone of the Punjab. 062099
The effect of phosphorus-zinc interaction on the growth and nutrient uptake of sugarcane plant. I. Absorption and distribution of zinc and *phosphorus* by **young** cane plant. 058243

PHOSPHORYLASES

Variation in glycogen, total carbohydrates, free sugars, proteins, total free amino acids and some enzymes (**active** *phosphorylase*, acid, and alkaline phosphatases) during embryonic development of Antheraea mylitta. 060764
Glycogen *phosphorylase* in Dictyostelium discoideum [Fungi]. I. Purification and properties of the enzyme. 057654
Glycogen *phosphorylase* in Dictyostelium discoideum [Fungi]. II. Synthesis and degradation during differentiation. 057655
Glycogen *phosphorylase* activity in relation to diapause initiation in Bombyx [mori] eggs. 061324
Electrophoretic studies on the *phosphorylase* **isozymes** [Rats, pigs]. 054593

PHOSPHORYLATION

Phosphorylation of **axonemal** proteins in Chlamydomonas reinhardtii [Algae]. 057656
A relationship between Ca2+ [calcium ion] sensitivity and *phosphorylation* of **[chicken]** gizzard actomyosin. 054339
Biochemical aspects of electron transport and *phosphorylation* in **chloroplasts.** 057254
Quantitative relationships between *phosphorylation*, **electron** flow, an internal hydrogen ion concentrations in spinach chloroplasts. 058399
The ribosomal proteins of [the yeast] Saccharomyces cerevisiae. *Phosphorylated* and **exchangeable** proteins. 057064
Ions of calcium and magnesium in regulation of respiration and *phosphorylation* of **mitochondria** from roots of maize seedlings. 058090
The rate of cyclic and non-cyclic photophosphorylation and **oxidative** *phosphorylation*, and regulation of the rate of ATP consumption in Hydrodictyon africanum [Algae]. 057785
Effect of regulators and inhibitors of growth on **photosynthetic** *phosphorylation* in chloroplasts islated from maize leaves. 058089
A comparison of ribosomal proteins from rabbit **reticulocytes** *phosphorylated* in situ and in vitro. 054355

PHOTO

Action spectra for *photo* **accumulation** of green and colorless Euglena [gracilis]: evidence for identification of receptor pigments [Algae]. 057823
Mobilization and exudation of *photo-assimilated* 14C **[carbonisotope]** by developing pods of groundnut (Arachis hypogaea L.). 058205
Organization of antenna and *photo-reaction* **centre** chlorophylls on the molecular level. 057814
Thoracolumbar hemilaminectomy in the dog using a power skull trephine (a *photo* **essay).** 055379
The influence of flight altitude and type of film on *photo* **interpretation** of aquatic macrophytes [Phragmites communis, Schoenoplectus lacustris, Nuphar luteum]. 056348
Studies on **natural** *photo-protectors*. III. Radioresistance of mutants of Aspergillus giganteus (Wehm.) [Fungi] with various photosensitivity. 057597
Influence of *photo-* and **thermoperiod** on the initial stages of frost hardening and dehardening of phytotron-grown seedlings of Scots pine (Pinus silvestris L.) and Norway spruce (Picea abies (L.) Karst.) [Cold injuries]. 059897
X-ray *photo* taken on the hip joint of the dog standing in a stock with special respect to the prevention of radiological lesions. 055333

PHOTOCHEMISTRY

Effects of lipolytic enzymes on the *photochemical* **activities** of spinach chloroplasts. 058302
Investigations to demonstrate the involvement of m-RNA in *photoinduction* of **carotenoid** synthesis [Fungi, Fusarium aquaeductuum]. 057256
Action spectrum between 260 and 800 nanometers for the *photoinduction* of **carotenoid** biosynthesis in Neurospora crassa [Fungi]. 057892
A **flash** *photolysis* ESR [election spin resonance] study of Photosystem. II. Signal IIvf, the physiological donor to P-680+ [Chlorella pyrenoidosa, algae, spinach chloroplasts]. 057304
The existence of a **high** *photochemical* turnover rate at the reaction centers of System II in Tris-washed [spinach] chloroplasts. 058305
A **quantitative** *photochemical-fluorimetric* method for measurement of nonfluorescent vitamin K1 [2-methyl-3-phytyl-1,4-naphthoquinone]. 053478
Effect of the transmembrane electric field on the *photochemical* and **quenching** properties of Photosystem II in vivo [Chlorella pyrenoidosa, algae, chloroplasts]. 057307
Pigments of hibernating plant buds and their participation in *photochemical* **reactions.** 057584
Confirmation of the existence of **two** *photochemical* reactions during biosynthesis of chlorophyll and investigation of energy transfer between them. 057589

PHOTODYNAMICS

Further in vivo studies on the participation of singlet oxygen in the *photodynamic* **inativation** and induction of genetic changes in Saccharomyces cerevisiae [Yeasts]. 057127

PHOTOELECTRIC

Photoelectron quantum yields and *photoelectron* **microscopy** of clorophyll and chlorophyllin. 057826
Photoelectric **nephelometer** for the study of proteins and other macromolecular food compounds. 053079
Photoelectron **quantum** yields and photoelectron microscopy of clorophyll and chlorophyllin. 057826
The effect of cations and membrane permeability modifying agents on the dark kinetics of the *photoelectric* **response** in isolated [Peperomia metallica] chloroplasts. 057314

PHOTOGRAPHY

Panorama of **aerial** *photography* application in forest inventories and forest studies in Mexico. 056056
Measuring revegetation rates and patterns on abandoned agricultural lands by means of time-lapse **aerial** *photography* [Forest regeneration]. 056131
Measurement of foliar surface and **aerial** *photography* of vegetation [Biomass]. 057981
Photographic **analysis** of water quality changes. 062288
Photographs from **balloons:** their use in agronomy and management of environment. 058773
The Kirlian phantom leaf **[Botany,** *photography].* 056327
Infrared *photography* for selection of dehydration-avoidant Sorghum genotypes. 057200
Land-use mapping from Skylab **S-190B** *photography*. 052263
Landscape with *photographs:* **testing** the preference approach to landscape evaluation. 062469

PHOTOINDUCTION *see* PHOTOCHEMISTRY

PHOTOLYSIS *see* PHOTOCHEMISTRY

PHOTOMETRY

Use of *photometric* **curves** to determine seasonal rate of growth of [Pinus, Picea, Betula] trunk thickness and changes in water equilibrium. 058615
Photometric **determination** of arsenic in biological samples [Food contamination]. 053075
Determination of Oxamyl [insecticide/nematicide] residues using **flame** *photometric* gas chromatography. 060560
Analysis of organophosphorus pesticides by capillary gas chromatography with **flame** *photometric* detection. 060577
The **special** *photometric* determination of sucrose in sugarbeets and sugarbeet products via specific enzyme systems. 053929

PHOTON

Contribution of electronic and *photonic* **microscopy** to the study of plant mycoplasmas. 059576

PHOTOOXIDATION *see* OXIDATION

PHOTOPERIODISM

Photoperiodism in **common** coturnix (Coturnix coturnix japonica) [Quail]. 054706
Vernalization and *photoperiodism* of **common** wheat in relation to life cycle and cold tolerance [Breeding]. 057045
Studies on the larval growth of the silkworm, Bombyx mori L., reared on an artificial diet under different temperature and *photoperiod* **conditions.** VI. Effect of illumination on the moltinism and voltinism of different silkworm races. 061358
Photoperiodic **effects** on crop production. 057940
Effect of *photoperiods* on **feed** intake rhythms of domestic fowl. 054532
The influence of *photoperiod* and of **GA3** [gibberillic acid]on flower development and stem elongation of Silene armeriaL. 057928
Development of the tests in the cockerel. IV. Quantitative study of germ cells under **increasing** *photoperiods* starting at different ages. 055032
Insect *photoperiodism:* The **"T** experiment" as evidence for an hourglass mechanism [in Ostrinia nubilalis]. 061015
Circadian rhythm of sex pheromone-releasing behaviour in females of the dermestid beetle, Trogoderma glabrum: **regulation** by *photoperiod*. 060918
Photoperiodic **responses** of phenologically aberrant populations of pierid butterflies [Pieridae] (Lepidoptera). 060834
Change in *photoperiodic* **sensitivity** of some wheat species under the influence of nocturnal temperature in short-day conditions. 060187
Life cycle of common wheat varieties in natural environments as related to their response to **shortened** *photoperiod*. 058266
Inflorescence development and fruit set in Ilex cornuta Lindl. et Paxt. cv. Burfordii as influenced by **temperature** and *photoperiod*. 058391
A metabolic indicator of *photoperiodic* **timing** [Lemna perpusilla]. 057929
Flower regulation in chrysanthemum: A review. I. Effect of *photoperiodism* and **vernalizaton** on flowering of chrysanthemum. 058366

PHOTOPHOSPHORYLATION

Structure of molecular aggregates possessing the highly effective **cyclic** *photophosphorylation* [Photosynthesis]. 057526
Photosystem II—mediated **cyclic** *photophosphorylation* [Spinach]. 058282
Rates and properties of endogenous **cyclic** *photophosphorylation* of isolated intact [spinach] chloroplasts measured by Co2 [Carbon dioxide] fixation in the presence of. 058303
The rate of cyclic and **non-cyclic** *photophosphorylation* and oxidative phosphorylation, and regulation of the rate of ATP consumption in Hydrodictyon africanum [Algae]. 057785
The amount of adenylates and the activity of *photophosphorylation* in **plant** cells and tissues, a review considering methodological aspects. 057833
Sources of ATP [adenosine triphosphates] for active phosphate transport in Hydrodictyon africanum: evidence for **pseudocyclic** *photophosphorylation* in vivo [Algae]. 057781
Inhibition by triphenyltin chloride of a tightly-bound membrane component involved in *photophosphorylation* **[Spinach** chloroplasts]. 058343
Sulphydryl groups in photosynthetic energy conservation. I. Light-dependent inhibition of *photophosphorylation* by the **sulphydryl** reagent 2-2'dithio bis-(5-nitropyridine) [Spinach chloroplasts]. 058304

PHOTORECEPTORS

The effect of potassium iodide on photophobic responses in Euglena [gracilis]: evidence for **two** *photoreceptor* pigments [Algae]. 057827

PHOTORESPONSE

The C550 *photoresponse* at **room** temperature observed in membrange fragments of the blue-green alga Anabaena variabilis. 057891

PHOTOSENSITIZATION

Studies on natural photo-protectors. III. Radioresistance of mutants of Aspergillus giganteus (Wehm.) **[Fungi]** with various *photosensitivity*. 057597
Photosensitized **herbicidal** action [Ipomaea, Abutilon theophoresti, mustard]. 060030

PHOTOSYNTHESIS

Biliproteins of cyanobacteria and Rhodophyta [Algae]: homologous family of *photosynthetic* **accessory** pigments. 057930
Effects of CCCP [carbonyl cyanide m-chloro phenylhydrazone] on *photosynthesis* and on **active** and passive chloride transport at the plasmalemma of Hydrodictyon africanum [Algae]. 057775
Evolution of ultrastructure and *photosynthetic* **activity** of the green alga Protosiphon botryoides during regreening following the removal of nitrogen deficiency. 056855
Correlation between pigment systems and *photosynthetic* **activity** during the developmental cycle of Chlorella [Algae]. 057273
Photoassimilation of CO2 [carbon dioxide] by isolated bundle-sheath strands of Zea mays [maize]. II. Role of malate as a source of CO2 and reducin power for the *photosynthetic* **activity** of isolated bundle-sheath cells of Zea mays [Carbon isotope]. 058164
Penetration of ulraviolet radiation into aquatic ecosystems (marine) **[Algae,** *photosynthesis].* 057805
Photosynthesis, **biophysical** aspects. 057608
Studies of grain production in Sorghum bicolor (L. Moench). VII. Contribution of plant parts to **canopy** *photosynthesis* and grain yield in field stations. 058016

14C [carbon isotope]-assimilate pattern and kinetics of *photosynthetic* 14CO2 [**carbon** dioxide]-assimilation of the marine red alga Bostrychia scorpioides. 057919
Regulatory role of blue light in the formation of *photosynthetic* **chain** of electron transfer in pea chloroplasts. 058342
On the energy upconversion mechanism of light utilizaton by **chlorophyll** in *photosynthesis*. 057726
Chlorophyll and *photosynthesis*. 057810
Enhancing effects of CO2 [carbon dioxide] on chloroplast regeneration in glucose-bleached cells of Chlorella protothecoides I. Role of *non-photosynthetic* **CO2-fixation** in chloroplast regeneration [Algae]. 057887
Radial distribution of **corticular** *photosynthate* in stems of bigtooth and trembling aspen [Populus grandidentata, Populus tremuloides]. 058580
A comparison of membrane and glass-fibre filters for productivity experiments [Algae, **coseinodiscus,** *photosynthesis]*. 057924
Cotyledon *photosynthesis* during seedling development in Acer [negundo, Acer platanoides, and Acer pseudoplatanus]. 058598
The influence of leaves on **cotyledon** *photosynthesis* and export during seedling development in Acer [negundo, Acer platanoides and Acer pseudoplatanus]. 058600
Photoassimilation of CO2 [carbon dioxide] by isolated bundle-sheath strands of Zea mays [maize]. I. Stimulation of CO2 assimilation by adding various intermediates of the *photosynthetic* **cycle;** evidence for a deficient photosystem II activity [Carbon isotope]. 058163
Moisture stress and its effect on *photosynthesis* in **Dicranum** polysetum [Musci]. 057390
Phytoferritin associated with yellowing in leaves of [the coconut palm] Cocos nucifera (Arecaceae) *[Photosynthetic* **disease,** cytology]. 059885
Role of *photosynthetic* **electron** transfer in light activation of Calvin cycle enzymes [Spinach]. 058466
Sulphydryl groups in *photosynthetic* **energy** conservation. I. Light-dependent inhibition of photophosphorylation by the sulphydryl reagent 2-2'dithio bis-(5-nitropyridine) [Spinach chloroplasts]. 058304
Uptake and reassimilation of previously **exported** *photosynthetic* products by chloroplasts during CO2 [carbon dioxide] reduction [Spinach]. 058298
Ferredoxin-dependent *photosynthetic* reduction of nitrate and nitrite by particles of Anacystis nidulans [Algae]. 057761
Photosynthesis in **field-grown** sorghum. 058177
Indoleacetic acid effect on the distribution of *photosynthetically* **fixed** carbon in the [kidney] bean plant. 058294
Changes in the activity of **fucoxanthin-excited** *photosynthesis* in the marine diatom Phaeodactylum tricornutum [Algae] grown under different culture conditions. 057737
Regulatory effect of blue light on *photosynthetic* **gas** exchange: action spectrum and light saturation of carbon doxide gas exchange in the leaves of lily of the valley [Convallaria majalis]. 057593
Producing mutant plants to increase food production [Breeding to **improve** *photosynthetic* efficiency, tobacco]. 056994
Transport of *photosynthesis* **intermediate** products in cytoplasm of assimilation tissue cells of C4 [carbon]-plants. 057529
Oxygen build-up in *photosynthesizing* **leaves** and canopies is small. 057831
Electron transport capabilities of chloroplasts isolated from *non-photosynthesizing* **leaves** [Peas]. 058506
Photosynthesis at **low** water potentials. 057815
Photobiological energy conversion in Australia [Crops, *photosynthetic* **materials,** wood, fuel]. 059218
Structure and morphogenesis of *photosynthetic* **membranes.** I. Is there a single basic peptide within Zea mays thylakoids? 058032
Chlorine reactions with seawater constituents and the inhibition of *photosynthesis* of **natural** marine phytoplankton [Algae]. 057550
Comparative studies of **net** *photosynthesis* and transpiration of some citrus species and relatives. 058459
Temperature and humidity effects on **net** *photosynthesis* and transpiration of citrus. 058467
Maintenance and constructive respiration, *photosynthesis,* and **net** assimilaton rate in seedlings of pitch pine (Pinus rigda Mill.). 058546
Distribution of the C4 [carbon 4] dicarboxylic acid **pathwayof** *photosynthesis* in local monocotyledonous plants and its taxonomic significance. 056553
Photosynthetic **period** length for the woody plants of two deciduous forest sites. 058559
Effect of regulators and inhibitors of growth on *photosynthetic* **phosphorylation** in chloroplasts islated from maize leaves. 058089
Structure of molecular aggregates possessing the highly effective cyclic **photophosphorylation** *[Photosynthesis].* 057526
Bibliography of reviews and methods of *photosynthesis.* 34. 057829
Formation and distribution of assmilation products in relation to grain yields of cereals (review) [**Physology,** *photosynthesis].* 058251
Some effects of triazines on growth, photosynthesis and translocation of *photosynthate* in **Pinus** species [Carbon isotope]. 058606
Biochemical characterization of Panicum species which are intermediate between C3 and C4 [carbon pathway] *photosynthesis* **plants.** 057902
Analysis of the production process of cultivated plants in southern Slovakia. V. *Photosynthetic* **productivity** tests of horsebean (Vicia faba). 058212
The effect of abscisic acid on growth, *photosynthetic* **rate** and carbohydrate metabolism in Lemna minor L. 057783
The effect of chaotropic agents on *photosynthetic* **reactions** [Spinach, ions]. 058397
Correlation of the *photosynthetic* **reduction** of p-(diazonium)benzenesulfonic acid with the increased binding of the probe to the thylakoid membrane [Spinach chloroplasts]. 058540
Photosynthesis, **respiration** and growth in the shade alga Hydrodictyon africanum. 057832
Photosynthetic and **respiratory** responses of natural populations of Koeleria cristata grown in three environmental regimes. 057328
Variations in *photosynthesis* of **soybean** under nonstressed and stressed conditions. 058180
CO2 [carbon dioxide] exchanges in the Alaskan arctic tundra : seasonal changes in the rate of *photosynthesis* of four **species** [Carex aquatilis, Dupontia fischeri, Eriophorum angustifolium, Salix pulchra]. 057830
The effect of deoxycholate-treatment to the photoreactions of the active pigments in *photosynthesis* [**Spinach** chloroplasts]. 058543
Photosynthetic **studies** of Chondrus crispus [Algae]. 057738
Photosynthetic **supplementary** lighting of spray pompon, Chrysanthemum morifolium Ramat. 058393
Matrix analysis on the oxygen evolving **system** of *photosynthesis.* 057725
The relationship between the rates of carbon transport and of *photosynthesis* in **tomato** leaves. 058406
Some effects of triazines on growth, *photosynthesis* and **translocation** of photosynthate in Pinus species [Carbon isotope]. 058606
Effects of some phenylurea herbicides on *photosynthesis* of **two** wheat varieties. 060060
Thermoperiodic effects on the growth and *photosynthesis* of **wheat** and other crop plants [Vegetables and cereals]. 058034
Photosynthesis in **wood** [Carbon isotope, xylem]. 058605
Effect of Meturin [herbicide] on the process of *photosynthesis* and **yield** of potatoes. 059968
Photosynthesis and **yield** of potatoes with different potassium nutrition. 061978

PHOTOSYSTEMS

Properties of the primary electron acceptor complex of *photosystem* I in the **blue** green alga Chlorogloea fritschii. 057263
Separation of the *Photosystem* I **chlorophyll-protein** complex into several components [Barley]. 058151
Orientation of thr primary donor chlorophyll of *photosystem* II in **chloroplast** membranes [Spinach]. 058348
Photoreactions of cytochrome b6 and cytochrome f in [spinach] **chloroplast** *photosystem* I fragments. 058541
Photoassimilation of CO2 [carbon dioxide] by isolated bundle-sheath strands of Zea mays [maize]. I. Stimulation of CO2 assimilation by adding various intermediates of the photosynthetic cycle; evidence for a **deficient** *photosystem* II activity [Carbon isotope]. 058163
Photosystem II—**mediated** cyclic photophosphorylation [Spinach]. 058282
Action of hydrolytic enzymes on the fluorescence spectra of pigment-lipoprotein complexes of *Photosystem* I **[Pea** chloroplasts]. 058452
Inhibition of *photosystem* I and **photosystem** II in [spinach] chloroplasts by UV [ultraviolet] radiation. 058491
Kinetic properties of prompt and delayed fluorescence of chlorophyll a with lambda max=685 nm when electron transport is blocked on acceptor side of *photosystem* II. 057651
Activation of *photosystem* II by a **short** period of illumination in plastids of dark-grown Pinus jeffreyi seedlings. 058556
A flash photolysis ESR [election spin resonance] study of *Photosystem.* II. **Signal** IIvf, the physiological donor to P-680+ [Chlorella pyrenoidosa, algae, spinach chloroplasts]. 057304
Inhibition of photosystem I and *photosystem* II in **[spinach]** chloroplasts by UV [ultraviolet] radiation. 058491
Organization of electron transport in *photosystem* II of **spinach** chloroplasts according to chelator inhibition sites. 058497
Effect of the transmembrane electric field on the photochemical and quenching properties of *Photosystem* II in **vivo** [Chlorella pyrenoidosa, algae, chloroplasts]. 057307

PHRAGMITES

The influence of flight altitude and type of film on photo interpretation of aquatic macrophytes *[Phragmites* **communis,** Schoenoplectus lacustris, Nuphar luteum]. 056348

PHTHORIMAEA

Goniozus gallicola fouts, a parasite of moth larvae [Pectinophora gossypiella, *Phthorimaea* **operculella],** with notes on other bethylids (Hymenoptera: Bethylidae; Lepidoptera: Gelechiidae). 060412
A sex pheromone in the potato tuberworm moth. *Phthorimaea* **operculella** (Zeller): biological assay and preliminary chemical investigation. 060300

PHYCITIDAE

Corrections and observations on the revsion of the genus Nyctegretis Zeller in "Microlepidoptera Palaearctica", volume 4 (Lepidoptera, **Pyralidae,** *Phycitinae).* 061257

PHYCOMYCES

Free amino acids in *Phycomyces* **blakesleeanus** [Fungi] during development. 057862

PHYCOMYCETES

Phycomycetes **(Phytophthora** spp. Nov. And Pythium [grandisporangium] sp. nov.) associated with degrading mangrove (Rhizophora mangle) leaves [Fungi, new taxa]. 056470

PHYLLANTHUS

Phyllanthus **odontadenius** Mull.-Arg. (Euphorbiaceae, Phyllanthoideae): a complex diversifying in West Africa. 056460

PHYLLODY

Clover *phyllody* disease in Yugoslavia [caused by mycoplasma-like organisms]. 059540
Ultrastructure of mycoplasma-like organisms purified from **clover** *phyllody-affected* plants. 059602

PHYLLOPHAGA

Projected red pine [Pinus resinosa] yields from aldrin-treated and untreated stands damaged by white grubs *[Phyllophaga]* and other **agents.** 060361

PHYLLOTRETA

Studies on viruses and virus diseases of cruciferous plants. XVIII. Beetle *[Phyllotreta,* **Brevicoryne** brassicae, Myzus persicae] transmission and some new natural hosts of Erysimum latent virus. 059552
Maintaining a colony of the striped flea beetle, *Phyllotreta* **striolata** (Coleoptera: Chrysomelidae), in the greenhouse. 060266

PHYLOGENY

Comparative embryology and *phylogeny* of **Arachnida.** 060960
Genetic control of chromosome pairing in polyploid fescues [in crossing with Lolium]: its *phylogenetic* and **breeding** implications [Festuca]. 057050
The Veronica hederifolia group: taxonomy, **ecology,** and *phylogeny.* 056400
Analyses of amino acids in flower nectars of hybrids and their parents, with *phylogenetic* **implications.** 056551
Phylogenetic **position** of the American Timarcha Latr. (Coleoptera, Chrysomelidae) based on chromosomal data. 060799
On the *phylogenetic* **position** of Brucheiser argentinus Navas 1927 and description of a second species from Chile (Insecta: Neuroptera) [New taxa]. 061243
Some aspects of internal anatomy of Coptosoma cribarium (Fabr.) (Pentatomoidea: Plataspidae) with **reference** to *phylogeny.* 060811
Observations **regarding** *phylogenetic* position of Dichotomosiphonales (Bryopsidophyceae) [Algae]. 056564

PHYSALIS

Reaction of Physalis species to plant viruses. V. *Physalis* **alkekengi** L., Physalis angulata L., Physalis phyladelphica Lam., and Physalis pubescens L. as new hosts of several plant viruses. 059549
4beta-hydroxywithanolide E, a new natural steroid with a 17alpha-oriented side-chain [Isolated from *Physalis* **peruviana].** 057882
Reaction of Physalis species to plant viruses. V. Physalis alkekengi L., Physalis angulata L., *Physalis* **phyladelphica** Lam., and Physalis pubescens L. as new hosts of several plant viruses. 059549

PHYSARUM

Synthesis of ribosomal RNA during the mitotic cycle in the slime **mould** *Physarum* polycephalum [Fungi]. 057554
Adenylate cyclases in *Physarum* **polycephalum** [Fungi]: inhibition of a nuclear enzyme by polyamines. 057259
Levels of RNA polymerases during the mitotic cycle of *Physarum* **polycephalum** [Fungi]. 057311
Spherulation of *Physarum* **polycephalum** [Fungi]. III. Induction with mannitol. 057513
Multiple ornithine decarboxylase forms in *Physarum* **polycephalum** [Fungi]: interconversion induced by cycloheximide. 057575
Subunit structure of *Physarum* **polycephalum** chromatin [Fungi]. 057576
Control of chemotaxis in *Physarum* **polycephalum** [Slime molds]. 057659
Oscillations of calcium ion concentrations in *Physarum* **polycephalum** [Slime molds]. 057660
Antibody to *Physarum* [**slime** mold] myosin. I. Preparation and functional effects]. 057616

PHYSICOCHEMISTRY

Chemical and *physicochemical* **changes** produced in vegetal tissues by Pseudomonas viridiflava. 059523
Study of ewe's milk casein. III. Determination of some chemical and *physicochemical* **characteristics** of beta-casein. 053796
Study on ewe's milk casein. II. Determination of some chemical and *physiochemical* **characteristics** of SCAM-K-casein [Sheep]. 053798

The trypsin and chymotrypsin inhibitors in chickpeas (Cicerarietinum L.). Identification of the trypsin-reactive site, partial-amino-acid sequence and **further** *physicochemical* properties of the major inhibitor. 058344
Change in *physicochemical* **indexes** of bile with Salmonella typhimurium carrying in experiment [Dogs]. 055673
Recycling. 43. *Physicochemistry* of **instant** milk powders. 053786
Isolation and *physicochemical* **properties** of a substance 334 from the red alga, Porphyra yezoensis Ueda. 057336

PHYSIOLOGY

Quantitative study of organs or tissues. II. Methods for measuring the surface areas of cell structures [**Animal** *physiology*]. 054319
Some *physiological* **aspects** of retardation of leaf senescence by 6-benzylaminopurine or disbudding in intact plants [Kidney beans]. 058273
Physiological **aspects** of N2[nitrogen]-fixation by a Spirillum [lipoferum] from Digitaria [decumbens] roots. 061863
Physiological **basis** of realizing replacement feeds for suckling calves. 054777
Physiological **behaviour** of Miridae injurious to crops. 060160
Relevance of *physiological* and **biochemical** research to problems in animal fertility. 055216
Physiological and **biochemical** processes of peach grafted on apricot and myrobalan plum in connection with their incompatibility. 058355
Effect of herbicides on some *physiological* and **biochemical** processes of cotton according to soil moisture. 059938
Studies on the *physiological* and **biochemical** behavior of Proximpham [herbicide] in crops and weeds. 059984
Research competition of scientists—progress and reserves [Achievements of the All-Union Scientific-Research Institute of *Physiology*, **Biochemistry** and Nutrition of Farm Animals]. 054726
Bibliography of the cat: revised edition *[Physiology,* **biology,** diseases]. 054468
Cell *physiology*, cell electrophysiology and membrane transport [Algae]. 057604
Some behavioural and *physiological* **changes** in pregnant goats and sheep during adaptation to laboratory conditions. 054691
Physiological **changes** of carrot cells in suspension culture during growth and senescence. 058464
Comparative *physiological* studies on the effectiveness of 2, 4-dichlorophenoxy acetic acid [herbicide] derivatives. 059962
On genetic and *physiological* **compatibility** different forms of stem eelworms [Ditylenchus dipsaci, nematodes]. V. The crossing of the red clover race with the other stem eelworms. 059844
The effect of monodiets of granulated and briquetted feed on the *physiological* **condition** of young cattle. 054971
Physiological **conditioning** in ruminants and its practical implications [in animal nutrition]. 054979
Progress in measurements and methods of **crop** *physiology*. 057941
Crop *physiology* in relation to improvement and production of field crops [Breeding]. 058099
Model of plant productivity [**Crop** *physiology* research in Poland]. 058227
Developmental *physiology* [of plants]. 057605
The effect of some salts on head weight and tipburn of lettuce and on fruit production and blossom-end rot of tomatoes *[Physiological* **diseases].** 059835
A flash photolysis ESR [election spin resonance] study of Photosystem. II. Signal IIvf, the *physiological* **donor** to P-680+ [Chlorella pyrenoidosa, algae, spinach chloroplasts]. 057304
Physiological **effects** of heat shocks in synchronous Chlorella [pyrenoidosa] during their most sensitive stage [Algae]. 057290
Effect of some *physiological* and **environmental** factors on the response of males to the female sex pheromone of the rice moth, Corcyra cephalonica (Stainton). 060208
The nutritional and *physiological* **evaluation** of homogenized milk. 053250
Physiological **factors** conducive to lipolysis [Bovine milk]. 053704
Influence of *physiological* **factors** on the lipolytic susceptibility of milk [Dairy cattle]. 054458
Physiological **factors** affecting transformation of Azotobacter vinelandii. 061711
Regeneration of phloem fibres round a wound: a new experimental system for studying the *physiology* of **fibre** differentiation. 059704
Actinomycetes of sewage-treatment plants [Nocardia amarae, **fungi,** *physiology].* 062502
Effect of naphthaleneacetic acid and ethylene on growth and *physiology* of **habituated** tobacco tissue cultures. 058175
The activation of ribulose-1,5-bisphosphate carboxylase by carbon dioxide and magnesium ions. Equilibria, kinetics, a suggested mechanism, and *physiological* **implications** [Spinach]. 058300
Morphological and *physiological* **indexes** and cultural techniques for high yielding wheat variety "Yang-mai No. 1". 058669
Physiological **indices** of late cabbage plants with varying moisture supply. 058446
'Rosette habit'—an **induced** *physiological* mutation in ragi or finger-millet (Eleusine coracana, Gaertn.). 056978
The bud of Osmunda cinnamomea L. II. A *physiological* **interface** between Set I and Set II leaf primordia. 057329
Effect of continuous rearing on artificial diet on the *physiology* of a **Lepidoptera,** Ostrinia nubilalis Hubner. 060715
Physiological **mechanism** of urine formation by Malpighian tubules [Insects]. 060816
Physiology of **nutrition** of some species of the genus Agaricus Fr. Emend. Karst [Mushrooms]. 058432
Studies on the *physiology* of a **parasitic** green alga, Cephaleuros sp. 060033
Morphology, *physiology* and **pathology** of the reproductive system of the rabbit. 055076
Second meeting of the Yugoslav Society for **Plant** *Physiology*, Stubicke Toplice, 20th—23rd May 1975. Abstracts [of papers]. 057211
The role of the Botany Department [of the Hungarian Biological Society] in the development on **plant** *physiology*. 057330
Research of porphyrin exchange in dependence on oxydation-reduction conditions of environment [**Plant** *physiology].* 057772
Water potential components, stomatal function, and liquid phase water transport resistances of four arctic and alpine species in relation to moisture stress [**Plant** *physiology].* 057849
The 75th birthday of the Associate Member of the Lenin All-Union Academy of Agricultural Sciences Boris Anisimovich Rubin [**Plant** *physiology].* 057983
Comparative study of the **post-harvest** *physiological* changes occurring in pungent and non-pungent betel leaves during normal storage. 054056
A strain of Pseudomonas aeruginosa resistant to a quaternary ammonium compound. I. *Physiological* **properties.** 052994
Nutritional and *physiological* **properties** of saponins [Ruminants]. 054910
Physiological **responses** of plants [grasses] to coal-fired power plant emissions. 058076
Physiological **roles** of a substance 334 in algae. 057338
Explorations into the internal world of the **ruminant** *[Physiology].* 054631
The role of vitamins in the vital activity of plants and the problem of **seed** *physiology* in the work of K. E. Ovcharov. 057595
Investigations with aphid stylets into the *physiology* of the **sieve** tube [Phloem transport]. 057537
On the *physiological* **significance** of dark reversion of phytochrome in the mustard seedling. 057825
Daughter cells as an important factor in determining the *physiological* **state** of yeast [Candida utilis] populations. 057322
Physiological **stress** measurement during slaughter in calves and lambs. 054542
Physiological **studies** on the effects of nutritional imbalance on the central nervous system. II. Effects of thiamine deficiency on oxidative enzymes in the brain of chicken, Gallus domesticus. 054481
Physiological **studies** with the fungus Saprolegnia megasperma isolated from the freshwater nematode Neomesomermis flumenalis [a larval parasite of potential use in biological control of blackflies]. 057391
The influence of urea and guanidine chloride on the binding of the bacterial substrate and inhibitors to hen lysozyme at *physiological* **temperature** (40 degrees). 054381
Assessment of breathing frequency as a *physiological* **test** in performance testing of horses. 054695
Transport *physiology*, metabolism and residue behavior of radioactive Lenacil [herbicide] in sugarbeets. 059987
About the constitution of farm animals [Genetic and *physiological* **types** in relation to productivity]. 054725
Vacuolar *physiology* as an intrinsic barrier against injury-induced mitosis in lemon fruit cells. 056877

PHYTOALEXINS

Possible involvement of **furanoterpenoid** *phytoalexins* in establishing host-parasite specificity between sweetpotato and various strains of Ceratocystis fimbriata. 059378
Induction of *phytoalexins* in **potato** tubers by metabolites of fungus Phytophthora infestans (Mont.) de Bary. 059297

PHYTOBIA

Two new dangerous beetle species in osier [Salix] growing of Jassy district: *Phytobia* **cambii** Hend. and Aphrophora salicina Goeze. 060376

PHYTOCHEMISTRY

Phytochemical **examination** of Pericopsis species. 057674

PHYTOCHROMES

An attempt to localize the threshold reaction in *phytochrome-mediated* **control** of lipoxygenase synthesis in the mustard seedling. 057824
On the role of *phytochrome* in **controlling** enzyme levels in plastids [Sinapis alba]. 057289
Phytochrome-controlled **develoment** of cell organelles (Plastids, microbodies, mitochondria). 057257
Localization of *phytochrome* in **etioplasts** [isolated from barley leaves] and its regulation in vitro of gibberellin levels. 058238
Seeing the light [Weed seed **germination** and *phytochrome].* 057986
Light-oriented chloroplast movement in Mougeotia: the magnitude of the *phytochrome* **gradient** controls the rate of the movement. 057285
In vitro photomodulation of a peroxidase activity through **membrane-bound** *phytochrome* [from pumpkins]. 058502
On the physiological significance of dark reversion of *phytochrome* in the **mustard** seedling. 057825
Pfr *phytochrome* and sucrose requirement for rhythmic leaflet movement in Albizzia [julibrissin, single red and far-redirradiations]. 058450
Influence of temperature on **two** *phytochrome-mediated* photoresponses in Triticum aestivum "Kolibri" [Wheat]. 058019

PHYTOCOENOSIS

Phytocoenotic **material** to glade plant communities in the flysch area of the west Carpathians. 056665

PHYTOCORIS

First records of the predaceous **mirid** *Phytocoris* tiliae (F.) from the United States. 061163

PHYTOLACCA

Interaction of N-methylphenazinium methyl sulfate with the thylakoids of illuminated chloroplasts [isolated from *Phytolacca* **americana**] in the presence of 3-(3,4-dichlorophenyl)-1,1-dimethylurea. 057894

PHYTOMYZA

Observations on feeding and oviposition behavior of the pea leafminer. *Phytomyza* **horticola** Gourea (Diptera, Agromyzidae). 060331

PHYTOPATHOGENS

Mycoplasmas as *phytopathogenic* **agents.** Confirmed ultrastructural data and some new problems. 059582
Comparative estimation of obtaining, concentration and purification of Pseudomonas vignae phages *[Phytopathogenic* **bacteria].** 059517
Preservation of *phytopathogenic* **bacteria** in plant tissue culture [Tobacco, Pseudomonas]. 059519
Quantitative evaluation of the microbial nutrient sink in soil in relaton to model system for soil fungistasis [of *phytopathogenic* **fungi**]. 061864
On the adaptive significance of the ability for the synthesis of giberellins for the *phytopathogenic* **fungus** Gibberella fujikuroi (Saw.) Wr. 057522

PHYTOPATHOLOGISTS

Pavlos Emm. **Vallidis,** 1901-1974 *[Phytopathologists].* 059706

PHYTOPHTHORA

Importance of biological antagonisms in the soil for controlling pathogenic cryptogams in fruit culture, as for example apple collar rot *[Phytophthora* **cactorum].** 059309
Studies on the best infection methods of strawberry plants with various *Phytophthora* **cactorum** (Leb. and Cohn) Schroet strains. 059339
Cytochemical observations on abnormal zoosporangium of *Phytophthora* **capsici** [Fungi] cultured in the medium without sterol. 056916
Resistance of the pepper, Capsicum annuum L., to *Phytophthora* **capsici** Leon. I. Evidence for a progressive induction in the stem of the plants. 059238
Ultrastructure of chlamydospores of *Phytophthora* **cinnamomi** during development and germination [Root rot, Metrosideros collina]. 059257
Phytophthora **cinnamomi:** a new [soil-borne] pathogen on cloves in peninsular Malaysia. 059353
A study of the mycoflora of a forest soil inhabited by *Phytophthora* **cinnamomi** and of the antagonistic relationships with this fungus in vitro. 061775
Contact inoculation of citrus fruit by *Phytophthora* **citrophthora.** 059319
Phytophthora **citrophthora** on Pieris japonica: infection, sporulation, and dissemination [Pathogen of shoot blight, stem dieback and crown rot]. 059426
Survival and host range of *Phytophthora* **citrophthora** in Ohio nurseries. 059427
Haulm dessication to control the Colorado potato beetle [Leptinotarsa decemlineata] and potato **diseases** *[Phytophthora].* 059815
Resistance of VFR 1 safflower to *Phytophthora* **[drechsleri]** root rot and its inheritance. 059445
Induction of phytoalexins in potato tubers by metabolites of **fungus** *Phytophthora* infestans (Mont.) de Bary. 059297
The **fungus** *Phytophthora* infestans [late blight of potato] in the soils of the Moscow area. 059345
The sensitivity of *Phytophthora* **infestans** [the causative agent of late blight disease of potatoes] to several antibiotics. 059493
Levels of nutritiona complexity in *Phytophthora:* **lipids,** nitrogen sources and growth factors. 059407
Degradation of 4-(2,4-dichlorophenoxy)butyric acid (2,4-DB) [herbicides] by *Phytophthora* **megasperma.** 059993

Yellow granadilla [Passiflora edulis] outshines purple granadilla in yield and disease resistance [Meloidogyne, *Phytophthora* **nicotianae,** Fusarium]. 059729
Activity of some volatile oils against *Phytophthora* **parasitica** var. piperina. 059326
Effects of the structure of phenolic compounds [extracted from tomato plants] on the inhibition of *Phytophthora* **parasitica** and on lytic enzymes. I. Isoflavonoids and coumestans. 059404
Phycomycetes *(Phytophthora* spp. Nov. And Pythium [grandisporangium] sp. nov.) associated with degrading mangrove (Rhizophora mangle) leaves [Fungi, new taxa]. 056470
Phytophthora-resistant **potato** varieties and hybrids [Breeding]. 057085
Progress in solving the *Phytophthora* **problem** when replanting avocados. 059268
Notes on the resistance to post-emergence damping-off *[Phytophthora,* **Pythium**] in some eucalypt species. 059392

PHYTOPLANKTONS

Phytoplankton **[Algae]** and its contribution to primary productivity in two coral reef areas of French Polynesia. 056716
Size fractionation of natural aquatic populations *[phytoplankton,* **Algae**] associated with autotrophic and heterotrophic carbon uptake. 057739
Hydrology and primary production of *phytoplankton* in the **Baltic** [Algae]. 056742
Utilization of Gibbs triangle in the study of the primary production dependence on *phytoplankton* **biomass** and insolation[Algae]. 056743
Phytoplankton of **five** lakes in Gatineau Park, Quebec [Algae]. 057378
Fluctuation of **local** *phytoplankton* [Algae] abundance in coastal waters. 056721
Chlorine reactions with seawater constituents and the inhibition of photosynthesis of natural **marine** *phytoplankton* [Algae]. 057550

PHYTOSEIIDAE

A new species of the genus Phytoseius [turiacus] (Parasitiformes, *Phytoseiidae)* from **Transcarpathia.** 061268

PHYTOSEIUS

A new species of the **genus** *Phytoseius* [turiacus] (Parasitiformes, Phytoseiidae) from Transcarpathia. 061268

PHYTOSOCIOLOGY

Phytosociological **analysis** of the vegetation of Lagoon Beach, Tasmania. 056735
An assessment of the usefulness of *phytosociological* and **numerical** classificatory methods for the community biogeographer. 056709
The *phytosociology* and **synecology** of some southern Tasmanian eucalypt forests and woodlands. 056715

PHYTOTOXIC

Phytotoxic **activity** of p-alkylthiophenylureas. 059762
Methods for the rapid detection of *phytotoxic* **effects** of organic compounds [Development of new herbicides]. 059976

PHYTOTOXICITY

Phytotoxicity of **atrazine** when entering the roots and leaves of beans. 059788
Boiler treatment compounds **[Chrysanthemum,** *phytotoxicity].* 059732
Phytotoxicity of **dexon** (p-dimethylaminobenzenediazo sodium sulfonate) [fungicide] towards the legume Crotalaria juncea [Summ crotolaria]. 059876
The effects of a cuticle-damaging kaolin on **herbicidal** *phytotoxicity.* 060071
The effects of nematicides on sweet potato **production** *[Phytotoxicity].* 059900
Pirimor [carbamate insecticide] *phytotoxicity* **trial** on greenhouse-grown carnations [Dianthus caryophyllus]; progress report. 059767

PHYTOTOXINS

Citrinin, a *phytotoxin?* **[Produced** by Penicillium citrinum, soil fungi]. 057559

PHYTOTRON

Influence of photo- and thermoperiod on the initial stages of frost hardening and dehardening of *phytotron-grown* **seedlings** of Scots pine (Pinus silvestris L.) and Norway spruce (Picea abies (L.) Karst.) [Cold injuries]. 059897
Principal electric schemes of controlling the main parameters of plant ecological environment in the *phytotron* of the **Timiriazev** Agricultural Academy. 057639

PICEA

Intercellular strands between sclerotic phelloids in the lenticel of spruce *[Picea* **abies]** bark. 056897
A comparative study of chloroplast morphogenesis in seedlings of some conifers (Larix decidua, Pinus sylvestris and *Picea* **abies).** 056921
On cytogenetic effect of certain chemical mutagens on Norway spruce *[Picea* **abies].** 057178
Study of phenol contents in the needles of *Picea* **abies.** 058610
A study on the effect of certain fungicides on pathogenic fungi on the seeds of Scotch and Austrian black pines (Pinus nigra] and Norway spruce *[Picea* **abies]** stored for. 059316
Localisation of sulphur in spruce *[Picea* **abies]** needles treated with SO2 [sulfur dioxide]. 059751
N-phosphonomethylglycine (glyphosate), an alternative to commercial pre- and postemergence herbicides for the control of unwanted plant species in forest plantations *[Picea* **abies,** Pinus sylvestris] in Norway. 060022
Mass outbreaks of Epitrimerus pungiscus Keifer (Acarina, Eriophyidae) on Norway spruce, *Picea* **abies** (L.) Karst. 060345
Effect of nitrogen dosage on fertilizer response *[Picea* **abies,** Pinus sylvestris]. 061929
Use of photometric curves to determine seasonal rate of growth of [Pinus, *Picea,* **Betula]** trunk thickness and changes in water equilibrium. 058615
On the suitability of spruce *[Picea]* **chips** from industrial residual wood for the production of chemical pulp. 056254
Numbers of Dendroctonus rufipensis (Kirby) and Thanasimus undatulus Say at pheromone-baited poisoned and unpoisoned trees *[Picea* **engelmannii,** Picea glauca]. 060365
Frost heaving of soil as an ecological factor in Yeddo spruce *[Picea]* **forests.** 056759
Provisional guidelines for fall lifting for frozen overwinter storage of nursery stock *[Picea* **glauca,** Pinus banksiana]. 056093
Numbers of Dendroctonus rufipensis (Kirby) and Thanasimus undatulus Say at pheromone-baited poisoned and unpoisoned trees [Picea engelmannii, *Picea* **glauca].** 060365
Wood borer control in [white] spruce *[Picea* **glauca]** logs with p-dichlorobenzene and plastic sheeting (Coleoptera: Cerambycidae). 060366
Remote sensing applications: forest tree disease detection and vegetation classification within the sub-boreal forest region *[Picea,* **Populus].** 059782
Tubed seedlings [Pinus contorta, *Picea* **sitchensis,** nurseries]. 056099
Patterns of shoot growth, growth cessation and bud set in a nursery test of Sitka spruce *[Picea* **sitchensis]** provenances. 056130
Cytokinins in *Picea* **sitchensis** Carriere: identification and relation to growth. 058548
Seasonal variation of the terpenes of the leaves, buds, and twigs of blue **spruce** *(Picea* pungens). 058561
Influence of photo- and thermoperiod on the initial stages of frost hardening and dehardening of phytotron-grown seedlings of Scots pine (Pinus silvestris L.) and Norway **spruce** *(Picea* abies (L.) Karst.) [Cold injuries]. 059897
The mushroom flora in *Picea* **stands** endangered by red rot [Fomes annosus] in the Swabian Alb. 059496
Contribution to the characterization of the sodium chlorite delignification of spruce *[Picea]* **wood.** II. Investigations of liquors from various delignifactions with special regard to dissolved polysaccharides. 056253

PICHIA

The participation of flavins and iron in the regulation of flavinogenesis first reaction rate in the **yeast** *Pichia* guilliermondii. 057528

PICKLING

Repeated recycling of spent pickle brine **affects** *pickle* quality [Cucumbers]. 054052
The *pickling* of **vegetables.** 054029

PICLORAM

Picloram **displacement** in soil [after application to a brome and alfalfa stand]. 060040
Effect of *picloram* **[growth** regulator] on organogenesis in detached leaves of Echeveria elegans Bgr. 057984
Some aspects of the absorption of *picloram* **[herbicide]** by gorse (Ulex europaeus L.) [Brushweed]. 060068
Control of pinyon [Pinus monophylla] saplings with [herbicides] *picloram* or **karbutilate.** 060003
Control of aspen poplar [Populus tremuloides], balsam poplar [Populus balsamifera L.], and prickly rose [Rosa acicularis] by *picloram* alone and in **mixtures** with 2,4-D [(2,4-dichlorophenoxy)acetic acid]. 060002

PICORNAVIRUSES

Morphogenesis of *picornaviruses:* **characterization** and assembly of bovine enterovirus subviral particles. 055611

PICTUS

Utilization of free amino acids of food in the digestive tract of the "Ak" grasshopper **Poecilocerus** *pictus* (Fabr.). I. Studies on Vth instar nymphs. 060813
Neuroendocrine activity in male **Poecilocerus** *pictus* Fabricius (Acridoidea: Pyrgomorphidae). 061054
Alternative host plants of 'Ak' grasshopper **Poekilocerus** *pictus* (Fabricus). 060132

PIED

Fattening to 500 kilogram bull calves of the Bulgarian Red and the **Black** *Pied* breeds and their F2 crosses. 054989
Different races of **Black** *Pied* cattle. 055020
Growth of heifers of *Black-Pied* **breed** and the activity of certain endocrine glands according to the age of the mother cows. 055109
Comparison of *pied* **[dairy** cattle] breeds from 10 countries using FAO research in Poland. 055063

PIEDMONT

Leaf fall and forest floor characteristics in loblolly pine [Pinus taeda] plantations in the South **Carolina** *Piedmont.* 055988
Topographic expression of superimposed drainage on the **Georgia** *piedmont.* 062197

PIERIDAE

Photoperiodic responses of phenologically aberrant populations of pierid butterflies *[Pieridae]* **(Lepidoptera).** 060834
The Colotis eucharis F. Complex **(Lepidoptera,** *Pieridae).* 061209

PIERIS

Juvenile hormone titers in penultimate and last instai larvae of *Pieris* **brassicae** and Barathra brassicae, in relation to the effect of juvenoid application. 060282
Transmission of a granulosis virus in the eggs of a virus-free stock of *Pieris* **brassicae.** 060314
Diapause metabolism in *Pieris* **brassicae.** Adenylic nucleotides. 060668
Biochemical correlations during metamorphosis in *Pieris* **brassicae.** 060857
Fatty-acid esters of lutein in *Pieris* **brassicae** fed on natural and artificial diets. 060868
Quantitative analysis of ommochrome pigments of eyes of males and females of *Pieris* **brassicae.** 060880
Phytophthora citrophthora on *Pieris* **japonica:** infection, sporulation, and dissemination [Pathogen of shoot blight, stem dieback and crown rot]. 059426

PIGEONS

Tinaminyssus juxtamelloi sp. N. (Acari: Dermanyssidae; Rhinonyssinae) from the nasal passages of the **band-tailed** *pigeon,* Columba fasciata, in New Mexico [New taxa]. 060452
Plasma lipoprotein profile and composition in White Carneau and Show Racer **breeds** of *pigeons.* 054425
The conjugation of arylacetic acids in the *pigeon* **compared** with the hen. 054714
Parasitic **encephalitis** in *pigeons.* 055456
Studies on the protective role of vitamin C under conditions of exposure of the organism to ionizing radiation *[pigeons,* and **mice].** 054502

PIGMENTS

Biliproteins of cyanobacteria and Rhodophyta [Algae]: homologous family of photosynthetic **accessory** *pigments.* 057930
The effect of deoxycholate-treatment to the photoreactions of the **active** *pigments* in photosynthesis [Spinach chloroplasts]. 058543
Pigments of **Coleus** blumei. 058481
Study of three types of *pigment-lipoprotein* **complexes** from pea chloroplasts. 058363
Action of hydrolytic enzymes on the fluorescence spectra of *pigment-lipoprotein* **complexes** of Photosystem I [Pea chloroplasts]. 058452
Effect of light intensity combined with mineral nutrition on *pigment* **content** in leaves of young coffee plants. 057351
Synthesis and accumulation of *pigments* during **development** of the lamellar system of dimorphous plastids in Zea mays L. [Maize]. 058094
Light **harvesting** *pigment* protein complex requirement [in tobacco] for spill-over changes induced by cations. 057908
Pigments of **hibernating** plant buds and their participation in photochemical reactions. 057584
Notes on the occurrence and taxonomic evaluation of *pigments* in **higher** fungi. 1. 056654
Quantitative analysis of **ommochrome** *pigments* of eyes of males and females of Pieris brassicae. 060880
The effect of potassium iodide on photophobic responses in Euglena [gracilis]: evidence for two **photoreceptor** *pigments* [Algae]. 057827
Investigations into the fate of **plant** *pigments* in some Canadian soils [in view of a possible relationship with pesticide degradation]. 060606
Studies made on *pigment* **producing** wood fungi. IV. Changes in fatty acid composition and lipid production in Peniophora sanguinea (Fr.) Bres. from tyrosine administration. 057993
Action spectra for photo accumulation of green and colorless Euglena [gracilis]: evidence for identification of **receptor** *pigments* [Algae]. 057823
Free-running rhythm of the **retinular** *pigment* migration in the compound eye of the silkworm moth, Bombyx mori L. (Lepidoptera: Bombycidae). 061352
Correlation between *pigment* **systems** and photosynthetic activity during the developmental cycle of Chlorella [Algae]. 057273

PIGS

Moisture, fat, and N, P, K, Na, and Ca [nitrogen, phosphorus, potassium, sodium, calcium] content in pork loins as a function of breed, sex and **age** of *pigs.* 053800
Azaperol, a new metabolite of the veterinary butyrophenone tranquilizer **azaperone** *[Pigs].* 055937
Fat enhances palatability of **baby** *pig* feeds. 054811
The effect of grassmeal and alfalfa meal on daily gain, thickness of backfat and on the esophagogastric region in **bacon** *pigs* [Feeding]. 054900
Prediction of lean cut percentage by means of nitrogen **balance** in *pigs.* 054697
It costs about 10 kroner per *pig* for a **bale** of straw [Bedding]. 052459
The effect of apomorphine on oral **behaviour** in *piglets.* 054392
Growth, development and chemical composition of the *pig.* III. **Bone,** ash and moisture. 054506
Study on adaptational reactions of some *pig* **breeds.** I. Influence of various doses of adrenocorticotropic hormone. 054757

Prevalence of Linguatula serrata infection in animals from the Cairo Abattoir [Sheep, buffaloes, **camels,** *pigs].* 055624
Growth of the *pig:* **changes** in body weight and body fluid compartments. 054507
Diets for rearing **colostrum-free** *piglets* with an automatic feeding device. 054836
The intermolecular cross-links in uterine collagens of guinea pig, *pig,* **cow,** and human beings. 054687
The levels of selenium and glutathione peroxidase activity in blood of sheep, **cows** and *pigs.* 054693
Hair growth in the **domestic** *pig*—histological aspects. 054533
Hair growth in the **domestic** *pig*—quantitative aspects. 054534
Arbovirus infections in Sarawak: the role of the **domestic** *pig* [as maintenance host]. 055774
Feeding the **early-weaned** *pig.* 054919
Artificial rearing of *pigs.* 5. The **effect** of different proportions of beef tallow or soya-bean oil and dried skim milk in the diet on growth, feed utilization, apparent digestibility and carcass composition. 054773
Antibacterial activity in colostrum and milk associated with protection of *piglets* against **enteric** disease caused by K88-positive Escherichia coli. 055561
That old familiar flavor [Feeding **experiments,** *piglets].* 054827
Application of citric acid in feed mixtures for **fattening** *pigs* with respect to fattening capacity and carcass value. 054922
Effectiveness of maize mixtures balanced with local protein forages and addition of L-lysine and DL-methionine in **fattening** *porkers.* I. Fattening qualities, nutrient digestibility and nitrogen balance. 054987
On energy, lysine and methionine + cystine requirements of **fattening** *pigs.* 054995
Testing enzyme preparations in early weaned piglets and **fattening** *pigs.* 055004
Nutritional evaluation of high lysine barley **fed** to *pigs.* 054903
Feeder *pig* market report. 8. Feed prices down, pig prices up. 052645
Poor rate of gain, tail biting, increased irritability, and feed wastage in **feeder** *pigs* fed a ration containing vetch seeds. 054800
New human influenza vaccines in **feeder** *pigs.* 055495
Flexible approach to *pig* **feeding.** 054920
Plasma levels of luteinizing hormone, progesterone, testosterone and 5alpha-dihydrotestosterone in male and **female** *pigs* during sexual maturation. 055148
Isolation and characterization of alpha-foetoprotein from **foetal** *pigs.* 054531
Continuous qualitative measurement of the intestinal absorption of carbohydrates; effect of sucrose ingestion on the portal and peripheral blood level of glucose and **fructose** in the *pig.* 054314
Experimental intranasal infection of **gnotobiotic** *piglets* with Mycoplasma (M.) hyorhinis, Mycoplasma hyopneumoniae, Mycoplasma hyosynoviae, Mycoplasma arginini and Acholeplasma granularum. 055545
Intranasal infection with Bordetella bronchiseptica in **gnotobiotic** *piglets.* 055744
Rhinitis of *pigs:* A **gross** staining method for macroscopic examination of the nasal mucosa. 055785
The effects of varying the level of palm oil in a constant high protein diet on performance and carcass characteristics of the **growing** *pig.* 054804
Study of **guinea** *pigs* fed Swiss chard grown on municipal sludge-amended soil; multi-element content of tissues. 053105
Metabolism of prostaglandin A1 by hepatic microsomal monooxygenase P-450 system in the **guinea** *pig* and rat. 054633
Effect of prostaglandins in vivo on enzymes involved in thyroid carbohydrate metabolism [**Guinea** *pigs].* 054662
Species-specific hypoglycemic activity of triphenylphosphoranylideneacetophenones [in **guinea** *pigs,* rabbits, and dogs]. 054686
The intermolecular cross-links in uterine collagens of **guinea** *pig,* pig, cow, and human beings. 054687
Brain uptake and metabolism of estradiol benzoate and estrous behavior in ovariectomized **guinea** *pigs.* 055094
Innovar-vet-induced pathologic changes in the **guinea** *pig* [Anaesthesia]. 055326
Cystine aminopeptidase activity (oxytocinase) in pregnant **guinea** *pigs:* normal and infected with Campylobacter fetus. 055401
Preparative isotachophoretic separation of skin test antigens from blastomycin pyurified derivative [**Guinea** *pigs].* 055576
The role of complement in hydatid disease [Echinococcus granulosus, Echinococcus multilocularis]: in vitro studies [**Guinea** *pigs,* sheep, cotton rats]. 055586
Total egg count in a dicrocoelium dendriticum obtained from different hosts [Lambs, *pigs,* and **guinea** pigs]. 055625
Cervical lymphadenitis in the **guinea** *pig.* 055799
Effect of large daily doses of ascorbic acid on pregnancy in **guinea** *pigs,* rats, and hamsters. 055940
Crystallization and peliminary X-ray data of well-ordered crystals from *pig* **heart** citrate synthase. 054487
Studies on the efficiency of EGYT—1810, dimetridazole and arsanilic acid in *pig* **herds** affected with dysentery. 055669
The absence of one class of virus-induced protein in arginine-deprived cells infected with *pig* **herpesvirus.** 055794
Influence of various densities of *pigs* **housed** in commercial fattening premises. 054242
Some *pig* **housing** projects can still pay [Costs]. 052529
African swine fever—a threat to *pig* **husbandry** in many countries. 055779
Effect of growth hormone on growth in immature **hypophysectomized** *pigs.* 054583
Evidence for the secretory transport mechanism of intestinal immunoglobulin. The ultrastructural distribution of **IgM** *[Piglets].* 055530
Complement fixation by *pig* **immunoglobulin** M and its enzymicfragments. 054486
Increase in the depth of chest and its pedigree and sexual determination in white **improved** *pigs* of the Landrace breed and F1 and R1 generation crossbreds at the age from birth to 8 months. VI. 055204
Mycobacterium intracellulare **infection** in *pigs.* 055758
Brain and spinal cord lesions in *pigs* **inoculated** with swine vesicular disease (UKG strain) virus and coxsackievirus B5. 055396
Effects of various dietary nutrient levels on the incidence of colibacillary diarrhea [Escherichia coli] in *pigs:* **intestinal** ligation studies. 054844
Dissociation-constants of metal-ion-complexes with alkaline phosphatase from *pig* **kidney.** 054479
Fattening crossbred Large White X **Landrace** *pigs* at varying dietary protein levels. 054988
Comparative fattening of **male** *pigs* castrated surgically or by injection of cadmium dichloride. 054982
Comparisons of litter size by use of natural and by artificial **mating** in *pigs.* 055266
Tylosin [antibiotic] levels in the tissue of *pig* after **medication** in drinking water. 055646
The ontogenesis of cerebral dopamine **metabolism** in the *pig.* 054394
Variability of the immunological state of germfree colostrum-deprived Minnesota **minature** *piglets.* 055577
Isolation and metabolism cage system for **newborn** *pigs.* 054123
Effect of ambient temperatures on multiplication of attenuated transmissible gastroenteritis virus in the bodies of **newborn** *piglets.* 055567
A survey for swine vesicular disease antibody in *pigs* in **Northern** Ireland. 055739
Getting more iron into the **nursing** *pig* [by feeding the sow a specific amino acid-iron proteinate]. 054812
The relationship between the zinc status of *pigs* and the **occurrence** of copper- and Zn-binding proteins in liver. 054385
Dissociation of response to injected gonadotropin between the Graafian follicle and **oocyte** in *pigs.* 054645
Growth characteristics of a cell line derived from the *pig* **oviduct.** 054429
Characterization of *pig* **pancreatic** kallikreins A and B. 054510
Acyl and amino intermediates in reactions catalysed by *pig* **pepsin:** Analysis of transpeptidation products. 054350
Effects of secondary binding by activator and inhibitor peptides on covalent intermediates of *pig* **pepsin.** 054351
The effect of spermidine on the uptake of tryptophan and corticosteroids by the isolated **perfused** *guinea-pig* mammary gland. 054716
Effect of DDT on the free amino acid pool of brain and kidney in *guinea-pigs* **[Pesticides].** 055909
Solanum malacoxylon **poisoning** in *pigs.* 055928
The use of rapeseed meal in *pig* and **poultry** rations. 054940
H blood types in *pigs* as **predictors** of stress susceptibility. 054701
Feeder pig market report. 8. Feed prices down, *pig* **prices** up. 052645
Pig **production:** results of a study in South West England 1974-75 [Input, costs, profits]. 052443
Selection of breeding stock for *pig* **production.** 055173
Specific fetal serum **proteins** in *pig.* 054520
Calcium and phosphorus requirements in lupin seed **rations** for *pigs.* 054828
Electrophoretic studies on the phosphorylase isozymes **[Rats,** *pigs].* 054593
Bordetella bronchiseptica isolations from the nasal cavity of *pigs* in **relation** to atrophic rhinitis. 055710
Acquired resistance to ticks [Dermacentor andersoni]. I. Passive transfer of **resistance** *[Guinea-pigs].* 060435
Efficacy of tetraethyl thiuram monosulphide (Tetmosol) and benzyl benzoate against sarcoptic mange in *pigs* [**Sarcoptes** suis]. 060454
Effects of by-passing the jejunum on mucosal **secretion** in the *pig.* 054711
Streptococcal [Streptococcus] infections in *pigs.* 2. **Serological** and biochemical examinations. 055713
Practical consideration for the complete processing of *pig* **skin.** 053820
Isolation of an endogeneous inhibitor of epidermal DNA synthesis (G1 chalone) from *pig* **skin.** 054512
Feed requirement per kg carcass weight with varying weight at **slaughter** in *pigs.* 054887
Fermentative processes in the **stomach** of *pigs.* 054969
Atypical mycobacterial lymphadenitis in *pigs.* III. **Studies** on the spreading of the disease with the faeces. 055658
Electromyography of electrically **stunned** *pigs* and excised bovine muscle. 053823
Streptococcal [Streptococcus] infections in **sucking** *pigs.* 1. Epidemiological investigations. 055712
Influence of orally administered histamine on the gastric secretion in **suckling** *piglets* [Coli dysentery]. 055665
Effect of zeolite on incidence and severity of scouring [Escherichia coli, Salmonella] and level of performance of *pigs* during **suckling** and early postweaning. 055766
A study of the weather conditions related to the death of *pigs* during and after their **transportation** in England. 052085
Effects on rate of gain in *pigs* due to **variation** of protein concentration [Diets]. 054941
The utilization of polymorphism of blood groups for increasing the **viability** of *piglets.* 055256
The use of Uniwhite lupin-seed meal (LSM) in diets for young **weaned** *piglets.* 054928
Feeding dry and wet mixtures to early **weaned** *piglets.* 054990
Testing enzyme preparations in early **weaned** *piglets* and fattening pigs. 055004
Interrelationship between some fattening and slaughter characters of Large **White** *pigs.* 054243
Study on the fattening and slaughter indexes of Large **White** *pigs* slaughtered at different liveweights. 054248
An investigation on the weaning performance in Large White **Yorkshire** *pigs* in Kerala. 054179
Effects of age and cold on pulmonary bacterial [Escherichiacoli] clearance in the **young** *pig.* 055405

PIGSTY

Preparation of projects for the construction of **large-capacity** *piggeries.* 061434

PILE

Methods to estimate lateral force acting on stabilizing [soil] *piles* [against **landslides].** 062151
Use of **thermal** *piles* for creating frozen cutoff curtains [in construction of dams]. 061420

PILOCARPINE

Effect of *pilocarpine* and **atropine** on the oviposition in the silkworm, Bombyx mori. 061351
Dissociation of adrenocortical secretory responses to cyanide and *pilocarpine* in **dogs** with hypothalamic lesions. 054650

PILOSELLA

Seasonal changes of morphostructure of cenopopulations of **Hieracium** *pilosella* L. and Antennaria dioica (L.) Gaertn. 056724

PILOT

The adjunct fermentation process. II. Trials in a **10-hl** *pilot* brewery [Beers]. 053650
Pilot **integrated** irrigation projects for policy formulation for removing food shortage in developing countries. 062227

PIMPINELLA

Nectary gland development and functional duration in *Pimpinella* **anisum** L. 057209

PIMPLA

Origin and embryonic development of fertile gonads with and without pole cells of *Pimpla* **turionellae** L. (Hymenoptera, Ichneumonidae). 061065

PINEAL

The influence of lighting conditions upon the level and course of increase in specific activity of serotonin N-acetyltransferase in the developing **chick** *pineal* gland. 054426

PINEAPPLES

The etiology of fruit collapse [Erwinia chrysanthemi] and bacterial heart rot [Erwinia **carotovora**] of *pineapple.* 059516
Exudates from **collapsed** *pineapple* fruits as an inoculum source of Erwinia chrysanthemi Burkholder et al. 059515
Epidemiology of pink disease of *pineapple* **fruit** [caused by acetic acid bacteria Acetomonas]. 059526
Ratoon clearing of *pineapple* with **paraquat** and roundup glyphosphate. 060019
Effect of water on growth and nutrient **uptake** of *pineapple.* 058429
Comparison of three planting distances and fertilizer applications on the yield of *pineapple* **variety** PR 1-67. 059056

PINK

Pink **bollworm** moths [Pectinophora gossypiella]: catches in sex attractant traps and nocturna behavour in South India [Cotton pests]. 060179
New record of Bacillus cereus and Streptococcus sp. On the *pink* **bollworm** of cotton, Pectinophora gossypiella (S.) [Natural control]. 060183
Studies on the carryover of the *pink* **bollworm** (Pectinophoragossypiella (Saunders) in the Punjab [Cotton pest control]. 060211
Geographical variation of fatty acids of the *pink* **bollworm,** Pectinophora gossypiella. 060651
Techniques of rearing laboratory colonies of tobacco hornworm [Manduca sexta] and *pink* **bollworms** [Pectinophora gossypiella]. 060662
Control of *pink* **disease** [caused by Corticium salmonicolor] of Hevea [brasiliensis] rubber with calixin. 059370
Epidemiology of *pink* **disease** of pineapple fruit [caused by acetic acid bacteria Acetomonas] 059526

Occurrence of larval-pupal intermediates in **hybrid** *pink* bollworms [Pectinophora gossypiella] reared at low temperatures. 060656

PINUS

Fundamental studies on the weight increment of **Akamatsu** *(Pinus* densiflora S. et Z.) stand. II. 056065

Provisional guidelines for fall lifting for frozen overwinter storage of nursery stock [Picea glauca, *Pinus* **banksiana].** 056093

Effects of snowmobiling on alfalfa, trees [Pinus resinosa, *Pinus* **banksiana]** and soil bacteria [Damage, land management]. 059755

Profile of the *Pine* **Barrens** [Soil mapping, land use]. 061857

Studies on the anatomic structure of the wood of Austrian and Corsican **black** *pines* [Pinus laricio nigricans, Pinus laricio corsicana]. 056177

A study on the effect of certain fungicides on pathogenic fungi on the seeds of Scotch and Austrian **black** *pines* (Pinus nigra] and Norway spruce [Picea abies] stored for. 059316

Bowdoin's *pines* [Pinus]. 055958

Research on the relationship of the length and diameter of *Pinus* **brutia** Ten. seeds and the effect of seed size on germination percent, seedling percent and seedling quality. 056135

Planting dates for longleaf, slash, and sand pine seeds [Pinus palustris, Pinus elliottii, *Pinus* **clausa]** in the southeastern sandhills: effect on temperature and rainfall. 058617

Effects of sulphur dioxide on biochemical activity and ultrastructural organization of pine needle choroplasts *[Pinus* **contorta** latifolia]. 055980

The ingress of regeneration following harvest and scarification of lodgepole pine stands *[Pinus* **contorta].** 056096

Tubed seedlings *[Pinus* **contorta,** Picea sitchensis, nurseries]. 056099

Quantitative assessment of the bacterial rhizosphere flora of *Pinus* **contorta** var. latifolia. 058565

Histochemistry of **Corsican** *pine* [Pinus nigra] needles infected by Lophodermella sulcigena (Rostr.) v. Hohn. 059239

Resistance by **Corsican** *pine* [Pinus nigra maritima] to attack by Heterobasidion annosum [Correlation with pinosylvin concentraton in roots]. 059240

Activation of photosystem II by a short period of illumination in plastids of **dark-grown** *Pinus* jeffreyi seedlings. 058556

Changes in the surface properties of cloroplast membranes from **dark-grown** *Pinus* sylvestris following illumination. 058611

Effectiveness of Tagetes patuta saps for the control of Bursaphelenchus lignicolus nematodes *[Pinus* **densiflora].** 059890

Pine *[Pinus* **echinata,** Pinus taeda] sawtimber in southern Illinois: a preliminary report. 056089

Anomalous growth of unpollinated shortleaf pine conelets *[Pinus* **echinata,** cone development, pollination]. 058576

Forage shrub [Atriplex] adaptation trials at three pinyon-juniper *[Pinus* **edulis,** Juniperus monosperma] sites. 058642

Management decisions in severely damaged *[Pinus* **elliottii]** stands. 056047

Temperature, root aeration, and light influence slash pine *[Pinus* **elliottii]** nutrient uptake rates. 058581

Planting dates for longleaf, slash, and sand pine seeds [Pinus palustris, *Pinus* **elliottii,** Pinus clausa] in the southeastern sandhills: effect on temperature and rainfall. 058617

Geographic patterns of fusiform rust [Cronartium fusiforme]in loblolly and slash pine [Pinus taeda, *Pinus* **elliottii]** plantations. 059486

Black plastic as a mulch around slash pine *[Pinus* **elliottii]** seedlings. 061907

Mycorrhizae of exotic trees in the Peruvian Andes and synthesis of ectomycorrhizae on Mexican pines *[Pinus,* **fungal** symbionts, nematode resistance, afforestation]. 056104

Cytological evidence for incompatibility in the **genus** *Pinus[Pollination].* 056791

Biomass of foliage of **gray** *pine* [Pinus]. 058614

Building a small-log mill for *pine* and **hardwood.** 056199

Tricyclic neutral diterpenoids from the oleoresin of *Pinus* **koraiensis.** 056155

Studies on the anatomic structure of the wood of Austrian and Corsican black pines *[Pinus* **laricio** nigricans, Pinus laricio corsicana]. 056177

Leaf fall and forest floor characteristics in **loblolly** *pine* [Pinus taeda] plantations in the South Carolina Piedmont. 055988

Comparison of diameter growth and crown competition factor in **loblolly** *pine* [Pinus taeda] plantations. 056027

Deer forage and overstory dynamics in a **loblolly** *pine* [Pinus taeda] plantation. 056050

Height growth of planted and direct seeded **loblolly** *pine* [Pinus taeda, measurement]. 056058

A test of Agricol as a root dip [for **loblolly** *pine* seedlings exposed to the sun and air, Pinus taeda]. 056125

Size and saccharide distribution of soluble products from stepwise-peroxyacetic acid deligni¢aton of **loblolly** *pine* [Pinus taeda]. 056252

Actual evapotranspiration and the natural range of **loblolly** *pine* [Pinus taeda]. 058575

The ingress of regeneration following harvest and scarification of **lodgepole** *pine* stands [Pinus contorta]. 056096

Timing overstory removal in **longleaf** *pine* [Pinus palustris]. 056116

Stimulation of rhizogenesis in young **maritime** *pines* [Pinus pinaster] by different growth substances. 058558

Mycorrhizae of exotic trees in the Peruvian Andes and synthesis of ectomycorrhizae on **Mexican** *pines* [Pinus, fungal symbionts, nematode resistance, afforestation]. 056104

Control of pinyon *[Pinus* **monophylla]** saplings with [herbicides] picloram or karbutilate. 060003

Effects of sulphur dioxide on biochemical activity and ultrastructural organization of *pine* **needle** choroplasts [Pinus contorta latifolia]. 055980

Histochemistry of Corsican pine *[Pinus* **nigra]** needles infected by Lophodermella sulcigena (Rostr.) v. Hohn. 059239

Resistance by Corsican pine *[Pinus* **nigra** maritima] to attack by Heterobasidion annosum [Correlation with pinosylvin concentraton in roots]. 059240

Effects of simazine, atrazine and 2,4-D [herbicides] on 14CO2 [carbondioxide isotope]-fixation and composition of 14C [carbon isotope]-assimilates in *Pinus* **nigra** var. Calabrica Schneid. 060027

Northern *pine* weevil [Pissodes approximatus] studies [Pests of Pinus sylvestris]. 060352

Bioassay of *pine* **oil** components as attractants for Sirex noctilio (Hymenoptera: Siricidae) using electroanthennogram techniques. 060353

Timing overstory removal in longleaf pine *[Pinus* **palustris].** 056116

Planting dates for longleaf, slash, and sand pine seeds *[Pinus* **palustris,** Pinus elliottii, Pinus clausa] in the southeastern sandhills: effect on temperature and rainfall. 058617

Use of photometric curves to determine seasonal rate of growth of *[Pinus,* **Picea,** Betula] trunk thickness and changes in water equilibrium. 058615

Influence of various nutritive conditions on the growth of young root tips of *Pinus* **pinaster** Sol. cultured in vitro. 058557

Stimulation of rhizogenesis in young maritime pines *[Pinus* **pinaster]** by different growth substances. 058558

Maintenance and constructive respiration, photosynthesis, and net assimilaton rate in seedlings of pitch **pine** *(Pinus* rigda Mill.). 058546

Biomass of foliage of gray **pine** *[Pinus].* 058614

Further studies on a mycoparasitic Basidiomycete species [for biological control of "damping-off" in slash **pine** *(Pinus* elliottii)]. 059242

Influence of photo- and thermoperiod on the initial stages of frost hardening and dehardening of phytotron-grown seedlings of Scots **pine** *(Pinus* silvestris L.) and Norway spruce (Picea abies (L.) Karst.) [Cold injuries]. 059897

Bowdoin's **pines** *[Pinus].* 055958

Influence of ants [Formica] on the antibiosis of **pines** *[Pinus].* 056760

A study on the effect of certain fungicides on pathogenic fungi on the seeds of Scotch and Austrian black **pines** *(Pinus* nigra] and Norway spruce [Picea abies] stored for. 059316

Pine **[Pinus** echinata, Pinus taeda] sawtimber in southern Illinois: a preliminary report. 056089

Influence of ants [Formica] on the antibiosis of *pines* **[Pinus].** 056760

Diffusible auxin of *pine* **[Pinus** sylvestris] cambial region. 058584

Effects of natural substance of *pine* **[Pinus** sylvestris] cambial region upon formation of xylem. 058586

Maintenance and constructive respiration, photosynthesis, and net assimilaton rate in seedlings of **pitch** *pine* (Pinus rigda Mill.). 058546

Distribution of **ponderosa** *pine* forest densities on the Salt-Verde River Basin. 056133

Range management and its ecological basis in the **ponderosa** *pine* [Pinus ponderosa] type of Arizona: the status of our knowledge. 056762

Fomes annosus in roots of mature **ponderosa** *pine* [Pinus ponderosa] in western Montana. 059437

Production [and growth inhibitory effect] of ethylene by incubated litter of *Pinus* **radiata.** 055992

Topping of *[Pinus]* **radiata** pine nursery tree stocks. 056091

Terpenes of the bark oil of *Pinus* **radiata.** 058608

Regeneration of **red** *pine* [Pinus resinosa] and white pine [Pinus strobus] following wildfire and logging in northeastern Minnesota. 056115

The **red** *pine* [Dacrydium cupressinum] of New Zealand at Ilnacullin. 059076

Abundance of insects inhabiting the male strobili of **red** *pine* [Pinus resinosa]. 060291

Projected **red** *pine* [Pinus resinosa] yields from aldrin-treated and untreated stands damaged by white grubs [Phyllophaga] and other agents. 060361

Regeneration of red pine *[Pinus* **resinosa]** and white pine [Pinus strobus] following wildfire and logging in northeastern Minnesota. 056115

Structure and development of sieve cells in the primary phloem of *Pinus* **resinosa.** 056905

Effects of snowmobiling on alfalfa, trees *[Pinus* **resinosa,** Pinus banksiana] and soil bacteria [Damage, land management]. 059755

Abundance of insects inhabiting the male strobili of red pine *[Pinus* **resinosa].** 060291

Projected red pine *[Pinus* **resinosa]** yields from aldrin-treated and untreated stands damaged by white grubs [Phyllophaga] and other agents. 060361

Planting dates for longleaf, slash, and **sand** *pine* seeds [Pinus palustris, Pinus elliottii, Pinus clausa] in the southeastern sandhills: effect on temperature and rainfall. 058617

Sex pheromone specificity in the *pine* **sawflies** [Neodiprion, Diprion similis]: interchange of acid moieties in an ester. 060378

Genetic variances of **Scotch** *pine* [Pinus sylvestris]: environment and age effects. 056102

Scotch *pine* [Pinus sylvestris] varieties for Christmas tree and forest planting in Michigan. 056126

Genetic variation in resistance of **Scotch** *pine* [Pinus sylvestris] to Zimmerman pine moth [Dioryctria zimmermani]. 060360

Genetic variation and breeding of **Scots** *pine* [Pinus sylvestris, Lophodermium pinastri, needle cast] in the Netherlands. 056103

Activities of two peptidases in resting and germinating seeds of **Scots** *pine,* Pinus sylvestris. 058603

Influence of photo- and thermoperiod on the initial stages of frost hardening and dehardening of phytotron-grown seedlings of **Scots** *pine* (Pinus silvestris L.) and Norway spruce (Picea abies (L.) Karst.) [Cold injuries]. 059897

Synthesis of auxins by fungi isolated from the roots of *pine* **seedlings** (Pinus silvestris L.) and from soil. 057215

Anomalous growth of unpollinated **shortleaf** *pine* conelets [Pinus echinata, cone development, pollination]. 058576

Temperature, root aeration, and light influence **slash** *pine* [Pinus elliottii] nutrient uptake rates. 058581

Further studies on a mycoparasitic Basidiomycete species [for biological control of "damping-off" in **slash** *pine* (Pinus elliottii)]. 059242

Geographic patterns of fusiform rust [Cronartium fusiforme]in loblolly and **slash** *pine* [Pinus taeda, Pinus elliottii] plantations. 059486

Black plastic as a mulch around **slash** *pine* [Pinus elliottii] seedlings. 061907

Lignins of hardwoods growing on **southern** *pine* sites. 056273

Some effects of triazines on growth, photosynthesis and translocation of photosynthate in *Pinus* **species** [Carbon isotope]. 058606

Regeneration of red pine [Pinus resinosa] and white pine *[Pinus* **strobus]** following wildfire and logging in northeastern Minnesota. 056115

Soil-site productivity for natural stands of white pine *[Pinus* **strobus]** in Massachusetts. 061847

Estimating the accuracy of site index curves by means of simulation *[Pinus* **sylvestris].** 056068

Genetic variances of Scotch pine *[Pinus* **sylvestris]:** environment and age effects. 056102

Genetic variation and breeding of Scots pine *[Pinus* **sylvestris,** Lophodermium pinastri, needle cast] in the Netherlands. 056103

Scotch pine *[Pinus* **sylvestris]** varieties for Christmas tree and forest planting in Michigan. 056126

A comparative study of chloroplast morphogenesis in seedlings of some conifers (Larix decidua, *Pinus* **sylvestris** and Picea abies). 056921

Ecologico-genetic analysis of the linear increase of *Pinus* **sylvestris** in th region of Tungus catastrophe of 1908. 057004

Competence of cambial zone cells to respond to auxin by producing new xylem derivatives *[Pinus* **sylvestris].** 058583

Diffusible auxin of pine *[Pinus* **sylvestris]** cambial region. 058584

Effects of auxin and availability of assimilates upon formation of xylem in decapitated trees *[Pinus* **sylvestris].** 058585

Effects of natural substance of pine *[Pinus* **sylvestris]** cambial region upon formation of xylem. 058586

Enzymes associated with autolytic processes in maturing tracheids *[Pinus* **sylvestris].** 058587

Polarity of stem of *Pinus* **sylvestris** in respect to auxin stimulation of cambial activity. 058588

Significance of the source of carbohydrates and organic nitrogen for cambial activity in the culture of isolated stem segments *[Pinus* **sylvestris].** 058589

Activities of two peptidases in resting and germinating seeds of Scots pine, *Pinus* **sylvestris.** 058603

N-phosphonomethylglycine (glyphosate), an alternative to commercial pre- and postemergence herbicides for the control of unwanted plant species in forest plantations [Picea abies, *Pinus* **sylvestris]** in Norway. 060022

Northern pine weevil [Pissodes approximatus] studies [Pests of *Pinus* **sylvestris].** 060352

Genetic variation in resistance of Scotch pine *[Pinus* **sylvestris]** to Zimmerman pine moth [Dioryctria zimmermani]. 060360

Effect of nitrogen dosage on fertilizer response [Picea abies, *Pinus* **sylvestris].** 061929

Leaf fall and forest floor characteristics in loblolly pine *[Pinus* **taeda]** plantations in the South Carolina Piedmont. 055988

Comparison of diameter growth and crown competition factor in loblolly pine *[Pinus* **taeda]** plantations. 056027

Deer forage and overstory dynamics in a loblolly pine *[Pinus* **taeda]** plantation. 056050

Height growth of planted and direct seeded loblolly pine *[Pinus* **taeda,** measurement]. 056058

Pine [Pinus echinata, *Pinus* **taeda]** sawtimber in southern Illinois: a preliminary report. 056089

A test of Agricol as a root dip [for loblolly pine seedlings exposed to the sun and air, *Pinus* **taeda].** 056125

Size and saccharide distribution of soluble products from stepwise-peroxyacetic acid deligni¢aton of loblolly pine *[Pinus* **taeda].** 056252

Actual evapotranspiration and the natural range of loblolly pine *[Pinus* **taeda].** 058575

Geographic patterns of fusiform rust [Cronartium fusiforme]in loblolly and slash pine *[Pinus* **taeda,** Pinus elliottii] plantations. 059486

Chromosome study of Japanese **umbrella** *pine* [Sciadopitys verticillata]. 056120

Upgrading *pine* [Pinus, wood] surfaces with abrasive planing. 056235
Regeneration of red pine [Pinus resinosa] and **white** *pine* [Pinus strobus] following wildfire and logging in northeastern Minnesota. 056115
Soil-site productivity for natural stands of **white** *pine* [Pinus strobus] in Massachusetts. 061847
Upgrading pine *[Pinus,* **wood]** surfaces with abrasive planing. 056235
Genetic variation in resistance of Scotch pine [Pinus sylvestris] to **Zimmerman** *pine* moth [Dioryctria zimmermani]. 060360

PIPE

Relationship between drainage action of plastic drainage and *drainage-pipe* **design.** 061606
Sub-surface **drainage** *pipes.* 061486
Pipe **dreams** sprouting prosperity problems [Circle irrigation]. 062278

PIPELINES

Scottish barleys in the *pipeline* **[Breeding].** 056940
Determining sanitary status of farm **milk** *pipelines* using the rinse-filter procedure. 052997

PIPER

Aporphine-type alkaloids from *Piper* **auritum.** 057735

PIPERACEAE

The effect of cations and membrane permeability modifying agents on the dark kinetics of the photoelectric response in isolated *[Peperomia* **metallica]** chloroplasts. 057314

PIPERIDINE

X-ray structure analytic results of *piperidine* and **piperidinium** acetate anilide [Herbicides]. 059988

PISATIN

Pisatin-inducing **components** in filtrates of virulent and avirulent Fusarium solani cultures. 059377
Accumulation of *pisatin* and **three** additional antifungal pterocarpans in Fusarium solani-infected tissues of Pisum sativum [Peas]. 059373

PISAURIDAE

Contriution to the study of the development of the mecanoreceptor system in spiders: the trichobothriotaxy of Pisaura mirabilis Cl. **(Araneae,** *Pisauridae).* 061060

PISSODES

Northern pine weevil *[Pissodes* **approximatus]** studies [Pests of Pinus sylvestris]. 060352
Histological data on mineral and puric concretions in Coleoptera. III. Wood-eating species: Oryctes nasicornis, Cetonia aurata, *Pissodes* **notatus.** 060684

PISTACHIO

A disease of *pistachio* **tree** (Pistacia vera L.) caused by the fungus Camarosporium pistaciae n. sp. 059241
Pistachio **varieties.** II. 059195

PISTACIA *see* ANACARDIACEAE

PISTIL

Phytohemagglutinins from the *pistil* of **Primula** as possible proteins of generative incompatibility. 057592
Gibberellic acid instantly absorbed by the peach **tree** *pistil.* 058479

PISTON

A *piston* **corer** for peat. 061739

PISUM

Enzyme changes during development of holo- and hemi-metabolic insects [Drosophila pseudoobscura, **Acyrthosiphon** *pisum].* 060759
Gene-ecological investigations in *Pisum* **[pea]** mutants. I. The influence of climatic factors upon quantitative and qualitative characters. 057198
Nucleotide sequence of phenylalanine transfer ribonucleic acid from **pea** *(Pisum* sativum, Alaska). 058299
Salt tolerance in ten varieties of **pea** *(Pisum* sativum L.) in relation to germination, vegetative growth and yield. 058368
Influence of seed treatment with 2-chloroethylphosphonic acid, gibberellic acid, ascorbic acid, and simazine on growth and nutrient composition of **pea** *(Pisum* sativum L.) seedlings. 058504
The influence of culture conditions on mitotic activity in protoplasts derived from *Pisum* **root** cortical explants [Peas]. 056907
Effect of blue light on synthesis of RNA components during differentiation of chloroplasts in isolated **roots** *(Pisum* sativum) [Peas]. 058290
Setting up of inhibition in the cotyledonid bud of *Pisum* **sativum** L. [Peas]. 056812
Mitotic index fluctuations in *Pisum* **sativum** [pea] root tips. 056848
Mathematical analysis of the gibberellin induced growth of *Pisum* **sativum** L. [Peas]. 058295
Early events associated with lateral bud growth of *Pisum* **sativum** L. [Peas]. 058309
Underreplication of repetitive DNA in polyploid cells of *Pisum* **sativum** [Peas]. 058345
The effect of various alkaline salts on the glycolate oxidase of Salicornia europaea and *Pisum* **sativum** [peas] in vitro. 058469
Sucrose metabolism by roots of *Pisum* **sativum** [Peas, carbon isotope method]. 058473
Accumulation of pisatin and three additional antifungal pterocarpans in Fusarium solani-infected tissues of *Pisum* **sativum** [Peas]. 059373

PITCH

Maintenance and constructive respiration, photosynthesis, and net assimilaton rate in seedlings of *pitch* **pine** (Pinus rigda Mill.). 058546

PITH

Microbial proteins produced from **bagasse** *pith.* I. Isolation and characterization of two cellulolytic bacteria [Cellulomonas] and their utilization on bagasse pith. 053958
Microbial proteins produced from **bagasse** *pith.* II. Effect of mixed cultures [of Cellulomonas and Candida utilis] on the production of single cell protein from bagasse pith. 053959
Saccharification of **bagasse** *pith.* 1. On hydrolysis of pentosans. 053960

PITS

Pits can **save** costs [Poultry houses]. 061446

PITTOSPORACEAE

Flora of West **Pakistan.** *Pittosporaceae.* 056495

PITUITARY

Variations in *pituitary* and **blood** LH [luteinizing hormone] during puberty in the male lamb. Relation to time of birth. 055043
Effects of growth hormone inhibiting factor (somatostatin) on the release of growth hormone and prolactin from *pituitaries* of the **domestic** fowl in vitro. 054585
Luteolysis with prostaglandin F2alpha or an antiserum against an **equine** *pituitary* fraction in hysterectomized mares. 055024
The effect of synthetic gonadotropin-releasing hormone (GnRH) on *pituitary* **hormone** release in urethane-blocked rats. 054448
Ovarian and *pituitary* **hormones** in blood of progestogen-treated ewes. 055125
Inhibition by oestradiol of the *pituitary* **response** to luteinizing hormone releasing hormone in the dog. 054587
Pituitary **testicular** relationship in the adult male rabbit after experimental cryptorchidism. 055160

PLACENTA

Placental **lactogen** in the cow. 055147
Mercury in [midwestern rural] human maternal and cord blood, *placenta,* and **milk.** 062515
Determination of histamine concentration in normal and **retained** *placenta* and the activity of serum histaminase at the end of pregnancy and in early puerperium, a contribution to the study of pathogenesis of puerperal sepsis [Cattle]. 055884
Discussion on the results of treating retentio secundina with some new drugs [Cattle, *placenta* **retention].** 055885
Effect of 1,1,1-trichloro-2,2-bis(p-chlorophenyl)-ethane (DDT) on the prenatal development of house mice (with special regard to *transplacental* **transport** and metabolism of hydrogen and carbon isotope marked DDT in pregnant mice. 060584

PLAGUE

Pathogenesis of **duck** *plague* in the bursa of Fabricius, thymus, and spleen. 055420
An epornitic of **duck** *plague* [virus] on a Wisconsin game farm. 055634

PLAINS

Performance of new sugarcane varieties in the northern humid **coastal** *plains* of Puerto Rico. 058787
Plinthite characterization in selected Southern **Coastal** *Plain* soils. 061842
Saline-seep development on upland sites in the northern Great *Plains* **[Drainage].** 062174
Economics of tree production on **farms** in the Great *Plains.* 056067
Effect of mineral fertilizers and irrigation on agrochemical properties of Chernozem soils and the productivity of **flood** *plain* pastures in the Tambov province. 058779
Adjustments due to a declining groundwater supply: **high** *plains* of Oklahoma and Texas. 062310
The **Northern** *Plains* [Land use]. 052240
Diagnosis and classification of soils with two humus levels of the eastern outlying district of the **Russian** *plain.* 061758
Additional land [acreage] for crop production: Great *Plains* **States.** 052268

PLANE

Upgrading pine [Pinus, wood] surfaces with **abrasive** *planing.* 056235
Contributions to the study of *plane* **knives** sharpening utilised in wood cutting. 056181
Report on experiments with *planing* of **lumber** by downmilling and upmilling. 056245
The canker stain disease [Ceratocystis fimbriata platani] of *plane* **tree** [Platanus acerifolia] in Marseilles and in the south of France. 059302

PLANKTON

Plankton **modeling** in the bay of villefranche [Algae]. 057727
Hypothesis for origin of *planktonic* **patchiness** [Algae]. 056547

PLANTAGO

Biology of Anguina plantaginis parasitic on *Plantago* **aristata** [Nematodes]. 059796
Experimental ecological genetics in *Plantago.* I. **Induction** of roots and shoots on leaves for large scale vegetative propagation and metal tolerance testing in Plantago lanceolata. 057105
Effect of antitranspirants on the water retention by cuttings of Plantago maritima L. var. graminaea and *Plantago* **lanceolata** L. 057347
Activity of solutions of methanol, ethanol and n-butanol on stomatal opening in presence or absence of carbon dioxide *[Plantago* **lanceolata,** Rumex acetosa, Veronica beccabunga, Baldellia ranunculoides]. 057808
Effect of antitranspirants on the water retention by cuttings of *Plantago* **maritima** L. var. graminaea and Plantago lanceolata L. 057347

PLANTAIN

Chemical control of nematodes in *plantains* **(Musa** acuminata XMusa balbisiana, AAB). 059789

PLANTATIONS

Nitrogen and ash elements cycles in **artificial** *plantations* of cork elm [Ulmus] in southeastern Turkmenia [Soils]. 061805
Mississippi levees and the **big** *plantations.* 062225
Spraying of herbicides by helicopter for the selective weeding of young **conifer** *plantations.* 060032
Control of weeds in protein **crop** *plantations.* 060031
On the length/diameter ratio of the red oak [Quercus] branches and its use in determining the initial **density** of *plantations.* 056040
Geographic patterns of fusiform rust [Cronartium fusiforme]in loblolly and slash pine [Pinus taeda, Pinus **elliottii]** *plantations.* 059486
Establishment of **eucalypt** *plantations.* 056085
N-phosphonomethylglycine (glyphosate), an alternative to commercial pre- and postemergence herbicides for the control of unwanted plant species in **forest** *plantations* [Picea abies, Pinus sylvestris] in Norway. 060022
Armillaria root rot: distribution and severity in **softwood** *plantations* in Newfoundland. 059226
Leaf fall and forest floor characteristics in loblolly pine [Pinus taeda] *plantations* in the **South** Carolina Piedmont. 055988
Comparison of diameter growth and crown competition factor in loblolly pine [Pinus **taeda]** *plantations.* 056027
Deer forage and overstory dynamics in a loblolly pine [Pinus **taeda]** *plantation.* 056050
Establishment of commercial **tea** *plantations* by using vegetatively propagated Anaseuli-1 clone, and their economic effectiveness. 059219
Farm practice basics for increasing the effectiveness of fertilizers applied on **tea** *plantations* in the Lenkoran' zone of the subtropics in the Azerbaijan SSR. 062065
Planning before planting: one key to more efficient Christmas **tree** *plantation* management. 056083

PLANTING

Planting **black** walnut [Juglans nigra] for timber. 056121
Studies on the lifting time from the nursery and *planting* out of **Cedrus** libani. 056136
Planting **dates** for longleaf, slash, and sand pine seeds [Pinus palustris, Pinus elliottii, Pinus clausa] in the southeastern sandhills: effect on temperature and rainfall. 058617
Evaluation of varieties and *planting* **dates** of cabbage at Isabela, Puerto Rico. 059057
Effect of *planting* **dates** on growth, development and yield of carrots in Voroshilovgrad Region. 059144
Tests of *planting* **density** of greenhouse peppers. 059173
Studies of the coiled sprout disorder of the potato. 3. Effects of sprout length, *planting* **depth** and growth media. 059874
Study of the *planting* **distance** in stem culture of the Mavrud variety [Grapes]. 059041
Late **fall** *planting* of seed onions. 059093
Growing trees for *planting* **[Forest** nurseries]. 056106
Scotch pine [Pinus sylvestris] varieties for Christmas tree and **forest** *planting* in Michigan. 056126
Grow your own vegetables: planning and *planting* your **garden** [Culture]. 058988
Planting **garlic** with the SN-4A potato planter. 061546
Effect of small **grain** *planting* date on infestation of barley yellow dwarf virus [Aphididae, insect vectors]. 059668
High-density *planting* of vegetable crops. 058992
Cabbage hybrid performances under different *planting* **methods.** 059055
Planning before *planting:* **one** key to more efficient Christmas tree plantation management. 056083
How high is up? *[Planting* **ornamentals].** 058955
The banana: exploitation of the **plant** *[Planting].* 059197
On the depth required for **poplar** *planting* along Bulgaria's southern Black Sea coast. 056110
Street trees and their **production** *[Planting].* 059157
Planting **shelterbelts** in the United States. 055995
Studies on growth, development, and yield determining processes in wheat plants **suitable** *planting* density for wheat cultivation based on yield components. 058620

Effect of *planting* **systems** on the yield of four tapioca clones (Manihot esculenta Crantz). 059178
Comparison of **three** *planting* distances and fertilizer applications on the yield of pineapple variety PR 1-67. 059056
Trends in land preparation methods for **tree** *planting* in Otago-Southland. 056092

PLAQUE

Plaque **assay** of sendai virus in monolayers of a clonal line of procine kidney cells. 055604
Use of gum tragacanth overlay, applied at room temperature, in the *plaque* **assay** of fish and other animal viruses. 055607
Nude mice from homozygous nude parents show smaller PFC *[plaque-forming* **cell]** responses to sheep erythrocytes than nude mice from heterozygous mothers. 055179
Properties of **non-neurovirulent** *plaque-forming* mutants of Newcastle disease virus [Chick embryo fibroblast]. 055458
Replication and passage of alfalfa looper [Autographa californica] nuclear polyhedrosis **virus** *plaque* variants in clonedcell cultures and larval stages of four host species. 060224

PLASM

The ontogeny of **germ** *plasm* during oogenesis in Drosophila [melanogaster]. 060770

PLASMA

Influences on the *plasma* **amino** acid level in calves. 054738
Plasma **bile** acid elevation following CCl4 [carbon tetrachloride] induced liver damage in dogs, sheep, calves and ponies. 055927
Adenosine triphosphatase activity of erythrocyte shades and distribution of free amino acids, natrium and potassium between these erythrocytes and **blood** *plasma* in cows and calves. 054648
Glycogen forming substances in dairy cows. II. Reducing the level of **blood** *plasma* acetoacetate of cows in early lactation with sodium propionate. 054899
Glycogen forming substances in dairy cows. I. Increments in **blood** *plasma* glucose in cows with varying degrees of hypoglycemia and ketonemia after ingestion of sodium propionate. 055861
The influence of 1 alpha-hydroxycholecalciferol on *plasma* **calcium** and phosphate levels in cattle. 054419
Disposition of *plasma* **cholesterol** in the pregnant hypocholesterolemic rabbit. 055023
Parturition in the goat: *plasma* **concentrations** of prostaglandin F and steroid hormones and uterine activity during latepregnancy and parturition. 055146
Plasma **concentrations** of 13,14-dihydro-15-keto-prostaglandin F during pregnancy in sheep. 055222
The effects of lead poisoning on various *plasma* **constituents** in the Canada goose. 055919
Plasma **copper** levels in bovine trypanosomiasis. 055784
Plasma **corticoid** levels during early postnatal life in calves. 054685
Abnormal low **density** *plasma* lipoproteins occurring in dogs with obstructive jaundice. 055835
Influence of low ambient temperature and dietary lipids on adipose tissue and *plasma* **fatty** acid composition of the Japanese quail. 054469
Distribution of membranes, especially of *plasma-membrane* **fragments,** during zonal centrifugations of homogenates from glucose-repressed Saccharomyces cerevisiae [Yeasts]. 057267
Effect of luteinizing hormone releasing hormone on *plasma* **levels** of luteinizing hormone, oestradiol and testosterone in the male dog. 054584
Plasma **levels** of estradiol-17 beta during the estrus cycles of the cow. 055051
Plasma **levels** of luteinizing hormone, progesterone, testosterone and 5alpha-dihydrotestosterone in male and female pigs during sexual maturation. 055148
Plasma **lipoprotein** profile and composition in White Carneau and Show Racer breeds of pigeons. 054425
The use of fluorescamine as a probe for labeling the outer surface of the *plasma* **membrane** [Chick embryo]. 054349
Cellulose microfibrils: visualization of biosynthetic and orienting complexes in association with the *plasma* **membrane** [Oocystis apiculata]. 057931
Exocortis viroid: cytopathic effects at the *plasma* **membrane** in association with pathogenic RNA [in infected Gynura aurantiaca]. 059675
In vitro binding of IAA [indoleacetic acid] to *plasma* **membrane-rich** fractions containing Mg++ [magnesium ions]-activated ATPase [adenosine triphosphatase] from mung bean hypocotyls. 058490
The isolation of *plasma* **membranes** from the cellular slime mold Dictyostelium discoideum using concanavalin A and triton X-100. 057579
Ultrastructural patterns of the green alga Scenedesmus **obliquus** *plasma* membrane revealed by freeze—etching. 056926
Early diagnosis of pregnancy in cattle by means of *plasma* **progesterone** determination. 055262
Haematological and *plasma* **protein** changes in caprine pleuropneumonia. 055776
Monosodium L-glutamate [food additive]-induced convulsions: temporary alteration in blood-brain barrier permeability to *plasma* **proteins.** 052974
Plasma **secretin** and gastrin responses to a meat meal and duodenal acidification in dogs. 054287
An acrosin inhibitor in ram spermatozoa that does not originate from the **seminal** *plasma.* 055091
Measurement of cortisol, cortisone, 11-deoxycortisol and corticosterone in foetal **sheep** *plasma* during the perinatal period. 054588
Influence of dietary fluoride restriction on regulation of *plasma* and **soft** tissue fluoride contents [Rats]. 053332
Effects of an intraventricular injection of synthetic ACTH [adrenocorticotropin] on *plasma* **testosterone,** progesterone and LH [luteinizing hormone] levels and on sexual behavior in male and female rabbits. 055184
Plasma **vasopressin** in foetal lambs. 054605
Concentration of prostaglandins F in uterine **venous** *plasma* of anesthetized mares during the estrous cycle and early pregnancy [Horses]. 055219
Serum proteins, blood and *plasma* **volumes** in experimental Trypanosoma vivax infections of sheep and goats. 055777

PLASMALEMMA

Cytokinesis in the green alga Eremosphaera viridis: *plasmalemma* **formation** from "open membranes". 056887
Effects of CCCP [carbonyl cyanide m-chloro phenylhydrazone] on photosynthesis and on active and passive chloride transport at the *plasmalemma* of **Hydrodictyon** africanum [Algae]. 057775
Reactivity for phosphotungstic acid (PTA) of walls and *plasmalemma* in **meiotic** staminal cells, in an angiosperm (Ribes rubrum, Grossularicea). 056857
Plasmalemma **transport** of HCO3- and OH- [bicarbonate and hydroxide ions] in Chara corallina [Algae]: non-antiporter systems. 057700

PLASMODESMATA

Plasmodesmata between **synchronously** and asynchronously developing cells of the antheridial filaments of Chara vulgaris L. [Algae]. 056903

PLASMODIUM

Observations on the sporogony of *Plasmodium* **circumflexum** Kikuth and Plasmodium polare Manwell in New Brunswick [Culiseta morsitans, vector of avian malaria]. 060428
Receptivity to malaria in Europe *[Plasmodium* **falciparum** transmitted by Anopheles]. 060425
Apogamic induction of **haploid** *plasmodia* in a myxomycete, Didymium iridis [Fungi]. 057515
Observations on the sporogony of Plasmodium circumflexum Kikuth and *Plasmodium* **polare** Manwell in New Brunswick [Culiseta morsitans, vector of avian malaria]. 060428
Gametogenesis and fertilization in *Plasmodium* **yoelii** nigeriensis: a transmission electron microscope study [Through the mosquito Anopheles stephensi to mice]. 060499

PLASMOPARA

Development of sunflower lines resistant to donny mildew, *Plasmopara* **helianthi** Nov. I. Inheritance of resistance. 059467
Viability of *Plasmopara* **viticola** sporangia produced at different times in a diurnal cycle [Grapes]. 059292

PLASTICS

The world of *plastics* in **agriculture.** 061413
Black *plastic* as a mulch around slash pine [Pinus elliottii] seedlings. 061907
Degradable *plastic* mulch films for vegetables. 061924
Relationship between drainage action of *plastic* **drainage** and drainage-pipe design. 061606
[Plastic] **film** shelters and the onion seed yields. 059114
On the *plastic* **films** for prepackaging lettuce. 053990
Trends in *plastics* for **[food]** packaging. 053529
Vegetable culture in a *glass-plastic* **greenhouse** [Yields, profits]. 059112
Tomato variety testing in *plastic* **greenhouse** culture with solar heating in Khmel'nitskii Region. 059146
Economic efficiency of vegetable culture in protected soil *[Plastic* **greenhouses,** costs, returns]. 059143
Effectiveness of vegetable culture in *plastic* **greenhouses** after transplanting for unprotected ground. 059145
Application of *plastic* **guts** for the rational production of scalded sausages. 1. 053808
1974 *plastic* **mini-garden.** 058974
A **new** *plastic* clad multispan structure [in horticulture]. 061388
One rolls, unrolls, is rolled in the **new** *plastics* [used in horticulture]. 061453
Technical advice for the culture of early potato under **opaque** *plastic* mulch. 059149
Disc electrophoretic evidence for heterozygosity and **phenotypic** *plasticity* in selected lines of Coffea arabica L. [Coffee]. 056949
Plastic **queen** may rule [honey] bees in disposable hive [Pollination]. 061367
Wood borer control in [white] spruce [Picea glauca] logs with p-dichlorobenzene and *plastic* **sheeting** (Coleoptera: Cerambycidae). 060366
Suppression of the *neoplastic* **state** with the acquisition of specialized functions in cells, tissues, and organs of crown gall teratomas of tobacco [Agrobacterium tumefaciens]. 059535
Effect of thawing rate and post-thaw temperature on motility and acrosomal maintenance in bovine semen frozen in *plastic* **straws.** 055117
Purification of DNA complementary to nucleotide sequences required for *neoplastic* **transformation** of fibroblasts by avian sarcoma viruses. 055615
Tomatoes in a *plastic* **tunnel.** 059077
Casing **variables**—*plastic* tunnels [Mushrooms, fertilization]. 062000
Current possibilities of using *plastics* as **well** as their developments and problems in agriculture. 061437
Studies on **wood** *plastic* composites. II. (Irradiated). 056187

PLASTID

Transmission of *plastids* in **Browallia** [Genetics]. 057074
Ontogenetic membrane transitions in *plastids* of the **coenocytic** alga Caulerpa [verticillata] (Chlorophyceae). 057835
Activation of photosystem II by a short period of illumination in *plastids* of **dark-grown** Pinus jeffreyi seedlings. 058556
Synthesis and accumulation of pigments during development of the lamellar system of **dimorphous** *plastids* in Zea mays L. [Maize]. 058094
Mitochondria continuity and *plastid* **discontinuity** in Euglena gracilis Z [Algae]. 056808
Micromorphological characters of sieve **element** *plastids,* a contribution of transmission electron microscopy to seed plant systematics. 056403
Changes affecting the macromolecular structure of the *plastid* of **Euglena** gracilis Z. [Algae] during heterotrophic growth. 057903
Structure and function of the genetic information in the *plastids.* XIII. **Lamellar** proteins of pale plastids of plastom and gene mutants of Hordeum and Lycopersicon [Barley, tomatoes]. 056947
Phytochrome-controlled develoment of cell **organelles** *(Plastids,* microbodies, mitochondria). 057257
Structure and function of the genetic information in the plastids. XIII. Lamellar proteins of **pale** *plastids* of plastom and gene mutants of Hordeum and Lycopersicon [Barley, tomatoes]. 056947
Effect of 6-benzylaminopurine on the fine structure of mitochondria and *plastids* on **protocorms** of Cymbidium cultured invitro. 056883
Betalains and P-type **sieve-element** *plastids:* the systematicposition of Dysphania R. Br. (Centrospermae). 056624
Betalains and P-type **sieve-element** *plastids* in Gisekia L. (Centrospermae). 056625
On the role of phytochrome in controlling enzyme levels in *plastids* [**Sinapis** alba]. 057289

PLASTOM

Studies on the mutability of *plastom.* IV. **Effect** of X-rays, ethylmethanesulphonate, ethylene imine and nitrosoethylurethane on the frequency of reverse mutations in the. 057009
Structure and function of the genetic information in the plastids. XIII. Lamellar proteins of pale plastids of *plastom* and **gene** mutants of Hordeum and Lycopersicon [Barley, tomatoes]. 056947

PLATANUS

The canker stain disease [Ceratocystis fimbriata platani] of plane tree *[Platanus* **acerifolia]** in Marseilles and in the south of France. 059302
Resistance to sycamore anthracnose disease [Gnomonia platani] in **hybrid** *Platanus.* 059447

PLATE

The **aerobic** *plate* count, coliform and Escherichia coli content of raw ground beef at the retail level. 053010
Connexions between *hair-plate* **afferents** and motoneurones in the cockroach [Periplaneta americana] leg. 060901
Preliminary test of trapping the cherry fly, Rhagoletis cerasi L., with the help of small **glue-covered** *plates* made of yellow plexiglass. 060330
Growth *plate* defects in dogs. 055883
Properties of the trochanteral **hair** *plate* and its function in the control of walking in the cockroach [Periplaneta americana]. 060904
The use of the *plate* **methods** for the determination of folic and pantothenic acids content in food [using Streptococcus faecalis and Lactobacillus arabinosus. 053082
A **simple** *plating* method for the isolation and enumeration of Propionibacteria [used in cheese making]. 053657
Nitrate-induced corrosion of **tin** *plate* as affected by organic acid food components. 053587

PLATEAU

Preliminary disease study of the broadbean (Vicia faba L.) in the **central** *plateau* of Mexico. 059700
Observations on the characteristics of flowering biology of spring wheat in **cold** *plateau* region of Tsinghai. 058069
Absence of a *plateau* in **length-tension** relationship of rabbit papillary muscle when internal shortening is prevented. 054641

PLATELETS

Ultrastructure of **blood** *platelets* in cattle with East Coast fever. 055430
Cleavage of thrombosthenin A by thrombin. Evidence for the existence of two types of **bovine** *platelet* actin. 054368
The ultrastructure of *platelets* of **man** and animals [Dogs, rabbits, chickens]. 054724

PLATFORM
Rural landscape assessment: a comparative evaluation of **high** *platform* remote sensors [Natural resources, planning, recreation]. 062533

PLEBEJUS
Transmission of Spiroplasma citri to plants [by the leafhopper **Euscelis** *plebejus].* 059590

PLECIA
Metabolism of the **"lovebug"** *Plecia* nearctica (Diptera: Bibionidae). 060654

PLECOPTERA
Tasmanian **Antarctoperlaria** *(Plecoptera)* [New taxa]. 061128
Structure and function of the vesicle and the **hammer** of *Plecoptera.* 061066
Amphinemura reinerti, a new stonefly from northern **Mexico** *(Plecoptera:* Nemouridae). 061239
Distribution of the superfamily nemouroidea in West Virginia (Insecta: *Plecoptera)* [**New** taxa]. 061162

PLECTOPTERA
Heptageniidae *(Ephemeroptera)* of Wisconsin. 061181
Ecology and biogeography of **mayflies** *(Ephemeroptera)* of running waters in the Polish part of the Carpathians. 1. Distribution and quantitative analysis. 056374

PLECTROCNEMIA
The distribution of two predators *[Plectrocnemia* **conspersa,** Sialis fuliginosa] and their prey in an iron rich stream. 060893

PLEIOTROPIA
Differential expression of a *pleiotropic* **gene** for flowering in rice. 057146

PLEISTOCENE
The *Pleistocene* **changes** of vegetation and climate in tropical South America [Palynology]. 056526
Lower *Pleistocene* palynomorphs [Acacia and Eucalyptus] from the Ohuka Carbonaceous Sandstone, south-west Auckland, New Zealand. 056539

PLEUROPNEUMONIA
Improving the specificity and yield of the contagious **bovine** *pleuropneumonia* complement fixation test antigen. 055743
A Mycoplasma [mycoides] from chronic **caprine** *pleuropneumonia* in Kenya. 055775
Haematological and plasma protein changes in **caprine** *pleuropneumonia.* 055776

PLEUROTHALLIS
Pleurothallis **[northenae]**—an innocent pariah [Orchidaceae, new taxa]. 056389
Pleurothallis—**orchids** for the connoisseur. 058926

PLEUROTUS
Induction of a new laccase form in the **fungus** *Pleurotus* ostreatuus by ferulic acid. 057741
Nutritive value of **mushroom** *Pleurotus* sajor-caju (Fr.) Singer. 053251

PLEXUS
The vascular pattern of Italian ryegrass (Lollium multiflorium Lam.). 4. The **peripheral** *plexus,* and nodal root insertion. 056781

PLINTHITE
Plinthite **characterization** in selected Southern Coastal Plain soils. 061842

PLODIA
Bacillus Thuringiensis for controlling three species of moths in stored grain [Trichoplusia ni, *Plodia* **interpunctella,** Cadra cautella]. 060391
Food consumption by [the meal moth] *Plodia* **interpunctella** feeding on diets containing insect growth regulators [used for pest control]. 060403

PLOTS
Plotting **board** for determining Karakul skin size. 053833
New equipment [**Chain** *plot* combine]. 061519

PLOWING
Better top soil—**adaptable** *plowing!* [Equipment]. 061577
Farmers are turning away from *plowing* [**Minimum** tillage]. 062161
Mechanical erosion of soils on slopes as a **result** of *plowing.* 062164

PLOWS
Know what's available when you **buy** a *plow.* 061526
A history of *plough* **development** in British forestry. I. Introduction and early developments. 055990
What should the *plough* of the **future** look like? 061574
Amelioration of the *plow* **layer** of the soil and the [crop] yields. 062163
Demonstration of a **quality** *plow* at Lelystad. 061558
Designing the edge of **self-sharpening** *plough* shares. 061541
How your tillage can become still better in **tilling** *[Plows].* 061495

PLUGS
Sealing systems in phloem [Callose and **slime** *plugs].* 056839

PLUMBAGIN
Plumbagin from **Plumbagella** micrantha. 057461

PLUME
Poppycock: the *plume* **poppy.** 059073

PLUMERIA
Reversion of embryo in a seed of *Plumeria* **[rubra].** 056830

PLUMS
Effects of selected rootstocks on growth and productivity of two cultivars of Prunus **domestica** *[plums].* 058950
Flavonoids from the fruit of the yellow **myrobalan** *plum.* 058335
Physiological and biochemical processes of peach grafted on apricot and **myrobalan** *plum* in connection with their incompatibility. 058355
Study of the compatibility of peaches with rootstocks of apricots and **myrobalan** *plums.* 059202
Disease and insect control in home orchards [Peaches, apples, *plums,* **pears].** 059725
Frost resistance of apple and *plum* **varieties** in relation with the alterations of temperature and the level of impedance. 058536

PLUMULE
Effect of seed treatment with gibberellin on the strength of *plumule* of **paddy** rice when sown deeply under upland field conition. 058843

PLUSIA
First record of the microsporidia Nosema sp. On *Plusia* **peponis** F. from India [Vegetable pest, natural control]. 060274
Plusia **putnami** gracilis (Lemke) in Somme (Lepidoptera, Noctuidae, Plusiinae). 061096

PLUSIIDAE
Cross-infectivity of six plusiine nuclear polyhedrosis virus isolates to plusiine hosts *[Plusiinae,* **insect** pests, biological control]. 060144
Plusia putnami gracilis (Lemke) in Somme (Lepidoptera, **Noctuidae,** *Plusiinae).* 061096
Plusiinae of **Reunion** (Lepidoptera, Noctuidae) [New taxa]. 061142

PLUTONIUM
Dose-response relationships for Beagles injected with 239Pu(IV) or 241Am(III) *[plutonium* and **americium** isotope]. 055912
Late effects of **inhaled** *plutonium* in dogs. 055913

PLYWOOD
Plywood in **agriculture.** 056185
Problems that could arise from the imposition of import **controls** *[Plywood].* 056287
Frequency analysis of wood-failure data from **exterior** *plywood.* 056167
Plywood **futures** and industry growth. 056225
Identification of glue in *plywood* **glue** line. II. 056184
Tannin extended phenol-formaldehyde resin adhesives for BWP **grade** *plywood.* 056188
Potential for *plywood:* the **outlook** for Japan. 056226
Modulus of rigidity of wood-based **panels.** I. *Plywood.* 056193
Noise-reducing tooling for planer noise control *[Plywood* use]. 056221
Competition among distributors brings keen **prices** *[Plywood].* 056276
Limitations and import dumping bother the **trade** *[Plywood].* 056283

PNEUMATIC
Noise reduction in *pneumatic* **ducts** that convey peanut hulls. 062563

PNEUMONIA
An outbreak of **acute** *pneumonia* in young, single-suckled calves. 055783
Pneumonia **associated** with Torulopsis glabrata in an abortedbovine fetus. 055763
The costs of dairy **calf** *pneumonia* [Infectious diseases]. 055675
Experimentally produced **calf** *pneumonia.* 055742
Arthritis and *pneumonia* in **cattle** caused by mycoplasma. 056657
Exposure of lambs to atmospheric ammonia *[Pneumonia,* **feed** consumption]. 055907
Hunt for killer to help calves **[Mycoplasmas,** *pneumonia].* 055716
Prevention and control of shipping fever **[Pasteurella** *pneumonia].* 055482

POA
An inoculation apparatus for evaluation of Bipolaris sorokiniana lesion development on progressively older leaves of *Poa* **pratensis.** 059415
Development of healthy shoots from *Poa* **pratensis** systemically infected by Ustilago striiformis and Urocystis agropyri. 059433

POACEAE
Concerning the origin and main trends of **evolution** in *Poaceae.* 056585

PODOCARPUS
Studies of foliar mineral leaching in Mont Kenya forest tree seedlings *[Podocarpus* **gracilior,** Podocarpus milanjianus, Olea africana]. 058602

PODOPHYLLUM
Studies on seed germination of *Podophyllum* **emodi** Wall. 057800

PODS
Mobilization and exudation of photo-assimilated 14C [carbonisotope] by **developing** *pods* of groundnut (Arachis hypogaea L.). 058205
Harvesting times of orchid seed capsules for the **green** *pod* culture process. 058924

PODZOLS
Effects of extractants on analytical characteristics and pyrolysis gas chromatography of *Podzol* **fulvic** acids. 061676
On the effect of drainage in **heavy** *soddy-podzolic* soils relative to profile surface. 062314
Podzolic **illuvial-humus** soils of the north part of Primorye. 061761
Simultaneous determination of the absorbing capacity and exchangeable calcium and magnesium in acid non-limed and **limed** *soddy-podzolic* soils. 061738
Conversion of pyrophosphate and tripolyphosphate of potassium [fertilizers] in acid and **limed** *soddy-podzolic* soils. 061981
Effect of fertilizers on yield and chemical composition of early potatoes in *soddy-podzolic* **loamy** sandy soil. 061985
New chronological interpretation of the B2 A1 black deep **ocre** *Podzolic* horizon soil in Cevennes. 061653
Rheologic characteristics of *soddy-podzolic* **sandy-loam** soils. 061702
Fertility of **soddy** *podzolic* soils and productivity of crop rotation elements with various percentage of cereals. 058780
The seasonal dynamics of the definite qualities of humic acids of *Podzol* **soil.** 061763
The alteration of agrochemical properties of *soddy-podzolic* **soil** throughout the profile under the effect of 62 years of application of fertilizers and periodical liming. 061952
The alteration of the phosphate regime in *soddy-podzolic* **soil** as a result of annual and supply application of superphosphate and ground phosphate rock under the conditions of liming. 061953
Comparative micromorphology of *soddy-podzolic* **soils** derived from loamy moraine and noncalcareous loess-like loam. 061674
Acid-alkali equilibrium of *Podzolic* **soils,** its causes and effects. 061787

POECILOCERUS
Utilization of free amino acids of food in the digestive tract of the **"Ak" grasshopper** *Poecilocerus* pictus (Fabr.). I. Studies on Vth instar nymphs. 060813
Neuroendocrine activity in **male** *Poecilocerus* pictus Fabricius (Acridoidea: Pyrgomorphidae). 061054

POGONOMYRMEX
Recruitment behavior, home range orientation and territoriality in harvester **ants,** *Pogonomyrmex.* 060690

POISON
Amanita phalloides in California *[Poisonous* **fungi].** 060020
The course of an intentional poisoning *[Poisonous,* **fungi].** 060021
A contribution to the study of the length of the *poison* **gland** of honeybee workers. 061374

POISONING
Benzoic **acid** *poisoning* in the cat. 055951
Paraquat [herbicide] *poisoning* in a **dog** and cat. 055952
Rapid screening determination of nitrate in baby food using the nitrate-selective **electrode** *[Poisoning].* 052990
Inhibition of Clostridium perfringens by heated combinations of nitrite, sulfur, and ferrous or ferric ions **[Food** *poisoning].* 052946
Microbiological methods for monitoring marine waters for possible health effect [Pollution, **food** *poisoning].* 062505
Manure **gas** *poisoning* in a swine raising operation. 055921
Efficacy of pralidoxime iodide and obidoxime dichloride as antidotes in *diazinon-poisoned* **goslings.** 055900
Pesticides and **honeybees** *[Poisoning].* 061370
The course of an **intentional** *poisoning* [Poisonous, fungi]. 060021
The effects of **lead** *poisoning* on various plasma constituents in the Canada goose. 055919
Solanum **malacoxylon** *poisoning* in pigs. 055928
Honeybee protection from pesticide treatments [Apis **mellifera,** *poisoning].* 061291
Oral toxicity to foraging honeybees of pesticides declared harmless to beneficial insects [Apis **mellifera,** *poisoning].* 061293
Detection and diagnosis of arsenic and **mercury** *poisonings* via the Reinsch test [Farm animals]. 055955
Numbers of Dendroctonus rufipensis (Kirby) and Thanasimus undatulus Say at **pheromone-baited** *poisoned* and unpoisoned trees [Picea engelmannii, Picea glauca]. 060365
Some thoughts on organic **phosphate** *poisoning.* 060539
Poisoning in **sheep** from emory milkvetch [Astragalus emoryanus] and nitro compounds. 055917

Relation between the occurrence of the *iodine-poisoned* **silkworm,** Bombyx mori, larvae and the iodine concentation. 061356
Feed-related **urea** *poisoning* in ruminants. A survey. 055923
An incident of mushroom [Amanita **virosa**] *poisoning.* 053016

POLAR

Immunofluorescent *polar* tips of Rhizobium japonicum: possible site of attachment or lectin binding. 061710
Interfacial regulation: influence of **lipid** *polar* group conformation on lipid activitation of C55-isoprenoid alcohol phosphokinase apoprotein [Ficus elastica]. 057574
Diol inositolphosphatides in *polar* **lipids** of Helianthus annuus [sunflower]. 058039
Isolation and identification of a *polar* **metabolite** of tetrachlorobiphenyl from bile of a rainbow trout exposed to 14C [carbon isotope]-tetrachlorobiphenyl. 060530
Nature of cell-to-cell transfer of auxin in *polar* **transport** [Maize]. 058210

POLARIMETRY

Remote measurements of water pollution with a **lidar** *polarimeter.* 062428

POLARIZATION

Polarity of **actin** filaments in characean algae [Nitella flexilis, Chara australis]. 057935
Erucic acid content and *polarity* of a **glyceride** molecule [in rapeseed oil]. 053858
Polarization **induced** colour patterns: a model of the perception of the polarized skylight by insects. I. Tests in choice experiments with running honey bees apis mellifera. 061343
Polarity of **stem** of Pinus sylvestris in respect to auxin stimulation of cambial activity. 058588
The *polarity* of **stripping** of coat protein subunits from the RNA in tobacco mosaic virus under alkaline conditions. 059571

POLAROGRAPHY

Uptake of oxygen by the filamentous and yeast forms of Sporothrix schenckii studies by *polarography* **[Fungi].** 057377
The *polarographic* **reduction** of some dinitroaniline herbicides. 060518

POLES

Origin and embryonic development of fertile gonads with and without *pole* **cells** of Pimpla turionellae L. (Hymenoptera, Ichneumonidae). 061065
About the economic aspect of land reclamation in the *Poles'ye* **zone** of the Ukrainian SSR. 052474

POLISTES

Biologically active ingredients in the venom of yellow wasp, *Polistes* **hebraeus** Fabricus (Hymenoptera: Polistidae). 060671
Biologically active ingredients in the venom of yellow wasp, *Polistes* **hebraeus** Fabricus (Hymenoptera: Polistidae). 060672
Nest reutilization by *Polistes* **metricus** (Hymenoptera: Vespidae) and possible limitation of multiple foundress associations by parasitoids [Chalcoela iphitalis]. 060944

POLLEN

Quercetin 3-sophoroside from the *pollen* of **Alnus** glutinosa and Fraxinus lanceolata. 058567
Late Quaternary vegetational history of the North York Moors. I. *Pollen* **analyses** of blanket peats. 056523
Late Quaternary vegetational history of the North York Moors. II. *Pollen* **analyses** of landslip bogs. 056524
The importance of the *pollen* **analysis** of honeys. 053475
The fossil florule and *sporo-pollen* **assemblage** of the Shang-in coal series of Erhyuan, Yunnan. 056371
An application of principal components analysis to the zonation of two Late-Devensian profiles. I-II. *[Pollen* **concentration].** 056550
Pollen **diagrams** from the Shetland and Faroe Islands. 056554
Development of *pollen* **embryoids** in anther cultures of Datura innoxia. I. General observations and effects of physical factors. 057695
Development of *pollen* **embryoids** in anther cultures of Datura innoxia. II. Effects of growth hormones. 057696
Evidence of a *pollen* **esterase** capable of hydrolyzing sporopollenin [Barley]. 058077
Modern pollen surface samples—an analysis of subsamples [for **fossil** *pollen* studies]. 056529
Change in the fatty acid composition of the honeybee's body according to the amount of *pollen* **gathered** [Apis mellifera]. 061314
Distribution of alkaline phosphatase in *pollen* **grains** and pollen tubes of Calotropis procera. 057274
A meteorological model relating to the release of **Graminae** *pollen* in the London area [Allergen causing hay fever]. 056745
The effect of **grapevine** *pollen* on the germination of conidia of Botrytis cinerea. 059232
A late **Holocene** *pollen* diagram from near Lake Tahoe, El Dorado County, California. 056528
Some **holocene** *pollen* diagrams from Greece. 056600
Stomatal apparatus and *pollen* as **incidators** of plant ploidy. 057008
Induced parthenocarpy with *pollen* **irradiated** with gamma rays [Tomatoes, cucumbers, melons]. 058316
Automated chamber for irradiation of biological objects with concentrated solar light [Seed and *pollen* **irradiation].** 057581
Amino acid analysis of the flower of Vanda **Miss** *Joaquim-pollen* for the birds. 058274
Modern *pollen* surface samples—an analysis of subsamples [for fossil pollen studies]. 056529
A technique for cytological preparations following enzymatic digestion of *pollen* **mother** cell walls [Allium fistulosum]. 056918
The probable mechanism of intercellular migration of chromatin substance in *pollen* **mother** cells [Lilium davidii]. 058267
Development and productivity of bee colonies in the Middle Rhodope region as affected by **partial** *pollen* removal [Honey yield]. 061383
Determination of the quality of **pear** *pollen* [for breeding purposes]. 057052
4,2',4',6'-tetrahydroxychalcone in *pollen* of **Petunia** hybrida. 058475
Honey and *pollen* **plants** of N.S.W. [New South Wales]. 056392
Honey and *pollen* **plants** of New South Wales. 14. Red Box—Eucalyptus polyanthemos. 059210
Pollen **[Pollination,** Apis mellifera]. 061382
Numerical analysis of *pollen* **samples** from central Canada: acomparison of methods. 056599
Effect of *pollen* **size,** pollen viability and stigma receptivity on percentage seed setting in sunflower (Helianthus annuus L.). 058143
Color changes in *pollen* and **spores:** a review [Fossil plants]. 056519
Studies of the method of **tobacco** *pollen* storage. 058036
Triassic *pollen* date Moroccan High Atlas and the incipient rifting of Pangea as Middle Carnian [Paleobotany]. 056607
Greater ability of *pollen* **tube** growth in rye plants with 2Bchromosomes. 057173
Development of *pollen* **tubes** in self-fertile and self-sterile lines of sugarbeet in isolation. 057176
Distribution of alkaline phosphatase in pollen grains and *pollen* **tubes** of Calotropis procera. 057274
Differences in peroxidase isoenzymes in stigmata, styles and *pollen* of **two** selfed sunflower lines. 058242
Calculation of the primary trajectories of dust seeds, spores and *pollen* in **unsteady** winds [Plants dispersal]. 056552
Effect of pollen size, *pollen* **viability** and stigma receptivity on percentage seed setting in sunflower (Helianthus annuus L.). 058143

POLLINATION

Comparative efficiency of **alfalfa** *pollination* by Nomia melanderi, Megachile rotundata, Anthidium florentinum and Pithitis smaragdula (Hymenoptera: Apoidea). 060939
Reserves for increasing onion seed yields [Weed control **andhoneybee** *pollination].* 059108
Pollen *[Pollination,* **Apis** mellifera]. 061382
A study of the relationship between honey bee (Apis mellifera L.) and birdsfoot trefoil (Lotus **corniculatus** L.) *[Pollination].* 061375
Pollination of the **cultivated** carrot (Daucus carota L.) by the wild carrot Daucus carota var. maximus), and its implications on commerical seed production. 058371
Anomalous growth of unpollinated shortleaf pine conelets [Pinus echinata, cone **development,** *pollination].* 058576
Pollination **ecology** of interspecific hybridization in Verbena. 056956
Cytological evidence for incompatibility in the **genus** *Pinus[Pollination].* 056791
Plastic queen may rule [honey] bees in disposable **hive** *[Pollination].* 061367
Influence of **honeybee** *pollination* on the yield of shade sour cherries. 061277
Insect *pollination* and heliotropism in Oritrophium limnophilum (Compositae) of the Andean Paramo. 057325
Honeybees essential for **kiwifruit** *pollination.* 061366
Riddles around the *pollination* of **Melandrium** album (Mill.) Garcke (Caryophyllaceae) during the oviposition by Hadena bicruris Hufn. (Noctuidae, Lepidoptera). I. 061002
Homozygosity as a result of inbreeding and methods of heterotic breeding of cross-pollinated and *self-pollinated* **plant** species. 057053
Anomalous growth of *unpollinated* **shortleaf** pine conelets [Pinus echinata, cone development, pollination]. 058576
Variations in emergency of strains of Megachile pacifica (Panzer) from diverse **sources** *[Pollination].* 058095

POLLINATORS

Insect *pollinators* of the Mer Bleue peat bog of Ottawa. 060735
Studies on the relation of the population of **insect** *pollinators* [Ceratina binghami, Megachile flavipes] with seed production in lucerne (Medicago sativa). 060852

POLLUTANTS

Crops and forests as sources and sinks for **air** *pollutants.* 062530
Measurements of **atmospheric** *pollutants* in the St. Louis area. 062368
Ecophysiological studies on the uptake of the *pollutants,* **copper,** zinc and phosphate, by certain algae. 057633
Error in cadmium determinations due to adsorption by filter papers **[Environmental** *pollutants].* 062377
Pollutant **movement** to ground water from swine waste lagoons. 062535
Isotope ratios of lead as *pollutant* **source** indicators. 062441
Problems and potentialities of stable isotopes as tracers for **studying** *pollutant* behaviour under field conditions. 062444
Metabolism of bromobenzenes in the rabbit *[Pollutants,* **toxicity].** 062458

POLLUTION

Effects of **air** *pollution* on food production [Crop losses, injuries]. 052531
Site descriptions and effects of coal-fired power plant emissions on plant community structure [Effects of **air** *pollution* on a grassland ecosystem]. 056682
Vegetational conditions in the region of Jelsava with respects to the [magnesite works] emissions **[Air** *pollution].* 056752
Indexes of the susceptibility of various species of culivated plants to sulphur dioxide action **[Air** *pollution* injuries]. 059715
Influences of **air** *pollution* on the growth of ornamental and forest tree species-particularly with reference to SO2 [sulfur dioxide, injuries]. 059721
Air *pollution* and its damaging effect on plants in Israel. 059776
Lichens and bark acidification as indicators of **air** *pollution* in west central Scotland. 059791
The effects of **air** *pollution* on stomatal clogging, carbohydrate and chlorophyll contents in certain roadside plants. 059843
Efficiency of inline filters in cleaning condenser exhausts at cotton gins. Laboratory evaluation of southeastern conditions **[Air** *pollution].* 062367
Correlation between the amount of industrial dust fall and the lead and zinc accumulation in some plant species **[Air** *pollution].* 062374
Field experimental component: the bioenvironmental effects of sulphur dioxide [Grassland ecosystem, **air** *pollution].* 062398
Lichens [Parmelia chlorochroa, Usnea hirta] as predictors and indicators of **air** *pollution* from coal-fired power plant emissions. 062400
Environmental policies for electricity generation: a study of the long-term dynamics of the SO2 [sulphur dioxide] problem **[Air** *pollution].* 062402
Effects of **air** *pollution* on ecological processes. 062420
Determining the extent of oxidation of sulphur dioxide in power plant plumes from isotopic ratio measurements **[Air** *pollution].* 062439
Atmospheric sulfates from biological sources **[Air** *pollution].* 062459
Vineyard management practices influencing oxidant injury in 'Concord' grapevines **[Air** *pollution].* 062464
Preliminary economic impact assessment of possible regulatory action, to control atmospheric emissions of selected halocarbons **[Air** *pollution].* 062497
Air *pollution* and plant growth. 062532
Tidal flats in estaurine water quality **analysis** *[Pollution].* 062401
A new method of determining very slight traces of nitrogen peroxide (NO2) in *polluted* **atmospheres,** by isotope dilution and mass spectrometry. 062434
Research from a relation between chemical and **bacteriological** *pollution* in the coastal zones [Water]. 062577
Pollution in the **cellulose** group [of the pulp and paper industry]. 062492
Carbon-14 as an indicator of CO2 [carbon dioxide] *pollution* in **cities** [by sampling of deciduous tree leaves]. 062437
Influence of land development and land use patterns on water quality [Eutrophication, *pollution* **control].** 052262
Beef feedlot design and management in Michigan *[Pollution* **control].** 052417
Can the dairy industry now receive a subsidy for *pollution* **control?** 052854
Agriculture [Water quality, *pollution* **control** policies]. 052910
Man and water quality *[Pollution* **control].** 062549
What is quality water? The technical perspective *[Pollution* **control].** 062556
Methods of **controlling** *pollution* caused by the use of installations for treating products derived from grapes and wine. 062380
Protecting water from *pollution* by **crude** oil substances [used on farms]. 062486
Fate of animal viruses in effluent from liquid farm wastes *[Pollution* of the **environment].** 062473
Lead contamination of vegetation [including field and horticultural crops] grown close to roads **[Environmental** *pollution].* 052933
Nordmiljo 80, a Scandinavian project on system for **environmental** *pollution* monitoring in the pulp and paper industries. 056244
A biochemical approach to some problems of **environmental** *pollution.* 062405
Sampling and analysis of selected toxic substances. Task II. Ethylene dibromide [Pesticides, soil fumigants, **environmental** *pollution].* 062499
Lead, sodium and zinc concentrations in conifer needles as an indicator of traffic induced **environmental** *pollution.* 062583
Gas chromatographic (ECD) determination of coprostanol and cholesterol as indicators of **fecal** *pollution* in water. 062388
Microbiological methods for monitoring marine waters for possible health effect *[Pollution,* **food** poisoning]. 062505
Economic and environmental *[pollution]* **implications** of various pest control measures. 062419

The resleases of krypton-85 and tritium to the environment and tritium to krypton-85 ratios as source indicators [**Isotopes,** *pollution].* 062449
Petrol with isotopicaly differentiated **lead** added *[Pollution].* 062443
Toxicity of several chemical compounds to larvae of the silk-worm, Bombyx mori, detected in *polluted* **leaves** of mulberry[Morus] growing around the iodine and molybdenum factories in Mobara City, Chiba Prefecture. 061364
The English, semi-liquid **manure** and *pollution.* 062410
A systems approach to **marine** *pollution* monitoring. 062501
Response of Chlorella [Algae] to **mercury** *pollution.* 057634
Aquatic insects as biological monitors of heavy **metal** *pollution* [Ephemerella grandis, Pteronarcys californica]. 062375
The economic impact of remote sensing data as the source of nonpoint [water] *pollution* **monitoring** and control. 062433
Prevention of **oil** *pollution* in tidal estuaries. 062570
Thoughts on the biological reactions of [human] **organisms** to *pollution.* 062390
Biological problems in estuarine monitoring [of **organochlorine** *pollution].* 062503
Degradation mechanisms: controlling the bioaccumulation of hazardous materials [Solid and hazardous waste, **pesticides,** *pollution].* 062404
Morphology and ultrastructure of a Penicillium sp. Grown onn-hexadecane of peptone [Fungi, **peteroleum** *pollution].* 056782
Method for estimating the decomposition of hexadecane in the marine environment [Tokyo Bay, **petroleum** *pollution].* 062366
An oil spill in an alpine habitat [Effects of *pollution* on **plants,** Washington]. 059840
Zinc and cadmium in tree ring as chronological tracers of the *pollution* of a **river.** 062389
[Blue] **River** *pollution* by anticholinesterase agents [of effluents from a pesticide factory]. 062580
Uptake of trace elements by barley in *zinc-polluted* **soils.** 1. Availability of zinc to barley from indigenous and applied zinc and the effect of excessive zinc on the growth and chemical composition of barley [Toxicity study]. 059892
Uptake of trace elements by barley in *zinc-polluted* **soils.** 2. Lead, cadmium, mercury, selenium, arsenic, chromium, and vanadium in barley [Toxicity study]. 059893
Sulphur isotopic variations in relation to **sulphur** *pollution* of Lake Erie. 062446
Population, pressures, and living standards in the year 2000 [World food **supply,** *pollution].* 052898
14C/12C [carbon isotope] ratios as tracers of **urban** *pollution.* 062453
Biodegradable polyester films [Solid **waste** *pollution].* 062456
Chemical characterization of fiber building board mill effluent **[Water** *pollution].* 056268
Chlorinated hydrocarbon pesticides and mercury in coastal young-of-the-year finfish, South Carolina and Georgia—1972-74 **[Water** *pollution].* 060588
Pesticides Task Group **[Water** *pollution].* 060609
Some observations regarding pentachlorophenol levels in Haverford Township, Pennsylvania **[Water** *pollution].* 060615
Use of large quantities of liquid manure on silage maize. Report of field trials during 1972-1974 [Fertilizers, soil and **water** *pollution].* 062042
Tolerance and synthetic ability of sewage microorganisms in acid mine **water** *[Pollution].* 062384
Only by respecting the environment can we respect ourselves [Air, soil and **water** *pollution].* 062392
Remote measurements of **water** *pollution* with a lidar polarimeter. 062428
Study on ozone treatment of water-soluble polymers. I. Ozone degradation of polyethylene glycol in **water** *[Pollution].* 062468
Waste removal in the slaughter house **[Water** *pollution].* 062481
Predicting the performance of feedlot control facilities at specific Oregon locations [Runoff, **water** *pollution].* 062506
The River Authority concept in Texas **[Water** *pollution* control]. 062523
Construction **[Water** *pollution].* 062547
Illinois Natural History Survey **[Water** *pollution].* 062548
Mining **[Water** *pollution,* Illinois policies]. 062550
Plant Nutrients Task Group **[Water** *pollution].* 062551
Proceedings: Workshop on Non-Point Sources of **Water** *Pollution,* Urbana-Champaign, March 20-21, 1975. 062552
The federal perspective **[Water** *pollution* control]. 062553
Urban areas **[Water** *pollution].* 062554
Where do we go from here? **[Water** *pollution].* 062557
Controlling **water** *pollution.* 062569
Modeling pesticides and nutrients on agricultural lands [Runoff, **watershed** *pollution* in Georgia]. 060544

POLYACETYLENE

Polyacetylenic **compounds** 238. ON the constitutents of the genus Dyssodia. 057406
A **new** *polyacetylene* from Solidago altissima L. 057219

POLYACRYLAMIDE

Serum protein fractions from children of differing nutritional status analysed by *polyacrylamide* **gel** electrophoresis and electroimmunoassay. 053120
Estimation of [protein] molecular weight by *polyacrylamide* **gel** electrophoresis using heat stable fluorophors [Albumen]. 054310
Further resolution of adult chick hemoglobins by isoelectric focusing in *polyacrylamide* **gel.** 054372
Peanut (Arachis hypogaea L.) seed protein characterization and genotype sample classification using *polyacrylamide* **gel** electrophoresis. 056946
Localization of nitrogenase components and other nonhemin ferroproteids of lupin bacteroids in *polyacrylamide* **gel.** 057753

POLYAMINES

Translation of alfalfa mosaic virus RNA. **Effect** of *polyamines.* 059572
Adenylate cyclases in Physarum polycephalum [Fungi]: inhibition of a nuclear **enzyme** by *polyamines.* 057259
Polyamine **oxidase** from the leaves of cereals. 058253

POLYANTHA

Structure and configuration of polyanthin and polyanthinin-new coumarins from the roots of **Ferula** *polyantha.* 057471

POLYCHLORINATION

Residues of *polychlorinated* **biphenyl** (PCB) components in broiler cockerels receiving two aroclors in three dietary variations. 060570
Metabolism of 4,4'-dihalogenobiphenyls [Rabbits, *polychlorinated* **biphenyls].** 054566
The in vitro hydroxylation of 4'-chloro-4-biphenylol by a mushroom [Psalliotis arvense] tyrosine preparation [Testing oxidative degradation of *polychlorinated* **biphenyls].** 057402
Microbial metabolism of *polychlorinated* **biphenyls.** Studies y and sex hormone levels mponents by Alkaligenes sp. 062534
Effects of the **commercial** *polychlorinated* biphenyl mixture Aroclor 1242 on growth, viability, phosphate uptake, respiration and oxygen evolution in Scenedesmus [Algae]. 059849
Poultry excreta **containing** *polychlorinated* biphenyls as a protein [feed] supplement for lactating cows. 054865
In vitro inhibition of [rabbit muscle] lactate dehydrogenase by **insecticidal** *polychlorinated* hydrocarbons. I. Mechanism of inhibition: possible association of reduced nicotinamide adenine dinucleotide with Mirex. 060564

POLYCYCLIC

Polycyclic **aromatic** hydrocarbons in the environment: homologous series in soils and recent marine sediments. 061672

POLYELECTROLYTES

The performance-potential of *polyelectrolytes* and **high** velocity gradients in the treatment of wastewaters. 062579

POLYENES

Studies on the optical density changes in suspensions of Candida albicans NCTC 713 induced by the *polyene* **antibiotic** candicidin [Yeasts]. 057743
Sterol and fatty acid composition of *polyene* **macrolide** antibiotic resistant Torulopsis glabrata [Yeasts]. 057386

POLYESTER

Biodegradable *polyester* films [Solid waste pollution]. 062456

POLYETHYLENE

Storage of late cabbage stecklings in *polyethylene* **bags** [Effect on viability and seed production]. 058419
Induced fusion of fungal protoplasts following treatment with *polyethylene* **glycol** [Penicillium, Aspergillus nidulans, Cephalosporium acremonium]. 057710
Germination of conifer seeds under the conditions of simulated drought stress in *polyethylene* **glycol.** 058549
Study on ozone treatment of water-soluble polymers. I. Ozone degradation of *polyethylene* **glycol** in water [Pollution]. 062468
Germination of Sorghum bicolor under *polyethylene* **glycol-induced** stress. 058053
Development of Algae during growth of conifer seedlings in *polyethylene-covered* **greenhouses.** 058523
Microclimatic conditions and overwintering of lemon trees under coverings of **milky-white** *polyethylene* film. 059181

POLYGALACEAE

Structure of a saponin of *Polygala* **chinensis.** 057251
Polygala **raoi** (Polygalaceae), a new species from Kanya Kumari, Tamil Nadu, India. 056587

POLYGONATUM

Transplantation experiments with *Polygonatum* **odoratom** ecotypes in environment with various light intensity. II. Modifications of growth parameters. 057331

POLYHEDROSIS

Biochemical and serological studies of a **cytoplasmic** *polyhedrosis* virus from Arctia caja: a naturally-occurring mixtureof two virus types. 060912
Cross-infectivity of six plusiine **nuclear** *polyhedrosis* virus isolates to plusiine hosts [Plusiinae, insect pests, biological control]. 060144
Replication and passage of alfalfa looper [Autographa californica] **nuclear** *polyhedrosis* virus plaque variants in clonedcell cultures and larval stages of four host species. 060224
Survival of the **nuclear** *polyhedrosis* virus of Heliothis armigera on crops and in soil in Botswana [Pest of cotton and sorghum, biological control]. 060225
Dissolution process of **nuclear** *polyhedral* bodies in the gut of chilled larvae of the silkworm, Bombyx mori L. 061348
Susceptibility of larval tissues of the silkworm, Bombyx mori L., to the **nuclear** *polyhedrosis* virus. II. Histopathological observations of flacherie-like larvae inoculated with nuclear polyhedra following the low temperature treatment. 061361
Studies on the interference between viruses in the silkworm, Bombyx mori L. III. Interference between A and C1 strains of the *cytoplasmic-polyhedrosis* **virus.** 061359
Variation in the number of nucleocapsid within the envelope of *nuclear-polyhedrosis* **virus** multiplied in different tissues of the silkworm, Bombyx mori. 061365

POLYMERASES

High molecular weight deoxyribonucleic **acid** *polymerase* from crown gall tumor cells of periwinkle (Vinca rosea). 057303
Single-stranded DNA structure and **DNA** *polymerase* activity in the presence of nucleic acid helix-unwinding proteins from calf thymus. 054559
On the fidelity of DNA replication: Lack of exodeoxyribonuclease activity and error-correcting function in avian myeolblastosis virus **DNA** *polymerase.* 055596
Dissociation of alphabeta **DNA** *polymerase* of avian myeloblastosis virus by dimethyl sulfoxide. 055628
Initiation of DNA synthesis by the avian oncornavirus RNA-directed **DNA** *polymerase:* tryptophan tRNA as the major species of primer RNA. 055631
Nuclear membrane-associated **DNA** *polymerase* activity and fatty acid content in relation to chilling injury in cotton. 059889
Purification and properties of calf thymus polyadenosine diphosphate **ribose** *polymerase.* 054494
Rifampicin-sensitive *RNA-polymerase* B in a fragile RifS mutant of Saccharomyces cerevisiae [Yeasts]. 057359
Quantitation of elongating form A and B **RNA** *polymerases* in chick oviduct nuclei and effects of estradiol. 054433
Levels of **RNA** *polymerases* during the mitotic cycle of Physarum polycephalum [Fungi]. 057311
Transcription of circular, single-stranded DNA by maize **RNA** *polymerase* II. 058080
Properties of **RNA** *polymerases* of healthy and citrus exocortis viroid-infected Gynura aurantiaca DC. 059679

POLYMERIZATION

Determination of the level of *polymerization* and **rate** of destruction of secondary cellulose acetate [from cotton] in the process of hydrolysis. 053972

POLYMERS

Studies on hydrolysis reaction of model substances of cellulose in the presence of *polymer* **catalysts.** 5. Heterogeneous hydrolysis of fibrous cellulose in the presence of poly(vinyl alcohol-co-vinylsulfonic acid). 056197
Research-work on the chemistry of marine algae [Cystoseira barbata]. V. Correlations between *polymers* **conformation** and their capacity of iodine-complexing. Alginic acidiodine complexes. 057405
Effect of fungal **humic-like** *polymers* and their phenolic units on auxin destruction [by lentil roots extracts]. 061862
Physodes and the phenolic compounds of brown algae. Isolation and characterization of **phloroglucinol** *polymers* from Fucus vesiculosus (L.) [Algae]. 057383
Study on ozone treatment of **water-soluble** *polymers.* I. Ozone degradation of polyethylene glycol in water [Pollution]. 062468

POLYMORPHISM

Geographic variation and *polymorphism* in **Acraea** pentapolis Ward and Acraea vesperalis Gr. Smith (Lepidoptera, Acraeidae). 061200
Cytotoxic effects of leukocidin from Pseudomonas **aeruginosaon** *polymorphonuclear* leukocytes from cattle. 055566
Constant regon IgG [immunoglobulin G] allotypes in cottontail rabbits: group E **allelic** *polymorphism.* 055098
Polymorphism in **Arrhenatherum** elatius (L.) Beauv. Ex J. & C. Presl. 057107
Conditions requisite for stability of *polymorphic* **balance** in Philaenus spumarius (L.) (Homoptera). 060825
Effect of interrelated compensation within different systems of cattle **blood** *polymorphous* proteins. 054721
The utilization of *polymorphism* of **blood** groups for increasing the viability of piglets. 055256
Immunologic release of histamine from **bovine** *polymorphonuclear* leukocytes [Anaphylaxis in calves]. 055412
The role of natural enemies [predators and a parasoid Verrallia aucta] in the **colour** *polymorphism* on Philaenus spumarius (L.) [Grassland]. 060897

Isozyme variability in species of the genus Drosophila. VIII. The alcohol **dehydrogenase** *polymorphism* in North Carolina populations of Drosophila melanogaster. 060699
Cyclic guanosine 3',5'-monophosphate in the *dimorphic* **fungus** Mucor racemosus. 057643
A possible relationship between haemonchosis and **haemoglobin** *polymorphism* in Merino sheep in Kenya. 055229
Polymorphisms among **males** of the European earwig, Forficula auricularia (Dermaptera: Forficulidae). 060269
Genetic modification and **modifier** *polymorphisms* [Statistical analysis, insects]. 060841
Thermostability studies for investigating **non-electrophoretic** *polymorphic* alleles in Drosophila melanogaster. 060978
Chromosome **number** *polymorphism* of Paris quadrifolia in Ob region. 056951
Protein *polymorphisms* in domesticated species: evidence for hybrid origin? [Plants and animals]. 055101
Polymorphism in **Thymelaea** tartonraia (L.) All. And the [taxonomic] position of Passerina tomasii Duby of Corsica. 056433

POLYPEPTIDES

A comparison between the amino acid compositions of 2 **chymosin-sensitive** *polypeptides* and C-terminal segments of kappacasein. 053717
The *polypeptide* **composition** of ubiquinone-cytochrome c reductase (complex III) from beef heart mitochondria. 054365
The isolation of **further** *polypeptides* from the thylakoid membrane, their localization and function [Antirrhinum majus]. 057578
Cell-free synthesis of equine herpesvirus type 3 **nucleocapsid** *polypeptides*. 055786
Cleavage specificity of boar acrosin on *polypeptide* **substrates,** ribonuclease and insulin B-chain. 054511
Gamma-glutmyl transpeptidase of sheep-kidney cortex. Isolation, catalytic properties and dissociation into **two** *polypeptide* chains. 054472

POLYPHENOLOXIDASE

Changes in phenylalanine ammonia-lyase, peroxidase and *polyphenoloxidase* during the **development** of local necrotic lesions in pinto bean leaves infected with alfalfa mosaic virus. 059627

POLYPHENOLS

Polyphenol **oxidase** isoenzymes in avocado. 058472
Changes in the *polyphenol* **oxidases** of wheat during kernel growth and maturation. 058056
The distribution of sulfhydryl groups in Nitella [Algae] cells and the effects of *polyphenols* and **p-benzoquinone** on these. 057976
Polyphenols (**phenolic** acids and flavonoids) of varieties of Atropa belladonna L. 057373
Polyphenols of **Vernonia** pectoralis Bak. (Compositae). 057372

POLYPHOSPHATES

Preparation and characterization of some long-chain **ammonium** *polyphosphates* [Potential fertilizer materials]. 061957

POLYPLOIDS

The evolution of karyotype and *polyploidy* in **arboreal** plants. 057175
Underreplication of repetitive DNA in *polyploid* **cells** of Pisum sativum [Peas]. 058345
Genetic control of chromosome pairing in *polyploid* **fescues** [in crossing with Lolium]: its phylogenetic and breeding implications [Festuca]. 057050
Hydrocarbon-utilizing mutants of Saccharomyces [cerevisiae]yeast. III. Production of *polyploid* **forms** of the initial strains. 057160
Brazilian prospects for rubber tree [Hevea brasiliensis] culture *[Polyploids,* **growth** substances]. 059211
Chromosome pairing in *auto-polyploids* [**Maize,** cabbage]. 057138
On the origin of *polyploidy* in **Perityle** rupestris (Asteraceae). 057149

POLYPODIUM

The identity of *Polypodium* **furfuraceum** f. Pinnatisectum [New taxa]. 056384
Structures of four new triterpenes from the rhizomes of *Polypodium* **juglandifolium** [Pteridophyta]. 057679
Observations on the forms of *Polypodium* **vulgare** L. 056804

POLYRIBOSOMES

Zein synthesis in maize endosperm by *polyribosomes* **attached** to protein bodies. 058239
On the stabilization of *polyribosomes* in **Blakeslea** trisporaThaxter during the stimulation of carotinoid synthesis by beta-ionone [Fungi]. 057524

POLYSACCHARIDES

Native glucomannans from the plants of genus Eremurus, partially **acetylated** *polysaccharides*. 057520
Detailed structure of an **acidic** *polysaccharide* in soy sauce, confirmed by use of two kinds of purified pectinases. 053866
Separation of aldoses and *polysaccharides* by **cellulose** thinlayer chromatography and a new spray reagent for the sensitive detection of these carbohydrates. 056190
Effects of *polysaccharides* on **cholesterol** metabolism. 6. Effects of various polysaccharides on serum and liver cholesterol levels in cholesterol-fed rats. 053238
Contribution to the characterization of the sodium chlorite delignification of spruce [Picea] wood. II. Investigations of liquors from various delignifactions with special regard to **dissolved** *polysaccharides*. 056253
Polysaccharides of **Eremurus.** 057462
The production of **extracellular** *polysaccharides* by a hydrocarbon assimilating yeast [Candida lipolytica]. 057216
Covalent structure of the **extracellular** *polysaccharide* from Xanthomonas campestris: evidence from partial hydrolysis studies. 059504
An extracellular **fungal** *polysaccharide* composed of 2-acetamido-2-deoxy-D-glucuronic acid residues [Rhinocladiella elatior]. 057404
Plant mucilages. XI. Isolation and characterization of a **mucous** *polysaccharide,* "paniculatan," from the barks of Hydrangea paniculata. 057498
Effects of polysaccharides on cholesterol metabolism. 6. Effects of various *polysaccharides* on **serum** and liver cholesterol levels in cholesterol-fed rats. 053238
Regulation of lettuce hypocotyl elongation by gibberellic acid. Correlation between cell elongation, stress-relaxation properties of the cell wall and **wall** *polysaccharide* content. 058493

POLYSOMES

Ricin does not act as an endonuclease on L **cell** *polysomal* RNA [Castorbeans]. 058020
Size comparison of poly (A)-RNA from *polysomes* and from **nuclei** of the yeast Saccharomyces cerevisiae. 057990

POLYSPHONDYLIUM

Preliminary characterization of the acrasin of the cellular slime **mold** *Polysphondylium* violaceum. 057936
Synergistic fruiting body construction by *Polysphondylium* **violaceum** mutants [Slime moulds]. 057067

POLYSTICHUM

Taxonomic problems in the fern **genus** *Polystichum* caused by hybridization. 056399

POLYSTIGMA

Leaf spot of Prunus cornuta Steud. Incited by *Polystigma* **rubrum** (Pers. ex. Fr.) DC. 059285

POLYTENE

Comparison of in vivo and in vitro RNA synthesis on *polytene* **chromosomes** of Drosophila [melanogaster]. 060749
Electron microscopic studies on the *polytene* **chromosomes** of Chironomus thummi salivary glands. I. Ultrastructural mapping. 060751
Changes of the structure of Drosophila **melanogaster** *polytene* chromosomes after a long-term cultivation of larval salivary glands in the imago abdomen. 061039

POLYTRICHALES

Studies on the development of the conducting tissue-system in the gametophytes of some *Polytrichales* **[Bryophytes].** III. Further observations on leptoids, with particular reference to their endoplasic reticulum. 056906

POLYUNSATURATES

Increasing the *polyunsaturated* **fat** content of beef and lamb. 053824

POLYVINYL

Polyvinyl **chloride:** why FDA acted. 053442

POME

Pome **fruit** virus infections of some woody ornamental and indigenous species of Rosaceae. 059598
Effect of some *pome* **fruit** viruses, mycoplasmalike, and other pests on bradford ornamental pear trees. 059649
Protected fruit growing. 3. Winter frost damages and frost protection of *pome* **fruits,** 1963-1975. 059701

POMEGRANATE

Quality of some deciduous fruits (apple, grape and *pomegranate)* of **Baluchistan.** 054064

PONCIRUS

Isoponcimarin: new coumarin from *Poncirus* **trifoliata** [Trifoliate oranges]. 058471

POND

Biological *ponds* and wastewater treating practice. 062581
Insecticide toxicity to three insects from **Ohio** *ponds* [Lestes congener, Notonecta undulata, Peltodytes]. 060585
The Odonate fauna established at an artificially **prepared** *pond* in Heirinji Temple forest. 061252
Nitrogen and phosphorus fertilization of aquatic vascular plants and algae in **replicated** *ponds*. I. Initial response to fertilization. 061943
Limnological studies of and primary production in **temple** *pond* ecosystems [Blue green algae]. 056696

PONDEROSA

Fomes annosus in roots of **mature** *ponderosa* pine [Pinus ponderosa] in western Montana. 059437
Distribution of *ponderosa* **pine** forest densities on the Salt-Verde River Basin. 056133
Range management and its ecological basis in the *ponderosa* **pine** [Pinus ponderosa] type of Arizona: the status of our knowledge. 056762
Fomes annosus in roots of mature ponderosa pine **[Pinus** *ponderosa]* in western Montana. 059437

PONIES *see* HORSES

POPCORN

Study of **incompatibility** in *popcorn*. 057185
Physical **properties** of *popcorn*. 053969

POPILLIA

Japanese beetle *[Popillia* **japonica]** (a crop pest not yet established in Europe). 060163

POPLAR

Control of **aspen** *poplar* [Populus tremuloides], balsam poplar [Populus balsamifera L.], and prickly rose [Rosa acicularis] by picloram alone and in mixtures with 2,4-D [(2,4-dichlorophenoxy)acetic acid]. 060002
Growing *poplar* [Populus] for cellulose. II. 056090
Some problems of **hybrid** *poplar* [Populus] selection and management in Ontario. 056094
On the depth required for *poplar* **planting** along Bulgaria's southern Black Sea coast. 056110
Purification and some properties of an Italian isolate of *poplar* **[Populus]** mosaic virus. 059636
The effect of different concentrations of fluorine on the content of chlorophylls a and b in *poplar* **[Populus]** leaves. 059752
Life-cycle of a spiral gall aphid, Pemphigus spirothecae (Homoptera: Aphididae), on *poplar* **[Populus** nigra] in British Columbia. 060364
Poplars **[Populus]** for controlling [soil] erosion. 062147
Study of the effect of stand density on the growth and wood performance of *poplar* **stands.** 056111
Is **two-tier** *poplar* tree [Populus] farming suitable for New Zealand? 056020
Electron microscopy of vesicular-arbuscular mycorrhizae of **yellow** *poplar* [Liriodendron tulipifera]. III. Host-endophyte interactions during arbuscular development. 058563
Electron microscopy of vesicular-arbuscular mycorrhizae of **yellow** *poplar* [Liriodendron tulipifera]. IV. Host-endophyte interactions during arbuscular deterioration. 058564

POPPY

Clipping affects flowering of *California-poppy* **[Eschscholzia** californica] at two growth stages [Browse damage]. 059201
An interesting line of **opium** *poppy* [Papaver somniferum, varieties, drug plants]. 059221
Poppycock: the **plume** *poppy*. 059073

POPULATION

Photoperiodic responses of phenologically **aberrant** *populations* of pierid butterflies [Pieridae] (Lepidoptera). 060834
Pecan [Carya illinoensis] weevil, Curculio caryae (Coleoptera: Curculionidae). 2. Estimation of **adult** *populations*. 060268
Grazing of ciliates [Colpoda steinii] on blue-green algae [Anacystis nidulans]: Effects of light shock on the grazing relation and on the **algal** *population*. 059919
The *population* of **Amblyseius** largoensis [predatory mite] and its dynamics in citrus groves [Mandarine oranges]. 060337
A *population-based* **animal** tumor registry. 055836
Habitats and *populations* of the **ant** Stenamma diecki Emery in southern Michigan. 060835
Demonstration of some self-compatible types amongst the almond tree varieties (Prunus amygdalus Batsch) of the **Apulian** *population* [Breeding]. 056936
Size fractionation of natural **aquatic** *populations* [phytoplankton, Algae] associated with autotrophic and heterotrophic carbon uptake. 057739
The reaction of resistant cultivars of barley to some **Australiank** *populations* of Heterodera avenae [Cereal cyst nematode]. 059832
The *population* **biology** of neotropical cicadas. 1. Emergences of Procollina and Carineta in a mountain forest. 060703
The population genetics of parthenogenetic strains of Drosophila mercatorum. II. The capacity for parthenogenesis in a natural, **bisexual** *population*. 060832
Population **build-up** of Amrasca biguttula biguttula (Ishida) on different varieties of cotton. 060209
Population studies on the maize-borer, Chilo partellus (Swinhoe), in the Punjab. II. *Population* **build-up** during the active season. 060210
The *population* **build-up** of Pyrilla perpusilla Walker on sorghum and pearlmillet under dryland conditions at Delhi. 060212
Isozyme variability in species of the genus Drosophila. VIII. The alcohol dehydrogenase polymorphism in North **Carolina** *populations* of Drosophila melanogaster. 060699
Kinetics of the hair follicle **cell** *population* in the sheep. 054722
Effects of physical conditions of medium on karyotypes of **cell** *populations* in vitro [Vicia hajastana]. 056872

Population **census** data and key factor analysis for the viburnum whitefly, Aleurotrachelus jelinekii (Frauenf.), on three bushes [Viburnum tinus]. 060299
Population **change** and farm settlement in the northern United States [History]. 052246
Variation within common groundsel, Senecio vulgaris L. II. Local differences within **cliff** *populations* of Puffin Island. 056727
Population **cytogenetics** of the genus Caledia (Orthoptera: Acridinae). I. Inter- and intraspecific karyotype diversity. 060754
The effect of urea on *population* **density** of the ciliates Entodinium clivated in vitro [Rumen protozoa, role in feed utilization]. 054395
Interactions of individual plant variations within *population* **density** of Phleum varieties. 056728
Effects of row spacing and *population* **density** on grain sorghum production in southern Alberta. 058666
Olfactory activity of Cimex lectularius L. In relation to sex and age composition and **density** of *population*. 061029
Some aspects of *population* **development** and improvement in the Egyptian maize [breeding] programme. 057043
Population **dynaics** of Trogoderma granarium Everts (Coleoptera: Dermestidae) in rural wheat stores in the Punjab. 060397
The influence of intensity factors on the *population* **dynamics** of migratory root nematodes with special consideration of the genus Pratylenchus Filipjev. I. Influence of sprinkler irrigation. 059908
The influence of intensity factors on the *population* **dynamics** of migratory root nematodes with special consideration of the genus Pratylenchus Filipjev 1934. II. Influence of nitrogen fertilization. 059909
The *population* **dynamics** of an Australian wolf spider, Geolycosa godeffroyi (L. Koch 1865) (Araneae: Lycosidae). 060896
The role of seed reproduction in the dynamics of **established** *populations* of Hieracium floribundum and a comparison withthat of vegetative reproduction. 059927
Estimating *population* levels of Clostridium perfringens in foods based on alpha-toxin. 053000
A preliminary study of circulating vitamins in a Puerto Rican migrant **farm** *population* in New Jersey. 053095
A preliminary study of circulating vitamins in a Puerto Rican migrant **farm** *population* in New Jersey. 053096
Influence of natural Nosema sp. Infections on **field** *populations* of Malacosoma americanum (Lepidoptera: Lasiocampidae). 060942
Population **fluctuation** of economically important cotton plant insects in Laguna Province (Coahuila) and Ceballos, Durango, during five years. 060168
Increase of **forest** *populations*. 055989
The *population* **genetics** of parthenogenetic strains of Drosophila mercatorum. II. The capacity for parthenogenesis in a natural, bisexual population. 060832
Behaviourial and electrophysiological reactions to sex attractants in codling moth Laspeyresia pomonella (Lepidoptera, Tortricidae) from different **geographical** *populations*. 060384
Variation in the Azotobacter [soil bacteria] *population* from several **habitats** in the Botanical Garden in Poznan. 061636
The genetics of **haploid-diploid** *populations* [of yeast, Saccharomyces cerevisiae] with vegetative and sexual reproduction. 057021
Morphology, biology and ecology of *populations* of **Hypera** postica (Gyllenhal) Coleoptera: Curculionidae in Quebec. 060963
Insect *population* control using genetic engineering. 060122
Plant bugs [Anthonomus grandis, Heliothis zea, Heliothis virescens] and natural enemy **insect** *populations* on frego bract and smoothleaf cottons [Biological control]. 060241
Studies on the relation of the *population* of **insect** pollinators [Ceratina binghami, Megachile flavipes] with seed production in lucerne (Medicago sativa). 060852
A spatial approach to **insect** *population* dynamics. 060971
Epizootiology of Massospora levispora [Fungi] in an **isolated** *population* of Okanagana rimosa. 060849
A food product basis for [the *population* **living** around] the Baikal-Amur highway [The creation of livestock and food crop farms in East Siberia and Far East]. 052319
Towards developing high quality protein **maize** *populations* in the Egyptian maize programme [Breeding]. 057044
Effects of prescribed burning on small **mammal** *populations* in a mixed-oak [Quercus] clearcut. 056114
Small **mammal** *populations*, vegetational cover, and hunting use of an Ohio strip-mined area. 062493
Microbiological study of halomorphic soils in southern Algarve. I. **Microbial** *population* densities and their characterization. 061644
Effects of **mite** *population* density on 'Newtown' and 'Golden Delicious' apple tree performance [Panonychus ulmi, Tetranychus urticae, Tetranychus mcdanieli]. 060297
Cultivon of **mixed** *populations* of Streptococci and Lactobacilli in cheese starter. 053660
Lethal genes on the sex chromosomes concealed in a *population* of the **mosquito** Aedes aegypti L. 060826
Cytogenetics of Scilla scilloides complex. V. The relationship between two adjacent **natural** *populations*. 057112
Photosynthetic and respiratory responses of **natural** *populations* of Koeleria cristata grown in three environmental regimes. 057328
Genetics of **natural** *populations*. XLIII. Further studies on rates of dispersal of Drosophila pseudoobscura and its relatives. 060829
Substrate-specific enzyme variation in **natural** *populations* of Drosophila pseudoobscura. 060831
An analysis of allelic diversity in **natural** *populations* of Drosophila: The correlation of rare alleles with heterozygosity. 060840
The intensity of selection for electrophoretic variants in **natural** *populations* of Drosophila. 060846
Variability of Northofagus obliqua (Mirb.) **Oerst** *populations* in their geographic distribution area. 056408
Patterns of survival and microevolution in **plant** *populations*. 057618
Effects of **plant** *population* on forage corn yields and maturity on Prince Edward Island. 058665
Consequences of removal of pupae for a *population* of **Potamophylax** cingulatus (Trichoptera) in a south Swedish stream. 060987
Population, **pressures,** and living standards in the year 2000 [World food supply, pollution]. 052898
Evaluation of the grid method for sampling Rhodnius **prolixus** *populations* in houses [near San Carklos, Cojedes]. 060504
Quantitative estimation of competitive effects in winter **rape** *populations* [using two inbred lines]. 057204
Decline of the U. S. **Rural** *population*. 052188
Colonization of Macrophomina phaseolina on cotton roots in relation to **sclerotial** *population* in soil. 059366
Buried **seed** *populations* in the subarctic forest east of Great Slave Lake, Northwest Territories [in relation to vegetational recovery after fires]. 057389
Improving the supply of early vegetable to the *population* of **Siberia** [as part of Five-Year Plan]. 052844
Land needs for food and fiber with a *population* of **six** billion. 052896
[Rural] *population*. **Social** and economic indicators for planning. 052100
Variability and selection in **soybean** *populations*. 057012
The effect of Drosophila [melanogaster] release on the [predator] **spider** *population* in a paddy field. 060170
The effect of Drosophila release on the **spider** *population* in a paddy field. 060678
Influence of pangolagrass burning on the *population* of **spittlebugs** [Aeneolamia postica] and other insects. 060167
The genetic composition of Philaenus **spumarius** *populations* in island habitats variably affected by voles. 060785
Altruism, competition and kin selection in *populations* [**Statistical** analysis, plant genetics]. 057018
Studies on *population* **structure** of kudzu vine (Pueraria lobata Ohwi). 2. A method for classification and presentation of root systems. 058140
Population **studies** on the maize-borer, Chilo partellus (Swinhoe), in the Punjab. II. Population build-up during the active season. 060210
A natural history and *population* **study** of durmast oak (Quercus petraea Liebl.) in the northwest Caucasus. 056082
Population **study** of the sclerotia of Macrophomina phaseolina in cotton fields. 059367
An approach to **studying** *population* ecology of bark beetles [Pityogenes chalcographus]. 060383
Spine number on the pecten and comb of fourth instar larvae of Aedes aegypti L. differences between **two** *populations*. 060827
Daughter cells as an important factor in determining the physiological state of yeast [Candida **utilis**] *populations*. 057322
Responses of **weed** *populations* to human manipulations of the natural environment. 060085
Variation and selection in western montane species. II. Variation within and between *populations* of **white** fir [Abies concolor] on an elevational transect [in the central Sierra Nevada mountains of California]. 056132
Populations of **wild** eikorn wheats of Transcaucasia [Genetic heterogeneity]. 056985
Estimation of the *population* of **Xanthomonas** oryzae introduced into natural ecosystems. 059509

POPULUS

Control of aspen poplar [Populus tremuloides], balsam poplar *[Populus* **balsamifera** L.], and prickly rose [Rosa acicularis] by picloram alone and in mixtures with 2,4-D [(2,4-dichlorophenoxy)acetic acid]. 060002
Presence of canker of aspen *[Populus]* **caused** by Hypoxylon mammatum (Wahl.) Mill in France. 059223
Growing poplar *[Populus]* for **cellulose.** II. 056090
Poplars *[Populus]* for **controlling** [soil] erosion. 062147
Residues of trichlorfon and lauroly trichlorfon in Douglasfir, willow, grass, aspen foliage [Pseudotsuga menziesii, Salix, Festuca, *Populus]* and in **creek** water after aerial application. 059720
Kabatina populi nov. Spec. [Found on *Populus* **eurameri cana,** fungi]. 056582
Growth and wood performance of some **European-American** *Populus* clones on riverside soils and dry sites beyond rivers in Bulgaria. 056108
Is two-tier poplar tree *[Populus]* **farming** suitable for New Zealand? 056020
Hybridization and experimental mutagenesis in certain species of the section Leuce, **genus** *Populus*, as a method for genetic investigations and breeding of new forms. 056109
Radial distribution of corticular photosynthate in stems of bigtooth and trembling aspen *[Populus* **grandidentata,** Populus tremuloides]. 058580
The effect of different concentrations of fluorine on the content of chlorophyils a and b in poplar *[Populus]* **leaves.** 059752
111 relationship of winter transpiration of selected species from the genera Viburnum, *Populus* and **Lonicera** to the northern boundary of their geographical distribution. 057763
Some problems of hybrid poplar *[Populus]* selection and **management** in Ontario. 056094
Purification and some properties of an Italian isolate of poplar *[Populus]* **mosaic** virus. 059636
Life-cycle of a spiral gall aphid, Pemphigus spirothecae (Homoptera: Aphididae), on poplar *[Populus* **nigra]** in British Columbia. 060364
Remote sensing applications: forest tree disease detection and vegetation classification within the sub-boreal forest region **[Picea,** *Populus].* 059782
Germination of teleutospores of Melampsora pinitorqua Rostr. [On *Populus* **tremula].** 059301
Radial distribution of corticular photosynthate in stems of bigtooth and trembling aspen [Populus grandidentata, *Populus* **tremuloides].** 058580
Control of aspen poplar *[Populus* **tremuloides],** balsam poplar [Populus balsamifera L.], and prickly rose [Rosa acicularis] by picloram alone and in mixtures with 2,4-D [(2,4-dichlorophenoxy)acetic acid]. 060002
Growth, dry weight yields, and specific gravity of **3-year-old** *Populus* grown under intensive culture. 056137

PORCELLIO

Occurence of peroxysomes in isopod crustacean digestive caeca. Study in two terestrial species: *Porcellio* **dilatus** and Porcellio laevis. 060952

PORCELLIONIDAE

A new genus and species of the **family** *Porcellionidae* Verhoeff, 1918 (Isopoda, Oniscoidea) [Tadzhikoniscus coecus]. 061267

PORCINE

T and B lymphocytes in *porcine* **blood.** 054307
Characterization of tryptic peptides from *porcine* **haptoglobin** light chain and an amino acid sequence. 054422
Isolation and structure of somatostatin from *porcine* **hypothalami.** 054362
Effect of exercise on *porcine* **muscle** and body composition. 054539
The degradation of *porcine* **neurophysin** I by alkaline conditions. 054715
Scanning electron microscopic study of the *porcine* **oviduct** and uterus. 055130
Pseudo-zero order solubilization of remazol-brilliant-blue elastin by *[porcine* **pancreatic]** elastase. 054311
Pathogenesis of in utero infection: experimental infection of eight- and ten-week-old porcine fetuses with *porcine* **parvovirus.** 055419
A comparison of microstructures of Cheddar cheese curd manufactured with calf rennet, bovine pepsin, and *porcine* **pepsin.** 053718
The conformational potential of *porcine* **proinsulin** C-peptide. 054515
Steroid transformations in *porcine* **salivary** glands. 054618
Pathogenesis of in utero infection: experimental infection of eight- and **ten-week-old** *porcine* fetuses with porcine parvovirus. 055419

PORES

The significance of *pore* **diffusion** to filter denitrification [Wastewater]. 062479
Observations on the origin of the dense **extracellular** *pore* substance of bovine circumvallate taste buds. 054708
The *pores* of the **Funaria** hydrometrica chloroplasts. 056923
Rice root growth in relation to size, quantity, and rigidity of *pores* [of **sands].** 058207
Vapour loss through **stomatal** *pores* with the mesophyll tissue excluded [Tradescantia virginiana]. 057703

PORIA

Effect of temperature on growth and survival of high- and low-elevation isolates of **Phellinus** *(Poria)* weirii [Root disease of western conifers]. 059362
Effect of urea on *Poria* **weirii** [an important root-infectingfungus on conifers] and soil microbes in an artificial system. 059474

PORK *see* SWINE

PORKERS *see* PIGS

POROSITY

Determination of the hydraulic **conductivity-drainable** *porosity* ratio from water table measurements. 062318

Micromorphometric *soil-porosity* characterization by means of electro-optical image analysis (Quantimet 720). 061877
Density and *porosity* of **soil** aggregates in the Dark-Chestnut and Chestnut subzones. 061795
Nematicide application through *porous* **subsurface** irrigation tubing. 059903

PORPHYRA *see* BANGIACEAE

PORPHYRINS
Biosynthesis of porphyrins and related macrocycles. VI. Nature of the rearrangement process leading to the natural type III *porphyrins* **[chicken,** beef liver, Euglena gracilisalgae]. 054565
Research of *porphyrin* **exchange** in dependence on oxydation-reduction conditions of environment [Plant physiology]. 057772
Body burden of hexachlorobenzene in suckling rats and its effects on various organs and on **liver** *porphyrin* accumulation. 055908
Biosynthesis of *porphyrins* and **related** macrocycles. VI. Nature of the rearrangement process leading to the natural type III porphyrins [chicken, beef liver, Euglena gracilisalgae]. 054565

PORT
Role of *ports* of the **[European** Economic] Community for the traffic of cereals and flours. XI. Monographs for the main ports of Belgium. 052663
Role of *ports* of the **[European** Economic] Community for the trade of cereals and flours. VII. Synthesis for the main ports of the German Federal Republic, the United Kingdom, the Netherlands, Belgium, Ireland and Denmark. 052664
Role of *ports* of the **[European** Economic] Community for the trade of cereals and flours. X. Monographs on the main ports of the Netherlands. 052665
Role of *ports* of the **[European** Economic] Community for the trade of cereals and fours. XII. Monographs on the main ports of Ireland and Denmark. 052666
Role of *ports* of the **[European** Economic] Community for the trade of cereals and flours. XIII. Summary and conclusions. 052667
Role of *ports* of the **[European** Economic] Community for the trade of cereals and flours. VII. Monographs on the main ports of the German Federal Republic. 052668
Role of *ports* of the **[European** Economic] Community for the trade of cereals and flours. IX. Monographs on the main ports of the United Kingdom. 052669
Role of ports of the [European Economic] Community for the traffic of cereals and flours. XI. Monographs for the **main** *ports* of Belgium. 052663
Role of ports of the [European Economic] Community for the trade of cereals and flours. VII. Synthesis for the **main** *ports* of the German Federal Republic, the United Kingdom, the Netherlands, Belgium, Ireland and Denmark. 052664
Role of ports of the [European Economic] Community for the trade of cereals and flours. X. Monographs on the **main** *ports* of the Netherlands. 052665
Role of ports of the [European Economic] Community for the trade of cereals and fours. XII. Monographs on the **main** *ports* of Ireland and Denmark. 052666
Role of ports of the [European Economic] Community for the trade of cereals and flours. VII. Monographs on the **main** *ports* of the German Federal Republic. 052668
Role of ports of the [European Economic] Community for the trade of cereals and flours. IX. Monographs on the **main** *ports* of the United Kingdom. 052669

PORTAL
Technique for *portal* **catheterization** in rhesus monkeys (Macaca mulatta) [Laboratory animals]. 055290
Continuous qualitative measurement of the intestinal absorption of carbohydrates; effect of sucrose ingestion on the *portal* and **peripheral** blood level of glucose and fructose in the pig. 054314

PORTHETRIA
Forest defoliation [by *Porthetria* **dispar**] assessment with satellite imagery. 060362
Prospects for controlling gypsy moths *[Porthetria* **dispar]** and some other insects with sex pheromones [Pests]. 060367

PORUS
Simulation of [groundwater] flows in an **unsaturated** *porus* medium. 062258

POSTGLACIAL *see* GLACIAL

POSTIRRADIATION *see* IRRADIATION

POSTMORTEM *see* AUTOPSIES

POTASH
Effect of phosphate and *potash* **application** in combination with nitrogen on incidence of stalk borer, Chilo auricilus Dgn. [Sugarcane]. 060194
Potash **[Fertilizers].** 061910

POTASSIUM
Effect of **adding** *potassium* iodide feed supplement on growth and productivity of sheep. 054984
Effects of N [nitrogen] and K *[potassium]* **applications** on the leaf composition, yield, and fruit quality of bearing McFarlin cranberries. 058333
Potassium **behaviour** in tropical soils under cropping. 061687
Incidence of **blood** *potassium* types and mortality in sheep under semi-arid conditions. 054529
Interaction of *potassium* and **boron** under light pseudopodzolic grey and cinnamonic forest soil conditions. 061854
The change of nitrogen, phosphorus, *potassium* **calcium** and codium content of some species in Artemisio-Festicetum pseudovinae at Ujszentmargita (IBP International International Biological Programme] experimental area) in 1970 [Hungary]. 056669
Cell membrane potential of maize coleoptiles affected by *potassium* and **calcium** ions. I. Empiric equations. 058024
Sulfur-coated fertilizers for sugarcane. II. Release characteristics of sulfur-coated urea and KCl *[potassium* **chloride].** 062036
About the molecular composition of the products of decomposition of *potassium* **chloride** by technical polyphosphoric acid. 062078
Study of the process of decomposition of *potassium* **chloride** by a mixture of polyphosphoric and sulfuric acids. 062088
Effect of K+ *[potassium]* and **Cl** [chlorine] ion gradients upon apex regeneration in Acetabularia mediterranea [Algae]. 057917
Reduce disease with *potassium.* 4. **[Corn,** nutritional deficiencies]. 059713
Appearance of deficiency symptoms of nitrogen, phosphorus and *potassium* in **cotton.** 059841
Adenosine triphosphatase activity of erythrocyte shades and distribution of free amino acids, natrium and *potassium* between these **erythrocytes** and blood plasma in cows and calves. 054648
The effect of particle morphology on the K-Ca *[potassium-calcium]* **exchange** properties of montmorillonite. 061733
Content of available phosphorus, **exchangeable** *potassium* and acidity in soils of agricultural lands in the USSR. 061794
The chlorophyll all reaction in trypsin-treated spinach chloroplasts in the presence of *potassium* **ferricyanide.** 058542
Study of interactions between nitrogen and *potassium* **fertilizers.** Global results obtained in long term tests of the Aspach-le-Bas Agricultural Station. 061902
Effects of nitrogen, phosphorus and *potassium* **[fertilizers]** on yield and maturity of cauliflower. 061913
"K" *[Potassium,* **fertilizers,** sugarcane]. 061914
Conversion of pyrophosphate and tripolyphosphate of *potassium* **[fertilizers]** in acid and limed soddy-podzolic soils. 061981
Phosphorous and *potassium* **fertilizers.** 062069
The effect of application of *potassium* with added **high** nitrogen rates on several characters of wheat variety, PAK-70. 062098
Analysis of the factors affecting the dynamics of return capital in the *potassium* **industry.** 062059
The effect of *potassium* **iodide** on photophobic responses in Euglena [gracilis]: evidence for two photoreceptor pigments [Algae]. 057827
The stimulating action of K+ *[potassium* **ion]** on the hydrolytic activity of soluble mitochondrial ATPase [adenosine triphosphatase, bovine heart mitochondria]. 054348
Tris [hydroxymethyl aminomethane]-induced K+ *[potassium* **ion]-efflux** from Chlorella sorokiniana [Algae]. 057913
The effects of Na+, K+ [sodium and *potassium* **ions]** and ouabain on the motility and the ATP [adenosine triphosphate] content of boar spermatozoa. I. 055213
The effects of Na+, K+ [sodium and *potassium* **ions]** and ouabain on the motility and the ATP [adenosine triphosphate] content of boar spermatozoa. II. 055214
The influence of CA2+ and K+ [calcium and *potassium* **ions]** on H14CO3- [bicarbonate, carbon isotope] influx in internodal cells of Chara corallina [Algae]. 057702
Potassium **leaching** in folioles of kidney beans (Phaseolus vulgaris L.) in the course of the day. 058482
Flow-rate and *potassium* **level** in the sap exuded by excised roots of Helianthus annuus L. [Sunflowers]. 058043
Kinetics of *potassium* and **magnesium** uptake by intact soybean roots. 058161
Potassium **metabolism** in ponies. 054543
Preliminary study of bromine residues in crops in soils having received applications of **mineral** *potassium* bromide and organic methyl bromide. 061774
The determination of total mercury in biological tissues by a **modified** *potassium* permanganate procedure. 055896
Influence of kinetin on *potassium* **movement** in the hypocotyls of Helianthus annuus [Sunflowers]. 058027
Dynamics of *phosphorus-potassium* **nutrition** of the plant in the soil. 057510
Protein and free amino acid composition of sesame meal as affected by nitrogen, phosphorus, and *potassium* **nutrition.** 057938
The role of anions and exchange reactions in the movement ofpotassium ions in securing the *potassic* **nutrition** of plants. 061643
Dynamics of *phospho-potassium* **nutrition** of plants in the soil. II. 061919
Photosynthesis and yield of potatoes with different *potassium* **nutrition.** 061978
Effect of nitrogen, phosphorus and *potassium* on the **nutritional** status of young vines. 061938
Root growth of wheat. I. Early patterns of multiplication and extension of wheat roots including effects of levels of nitrogen, **phosphorus** and *potassium.* 058015
Response of weeds to soil **phosphorus** and *potassium.* 060084
Availability and efficiency of *potassium* **pyrophophate** depending on soil liming. 062093
Induction of an endogenous rhythm of sporulation in Aspergillus niger: roles of *glucose/potassium* **rations** and of microelements [Fungi]. 057840
Reactions of imidodithiocarbon acid derivatives. I. Cyclic **reactions** with *potassium-alkylcyanoimidodithiocarbonates.* 060611
Potassium **release** characteristics of certain soils of TamilNadu. 061740
Contribution of cyanidin-3-galactoside and pelargonidin-3-glucoside to the pattern of anthocyanin accumulation during deficiencies of nitrogen, phosphorus and *potassium* in **seedlings** of Zea mays [Maize]. 058173
Time-course of sugar accumulation during deficiencies of nitrogen, phosphorus and *potassium* in **seedlings** of [maize] Zeamays L. variety N. S. 1. 058179
Moisture, fat, and N, P, K, Na, and Ca [nitrogen, phosphorus, *potassium,* **sodium,** calcium] content in pork loins as a function of breed, sex and age of pigs. 053800
Influence of some soil applied pesticides on the availability of NPK [nitrogen, phosphorus, *potassium]* in **soils.** 060592
Reduce lodging with *potassium.* 3. **[Sorghum,** maize, wheat]. 059714
Potassium **supplying** power of the major Ultisols and Oxisols of Puerto Rico. 061961
Fertilizing fields—special **thoughts** on *potassium.* 062007
Ammonium and *potassium* **uptake** by citrus roots [Oranges]. 058455
Effect of Atrazine [herbicide] on the *potassium* **uptake** of barley plant roots. 059965
Factors affecting *potassium* **uptake** and loss by beech [Fagussylvatica] mycorrhiza. 061764
The balance of nitrogen, phosphorus and *potassium* and the **utilization** of fertilizers in farming in the USSR in 19681973. 061954
Work-induced *potassium* changes in skeletal muscle and effluent venous blood assessed by liquid ion-exchanger microelectrodes [Rabbits, cats]. 054661

POTATOES
The **AMAK-D-2** *potato* harvesting machine. 061547
The sensitivity of Phytophthora infestans [the causative agent of late blight disease of *potatoes]* to several **antibiotics.** 059493
The green lacewing, Chrysopa carnea steph. (Neuroptera, Chrysopidae), used to control the green peach aphid, Myzus persicae Sulz., and the *potato* **aphid,** Macrosiphum n peppers [Biological control] rec. 060254
Wintering of Perillus bioculatus [a predator of the *potato* **beetle** Leptinotarsa decemlineata]. 060317
Serological recognition of Erwinia carotovora var. Atroseptica, the causal organism of *potato* **blackleg.** 059533
Use of Solanum andigenum in *potato* **breeding.** 057087
Relationship of specific gravity to sugar accumulation in stored Norgold and Russet **Burbank** *potatoes.* 053987
Seasonal variation of root distribution of irrigated, fieldgrown Russet **Burbank** *potato.* 056773
Isolation of soft-rot Erwinia spp. From agricultural soils [previously cropped to *potatoes,* **cabbage** and sugarbeets] using an enrichment technique. 059528
Potato **clonal** variaton with respect to the relation between fruit set and tuber yield. 058975
Periods of *[potato]* **clone** picking [in relation to infection with virus diseases X, S and M]. 059610
Regeneration in tissue cultures of some dihaploid Solanum tuberosum **clones** *[Potatoes].* 057205
Cultivation of *[potato]* **clones** by the accelerated propagation method. 059087
Haulm dessication to control the **Colorado** *potato* beetle [Leptinotarsa decemlineata] and potato diseases [Phytophthora]. 059815
Paralyzing effect of CaCl2 [calcium chloride] on toxic action of NaF [sodium fluoride] in larvae of the **Colorado** *potato* beetle Leptinotarsa decemlineata Say. 060262
The influence of storage conditions on chip **colour** of *potatoes.* 054042
Teratogenic **constituents** of *potatoes.* 053051
Potato **contracts:** where we stand [Prices]. 052609
Rhizoctonia of the *potato* [and its **control**]. 059343
Texture of **cooked** *potatoes.* Relationhship between compressive strength, pectic substances and cell size of Redskin tubers of different maturity. 054041
Effect of various doses of lime and dolomitic meal on the soil fertility and yields of farm crops [Field **crops,** *potatoes].* 061987
Susceptibility of *potato* **cultivars** to skin spot disease [caused by Oospora pustulans]. 059460
Potato **cultivation** advantages [Yields, returns]. 059103
Complex mechanization of *potato* **cultivation.** 061542
Potato **[culture]** in Sakhalin. 059106
[Potato **culture,**] a profitable branch [in Voronezh Region]. 059115
The influence of the hatching factor on the water uptake of the second stage larva of the *potato* **cyst** nematode Heterodera rostochiensis. 059793
Effect of benomyl on the *potato* **cyst** nematode, Heterodera rostochiensis. 059837
Effects of four detergents upon oleyl-coenzyme A **desaturaseof** *potato* microsomes. 058324
Liberation of the **Detskosel'skii** *potato* variety from virus S. 059608

[Potato] **digger** for harvesting of selected parcels. 061549
Study of the etiology of the [mycoplasmal] *potato* **disease** known as "Christmas tree". 059557
Aphids as vectors and the virus **diseases** [of *potatoes].* 059605
Haulm dessication to control the Colorado potato beetle [Leptinotarsa decemlineata] and *potato* **diseases** [Phytophthora]. 059815
The **early** *potato* in Georgia [USSR]. 059111
Technical advice for the culture of **early** *potato* under opaque plastic mulch. 059149
Action of carbofuran and phenamiphos [nematicides] on the rate of multiplication of Heterodera rostochiensis and on theyields of a crop of **early** *potatoes.* 059850
Effect of fertilizers on yield and chemical composition of **early** *potatoes* in soddy-podzolic loamy sandy soil. 061985
Nitrogen fertilization of *potatoes.* 4. The **effect** of over-fertilizing in June on the harvest of potatoes for processing. 062062
Studies of the coiled sprout disorder of the *potato.* 2. **Effects** of sprout length and inoculation with Verticillium nubilum under field conditions. 059459
Studies of the coiled sprout disorder of the *potato.* 3. **Effects** of sprout length, planting depth and growth media. 059874
Complex of agronomic techniques for the *potato* **field.** 059084
It's like that—In the *potato* **fields** at Moystad, 1974 [Culture]. 059138
Thinking of installing irrigation *[Potato* **fields].** 062173
Standard indices for determining numbers of machines necessary for the production and harvesting of sugarbeets, *potatoes* and **flax.** 052856
The Leipzig **Food** *Potato* Cooperative Association: efficiency of supply and economy of our storehouses further improved. 052676
Freeing *potato* varieties of latent virus infection at the Institute for Potato Researh, Bonin. 059655
Breeding of the *potato* for **frost** hardiness. 057083
Quality of starch in connection with conditions of *potato* **growing.** 058356
Potato **growing** in Mexico. 059104
Joint application of fertilizers and **herbicides** to *potatoes.* 059092
Test results on the determination of selection factors in the dosage of some *potato* **herbicides** suitable for various varieties, climate and soil conditions in the Romanian Socialist Republic. 059986
Ways of **increasing** *potato* productivity [in the Russian SFSR]. 059113
Laboratory method of diagnosis of *potato* **leaf** roll virus. 059607
Induction of sporulation of Alternaria porri f. Sp. Solani in vivo [on *potato* **leaves].** 059376
Influence of vitamins and growth hormones on growth and sporulations of Alternaria solani (Ell. & Mart.) Jones and Grout isolated from *potato* **leaves.** 059391
New 1975 varieties: **Maja** *potato* variety. 059200
One and a half days (34 hours) fermentation of cereal and *potato* **mashes** according to the mashing technique. 053494
Crossing of stem nematode Ditylenchus destructor Thorne, 1945 of *potatoes* with **nematode** Ditylenchus dipsaci (Khun, 1957) Filipjev, 1936 of parsley and parsnip. 059825
Eelworm problem could worsen as rotations close up [**Nematodes,** *potatoes].* 059711
Electrical stimulation applied to second-stage larvae of Heterodera rostochiensis to determine viability *[Potatoes,* **nematodes].** 059801
Present detection of [infestation] centers as a guarantee of successful control *[Potato* **nematodes,** Estonia]. 059907
New *potato* varieties. 059099
Refrigerated storage of *potatoes* and **onions.** 054030
Enzymatic maceration of plant tissues by endo-pectin lyase and endo-polygalacturonase from Aspergillus japonicus *[Potatoes,* **onions,** radishes]. 059422
Computer simulation of *potato* **packinghouse** operations; an interim step. 054057
Importance of damages caused by cyst nematodes Heterodaea rostochiensis Woll. and Heterodera **pallida** St. to *potatoes.* 059695
The consumption of water by the *potato* on **peat** soil and its relation to weather conditions. 058537
The role of trophic characteristics in the susceptibility of insects to insecticides [Leptinotarsa decemlineata, **pests,** *potatoes].* 060338
Phytophthora-resistant *potato* varieties and hybrids [Breeding]. 057085
Metabolic activity of *potato* **plant** ribosomes in dependence on their supply with lithium. 058354
Saccharase activity and extension growth of the *potato* **plant.** 058513
Influence of differential water supply on yield development and tuber quality in the *potato* **plant** (Solanum tuberosum L.). 059154
Situation considered by selectors of *potato* **plants.** 058913
Photosynthesis and yield of *potatoes* with different **potassium** nutrition. 061978
A sex pheromone in the **potato** *tuberworm* moth, Phthorimaea operculella (Zeller): biological assay and preliminary chemical investigation. 060300
Potato **preservation** for livestock feed. 054099
Nitrogen fertilization of potatoes. 4. The effect of over-fertilizing in June on the harvest of *potatoes* for **processing.** 062062
The nutritive quality of *potato* **protein** [Human, chicks, diets]. 053279
Amino acid sequence of an active fragment of *potato* **proteinase** inhibitor Ha. 058395
Seeding time, harvesting time, and fertilizing—What is thesignificance of the latter factor in *potato* **quality?** 062008
Effect of boron, manganese and zinc on the yield and **quality** of *potatoes.* 062021
Storage **requirements** of *potatoes.* 054034
Freeing potato varieties of latent virus infection at the Institute for *Potato* **Researh,** Bonin. 059655
Control of black **scurf** of *potatoes.* 059483
Cultivation and selection of **seed** *potatoes* in winter including treatment with chlorocholine, chloride and gibberellin. 058416
Research with **seed** *potatoes* infected with Phoma. 059348
Selection of areas for cultivation of **seed** *potatoes* [for freedom from aphids as virus disease carriers]. 059612
Problem of virus A in **seed** *potato* propagation. 059669
Some reflections on weed control in **seed** *potato* cultivation. 059953
Selecting *potato* varieties in Michigan. 058976
Potato **shipping** costs. 052752
Planting garlic with the **SN-4A** *potato* planter. 061546
The fungus Phytophthora infestans [late blight of *potato]* in the **soils** of the Moscow area. 059345
Synthesis of 3-O-(6-O-(alpha-D-galactopyranosyl)-alpha-D-galactopyranosyl] beta-D-galactopyranosyl)-1,2-di-O-stearoyl-L-glycerol, a ' trigalactosyl diglyceride ' *[Potatoes,* **spinach].** 058402
Evolution of beta-inhibitory-complex in *potato* **sprouts** and in the periderm of mother and filial tubers during the incubation period: signification of this evolution in comparison with the induction of dormant state of filial tubers. 058327
Metabolic changes associated with calcium deficiency in *potato* **sprouts.** 059873
Application of glucoamylase bound with DEAE [diethylaminoethyl-cellulose for hydrolysis of *[potato]* **starch** by continous method. 053979
Effects of temperature and grain size of *[potato]* **starch** on the dextrin formation. 053981
Potato **storage.** 054024
Systems of *potato* **storage.** 054028
Possibilities in *potato* **storage** and their exploitation. 054061
Prospective designs of *potato* **stores.** 061435
The relation between the length of vegetation and the resistance to common scab of *potato* **Streptomyces** scabies (Thaxter) Waksman et Henrici. 059538
The effects of nematicides on **sweet** *potato* production [Phytotoxicity]. 059900
The effect of straw on the yield of cereals and *potatoes* under different **systems** of soil tillage in a crop rotation. 061955
Burr Jackson's 600,000 lbs. Of beef, 200,000 lbs. Of fish, 160 tons of *potatoes* and 23 **tons** of yogurt. 053394
Technology of harvesting and postharvest **treatment** of *potatoes.* 059110
Potato **tuber** proteins and their nutritional quality. 053317
Wound-induced phenylalanine ammonia-lyase in *potato* **tuber** tissue: Development of enzyme activity and effects of antibiotics. 058396
Extraction of non-protein nitrogen from *potato* **tuber** and its amino acid composition. 058512
Effect of mineral fertilizers on *[potato]* **tuber** storability. 061973
Effect of light and temperature conditions of *potato* **tubers** during sprouting on growth, yield and hormonal activity of plants [Preplanting treatment]. 058351
Influence of temperature during the formation of *potato* **tubers** and its effects on the first progeny. 058480
Induction of phytoalexins in *potato* **tubers** by metabolites of fungus Phytophthora infestans (Mont.) de Bary. 059297
Storage of injured *[potato]* **tubers** [Control of Fusarium dry rot]. 059344
Infection of *potato* **tubers** by Oospora pustulans during the growing season in relation to the distribution of tubers in the ridges. 059458
The production of lubimin by *potato* **tubers** inoculated with Erwinia carotovora var. atroseptica. 059499
Influence of ethylene on black spot of *potato* **tubers** [caused by bruising]. 059702
Effects of biuret content in urea and nitrogen source on the yield and composition of *potato* **tubers.** 062018
A sex pheromone in the *potato* **tuberworm** moth, Phthorimaea operculella (Zeller): biological assay and preliminary chemical investigation. 060300
A preliminary study of the evaluation of nitrogenous constituents of *potato* **varieties** by statistical component analysis. 054040
Potato **varieties** with high nutritive and commercial qualities [Yields]. 059105
Recommended **varieties** of *potatoes.* 059137
Placement of *potato* **varieties** according to resistance to mosaic viruses. 059611
Investigations on instances of serological and visual estimation of different *potato* **varieties** [Indexing for virus infection]. 059660
Digging and storage of *potatoes* with a **view** to loss and quality deterioration [Phoma diseases]. 059296
An inhibitor of *potato* **virus** from Myrtus communis. 059574
Agrotechnics and *potato* **virus** distribution. 059604
Best methods of diagnosing of *[potato]* **virus** infection. 059606
Natural sources of *potato* **virus** diseases. 059609
Effect of temperature on reaction of Datura stramonium L. Infected with *potato* **virus X.** 059614
Obtaining plants-regenerants from tobacco clone tissue and determination of their sensitivity to *potato* **virus** X. 059615
An ulrastructural study of the infection of tobacco mesophyll protoplasts by *potato* **virus** X. 059625
A disease of tobacco in Morocco caused by a veinal necrosisisolate of *potato* **virus** Y. 059647
A strain of *potato* **virus** Y causing a calico disease of tobacco in Morocco. 059648
Transmission of *potato* **virus** S by Aphis nasturtii Kalt. 059657
Serological studies of *potato* **viruses** X, Y, A and Aucuba mosaic. I. Methods for the isolation of antigens. 056662
Serological studies of *potato* **viruses** X, Y, A and Aucuba mosaic. II. Preparation of diagnostic antisera. 059550
Serological studies of *potato* **viruses** X, Y, A and Aucuba mosaic. III. Expansion of sensitivity limits of serological virus determination by the use of the latex-test, bentonite flocculation, passive haemagglutination and complement fixation reaction. 059551
The effects of *potato* **viruses** X and Y on organogenesis in tobacco tissue cultures. 059652
Comparison of the dispersion of *potato* **viruses** X, S and M under field conditions with different cultivation methods. 059654
Investigation on the retention of *potato* **viruses** M and Y in two species of aphids (Myzus persicae Sulz. and Aphis nasturtii Kalt.). 059656
Effect of Meturin [herbicide] on the process of photosynthesis and **yield** of *potatoes.* 059968
Compound fertilizers and *[potato]* **yield.** 061972
Periods of organic fertilizer application and **yield** of *potatoes.* 061975
Effect of liming and kieserite and Superstop C application on *potato* **yield** and quality. 062071
Potatoes **[Yields].** 059175

POTENCY

Ovine campylobacterosis: preliminary studies of the efficacy of the in vitro serum bactericidal test as an assay for the *potency* of **Campylobacter** (Vibrio) fetus subsp intestinalis bacterins. 055418
Newcastle disease—a *potent* **[poultry]** killer. 055729
3-phenoxy-alpha-cyano-benzyl **esters,** the most [insecticidal] *potent* **synthetic** pyrethroids [Toxicities to house fly, Musca domestica]. 060414

POTENTILLA

Apomixis in a sterile hybrid **species** of *Potentilla.* 056783

POTENTIOMETRY

Flow injection analysis. III. Comparison of continuous flow spectrophotometry and *potentiometry* for the **rapid** determination of the total nitrogen content in plant digests. 058545

POULTRY

Rheological properties of **aerated** *poultry* waste slurries. 062564
Efficacy of linco-spectin water medication on Mycoplasma synoviae **airsacculitis** in *broilers.* 055446
Ingredient separation in **automated** *poultry* feeding systems [Feed composition]. 054078
Causes of leg weakness in *broiler* **birds.** 055871
Study of the possibilities of humidifying and cooling the air in houses for commercial rearing of *broiler* **birds.** I. Broiler houses. 061470
Better use of guar meal and rice **bran** by *poultry.* 054821
Evaluation of *broiler* **breeder** flocks for nonspecific Mycoplasma synoviae reaction. 055447
Effect of housing and season on egg production and egg quality indices in three **breeds** of *poultry.* 054177
Development and productive qualities of **cage-reared** *broiler* chicks as affected by ultraviolet rays. 054240
North **Carolina** *broiler* breeder program: management, integrity, sanitation, immunization. 054128
Formulas for *broiler* **chicken** compound forages mostly with native raw materials. II. Replacement of fish meal by bird waste meal and forage yeasts supplemented with amino acids at reduced protein level. 054992
Testing various formulas for *broiler* **chicken** mixed feeds including animal fats. 055007
Vitamin B1 resorption. VI. Thiamine resorption in *broiler* **chickens** as affected by oxytocin. 054760
Contribution to the use of hydrolysed yeasts in mixed feeds for *broiler* **chickens.** 054983
Study on the reduction of crude protein level in mixed feed for *broiler* **chicks.** 055002
Encephalomalacia in *broiler* **chicks,** a report on incidence [Caused by vitamin deficiency]. 055854
Residues of polychlorinated biphenyl (PCB) components in *broiler* **cockerels** receiving two aroclors in three dietary variations. 060570
Commercial *poultry* keeping makes rapid progress. 054211
Poultry **cooperatives** in France. 052316

Different ways of **crossbreeding** *poultry* species for increasing egg and meat production. 055283
Making up a *poultry* **diet** from unusual feedstuffs. 054094
What about 25-hydroxycholecalciferol for *poultry?* **[Diets,** rickets, leg disorders]. 054793
The effect of atmospheric conditions on the growth of Haemophilus gallinarum in the defined medium *[Poultry* **disease].** 055610
Spotlight on Marek's **disease** in *poultry.* 055726
The changing phase of Ranikhet **Disease** *[Poultry].* 055728
Wild birds and their role in transmission of **diseases** to *poultry.* 055727
Dried *poultry* manure—the prospects for the future [Feed ingredient]. 054068
Value of **dried** *poultry* manure and urea as protein supplements for sheep consuming low quality tropical hay. 054856
Fermentation of **ensiled** *broiler* litter [Livestock feed]. 054113
Poultry **excreta** containing polychlorinated biphenyls as a protein [feed] supplement for lactating cows. 054865
An analysis of costs in *poultry* **farming.** 052497
Prepare to receive chicks *[Poultry* **farming].** 054213
Contribution to the problem of copper, zinc, manganese and iron trace element content in some raw materials of *poultry* **feed** and feed mixes. 054110
Order of the day: save **feed!** *[Poultry].* 054816
New research involving starting feed/finishing **feed** for *broilers.* 054880
Feeds and **feeding** *poultry.* 2. 054930
Salmonella in *poultry* **feeds,** eliminated by formaldehyde-gas funigation. 054086
New **feeds** for *poultry.* 054815
An outbreak of infectious bursitis in a *poultry* **flock.** 055723
Infectious croyza, an important contagious disease of birds [Haemophilus **gallinarum,** *poultry].* 055724
Gosford *Poultry* Testing Station, results of random sample test of commercial [hybrids] layers. 055021
CO2 [carbon dioxide] from gas-fired **heating** *boilers*—its distribution and exchange rate [Tomatoes, Chrysanthemum]. 058433
Fan speed errors *[Poultry* **houses,** ventilation]. 061445
Pits can save costs *[Poultry* **houses].** 061446
Cooling-humidifying system in *broiler* **houses.** 061469
Study of the possibilities of humidifying and cooling the air in houses for commercial rearing of broiler birds. I. *Broiler* **houses.** 061470
Requisites of *poultry* **housing.** 054214
Ready-made *[poultry]* **housing** aids cost-efficiency. 061447
Differences in the chemical composition of meat and its biological value in the hybrids Hybro B, Ross an **Hubbard** *[Broilers].* 053850
Poultry **husbandry** and related occupations [Organizations]. 052373
Poultry **husbandry** in the south and Pyrenees region [France]. 054124
Egg size and factors that control it *[Poultry* **husbandry].** 054127
Current problems *[Poultry,* **husbandry].** 054140
Building a small **incubator** *[Poultry].* 061506
Moody's triple A bonds: better bet than eggs? *[Poultry* **industry,** income]. 052464
Broiler **industry:** organization, supply, demand and prospects. 052785
Story of egg manufacture *[Poultry* **industry].** 055105
Newcastle disease—a potent *[poultry]* **killer.** 055729
Rearing and exploitation of **layers** *[Poultry].* 054228
Fans and foggers in *[poultry]* **laying** sheds. 061589
Random performance test on white **leghorn** *poultry* birds under semi-management conditions of Tandojam. 054235
Broiler **litter** as a wintering feed for beef cows and heifers. 054945
Feeding garlicky wheat [to **livestock,** *poultry].* 054798
Poultry **management** for better egg production. 054212
Is *poultry* **manure** a cheaper pasture fertiliser? 061959
Poultry **manure,** the super fertilizer. 062022
Preparation and trussing of *poultry* for **market.** 053841
Studies on the incidence of Bacillus cereus in *poultry* **meat.** 053045
Home canning of **meat** and *poultry.* 053174
Who **needs** *poultry* 'palaces'? [Housing]. 061448
Minerals in *poultry* **nutrition;** a practical approach for the farmer. 054931
Comparative electrophoretic studies of certain species of the Notocotylus genus *[Poultry,* **parasites].** 055475
Scientific feed formulation for better *poultry* **performance.** 054933
Economy of raising male hybrid chicks for *broiler* **production** [Costs and returns]. 052498
Economic impact of restricting feed additives in livestock and *poultry* **production** [Costs, prices]. 052568
Livestock and *poultry* **[Production].** 052726
Broiler **production** through scientific management. 054210
Pureline breeding: an expensive **programme** *[Poultry].* 055210
Minimizing heat stress and stock losses during heatwaves [on *poultry,* **protective** equipment]. 055353
Selenium and vitamin E in *poultry* **rations.** 054937
The use of rapeseed meal in pig and *poultry* **rations.** 054940
Recycling *poultry* manure—field trial results [Feed]. 062023
Nutritional **requirements** of *broilers.* 054932
Salmonella in meat items and **slaughtered** *poultry* [Contamination]. 053032
Haemorrhagic **syndrome** *[Poultry].* 055872
Haemorrhagic **syndrome** in *poultry.* 055873
Boiler **treatment** compounds [Chrysanthemum, phytotoxicity]. 059732
Prospects for increasing **world** *poultry* production [Protein supply]. 052928
Livestock and *poultry* in the **world.** 054244
World's *Poultry* Science Association Membership directory. 054237

POVERTY

The people left behind **[Rural** *poverty].* 052120

POWDERS

Adsorption of the poly-alpha-amino acid, similar to sericin [of raw silk], by *powder* **activated** carbon. 053608
Proof of an eventual addition of the addition of commercial lecithin to powdered milk for simulating **buttermilk** *powder.* 053785
Serum powder, **buttermilk** *powder* and milk powder. 053788
A selective chemical analysis of whole fresh **milk** *powder* and its technological interpretation. 053656
Proof of an eventual addition of the addition of commercial lecithin to *powdered* **milk** for simulating buttermilk powder. 053785
Recycling. 43. Physicochemistry of instant **milk** *powders.* 053786
Recycling. 44. Physical chemistry of instant **milk** *powders.* 053787
Serum powder, buttermilk powder and **milk** *powder.* 053788
Trace-metal variation in soils and sagebrush, [Artemisia tridentata] in the *Powder* **River** Basin, Wyoming and Montana. 062474
Serum *powder,* buttermilk powder and milk powder. 053788

POWDERY

Use of benomyl to **control** *powdery* mildew of gourd crops. 059346
Revision of the *powdery* **mildew** species Erysiphe polyphaga Hamm. 056378
What is ditalimfos? *[Powdery* **mildew,** scab, control, fruit, vegetables]. 059295
Biologo-ecological studies on the *powdery* **mildew** (Sphaerotheca mors-uvae /Schw/Berk et Curt.) on black currant. 059321
Effect of certain nonsystemic fungicides on the control of *powdery* **mildew** [Erysiphe cichoracearum] disease of bhendi (Abelmoschus esculentus L.). 059349
Powdery **mildew** of grapes. History and methods of control. 059388
Cytokinin activity of *powdery* **mildew** [Erysiphe cichoracearum] infected leaves of Abelmoschus esculentus. 059398
Effect of *powdery* **mildew** [Erysiphe graminis hordei] on thelevel of endogenous cytokinins in barley with regard to resistance. 059403
Translocation of ^{14}C-[carbon isotope] labelled assimilates in barley plants infected with *powdery* **mildew** (Erysiphe graminis f. sp. hordei Marchal). 059410
Increased prevalence of *powdery* **mildew** [Microsphaera alni] of Azalea and Rhododendron in North Carolina. 059438
Changes of chlorophyll content in the leaves of barley infected with the *[powdery* **mildew]** fungus Erysiphe graminis f. Sp. hordei Marchal after spraying with a protective substance. 059456
Control of *powdery* **mildew** [Erysiphe poligony] of peas. 059465
Effect of some amino acids on the germination of conidia of the *[powdery* **mildew]** fungus Erysiphe graminis f. sp. hordei Marchal. 060234
Powdery **mildews** on ornamentals in Hungary. 059229

POWER

Oil crisis and the **bullock** *power* on the farm [Cost and return planning]. 052289
Site descriptions and effects of **coal-fired** *power* plant emissions on plant community structure [Effects of air pollution on a grassland ecosystem]. 056682
Physiological responses of plants [grasses] to **coal-fired** *power* plant emissions. 058076
Effects of **coal-fired** *power* plant emissions on plant disease and on plant-fungus and plant-insect systems. 059746
Effects of **coal-fired** *power* plant emissions on animals: a summary. 062396
Effects of SO2 [sulfur dioxide] and other **coal-fired** *power* plant emissions on producer, invertebrate consumer, and decomposer structure and function in a southeastern Montana grassland. 062397
Lichens [Parmelia chlorochroa, Usnea hirta] as predictors and indicators of air pollution from **coal-fired** *power* plant emissions. 062400
Powered **cultivation** in the garden [Cultivators]. 061490
On the *power* of **experimental** designs for the detection of linkage between marker loci and quantitative loci in crosses between inbred lines. 055239
Minimum streamflows—**federal** *power* to secure. 062274
Solar-powered **flush** toilet system [Sanitation facilities innational forests]. 056022
Sociocultural integration and balances of *power* in **formerly** small farmer villages [Sociology]. 052105
A special [testing] stand for studying the **hydraulic** *power* of machines and implements used for tending cutting [of forest stands]. 061622
Effect of moisture gradients on the accuracy of *power-loss* **moisture** meters [Veneers]. 056164
Determining the extent of oxidation of sulphur dioxide in *power* **plant** plumes from isotopic ratio measurements [Air pollution]. 062439
Photoassimilation of CO2 [carbon dioxide] by isolated bundle-sheath strands of Zea mays [maize]. II. Role of malate as a source of CO2 and **reducin** *power* for the photosynthetic activity of isolated bundle-sheath cells of Zea mays [Carbon isotope]. 058164
Testing the **required** *power* for clearing away the heads of sugar-beet in soil trough [Equipment]. 061620
Maintenance close to the nymphal ecdysis of a **restoration** *power* of the imaginal leg of Tenebrio molitor after larval amputation. 060721
Thoracolumbar hemilaminectomy in the dog using a *power* **skull** trephine (a photo essay). 055379
Potassium **supplying** *power* of the major Ultisols and Oxisols of Puerto Rico. 061961

POX

Characterization of a *pox* **virus** strain isolated from an elephant. 055807

PRAIRIE

Effects of conservation practices on storm runoff in the Texas **Blackland** *Prairie* [Water supply]. 062309
Bromegrass pastures in the *Prairie* **provinces.** 058712
Buffalo Beats, a **relict** *prairie* within a sortheastern Ohio forest [Andropogon gerardi, Eryngium yuccifolium, Liatris cylindracea, Quercus alba, communities]. 056677
Spectral mapping of **shortgrass** *prairie* biomass [Vegetation]. 056739
Seed content in the soil and regeneration of the plant covering in a *prairie* of **Valdivia** Province, Chile [after burning]. 056741

PRATYLENCHUS

Comparative influence of Radopholus similis and *Pratylenchus* **coffeae** on citrus [Nematodes]. 059798
Pratylenchus **cubensis** sp. N. (Nematoda, Pratylenchidae) from rhizosphere of the sugarcane in Cuba. 059910
The influence of intensity factors on the population dynamics of migratory root nematodes with special consideration of the **genus** *Pratylenchus* Filipjev. I. Influence of sprinkler irrigation. 059908
The influence of intensity factors on the population dynamics of migratory root nematodes with special consideration of the **genus** *Pratylenchus* Filipjev 1934. II. Influence of nitrogen fertilization. 059909
Ultrastructure of the spicules of *Pratylenchus* **penetrans** [Alfalfa]. 059811
Available soil moisture and the expression of damage caused by *Pratylenchus* **penetrans** [nematode] in flue-cured tobacco. 059826
Chemotaxonomy of Compositae related to their host suitability for *Pratylenchus* **penetrans** [Nematodes]. 059836
Control of *Pratylenchus* **penetrans** in flue-cured tobacco with foliar applications of oxamyl [Nematodes]. 059859
Influence of nematodes [Meloidogyne, Belonalaimus lingicaudatus, *Pratylenchus* **penetrans]** and light sources on growth and nodulation of soybean. 060001
Influence of *Pratylenchus* **vulnus** and Meloidogyne hapla on the growth of rootstocks of rose [Nematodes]. 059803

PRECIPITATION

Studies on *precipitation* **amount** and distribution as affecting the sunflower yield [Soil moisture]. 061855
Some seldom-reported statistics on *precipitation* at **Elkins,** West Virginia. 062361
Inputs of phosphorus from *precipitation* to **Lake** Michigan. 062399
Immunochemical behaviour of **sheep** *non-precipitating* antibodies isolated by immunoadsorption. 055526
Vegetable crops [Effects of **temperature** and *precipitation].* 058448
Interpretation of induced changes in climatic **variables** *[Precipitation].* 062281

PRECIPITIN

Precipitin **response** of cattle to commercial wart vaccine. 055423
Detection of neonatal calf diarrhea virus, infant reovirus-like diarrhea virus, and a coronavirus using the fluorescent **virus** *precipitin* test. 055599

PREDATION

Chitinase production by an *[predaceous]* **Arthrobacter** sp. Lysing cells of Fusarium roseum [Biological control]. 059473
The components of **arthropod** *predation.* I. The prey death-rate. 060891
The components of **arthropod** *predation.* II. The predator rate of increase. 060892

Coyote *predation* in sheep. 054135
Predation on **domestic** sheep in northeastern Nevada. 054176
First records of the *predaceous* **mirid** Phytocoris tiliae (F.) from the United States. 061163
Predation by the **mite,** Tyrophagus putrescentiae on eggs of the imported fire ant [Solenopsis]. 060443
Effects of insecticides upon the **terrestrial** *predaceous* arthropods in cereal fields, especially the ground beetles (Coleoptera, Carabidae). 060191

PREDATOR

Asparagus beetle [Crioceris asparagi, Crioceris duodecimpunctata] defense behaviour: adaptations for survival in dispersing and non-dispersing species [Protection from **avian** *predators.* 060641
An **effective** *predator* [the coccinellid Catana parcesefose] of the citrus whitefly [Biological control]. 060336
The common newt (Notopthalmus viridescens) as a *predator* **ofsoil** mites in New York. 060371
The role of natural enemies *[predators* and a **parasoid** Verrallia aucta] in the colour polymorphism on Philaenus spumarius (L.) [Grassland]. 060897
Wintering of Perillus bioculatus [a *predator* of the **potato** beetle Leptinotarsa decemlineata]. 060317
The components of arthropod predation. II. The *predator* **rate** of increase. 060892
The effect of Drosophila [melanogaster] release on the *[predator]* **spider** population in a paddy field. 060170
Observations on the behavior and morphology of the **spider** *predator,* Stenolemus lanipes, (Hemiptera: Reduviidae). 060910
The distribution of **two** *predators* [Plectrocnemia conspersa, Sialis fuliginosa] and their prey in an iron rich stream. 060893

PREGNANCY

Early diagnosis of *pregnancy* in **cattle** by means of plasma progesterone determination. 055262
Effect of 1,1,1-trichloro-2,2-bis(p-chlorophenyl)-ethane (DDT) on the *prenatal* **development** of house mice (with special regard to transplacental transport and metabolism of hydrogen and carbon isotope marked DDT in pregnant mice. 060584
Concentration of prostaglandins F in uterine venous plasma of anesthetized mares during the estrous cycle and **early** *pregnancy* [Horses]. 055219
Determination of histamine concentration in normal and retained placenta and the activity of serum histaminase at the end of *pregnancy* and in **early** puerperium, a contribution to the study of pathogenesis of puerperal sepsis [Cattle]. 055884
Secretion of prostaglandin F2alpha in cycling and *pregnant* **ewes.** 055131
Zinc deficiency in *pregnant,* **fetal** and young rats. 053300
Some behavioural and physiological changes in *pregnant* **goats** and sheep during adaptation to laboratory conditions. 054691
Cystine aminopeptidase activity (oxytocinase) in *pregnant* **guinea** pigs: normal and infected with Campylobacter fetus. 055401
Effect of large daily doses of ascorbic acid on *pregnancy* in **guinea** pigs, rats, and hamsters. 055940
Energy utilization by pregnant and *non-pregnant* **heifers** [Diet]. 054846
Disposition of plasma cholesterol in the *pregnant* **hypocholesterolemic** rabbit. 055023
Estrogen receptor in mammary glands and uterus of rats during *pregnancy,* **lactation** and involution. 054617
Gallium-67 distribution in *pregnant* **mammals** [Rabbits]. 055152
Egg transfer in the bovine: effect of injecting PMSG *[pregnant* **mare** serum gonadotropin] on different days [Cattle]. 055242
Effect of 1,1,1-trichloro-2,2-bis(p-chlorophenyl)-ethane (DDT) on the prenatal development of house mice (with special regard to transplacental transport and metabolism of hydrogen and carbon isotope marked DDT in *pregnant* **mice.** 060584
Brain malformation in rabbit fetuses after actinomycin D treatment of the **mother** during *pregnancy.* 055892
Energy utilization by *pregnant* and **non-pregnant** heifers [Diet]. 054846
Nutritional status and the **outcome** of *pregnancy.* 053217
Selective decontamination of the digestive tract of *pregnant* **rabbits:** a method for producing Enterobacteriaceae-free rabbits. 055655
Differentiation of mammary gland during *pregnancy:* the **response** to hormones of rabbit and goat mammary gland explants in organ culture. 055140
Plasma concentrations of 13,14-dihydro-15-keto-prostaglandin F during *pregnancy* in **sheep.** 055222
Maternal and fetal corticosteroids in the **sow** at the end of *pregnancy.* 055050
Brewers dried grains as a nutrient source in diets for *pregnant* **sows.** 054833
Pregnancy **termination** in dogs with novel nonhormonal compounds. 055025

PREMEIOTIC *see* MEIOSIS

PRENATAL *see* PREGNANCY

PREPUPA

Quantitative changes in the free amino acids of the haemolymph of the *prepupal* and **pupal** stages of Spodoptera littoralis (Boisduval). 061055

PRESERVATION

Preservation of **combine-harvested** cabbage. 054025
Preservation of **Connecticut's** agriculture [Farming, economy, laws]. 052899
Supramolecular changes in *preserved* **corneal** tissue during treatment with alpha-tocopherol [Dogs]. 054400
Fats, milk and their **derivatives** *[Preservation].* 053791
Milk and its **derivatives** *[Preservation].* 053792
To study the efficiency of different preservatives used for *preservation* of **eggs.** 053846
Preservation of **energy-linked** functions of insect [Nauphoeta cinerea] mitochondria by simple freezing methods. 060962
The use of ionizing radiation for *preservation* of **food** and feed products. 053562
Nuclear energy for **food** *preservation.* 053605
Preserving **foods** at home witout salt or sugar [Recipes]. 053163
Preservation of **foods** of animal origin in Ancient and Byzantine Greece. 053518
Hide *preservation* by solvent dehydration. 053819
Housing *preservation* in the country [Land use]. 052285
The significance of water activity for microorganisms in meats *[Preservation* **methods].** 053812
Preserving **native** [flora] remnants. 056328
Preservation of **phytopathogenic** bacteria in plant tissue culture [Tobacco, Pseudomonas]. 059519
Potato *preservation* for livestock feed. 054099
High, short heating, **quality** *preservation* and distribution [of milk]. 053764
Effect of washing on deep frozen goat **semen** *preservation.* 055033
Preservation and **utilization** of natural variability [Field crops, genetics]. 057040

PRESERVATIVES

To study the efficiency of different *preservatives* used for **preservation** of eggs. 053846
Pressure band for sap displacement of freshly felled trees using **waterborne** *preservatives.* 056169

PRESSING

Laboratory *press-drying* of red oak [Quercus rubra, wood]. 056272
Testing beehives made of impregnated and **strongly** *pressed* cardboard. 061387
Wet *pressing* of green [field] crops [Protein supplies]. 053909

PRESSURE

Pressure **band** for sap displacement of freshly felled trees using waterborne preservatives. 056169
Soil **bearing** *pressure* studies in the Muda Irrigation Scheme. 062271
Blood *pressure* of rats as affected by diet and concentration of NaCl [sodium chloride] in drinking water. 053329
A simple method for obtaining **blood** *pressure* in rhesus monkeys (Macaca mulatta). 054624
Method for bloodless measurement of arterial **blood** *pressure* in conscious swine. 054749
Pressures are **building** up on the timber market. 056285
Xylem cavitation in excised leaves of Malus sylvestris Mill. [Apple] and measurement of leaf water status with the *pressure* **chamber.** 058510
Supporting effects of salivary myoepithelial cells when acting against a head of *pressure,* in **dogs.** 054609
Pressure **flow** [Phloem, osmosis]. 057545
New tax puts the *pressure* on **forestry.** 056032
Full-scale investigations of **groundwater** *pressure* on tunnel linings. 062204
The dynamic Young's modulus in compacted clayey soil at **high** *pressures* and the effects of radial inertia and added mass. 061651
Effect of a raised **hydrostatic** *pressure* on wood membranes. 1. Density of woody material. 056248
The increase of plant cell resistance after the action of high **hydrostatic** *pressure* [Tradescantia fluminensis]. 057977
Land-use *pressures* in the coastal fringe of southern Queensland. 062483
Analysis of phenolic acids and flavonoids by *high-pressure* **liquid** chromatography [Wines]. 054018
Population, *pressures,* and **living** standards in the year 2000 [World food supply, pollution]. 052898
Osmotic *pressure* of the soil solution: determination and effects on some glasshouse crops [Blotch damage to tomatoes, tip burn on lettuce, salt levels]. 059834
Free amino acids, ions, and **osmotic** *pressure* of the hemolymph of three species of blackflies [Simulium venustum, Simulium vittatum. Prosimulium mixtum/fuscum]. 060738
Preliminary observations on effects of various oxygen **partial** *pressures* on cucumber morphological and constitutional changes during storage. 053983
The modification of soil microflora due to soil aeration. 2. The influence of an inhibited aeration and of differentiated dioxide **partial** *pressure* on the flora of bacteria and fungi during decay of organic matter. 061899
Specific *pressure* of vehicles on the soil. 061572
The effect of **vapor** *pressure* deficit on diffusion resistance in Opuntia compressa. 057393

PRETREATMENT

Comparative effects of **chemical** *pretreatment* on carbon adsorption [Treatment of raw wastewater]. 062475
Hepatic microsomal mixed function oxidase system during toluene treatment and the effect of *pretreatment* of **phenobarbital** in adult rats [Toxicity]. 055903

PREVENTION

Tested safety cabins, frames and joints for farm tractors **[Accident** *prevention].* 061479
Technical **accident** *prevention* and relativity [Equipment]. 061521
Continuing attempts to *prevent* **acute** respiratory [viral] disease in calves after weaning at DSAC [Dixon Springs Agricultural Center]. 055493
Experiences on the experimental and clinical use of the Chloramphenicol spray in the veterinary surgery [to *prevent* **andcure** wound infections]. 055663
Consumption of technical isolated foods, an avoidable risk factor in disease occurrence. Study on the development and *prevention* of **anthropogenic** diseases. 053254
Bloat *prevention* and treatment [Indigestion, cattle]. 055869
Prevention and **control** of shipping fever [Pasteurella pneumonia]. 055482
Cattle handling system is disease culprit **[Disease** *prevention].* 055294
Preventing the **entry** of dangerous plant diseases into SouthAfrica—the fire blight threat [Erwinia amylovora]. 059537
Preventing **erosion** of river beds and canals of irrigation-moisture systems by the use of large-grain materials. 061462
Fall *preventive* measures in sheltered ground [Plant protection of vegetables]. 059814
The involvement of biotin in *preventing* the **fatty** liver and kidney syndrome in chicks. 055874
Prevention of the **formation** of mycotoxins in whole wheat bread by citric acid and lactic acid (mycotoxins in foodstuffs. IX. [Aspergillus versicolor, Aspergillus parasiticus, fungi]. 052975
Prevention of **lipolysis** in dairy products. 053705
Preventive **maintenance:** profit or cost item? [Sawmills]. 056227
Malnutrition and infection in a typical rural Guatemalan village: lessons for the planning of *preventive* **measures.** 053145
Nematodirus battus infection in lambs, with a special view toward *preventive* **measures** [Nematodes]. 055703
Effects of [dietary additive] 1,3-butanediol in alleviating and *preventing* **milk** fat depression in cows. 054862
Prevention of **oil** pollution in tidal estuaries. 062570
Preliminary studies on *preventing* **quick-freezing** lychee fruits from pericarp browning. 053994
X-ray photo taken on the hip joint of the dog standing in a stock with special respect to the *prevention* of **radiological** lesions. 055333
Absence of a plateau in length-tension relationship of rabbit papillary muscle when internal **shortening** is *prevented.* 054641
The rye technique for *preventing* **soil** erosion on light sands and black peats [Sugarbeets]. 058649
Prevention and **suppression** by azathioprine of venom-induced protein-losing gastropathy in dogs. 055925
Ulcers and the *Prevention* **system** of eating. 053326

PREWEANING *see* WEANING

PRICES

A great deal of speculation about *price* **additions** [Dairy products]. 052689
Development and use of **agreed** *prices* for coarse feed. 052673
What is the job of the **Agricultural** *Price* Index? 052705
Agricultural *prices:* Selling prices of agricultural products. 052761
Demand and *prices* for 1976 is a **bit** of a guessing game [Timber and woodgoods]. 056277
Is there a wheat **boom** on the way? *[Prices].* 052712
Calculated *prices* for young cattle [for sale to the state]. 052603
Prices of the **[cattle]** farm and the winter season. 052577
How to evaluate the rise of **coffee** *prices?* 052679
The distribution of shortrun **commodity** *price* movements [Statistics]. 052736
Ample supplies of wood available at **competitive** *prices.* 056275
Economic impact of restricting feed additives in livestock and poultry production **[Costs,** *prices].* 052568
South **Dakota** *prices* and income. 052535
Option value [Supply and **demand,** *prices].* 052581
Prices and **demands** for input characteristics [Corn quality standards, linear programming]. 052572
How to maintain roads, hedges and ditches, at what *price?* **[Equipment].** 061511
Feeder pig market report. 8. **Feed** *prices* down, pig prices up. 052645
Filbert *prices* and market trends. 052720
Mini guide to inflation **[Food** *prices].* 052608
Antitrust dimensions and developments in **food** *pricing* and distribution [Legislation]. 052861
Futures *prices* in [agricultural] supply analysis. 052570

Deferred **grain** *pricing* [Feed merchandising]. 052615
A simplified procedure to predict seasonal average wheat and feed **grain** *prices*. 052707
High alfalfa **hay** *prices*—What can a dairyman do about them? 052598
Control good; supplies plentiful; *prices* down **[Herbicides,** soybean]. 060042
Groundwork is laid for softwood's **higher** *prices* in 1976. 056281
Agricultural agreement provides for *price* **increase** for milk, beef, pork. 052704
Competition among distributors brings **keen** *prices* [Plywood]. 056276
Seasonal changes in *prices* of **major** Alabama farm commoditiesand feeds purchased. 052585
Market structure and *price-cost* **margins:** a comparative analysis of U.k. and U.s. manufacturing industries. 052741
[The European Economic Community] Commission's proposals: bungling job and no [definite] line [Milk **marketing,** *prices].* 052698
Forest policy in Hesse from the viewpoint of the private timber holder **[Marketing,** *prices].* 056175
Price of **meat** and marketing channels. 052557
The apricot tree [Prunus armeniaca, culture, trade, *prices,* **Mexico].** 058880
It's a new ball game for dairymen! **[Milk** *price* control]. 052644
Moderate *price* additions [for milk]. 052695
Marketing costs and **net** *prices* of western New York apples, 1974. 052555
Struggle continues to match new **overseas** *prices* with home sales [Timber]. 056291
Feeder pig market report. 8. Feed prices down, **pig** *prices* up. 052645
The differential impact of food inflation upon the **poor** *[Prices].* 052573
Relationships of food costs, expenditures, and *prices* 1960-74. 052563
Payment according to protein content from the viewpoint of milk **producers** *[Prices].* 052697
Forecasting [about the levels of *prices,* **quantities** and other variables] for Australian agriculture. 052580
[Croneton, an insecticide] safe for beneficial insects and **reasonably** *priced* [Aphid control, field crop pests]. 060203
Textile fibre substitution and **relative** *prices* [in the U.S.A. from 1949 to 1968]. 052584
The **return** *price* of your tractor [Costs]. 052483
Worldwide, U.S. *Food-price* **rise** was smaller than most. 052640
Prices are **rising** for home-produced [wood] panel products. 056286
Using computers to cut for *price* **[Sawmill** operations]. 056236
Seasonal *price* indexes [Agricultural commodities]. 052709
Selected *prices* of international significance [Trade in agricultural commodities]. 052613
Agricultural prices: **Selling** *prices* of agricultural products. 052761
Potato contracts: where we **stand** *[Prices].* 052609
Stiff *price* competition on the British market [Dairy products]. 052687
Government procurement and *price* **support** of agricultural commodities [wheat and sugar]: a case study of Pakistan. 052711
Dairy industry concerned about the [European Economic Community] Commission's proposals for continuity of the milk marketing policy *[Prices,* **trade].** 052692
Uneconomic *price* structure affects working of sugar mills. 052660
Another **wheat** *price* and carryover stocks equation. 052708
World *prices* [for dried vine fruits] fall and could ease further. 052671

PRIMATES

A system to monitor disease in a *primate* **center.** 055307
Persistent effects of sarin and dieldrin upon the *primate* **electroencephalogram.** 060612
Pneumoperitoneogeography: a special radiological technic used in **nonhuman** *primate* medicine. 055327
A survey of Sarcocystis in **nonhuman** *primates* [Laboratory animals]. 055652
Tissue distribution and excretion of tritiated tetrachlorodibenzo-p-dioxin [environmental contaminant] in **non-human** *primates* and rats. 062411

PRIMER *see* BOOKS

PRIMITIVE

From cleavage to *primitive* **streak** formation: a complementary normal table and a new look at the first stages of the development of the chick. I. General morphology. 054451
Cytoplasmic continuity between embryonic cells and the *primitive* **yolk** sac during early gastrulation in Drosophila melanogaster. 060768

PRIMULAS

Phytohemagglutinins from the pistil of *Primula* as **possible** proteins of generative incompatibility. 057592

PRIONUS

The distribution, economic importance and chemical control of the **tilehorned** *Prionus* [imbricornis] (Coleoptera: Cerambydidea) in Georgia [Pest of pecans, Carya illinoensis]. 060309

PRIVET

History of a *privet* **[Ligustrum** vulgare, ornamental varieties, culture]. 059026

PROBABILITY

Least-cost feed reserve [for sheep] using **drought** *probabilities* derived from a grazing model. 052534

PROBING

Equipment *probe* 10: the cold facts about ice makers. 053436
Interaction of cyclodextrins with **fluorescent** *probes* and its application to kinetic studies of amylase [Food enzymes]. 053599
The use of fluorescamine as a *probe* for **labeling** the outer surface of the plasma membrane [Chick embryo]. 054349
A simple method for recalibrating a dissolved **oxygen** *probe* during long fermentations. 053487
Microchemical investigations of medicinal plants. XIV. Identification of the alkaloids in the leaves of Ipomoea violacea using preparative thin layer chromatography and **solid** *probe* mass spectrometry. 057760
The influence of anesthetics and cholesterol on the degree of molecular organization and mobility of ox brain white matter. Lipids in multibilayer membranes: a **spin** *probe* study using spectral simulation by the stochastic method. 054639
Correlation of the photosynthetic reduction of p-(diazonium)benzenesulfonic acid with the increased binding of the *probe* to the **thylakoid** membrane [Spinach chloroplasts]. 058540

PROFITS

Profit **assessment** considering depreciation on fixed assets. 052520
[Potato culture,] a *profitable* **branch** [in Voronezh Region]. 059115
Breakfast *profits* shine for Vegas schools, Nieman Marcus. 053428
Preventive maintenance: *profit* or **cost** item? [Sawmills]. 056227
Pig production: results of a study in South West England 1974-75 [Input, **costs,** *profits].* 052443
'Early breeding' trials suggest $75 per **cow** *profit* [Cattle]. 055059
Efficient and *profitable* **dairy** farming on average sized farms. 052305
Efficient and *profitable* **dairy** farming on average sized farms. 052306
Efficient and *profitable* **dairy** farming [Decisionmaking, stockmanship]. 052307
Efficient and *profitable* **dairy** farming [Costs, returns]. 052455
Herbicides make **drilling** *profitable* [Soybeans]. 060043
Efficiency criteria for milk production [Costs, *profits,* **East** Germany]. 052510
Profits can **expand** agriculture to feed the growing world. 052878
Profits of the **family** garden. 052488
Is the "king of fodders" **[lucerne]** *profitable?* 052505
Tax & credit records begin by **measuring** *profit* [Dairy finance]. 052454
Course in rabbit rearing. VII. *Profits* in a **meat** rabbit exploitation. 052546
The pitfalls and *profits* of **menu** expansion. 053420
Is it *profitable* to **plan** for a drought [Dairy farming, summer feed]. 052309
Economic importance of fattening performance of **swine** *[Profits].* 052461
Profitable **weed** control for cereals. 059998
Vegetable culture in a glass-plastic greenhouse **[Yields,** *profits].* 059112

PROGENITORS

Comparison of *progenitor* **toxins** of nonproteolytic with those of proteolytic Clostridium botulinum type B. 055565

PROGENY

Influence of temperature during the formation of potato tubers and its effects on the **first** *progeny.* 058480
Inheritance of oil and protein content in first **hybrid** *progeny* of sunflowers. 057142
Improving the evaluation of breeding boars according to their *progeny* **obtained** from heterosperm insemination of sows. 055252
Progeny **produced** by Oryzaephilus surinamensis and Oryzaephilus mercator (Coleoptera: Cucujicae) and by Callosobruchus maculatus (Coleoptera: Bruchidae) during continuous exposure to infrasound. 060405
Bos indicus and Bos taurus crossbred dairy cattle in Australia. IV. *Progeny* **testing** and expected rate of genetic improvement. 055046
The effect of preceding crops on the yield and quality of seeds of Mironovskaia 808 winter **wheat** and its *progeny.* 058898

PROGESTERONE

Progesterone **binding** in rabbit oviduct and uterus. 055218
Estrogen, progesterone, prolactin and other changes associated with bovine lactation induced with estradiol-17beta and *progesterone* **[Dairy** cattle]. 055120
Early cytodifferentiation of the chick oviduct **epithelium** by *progesterone.* 055161
The effects of estradiol and *progesterone* on the **growth** and differentiation of the quail oviduct. 055052
Formation and some factors influencing the activity of *progesterone* **hydroxylases** by Aspergillus niger [Fungi]. 057207
Changes in estrogen, progesterone, prolactin and lactation traits associated with injection of estradiol-17beta and *progesterone* into **lactating** cows. 055115
Effects of an intraventricular injection of synthetic ACTH [adrenocorticotropin] on plasma testosterone, *progesterone* and **LH** [luteinizing hormone] levels and on sexual behavior in male and female rabbits. 055184
Egg transport in ovariectomized rabbits as affected by different combinations of **oestrogen** and *progesterone.* 055142
Multiple forms of [chick] **oviduct** *progesterone* receptors analyzed by ion exchange filtration and gel electrophoresis. 054363
Early diagnosis of pregnancy in cattle by means of **plasma** *progesterone* determination. 055262
Influence of 17-beta-estradiol, *progesterone* and **prolactin** on alpha-AIB and cycloleucine transport in preparations from the magnum of laying Japanese quail in in vitro. 054751
Changes in estrogen, *progesterone,* **prolactin** and lactation traits associated with injection of estradiol-17beta and progesterone into lactating cows. 055115
Estrogen, *progesterone,* **prolactin** and other changes associated with bovine lactation induced with estradiol-17beta and progesterone [Dairy cattle]. 055120
Plasma levels of luteinizing hormone, *progesterone,* **testosterone** and 5alpha-dihydrotestosterone in male and female pigs during sexual maturation. 055148
Progesterone **transformations** as a biochemical feature of species of the genus Scopulariopsis [Fungi]. 057601

PROGRAMMING

A *risk-programming* **analysis** of forward contracting with credit constraints [for farmers]. 052445
Prices and demands for input characteristics [Corn quality standards, **linear** *programming].* 052572
A procedure for linking **linear** *programming* to FORTRAN for post-optimal budgeting [Grain volume handling]. 052729
A rumen **linear** *programming* model for evaluation of concepts of rumen microbial function. 054574

PROGRAMS

Land use planning and the Soil Conservation Society of America in **action** *[Programs].* 052897
Research for food as influenced by the **administration** of *programs.* 052889
Development of the Czechoslovakian Socialist Republic under the guidance of the Communist Party into a modern branch of the national economy **[Agricultural** *programs].* 052846
Enrollment in post-secondary non-land grant **agriculture** *programs.* Fall, 1974 [Education, statistics]. 052145
Aid *programs* for improving agricultural structures. Community and national aid [European Economic Community]. 052777
Evaluation of ARS [Agricultural Research Service] *program* on **alternative** methods of insect control: host plant resistance to insects. 060121
Status of FDA's [Food and Drug Administration] *program* on the use of **antibiotics** in animal feeds. 055594
Project of the European Cooperative **Association** *[Programs].* 052793
Food rationing—hard fact of life in **Bangladesh** *[Programs].* 052819
Seasonal changes of soil components in relation to nutrient circulation in the oak-hornbeam [Quercus-Carpinus] forest (International **Biological** *Program* site). 061670
North Carolina broiler **breeder** *program:* management, integrity, sanitation, immunization. 054128
No experiments, but [swine] **breeding** *program* is laboratory-efficient. 055090
Computer *program* to aid in the [hydraulic] analysis and design of major [highway] culverts. 055967
Into its own: modernization of the field design procedure [Forest road engineering, **computer** *programs].* 055968
Fertilizer recommendations and **computer** *program* key used by the soil testing laboratory. 061918
New **computer** *program* for the calculation of confidence limits of expected rainfall [Application to agriculture in East Africa]. 062182
Evaluation of a **conditioning** *program* for random source dogs. 054627
A model of the economic costs of dairy calf mortality [On-farm disease **control** *programs].* 055305
The use of computer simulation in the design, evaluation, and monitoring of animal disease **control** *programs.* 055319
Insect [pests] **control** *programs,* with emphasis on the "looper" [Filberts, walnuts]. 060329
Wind erosion research—past, present, future **[Control** *programs].* 062142
The Dixon Springs wool pool—1974 **[Cooperative** *program].* 052601
Delta Council actions in agricultural research and education *[Programs,* **cotton].** 052781
How public and private agencies are drawn together through better [research] *programs* **[Cotton** cultivation]. 058639
Managerial-skills development: an experience in *program* **design.** 053410
The complete **drainage** *program*—more than an ordinance. 062356
Educationally disadvantaged in the [agriculture cooperative **education]** *program.* 052072
Problems and outlook relating to the mountains, forests and environment in the *programs* of the **European** Economic Community [Policies]. 052799
Acceptability trials with extruded foods **[Feeding** *programs,* school children]. 053184
Antitrust responsibilities, initiatives, and the **food** *program* [Legislation]. 052862
Police roll call for better nutrition [Occupational **Health** *Program].* 053231
Pennsylvaia dairy production testing participant perceptions of and attitudes towards the Dairy Herd **Improvement** *program:* a statewide survey. 052346

A *program* for **improving** [product recovery] volume & value recovery in logging operations. 056247
Kuttanad Development Project: an economic evaluation *[Program* to **increase** rice production]. 052837
A short history of agricultural adjustment, 1933-75 **[Laws,** *programs].* 052779
Feed properly for **mastitis** *program* results [Dairy cattle]. 054817
Brazil's national **nutrition** *program.* 052880
Making hard choices between cost-benefit streams of health and **nutrition** *programs.* 052881
The Philippine **nutrition** *program.* 052884
Factors contributing to insect [Heliothis] resistance in cotton and their use in a *program* of **pest** management. 060174
Contributions of science to improving the situation of making decisions on the field of crop **production** *[Programs].* 052871
Contributions of science to improving the situation of making decisions on the field of livestock **production** *[Programs].* 052872
Agrarian economy *[Programs,* **productive** capacity]. 052792
Program and **progress** on cotton/synthetic fiber blend research. 053878
Program and **progress** on knitting research [Cotton]. 053879
A **research** *program* for and the process of building and testing grassland ecosystem models. 056718
Investigations of agricultural science for the practice and counseling—cooperation and **results** *[Programs].* 052873
Contributions of science to improving the situation of making decisions on the field of economic and social **sciences** *[Programs].* 052870
The federal food **service** *program.* 053224
Benefits to agriculture from the **space** *program.* 052102
Landsat data, its use in a soil **survey** *program.* 061838
Specific protein synthesis in cellular differentiation. III. The eggshell proteins of Drosophila melanogaster and their *program* of **synthesis.** 060769
Koehring **training** *programs* upgrade [timber] harvester mechanics. 056258

PROINSULIN *see* INSULIN

PROJECTION

Projections for **production** and consumption of agricultural products to 1977. VIII. France. 052662
Projected **red** pine [Pinus resinosa] yields from aldrin-treated and untreated stands damaged by white grubs [Phyllophaga] and other agents. 060361

PROLACTIN

Influence of 17-beta-estradiol, progesterone and *prolactin* on **alpha-AIB** and cycloleucine transport in preparations from the magnum of laying Japanese quail in in vitro. 054751
The effect of *prolactin* and **CB154** on in vivo lipogenesis and enzyme patterns in the Japanese quail, Coturnix coturnix japonica and of photostimulation on enzyme patterns in the white-throated sparrow, Zonotrichia albicollis. 054443
Estrogen, progesterone, *prolactin* and other **changes** associated with bovine lactation induced with estradiol-17beta and progesterone [Dairy cattle]. 055120
Changes in estrogen, progesterone, *prolactin* and **lactation** traits associated with injection of estradiol-17beta and progesterone into lactating cows. 055115
Effects of growth hormone inhibiting factor (somatostatin) on the release of growth hormone and *prolactin* from **pituitaries** of the domestic fowl in vitro. 054585
Serum *prolactin* and growth hormone response to thyrotropin releasing hormone in prepubertal heifers. 054546

PROLAMIN

Genetic variability of *gliadins,* **glutenins,** beta-amylases, esterases, peroxidases, acid phosphatases composition in wheat (Triticum aestivum). 056937
Properties of **wheat** *gliadins* separated by gel filtration. 053903

PROLIFERATION

Effect of the **apple-tree** *proliferation* [probably due to Mycoplasma infection] on the growth of trees, their fecundity and quality of fruits. 059653
Experimental bovine Trichophyton verrucosum [Fungi] infection. Comparison of the rate of epidermal **cell** *proliferation* and keratinisation in non-infected and reinoculated cattle. 055741
Yeast extract action on *proliferation* of **irradiated** rice (Oryza sativa L. var. Cigalon) radicular meristems cells by gamma rays of cobalt 60 [isotope]. 058047
Histone turnover in a *non-proliferating* **tissue,** the cat kidney. 054712

PROLINE

Research on subcellular localization of **procollagen** *proline* hydroxylase from chick liver. 054375

PROMETRYNE

Prometryne **desorption** and movement in soil columns. 060607

PROPAGATION

Cultivation of [potato] clones by the **accelerated** *propagation* method. 059087
Fundamental studies on **artificial** *propagation* by seeding useful wild grasses in Japan. V. Further experiments on the regulatin of germinability of the seeds of Japanese lawn grass, Zoysia japonica Steud. 058441
Delphinium *propagation* in United States. 058968
The orange tree *[Propagation* by **grafting].** 059198
Results of raspberry selection [and *propagation* for **marketing** quality]. 059040
Propagation of the **orange** tree. 059196
Problem of virus A in seed **potato** *propagation.* 059669
Morphologic heterogeneity of a strain of swine influenza virus (A/swine/Wisconsin/1/68, Hsw1N1) *propagated* at different **temperatures.** 055417
Experimental ecological genetics in Plantago. I. Induction of roots and shoots on leaves for large scale **vegetative** *propagation* and metal tolerance testing in Plantago lanceolata. 057105
Establishment of commercial tea plantations by using **vegetatively** *propagated* Anaseuli-1 clone, and their economic effectiveness. 059219
Signal relay by single cells during **wave** *propagation* in a cellular slime mold [Dictyostelium discoideum]. 057728

PROPANE

Lipid composition and lipid molecular species of Lipomyces starkeyi [Fungi] cultivated in medium **containing** *1,2-propanediol.* 057229

PROPHASE

Oocyte at *prophase* 1 of **meiosis:** a cytological mode for study of genes coding ribosomal, RNA [Quails]. 055040
The **meiotic** *prophase* in Bombyx mori females analyzed by three-dimensional reconstructions of synaptonemal complexes. 061312

PROPHYLACTIC

Treatment and *prophylaxis* of **cattle** hypodermosis [Hypoderma]: present data. 055756

PROPIONATE

Humoral immune responses characteristic of *testosterone-propionate-treated* **chickens.** 055531
Glycogen forming substances in dairy cows. II. Reducing the level of blood plasma acetoacetate of cows in early lactation with **sodium** *propionate.* 054899
Glycogen forming substances in dairy cows. I. Increments in blood plasma glucose in cows with varying degrees of hypoglycemia and ketonemia after ingestion of **sodium** *propionate.* 055861
Some aspects of protein metabolism in chickens as affected by **testosterone** *propionate.* 054756

PROPIONIBACTERIUM

Preliminary determination of the biological value of *Propionibacterium* **shermanii** biomass obtained from a whey medium cuolture. 053080
Biochemical characteristics of *Propionibacterium* **shermanii** nisin-resistant strains [used in cheese making]. 053659

PROPIONIC

An alternate synthesis of *2-(4-isobutylphenyl)-propionic* **acid.** 053468

PROPOLIS

Propolis and its **uses.** 053461

PROPYL

Inhibition of nitrosamine formation in fried bacon by *propyl* **gallate** and L-ascorbyl palmitate. 053814

PROSIMULIUM

Free amino acids, ions, and osmotic pressure of the hemolymph of three species of blackflies [Simulium venustum, Simulium vittatum, *Prosimulium* **mixtum/fuscum].** 060738

PROSPECTS *see* FORECAST

PROSTAGLANDINS

Release of *prostaglandin* F2 **alpha** during splanchnic artery occlusion shock [Dogs]. 054293
Prostaglandin E2 **biosynthesis:** changes in rabbit aorta and skin during experimental atherogenesis [Cholesterol, diets]. 053222
Studies on the relative effects of *prostaglandins,* **bradykinin,** 5-hydroxytryptamine and histamine on the synovial microcirculation in dogs. 054390
Inhibition of gastric secretion in the dog by **16,16-dimethyl** *prostaglandin* E2. 054279
Effect of hemorrhagic shock on renal release of *prostaglandin* E **[Dogs].** 054267
Effect of vaginally administered 15[S]15-methyl-PGF2 alpha *[prostaglandin]* on **egg** transport and fertility in rabbits. 055217
Lack of negative cooperativity among binding sites for *prostaglandin* **F2alpha** in bovine corpus luteum cell membranes. 054632
Luteolysis with *prostaglandin* **F2alpha** or an antiserum against an equine pituitary fraction in hysterectomized mares. 055024
Steroid concentrations in cows with corticotropin-induced cystic ovarian follicles and the effect of *prostaglandin* **F2alpha** and indomethacin given by intrauterine injection. 055028
Secretion of *prostaglandin* **F2alpha** in cycling and pregnant ewes. 055131
Luteal function in sheep injected with *prostaglandin* **f2alpha** directly into the corpus luteum. 055220
Luteolytic activity of a synthetic prostaglandin and PGF2 *[prostaglandin* **F2alpha]** in heifers. 055221
Reflex bradycardia and hypotension produced by *prostaglandin* **F2alpha** in the cat. 055293
Metabolism of *prostaglandin* A1 by **hepatic** microsomal monooxygenase P-450 system in the guinea pig and rat. 054633
Action of alpha-NAD [nicotinamide adenine dinucleotide] on the isolated rabbit jejunum in the presence of PGE or **PGE** *prostaglandins.* 054466
Plasma concentrations of *13,14-dihydro-15-keto-prostaglandin* F during **pregnancy** in sheep. 055222
Parturition in the goat: plasma concentrations of *prostaglandin* F and **steroid** hormones and uterine activity during latepregnancy and parturition. 055146
Partial characterization of *prostaglandin* **synthetase** in the reproductive tract of the male house cricket, Acheta domesticus. 061008
Luteolytic activity of a **synthetic** *prostaglandin* and PGF2 [prostaglandin F2alpha] in heifers. 055221
Concentration of *prostaglandins* F in **uterine** venous plasma of anesthetized mares during the estrous cycle and early pregnancy [Horses]. 055219
Effect of *prostaglandins* in **vivo** on enzymes involved in thyroid carbohydrate metabolism [Guinea pigs]. 054662

PROSTATE

Studies on androgen transport into **canine** *prostate* in vitro. 055149

PROTEACEAE

Pruning of *macadamia* **trees.** 058952

PROTEASES

Acid *proteases* from species of Mucor [Fungi]. III. Interaction with concanavalin A and concanavalin A sepharose. 057380
Characteristics of the kabicidin resistant mutant of Fusarium sp. [Fungi] having a high productivity of **alkaline** *protease.* 057222
Thrombolytic and pharmacodynamic properties of *protease* **derived** from Aspergillus ochraceus [Fungi]. 057949
The toxicity of **extracellular** *proteases* of the bacterium Serratia marcescens for larvae of greater wax moth, Galleria mellonella [Insect pests, biological control]. 060147
Low temperature inactivation in milk of **heat-resistant** *proteases* from psychrotorphic bacteria. 053738
Influence of heat resistant lipases & *proteases* in **psychrotrophic** bacteria on product quality [Milk]. 053691
The crystal structure at 5.5A [angstrom] resolution of an *acid-protease* from **Rhizopus** chinensis [Fungi]. 057264
Production, purification and characterization of thermomycolase, the extracellular **serine** *protease* of the thermophilic fungus Malbranchea pulchella var. sulfurea. 057399
Contribution of rennet and **starter** *proteases* to proteolysis in Cheddar cheese. 053722
Effects of *protease* **treatment** on growth, morphology, adhesion, and cell surface proteins of secondary chick embryo fibroblasts. 054432

PROTECTANTS

Laboratory screening of some safe insecticides as **grain** *protectants.* 060411
Improvement in selectivity of perfluidone against Rottboellia exaltata in maize with **herbicide** *protectants.* 060063
Interaction of eradicant and *protectant* **treatments** upon the epidemiology and control of mummy berry disease of highbush blueberry [caused by Monilinia vaccinii-corymbosi]. 059424

PROTECTION

The California Land Conservation Act: *protection* of **agricultural** lands? 052901
The Care and *Protection* of **Animals** Act, 1975 [Bermuda]. 052867
Asparagus beetle [Crioceris asparagi, Crioceris duodecimpunctata] defense behaviour: adaptations for survival in dispersing and non-dispersing species *[Protection* from **avian** predators. 060641
On *protection* of **botanical** objects in the northern Azov Sea rea. 056357
Modern methods of *protection* against **cereal** rusts (Review) [Resistance breeding]. 057168
Chemical *protection* of the European chestnut [Castanea] against the Cylindrosporium [castaneae: Mycosphaerella maculiformis] leaf spot. 059457
Red lights on the farm [the use and control of chemicals for **crop** *protection* purposes]. 060524
Rectification of agricultural livestock production and drinking water catchment relative to housing is important as especially **effective** *protection* of young born with a mysterious kidney disease. 055374

EPA [**Environmental** *Protection* Agency] over-regulation cited as threat to agriculture [Pesticides]. 060512
What those EPA [**Environmental** *Protection* Agency] impact statements mean to you [Pesticides, control]. 060551
The development and **environmental** *protection* of the Colorado River Basin. 062418
Total approach for **environmental** *protection*. 062467
U.S. EPA [**Environmental** *Protection* Agency]—Black Creek Study. 062555
Minimizing heat stress and stock losses during heatwaves [on poultry, *protective* **equipment**]. 055353
Protection of **farm** inheritance in agricultural and partnership law: a comparison of legal systems [Legislation]. 052907
Planning for **food** *protection* during the bicentennial celebration in the Nation's Capital [Sanitation]. 053007
Protecting our **food** in Century III: herbicide and insecticide research. 060596
Preliminary study on the methods of managing the *protection* **forest** of natural cypress [Chamaecyparis taiwanensis, Chamaecyparis formosensis] on upper basin of Shih-men Reservoir. 056042
Forestry public relation actions, 100 years of **forest** *protection*. 056049
25th Vanamahotsava in Raichur [**Forest** *protection]*. 056054
Protected fruit growing. 3. Winter frost damages and **frost** *protection* of pome fruits, 1963-1975. 059701
Protecting **fruit** and berry plants from pests and diseases during the summer. 060318
Measures for *protecting* **Graellsia** isabellae (Attacidae). 060628
Health *protection* requirements for use of effluent water [in landscape irrigation]. 062525
Honeybee *protection* from pesticide treatments [Apis mellifera, poisoning]. 061291
The passive transfer of humoral immunity from sows infected with Hyostrongylus rubidus (Hassal and Stiles, 1892), the red stomach worm, to their offspring and its significance in the conferring of *protective* **immunity.** 055539
Problems of erosive degradation and *protection* of **land** surface in the Rybnik Coal Basin. 062145
Protecting **machinery** with hydraulic shocks [used in sawmills]. 056228
Application of ERTS [Earth Resources Technology Satellite]-1 data to the *protection* and **management** of New Jersey's coastal environment. 062423
Good *protective* **material** gives better drainage results. 061579
Studies on **natural** *photo-protectors*. III. Radioresistance of mutants of Aspergillus giganteus (Wehm.) [Fungi] with various photosensitivity. 057597
The efficiency of capital investment into the *protection* of **natural** environment. 062568
Antibacterial activity in colostrum and milk associated with *protection* of **piglets** against enteric disease caused by K88-positive Escherichia coli. 055561
Plant *protection* on 1976 commercial vegetable cultures. 059773
Plant *protection* for enhanced juice quality of sugarcane. 059785
Fall preventive measures in sheltered ground [**Plant** *protection* of vegetables]. 059814
Assessment and evaluation of **plant** *protection* progress. 059846
The control of wind in crop production [**Plant** *protection]*. 059879
Summary report on **plant** *protection* operations for the year 1975 in Japan. 059891
New row spraying rods for various techniques [**Plant** *protection* equipment]. 061496
The radionuclide ratios in agricultural and biological chains in the context of the problem of **radioactivity** *protection* of the environment. 062448
Protective **reforestation** for sheep pastures in West Siberia [Grazing]. 054917
Protective **resemblance** of the nest of Nasutitermes beckeri Prasad and Sen-Sarma (Insecta: Isoptera: Termitidae) to the bark of Veteria indica. 060351
Studies on the *protective* **role** of vitamin C under conditions of exposure of the organism to ionizing radiation [pigeons, and mice]. 054502
Wind erosion in the *protective* **role** of simulated standing stubble. 062158
What you should know about: ROPS—**roll-over** *protection* for tractors. 061488
Antiviral activity of Brucella abortus preparations: separation of active components *[Protection* against **Semliki** forest virus infection in mice]. 055562
Land resource use and *protection* [**Soil** erosion control, policies]. 052281
Soil *protection* technology for growing of cereals. 058897
The water and salt regime of forest trees [of the *protective* **stands** planted alongside [canals] during underflooding with mineralized waters. 058618
Cross-protection **studies** with a Holland strain (Noblis H52) of infectious bronchitis virus [Chickens]. 055444
Changes of chlorophyll content in the leaves of barley infected with the [powdery mildew] fungus Erysiphe graminis f. Sp. hordei Marchal after spraying with a *protective* **substance.** 059456
Ultraviolet photoinactivation of [bovine skim milk] galactosyltransferase. *Protection* by **substrates.** 053672
Protection of **sugarbeets** against animal pests by localized soil treatment or coating seeds. 059853
Terraces *protect* Glen Ullin, [North Dakota, erosion]. 062150
Naphthenate and cyclohexanecarboxylate **treatment** *protects* Phaseolus vulgaris [mung beans] from effects of 2,4-dichlorophenoxyacetate. 059930
Peptidic analogues of the insect juvenile hormone containing **urethan-type** *protecting* groups [Pyrrhocoris apterus, Dysdercus cingulatus]. 060757
Protecting **water** from pollution by crude oil substances [used on farms]. 062486
The *protection* of **winter** wheat from frost killing and removal by wind. 058903
Technical note 15: *protecting* **wood** from decay. 056294

PROTEINASES

Limited proteolysis of the very-lysine-rich histone H1 by **amembrane-bound** *proteinase* from rat liver. 054493
The amino acid sequence of the **double-headed** *proteinase* inhibitor from canine submandibular glands. III. 054514
Amino acid sequence of an active fragment of **potato** *proteinase* inhibitor Ha. 058395

PROTEINS

Abomasal *protein* recovery and microbial protein synthesis in wethers fed high and low quality forage diets. 054830
Computer-based method for estimation of the available energy of amino **acids** and *proteins*. 053261
Factors affecting ruminant responses to protected amino **acids** and *proteins*. 054902
Guidelines and statements of the *Protein* **Advisory** Group of the United Nations system [Single-cell protein]. 053180
PAG *[Protein-Calorie* **Advisory** Group] regional seminar: overcoming problems in infant and young child feeding practices. 053304
Nutritional quality of several *proteins* as **affected** by heating in the presence of carbohydrates [Rats]. 053272
Purification of AFP's [**alpha-fetal** *protein]* from several animals and comparison of some chemical properties. 054519
Proteins and **amino** acids of barley, oats, and buckwheat. 053950
Nitrogen metabolism in ruminants: protein solubility and rumen bypass of *protein* and **amino** acids. 054654
Protein and **amino** acid composition of three varieties of Iraqi dates at different stages of development. 058385
Cultivation of Collybia velutipes (Curt.) Quel. [Fungi] on synthetic liquid medium: The effect of light on free amides and amino acids, *protein* **aminoacids** and non volatile organic acids composition of mycelium and fruit bodies. 057364
Evaluation of methods for tryptophan **analysis** in *proteins*. 053617
Protein from oil could avert crisis [Non-agricultural sources of *proteins* for **animal** feeding]. 054084
Effects of enzymes on nutritional quality and **availability** of *proteins*. 053262
Phosphorylation of **axonemal** *proteins* in Chlamydomonas reinhardtii [Algae]. 057656
Use of *proteins* in **baking** and biscuit manufacture. 053890
The ways of evaluating the quality of **barley** *protein* and their utilization in breeding. 057187
Hevamine: a crystalline **basic** *protein* from Hevea brasiliensis latex. 057863
Biological quality and functional properties of lima **bean** *protein* for bread enrichment [Rats]. 054035
Characterizaton of a *protein-rich* **beer** fraction by two-dimensional immunoelectrophoretic techniques. 053502
Synthesis of juvenile hormone **binding** *proteins* by the fat body of manduca sexta. 060820
Techniques in using normal human subjects in the *protein* **bioassay** of food products. 053278
The rate of *protein* **biosynthesis** and absorption of mineral substances by the roots of oak [Quercus robur] and ash [Fraxinus excelsior] growing together in the forest. 058572
An improved five minute **biuret** *protein* method for wheat and other grains. 053945
Protein **bodies** of the germinating tomato seed cotyledon. 056913
Zein synthesis in maize endosperm by polyribosomes attached to *protein* **bodies.** 058239
Prospects of herbicides as *protein* **boosters** [of crops]—new bioregulents. 060113
Distribution of cadmium, zinc and copper in the mussel Mytilus edulis. Existence of **cadmium-binding** *proteins* similar tometallothioneins. 062408
Protein **calculation** in testing milk performance in Schleswig—Holstein. 053793
Capsid *protein* heterogeneity in turnip mosaic virus. 059673
The immunogenic compound of the foot-and-mouth disease virus: role of the external **capsule** *protein* in the induction of synthesis of neutralizing antibodies. 055474
Effect of bicarbonate-rich irrigation waters on the growth, nutrient uptake and synthesis of *proteins* and **carbohydrates** in wheat [Salinity, toxicity]. 059869
Microbial proteins produced from bagasse pith. II. Effect of mixed cultures [of Cellulomonas and Candida utilis] on the production of single **cell** *protein* from bagasse pith. 053959
Degradation of total **cell** *protein* at different stages of Saccharomyces cerevisiae yeast growth. 057571
Variability in *protein,* **cell-wall** constituents and in vitro dry matter and cell-wall digestibility of some promising cowpea strains (Vigna sinensis) [Forage crops]. 054870
Synthesis of coupling factor **CF1** *protein* by isolated spinach chloroplasts. 058349
On features of metabolism of *proteins* in **chick** fibroblasts infected with Sendai virus. 055803
Conformational studies of two non-histone **chromosomal** *proteins* and their interactions with DNA [Calf thymus chromatin]. 054471
A method for determination of the in situ distribution of **chromosomal** *proteins* [Drosophila melanogaster]. 061003
New results concerning the **coat** *proteins* of foot-and-mouth disease virus. 055473
The polarity of stripping of **coat** *protein* subunits from the RNA in tobacco mosaic virus under alkaline conditions. 059571
The **coat** *proteins* of cauliflower mosaic virus. 059681
Tobacco ringspot virus codes for the **coat** *protein* of its satellite. 059683
The effect of methods of sterilization on the nutritive value of *protein* in a **commercial** rat diet. 053122
Separation of the Photosystem I *chlorophyll-protein* **complex** into several components [Barley]. 058151
Very low density lipoproteins in normal and cholesterol-fed rabbits: lipid and *protein* **composition** and metabolism. 1. Chemical composition of very low density lipoproteins in rabbits. 053109
Protein **composition** of lung fluids in acute alloxan edema in dogs. 054289
Effects on rate of gain in pigs due to variation of *protein* **concentration** [Diets]. 054941
Protein hydration, its role in stabilizing the helix **conformation** of the *protein*. 053546
Elimination of free penicillin and *penicilloyl-protein* **conjugates** in the milk of cows following intramammary administration of penicillin G. 054316
Effects of frozen storage on prepared foods **containing** *protein* concentrates. 053167
Payment according to *protein* **content** from the viewpoint of milk producers [Prices]. 052697
Breeding for improved nutritional quality in cowpeas (Vignaunguiculata (L.) Walp) *[Protein* **content].** 053177
The *protein* **content** of human milk: 1. A transversal study of Swedish normal material. 053291
Effect of some [biological] factors [and farm practices] on the fat and *protein* **content** of sunflower seed. 053957
Study on fat and *protein* **content** of milk from different cow's udder quarters and their interrelationship. 054758
Inheritance of oil and *protein* **content** in first hybrid progeny of sunflowers. 057142
Protein-sulfhydryl **content** and electrophoretic protein patterns in young cotton plants as affected by low temperatures. 058178
Effect of amino acids on growth and *protein* **content** of saltstressed barley seedlings. 058181
Following regularities in the content and proportion of individual amino acids and in the *protein* **content** in winter wheat grain. I. Regularities in the variability of amino acid composition of wheat grain (Mironovska 808). 058220
Studies on the environmental influence on *protein* **content** of sweetpotatoes. 058384
Study of patterns in contents and participation of individual amino acids and *protein* **contents** in winter wheat grains. II. Full evaluation of four varieties of winter wheat. 058226
Cottonseed *protein* products. 053874
Cottonseed *protein* products: variation in protein quality with product and process. 053947
Isolation of *proteins* from **cottonseed** meal. II. The salt method. 058060
Control of weeds in *protein* **crop** plantations. 060031
Protein **crops:** cultivation problems, breeding. 058836
Inventory of main [insect] pests of *protein* **crops** (beans, peas, soybeans) and choice of control methods. 060155
Study on the reduction of **crude** *protein* level in mixed feed for broiler chicks. 055002
Protein **crystals** and bundles of tubules in yeast [Saccharomyces]. 1. Assembly and disassembly. 057291
A model for the evolution of the *proteins*. **Cytochrome** c: mammals, reptiles, insects. 054377
Purification of **cytoplasmic** *protein* with ribonuclease activity from leaves of wheat seedlings and effect of drought on its quaternary structure. 058091
Protein **deficiency** over generations in rats. 053298
Effect of *protein* **deficient** diet and androgen therapy on chemical constituents of blood in young male buffalo calves. 054820
Importance of spores and **delta-endotoxin** *protein* crystals of Bacillus thuringiensis in Galleria mellonella [Biological control]. 061334
Comparative examination of methods for **determining** *proteins* [Brewing]. 053482
Evaluation of two infrared instruments for **determining** *protein* content of hard red winter wheat. 053900
The effect of a *protein-rich* **diet** on the clinical and some biochemical indices in patients with torpid and latent recurrent rheumatic heart disease. 053348
Endogenous nitrogen excretion and utilization of **dietary** *protein* [Differing protein requirements of man]. 053115
Immune response in malnutrition. Differential effect of **dietary** *protein* restriction on the IgM and IgG [immunoglobulins M and G] response to alloantigens [Mice]. 053129
Effect of **dietary** *protein* and tryptophan on the turnover of rat liver ornithine aminotransferase. 053207
An efficient procedure for the complete evaluation of **dietary** *proteins* [Rats]. 053257
Folin-phenol regent-positive material released during autolysis of tissue slices from rats [Influence of **dietary** *protein].* 054766
Effect of **dietary** *protein,* slaughter weight and sex on carcass composition, organoleptic properties and cooking losses of lamb. 054838
Fattening crossbred Large White X Landrace pigs at varying **dietary** *protein* levels. 054988
Endogenous nitrogen excretion and utilization of dietary protein [**Differing** *protein* requirements of man]. 053115

An immunochemical method for the detection of *protein* on **disc** electrophoresis column [Mice, rabbits]. 054260
The low-temperature mechanical relaxation of [bovine] elastin. I. The **dry** *protein*. 054383
A modified PER *[protein* **efficiency** ratio] method for estimating changes in the bioavailability of individual essential amino acids [Rats]. 053255
Factors which influence the biological evaluation of protein quality by the *protein* **efficiency** ratio method [Rats]. 053266
Relationship between *protein* **efficiency** ratio of foods and relative nutritive value measured by Tetrahymena pyriformis W bioassay techniques. 053277
Equations for predicting PER *[protein* **efficiency** ratio] from animo acid analysis—a review and current scope of application [Meat products]. 053830
Effect of insect [Sitophilus oryzae, Callosobruchus chinensis] infestation on the *protein* **efficiency** ratio of the proteins of maize and cowpea. 060398
Specific protein synthesis in cellular differentiation. III. The **eggshell** *proteins* of Drosophila melanogaster and their program of synthesis. 060769
Fluorescamine as a reagent for location of *proteins* after **electrophoresis** in starch gel or on paper [Latex protein hevein]. 053473
Protein-sulfhydryl content and **electrophoretic** *protein* patterns in young cotton plants as affected by low temperatures. 058178
Localization of "transcriptively active" cells during odontogenesis using acridine orange ultrastructural cytochemistry [Tooth development, rabbits, **enamel** *protein* synthesis]. 053136
Protein: **energy** ratios—guidelines in the assessment of protein nutritional quality. 053273
Studies on antioxidative effects of **enzymatic** *protein* hydryzates [in food]. 053497
Water activity in relation to the thermal inactivation of **enzymic** *proteins* [Food]. 053558
Nutritional evaluation of *proteins* as **estimated** by in vitro protein synthesis; comparison with conventional techniques [Rats]. 053269
The ribosomal proteins of [the yeast] Saccharomyces cerevisiae. Phosphorylated and **exchangeable** *proteins*. 057064
Effect of benedyne on the dry matter and **extractable** *protein* yields in sunnhemp (Crotalaria juncea L.). 058124
Protein **extraction** and recovery from microbial cells [Single-cell protein]. 053574
Protein and **fat** content of cow's milk. 053760
Dynamics of C-14 [carbon isotope] amino acids applied in rats previously **fed** *proteins* of different quality. 054975
Poultry excreta containing polychlorinated biphenyls as a *protein* **[feed]** supplement for lactating cows. 054865
Sows stay productive on *low-protein* **feeds.** 054921
The detection of specific **fetal** *proteins* in thirteen mammalian species. 054521
Nutrient accumulation and prediction of body composition of 20-week-old calves fed varying percentages of *protein* and **fiber.** 054851
Performance and nutrient requirements of calves fed varying percentages of *protein* and **fiber.** 054852
Nutritional and chemical evaluation of the *protein* of various **finfish** and shellfish. 053268
Availability of protein, minerals, and fluoride from **fish** *protein* concentrate in adult man. 053258
Developments in the more efficient use of **fish** *proteins*. 053441
Preparation and evaluation of two microbiological media from shrimp heads and hulls [for making **fish** *protein* concentrates]. 053477
Solubilization of a **fish** *protein* concentrate with proteolytic enzymes. 053588
Environmental influences on wheat **[flour** *protein]* lysine content. 053926
The assessment of thermal processing on wheat **flour** *proteins* by physical, chemical, and enzymatic methods. 053952
Suggestions for better use of *protein* in **fodder** grain by rational organization of processing. 054101
Amino acids in feces related to digestibility of **food** *proteins* [Rats]. 053256
Enzymatic hydrolysis of **food** *protein* for amino acid analysis. I. Solubilization of the protein. 053585
A potential improved tryptophan analysis of **food** *proteins* in the presence of carbohydrates. 053614
Mushrooms as a source of **food** *protein*. 054036
Origin of Nicotiana tabacum [tobacco] detected by primary structure of **fraction** I *protein*. 058031
Amino acid analyses of *protein* **fractions** in finger millet (Eleusine coracana (L.) Gaertn.). 053943
The content of *proteins* and their **fractions** in the blood serum of crossbred cows compared to cows of full-blood breeds. 054668
Studies on liver protein turnover of rats fed a *protein* **free** diet supplemented with methionine and threonine. 053288
Formation of vitamin B group and the amino acid pattern of microbial protein in the rumen of the goat fed with *protein* **free** diet containing ureidocompound and hay. 054775
Protein and **free** amino acid composition of sesame meal as affected by nitrogen, phosphorus, and potassium nutrition. 057938
Change in *protein* and **free** amino acid content of barley and winter wheat grain under the influence of different forms of nitrogen and phosphorus [fertilizers]. 058073
Production of **fungal** *protein* from carob (Ceratonia siliqua L.). 053571
Barley grain as carbon substrate for **fungal** *protein* production in a farm process [Feed supplements]. 054857
Some chemical and physical properties of the mercuric chloride-solubilized **gel** *protein* from different wheat varieties. 053904
Stability characteristics of pepsin immobilized on *protein-coated* **glass** used for continous milk coagulation. 053676
Comparative biochemical characteristics of **grain** *protein* of Hiproly barley and regional Russian varieties. 058107
Purification and physical characterization of nucleic acid **helix-unwinding** *proteins* from calf thymus. 054558
Single-stranded DNA structure and DNA polymerase activity in the presence of nucleic acid **helix-unwinding** *proteins* from calf thymus. 054559
Role of **heme** *proteins* in peroxidation of milk lipids. 053740
Ganglioside, *protein,* **hexose,** and sialic acid changes in the trisected optic tectum of the chick embryo. 054452
The effects of varying the level of palm oil in a constant **high** *protein* diet on performance and carcass characteristics of the growing pig. 054804
Preliminary evaluation of two new **high-quality** *protein* opaque-2 corn varieties on an acid and relatively infertile soil (Ultisol) of Puerto Rico. 058789
Protein **hydration,** its role in stabilizing the helix conformation of the protein. 053546
Unconventional sources of *proteins* [to **increase** world food supply]. 053316
Local varieties of winter rye as initial material for breeding for **increasing** *protein* content. 057184
Extraction of **individual** *proteins* out of Phaseolus lunatus L. seeds [Beans]. 058431
Biological utilisation of *protein* as **influenced** by dietary carbohydrates [Rats]. 054872
The isolation and characterization of the ATPase [adenosine triphosphatase] **inhibitory** *protein* (TN-I) from bovine cardiac muscle. 054427
Molecular organization and stabilizing forces of simple RNA [plant] viruses. IV. Selective interference with *protein-RNA* **interactions** by use of sodium dodecyl sulfate. 059677
The structure of monellin and its relation to the sweetness of the *protein* **[isolated** from Dioscoreophyllum comminsii]. 057315
Adenosine cyclic 3',5'-monophosphate in the liver fluke, Fasciola hepatica. II. Activation of *protein* **kinase** by 5-hydroxyltryptamine. 055678
Characterization of *protein* **kinases** from bovine parotid glands. The effect of tolbutamide and its derivative on these partially purified enzymes. 054367
Structure and function of the genetic information in the plastids. XIII. **Lamellar** *proteins* of pale plastids of plastom and gene mutants of Hordeum and Lycopersicon [Barley, tomatoes]. 056947
Fluorescamine as a reagent for location of proteins after electrophoresis in starch gel or on paper **[Latex** *protein* hevein]. 053473
Nutritional evaluation of alfalfa **leaf** *protein* concentrate [Rats]. 053271
The effects of processing conditions on the quality of **leaf** *protein*. 053620
Leaf *protein* extracts [Grass, alfalfa, sugarbeets]. 053938
Deproteinised **leaf** extract as a substrate for fungal growth [Pennisetum purpureum, typhoides, fodder grass]. 059327
Specific soluble **leaf** *proteins* in virus-infected tobacco plants are not normal constituents. 059596
Effects of anti-nutritional and toxic factors on the quality and utilization of **legume** *proteins*. 053037
Liver free amino acids in adult cockerels fed diets containing graded **levels** of *protein*. 054909
Very low density lipoproteins in normal and cholesterol-fed rabbits: **lipid** *protein* composition and metabolism. 2. Metabolism of very low density lipoproteins in rabbits. 053110
Studies on **liver** *protein* turnover of rats fed a protein free diet supplemented with methionine and threonine. 053288
Effectiveness of maize mixtures balanced with **local** *protein* forages and addition of L-lysine and DL-methionine in fattening porkers. I. Fattening qualities, nutrient digestibility and nitrogen balance. 054987
Vinyl compounds as reagents for available **lysine** in *proteins*. 053622
Reevaluation of common wheats from the USDA world wheat collection for *protein* and **lysine** content [Analysis]. 053961
Photoelectric nephelometer for the study of *proteins* and other **macromolecular** food compounds. 053079
Bitter peptides isolated from **maize** *protein* zein by hydrolysis with pepsin [Food chemistry]. 053653
Effect of insect [Sitophilus oryzae, Callosobruchus chinensis] infestation on the protein efficiency ratio of the *proteins* of **maize** and cowpea. 060398
Mucosal immunity in *[protein-calorie]* **malnutrition.** 053297
Meeting *protein* and amino acid requirements of man. 053267
Conjugation of the localisation of new molecules of chlorphylls and *proteins* in the **membrane** system of chloroplasts. 057518
Some aspects of *protein* **metabolism** in chickens as affected by testosterone propionate. 054756
Changes of *protein* **metabolism** of plants under the influence of dimethyl-4-chlorophenoxy acetic acid [Herbicides, broadbeans, wheat, peas]. 059961
Utilization of cane and coffee processing byproducts as **microbial** *protein* substrates [Single-cell protein]. 053583
Microbial *proteins* produced from bagasse pith. I. Isolation and characterization of two cellulolytic bacteria [Cellulomonas] and their utilization on bagasse pith. 053958
Microbial *proteins* produced from bagasse pith. II. Effect of mixed cultures [of Cellulomonas and Candida utilis] on the production of single cell protein from bagasse pith. 053959
Formation of vitamin B group and the amino acid pattern of **microbial** *protein* in the rumen of the goat fed with protein free diet containing ureidocompound and hay. 054775
Abomasal protein recovery and **microbial** *protein* synthesis in wethers fed high and low quality forage diets. 054830
Animal feeding trials with a **microfungal** *protein* [for human food use]. 053178
Availability of *protein,* **minerals,** and fluoride from fish protein concentrate in adult man. 053258
Nitrogen-balance studies with Red Sokoto (Maradi) goats for the **minimum** *protein* requirements. 054803
Interspecific variation in products of animal **mitochondrial** *protein* synthesis. 055178
Preparation of heterosaccharide linked **modified** *proteins* [Bovine fibrinogen]. 054379
Estimation of *[protein]* **molecular** weight by polyacrylamide gel electrophoresis using heat stable fluorophors [Albumen]. 054310
Comparison of mode of activation of guanosine 3':5'-monophosphate-dependent and adenosine **3':5'-monophosphate-dependent** *protein* kinases from silkworm [Bombyx mori]. 061326
Protein **needs** and possible modifications of the American diet. 053203
A **new** *protein-glucoprotein* biocomplex of ram's diluted semen and its changes depending on the dilution rate. 055049
Extraction of *non-protein* **nitrogen** from potato tuber and its amino acid composition. 058512
Developmental changes in the **non-histone** *proteins* of chromatin from the salivary glands of Calliphora stygia. 060862
Novel *proteins* - an alternate food source. 053443
Cell separation by velocity sedimentation at 1 g for the study of **nuclear** *proteins* in ram spermatids. 055031
Autoradiographic study of **nuclear** *protein* acetylation during locust [Locusta migratoria] spermiogenesis. 060631
Kinetics of the inhibition of amaranthin formation by inhibitors of *protein-* and **nucleic** acid metabolism in seedlings of Amaranthus caudatus L. 057283
Biochemical parameters as indices of *protein* **nutritional** value. 053260
Protein: energy ratios—guidelines in the assessment of *protein* **nutritional** quality. 053273
Protein **nutritional** quality of foods and feeds. 1. Assay methods—biological, biochemical, and chemical. 053274
Protein **nutritional** quality of foods and feeds. 2. Quality factors—plant breeding, composition, processing, and antinutrients. 053275
Protein **nutritive** value of selected present and potential meat extenders [Whey, fish, soy, cottonseed, rats]. 053276
Protein from **oil** could avert crisis [Non-agricultural sources of proteins for animal feeding]. 054084
Protein-stretching, **penny-pinching** meals. 053417
Light harvesting **pigment** *protein* complex requirement [in tobacco] for spill-over changes induced by cations. 057908
Plant *proteins* in human nutrition. 053218
A study of some problems in the amino acid analysis of **plant** *proteins* [Wheat]. 053942
Determination of cystine and methionine in **plant** *proteins* by automatic amino acid analysis [Wheat]. 053944
Monosodium L-glutamate [food additive]-induced convulsions: temporary alteration in blood-brain barrier permeability to **plasma** *proteins*. 052974
Haematological and **plasma** *protein* changes in caprine pleuropneumonia. 055776
Protein **polymorphisms** in domesticated species: evidence for hybrid origin? [Plants and animals]. 055101
Effect of interrelated compensation within different systems of cattle blood **polymorphous** *proteins*. 054721
Phytohemaggiutinins from the pistil of Primula as **possible** *proteins* of generative incompatibility. 057592
The nutritive quality of **potato** *protein* [Human, chicks, diets]. 053279
Exotic game on Texas rangelands **[Potential** *protein* production, laws]. 052895
Protein **production** of rice affected by retarded nitrogen fertilization. 062051
Feed-cakes and *proteins,* 1974. 054091
Pulse *proteins* [Legumes]. 053951
Bioassays for *protein* **quality** [Rats]. 053259
Enzymatic methods for *protein* **quality** determination. 053264
Evaluation of *protein* **quality** with the phagotrophic protozoan Tetrahymena. 053265
Factors which influence the biological evaluation of *protein* **quality** by the protein efficiency ratio method [Rats]. 053266
Protein **quality** of some barley lines as related to lysine content. 053287

Cottonseed protein products: variation in *protein* **quality** with product and process. 053947
Protein **quality** in cereals evaluated by rapid estimation of specific protein fractions [Maize]. 053949
Towards developing high **quality** *protein* maize populations in the Egyptian maize programme [Breeding]. 057044
On the determination of available lysine in casein and **rapeseed** *protein* concentrates using 2,4,6-trinitrobenzenesulphonic acid (TNBS) as a reagent for free epsilon amino group of lysine. 053872
Evaluation of dietary **rapeseed** *protein* concentrate flours in rats and dogs. 054966
Formulas for broiler chicken compound forages mostly with native raw materials. II. Replacement of fish meal by bird waste meal and forage yeasts supplemented with amino acids at **reduced** *protein* level. 054992
Protein **requirements** of finishing beef cattle from start to finish. 054789
Protein **resources** research: an analysis of U.S. Needs [Nutrition, food]. 053328
Binding of **retinol-binding** *protein* obtained from human urine with Vitamin A derivatives and terpenoids. 053204
Avian riboflavinuria. IX. Qualitative action of a mutant gene in chicken on **riboflavin-binding** *protein* synthesis. 055083
A comparison of **ribosomal** *proteins* from rabbit reticulocytes phosphorylated in situ and in vitro. 054355
The **ribosomal** *proteins* of [the yeast] Saccharomyces cerevisiae. Phosphorylated and exchangeable proteins. 057064
Autoradiographic study of *protein* and **RNA** formation during early development of Drosophila [melanogaster] eggs. 060767
The determination and significance of biological values of *proteins* for **ruminants.** 054904
New method for prediction of protein value from essential amino acid pattern [New principles for **scoring** *protein* value from chemical composition]. 053040
Seed *proteins* of Phaseolus and Vigna [Chemotaxonomy]. 056555
Peanut (Arachis hypogaea L.) **seed** *protein* characterization and genotype sample classification using polyacrylamide gel electrophoresis. 056946
Subunit structure of the 12S *protein* from **seeds** of Brassica juncea. 057392
The nutritive value of *protein* in **selected** sorghum lines as measured by rat performance. 054911
Serum *protein* fractions from children of differing nutritional status analysed by polyacrylamide gel electrophoresis and electroimmunoassay. 053120
The effect of temperature on the flux from a stirred ultrafiltation cell [Bovine **serum,** *proteins].* 053637
Specific fetal **serum** *proteins* in pig. 054520
Progressive changes in **serum** *proteins* and the rheumatoid factor of chickens infected with Mycoplasma synoviae. 055457
Serum *proteins,* blood and plasma volumes in experimental Trypanosoma vivax infections of sheep and goats. 055777
Marketing SCP [**single-cell** *protein]* in low-income countries: a double perspective. 052657
Marketing **single-cell** *protein* in sophisticated markets. 052658
Role of the international agencies [**Single-cell** *protein].* 052829
Guidelines for the evaluation of SCP [**single-cell** *protein]* for human consumption. 052983
Some results of SCP [**single-cell** *protein]* medico-biological investigations. 052984
Clinical studies on the nutritional value of **single-cell** *proteins.* 053179
Guidelines and statements of the Protein Advisory Group of the United Nations system [**Single-cell** *protein].* 053180
Single-cell *protein* for human consumption—an overview. 053181
Utilization of **single-cell** *protein* for human food. 053182
Inhibition-threshold substrate concentrations [**Single-cell** *protein* production]. 053488
Cell collection: recovery and drying for SCP [**single-cell** *protein]* manufacture. 053563
Conversion of insoluble agricultural [feedlot] wastes to SCP [**single-cell** *protein]* by thermophilic microorganisms. 053564
Effect of processing on the nutritive value of Saccharomyces cerevisiae, Scenedesmus obliquus, and Spirulina platensis measured by protein synthesis in vitro in rat skeletal muscle [**Single-cell** *protein].* 053565
Fermentor design [**Single-cell** *protein].* 053566
Gas-oil as a substrate for **single-cell** *protein* production. 053567
Insoluble substrate and oxygen transport in hydrocarbon fermentation [**Single-cell** *protein].* 053568
Producing Spirulina with CO2 [carbon dioxide, **single-cell** *protein].* 053569
Product outlook and technical feasibility of SCP [**singlecell** *protein].* 053570
Production of SCP [**single-cell** *protein]* in Israel. 053572
Production of **single-cell** *protein* from insoluble agricultural wastes [cellulosic residues] by mesophiles. 053573
Protein extraction and recovery from microbial cells [**Single-cell** *protein].* 053574
Removal of nucleic acids in SCP [**single-cell** *protein].* 053575
SCP [**single-cell** *protein]* in submerged cultures. 053576
SCP [**single-cell** *protein]* production from methane. 053577
SCP [**single-cell** *protein]* production from methanol by yeast. 053578
Semi-commercial studies of a petroprotein process based on n-paraffins [**Single-cell** *proteins].* 053579
Studies of biomass production of methanol oxidizing bacteria [**Single-cell** *protein].* 053580
The growth of microfungi on carbohydrates [**single-cell** *protein].* 053581
The production of yeast from n-paraffins [**Single-cell** *protein].* 053582
Utilization of cane and coffee processing byproducts as microbial protein substrates [**Single-cell** *protein].* 053583
Economic analysis of ultrafiltration—fermentation plants producing whey protein and SCP [**single-cell** *protein]* from cheese whey. 053715
SCP [**single-cell** *protein]* production from methanol: bacteria [Animal feed]. 054088
Value of SCP [**single-cell** *protein]* for animals. 054089
The *protein-energy* **situation:** its influence on slaughter chickens [Feeding]. 054783
Nitrogen metabolism in ruminants: *protein* **solubility** and rumen bypass of protein and amino acids. 054654
Enzymatic hydrolysis of food protein for amino acid analysis. I. **Solubilization** of the *protein.* 053585
Testing mixed feed of different energy levels and various *protein* **sources** for hen layers. 055006
Increase in demand for **soy** *proteins.* 053914
Soybean *protein* foods: use and acceptance in institutional feeding. 053169
Supplemental value of liquid cyclone processed cottonseed flour on the *proteins* of **soybean** products and cereals. 053905
Enrichment of trace mercury [in water] by **soybean** *protein* for the analysis by flameless atomic absorption method. 062386
Enrichment of trace cadmium [in water] by **soybean** *protein* for the analysis by atomic absorption method. 062387
Protein quality in cereals evaluated by rapid estimation of **specific** *protein* fractions [Maize]. 053949
Specific *protein* synthesis in cellular differentiation. III. The eggshell proteins of Drosophila melanogaster and their program of synthesis. 060769
The PEKILO process: [single-cell] *protein* from **spent** sulfite liquor [Animal feed]. 056179
The effect of complete and *protein* **starvation** and refeeding casein on the acid phosphatase activity of the various organs of rat. 053188
Genetics of lucilin, a **storage** *protein* from the sheep blowfly, Lucilia cuprina (Calliphoridae). 060698
Structural *proteins* of bovine viral diarrhea virus [Diarrheamucosal disease in cattle]. 055427
Structural *proteins* in the eggshell of the horned beetle, Xylotrupes dichotomus. 060881
Biochemical, biophysical, and biological properties of densonucleosis virus. I. **Structural** *proteins* [Galleria mellonella]. 060956
Value of dried poultry manure and urea as *protein* **supplements** for sheep consuming low quality tropical hay. 054856
Wet pressing of green [field] crops *[Protein* **supplies].** 053909
Prospects for increasing world poultry production *[Protein* **supply].** 052928
Effects on agriculture in case of new methods for *protein* **support** [Food supply]. 052857
Effects of protease treatment on growth, morphology, adhesion, and cell **surface** *proteins* of secondary chick embryo fibroblasts. 054432
Effect of processing on the nutritive value of Saccharomyces cerevisiae, Scenedesmus obliquus, and Spirulina platensis measured by *protein* **synthesis** in vitro in rat skeletal muscle [Single-cell protein]. 053565
Studies on the action of nerve growth factor. III. Role of RNA and *protein* **synthesis** in the process of neurite outgrowth [Chick embryos]. 054457
Traumatotactic movement of nuclei in Tradescantia leaf epidermis. III. Effects of inhibitors of *protein* **synthesis.** 057296
Inhibitors of *protein* **synthesis** in eukaryotic cells. Comparative effects of some Amaryllidaceae alkaloids. 057309
Mode of action of the antitumor compound bruceantin [isolated from Brucea antidysenterica], an inhibitor of *protein* **synthesis.** 057762
Cytokinin effects on *protein* **synthesis** of in vitro systems of higher plants [Tobacco, maize]. 058183
Inhibition of initiation of *protein* **synthesis** [in wheat germs] by 7-methylguanosine-5'-monophosphate. 058237
Oxygenase properties of crystallized fraction 1 *protein* from **tobacco.** 058012
A specific immunoabsorbent for the isolation of Fraction I *protein* [from **tobacco** and sugarbeets]. 058196
Studies concerning the *protein* of **tomato** seeds recovered from tomato cannery waste. 054053
Bactericidal activity of bovine neonatal serums for selected coliform bacteria in relation to **total** *protein* and immunoglobulin G1 and immunoglobulin M concentrations. 055395
Variation in glycogen, total carbohydrates, free sugars, *proteins,* **total** free amino acids and some enzymes (active phosphorylase, acid, and alkaline phosphatases) during embryonic development of Antheraea mylitta. 060764
Purification and characterization of a **troponin-C-like** *protein* from bovine adrenal medulla. 054557
Potato **tuber** *proteins* and their nutritional quality. 053317
Milk production on *low-protein,* **urea-rich** feed [Dairy cattle]. 054762
New method for prediction of *protein* **value** from essential amino acid pattern [New principles for scoring protein value from chemical composition]. 053040
Taste preferences for hamburger containing textured **vegetable** *protein* [Consumer preference]. 052703
Prevention and suppression by azathioprine of **venom-induced** *protein-losing* gastropathy in dogs. 055925
The activity of Newcastle disease **virus-envelope** *proteins* after treatment with detergents. 055503
The absence of one class of **virus-induced** *protein* in arginine-deprived cells infected with pig herpesvirus. 055794
Nutritional evaluation of proteins as estimated by in **vitro** *protein* synthesis; comparison with conventional techniques [Rats]. 053269
In **vitro** *protein* synthesis by tissues of the fifth instar locust [Locusta migratoria migratoroides]. 060871
Purificaton and properties of a low molecular **weight** *protein* factor of [bovine heart] mitochondrial energy-linked functions. 054374
Economic analysis of ultrafiltration—fermentation plants producing **whey** *protein* and SCP [single-cell protein] from cheese whey. 053715
Aggregation of **whey** *proteins* during storage of acidified milk. 053720
Studies of **whey** *protein* concentrate-fortification in fermented skimmed milk. 053759
Whey *proteins* for food and feed supplement. 053780
The relationship between the zinc status of pigs and the occurrence of copper- and **Zn-binding** *proteins* in liver. 054385

PROTEOLYTIC

Contribution of rennet and starter proteases to *proteolysis* in **Cheddar** cheese. 053722
Comparison of progenitor toxins of nonproteolytic with those of *proteolytic* **Clostridium** botulinum type B. 055565
Proteolysis as the **compactness** index of wheat molecules [Flour baking quality]. 053862
Solubilization of a fish protein concentrate with *proteolytic* **enzymes.** 053588
Subunit structure of bovine milk xanthine oxidase effect of limited cleavage by *proteolytic* **enzymes** on activity and structure. 054376
Limited *proteolysis* of the very-lysine-rich histone H1 by amembrane-bound proteinase from rat liver. 054493
The *proteolytic* **system** of a slow lactic-acid-producing variant of Streptococcus cremoris HP [Milk]. 053778

PROTEUS

Some aspects of the formation of dimethyl sulfide through brewer's yeast [Saccharomyces carlsbergensis] and beer spoilage microorganisms [**Obesumbacterium** *proteus].* 053046

PROTHORACIC *see* THORACIC

PROTOCHLOROPHYLL

Changing ratios of **phototransformable** *protochlorophyll* and protochlorophyllide of bean seedlings developing in the dark. 058495

PROTOCHLOROPHYLLIDES

The stoichiometric relationship between delta-amino-levulinic acid and *protochlorophyllide* [in **barley** seedlings]. 058202
Changing ratios of phototransformable protochlorophyll and *protochlorophyllide* of **bean** seedlings developing in the dark. 058495

PROTOMYCES

Nucleic acids in haploid and diploid cells of *Protomyces* **inundatus** [Fungi]. 057799

PROTONEMA

Ureid metabolism in **moss** *protonema* of Funaria hygrometrica L. (Sibth.). V. Studies on the enzyme activity of allantoinase. 057297

PROTONS

Studies on monoterpene glucosides and related natural products. XXX. The fate of the C-8 *proton* of **7-deoxyloganic** acid in the biosynthesis of secoiridoid glucosides into Lonicera morrowii, Cornus officinalis and Gentiana thunbergii. 057500
The concentration of glycine by preparations of the yeast Saccharomyces carlsbergensis depleted of adenosine triphosphate. Effects of *proton* **gradients** and uncoupling agents. 057269

PROTOPLASM

Electrical responses of isolated Nitella [mucronata] *protoplasm*—**excitations** or artifacts? [Algae]. 057806
Protoplasmic **streaming** [Translocation, phloem]. 057546

PROTOPLASTS

Purification of *protoplast-secreted* **acid** phosphatase from baker's yeast [Saccharomyces cerevisiae]. Effect on adenosinetriphosphatase activity. 057312
Isolation and cultivation of *protoplasts* from **callus** culture of Catharanthus roseus. 057282
Culture of *protoplasts* from **chimeral** plant [Geranium] tissue of nature [by somatic cell mutation]. 057078

The influence of culture conditions on mitotic activity in *protoplasts* **derived** from Pisum root cortical explants [Peas]. 056907
Induced fusion of **fungal** *protoplasts* following treatment with polyethylene glycol [Penicillium, Aspergillus nidulans, Cephalosporium acremonium]. 057710
Effect of cAMP [cyclic adenosine monophosphate] on the pattern of RNA synthesis in *protoplasts* **isolated** from gibberellin-sensitive maize seedlings. 058198
Cell-wall and peroxidase-isoenzyme synthesis in **isolated** *protoplasts* of Nicotiana tabacum L. [Tobacco]. 058208
Gel electrophoresis of ion-stimulated ATPases [adenosinetriphosphatases] from *protoplast* **membranes** of the diatom Nitzschia alba [Algae]. 057907
Double infection of isolated tobacco **mesophyll** *protoplasts* by unrelated plant viruses. 059595
An ulrastructural study of the infection of tobacco **mesophyll** *protoplasts* by potato virus X. 059625
Influence of the nutrient medium on the recovery of dividing cells from **tobacco** *protoplasts*. 058191
Uptake of tobacco rattle virus by **tobacco** *protoplasts*, and the effect of phosphate on infection. 059597
Protoplasts as a **tool** for isolating functional chloroplasts from leaves [Field crops, Agropyron repens]. 058185
Biosynthesis of cell wall components by **yeast** *protoplasts* in the presence of cycloheximide and 2-desoxy-D-glucose [Saccharomyces carlsbergensis]. 057517

PROTOPORPHYRIN

Toxaphene [chlorinated insecticide] degradation by iron(II) *protoporphyrin* **systems.** 060572

PROTOTHECA

Antigenic relationships between Chlorella and *Prototheca* spp. **[Algae].** 056604

PROTOTYPES

Research involving functional design of buildings for housing cattle: Reime & Co.—regular bar, short **stall** *(prototype).* 061457

PROTOZOA

Persistence and dispersal of Stempellia milleri (Microsporida: Nosematidae), a *protozoan* **parasite** of Culex pipiens quinquefasciatus [Natural control]. 060470
Use of acridine orange for the detection of a *protozoan* **parasite** [Lankesteria culicis] in a mosquito [Aedes aegypti, natural control]. 060480
Oral infection of mammals with Sarcocystis fusiformis bradyzoites from cattle and sporocysts from dogs and coyotes *[Protozoan* **parasites].** 055622
Evaluation of protein quality with the **phagotrophic** *protozoan* Tetrahymena. 053265
The effect of urea on population density of the ciliates Entodinium clivated in vitro **[Rumen** *protozoa,* role in feed utilization]. 054395
Dethiomethylation of methionine by an extract of **rumen** *protozoa:* general substrate specificity. 054538
Distribution of **Sarcocystis** *(Protozoa:* Sporozoa) in vertebrates. 055511
Genetic and chromosomal effects of UV [ultraviolet] radiation [Bacetria, fungi, *protozoans,* **unicellular** algae]. 057125

PROTURA

A new genus [Proacerella], six new species, and records of *Protura* from **Michigan.** 061178
New species [Eosentomon antrimense, Eosentomon pinusbanksianum, Berberentulus macqueeni] and additional records of *Protura* from **Michigan.** 061182

PRUNES

Why **basal** *prune?* [Chirstmas trees]. 056084
Virulence and seasonal activity of Cytospora leucostoma andCytospora cincta in **French** *prune* trees in California. 059452

PRUNING

Pruning **fruit** trees. 059028
Pruning of **macadamia** trees. 058952
Pruning, a **new** technique for mango growers. 058910
Pruning **ornamental** plants. 059015
Pruning **ornamental** shrubs and vines. 059034
Modes of *pruning* of **palmate-trained** peach trees. 059038
Effect of *pruning* and **partial** disbudding on the cropping of Comice and Beurre Hardy pears. 059065

PRUNUS

Endogenous growth substances related to the restart of [the hybrid ornamental cherry] *Prunus* **Accolade** meristems grown in vitro. 058326
The apricot tree *[Prunus* **armeniaca,** culture, trade, prices, Mexico]. 058880
Distribution of prunasin in pedicles of *Prunus* **avium** L. [Mazzard cherries] and the influence of indole acetic acid on the content of total prunasin. 058289
A new mandelonitrile lyase from the **cherrylaurel** *(Prunus* laurocerasus). 058372
Leaf spot of *Prunus* **cornuta** Steud. Incited by Polystigma rubrum (Pers. ex. Fr.) DC. 059285
Effects of selected rootstocks on growth and productivity of two cultivars of *Prunus* **domestica** [plums]. 058950
Virus inhibitors in stone fruit **plants** *(Prunus* species). 059641
Demonstration of some self-compatible types amongst the almond tree **varieties** *(Prunus* amygdalus Batsch) of the Apulian population [Breeding]. 056936

PSEUDALETIA

Isolation and characterization of a synergistic enzyme from the capsule of a granulosis virus of the armyworm, *Pseudaletia* **unipuncta** [Biological control]. 060146

PSEUDOCOCCIDAE

A revision of the genus Heterococcus Ferris with a diagnosis of Brevennia Goux (Homoptera: Coccoidea: *Pseudococcidae).* 061246
A taxonomic study of the mealybug genus Stemmatomerinx (Homoptera: Coccoidea: *Pseudococcidae)* **[New** taxa]. 061117

PSEUDOMONAS

Enterobacteriaceae and *Pseudomonas* **aeruginosa** recovered from vegetable salads. 052944
A strain of *Pseudomonas* **aeruginosa** resistant to a quaternary ammonium compound. I. Physiological properties. 052994
The pathogenicity of rough strains of *Pseudomonas* **aeruginosa** [Bacteria] for Galleria mellonella. 060124
Effect of cobra venom factor on the in vivo immune response in Galleria mellonella to *Pseudomonas* **aeruginosa** [Insect pest biological control]. 060145
Pseudomonas **aeruginosa-fecal** coliform relationships in estuarine and fresh recreational waters. 062478
Cytotoxic effects of leukocidin from *Pseudomonas* **aeruginosaon** polymorphonuclear leukocytes from cattle. 055566
An unknown symptom on onion plants caused by *Pseudomonas* **alliicola** (Burkholder) Starr et Burkholder. 059497
Identification of *Pseudomonas* **atrofaciens** (Mc. Culloch) Stevens by serological method [Basal glume rot, wheat]. 059518
Bacterial spot *[Pseudomonas]* of **garden** nasturtium [Tropaeolum majus] in India. 059507
Bean halo-blight toxin *[Pseudomonas* **phaseolicola].** 059520
Bacterial growth, toxin production, and levels of ornithine carbamoyltransferase in resistant and susceptible cultivars of bean inoculated with *Pseudomonas* **phaseolicola** [pathogen of halo-blight]. 059525
Temperature-induced alanine oxidation in a **psychrotrophic** *Pseudomonas* [Bacteria causing food spoilage]. 052964
Additional hosts for *Pseudomonas* **solanacearum** Smith. 059505
Vascular blackening in sugarbeet taproots caused by *Pseudomonas* **syringae** van Hall. 059524
Pseudomonas **syringae:** rough colony type mutants [inoculated into sorghum] and filamentous cells. 059529
Preservation of phytopathogenic bacteria in plant tissue culture **[Tobacco,** *Pseudomonas].* 059519
Investigations on a new bacterial disease *[Pseudomonas]* of **tomatoes** in Ege. 059513
Comparative estimation of obtaining, concentration and purification of *Pseudomonas* **vignae** phages [Phytopathogenic bacteria]. 059517
Chemical and physicochemical changes produced in vegetal tissues by *Pseudomonas* **viridiflava.** 059523

PSEUDOTSUGA

Production rates and costs for cable, balloon, and helicopter yarding systems in old-growth douglas-fir *[Pseudotsuga* **menziesii].** 056061
Dynamics and simulated yield of Douglas-fir *[Pseudotsuga* **menziesii].** 056030
Thinning method and response to urea in Douglas-fir *[Pseudotsuga* **menziesii].** 056105
Swiss needlecast [Phaeocryptopus gaumanni] of Douglas-fir *[Pseudotsuga* **menziesii]** in Minnesota. 059448
Residues of trichlorfon and lauroly trichlorfon in Douglasfir, willow, grass, aspen foliage *[Pseudotsuga* **menziesii,** Salix, Festuca, Populus] and in creek water after aerial application. 059720
Effect of Douglas-fir *[Pseudotsuga* **menziesii]** fertilization on the Cooley spruce gall aphid [Adeles cooleyi]. 060342
Douglas-fir tussock moth [Orgyia pseudotsugata] control by the homeowner *[Pseudotsuga* **menziesii].** 060357
Are tractors or skylines beter for thinning young-growth Douglas fir? 1 *[Pseudotsuga* **menziesii].** 061631
Nitrogen-fixing pioneer helping scientists grow trees better [Ceanothus velutinus, forest soils related to reforestation of *Pseudotsuga* **menziesii,** Tsuga]. 061770
Comparison of dual linear and dot-grid eyepiece methods for estimating wood properties of Douglas-fir *[Pseudotsuga* **taxifolia].** 056269
Dot-grid integrating eyepiece: two sampling techniques for estimating cell wall areas *[Pseudotsuga* **taxifolia,** wood]. 056271
Veneer-cutting analysis by an elastic finite-element model: a case study *[Pseudotsuga* **taxifolia,** wood]. 056274

PSEUDOTUBERCULOSIS *see* TUBERCULOSIS

PSIDIUM

An archaeological find in the Philippines: a fruit of the **genus** *Psidium* (guava). 056567
Effect of season on the growth and chemical composition of **guava** *(Psidium* guajava L.) fruits. 058408
Crop regulation in Banarasi Surkha, a **guava** *(Psidium* Guajava L.) cultivar [Varieties]. 059005

PSOCID

Food preference of a **common** *psocid* Liposcelis entomophilus (End.) Psocoptera: Liposcelidae. 060850

PSOCOPTERA

Food preference of a common psocid Liposcelis entomophilus (End.) *Psocoptera:* **Liposcelidae.** 060850
The first record of **Stenopsocidae** *(Psocoptera)* from New Guinea with descriptions of new species. 061235

PSORALEA

Daidzin from *Psoralea* **acaulis.** 057432

PSOROPHORA

Larval control of *Psorophora* **confinnis** (Lynch-Arribalzaga) with a controlled-release formulation of chlorpyrifos [applied to Aedes]. 060466

PSYCHODIDAE

Nasopharyngeal mylasis in man caused by larvae of Clogmia (=Telmetoscopus) albipunctatus **Williston** *(Psychodidae,* Diptera). 060502

PSYCHOLOGY

Psychology of **taste.** 053131

PSYCHROTROPHIC

Influence of heat resistant lipases & proteases in *psychrotrophic* **bacteria** on product quality [Milk]. 053691
Temperature-induced alanine oxidation in a *psychrotrophic* **Pseudomonas** [Bacteria causing food spoilage]. 052964
Influence of growth temperature on glucose metabolism of a *psychrotrophic* **strain** of Bacillus cereus [isolated from refrigerated raw milk or frozen foods]. 053476

PSYLLIDAE

The pear **tree** *Psylla* in the Netherlands. 060289

PTERIDOPHYTA

A cytogeographical study on the Japanese Pteris excelsa *[Pteridophyta]* **complex.** 056851
Some chorological data for *Pteridophyta* of **Corsica** [Cheilanthes, Dryopteris, Botrychium]. 056435
Structures of four new triterpenes from the rhizomes of Polypodium **juglandifolium** *[Pteridophyta].* 057679
Chemical components of Asplenium **laciniatum** *[Pteridophyta].* 057512
Fern *[Pteridophyta]* **life** cycle. 056823
The identification, typification and origin of Tmesipteris tannensis **(Psilotaceae)** *[Pteridophyta].* 056640
Chromosome numbers of some ferns *[Pteridophyta]* in the **Ryukyu** Islands. 056852

PTERIS

A cytogeographical study on the **Japanese** *Pteris* excelsa [Pteridophyta] complex. 056851
Uncommon wall thickenings in the sieve cells of *Pteris* **wallichiana.** 056772
Chemical studies on the contents of *Pteris* **wallichiana** Agrardh. 057492

PTEROMALIDAE

Controlling house flies [Musca domestica] at a dairy installation by releasing a protelean parasoid, Spalangia endius **(Hymenoptera:** *Pteromalidae).* 060439
A new genus of *Pteromalidae* from **Missouri,** the type-species of which Parasitizes uloborus octonarius muma (Hymenoptera: Chalcidoidea; Araneida: Uloboridae). 061188

PTOMAPHAGINUS

Catopidae (Coleoptera) collected in southern India by the expedition of the Museum of Natural History in Geneva in 1972 [New **taxa,** *Ptomaphaginus].* 061077

PUBERTY

The nutritional status and the steroid excretion pattern during *puberty* **[Boys].** 053290
Initiating estrus in the *prepubertal* **confinement** gilt [Swine]. 055236
Serum prolactin and growth hormone response to thyrotropin releasing hormone in *prepubertal* **heifers.** 054546
Variations in pituitary and blood LH [luteinizing hormone] during *puberty* in the **male** lamb. Relation to time of birth. 055043

PUCCINIA

Host specialization of *Puccinia* **graminis** ssp. Graminicola Urb. 059406
Overwintering of *Puccinia* **hordei** in the Netherlands [Barley]. 059265

Potentials for stable resistance to *Puccinia* **polysora** in local (Nigerian) and exotic maize varieties. 059266
Egyptian approach to breeding for rust resistance [Pucciniagraminis tritici, *Puccinia* **recondita,** Puccinia striiformis] in wheat. 057032
Recording and machine processing of cereal rust infection *[Puccinia* **recondita** tritici]-type data. 059443
The effects of fungicides on disease *[Puccinia* **recondita** tritici, Septoria nodorum, Bipolaris, Alternaria] development, seed contamination, and grain yield of wheat. 059449
Diseases of wheat, barley and rice and their control *[Puccinia,* **Septoria,** Pyricularia oryzae, Helminthosporium oryzae]. 059324
Egyptian approach to breeding for rust resistance [Pucciniagraminis tritici, Puccinia recondita, *Puccinia* **striiformis]** in wheat. 057032
Towards mass production of uredosores of brown rust on **wheat** *(Puccinia* recondita f. sp. tritici). 059267

PUCCINIACEAE

Some effects of temperature on the viability of peach rust uredospores *[Tranzschelia* **discolor].** 059430
Test with new fungicides against rust *[Tranzschelia* **pruni-spinosae** discolor] of stone fruits. 059320

PUERARIA

Studies on population structure of kudzu **vine** *(Pueraria* lobata Ohwi). 2. A method for classification and presentation of root systems. 058140

PUERPERIUM *see* BIRTH

PUFF

Cytochemical studies on RNP complexes produced by *puff* **248BC** in Drosophila hydei. Uranyl acetate and phosphotungstic acid staining. 060750
RNA synthesis in the Drosophila **melanogaster** *puffs.* 060743

PULMONARY

Maedi: control, view of the Veterinary Administration *[Pulmonary* **adenomatosis,** virus diseases, livestock]. 055700
Maedi—distribution pattern; current situation *[Pulmonary* **adenomatosis,** virus diseases, livestock]. 055701
Maedi—etiology, symptoms, diagnosis *[Pulmonary* **adenomatosis,** virus diseases, livestock]. 055702
Maedi disease *[pulmonary* **adenomatosis,** sheep, diseases of unknown etiology]. 055857
Effects of age and cold on *pulmonary* **bacterial** [Escherichiacoli] clearance in the young pig. 055405
Tryptamine levels in pasturage implicated in **bovine** *pulmonary* emphysema. 058055
Release of adenosine by hypoxic canine lung tissue and its possible role in *pulmonary* **circulation.** 054292

PULP

Grafting of vinyl monomers to *pulps* using **Acetic** acid-hydrogen peroxide as initiator system. 056147
On the suitability of spruce [Picea] chips from industrial residual wood for the production of **chemical** *pulp.* 056254
Storage of frozen **coconut** *pulp* and quality of coconut milk extracted. 054015
Professor Waldemar Jensen 60 years *[Pulp* and **paper** research, Finland]. 056150
Availability and cost for raw materials for the *pulp* and **paper** industry. 056241
Nordmiljo 80, a Scandinavian project on system for environmental pollution monitoring in the *pulp* and **paper** industries. 056244
Pollution in the cellulose group [of the *pulp* and **paper** industry]. 062492
Acid groups and reducing end groups in *pulp* **produced** by twostage oxygen cooking. 056251
The use of waste fibres [from the waste-water clarifier of a **sulphate** *pulp* mill] as absorption material in grass silage [Sheep]. 054918

PULPWOOD

The physical strain on the logger in advanced labor **intensive** *pulpwood* preparation methods. 056160

PULSATION

Evaluation of pulsator DZ-100 by the magnitude of the ratio of tacts as dependent on subpressure and *pulsation* **frequency** [Agricultural engineering]. 061442
Nitric acid decomposition of phosphate rock from Karatau **ina** *pulsation* column with a distribution nozzle. 062082

PULSE

The size of *pulse-labeled* **fibroin** messenger RNA [Bombyx mori]. 061311
Pulse or **grain** legume crops for Minnesota [Culture]. 058869
Shoot apical organization in seedlings of some **Indian** *pulses.* 056884
Some applications of wide-line and *pulsed* **n.m.r.** [Nuclear magnetic resonance] in investigations of water in foods. 053551
Pulse **proteins** [Legumes]. 053951
Relative toxicity of insecticides against bruchids **reared** on different *pulses.* 060196
[Rhizobium] 'culture' to push up *pulse* **yields.** 058912

PULVERIZATION

Neutralization of *pulverized* **extracted** phosphoric acid by ammonia [Fertilizer production]. 062081

PUMICE

New fossil spore [Reticulatisporites mangapipiensis] from the **Pakihikura** *Pumice* (Okehuan; Quaternary), Rangitikei Valley, New Zealand. 056540

PUMPKINS

In vitro photomodulation of a peroxidase activity through membrane-bound **phytochrome** [from *pumpkins].* 058502
Effect of the chemical compound Agri-Mycin 100 on the squash mosaic virus in *pumpkin* **plants.** 059556
Inheritance of resistance to **red** *pumpkin* beetle (Aulacophora fovicollis Lucas) in bottlegourd. 057015
Pumpkins, **squash** and marrow [Cultivation]. 059052

PUMPS

Milking *pumps.* 061564
Pumping the **Ogallala** Reservoir. 062226
Cultural calculations for **solar** *pumping* systems. 061390

PUNGENT *see* ODOR

PUPAE

Response of Culex pipiens quinquefasciatus Say eggs, larvae, and *pupae* to **additions** of Flit MLO to their breeding site water. 060475
Effects of Noserna pyrausta on *pupa* and **adult** stages of the European corn borer Ostrinia nubilalis [Biological control]. 060220
Metabolism during the *pupal* **development** of the beetle Dineutes indicus. 060809
The ultrastructure of the **differentiating** *pupal* leg of Drosophila melanogaster. 061046
Notes on the *pupae* of some **Ethiopian** species of Tabanidae (Diptera). 061122
Sensitivity of almond moth [Cadra cautella] *pupae* to **gamma** radiation (Lepidoptera: Pyralidae) [Pests stored dried cocoa beans]. 060406
Occurrence of *larval-pupal* **intermediates** in hybrid pink bollworms [Pectinophora gossypiella] reared at low temperatures. 060656
Effect of ecdysterone upon the evolution of the *pupal* **ovary** of Tenebrio molitor cultivated in vitro. 060716
Consequences of removal of *pupae* for a **population** of Potamophylax cingulatus (Trichoptera) in a south Swedish stream. 060987
Quantitative changes in the free amino acids of the haemolymph of the prepupal and *pupal* **stages** of Spodoptera littoralis (Boisduval). 061055

PUPPIES *see* DOGS

PURCHASING

The Russian **grain** *purchase* [from the United States, trade]. 052678
Louisiana *Purchase:* a historical gumbo. 053379
Louisiana *Purchase.* 053421

PUREBREDS

Evaluation of various crossbred and *purebred* **commercial** ewes [for maximum lamb and wool production]. 054136
Activity of some blood serum enzymes of *purebred* and **crossbred** lambs with varied growth intensities. 054463

PURIFICATION

Purification of **AFP's** [alpha-fetal protein] from several animals and comparison of some chemical properties. 054519
Purification and **characterization** of rice bran lipase II. 053868
Purification and **characterization** of a troponin-C-like protein from bovine adrenal medulla. 054557
Production, *purification* and **characterization** of thermomycolase, the extracellular serine protease of the thermophilic fungus Malbranchea pulchella var. sulfurea. 057399
Alpha-amylase from immature hard red spring wheat. I. *Purification* and some **chemical** and physical properties. 053895
Complete *purification* and studies on the structural and kinetic properties of two forms of yeast [Saccharomyces cerevisiae] valyl-tRNA synthetase. 057317
A simple method of isolation and *purification* of **cultures** of wood-rotting fungi. 056161
Purification of **cytoplasmic** protein with ribonuclease activity from leaves of wheat seedlings and effect of drought on its quaternary structure. 058091
Purification of **DNA** complementary to nucleotide sequences required for neoplastic transformation of fibroblasts by avian sarcoma viruses. 055615
ATP [adenosine triphosphate]: urea amidolyase in yeasts [Candida guilliermondii, Saccharomyces cerevisiae]: **enzyme** *purification* and properties. 057271
Curing with used salt after *purification* **[Goat** skins]. 053817
Aldehyde oxidase and xanthine dehydrogenase from wild-type Drosophila melanogaster and immunologically cross-reacting material from ma-1 mutants. *Purification* by **immunoadsorption** and characterization. 060778
The Tempe-Lait-Montauban dairy **industry** *purification* station. 062382
Observation, stabilization, and *purification* of **nucleoproteic** structures within the capsids of the baculovirus of Oryctes rhinoceros. 060722
Obtaining *purified* preparation of ribulose-diphosphate carboxylase from cells of phototrophic bacteria and algae. 057357
Ultrastructure of mycoplasma-like **organisms** *purified* from clover phyllody-affected plants. 059602
Collagen glucosyltransferase. **Partial** *purification* and characterization of the enzyme from whole chick embryos and chick-embryo cartilage. 054470
Partial *purification* of the ovalbumin gene [Chickens]. 055053
Occurrence and **partial** *purification* of a long chain fatty acid coenzyme A synthetase in Allium porrum L. [Leeks]. 058329
In vitro replication of cowpea mosaic virus RNA. II. Solubilization of membrane-bound replicase and the **partial** *purification* of the solubilized enzyme. 059603
The tryptophan 2,3-dioxygenase of the blowfly, Protophormiaterrae-novae: **partial** *purification* and characterization. 060836
Characterization of protein kinases from bovine parotid glands. The effect of tolbutamide and its derivative on these **partially** *purified* enzymes. 054367
Detailed structure of an acidic polysaccharide in soy sauce, confirmed by use of two kinds of *purified* **pectinases.** 053866
Purification and **physical** characterization of nucleic acid helix-unwinding proteins from calf thymus. 054558
Purification of **polygalacturonases** produced by Botrytis cinerea E-200 [Fungi]. 057345
Purification and **properties** of rat small intestinal arginase. 053205
Chicken liver fructose 1,6-bisphosphatase: *purification* and some **properties.** 054323
17 beta hydroxysteroid dehydrogenase of the sheep ovary: *purification,* **properties** and substrate binding site. 054382
Purification and **properties** of the bovine kidney carbonic anhydrases. 054417
Purification and **properties** of calf thymus polyadenosine diphosphate ribose polymerase. 054494
Delta-aminolevulinic acid synthase from chick embryo liver mitochondria. I. *Purification* and some **properties.** 054552
Purification and some **properties** of red yeast cell wall lytic enzyme [of Penicillium lilacinum]. 057231
Purification and some **properties** of yeast [Candida] tannase. 057232
Purification and some **properties** of D-glucono-gamma-lactonedehydrogenase D-erythorbic acid producing enzyme of Penicillium cyaneo-fulvum [Fungi]. 057233
Purification, **properties** and structure of ribose 5-phosphate ketol isomerase from Candida utilis [Yeasts]. 057234
A high molecular weight dihydro-orotate dehydrogenase of Neurospora crassa [Fungi]. *Purification* and **properties** of the enzyme. 057379
Purification and **properties** of phenylalanyl-tRNA synthetase from baker's yeast [Saccharomyces cerevisiae]. 057384
Glycogen phosphorylase in Dictyostelium discoideum [Fungi]. I. *Purification* and **properties** of the enzyme. 057654
Purification and some **properties** of the nitrate reductase from Ankistrodesmus braunii. 057889
The *purification* and **properties** of the glutamine synthetase from the cytosol of soybean root nodules [Rhizobium japonicum]. 058022
Purification and some **properties** of an Italian isolate of poplar [Populus] mosaic virus. 059636
Purification of **protoplast-secreted** acid phosphatase from baker's yeast [Saccharomyces cerevisiae]. Effect on adenosinetriphosphatase activity. 057312
Comparative estimation of obtaining, concentration and *purification* of **Pseudomonas** vignae phages [Phytopathogenic bacteria]. 059517
Electrochemical chlorination for the *purification* of **rural** water supplies. 062319
Purification of used **salt** for curing [Leather]. 053821
Studies on seed globulins from legumes. V. Immunoelectrophoretic control of **vicilin** *purification* by gel filtration [Broadbeans]. 058028
The sludge resulting from the *purification* of **waste** water as a soil amendment [Grasses]. 061995
Effect of temperature on infectivity and some physico-chemical properties of *purified* **wheat** striate mosaic virus. 059630

PURINES

Effects of **6-benzylamino** *purine* and gibberellin A4/7 on seedling growth of Lycopersicon esculentum Mill. [Tomatoes]. 058389
In vivo measure of the *purine* **catabolic** variations, related to durations of dark or light in the cotyledons of Pharbitis nil Chois. 057369
Purine **compounds** in root exudate from apple trees. 058297

Influence of *purine* **nucleotides** on the heat-stability of aminoacyl-tRNA synthetases [Euglena gracilis, algae]. 057280
Evaluation of adenosine deaminase and other *purine* **salvage** enzymes in horses with combined immunodeficiency. 055570

PYLORUS

Gastroduodenal motor gradients in the **dog** after *pyloroplasty*. 054276
Gastric irrigation and secretion in the ligatured or **fistuled** *pylorus* rat upon influence of intra-duodenal olive oil. 053157
Effect of a **fixed** *pyloric* opening on gastric emptying in the cat and dog. 054266

PYRALIDAE

Information on the life cycles of some New Zealand Crambini (Lepidoptera: *Pyralidae:* **Crambinae**). 061214
Revision of the New Zealand Crambini (Lepidoptera: *Pyralidae:* **Crambinae**) [New taxa]. 061216
The female of Euchromius gozmanyi Bleszynski (Lepidoptera, *Pyralidae*, **Crambinae**). 061263
Brassica campestris var. Toria—a new host for Hellula undalis F. *(Pyralidae:* **Lepidoptera**). 060273
Differenciation of ciliary structures and organization of canal during organogenesis of the collaterial glands of Galleria mellonella L. **(Lepidoptera,** *Pyralidae).* 060950
Sensitivity of almond moth [Cadra cautella] pupae to gamma radiation (Lepidoptera: *Pyralidae)* [**Pests** stored dried cocoa beans]. 060406
Corrections and observations on the revsion of the genus Nyctegretis Zeller in "Microlepidoptera Palaearctica", volume 4 (Lepidoptera, *Pyralidae*, **Phycitinae**). 061257
North American larvae of the genus Loxostege Hubner (Lepidoptera: *Pyralidae:* **Pyraustinae**). 061156

PYRAUSTA

Effects of **Nosema** *pyrausta* on pupa and adult stages of the European corn borer Ostrinia nubilalis [Biological control]. 060220
Maize pests, their occurrence and control *[Pyrausta* **nubialis,** Oscinella frit, wireworms]. 060202

PYRAUSTIDAE

Revision of *Pyraustidae* of **France** [New taxa]. 061097
North American larvae of the genus Loxostege Hubner (Lepidoptera: **Pyralidae:** *Pyraustinae).* 061156

PYRENOCHAETA

Use of perhydrol for isolation of *Pyrenochaeta* **lycopersici** [Corky root, tomatoes]. 059322
Morphometric variation in Aphelenchus avenae [on host fungi, *Pyrenochaeta* **terrestris,** Aspergillus nidulans]. 059829

PYRENOIDS

A flash photolysis ESR [election spin resonance] study of Photosystem. II. Signal IIvf, the physiological donor to P-680+ **[Chlorella** *pyrenoidosa,* algae, spinach chloroplasts]. 057304
Effect of the transmembrane electric field on the photochemical and quenching properties of Photosystem II in vivo [**Chlorella** *pyrenoidosa,* algae, chloroplasts]. 057307
Phosphate uptake in **Chlorella** *pyrenoidosa* [Algae]. II. Effect of pH [hydrogen-ion concentration] and of SH [sulfhydryl] reagents. 057318
Physiological effects of heat shocks in synchronous Chlorella *[pyrenoidosa]* during their most **sensitive** stage [Algae]. 057290

PYRENOMYCETE

Metabolites of *pyrenomycetes.* IV. **Rosellisin,** an antibiotic alpha-pyrone from Hypomyces rosellus [Fungi]. 057960

PYRENOPHORA

Effect of *Pyrenophora* **wheat** leaf blight on the thousand kernel weight of 30 spring wheat cultivars. 059436

PYRETHRINS

Alternative synthesis of chrysanthemiic acid **[insecticide** *pyrethrin]* via tetrahydrofuran derivatives. 060513
Synthesis of optically active pyrocin by asymmetric hydrogenation *[Pyrethrins,* **insecticides].** 060515

PYRETHROIDS

3-phenoxy-alpha-cyano-benzyl esters, the most [insecticidal] potent **synthetic** *pyrethroids* [Toxicities to house fly, Musca domestica]. 060414

PYRGOMORPHIDAE

Neuroendocrine activity in male Poecilocerus pictus Fabricius **(Acridoidea:** *Pyrgomorphidae).* 061054

PYRICULARIA

New fungicidal organophosphorus compounds active against rice blast *[Pyricularia* **oryzad].** 059254
Determination of optimum dose and number of applications of Brestan 60 for the control of rice blast disease, *Pyricularia* **oryzae** Cav., in Morelos State. 059236
Studies on antibiotic substance produced by Streptomyces. I. Isolation of Streptomyces strains from soil samples and a new antifungal antibiotic was found for the control of rice blast pathogen, *Pyricularia* **oryzae.** 059250
Diseases of wheat, barley and rice and their control [Puccinia, Septoria, *Pyricularia* **oryzae,** Helminthosporium oryzae]. 059324
Collar rot, a new symptom of the rice blast disease *[Pyricularia* **oryzae].** 059351
Comparative symptoms of ear blight [Helminthosporium oryzae] and neck rot *[Pyricularia* **oryzae]** diseases of rice. 059352
Control [rice] paddy blast disease *[Pyricularia* **oryzae]** with hinosan. 059466

PYRIDINE

Investigation by immunofluorescence of arterial lesions in rabbits on two different lipid supplements and treated with *pyridinol* **carbamate** [Beef fat diet, atherosclerosis]. 053107
Residues of chlorpyrifos, its oxygen analogue, and *3,5,6-trichloro-2-pyridinol* **[insecticides]** in milk and cream from cows fed chlorpyrifos. 060569

PYRIDOXINE

Thiamine-induced reversible deficiency in respiratory activity of Saccharomyces carlsbergensis [yeast]: respiratory adaptation **caused** by *pyridoxine.* 057580
Enzymic evaluation of thiamin, riboflavin and *pyridoxine* **status** of parturient women and their newborn infants. 053116

PYRIDYL

One electron transfer properties and herbicidal activity of diquaternary **salts** of *2,4-DI-(4-pyridyl)-1,3,5-triazines.* 060047

PYRILLA

The population build-up of *Pyrilla* **perpusilla** Walker on sorghum and pearlmillet under dryland conditions at Delhi. 060212

PYRITES

Pyrite and its **oxidation** products in an acid sulphate soil. 061745

PYROBOTRYS

The regulation of the chloroplast structure of *Chlamydobotrys* **stellata** [Algae]. 056909

PYROCYSTIS

Dinoflagellate bioluminescence: a comparative study of in vitro components [Algae, Gonyaulax, Dissodinium lunula, *Pyrocystis* **noctiluca].** 057661

PYROGEN

Propranolol and *pyrogen* **effects** on shivering and nonshivering thermogenesis in rats. 054288

PYROLYSIS

Infrared spectra of gases produced by *pyrolysis* of **carpet** fibers [Toxicity]. 052952
Pyrolysis-gas **chromatography** studies on a climosequence of soils in tussock grasslands, New Zealand. 061680
Effects of extractants on analytical characteristics and *pyrolysis* **gas** chromatography of Podzol fulvic acids. 061676
Studies on the structure and origin of soil humic acids by Curie **point** *pyrolysis* in direct combination with low-voltage mass spectrometry. 061784

PYROPHOSPHATES

Conversion of *pyrophosphate* and **tripolyphosphate** of potassium [fertilizers] in acid and limed soddy-podzolic soils. 061981

PYRRHALTA

The elm leaf beetle *[Pyrrhalta* **luteola,** Ulmus]. 060355
Sexing the elm leaf beetle, *Pyrrhalta* **luteola** (Coleoptera: Chrysomelidae). 060659

PYRRHOCORIS

Peptidic analogues of the insect juvenile hormone containing urethan-type protecting groups *[Pyrrhocoris* **apterus,** Dysdercus cingulatus]. 060757
The stimulus transmitting apparatus in the trichobothria of the **bugs** *Pyrrhocoris* apterus L. and Dysdercus intermedius (Dist.) and its influence on the dynamic of excitation in these sensilla. 060802

PYRUVATES

Organic acids of three varieties of wheat and C14 [carbon isotope] *pyruvate* **absorption.** 058133
Bovine *pyruvate* kinase isozymes and hybrid isozymes: Electrophoretic studies and tissue distribution. 054322
Electrofocusing and kinetic studies of adult and embryonic **chicken** *pyruvate* kinases. 054359
Inhibition of **chicken** *pyruvate* kinases by amino acids. 054361
Activator specificity of *pyruvate* **kinase** from lactic streptococci [Streptococcus cremoris, Streptococcus lactis]. 053716
The effect of ligands on the reactivity of sulphydryl groups, and the modification of lysine, histidine and tryptophan residues of *pyruvate* **kinase** of Neurospora crassa [Fungi]. 057638
Metabolism of *pyruvate* in **postmortem** adductor muscle of the sea scallop (Placopecten magellanicus) during iced storage. 053604
Changes in lactate dehydrogenase, LDH isoenzymes, lactate, and *pyruvate* as a **results** of feeding low fat diets to healthy men and women. 053249
Glyoxylic acid as an active site marker of **yeast** *pyruvate* decarboxylase. 057573

PYRUVIC

Kinetic aspects of regulation of *pyruvic* **decarboxylase** [from wheat germ]. 058169
Preparation of **3-methyl-3-(substituted** *phenyl)-pyruvic* acid. 053471

PYTHIUM

Influence of different environmental factors on the effectiveness of fenaminosulf (Bayer 5072) against *Pythium* **diseases.** 059490
Notes on the resistance to post-emergence damping-off [Phytophthora, *Pythium]* in some **eucalypt** species. 059392
Phycomycetes (Phytophthora spp. Nov. And *Pythium* **[grandisporangium]** sp. nov.) associated with degrading mangrove (Rhizophora mangle) leaves [Fungi, new taxa]. 056470
Mechanism of the resistence of fungi [Botrytis cinerea, *Pythium* **paroecandrum]** to benomyl. 059408
Uptake and transport of cholesterol by *Pythium* **paroecandrum.** 059412
Components in unbleached commercial chitin [used for seed coating] **stimulate** *Pythium* ultimum in sugarbeet spermosphere. 059418
Methods for detecting resistance to *Pythium* **[sulcatum]** and Rhizoctonia [solani] root diseases in seedling carrots. 059441

QUACKGRASS

Glyphosate translocation and *quackgrass* [**Agropyron** repens] rhizome bud kill. 060080

QUAIL

Nesting and parental behavior in domestic co**mmon** *quail.* 054334
Inbreeding depression and double threshold model in the **domestic** *quail* (Coturnix coturnix japonica). 055078
On the origin of the wing musculature in birds [Chick and *quail* **embryos].** 054416
Management and reproduction of **Japanese** *quail* (Coturnix coturnix japonica): a review. 054166
The effect of prolactin and CB154 on in vivo lipogenesis and enzyme patterns in the **Japanese** *quail,* Coturnix coturnix japonica and of photostimulation on enzyme patterns in the white-throated sparrow, Zonotrichia albicollis. 054443
Influence of low ambient temperature and dietary lipids on adipose tissue and plasma fatty acid composition of the **Japanese** *quail.* 054469
Induction of parental behavior in **Japanese** *quail* (Coturnix coturnix japonica). 054570
Oestradiol as a regulator of the metabolism of vitamin D3 in the liver of **Japanese** *quail.* 054590
Influence of 17-beta-estradiol, progesterone and prolactin on alpha-A1B and cycloleucine transport in preparations from the magnum of laying **Japanese** *quail* in in vitro. 054751
A lymphoproliferative disease in **Japanese** *quail* [Reticuloendotheliosis and avian leukosis virus subgroup A were present]. 055438
Pathological studies of Marek's disease in **Japanese** *quail.* 055644
Effects of different fungicides on the reproduction of the **Japanese** *quail,* Coturnix coturnix japonica L. after application by spraying the eggs. 060593
Photoperiodism in common coturnix (Coturnix coturnix **japonica)** *[Quail].* 054706
The effects of estradiol and progesterone on the growth and differentiation of the *quail* **oviduct.** 055052
Behavioural responses to sex steroids of gonadectomized and sexually **regressed** *quail.* 055139

QUANTUM

Photoelectron *quantum* yields and photoelectron microscopy of clorophyll and chlorophyllin. 057826

QUARANTINE

Importation of queen **bees** *[Quarantine].* 061296
Plant *quarantine* systems for the inspection of viruses from mother plants of deciduous trees in foreign countries. 059664

QUARTZ

Effect of [soil] water on the behavior of a *quartz-rich* **sand** under high stresses. 061881

QUATERNARY

Quaternary **alkaloids** from the roots of Argemone platyceras Link et Otto. 057508
A strain of Pseudomonas aeruginosa resistant to a *quaternary* **ammonium** compound. I. Physiological properties. 052994
Late *Quaternary* vegetational history of the North York Moors. I. Pollen analyses of blanket peats. 056523
Late *Quaternary* vegetational history of the North York Moors. II. Pollen analyses of landslip bogs. 056524
New fossil spore [Reticulatisporites mangapipiensis] from the Pakihikura Pumice (Okehuan; *Quaternary).* **Rangitikei** Valley, New Zealand. 056540
Purification of cytoplasmic protein with ribonuclease activity from leaves of wheat seedlings and effect of drought on its *quaternary* **structure.** 058091

The history of flora and **vegetation** during the *Quaternary.* 056503

QUENCHING

Concentration *quenching* in chlorophyll. 057764
Effect of the transmembrane electric field on the photochemical and *quenching* **properties** of Photosystem II in vivo [Chlorella pyrenoidosa, algae, chloroplasts]. 057307

QUERCETIN

Quercetin **3-sophoroside** from the pollen of Alnus glutinosa and Fraxinus lanceolata. 058567

QUERCUS

Buffalo Beats, a relict prairie within a northeastern Ohio forest [Andropogon gerardi, Eryngium yuccifolium, Liatris cylindracea, *Quercus* **alba,** communities]. 056677
On the length/diameter ratio of the red oak *[Quercus]* **branches** and its use in determining the initial density of plantations. 056040
Effects of prescribed burning on small mammal populations in a mixed-oak *[Quercus]* **clearcut.** 056114
Dynamics of nutrient cycling in oak-hickory *[Quercus-Carya,* **forest** ecosystem]. 061665
Seasonal changes of soil components in relation to nutrient circulation in the oak-hornbeam *[Quercus-Carpinus]* **forest** (International Biological Program site). 061670
Dynamics of soil organic matter in different parts on a slope under evergreen oak *[Quercus]* **forest.** 061736
Research on Andricus (Cynips) Gallaetinctoriae (Olivier) [Agent of gall in *Quercus,* **geographic** distribution in Turkey]. 060379
CO2 [carbon dioxide]-exchange of sclerophylls in the northern Lake Garda district *[Quercus* **ilex,** Olea europea]. 058547
Sap beetle [Nitidulidae] involvement in the formation of sap spots on oaks *[Quercus]* in **Mississippi.** 060370
The red **oak** *(Quercus* borealis Michx) in Belgium [Forest inventory]. 056010
A natural history and population study of durmast **oak** *(Quercus* petraea Liebl.) in the northwest Caucasus. 056082
The rate of protein biosynthesis and absorption of mineral substances by the roots of oak *[Quercus* **robur**] and ash [Fraxinus excelsior] growing together in the forest. 058572
Laboratory press-drying of red oak *[Quercus* **rubra,** wood]. 056272
Growth and assimilation rate of juvenile northern red oak *[Quercus* **rubra]:** effects of light and temperature. 058578
Growth and structural development of red oak *[Quercus* **rubra]** sprout clumps. 058579
On the discovery of a *Quercus* **semicarpifolia** Bed at Mount Shisha Pangma and its significance in botany and geology. 056369

QUINCE

Be the first on your block to own a pawpaw tree [Nutritive value, persimmons, *quinces,* **gooseberries].** 053322

QUININE

The effect of **alkaloids** *(quinine* and ergometrine) on the histology of the gonads of the cockroach, Periplaneta americana (L.). 060812

RABBITS

Phagocitic activation of a luminol-dependent chemiluminescence in *rabbit* **akveloar** and peritoneal macrophages. 054345
The separation of *rabbit* **allotypic** b4 immunoglobulin from b4-negative immunoglobulin by affinity chromatography on immunoadsorbents prepared from cellulose trans-2,3-carbonate. 055773
Prostaglandin E2 biosynthesis: changes in *rabbit* **aorta** and skin during experimental atherogenesis [Cholesterol, diets]. 053222
In vivo inhibition of cholesterol uptake in *rabbit* **aortas** by 7-ketocholesterol. 054684
Electro and inotropic vagus action on the *rabbit* **auricle** with calcium and manganese ion concentration variation. 054653
Duplication of the gall **bladder** in a *rabbit.* 054626
Progress in laboratory methods of following the mobility of sperm. II. Measuring of the mobility of sperm by means of the counting chamber [Bulls, **boars,** *rabbits].* 055206
Peculiarities of morphochemical differentiation of the external geniculate body neurons of *rabbit* **brain** under the early visual deprivation. 054723
One source of food multiplies: *rabbit* **breeders** also growing in numbers. 054195
Work-induced potassium changes in skeletal muscle and effluent venous blood assessed by liquid ion-exchanger microelectrodes *[Rabbits,* **cats].** 054661
Virus-inhibiting factor or interferon activity on heterologous animal **cells** *[Rabbits].* 055641
Isolation of spinal cord myelin fractions and certain ultrastructural and biochemical **characteristics** *[Rabbits].* 054404
The ultrastructure of platelets of man and animals [Dogs, *rabbits,* **chickens].** 054724
Very low density lipoproteins in normal and **cholesterol-fed** *rabbits:* lipid and protein composition and metabolism. 1. Chemical composition of very low density lipoproteins in rabbits. 053109
Very low density lipoproteins in normal and **cholesterol-fed** *rabbits:* lipid protein composition and metabolism. 2. Metabolism of very low density lipoproteins in rabbits. 053110
Effect of ligatured pancreatic duct on the intestinal pH [hydrogen-ion **concentration]** in the *rabbit.* 054412
Sympathetic nerve recording in the **conscious** *rabbit.* 054391
Constant regon IgG [immunoglobulin G] allotypes in **cottontail** *rabbits:* group E allelic polymorphism. 055098
In vitro acquired ability of *rabbit* and **cow** oocyte to ensure sperm nucleus decondensation during fertilization (MPGF). 055037
Production and detection of antibodies against the estrogen receptor from calf uterine **cytosol** *[Rabbits].* 055506
Adipocyte growth of four adipose **deposits** in *rabbits.* 054312
Modification of in vivo lacrimal gland secretion by **2,4-dinitrophenol** *[Rabbits].* 054285
An adjuvant effect of poly A poly U on production of antibodies to **DNA** in *rabbits.* 055612
Species-specific hypoglycemic activity of triphenylphosphoranylideneacetophenones [in guinea pigs, *rabbits,* and **dogs].** 054686
Experimental methods applied in the examination of thrombopoietic and thrombocythemic effects of cholesterin [in the red bone marrow of rats, **dogs** and *rabbits].* 054732
Cheyletiella parasitivorax (Megnin), a parasitic mite causing mange in the **domestic** *rabbit.* 060449
Comparison of in vitro conduction velocities in *rabbit* **ear** nerves from heat- and cold-exposed animals. 054599
Localization of "transcriptively active" cells during odontogenesis using acridine orange ultrastructural cytochemistry [Tooth development, *rabbits,* **enamel** protein synthesis]. 053136
Selective decontamination of the digestive tract of pregnant rabbits: a method for producing **Enterobacteriaceae-free** *rabbits.* 055655
The effects of different patterns of muscle activity on capillary density, mechanical properties and structure of slow and **fast** *rabbit* muscles. 054659
Distribution of cholesterol and triglycerides among lipoprotein fractions in **fat-fed** *rabbits* at different levels of serum cholesterol. 053106
Cholesterol levels, atherosclerosis and liver morphology in *rabbits* **fed** cyclopropenoid fatty acids. 053164
Effects of an intraventricular injection of synthetic ACTH [adrenocorticotropin] on plasma testosterone, progesterone and LH [luteinizing hormone] levels and on sexual behavior in male and **female** *rabbits.* 055184
Effect of vaginally administered 15[S]15-methyl-PGF2 alpha [prostaglandin] on egg transport and **fertility** in *rabbits.* 055217
Brain malformation in *rabbit* **fetuses** after actinomycin D treatment of the mother during pregnancy. 055892
A method for preparing isolated glands from the *rabbit* **gastric** mucosa. 054251
Molecular modifications associated with ageing of *[rabbit]* **globin** messenger RNA in vivo. 054473
Bacterial cloning of plasmids carrying copies of *rabbit* **globin** messenger RNA. 054643
Differentiation of mammary gland during pregnancy: the response to hormones of *rabbit* and **goat** mammary gland explants in organ culture. 055140
Disposition of plasma cholesterol in the pregnant **hypocholesterolemic** *rabbit.* 055023
Substance reacting with SRBC (sheep red blood cells) and *rabbit* **IgG** [immunoglobulin G]: isolation from thymus and spleen. 055507
Resistance to Taenia pisiformis larvae in *rabbits:* **immunization** against infection using nonliving antigens from in vitro culture. 055579
The development of the rostellar hooks of Taenia pisiformis [in experimentally **infected** *rabbits].* 055583
Inhibition of anaphylactic histamine release by Forssman antiserum. I. Characteristics of the reaction and **inhibitor** *[Rabbits].* 055532
Action of alpha-NAD [nicotinamide adenine dinucleotide] on the **isolated** *rabbit* jejunum in the presence of PGE or PGE prostaglandins. 054466
Synthesis of fibroma viral deoxyribonucleic acid complexes in *rabbit* **kidney** cells. 055429
Very low density lipoproteins in normal and cholesterol-fed rabbits: lipid and protein composition and metabolism. 1. Chemical composition of very low density **lipoproteins** in *rabbits.* 053109
Very low density lipoproteins in normal and cholesterol-fed rabbits: lipid protein composition and metabolism. 2. Metabolism of very low density **lipoproteins** in *rabbits.* 053110
Cytological changes in *rabbit* **liver** induced by thioacetamide. 053674
Induction of bone resorption in vitro by an extract of Solanum **malacoxylon** *[Rabbits].* 055916
Synergistic actions of estrogen and androgen on the sexual behavior of the castrated **male** *rabbit.* 055096
A possible role for oxytocin in sperm transport in the **male** *rabbit.* 055138
Pituitary testicular relationship in the adult **male** *rabbit* after experimental cryptorchidism. 055160
Gallium-67 distribution in pregnant **mammals** *[Rabbits].* 055152
Course in rabbit rearing. VII. Profits in a **meat** *rabbit* exploitation. 052546
An immunochemical method for the detection of protein on disc electrophoresis column **[Mice,** *rabbits].* 054260
Pathogenicity of Candida species in *rabbits* **[Moniliasis].** 055559
Studies on the conformation of *rabbit* **muscle** glycogenphosphorylase B. 054408
In vitro inhibition of *[rabbit* **muscle]** lactate dehydrogenase by insecticidal polychlorinated hydrocarbons. I. Mechanism of inhibition: possible association of reduced nicotinamide adenine dinucleotide with Mirex. 060564
Egg transport in **ovariectomized** *rabbits* as affected by different combinations of oestrogen and progesterone. 055142
Evidence for the presence of oestrone, oestradiol-17 beta and testosterone acetates in *rabbit* **ovary.** 055159
Progesterone binding in *rabbit* **oviduct** and uterus. 055218
Absence of a plateau in length-tension relationship of *rabbit* **papillary** muscle when internal shortening is prevented. 054641
Isolation of lymphocyte subpopulations from *rabbit* **peripheral** blood. Comparison of methods based on recovery of rosette-forming cells and on recovery of Ig [immunoglobulin]. 055613
Metabolism of bromobenzenes in the *rabbit* **[Pollutants,** toxicity]. 062458
Metabolism of 4,4'-dihalogenobiphenyls *[Rabbits,* **polychlorinated** biphenyls]. 054566
Selective decontamination of the digestive tract of **pregnant** *rabbits:* a method for producing Enterobacteriaceae-free rabbits. 055655
Constant regon IgG [immunoglobulin G] allotypes in *cottontail* **rabbits:** group E allelic polymorphism. 055098
Studies on the formation of cyclohexylamine and N-methylcyclohexylamine from bromhexine in animals and man, and simultaneous determination of cyclohexylamine and N-methylcyclohexylamine by gas chromatography **[Rats,** *rabbits].* 054567
Course in *rabbit* **rearing.** VII. Profits in a meat rabbit exploitation. 052546
Course in *rabbit* **rearing.** IV. 054224
Course in *rabbit* **rearing.** V. 054225
Course in *rabbit* **rearing.** VI. 054226
Course in *rabbit* **rearing.** VIII. Reproduction of rabbits. 055246
Course in *rabbit* **rearing.** IX. [Breeding]. 055247
Course in rabbit rearing. VIII. **Reproduction** of *rabbits.* 055246
A comparison of ribosomal proteins from *rabbit* **reticulocytes** phosphorylated in situ and in vitro. 054355
Spectral systems in the *rabbit's* **retina.** 054649
A comparative study on the immune response in dogs and *rabbits* to **Salmonella** typhosa. 055671
The effect of microwaves on the permeability of histohematic barriers in radiation **sickness** [of *rabbits].* 055950
Denaturation of myosin-ATPase as a function of water activity *[Rabbit* **skeletal** muscle]. 053803
Repolymerizability of native thin filaments of *rabbit* **skeletal** muscle. 054550
Subunit structure of AMP [adenosine monophosphate]-deaminase from chicken and *rabbit* **skeletal** muscle. 054563
In vitro studies of the pathways of fatty acid **synthesis** in the *rabbit.* 054530
Morphology, physiology and pathology of the reproductive **system** of the *rabbit.* 055076
Experimental measurements and theoretical calculations on muscle and liver tissue during cryosurgery. I. Experiments on freezing of *rabbit* **tissue.** 055296
Effect of hypophysectomy on lipogenetic activity of fatty **tissues** of the *rabbit.* 054411
Glutathione peroxidase activity of *rabbit* **tissues** [Seleniumdeficiency]. 054655
Investigation by immunofluorescence of arterial lesions in *rabbits* on **two** different lipid supplements and treated with pyridinol carbamate [Beef fat diet, atherosclerosis]. 053107
Biosynthesis of sulfated glycoprotein in the endometrium of *rabbit* **uterus** [Estrogens]. 055132
A series of optical, structural and isomeric analogs of estradiol: a comparative study of the biological activity and affinity to cytosol receptor of *rabbit* **uterus.** 055158
Problems of *rabbits* in **veterinary** practice. 055365
Winter *rabbit* raising [Animal husbandry]. 054129
Digestive tract microflora in healthy and diarrheic **young** *hares* born in captivity. Effect of intake of different antibiotics. 055433

RACE

Muellerian mimicry: classical 'beanbag' evolution and the role of ecological islands in **adaptive** *race* formation [Heliconius]. 060843
Different *races* of **Black** Pied cattle. 055020
Morphological characteristics of queen bees of the Italian, Bulgarian, Kraynska, and **Caucasian** *races.* 061384
On genetic and physiological compatibility different forms of stem eelworms [Ditylenchus dipsaci, nematodes]. V. The crossing of the red **clover** *race* with the other stem eelworms. 059844
The identification of the *race* **composition** of rust [fungi] in a chamber of artificial climate. 059487
Orthetrum japonicum japonicum allied to its [Asiatic] **continental** *race,* Orthetrum japonicum internum. 061249
Testing of **honeybee** *races* in Primorye [for winter hardinessand Varroa resistance]. 061372
Effectiveness of known Sr genes for seedling resistance against Indian stem **rust** *races* in wheat. 056976

Studies on the larval growth of the silkworm, Bombyx mori L., reared on an artificial diet under different temperature and photoperiod conditions. VI. Effect of illumination on the moltinism and voltinism of different **silkworm** *races.* 061358
Food sharing behavior among caged workers of different *races* and **species** of honey bees, Apis sp. 061284
Euchloe (Elphinstonia) tagis Huebner (Pierinae, Anthocharini). Summary **survey** of its *races.* 061199
Formation of Melanargia galathea L. *Races* in **western** Friaul (Lepidoptera, Saturidae). 061258

RADAR
Radar **cross** sections of vegetation canopies determined by monostatic and bistatic scatterometry [Natural vegetation like grassland]. 056704
Radar look **direction** and row crops. 058835
Comparison of **first** *radar* echoes in seeded and unseeded convective clouds in North Dakota [Rain making]. 062245

RADIAL
Radial **distribution** of corticular photosynthate in stems of bigtooth and trembling aspen [Populus grandidentata, Populus tremuloides]. 058580
Radial **immuno-diffusion** and serum-neutralisation techniques for the assay of antibodies to swine vesicular disease. 055747
The dynamic Young's modulus in compacted clayey soil at high pressures and the effects of *radial* **inertia** and added mass. 061651
Identification of Brucella abortus antibodies in cattle serum by **single** *radial* diffusion. 055601
Radial **transport** in rays [between phloem and xylem]. 058568

RADIATION
Genetic and chromosomal effects of UV [ultraviolet] *radiation* **[Bacetria,** fungi, protozoans, unicellular algae]. 057125
Non-random intrachromosomal distribution of *radiation-induced* **chromatid** aberrations in Vicia faba [broadbeans]. 057102
Immobilization of enzymes by *radiation* **copolymerization** of synthetic monomers [Food research]. 053533
Critical periods of the metotic cycle: influence of aminopterin and thymidine on production of chromosomal aberrations by *radiation* in **Crepis** capillaris. 057098
Radiation **environment** of [plant] growth chambers. 057641
Effect of **gamma** *radiation* on mangoes (Mangifera indica L.) stored under different conditions. 054063
Sterilization of the melon fly, Dacus cucurbitae Coquillett with **gamma** *radiation:* effect of rate of emergence, longevity and fertility. 060259
Sterilization of the melon fly, Dacus cucurbitae Coquillett with **gamma** *radiation:* effect on rate of emergence, longevity and fertility. 060260
Sensitivity of almond moth [Cadra cautella] pupae to **gamma** *radiation* (Lepidoptera: Pyralidae) [Pests stored dried cocoa beans]. 060406
Effects of **gamma** *radiation* and hempa on the midgut of the desert locust Schistocerca gregaria. 060806
Effect of solvent on the *radiation-induced* **grafting** of vinylpyridines to cellulose. 056195
The use of **ionizing** *radiation* for preservation of food and feed products. 053562
Studies on the protective role of vitamin C under conditions of exposure of the organism to **ionizing** *radiation* [pigeons, and mice]. 054502
Comparison of the mutagenic effects of chemicals and **ionizing** *radiation* using Drosophila melanogaster test systems. 060848
Effect of 2450 MHz [megahertz] **microwave** *radiation* on some soil microorganisms in situ [Weed control]. 060039
Radiation **regime** of castoroil plant crops under conditions of irrigation. 057585
Mathematical description of the effect of phytometric characteristics on the *radiation* **regime** of the crown of grapevines. 058361
Growth rates of tomato seedlings and **seasonal** *radiation.* 058434
The effect of microwaves on the permeability of histohematic barriers in *radiation* **sickness** [of rabbits]. 055950
A physically based method of estimating **solar** *radiation* from suncards [Agricultural meteorology]. 052084
Solar *radiation* effects and crop production. 057942
The correlation between mutation frequency and cell survival following different mutagenic *[radiation]* **treatments.** 055935
Penetration of **ulraviolet** *radiation* into aquatic ecosystems (marine) [Algae, photosynthesis]. 057805
Dose rate effects in the UV-B **[ultraviolet** *radiation]* inactivation of Chladydomonas [Algae] and implications for survival in nature. 057802
Linking photobiological studies at 254 nm with UV-B **[ultraviolet** *radiation,* algae, fungi, bacteria]. 057803
Penetration of solar **ultraviolet** *radiation* into terrestrial plant communities. 057804
Inhibition of photosystem I and photosystem II in [spinach] chloroplasts by UV **[ultraviolet]** *radiation.* 058491

RADICALS
Free *radicals* in low moisture systems [Food]. 053541
Hydroxylation of p-coumaric acid by horseradish peroxidase: The role of superoxide and **hydroxyl** *radicals.* 058284
Production of the **superoxide** *radical* by horseradish peroxidase. 058529

RADICLES
Uptake and effect of abscisic acid during induction and progress of *radicle* **growth** in seeds of Chenopodium album. 057848

RADIO
Cell wall composition and incorporation of *radio-labelled* **compounds** by Veillonella alcalescens [a Gram-negative anaerobe isolated from sheep rumen]. 054428

RADIOACTIVITY
The method of determination of source contribution to *radioactive* **contamination** of the atmosphere. 062447
Transport physiology, metabolism and residue behavior of *radioactive* **Lenacil** [herbicide] in sugarbeets. 059987
Degradation of DNA in *radioactive* **mutants** of Anacystis nidulans [Algae] induced by roentgen rays. 057768
The radionuclide ratios in agricultural and biological chains in the context of the problem of *radioactivity* **protection** of the environment. 062448
Synthesis of 10,11-epoxy-6,7-trans-2,3-trans-farnesyl-[2,3-3H] [hydrogen isotope] propenylether, a juvenile hormone efficient compound [in insects] with very high **specific** *radioactivity.* 060883
Study of the digestion in ruminants with the aid of *radioactive* and **stable** isotopes. 054727
The effect of phosphates, sulphates and alginates on the absorbtion of *radioactive* **strontium** from the digestive tract [Rats]. 054734
The radioisotope concentration effect in biology [Rats, tomatoes]: its consequences in the use of *radioactive* **tracers.** 054525
Radioactivity in **urine** and feces of mink (Mustela vison) treated with [14C] [carbon isotope] aflatoxin B1. 055898
Radioactive **waste** management. 062472

RADIOCARBON
Cycling of organic carbon in the ocean: use of naturally **occurring** *radiocarbon* as a long and short term tracer. 062438

RADIOGRAPHY
Breaking formation in DNA of Anacystis nidulans [Algae] under the effect of *roentgen* **irradiation.** 057767
Visualization of the tuber calcis and sustentaculum in the horse: a **new** *radiographic* perspective. 055823
Degradation of DNA in radioactive mutants of Anacystis nidulans [Algae] induced by *roentgen* **rays.** 057768

RADIOISOTOPES
The *radioisotope* **concentration** effect in biology [Rats, tomatoes]: its consequences in the use of radioactive tracers. 054525
Radioisotope **ratios** in characterizing the movement of different physical and chemical species through natural soils [Reactor effluent water radionuclides]. 062445
Insect [Periplaneta americana] blood-brain barrier: a *radioisotope* **study** of the kinetics of exchange of a liposoluble molecule (n-butanol). 060903

RADIOLOGY
X-ray photo taken on the hip joint of the dog standing in a stock with special respect to the prevention of *radiological* **lesions.** 055333
Pneumoperitoneogeography: a **special** *radiological* technic used in nonhuman primate medicine. 055327

RADIONUCLIDES
The *radionuclide* **ratios** in agricultural and biological chains in the context of the problem of radioactivity protection of the environment. 062448
Radioisotope ratios in characterizing the movement of different physical and chemical species through natural soils [Reactor effluent **water** *radionuclides].* 062445

RADIOSENSITIVITY
A comparative study of the **differential** *radiosensitivity* of seeds, seedlings and tisue cultures of the Japanese morningglory (Pharbitis nil). 057885
Genetic effects of formaldehyde in yeast [Saccharomyces cerevisiae]. II. Influence of ploidy and of mutations affecting *radiosensitivity* on its **lethal** effect. 057100

RADISHES
Resistance in *radish* to **Aphanomyces** raphani and Rhizoctonia solani. 059444
Characterization of the kinetin-induced water uptake by **detached** *radish* cotyledons. 058308
Garden *radishes* and lettuce. 059089
Cytokinin activity and chemical structure of some derivatives of N-alkyl-N'-phenyl- and N,N'-Diphenylthiourea [Retardation of the chlorophyll breakdown of discs of *radish* **leaves].** 058382
Enzymatic maceration of plant tissues by endo-pectin lyase and endo-polygalacturonase from Aspergillus japonicus [Potatoes, **onions,** *radishes].* 059422
Grow your **own** *radishes.* 058987
Control of black coloring of *radishes* with **special** regard to some test results [caused by Aphanomyces raphani]. 059310
Biochemical studies on some oleoginous seeds of Cruciferae plants [Eruca sativa, **turnips,** *radishes].* 053532
The accumulation in soil of cadmium residues from phosphate fertilizers and their effect on the cadmium content of plants *[Radishes,* **wheat,** subterranean clover]. 062056

RADOPHOLUS
Comparative influence of *Radopholus* **similis** and Pratylenchus coffeae on citrus [Nematodes]. 059798

RAILROADS
Petition for return of *railroad* **lands.** 052236
Externalities and freight car supply in the U.S. *Rail* **network** [Tariffs]. 052731

RAIN
Leaching of organic and inorganic substances from crops by the **action** of *rain.* 057722
Australia's *rain* forests. 055981
Fortaleza, Ceara, **Brazil** *rainfall.* 062246
Application tests of fungicides against apple scab (Endostigme inaequalis (Cke) Aderh.) after **contaminating** *rain.* 059382
New computer program for the calculation of confidence limits of **expected** *rainfall* [Application to agriculture in East Africa]. 062182
Agricultural practices under **favourable** *rainfall* conditions [Field crops, culture]. 058738
Agronomic practices for **favourable** *rainfall* areas [Field crops, culture]. 058740
The development of improved agronomic practices for maize production in Kenya under **favourable** *rainfall* conditions. 058765
Nicole Maxwell, lady of the [Folk medicinal plants, South America] *rain* **forest.** 056339
Weed conrol thanks to the *rain,* most **herbicides** worked well in 1975 [Sugarbeets]. 059920
Scientific treatment of clouds for **increasing** *rain.* 052096
Rainfall **interception** by cool-desert shrubs [Artemisia tridentata, Atriplex confertifolia]. 056720
Spectral analysis of **monthly** *rainfall* and runoff data in a karstic basin (French Jura Mountains). 062260
Final report on fertilizer movement through soil resulting from *rainfall* **[Nutrient** loss, peach orchards]. 061772
Comparison of first radar echoes in seeded and unseeded convective clouds in North Dakota *[Rain* making]. 062245
The collection efficiencies of highly charged water drops for uncharged cloud droplets *[Rain* making]. 062247
Use of a sailplane to measure microphysical effects of silver iodide seeding in cumulus clouds *[Rain* making]. 062248
Cloud motion and *rainfall* **statistics.** 062244
Planting dates for longleaf, slash, and sand pine seeds [Pinus palustris, Pinus elliottii, Pinus clausa] in the southeastern sandhills: effect on **temperature** and *rainfall.* 058617

RAINBOW
Isolation and identification of a polar metabolite of tetrachlorobiphenyl from bile of a *rainbow* **trout** exposed to 14C [carbon isotope]-tetrachlorobiphenyl. 060530
Acute toxicity of methyl mercury chloride and mercuric chloride for *rainbow* **trout** (Salmo gairdneri) fry and fingerlings. 060581

RAKING
Development of an **adjustable** *rake-type* sugarcane piler. 061539

RAMS
Effects of acrosin inhibitors on the soluble and membrane-bound forms of *ram* **acrosin,** and a reappraisal of the role of the enzyme in fertilization. 055092
A new protein-glucoprotein biocomplex of *ram's* **diluted** semen and its changes depending on the dilution rate. 055049
The effect of glycerol level, Tris concentration and thaw temperature on **frozen** *ram* spermatozoa. 055228
Successful conservative treatment of penis **hematomas** in a *ram.* 055811
Formalin-treated sunflower seed meal and methionine-hydroxyanalog addition to rations for **high-producing** *rams.* 054991
Reserves for **increasing** *ram* production in Kirghizia. 054204
Need of improving the method of **Karakul** *ram* selection for breeding. 055193
Increase of spermatogenesis efficiency by hemicastration in **rat** and *ram.* 055038
Cell separation by velocity sedimentation at 1 g for the study of nuclear proteins in *ram* **spermatids.** 055031

Demonstration of the ultrastructural changes in cytoplasmic organelles of *ram* **spermatids** during somatic-type histone transition. 055157
Cytochemical demonstration of somatic-type histones during **spermatogenesis** in the *ram.* 055156
An acrosin inhibitor in *ram* **spermatozoa** that does not originate from the seminal plasma. 055091
Ewes which fail and sex **starved** *rams.* 055199
The effect of thyroid and antithyroid preparations on the urinary excretion of neutral 17-ketosteroids and the quality of sperm in **stud** *rams.* 055110

RANATRA *see* NEPIDAE

RANCHERS *see* FARMERS

RANGELAND

Grass canopy bidirectional spectral reflectance *[Rangeland* **ecosystems].** 056702
Labops [hesperius], a plant bug, on **Oregon** *rangeland* [Agropyron]. 060199
Exotic game on **Texas** *rangelands* [Potential protein production, laws]. 052895
Rangelands (including **tundra)** [Yields, ecology, climate]. 058830
Texas persimmon [Diospyros texana] distribution and controlwith individual plant treatments *[Rangeland* **weeds].** 059923
Sheep control sagebrush [Artemesia tridentata] on **western** *rangeland.* 060101

RANGES

Improved technique for estimating milk production from *range* **cows** [Nutrition research]. 054869
Defining *ranges* of soil characteristics. 061833
Determining *range* condition and forage production potential in California from ERTS [Earth Resources Technology Satellite]-1 imagery. 058772
Range **extensions** in the Hydrocharitaceae. 056396
The role of long *range* **forces** in ordered arrays of tobacco mosaic virus. 059616
Factors restricting the *range* of **Glyptotendipes** paripes Edwards (Diptera: Chironomidae) in a bog lake. 060889
RANGES: **grassland** simulation model [Range management, computers]. 058865
Recruitment behavior, **home** *range* orientation and territoriality in harvester ants, Pogonomyrmex. 060690
Survival and **host** *range* of Phytophthora citrophthora in Ohio nurseries. 059427
Morphology and **host** *range* of virulent phages of lotus rhizobia [Lotus corniculatus]. 059503
Herbicides and good management **improves** *range* pastures. 060094
Spatial distribution of Collembola within the *range* of **influence** of Festuca beckeri. 061051
Range **management** and its ecological basis in the ponderosa pine [Pinus ponderosa] type of Arizona: the status of our knowledge. 056762
RANGES: grassland simulation model *[Range* **management,** computers]. 058865
Peculiarity of moss flora of the **mountain** *range* Kulumya in western Sajan. 056423
Actual evapotranspiration and the **natural** *range* of loblolly pine [Pinus taeda]. 058575
Singeing on the *range* **[Opuntia** polyacantha as feed for cattle, succulents]. 054069
Controlling sixweeks fescue [Vulpia octoflora] on **shortgrass** *range.* 060004
Field establishment of some vegetable crops: response to a *range* of **soil** conditions [Seedling emergence]. 059067
The *range* of **winter** wheat resistance to brown rust. 059488

RANGIFER

Chemical composition of the secretion of the interdigital gland of *Rangifer* **turandus** [Reindeer]. 054436

RAPE

Toria **[bird** rape]—a catch-and-cash crop. 058852
Marking aphids and their parasites with 14C [carbon isotope] in field studies [Brevicoryne brassicae, Myzus persicae, pests of *rape* and **kale].** 060192
New *rape* varieties for culture in Spain? 058659
Brassica campestris var. *Toria*—a **new** host for Hellula undalis F. (Pyralidae: Lepidoptera). 060273
Influence on *rape* in a **rotation** on prevalence of Cochliobolus sativus conidia and common root rot of wheat. 059261
Localized but massive attacks of the turnip sawfly [Athaliarosae] on *rape* and **turnips** in Alsace. 060156
Quantitative estimation of competitive effects in **winter** *rape* populations [using two inbred lines]. 057204
Practical application of biological management in the cultivation of **winter** *rape.* 058890

RAPESEED

Structural studies on a water-soluble arabinan isolated from *rapeseed* **(Brassica** napus). 057997
The quality of *rapeseed* **commercial** lecithin. I. Effects of the technological processes of rapeseed drying and oil extraction on the quality of lecithin. 053865
Evaluation of **dietary** *rapeseed* protein concentrate flours in rats and dogs. 054966
The quality of rapeseed commercial lecithin. I. Effects of the technological processes of *rapeseed* **drying** and oil extraction on the quality of lecithin. 053865
The use of *rapeseed* **meal** in pig and poultry rations. 054940
Antithyroid factors in *rapeseed* **meal** [as chicken feed] and counteracting the toxicity by autoclaving. 055920
Boosting yield of raya *[rapeseed,* **mustard].** 058848
The controlling of diseases of *rapeseed* and **mustard** in the Punjab is a paying concern. 059883
Composition of lipids in the *rapeseed* **oil** hydration sludges. 053856
Erucic acid content and polarity of a glyceride molecule [in *rapeseed* **oil].** 053858
Influence of phospholipids [as antioxidants] on the *rapeseed* **oil** autooxidation process. 053860
Effects of *rapeseed* **oil** as an additive with certain herbicide treatments. 059929
Polish *rapeseed* crop peaks, oilseed imports to continue. 052633
On the determination of available lysine in casein and *rapeseed* **protein** concentrates using 2,4,6-trinitrobenzenesulphonic acid (TNBS) as a reagent for free epsilon amino group of lysine. 053872
Rapeseed: **relations** between some physical and chemical properties. 053892
Rapeseed **is toxic** to layers [Chickens]. 055914

RAPHIDIA

The subgenus Parvoraphidia Asp. Et Asp. [Neuroptera, Raphidioptera, Raphidiidae, *Raphidia* L.) **[New** taxa]. 061264

RAPHIDIIDAE

The subgenus Parvoraphidia Asp. Et Asp. [Neuroptera, Raphidioptera, *Raphidiidae,* **Raphidia** L.) [New taxa]. 061264

RAPHIDIOPTERA

The subgenus Parvoraphidia Asp. Et Asp. [Neuroptera, *Raphidioptera,* **Raphidiidae,** Raphidia L.) [New taxa]. 061264

RASPBERRIES

Variety study of *raspberry* **plants:** Interim results of four years of observation. 059174
Results of *raspberry* selection [and **propagation** for marketing quality]. 059040
Didymella [applanata, spur blight] of *raspberries:* **working** out of a warning technique. 059387

RATIONS

Low quality feedstuffs—alternatives to grain for **beef** *rations.* 054850
Testing complete vealer **calf** *ration* mixture alone and soilage-supplemented. 055003
Influence of Scenedesmus acutus micro-algae on the digestibility of fattening **calves** *ration* and on some blood indexes. 054994
Urea-mineral mixtures as a nitrogen source for ruminants. I. Urea-nitrogen utilization by fattening calves when urea uptake is effected through urea-mineral mixtures in the form of licking blocks or through **complete** *ration* mixtures. 055008
Poor rate of gain, tail biting, increased irritability, and feed wastage in feeder pigs fed a *ration* **containing** vetch seeds. 054800
Maximize income over feed costs: computers can construct income building **dairy** *rations.* 052453
Ration Recipe: least cost **dairy** *ration* formulation by computer. 054807
Effects of plant species and cobalt intake upon cobalt utilization and *ration* **digestibility** by sheep. 054843
Effect of crushed and/or cooked barley feeding on VFA [volatile fatty acids] production in rumen and *ration* **digestibility** of wether 054959
Effect of graduated rations of grain fodder in the maize **feed** *ration* on the milk production and fat content in dairy cows. 054923
More efficient utilization of synthetic nitrogen substances in **feed** *rations* of ruminants [Cows, sheep, goats]. 054980
Food *rationing*—hard fact of life in Bangladesh [Programs]. 052819
Induction of an endogenous rhythm of sporulation in Aspergillus niger: roles of **glucose/potassium** *rations* and of microelements [Fungi]. 057840
Effect of **graduated** *rations* of grain fodder in the maize feed ration on the milk production and fat content in dairy cows. 054923
Formalin-treated sunflower seed meal and methionine-hydroxyanalog addition to *rations* for **high-producing** rams. 054991
Effect of *ration* **ingredient** change on performance of growing-finishing swine. 054840
Roughage to concentrate ratio in the feeder **lamb** *ration.* 054801
Effect of the ratio between volume and concentration of feeds in *full-ration* **mixes** of fattening young bulls. 054985
Selenium and vitamin E in **poultry** *rations.* 054937
The use of rapeseed meal in pig and **poultry** *rations.* 054940
Ration **Recipe:** least cost dairy ration formulation by computer. 054807
Calcium and phosphorus requirements in lupin **seed** *rations* for pigs. 054828
Study on the effect of concentrated and normal **sheep** *rations.* 055001
Corn **silage** *rations* for ewes [Sheep, feeding]. 054808
A comparison of *rations* for **suckling** lambs on heavily stocked permanent pasture. 054942
Guidelines for using non-traditional feeds in **swine** *rations.* 054960
Utilization of peas in **swine** *rations.* 054963

RATOON

Ratoon **clearing** of pineapple with paraquat and roundup glyphosphate. 060019

RATS

Dietary regulation of liver and muscle transport of amino **acid** *[Rats].* 053093
Hypercholesterolemia due to ascorbic **acid** *[Rats].* 053331
Liver enlargement induced by the herbicide 2,4,5-trichlorophenoxyacetic **acid** (2,4,5-T) *[Rats].* 059995
A modified PER [protein efficiency ratio] method for estimating changes in the bioavailability of individual essential amino **acids** *[Rats].* 053255
The effect of parathyroidectomy and large doses of cholecalciferol on the ability of *rats* to **adapt** to changes in dietary intake of calcium. 053235
Some aspects of nucleic metabolism in the testes of vitamin A deficient **adult** *rats.* 053128
Hepatic microsomal mixed function oxidase system during toluene treatment and the effect of pretreatment of phenobarbital in **adult** *rats* [Toxicity]. 055903
Blood pressure of *rats* as **affected** by diet and concentration of NaCl [sodium chloride] in drinking water. 053329
Percutaneous absorption of hexachlorophene [chlorinated antibacterial **agent]** in the *rat.* 055943
Effect of feeding diet containing insect [Sitophilus oryzae, Callosobruchus chinensis] infested maize and cowpea on the growth and histological changes in livers of **albino** *rats* [Contaminated food]. 053039
Toxicity and effects of malathion [pesticides] on esterases of suckling **Albino** *rats.* 055949
Changes in the spleen of **albino** *rats* subjected to low-frequency vibration on the screen of chronic intoxication with the pesticide "Zolon". 060553
Synthesis of 1alpha-hydroxy [8-3H]vitamin D3 and its metabolism to **1alpha,25-dihydroxy[6-3H]vitamin** D3 in the *rat.* 053209
Changes of alpha-glycerophosphate dehydrogenase activity in fatty liver of *rats* by **amino** acids imbalance [Diets]. 054765
In vivo and in vitro activation of soluble tryptophan hydroxylase from *rat* **brainstem.** 054647
A preliminary study on the efficiency of 'Star **Brand'** *rat* feed. 054871
Nutritive value of thermoalkali-processed soy materials for young **calves** and *rats.* 054864
Nutritional quality of several proteins as affected by heating in the presence of **carbohydrates** *[Rats].* 053272
Biological utilisation of protein as influenced by dietary **carbohydrates** *[Rats].* 054872
Effect of quality and quantity of dietary fat and dimethylhydrazine in colon **carcinogenesis** in *rats.* 053330
The effects of chronic treatment with contraceptive steroids on the biological age of ovarian cycles in the *rat* after the **cessation** of treatment. 055042
Effects of polysaccharides on cholesterol metabolism. 6. Effects of various polysaccharides on serum and liver cholesterol levels in **cholesterol-fed** *rats.* 053238
Retention of lipolytic products in *[rat]* **chylomicrons** incubated with lipoprotein lipase: electron microscope study. 053223
Deep anesthesia in the *rat* with the **combined** action of droperidol-fentanyl and pentobarbital. 055325
The effect of methods of sterilization on the nutritive value of protein in a **commercial** *rat* diet. 053122
Nutritional evaluation of alfalfa leaf protein **concentrate** *[Rats].* 053271
Influence of dietary fluoride restriction on regulation of plasma and soft tissue fluoride **contents** *[Rats].* 053332
The role of complement in hydatid disease [Echinococcus granulosus, Echinococcus multilocularis]: in vitro studies [Guinea pigs, sheep, **cotton** *rats].* 055586
Protein nutritive value of selected present and potential meat extenders [Whey, fish, soy, **cottonseed,** *rats].* 053276
Chemical pathology of acute amino acid deficiencies. Effects of single and multiple amino acid **deficiencies** in *rats.* 053281
The establishment and duration of Fasciola hepatica [liver fluke] infections in two strains of *rats* and the **developmentof** acquired resistance. 055752
Excessive vitamin D content of a standard iron-deficient **diet** for *rats.* 053117
Inhibition of cholesterol biosynthesis by bovine milk, cultured buttermilk, and orotic acid *[Rats,* **diets].** 053219
Some metabolic effects of amino acid imbalance in the intial period of feeding with imbalanced **diets** *[Rats].* 053339
Metabolism and caloric utilization of orally administered maltitol-14C [carbon isotope] in *rat,* **dog,** and man [Replacements for sucrose in special dietary foods]. 053190
Effects of anesthetic agents on autoregulation of renal hemodynamics in the *rat* and **dog.** 054270
Experimental methods applied in the examination of thrombopoietic and thrombocythemic effects of cholesterin [in the red bone marrow of *rats,* **dogs** and rabbits]. 054732
Evaluation of dietary rapeseed protein concentrate flours in *rats* and **dogs.** 054966
Water balance and kidney function in four species of *Rattus[rats]* from **ecologicaly** diverse environments. 054336
Biological quality and functional properties of lima bean protein for bread **enrichment** *[Rats].* 054035

Influence of the administration of parathion methyl or Zineb on the activity of some hepatic **enzymes** in the *rat.* 060519
Alteration of lung lipids in ozone **exposed** *rats.* 055901
Epididymal sialoproteins. Action of some exogenic and endogenic **factors** *[Rats].* 054317
Changes in liver enzyme activities of glycine metabolism of *rats* **fed** excess glycine diets. 053084
Urinary creatine and kidney transamidinase activity of *rats* **fed** diets supplemented with arginine, glycine and creatine. 053085
Studies on liver protein turnover of *rats* **fed** a protein free diet supplemented with methionine and threonine. 053288
Ultrastructural changes in liver of the *rat* **fed** hexachlorobenzene [Fungicides]. 055895
Evolution of experimental decidua and dormant blastocyst in the **female** *rat.* I. Experimental decidua in unilateral gestation. 055034
Evolution of experimental decidua and dormant blastocysts in the **female** *rat.* II. Evolution of dormant blastocyst. 055035
Effect of aspirin on adrenal weight in **female** *rats.* 055939
Folded retinas in *rat* **fetuses:** artifacts produced by fixation in alcohol. 054707
Effects of 2,4,5-trichlorophenoxyacetic acid (2,4,5-T) [herbicide] on the incorporation of a-aminoisobutyric acid (AIB) in *rat* **fetuses.** 060603
The effect of povidone-iodine [antiseptic bactericide] on thyroid **function** in *rats.* 055946
Protein deficiency over **generations** in *rats.* 053298
Effect of unilateral and bilateral castration and cryptorchidism on serum **gonadotrophins** in the *rat.* 055141
Effects of processing on the nutritive value of cowpeas (Vigna sinensis) for the **growing** *rat.* 053284
Effect of insulin on body composition and free amino acid levels in blood, liver and muscle of the **growing** *rat* subjected to energetic restriction. 054315
Dose-response study of the carcinogenicity of dietary sodium nitrite and morpholine in *rats* and **hamsters.** 053165
Effect of large daily doses of ascorbic acid on pregnancy in guinea pigs, *rats,* and **hamsters.** 055940
Absorption as a factor in manganese **homeostasis** *[Rats].* 054536
Riboflavin deficiency, galactose metabolism and cataract [Diet, **humans,** *rats].* 053299
Studies of possible absorption of a flame retardant [organophosphorus compound] from treated fabrics worn by *rats* and **humans.** 055904
Lipids in red blood cells of mature **hypercholesterolemic** *rats* in relation to sex and biotin status. 053286
Renal microvasculature in spontaneously **hypertensive** *rats.* 054630
Failure of 19-hydroxylated androgens to inhibit compensatory ovarian **hypertrophy** in the *rat.* 055143
Scanning electron microscopy of the jejunum of the *rat* **infected** by the nematode Nippostrongylus brasiliensis. 055580
The effect of bacterial adjuvants on Trypanosoma lewisi **infections** in *rats.* 055516
Folin-phenol regent-positive material released during autolysis of tissue slices from *rats* **[Influence** of dietary protein]. 054766
Effect of fructose administration on serum urate levels in the uricase **inhibited** *rat.* 053156
Fate of croneton (2-ethylthiomethylphenyl-N-methylcarbamate) [plant systemic **insecticide]** in *rats.* 060562
Relation of high temperature regimes to energy metabolism, body composition and feed and water **intake** in *rats.* 054544
Biosynthesis of diacylglycerols by *rat* **intestinal** mucosa in vivo. 054420
Biosynthesis of triacylglycerols by *rat* **intestinal** mucosa in vivo. 054421
Colonic absorption of bacterially synthesized vitamin K2 **inthe** *rat.* 053092
Inhibition by acidosis of adenosine 3',5'-cyclic monophosphate accumulation and lipolysis in **isolated** *rat* fat cells. 054254
Radiosynthesis and metabolism in *rats* of the 1R **isomers** of the insecticide permethrin. 060568
An ultrastructural investigation of the effects of perinatal nalnutrition on E-PTA [phosphotungstic acid]-stained synaptic **junctions** *[Rats].* 053155
Absorption of 125 I [iodine isotope]-labelled sheep growthhormone in single proximal tubules of the *rat* **kidney.** 054582
Effect of indole alkaloids from Gardneria genus and Uncaria genus on neuromuscular transmission in the *rat* **limb** in situ. 057493
Effect of dietary protein and tryptophan on the turnover of *rat* **liver** ornithine aminotransferase. 053207
Limited proteolysis of the very-lysine-rich histone H1 by amembrane-bound proteinase from *rat* **liver.** 054493
Gerontological studies on calcium, magnesium, iron, copper and zinc concentrations in the heart and frontal cerebral **lobes** of *rats.* 054737
The effect of sodium chloride ingestion on food intake and on fat deposition in **male** *rats.* 053123
Aromatizable and 5 alpha-reduced androgens: differentiation between central and peripheral effects on **male** *rat* sexual behavior. 055093
Involvement of vesicle coat material in casein secretion and surface regeneration *[Rat* **mammary** epithelial cells]. 054564
Nonparallel courses of intrapancreatic levels of exportable enzymes after a fatty **meal** *[Rats].* 053333
The effects of an oral contraceptive, ascorbic acid and iron on glucose and copper **metabolism** in the *rat.* 053289
Factors which influence the biological evaluation of protein quality by the protein efficiency ratio **method** *[Rats].* 053266
Results of growth curve analyses in **mice** and *rats.* 054545
Metabolism of paraffin and naphthenic hydrocarbons in higher animals. II. Accumulation and **mobilization** in the *rat.* 053102
Differentiated growth of brain hemispheric neurocytes in organized (organotypic) and dispersed cultures in vitro [Chickembryos, **newborn** *rats].* 054496
Metabolism of (+)-limonene [a major component of the essential oils of many fruits and spices] in *rats* **[Nutrition].** 053191
Digestibility of partially hydrogenated herring **oil** in the *rat.* 054770
The effect of complete and protein starvation and refeeding casein on the acid phosphatase activity of the various **organs** of *rat.* 053188
Effects of repeated administration of oxytetracycline on kidney, liver, and liver mixed-function **oxidases** in the *rat.* 055941
Zinc requirement for normal **parturition** in *rats.* 053292
Regional distribution of blood flow in calf muscles of *rat* during **passive** stretch and sustained contraction. 054256
The nutritive value of protein in selected sorghum lines as measured by *rat* **performance.** 054911
Metabolism of prostaglandin A1 by hepatic microsomal monooxygenase P-450 system in the guinea **pig** and *rat.* 054633
Electrophoretic studies on the phosphorylase isozymes *[Rats,* **pigs].** 054593
Estrogen receptor in mammary glands and uterus of *rats* during **pregnancy,** lactation and involution. 054617
Influence of malathion on phosphatase and succinic dehydrogenase in **preirradiated** *rats.* 060543
Dynamics of C-14 [carbon isotope] amino acids applied in *rats* **previously** fed proteins of different quality. 054975
Tissue distribution and excretion of tritiated tetrachlorodibenzo-p-dioxin [environmental contaminant] in non-human **primates** and *rats.* 062411
Magnitude of the *rat* **problem** and possible solution [Crop pests, rodent control]. 059731
Amino acids in feces related to digestibility of food **proteins** *[Rats].* 053256
An efficient procedure for the complete evaluation of dietary **proteins** *[Rats].* 053257
Gastric irrigation and secretion in the ligatured or fistuled **pylorus** *rat* upon influence of intra-duodenal olive oil. 053157
Bioassays for protein **quality** *[Rats].* 053259
Studies on the formation of cyclohexylamine and N-methylcyclohexylamine from bromhexine in animals and man, and simultaneous determination of cyclohexylamine and N-methylcyclohexylamine by gas chromatography *[Rats,* **rabbits].** 054567
Increase of spermatogenesis efficiency by hemicastration in *rat* and **ram.** 055038
Metabolism of paraffin and naphthenic hydrocarbons in higher animals. I. Retention of paraffins (normal, cyclo and **ramified)** in the *rat.* 053101
Differential agglutinability of *rat* **red** blood cells during fetal development by concanavalin A. 054447
The effect of guanethidine sulphate on the **reproduction** of *rats.* 055017
The effect of dietary lipids and vitamin E on lipid peroxide formation, cytochrome P-450 and oxidative demethylation in the endoplasmic **reticulum** *[Rats].* 053113
Influence of L-triiodothyronine, L-thyroxine and thyroproteins on the nucleolar synthesis of hepatic **RNA** *[Rats].* 054449
The influence of a high level of corn oil on *rat* **serum** lipoproteins [Cholesterol, diets]. 053108
A simple method for the cryopreservation of *[rat* and **sheep]** lymphocytes. Retention of specific immune effector functions by frozen-stored cells. 054439
Soybean trypsin inhibitor activity of soy infant formulas and its nutritional **significance** for the *rat.* 053193
Effect of processing on the nutritive value of Saccharomyces cerevisiae, Scenedesmus obliquus, and Spirulina platensis measured by protein synthesis in vitro in *rat* **skeletal** muscle [Single-cell protein]. 053565
Purification and properties of *rat* **small** intestinal arginase. 053205
The utilization of glucose and producton of lactate by in vitro preparations of *rat* **small** intestine: effects of vascular perfusion. 054613
The immune mechanism which expels the intestinal stage of Trichinella **spiralis** from *rats.* 055538
Cholesterol feeding affects microsomal metabolism of **steroids** *[Rats].* 053293
Postnatal development of dopamine deamination in the **striatum** of the *rat.* 054389
In vitro intestinal absorption of sugars in the *rat.* **Study** of variations of concentrations of adenylic compounds and mineral phosphate in the mucosa. 053100
Mirex [insecticide]: a teratogenicity, dominant lethal and tissue distribution **study** in *rats.* 060556
Body burden of hexachlorobenzene in **suckling** *rats* and its effects on various organs and on liver porphyrin accumulation. 055908
Influence of the method of fixation on the ultrastructural morphology of normal and impaired myocardial cells *[Rats,* **swine].** 054594
Nutritional evaluation of proteins as estimated by in vitro protein synthesis; comparison with conventional **techniques** *[Rats].* 053269
Propranolol and pyrogen effects on shivering and nonshivering **thermogenesis** in *rats.* 054288
Uptake and metabolism of beta-alanine and L-carnosine by *rat* **tissues** in vitro: role in nutrition. 053094
The radioisotope concentration effect in biology *[Rats,* **tomatoes]:** its consequences in the use of radioactive tracers. 054525
The effects of pentachloronitrobenzene, hexachlorobenzene [fungicides], and related compounds on fetal development **[Toxicity,** *rats].* 055948
The effect of phosphates, sulphates and alginates on the absorbtion of radioactive strontium from the digestive **tract** *[Rats].* 054734
Possible sequestration of calcium during intestinal **transport** *[Rats].* 054606
In vitro uptake of oganic ions by renal cortical tissue of *rats* **treated** acutely with 2,4,5-trichlorophenoxyacetic acid [Herbicides]. 055942
The effect of synthetic gonadotropin-releasing hormone (GnRH) on pituitary hormone release in **urethane-blocked** *rats.* 054448
Alternative methods of animal sacrifice: the effect on intestinal function in **vitro** *[Rats].* 054477
Effects of vitamin E and the rancid fish liver oil on the spinal motoneurones of **white** *rats.* 053347
Zinc deficiency in pregnant, fetal and **young** *rats.* 053300

RAUVOLFIA

Plant-microbe interrelationships in medicinal plants. 1. The rhizosphere microflora of *Rauvolfia* **serpentina.** 058866

RAYS *see* IRRADIATION

REACTIONS

Study on **adaptational** *reactions* of some pig breeds. I. Influence of various doses of adrenocorticotropic hormone. 054757
The chlorophyll **a11** *reaction* in trypsin-treated spinach chloroplasts in the presence of potassium ferricyanide. 058542
Relationship between swine erysipelas postvaccination reactions and meteorological conditions with special regard to severe **allergic** *reactions.* 055668
Reactions of **animals** during the partial solar eclipses in Poland in 1959, 1966, 1969 and 1971 [Includes livestock]. 054501
Biochemical *reaction* mechanisms in sulfur oxidation by chemosynthetic bacteria [Thiobacillus]. 061778
Improved technique for accurate and convenient assay of **biological** *reactions* liberating 14CO2 [carbon dioxide isotope, fission yeast, Schizosaccharomyces pombe]. 057239
Thoughts on the **biological** *reactions* of [human] organisms to pollution. 062390
The influence of water content on non-enzymic **browning** *reactions* in dehydrated foods and model systems and the inhibition of fat oxidation by browning intermediates. 053553
Sodium caseinate—**Carrageenan** *reaction.* 053769
Acyl and amino intermediates in *reactions* **catalysed** by pig pepsin: Analysis of transpeptidation products. 054350
The existence of a high photochemical turnover rate at the *reaction* **centers** of System II in Tris-washed [spinach] chloroplasts. 058305
Organization of antenna and *photo-reaction* **centre** chlorophylls on the molecular level. 057814
Chlorine *reactions* with seawater constituents and the inhibition of photosynthesis of natural marine phytoplankton [Algae]. 057550
The slow *reaction* which **continues** after phosphate adsorption: kinetics and equilibrium in some tropical soils. 061850
Reaction of **cultivated** cereals to Claviceps purpurea. 059263
Reactions of imidodithiocarbon acid derivatives. I. **Cyclic** *reactions* with potassium-alkylcyanoimidodithiocarbonates. 060611
Reaction to **Cylindrocladium** [crotalariae] black rot in Virginia-type peanut cultivars [Soybeans]. 059442
Effect of temperature on *reaction* of **Datura** stramonium L. Infected with potato virus X. 059614
Differential *reactions* of three crucifers to infection by Peronospora parasitica (Pers. ex Fr.) Fr. 059401
Diffusive resistances of two sugarbeet cultivars [inoculated with zoospores of Aphanomyces cochlioides] in relation to their black root **disease** *reaction.* 059419
Behaviourial and **electrophysiological** *reactions* to sex attractants in codling moth Laspeyresia pomonella (Lepidoptera, Tortricidae) from different geographical populations. 060384
The seal of the group. Villages and rural houses must be the *reaction* to the **environment** of a community with its own culture [Rural development]. 052794
Enzymic *reactions* in low moisture foods. 053540

The role of anions and **exchange** *reactions* in the movement ofpotassium ions in securing the potassic nutrition of plants. 061643
Some thermodynamic characteristics of **fermentative** *reactions* in soil. 061762
The participation of flavins and iron in the regulation of flavinogenesis **first** *reaction* rate in the yeast Pichia guilliermondii. 057528
Effect of benzylaminopurine on carbon dioxide **fixation** *reactions* in leaves of rice. 058004
Serological studies of potato viruses X, Y, A and Aucuba mosaic. III. Expansion of sensitivity limits of serological virus determination by the use of the latex-test, bentonite flocculation, passive haemagglutination and complement **fixation** *reaction.* 059551
Stereospecificity of **glycosylation** *reactions;* synthesis of isomaltose. 053507
Kinetic and equilibrium studies of the *reactions* of **heme-substituted** horse heart myoglobins with oxygen and carbon monoxide. 054555
Quantitative structure-activity relationships among selected pyrimidinones [herbicides] and **Hill** *reaction* inhibition. 059996
Relative **humidity** *reactions* of the European earwig, Forficula auricularia L. (Dermaptera, Forficulidae) [Insects]. 060634
Studies on **hydrolysis** *reaction* of model substances of cellulose in the presence of polymer catalysts. 5. Heterogeneous hydrolysis of fibrous cellulose in the presence of poly(vinyl alcohol-co-vinylsulfonic acid). 056197
Reactions of **imidodithiocarbon** acid derivatives. I. Cyclic reactions with potassium-alkyl-cyanoimidodithiocarbonates. 060611
Aldehyde oxidase and xanthine dehydrogenase from wild-type Drosophila melanogaster and **immunologically** *cross-reacting* material from ma-1 mutants. Purification by immunoadsorption and characterization. 060778
Inhibition of anaphylactic histamine release by Forssman antiserum. I. Characteristics of the *reaction* and **inhibitor** [Rabbits]. 055532
Reaction **kinetics** in partially frozen aqueous systems. 053547
The ratio of the two **light** *reactions* and their coupling in [spinach] chloroplasts. 058306
Reaction of **new** summer wheat and oat varieties to nitrogen fertilizer and chlorocholine cholide. 058726
Reaction of **nitrosamines** in the Udenfriend system: principal products and biological activity [Mutagenic to Salmonella typhimurium]. 053022
Novel *reactions* of rotenone. 060545
Pigments of hibernating plant buds and their participation in **photochemical** *reactions.* 057584
Confirmation of the existence of two **photochemical** *reactions* during biosynthesis of chlorophyll and investigation of energy transfer between them. 057589
The effect of chaotropic agents on **photosynthetic** *reactions* [Spinach, ions]. 058397
Reaction of **Physalis** species to plant viruses. V. Physalis alkekengi L., Physalis angulata L., Physalis phyladelphica Lam., and Physalis pubescens L. as new hosts of several plant viruses. 059549
Relationship between swine erysipelas **postvaccination** *reactions* and meteorological conditions with special regard to severe allergic reactions. 055668
The *reaction* of **resistant** cultivars of barley to some Australiank populations of Heterodera avenae [Cereal cyst nematode]. 059832
Substance *reacting* with SRBC (sheep red blood cells) and rabbit IgG [immunoglobulin G]: isolation from thymus and spleen. 055507
Evaluation of broiler breeder flocks for nonspecific Mycoplasma **synoviae** *reaction.* 055447
An attempt to localize the **threshold** *reaction* in phytochrome-mediated control of lipoxygenase synthesis in the mustard seedling. 057824
A complement fixation method for quantitative differentiation of *reactions* to 45/20 **vaccine** and Brucella [abortus] infection. 055781
Effect of anaerobiosis and some metabolites on the *reactions* of **violaxanthine** cycle in plant leaves [Hydranges hortensis, peas]. 057590

REACTORS

Radioisotope ratios in characterizing the movement of different physical and chemical species through natural soils /*Reactor* **effluent** water radionuclides], 062445
Hydrolysis of lactose contained in the ultra-filtrate of milk of lactoserum in a membrane **enzymatic** *reactor.* 053748
Hydrolysis of D-galactosides in an open tubular **lactase** *reactor* [Lactose, milk]. 053675

REAGENTS

Vinyl compounds as *reagents* for **available** lysine in proteins. 053622
On the determination of available lysine in casein and rapeseed protein concentrates using 2,4,6-trinitrobenzenesulphonic acid (TNBS) as a *reagent* for **free** epsilon amino group of lysine. 053872
Fluorescamine as a *reagent* for **location** of proteins after electrophoresis in starch gel or on paper [Latex protein hevein]. 053473
Separation of aldoses and polysaccharides by cellulose thinlayer chromatography and a new **spray** *reagent* for the sensitive detection of these carbohydrates. 056190
Inhibition of hog liver crystalline quinolinate phosphoribosyltransferse by nucleotides, quinolinate analogues and **sulfhydryl** *reagents.* 054261
Phosphate uptake in Chlorella pyrenoidosa [Algae]. II. Effect of pH [hydrogen-ion concentration] and of SH **[sulfhydryl]** *reagents.* 057318
Sulphydryl groups in photosynthetic energy conservation. I. Light-dependent inhibition of photophosphorylation by the **sulphydryl** *reagent* 2-2'dithio bis-(5-nitropyridine) [Spinach chloroplasts]. 058304
Tollen's *reagent* for the detection of carbamate and oganophosphate insecticides. 060542

REARING

Artificial *rearing* of Romanov lambs and the structure of their wool. 053831
Artificial *rearing* of pigs. 5. The effect of different proportions of beef tallow or soya-bean oil and dried skim milk in the diet on growth, feed utilization, apparent digestibility and carcass composition. 054773
Artificial *rearing* of lambs on milk substitutes. 054913
Studies on the larval growth of the silkworm, Bombyx mori L., *reared* on an **artificial** diet under different temperature and photoperiod conditions. VI. Effect of illumination on the moltinism and voltinism of different silkworm races. 061358
Development of a biochemical profile for *mass-reared* **boll** weevils [Anthonomus grandis] (Coleoptera: Curculionidae). 060762
Development and productive qualities of *cage-reared* **broiler** chicks as affected by ultraviolet rays. 054240
Relative toxicity of insecticides against **bruchids** *reared* on different pulses. 060196
Rearing the **Carniolan** bee from the European viewpoint [Apis mellifera carnica]. 061304
The significance of environment in **cattle** *rearing.* 054187
Cattle *rearing* [Breeding, parturition]. 055245
Diets for *rearing* **colostrum-free** piglets with an automatic feeding device. 054836
Studies on new systems of sheep feeding with reference to their *rearing* by **commercial** methods. IV. Schemes for year-round manger feeding of dams at diminished dietary energy during the summer and late autumn period. 054998
Study of the possibilities of humidifying and cooling the air in houses for **commercial** *rearing* of broiler birds. 1. Broiler houses. 061470
Effect of **continuous** *rearing* on artificial diet on the physiology of a Lepidoptera, Ostrinia nubilalis Hubner. 060715
Substitutes for agar in a wheat germ diet used to *rear* the **corn** earworm [Heliothis zea] and the sugarcane borer [Diatraea saccharalis]. 060661
Rearing of **ducklings.** 054229
Rearing and **exploitation** of layers [Poultry]. 054228
Investigations into the ventilation requirement of large-scale **goose** *rearing* buildings. 061466
Rearing **Graellsia** isabellae (Attacidae). 060629
What to do about *rearing* **horses** [Training, vices]. 054161
A new demountable insect cage and some general remarks about construction of cages for **insect** *rearing.* 061049
Comparison of costs of heifer production at different **intensity** of *rearing.* 052528
Techniques of *rearing* **laboratory** colonies of tobacco hornworm [Manduca sexta] and pink bollworms [Pectinophora gossypiella]. 060662
Effective method of **lamb** *rearing* [Grazing]. 054915
Occurrence of larval-pupal intermediates in hybrid pink bollworms [Pectinophora gossypiella] *reared* at **low** temperatures. 060656
Growth, development and behaviour of calves to age 80 days as affected by **manner** of *rearing.* 054241
Records of the *rearing* of several **north** Japanese Odonata. 061037
Ab ovo *rearing* of Sabalia tippelskirchi Karsch. (Lepidoptera. Eupterotidae, Stryphnopteryginae according to Mr. Gaede in Seitz, F. Eth. pp. 301-302). 060961
Quantitative *rearing* of small numbers of mosquito [Culicidae] larvae. 060473
[Honeybee] **queen** *rearing.* 061319
[Honeybee] **queen** *rearing.* 061320
[Honeybee] **queen** *rearing.* 061321
Course in **rabbit** *rearing.* VII. Profits in a meat rabbit exploitation. 052546
Course in **rabbit** *rearing.* IV. 054224
Course in **rabbit** *rearing.* V. 054225
Course in **rabbit** *rearing.* VI. 054226
Course in **rabbit** *rearing.* VIII. Reproduction of rabbits. 055246
Course in **rabbit** *rearing.* IX. [Breeding]. 055247
On the way to intensification [**Sheep** *rearing,* Volgograd Region]. 052408
Our experience in working with the new technology [in **sheep** *rearing].* 052409
In the land of combat glory [Postwar **sheep** *rearing* in the Volgograd area]. 054196
Introduction of advanced methods as a guarantee of success [**Sheep** *rearing].* 054197
Sheep *rearing* in the postwar period. 054205
Can French **sheep** *rearing* be condemned? [Policies]. 062121
Study on some Soviet hybrids of the silkworm [Bombyx mori] for **summer** *rearing.* 061386
Swine *rearing:* different outdoor methods. 054230
The effect of DDT and *rearing* **temperature** on pecten spine number in larvae of the mosquito Aedes aegypti L. 060828
An **unusual** *rearing* of Solva pallipes (Loew) (Diptera: Stratiomyidae) [Maclura pomifera]. 060131

RECEIVERS

Prepare to *receive* **chicks** [Poultry farming]. 054213
About the substitution of several groups of **electric** *receivers* by an equivalent one [calculating electric loads on farm enterprises]. 061422
How much and what kind of training should a 2-year-old **[horse]** *receive?* 054149
Can the dairy industry now *receive* a **subsidy** for pollution control? 052854

RECEPTION

Receptivity to **malaria** in Europe [Plasmodium falciparum transmitted by Anopheles]. 060425
Effect of pollen size, pollen viability and **stigma** *receptivity* on percentage seed setting in sunflower (Helianthus annuus L.). 058143
ATP [adenosine triphosphate] *reception* by the **tsetse** fly, Glossina morsitans West. 060433

RECEPTORS

Relative occurrence of type A and type B **atrial** *receptors* in the cat. 054608
Evidence for an intrarenal beta *receptor* in **control** of renin release [Dogs]. 054273
A series of optical, structural and isomeric analogs of estradiol: a comparative study of the biological activity and affinity to **cytosol** *receptor* of rabbit uterus. 055158
Estrogen *receptor* in mammary glands and uterus of rats during pregnancy, lactation and involution. 054617
Production and detection of antibodies against the **estrogen** *receptor* from calf uterine cytosol [Rabbits]. 055506
Subcellular localization of nerve growth **factor** *receptors:* thirteen-day chick embryo brain. 054561
Subcellular localization of nerve growth **factor** *receptors:* developmental correlations in chick embryo brain. 054562
A **hepatic** *receptor* of avian origin capable of binding specifically modified glycoproteins. 054671
Possible role of **histamine** *receptors* in cardiovascular responses to 5-hydroxytryptamine in the chicken. 054331
Action spectra for photo accumulation of green and colorless Euglena [gracilis]: evidence for identification of *receptor* **pigments** [Algae]. 057823
Multiple forms of [chick] oviduct **progesterone** *receptors* analyzed by ion exchange filtration and gel electrophoresis. 054363
Unrelated animal viruses **share** *receptors.* 055689
Stereospecificity for oligosaccharides of two receptor sites in a labellar **sugar** *receptor* of the fleshfly [Boettcherisca peregrina]. 060927
Cardiovascular **tryptamine** *receptors* in the chicken. 054327
Stereospecificity for oligosaccharides of **two** *receptor* sites in a labellar sugar receptor of the fleshfly [Boettcherisca peregrina]. 060927

RECESSIVE

Interference by *recessive* **lethals** in the re-isolation of a translocation homozygote in [the genetic control of] Aedes aegypti. 060446
Analysis of allelic relationships among *recessive* **lethals** induced in Drosophila [melanogaster] by exogenous DNA and by certain viruses. 061017
A four footed chick in single comb White Leghorn [attributed to some *recessive* **semilethal** genes]. 055837

RECHARGE

Dynamic response of aquifer systems to **localized** *recharge* [Groundwater]. 062352

RECLAMATION

Complex water management and *reclamation* **adjustments** in southern Moravia. 062322
About the economic aspect of **land** *reclamation* in the Poles'ye zone of the Ukrainian SSR. 052474
Surface mining poses questions [**Land** *reclamation].* 062113
Scientific and technical progress in [drainage] **land** *reclamation* in the Nonchernozem zone of the Russian Soviet Federative Socialist Republic. 062328
Revegetation and use of strip-mined **lands** */Reclamation].* 062140
Strip mine *reclamation* for **recreation.** 062520
Achievements of Soviet soil science in the *reclamation* of **Solonetzes.** 062115
Reclamation of **surface-mined** land. 062133
For a correct distribution of *reclamation* **tasks.** 062111
Movement of trace metals [in soils] with percolating **water** */Reclamation].* 062283

RECONSTRUCTION

Mixed *reconstruction* of two strains of tobacco mosaic virus. 059568
Effect of *reconstruction* of **vineyards** from stemless to high stem culture on composition and quality of must and wine in Cabernet Sauvignon grapes. 059037

RECORDS

North Carolina marine algae. VII. New species of Hypnea and Petroglossum (Rhodophyta, Gigartinales) and **additional** *records* of other Rhodophyta. 056575
New species [Eosentomon antrimense, Eosentomon pinusbanksianum, Berberentulus macqueenj] and **additional** *records* of Protura from Michigan. 061182
New **Alabama** *records* for Zorotypus hubbardi (Caudell (Zoraptera). 061164

Records of **alternate** host plants [Chrozophera rottleri, Trichodesma amplexicaule, weeds] of the red cotton bug. 059944
Botanical *records* for 1974 [London Natural History Society]. 056535
Tax & **credit** *records* begin by measuring profit [Dairy finance]. 052454
A **digital** *auto-recorder* for measuring the drinking frequency of mice. 054623
Bicentennial bees: **early** *records* of honey bees in the eastern United States. II. 061282
Early *records* of honey bees in the eastern United States. III. 061283
First *record* of the microsporidia Nosema sp. On Plusia peponis F. from India [Vegetable pest, natural control]. 060274
First *records* of the predaceous mirid Phytocoris tiliae (F.) from the United States. 061163
Dicyphus rhododendri Dolling, **first** *records* from North America (Hemiptera: Miridae). 061225
The **first** *record* of Stenopsocidae (Psocoptera) from New Guinea with descriptions of new species. 061235
Further *records* of occurrence of termite genus Procryptotermes Holmgren (Isoptera: Kalotermitidae) in the Indian region, with a new species from south India. 061187
Nematothecium hansfordii sp. Nov.—a new **generic** *record* to India. 056488
A new **host** *record* of the vegetable mite, Tetranychus cucurbitae Rahman and Sapra. 060272
Insect-pest *records* on guava [Argyploce aprobala]. 060279
Two new genera and some *records* of **Miridae** (Hemiptera) from Panama [Englemania bicolor, Myrmecormiris clistogaster]. 061232
New **Mississippi** *records* of Zorotypus hubbardi Caudell (Zoraptera). 061166
A **new** *record* of Axiella terrestris [Fungi] for Indian soils. 056484
Sclerotial wilt [Sclerotium rolfsii] of Oscimum canum Sims. A **new** *record* from India. 059287
Trichoderma harzianum—A **new** *record* from India [Sunflowers]. 059290
New *record* of Bacillus cereus and Streptococcus sp. On the pink bollworm of cotton, Pectinophora gossypiella (S.) [Natural control]. 060183
Record of a **new** alternate host [wheat] plant of rice leaf miner, Cerodontha oryzivora Spencer. 060184
New *record* of the alderfly Sialis itasca Ross for West Virginia (Megaloptera: Sialidae). 061167
New *record* of Stylogomphus suzukii in Chiba Prefecture. 061248
Test day [milk yield] *records* and **part** lactations in goat. 054192
Mature equivalent age correction factors for local Indian dairy cattle and its crosses [Adjustment of milk **production** *records].* 054188
A new genus [Proacerella], six new species, and *records* of **Protura** from Michigan. 061178
Records of **rare** species of bees (Hymenoptera, Apoidea) including a species new to Finland. 061111
Records of the **rearing** of several north Japanese Odonata. 061037
Sugar and molasses production **set** *record* in 1973-74 but world supplies tight [Statistics]. 052619
Agricultural exports to USSR hit calendar **year** *record.* 052611
Agricultural exports in 1975 approach previous **year's** *record* [Statistics]. 052610
Studies on monthly and cumulative monthly milk **yield** *records.* III. Estimates of genetic and phenotypic parameters [Dairy cattle performance]. 055014
Studies on monthly and cumulative monthly milk **yield** *records.* IV. Estimating total lactation from part-lactation [Dairy cattle performance]. 055015

RECREATION

The forest as a *recreational* **area** and the conservation of nature. 055993
The forest as a natural experience and *recreation* **area.** 056077
The resource **base** for outdoor *recreation.* 062471
Survey research for **community** *recreation* services. 052278
Forestry—lumber production, *recreation,* **conservation** of nature. 056073
Conference case study: vacation district **[Forests** for *recreation].* 056069
Pseudomonas aeruginosa-fecal coliform relationships in estuarine and **fresh** *recreational* waters. 062478
Recreation, **landscape,** and the importance of the bordering territories [Land use]. 052261
Meeting *recreational,* park and wilderness needs. 056001
Rural landscape assessment: a comparative evaluation of high platform remote sensors [Natural resources, **planning,** *recreation].* 062533
Strip mine **reclamation** for *recreation.* 062520
The versatile forest on a small business **scale** *[Recreation].* 056078
The San Antonio River walk: implications for *recreation* and **tourism.** 062524
Utah *recreation* for Utahans [Land-use economics]. 052284
Planning for **water** *recreation* in Israel. 062270

RECRUITMENT

Recruitment **behavior,** home range orientation and territoriality in harvester ants, Pogonomyrmex. 060690

RECTUM

The ultrastructure of the *rectal* **gland** epithelium in Locusta migratoria and its changes under the influence of an antidiuretic neurohormone preparation in in vitro experiments. 061059
Effects of various doses of prostin F2 alpha on estrous cycles, *rectal* **temperature,** sweating, heart rate and respiration rate in mares. 055119

RECURRENT

The effect of a protein-rich diet on the clinical and some biochemical indices in patients with torpid and **latent** *recurrent* rheumatic heart disease. 053348
Corn and weeds. All 65 million acres of U.S. Corn land share a common problem: *recurring* **weed** infestations. 060090

RECYCLE

The application of **constant** *recycle* solids concentration in activated sludge process. 062370
Soil-climate-crop considerations for *recycling* **organic** wastes. 062565
Recycling. 44. **Physical** chemistry of instant milk powders. 053787
Recycling. 43. **Physicochemistry** of instant milk powders. 053786
Recycling **poultry** manure—field trial results [Feed]. 062023
Repeated *recycling* of spent pickle brine affects pickle quality [Cucumbers]. 054052
Recycling **resources** pays off on Oklahoma ranch [Recycling solid feedlot waste for beef cattle feed]. 054114

RED

Isolation and physicochemical properties of a substance 334 from the *red* **alga,** Porphyra yezoensis Ueda. 057336
Sphaerococcenol A; a new rearranged bromo-diterpene from the *red* **alga** Sphaerococcus coronopifolius. 057963
Sulfate groups of the mucilage of red seaweeds (Rhodophyceae) *[Red* **algae].** 057236
Carotenoids in *red* **algae.** 057858
EPTC [S-ethyl dipropylthiocarbamate] altered *[red]* **beet** disc betacyanin efflux and fatty acid synthesis. 058539
Contribution to the knowledge of Synanthedon tipuliformis Clerck, the *red* and **black** currant clearwing (Sesiidae (=Aegeriidae)). 060252
Lipids in *red* **blood** cells of mature hypercholesterolemic rats in relation to sex and biotin status. 053286
Roses are *red*—and also **blue;** sometimes they get a virus, too. 059620
Experimental methods applied in the examination of thrombopoietic and thrombocythemic effects of cholesterin [in the *red* **bone** marrow of rats, dogs and rabbits]. 054732
Honey and pollen plants of New South Wales. 14. *Red* **Box**—Eucalyptus polyanthemos. 059210
Fattening to 500 kilogram bull calves of the **Bulgarian** *Red* and the Black Pied breeds and their F2 crosses. 054989
Study on the effectiveness of single calving of heifers, F1crosses (Charolais male X **Bulgarian** *Red* female). 055276
Evidence for high and low activity carbonic anhydrases in the *red* **cells** of the dog. 054491
Genetical and developmental studies on the "Ph" agglutinogen in the **chicken** *red* cells. 055163
Longevity of *red* **clover** (Trifolium pratense) under indoor conditions. 058054
Recommended varieties of herbage legumes *[Red* **clover,** alfalfa]. 058812
Ultrastructure and lipid identification during conidium germination of Stemphylium sarciniforme [Agent of leaf spot disease of *red* **clover].** 059258
Infectivity of *red* **clover** mottle virus nucleoprotein components. 059632
On genetic and physiological compatibility different forms of stem eelworms [Ditylenchus dipsaci, nematodes]. V. The crossing of the *red* **clover** race with the other stem eelworms. 059844
Records of alternate host plants [Chrozophera rottleri, Trichodesma amplexicaule, weeds] of the *red* **cotton** bug. 059944
Foot-and-mouth disease vaccination stress in *Red* **Dane,** Jersey and Murrah bulls. 055489
Color additives: botched experiment leads to banning of *red* **dye** no. 2. 053391
Color additives: is successor to *red* **dye** no. 2 any safer? 053392
Alpha-amylase from immature **hard** *red* spring wheat. I. Purification and some chemical and physical properties. 053895
Evaluation of two infrared instruments for determining protein content of **hard** *red* winter wheat. 053900
Clarification of **heated** *red* grape harvest wines by bentonite. 053977
Wine manufacture by **heating** *red* grape. Effect of time on maceration. 053978
Testes degeneration in the *red* **imported** fire ant, Solenopsis invicta. 060444
Aspects of necrophoric behavior in the *red* **imported** fire ant, Solenopsis invicta. 060692
Effects of *red* **light** and ethylene on growth of etiolated lettuce seedlings. 058496
Red **lights** on the farm [the use and control of chemicals for crop protection purposes]. 060524
14C [carbon isotope]-assimilate pattern and kinetics of photosynthetic 14CO2 [carbon dioxide]-assimilation of the **marine** *red* alga Bostrychia scorpioides. 057919
Ecological control of *red* **mites** [of fruit trees]. 060287
On the cultivation and growth regulators of some **multicellular** *red* and brown algae [Furcellaria fastigiata, Fucus vesiculosus]. 057920
Some new observations and interpretations on the vital staining of leaf epidermal tissue by **neutral** *red.* 056904
Growth and assimilation rate of juvenile **northern** *red* oak [Quercus rubra]: effects of light and temperature. 058578
The *red* **oak** (Quercus borealis Michx) in Belgium [Forest inventory]. 056010
On the length/diameter ratio of the *red* **oak** [Quercus] branches and its use in determining the initial density of plantations. 056040
Laboratory press-drying of *red* **oak** [Quercus rubra, wood]. 056272
Growth and structural development of *red* **oak** [Quercus rubra] sprout clumps. 058579
The role of carbonic anhydrase inhibitors on anion permeability into **ox** *red* blood cells. 054612
Cultural and nutritional factors that control rubratoxin formation [Metabolite of fungus **Penicillium** *rubrum,* food contamination]. 052996
Production of rubratoxin by **Penicillium** *rubrum* [Fungi] in a soy whey-malt extract medium [Contamination]. 053009
Investigations on the anther culture in vitro of Nicotiana tabacum L. and Capsicum annuum L. [Tobacco and *red* **pepper].** 057996
Investigation of a CO2 [carbon dioxide] extract of the fruit of Capsicum annuum *[Red* **pepper].** 058336
About the utilization of *red* **phosphorus** as a fertilizer in greenhouses. 061950
Regeneration of *red* **pine** [Pinus resinosa] and white pine [Pinus strobus] following wildfire and logging in northeastern Minnesota. 056115
The *red* **pine** [Dacrydium cupressinum] of New Zealand at Ilnacullin. 059076
Abundance of insects inhabiting the male strobili of *red* **pine** [Pinus resinosa]. 060291
Leaf spot of Prunus cornuta Steud. Incited by **Polystigma** *rubrum* (Pers. ex. Fr.) DC. 059285
Projected *red* pine [Pinus resinosa] yields from aldrin-treated and untreated stands damaged by white grubs [Phyllophaga] and other agents. 060361
Inheritance of resistance to *red* **pumpkin** beetle (Aulacophora fovicollis Lucas) in bottlegourd. 057015
Differential agglutinability of **rat** *red* blood cells during fetal development by concanavalin A. 054447
Reactivity for phosphotungstic acid (PTA) of walls and plasmalemma in meiotic staminal cells, in an angiosperm (**Ribes** *rubrum,* Grossulariceа). 056857
The mushroom flora in Picea stands endangered by *red* **rot** [Fomes annosus] in the Swabian Alb. 059496
Sulfate groups of the mucilage of *red* **seaweeds** (Rhodopheceae) [Red algae]. 057236
Substance reacting with SRBC (**sheep** *red* blood cells) and rabbit **IgG** [immunoglobulin G]: isolation from thymus and spleen. 055507
Suppression of the primary immune response in vivo to **sheep** *red* blood cells by B-cell mitogens. 055537
Pfr phytochrome and sucrose requirement for rhythmic leaflett movement in Albizzia [julibrissin, **single** *red* and far-redirradiations]. 058450
The *red* **soils** of Chinmen [Quemoy] Island. 061708
Nitrogen-balance studies with *Red* **Sokoto** (Maradi) goats for the minimum protein requirements. 054803
Preliminary study on toxicity of 23 pesticides to natural enemies [Stethorus loi, Amblyseius longispinosus] of *red* **spider** mites [Tetranychus truncatus]. 060139
Evaluating varieties and hybrids of tomatoes for resistance to *red* **spot** disease [Cladosporium fulvum, tomato leaf mold]. 059363
The passive transfer of humoral immunity from sows infected with Hyostrongylus rubidus (Hassal and Stiles, 1892), the *red* **stomach** worm, to their offspring and its significance in the conferring of protective immunity. 055539
Deficiency, *red* **strawberries** [Culture]. 059020
Peroxidase complex with concomitant anodal and cathodal variation in *red-fruited* **tomato** species. 058517
Regulation of prenyl chain synthesis in etiolated Hordeum seedlings by *far-red* and **white** light. 058165
Red **wine** processing with modern equipment. 054032
Isolation and identification of *red* **yeast** [Rhodotorula glutinis] cell wall lytic enzyme producing microorganism. 057227
Purification and some properties of *red* **yeast** cell wall lytic enzyme [of Penicillium lilacinum]. 057231

REDCEDAR

Chemical wear of tungsten carbide cutting tools by **western** *redcedar* [Thuja plicata]. 056162

REDOX

Nitrite decomposition in flooded soil under different pH [hydrogen-ion concentration] and *redox* **potential** conditions. 061840
Arsenic Eh *[redox* **potential]-pH** [hydrogen-ion concentration] diagram and comparisons to the soil chemistry of phosphorus. 061871

REDPEPPERS

On the development and yield of *redpeppers* with **varying** moisture supply of plants on the Dnieper-left-bank of the forest-steppe zone of the Ukraine. 058445

REDUCTASES

A mitochondrial glycolate: cytochrome C *reductase* in **Chlamydomonas** reinhardii [Algae]. 057914
The polypeptide composition of ubiquinone-cytochrome c *reductase* **(complex III)** from beef heart mitochondria. 054365

Changes in the activity of **ferredoxin-NADP** *reductase* during the greening of [kidney] bean leaves. 058436
Isolation and characterization of **indole-3-acetaldehyde** *reductases* from Cucumis sativus [Cucumbers]. 058398
Regulatory properties of yeast [Candida utilis] **nitrate** *reductase* in situ. 057400
Purification and some properties of the **nitrate** *reductase* from Ankistrodesmus braunii. 057889
Nitrate *reductase* in barley roots under sterile, low oxygen conditions. 058193
Reconstitution in vitro of **nitrate** *reductase* from apoprotein of molybdenum-deficient spinach. 058530
Optimization of method for determination of **tetrazolium** *reductase* activity of soil. 061747

REDUCTION

Reduction of some **alkaloids** from Peganum harmala with sodium tetrahydroborate. 057465
Aromatizable and 5 *alpha-reduced* **androgens:** differentiation between central and peripheral effects on male rat sexual behavior. 055093
Chromosome evolution and **aneuploid** *reduction* in Calycadeniapauciflora (Asteraceae). 056492
Ultraviolet irradiation: a possible technique for *reducing* **cell** yield (sludge) in waste treatment systems. 062371
Research of porphyrin exchange in dependence on *oxydation-reduction* **conditions** of environment [Plant physiology]. 057772
Cytokinins in Vinca rosea L. Crown gall tumor tissue as influenced by compounds **containing** *reduced* nitrogen. 059863
Reserves of *reducing* the **cost** of [farm] production in Latvia. 052469
Value analysis *[Reducing* **costs,** in farming and horticulture]. 052287
Study on the *reduction* of **crude** protein level in mixed feed for broiler chicks. 055002
Reduce **disease** with potassium. 4. [Corn, nutritional deficiencies]. 059713
Reduction **efficiency** of nitrates on cadmium columns as a function of flow rates of reduced solutions [Meat, additives]. 053801
Regression analysis by *reducing* **experimental** data to a state of equidistance [as applied to grape culture and varieties]. 052766
Reducing **fire** hazards in apiaries. 061298
Removal or *reducing* **Fusarium** root rot in asparagus by the use of chemical soil disinfectants. 059313
Postnatal changes in the levels of 2,3-diphosphoglycerate, *reduced* **glutathione** and some enzyme activities in erythrocytes of lambs. 054690
Acid groups and *reducing* end **groups** in pulp produced by twostage oxygen cooking. 056251
Irrigation *reduces* alfalfa yields. 062196
Some measures of *reducing* **leaching** loss of nitrates beyond potential rooting zone [of soils]. I. Proper coordination of nitrogen splitting with water management [after harvest of wheat]. 061783
Glycogen forming substances in dairy cows. II. *Reducing* the **level** of blood plasma acetoacetate of cows in early lactation with sodium propionate. 054899
Importance of milking technique in *reducing* **lipolysis.** 054134
Reduce **lodging** with potassium. 3. [Sorghum, maize, wheat]. 059714
Weed control problems causing **major** *reductions* in world food supplies. 060034
Animal ectoparasites and disease vectors causing **major** *reductions* in world food supplies [Boophilus annulatus, Glossina, insects]. 060493
Study of **malt** *reducers* and their relation with other analytic criteria. 053485
The reduction mechanism of manganese in paddy soils. 8. Therole of ferrous iron in **manganese** *reduction* in waterlogged paddy soils. 061723
Sorption and oxidation of manganous ions and *reduction* of **manganese** oxide by cell suspensions of a manganese oxidizing [soil] bacterium [Arthrobacter]. 061865
The *reduction* **mechanism** of manganese in paddy soils. 8. Therole of ferrous iron in manganese reduction in waterlogged paddy soils. 061723
In vitro inhibition of [rabbit muscle] lactate dehydrogenase by insecticidal polychlorinated hydrocarbons. I. Mechanism of inhibition: possible association of *reduced* **nicotinamide** adenine dinucleotide with Mirex. 060564
Test of floral cultures in *reduced* **night** temperatures. 059150
Enzymatic characteristics of development phases of primary leaves of cereals [barley, wheat] with respect to functional relations between **nitrate** *reduction* and other metabolic. 058026
Helical heads promise planer **noise** *reduction* [Sawmill techniques]. 056214
Noise *reduction* in pneumatic ducts that convey peanut hulls. 062563
Phosphatase activities and **osmium** *reduction* in cell organelles of Micrasterias americana [Algae]. 056902
Ferredoxin-dependent **photosynthetic** *reduction* of nitrate and nitrite by particles of Anacystis nidulans [Algae]. 057761
Correlation of the **photosynthetic** *reduction* of p-(diazonium)benzenesulfonic acid with the increased binding of the probe to the thylakoid membrane [Spinach chloroplasts]. 058540
The **polarographic** *reduction* of some dinitroaniline herbicides. 060518
The effect of plant residues on the development of microorganisms and the level of *oxidation-reduction* **potential** in gray forest soil. 061704
On *oxidation-reduction* **potentials** of the excited state of chlorophyll. 057521
Formulas for broiler chicken compound forages mostly with native raw materials. II. Replacement of fish meal by bird waste meal and forage yeasts supplemented with amino acids at *reduced* **protein** level. 054992
Reduced **resistance** of mice [to various bacteria] following experimental treatment with iron-dextran. 055667
Effect of level of mineral nutrition on *reduction* of **simazine** toxicity for maize [Weed control]. 059939
Reduction efficiency of nitrates on cadmium columns as a function of flow rates of *reduced* **solutions** [Meat, additives]. 053801
Uptake and reassimilation of previously exported photosynthetic products by chloroplasts during CO2 [carbon dioxide] *reduction* **[Spinach].** 058298
Dietary plant **sterol-induced** *reduction* of egg yolk cholesterol in the chicken. 054906
Root rot can be *reduced* **[Sugarbeets].** 059480
Effect of pre-treatment of bajra [pearlmillet] seeds on the total carbohydrates, *reducing* **sugars,** starch and RNA content of seedlings. 058125
Studies of sulfate utilization of algae. 15. Enzymes of assimilatory **sulfate** *reduction* in Euglena and their cellular localization. 057900
Assimilatory **sulfate** *reduction* in [spinach] chloroplasts: evidence for the participation of both stromal and membrane-bound enzymes. 058485
Noise-reducing **tooling** for planer noise control [Plywood use]. 056221
Reduction of **vehicle** speed. 061568
Influence of frequency of eating low energy diets on insulin response in women during **weight** *reduction.* 053285
Measures for the *reduction* of **welting** losses of green forage plants [during harvesting and storage]. 058711
Hopes for *reducing* the **wine** lake: the 1975 vintage [WesternEurope]. 052795

REDUVIIDAE

Observations on the behavior and morphology of the spider predator, Stenolemus lanipes, **(Hemiptera:** *Reduviidae).* 060910
Reduviidae of Portuguese Guinea. III. A new species for the genus Coranus [guineensis] **(Hemiptera,** *Reduviidae).* 061176

REEFS

Comparative anatomy of marine and freshwater **algal** *reefs,* Bermuda and central New York. 056694
Phytoplankton [Algae] and its contribution to primary productivity in two **coral** *reef* areas of French Polynesia. 056716

REFEEDING *see* FEEDING

REFINING

Study of volatile compounds of *refined* **cheese.** 053789
The effect of alkali surplus on the *refinement* **level** of cotton miscella obtained from various materials. 053975
Refining of **palm** oil. 053624

REFLEX

Reflex **bradycardia** and hypotension produced by prostaglandin F2alpha in the cat. 055293
Reflex **effects** of thermal stimulation on sympathetic nerve activity to skin and kidney [Cats]. 054290
Reflex **limb** dilatation following norepinephrine and angiotensin II in conscious dogs. 054291
Reflex **responses** of gamma motoneurones to vibration of the muscle they innervate [Cats]. 054607

REFORESTATION

Protective *reforestation* for sheep pastures in West Siberia [Grazing]. 054917
Nitrogen-fixing pioneer helping scientists grow trees better [Ceanothus velutinus, forest soils related to *reforestation* of **Pseudotsuga** menziesii, Tsuga]. 061770

REFRACTION

Electric *birefringence* in concentrated solutions of tobacco mosaic virus. 059559
Length and dipole moment of TMV [tobacco mosaic virus] by laser signal-averaging transient **electric** *birefringence.* 059560
Birefringence of **native,** alkali-swollen, and crosslinked cotton fibers. 053930

REFRIGERATION

Lipolytic activity of organisms isolated from *refrigerated* **bulk** milk. 053700
The cold truth about **proper** *refrigeration.* 053432
Influence of growth temperature on glucose metabolism of a psychrotrophic strain of Bacillus cereus [isolated from *refrigerated* **raw** milk or frozen foods]. 053476
A checklist for energy conservation: *refrigeration* & **sanitation.** 053431
Studies on the wastage in Pusa Seedless grapes during *refrigerated* **storage.** 054004
Refrigerated **storage** of potatoes and onions. 054030
Refrigerated **[strawberry]** plants. 054003

REGENERATION

Studies on the recently introduced brown alga Sargassum muticum (Yendo) Fensholt. II. *Regenerative* **ability.** 057339
Effect of K+ [potassium] and Cl [chlorine] ion gradients upon **apex** *regeneration* in Acetabularia mediterranea [Algae]. 057917
Dieback of shelterbelts in **Askania-Nova** and ways of their *regeneration.* 055994
Enhancing effects of CO2 [carbon dioxide] on **chloroplast** *regeneration* in glucose-bleached cells of Chlorella prototheooides I. Role of non-photosynthetic CO2-fixation in chloroplast regeneration [Algae]. 057887
Enhancing effects of CO2 [carbon dioxide] on **chloroplast** *regeneration* in glucose-bleached cells of Chlorella prototheooides [Algae] II. Role of carbamylphosphate in chloroplast regeneration. 057888
The ingress of *regeneration* **following** harvest and scarification of lodgepole pine stands [Pinus contorta]. 056096
Problems of wildlife damage in **forest** *regeneration.* 056117
Measuring revegetation rates and patterns on abandoned agricultural lands by means of time-lapse aerial photography **[Forest** *regeneration].* 056131
Effectiveness of chemical preparations in various methods of **grass** *regeneration.* 058219
Intercalary *regeneration* in imaginal wing disk of Drosophila melanogaster. 060974
Regeneration of the **ion** exchangers [used for desalination of juices] in ammonium and carbonate cycles [Sugar manufacture]. 053863
Wax development of leaf surfaces of Brassica oleracea var. Currawong [cauliflower] *regenerated* from **meristem** culture. 058503
Regeneration of **mountain** forests. 056118
Basic studies on the **natural** *regeneration* of Hinoki (Chamaecyparis obtusa Endl.). I. Germination and mortality of natural seedlings. 056129
Regeneration of **phloem** fibres round a wound: a new experimental system for studying the physiology of fibre differentiation. 059704
Seed content in the soil and *regeneration* of the **plant** covering in a prairie of Valdivia Province, Chile [after burning]. 056741
The changes in ant species [Formicidae] distribution duringten years **post-fire** *regeneration* of a heath. 060890
Seed crops and *regeneration* **problems** of 19 species [of forest trees] in northeastern Wisconsin. 056138
Regeneration of **red** pine [Pinus resinosa] and white pine [Pinus strobus] following wildfire and logging in northeastern Minnesota. 056115
Regeneration of **rosewood** (Dalbergia latifolia, Roxb.). 056123
On the *regeneration* of **setae** in the moss Haplocladium angustifolium. 057713
Regeneration of **soil** fertility with a higher concentration of cereals [Fertilizers and crop rotation for higher crop yields]. 058891
On *regeneration* of **stem** apex of Rubus. 057771
Regeneration of **successively** cut high forests. 056119
Involvement of vesicle coat material in casein secretion and **surface** *regeneration* [Rat mammary epithelial cells]. 054564
Regeneration in **tissue** cultures of some dihaploid Solanum tuberosum clones [Potatoes]. 057205
Regeneration of **wild** date-palm (Phoenix sylvestris, Roxb.). 056122

REGIA

Investigations of certain indices for the water regimen for **Juglans** *regia* L. in forest associations. 058582

REGINA

A model of foregut activity in the blowfly **Phormia** *regina* Meigen. II. Peristalsis in the crop duct during the crop-emptying process. 060737
Juvenile hormone analogue and egg development in the blowfly, **Phormia** *regina* (Meig.). 060819
Directional flow of sensillum liquor in blowfly **(Phormia** *regina)* labellar chemoreceptors. 060921

REGRESSION

Utilization of [agricultural] cooperative production finance: a *regression* **analysis.** 052441
Regression **analysis** by reducing experimental data to a state of equidistance [as applied to grape culture and varieties]. 052766
Some important kinds and degrees of *regressive* **deficiency** of basic voluminous nutrients used in the winter diet of sheep in Boznia and Herzegovina. 054977
An application of generalised least squares estimation of **linear** *regression* model with random coefficients to paddy production function for Sambalpur district (Orissa). 052770
Graphic interpretation of *regressions* of F1 on **midparent** and the application to anomalous data [Plant breeding]. 057073
Error and sensitivity analyses [Crop yields, *regression* **models].** 058826
Formulation of hay-grain diets for ruminants. I. Evaluation of **multiple** *regression* equations for prediction of bermudagrass [Cynodon dactylon] hay quality from laboratory analyses. 054847
The use of **multiple** *regression* models in predicting sediment yield [Water management]. 062357

Study on egg performance, live weight and egg weight of the New Hampshire lines D and F hens and ascertainment of some *regression-relationships* among them. 055274
The influence of thymectomy on Rous **sarcoma** *regression* [Chickens]. 055460
The use of *regression* **techniques** for predicting the response of peas to environment [Genotype behavior]. 057174

REGULATION

How new pesticide application rules will **affect** you *[Regulation].* 060600
The rate of economic growth in **agriculture** and its *regulation.* 052810
Regulation of **beta-galactosidase** formation in emerged culture of Penicillium cyclopium Westling [Fungi]. 057292
Study of the **bilateral** *regulation* of water conditions in the Oressy River basin with water fed from the Liubanskii Reservoir. 062316
Regulation—**boon** or bust? [Fruits and vegetables]. 053071
A possible role for melatonin in *regulation* of **chick** liver xanthine dehydrogenase activity. 054321
The *regulation* of the **chloroplast** structure of Chlamydobotrys stellata [Algae]. 056909
EPA [Environmental Protection Agency] *over-regulation* **cited** as threat to agriculture [Pesticides]. 060512
Crop *regulation* in Banarasi Surkha, a guava (Psidium Guajava L.) cultivar [Varieties]. 059005
Dietary *regulation* of liver and muscle transport of amino acid [Rats]. 053093
Regulation of **expression** of Adh genes in maize. 057139
Investigation on groundwater condition and yields in connection with *regulation* of **Flatdal** water course in Telemark. 062272
The participation of flavins and iron in the *regulation* of **flavinogenesis** first reaction rate in the yeast Pichia gulliermondii. 057528
Flower *regulation* in chrysanthemum: A review. I. Effect of photoperiodism and vernalizaton on flowering of chrysanthemum. 058366
Twenty years of *regulation* of **forest** associations. 055999
Growth *regulation* in chimaeras between large and small mice. 055177
Hormonal *regulation* of pedicel abscission in Begonia flowerbuds. 058461
Regulation of **Hyalophora** cecropia fat body hexokinase by hexose phosphates common to the pathways of glycolysis, glycogen and trehalose synthesis. 060760
Interfacial *regulation:* influence of lipid polar group conformation on lipid activitation of C55-isoprenoid alcohol phosphokinase apoprotein [Ficus elastica]. 057574
Regulation of **larval** diapause by juvenile hormone in the European corn borer, Ostrinia nubilalis. 060925
Regulation of **lettuce** hypocotyl elongation by gibberellic acid. Correlaton between cell elongation, stress-relaxation properties of the cell wall and wall polysaccharide content. 058493
Regulation of **lysine** transport by feedback inhibition in Saccharomyces cerevisiae [Yeast]. 057646
Regulation of the **number** of gonocytes in the genital ridges of the duck embryo after partial destruction of the initial stock of germ cells. 054418
Interim statement on the further development of community and national standard law [Milk **packaging** *regulation].* 052866
Circadian rhythm of sex pheromone-releasing behaviour in females of the dermestid beetle, Trogoderma glabrum: *regulation* by **photoperiod.** 060918
Effect of herbicides on the *regulation* of **plant** development. 059967
Influence of dietary fluoride restriction on *regulation* of **plasma** and soft tissue fluoride contents [Rats]. 053332
Remarks on a **possible** *regulation* of [wild] mushroom gathering. 052790
Regulation of **prenyl** chain synthesis in etiolated Hordeum seedlings by far-red and white light. 058165
Kinetic aspects of *regulation* of **pyruvic** decarboxylase [from wheat germ]. 058169
The rate of cyclic and non-cyclic photophosphorylation and oxidative phosphorylation, and *regulation* of the **rate** of ATP consumption in Hydrodictyon africanum [Algae]. 057785
Ions of calcium and magnesium in *regulation* of **respiration** and phosphorylation of mitochondria from roots of maize seedlings. 058090
Changing patterns of *regulation* as **root** cells of Zea mays [corn] mature. 058025
Regulation of the **sex** differentiation in pedoblastic larvae of Heteropeza pygmaea Winnertz, 1846 (Diptera: Cecidomyiidae) by a factor of the cephalic nervous system. 061056
Glutamine **synthetase** *regulation* by energy charge in sunflower roots. 058189
Temperature *regulation* in the greenhouse [Engineering]. 061460
Metabolism [in plants] and its *regulation*—**then** and now. 057287
Regulation of **thymidine** metabolism in Neurospora crassa [Fungi]. 057647
Constant vigilance preserves rights [Fresh fruits and **vegetables,** *regulation].* 053070
Localization of phytochrome in etioplasts [isolated from barley leaves] and its *regulation* in **vitro** of gibberellin levels. 058238
Study of *regulation* of **waters** in the Montreal region. 062303

REGULATORS

Changes in the **financial** *regulators* of agriculture. 052486
On the cultivation and **growth** *regulators* of some multicellular red and brown algae [Furcellaria fastigiata, Fucus vesiculosus]. 057920
Effect of picloram [**growth** *regulator]* on organogenesis in detached leaves of Echeveria elegans Bgr. 057984
Growth and tillering of sand bluestem [Andropogon hallii] as affected by exogenous **growth** *regulators.* 058122
Interaction of **growth** *regulators* during formation of the organs in stem cuttings of black currant and cherry. 058360
Calcium levels of 'Golden Delicious' apples as influenced by calcium sprays, 2,3,5-triiodobenzoic acid, and other plant **growth** *regulator* sprays. 058386
Formation of adventitious buds in decapitated citrus seedlings and the effect of some **growth** *regulators.* 058404
Endogenous plant **growth** *regulator* levels in tomato fruits during development. 058409
Effects of various **growth** *regulators* on the embryogenesis in a carrot cell suspension culture. 058501
Growth *regulators* for commercial apple growers. 058511
Effect of some **growth** *regulators* on the infectivity and multiplication of cucumber mosaic virus. 059686
Quantitative structure-action relationships in the area of plant **growth** *regulators* [Herbicides]. 059980
Novel nonterpenoid insect [pests] **growth** *regulators.* 060142
Naturally occurring insect **growth** *regulators.* II. Screening of insect and plant extracts as insect juvenile hormone mimics. 060151
Laboratory evaluation of two plant **growth** *regulators* as antifeedants against the American bollworm (Heliothis armigera (Hbn.). 060244
Food consumption by [the meal moth] Plodia interpunctella feeding on diets containing insect **growth** *regulators* [used for pest control]. 060403
Naturally occurring insect **growth** *regulators.* III. Echinolone, a highly active juvenile hormone mimic from Echinacea angustifolia roots [Tenebrio molitor]. 060409
Field trials with the insect **growth** *regulator* OMS-1697 (Altocid, methoprene) against Culex pipiens fatigans in Jakarta, Indonesia. 060506
Effect of *regulators* and **inhibitors** of growth on photosynthetic phosphorylation in chloroplasts islated from maize leaves. 058089
Oestradiol as a *regulator* of the **metabolism** of vitamin D3 in the liver of Japanese quail. 054590
Mechanical speed boxes [**Motor** *regulators,* tractors]. 061513
Itaconic acid and some of its derivatives: **new** *regulators* accelerating plant flowering [Tomatoes]. 058317

REHABILITATION

Degradation and *rehabilitation* of **Mediterranean** landscapes. 062124

REINDEER

Chemical composition of the secretion of the interdigital gland of Rangifer **turandus** *[Reindeer].* 054436

REINFESTATION *see* INFESTATION

REINFORCEMENT

Does **laboratory** *reinforcement* result in greater learning? [Agricultural education]. 052144

RELATIVITY

Technical accident prevention and *relativity* **[Equipment].** 061521

RELAXATION

The low-temperature **mechanical** *relaxation* of [bovine] elastin. I. The dry protein. 054383
Regulation of lettuce hypocotyl elongation by gibberellic acid. Correlaton between cell elongation, *stress-relaxation* **properties** of the cell wall and wall polysaccharide content. 058493
Study on compressive **stress** *relaxation* of cotton fiber assemblies. 053937

REMNANT

The residential-landscape conservation zone as an example of applied geography *[Remnant* **agricultural** lands]. 052218

RENAL

Haemodynamic responses and renin release during stimulation of **afferent** *renal* nerves in the cat. 054602
Distribution of *renal* **blood** flow in dogs with congestive heart failure. 054265
Intrarenal **calcium** in phosphate handling [Dogs]. 054280
In vitro uptake of oganic ions by *renal* **cortical** tissue of rats treated acutely with 2,4,5-trichlorophenoxyacetic acid [Herbicides]. 055942
Evaluation of blood urea nitrogen and serum creatinine concentrations as indicators of *renal* **dysfunction:** a study of 111 cases and a review of related literature [Dogs, cats]. 055843
Renal **effect** of meclofenamate in presence and absence of superfusion bioassay [Dogs]. 054294
Experimental avian nephropathy. Changes of *renal* **function** and structure induced by ochratoxin A-contaminated feed [Toxicity, chickens]. 055894
The *renal* **handling** of 2,4,5-trichlorophenoxyacetic acid (2,4,5-T) [herbicide] in the dog [Toxicity]. 055911
Effects of anesthetic agents on autoregulation of *renal* **hemodynamics** in the rat and dog. 054270
Renal **microvasculature** in spontaneously hypertensive rats. 054630
Canine adenovirus: its role in *renal* and **ocular** disease: a review. 055626
Evidence for an *intrarenal* beta **receptor** in control of renin release [Dogs]. 054273
Effect of hemorrhagic shock on *renal* **release** of prostaglandin E [Dogs]. 054267

RENIN

Evidence for an intrarenal beta receptor in control of *renin* **release** [Dogs]. 054273
Increase in *renin* **release** after sinoaortic denervation and cervical vagotomy [Dogs]. 054278
Haemodynamic responses and *renin* **release** during stimulation of afferent renal nerves in the cat. 054602

RENNET

A comparison of microstructures of Cheddar cheese curd manufactured with **calf** *rennet,* bovine pepsin, and porcine pepsin. 053718
Moving boundary electrophoresis of native and *rennet-treated* **casein** micelles. 053730
Method for the manufacture of *rennet-free* **cheese.** 053775
Influence of a **lamb** *rennet* on the quality of Kefalotyri cheese. 053749
Contribution of *rennet* and **starter** proteases to proteolysis in Cheddar cheese. 053722

RENNIN

The characterization of *rennin* **action** on kappa-casein using CM-cellulose. 053665
A *rennin-like* **enzyme** from Penicillium expansum [Fungi]. 057220

REPELLENTS

Structure of the **insect** *antifeedant* azadirachtin [from Azadirachta indica]. 060158
Insect *repellent* jacket: status, value and potential [Culicoides furens]. 060465
Field studies with selected **skin** *repellents* against natural infestations of Aedes taeniorhynchus (Wiedemann). 060463

REPLICATION

On the fidelity of **DNA** *replication:* Lack of exodeoxyribonuclease activity and error-correcting function in avian myeoblastosis virus DNA polymerase. 055596
Karyotype, **DNA** *replication* and origin of sex chromosomes in Anopheles atroparvus [Mosquitoes]. 060752
Differences in the nature of **DNA** *replication* in the X chromosome of males, females, and triploid intersexes of Drosophila melanogaster. 061019
The *replication* of **Drosophila** [melanogaster] DNA: the periodic distribution of replication origins. 060849
Replication, organization and *replication* of the **eukariotic** chromosome [Plants, Drosophila]. 056993
The replication of Drosophila [melanogaster] DNA: the periodic distribution of *replication* **origins.** 060849
Replication and **passage** of alfalfa looper [Autographa californica] nuclear polyhedrosis virus plaque variants in clonedcell cultures and larval stages of four host species. 060224
Nitrogen and phosphorus fertilization of aquatic vascular plants and algae in *replicated* **ponds.** I. Initial response to fertilization. 061943
"Oryctes" **virus** *replication:* electron microscopic observations on infected moth and mosquito cells [Spodoptera frugiperda, Aedes albopictus]. 061041
In **vitro** *replication* of cowpea mosaic virus RNA. II. Solubilization of membrane-bound replicase and the partial purification of the solubilized enzyme. 059603

REPRESSION

Delta-aminolevulinic acid synthase from chick embro liver mitochondria. II. Immunochemical correlation between synthesis and activity in **induction** and *repression.* 054553
Production of extracellular ribonuclease by yeasts and yeastlike fungi, and its *repression* by **orthophosphate** in species of Cryptococcus and Tremella. 057645
Evidence that acyl coenzyme A synthetase activity is required for *repression* of **yeast** acetyl coenzyme A carboxylase by exogenous fatty acids [Saccharomyces cerevisiae]. 057933

REPRODUCTION

Development of **accessory** *reproductive* glands and its control by the corpus allatum in adult male Melanoplus sanguinipes. 060920
Study on the *reproductive* **activity** of commercially raised sows. I. Age and season influence during the period of weaning to estrus. 055278
Honeybees: natural and **artificial** *reproduction.* 061381
Chitchat about [Astrophytum] asterias [**Asexual** *reproduction].* 057082
Reproductive **behavior** of crossbred heifers bred as yearlings. 055054
Reproductive **biology** of some Costa Rican Cordia species (Boraginaceae). 056948
Breeding and *reproduction* **considerations** [Minks]. 055029
The efficiency of *reproducing* **cows** in relation with the action of vitamin A. 055255
Studies on the recently introduced brown alga Sargassum muticum (Yendo) Fensholt. I. **Ecology** and *reproduction.* 056670
Effect of coumestans on *reproduction* in the **ewe.** 055047
Effects of postnatal litter size on *reproduction* of **female** mice. 055118
Initiation of *reproductive* **function** and subsequent activity of the corpora lutea in prepuberal gilts. 055124

Reproductive **growth** in normal, allatectomized, median-neurosecretory-cell-cauterized, and ovariectomized females of Melanoplus sanguinipes. 060740
Management and *reproduction* of **Japanese** quail (Coturnix coturnix japonica): a review. 054166
Effects of different fungicides on the *reproduction* of the **Japanese** quail, Coturnix coturnix japonica L. after application by spraying the eggs. 060593
Spermatogenesis and the ultrastructure of sperm and of the **male** *reproductive* tract of [the bud and leaf nematode] aphelenchoides blastophthorus (Nematoda: Tylenchida, Aphelenchina). 059831
Prime lambs from **merinos?** *[Reproduction].* 055113
The concept of chromosome dynamism. Control of differentiation, *reproduction* and **metabolism** in Eukaryota [Plants]. 056876
Study on the pathological conditions in the *reproductive* **organs** of cows. II. Pathology of salpinx, bursa and broad ligament. 055856
Morphology and anatomy of higher plants, **organs** of *reproduction.* 056845
Effect of irrigation on formation of *reproductive* **organs** of eggplants. 058443
Alimentary and *reproductive* **organs** of Diopsis thoracica. 060640
Reproduction in a **parthenogenetic** aphid, Aphis craccivora Koch: embryology, ovarian development and fecundity of apterae and alatae. 060688
Parthenogenetic *reproduction* of Trichospilus diatraeae Cher. And Margab. (Hymenoptera, Chalcidoidea). 060708
Influence of elevated ambient temperature on *reproductive* **performance** of boars. 055123
Course in rabbit rearing. VIII. *Reproduction* of **rabbits.** 055246
Effects of energy level on *reproductive* **rate** in ewe lambs. 055071
The effect of guanethidine sulphate on the *reproduction* of **rats.** 055017
Effect of *reproduction* during **seed** production on sunflower yield. 058858
The role of **seed** *reproduction* in the dynamics of established populations of Hieracium floribundum and a comparison withthat of vegetative reproduction. 059927
The genetics of haploid-diploid populations [of yeast, Saccharomyces cerevisiae] with vegetative and **sexual** *reproduction.* 057021
On the **spontaneous** *reproduction* of riparian willows [Salix]. 056128
Development, growth, *reproduction,* and **survival** of apterous virginoparae of Aphis fabae [the black bean aphid] at different temperatures. 060277
Effects of dietary dieldrin on *reproduction* in the **Swiss-Vancouver** (SWV) mouse. 055910
Morphology, physiology and pathology of the *reproductive* **system** of the rabbit. 055076
Partial characterization of prostaglandin synthetase in the *reproductive* **tract** of the male house cricket, Acheta domesticus. 061008
Reproduction and **[variety]** renovation of selfpollinated cereals. 058781
The role of seed reproduction in the dynamics of established populations of Hieracium floribundum and a comparison withthat of **vegetative** *reproduction.* 059927
Study of growth and *reproduction* of **yeast-like** fungi Candiaand Staphylococci when cultivated in vitro and in vivo in association. 057756

REPTILES

A model for the evolution of the proteins. Cytochrome c: mammals, *reptiles,* **insects.** 054377

RESECTION

Morpho-functional changes in the pancreas after *resection* of the **jejunum** in cats. 054398

RESERVATION

Plant cover of the Volysok Bog in the **Polesye** *reservation* and its certain algo-synusia. 056766

RESERVE

Research competition of scientists—progress and *reserves* **[Achievements** of the All-Union Scientific-Research Institute of Physiology, Biochemistry and Nutrition of Farm Animals]. 054726
Time-related variation of groundwater **active** *reserves.* 062348
Root exudates of plants. V. Kinetics of exudates from bean roots as related to the presence of *reserve* **compounds** in cotyledons. 058505
Reserve of **development** of the economics of state farms. 052552
Economic *reserves* of fixed fund for increasing efficiency, as exemplified by sugarbeet production [East Germany]. 052509
Reserves of **[economic]** efficiency of tea production in the Abkhaz Autonomous Soviet Socialist Republic. 052553
Least-cost **feed** *reserve* [for sheep] using drought probabilities derived from a grazing model. 052534
About the *reserves* of **increasing** labor productivity in fiber flax growing. 052343
Reserves for **increasing** ram production in Kirghizia. 054204
Reserves for **increasing** onion seed yields [Weed control andhoneybee pollination]. 059108
The optimal strategy for the metabolism of *reserve* **materialsthe** growth and pupation of dermestes maculatus larvae. 060953
Myxomycetes in the **Nature** *Reserve* of the Gothenburg Botanical Garden [Fungi]. 056615
Trap survey of flies [Helina binotata] and their diel periodicity in the subarctic Kevo **Nature** *Reserve,* northern Finland. 060635
Nature *reserves:* a customer satisfaction index. 062494
The *reserve* of **qualified** labor force. 052156
Reserves of **reducing** the cost of [farm] production in Latvia. 052469
Re-mobilization and redistribution of *reserves* in the **tulip** bulb in relation to new growth until anthesis. 058438

RESERVOIRS

Correlation of multispectral imagery with water analysis the Ross **Barnett** *Reservoir* Remote Sensing Project. 062221
Some theoretical considerations in *reservoir* **design.** 062259
Changes of economic conditions in the lower pools of hydro **developments** *[reservoirs].* 062335
Investigation of the effects of construction and stage filling of *reservoirs* on the **environment** and ecology. 062426
Monthly sedimentation in some *reservoirs* of **hydroelectric** stations in Finland. 062192
Amaranthus retroflexus L. An **important** *reservoir* of cucumber mosaic virus in the People's Republic of Hungary. 059544
Study of the bilateral regulation of water conditions in the Oressy River basin with water fed from the **Liubanskii** *Reservoir.* 062316
Pumping the **Ogallala** *Reservoir.* 062226
The Porombka-Zar pumped-storage plant **(Poland)** *[Reservoirs].* 061419
Preliminary study on the methods of managing the protection forest of natural cypress [Chamaecyparis taiwanensis, Chamaecyparis formosensis] on upper basin of **Shih-men** *Reservoir.* 056042
The influence of a deep **storage** *reservoir* on the species diversity of benthic macroinvertebrate communities of the Guadalupe River, Texas [Water quality]. 062311

RESIDUES

Control of gray rot (Botrytis cinerea). Effects of new fungicides (efficacy, *residue,* **accumulation** in the soil, the plant and in grape products, toxicity, etc.). 059252
Control of gray rot (Botrytis cinerea). Effects of new fungicides (efficacity, *residue,* **accumulation** in the soil, plant [grapes], and in grape products, toxicity, etc.). 059253
An extracellular fungal polysaccharide composed of 2-acetamido-2-deoxy-D-glucuronic **acid** *residues* [Rhinocladiella elatior]. 057404
Residues in **apples** sprayed with fenoprop. 060537
Essential **arginine** *residues* in [beef liver] glutamate dehydrogenase. 054489
Transport physiology, metabolism and *residue* **behavior** of radioactive Lenacil [herbicide] in sugarbeets. 059987
Effects of larval **biotic** *residues* on viability in four species of Drosophila. 060780
Preliminary study of **bromine** *residues* in crops in soils having received applications of mineral potassium bromide and organic methyl bromide. 061774
The accumulation in soil of **cadmium** *residues* from phosphate fertilizers and their effect on the cadmium content of plants [Radishes, wheat, subterranean clover]. 062056
Persistence of **carbofuran** *residues* in some British Columbia soils. 062378
Production of single-cell protein from insoluble agricultural wastes **[cellulosic** *residues]* by mesophiles. 053573
Residues of **chlorpyrifos,** its oxygen analogue, and 3,5,6-trichloro-2-pyridinol [insecticides] in milk and cream from cows fed chlorpyrifos. 060569
There's a future in *'residue'* **crops,** say college experts [Potential feeds]. 054085
Inactivation of horse liver alcohol dehydrogenase by modification of **cysteine** *residue* 174 with diazonium-1H-tetrazole. 054360
Residues of **endrin,** parathion and endosulfan [insecticides] in/on bhendi [Abelmoschus esculentus] fruits. 060608
Determination of Oxamyl [insecticide/nematicide] *residues* using **flame** photometric gas chromatography. 060560
Occurrence of growth regulating substances in normal slaughter animals in Norway in 1973/1974 *[Residues* in **food].** 053031
Hexachlorobenzene retention and excretion by dairy cows **[Fungicide** *residues,* milk contamination]. 054579
Eventual disturbance of manufacture, appearance and taste of cheeses after administration to dairy goats of anthelmintics of the benzimidazole or tetrahydropyrimidine **groups** *[Residues].* 053055
Residues of **hexachlorobenzene** in wild mammals of Germany. 060531
Insecticide *residues* [in root vegetables] and carrot fly control. 060250
Residue-removal **methods** for pesticides and industrial chemicals found in aquatic environments. 062385
Residues in **milk** following teat tipping with iodophors, and their toxicologic evaluation [Food contamination]. 053068
Chicken erythrocyte histone H5. III. Sequence of the amino-terminal half of the **molecule** (III *residues).* 054485
Nationwide *residues* of organochlorines [Pesticides]. 060589
Nitrovin *residue* in meat [Feed additives, swine]. 053030
Residues of **organochlorines** and heavy metals in ruddy ducks from the Delaware River, 1973 [Pesticides]. 060590
Organochlorine **pesticide** *residues* in tomatoes. 052942
Pesticide *residues* in total diet samples. IX. 053042
A simple method for detecting odors in rice **[Pesticide** *residues].* 053057
Gas chromatographic determination of thiabendazole in fruits as its methyl derivative **[Pesticide** *residues].* 060579
The effect of **plant** *residues* on the development of microorganisms and the level of oxidation-reduction potential in gray forest soil. 061704
Residues of **polychlorinated** biphenyl (PCB) components in broiler cockerels receiving two aroclors in three dietary variations. 060570
Residue **problem** in livestock production involving chemical pest control [Toxicology]. 055922
Calculating the value of **sawmill** *residues.* 056201
Mass spectrometric method for the estimation of lindane and carbaryl [insecticide] *residues* in **straw,** rice and bran. 060602
Distribution of 14C [carbon isotope] *residue* of **TCA14C** [trichloracetic acid-carbon isotope] in vegetative and grain parts of oats and wheat. 058051
Boar acrosin. II. Amino acid composition, amino **terminal** *residue* and molecular weight estimations by ultracentrifugation. 054509
Thiram *residues* on glasshouse lettuce [Botrytis cinerea]. 060583
Diphenadione [anticoagulant for controlling bats] *residues* in **tissues** of cattle. 060561
Residues of **trichlorfon** and lauroly trichlorfon in Douglasfir, willow, grass, aspen foliage [Pseudotsuga menziesii, Salix, Festuca, Populus] and in creek water after aerial application. 059720
The effect of ligands on the reactivity of sulphydryl groups, and the modification of lysine, histidine and **tryptophan** *residues* of pyruvate kinase of Neurospora crassa [Fungi]. 057638
Wood *residue* energy conversion systems market. 056170
Economics and use of **wood** *residues* as fuel. 056207
Wood *residuals* useful for generation of steam. 056239

RESINS

The determination of desorption isotherms for soil phosphate using low volumes of solution and an anion **exchange** *resin.* 061732
Chemical composition of the *oleoresin* of **Larix** dahurica. 056153
Tannin extended **phenol-formaldehyde** *resin* adhesives for BWP grade plywood. 056188
Tricyclic neutral diterpenoids from the *oleoresin* of **Pinus** koraiensis. 056155

RESONANCE

Some applications of wide-line and pulsed n.m.r. [Nuclear **magnetic** *resonance]* in investigations of water in foods. 053551
Molecular motion and order in single-bilayer vesicles and multilamellar dispersions of egg lecithin and lecithin-cholesterol mixtures. A deuterium nuclear **magnetic** *resonance* study of specifically labeled lipids. 053843
31P [phosphorus isotope] nuclear **magnetic** *resonance-pH* [hydrogen-ion concentration] titrations of myo-inositol hexaphosphate [Biochemistry of cereal grains]. 053893
Identification by nuclear **magnetic** *resonance* of iodinated lipids in the dog thyroid. 054344
High-resolution NMR [nuclear **magnetic** *resonance]* study of yeast tRNALeu/CUA and the native and denatured confomers of yeast tRNALeu/UUG. 057321
Fungal products. XVIII. 13C [carbon isotope] nuclear **magnetic** *resonance* spectrum and biosynthesis of colletodiol [Colletotrichum capsici]. 057667
An electron **paramagnetic** *resonance* study of Mn2+ [manganeseion] uptake by the chick cholioallantoic mambrane. 054366
A flash photolysis ESR [election **spin** *resonance]* study of Photosystem. II. Signal IIvf, the physiological donor to P-680+ [Chlorella pyrenoidosa, algae, spinach chloroplasts]. 057304
Zero *resonance* and spin alignment of the triplet state of [spinach] chloroplasts at 2 degrees Kelvin. 058307

RESPIRATION

Effects of temperature and oxygen tension on the nitrogenase and *respiratory* **activities** of turgid and water-stressed soybean nad French bean root nodules. 058118
Isolation and *respiratory* **activity** of epithelial cells from various sections of chicken small intestine. 054752
Thiamine-induced reversible deficiency in *respiratory* **activity** of Saccharomyces carlsbergensis [yeast]: respiratory adaptation caused by pyridoxine. 057580
Continuing attempts to prevent **acute** *respiratory* [viral] disease in calves after weaning at DSAC [Dixon Springs Agricultural Center]. 055493
Thiamine-induced reversible deficiency in respiratory activity of Saccharomyces carlsbergensis [yeast]: *respiratory* **adaptation** caused by pyridoxine. 057580
Respiratory and **calcium-accumulating** properties of muscle mitochondria of some aquatic arthropods. 060898
Combating *respiratory* infections in cattle. 055718
Maintenance and **constructive** *respiration,* photosynthesis, and net assimilaton rate in seedlings of pitch pine (Pinus rigda Mill.). 058546
Adenosine 5'-monophosphate-stimulated **cyanide-insensitive** *respiration* in mitochondria of [the yeastlike fungus] Moniliella tomentosa. 057642
Chemical studies on byssinosis, the *respiratory* **disease** of cotton mill workers [caused by inhalation of the dust of fiber crops]. 053873

Newcastle disease as a model for paramyxovirus-induced neurological syndromes: pathogenesis of the *respiratory* **disease** and preliminary characterization of the ensuing encephalitis. 055574
The role of microflora of the upper respiratory tract in the pathogenesis of *respiratory* **diseases** of calves. 055780
Effect of some fungicides on growth, *respiration* and **enzyme** activity of Fusarium solani f. sp. pisi [Root rot and wilt disease of garden pea]. 059489
Studies on the distribution of Streptococcus zooepidemicus in **equine** *respiratory* tracts. 055502
Some problems arising during the characterization of mycoplasmas from the **equine** *respiratory* tract. 055552
Assessment of *breathing* **frequency** as a physiological test in performance testing of horses. 054695
Effects of azaperone on cardiovascular and *respiratory* **functions** in the horse. 054387
Photosynthesis, *respiration* and **growth** in the shade alga Hydrodictyon africanum. 057832
Extrachromosomal inheritance in Schizosaccharomyces pombe [yeasts]. II. Evidence for extrakaryotically **inherited** *respiratory* deficient mutants. 057093
Respiration of **maize** corymbs during germination of seeds. 058092
Functional significance of the different **medullary** *respiratory* neurons [Cats]. 054614
Electromyographic response of *respiratory* **muscles** during elastic loading [in anesthetized dogs]. 054272
Haemodynamic effects of adenosine-5'-carboxylic acid-amide in the anaesthetized dog during **normal** *respiration* and hypercapnic acidosis. 054328
Effects of the commercial polychlorinated biphenyl mixture Aroclor 1242 on growth, viability, phosphate uptake, *respiration* and **oxygen** evolution in Scenedesmus [Algae]. 059849
Human lice. I. Contribution to the study of locomotion and *respiration of* **Pediculus** humanus capitis De Geer and Phthirius pubis (L.). 060709
Ions of calcium and magnesium in regulation of *respiration* and **phosphorylation** of mitochondria from roots of maize seedlings. 058090
The uptake of copper and its effect upon *respiratory* **processes** of roots of copper-tolerant and non-tolerant clones of Agrostis stolonifera. 057787
Effects of various doses of prostin F2 alpha on estrous cycles, rectal temperature, sweating, heart rate and *respiration* **rate** in mares. 055119
Studies on the *respiratory* **rate** of annual shoots in mulberry [Morus] plant. I. 057792
Studies on the *respiratory* **rate** of annual shoots in mulberry [Morus] plant II. 057793
Effects of cadmium on *respiration* **rate** and activities of several enzymes in soybean seedlings. 058156
Photosynthetic and *respiratory* **responses** of natural populations of Koeleria cristata grown in three environmental regimes. 057328
Evidence of *respiratory* **tract** infection induced by equine herpesvirus, type 2, in the horse. 055481
The role of microflora of the upper *respiratory* **tract** in the pathogenesis of respiratory diseases of calves. 055780
Isolation and identification of a **turkey** *respiratory* adenovirus. 055453
Effect of ascorbate on *respiration,* **ultrastructure,** and permeability of plant tissues for water during inhibition of oxidative activity of endoplasmic reticulum in vivo [Wheat seedlings]. 058088

RESTORATION

Monosomic analysis of the **fertility** *restorer* R 130 (Palmaress) for the cytoplasm of Triticum timopheevi Zhuk. [Wheat]. 056959
Heterosis studies in some sorghum crosses involving male-sterile and *restorer* **lines.** 057191
Restoration of the **moulting** process in larvae of Aeshna cyanea Mull. (Dragonfly) in which moult had been blocked by cauterization of the pars intercerebralis. 060725
Restoration of **moulting** by implantation of brains into permanent larvae of Galleria mellonella. 060726
Maintenance close to the nymphal ecdysis of a *restoration* **power** of the imaginal leg of Tenebrio molitor after larval amputation. 060721

RESTRAINT

Mouse *restraining* chamber for tail-vein injection. 054629

RESTRICTION

Effect of insulin on body composition and free amino acid levels in blood, liver and muscle of the growing rat subjected to **energetic** *restriction.* 054315
Factors *restricting* the range of Glyptotendipes paripes Edwards (Diptera: Chironomidae) in a bog lake. 060889
Economic impact of *restricting* **feed** additives in livestock and poultry production [Costs, prices]. 052568
Effect of *restricted* **feed** grain: changes in beef cattle breeding. 054841
Influence of dietary **fluoride** *restriction* on regulation of plasma and soft tissue fluoride contents [Rats]. 053332
New *restrictions* for forestry. 056055
Immune response in malnutrition. Differential effect of dietary **protein** *restriction* on the IgM and IgG [immunglobulins M and G] response to alloantigens [Mice]. 053129
Rapid, blue-light-induced transpiration **response** *restricted* to plants with grass-like stomata [Gramineae, Cyperaceae]. 057845
Sampling for vegetation survey: some aspects of the behaviour of *unrestricted,* **restricted,** and stratified techniques. 056712
Ways of *restricting* the **spread** of malsecco [Deuterophoma tracheifila, lemon trees]. 059479
Sampling for vegetation survey: some aspects of the behaviour of unrestricted, *restricted,* and **stratified** techniques. 056712

RETARDANTS

Studies on the **fire** *retardant* of hardboard by surface impregnation of water soluble chemicals formed into a mat. 056143
Status of flame-retardant standards for apparel and household goods, and the availability of **flame** *retardants* to meet the standards [Cotton]. 052954
Studies of possible absorption of a **flame** *retardant* [organophosphorus compound] from treated fabrics worn by rats and humans. 055904
Studies of the mechanism by which [the synthetic **growth** *retardant]* daminozide (B9) inhibits stomatal opening [Commelina communis, Xanthium strumarium]. 057701
Effects of some **growth** *retardants* and gibberellic acid on the cold hardiness of alfalfa (Medicago sativa). 058052
Induction of dormancy in container-grown western hemlock [Tsuga heterophylla]: effects of **growth** *retardants* and inhibitors. 058613
Status of *flame-retardant* **standards** for apparel and household goods, and the availability of flame retardants to meet the standards [Cotton]. 052954

RETARDATION

Chemical structure and *retarding* **activity** of allylthioureidobenzo acids, phenylthioureidobenzo acids and their choline salts [Peas]. 058381
Growth-retarding **activity** and chemical structure of certain derivatives of itaconic acid [Herbicidal activities]. 059925
Effects of temperature, pinching and *retarding* **chemicals** on growth and development of Begonia X hiemalis. 058424
Cytokinin activity and chemical structure of some derivatives of N-alkyl-N'-phenyl- and N,N'-Diphenylthiourea *[Retardation* of the **chlorophyll** breakdown of discs of radish leaves]. 058382
Effect of the molecular weight of gamma-carrageenan on the *retardation* of **fat** separation in evaporated milk. 053774
Some physiological aspects of *retardation* of **leaf** senescence by 6-benzylaminopurine or dis-pudding in intact plants [Kidney beans]. 058273
Protein production of rice affected by *retarded* **nitrogen** fertilization. 062051

RETENTION

Retention of **heavy** metals in humus. 061634
Hexachlorobenzene *retention* and excretion by dairy cows [Fungicide residues, milk contamination]. 054579
Retention of **lipolytic** products in [rat] chylomicrons incubated with lipoprotein lipase: electron microscope study. 053223
Metabolism of paraffin and naphthenic hydrocarbons in higher animals. I. *Retention* of **paraffins** (normal, cyclo and ramified) in the rat. 053101
Discussion on the results of treating retentio secundina with some new drugs [Cattle, **placenta** *retention].* 055885
Investigation on the *retention* of **potato** viruses M and Y in two species of aphids (Myzus persicae Sulz. and Aphis nasturtii Kalt.). 059656
Relative *retention* of mitochondrial markers in petite mutants: mitochondrially determined differences between RHO (+) strains [Saccharomyces cerevisiae, yeasts]. 056996
A simple method for the cryopreservation of [rat and sheep] lymphocytes. *Retention* of **specific** immune effector functions by frozen-stored cells. 054439
Investigations of **water** *retention* value (WRV) of beaten cellulose fibres. 056148
Effect of antitranspirants on the **water** *retention* by cuttings of Plantago maritima L. var. graminaea and Plantago lanceolata L. 057347

RETICULOCYTES

A comparison of ribosomal proteins from **rabbit** *reticulocytes* phosphorylated in situ and in vitro. 054355

RETICULUM

A quantitative assay of feeding of Deroceras agrestis and **Deroceras** *reticulatum* [Cabbage, lettuce pests]. 060340
Studies on the development of the conducting tissue-system in the gametophytes of some Polytrichales [Bryophytes]. III. Further observations on leptoids, with particular reference to their **endoplasic** *reticulum.* 056906
The effect of dietary lipids and vitamin E on lipid peroxide formation, cytochrome P-450 and oxidative demethylation in the **endoplasmic** *reticulum* [Rats]. 053113
Role of the **endoplasmic** *reticulum* in glyoxysome formation in castorbean endosperm. 057899
Effect of ascorbate on respiration, ultrastructure, and permeability of plant tissues for water during inhibition of oxidative activity of **endoplasmic** *reticulum* in vivo [Wheat seedlings]. 058088

RETINA

A gradient of adhesive specificity in developing **avian** *retina.* 054670
Retinal-tectal **connections** in the embryonic chick: evidence for regionally specific cell surface components which mimic the pattern of innervation. 054455
Enhancement of intercellular adhesion of chick embryo **neuro** *retinal* cells by peptides from bovine serum albumin. 054415
Spectral systems in the **rabbit's** *retina.* 054649

RETINOL

Binding of *retinol-binding* **protein** obtained from human urine with Vitamin A derivatives and terpenoids. 053204

RETIREMENT

Retirement of Dr. **Ichiro** Kanno [Pedologists, Japan]. 061773
A garden made in *retirement,* the **Priory** of Lady St Mary. 058956

RETRIEVAL

EDP-IR [electronic data **processing-information** *retrieval]* in the National Herbarium of Colombia (col). 056350

REVEGETATION *see* VEGETATION

REVERSIBILITY

Studies on barley trypsin inhibitor. II. Structural changes induced by **denaturants** and their *reversibility.* 058115
Thiamine-induced *reversible* deficiency in respiratory activity of Saccharomyces carlsbergensis [yeast]: respiratory adaptation caused by pyridoxine. 057580

REVOLUTION

A *revolution* in **[fruit]** marketing—spirit of '76 fosters inspection service [Grading]. 053069
The **green** *revolution:* some determining factors. The case ofCameroon. 052791
Some observations on food packaging and distribution in the *revolutionary* **period.** 053445
The sales of crown lands and the **spirit** of the *revolution.* 052209

RHAGIONIDAE

Contribution to the knowledge of Chrysopilus fascipennis Bromley, 1931 (Diptera, *Rhagionidae)* **[Brazil,** Guyana]. 061131

RHAGOLETIS

Preliminary test of trapping the cherry fly, *Rhagoletis* **cerasi** L., with the help of small glue-covered plates made of yellow plexiglass. 060330

RHEOLOGY

Composition of cassava (Manihot esculenta Crantz) and the *rheological* **characteristics** of its starch. 054014
Rheologic **characteristics** of soddy-podzolic sandy-loam soils. 061702
Rheology and **dynamics** of the physical mellowness of soil at different tillage rates. 061664
Effect of work input during mixing on *rheological* **properties** of rye dough and bread quality. 053857
Evaluation of some *rheological* **properties** of two native Polish and one Canadian (Amber Durum) wheat grain varieties. 053859
Rheological **properties** of aerated poultry waste slurries. 062564

RHESUS

A simple method for obtaining blood pressure in *rhesus* **monkeys** (Macaca mulatta). 054624
Technique for portal catheterization in *rhesus* **monkeys** (Macaca mulatta) [Laboratory animals]. 055290

RHEUMATISM

Progressive changes in serum proteins and the *rheumatoid* **factor** of chickens infected with Mycoplasma synoviae. 055457
The effect of a protein-rich diet on the clinical and some biochemical indices in patients with torpid and latent **recurrent** *rheumatic* heart disease. 053348

RHINITIS

Bordetella bronchiseptica isolations from the nasal cavity of pigs in relation to **atrophic** *rhinitis.* 055710
Rhinitis of **pigs:** A gross staining method for macroscopic examination of the nasal mucosa. 055785

RHINOCEROS

Transmission of a baculovirus in populatons of **Oryctes** *rhinoceros* [Coconut palm pests, biological control]. 060315
Observation, stabilization, and purification of nucleoproteic structures within the capsids of the baculovirus of **Oryctes** *rhinoceros.* 060722

RHINONYSSIDAE

Rhinonyssids (Gamasoidea: *Rhinonyssidae*), **parasites** of birds from the region of the Lenkoran hibernation site. 060490

RHINOTRACHEITIS

Some answers on vaccinating for IBR [Infectious **bovine** *rhinotracheitis*, cattle]. 055483
The prevalence of antibody to infectious **bovine** *rhinotracheitis* virus in some game animals of East Africa. 055639
Growth characteristics of bovine herpesvirus 1 (infectious **bovine** *rhinotracheitis)* in human diploid cell strain WI-38. 055734

RHIPICEPHALUS

Phenols as pheromones of ixodid ticks: a general phenomenon? *[Rhipicephalus* **appendiculatus** and Rhipicephalus pulchellus, vectors of East Coast fever infection of cattle]. 060437

RHIZOBIA

Nitrogenase activity in *Rhizobium* **associated** with leguminous and non-leguminous tissue cultures [of Trifolium pratense, Stylosanthes gracilis, carrot]. 058199
Plant growth responses to vesicular-arbuscular mycorrhiza. IX. Interactions between VA mycorrhiza, rock phosphate and symbiotic nitrogen fixation *[Rhizobium,* **clover,** Stylosanthes and Centrosema]. 061766
[Rhizobium] **'culture'** to push up pulse yields. 058912
Mass scale production of *Rhizobium* **culture.** 061822
Inhibition of **groundnut** *Rhizobium* in Indian soils [Nodule bacteria]. 058231
Growth and symbiotic effectiveness of **indigenous** *Rhizobium* species of a saline-alkali soil [Legumes]. 058229
Cultures of *Rhizobium* **inoculants** with those of Beijerinckia and Azotobacter. 061819
Problem regarding groundnut (Arachis hypogaea L.) *[Rhizobium]* **inoculation** in tropics with special reference to India. 058234
Host-Rhizobium **interaction** between Phaseolus vulgaris L. And Rhizobium phaseoli [Kidney beans]. 058516
The absence of oxidized leghemoglobin in soybean root nodules during development *[Rhizobium* **japonicum].** 058021
The purification and properties of the glutamine synthetase from the cytosol of soybean root nodules *[Rhizobium* **japonicum].** 058022
Homeostatic control in nodulation [Soybeans, *Rhizobium* **japonicum].** 058230
Nodulation of soybean under Indian conditions *[Rhizobium* **japonicum].** 058232
Performance of peat-based single strains of *Rhizobium* **japonicum** on soybean (Glycine max). 058233
Response of soybean to inoculation with various cultures of *Rhizobium* **japonicum.** 058235
Immunofluorescent polar tips of *Rhizobium* **japonicum:** possible site of attachment or lectin binding. 061710
Induction of mutation in *Rhizobium* **japonicum** by ultravioletradiation and selection of 'agronomically superior' serotypes [Nodule bacteria]. 061820
Relative preponderance of *Rhizobium* **japonicum** serotypes in soil inoculum. 061823
Morphology and host range of virulent phages of **lotus** *rhizobia* [Lotus corniculatus]. 059503
Specific and shared antigens in strains of *Rhizobium* **meliloti** [Fungi]. 057742
Tolerance to crystal violet and relative effectiveness of Rhizobium sp. (Cowpea group) and *Rhizobium* **meliloti** Dangeard [Root-nodule bacteria]. 061699
Study of exopolysaccharide of nitrogen-fixing turbercular **microorganisms** *Rhizobium* lupini [Soil bacteria]. 061663
Isolation and characterization of UV [ultraviolet] induced **mutants** of *rhizobia.* 061821
Insecticides and soil microorganisms. III. Fate of 14C [carbon isotope]-labelled Dipterex as affected by two **nodule-forming** *Rhizobium* spp. and roots of their respective leguminous host plants. 060511
Host-Rhizobium interaction between Phaseolus vulgaris L. And *Rhizobium* **phaseoli** [Kidney beans]. 058516
Varietal specificity for *rhizobial* **serotypes** in relation to nodulation and crop yield [Legumes]. 059160
Tolerance to crystal violet and relative effectiveness of *Rhizobium* **sp.** (Cowpea group) and Rhizobium meliloti Dangeard [Root-nodule bacteria]. 061699
Concanavalin A [from jackbeans]: lack of correlation between binding to *Rhizobium* and **specificity** in the Rihzobium-legume symbiosis. 061780
Effect of seed inoculation with *Rhizobium* **strains** on the yield of leguminous crops. 058845
Salinity and alkalinity in relation to legume [alfalfa], *Rhizobium* **symbiosis.** 058236
Effect of certain water-soluble herbicides on *legume-Rhizobium* **symbiosis.** 060037

RHIZOCTONIA

Rhizoctonia of the **potato** [and its control]. 059343
Transformation of 1-naphthol [an intermediate in the decomposition of the insecticide carbaryl] by the culture filtrate of [the soil fungus] *Rhizoctonia* **praticola.** 060604
Diseases of food legumes [Botrytis fabae, Uromyces fabae, *Rhizoctonia* **solani,** Fusarium solani]. 059323
Association of seed coat factors with resistance to *Rhizoctonia* **solani** in Phaseolus vulgaris [Kidney beans]. 059417
Methods for detecting resistance to Pythium [sulcatum] and *Rhizoctonia* **[solani]** root diseases in seedling carrots. 059441
Resistance in radish to Aphanomyces raphani and *Rhizoctonia* **solani.** 059444

RHIZOGENESIS

Stimulation of *rhizogenesis* in **young** maritime pines [Pinus pinaster] by different growth substances. 058558

RHIZOGLYPHUS

Sex chromosomes in *Rhizoglyphus* **echinopus** (F. & R.) (Acarina, Acaridae). 060810

RHIZOMES

Synthesis of dl-agrimonolide (Constituent of *rhizome* of **Agrimonia** pilosa Ledeb). 057504
Glyphosate translocation and quackgrass [Agropyron repens] *rhizome* **bud** kill. 060080
Loxsomopteris anasilla, a new fossil **fern** *rhizome* from the Cretaceous of Maryland. 056381
Structures of four new triterpenes from the *rhizomes* of **Polypodium** juglandifolium [Pteridophyta]. 057679

RHIZOMORPHS

Influence of the inoculum on the initiation and growth of *rhizomorphs* in **Sphaerostilbe** repens B. et Br. 057883

RHIZOPHORACEAE

Water relations of three mangrove species in south Florida [Avicennia germinans, Laguncularia racemosa, *Rhizophora* **mangle].** 057795
Phycomycetes (Phytophthora spp. Nov. And Pythium [grandisporangium] sp. nov.) associated with degrading **mangrove** *(Rhizophora* mangle) leaves [Fungi, new taxa]. 056470

RHIZOPUS

The crystal structure at 5.5A [angstrom] resolution of an acid-protease from *Rhizopus* **chinensis** [Fungi]. 057264
Microbiological hydroxylation. XXI. Hydroxylations of 3halogeno-17-oxo, 3-halogeno-7-oxo-, and 17-halogeno-3-oxo-androstanes by the fungi Calonectria decora, *Rhizopus* **nigricans,** and Aspergillus ochraceus. 057670

RHIZOSPHERE

Quantitative assessment of the **bacterial** *rhizosphere* flora of Pinus contorta var. latifolia. 058565
The establishment of nodule bacteria in the *rhizosphere* of **clover** during the initial stages of infection. 061705
Soil amendments and the *rhizosphere* **effect.** 062102
Effect of *rhizosphere* **fungi** on nodule number and shoot and root length of Trigonella foenumgraecum L. 059328
Plant-microbe interrelationships in medicinal plants. 3. The *rhizosphere* **microflora** of Solanum khasianum. 057954
Plant-microbe interrelationships in medicinal plants. 1. The *rhizosphere* **microflora** of Rauvolfia serpentina. 058866
Soil microflora of the *rhizosphere* of **plants** from several habitats in the Botanical Garden in Poznan. 061635
Pratylenchus cubensis sp. N. (Nematoda, Pratylenchidae) from *rhizosphere* of the **sugarcane** in Cuba. 059910
Ultrastructure of **wheat** *rhizosphere.* 056866

RHODAMINE

Use of *rhodamine* for **determination** of free fatty acids in cows' milk. 053709

RHODIOLA

Flavonoids of *Rhodiola* **algida.** 057442

RHODNIUS

Field trials using fenthion, propoxur, malathion, pirmiphosmethyl and jodfenphos for the control of *Rhodnius* **prolixus** in Venezuela. 060505
The use of small chicken houses to study sylvatic Triatominae *[Rhodnius* **prolixus,** Rhodmius pictipes, Panstrongylus geniculatus in a sylvatic area in Venezuela]. 060507
Evaluation of the grid method for **sampling** *Rhodnius* prolixus populations in houses [near San Carklos, Cojedes]. 060504

RHODODENDRON

Hybrid *Rhododendron* culture for Georgia gardeners. 058942
Increased prevalence of powdery mildew [Microsphaera alni] of Azalea and *Rhododendron* in **North** Carolina. 059438
Illegitimate names: *Rhododendron* **nudiflorum** (L.) Torr. And Rhododendron roseum (Loisel.) Rehd. 056629
The ideal dwarf **shrub** *[Rhododendrons].* 059075

RHODOPHYTA

The southern Australian species of Spyridia (Ceramiaceae: *Rhodophyta)* **[Algae].** 056646
Biliproteins of cyanobacteria and *Rhodophyta* **[Algae]:** homologous family of photosynthetic accessory pigments. 057930
On dictyosome-mitochondria associations in *Rhodophyta,* **Floridophyceae** [Algae]. 056810
The morphology of Beckerella scalaramosa, a new species of **Gelidiales** *(Rhodophyta)* from the Philippines [Algae]. 056882
The adventitious buds of Gigartina acicularis (Wulf.) Lamour. *(Rhodophyta,* **Gigartinales)** in culture [Algae]. 057837
North Carolina marine algae. VII. New species of Hypnea and **Petroglossum** *(Rhodophyta,* Gigartinales) and additional records of other Rhodophyta. 056575
Studies on southern Australian taxa of Solieriaceae, Rhabdoniaceae and **Rhodophyllidaceae** *(Rhodophyta)* [Algae]. 056393

RHODOTORULA

Isolation and identification of red yeast *[Rhodotorula* **glutinis]** cell wall lytic enzyme producing microorganism. 057227
Analysis of tocopherol in *Rhodotorula* **glutinis** [yeast], Agaricus campestris [mushroom], and Euglena gracilis [Algae] using spectrofluorometry and rotifer bioassay. 057705

RHOPALOCERA

List of captures carried out in the Loire region in 1974. Lepdioptera, *Rhopalocera* and **Zygaenidae.** 061147

RHOPALOSIPHUM

Aphid transmission of maize dwarf mosaic virus strains *[Rhopalosiphum* **maidis,** Rhopalosiphum padi, Myzus persicae]. 059643
Research on epidemiology and control of rice **"giallume"** [Virus transmission, *Rhopalosiphum* **padi].** 059662

RHUS

On the role of plant excretions at the grass stand formation in false Acacia and sumac *[Rhus]* **forests** of the steppe zone. 056549
Incorporation rate of shikimic acid-14C [carbon isotope] and phenylalanine-14C into gallic acid in *Rhus* **[succedanea]** and Acer [buergeranum] leaves. 058569
Rhusflavanone, a new biflavanone from the seeds of wax-tree *[Rhus* **succedanea].** 058595

RHYACIONIA

Bioassay, histology and morphology of the pheromone-producing glands of *Rhyacionia* **frustrana,** Rhyacionia rigidana, and Rhyacionia subtropica. 060643

RHYNCHAENUS

Developmental morphology of *Rhynchaenus* **testaceus** (Mull.) (Coleoptera, Curculionidae) [Insects]. 060633

RHYNCHOSPORIUM

[Breeding] principles of disease resistance *[Rhynchosporium* **secalis,** barley]. 057047

RHYTHM

Circadian fluctuations in the frequency of the *rhythmic* **activity** of the cervical vagus and sympathicus [Cats]. 054402
Rhythm of **apricot** tree development in dependence on temperature conditions [under conditions of Kiev]. 058533
Influence of electromagnetic field on **circadian** *rhythm* of locomotor activity in crickets [Acheta domesticus]. 060704
Adaptative significance of the **circadian** *rhythm* of oviposition in Drosophilidae: comparison of eight species of the genus Zaprionus. 060713
Two unusual features in **circadian** *rhythms:* existence of an extraocular photoreceptive system and particular nature of the free running in the egg laying rhythm of Carausius morosus (Insecta, Phasmoptera). 060730
Circadian *rhythm* of sex pheromone-releasing behaviour in females of the dermestid beetle, Trogoderma glabrum: regulation by photoperiod. 060918
Circulatory *rhythm* in the larvae of the lesser apple worm (Laspeyresia pomonella L.) [Influence of parasitization of the wasp Microdus rufipes]. 060335
Characteristics of the seasonal **development** *rhythm* and age composition of popuations of four sod grasses dominant in the Caucasian steppes. 058250
Structure, vigor and *rhythm* of **development** of Delphinium cultorum Voss. as related to various sowing dates. 058383
Diurnal *rhythms* in mitosis of cells of the wheat root tip meristem. 056975
Genetic studies on the phototactic behavior in Drosophila melanogaster. II. Correlated response: lethal frequency and **eclosion** *rhythm.* 060959
Induction of an **endogenous** *rhythm* of sporulation in Aspergillus niger: roles of glucose/potassium rations and of microelements [Fungi]. 057840
A possible **endogenous** *rhythm* in internal ethylene levels in the leaves of Lycopersicon esculentum Mill [Tomatoes]. 058499
Free-running *rhythm* of the retinular pigment migration in the compound eye of the silkworm moth, Bombyx mori L. (Lepidoptera: Bombycidae). 061352
Rhythmic **increase** in DNA content and incorporation of [3H]thymidine [hydrogen isotope] in the developing wheat embryo during seed germination. 058211
Effect of photoperiods on feed **intake** *rhythms* of domestic fowl. 054532

Two unusual features in circadian rhythms: existence of an extraocular photoreceptive system and particular nature of the free running in the egg **laying** *rhythm* of Carausius morosus (Insecta, Phasmoptera). 060730
Pfr phytochrome and sucrose requirement for *rhythmic* **leaflett** movement in Albizzia [julibrissin, single red and far-redirradiations]. 058450

RIBOFLAVIN

Riboflavin **deficiency,** galactose metabolism and cataract [Diet, humans, rats]. 053299
Synthesis of thiamin and *riboflavin* by **nodule** bacteria of clover and lupin. 057757
Avian riboflavinuria. IX. Qualitative action of a mutant gene in chicken on *riboflavin-binding* **protein** synthesis. 055083
Enzymic evaluation of thiamin, *riboflavin* and **pyridoxine** status of parturient women and their newborn infants. 053116

RIBONUCLEASE

Purification of cytoplasmic protein with *ribonuclease* **activity** from leaves of wheat seedlings and effect of drought on its quaternary structure. 058091
Production of **extracellular** *ribonuclease* by yeasts and yeastlike fungi, and its repression by orthophosphate in species of Cryptococcus and Tremella. 057645
Cleavage specificity of boar acrosin on polypeptide substrates, *ribonuclease* and **insulin** B-chain. 054511
Preparation of cross-linked dimers of [bovine] **pancreatic** *ribonuclease*. 054364

RIBONUCLEIC

Synthesis of polyadenylic **acid** *RNA* during zoospore differentiation and germination in Blastocladiella emersonii [Fungi]. 057250
Organisation of the genes coding for 5S *RNA* in the **Chinese** hamster. 055180
Effect of blue light on synthesis of *RNA* **components** during differentiation of chloroplasts in isolated roots (Pisum sativum) [Peas]. 058290
RNA **content** in the liver of growing chickens as affected by iodine compounds. 054755
Effect of pre-treatment of bajra [pearlmillet] seeds on the total carbohydrates, reducing sugars, starch and *RNA* **content** of seedlings. 058125
Pathways of degradation of brome mosaic virus particles [isolated from barley leaves] as influenced by their *RNA* **content.** 059678
Inheritance of killer phenotypes and **double-stranded** *RNA* in Ustilago maydis. 059463
Double-stranded *ribonucleic* acid in Agaricus bisporus [virus-infected mushrooms]. 059558
Nucleotide sequence of Drosophila melanogaster 5S *RNA:* **evidence** for a general 5S RNA model. 060805
Autoradiographic study of protein and *RNA* **formation** during early development of Drosophila [melanogaster] eggs. 060767
Influence of L-triiodothyronine, L-thyroxine and thyroproteins on the nucleolar synthesis of **hepatic** *RNA* [Rats]. 054449
Transfer of the methyl group of methionine to choline and to *tRNA* in the **honeybee** Apis mellifica L. 061307
Poly (A) sequences in **insect** *RNA* [Calliphora vicina]. 060877
Molecular organization and stabilizing forces of simple RNA [plant] viruses. IV. Selective interference with *protein-RNA* **interactions** by use of sodium dodecyl sulfate. 059677
Exocortis disease; subcellular distribution of pathogenic (viroid) *RNA* **[isolated** from Gynura aurantiaca]. 059674
Transcription of circular, single-stranded DNA by **maize** *RNA* polymerase II. 058080
Molecular modifications associated with ageing of [rabbit] globin **messenger** *RNA* in vivo. 054473
Bacterial cloning of plasmids carrying copies of rabbit globin **messenger** *RNA*. 054643
Identification of N-terminal methionine in the precursor ofimmunoglobulin light chain. Initiation of translocation of **messenger** *ribonucleic* acid in plants and animals. 057268
Differential recognition of chloroplast and cytoplasmic **messenger** *RNA* by 70S and 80S ribosomal systems [Spinach, wheat germ]. 057572
Half life of yeast [Saccharomyces cerevisiae] **messenger** *RNA*. 057765
Large subunit ribulosebisphosphate carboxylase **messenger** *RNA* from Euglena [gracilis] chloroplasts [Algae]. 057934
Fibroin **messenger** *RNA* and its genes [Silk glands of Bombyx mori]. 061274
The size of pulse-labeled fibroin **messenger** *RNA* [Bombyx mori]. 061311
Isoaccepting **mitochondrial** *glutamyl-tRNA* species transcribed from different regions of the mitochondrial genome of Saccharomyces cerevisiae [Yeasts]. 057714
Nucleotide sequence of Drosophila melanogaster 5S RNA: evidence for a general 5S *RNA* **model.** 060805
Initiation of DNA synthesis by the avian **oncornavirus** *RNA-directed* DNA polymerase: tryptophan tRNA as the major species of primer RNA. 055631
Extrachromosomal DNA and *RNA-synthesis* in **oocytes** of Creophilus maxillosus (Staphylinidae, Coleoptera, Polyphaga). 060792
Exocortis viroid: cytopathic effects at the plasma membrane in association with **pathogenic** *RNA* [in infected Gynura aurantiaca]. 059675
Investigations to demonstrate the involvement of *m-RNA* in **photoinduction** of carotenoid synthesis [Fungi, Fusarium aquaeductuum]. 057256
Size comparison of **poly** *(A)-RNA* from polysomes and from nuclei of the yeast Saccharomyces cerevisiae. 057990
Poly(A)-containing *RNA* in embryonic chick tissues. 054513
Quantitation of elongating form A and B *RNA* **polymerases** in chick oviduct nuclei and effects of estradiol. 054433
Levels of *RNA* **polymerases** during the mitotic cycle of Physarum polycephalum [Fungi]. 057311
Properties of *RNA* **polymerases** of healthy and citrus exocortis viroid-infected Gynura aurantiaca DC. 059679
Ricin does not act as an endonuclease on L cell **polysomal** *RNA* [Castorbeans]. 058020
A yeast [Saccharomyces cerevisiae] mutant defective in the processing of 27S *r-RNA* **precursor.** 057090
Association of cytoplasmic ribosomes with chloroplast membranes as determined by discrimination between newly synthesized cytoplasmic rRNA and chloroplast ribosomal **precursor** *RNA* [Aztec tobacco]. 058023
Initiation of DNA synthesis by the avian oncornavirus RNA-directed DNA polymerase: tryptophan tRNA as the major species of **primer** *RNA*. 055631
Studies on the action of nerve growth factor. III. Role of *RNA* and **protein** synthesis in the process of neurite outgrowth [Chick embryos]. 054457
Oocyte at prophase 1 of meiosis: a cytological mode for study of genes coding ribosomal, *RNA* **[Quails].** 055040
Placement of genes for **ribosomal** *RNA* within the nucleolar organizing body of Zea mays. 056971
Hormonal stimulation of **ribosomal** *RNA* synthesis in Achlya ambisexualis [Fungi]. 057382
Synthesis of **ribosomal** *RNA* during the mitotic cycle in the slime mould Physarum polycephalum [Fungi]. 057554
Molecular integrity of plant **ribosomal** *ribonucleic* acid. 057897
Rifampicin-sensitive *RNA-polymerase* B in a fragile RifS mutant of Saccharomyces cerevisiae [Yeasts]. 057359
Molecular organization and stabilizing forces of **simple** *RNA* [plant] viruses. IV. Selective interference with protein-RNA interactions by use of sodium dodecyl sulfate. 059677
Inhibition of *RNA* **synthesis** in a fragile yeast mutant by actinomycin D [Saccharomyces cerevisiae]. 057355
Effect of cAMP [cyclic adenosine monophosphate] on the pattern of *RNA* **synthesis** in protoplasts isolated from gibberellin-sensitive maize seedlings. 058198
RNA **synthesis** in the Drosophila melanogaster puffs. 060743
Effects of beta-ecdysone on *RNA* **synthesis** in the body wall of Sarcophaga peregrina larvae. 060864
Complete purification and studies on the structural and kinetic properties of two forms of yeast [Saccharomyces cerevisiae] *valyl-tRNA* **synthetase.** 057317
Purification and properties of *phenylalanyl-tRNA* **synthetase** from baker's yeast [Saccharomyces cerevisiae]. 057384
A reexamination of the leucine tRNAs and the *leucyl-tRNA* **synthetase** in developing Tenebrio molitor. 060766
Influence of purine nucleotides on the heat-stability of *aminoacyl-tRNA* **synthetases** [Euglena gracilis, algae]. 057280
The polarity of stripping of coat protein subunits from the *RNA* in **tobacco** mosaic virus under alkaline conditions. 059571
Characterization of the aminoacylation of cytoplasmic **transfer** *ribonucleic* acids from germinating soybeans. 058154
Nucleotide sequence of phenylalanine **transfer** *ribonucleic* acid from pea (Pisum sativum, Alaska). 058299
Initiation of DNA synthesis by the avian oncornavirus RNA-directed DNA polymerase: **tryptophan** *tRNA* as the major species of primer RNA. 055631
Yeast suppressors of UAA [ochre] and UAG [amber] nonsence codons work efficiently in vitro **via** *tRNA*. 056967
Reverse transcription of a plant **viral** *RNA*. 059570
Sedimentation properties of Newcastle disease virus **virion** *RNA* after annealing under different conditions. 055804
Foot-and-mouth disease **virus** *RNA*. Presence of 3'-terminal polyriboadenylic acid and absence of amino acid binding ability. 055792
Translation of alfalfa mosaic **virus** *RNA*. Effect of polyamines. 059572
In vitro replication of cowpea mosaic **virus** *RNA*. II. Solubilization of membrane-bound replicase and the partial purification of the solubilized enzyme. 059603
Concentration of wound tumor virus [collected from sweetclover roots] determined from absorbance of the *RNA* of **virus** collected on filters. 059644
Structure of the amino-acid accepting 3'-end of high-molecular-weight eggplant mosaic **virus** *RNA*. 059659
Biochemical characterization of cucumber green mottle mosaic **virus** *ribonucleic* acid. 059672
Translation of tobacco rattle **virus** *RNA* in vitro using wheat germ extracts. 059684
Sedimentation properties of **virus-specific** *RNA* in nuclear polyhedrose of greater wax moth [Galleria mellonella, bees, pests, biological control]. 060456
Comparison of in vivo and in **vitro** *RNA* synthesis on polytene chromosomes of Drosophila [melanogaster]. 060749
The structure of eggplant mosaic virus: evidence for the presence of low molecular **weight** *RNA* in top component. 059682

RIBOSE

Purification and properties of calf thymus polyadenosine **diphosphate** *ribose* polymerase. 054494
Purification, properties and structure of *ribose* **5-phosphate** ketol isomerase from Candida utilis [Yeasts]. 057234
Evidence for the origin of **zeatin** *riboside-like* cytokinin in grated kohlrabi tissue by several bioassays. 058293

RIBOSOMES

Chloroplast *ribosomes* and ribosomes of the prokaryotic type [Algae]. 057272
Association of cytoplasmic ribosomes with chloroplast membranes as determined by discrimination between newly synthesized cytoplasmic rRNA and **chloroplast** *ribosomal* precursor RNA [Aztec tobacco]. 058023
Oocyte at prophase 1 of meiosis: a cytological mode for study of genes **coding** *ribosomal,* RNA [Quails]. 055040
Cytochrome c1 of bakers' yeast [Saccharomyces cerevisiae]. II. Synthesis on **cytoplasmic** *ribosomes* and influence of oxygen and heme on accumulation of the apoprotein. 057653
Association of **cytoplasmic** *ribosomes* with chloroplast membranes as determined by discrimination between newly synthesized cytoplasmic rRNA and chloroplast ribosomal precursor RNA [Aztec tobacco]. 058023
Molecular integrity of **plant** *ribosomal* ribonucleic acid. 057897
Metabolic activity of potato **plant** *ribosomes* in dependence on their supply with lithium. 058354
Estradiol-induced enhancement of the processing of the 32S *ribosomal* **precursor** in rooster liver. 054490
Chloroplast ribosomes and *ribosomes* of the **prokaryotic** type [Algae]. 057272
A comparison of *ribosomal* **proteins** from rabbit reticulocytes phosphorylated in situ and in vitro. 054355
The *ribosomal* **proteins** of [the yeast] Saccharomyces cerevisiae. Phosphorylated and exchangeable proteins. 057064
Placement of genes for *ribosomal* **RNA** within the nucleolar organizing body of Zea mays. 056971
Hormonal stimulation of *ribosomal* **RNA** synthesis in Achlya ambisexualis [Fungi]. 057382
Synthesis of *ribosomal* **RNA** during the mitotic cycle in the slime mould Physarum polycephalum [Fungi]. 057554
Differential recognition of chloroplast and cytoplasmic messenger RNA by 70S and 80S *ribosomal* **systems** [Spinach, wheat germ]. 057572

RIBULOSE

Specific inhibition of the oxygenase activity of *ribulose-1,* **5-bisphosphate** carboxylase [Spinach]. 058283
Obtaining purified preparation of *ribulose-diphosphate* **carboxylase** from cells of phototrophic bacteria and algae. 057357
The relative activities of PEP [phosphoenolpyruvate] carboxylase and RuDP *[ribulose-1,5-diphosphate]* **carboxylase** in blue-green algae. 057912
The activation of *ribulose-1,5-bisphosphate* **carboxylase** by carbon dioxide and magnesium ions. Equilibria, kinetics, a suggested mechanism, and physiological implications [Spinach]. 058300

RICCIA

Precisions on the characters of **two** *Riccia* of the subgenus Thallocarpus [Morphology]. 056915

RICE

Protein production of *rice* **affected** by retarded nitrogen fertilization. 062051
Arkansas *rice* station expands. 058862
Occurrence of types with characters of Oryza glaberrima in **Assam** *rice* collection [Varieties]. 058682
Australia's *rice* industry. 052906
Determination of optimum dose and number of applications of **Brestan 60** for the control of *rice* **blast** disease, Pyricularia oryzae Cav., in Morelos State. 059236
Studies on antibiotic substance produced by Streptomyces. I. Isolation of Streptomyces strains from soil samples and a new antifungal antibiotic was found for the control of *rice* **blast** pathogen, Pyricularia oryzae. 059250
New fungicidal organophosphorus compounds active against *rice* **blast** [Pyricularia oryzad]. 059254
Collar rot, a new symptom of the *rice* **blast** disease [Pyricularia oryzae]. 059351
Purification and characterization of *rice* **bran** lipase II. 053868
Chemical studies on *rice* **bran** lipase. 053898
Better use of guar meal and *rice* **bran** by poultry. 054821
Mass spectrometric method for the estimation of lindane and carbaryl [insecticide] residues in straw, *rice* and **bran.** 060602

Breeding *rice* varieties for higher productivity. 057028
Influence of manufacturing techniques on the quality of **canned** *rice*. 053891
Rice **[Climate** effects, yields, irrigation]. 058832
Aspects of the formation of mitochondria in *rice* **coleoptiles** during germination under aerobic and anaerobic conditions. 058086
Development of agronomic practices for production of field crops under irrigated **conditions** —*rice*. 058744
Diseases of wheat, barley and *rice* and their **control** [Puccinia, Septoria, Pyricularia oryzae, Helminthosporium oryzae]. 059324
Fungal disease [caused by Collectotrichum gloeosporiodes] of northern jointvetch provides biological weed **control** in *rice*. 060092
Effect of farmyard manure, nitrogenous fertilizers and water logging on the availability of P [phosphorus] to *rice* **crop.** 062048
Preliminary study on behaviour of Chilo suppressalis Wlk. Towards three varieties of *rice* **cultivated** in France. 060169
Nutritional improvement of *rice* **diets.** I. Evaluation of dietaries of 15 households. 053311
Nutritional improvement of *rice* **diets.** II. Estimation of food intakes of Laguna household members by comparison with RDA. 053312
Nutritional improvement of *rice* **diets.** III. Supplementation of Laguna dietaries with some cheap and/or easy to grow foods. 053313
Comparative symptoms of ear blight [Helminthosporium oryzae] and neck rot [Pyricularia oryzae] **diseases** of *rice*. 059352
Identification and distribution of Nephotettix species [Vectors of virus **diseases** in *rice]*. 061237
New *[rice]* **drying,** storage facility in California utilizes new approach. 061455
Nutritional quality of *rice* **endosperm.** 053948
Ripening effect of **ethrel** on *rice*. 058070
Inhibition of Ca2+ [calcium ion] and Zn2+ [zinc ion] uptake by Mn2+ [manganese] in **excised** *rice* roots. 058264
Thailand's future as *rice* **exporter** questioned. 052637
An experimental study of the heat and mass transfer process in *rice* **fields** under solar illumination. 058011
Thermal behaviour of some *rice* **fields** affected by a yellowstype disease [Giallume, virus disease or a mycoplasma]. 059592
Differential expression of a pleiotropic gene for **flowering** in *rice*. 057146
Adventitious root initiation and growth in relation to oxygen supply in **germinating** *rice* seedlings. 058134
Evaluation of *rice* **germplasms** and varieties for resistance to brown spot [Cochliobolus miyabeanus, Helminthosporium oryzae]. 059469
Research on epidemiology and control of *rice* **"giallume"** [Virus transmission, Rhopalosiphum padi]. 059662
Sulphation of **glycerinated** *rice* bran oil and coffee meal oil. 053635
Urethane coatings from **glycerinated** *rice* bran oil and coffee meal oil. 053636
The prominence of nitrogen fertilizers in *rice* **growing.** 062052
1974 evaluation of candidate pesticides. C-I. **Herbicides:** *rice*. 060009
Kuttanad Development Project: an economic evaluation [Program to **increase** *rice* production]. 052837
Productive efficiency of semi-dwarf cultures derived from Japonica and **Indica** *rice* hybrids. 058683
Kinetics and electrokinetics of 2,4-dichlorophenoxyacetic acid and 2,4,5-trichlorophenoxyacetic acid uptake by **intact** *rice* plants. 058204
Sulfide diseases of *rice* on **iron-excess** soils. 059697
Yeast extract action on proliferation of **irradiated** *rice* (Oryza sativa L. var. Cigalon) radicular meristems cells by gamma rays of cobalt 60 [isotope]. 058047
A short note on a new technique of fertilizing **irrigated** *rice* fields with urea. 061996
Evolution of the environment of *rice-field* in **Italy** and consequences on insect pests. 060238
Studies on *rice* **leaf** enzymes. II. Phenylphosphatase. 058245
Record of a new alternate host [wheat] plant of *rice* **leaf** miner, Cerodontha oryzivora Spencer. 060184
Effect of benzylaminopurine on carbon dioxide fixation reactions in **leaves** of *rice*. 058004
Anaerobiosis-induced etiolation in **light-germinated** *rice* seedlings. 058005
Breeding the new cultivar "Tan Feng No. 1" of *rice* by **means** of anther culture in vitro. 056968
Effect of some physiological and environmental factors on the response of males to the female sex pheromone of the *rice* **moth,** Corcyra cephalonica (Stainton). 060208
Genetic variation and geographic cline of esterase isozymes in **native** *rice* varieties. 057080
Resistance to green leaf hoppers [Nephotettix virescens, Nephotittex **nigropictus**] in *rice*. 060197
Diallel analysis of yield and its component traits in *rice* **(Oryza** sativa L.) [Varieties]. 057056
Determination of biological maturity and effect of harvesting and drying conditions on milling quality of **paddy** *[rice]*. 058784
Effect of seed treatment with gibberellin on the strength of plumule of **paddy** *rice* when sown deeply under upland field contiion. 058843
Control *[rice]* **paddy** blast disease [Pyricularia oryzae] with hinosan. 059466
Effect of split application of phosphorus on the yield and P-uptake of **paddy** *[Rice]*. 062049
A simple method for detecting odors in *rice* **[Pesticide** residues]. 053057
Estimaating the risk of alternate techniques: nitrogenous fertilization of *rice* in the **Philippines** —comment. 062045
Estimating the risk of alternate techniques: Nitrogenous fertilization of *rice* in the **Philippines** —reply. 062046
The effect of silicon on lodging of *rice* in **presence** of added nitrogen. 059870
Advantages of the concentration of *rice* **production.** 052321
Rice **production** in Egypt [Culture]. 058759
Some aspects of *rice* **production** in Tanzania [Culture]. 058762
About economic differentiated irrigation **regimes** for *rice*. 062326
Uptake pattern of phosphorus in *rice* **related** to modes of application. 058126
Rice **research** and production in Sierra Leone [Culture]. 058760
Rice **root** growth in relation to size, quantity, and rigidity of pores [of sands]. 058207
Subcellular location in different hosts of the virus causing the "giallume" disease of Oryza **sativa** *[Rice]*. 059663
Comparative efficacy of soil versus foliar application of urea on paddy (Oryza **sativa)** *[Rice]*. 062047
Insect succession on wet and dry **season** *rice* in Sierra Leo. 060200
Rice **seedling** germination in an in-vacuo anaerobic environment. 058010
Studies on the physical characteristics of *rice* **seedlings.** I. Relationship between the physical characteristics and the injury of seedling by mechanical transplanting. 058228
Activity of dehydrogenases and oxidases in *rice* **seeds** of different viability. 058085
Availability of phosphorus in *rice* **soils.** 061859
A parasitic Scolytidae [Stephanoderes polyphagus] on *rice* **stems** in Cameroon (Coleoptera). 060176
Long term fertilizer **studies** on *rice*. 062050
Better returns from rabi [field crops] and **summer** *rice*. 058624
Pathogenicity of Tylenchorhynchus martini [nematodes] **swarmers** to *rice*. 059830
Induction of semi-dwarf mutations from Japonica **type** *rice* variety, Tainung 61, by gamma-ray treatment. 057057
Chemical control of perennial nutsedge (Cyperus rotundus L.) in tropical **upland** *rice*. 060056
Studies on crop yield stability and character manifestation variability. I. Character variation of *rice* **varieties,** statistically valued within and between plants [Heritability]. 057152
On the subject of the notion of *rice* **varieties.** 058651
Performance of *rice* **varieties** in Arkansas, 1971 to 1975 [Yields]. 058808
Studies on anther culture in vitro of *rice* **variety** (Oryza sativa subsp. hsien): the increase of induction frequency of callus and differentiation of its roots and shoots. 056969
Improvement of food crop production through weed control in Egypt *[Rice,* **wheat].** 059960
Preliminary observations on the inheritance of non-shattering habit in **wild** *rice*. 056966
Cultural practice for higher and higher **yields** of *rice*. 058668

RICIN

Ricin does not **act** as an endonuclease on L cell polysomal RNA [Castorbeans]. 058020

RICINUS

Induced potential for male sex expression in *Ricinus* **communis** L. [Casterbean] by ethyl hydrogen-1-propylphosphonate. 057140

RICKETS

What about 25-hydroxycholecalciferol for poultry? [Diets, *rickets,* **leg** disorders]. 054793

RICKETTSIA

Comparison of the organism causing greening disease with several plant pathogenic gram negative bacteria, *Rickettsia-like* **organisms** and mycoplasma-like organisms. 059575

RICKETTSIELLA

Research on intracellular prokaryotes in invertebrates [Includes **insects,** *Rickettsiella]*. 060839

RIDGES

Developmental ability of the apical mesoderm of the chick embryo limb bud in sectors deprived of the **ectodermal** *ridge*. 054652
Regulation of the number of gonocytes in the **genital** *ridges* of the duck embryo after partial destruction of the initial stock of germ cells. 054418
Infection of potato tubers by Oospora pustulans during the growing season in relation to the distribution of **tubers** in the *ridges*. 059458

RIFAMPICIN

Rifampicin-sensitive **RNA-polymerase** B in a fragile RifS mutant of Saccharomyces cerevisiae [Yeasts]. 057359

RIGID

Ultrastructure of *rigid* and **lignified** forage tissue degradation by a filamentous rumen microorganism [Micromonospora]. 054548
Rice root growth in relation to size, quantity, and *rigidity* of **pores** [of sands]. 058207
Thrust-dynamic weight relationships of *rigid* **wheels:** II. The effects of soil and wheel surface. 061617
Modulus of *rigidity* of **wood-based** panels. I. Plywood. 056193

RINDS

An ultrastructural study of two forms of chilling-induced injury to the *rind* of **grapefruit** (Citrus paradisi, Macfed). 059735
Susceptibility of watermelon cultivars to *rind* **necrosis** [of unknown origin] in the Imperial Valley, California. 059861

RING

A new class of natural steroids, with *ring* D **aromatic,** fromNicandra physaloides (Solanaceae). X-ray analysis of Nic10, and the structures of Nic-1 (' nicandrenone '), -12, and -17. 057662
Machine *rings* have a future [Cooperatives for using equipment]. 052372
An extended **octagonal** *ring* transducer for use in tillage studies. 061531
Zinc and cadmium in **tree** *ring* as chronological tracers of the pollution of a river. 062389
Yellow *ring* mosaic of Jasminum sp. With particular reference to its transmission by an Aleurodid [Bemisiatabac, Dialeyrodes kirkaldyii]. 059666

RINGSPOT

Tobacco *ringspot* virus codes for the coat protein of its satellite. 059683
Differential effects of sodium dodecyl sulphate on strains of carnation [Dianthus caryophyllus] *ringspot* **virus.** 059594

RINGWORM

Animal *ringworm* in upper Egypt. 055761

RIPENING

Limitations in the use of cycloheximide in studies of **apple** *ripening*. 058405
Relationship between the emulsifying capacity of cheese and the size of **casein** during *ripening*. 053741
Optimum periods for harvesting and *after-ripening* of **cucumber** seed plants. 059102
Ripening of **Dashehari** and Langra cultivars [varieties] of mango (Mangifera indica L.) at different stages of maturity by various methods. 058367
Ripening **effect** of ethrel on rice. 058070
Tomato production in Tennessee—cultivars, training, *ripening,* **fertilization.** 058947
Fatty-acid composition of the oils of the seeds of Anethum **graveolens** during their *ripening*. 057435
Factors influencing **low-temperature** *after-ripening* in seed of Elaeagnus umbellata Thunb. 058390
Watermelon seed plant age, *after-ripening* **period** and seed quality. 058420

RIVERS

About the soils of ancient irrigation [located between the *rivers* **Amu** Darya and Syr Darya]. 061894
The San **Antonio** *River* walk: implications for recreation and tourism. 062524
The *River* **Authority** concept in Texas [Water pollution control]. 062523
Preventing erosion of *river* **beds** and canals of irrigation-moisture systems by the use of large-grain materials. 061462
Growth and wood performance of some European-American Populus clones on riverside soils and dry sites beyond *rivers* in **Bulgaria.** 056108
Use of the Johnson distribution for **calculating** *river* runoff. 062349
Generalization of the hydraulic calculation formula for **channels** and *rivers*. 062337
An examination of the environmental carrying capacity concept for the agricultural sector of the **Colorado** *River* Basin. 062416
Concepts of carrying capacity and planning in complex ecological systems [as the **Colorado** *River* Basin]. 062417
The development and environmental protection of the **Colorado** *River* Basin. 062418
Chemical-physical and biological assessment of water quality in the **Cuyahoga** *River* (1973-1974). 062276
Residues of organochlorines and heavy metals in ruddy ducks from the **Delaware** *River*, 1973 [Pesticides]. 060590
New regionized and promising tobacco varieties for the area located near the **Dnestr** *River* in the Ukraine. 058871
Mapping the runoff of *rivers* and **ephemeral** streams [Water management]. 062339
Shifting land use [from farm to forest] and the effects on *river* **flow** in Massachusetts [Watersheds]. 055976
Hydraulic effects of changes in bottom-land vegetation on three major floods, **Gila** *River* in southeastern Arizona. 056695
The influence of a deep storage reservoir on the species diversity of benthic macroinvertebrate communities of the **Guadalupe** *River,* Texas [Water quality]. 062311
Investigating *river* flow and channel deformation parameters during high water. 062338
Comparative evaluation of water quality on the St. **Joseph** *river* (Michigan and Indiana, U.s.a.) by three methods of algal analysis. 062203
Influence of waterfowl on the distribution of Beckmannia syzigachne in the **Mackenzie** *River* Delta, Northwest Territories. 056710
Mapping of the 1973 **Mississippi** *River* floods by the NOAA [National Oceanic and Atmospheric Administration]-2 satellite. 062216

Seasonal concentrations of dieldrin [insecticides] in water, channel catfish, and catfish-food organisms, Des **Moines** *River,* Iowa—1971-73. 060591
The lichens of the gypsum hills on the Lower **Nida** *river* (Miechow-Sandomierz District). 056517
Study of the bilateral regulation of water conditions in the **Oressy** *River* basin with water fed from the Liubanskii Reservoir. 062316
Distribution and ecology of tree-hole mosquitoes along the Missouri and **Platte** *rivers* in Iowa, Nebraska, Colorado, and Wyoming. 061213
Zinc and cadmium in tree ring as chronological tracers of the **pollution** of a *river.* 062389
[Blue] *River* **pollution** by anticholinesterase agents [of effluents from a pesticide factory]. 062580
Trace-metal variation in soils and sagebrush, [Artemisia tridentata] in the **Powder** *River* Basin, Wyoming and Montana. 062474
Use of environmental isotopes to investigate the interconnections between the **Reno** *River* and groundwater (northern Italy) [Water contamination]. 062452
Medford Station keeps many crops blooming in **Rogue** *River* Valley [Pear cultivation]. 059141
Distribution of ponderosa pine forest densities on the **Salt-Verde** *River* Basin. 056133
Geochemistry of strontium in the **Scioto** *River* drainage basin, Ohio. 062412
Faults in the watershed of the Orkhon and **Selenga** *rivers.* 055962
Noctuidae on the shores of the **Somme** *river.* 061095
The rogun hydraulic development on the **Vakhsh** *River.* 062205
Predicted estimates of exploitable resources of *river* **valley** subterranean waters. 062343
A new fine-wooled sheep breed for Volgograd Region beyond the **Volga** *River.* 055186
Changes of hydrous and physical properties of Solonchak-Solonetz soils as a result of irrigation in the southern part of the region located east from the **Volga** *River.* 062228
Problems of land development for irrigation on the territory between the *rivers* **Volga** and Ural. 062324
The duration of irrigation and the salt regime of terrace soils on the lands east from the **Volga** *River.* 062330
Humic acid derivatives as aids in the clarification of *river* **water.** 062299
"Beech" [Fagus] horizon in the Miocene of the Lower **Yana** *River* Basin, northern Yakutia. 056489

ROACHES

Acephate control of **German** *roaches* [Blattella germanica]. 060410

ROADS

Use of backhoe in [forest] *road* **construction.** 055970
Lead contamination of vegetation [including field and horticultural crops] grown close to *roads* [**Environmental** pollution]. 052933
Into its own: modernization of the field design procedure [**Forest** *road* engineering, computer programs]. 055968
Experiences on the maintenance of paved **forest** *roads.* 056014
How to **maintain** *roads,* hedges and ditches, at what price? [Equipment]. 061511
A model experiment on the method of snow-melting on the *road* in **rural** areas in Japan. 061393

ROCK

A double-fusion method for the total element analysis of soils and *rocks* **containing** chromite. 061645
Phosphate forms in the main soil **forming** *rocks* of Volga Region. 061807
Concentration of lowgrade **magnesium-containing** *rock* phosphates with different particle sizes from the Aksai deposit in Karatau. 062079
Annotated check list of the alpine vascular plants of Specimen mountain, *Rocky* **Mountain** National Park, Colorado. 056612
Decomposition of **nonconcentrated** *rock* phosphate from Karatau with a mixture of nitric and sulfuric acids. 062080
Plant growth responses to vesicular-arbuscular mycorrhiza. IX. Interactions between VA mycorrhiza, *rock* **phosphate** and symbiotic nitrogen fixation [Rhizobium, clover, Stylosanthes and Centrosema]. 061766
The alteration of the phosphate regime in soddy-podzolic soil as a result of annual and supply application of superphosphate and ground **phosphate** *rock* under the conditions of liming. 061953
Duration of the effect of different doses of **phosphate** *rock* in crop rotations. 061983
Nitric acid decomposition of **phosphate** *rock* from Karatau ina pulsation column with a distribution nozzle. 062082
Nitric acid processing of ballast **phosphate** *rock* from Karatau for obtaining a liquid compound fertilizer. 062083
Nitric-sulfuric acid decomposition of **phosphate** *rock* grits from the Khodzhakul' deposit (Kara-Kalpak Autonomous Soviet Socialist Republic). 062084
Repulping of superphosphate obtained from nonconcentrated **phosphate** *rock* from Karatau. 062085
The kinetics of nitric acid decomposition of lump **phosphate** *rock* from Karatau. 062090
The mechanism of physical effect of ultrasound on the process of breakdown of **phosphate** *rock.* 062091
Brood egg production with White **Plymouth** *Rock* [chickens]. 055061
Numerical analysis of subtidal [plant] communities on *rocky* **shores.** 056683
Ion-selective electrode determination of iodine in *rocks* and **soils.** 061717
Extraction and atomic-absorption determination of In, Bi, and Pb [indium, bismuth, lead] microimpurities in *rocks* and **soils.** 061751
Cement-silicate grouts for the cementing and chemical hardening of *rocks* and **soils.** 062116
Skylab S-192 ratio codes of soil, mineral, and *rock* **spectrafor** ratio image selection and interpretation. 062432
Clay minerals in soils derived from **ultrabasic** *rocks* of southern Westland, New Zealand. 061752

RODENTS

Sex preference and species specificity of rodent (Mus musculus and Microtus arvalis) pheromones [Field crops, *rodent* **control**]. 059696
Magnitude of the rat problem and possible solution [Crop pests, *rodent* **control**]. 059731
Rodents affecting **food** supplies in developing countries: problems and needs [Pests]. 059865
Sex preference and species specificity of *rodent* (**Mus** musculus and Microtus arvalis) pheromones [Field crops, rodent control]. 059696

ROENTGEN *see* RADIOGRAPHY

ROOMS

Light-ripple and visual acuity in a **climate** *room* for honeybees (Apis mellifera L.). 061342
Room for **improvement?** Brokers Division says "yes" [United Fresh Fruit and Vegetable Association]. 052753
Use of gum tragacanth overlay, applied at *room* **temperature,** in the plaque assay of fish and other animal viruses. 055607
The C550 photoresponse at *room* **temperature** observed in membrange fragments of the blue-green alga Anabaena variabilis. 057891

ROOTING

Promotion of *rooting* of **mung** bean cuttings by dihydroasparagusic acid synertistic interaction with indoleacetic acid. 058296
Some measures of reducing leaching loss of nitrates beyond **potential** *rooting* zone [of soils]. I. Proper coordination of nitrogen splitting with water management [after harvest of wheat]. 061783
Rooting **response** of juvenile and adult leafy olive cuttings to various factors. 058411

ROOTS

Adventitious *root* initiation and growth in relation to oxygen supply in germinating rice seedlings. 058134
Adventitious *root* formation induced by gibberellic acid and regulated by the irradiance to the stock plants [Peas]. 058454
Temperature, *root* **aeration,** and light influence slash pine [Pinus elliottii] nutrient uptake rates. 058581
Relation between degree of rot, tissue impedence and optical density of an extract made with ethyl acetate of the **alfalfa** *root.* 059722
Naturally occurring insect growth regulators. III. Echinolone, a highly active juvenile hormone mimic from Echinacea **angustifolia** *roots* [Tenebrio molitor]. 060409
Quaternary alkaloids from the *roots* of **Argemone** platyceras Link et Otto. 057508
Studies on the relationship between Meloidogyne incognita and galling behaviour of Cicer **arietinum** *roots* [Root-knot nematodes]. 059740
Armillaria *root* rot: distribution and severity in softwood plantations in Newfoundland. 059226
Root **asphyxia** of two sour cherry varieties. 059771
Nature and quantity of sloughed organic matter produced by *roots* of **axenic** peanut plants [and available for decomposition by soil microorganisms]. 058248
Tolerance to crystal violet and relative effectiveness of Rhizobium sp. (Cowpea group) and Rhizobium meliloti Dangeard *[Root-nodule* **bacteria].** 061699
Dipetalolactone: a novel pyranocoumarin from the *root* **bark** of Zanthoxylum dipetalum. 057859
Concentration dependent uptake of copper by **barley** *roots.* 058155
Boron uptake by excised **barley** *roots.* I. Uptake into the free space. 058186
Nitrate reductase in **barley** *roots* under sterile, low oxygen conditions. 058193
On the problem of the presence of thick-walled vesicles (spherosomes) in the *root* **base** of wheat, and diploid and tetraploid clover. 058224
Effects of temperature and oxygen tension on the nitrogenase and respiratory activities of turgid and water-stressed soybean nad French **bean** *root* nodules. 058118
Root exudates of plants. V. Kinetics of exudates from **bean** *roots* as related to the presence of reserve compounds in cotyledons. 058505
Diffusive resistances of two sugarbeet cultivars [inoculated with zoospores of Aphanomyces cochlioides] in relation to their **black** *root* disease reaction. 059419
Structures of calendulosides G and H from the *roots* of **Calendula** officinalis. 057478
Organization and activity of the *root* **cap** meristem of Avenasativa L. [Oats]. 056862
Changing patterns of regulation as *root* **cells** of Zea mays [corn] mature. 058025
Effect of triazine [herbicide] derivatives on the permeability of *root* **cells** of barley plants. 059971
The release of organic substances by **cereal** *roots* into soil [Wheat, barley]. 058137
Ammonium and potassium uptake by **citrus** *roots* [Oranges]. 058455
Influence on rape in a rotation on prevalence of Cochliobolus sativus conidia and **common** *root* rot of wheat. 059261
Resistance by Corsican pine [Pinus nigra maritima] to attack by Heterobasidion annosum [Correlation with pinosylvin **concentraton** in *roots].* 059240
The uptake of copper and its effect upon respiratory processes of *roots* of **copper-tolerant** and non-tolerant clones of Agrostis stolonifera. 057787
Use of perhydrol for isolation of Pyrenochaeta lycopersici **[Corky** *root,* tomatoes]. 059322
Giant cell formation in **corn** *roots* caused by Meloidogyne hapla [nematodes] infection. 059827
Colonization of Macrophomina phaseolina on **cotton** *roots* in relation to sclerotial population in soil. 059366
The effects of 3,5-diiodo-4-hydroxybenzoic acid on the oxidation of IAA [indole-3-acetic acid] and auxin-induced ethylene production by [garden] **cress** *root* segments. 058509
Rutabagas this year? Cultivation of *root* **crops**—machinery, methods, costs. 052402
Machine for harvesting of *root* **crops.** 059095
Rutabagas this year?—machinery, methods, costs in the cultivation of *root* **crops.** 2. Harvesting work. 059139
Diseases of cabbage and *root* **crops** during storage [Carrots, beets]. 059813
Coumarins of the *roots* of **Cryptodiscus** didymus. 057431
Redetermination of **cultured** *root* tips to leafy shoots in Selaginella willdenovii. 057909
Physiological aspects of N2[nitrogen]-fixation by a Spirillum [lipoferum] from Digitaria **[decumbens]** *roots.* 061863
The **destructive** *root-knot* nematode [Meloidogyne]. 059775
Characterization of a nitrogen-fixing bacterial strain from the *roots* of **Digitaria** sanguinalis. 057396
A test of Agricol as a *root* **dip** [for loblolly pine seedlings exposed to the sun and air, Pinus taeda]. 056125
Effect of temperature on growth and survival of high- and low-elevation isolates of Phellinus (Poria) weirii *[Root* **disease** of western conifers]. 059362
Methods for detecting resistance to Pythium [sulcatum] and Rhizoctonia [solani] *root* **diseases** in seedling carrots. 059441
Seasonal variation of *root* **distribution** of irrigated, fieldgrown Russet Burbank potato. 056773
Trickle irrigation of shade trees growing in the nursery. II. Influence on *root* **distribution.** 058592
Studies on the action of nerve growth factor. I. Characterization of a simplified in vitro culture system for **dorsal** *root* and sympathetic ganglia [Chick embryos]. 054456
Flow-rate and potassium level in the sap exuded by **excised** *roots* of Helianthus annuus L. [Sunflowers]. 058043
Ageing in **excised** *roots* of tomato. III. The effects of cell division inhibitors on ageing in glucose. 058435
Purine compounds in *root* **exudate** from apple trees. 058297
The induced molting of 4th-stage larvae of pin nematode, Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by *root* **exudate** of host plant [Morus]. 059707
The induced molting of 4th-stage larvae of pin nematode, Paratylenchus aciculus Brown (Nematoda: Paratylenchidae), by *root* **exudate** of host plant [Morus]. 059708
Root **exudates** of plants. V. Kinetics of exudates from bean roots as related to the presence of reserve compounds in cotyledons. 058505
Components of the *roots* of **Ferula** ovina. 057426
Conferin—new coumarin from the *roots* of **Ferula** conocaula. 057428
Esters of the *roots* of **Ferula** kuhistanica. 057433
Esters of the *roots* of **Ferula** fedtschenkoana. 057434
Structure and configuration of polyanthin and polyanthinin-new coumarins from the *roots* of **Ferula** polyantha. 057471
Structure of teferin—a new ester from the *roots* of **Ferula** tenuisecta. 057476
Removal or reducing **Fusarium** *root* rot in asparagus by the use of chemical soil disinfectants. 059313
The influence of Trichoderma harzianum on the *root-knot* **Fusarium** wilt complex in cotton [Nematodes]. 059810
Root **growth** of wheat. I. Early patterns of multiplication and extension of wheat roots including effects of levels of nitrogen, phosphorus and potassium. 058015
Effect of urea on Poria weirii [an **important** *root-infectingfungus* on conifers] and soil microbes in an artificial system. 059474
Effect of 3-methyleneoxindole on *root* **initiation** of mung bean hypocotyl. 058176
Evidence for three different systems of movement of indoleacetic acid in **intact** *roots* of Phaseolus coccineus [Scarlet runner beans]. 058460
Effect of blue light on synthesis of RNA components during differentiation of chloroplasts in **isolated** *roots* (Pisum sativum) [Peas]. 058290
A *root* **isolation** method for testing root-active chemicals [Salix babylonica]. 058619
Studies on cardiac principle of aconite [Aconitum **japonicum**] *root.* 057499

Root **knot** [nematode, Meloidogyne naasi] on wheat in Chile [Oats]. 059860
Growth of **lateral** *root* primordia in Vicia faba L. [Broadbeans]. 056861
Translocation and metabolism of azinphos-methyl [nonsystemic, broad-spectrum insecticide] in bean plants after *root* and **leaf** absorption. 060573
Phytotoxicity of atrazine when entering the *roots* and **leaves** of beans. 059788
Effect of rhizosphere fungi on nodule number and shoot and *root* **length** of Trigonella foenum-graecum L. 059328
Effect of fungal humic-like polymers and their phenolic units on auxin destruction [by **lentil** *roots* extracts]. 061862
Apparent induction of glutamatedehydrogenase in the **maize** *root*. 058072
Ions of calcium and magnesium in regulation of respiration and phosphorylation of mitochondria from *roots* of **maize** seedlings. 058090
Uptake of labeled rubidium (86Rb) [isotope] by individual parts of **maize** *roots*. 058110
Characteristics of fusicoccin-induced changes of transmembrane potential and ion uptake in **maize** *root* segments. 058197
Fomes annosus in *roots* of **mature** ponderosa pine [Pinus ponderosa] in western Montana. 059437
The response of Vicia faba [broadbeans] *root* **meristematic** cells to colchicine and mitomycin C: irregular chromosomal distribution and micronuclear formation. 057151
The influence of intensity factors on the population dynamics of **migratory** *root* nematodes with special consideration of the genus Pratylenchus Filipjev. I. Influence of sprinkler irrigation. 059908
The influence of intensity factors on the population dynamics of **migratory** *root* nematodes with special consideration of the genus Pratylenchus Filipjev 1934. II. Influence of nitrogen fertilization. 059909
Mitochondria of **mycorrhizal** *roots* of Fagus sylvatica. 061765
New synthesizers of growth substances for plants **[Mycorrhyzal** *root* fungi]. 057530
Uptake and translocation of calcium and magnesium in tomato plants as influenced by infection with *root-knot* **nematode** Meloidogyne incognita and tobacco mosaic virus. 059833
Studies on the relationship between Meloidogyne incognita and galling behaviour of Cicer arietinum roots *[Root-knot* **nematodes].** 059740
The vascular pattern of Italian ryegrass (Lollium multiflorium Lam.). 4. The peripheral plexus, and **nodal** *root* insertion. 056781
Endodermal silicification in mature, **nodal** *roots* of Sorghumbicolor (L.) Moench. 058007
Profiles of infection threads in *root* **nodules** as revealed by electron microscopy [Mungo beans]. 059534
Evidence from inhibitor studies that the endophyte synthesis nitrogenase in the *root* **nodules** of Alnus glutinosa L. Gaertn. 061785
The rate of protein biosynthesis and absorption of mineral substances by the *roots* of **oak** [Quercus robur] and ash [Fraxinus excelsior] growing together in the forest. 058572
Preliminary investigations with Arabica coffee in a *root* **observation** laboratory in Kenya. 056838
A new sesquiterpene alcohol of the copane series from Angelica [archangelica] *root* **oil.** 057213
Nucleolar size differences of the *roots* of **Oryza** sativa [Oats]. 056835
Energy metabolism of germinal meristems of **pea** *roots* at different stages of cellular cycle. 058353
Localizaton of absorbed aluminium in **pea** *root* and its binding to nucleic acids. 058492
On some lipidic components from the *root* of **Petasites** hybridus (L.) G. M. Sch. 057507
Synthesis of auxins by fungi isolated from the *roots* of **pine** seedlings (Pinus silvestris L.) and from soil. 057215
The influence of culture conditions on mitotic activity in protoplasts derived from **Pisum** *root* cortical explants [Peas]. 056907
Sucrose metabolism by *roots* of **Pisum** sativum [Peas, carbon isotope method]. 058473
Roots and water: Transport of water to **plant** *roots* in soil. 057817
Effect of Atrazine [herbicide] on the potassium uptake of barley **plant** *roots*. 059965
Clonal production of *tap-rooted* **plants** of chicory. 059064
Prandiol—a new dihydrofurocoumarin from the *roots* of **Prangos** biebersteinii. 057463
Structure of some components of the *roots* of **Prangos** ferulacea. 057474
Dependence of root water potential on *root* **radius** and density. 057694
Insecticides and soil microorganisms. III. Fate of 14C [carbon isotope]-labelled Dipterex as affected by two nodule-forming Rhizobium spp. and *roots* of their **respective** leguminous host plants. 060511
Rice *root* growth in relation to size, quantity, and rigidity of pores [of sands]. 058207
Inhibition of Ca2+ [calcium ion] and Zn2+ [zinc ion] uptake by Mn2+ [manganese] in excised **rice** *roots*. 058264
